Unless otherwise approved any gaming device that allows the adding, removing, or alteration of any control program components through a data communication facility shall employ a mechanism for preventing any change from taking place that would interrupt a game in progress. Any device, technique or network which may be used to accomplish the adding, removing, or alteration of any control program components may be considered a gaming device that shall receive separate approval.

F. Gaming devices with control programs or other security programs residing in conventional read only memory (ROM) devices such as EPROM's or fusible-link PROM's shall have the unused portions of the memory device that contains the program set to zero.

G. Gaming device control programs shall check for any corruption of random access memory locations used for crucial gaming device functions including, but not limited to, information pertaining to the play and final outcome of the most recent game, at minimum four games prior to the most recent game, random number generator outcome, credits available for play, and any error states. These memory areas shall be checked for corruption following game initiation but prior to display of the game outcome to the player. Detection of any corruption that cannot be corrected shall be deemed to be a game malfunction and shall result in a tilt condition.

H. All gaming devices shall have the capacity to display a complete play history for the most recent game played and four games prior to the most recent game. Retention of play history for additional prior games is encouraged. The display shall indicate the game outcome (or a representative equivalent), intermediate play steps (such as a hold and draw sequence or a double-down sequence), credits available, bets placed, credits or coins paid, and credits cashed out. Gaming devices offering games with a variable number of intermediate play steps per game may satisfy this requirement by providing the capability to display the last 50 play steps. The board may waive this standard for a particular device or modification if the hardware platform on which the device is based was originally approved prior to the adoption of this standard as modified and the manufacturer can demonstrate to the board's satisfaction that the imposition of the full standard would hinder the design of the device or would otherwise pose a hardship due to capacity limitations in the approved platform

I. The control program shall provide the means for on-demand display of the electronic meters utilizing a key switch on the exterior of the gaming device.

J. Either the TITO system or TITO-enabled gaming devices shall maintain an audit log that records, at a minimum, the last 25 ticket-in transactions. Upon ticket redemption, the log shall properly update with the ticket redemption information, including the date and time of redemption, amount of ticket, and at least the last four digits of the ticket validation number.

K. Either the TITO system or TITO-enabled gaming devices shall maintain an audit log that records, at a minimum, the last 25 ticket out transactions. Upon ticket issuance,

the log shall properly update with the ticket issued information, including the date and time of issuance, amount of ticket, and at least the last four digits of the ticket validation number.

15.1.7.11 GENERAL TICKETING STANDARDS:

A. Racetrack licensees may offer ticketing systems whereby TITO-enabled slot machines accept and issue tickets in exchange for cash, tokens, or tickets using TITO systems.

B. TITO-enabled slot machines shall be capable of issuing and accepting only the casino's tickets. The board must approve the design of all tickets.

C. All tickets shall have the following minimum characteristics:

- (1)** a primary validation number, which must be printed on the leading edge of the ticket;
- (2)** a secondary validation number, identical to the primary validation number, which shall be printed on the body of the ticket;
- (3)** at least one unique identifier, such as a barcode;
- (4)** property name;
- (5)** date and time the ticket was generated;
- (6)** dollar value of the ticket printed both numerically and in text;
- (7)** a statement that the ticket will expire 180 days after issuance; and
- (8)** sequence number of the ticket printed by the slot machine.

D. Validation. TITO systems shall provide for on-line, real-time validation of online tickets. Prior to issuing or authorizing issuance of consideration (whether cash, tokens, credits, or another ticket) in exchange for a ticket, the TITO system shall validate the ticket from the TITO validation component. Casinos shall have at least one TITO validation component which may be located in a cashier cage.

E. If a ticket has a value that is not evenly divisible by the wagering denomination, when inserted into a TITO-enabled slot machine, the machine shall either:

- (1)** return the ticket to the patron;

(2) accept the ticket and allow for insertion of additional wagering consideration if the ticket value is less than the wagering denomination; or

(3) accept the ticket and either display the indivisible portion of the ticket on a credit meter or issue another ticket for that indivisible portion.

F. A TITO-enabled slot machine shall be capable of generating two types of tickets: on-line tickets and delayed tickets.

(1) On-line tickets: If a TITO-enabled slot machine is properly communicating with the TITO system, the machine will be able to generate an on-line ticket. When a patron requests the issuance of a ticket in this situation, the machine will generate a ticket that utilizes the validation information generated by the TITO system or the machine, and communicate to the TITO system that it has successfully completed the transaction.

(2) Delayed tickets: If a TITO-enabled slot machine loses communication with a TITO system before validation information is successfully communicated to the TITO system for the last ticket out transaction, then all subsequent cash out attempts must result in the gaming machine issuing payment to the player via another available means such as, but not limited to, a hopper pay or a hand pay. The gaming machine shall be capable of storing delayed ticket data until such time that it has been successfully communicated to the TITO system.

(a) TITO systems may include a function whereby, prior to the restoration of communications, delayed ticket information may be manually input into the TITO system at a cashier station or other secure location.

(b) When communications are restored, delayed ticket information provided by the machine to the TITO system must be reconciled to the delayed tickets that were manually redeemed.

G. Tickets expire 180 days after issuance which is explicitly stated on each ticket. Upon expiration, the ticket is no longer valid for gaming purposes. TITO systems must recognize expired tickets as invalid and unredeemable.

H. The reporting requirements for ticketing transactions are defined in the minimum internal control procedures established by the board.

I. Ticket redemption kiosks shall perform to the same security standards as TITO-enabled slot machines, and shall include logs as required throughout this rule.

J. Kiosks shall also have a **total in** meter which accumulates the total value of all tickets accepted by the device, and a **total out** meter which accumulates the total value of payments issued by the device.

K. Kiosks redeem valid tickets for cash and tokens only; they may not generate and issue tickets.

15.1.7.13 RANDOMNESS EVENTS AND RANDOMNESS TESTING:

A. A random event is an event with a given set of possible outcomes that has a given probability of occurrence called the distribution. Two events are called independent if the outcome of one event does not have an influence on the outcome of the other event and the outcome of one event does not affect the distribution of another event.

B. A gaming machine shall be equipped with a random number generator to make the selection process. A selection process is considered random if all of the following specifications are met:

(1) the random number generator satisfies not less than a 99% confidence level using the standard chi-squared analysis;

(3) the random number generator produces numbers that are independently chosen without regard to any other symbol produced during that play; this test is the

correlation test; the random number generator is considered random if it meets the 99% confidence level using standard correlation analysis;

(4) the random number generator produces numbers that are chosen without reference to the series of outcomes in the previous game; this test is the serial correlation test; the random number generator is considered random if it meets the 99% confidence level using standard serial correlation analysis;

The board may take action to revoke the gaming operator's license notwithstanding the fact that the gaming operator licensee has ceased gaming activities.

F. Any witness summoned may petition the board to vacate or modify the subpoena served on the witness. The board shall give prompt notice to the party, if any, who requested service of the subpoena. The board may grant the petition in whole or in part if, after the investigation it deems appropriate, the board determines that:

(2) the testimony or evidence to be produced is unreasonable or oppressive;

(3) the subpoena was not issued a reasonable period of time in advance of the time when evidence is requested; or

(4) any other reason justifies vacating or modifying the subpoena.

G. In any enforcement action, the respondent and the board may conduct discovery in accordance with the New Mexico rules of civil procedure for the district courts, except that interrogatories shall be limited in number to 20 including all discrete subparts, unless, upon motion and for good cause shown, the hearing examiner grants a party leave to file additional interrogatories.

15.1.14.13 FAILURE OR REFUSAL TO TESTIFY:

A. If a respondent fails to testify in its own behalf or asserts a claim of privilege with respect to any question presented to the respondent, the hearing examiner may infer from such refusal that the testimony or answer would have been adverse in the respondent's case.

B. If any affiliate, holding company, employee, or agent of a respondent fails to respond to a subpoena or asserts a claim of privilege with respect to any question presented, the hearing examiner, after considering all of the circumstances, may infer that such testimony would have been adverse to the respondent.

15.1.14.14 PROCEDURES; EVIDENCE:

A. The respondent may be represented by any person licensed to practice law in the state. An individual respondent may represent himself.

B. The rules of evidence as applied in the courts do not apply in these proceedings. Any relevant evidence may be admitted, and such evidence shall be sufficient in itself to support a finding if it is reliable, regardless of the existence of any statutory or common law rule that might make admission of such evidence improper in a civil action. Irrelevant, immaterial, or unduly repetitious evidence may be excluded at a party's request or on the hearing examiner's own initiative.

C. Documentary evidence may be received in evidence in the form of true copies of the original.

D. Documentary and other physical evidence may be authenticated or identified by any reasonable means that shows that the matter in question is what its proponent claims it to be.

E. The experience, technical competence and specialized knowledge of the hearing examiner, the board, or its staff may be used in the evaluation of evidence. Evidence on which the board may base its decision is limited to the following:

(1) all evidence, including any records, investigation reports, and documents in the board's possession, of which it desires to avail itself as evidence in making a decision, that is offered and made a part of the record of the proceeding;

F. The record will include all briefs, proposed findings and exceptions and must show the ruling on each finding, exception or conclusion presented.

G. A party to a hearing shall submit to the hearing examiner and to all other parties to the hearing all documents to be introduced at the hearing no later than five days from the scheduled hearing date to insure that the hearing examiner and other parties receive the documents before the hearing.

(3) upon conclusion of the board's case in chief, the respondent will present its case in defense;

(4) upon conclusion of the respondent's case, the board may present rebuttal evidence;

(5) the board will present its closing argument, the respondent will present answering argument, and the board may present rebuttal argument. Thereafter, the matter will be submitted for recommendation by the hearing examiner.

B. The hearing examiner may ask questions of witnesses and may request or allow additional evidence at any time as determined appropriate by the hearing examiner.

15.1.14.17 DEFAULT; PROCEDURE FOR RECOMMENDATION OF DEFAULT:

A. Failure of the respondent either to file an answer to the complaint or to appear at the hearing on the merits personally or by telephone, without having obtained a continuance, shall constitute an admission on all matters and facts contained in the complaint filed with respect to the respondent and shall be deemed a waiver of the right to an evidentiary hearing on the matter.

B. If the respondent fails to file an answer to the complaint, the petitioner shall file a motion requesting the hearing examiner to recommend to the board that default judgment be entered against respondent.

(1) The respondent shall file a response to the motion and shall request a hearing on the motion to recommend default judgment within 10 calendar days of the date the motion is served. Failure of the respondent to file a response and to request a hearing shall constitute consent to the granting of the motion.

(2) If the respondent timely files a response to the motion, the hearing examiner shall hear the matter. The hearing examiner may deny the motion and allow the respondent additional time to answer the complaint if an accident, illness or other good cause prevented the respondent from timely answering the complaint.

C. If a party fails to appear at a hearing on the merits personally or by telephone the hearing examiner may hear the evidence of witnesses who appear, and make a recommendation to the board based upon such evidence. Upon recommendation of the hearing examiner the board may proceed to consider the matter and dispose of it on the basis of the record before it.

D. If an accident, illness, or other good cause prevents the respondent from requesting a continuance or appearing at the hearing, the respondent may, within 15 days of the date of the hearing, apply to the board to reopen the proceeding. Upon finding sufficient cause, the board shall immediately fix a time and place for the hearing and give the respondent notice as required under this rule.

15.1.14.18 RECOMMENDED ACTION; FINAL DECISION:

A. At the request of the hearing examiner or upon motion by either party granted by the hearing examiner, and before the hearing examiner recommends action by the board, the parties may submit briefs including findings of fact and conclusions of law for consideration by the hearing examiner. The hearing examiner has the discretion to request briefs or grant a motion to submit briefs on any point of law deemed appropriate by the hearing examiner. Briefs submitted shall include supporting reasons for any findings or legal conclusions and citations to the record and to relevant law. Should the hearing examiner request briefs or grant a party's motion to submit briefs, the hearing shall be continued until the hearing examiner has given the briefs sufficient

consideration and brings the hearing to a close. The hearing, however, shall be completed no later than forty five (45) days from the date of continuance.

B. The hearing examiner shall prepare a written decision containing his or her recommendation of action to be taken by the board. The hearing examiner's recommendation may include any combination, of the following:

C. Notice of the hearing examiner's recommended action shall be served on the parties within thirty (30) days of the conclusion of the hearing on the matter. Service shall be made by registered or certified mail.

D. The board shall accept, reject or modify the hearing examiner's recommendation by majority vote. The final decision or order shall be issued in writing and shall include a statement of findings and conclusions and the reasons therefore, on all material issues of fact, law or discretion involved, together with the specific action taken, including limiting, conditioning, suspending, or revoking any license or imposing a fine, or any combination thereof. The board shall not impose any sanction or order except within the board's jurisdiction or as authorized by law.

E. The board may dismiss an administrative complaint without recommendation of the hearing examiner upon its own motion.

F. The final decision or order shall be public and shall become a part of the record.

[12/31/98; 15.1.14.18 NMAC - Rn, 15 NMAC 1.14.18, 5/31/00; A, 7/31/02; A, 5/14/04; A, 10/15/15]

15.1.14.19 EX PARTE COMMUNICATIONS:

A. No party or representative of any other person shall communicate off the record with the hearing examiner or any board member except upon notice and opportunity to all parties to participate.

B. Neither the hearing examiner nor any member of the board shall communicate off the record with any party or representative of any party in connection with any issue of fact or law related to a proceeding under this rule except upon notice and opportunity to all parties to communicate.

C. Notwithstanding the provisions of Subsections A and B of 15.1.14.19 NMAC, a party may submit information to the board in confidence when such information is required by law or the rules of the board or required by a subpoena issued by the board to be made or transmitted to the board. However, information ruled by the board as nonconfidential or information described as nonconfidential in board rule Subsection B of 15.1.2.8 NMAC is subject to the prohibition on ex parte communications.

D. Notwithstanding the provisions of Subsections A and B of 15.1.14.19 NMAC, ex parte communications are permitted, where circumstances require, for procedural or administrative purposes or emergencies that do not deal with substantive matters or issues on the merits if the board member or hearing examiner reasonably believes that no party will gain an advantage as a result of the ex parte communication.

E. Upon receipt of a communication knowingly made or caused to be made by a party to a board member or hearing examiner in violation of this section, the board member or hearing officer may, to the extent consistent with the interests of justice and the policy of the underlying statutes, require the party to show cause why its claim or interest in the proceeding should not be dismissed, denied, disregarded or otherwise adversely affected on account of the violation of this section.

F. This section does not preclude:

(1) the hearing examiner or any member of the board from consulting with board counsel concerning any matter before the board, except any matter relating to a proceeding in which board counsel is representing the state; or

(2) any party from conferring with the hearing examiner or board counsel concerning procedural matters that do not involve issues of fact or law related to the proceeding.

A. Any party requesting a telephonic hearing shall do so within 10 working days of the date of the notice. When the parties agree to conduct the hearing by telephone, notice of the telephonic hearing shall be made to all parties and shall include all necessary telephone numbers.

B. Any party that has agreed to a telephonic hearing but subsequently requests an in-person hearing shall do so in writing to the hearing examiner no later than 10 days before the scheduled date of the hearing. The request shall specifically state the reasons the requesting party believes an in-person hearing is necessary, including, at a minimum, the issues in question, the expected conflicting testimony, and how an in-person hearing would significantly advance the hearing examiner's fact-finding ability. The hearing examiner's decision to grant or deny the hearing shall be issued in writing

and shall include the specific reasons for granting or denying the request. If the hearing examiner grants the request, the hearing shall be rescheduled to a time convenient for all parties. If the hearing examiner denies the request, the telephonic hearing shall proceed as scheduled.

C. The location or locations of the parties during the hearing shall have a speaker telephone and facsimile machine available so that all may hear the proceedings and documents may be transmitted between witnesses and the hearing examiner.

D. The petitioner shall initiate the telephone call. The respondent is responsible for ensuring that the telephone number to the respondent's location for the telephonic hearing is accurate and that the respondent is available at that telephone number at the time the hearing is to commence. Failure to provide the correct telephone number or failure to be available at the commencement of the hearing shall be treated as a failure to appear and shall subject the respondent to a default judgment.

E. The in-person presence of some parties or witnesses at the hearing does not prevent the participation of other parties or witnesses by telephone with prior approval of the hearing examiner.

A. Failure of the appellee to schedule a hearing within 60 days, unless the 60 day time period is extended, or of any party to appear at the hearing on the merits personally or by telephone, without having obtained a continuance may constitute a default and an admission on all matters and facts alleged by the opposing party and shall be deemed a waiver of the right to an evidentiary hearing on the matter. The hearing examiner may proceed to consider the matter, and the board may dispose of it, on the basis of the evidence before it.

B. If the appellee fails to schedule a hearing within 60 days, the appellant shall file a motion requesting the hearing examiner to recommend to the board that default judgment be entered against the appellee.

[15.1.24.9 NMAC - N, 5/31/00; A, 5/15/07]

15.1.24.10 MULTIPLE LINKAGE OF PROGRESSIVE GAMING MACHINES; TECHNICAL REQUIREMENTS:

A. There is no administrative limit on the number of progressive gaming machines that may be linked at a New Mexico licensed gaming premise. Each linked gaming machine must have the same probability of hitting the combination or other event that will trigger an award of the progressive jackpot. All progressive gaming machines on any link shall be located on the licensed premises of one establishment; or they may be linked across telecommunication lines among more than one licensed establishment provided they comply with the following requirements.

(1) The method of communication over the multi-link system shall consist of either dedicated on-line communication lines (direct connect) or dial-tone lines which may be subject to certain restrictions imposed by the board.

(2) All communication packets between each multi-link location and the progressive central system shall be encrypted, and encryption keys shall be alterable upon demand.

(3) All multi-link systems shall be on-line with a maximum one-way communication time to or from the linked slot machines of no more than 15 seconds.

(4) Acceptable method of obtaining meter reading values shall consist of either pulses leading from the slot machine computer board or associated wiring, or the use of communication interface to the gaming device's RAM or other non-volatile memory.

(5) Because the polling cycle does cause a delay, the jackpot meter need not precisely show the actual monies in the progressive pool at each instance. In addition, nothing shall prohibit the use of odometer or other "paced" updating progressive displays. In the case of the use of "paced" updating displays, the progressive meter

shall display the winning value within 30 seconds of the jackpot being recognized by the progressive central system, if the remote site is communicating to the progressive central system. If a jackpot is recognized in the middle of a system-wide poll cycle, the overhead display may contain a value less than the aggregated jackpot amount calculated by the progressive central system. The coin values from the remaining portion of the poll cycle shall be received by the progressive central system but not the local site, in which case the jackpot amount paid shall always be the higher of the two reporting amounts.

(6) Approval by the board of any multi-link system shall occur in two phases: i) initial approval; and ii) on-site testing. The approval of any multi-link system shall include a phase I system approval whereby the underlying progressive gaming machines and communication hardware shall be tested and approved by the board, or its authorized agents. Phase II approval shall include field inspection at the progressive central computer site to ensure compliance with these rules. Operation of the system shall be authorized only after the board is satisfied that the system meets both the phase I and phase II testing requirements, as well as any other requirements that the board may impose to assure the integrity, security, and legal operation of the multi-link.

(7) The progressive central computer site shall be equipped with non-interruptible power supply and the progressive central computer shall be capable of on-line data redundancy should hard disk peripherals fail during operation.

(8) The progressive central system for the multi-link shall be in a secure location approved by the board. The progressive central system memory device shall be approved for use in the state of New Mexico. The licensee operating the progressive central system shall provide sufficient internal controls to address the security of the equipment.

(9) If all progressive gaming machines connected to a multi-link system do not offer the same maximum bet value, all such gaming machines shall equalize the expected value of winning the progressive jackpot by setting the odds of winning the progressive jackpot in proportion to the amount wagered on each device, or by requiring the same wager value on each device to win the progressive jackpot. The method of equalizing the expected value of winning the progressive jackpot shall be conspicuously displayed on each device connected to the system.

(10) A licensee utilizing a multi-link system shall suspend play on the multi-link at the premises of that licensee if a communication failure in the system cannot be corrected within 24 hours.

[15.1.24.10 NMAC - N, 5/31/00; A, 5/14/04; A, 5/15/07]

15.1.24.11 NORMAL MODE OF PROGRESSIVE SLOT MACHINE GAME PLAY:

A. During the normal operating mode of progressive gaming machines, the progressive controller shall continuously monitor each gaming machine on the link for inserted coins or cash and shall multiply the accepted coins or cash by the rate of progression in order to determine the correct amounts to apply to the progressive jackpot. The progressive display shall be constantly updated as play on the link continues.

B. If a progressive gaming machine has been offered for play, the progressive jackpot amount for that game shall not be changed to a lower amount until after the progressive jackpot has been awarded. The amount shall be changed prior to any subsequent play.

C. A meter that shows the amount of the progressive jackpot shall be placed in a clearly visible location at or near the progressive gaming machines to which the jackpot applies and shall be visible to any person playing a machine linked to the progressive system. The licensee shall maintain a daily record of the amount shown on a progressive jackpot meter.

[15.1.24.11 NMAC - N, 5/31/00; A, 5/15/07]

15.1.24.12 REQUIREMENTS FOR PROGRESSIVE CONTROLLER:

A. Each progressive controller linking one or more progressive gaming machines shall be housed in a double-keyed compartment or secured in a manner approved by the board. The licensee offering the progressive game shall establish key control procedures that ensure no one person has access to the controller's configuration data. There shall be a progressive entry authorization log within each controller and the log shall be completed by any person gaining entrance to the controller.

B. If more than one progressive gaming machine is linked to the progressive controller, in the event of a progressive jackpot the progressive controller shall automatically reset to the minimum amount and continue normal play and the progressive meter shall display the following information:

- (1)** the identity of the progressive gaming machine that caused the progressive meter to activate;
- (2)** the winning progressive amount; and
- (3)** the new base amount that is used by the other players on the link;
- (4)** when a progressive jackpot is awarded, the progressive display or overhead display must indicate, "WIN."

C. If this part prescribes multiple items of information to be displayed on a slot machine, it is sufficient to have the information displayed in an alternating fashion.

D. A progressive meter or progressive controller shall keep the following information in nonvolatile memory which shall be available upon demand:

- (1) the maximum amount of the progressive payout for each meter displayed;
- (2) the base amount of the progressive payout for each meter displayed; and
- (3) the rate of progression for each meter.

E. Neither the progressive jackpot nor the amount displayed on a progressive jackpot meter or display may be reduced unless:

- (1) a player wins the progressive jackpot; or
- (2) the progressive jackpot meter is adjusted to correct a malfunction or to prevent the display of an amount greater than a limit imposed pursuant to this rule and the adjustment and reasons for the adjustment are documented;

[15.1.24.12 NMAC - N, 5/31/00; A, 5/15/07]

15.1.24.13 PARAMETERS; FUNDING; CASH REQUIREMENTS:

A. All or an incremental amount of a progressive jackpot may be transferred to another progressive gaming machine at the same location provided that the progressive liability transfer is immediately documented on the progressive tracking log and the liability is maintained by the licensee offering the progressive until the progressive transfer is completed. Once a progressive award has been offered for play, it shall be permitted to remain until it is won by a player or transferred to other progressive games.

B. Any machine offering the jackpot to which all or an incremental amount of another progressive jackpot was distributed shall not require that more money be played on a single play to win the jackpot than the machine from which the incremental amount was distributed, and any machine offering the jackpot to which the incremental amount is distributed shall comply with the minimum theoretical payout requirement of these rules. The distribution shall be completed within thirty (30) days after the progressive jackpot is removed from play or within such longer period as the board or its designee may for good cause approve.

C. The executive director or its designee, upon a showing of exceptional circumstances, may approve a reduction, elimination, distribution, or procedure not otherwise described in this subsection, which approval is confirmed in writing.

D. A licensee may limit a progressive jackpot to an amount that is equal to or greater than the amount of the jackpot when the limit is imposed. The licensee shall post a conspicuous notice of the limit at or near the gaming machine or machines to

which the limit applies. The minimum jackpot amount, and the maximum jackpot amount if a maximum has been set, shall be posted.

E. The progressive jackpot and reserve pool shall be funded by the licensee at a contribution rate approved in advance by the board.

F. Unless the board has approved the payment of progressive jackpots by annuity, a licensee who operates a progressive gaming system shall maintain a minimum reserve of cash or cash equivalents equal to the total of all progressive jackpots that may be won at the location. The board or its designee shall approve all such cash reserves.

G. Records shall be maintained that record the amount shown on a progressive jackpot meter. Supporting documents shall be maintained to explain any reduction in the pay off amount from a previous entry.

[15.1.24.13 NMAC - N, 5/31/00; A, 5/15/07; A, 10/15/15]

A. Payments of progressive jackpots exceeding \$50,000 may be paid in annual equal installments over periods and in amounts set forth in 15.1.10.26 NMAC or as otherwise approved by the board or its designee. A progressive gaming machine paying by annuity shall have a notice prominently posted on it that the jackpot will be paid over time. The posted notice also shall disclose the number of payments and the time interval between the payments. The first payment shall be made immediately after verification of the jackpot as set forth in this part.

B. Progressive jackpots that are to be paid by annuities shall be reviewed and verified in writing submitted to the board by an independent certified public accountant prior to payment of any amount due.

C. A racetrack gaming operator licensee that is liable for payment of an annuity, cash, or other prize with a cash value exceeding \$50,000 shall secure the amount by a cash deposit, irrevocable bond, irrevocable letter of credit, irrevocable trust, or other security instrument satisfactory to the board or its designee.

[15.1.24.14 NMAC - N, 5/31/00; A, 5/15/07; A, 12/15/10]

15.1.24.15 DISCONTINUANCE OF PROGRESSIVE GAMING MACHINE:

A. A racetrack gaming operator licensee shall not discontinue availability of a progressive gaming machine until all of the advertised progressive payouts or prizes, or both, have been awarded. The executive director may approve transfer of a progressive payout or prize, or both, from a progressive gaming machine to another progressive device that is licensed to the same or another licensee.

B. If a racetrack gaming operator licensee files for bankruptcy or ceases operations permanently, the board may allow the transfer of any progressive gaming machine to another licensee making sure to maintain the integrity of the amount shown on the progressive meter. The amount of the progressed liability must be paid by certified check to the licensee assuming the progressive amount.

C. In addition to the requirements outlined for progressive machines, the vendor operating the multi-link progressive system shall submit a written plan for discontinuance and receive approval from the board prior to discontinuing any multi-link progressive system. The plan shall include the projected discontinuance date, detailed accounting of the multi-link progressive system fund including any outstanding expenses and fees due the vendor for operating the system, in accordance with the vendor's written agreement with licensees, the distribution of the fund balance, and the final reporting requirements of the system. The final distribution amount is transferred to another multi-link progressive system operated by the vendor or disbursed in a manner approved by the board. The final distribution amount is the fund balance less the cost of paying the current jackpot less any outstanding expenses and fees due the vendor for operating the multi-link progressive system.

[15.1.24.16 NMAC - N, 5/31/00; A, 5/15/07]

15.1.24.17 REQUIREMENTS APPLY TO SINGLE MACHINES:

[15.1.24.17 NMAC - N, 5/31/00; A, 5/15/07]

15.1.24.18 INCREASING PROBABILITY AND PROGRESSIVE BONUS SLOT MACHINE GAMES:

A. An increasing probability is an award on a gaming machine game or games of either coins, credits, or free play games, where the chance of winning the award increases as the slot machine game(s) is played.

B. A progressive award is a progressive award on one gaming machine that does not use an exterior controller. Progressive awards do not include top and secondary payable progressive awards.

C. If an award is greater than \$500, the licensee shall record the date initiated, conditions for the award, and the date removed using the progressive tracking log. The licensee is required to notify the board to transfer the award when a gaming machine game with a award over \$500 is discontinued. If a award is \$500 or less, the licensee is not required to record the amount on a progressive jackpot log or to transfer the award when the game is discontinued. Licensees are required to notify the board when any award is placed into play. Awards can not be altered through the use of any switches or any other means, i.e. shutting the slot machine's power off to reset the award.

[15.1.24.18 NMAC - N, 5/15/07]

15.1.24.19 GENERAL REQUIREMENTS; JACKPOT VERIFICATION; ACCOUNTING; RECORDKEEPING:

A. Jackpot verification procedures shall include the following: When a jackpot is won, the person operating or controlling, the progressive system shall have the opportunity to inspect the machine, gaming media, the error events received by the progressive central system, and any other data which could reasonably be used to ascertain the validity of the jackpot. The progressive central system shall produce reports that will clearly demonstrate the method of arriving at the payoff amount. This shall include the coins contributed beginning at the polling cycle immediately following the previous jackpot and shall include all coins contributed up to, and including, the polling cycle, which includes the jackpot signal. Coins contributed to the system after the jackpot occurs in real-time, but during the same polling cycle shall be deemed to have been contributed to the progressive amount prior to the jackpot. Coins contributed to the system before the jackpot message is received shall be deemed to have been contributed to the progressive amount prior to the current jackpot. Coins contributed to the system subsequent to the jackpot message being received shall be deemed to have been contributed to the progressive amount of the next jackpot. The jackpot may be paid in installments as long as each machine clearly displays the fact that the jackpot will be paid in installments. In addition, the number of installments and time between installments must be clearly displayed on the face of the machine in a non-misleading manner. Two jackpots that occur in the same polling cycle shall be deemed to have occurred simultaneously; and therefore, each "winner" shall receive the full amount shown on the meter.

B. Any person authorized to control or operate a progressive system, shall supply reports to the board or its designee(s) which support and verify the economic activity on the system. Any person authorized to control or operate a multi-link system, shall supply, as requested, reports and information to the board or its designee(s) indicating the amount of, and basis for, the current jackpot amount. Such reports may include an "aggregate report" and a "detail report". The "aggregate report" may show only the balancing of the system with regard to system-wide totals. The "detail report" shall be in such form as to indicate for each machine, summarized by location, the coin-in and coin-out totals as such terms are commonly understood in the industry. In addition, upon the invoicing of any licensee participating in a multi-link system, each such

licensee shall be given a printout of each machine owned by the licensee, the coins contributed by each machine to the jackpot for the period for which an invoice is remitted, and any other information required by the board to confirm the validity of the licensee's contributions to the jackpot amount.

C. In calculating net win for purposes of calculating gaming tax, a licensee shall deduct its contribution to any progressive jackpot pool during the preceding month. This amount shall be listed on the detailed accounting records provided by the entity authorized to control or operate the progressive system.

D. The entity authorized to operate or control a progressive system shall maintain a copy of all lease and contractual agreements with licensees and supply a copy to the board upon request.

E. The entity authorized to control or operate a progressive system, shall hold a valid gaming operator license issued by the board and shall obtain approval from the board as to the methods of funding the progressive prize pool and calculating and receiving payments from participating retailers for operating and managing the multi-link system.

F. A gaming operator licensee shall transfer all contributions to the progressive jackpot fund no later than the 28th day of the following month to a non-interest bearing bank account or to the administrator of the progressive jackpot fund.

G. The progressive system prize fund (the amount of money contributed by the participating licensees) shall be audited, in accordance with generally accepted auditing standards, on the multi-link system operator's year-end basis, by an independent certified public accountant approved by the board. Two copies of this report shall be submitted to the board within 90 days after the end of the multi-link system operator's business year-end.

15.2.1.9 DUE PROCESS AND DISCIPLINARY ACTION:

A. Proceedings before the stewards:

(1) Rights of the licensee. A person who is subject of a disciplinary hearing conducted by the stewards is entitled to proper notice of all charges; the right to confront and examine all the evidence presented against them; the right to present a defense; the right to call witnesses; the right to cross-examine witnesses; the right to counsel, at the persons's expense; and the right to waive any of the above-listed rights.

(a) All attorneys representing a licensee must be licensed to practice law in New Mexico and shall submit an entry of appearance no later than five days prior to the scheduled hearing.

(b) Any attorney not licensed to practice law in New Mexico, shall request permission from the commission, show proof they are associated with an attorney licensed to practice law in New Mexico and adhere to the State of New Mexico's pro hac vice process prior to representing a licensee.

(2) Initiation of Disciplinary Action

(a) On their own initiative or upon receipt of a complaint from a racing commission state investigator or an association official or another licensee regarding the alleged actions of another licensee, the stewards may conduct an inquiry and disciplinary hearing regarding the licensee's alleged actions.

(3) Summary suspension.

(a) If the stewards determine that a licensee's actions constitute an immediate danger to the public health, safety, integrity or welfare of the horseracing industry, the stewards may summarily suspend the license pending a hearing.

(b) A licensee whose license has been summarily suspended is entitled to a hearing on the summary suspension not later than the 10th day after the license was summarily suspended. The licensee may waive their right to a hearing on the summary suspension within the 10-day limit.

(c) At a hearing on a summary suspension, the sole issue is whether the licensee's license should remain suspended pending a final disciplinary hearing and ruling.

(4) Notice.

(a) Except as provided by these rules regarding summary suspension, jockey riding infractions and trial races, the stewards or a racing commission designee shall provide written notice, at least 10 days before the hearing, to a person who is the subject of a disciplinary hearing. The person may waive their right to 10 days notice by executing a written waiver.

(b) Notice given under this section must include: a statement of the time, place and nature of the hearing; a statement of the legal authority and jurisdiction under which the hearing is to be held; a reference to the particular sections of the statutes or rules involved; a short, plain description of the alleged conduct that has given rise to the disciplinary hearing; the possible penalties that may be imposed.

(c) The stewards or the racing commission designee shall send the written notice of the disciplinary hearing to the person who is the subject of the hearing either by hand delivery, certified or regular mail to the licensee's last provided address or by email. If the disciplinary hearing involves an alleged medication violation that could result in the disqualification of a horse, the stewards or a racing commission designee shall provide notice of the hearing to the owner of the horse in the manner provided by this subsection.

(d) Nonappearance of a summoned party after adequate notice shall be construed as a waiver of the right to a hearing before the stewards. The stewards may suspend the license of a person who fails to appear at a disciplinary hearing after written notice of the hearing has been sent, in compliance with this subsection.

(5) Continuances.

(a) Upon receipt of a notice, a person may request a continuance of the hearing.

(b) The stewards may grant a continuance of any hearing for good cause shown.

(c) The stewards may at any time order a continuance on their own motion.

(6) Evidence.

(a) Each witness at a disciplinary hearing conducted by the stewards must be sworn by the presiding steward.

(b) The stewards shall allow a full presentation of evidence and are not bound by the technical rules of evidence. The stewards may admit hearsay evidence if the stewards determine the evidence is of a type that is commonly relied on by reasonably prudent people. The rules of privilege recognized by state law apply in hearings before the stewards. Hearsay evidence alone is insufficient basis for a ruling.

(c) The burden of proof is on the person bringing the complaint to show, by a preponderance of the evidence that the licensee has violated or is responsible for a violation of the act or a commission rule.

(d) The stewards may record a disciplinary or summary suspension hearing and make a copy of the recording available on request, at the expense of the requesting person.

(7) Ruling.

(a) The issues at a disciplinary hearing shall be decided by a majority vote of the stewards. If the vote is not unanimous, the dissenting steward shall include with the record of the hearing a written statement of the reasons for the dissent.

(b) A ruling by the stewards must be on a form prescribed by the commission and include: the full name, license type, license number, and applicant ID number of the person who is the subject of the hearing; a statement of the charges against the person, including a reference to the specific section of the Racing Act or rules of the commission that the licensee is found to have violated; the date of the hearing and the date the ruling was issued; the penalty imposed; any changes in the order of finish or purse distribution; other information required by the commission.

(c) A ruling must be signed by a majority of the stewards.

(d) The stewards or their designee shall send the ruling to the person who is the subject of the ruling either by hand delivery, certified or regular mail to licensee's last provided address or by email.

(e) At the time the stewards inform a person who is the subject of the proceeding of the ruling, the stewards shall inform the person of the person's right to appeal the ruling to the commission and apply for a stay.

(f) All fines imposed by the stewards shall be paid to the commission within 14 days after the ruling is issued, unless otherwise ordered.

(8) Effect of rulings.

(a) Rulings against a licensee apply to another person if continued participation in an activity by the other person would circumvent the intent of a ruling by permitting the person to serve, in essence, as a substitute for the ineligible licensee.

(b) The transfer of a horse to a different owner or trainer to avoid application of a commission or other recognized regulatory organization's rule or ruling is prohibited unless permitted by the stewards.

(c) The stewards shall honor the rulings issued by other pari-mutuel racing commissions or other recognized regulatory organizations.

(9) Appeals.

(a) A person who has been aggrieved by a ruling of the stewards may appeal to the commission. A person who fails to file an appeal by the deadline and in the form required by this section waives the right to appeal the ruling.

(b) An appeal under this section must be filed not later than 10 days after the date of the ruling. If the deadline falls on a Saturday, Sunday or legal holiday, the period is extended to include the next day that is not a Saturday, Sunday or legal holiday. The appeal must be received by noon, at the main commission offices or with the stewards who issued the ruling and must be accompanied by a fee in the amount of \$400. The fee must be in the form of a money order, cashier's check or a corporate check.

(c) The commission may fine a license holder in the amount up to \$2,500 after considering an appeal if based on the evidence the appeal is frivolous, unreasonable or unnecessary or determined to be an abuse of process or malicious. Failure of an appealing party to appear at a noticed hearing or withdraw their appeal without providing five business days notice prior to the hearing date may result in the non appearing appealing party being fined up to \$1,000.

(d) An appeal must be in writing on a form prescribed by the commission. The appeal must include the name, address, telephone number and signature of the person making the appeal; and a statement of the basis for the appeal.

(e) On notification by the commission that an appeal has been filed, the stewards shall forward to the commission the record of the proceeding on which the appeal is based, and a statement of the reasons for their rulings.

(f) If a person against whom a fine has been assessed files an appeal of the ruling that assesses the fine, the person shall pay the fine in accordance with these rules.

(10) Stay.

(a) A person who has been disciplined by a ruling of the stewards may apply to the agency director for a stay of the ruling not later than 10 days after the date of the ruling. If the deadline falls on a Saturday, Sunday or legal holiday, the period is extended to the next business day. A request for a stay must be received by noon at the main commission offices.

(b) An application for a stay must be filed with the agency director not later than the deadline for filing an appeal.

(c) An application for a stay must be in writing and include the name, address and telephone number and signature of the person requesting the stay; a statement of the justification for the stay.

(d) On a finding of good cause, the agency director may grant the stay. The agency director shall notify the person in writing of the agency director's decision on the stay application. On a finding of changed circumstances or upon appellant's request for a continuance, the agency director may rescind a stay granted under this subsection. No such stay shall be rescinded with less than a 72 hours notice.

(e) The fact that a stay is granted is not a presumption that the ruling by the stewards is invalid.

B. Proceedings by the commission:

(1) Party designations.

(a) A person who is the subject of a disciplinary hearing, who filed an appeal from a stewards' ruling or who otherwise seeks relief from the commission is a party to that proceeding.

(b) A party to a proceeding has the right to present a direct case, cross-examine each witness, submit legal arguments and otherwise participate fully in the proceeding.

(c) A party summoned to appear at a hearing shall appear unless the party is excused by the commission presiding officer. Parties may appear with counsel or an industry representative of their choice.

(d) All attorneys representing a licensee must be licensed to practice law in New Mexico and shall submit an entry of appearance no later than 10 days prior to the scheduled hearing.

(e) Any attorney not licensed to practice law in New Mexico, shall request permission from the commission, show proof they are associated with an attorney licensed to practice law in New Mexico and adhere to the State of New Mexico's pro hac vice process prior to representing a licensee.

(f) A non-party to a proceeding who wishes to appear in a contested case pending before the commission must prove that they have an effected interest sufficient to create standing in the case. The burden of proof is on the party asserting standing in such a contested case.

(2) Notice.

(a) Not less than 20 days before the date set for a hearing, the agency director, or acting agency director, shall serve written notice on each party of record to the proceeding. The person may waive their right to said notice by executing a written waiver.

(b) The agency director shall mail the notice to the person's last known address, as found in the commission's licensing files, by regular mail. If a party is being represented by an attorney or other representative, notice will be provided to the attorney or representative instead of on the party and is deemed properly served.

(c) A notice of the hearing must include: statement of time, place and nature of hearing; statement of the legal authority and jurisdiction under which the hearing is to be held; reference to the particular section of the statutes and rules involved; short, plain statement of the matters asserted; and any other statement required by law.

(d) If the commission determines that a material error has been made in a notice of hearing, or that a material change has been made in the nature of a proceeding after notice has been issued; the commission shall issue a revised notice. The party who has caused the change or error requiring revised notice shall bear the expense of giving revised notice.

(e) A party to a proceeding may move to postpone the proceeding. The motion must be in writing, set forth the specific grounds on which it is sought and be filed with the commission before the date set for hearing. If the person presiding over the proceeding grants the motion for postponement, the commission shall cause new notice to be issued.

(f) After a hearing has begun, the presiding officer may grant a continuance on oral or written motion, without issuing new notice, by announcing the date, time and place for reconvening the hearing before recessing the hearing.

(3) Subpoenas and depositions.

(a) A member of the commission, the agency director, the stewards, the presiding officer of a commission proceeding or other person authorized to perform duties under the act may require by subpoena the attendance of witnesses and the reproduction of books, records, papers, correspondence and other documents.

(b) A member of the commission, the agency director, a presiding officer of a commission proceeding or other person authorized by the commission may administer an oath or affirmation to a witness appearing before the commission or a person authorized by the commission.

(c) Each party is responsible for proper service of any subpoenas it requests and for the payment of witness fees and expenses as provided by this jurisdiction's civil procedures statute.

(d) On written request by a party, the presiding officer may issue a subpoena addressed to a sheriff or any constable to require the attendance of witnesses and the production of books, records, papers or other objects as may be necessary to compel the production of books, records, papers or other objects shall be addressed to the

appropriate person, shall be verified and shall specify the books, records, papers or other objects desired and the relevant and material facts to be proved by them.

(e) The Administrative Procedures Act, Civil Statutes, Article 8, Section 12-8-15 governs the taking and the use of depositions. Rule 1-036 of the New Mexico Rules of Civil Procedure governs admissions of fact and genuineness of documents.

(4) Pleadings.

(a) Pleadings filed with the commission include appeals, applications, answers, complaints, exceptions, replies and motions. Regardless of an error in designation, a pleading shall be accorded its true status in the proceeding in which it is filed.

(b) A request for discovery or a response to a request for discovery is not a pleading and is not a part of the administrative record of a contested case unless the request or response is offered into evidence.

(c) A pleading or brief filed with the commission must be typewritten or printed on 8 1/2 inch by 11 inch white paper with one-inch margins. Exhibits, unless prepared according to other commission rules pertaining to maps, plats, or similar documents, must be folded to the same size. Unless printed, the impression must be on one side of the paper only. The documentation must be double-spaced, except for footnotes and lengthy quotations, which may be single-spaced. Reproductions are acceptable, provided all copies are clear and permanently legible. The original copy of each pleading must be signed in ink by the pleader or the pleader's representative.

(d) If the commission staff prepares a form for a pleading, the commission staff shall furnish the form on request. A pleading for which an official form has been developed must conform substantially to the form. A pleading for which the commission staff has not prepared an official form must contain: the name of the pleader; the telephone number and street address of the pleader's residence or business and the telephone number and street address of the pleader's representative, if any; a concise statement of the facts relied on by the pleader; a request stating the type of commission action desired by the pleader; the name and address of each person who the pleader knows or believes will be affected if the request is granted; any other matter required by statute or commission rule; a certificate of service.

(e) A party filing a pleading shall mail or deliver a copy of the pleading to each party of record. If a party is being represented by an attorney or other representative, service must be made on the attorney or representative instead of on the party.

(f) An objection to a defect, omission, or fault in the form or content of a pleading must be specifically stated in a motion or an exception presented not later than the prehearing conference if one is held and not later than 15 days before the date of

the hearing if a prehearing conference is not held. A party who fails to timely file an objection under this subsection waives the objection.

(g) Except as otherwise provided by this subsection, a pleader may amend or supplement a pleading at any time before the 21st day after the date the pleading was filed, but not later than five days before the date of the hearing. A pleader may amend or supplement a pleading at any time: on written consent of each party of record; or, as permitted by the presiding officer for the proceeding, when justice requires the amendment or supplementation and when the amendment or supplementation will not unfairly surprise another party.

(h) A pleading may adopt or incorporate by specific reference any part of a document in the official files and records of the commission. This subsection does not relieve the pleader of the duty to allege in detail all facts necessary to sustain the pleader's burden of proof.

(5) Filing pleadings.

(a) Except as otherwise provided by this section, an original of each pleading must be filed with the commission. An original of each pleading relating to discovery must be filed with the commission. A pleading is considered filed only when actually received by the commission. Each pleading must include a certification that a copy has been mailed or delivered on each party of record, stating the name of each party served and the date and manner of service.

(b) If a pleading is sent to the commission by first-class United States mail in an envelope or wrapper properly addressed and stamped and is deposited in the mail one day or more before the last day for filing the pleading, the pleading is considered received and filed in time if the pleading is actually received not more than 10 days after the deadline. A legible postmark affixed by the United States postal service is prima facie evidence of the date of mailing. For purposes of responsive pleadings for which the deadline for filing is set by the filing of another pleading, the pleading to be filed first is considered filed when actually received by the commission.

(c) Unless otherwise provided by statute, the presiding officer for a proceeding may extend the time for filing a pleading on a motion made by a party before the filing deadline if the presiding officer determines that there is good cause for the extension and that the need for the extension is not caused by the neglect, indifference, or lack of diligence of the party making the motion. A copy of a motion made under this section must be served on all parties of record contemporaneously with the filing of the motion.

(d) If the deadline for filing a pleading falls on a Saturday, Sunday, or legal holiday, the period is extended to include the next day that is not a Saturday, Sunday, or legal holiday.

(e) The failure to file a pleading in accordance with this section may result in the pleading being struck.

(f) The failure to file a pleading in accordance with this section may result in the pleading being struck.

(6) Place and nature of hearings.

(a) A hearing in a commission proceeding is open to the public.

(b) A hearing shall be held in Albuquerque unless: for good cause stated, the commission designates another place for the hearing; or, the act require otherwise.

(c) Unless precluded by law or objected to by a party, the commission may allow informal disposition of a proceeding without a hearing. Informal disposition includes, but is not limited to, disposition by stipulation, agreed settlement, consent order, dismissal, and default.

(7) Presiding officers.

(a) One or more members of the commission, an administrative law judge, or a duly designated hearing officer may serve as the presiding officer for a commission proceeding. Objections to the presiding officer must be made in writing to the agency director at least 20 calendar days prior to the hearing. If in any case a combination of objections to a presiding officer(s) would result in the matter not being heard, the removal of the hearing officer shall not be effective.

(b) The presiding officer may: authorize the taking of depositions; issue subpoenas to compel the attendance of witnesses and the production of papers and documents; administer oaths; receive evidence; rule on the admissibility of evidence and amendments to pleadings; examine witnesses; set reasonable times within which a party may present evidence and within which a witness may testify; permit and limit oral argument; issue interim orders; recess a hearing from day to day and place to place; request briefs before or after the presiding officer files a report or proposal for decision; propose findings of fact and conclusions of law; propose orders and decisions; perform other duties necessary to a fair and proper hearing.

(c) An administrative law judge designated as the presiding officer must be an attorney licensed to practice in this state.

(d) A person may not serve as the presiding officer of a proceeding in which the person has an economic interest. A person is considered to have an economic interest in a proceeding if the person, a member of the person's immediate family, or a dependent, business partner, or client of the person has an economic interest in the proceeding.

(8) Conferences.

(a) On written notice, the presiding officer may, on the officer's own motion or on the motion of a party, direct each party to appear at a specified time and place for a prehearing conference to formulate issues and consider any of the following: simplifying issues; amending the pleadings; making admissions of fact or stipulations to avoid the unnecessary introduction of proof; designating setting the order of procedure at a hearing; identifying and limiting the number of witnesses; resolving other matters that may expedite or simplify the disposition of the controversy, including settling issues in dispute.

(b) The presiding officer shall record the action taken at the prehearing conference unless the parties enter into a written agreement as to the action. The presiding officer may enter appropriate order concerning prehearing discovery, stipulations of uncontested matters, presentation of evidence and scope of inquiry.

(c) During a hearing, on written notice or notice stated into the record, the presiding officer may direct each party or the representative of each party to appear for a conference to consider any matter that may expedite the hearing and serve the interests of justice. The presiding officer shall prepare a written statement regarding the action taken at the conference and the statement must be signed by each party and made a part of the record.

(9) Discovery.

(a) On written request by a party, the presiding officer or the agency director may issue a subpoena to require the attendance of witnesses and the production of books, records, papers, or other objects as may be necessary and proper for the purposes of a proceeding.

(b) A motion for a subpoena to compel the production of books, records, papers, or other objects shall be addressed to the appropriate person, shall be sworn to and shall specify the books, records, papers, or other objects desired and the relevant and material facts to be proved by them.

(c) Discovery on behalf of commission shall only be provided to the licensee or to counsel who has submitted an entry of appearance.

(10) Order of hearing.

(a) The presiding officer shall open the hearing, make a concise statement of its scope and purposes and announce that a record of the hearing is being made.

(b) When a hearing has begun a party or a party's representative may make statements off the record only as permitted by the presiding officer. If a discussion off

the record is pertinent, the presiding officer shall summarize the discussion for the record.

(c) Each appearance by a party, a party's representative, or a person who may testify must be entered on the record.

(d) The presiding officer shall receive motions and afford each party of record an opportunity to make an opening statement.

(e) Except as otherwise provided by this subsection, the party with the burden of proof is entitled to open and close. The presiding officer shall designate who may open and close in a hearing on a proceeding if the proceeding was initiated by the commission or if several proceedings are heard on a consolidated record.

(f) After opening statements, the party with the burden of proof may proceed with the party's direct case. Each party may cross-examine each witness.

(g) After the conclusion of the direct case of the party having the burden of proof, each other party may present their direct case and their witnesses will be subject to cross-examination.

(h) The presiding officer may allow nonparty participants to cross examine a witness if the presiding officer determines that the cross examination may lead to significantly fuller disclosure of the facts without unduly delaying the hearing or burdening the record.

(i) At the conclusion of all evidence and cross-examination, the presiding officer shall allow closing statements.

(j) Before writing a report or proposal for decision if required by law, the presiding officer may call on a party for further relevant and material evidence on an issue. The presiding officer may not consider the evidence or allow it into the record without giving each party an opportunity to inspect and rebut the evidence.

(11) Behavior.

(a) Each party, witness, attorney, or other representative shall behave in all commission proceedings with dignity, courtesy and respect for the commission, the presiding officer and all other parties and participants. Attorneys appearing in this jurisdiction must comply with the rules of professional conduct as established by the New Mexico Supreme Court. If the attorney does not abide by the rules of professional conduct as established by the New Mexico Supreme Court, the attorney may be suspended or banned from practicing in front of the commission or may be reported to that practicing attorney's State Bar.

(b) Any individual who violates this section may be excluded from a hearing by the presiding officer for a period and on conditions that are just, or may be subject to other just, reasonable and lawful disciplinary action prescribed by the presiding officer.

(12) Evidence.

(a) All testimony must be given under oath administered by the presiding officer. The presiding officer may limit the number of witnesses and shall exclude all irrelevant, immaterial, or unduly repetitious evidence.

(b) The presiding officer may, unless precluded by statute, admit evidence of a type commonly relied on by reasonably prudent persons in the conduct of their affairs. The rules of privilege recognized by law in this jurisdiction apply in commission proceedings.

(c) A party may object to offered evidence and the objection shall be noted in the record. Formal exceptions to rulings by the presiding officer during a hearing are unnecessary. A party, at the time a ruling is made or sought, shall make known to the presiding officer the action the party desires.

(d) When the presiding officer rules to exclude evidence, the party offering the evidence may make an offer of proof by dictating or submitting in writing the substance of the proposed evidence, before the closing of the hearing. The offer of proof preserves the point for review. The presiding officer may ask a witness or offered witness questions necessary to indicate that the witness would testify as represented in the offer of proof. An alleged error in sustaining an objection to questions asked on cross-examination is preserved without making an offer of proof.

(e) The presiding officer may take official notice of judicially cognizable facts and of facts generally recognized within the area of the commission's specialized knowledge. The commission shall notify each party of record before the final decision in a proceeding of each specific fact officially noticed, including any facts or other data in staff memoranda. A party must be given an opportunity to rebut the facts to be noticed.

(f) The special skills and knowledge of the commission and the commission staff may be used in evaluating the evidence.

(g) The presiding officer may receive documentary evidence in the form of copies or excerpts if the original is not readily available. On request, the presiding officer shall allow a party to compare the copy with the original. If many similar documents are offered in evidence, the presiding officer may limit the documents admitted to a number which are representative of the total number, or may require that the relevant data be abstracted from the documents and presented as an exhibit. If the presiding officer requires an abstract, the presiding officer shall allow each party or the party's representative to examine the documents from which the abstracts are made.

(h) The presiding officer may require prepared testimony in a hearing if the presiding officer determines that it will expedite the hearing without substantially prejudicing the interests of a party. Prepared testimony consists of any document that is intended to be offered as evidence and adopted as sworn testimony by a witness who prepared the document or supervised its preparation. A person who intends to offer prepared testimony at a hearing shall prefile the testimony with the commission on the date set by the presiding officer and shall serve a copy of the prepared testimony on each party of record. The presiding officer may authorize the late filing of prepared testimony on a showing of extenuating circumstances. The prepared testimony of a witness may be incorporated into the record as if read or received as an exhibit, on the witness being sworn and identifying the writings as a true and accurate record of what the testimony would be if the witness were to testify orally. The witness is subject to clarifying questions and to cross examination and the prepared testimony is subject to a motion to strike either in whole or in part.

(i) Documentary exhibits must be of a size, which will not unduly encumber the record. Whenever practicable, exhibits must conform to the size requirements in these rules for pleadings. The first sheet of the exhibit must briefly state what the exhibit purports to show and the pages of the exhibit must be numbered consecutively. Exhibits may include only facts material and relevant to the issues of the proceedings. Maps or drawings must be rolled or folded so as not to encumber the record. Exhibits not conforming to this subsection may be excluded.

(j) The party offering an exhibit shall tender the original of the exhibit to the presiding officer for identification. The party shall furnish one copy to the presiding officer and one copy to each party of record. A document received in evidence may not be withdrawn except with the permission of the presiding officer. If an exhibit has been offered, objected to and excluded, and the party offering the exhibit withdraws the offer, the presiding officer shall return the exhibit to the party. If the party does not withdraw the offered exhibit, the exhibit shall be numbered for identification, endorsed by the presiding officer with the ruling on the exhibit and included in the record to preserve the exception.

(k) The presiding officer may allow a party to offer an exhibit in evidence after the close of the hearing only on a showing of extenuating circumstances and a certificate of service on each party of record.

(13) Reporters and transcripts.

(a) If necessary, the commission shall engage a court reporter to make a stenographic record of a hearing. The commission may allocate the cost of the reporter and transcript among the parties.

(b) If a person requests a transcript of the stenographic record, the commission may assess the cost of preparing the transcript to the person.

(c) A party may challenge an error made in transcribing a hearing by noting the error in writing and suggesting a correction not later than 10 days after the date the transcript is filed with the commission. The party claiming errors shall serve a copy of the suggested corrections on each party of record, the court reporter and the presiding officer. If proposed corrections are not objected to before the 15th day after the date the corrections were filed with the commission, the presiding officer may direct that the suggested corrections be made and the manner of making them. If the parties disagree on the suggested corrections, the presiding officer shall determine whether to change the record.

(14) Findings of fact and conclusions of law.

(a) The presiding officer may direct a party to draft and submit proposed findings of fact and conclusions of law or a proposal for decision that includes proposed findings of fact and conclusions of law. The presiding officer may limit the request for proposed findings to a particular issue of fact.

(b) Proposed findings of fact submitted under this section must be supported by concise and explicit statements of underlying facts developed from the record with specific reference to where in the record the facts appear.

(15) Proposal for decision.

(a) Where a hearing officer conducts a hearing, the hearing officer shall complete a report containing his or her findings of fact, conclusions of law and recommendations for commission action.

(b) Any commissioner who did not hear the case may not participate in a decision in which the commission rejects, modifies, adds to, or makes substitutions for the findings of fact in a hearing officer's report unless the commission has reviewed all portions of the record that pertain to such findings of fact.

(c) Where the commission itself is the hearing body, the commission shall complete a report containing findings of fact and conclusions of law. No commissioner may participate who has not either heard the case or reviewed the entire record.

(d) The person preparing a proposal for decision under this section shall initiate service of a copy of the hearing officer's report or commission's report on each party of record no later than 31 calendar days after the close of the hearing.

(e) A party of record may, not later than 10 business days after the date of service of a hearing officer's report or commission's report, file exceptions to the report. A reply to an exception filed under this subsection must be filed no later than five business days after the last day for filing the exceptions. A copy of each exception and reply must be served on all parties of record.

(f) After the expiration of time for filing exceptions and replies, the commission shall consider the proposal for decision in open or closed session. The commission may: adopt the proposal for decision, in whole or in part; decline to adopt the proposal for decision, in whole or in part; modify the recommendations or the hearing officer's report, in whole or in part based on aggravating or mitigating factors or inaccuracies; remand the proceeding for further examination by the same or a different presiding officer; or direct the presiding officer to give further consideration to the proceeding with or without reopening the hearing.

(g) If on remand additional evidence is received which results in a substantial revision of the proposal for decision, a new proposal for decision shall be prepared, unless a majority of the commission, on remand, has heard the case or read the record. A new proposal for decision must be clearly labeled as such and all parties of record are entitled to file exceptions, replies and briefs.

(16) Dismissal. On its own motion or a motion by a party, the presiding officer may dismiss a proceeding, with or without prejudice, under conditions and for reasons that are just and reasonable, including: failure to timely pay all required fees to the commission; unnecessary duplication of proceedings; withdrawal; moot questions or obsolete petitions; and lack of jurisdiction.

(17) Orders.

(a) Except as otherwise provided by these rules, the commission shall issue its final order not later than 30 days after the date the commission votes on the ultimate issues in the proceeding. A final order of the commission must be in writing and be signed by at least one member of the members of the commission who voted in favor of the action taken by the commission. A final order must include findings of facts and conclusions of law, separately stated.

(b) The commission staff shall mail or deliver a copy of the order to each party or the party's representative.

(c) A final order of the commission takes effect on the date the order is issued, unless otherwise stated in the order.

(d) If the commission finds that an imminent peril to the public health, safety, or welfare requires an immediate final order in a proceeding, the commission shall recite that finding in the order in addition to reciting that the order is final from the date issued. An order issued under this subsection is final and appealable from the date issued and a motion for rehearing is not a prerequisite to appeal.

(18) Rehearing.

(a) Within 10 days following issuance of a final commission order, a party adversely affected by the order may file a petition for a rehearing stating the reasons for

requesting a rehearing. The commission shall grant a rehearing only in cases of newly discovered material evidence, which the party could not reasonably have discovered at an earlier time, or other good cause.

(b) An order granting a motion for rehearing vacates the preceding final order. The order granting a motion for rehearing may direct that the hearing be reopened or may incorporate a new final decision. Except as otherwise provided by these rules, if the commission renders a new decision, a motion for rehearing directed to the new decision is a prerequisite to appeal.

(19) Ex parte communications. No party to a proceeding before the commission shall, at any time prior to the issuance of a final commission decision, discuss or otherwise communicate with a hearing officer assigned to hear the case or with any commission member who will or may participate in the commission's decision in the case, regarding any issue in the case, without at the same time making the same communication to all other parties, including the commission's administrative prosecutor. This rule shall not apply to communications limited to such items as ascertaining the time or place of a hearing or the procedures to be followed at a hearing.

(20) Administrative penalties.

(a) If the commission determines that a person regulated under the act has violated the act or a rule or order adopted under the act in a manner that constitutes a ground for disciplinary action under the act, the commission may assess an administrative penalty against that person as provided by this section.

(b) The commission delegates to the agency director the authority to prepare and issue preliminary reports pursuant to the act. If, after examination of a possible violation and the facts relating to that possible violation, the agency director determines that a violation has occurred, the agency director shall issue a preliminary report that states the facts on which the conclusion is based, the fact that an administrative penalty is to be imposed and the amount to be assessed. The amount of the penalty may not exceed \$1,000 for each violation. Each day/occurrence that a violation continues may be considered a separate violation. In determining the amount of the penalty, the agency director shall consider the seriousness of the violation.

(c) If the commission finds based on the evidence that an appeal is frivolous, unreasonable or unnecessary or determined to be an abuse of process or malicious, the license holder may be fined in the amount up to \$2,500.

(d) Not later than the 10th day after the date on which the agency director issues the preliminary report, the agency director shall provide a copy of the report to the person charged with the violation, together with a statement of the right of the person to a hearing relating to the alleged violation and the amount of the penalty. If possible, the agency director shall hand deliver the preliminary report. If hand delivery

is not possible, the agency director shall mail the preliminary report to the person's last known address, as found in the commission's files, by regular mail and by certified mail, return receipt requested.

(e) Not later than the 20th day after the date on which the agency director delivers or sends the preliminary report, the person charged may make a written request for a hearing or may remit the amount of the administrative penalty to the commission. Failure to request a hearing or to remit the amount of the administrative penalty within the period prescribed by this subsection results in a waiver of a right to a hearing on the administrative penalty. If the person charged requests a hearing, the hearing shall be conducted in the same manner as other hearings conducted by the commission.

(f) If it is determined after the hearing that the person has committed the alleged violation, the commission shall give written notice to the person of the findings established by the hearing and the amount of the penalty and shall enter an order requiring the person to pay the penalty.

(g) Not later than the 30th day after the date on which the above notice is received, the person charged shall pay the administrative penalty in full or exercise the right to appeal to the appropriate court either the amount of the penalty or the fact of the violation. If a person exercises a right of appeal either as to the amount of the penalty or the fact of the violation, the amount of the penalty is not required to be paid until the 30th day after the date on which all appeals have been exhausted and the commission's decision has been upheld.

(21) Exclusion.

(a) The steward, agency director, or commission may order an individual ejected or excluded from all or part of any premises under the regulatory jurisdiction of the commission if the stewards, agency director, or commission determine that the individual's presence on association grounds is inconsistent with maintaining the honesty and integrity of racing.

(b) An exclusion may be ordered separately or in conjunction with other disciplinary action taken by the stewards or commission. If exclusion is ordered separately, the excluded individual is entitled to a hearing before the stewards or commission. A hearing on exclusion shall be conducted in the same manner as other hearings conducted by the stewards or commission.

(c) If an individual is excluded under this section, a race animal owned or trained by or under the care or supervision of the individual is ineligible to be entered or to start in a race in this jurisdiction.

(22) (Reciprocity).

(a) The stewards shall honor rulings from recognized regulatory organizations or other pari-mutuel jurisdictions regarding license suspensions, revocation or eligibility of horses.

15.2.1.10 RULEMAKING PROCEDURES:

A. The provisions of this section shall be applicable to proceedings of the commission to adopt, amend or repeal rules and regulations of general applicability, which implement or interpret a law administered or enforced by the commission. These procedures shall not apply to: statements, policies, procedures or regulations concerning only internal management of the commission and not affecting the rights of or procedure available to licensees, applicants or the public generally; declaratory rulings and directives issued pursuant to provisions of this section; decisions, statements or interpretations issued or actions taken in the course of disciplinary proceedings against a licensee; formal or informal opinions of the attorney general pursuant to requests of the commission or the commission staff.

B. Proceedings by Commission:

(1) No rule or regulation, or amendment or repeal thereof, shall be adopted by the commission until after a public hearing by the commission, except as provided herein for emergency regulations. The commission shall allow all interested persons reasonable opportunity to present written materials and to speak in favor of their positions as they pertain to proposed rules. The commission may designate a hearing officer to take evidence. The commission may hold more than one hearing on proposed rules and may hold hearings at any location in the state. A record, consisting of at least written minutes or a tape recording, shall be made of all proceedings at the hearing.

(2) Notice of rulemaking hearings shall be provided to the public not later than 30 days prior to the hearing date. The notice shall include:

(a) a summary of the full text of the proposed rule;

(b) a short explanation of the purpose of the proposed rule;

(c) a citation to the specific legal authority authorizing the proposed rule and the adoption of the proposed rule;

(d) information on how a copy of the full text of the proposed rule may be obtained;

(e) information on how a person may comment on the proposed rule, where comments will be received and when comments are due;

(f) information on where and when a public rule hearing will be held and how a person may participate in the hearing; and,

(g) a citation to technical information, if any, that served as a basis for the proposed rule, and information on how the full text of the technical information may be obtained. The notice shall be published in a newspaper of general circulation in the state and the commission shall send by electronic mail copies of the notice to all persons who have made a written request to the commission for advance notice of such rulemaking hearings. The notice must also be published in the New Mexico register.

(3) Rules are effective the date they are published in the New Mexico register unless a later date is otherwise provided by law or in the rule. The agency shall file the adopted rule with the state records administrator or the administrator's designee within 15 days from the date of the adoption. This provision does not apply to emergency rules.

(4) If the commission finds that the time required to complete the rulemaking procedure would cause an imminent peril to the public health, safety or general welfare; cause the unanticipated loss of funding for an agency program; or place the agency in violation of federal law, then the agency shall provide to the public a record of any such finding and detailed justification for that finding before issuing an emergency rule. The record shall include a statement that the emergency rule is temporary. After such record has been provided to the public, the agency may issue the emergency rule immediately without a public rule hearing or with any abbreviated notice and hearing that it finds practicable. Emergency rules may take effect immediately upon filing with the state records administrator or the administrator's designee or at a later date specified in the emergency rule. Emergency rules shall be published in the New Mexico register. No emergency rule shall permanently amend or repeal an existing rule. An emergency rule shall remain in effect until a permanent rule takes effect under the normal rulemaking process. If no permanent rule is adopted within 180 days from the effective date of the emergency rule, the emergency rule shall expire and may not be readopted as an emergency rule. If an expired emergency rule temporarily amended or repealed an existing rule, the rule shall revert to what it would have been had the emergency rule not been issued.

(5) Any interested person may request in writing that the commission adopt, amend or repeal a rule. The commission shall either initiate formal proceedings to consider the proposed rule or issue a written statement of its reason for denial of the request to consider it.

C. Declaratory rulings:

(1) Any licensee of the commission whose rights may be affected by the application of any statute administered or enforced by the commission or by any rule of the commission may request in writing a declaratory ruling from the commission concerning the applicability of the statute or rule to a particular set of facts. The facts stated must be stated with such specificity as to allow a ruling to be made and the situation stated must be sufficiently concrete to justify issuance of a declaratory ruling.

(2) The purpose of declaratory rulings is to allow a licensee to conform his future actions or behavior to the parameters of the law. Declaratory rulings shall not be used for any other purpose. The commission may refuse to consider a request if it determines that its purpose or effect would be contrary to the purposes stated herein for declaratory rulings. In no case shall the commission consider a request, which directly or indirectly affects a pending action or disciplinary proceeding, or appeal thereof, before the stewards or the commission.

(3) The commission may issue directives to its employees, stewards, licensees or racing officials. Directives may be utilized to direct the performance of an act, to provide an interpretation of a statute or rule or for other purposes.

(4) The commission may on its own motion issue declaratory rulings and directives.

(5) The effect of a declaratory ruling shall be limited to the commission and the licensee, if any, requesting it.

Then, at the subsequent scheduled commission meeting, the commission shall approve each capital improvement proposal reviewed.

(4) The commission shall approve only the bid of the lowest bidder, unless the licensee requests in writing that a particular bid be accepted, in which case the commission may approve the licensee's recommended bidder if it finds extraordinary circumstances which call for the acceptance of that bidder and additionally finds that acceptance of that bidder would be in the best interests of racing in New Mexico. A cost overrun performed by in-house maintenance above the original bid price and below the highest bidder price must be approved by the commission before the work is accomplished.

(7) Following the completion of any capital improvement project for which an offset of state taxes was requested and approved, the commission, or designee, shall inspect the project and any recommended future projects.

D. Tax liabilities: All taxes assessed pursuant to the provisions of Section 60-1A-20 NMSA 1978, shall be paid to the racing commission at the time set by law, unless a capital expenditure project or the financing of term investment in capital improvements has been previously approved by the commission and the licensee is entitled by such previous approval to offset the amount of the taxes then due. If no previous approval for a project or financing has been made, the full amount of taxes due shall be paid. If previous approval for a project or financing has been made and the licensee is entitled to offset the amount of the taxes then due, the licensee may offset such taxes due and shall account to the commission for such offset from taxes due.

15.2.4.8 CLAIMING RACES:

A. General Provisions:

(1) A person entering a horse in a claiming race warrants that the title to said horse is free and clear of any existing claim or lien, either as security interest mortgage,

bill of sale, or lien of any kind; unless before entering such horse, the written consent of the holder of the claim or lien has been filed with the stewards and the racing secretary and its entry approved by the stewards. A transfer of ownership arising from a recognized claiming race will terminate any existing prior lease for that horse.

(2) A filly or mare that has been bred is ineligible to enter into a claiming race unless a licensed veterinarian's certificate dated at least 25 days after the last breeding of that mare is on file with the racing secretary's office stating that the mare or filly is not in foal. However, an in-foal filly or mare shall be eligible to enter into a claiming race if the following conditions are fulfilled:

(a) full disclosure of such fact is on file with the racing secretary and such information is posted in the racing secretary's office;

(b) the stallion service certificate has been deposited with the racing secretary's office (although all information obtained on such certificate shall remain confidential);

(c) all payments due for the service in question and for any live progeny resulting from that service are paid in full;

(d) the release of the stallion service certificate to the successful claimant at the time of claim is guaranteed.

(3) The stewards may void a claim for any horse from a claiming race run in this jurisdiction upon a showing that any party to the claim committed a prohibited action, as specified in Subsection E of 15.2.4 NMAC with respect to the making of the claim, or that the owner of the horse at the time of entry in the claiming race failed to comply with any requirement of this rule. Should the stewards order a claim void, they may also, in their discretion, make a further order for the costs of maintenance and care of the horse as they may deem appropriate.

(4) The successful claimant of a horse shall be notified of a medication violation. Once notified, the successful claimant has 72 hours in which to request the stewards to void the claim. If the claim is voided the stewards may also, in their discretion, make a further order for the costs of maintenance and care of the horse as they may deem appropriate. If the claim is not voided, all applicable time requirements and procedures pursuant to Subsection C of 15.2.6.9 NMAC shall follow the horse.

(5) Title to a horse which is claimed shall be vested in the successful claimant from the time the field has been dispatched from the starting gate and the horse becomes a starter.

(6) All claimed horses shall go to the test barn for observation by the official or racing veterinarian.

(7) The claim shall be voided, and ownership of the horse retained by the original owner if:

- (a) the horse dies on the racetrack;
- (b) the horse is euthanized before leaving the racetrack;
- (c) the horse is vanned off the racetrack by discretion of the official or racing veterinarian.
- (d) the official or racing veterinarian determines within 60 minutes of the race that the horse will be placed on the veterinarians' list as bled, physically distressed, medically compromised, unsound, or lame before the horse is released to the successful claimant.

(8) The claim shall not be voided, if prior to the race in which the horse is claimed, the claimant elects to claim the horse regardless of whether the official or racing veterinarian determines the horse will be placed on the veterinarians' list as bled or unsound or the horse tests positive for a prohibited substance.

B. Claiming Option Entry:

(1) At the time of entry into a claiming race, the owner may opt to declare a horse ineligible to be claimed provided:

- (a) the horse has been laid off and has not started for a minimum of 120 days since its last race; and
- (b) the horse is entered for a claiming price equal to or greater than the claiming price of the horse's last start; and
- (c) the horse's last race as an official starter was one in which the horse was eligible to be claimed.

(2) Failure to declare the horse ineligible at the time of entry may not be remedied.

(3) Ineligibility shall apply only to the first start following each such layoff.

C. Claiming of Horses:

(1) Any horse entered in a claiming race that is not present in the paddock at least 10 minutes to post will be scratched.

(2) Any horse in a race for claiming may not wear into the paddock anything it will not race in except for a blanket, rain sheet or halter and lead shank for control.

(3) Any horse starting in a claiming race is subject to be claimed for its entered price by any: licensed owner; holder of a valid claim certificate; licensed authorized agent acting on behalf of an eligible claimant.

(4) Every horse claimed shall race for the account of the original owner, but title to the horse shall be transferred to the claimant from the time the horse is determined by the stewards to be a starter in a race. The successful claimant shall become the owner of the horse.

D. Claim Certificate:

(1) An applicant for a claim certificate shall submit to the commission: an application for an owner's license and the required fee; the name of a licensed trainer, or person eligible to be a licensed trainer, who will assume the care and responsibility for any horse claimed.

(2) The stewards shall issue a claim certificate upon satisfactory evidence that the applicant is eligible for an owner's license.

(3) The claim certificate shall expire 30 days after the date of issuance, or upon the claim of a horse, or upon issuance or denial of an owner's license, whichever comes first.

(4) A claim certificate may be renewed by the stewards during the same year.

E. Prohibitions:

(1) A person shall not claim a horse in which the person has a financial or beneficial interest as an owner or trainer.

(2) A person shall not cause another person to claim a horse for the purpose of obtaining or retaining an undisclosed financial or beneficial interest in the horse.

(3) A person shall not enter into an agreement for the purpose of preventing another person from obtaining a horse in a claiming race.

(4) A person shall not claim a horse, or enter into any agreement to have a horse claimed, on behalf of an ineligible or undisclosed person.

(5) A person shall not claim more than one horse in a race. No authorized agent shall submit more than one claim for the same horse in a race, even if the authorized agent represents several owners.

F. Procedure for Claiming:

(1) To make a valid claim for a horse, an eligible person shall:

(a) have on deposit with the horsemen's bookkeeper an amount equal to the amount of the claim, plus all transfer fees and applicable taxes; and for all quarter horse claims shall also have on deposit in their horsemen's account all fees for a rush transfer, not to exceed \$100.00, prior to entering;

(b) accurately complete, without the use of nicknames, a written claim slip in a manner that is consistent with how the claimant is licensed with the commission on a form furnished by the association and approved by the commission;

(c) identify the horse to be claimed by the spelling of its name on the certificate of registration or as spelled on the official program, including the country of origin;

(d) place the completed claim form inside a sealed envelope furnished by the association and approved by the commission;

(e) have the time of day that the claim is entered recorded on the envelope;

(f) have the envelope deposited in the claim box no later than 10 minutes prior to post time of the race for which the claim is entered.

(2) After a claim has been deposited in the claim box, it is irrevocable and shall not be withdrawn from the claim box.

(3) Officials and employees of the association shall not provide any information as to the filing of claims until after the horses have entered the track to post.

(4) If more than one claim is filed on a horse, the successful claim shall be determined by lot conducted by the stewards or their representatives.

(5) Notwithstanding any designation of sex or age appearing in the racing program or in any racing publication, the claimant of a horse shall be solely responsible for the determination of the sex or age of any horse claimed.

G. Transfer of Claimed Horses:

(1) Upon successful claim, the stewards shall issue, upon forms approved by the commission, an authorization of transfer of the horse from the original owner to the claimant. Copies of the transfer authorization shall be forwarded to and maintained by the stewards and the racing secretary. Upon notification by the stewards, the horsemen's bookkeeper shall immediately debit the claimant's account for the claiming price, applicable taxes and transfer fees.

(2) A person shall not refuse to deliver a properly claimed horse to the successful claimant.

(3) Transfer of possession of a claimed horse shall take place immediately after the race has been run unless otherwise directed by the stewards. If the horse is required to be taken to the test barn for post-race testing, the original trainer or their representative shall maintain physical custody of the claimed horse and shall observe the testing procedure and sign the test sample tag. The successful claimant or their representative shall also accompany the horse to the test barn.

(4) When a horse is claimed out of a claiming race, the horse's engagements are transferred, with the horse, to the claimant.

(5) Ownership interest in any horse claimed from a race shall not be resold or transferred for 30 days after such horse was claimed, except by claim from a subsequent race.

(6) A claimed horse shall not race elsewhere, except within state, or out of state stake races for a period of 30 days or the end of the meet, whichever occurs first.

(7) A claimed horse shall not remain in the same stable or under the control or management of its former owner.

Assigned weights must be posted by 4:00 p.m. on the day prior to entry. In addition, all contestants must qualify for the race by starting for a specified claiming price or less within a specified time period (as stated in the conditions of the race). (For eligibility this race will be considered as a starter race for said claiming price.).

B. Optional claiming race is a contest restricted to horses entered to be claimed for a stated claiming price and to those, which have started previously for that claiming price or less. In the case of horses entered to be claimed in such a race, the race shall be considered, for the purpose of these rules, a claiming race. 15.2.5.8 ENTRIES AND NOMINATIONS:

A. Entering: No horse shall be qualified to start unless it has been and continues to be entered.

B. Procedure:

(1) Entries and nominations shall be made with the racing office and shall not be considered until received by the racing secretary, who shall maintain a record of time of receipt of them for a period of one year.

(2) An entry shall be in the name of the horse's owner and made by the trainer or an assistant trainer. Any horse which is in a race or on the also-eligible list may not be sold or transferred until that obligation is completed, except with permission of the stewards.

(3) Numbered races printed in the condition book shall have preference over extra races. Should any race fail to draw seven separate wagering interests, it may be called off.

(4) An entry must be made either in person in writing on an entry blank provided by the association, or by telephone call to the racing secretary. The entry must be confirmed in writing should the stewards or the racing secretary so request.

(5) The person making an entry shall clearly designate the horse so entered.

(6) No alteration may be made in any entry after the closing of entries, but an error may be corrected with permission of the stewards.

(7) No horse may be entered in more than one race (with the exception of stakes races) to be run on the same day at the same track on which pari-mutuel wagering is conducted. If a horse is entered in more than one stakes race to be run on the same day, at the time of draw, the trainer must declare which race the horse will run in.

(8) No horse may be entered to run at two different tracks on the same day on which pari-mutuel wagering is conducted.

(9) Any permitted medication must be declared on the original entry at each race meet. No further declaration will be required at that meet unless there is a change.

(10) Any approved change of equipment must be declared at time of entry. Any changes after that time must be approved by the stewards.

(11) An entry clerk or any other person taking an entry shall indicate on the entry form that they took the entry on a horse.

(12) An entry clerk or any other person taking an entry shall indicate on the entry form who they took the entry from by way of either the person's name, or last four digits of their social security numbers, or date of birth, or telephone number, or New Mexico racing commission license number.

(13) An entry clerk or any other person taking an entry shall not divulge any information regarding a race with the exception of the entered number of horses already entered.

(14) An entry clerk or any other person taking an entry shall not override any warning in the RTO Incompass system for a horse that is on the veterinarian's, stewards', starter's or paddock judge's lists, or has inadequate published workouts pursuant to Subsection A of 15.2.5.11 NMAC or is ineligible based on the horse's past performances.

C. Nominations:

(1) Any nominator to a stakes race may transfer or declare such nomination prior to closing.

(2) Joint nominations and entries may be made by any one of joint owners of a horse, and each such owner shall be jointly and severally liable for all payments due.

(3) Death of a horse, or a mistake in its entry when such horse is eligible, does not release the nominator or transferee from liability for all stakes fees due. No fees paid in connection with a nomination to a stakes race that is run shall be refunded except as otherwise stated in the conditions of a stakes race.

(4) Death of a nominator to a stakes race shall not render void any subscription, entry or right of entry. All rights, privileges and obligations shall be attached to the legal heirs of the decedent or the successor owner of the horse.

(5) When a horse is sold privately or at public auction or claimed, stakes engagements shall be transferred automatically to its new owner; except when the horse is transferred to a person whose license is suspended or who is otherwise unqualified to race or enter the horse, then such nomination shall be void as of the date of such transfer.

(6) All stakes fees paid toward a stakes race shall be allocated as provided by the conditions for the race. If a stakes race is not run for any reason, all such nomination fees paid shall be refunded.

D. Closings:

(1) Entries for purse races and nominations to stakes races shall close at the time designated by the association in previously published conditions for such races.

No entry, nomination or declaration shall be accepted after such closing time; except in the event of an emergency or if an overnight race fails to fill, the racing secretary may, with the approval of a steward, extend such closing time.

(2) Except as otherwise provided in the conditions for a stakes race, the deadline for accepting nominations and declarations is midnight of the day of closing, provided they are received in time for compliance with every other condition of the race.

E. Number of starters in a race: The maximum number of starters in any race shall be limited to the number of starting positions afforded by the association starting gate and its extensions. The number of starters may be further limited by the number of horses, which, in the opinion of the stewards, can be afforded a safe, fair and equal start.

F. Split or divided races:

(1) In the event a race is cancelled or declared off, the association may split any overnight race for which postpositions have not been drawn.

(2) Where an overnight race is split, forming two or more separate races, the racing secretary shall give notice of not less than 15 minutes before such races are closed to grant time for making additional entries to such split races.

G. Post positions: Post positions for all races shall be determined by lot and shall be publicly drawn in the presence of a steward or steward designee.

H. Also-eligible list:

(1) If the number of entries for a race exceeds the number of horses permitted to start, the racing secretary may create and post an also-eligible list.

(2) If any horse is scratched from a race for which an also-eligible list was created, a replacement horse shall be drawn from the also-eligible list into the race in order of preference. If none is preferred, a horse shall be drawn into the race from the also-eligible list by public lot. Horses which gain a position in a race from the also-eligible list take the outside post position in the order drawn from the also-eligible list.

(3) Any owner or trainer of a horse on the also-eligible list who does not wish to start the horse in such race shall so notify the racing secretary prior to scratch time for the race, thereby forfeiting any preference to which the horse may have been entitled in that race.

(4) If a scratch card is deposited for a horse listed as also-eligible, and if that horse is offered an opportunity to run by being drawn at scratch time, the horse shall lose its position on the preferred list.

I. Preferred list: The racing secretary shall maintain a list of each horse's registration date, entry date, and racing date. Preference will be given to the best date. A registration date can only be established when the foal certificate is on file with a racing secretary. An entry date is any time a horse passes the entry box, whether or not the race is in the condition book, or an extra, is used or eliminated. Entry dates have preference over race or registration dates of the same date. Any horse, which is scratched, will lose its date and must re-establish a date. All horses placed on the steward's, veterinarian's, starter's or identifier's list will be posted on the bulletin board, they will not lose their date, but they must meet the necessary requirements to be removed from a list.

15.2.5.9 DECLARATIONS AND SCRATCHES:

Declarations and scratches are irrevocable except with permission of the stewards.

A. Declarations:

(1) A "declaration" is the act of withdrawing an entered horse from a race prior to the closing of entries.

(2) The declaration of a horse before closing shall be made by the owner, trainer or their licensed designee in the form and manner prescribed in these rules.

B. Scratches:

(1) A "scratch" is the act of withdrawing an entered horse from a contest after the closing of entries subject to approval of the stewards.

(2) The stewards have sole authority to scratch a horse if any situation involves a rule violation or is recommended by a veterinarian or concerns of track condition. The scratch of a horse after closing of entries may be submitted by the owner, trainer or designated assistant trainer, subject to approval from the stewards.

(3) A horse may be scratched from a stakes race for any reason at any time up until 45 minutes prior to post time for that race subject to approval from the stewards.

(4) No horse may be scratched from an overnight race without approval of the stewards.

(5) In overnight races, horses that are physically disabled or sick shall be permitted to be scratched first. Should horses representing more than eight betting interests in the daily double or exotic wagering races, or horses representing more than

eight betting interests in any other overnight race, remain in after horses with physical excuses have been scratched, then owners or trainers may be permitted at scratch time to scratch horses without physical excuses down to such respective minimum numbers for such races. This privilege shall be determined by lot if an excessive number of owners or trainers wish to scratch their horses.

(6) Entry of any horse which has been scratched, or excused from starting by the stewards, because of a physical disability or sickness may not be accepted until the expiration of seven calendar days after such horse was scratched or excused and the horse has been removed from the veterinarian's list.

Additionally, upon stewards' approval, jockeys may weigh in with an additional three pounds for inclement weather gear.

15.2.5.13 RUNNING OF THE RACE:

A. Equipment:

(1) All riding crops are subject to inspection and approval by the stewards and the clerk of scales. This rule will become effective December 10, 2010.

(a) All riding crops shall have a shaft and a flap and will be allowed in flat racing including training. No riding crop shall weigh more than eight ounces nor exceed 30 inches in length, including the flap. No riding crop shall be used unless the shaft is a minimum of three-eighths inch in diameter; and the shaft contact area must be smooth, with no protrusions or raised surface and covered by shock absorbing material that gives a compression factor of at least one-millimeter throughout its circumference.

(b) The flap is the only allowable attachment to the shaft and must meet the following specifications. The length beyond the end of the shaft shall be a maximum of one inch with a minimum width of eight-one hundredths inch and a maximum of one and six-tenths inches. There shall be no reinforcements or additions beyond the end of the shaft. There shall be no binding within seven inches of the end of the shaft and the flap

must include shock absorbing characteristics similar to those of the contact area of the shaft.

(2) No bridle shall exceed two pounds.

(3) Reins. No jockey, apprentice jockey, exercise person or any person mounted on a horse shall ride, breeze, exercise, gallop or workout a horse on the grounds of a facility under the jurisdiction of the commission unless the horse is equipped with a nylon rein or a safety rein. A safety rein is a rein with a wire or nylon cord stitched into the traditional leather rein during the manufacturing process and the safety cord is attached to the bit with a metal clasp.

(4) Toe grabs with a height greater than two millimeters worn on the front shoes of thoroughbred horses while racing are prohibited. The horse shall be scratched and the trainer may be subject to fine.

(5) A horse's tongue may be tied down with clean bandages, gauze or tongue strap.

(6) No licensee may add blinkers to a horse's equipment or discontinue their use without the prior approval of the starter, the paddock judge, and the stewards.

(7) No licensee may change any equipment used on a horse in its last race without approval of the paddock judge or stewards.

(8) Any licensed assistant starter and any licensee mounted on a horse or stable pony on the association grounds must wear a properly fastened New Mexico racing commission approved protective helmet and safety vest.

(a) The approved protective helmet and safety vest shall be worn when:

- (i) racing, parading or warming up a horse prior to racing; or
- (ii) jogging, training or exercising a horse at any time.

(b) The helmet worn must comply with one of the following minimum safety standards or later revisions:

- (i) American society for testing materials (ASTM 1163); or
- (ii) UK standards (EN-1384 and PAS-015); or
- (iii) Australian/New Zealand standard (AS/NZ 3838).

(c) The safety vest worn by a jockey shall weigh no more than two pounds and must comply with one of the following minimum standards or later revisions:

- (i) British equestrian trade association (BETA):2000 level 1; or
- (ii) euro norm (EN) 13158:2000 1; or
- (iii) American society for testing and materials (ASTM) F2681-08 or F1937; or
- (iv) shoe and allied trade research association (SATRA) jockey vests document M6 Issue 3; or
- (v) Australian racing board (ARB) standard 1.1998.

(d) A safety helmet or safety vest shall not be altered in any manner nor shall the product marking be removed or defaced.

B. Racing numbers:

- (1) Each horse shall carry a conspicuous saddle cloth number corresponding to the official number given that horse on the official program.
- (2) In the case of a coupled entry that includes more than one horse, each horse in the entry shall carry the same number, with a different distinguishing letter following the number. As an example, two horses in the same entry shall appear in the official program as 1 and 1A.
- (3) Each horse in the mutuel field shall carry a separate number or may carry the same number with a distinguishing letter following the number.

C. Jockey requirements:

- (1) Jockeys shall report to the jockeys' quarters at the time designated by the association. Jockeys shall report their engagements and any overweight to the clerk of scales. Jockeys shall not leave the jockeys' quarters, except to ride in scheduled races, until all of their riding engagements of the day have been fulfilled except as approved by the stewards.
- (2) A jockey who has not fulfilled all riding engagements, who desires to leave the jockeys' quarters, must first receive the permission of the stewards and must be accompanied by an association security guard.
- (3) Except as otherwise provided by this subsection, a jockey engaged for a certain race or for a specified time may not fail or refuse to abide by the engagement agreement, unless excused by the stewards. Failure to fulfill riding engagements may result in disciplinary action.

(4) A jockey may be excused by the stewards from fulfilling the jockey's riding engagement if the jockey believes the horse he or she is to ride is unsafe, or the racecourse he or she is to ride on is unsafe, or the jockey is ill or injured, or other extenuating circumstances. No jockey may take off a mount for reasons of safety without first mounting and taking that horse to the track and/or commission veterinarian unless that horse is unruly in the paddock. In that event a jockey's fee is not earned.

(5) Any jockey unseated or thrown from their mount in the saddling paddock, during the parade to post, while being loaded in the starting gate, during the race, or after the race, may be required by the stewards to be examined by the paramedic, doctor or registered nurse before being allowed to ride. Refusal to be examined or receive medical treatment may be grounds for the stewards to take the rider off their mount for that race and any other races on that day. In the event the jockey is injured or unable to ride they shall be required to provide a doctor's medical release before they are allowed to resume participation in racing or training.

(6) The stewards may require a jockey who is excused from fulfilling a riding engagement, because of illness or injury, to pass a physical examination conducted by a licensed physician not employed by the association before resuming race riding.

(7) While in the jockeys' quarters, jockeys shall have no contact or communication with any person outside the jockeys' quarters other than commission personnel and officials, an owner or trainer for whom the jockey is riding or a representative of the regular news media, except with the permission of the stewards. Any communication permitted by the stewards may be conducted only in the presence of the clerk of scales or other person designated by the stewards.

(8) Jockeys shall be weighed out for their respective mounts by the clerk of scales not more than 30 minutes before post time for each race.

(9) A jockey's fee shall be considered earned when the jockey is weighed out by the clerk of scales. In the event an owner or trainer elects to remove a jockey from his or her mount after naming a rider at the time of draw, the stewards may require a double jockey fee to be paid. The fee to be paid is equal to that earned by the jockey who rode the horse. The fee shall not be considered earned when a jockey(s), of their own free will, take themselves off their mounts, where injury to the horse or rider is not involved. Any conditions or considerations not covered by the above rule shall be at the discretion of the stewards. All jockey protests must be filed prior to the race.

(10) A jockey's fee shall include any extra monies added to the purse.

(11) Only valets employed by the association shall assist jockeys in weighing out.

(12) A jockey's weight shall include their clothing, boots, saddle and its attachments and any other equipment except the whip, bridle, bit or reins, safety

helmet, safety vest, blinkers, goggles and number cloth. Upon the stewards' approval, jockeys may be allowed up to three pounds more than published and announced weights to account for inclement weather clothing and equipment when weighing in.

(13) Five pounds is the limit of overweight any horse is permitted to carry.

(14) Once jockeys have fulfilled their riding engagements for the day and have left the jockeys' quarters, they shall not be re-admitted to the jockeys' quarters until after the entire racing program for that day has been completed, except with permission of the stewards.

D. Paddock to post:

(1) Each horse shall carry the full weight assigned for that race from the paddock to the starting post, and shall parade past the stewards' stand, unless excused by the stewards. The post parade shall not exceed 12 minutes, unless otherwise ordered by the stewards. It shall be the duty of the stewards to ensure that the horses arrive at the starting gate as near to post time as possible.

(2) In the post parade, all pony persons, or trainers who pony horses, must wear upper body apparel in accordance with the policy of the commission.

(3) After the horses enter the track, no jockey may dismount nor entrust his horse to the care of an attendant unless, because of accident occurring to the jockey, the horse or the equipment, and with the prior consent of the starter. During any delay during which a jockey is permitted to dismount, all other jockeys may dismount and their horses may be attended by others. After the horses enter the track, only the jockey, an assistant starter, the official veterinarian, the racing veterinarian or an outrider or pony rider may touch the horse before the start of the race.

(4) If a jockey is seriously injured on the way to the post, the horse may be returned to the paddock and a replacement jockey obtained.

(5) After passing the stewards' stand in parade, the horses may break formation and proceed to the post in any manner unless otherwise directed by the stewards. Once at the post, the horses shall be started without unnecessary delay.

(6) In case of accident to a jockey or their mount or equipment, the stewards or the starter may permit the jockey to dismount and the horse to be cared for during the delay, and may permit all jockeys to dismount and all horses to be attended to during the delay.

(7) If a jockey is thrown on the way from the paddock to the post, the horse must be remounted, returned to the point where the jockey was thrown and then proceed over the route of the parade to the post. The horse must carry its assigned weight from paddock to post and from post to finish.

(8) If a horse leaves the course while moving from paddock to post, the horse shall be returned to the course at the nearest practical point to that at which it left the course, and shall complete its parade to the post from the point at which it left the course unless ordered scratched by the stewards.

(9) No person shall willfully delay the arrival of a horse at the post.

(10) The starter shall load horses into the starting gate in any order deemed necessary to ensure a safe and fair start. An appointed representative may tail the horse with the starter's consent. In case of an emergency, the starter may grant approval for a horse to be tailed. In any case, the stewards shall be notified of who is tailing horses.

E. Post to finish:

(1) The start.

(a) The starter is responsible for assuring that each participant receives a fair start.

(b) If, when the starter dispatches the field, any door at the front of the starting gate stalls should not open properly due to a mechanical failure or malfunction or should any action by any starting personnel directly cause a horse to receive an unfair start, the stewards may declare such a horse a non-starter.

(c) Should a horse, not scratched prior to the start, not be in the starting gate stall thereby causing it to be left when the field is dispatched by the starter, the horse shall be declared a non-starter by the stewards.

(d) Should an accident or malfunction of the starting gate, or other unforeseeable event compromise the fairness of the race or the safety of race participants, the stewards may declare individual horses to be non-starters, excluding individual horses from all pari-mutuel pools or declare a "no contest" and refund all wagers except as otherwise provided in the rules involving multi-race wagers.

(2) Interference, jostling or striking.

(a) A jockey shall not ride carelessly or willfully so as to permit their mount to interfere with, impede or intimidate any other horse in the race.

(b) No jockey shall carelessly or willfully jostle, strike or touch another jockey or another jockey's horse or equipment. It shall be the discretion of the stewards to determine if the jostle, strike or touch had an effect on the outcome of the race and warrants a disqualification.

(c) No jockey shall unnecessarily cause their horse to shorten its stride so as to give the appearance of having suffered a foul.

(3) Maintaining a straight course.

(a) When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul.

(b) The offending horse may be disqualified, if in the opinion of the stewards, the foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

(c) If the stewards determine the foul was intentional, or due to careless riding, they may fine or suspend the guilty jockey.

(d) In a straightaway race, every horse must maintain position as nearly as possible in the lane in which it starts. If a horse is ridden, drifts or swerves out of its lane in such a manner that it interferes with, impedes or intimidates another horse, it is a foul and may result in the disqualification of the offending horse.

(4) Disqualification.

(a) When the stewards determine that a horse shall be disqualified for interference, they may place the offending horse behind such horse as in their judgment it interfered with, or they may place it last.

(b) If a horse is disqualified for a foul, any horse or horses with which it is coupled as an entry may also be disqualified.

(c) When a horse is disqualified for interference in a time trial race, it shall receive the time of the horse it is placed behind plus one-hundredth of a second penalty or more exact measurement if photo finish equipment permits, and shall be eligible to qualify for the finals or consolations of the race on the basis of the assigned time.

(d) The stewards may determine that a horse shall be unplaced for the purpose of purse distribution and trial qualification.

(e) In determining the extent of disqualification, the stewards in their discretion may: declare null and void a track record set or equaled by a disqualified horse, or any horses coupled with it as an entry; affirm the placing judges' order of finish and suspend or fine a jockey if, in the stewards' opinion, the foul riding did not affect the order of finish; disqualify the offending horse and not penalize a jockey if in the stewards' opinion the interference to another horse in a race was not the result of an intentional foul or careless riding on the part of a jockey.

(5) Horses shall be ridden out: All horses shall be ridden out in every race. A jockey shall not ease up or coast to the finish, without adequate cause, even if the horse has no apparent chance to win prize money.

(6) No electrical, mechanical or other expedient object or device utilized to increase or retard the speed of a horse, other than the riding crop approved by the stewards, shall be possessed by anyone or applied by anyone to the horse at any time on the grounds of the association during the meet, whether in a race or otherwise.

(7) Use of riding crops.

(a) Although the use of a riding crop is not required, any jockey who uses a riding crop during a race shall do so only in a manner consistent with exerting his or her best efforts to win.

(b) In all races where a jockey will ride without a riding crop, an announcement of such fact shall be made over the public address system.

(c) Riding crops shall not be used on two-year-old horses before March 1 of each year.

(d) The position of the riding crop should always be at or below helmet level of the jockey.

(e) The riding crop shall only be used for safety, correction and encouragement.

(8) Indiscriminate use of the whip is prohibited including whipping a horse: on the head, flanks or on any other part of its body other than the shoulders or hind quarters except when necessary to control a horse; during the post parade or after the finish of the race except when necessary to control the horse; excessively or brutally causing welts or breaks in the skin; when the horse is clearly out of the race or has obtained its maximum placing; persistently even though the horse is showing no response under the riding crop; or striking another rider or horse.

(a) After the race, the horses will be subject to inspection by a racing or official veterinarian looking for cuts, welts or bruises in the skin. Any adverse findings shall be reported to the stewards.

(9) Excessive use of the crop includes:

(a) Riders cannot use the riding crop more than three times in succession during a race, excluding showing or waiving the crop.

(b) Riders cannot use the crop more than three times in succession without giving the horse a chance to respond before using the crop again.

(c) The horse has cuts, welts or breaks in the skin.

(d) The giving of instructions by any licensee that if obeyed would lead to a violation of this rule may result in disciplinary action also being taken against the licensee who gave such instructions.

(10) Returning after the finish.

(a) After a race has been run, the jockey shall ride promptly to the finish line, dismount and report to the clerk of scales to be weighed in. Jockeys shall weigh in with all pieces of equipment with which they weighed out.

(b) If a jockey is prevented from riding to the finish line because of an accident or illness to the jockey or the horse, the jockey may walk or be transported to the scales, or may be excused from weighing in by the stewards.

(11) Unsaddling. No person shall assist a jockey with unsaddling except with permission of the stewards and no one shall place a covering over a horse before it is unsaddled.

(12) Weighing in.

(a) A jockey shall weigh in at no less than the same weight at which he or she weighed out, and if under that weight by more than two pounds and after consideration of mitigating circumstances by the board of stewards, his or her mount may be disqualified from any portion of the purse money.

(b) In the event of such disqualification, all monies wagered on the horse shall be refunded unless the race has been declared official.

(c) If any jockey weighs in at more than three pounds over the proper or declared weight, the jockey may be fined, suspended or ruled off by the stewards, having due regard for any excess weight caused by rain or mud. The case shall be reported to the commission for such action, as it may deem proper.

(d) Upon approval of the stewards, the jockeys may be allowed up to three pounds more than published and announced weights to account for inclement weather clothing and equipment when weighing in.

(e) The post-race weight of jockeys includes any sweat, dirt and mud that have accumulated on the jockey, jockey's clothing and jockey's safety equipment. This accounts for additional weight, depending on specific equipment, as well as weather, track and racing conditions.

(13) Dead heats.

(a) When a race results in a dead heat, the dead heat shall not be run off, owners shall divide except where division would conflict with the conditions of the races.

(b) When two horses run a dead heat for first place, all purses or prizes to which first and second horses would have been entitled shall be divided equally between them; and this applies in dividing all purses or prizes whatever the number of horses running a dead heat and whatever places for which the dead heat is run.

(c) In a dead heat for first place, each horse involved shall be deemed a winner and liable to penalty for the amount it shall receive.

(d) When a dead heat is run for second place and an objection is made to the winner of the race, and sustained, the horses, which ran a dead heat, shall be deemed to have run a dead heat for first place.

15.2.6.9 MEDICATIONS AND PROHIBITED SUBSTANCES:

The classification guidelines contained within the "Uniform Classification Guidelines for Foreign Substances and Recommended Penalties and Model Rule", December 2024 version 18.1 and "Association of Racing Commissioners International Controlled Therapeutic Medication Schedule for Horses", version 4.2.1, - December, 2020 update are incorporated by reference. Any threshold herein incorporated by reference by inclusion in one of the documents above shall not supersede any threshold or restriction adopted by the commission as specified by this section.

A. Penalties:

(1) In issuing penalties against individuals found guilty of medication and drug violations, a regulatory distinction shall be made between the detection of therapeutic medications used routinely to treat racehorses and those drugs that have no reason to be found at any concentration in the test sample on race day.

(2) The stewards or the commission will use the association of racing commissioner's international recommended penalty as a starting place in the penalty stage of the deliberations for a rule violation for any drug listed in the association of racing commissioners international uniform classification guidelines for foreign substances.

(3) If a licensed veterinarian is administering or prescribing a drug not listed in the association of racing commissioners international uniform classification guidelines for foreign substances, the identity of the drug shall be forwarded to the New Mexico racing commission designee to be forwarded to the racing medication and testing consortium for classification.

(4) Any drug or metabolite thereof found to be present in a pre- or post-race sample which is not classified in the association of racing commissioners international uniform classification guidelines for foreign substances shall be assumed to be an association of racing commissioners international class 1 drug and the trainer and owner shall be subject to those penalties as set forth in penalty category A unless satisfactorily demonstrated otherwise by the racing medication and testing consortium, with a penalty category assigned.

(5) The penalty categories and their related schedules, if applicable, shall be based on the following criteria:

(a) whether the drug is approved by the United States food and drug administration for use in the horse;

(b) whether the drug is approved by the United States food and drug administration for use in any species;

(c) whether the drug as approved has any legitimate therapeutic application in the equine athlete;

(d) whether the drug was identified as "necessary" by the racing medication and testing consortium veterinary advisory committee;

(e) whether legitimate, recognized therapeutic alternatives exist; and

(f) the association of racing commissioner's international classification of the drug.

(6) The recommended penalty for a violation involving a drug that carries a category "D" penalty is a written warning to the trainer and owner. Multiple violations may result in fines or suspensions.

(7) If a positive test arises in a trial race, the horse subject to the positive test is to be placed on the stewards' list. The purse for both the trial and the race for which the trial was conducted will be held until the case has been fully adjudicated.

(8) When the penalty assessed against a licensee for a medication or drug violation in a trial race results in a disqualification and loss of purse, the licensee is subject to the same penalties for any race for which the trial race was conducted.

(9) Any licensee of the commission, including veterinarians, found responsible for the improper or intentional administration of any drug resulting in a positive test may, after proper notice and hearing, be subject to the same penalties set forth for the licensed trainer.

(10) The licensed owner, veterinarian or any other licensed party involved in a positive laboratory finding shall be notified in writing of the hearing and any resulting action. In addition their presence may be required at any and all hearings relative to the case.

(11) Any veterinarian found to be involved in the administration of any drug carrying the penalty category of "A" shall be referred to the state licensing board of veterinary medicine for consideration of further disciplinary action or license revocation. This is in addition to any penalties issued by the stewards or the commission.

(12) Any person who the stewards or the commission believe may have committed acts in violation of criminal statutes may be referred to the appropriate law enforcement agency. Administrative action taken by the stewards or the commission does not prohibit a prosecution for a criminal act, nor does a potential criminal prosecution stall administrative action by the stewards or the commission.

(13) Procedures shall be established to ensure that a licensed trainer is not able to benefit financially during the period for which the individual has been suspended. This includes, but is not limited to, ensuring that horses are not transferred to or entered on behalf of a licensed person within the first degree of affinity (marriage relationship) or first degree of consanguinity (blood relationship):

(a) first degree of affinity shall mean the licensee's spouse or spouse's mother, father, brother, sister, son or daughter;

(b) first degree of consanguinity shall mean the licensee's mother, father, brother, sister, son or daughter.

(c) No entry in any race shall be accepted for a horse owned wholly or in part by, or trained by, a person whose husband or wife is under license suspension by any racing jurisdiction or regulatory racing organization at time of such entry; except that, if the license of a jockey has been suspended for a routine riding offense, the stewards may waive this rule.

(d) The spouse or domestic partner of any licensee that has had their license suspended, revoked or summarily suspended by the commission, or any other recognized regulatory organization may be suspended as well to assure that the suspended licensee does not benefit from horse racing in any way during their suspension. If the license of a jockey has been suspended for a routine riding offense and given a suspension of less than 15 days, the spouse or domestic partner may continue to participate in racing at the discretion of the stewards. The assistant trainer of a trainer that has had their license suspended, revoked or summarily suspended by the commission, or any other recognized regulatory organization may be suspended as well to assure that the suspended licensee does not benefit from horse racing in any way during their suspension.

(14) Aggravating and Mitigating Factors:

(a) In reaching a decision on a penalty for a violation for the New Mexico horse racing act or New Mexico racing commission rules and regulations, the commission, the board of stewards, the hearing officer or the administrative law judge shall consider the penalties set forth in paragraph (2) of this subsection and any aggravating and mitigating circumstances. Deviation from these penalties is appropriate where the facts of the particular case warrant such a deviation, for example: there may be mitigating circumstances for which a lesser or no penalty is appropriate, and aggravating factors for which a greater penalty is appropriate.

(b) Mitigating circumstances and aggravating factors, which must be considered, include but are not limited to:

(i) The past record of the licensee regarding violations of the New Mexico horse racing act or New Mexico racing commission rules;

(ii) the potential of the drug(s) to influence a horse's racing performance and the amount of the drug present;

(iii) the legal availability of the drug and whether the drug was prescribed to the horse by a New Mexico racing commission licensed veterinarian;

(iv) whether there is reason to believe the responsible party knew of the administration of the drug or intentionally administered the drug;

(v) the steps taken by the trainer to safeguard the horse;

(vi) the steps taken by an owner to safeguard against subsequent medication violations including, but not limited to, the transfer of the horse(s) to an unaffiliated trainer. An "unaffiliated trainer" means a trainer or an assistant trainer who is not related by blood, marriage or domestic partnership, or who is not or was never employed to the trainer from whose case such horse(s) were transferred;

(vii) the probability of environmental contamination or inadvertent exposure due to human drug use or other facts;

(viii) the purse of the race;

(ix) whether the drug found to be present in the official test sample was one for which the horse was receiving treatment as determined and documented by an New Mexico racing commission licensed veterinarian;

(x) whether there was any suspicious wagering pattern on the race; or

(xi) whether the licensed trainer was acting under the advice of an New Mexico racing commission veterinarian.

(c) The stewards shall consider the classification of a drug substance and the "uniform classification guidelines for foreign substances" if a determination is made that an official test sample from a horse contained;

(i) Any drug substance, medication, metabolites or analogues thereof foreign to the horse, whose use is not expressly authorized in this section, or

(ii) any drug substance, medication or chemical authorized by this section in excess of the authorized level or other restrictions as set forth in this section.

(5) The detection of two or more NSAIDS in blood and/or urine constitutes a NSAID Stacking Violation (Penalty Class B).

O. Multiple Medication Violations (MMV):

(1) A trainer who receives a penalty for a medication violation based upon a horse testing positive for a class 1-5 medication with penalty class A-C, as provided in the version of the ARCI "uniform classification guidelines for foreign substances" listed in 15.2.6.9 NMAC, or similar state regulatory guidelines, shall be assigned points as follows:

Penalty Class	Points If Controlled Therapeutic Substance	Points if Non-Controlled Substance
Class A	6	6
Class B	2	4
Class C	1/2 point for first violation with an additional 1/2 point for each additional violation within 365 days	1 for first violation with an additional 1/2 point for each additional violation with 365 days
Class D	0	0

Points for NSAID violations only apply when the primary threshold of the NSAID is exceeded. Points are not to be separately assigned for a stacking violation. If the

stewards or the commission determine that the violation is due to environmental contamination, they may assign lesser or no points against the trainer based upon the specific facts of the case.

(2) The points assigned to a medication violation by the stewards or commission shall be included in the ARCI official database. The ARCI shall record points consistent with Paragraph (1) of this Subsection including when appropriate, a designation that points have been suspended for the medication violation. Points assigned by such commission ruling shall reflect, in the case of multiple positive tests as described in Paragraph (4), whether they constitute a single violation. The stewards or commission ruling shall be posted on the official website of the commission and within the official database of the ARCI. If an appeal is pending, that fact shall be noted in such ruling. No points shall be applied until a final adjudication of the enforcement of any such violation.

(3) A trainer's cumulative points for violations in all racing jurisdictions shall be maintained by the ARCI. Once all appeals are waived or exhausted, the points shall immediately become part of the trainer's official ARCI record and shall be considered by the commission in its determination to subject the trainer to the mandatory enhanced penalties by the stewards or commission as provided in this rule.

(4) Multiple positive tests for the same medication incurred by a trainer prior to delivery of official notice by the commission may be treated as a single violation. In the case of a positive test indicating multiple substances found in a single post-race sample, the stewards may treat each substance found as an individual violation for which points will be assigned, depending upon the facts and circumstances of the case.

(5) The official ARCI record shall be used to advise the stewards or commission of a trainer's past record of violations and cumulative points. Nothing in this administrative regulation shall be construed to confer upon a licensed trainer the right to appeal a violation for which all remedies have been exhausted or for which the appeal time has expired as provided by applicable law.

(6) The stewards or commission shall consider all points for violations in all racing jurisdictions as contained in the trainer's official ARCI record when determining whether the mandatory enhancements provided in this regulation shall be imposed.

(7) In addition to the penalty for the underlying offense, the following enhancements shall be imposed upon a licensed trainer based upon the cumulative points contained in their official ARCI record:

POINTS	SUSPENSION IN DAYS
5 - 5.5	15 to 30
6 - 8.5	30 to 60
9 - 10.5	90 to 180
11 or more	180 to 360

MMV penalties are not a substitute for the current penalty system and are intended to be an additional uniform penalty when the licensee:

- (a) Has more than one medication violation for the relevant time period, and
- (b) exceeds the permissible number of points.

The stewards and commission shall consider aggravating and mitigating circumstances, including the trainer's prior record for medication violations, when determining the appropriate penalty for the underlying offense. The multiple medication penalty is intended to be a separate and additional penalty for a pattern of violations.

(8) The suspension periods as provided in this subsection shall run consecutive to any suspension imposed for the underlying offense.

(9) The stewards or commission ruling shall distinguish between the penalty for the underlying offense and any enhancement based upon a stewards or commission review of the trainer's cumulative points and regulatory record, which may be considered an aggravating factor in a case.

(10) Points shall expire as follows:

Penalty Classification	Time to Expire
A	3 years
B	2 years
C	1 year

In the case of a medication violation that results in a suspension, any points assessed expire on the anniversary date of the date the suspension is completed.

15.2.6.10 TESTING:

A. Reporting to the test barn:

(1) The official winning horse, as well as any other horses ordered by the commission or the stewards shall be taken to the test barn to have an official sample taken at the direction of the official veterinarian.

(2) The association shall assign an employee to escort horses ordered by the commission or the stewards to go to the test barn.

(3) Random or extra testing may be required by the stewards or the commission at any time on any horse.

(4) Unless otherwise directed by the stewards or the official veterinarian, a horse that is selected for testing must be taken directly to the test barn.

(5) A security guard, employed by the association, shall monitor access to the test barn area during and immediately following each racing performance. All persons who wish to enter the test barn area must be a minimum of 18-years-old, be currently licensed by the commission, display their commission identification badge and have a legitimate reason for being in the test barn area.

B. Sample collection:

(1) The official veterinarian shall determine a minimum sample volume requirement for the primary testing laboratory. A primary testing laboratory must be accredited by ISO 17025 and approved by the commission.

(2) If the specimen obtained from a horse is less than the minimum sample requirement, the entire specimen shall be sent to the primary testing laboratory.

(3) If a specimen obtained is greater than the minimum sample requirement but less than twice that amount, the portion of the sample that is greater than the minimum sample requirement shall be secured as the split sample.

(4) If a specimen obtained is greater than twice the minimum sample requirement, a portion of the sample approximately equal to the amount provided for the primary testing laboratory shall be secured as the split sample.

(5) No split samples will be collected for determination of TCO₂ levels.

(6) No split samples will be collected for determination of TCO₂ levels.

C. Alkalinizing substances:

(1) Blood samples for TCO₂ and base excess testing should be collected 45 minutes (+ or - 15 min) pre-race and approximately three hours after furosemide administration. The samples must be handled in a consistent manner and cannot be

frozen. If samples are obtained pre-furosemide a lower regulatory threshold is necessary and the horse must be kept in a secure barn until race time.

(2) The provisions of this rule pertaining to sample collection shall not apply to blood samples drawn for TCO₂ analysis.

(3) Blood samples must be processed and tested within 120 hours using standardized, reproducible, validated procedures.

D. Storage and shipment of split samples:

(1) Split samples obtained in accordance with Paragraphs (3) and (4) Subsection B, of 15.2.6.10 NMAC above shall be secured and made available for further testing. A split sample shall be secured in the test barn under the same manner as the portion of the specimen acquired for shipment to a primary laboratory until such time as specimens are packed and secured for shipment to the primary laboratory. Split samples shall then be transferred to a freezer or other secured mechanism at a secure location as provided by state statute or approved by the commission.

(2) A trainer, owner or designee of a horse having been notified that a written report from a primary laboratory states that a prohibited substance has been found in a specimen obtained pursuant to these rules may request that a split sample corresponding to the portion of the specimen tested by the primary laboratory be sent to another testing laboratory that is accredited by ISO 17025 and approved by the commission. The ISO 17025 requirement may only be waived by the commission for the purpose of a split sample test involving a hair sample. The request must be made and confirmed with the commission not later than 48 hours excluding weekends and holidays after the trainer of the horse receives notice of the findings of the primary laboratory. The trainer's first choice, second choice and third choice of laboratories, for the split sample to be sent to, shall be listed within that 48 hours and kept on file with the horsemen's association. Any request not received within the specified deadline shall be considered a positive test. Any split sample so requested must be shipped within seven working days after the trainer's 48 hour deadline or the New Mexico horsemen's association may be subject to disciplinary action.

(3) The owner, trainer or designee requesting testing of a split sample shall be responsible for the cost of shipping and testing. Failure of the owner, trainer or designee to appear at the time and place designated by the commission or the commission's designee shall constitute a waiver of all rights to split sample testing. Prior to shipment, the owner, trainer or designee shall confirm the split sample laboratory's willingness to provide the testing requested, the laboratory's willingness to send results to both the person requesting the testing and the commission, and arrangements for payment satisfactory to the split sample laboratory.

(4) Prior to opening the split sample freezer or any other secure split sample storage mechanism, the commission shall ensure that the standard operating procedure

for the handling and shipping of the split sample are followed and documented. Standard operating procedure for the handling and shipping of a split sample shall include documentation of the following at a minimum:

- (a) the date and time the sample is removed from the split sample freezer or other secured mechanism;
- (b) the sample number;
- (c) the address where the split sample is to be sent;
- (d) the name of the carrier and the address where the sample is to be taken for shipment;
- (e) verification the owner, trainer or designee received the split sample from the freezer or other secured mechanism;
- (f) verification of the condition of the split sample package immediately prior to transfer of custody to the carrier; and,
- (g) the date and time custody of the sample is transferred to the carrier.

(5) A split sample shall be removed from the split sample freezer or other secured mechanism by a commission representative in the presence of the owner, trainer or designee.

(6) The owner, trainer or designee shall pack the split sample for shipment in the presence of the representative of the commission, in accordance with the packaging procedures recommended by the commission. A form shall be signed by both the horsemen's representative and the commission representative to confirm the packaging of the split sample. The exterior of the package shall be secured and identified with initialed tape, evidence tape or other means to prevent tampering with the package.

(7) The package containing the split sample shall be transported in a manner prescribed by the commission to the location where custody is transferred to the delivery carrier charged with delivery of the package to the commission-approved laboratory selected by the owner or trainer.

(8) The owner, trainer or designee and the commission representative shall inspect the package containing the split sample immediately prior to transfer to the delivery carrier to verify that the package is intact and has not been tampered with.

(9) All documents verifying the handling and shipping of the split sample chain of custody shall be completed and signed by the representatives of the commission and the owner, trainer or designee. A commission representative shall keep all original documents and provide copies for the owner, trainer or designee.

E. Official state racing chemist: The state racing commission may hire or contract with a qualified chemist to act as the official state racing chemist. The duties of the official state racing chemist may include, but shall not be limited to the following:

- (1) review and evaluate scientific data submitted by the official testing laboratory concerning any race horse's positive drug test;
- (2) submit a written report to the agency director of the racing commission concerning a positive test, certifying the positive test as such, or that the test does not constitute a positive test based on the scientific data submitted by the official testing laboratory; if the test does not constitute a positive test it may be referred back to the laboratory for further testing;
- (3) in the event that a split sample is sent for independent testing and the result of that test does not confirm with the results of the primary testing laboratory, the official state racing chemist shall review all scientific data submitted by the laboratory which tested the split and make recommendations to the agency director;
- (4) appear before the racing commission as an expert witness, as needed in matters concerning chemical testing for drugs and medications;
- (5) consult with the racing commission in matters concerning chemical testing for drugs and medication as the need arises;
- (6) at the request of the commission, inspect the official testing laboratory and the racetrack collection facilities to insure their compliance with, and use of, proper scientific techniques and procedures.

15.2.6.12 PHYSICAL INSPECTION OF HORSES:

A. Assessment of racing condition:

(1) Every horse entered to participate in an official race may be subjected to a veterinary inspection prior to starting in a race for which it is entered.

(2) The identification and inspection of every horse entered to participate in an official race shall be conducted by the official veterinarian or the racing veterinarian.

(3) The agency or the association employing the examining veterinarian(s) should provide a staffing level of not less than two veterinarians.

(4) The trainer of each horse or a representative of the trainer must present the horse for inspection as required by the examining veterinarian. Horses presented for examination must have bandages removed and the legs must be clean. Prior to examination horses may not be placed in ice nor shall any device or substance be applied that impedes veterinary clinical assessment.

(5) The assessment of a horse's racing condition shall be based on the recommendations of the American association of equine practitioners and shall include: proper identification of each horse inspected; observation of each horse in motion; manual palpation and passive flexion of both forelimbs; clinical observation in the paddock and saddling area, during the parade to post and at the starting gate; any other inspection deemed necessary by the official veterinarian and the racing veterinarian or the stewards.

(10) Horses scratched upon the recommendation of the official veterinarian or the racing veterinarian, are to be placed on the veterinarian's list.

(11) All pre-race examination reports on each horse selected for a pre-race examination will be submitted to the commission on a monthly basis. In addition, these reports will be made available to the commission upon request within a 48-hour period.

(2) Horses listed pursuant to this rule and on HISA's veterinarians' list are ineligible to enter to race in any jurisdiction until released by the official veterinarian or racing veterinarian except when there is an administrative issue in releasing the horse from a veterinarian's list of another racing jurisdiction.

(3) A horse placed on the veterinarian's list due to illness, injury or infirmity unrelated to the racing soundness of the horse may be released from the list when a minimum of seven calendar days has passed from the time the horse was placed on the list.

(4) A horse placed on the veterinarian's list for unsoundness or lameness shall be released from the list only after the following has been met:

(a) A minimum of seven calendar days has elapsed;

(3) If a postmortem examination is to be conducted, the commission shall take possession of the horse upon death for a postmortem examination. All shoes and equipment on the horse's legs shall be left on the horse.

(4) If a postmortem examination is to be conducted, the commission designee or official veterinarian shall collect blood, urine, bodily fluids, or other biologic specimens immediately, if possible before euthanization. The commission may submit blood, urine, bodily fluid, or other biologic specimens collected during a postmortem examination for testing analysis. The presence of a prohibited substance in a specimen collected during the postmortem examination may constitute a violation.

15.2.7.8 GENERAL PROVISIONS:

A. General: Each association shall conduct wagering in accordance with applicable laws and these rules. Such wagering shall employ a pari-mutuel system approved by the commission. The totalisator shall be tested prior to and during the meeting as required by the commission. Each association shall make reasonable provisions for providing a backup system in case of a mechanical failure. The association is required to report to the commission on the backup system so provided.

B. Records:

(1) The association shall maintain records of all wagering so the commission may review such records for any contest including the opening line, subsequent odds fluctuation, the amount and at which window wagers were placed on any betting interest and such other information as may be required. Such wagering records shall be retained by each association and safeguarded for a period of time specified by the commission. The commission may require that certain of these records be made available to the wagering public at the completion of each contest.

(2) The association shall provide the commission with a list of the licensed individuals afforded access to pari-mutuel records and equipment at the wagering facility.

C. Pari-Mutuel Tickets:

(1) A pari-mutuel ticket is evidence of a contribution to the pari-mutuel pool operated by the association and is evidence of the obligation of the association to pay to the holder thereof such portion of the distributable amount of the pari-mutuel pool as is represented by such valid pari-mutuel ticket. The association shall cash all valid winning tickets when such are presented for payment during the course of the meeting where sold, and for a 60 day period after the last day of the meeting.

(2) To be deemed a valid pari-mutuel ticket, such ticket shall have been recorded by a pari-mutuel ticket machine operated by the association and recorded as a ticket entitled to a share of the pari-mutuel pool, and contain imprinted information as to:

- (a) the name of the association operating the meeting;

(3) No pari-mutuel ticket recorded or reported as previously paid, cancelled, or non-existent shall be deemed a valid pari-mutuel ticket by the association. The association may withhold payment and refuse to cash any pari-mutuel ticket deemed not valid, except as provided in Subsection D of 15.2.7 NMAC of these general provisions.

D. Pari-Mutuel Ticket Sales:

(1) Pari-mutuel tickets shall not be sold by anyone other than an association licensed to conduct pari-mutuel wagering.

(2) No pari-mutuel ticket may be sold on a contest for which wagering has already been closed and no association shall be responsible for ticket sales entered into but not completed by issuance of a ticket before the totalisator is closed for wagering on such contest.

(3) Claims pertaining to a mistake on an issued ticket, or a mistake involving failure to issue a ticket, must be made by the bettor prior to leaving the seller's window. Cancellation or exchange of tickets issued shall not be permitted after a patron has left a seller's window except in accordance with written policies established by the association and approved by the commission.

15.2.7.11 INTERSTATE/INTRASTATE COMMON POOL WAGERING:

A. General: All contracts governing participation in interstate/intrastate common pools shall be submitted to the commission for approval.

(1) Individual wagering transactions are made at the point of sale in the state where placed. Pari-mutuel pools are combined for computing odds and calculating payouts and breakage, but will be held separate for auditing and all other purposes.

(2) Any surcharges or withholdings in addition to the takeout shall only be applied in the jurisdiction otherwise imposing such surcharges or withholdings.

(3) In determining whether to approve an interstate/intrastate common pool which does not include the host track, the commission shall consider and may approve use of a bet type which is not utilized at the host track, application of a takeout rate not in effect at the host track, or other factors which are presented to the commission.

(4) The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate/intrastate common pool need not be identical to the similar information permitted or required to be displayed under these rules.

B. Guest State Participation in Interstate/Intrastate Common Pools:

(1) With the prior approval of the commission, pari-mutuel wagering pools may be combined with corresponding wagering pools in the host state, or with corresponding pools established by one or more other jurisdictions.

(2) The commission may permit adjustment of the takeout from the pari-mutuel pool so that the takeout rate in this jurisdiction is identical to that at the host track, or identical to that of other jurisdictions participating in a merged pool.

(4) Rules of racing as established for the contest in the host state shall apply to the merged pool.

(5) The commission shall approve agreements made between the association and other participants in interstate/intrastate common pools governing the distribution of breakage between the jurisdictions.

C. Host State Participation in Merged Pools:

(1) With the prior approval of the commission, an association licensed to conduct pari-mutuel wagering may determine that one or more of its contest be utilized for pari-mutuel wagering at guest facilities in other states, and may also determine that pari-mutuel pools in guest states be combined with corresponding wagering pools established by it as the host track or comparable wagering pools established by two or more states.

(2) Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.

(3) Rules of racing established for races held in this state shall also apply to interstate/intrastate common pools unless the commission shall have specifically otherwise determined.

D. Takeout Rates in Interstate/Intrastate Common Pools:

(1) With the prior approval of the commission, an association wishing to participate in an interstate/intrastate common pool may change its takeout rate (within the limits permitted by state law) so as to achieve a common takeout rate with all other participants in the interstate/intrastate common pool.

(2) An association wishing to participate in an interstate/intrastate common pool may request that the commission approve a methodology whereby host and guest states with different takeout rates for corresponding pari-mutuel pools may effectively and equitably combine wagers from the different states into an interstate/intrastate common pool.

15.2.7.12 CALCULATION OF PAYOUTS AND DISTRIBUTION OF POOLS:

A. General:

(1) All permitted pari-mutuel wagering pools shall be separately and independently calculated and distributed. Takeouts shall be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as payout on winning wagers.

(2) For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar.

(3) Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools.

Standard Price Calculation Procedure

<p>Single Price Pool (Win Pool)</p>	<p>Gross pool = Sum of wagers on all betting interest - Refunds.</p> <p>Takeout = Gross pool x percent takeout.</p> <p>Net pool = Gross pool - takeout.</p> <p>Profit = Net pool - Gross amount bet on winner.</p> <p>Profit per dollar = Profit/gross amount bet on winner.</p> <p>\$1 unbroken price = profit per dollar + \$1.</p> <p>\$1 broken price = \$1 unbroken price rounded down to the break point.</p> <p>Total payout = \$1 broken price x gross amount bet on winner.</p> <p>Total breakage = net pool - total payout</p>	
<p>Profit Split (Place Pool)</p>	<p>Profit is net pool less gross amount bet on all place finishers</p>	<p>Finishers split profit $\frac{1}{2}$ and $\frac{1}{2}$ (place profit), then divide by gross amount bet on each place finisher for two unique prices.</p>
<p>Profit Split (Show Pool)</p>	<p>Profit is net pool less gross amount bet on all show finishers</p>	<p>Finishers split profit $\frac{1}{3}$ and $\frac{1}{3}$ and $\frac{1}{3}$ (show profit), then divide by gross amount bet on</p>

		each show finisher for three unique prices.
--	--	---

Net Price Calculation Procedure

Single Price Pool (Win Pool)	<p>Gross pool = Sum of wagers on all betting interests - refunds.</p> <p>Takeout = gross pool x percent takeout for each source.</p> <p>Net pool = gross pool - takeout.</p> <p>Net bet on winner = gross amount bet on winner x (1 percent takeout).</p> <p>Total net pool = sum of all sources net pools total net bet on winner = sum of all sources net bet on winner.</p> <p>Total profit = total net pool - total net bet on winner.</p> <p>Profit per dollar = total profit/total net bet on winner.</p> <p>\$1 unbroken base price = profit per dollar + \$1* for each source.</p> <p>\$1 unbroken price = \$1 unbroken base price x (1 percent takeout).</p> <p>\$1 broken price = \$1 unbroken price rounded down to the break point.</p> <p>Total payout = \$1 broken price x gross amount bet on winner.</p> <p>Total breakage = net pool - total payout.</p>	
---	---	--

Profit Split (Place Pool)	Total profit is the total net pool less the total net amount bet on all place finishers.	Finishers split total profit $\frac{1}{2}$ and $\frac{1}{2}$ (place profit), then divide by total net amount bet on each place finisher for two unique unbroken base prices.
Profit Split (Show Pool)	Total profit is the total net pool less the total net amount bet on all show finishers.	Finishers split total profit $\frac{1}{3}$ and $\frac{1}{3}$ and $\frac{1}{3}$ (show profit), then divide by total net amount bet on each show finisher for three unique unbroken base prices.

(4) If a profit split results in only one covered winning betting interest or combinations it shall be calculated the same as a single price pool.

(5) Minimum payouts and the method used for calculating breakage shall be established by the commission.

(6) The individual pools outlined in these rules may be given alternative names by each association, provided prior approval is obtained from the commission.

B. Win Pools:

(1) The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to win on that betting interest.

(2) The net win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

(a) to those whose selection finished first; but if there are no such wagers, then

(b) to those whose selection finished second; but if there are no such wagers, then

(c) to those whose selection finished third; but if there are no such wagers, then

(d) the entire pool shall be refunded on Win wagers for that contest.

(3) If there is a dead heat for first involving:

(a) contestants representing the same betting interest, the win pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the win pool shall be distributed as a profit split.

C. Place Pools:

(1) The amounts wagered to place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to place on that betting interest, the resulting quotient is the profit per dollar wagered to place on that betting interest.

(2) The net place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) if contestants of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

(b) as a profit split to those whose selection is included within the first two finishers; but if there are no such wagers on one of those two finishers, then

(c) as a single price pool to those who selected the one covered betting interest included within the first two finishers; but if there are no such wagers, then

(d) as a single price pool to those who selected the third-place finisher; but if there are no such wagers, then

(e) the entire pool shall be refunded on place wagers for that contest.

(3) If there is a dead heat for first involving:

(a) contestants representing the same betting interest, the place pool shall be distributed as a single price pool;

(b) contestants representing two or more betting interests, the place pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving:

(a) contestants representing the same betting interest, the place pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the place pool is divided with one-half of the profit distributed to place wagers on the betting interest finishing first and the remainder is distributed equally amongst place wagers on those betting interests involved in the dead heat for second.

D. Show Pools:

(1) The amounts wagered to show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to show on that betting interest, the resulting quotient being the profit per dollar wagered to show on that betting interest.

(2) The net show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) if contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise;

(b) if contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds distributed to those who selected the coupled entry or mutuel field and one-third distributed to those who selected the other betting interest included within the first three finishers; otherwise

(c) as a profit split to those whose selection is included within the first three finishers; but if there are no such wagers on one of those three finishers, then;

(d) as a profit split to those who selected one of the two covered betting interests included within the first three finishers; but if there are no such wagers on two of those three finishers, then;

(e) as a single price pool to those who selected the one covered betting interest included within the first three finishers; but if there are no such wagers, then;

(f) as a single price pool to those who selected the fourth-place finisher; but if there are no such wagers, then;

(g) the entire pool shall be refunded on show wagers for that contest.

(3) If there is a dead heat for first involving:

(a) two contestants representing the same betting interest, the profit is divided with two-thirds distributed to those who selected the first-place finishers and one-third distributed to those who selected the betting interest finishing third;

(b) three contestants representing a single betting interest, the show pool shall be distributed as a single price pool;

(c) contestants representing two or more betting interests, the show pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving:

(a) contestant representing the same betting interest, the profit is divided with one-third distributed to those who selected the betting interest finishing first and two-third distributed to those who selected the second-place finishers;

(b) contestants representing two betting interests, the show pool shall be distributed as a profit split;

(c) contestants representing three betting interests, the show pool is divided with one-third of the profit distributed to show wagers on the betting interest finishing first and the remainder is distributed equally amongst show wagers on those betting interests involved in the dead heat for second.

(5) If there is a dead heat for third involving:

(a) contestants representing the same betting interest, the show pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the show pool is divided with two-thirds ($\frac{2}{3}$) of the profit distributed to show wagers on the betting interests finishing first and second and the remainder is distributed equally amongst show wagers on those betting interests involved in the dead heat for third.

E. Double Pools:

(1) The double requires selection of the first-place finisher in each of two specified contests.

(2) The net double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) as a single price pool to those whose selection finished first in each of the two contests; but if there are no such wagers, then

(b) as a profit split to those who selected the first-place finisher in either of the two contests; but if there are no such wagers, then

(c) as a single price pool to those who selected the one covered first-place finisher in either contest; but if there are no such wagers, then

(d) as a single price pool to those whose selection finished second in each of the two contests; but if there are no such wagers, then

(e) the entire pool shall be refunded on double wagers for those contests.

(3) If there is a dead heat for first in either of the two contests involving:

(a) contestants representing the same betting interest, the double pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the double pool shall be distributed as a profit split if there is more than one covered winning combination.

(4) Should a betting interest in the first-half of the double be scratched prior to the first double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the double pool and refunded.

(5) Should a betting interest in the second-half of the double be scratched prior to the close of wagering on the first double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the double pool and refunded.

(6) Should a betting interest in the second-half of the double be scratched after the close of wagering on the first double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest shall be allocated a consolation payout. In calculating the consolation payout the net double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payout. Breakage is not utilized in this calculation. The consolation payout is deducted from the net double pool before calculation and distribution of the winning double payout. Dead heats including separate betting interests in the first contest shall result in a consolation payout calculated as a profit split.

(7) If either of the double contests is cancelled prior to the first double contest, or the first double contest is declared "no contest", the entire double pool shall be refunded on double wagers for those contests.

(8) If the second double contest is cancelled or declared "no contest" after the conclusion of the first double contest, the net double pool shall be distributed as a single price pool to wagers selecting the winner of the first double contest. In the event of a dead heat involving separate betting interests, the net double pool shall be distributed as a profit split.

F. Pick Three Pools:

(1) The pick three requires selections of the first-place finisher in each of three specified contests.

(2) The net pick three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) as a single price pool to those whose selection finished first in each of the three contests; but if there are no such wagers, then

(b) as a single price pool to those who selected the first-place finisher in any two of the three contests; but if there are no such wagers, then

(c) as a single price pool to those who selected the first-place finisher in any one of the three contest; but if there are no such wagers, then

(d) the entire pool shall be refunded on pick three wagers for those contests.

(3) If there is a dead heat for first in any of the three contests involving:

(a) contestants representing the same betting interest, the pick three pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the pick three pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(4) Should a betting interest in any of the pick three contest be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as the result of the substitution, in addition to the normal winning combinations.

(5) If all three pick three contests are cancelled or declared "no contest"; the entire pool shall be refunded on pick three wagers for those contests.

(6) If one or two of the pick three contests are cancelled or declared "no contest", the pick three pool will remain valid and shall be distributed in accordance with Subsection F Paragraph (2) of 15.2.7 NMAC.

G. Pick (n) Pools:

(1) The pick (n) requires selection of the first-place finisher in each of a designated number of contests. The association must obtain written approval from the commission concerning the scheduling of pick (n) contests, the designation of one of the methods prescribed in Subsection G, Paragraph (2) of 15.2.7 NMAC, and the amount of any cap to be set on the carryover. Any changes to the approved pick (n) format require prior approval from the commission.

(2) The pick (n) pool shall be apportioned under one of the following methods:

(a) method 1, pick (n) with carryover: the net pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the pick (n) contests, based upon the official order or finish; if there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) contests; and the remainder shall be added to the carryover;

(b) method 2, pick (n) with minor pool and carryover: the major share of the net pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the pick (n) contests, based upon the official order of finish; the minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) contests, based upon the official order of finish; if there are no wagers selecting the first-place finisher of all pick (n) contests, the minor share of the net pick (n) pool shall be distributed as a single price pool to those who selected the first place finisher in the greatest number of pick (n) contests; and the major share shall be added to the carryover;

(c) method 3, pick (n) with no minor pool and no carryover: the net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) contests, based upon the official order of finish; if there are no winning wagers, the pool is refunded;

(d) method 4, pick (n) with minor pool and no carryover: the major share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of pick (n) contests, based upon the official order of finish; the minor share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the second greatest number of pick (n) contests, based upon the official order of finish; if there are no wagers selecting the first-place finisher in a second greatest number of pick (n) contests, the minor share of the net pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) contests; if the

greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool; if there are no winning wagers, the pool is refunded;

(e) method 5, pick (n) with minor pool and no carryover: the major share of net pick (n) pool shall be distributed to those who selected the first-place finisher in each of the pick (n) contests, based upon the official order of finish; the minor share of the net pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of pick (n) contests, based upon the official order of finish; if there are no wagers selecting the first-place finisher in all pick (n) contests, the entire net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) contests; if there are no wagers selecting the first-place finisher in a second greatest number of pick (n) contests, the minor share of the net pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the pick (n) contests; if there are no winning wagers, the pool is refunded.

(f) method 6, pick (n) with "unique winning ticket" provision: The net pick (n) pool and carryover, if any, shall be distributed to the holder of a unique winning ticket that selected the first-place finisher in each of the pick (n) contests, based upon the official order of finish. If there is no unique ticket selecting the first-place finisher in each of the pick (n) contests, or if there are no wagers selecting the first-place finisher of all pick (n) contests, the minor share of the net pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of pick (n) contests, and the major share shall be added to the carryover. Association may suspend previously approved unique winning ticket wagering with the prior approval of the commission. Any carryover shall be held until the suspended unique winning ticket wagering is reinstated.

(3) If there is a dead heat for first in any of the pick (n) contests involving:

(a) contestants representing the same betting interest, the pick (n) pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(4) Should a betting interest in any of the pick (n) contest be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combinations.

(5) The pick (n) pool shall be cancelled and all pick (n) wagers for the individual performance shall be refunded if:

(a) at least two contests included as part of a pick 3 are cancelled or declared "no contest";

(b) at least three contests included as part of a pick 4, pick 5 or pick 6 are cancelled or declared "no contest";

(c) at least four contests included as part of a pick 7, pick 8 or pick 9 are cancelled or declared "no contest";

(d) at least five contests included as part of a pick 10 are cancelled or declared "no contest".

(6) If at least one contest included as part of a pick (n) is cancelled or declared "no contest", but not more than the number specified in Subsection G Paragraph (5) of 15.2.7 NMAC, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the pick (n) carryover but not the carryover from previous performances.

(7) The pick (n) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the pick (n) carryover equals or exceeds the designated cap, the pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the pick (n) carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of pick (n) contests for that performance.

(8) A written request for permission to distribute the pick (n) carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(9) Should the pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) contests. The pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) upon written approval from the commission as provided in Subsection G Paragraph (8) of 15.2.7 NMAC of this section;

(b) upon written approval from the commission when there is a change in the carryover cap, a change from one type of pick (n) wagering to another, or when the pick (n) is discontinued;

(c) on the closing performance of the meet or split meet.

(10) If, for any reason, the pick (n) carryover must be held over to the corresponding pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The pick (n) carryover plus accrued interest shall then be added to the net pick (n) pool of the following meet on a date and performance so designated by the commission.

(11) With the written approval of the commission, the association may contribute to the pick (n) carryover a sum of money up to the amount of any designated cap.

(12) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

(13) The association may suspend previously approved pick (n) wagering with the prior approval of the commission. Any carryover shall be held until the suspended pick (n) wagering is reinstated. An association may request approval of a pick (n) wager or separate wagering pool for specific performances.

H. Solo 6:

(1) The *solo 6* requires selection of the first place finisher in each of six designated contests. The entire net *solo 6* pool and carryover, if any, shall be distributed to the holder of a unique wager selecting the first place finisher in each of the selected six contests. If there is no unique wager selecting the first place finisher in all six contests, the minor share of the *solo 6* shall be distributed as a single price pool to those who selected the first place finisher in the greatest number of contests. The major share shall be added to the carryover. The designated percentage of minor and major pools must be approved by the New Mexico racing commission and posted in the official racing program.

(2) Unique wager, as used in this subsection, shall be defined as having occurred when the total amount wagered on a winning combination selecting the first place finisher in each of the six contests **is equal to the minimum allowable wager.**

(3) If there is a dead heat for first in any of the *solo 6* contests involving:

(a) contestants representing the same betting interest, the *solo 6* pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the *solo 6* pool shall be distributed as a single price pool with each winning wager receiving an equal share of that day's pool if there is more than one winning ticket.

(4) Should a betting interest in any of the *solo 6* contests be scratched or determined to be a non-starter, the actual favorite, as evidenced by the total amounts wagered in the win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number.

(5) The *solo 6* pool shall be cancelled and all *solo 6* wagers for the individual performance shall be refunded if at least three contests included as part of the *solo 6* are cancelled or declared a no contest.

(6) If at least one contest of the *solo 6* is cancelled or declared a no contest, but not more than three contests, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of *solo 6* contests for that performance. Such distribution shall include the portion ordinarily retained for the *solo 6* carryover, but not the carryover from previous performances.

(7) The *solo 6* carryover may be capped at a designated level approved by the New Mexico racing commission so that if, at the close of any performance, the amount in the carryover equals or exceeds the designated cap, the *solo 6* carryover will be frozen until it is won or distributed under other provisions of this rule. After the *solo 6* carryover is frozen, one hundred per cent of the net pool, part of which ordinarily would be added to the *solo 6* carryover, shall be distributed to those whose selections finished first in the greatest number of *solo 6* contests for that performance.

(8) A written request for permission to distribute the *solo 6* carryover on a specific date shall be submitted to the New Mexico racing commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date of the distribution.

(9) Should the *solo 6* be designated for distribution on a specific date, the unique wager provision of this subsection shall be suspended, and the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of *solo 6* contests. The *solo 6* carryover shall be designated for distribution on a specific date and performance only under the following circumstances:

(a) upon written approval from the New Mexico racing commission as provided in Paragraph (8) of Subsection H of 15.2.7.12 NMAC;

(b) when the *solo 6* is discontinued; or

(c) on the closing day of the meet.

(10) If for any reason the *solo 6* carryover must be held over to the corresponding *solo 6* pool or subsequent meet, the carryover shall be deposited into an interest bearing account approved by the New Mexico racing commission. The *solo 6* carryover, plus accrued interest, shall then be added to the net *solo 6* pool of the following meet. Following meet would be defined as next racing season of the racetrack where the carryover occurred.

(11) Association may suspend previously approved *solo 6* wagering with the prior approval of the New Mexico racing commission. Any carryover shall be held until the suspended *solo 6* wagering is reinstated.

Solo 6, as used in this rule, shall mean the selection of winners in six contests during the course of an official racing program.

I. Place Pick (n) Pools:

(1) The place pick (n) is a separate pari-mutuel pool established by the association on a designated number of races. The pool consists of amounts wagered on a horse to finish first or second in each of the races. It is not a parlay and has no connection with or relation to other pools conducted by the association, except for the provisions in Paragraph (5) of Subsection H of 15.2.7.12 NMAC, or to rules governing the distribution of other pools.

(2) A valid place pick (n) ticket shall be evidence of a binding contract between the holder of the ticket and the association and shall constitute an acceptance of place pick (n) provisions and rules contained herein.

(3) A place pick (n) may be given a distinctive name by the association conducting the meeting, subject to commission approval.

(4) A wager on a coupled entry or mutuel field is considered a wager on the remaining part of the coupled entry or mutuel field if any part of such entry starts for pari-mutuel purposes in accordance with Subsection L of 15.2.7.8 NMAC.

(5) If a ticket in any place pick (n) race designates a selection that is scratched, excused or determined by the stewards to be a nonstarter in the race, the association may designate the actual favorite, which is determined by the amounts wagered in the win pool at the time of the start of the race. The actual favorite will be substituted for the nonstarting selection for all purposes.

(6) Except as provided in Subparagraph (a) of Paragraph (6) of Subsection H of 15.2.7.12 NMAC, in a dead heat for win between two or more horses, only the horses in such dead heat shall be considered winning horses.

(a) In a dead heat for win between two or more coupled horses, all such horses together with the horse(s) which finishes next in order shall be considered winning horses.

(b) Except as provided in Paragraph (6) of Subsection H 15.2.7.12 NMAC, a dead heat for second between two or more horses, all such horses together with the horse which finished first shall be considered winning horses.

(7) The association shall distribute the net pool to holders of valid tickets that correctly selected the most first or second place finishers.

(8) All tickets shall be refunded if all races comprising the place pick (n) are cancelled or declared as no contest. The entire pool shall be refunded if less than four races are completed and if four or more races are completed the net pool shall be distributed pursuant to Paragraph (7) of Subsection H of 15.2.7.12 NMAC.

(9) After wagering closes on the first race comprising of the place pick (n) no ticket shall be sold, exchanged or cancelled.

(10) If the racing surface changes from turf to dirt or dirt to turf in any race of a place pick (n), and such change is not announced to the public before the close of wagering on the place pick (n) pool, all wagers on such race shall be considered winning wagers for the purposes of the place pick (n).

J. Grand Slam Pools:

(1) The grand slam requires selection of the official first, second or third place finisher in each of the first three races in a series of four designated grand slam races. A completed winning grand slam wager requires the selection of the official first place finisher in the fourth and final event in this same series of races. The association must obtain written approval from the commission for the initial scheduling or specific performances of grand slam races or any other name used to characterize this bet type and identify the pari-mutuel pool and any required distribution percentages. Changes to the approved grand slam format, or suspension of previously approved grand slam wagering, require prior approval from the commission.

(2) The grand slam pool shall be apportioned under the following method:

(a) Grand slam wager with no carryover; the net grand slam pool shall be distributed from a single betting pool to participants who selected the first, second or third place finisher in the first three races of a series of four grand slam races completing a winning wager with the selection of the first place finisher in the fourth and final grand slam event in this same series, based upon the official order of finish.

(b) Grand slam wager with no carryover; if there are no winning wagers taking into account all four segments of the grand slam wager, the pool shall be distributed as

a single price pool to those who selected the first place finisher in the fourth and final grand slam event in this series of races along with the greatest number of first, second or third place finishers each of which had an accompanying show pari-mutuel payout, in accordance with Subsection M of 15.2.7.8 NMAC in each of the first three races in the series of four designated grand slam races. All results are based upon the official order of finish for each race.

(3) If there is a dead heat for the first in any of the grand slam segments involving:

(a) Official program numbered horses representing the same betting interest, the grand slam pool shall be distributed as if no dead heat occurred.

(b) Official program numbered horses representing two or more betting interests, the grand slam pool shall be distributed from a single betting pool with a winning wager including each betting interest participating in the dead heat provided each entrant has a pari-mutuel show payout within its race.

(4) If there is a dead heat for second and/or third in any of the first three races in a series of four designated grand slam contests involving:

(a) Horses representing the same betting interest, the grand slam pool shall be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the grand slam pool shall be distributed from a single betting pool with a winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second or third providing the horse has a show pari-mutuel payout.

(5) Should a betting interest in any of the grand slam contests be scratched:

(a) The actual favorite, as evidenced by total amounts wagered in the win pool at the association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculation. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the greatest amount of money in the place pool. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(b) Should a scratch or scratches occur in any of the first three races in a series of four designated grand slam contests and subsequently show wagering is cancelled due to an insufficient number of remaining betting interests, this race for winning grand slam wagering purposes would include the win and place horse only.

(6) The grand slam pool shall be canceled and all grand slam wagers for the individual performance shall be refunded if at least two contests included as part of a grand slam wager are cancelled or declared "no contest".

(7) If at least one race included as part of a grand slam wager is canceled or declared "no contest", but not more than the number specified in Paragraph (6) of Subsection I of 15.2.7.12 NMAC, the net pool shall be distributed from a single betting pool to those bettors whose selections finished first, second or third in the greatest number of grand slam contests in the first three races in a series of four designated grand slam contests. In determining a pari-mutuel distribution under this section, a finish of first in the final and fourth designated grand slam contest race for the performance in question shall have the same weight as a finish of first, second or third in the greatest number of grand slam contests in the first three races in a series of four designated grand slam contests.

(8) When the condition of the turf course warrants a change of racing surface in any of the legs of the grand slam races, and such change has not been made known to the betting public prior to the close of wagering for the grand slam pool, the stewards shall declare the changed leg(s) a "no contest" for grand slam wagering purposes and the pool shall be distributed in accord with Paragraph (7) of Subsection I of 15.2.7.12 NMAC.

(9) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining prior to the third segment of the wager being made official is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

K. Quinella Pools:

(1) The quinella requires selection of the first two finishers, irrespective of order, for a single contest.

(2) The net quinella pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) if contestants of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry of mutuel field combined with the next separate betting interest in the official order of finish; otherwise

(b) as a single price pool to those whose combination finished as the first two betting interests; but if there are no such wagers, then

(c) as a profit split to those whose combination included either the first or second-place finisher; but if there are no such wagers on one of the two finishers, then

(d) as a single price pool to those whose combination included the one covered betting interest included within the first two finishers; but if there are no such wagers, then

(e) the entire pool shall be refunded on quinella wagers for that contest.

(3) If there is a dead heat for first involving:

(a) contestants representing the same betting interest, the quinella pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish;

(b) contestants representing two betting interests, the quinella pool shall be distributed as if no dead heat occurred;

(c) contestants representing three or more betting interests, the quinella pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving contestants representing the same betting interest, the quinella pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for second involving contestants representing two or more betting interests, the quinella pool shall be distributed to wagers in the following precedence, based upon the official order of finish:

(a) as a profit split to those combining the winner with any of the betting interests involved in the dead heat for second; but if there is only one covered combination, then

(b) as a single price pool to those combining the winner with the one covered betting interest involved in the dead heat for second; but if there are no such wagers, then

(c) as a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers, then

(d) as a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then

(e) the entire pool shall be refunded on quinella wagers for that contest.

L. Quinella Double Pools:

(1) The quinella double requires selection of the first two finishers, irrespective of order, in each of two specified contests.

(2) The net quinella double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) if a coupled entry or mutuel field finishes as the first two contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest, as well as the first two finishers in the alternate quinella double contest; otherwise

(b) as a single price pool to those who selected the first two finishers in each of the two quinella double contests; but if there are no such wagers, then

(c) as a profit split to those who selected the first two finishers in either of the two quinella double contests; but if there are no such wagers on one of those contests, then

(d) as a single price pool to those who selected the first two finishers in the one covered quinella double contest; but if there were no such wagers, then

(e) the entire pool shall be refunded on quinella double wagers for those contests.

(3) If there is a dead heat for first in either of the two quinella double contests involving:

(a) contestants representing the same betting interest, the quinella double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest;

(b) contestants representing two betting interests, the quinella double pool shall be distributed as if no dead heat occurred;

(c) contestants representing three or more betting interests, the quinella double pool shall be distributed as a profit split.

(4) If there is a dead heat for second in either of the quinella double contests involving contestants representing the same betting interest, the quinella double pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for second in either of the quinella double contests involving contestants representing two or more betting interests, the quinella double pool shall be distributed as profit split.

(6) Should a betting interest in the first-half of the quinella double be scratched prior to the first quinella double contest being declared official, all money

wagered on combinations including the scratched betting interest shall be deducted from the quinella double pool and refunded.

(7) Should a betting interest in the second half of the quinella double be scratched prior to the close of wagering on the first quinella double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the quinella double pool and refunded.

(8) Should a betting interest in the second-half of the quinella double be scratched after the close of wagering on the first quinella double contest, all wagers combining the winning combination in the first contest with a combination including the scratched betting interest in the second contest shall be allocated a consolation payout. In calculating the consolation payout the net quinella double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payout. Breakage is not utilized in this calculation. The consolation payout is deducted from the net quinella double pool before calculation and distribution of the winning quinella double payout. In the event of a dead heat involving separate betting interests, the net quinella double pool shall be distributed as a profit split.

(9) If either of the quinella double contests is cancelled prior to the first quinella double contest, or the first quinella double contest is declared "no contest", the entire quinella double pool shall be refunded on quinella double wagers for those contests.

(10) If the second quinella double contest is cancelled or declared "no contest" after the conclusion of the first quinella double contest, the net quinella double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first quinella double contest. If there are no wagers selecting the winning combination in the first quinella double contest, the entire quinella double pool shall be refunded on quinella double wagers for those contests.

M. Exacta Pools:

(1) The exacta requires selection of the first two finishers, in their exact order, for a single contest.

(2) The net exacta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) if contestants of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise

(b) as a single price pool to those whose combination finished in correct sequence as the first two betting interests; but if there are no such wagers, then

(c) as a profit split to those whose combination included either the first-place betting interest to finish first or the second-place betting interest to finish second; but if there are no such wagers on one of those two finishers, then

(d) as a single price pool to those whose combination included the one covered betting interest to finish first or second in the correct sequence; but if there are no such wagers, then

(e) the entire pool shall be refunded on exacta wagers for that contest.

(3) If there is a dead heat for first involving:

(a) contestants representing the same betting interest, the exacta pool shall be distributed as a single price pool to those selecting the coupled entry of mutuel field combined with the next separate betting interest in the official order of finish;

(b) contestants representing two or more betting interests, the exacta pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving contestants represent the same betting interest, the exacta pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for second involving contestants representing two or more betting interests, the exacta pool shall be distributed to ticket holders in the following precedence, based upon the official order of finish:

(a) as a profit split to those combining the first-place betting interest with any of the betting interests involved in the dead heat for second; but if there is only one covered combination, then

(b) as a single price pool to those combining the first-place betting interest with the one covered betting interest involved in the dead heat for second; but if there are no such wagers, then

(c) as a profit split to those wagers correctly selecting the winner for first-place and those wagers selecting any of the dead-heated betting interests for second-place; but there are no such wagers, then

(d) the entire pool shall be refunded on exacta wagers for that contest.

N. Trifecta Pools:

(2) The net trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) as a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combinations included, in correct sequence, the first two betting interest; but if there are no such wagers, then

(d) the entire pool shall be refunded on trifecta wagers for that contest

(e) where only two horses finish in the race on which trifecta wagering is conducted, the pool shall be calculated so that the net pool should be divided by the value of tickets sold in the pool on horses selected to finish first and second in the exact order of the official result coupled with any other horse that started in the race;

(f) where only one horse finishes in a race on which trifecta wagering is conducted, the pool shall be calculated so that the net pool shall be divided by the value of the tickets sold in the trifecta pool selecting that horse to finish first, coupled with any two other horses started in the race.

(3) If less than three betting interests finish and the contest is declared official, payouts will be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

(4) If there is a dead heat for first involving:

(a) contestants representing three or more betting interests, all of the wagering combinations selecting three betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split;

(b) contestants representing two betting interests, both of the wagering combinations selecting the two dead-heated betting interests, irrespective of order, along with the third-place betting interest shall share in a profit split.

(5) If there is a dead heat for second, all of the combinations correctly selecting the winner combined with any of the betting interests involved in the dead heat for second shall share in a profit split.

(6) If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers, in correct sequence, along with any of the betting interests involved in the dead heat for third shall share in a profit split.

O. Supertrifecta Pools:

(1) The superfecta requires selection of the first four finishers, in their exact order for a single contest.

(2) The net superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) as a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

(c) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(d) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(e) the entire pool shall be refunded on superfecta wagers for that contest.

(3) If less than four betting interests finish and the contest is declared official, payouts will be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

(4) If there is a dead heat for first involving:

(a) contestants representing four or more betting interests, all of the wagering combinations selecting four betting interests which correspond with any of the betting interests involved in the dead heat shall share in a profit split;

(b) contestants representing three betting interests, all of the wagering combinations selecting the three dead-heated betting interests, irrespective of order, along with the fourth place betting interest shall share in a profit split;

(c) contestants representing two betting interests, both of the wagering a combination selecting the two dead-heated betting interests, irrespective of order, along with the third-place and fourth-place betting interests shall share in a profit split.

(5) If there is a dead heat for second involving:

(b) contestants representing two betting interests, all of the wagering combinations correctly selecting the winner, the two dead-heated betting interests, irrespective of order, and the fourth-place betting interest shall share in a profit split.

(6) If there is a dead heat for third, all wagering combinations correctly selecting the first two finishers, in correct sequence, along with any two of the betting interests involved in the dead heat for third shall share in a profit split.

(7) If there is a dead heat for fourth, all wagering combinations correctly selecting the first three finishers, in correct sequence, along with any of the betting interests involved in the dead heat for fourth shall share in a profit split.

(8) Coupled entries and mutuel fields may be permitted in superfecta contests with the prior written approval of the commission.

P. Pentafecta (Super Hi-5):

(1) The pentafecta (super hi-5) requires the selection of the first five finishers, in their exact order, for a single contest.

(2) An association may elect to conduct a pentafecta (super hi-5) in the carryover method as provided in subsection (7) below. If an association elects to offer the carryover method, a notice shall be made in the daily program explaining that there is a carryover provision and the percentages applying to the jackpot pool and the minor pool. All pentafectas (super hi-5) not conducted in the carryover method shall be conducted in the non-carryover method as provided in subsection (3) below.

(3) The net non-carryover pentafecta (super hi-5) pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) as a single price pool to those whose combination finished in exact order as the first five betting interests, if there are no such wagers;

(b) as a single price pool to those whose combination included, in exact order, the first four betting interests, if there are no such wagers;

(c) as a single price pool to those whose combination included, in exact order, the first three betting interests, if there are no such wagers;

(d) as a single price pool to those whose combination included, in exact order, the first two betting interests, if there are no such wagers;

(e) as a single price pool to those whose combination correctly selected the first place betting interest only, if there are no such wagers;

(f) the entire pentafecta (super hi-5) pool shall be refunded for that contest.

(4) If less than five betting interests finish and the contest is declared official, payouts will be made based upon the order of finish of those betting interests completing the contest.

(5) If there is a dead heat in any of the finishing positions, all wagers selecting either of the dead-heated positions with the correct non-dead-heated positions shall be winners and share in the specified payout pool. For example, the results 1/2 -3-4-5-6 with a dead heat in the win position involving numbers 1 and 2 would produce the following winning combinations: 1-2-3-4-5 and 2-1-3-4-5. Payouts will be calculated by splitting the pool equally between each winning combination, then dividing each portion by the number of winning tickets (a "profit split"). As such, a dead heat will produce separate and distinct payouts associated with the distinct winning combinations.

(6) In the event that more than one component of a coupled entry or mutual field finishes within the first five positions, the first member of the coupled entry or field to finish shall determine the position of the single betting interest. The net pool shall be distributed to those whose selection included the coupled entry or mutual field and each of the other four betting interests.

(7) The net carryover pentafecta (super hi-5) pool shall be distributed to winning wagers in the following order of finish:

(a) if tickets are sold on the winning combination of the pentafecta (super hi-5), the net pool shall have added to it any carryover monies from previous pentafecta (super hi-5) contests, and shall then be equally divided among those ticket holders;

(b) if no tickets are sold on the winning combination of the pentafecta (super hi-5), then the net pool shall be divided into two separate pools. The major pool of the net pool shall be paid as a carryover pool into the next scheduled pentafecta (super hi-5) race. The remaining minor pool shall be paid as a pentafecta (super hi-5) consolation pool, which will be equally divided among those tickets holders who correctly selected the first four betting interests; but if there is no such wager then;

(c) the pentafecta (super hi-5) consolation pool will be divided among those ticket holders who correctly select the first three interests; but if there are no such wagers, then;

(d) the pentafecta (super hi-5) consolation pool will be divided among those ticket holders who correctly select the first two interests; but if there are no such wagers, then;

(e) the pentafecta (super hi-5) consolation pool will be divided among those ticket holders who correctly select the first betting interest; but if there are no such wagers, then;

(f) the entire net pool shall become a carryover pool into the next regularly scheduled pentafecta (super hi-5) race.

(g) If the pentafecta (super hi-5) gross pool is refunded in accordance with the above-described rules, then all monies carried over, if any, shall be carried over to the next regularly scheduled pentafecta (super hi-5).

(h) If less than five betting interests finish and the contest is declared official, payoffs will be made based on the order of finish of those betting interests completing the contest. In this event, payouts will be calculated as consolation payouts and the remaining net pool will be handled as a jackpot carryover.

(i) In the event the accumulated jackpot carryover has not been distributed prior to the final contest of the performance, then the accumulated jackpot carryover and the net pool in the final pentafecta (super hi-5) contest of the performance will be added to the first pentafecta (super hi-5) contest of the next performance.

(j) All dead heat provisions of Paragraphs (5), (6), (7), (8), (9) of this subsection and coupled entry of mutuel field provisions of Paragraph (6) of this subsection apply to the net carryover pentafecta (super hi-5) pool distributions.

(8) The minimum number of betting interests required to start in a contest in which pentafecta (super hi-5) wagering is offered shall be seven.

(9) Associations electing to offer the net carryover pentafecta (super hi-5) pool may, prior to offering the wager designate the jackpot carryover amount at any given percentage of the net pool; the remaining percentages will be the minor pool portion, if any. This elected percentage may not be changed during the performance on which the pentafecta (super hi-5) is conducted in the carryover method.

(10) At the association's discretion, the pentafecta (super hi-5) wager may be discontinued and there will be a final distribution of any jackpot carryover combined with the final net pool of the final pentafecta (super hi-5) race and priced as a single price pool as described in Paragraph (3) of this subsection.

(11) Each association conducting the pentafecta (super hi-5) pool of any type, must notify the wagering public via a statement in the official program or by prominently displaying on each level of the facility, a declaration of whether the standard version or the carryover version of the pool is being conducted.

(12) Different methods of conduct of this pool may not be combined for the pentafecta (super hi-5) between intertrack or simulcast wagering hosts and guests.

Q. Twin Quinella Pools:

(1) The twin quinella requires selection of the first two finishers, irrespective of order, in each of two designated contests. Each winning ticket for the first twin quinella contest must be exchanged for a free ticket on the second twin quinella contest in order to remain eligible for the second-half twin quinella pool. Such tickets may be exchanged only at attended ticket windows prior to the second twin quinella contest. There will be no monetary reward for winning the first twin quinella contest. (2) In the first twin quinella contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin quinella contest:

(a) if a coupled entry or mutuel field finishes as the first two finishers, those who selected the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish shall be winners; otherwise

(b) those whose combination finished as the first two betting interests shall be winners; but if there are no such wagers, then

(c) those whose combination included either the first or second-place finisher shall be winners; but if there are no such wagers on one of those two finishers, then

(d) those whose combination included the one covered betting interest included within the first two finishers shall be winners; but if there are no such wagers, then

(e) the entire pool shall be refunded on twin quinella wagers for that contest.

(3) In the first twin quinella contest only, if there is a dead heat for first involving:

(a) contestants representing the same betting interest, those who selected the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish shall be winners;

(b) contestants representing two or more betting interests, those who combined the first-place finisher with any of the betting interests involved in the dead for second shall be winners.

(5) In the second twin quinella contest only, the entire net twin quinella pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin quinella contest:

(a) if a coupled entry or mutuel field finishes as the first two finishers, as a single price pool to those who selected the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise

(b) as a single price pool to those whose combination finished as the first two betting interests; but if there are no such wagers, then

(c) as a profit split to those whose combination included either the first or second-place finisher; but if there are no such wagers on one of those two finishers, then

(d) as a single price pool to those whose combination included the one covered betting interest included within the first two finishers; but if there are no such wagers, then

(e) as a single price pool to all the exchange ticket holders for that contest; but if there are no such tickets, then

(f) in accordance with Subsection M Paragraph (2) of 15.2.7 NMAC.

(6) In the second twin quinella contest only, if there is a dead heat for first involving:

(a) contestants representing the same betting interest, the net twin quinella pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish;

(b) contestants representing two betting interests, the net twin quinella pool shall be distributed as if no dead heat occurred;

(c) contestants representing three or more betting interests, the net twin quinella pool shall be distributed as a profit split to those whose combination included any two of the betting interests finishing in the dead heat.

(7) In the second twin quinella contest only, if there is a dead heat for second involving:

(a) contestants representing the same betting interest, the net twin quinella pool shall be distributed as if no dead heat occurred;

(b) contestants representing two or more betting interests, the net twin quinella pool shall be distributed as a profit split to those who combined the first-place finisher with any of the betting interests involved in the dead heat for second.

(8) If a winning ticket for the first-half of the twin quinella is not presented for exchange prior to the close of betting on the second-half twin quinella contest, the ticket holder forfeits all rights to any distribution of the twin quinella pool resulting from the outcome of the second contest.

(9) Should a betting interest in the first half of the twin quinella be scratched, those twin quinella wagers including the scratched betting interest shall be refunded.

(10) Should a betting interest in the second half of the twin quinella be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin quinella contest, the ticket holder forfeits all rights to the twin quinella pool.

(11) If either of the twin quinella contests is cancelled prior to the first twin quinella contest, or the first twin quinella contest is declared "no contest", the entire twin quinella pool shall be refunded on twin quinella wagers for that contest.

(12) If the second-half twin quinella contest is cancelled or declared "no contest" after the conclusion of the first twin quinella contest, the net twin quinella pool shall be distributed as a single price pool to wagers selecting the winning combination in the first twin quinella contest and all valid exchange tickets. If there is no such wagers, the net twin quinella pool shall be distributed as described in Subsection M Paragraph (2) of 15.2.7 NMAC.

R. Twin Trifecta Pools:

(1) The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin trifecta contest must be exchanged for a free ticket on the second twin trifecta contest in order to remain eligible for the second-half twin trifecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second twin trifecta contest. Winning first half twin trifecta wagers will receive both an exchange and a monetary payout. Both of the designated twin trifecta contests shall be included in only one twin trifecta pool.

(2) After wagering closes for the first half of the twin trifecta and commissions have been deducted from the pool, the net pool shall then be divided into separate pools; the first-half twin trifecta pool and the second-half twin trifecta pool.

(3) In the first twin trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta contest:

(a) a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(c) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(d) the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second-half shall be cancelled.

(4) If no first-half twin trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin trifecta pool. In such case, the second-half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.

(5) Winning tickets from the first half of the twin trifecta shall be exchanged for tickets selecting the first three finishers of the second half of the twin trifecta. The second-half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest:

(a) as a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first three betting interests; but if there are no such tickets, then

(b) The entire second-half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin trifecta pool of the next consecutive performance.

(6) If a winning first-half twin trifecta ticket is not presented for cashing and exchange prior to the second-half twin trifecta contest, the ticket holder may still collect the monetary value associated with the first-half twin trifecta pool but forfeits all rights to any distribution of the second-half twin trifecta pool.

(7) Should a betting interest in the first half of the twin trifecta be scratched, those twin trifecta wagers including the scratched betting interest shall be refunded.

(8) Should a betting interest in the second half of the twin trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second-half twin trifecta pool.

(9) If, due to a late scratch, the number of betting interests in the second-half of the twin trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin trifecta pool for that contest as a single price pool, but not the twin trifecta carryover.

(10) If there is a dead heat or multiple dead heats in either the first or second-half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(a) the first half of the twin trifecta, the payout shall be calculated as a profit split;

(b) the second half of the twin trifecta, the payout shall be calculated as a single price pool.

(11) If either of the twin trifecta contests are cancelled prior to the first twin trifecta contest, or the first twin trifecta contest is declared "no contest", the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second-half shall be cancelled.

(12) If the second-half twin trifecta contest is cancelled or declared "no contest", all exchange tickets and outstanding first-half winning twin trifecta tickets shall be entitled to the net twin trifecta pool for that contest as a single price pool, but not twin trifecta carryover. If there are no such tickets, the net twin trifecta pool shall be distributed as described in Subsection N Paragraph (3) of 15.2.7 NMAC.

(13) The twin trifecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the twin trifecta carryover equals or exceeds the designated cap, the twin trifecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the twin trifecta carryover is frozen, 100 percent of the net twin trifecta pool for each individual contest shall be distributed to winners of the first half of the twin trifecta pool.

(14) A written request for permission to distribute the twin trifecta carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(15) Should the twin trifecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the twin trifecta after completion of the first half of the twin trifecta:

(a) as a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(c) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(d) as a single price pool to holders of valid exchange tickets.

(e) as a single price pool to holders of outstanding first-half winning tickets.

(16) Contrary to Subsection N Paragraph (4) of 15.2.7 NMAC, during a performance designated to distribute the twin trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin trifecta. If there are no wagers correctly selecting the first, second, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first and second-place betting interests. If there are no wagers correctly selecting the first and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the twin trifecta, all first-half tickets will become winners and will receive 100 percent of that day's net twin trifecta pool and any existing twin trifecta carryover as a single price pool.

(17) The twin trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) upon written approval from the commission as provided in Subsection N Paragraph (15) of 15.2.7 NMAC;

(b) upon written approval from the commission when there is a change in the carryover cap or when the twin trifecta is discontinued;

(c) on the closing performance of the meet or split meet.

(18) If, for any reason, the twin trifecta carryover must be held over to the corresponding twin trifecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The twin trifecta carryover

plus accrued interest shall then be added to the second-half twin trifecta pool of the following meet on a date and performance so designated by the commission.

(19) Providing information to any person regarding covered combinations or amount wagered on specific combinations is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

(20) The association must obtain written approval from the commission concerning the scheduling of twin trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved twin trifecta format require prior approval from the commission.

S. Tri-Superfecta Pools:

(1) The tri-superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first tri-superfecta contest must be cashed for an exchange ticket on the second tri-superfecta contest in order to remain eligible for the second-half tri-superfecta pool. The number of exchanges to be determined by the association with written approval of the commission. Such tickets may be exchanged only at attended ticket windows prior to the second tri-superfecta contest. Winning first-half tri-superfecta tickets will receive both an exchange and a monetary payout. Both of the designated tri-superfecta contests shall be included in only one tri-superfecta pool.

(2) After wagering closes for the first half of the tri-superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools; the first-half tri-superfecta pool and the second-half tri-superfecta pool.

(3) In the first tri-superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first tri-superfecta contest:

(a) as a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combinations included, in correct sequence, the first two betting interest; but if there are no such wagers, then

(c) as a single price pool to those whose combinations correctly selected the first-place betting interest only; but if there are no such wagers, then

(d) the entire pool shall be refunded.

(4) If no first-half tri-perfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half tri-perfecta pool. In such case, the second-half tri-perfecta pool shall be retained and added to any existing tri-perfecta carryover pool.

(5) Winning tickets from the first half of the tri-perfecta shall be exchanged for tickets selecting the first four finishers of the second half of the tri-perfecta. The second-half tri-perfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second tri-perfecta contest:

(a) as a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets, then

(b) the entire second-half tri-perfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half tri-perfecta pool of the next performance.

(6) If a winning first-half tri-perfecta ticket is not presented for cashing and exchange prior to the second-half tri-perfecta contest, the ticket holder may still collect the monetary value associated with the first-half tri-perfecta pool but forfeits all rights to any distribution of the second-half tri-perfecta pool.

(7) Coupled entries and mutuel fields may be permitted in tri-perfecta contests with the prior written approval of the commission.

(8) Should a betting interest in the first half of the tri-perfecta be scratched, those tri-perfecta tickets including the scratched betting interest shall be refunded.

(9) Should a betting interest in the second half of the tri-perfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second tri-perfecta contest, the ticket holder forfeits all rights to the second-half tri-perfecta pool.

(10) If, due to a late scratch, the number of betting interests in the second-half of the tri-perfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half tri-perfecta pool for that contest as a single price pool, but not the tri-perfecta carryover.

(11) If there is a dead heat or multiple dead heats in either the first or second-half of the tri-perfecta, all tri-perfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(a) the first half of the tri-perfecta, the payout shall be calculated as a profit split;

(b) the second half of the tri-perfecta, the payout shall be calculated as a single price pool.

(12) If either of the tri-perfecta contests are cancelled prior to the first tri-perfecta contest, or the first tri-perfecta contest is declared "no contest", the entire tri-perfecta pool shall be refunded on tri-perfecta wagers for that contest and the second-half shall be cancelled.

(13) If the second-half tri-perfecta contest is cancelled or declared "no contest", all exchange tickets and outstanding first-half winning tri-perfecta tickets shall be entitled to the net tri-perfecta pool for that contest as a single price pool, but not the tri-perfecta carryover. If there are no such tickets, the net tri-perfecta pool shall be distributed as described in Subsection O Paragraph (3) of 15.2.7 NMAC.

(14) The tri-perfecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the tri-perfecta carryover equals or exceeds the designated cap, the tri-perfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half tri-perfecta carryover is frozen, 100 percent of the net tri-perfecta pool for each individual contest shall be distributed to winners of the first half of the tri-perfecta pool.

(15) A written request for permission to distribute the tri-perfecta carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(16) Should the tri-perfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the tri-perfecta after completion of the first half of the tri-perfecta:

(a) as a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

(c) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(d) as a single price pool to those whose combination included, in correct sequence, the first-place betting interest only; but if there are no such wagers, then

(e) as a single price pool to holders of valid exchange tickets.

(f) as a single price pool to holders of outstanding first half-winning tickets.

(17) Contrary to Subsection O Paragraph (4) of 15.2.7 NMAC, during a performance designated to distribute the tri-superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the tri-superfecta. If there are no wagers correctly selecting the first, second, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first and second-place betting interests. If there are no wagers correctly selecting the first and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the tri-superfecta, all first-half tickets will become winners and will receive 100 percent of that day's net tri-superfecta pool and any existing tri-superfecta carryover as a single price pool.

(18) The tri-superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) upon written approval from the commission as provided in Subsection O Paragraph (15) of 15.2.7 NMAC;

(b) upon written approval from the commission when there is a change in the carryover cap or when the tri-superfecta is discontinued;

(c) on the closing performance of the meet or split meet.

(19) If, for any reason, the tri-superfecta carryover must be held over to the corresponding tri-superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The tri-superfecta carryover plus accrued interest shall then be added to the second-half tri-superfecta pool of the following meet on a date and performance so designated by the commission.

(20) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

(21) The association must obtain written approval from the commission concerning the scheduling of tri-superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved tri-superfecta format require prior approval from the commission.

T. Twin Superfecta Pools:

(1) The twin superfecta requires selection of the first four finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin superfecta contest must be exchanged for a free ticket on the second twin superfecta contest in order to remain eligible for the second-half twin superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second twin superfecta contest. Winning first-half twin superfecta tickets will receive both an exchange and a monetary payout. Both of the designated twin superfecta contests shall be included in only one twin superfecta pool.

(2) After wagering closes for the first half of the twin superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools; the first-half twin superfecta pool and the second-half twin superfecta pool.

(3) In the first twin superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin superfecta contest:

(a) as a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

(c) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(d) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(e) the entire twin superfecta pool shall be refunded on twin superfecta wagers for that contest and the second half shall be cancelled.

(4) If no first-half twin superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin superfecta pool. In such case, the second-half twin superfecta pool shall be retained and added to any existing twin superfecta carryover pool.

(5) Winning tickets from the first half of the twin superfecta shall be exchanged for tickets selecting the first four finishers of the second half of the twin superfecta. The second-half twin superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin superfecta contest:

(a) as a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets, then

(b) the entire second-half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin superfecta pool of the next performance.

(6) If a winning first-half twin superfecta ticket is not presented for cashing and exchange prior to the second-half twin superfecta contest, the ticket holder may still collect the monetary value associated with the first-half twin superfecta pool but forfeits all rights to any distribution of the second-half twin trifecta pool.

(7) Coupled entries and mutuel fields may be permitted in twin superfecta contests with the prior written approval of the commission.

(8) Should a betting interest in the first half of the twin superfecta be scratched, those twin superfecta tickets including the scratched betting interest shall be refunded.

(9) Should a betting interest in the second half of the twin superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin superfecta contest, the tickets holder forfeits all rights to the second-half twin superfecta pool.

(10) If, due to a late scratch, the number of betting interests in the second-half of the twin superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin superfecta pool for that contest as a single price pool, but not the twin superfecta carryover.

(11) If there is a dead heat or multiple dead heats in either the first or second-half of the twin superfecta, all twin superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(a) the first half of the twin superfecta, the payoff shall be calculated as a profit split;

(b) the second half of the twin superfecta, the payoff shall be calculated as a single price pool.

(12) If either of the twin superfecta contests are cancelled prior to the first twin superfecta contest, or the first twin superfecta contest is declared "no contest", the

entire twin superfecta pool shall be refunded on twin superfecta wagers for that contest and the second-half shall be cancelled.

(13) If the second-half twin superfecta contest is cancelled or declared "no contest", all exchange tickets and outstanding first-half winning twin superfecta tickets shall be entitled to the net twin superfecta pool for that contest as a single price pool, but not the twin superfecta carryover. If there are no such tickets, the net twin superfecta pool shall be distributed as described in Subsection P Paragraph (3) of 15.2.7 NMAC.

(14) The twin superfecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the twin superfecta carryover equals or exceeds the designated cap, the twin superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half twin superfecta carryover is frozen, 100 percent of the net twin superfecta pool for each individual contest shall be distributed to winners of the first half of the twin superfecta pool.

(15) A written request for permission to distribute the twin superfecta carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(16) Should the twin superfecta carryover be designated for distribution on a specified date and superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The twin superfecta carryover plus accrued interest shall then be added to the second-half performance, the following precedence will be followed in determining winning tickets for the second half of the twin superfecta after completion of the first half of the twin superfecta:

(a) as a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

(b) as a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then

(c) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(d) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(e) as a single price pool to holders of valid exchange tickets;

(f) as a single price pool to holders of outstanding first half winning tickets.

(17) Contrary to Subsection P Paragraph (4) of 15.2.7 NMAC, during a performance designated to distribute the twin superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin superfecta. If there are no wagers correctly selecting the first, second, third, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first, second, and third-place betting interests. If there are no wagers correctly selecting the first, second, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first and second-place betting interests. If there are no wagers correctly selecting the first and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the twin superfecta, all first-half tickets will become winners and will receive 100 percent of that day's net twin superfecta pool and any existing twin superfecta carryover as a single price pool.

(18) The twin superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) upon written approval from the commission as provided in Subsection P Paragraph (15) of 15.2.7 NMAC of the twin superfecta rules;

(b) upon written approval from the commission when there is a change in the carryover cap or when the twin superfecta is discontinued;

(c) on the closing performance of the meet or split meet.

(19) If, for any reason, the twin superfecta carryover must be held over to the corresponding twin superfecta pool of the following meet on a date and performance so designated by the commission.

(20) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.

(21) The association must obtain written approval from the commission concerning the scheduling of twin superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any subsequent changes to the approved twin superfecta format require prior approval from the commission.

U. Exacta (n) Pools:

(1) The exacta (n) requires selection of the first two finishers, in their exact order, in each of a designated number of contests. The association must obtain written

approval from the commission concerning the scheduling of exacta (n) contests, the designation of one of the methods prescribed in Subsection Q Paragraph (2) 15.2.7 NMAC; and the amount of any cap to be set on the carryover. Any changes to the approved exacta (n) format require prior approval from the commission.

(2) The exacta (n) pool shall be apportioned under one of the following methods:

(a) Method 1, exacta (n) with no minor pool and no carryover. The net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in each of the exacta (n) contests, the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in the greatest number of exacta (n) contests. If there are no winning wagers, the entire pool shall be refunded on exacta (n) wagers for those contests.

(b) Method 2, exacta (n) with no minor pool and carryover instead of a refund. The net exacta (n) pool and the carryover, if any, shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in each of the exacta (n) contests, the net exacta (n) pool and the carryover shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in the greatest number of exacta (n) contests. If there are no winning wagers, the net exacta (n) pool shall be added to the carryover.

(c) Method 3, exacta (n) with no minor pool and carryover. The net exacta (n) pool and the carryover, if any, shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. If there are no winning wagers, the net exacta (n) pool shall be added to the carryover.

(d) Method 4, exacta (n) with minor pool and no carryover. The major share of the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in the second greatest number of exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in each of the exacta (n) contests, the major share of the net exacta (n) pool shall be combined with the minor share for distribution as a single price pool to those who selected the first and second place finishers, in exact order, in the greatest number of exacta (n) contests. If there are no wagers selecting the first and second place finishers, in exact order, in a second greatest number of exacta (n)

contests, the minor share of the net exacta (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first and second place finishers, in exact order, in each of the Exacta (n) contests. If there are no winning wagers, the pool shall be refunded on exacta (n) wagers for those contests.

(e) Method 5, exacta (n) with minor pool and carryover. The major share of the net exacta (n) pool and the carryover, if any, shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in the second greatest number of exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in each of the exacta (n) contests, the minor share of the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in the greatest number of exacta (n) contests, and the major share shall be added to the carryover. If there are no wagers selecting the first and second place finishers, in exact order, in a second greatest number of exacta (n) contests, the minor share of the net exacta (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, or if there are no such winning wagers, added to the carryover.

(f) Method 6, exacta (n) with minor pool based upon any one exacta and no carryover. The major share of the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those (including recipients of the major share of the net exacta (n) pool) who selected the first and second place finishers, in exact order, in at least one of the exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in each of the exacta (n) contests, the major share of the net exacta (n) pool shall be combined with the minor share for distribution as a single price pool to those who selected the first and second place finishers, in exact order, in at least one of the exacta (n) contests. If there are no winning wagers, the pool is refunded.

(g) Method 7, exacta (n) with minor pool based upon any one exacta, and carryover. The major share of the net exacta (n) pool and the carryover, if any, shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those (including recipients of the major share of the net exacta (n) pool) who selected the first and second place finishers, in exact order, in at least one of the exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in each of the exacta (n) contests, the major share shall be added to the carryover. If there are no wagers selecting the first

and second place finishers, in exact order, in any of the exacta (n) contests, the minor share of the net exacta (n) pool shall also be added to the carryover.

(h) Method 8, exacta (n) with minor pool based upon individual exactas, and no carryover. The major share of the net exacta (n) pool shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool based upon the sum of the dollar value of wagers for each of the exacta (n) contests considered separately, in which the first and second place finishers, in exact order, were correctly selected, based on the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those (including recipients of the major share of the net exacta (n) pool) who selected the first and second place finishers, in exact order, in one or more of the exacta (n) contests. Each recipient of a minor share shall receive an amount equal to the single price times the number of exacta (n) contests in which the recipient correctly selected the winning combination. If there are no wagers selecting the first and second place finishers, in exact order, in all exacta (n) contests, the major share shall be combined with the minor share and the entire net exacta (n) pool shall be distributed in accordance with the rules in the preceding paragraph for distributing the minor share of the net exacta (n) pool. If there are no winning wagers, the pool shall be refunded.

(i) Method 9, exacta (n) with minor pool based upon individual exactas, and carryover. The major share of the net exacta (n) pool and the carryover, if any, shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool based upon the sum of the dollar value of wagers, for each of the exacta (n) contests considered separately, in which the first and second place finishers, in exact order, were correctly selected, based on the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those (including recipients of the major share of the net exacta (n) pool) who selected the first and second place finishers, in exact order, in one or more of the exacta (n) contests. Each recipient of a minor share shall receive an amount equal to the single price times the number of exacta (n) contests in which the recipient correctly selected the winning combination. If there are no wagers selecting the first and second place finishers, in exact order, in all exacta (n) contests, the minor share shall be distributed in accordance with the rules in the preceding paragraph for distributing the minor share of the net exacta (n) pool, and the major share shall be added to the carryover; except that if there are no winning wagers in either the major or the minor pool, today's pool shall be refunded and the carryover shall be carried over.

(j) Method 10, exacta (n) with minor pool based upon individual exactas and carryover; 100% carryover if no winning wagers. The major share of the net exacta (n) pool and the carryover, if any, shall be distributed as a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n)

contests, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool based upon the sum of the dollar value of wagers, for each of the exacta (n) contests considered separately, in which the first and second place finishers, in exact order, were correctly selected, based upon the official order of finish. The minor share of the net exacta (n) pool shall be distributed as a single price pool to those (including recipients of the major share of the net exacta (n) pool) who selected the first and second place finishers, in exact order, in one or more of the exacta (n) contests. Each recipient of a minor share shall receive an amount equal to the single price times the number of exacta (n) contests in which the recipient correctly selected the winning combination. If there are no wagers selecting the first and second place finishers, in exact order, in all exacta (n) contests, the minor share shall be distributed in accordance with the rules in the preceding paragraph for distributing the minor share of the net exacta (n) pool, and the major share shall be added to the carryover. If there are no winning wagers, the minor share shall also be added to the carryover.

(3) Dead Heats: In the event of a dead heat in any of the exacta (n) contests, the net exacta (n) shall be distributed to winning wagers in the following precedence, based upon the official order of finish, for each exacta contest within the exacta (n) wager:

(a) If there is a dead heat for first in any of the exacta (n) contests involving contestants representing the same betting interest, the exacta (n) pool shall be distributed as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest.

(b) If there is a dead heat for first in any of the exacta (n) contests involving contestants representing two or more betting interests, the exacta (n) pool shall be distributed as a single price pool with a winning wager including each betting interest involved in the dead heat.

(c) If there is a dead heat for second in any of the exacta (n) contests involving contestants representing the same betting interest, the exacta (n) pool shall be distributed as if no dead heat occurred.

(d) If there is a dead heat for second in any of the exacta (n) contests involving contestants representing two or more betting interests, the exacta (n) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first together with any betting interest involved in the dead heat for second.

(4) Scratches: Should a betting interest in any contest of the exacta (n) be scratched or excused from the contest prior to the first exacta (n) contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the exacta (n) pool and refunded.

(a) Should a betting interest in any contest of the exacta (n) be scratched or excused from the contest after the first exacta (n) contest has been declared official, all money wagered on combinations including this betting interest shall remain in the exacta (n) pool and the ticket holder may still collect the monetary value of any distribution evidenced by the ticket containing the scratched betting interest.

(b) If, due to a late scratch, the number of betting interests in a contest of the exacta (n) is reduced to fewer than two, for purposes of the exacta (n) such contests shall be declared "no contest" and the exacta (n) pool shall be subject to the rules set forth in Subsection Q Paragraph (5) of 15.2.7 NMAC of these rules.

(5) Canceled Contests: If any of the exacta (n) contests are cancelled or declared "no contest" prior to the first exacta (n) contest being declared official, the entire exacta (n) pool shall be refunded on exacta (n) wagers for those contests.

(a) If all remaining exacta (n) contests are cancelled or declared "no contest" after the first exacta (n) contest is declared official, the net exacta (n) pool shall be distributed as a single price pool to wagers selecting the winning combination in the first exacta (n) contest, but not the exacta (n) carryover. However, if there are no wagers selecting the winning combination in the first exacta (n) contest, the entire exacta (n) pool shall be refunded on exacta (n) wagers for those contests.

(b) If any of the remaining exacta (n) contests are cancelled or declared "no contest" after the first exacta (n) is declared official, the net exacta (n) pool shall be distributed in accordance with rules governing distribution of the minor share where there is no winner of the major share.

(6) Mandatory Distribution: A written request for permission to distribute the exacta (n) carryover on a specific performance may be submitted to the commission. The request shall contain justification for the mandatory distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution. The association must notify the commission at least 10 days prior to implementation. If the exacta (n) pool cannot be distributed during a designated performance, the mandatory distribution shall resume on the next scheduled mandatory distribution performance.

(a) If the exacta (n) carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the net exacta (n) pool and the carryover pool;

(b) As a single price pool to those who selected the first and second place finishers, in exact order, in each of the exacta (n) contests, based upon the official order of finish. If there are no wagers selecting the first and second place finishers, in exact order, in all exacta (n) contests, then

(c) As a single price pool to those who selected the first and second place finishers, in exact order, in at least one of the exacta (n) contests based upon the official order of finish.

(d) If there are no wagers which correctly selected the first and second place finishers, in exact order, in at least one of the exacta (n) contests, based upon the official order of finish, then all exacta (n) tickets shall become winners and receive 100 percent of that day's net exacta (n) pool and the exacta (n) carryover pool as single price pool.

(e) Subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The exacta (n) carryover plus accrued interest shall then be added to the net exacta (n) pool of the following meet on a date and performance so designated by the commission.

V. Team Wager Pool:

(1) The team wager pool requires selection of a designated "team" in each of a designated number of contests. Winning bets shall be determined based upon the official order of finish in each contest and the standing of each team with respect to the official order of finish. For purposes of the team wager, finishers from the same team shall be bracketed together to determine a single betting interest, as set forth in Paragraph (4).

(2) Prior to the start of the contests that comprise the team wager, all participants in each of the contests shall be divided by the association between or among each of the team wager teams, and the roster of each team made public, as well as the number of points to be awarded to the team whose member is the first finisher in a designated contest, the second finisher, and so forth until no more points are awarded in that contest.

(3) At the conclusion of all contests that comprise the team wager, the number of points for each team shall be compiled, and the team with the most points shall be declared the "winning team".

(4) The team wager pool shall be apportioned under either of the following methods:

(a) Winning Margins Team Wager:

(i) In the "winning margins team wager", the total number of points awarded in the team wager shall be divided by the association into a series of brackets comprised of a series of point ranges ("winning margin") by which one team (team A) might defeat the other team (team B); a series of point ranges by which team B might defeat team A; and a tie between the teams. Each bracket shall constitute a separate betting interest in the winning margins team wager.

(ii) The net winning margins team wager pool shall be distributed as a single price pool to those who selected the correct bracket. If there are no wagers selecting the correct bracket, the entire pool shall be refunded.

(iii) Example: Points are assigned to each of the first four finishers in each contest (four points for the first finisher down to one point for the fourth finisher, for a total of 10 points awarded in each contest), based upon the official order of finish, with a total of six contests in the team wager, resulting in a total of 60 points in all. The brackets could be designated as:

Team A's winning margin is	1-10 points
	11-20 points
	21-30 points
	31-40 points
	41-50 points
	51-60 points
Team B's winning margin is	1-10 points
	11-20 points
	21-30 points
	31-40 points
	41-50 points
	51-60 points

The two teams tie, and the margin is 0 points
In this example, there are 13 separate betting interests

If, in this example, finishers representing team A come in 1st and 3rd in one contest, and finishers representing team B come in 2nd and 4th in that contest, team A would have $4+2=6$ points and team B would have $3+1=4$ points. The current winning margin (after the first contest) would be team A by 2 points

(b) Team Double Wager

(i) In the "team double wager", the commission shall approve two different methods of determining the winning tickets qualifying for a share of the net pool.

(ii) The commission shall also approve the manner of apportioning the net team double wager pool, and the conditions under which the pool shall be refunded or otherwise apportioned if there are no winning wagers.

(iii) Example: A "daily-double"-style pool consisting of having to correctly select the bracket of the winning margin, as above, as well as a bracket based upon and including the total points achieved by the winning team.

(5) Brackets

(8) Scratches

(a) Should an entry in any contest of the team wager be scratched or excused from the contest, all money wagered on combinations including this entry shall remain in the team wager pool and the ticket holder may still collect the monetary value of any distribution evidenced by the ticket containing the scratched betting interest.

(b) If, due to a scratched or excused entry, the number of entries assigned to a team in a contest of the team wager is reduced to fewer than the number of positions in the final order of finish for which the team is eligible to receive points, for purposes of the team wager pool such contest shall be declared "no contest" and wagers involving any betting interests that are no longer capable of being achieved shall be refunded.

W. Match Rival Pools:

(1) The match rival requires the selection of the winning contestant in a designated contest or series of contests, in a competition between two or more equally matched betting interests, or based on the sportsmanship or skill of the jockeys or

trainers, regardless of the official placing of the other betting interests in that contest or series of contests.

(2) The choice of which contestants from a contest shall participate in the match rival shall be made as follows:

(a) the association must obtain written approval from the commission concerning who shall determine the contestants for each match rival contest;

(b) the match rival pool shall be refunded;

(4) If there is a dead heat in a contest involving two or more of the contestants in:

(a) a single-contest match rival pool, then the entire pool shall be refunded; or

(b) one or more contests of a series, then all contestants involved in the dead heat shall be considered winners and the net pool shall be distributed as a single price pool, provided that:

(c) in a series of contests, if there is a dead heat in half or more of the contests then the match rival pool for those contests shall be refunded.

(5) If any match rival contest is cancelled or declared no contest;

(a) in a single-contest match rival pool, the pools shall be refunded;

(b) in a series of contests, if half or more of the contests are cancelled or declared no contest, then the match rival pool for those contests shall be refunded.

(6) If any contestant is scratched or declared a non-starter in any match rival contest, then that contest shall be cancelled.

(7) If all contestants fail to finish in a match rival contest, then that contest shall be cancelled.

X. 123Racing Pick (N) Wager Pool:

(1) The 123Racing pick-n is a pari-mutuel wager that requires the selection of one runner from each contest in a series of specific contests comprising the 123Racing pick-n pool ("123Racing pool"). "N" denotes the number of designated contests in that pool.

(2) Four is the minimum number of contests required to offer a 123Racing pick-n pool.

(3) If a 123Racing pick-n pool is reduced to fewer than four completed contests, the 123Racing pick-n pool will be cancelled and all wagers will be refunded.

(4) Each wager is automatically assigned to a unique wager identification by the host totalizator platform, and is allocated "points" in each contest.

(5) Points are allocated for winning selections of contestants that finish in the first, second or third position in the official results for each contest and have a pari-mutuel payout associated with its finish. Points scored will be equivalent to adding the pari-mutuel pool host payouts for its finish. Points scored will be equivalent to adding the pari-mutuel pool host payouts for the win, place and show wager on that selection (i.e. \$2 win, \$2 place and \$2 show wagers).

(6) Points are accumulated after each contest in the 123Racing pick-n pool and displayed on a leaderboard shown at betting venues and online.

(7) Each 123Racing pick-n wager is assigned a unique identifier or nickname associated with the serial number of the ticket or account wager record. This unique identifier or nickname is used to identify the wagers' progress on the leaderboard display.

(8) The unique 123Racing pick-n wagers with the highest points scores after the last designated contest, share in the payouts of the net pool according to paragraph (14) of this subsection.

(9) After each leg of the contests comprising the 123Racing pick-n wager, the leaderboard displays the points accumulated from that leg and the cumulative points of each player and their ranking in the 123Racing pick-n pool. After the final contest comprising the 123Racing pick-n, the leaderboard displays the final results and payouts for the 123Racing pick-n pool.

(10) Where a selection in a 123Racing pick-n wager does not finish in first, second or third in the official results, or the selection was a non-wagering interest, no points are scored.

(11) The 123Racing pick-n wager is not eliminated if a selection does not score points.

(12) Wagering on the 123Racing pick-n pool shall close at the start of the first designated contest in the 123Racing pick-n pool. Participants are not permitted to cancel a 123Racing pick-n wager after the 123Racing pick-n pool has closed.

(13) One hundred percent of the net 123Racing pick-n pool is paid out upon completion of all designated contests in the 123Racing pick-n pool.

(14) The distribution of the 123Racing pick-n pool is based on the winning wager(s) in the following order of precedence:

(a) Single winners of the 123Racing pick-n pool

(i) The highest scoring single wager in the 123Racing pick-n pool receives sixty percent of the net pool.

(ii) The second highest scoring single wager receives thirty percent of the net pool.

(iii) The third highest scoring single wager receives ten percent of the net pool.

(b) If there are two 123Racing pick-n wagers that score the highest points then those two winning wagers share ninety percent (sixty percent plus thirty percent) of the net pool equally divided between the two winning wagers and the second highest scoring single wager receive ten percent of the net pool.

(c) If there are three or more winning wagers scoring the same highest points, one hundred percent of the net pool is equally divided amongst each winning wager. This shall be done consistent with the minimum pari-mutuel payouts of the jurisdiction in which the wager was hosted.

(d) If there is a single wager with the highest points total, and two or more wagers with the second highest points total, the highest scoring wager will receive sixty percent of the net pool, and the second highest points wagers share forty percent of the net pool equally divided by the two or more wagers, as the case may be, that scored the second highest points total.

(e) If there is a single wager with the highest points total, and a single wager with the second highest points total, and two or more wagers with the third highest

points total, the highest scoring wager will receive sixty percent of the net pool, the second highest point wager will receive thirty percent of the net pool, and the third highest point wagers will share ten percent of the net pool equally divided by the two or more wagers, as the case may be, that scored the third highest point total.

(15) Subject to paragraph (3) of this subsection, if a single contest included as part of a 123Racing pick-n pool is cancelled or declared a "no contest", the net pool shall be distributed based on the results of the other designated contests included in the pool.

(16) Coupled entries or mutuel fields, as defined within the rules and regulations of the commission, shall race in any 123Racing pick-n contest as a single betting interest for purposes of the 123Racing pick-n pool calculations.

(17) A scratch after wagering on the 123Racing pick-n has begun of any betting interest of a coupled entry or mutuel field selection in said 123Racing pick-n contest shall be of no effect with respect to the status of such remaining entry either or both field as a viable wagering interests, unless in conflict with the wagering rules in the host track jurisdiction.

(18) Should a betting interest in any of the 123Racing pick-n contests be scratched, the post time favorite, as evidenced by total amounts wagered in the win pool at the host association for the contest at the close of wagering on that contest shall be substituted for the scratched betting interest for all purposes including pool calculations. In the event that the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interest which became winners as result of the substitution in addition to the normal winning combination.

(19) The takeout and the pool distribution for a 123Racing pick-n pool shall be set by the host association and approved by the host regulatory commission.

(20) With written approval of the commission, the pool host may contribute to the net amount of the 123Racing pick-n pool.

(21) 123Racing pick-n scoring example: Picks that finish first, second, or third in each contest score points allocated by summing the pari-mutuel payouts equivalent to a \$2 win, place and show wager, i.e. by summing the official win, place and show pari-mutuel payouts for the contest, as in the following examples:

Horse A - First Place	Horse B - Second Place	Horse C - Third Place
Win: \$6.00 Place: \$5.60 Show: \$2.20	Place: \$15.60 Show: \$4.80	Show: \$2.10
	Total Score Equals:	Total Score Equals:

Total Score Equals:	Place + Show = 20.40 points	Place = 2.10 points
Win + Place + Show =13.80 points

B. If the respondent fails to file an answer to the complaint, the petitioner shall file a motion requesting the hearing examiner to recommend to the board that default judgment be entered against respondent:

(1) the respondent shall file a response to the motion and shall request a hearing on the motion to recommend default judgment within 10 calendar days of the date the motion is served; failure of the respondent to file a response and to request a hearing shall constitute consent to the granting of the motion; and

(2) if the respondent timely files a response to the motion, the hearing examiner shall hear the matter; the hearing examiner may deny the motion and allow the respondent additional time to answer the complaint if an accident, illness or other good cause prevented the respondent from timely answering the complaint.

There will a kicking judge assigned to each contestant in a contest.

A. Location of kicking judges: Each kicking judge will be positioned at ringside sitting opposite his contestant's opposing contestant's corner.

B. Responsibility of kicking judges: It is the responsibility of the kicking judges to determine the legality of the kicks executed by his own contestant, and to keep count of the number of kicks they determine to be legal.

C. Tracking the number of kicks with flip-cards: Both kicking judges shall use a card set of eight (8) flip-cards numbered one (1) through eight (8) to keep track of the number of kicks executed by his own assigned fighter. The promoter of the event shall supply all flip-cards for the kicking judges' use.

(1) When the first legal kick is thrown, the kicking judge will hold up the card with the number one (1), and as each legal kick is thrown, he will continue to hold up the appropriate card for the number of legal kicks thrown by his contestant during the round.

(2) If a contestant executes less than the minimum number of required legal kicks in any one (1) round, the kicking judge will immediately notify the referee of the number of kicks thrown.

[15.6.12.14 NMAC - N, 03-23-2002; A, 02-13-2015]

15.6.12.15 MINIMUM KICKING REQUIREMENTS:

A. Legal kicks: Each contestant must execute at least eight (8) legal kicks per round in a contest bout.

(1) Legal kicks are considered those that are attempts to land hard on a target area of the opponent's body with the intent to do damage.

(2) The determination as to which kicks will be counted as legal is made by the kicking judges.

B. Points deduction: One (1) point will be deducted from each scoring judge's ballot for each legal kick less than eight (8) thrown by a contestant.

C. Penalty for failing to fulfill MKR: A contestant will be immediately disqualified if he does not fulfill his minimum kicking requirement (MKR) in any of the following contests:

(1) in any two (2) rounds of a bout that is three (3), four (4), five (5), or six (6) rounds in length; or

(2) in any three (3) rounds of a bout that is seven (7), eight (8), nine (9), ten (10), or eleven (11) rounds in length; or

(3) in any four (4) rounds of a twelve (12)-round world title bout.

D. MKR requirement reduced: MKR requirements will be reduced by one (1) kick for both contestants in any given round for standing eight (8) count or mandatory eight (8) count. (For example, if a round has one (1) knockdown, the minimum kick requirement would be seven (7) for that round.) Each kicking judge will drop a card for each contestant during the standing or mandatory eight (8)-count to compensate for the MKR reduction.

15.6.12.16 [RESERVED]

[15.6.12.16 NMAC - N, 03-23-2002]

15.6.12.17 SCORING:

A. Balloting by scoring judges: The three scoring judges of a contest will each select a winner of each round at the end of each round, marking their ballots accordingly.

B. Ballots final: Once the respective scoring judges have marked the ballots, no changes of the ballots are allowed, except at the express directive of the sanction body representative or the commission representative.

C. Scoring system: Each scoring judge scores all rounds by recording a score of not more than ten (10) and not less than five (5) points for the winner of each round according to the following qualifications:

(1) **10-10 score:** A 10-10 score indicates an even round. Neither contestant distinguished himself as being more effective than the other. In addition, the contestants appeared equal in the other areas used to break an even round, such as opponent control, ring strategy, and overall conditioning and abilities as a complete karate contestant (with emphasis on kicking ability).

(2) 10-9 score: A 10-9 score indicates that one (1) contestant distinguished himself as the more effective fighter during the round as described in Paragraph (1). This score is used often, and indicates an obvious margin between the contestants. Should one contestant have been only slightly better in a round, an appropriate score would be 10-9.5.

(3) 10-8 score: A 10-8 score is used sparingly, but it indicates a round in which one (1) contestant was in constant control and unquestionably outclassed his opponent. This contestant must also have obviously stunned his opponent, usually including at least one (1) knockdown or one (1) standing eight (8)-count. If there were no knockdowns or standing eight (8)-counts, there must still have been enough damage done to indicate that at least one(1) of the occurrences was imminent, and in this case a more appropriate score would be 10-8.5.

(4) 10-7 score: A 10-7 score is very seldom used. It indicates total domination by one (1) fighter to the point that the referee nearly stops the bout. The losing fighter must have been completely dominated and controlled, generally including at least two (2) knockdowns or two (2) standing eight (8)-counts. A 10-7-5 score may be given to indicate a round that a scoring judge determines falls between the qualifications for a 10-7 round and a 10-8 round.

(5) 10-5 score: A 10-5 score is almost never used. Generally is a 10-6 score seen only on national continental, or world title bouts in which the three (3)-knockdown rule has been waived. One (1) contestant must have been so completely dominated as to have been knocked down at least three (3) times and never to have really been in the fight at all. Scores of 10-6.5 and 10-5.5 also require these circumstances.

D. [RESERVED]

E. Points totaled: Points shall be totaled on each scoring judge's scorecard to determine that judge's selection of a winner. Each judge's selection will count as one (1) vote towards determining the overall winner of the bout.

(1) A scorecard draw: If a judge's scorecard, when totaled, reflects an equal number of points for both contestants, that judge will have voted for a draw.

(2) A majority decision: If two (2) judges' scores favor one (1) contestant, and the other judge votes for a draw, the two (2) votes for the same contestant shall declare a winner by a majority decision.

(3) A unanimous decision: If all three (3) judges' scores favor one (1) contestant, that contestant shall be declared the winner by a unanimous decision.

(4) A split decision: If one (1) judge votes for one (1) contestant and the remaining two (2) judges vote for the other contestant, the contestant receiving the two (2) votes shall be declared the winner by split decision.

[15.6.12.17 NMAC - N, 03-23-2002; A, 02-13-2015]

15.6.12.18 METHODS OF OFFENSIVE SCORING TECHNIQUE:

Methods of offensive scoring techniques are regulated by the event sanctioning body and must be pre-approved by the commission.

15.6.12.19 [RESERVED]

[15.6.12.19 NMAC - N, 03-23-2002]

15.6.12.20 FOULS:

A. Categories of fouls: At the discretion of the referee, fouls may be classified into two (2) categories: one to three (1-3) point fouls.

B. Referee's discretion regarding foul penalty: The referee's decision as to the severity of the penalty for a foul committed will be based on the intent of the contestant committing the foul and the result of the foul.

(1) At the time of the infraction, the referee will indicate to the scorekeeper the number of points to be deducted from each scoring judges' ballot at the end of the round; or

(2) The referee may simply issue a warning to the contestant, and no points will be deducted.

C. Referee determines scoring of the foul: The scoring of the foul will be based on the referee's determination, as follows:

(1) If the referee determines that the foul was obviously committed by one (1) of the contestants, and that the fouled contestant did not contribute to the injury (e.g., by ducking into a knee; moving into an oncoming forehead, etc.), the referee will instruct the scorekeeper to deduct the appropriate number of points from the scorecard of the contestant who committed the foul.

(2) If the referee determines that the injured contestant was responsible for his own injury, the referee will not penalize his opponent in any manner. In this case, if the referee or ring physician determines that the injured contestant is unable to continue, he will lose the contest by a technical knockout.

(3) If an injury occurs as a result of a blind foul, the referee may, at his sole discretion, confer with any or all of the three judges and the ISKA representative to

determine which contestant was at fault. The referee may consider any, all, or none of these officials' input in making his final determination.

D. List of Fouls:

- (1) head butting;
- (2) striking with the elbow or knee;
- (3) striking or kicking to the hip, groin, knee, or any area below the waist;
- (4) intentional striking or kicking to the back of the head, neck, or to the throat;
- (5) striking to the face with any part of the arm other than the gloved hand (as in the spinning-backfist attempt that lands with the forearm or elbow);
- (6) linear, or straight-in, striking or kicking to the spine;
- (7) punching or kicking a contestant when he is down. However, if a contestant is on his way to the floor, the opponent may continue his attack until the other opponent touches the floor with any part of his body other than his feet;
- (8) takedowns, other than legal sweeps;
- (9) intentionally pushing, shoving or wrestling an opponent to the canvas or out of the ring with any part of the body;
- (10) illegal sweeping (see 15.6.12.32.D NMAC);
- (11) attacking on the break when both contestants have been instructed by the referee to take one (1) [~~step~~] step back;
- (12) attacking after the bell to end the round has sounded;
- (13) holding and hitting (e.g. holding with one (1) hand, especially behind the neck, and hitting with the other hand);
- (14) grabbing or holding on to an opponent's foot or leg, followed by a takedown, strike, or kick;
- (15) holding the ropes with one (1) hand while kicking, punching, or defending with the other hand or with the legs;
- (16) leg checking; the contestant whose leg was checked shall have an attempted kick counted by the kicking judge;

(17) purposely going down without being hit, which will result in the referee's automatically administering an eight (8)-count as specified in the rule on knockdowns; no points will be subtracted from the scorecard by the scorekeeper in this case, but the judges will consider this knockdown as they would any other knockdown;

(18) using abusive language in the ring on in the corner, as determined by the referee;

(19) hitting or flicking one's opponent with an open glove or thumb;

(20) intentionally evading contact;

(21) clinching;

(22) intentionally delaying the contest through the use of improper equipment with seconds remaining in the ring after the start of the round;

(23) beginning a round without a mouthpiece; or intentionally dropping a mouthpiece; or intentionally spitting out the mouthpiece, etc.;

(24) spitting, slapping, or biting;

(25) palm heel strikes;

(26) any un-sportsmanlike trick or action causing injury to an opponent.

E. Consequences of delivering a fouling technique deemed malicious: A contestant who executes a fouling technique which is deemed malicious (i.e. delivered with the intent of causing injury above and beyond the scope reasonably expected in a contest of this nature), may be subject to sharing the medical, as well as, related recovery and recuperation expenses suffered as a result of the fouling technique by the injured opponent.

15.6.12.22 SCOREKEEPER SCORES THE FOULS:

A. Points deducted for fouls: When a referee determines that a foul has been committed, and that the fight will continue, the scorekeeper will automatically deduct the appropriate number of points from each of the judge's scorecards.

B. When both contestants commit fouls: When both contestants commit fouls, the scorekeeper will deduct points from each judge's scorecard for each contestant.

C. Repeated fouls: In the event that a contestant commits two (2) three (3)-point fouls in one round, or commits the same foul two (2) or more times during the course of a contest:

(1) The contestant may be automatically disqualified by the referee.

(2) The referee may also allow the fight to continue if he feels that no malicious intent is involved and instruct the scorekeeper to deduct the appropriate points for each foul.

D. No less than zero points scored: No contestant will be scored less than zero in a round.

[15.6.12.22 NMAC - N, 03-23-2002; A, 02-13-2015]

15.6.12.23 CONTEST STOPPED AS A RESULT OF FOULS:

A. Recovery time for injured contestant: If the referee determines that the fouled contestant needs time to recover, he may stop the bout and the time, and give the injured contestant a reasonable amount of time to recover.

B. Contestant examined: At the end of this reasonably allotted rest period, the referee and the ring physician will determine if the fouled contestant can continue the bout. If he can continue, time in that round will be resumed and the bout will continue.

[15.6.12.24 NMAC - N, 03-23-2002]

15.6.12.25 METHOD OF COUNTING OVER A FIGHTER WHO IS DOWN:

A. Beginning the count: When a contestant is knocked down or purposely falls down, the referee shall instruct the opponent to retire to the farthest neutral corner of the ring by pointing to that corner, and will immediately begin the count over the contestant who is down.

B. Referee's audible count: The referee will audibly announce the passing of the seconds, accompanying the audible count with motions of his arm; the motion indicating the end of each second.

C. Mandatory eight (8)-count: If a contestant is knocked down, the referee will automatically begin a mandatory eight (8)-count and then, if the fighter appears able to continue, will allow the bout to resume.

D. Timekeeper's count: The timekeeper will give the referee the correct one (1)-second interval for his count by slapping his hand downward on the ring and audibly or visually indicating the seconds passing.

E. Official count: The referee's count is the only official count.

F. Stopping the count:

(1) The referee shall not count past eight (8) if the contestant has risen to his feet.

(2) Should the opponent fail to stay in the farthest neutral corner as instructed by the referee, the referee shall stop the count until the opponent has returned to the neutral corner. After the opponent returns to the neutral corner, the referee shall resume the count at the point from which it was interrupted.

G. Determination that immediate attention is required: If in the referee's opinion, he believes the downed contestant will be unable to rise by the count of ten (10) and requires immediate attention, he may signal the end of the bout before the count of ten (10). He will do so by waving his arms in front of his face and immediately summoning the downed contestant's corner personnel and the ring physician to attend the downed contestant.

H. Stopping the count during physician's examination: The referee may, at his discretion, request that the ringside physician examine a contestant during the bout. Should the examination occur during the course of a round, the clock will be stopped until the examination is complete.

[15.6.12.25 NMAC - N, 03-23-2002; A, 02-13-2015]

15.6.12.26 THE KNOCKOUT OR KNOCKDOWN:

A contestant will be declared knocked down if any portion of his body other than his feet touches the floor.

A. Being pushed or slipping: A contestant will not be declared knocked down if he is pushed or accidentally slips to the floor. The referee will make the decision as to whether a contestant was pushed or slipped to the floor, rather than being knocked down.

B. Knockout declared: In all full contact karate contests, if the downed contestant fails to rise before the count of ten (10), the referee will declare him knocked out, and the bout will be awarded to the opponent by a knockout.

C. Signaling the knockout: If the contestant taking the count is still down when the referee calls the count of ten (10), the referee will wave both arms to indicate that the contestant has been knocked out and will signal that the opponent is the winner.

D. No being saved by the bell: There is no being saved by the bell. A round's ending before the referee reaches the count of ten (10) will have no bearing on the count.

E. Technical knockout: If a referee determines, during the rest period between rounds, that a contestant is unable to continue the bout, he can declare the opponent the winner by a technical knockout.

F. Going through the ropes: When a contestant has been wrestled, pushed, or has fallen through the ropes during a bout, the provisions in 15.6.12.29 NMAC of this rules shall apply. The timekeeper will begin the count pursuant to that rule.

G. Contestants go down simultaneously: If both contestants go down simultaneously, the count will begin and continue as long as one of the contestants is down.

(1) If one (1) contestant rises before the count of ten (10), and the other contestant remains down through the count of ten (10), the contestant who rose shall be declared the winner by a knockout.

(2) If both contestants rise before the count of ten (10), the round will continue.

H. Technical draw: If both contestants remain down until the count of ten (10), the bout will be stopped and the decision will be a technical draw.

I. Resuming the count: Should a fighter who has been knocked down rise before the count of ten (10) is reached and then go down immediately without being struck, the referee shall resume the count where it was left off.

J. Starting a new count: If the contestant stands for more than two (2) seconds, or is in some way touched by his opponent before going down, the referee will begin a new count.

[15.6.12.26 NMAC - N, 03-23-2002; A, 02-13-2015]

15.6.12.27 STANDING EIGHT (8)-COUNT:

A. Amateur and professional contests: In all amateur and professional contests, the referee may, at his discretion, administer a standing eight-(8)-count to a contestant who is in trouble, but who is still standing.

B. Opponent to neutral corner: The referee shall direct the opponent to a neutral corner, and then begin counting from one (1) to eight (8), examining the contestant in trouble as he counts.

C. Contest ordered to resume: If, after completing the eight (8)-count, the referee determines that the contestant is able to continue, he shall order the bout to resume.

D. Technical knockout declared: If, after completing the eight (8)-count, the referee determines that the contestant is unable to continue, he shall stop the bout and declare the opponent the winner by a technical knockout.

15.6.12.29 WHEN A CONTESTANT FALLS FROM THE RING DURING THE ROUND:

A. Time-out called: When a contestant has been wrestled, pushed, or has fallen over or through the ropes during a bout, the referee will call time-out, and if the fallen contestant's ability to return to the ring seems questionable, the referee may ask the ringside physician to examine the contestant.

B. Rules on assisting fallen contestant: If, in the opinion of the physician and the referee, the fallen contestant is able to continue the bout, only one handler from his corner will be allowed to assist the fallen contestant back into the ring.

(1) The handler will do no more than assist the fallen contestant.

(2) If the handler is found performing any other tasks as are normal during rest periods (i.e. stopping a cut, etc.), the referee will immediately penalize or disqualify the fallen contestant.

C. Penalties: A contestant who deliberately wrestles, pushes, or throws an opponent out of the ring, or who hits his opponent when he is partly out of the ring and prevented by the ropes from assuming a position of defense, will be penalized by the referee.

D. Disqualification: If the tactic committed in Subsection C of this section results in injury to the opponent, the guilty contestant may be disqualified according to the

appropriate rulings under 15.6.12.20 NMAC of the commission's rules and regulations regarding fouls.

E. Situation where counting begins: When a contestant intentionally falls through the ropes, or was knocked from the ring by a fair blow (which is to say that he was not wrestled, pushed, or otherwise shoved through the ropes by his opponent), the referee will begin counting the fallen contestant as though he has been knocked out in the ring.

(1) In this instance, the fallen contestant's seconds will not be allowed to assist him back into the ring.

(2) Once standing on the ring platform outside the ropes, the contestant must enter the ring immediately where he may either resume the bout or the referee may finish the count.

F. Other contestant to neutral corner: When a contestant has fallen over or through the ropes, the other contestant shall retire to the farthest neutral corner of the ring and stay there until instructed to continue the bout by the referee.

15.6.12.30 THREE (3) -KNOCKDOWN RULE:

A. Amateur or professional contests: In any amateur or professional contest, the "three (3) knockdown rule" will be in effect.

B. In all contests: In all contests, the standing eight (8)-count will be considered a knockdown under this "three (3) knockdown rule".

(1) Should any contestant be knocked down or receive a standing eight (8)-count three (3) times during the course of a round, he will be considered knocked out.

(2) The referee will automatically terminate the bout and award the victory to the opponent by knockout or technical knockout.

C. National, continental and world title contests: In national, continental, and world title contests, this rule is automatically waived and contests will be stopped at the discretion of the referees.

15.6.20.18 RESULTS OF CONTEST:

A contest of mixed martial arts may end under the following results.

A. Knockout (KO): as soon as a fighter becomes unconscious due to strikes, his opponent is declared the winner (because MMA rules allow ground fighting, the fight is stopped to prevent further injury to an unconscious fighter).

B. Submission: a fighter may admit defeat during a match by:

- (1) tapping three times on his opponent's body;
- (2) tapping three times on the mat or floor; or
- (3) verbal announcement.

C. Technical knockout (TKO).

(a) a fighter becomes dominant to the point where the opponent is unable to intelligently defend himself from attacks (this may occur as quickly as a few seconds);

(b) a fighter appears to be unconscious from a grappling hold; or

(c) a fighter appears to have developed significant injuries (such as a broken bone) in the referee's view.

(2) Doctor stoppage: the referee will call for a time out if a fighter's ability to continue is in question as a result of apparent injuries (such as a large cut). The ring doctor will inspect the fighter and stop the match if the fighter is deemed unable to continue safely, rendering the opponent the winner. However, if the match is stopped as a result of an injury from illegal actions by the opponent, either a disqualification or no contest will be issued instead. In order to avoid doctor stoppages, fighters employ cut men, whose job is to treat cuts and hematomas between rounds to prevent them from becoming significant enough to cause a doctor stoppage.

D. Decision: if the match goes the distance, then the outcome of the bout is determined by three judges. The judging criteria are organization-specific via the scorecards, including:

- (1) unanimous decision;
- (2) split decision;
- (3) majority decision;
- (4) draw; or

(5) technical decision.

E. Forfeit: a fighter or his representative may forfeit a match prior to the beginning of the match, thereby losing the match.

F. Disqualification: a "warning" will be given when a fighter commits a foul or illegal action or does not follow the referee's instruction. Three warnings will result in disqualification. Moreover, if a fighter is injured and unable to continue due to a deliberate illegal technique from his opponent, the opponent will be disqualified.

G. No Contest: in the event that both fighters commit a violation of the rules, or a fighter is unable to continue due to an injury from an accidental illegal technique, the match will be declared a "no contest".
