

TITLE 16: OCCUPATIONAL AND PROFESSIONAL LICENSING

CHAPTER 1: OCCUPATIONAL AND PROFESSIONAL LICENSING GENERAL PROVISIONS

PART 1: PARENTAL RESPONSIBILITY ACT COMPLIANCE

16.1.1.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, on behalf of the department, its divisions, and all administratively attached boards and commissions.

[16.1.1.1 NMAC - Rp, 16 NMAC 1.1.I.100, 01/23/11]

16.1.1.2 SCOPE:

This part applies to disciplinary proceedings by an issuing agency pursuant to the Parental Responsibility Act against a license, certificate, registration or permit required to engage in a profession or occupation.

[16.1.1.2 NMAC - Rp, 16 NMAC 1.1.I.101, 01/23/11]

16.1.1.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Parental Responsibility Act, Sections 40-5A-1 to 40-5A-13 NMSA 1978.

[16.1.1.3 NMAC - Rp, 16 NMAC 1.1.I.102, 01/23/11]

16.1.1.4 DURATION:

Permanent.

[16.1.1.4 NMAC - Rp, 16 NMAC 1.1.I.103, 01/23/11]

16.1.1.5 EFFECTIVE DATE:

January 23, 2011, unless a later date is cited at the end of a section.

[16.1.1.5 NMAC - Rp, 16 NMAC 1.1.I.104, 01/23/11]

16.1.1.6 OBJECTIVE:

This part is intended to implement the requirements of the Parental Responsibility Act as they apply to the issuance, renewal, suspension or revocation of any license, certificate, registration or permit required to engage in a profession or license by an issuing agency under this part.

[16.1.1.6 NMAC - Rp, 16 NMAC 1.1.I.105, 01/23/11]

16.1.1.7 DEFINITIONS:

A. All terms defined in the Parental Responsibility Act shall have the same meanings in this part unless defined below.

B. As used in this part:

(1) "agency" means as the context requires, the issuing agency that is implementing the Parental Responsibility Act;

(2) "HSD" means the New Mexico human services department;

(3) "license" means a license, certificate, registration or permit issued by an agency that a person is required to have to engage in a profession or occupation in New Mexico;

(4) "statement of compliance" means a certified statement from HSD stating that an applicant or licensee is in compliance with a judgment and order for support;

(5) "statement of non-compliance" means a certified statement from HSD stating that an applicant or licensee is not in compliance with a judgment and order for support.

[16.1.1.7 NMAC - Rp, 16 NMAC 1.1.I.106, 01/23/11]

16.1.1.8 DISCIPLINARY PROCEEDINGS:

A. Disciplinary action: If an applicant or licensee is not in compliance with a judgment and order for support, the agency:

(1) shall deny an application for a license;

(2) shall deny the renewal of a license; and

(3) has grounds for suspension or revocation of a license.

B. Certified list: Upon receipt of HSD's certified list of obligors not in compliance with a judgment and order for support, the agency shall match the certified list against the current list of agency applicants and licensees. Upon the later receipt of an application

for licensure or renewal, the agency shall match the applicant against the current certified list. By the end of the month in which the certified list is received, the agency shall report to HSD the names of agency applicants and licensees who are on the certified list and the action the agency has taken in connection with such applicants and licensees.

C. Initial action: Upon determination that an applicant or licensee appears on the certified list, the agency shall:

(1) commence a formal proceeding under Subsection D of 16.1.1.8 NMAC to take the appropriate action under Subsection A of 16.1.1.8 NMAC; or

(2) for current licensees only, informally notify the licensee that the licensee's name is on the certified list, and that the licensee must provide the agency with a subsequent statement of compliance by the earlier of the application for license renewal or a specified date not to exceed six months; if the licensee fails to provide the statement, the agency shall commence a formal proceeding under Subsection D of 16.1.1.8 NMAC.

D. Notice of contemplated action: Prior to taking any action specified in Subsection A of 16.1.1.8 NMAC, the agency shall serve upon the applicant or licensee a written notice stating that:

(1) the agency has grounds to take such action, and that the agency shall take such action unless the licensee or applicant:

(a) mails a letter (certified mail, return receipt requested) within 20 days after service of the notice requesting a hearing; or

(b) provides the agency, within 30 days of the date of the notice, with a statement of compliance, and

(2) if the applicant or licensee disagrees with the determination of non-compliance, or wishes to come into compliance, the applicant or licensee should contact the HSD child support enforcement division.

E. Evidence and proof: In any hearing under this part, relevant evidence is limited to the following:

(1) a statement of non-compliance is conclusive evidence that requires the agency to take the appropriate action under Subsection A of 16.1.1.8 NMAC, unless;

(2) the applicant or licensee can provide the agency with a subsequent statement of compliance which shall preclude the agency from taking any action based solely on the prior statement of non-compliance.

F. Order: When an action is taken under this part solely because the applicant or licensee is not in compliance with a judgement and order for support, the order shall state that the application or license shall be reinstated upon presentation of a subsequent statement of compliance. The agency may also include any other conditions necessary to comply with agency requirements for reapplication or reinstatement of lapsed licenses.

G. Procedures: Proceedings under this part shall be governed by the Uniform Licensing Act, Section 61-1-1 NMSA 1978, *et seq.*, or any other adjudicatory procedures adopted by the agency.

[16.1.1.8 NMAC - Rp, 16 NMAC 1.1.II.200-206, 01/23/11]

PART 2: SUNRISE PROGRAM

16.1.2.1 ISSUING AGENCY:

Regulation and Licensing Department.

[2/1/94; Recompiled 12/31/01]

16.1.2.2 SCOPE:

Any unregulated profession or occupation that is not under the authority of an existing agency and that seeks to create a new board or commission for the public health, safety or welfare must comply with the provisions of the Act and must submit an application for regulation in accordance with these rules and regulations.

[2/1/94; Recompiled 12/31/01]

16.1.2.3 STATUTORY AUTHORITY:

These rules and regulations are adopted pursuant to Section 12-9A-6, NMSA 1978, 1993 supplement.

[2/1/94; Recompiled 12/31/01]

16.1.2.4 DURATION:

Permanent.

[2/1/94; Recompiled 12/31/01]

16.1.2.5 EFFECTIVE DATE:

February 1, 1994 [unless a later date is cited at the end of a section].

[2/1/94; Recompiled 12/31/01]

16.1.2.6 OBJECTIVE:

PURPOSE OF SUNRISE REVIEW:

A. The sunrise review establishes a system for investigation of the necessity of State regulation of an occupation or profession prior to the legislature enacting any law for such regulation.

B. The sunrise review enables the Committee and legislature to evaluate the need for regulation of an occupation or profession and to determine the level of regulation needed to safeguard the public health, safety or welfare.

[2/1/94; Recompiled 12/31/01]

16.1.2.7 DEFINITIONS:

Each of the following terms shall have the meaning indicated when used in these rules and regulations:

A. "Act" is the Sunrise Act (Sections 12-9A-1 through 12-9A-6, NMSA 1978, 1993 Supplement).

B. "Applicant Group" is any business or professional group or organization, any individual, or any other interested party who submits a completed application for sunrise review to the Manager.

C. "Committee" is the Legislative Finance Committee of the State of New Mexico.

D. "Department" is the Regulation and Licensing Department of the State of New Mexico.

E. "Manager" is the Sunrise Program Manager of the Regulation and Licensing Department of the State of New Mexico.

F. "Sunrise Review" is the process by which a determination is made regarding the necessity for State regulation of an occupation or profession.

[2/1/94; Recompiled 12/31/01]

16.1.2.8 FUNDING OF SUNRISE PROGRAM:

A. To implement the provisions of the Act, the Department was granted authority to assess costs of the sunrise program among boards covered by the Uniform Licensing Act (Sections 61-1-1 through 61-1-31, NMSA 1978).

B. The Department shall submit an annual budget request for the costs of the sunrise program. Funding shall be approved by the legislature as part of the General Appropriations Act. The Department shall assess annually each board covered by the Uniform Licensing Act a proportionate share, based upon its budget, for the costs of the sunrise program.

C. The Department shall return proportionately to the contributing boards any of their contributed funds that are unexpended by the sunrise program at the end of the fiscal year.

D. The Department shall deposit to the funds of the sunrise program all application fees paid by Applicant Groups. Such application fees shall be used to pay part of the costs of the sunrise program, thereby reducing proportionately the contribution of each of the boards for the costs of the sunrise program.

[2/1/94; Recompiled 12/31/01]

16.1.2.9 APPLICATION FOR REGULATION - GENERAL INFORMATION:

A. An Applicant Group seeking state licensure or regulation of a profession or occupation not under the authority of an existing agency shall submit an application for regulation to the sunrise program.

B. The burden of proving the need for regulation of an occupation or profession is on the Applicant Group. The Applicant Group can demonstrate a need for regulation by meeting the criteria for licensure and regulation set forth in the Act. The more thoroughly the need for regulation is substantiated by the Applicant Group, the more easily and quickly the application can be reviewed.

C. A complete application consists of submittal to the Manager of the completed Applicant Group Questionnaire and the required fee. The Questionnaire must be complete in all details and all items must be addressed.

D. The Applicant Group shall submit sufficient information to enable the Manager, Department and Committee to fairly, adequately and completely evaluate its application.

E. The Applicant Group shall cooperate with the Manager, Department and Committee as necessary to interpret and clarify the application and supporting materials. The Applicant Group shall provide, to the extent possible, all information requested by the Manager, Department or Committee.

F. Ordinarily, an Applicant Group's approved request for regulation will be considered by the legislature only during one of its "long" sessions; i.e., during odd-numbered years. Therefore, it is recommended that the Applicant Group have its completed application in the Manager's office by January 1st, but in no case later than April 1st, of the even-numbered year preceding the legislature's "long" session. The

earlier an Applicant Group submits its application, the better its chances of receiving a complete sunrise review prior to the start of a particular legislative session. Although the Manager, Department and Committee shall make every effort to promptly complete their sunrise review of each application, it is possible, upon occasion, that a complete review of a particular application cannot be completed prior to the start of a particular legislative session. In such case, if the application for licensure or regulation is approved at a later date by the Committee, the Committee shall consider action on the proposed licensure or regulation at the next legislative opportunity.

G. Ordinarily, an application from an Applicant Group will be reviewed in the order in which it is received; i.e., the first application received shall be the first one reviewed. If it is necessary for the Manager, Department or Committee to establish priorities, the priority of one applicant group over another will be based on information in the applications, particularly that relating to the potential harm to the public that may be caused by the continued practice of the unregulated group. In such case, the Manager, Department or Committee shall decide on the order in which each application shall be reviewed.

[2/1/94; Recompiled 12/31/01]

16.1.2.10 PROCEDURE FOR SUNRISE REVIEW:

A. The Applicant Group first shall submit a letter of intent to the Manager, declaring its interest in becoming regulated by the State of New Mexico and its desire to begin the sunrise review process. The letter of intent shall be delivered to: Sunrise Program Manager, Regulation and Licensing Department, State of New Mexico, Post Office Box 25101, 725 St. Michaels Drive, Santa Fe, New Mexico 87504

B. Upon receipt of the letter of intent, the Manager shall contact the Applicant Group to arrange for a meeting to discuss the application requirements set forth in these rules and regulations and in the Applicant Group Questionnaire; if, for any reason, the Applicant Group's representative(s) cannot attend such a meeting, the Manager shall send to the Applicant Group a copy of these rules and regulations and an Applicant Group Questionnaire.

C. Upon request by the Applicant Group, the Manager will review a draft of the application and recommend changes as necessary. The Applicant Group, however, is the final authority on the contents of the application.

D. The Applicant Group shall submit its completed application to the Manager at the address set forth in paragraph "A" above.

E. An application fee of one thousand dollars (\$1,000.00) must accompany the completed Questionnaire. The check or money order in payment of such fee shall be made payable to "Regulation and Licensing Department".

F. Within ten (10) working days of the Manager's receipt of the application from an Applicant Group:

(1) If the application is complete, the Manager shall send a letter of acceptance to the Applicant Group stating its proposal has been accepted for sunrise review; or

(2) If the application is not complete, the Manager shall send a letter to the Applicant Group stating specifically what additional information is necessary.

G. When the Applicant Group's application has been accepted for sunrise review, the Manager shall notify in writing the Department, Committee, boards covered by the Uniform Licensing Act, and Governor's Office, and shall begin the sunrise review process. If necessary, the Manager shall contact the Applicant Group to clarify documentation or to request additional information.

H. During the process of sunrise review, the Manager shall solicit comments from the public relative to the necessity or desirability of regulation of the Applicant Group. The Manager may contact directly boards covered by the Uniform Licensing Act, professional associations, interested parties and groups and/or schedule public hearings to be held in one or more cities in the State.

I. The Manager shall submit to the Department a written review and evaluation of the Applicant Group's proposal and a recommendation regarding regulation.

J. The Manager, with the Department's approval, shall submit to the Committee and to the Governor's Office a written review and evaluation of the Applicant Group's proposal and a recommendation regarding regulation.

K. The Committee shall review the Applicant Group's proposal and the Department's written comments and recommendation. The Committee may conduct a hearing on the pro the proposal or may request additional information from the Applicant Group. It shall be the responsibility of the Applicant Group to furnish promptly any additional information requested by the Committee.

L. If the Committee finds that all criteria for licensure or regulation of an occupation or profession have been met pursuant to Section 12-9A-3, NMSA 1978, 1993 Supplement, it may recommend creation of a new board or commission to regulate or license the occupation or profession. Such recommendation shall be made to the legislature in accordance with the requirements of Section 12-9A-5, NMSA 1978, 1993 Supplement.

M. If the Committee does not find that all criteria for licensure or regulation of an occupation or profession have been met, it may recommend denial of the application for regulation.

N. If the Committee finds that the criteria for licensure or regulation of an occupation or profession would be met if amendment were made to the application for regulation, it may recommend such amendment to the Applicant Group and it may allow such amendment to be made to the application before making its final recommendation.

O. Whether the Committee recommends approval or denial of the application of an Applicant Group, it may make additional recommendations regarding solutions to problems identified during the sunrise review.

[2/1/94; Recompiled 12/31/01]

16.1.2.11 REAPPLICATION FOR SUNRISE REVIEW:

A. If the Committee does not recommend creation of a new board or commission to license or regulate a profession or occupation, the Applicant Group may reapply for a sunrise review after the expiration of one (1) year from the date of the Committee's decision.

B. Notwithstanding the time limitation of paragraph "A" above, in the event of extreme or compelling circumstances or clear evidence of harm or endangerment to the health, safety or welfare of the public, the Applicant Group may reapply for sunrise review at any time.

C. When reapplying for sunrise review, the Applicant Group shall follow the procedure for sunrise review as set out in Section 201.00 of these rules and regulations.

[2/1/94; Recompiled 12/31/01]

16.1.2.12 APPLICATION FEE:

The application fee shall be one thousand dollars (\$1,000.00) for any Applicant Group seeking State regulation of a profession or occupation through creation of a new board or commission.

[2/1/94; Recompiled 12/31/01]

16.1.2.13 MISCELLANEOUS FEES:

A. The fee for photocopies of documents shall be twenty-five cents (\$0.25) per page.

B. The fee for certified copies of documents shall be fifty cents (\$0.50) per page.

C. The fee for any check which fails to clear the bank or is returned unpaid for any reason shall be twenty dollars (\$20.00).

[2/1/94; Recompiled 12/31/01]

16.1.2.14 SEVERABILITY:

If any part of the application of these rules and regulations is held invalid, the remainder of its application to other situations, groups or persons shall not be affected.

[2/1/94; Recompiled 12/31/01]

CHAPTER 2: ACUPUNCTURE AND ORIENTAL MEDICINE PRACTITIONERS

PART 1: GENERAL PROVISIONS

16.2.1.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.1.1 NMAC - Rp, 16.2.1.1 NMAC 02/11/2022]

16.2.1.2 SCOPE:

All licensed doctors of oriental medicine, applicants, temporary licensees, applicants for temporary licensure, doctors of oriental medicine certified for expanded practice and applicants for certification, educational courses, externs, auricular detoxification specialists, educational programs and applicants for approval of educational programs.

[16.2.1.2 NMAC - Rp, 16.2.1.2 NMAC 02/11/2022]

16.2.1.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-1, 2, 3, 7, 8, 8.1, 14.1 and 9, NMSA 1978.

[16.2.1.3 NMAC - Rp, 16.2.1.3 NMAC 02/11/2022]

16.2.1.4 DURATION:

Permanent.

[16.2.1.4 NMAC - Rp, 16.2.1.4 NMAC 02/11/2022]

16.2.1.5 EFFECTIVE DATE:

February 11, 2022 unless a later date is cited at the end of a section or paragraph.

[16.2.1.5 NMAC - Rp, 16.2.1.5 NMAC 02/11/2022]

16.2.1.6 OBJECTIVE:

This part provides definitions for terms used in the rules in addition to those definitions in the Act, lists the board's duties, clarifies what are not public records, provides for inspection of the board's public records, and provides for telephone conferences.

[16.2.1.6 NMAC - Rp, 16.2.1.6 NMAC 02/11/2022]

16.2.1.7 DEFINITIONS:

The following definitions apply to the rules and the act.

A. Definitions beginning with "A":

- (1) **"A4M"** is the American academy of anti-aging medicine.
- (2) **"ACAM"** is the American college of alternative medicine.
- (3) **"ACAHM"** is the accreditation commission for acupuncture and herbal medicine, formerly known as and synonymous with the accreditation commission for acupuncture and oriental medicine, (ACAOM), and any previous or former names used by the institution including the national accreditation commission for schools and colleges of acupuncture and oriental medicine, (ACSCAOM).
- (4) **"Act"** is the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-1 through 61-14A-22 NMSA 1978.
- (5) **"AMA"** is the American medical association.
- (6) **"Animal acupuncture"** is acupuncture performed on any animal other than man. Animal acupuncture is authorized under the supervision of a doctor of veterinary medicine licensed in New Mexico and only under the guidelines of the rules of the New Mexico Veterinary Practice Act 61-14-1 to 61-14-20 NMSA 1978 and the rules of the New Mexico board of veterinary medicine 16.25.9.15 NMAC.
- (7) **"Applicant"** is a person who has submitted to the board a complete application for licensure as a doctor of oriental medicine.
- (8) **"Applicant for temporary licensure"** is a person who has submitted to the board a complete application for temporary licensure as a doctor of oriental medicine.
- (9) **"Auricular acupuncture detoxification"** is an acupuncture related technique used only in the treatment and prevention of alcoholism, substance abuse

and chemical dependency. Auricular acupuncture detoxification may be described or referred to as "auricular detoxification", "acupuncture detoxification", "auricular acupuncture detoxification", or "acudetox".

(10) "Auricular detoxification specialist supervisor" is a doctor of oriental medicine registered with the board under the provisions of 16.2.16.18 NMAC.

(11) "Auricular detoxification specialist training program" is a training program approved by the board under the provisions of 16.2.16.26 NMAC to train certified auricular detoxification specialists and auricular detoxification supervisors.

(12) "Auricular detoxification specialist training program trainer" is a member of the staff of an auricular detoxification specialist training program who, though not necessarily licensed or certified by the state, shall be deemed to be a certified auricular detoxification specialist only for the purposes of and only for the duration of the auricular detoxification specialist training program.

(13) "Authorized substances" are the specific substances defined in the four certification in 16.2.20 NMAC that are authorized according to Paragraph (1) of Subsection C of Section 61-14A-8 NMSA 1978 of the act for prescription, administration, compounding and dispensing by a doctor of oriental medicine certified for a specific category of expanded practice as defined in 16.2.19 NMAC.

B. Definitions beginning with "B":

(1) "Bioidentical hormones" means compounds, or salt forms of those compounds, that have exactly the same chemical and molecular structure as hormones that are produced in the human body.

(2) "Biomedical diagnosis" is a diagnosis of a person's medical status based on the commonly agreed upon guidelines of conventional biomedicine as classified in the most current edition or revision of the international classification of diseases, ninth revision, clinical modification (ICD-9-CM).

(3) "Biomedicine" is the application of the principles of the natural sciences to clinical medicine.

C. Definitions beginning with "C":

(1) "Certified auricular detoxification specialist" is a person certified by the board under the provisions of 16.2.16.10 NMAC to perform auricular detoxification techniques, only on the ears, only in the context of an established treatment program and only under the supervision of an auricular detoxification supervisor registered with the board. A person certified pursuant to Paragraph (1) of Subsection B of 61-14A-4 NMSA 1978 shall use the title of "certified auricular detoxification specialist" or "C.A.D.S."

(2) **"Chief officer"** is the board's chairperson or his or her designee serving to administer the pre-hearing procedural matters of disciplinary proceedings.

(3) **"Clinical experience"** is the practice of acupuncture and oriental medicine as defined in the act, after initial licensure, certification, registration or legal recognition in any jurisdiction to practice acupuncture and oriental medicine. A year of clinical experience shall consist of not less than 500 patient hours of licensed acupuncture and oriental medical practice within a calendar year, seeing at least 25 different patients within that year. One patient hour is defined as one clock hour spent in the practice of oriental medicine with patients.

(4) **"Clinical skills examination"** is a board approved, validated, objective practical examination that demonstrates the applicants entry level knowledge of and competency and skill in the application of the diagnostic and treatment techniques of acupuncture and oriental medicine and of biomedicine.

(5) **"Complainant"** is the complaining party.

(6) **"Complaint committee"** is a board committee composed of the complaint committee chairperson and the complaint manager.

(7) **"Complaint committee chairperson"** is a member of the board appointed by the board's chairperson.

(8) **"Complaint manager"** is the board's administrator or any member of the board appointed by the board's chairperson.

(9) **"Complete Application"** an application with all required supporting documents prior to initial review.

D. Definitions beginning with "D":

(1) **"Department"** is the state of New Mexico regulation and licensing department.

(2) **"Detoxification"** is a concept in integrative medicine based on the principle that illnesses can be caused by the accumulation of toxic substances (toxins) in the body. Therapeutic support of elimination of these toxins is detoxification.

(3) **"Doctor of oriental medicine"** is a physician licensed to practice acupuncture and oriental medicine pursuant to the act and as such has responsibility for his or her patient as a primary care physician or independent specialty care physician.

E. Definitions beginning with "E":

(1) **"Educational course"** is a comprehensive foundation of studies, approved by the board leading to demonstration of entry level competence in the specified knowledge and skills required for the four respective certifications in expanded practice. An educational course is not an educational program as this term is used in the act and the rules and as defined in 16.2.1 NMAC.

(2) **"Educational program"** is a board approved complete formal program that has the goal of educating a person to be qualified for licensure as a doctor of oriental medicine in New Mexico, is at least four academic years and meets the requirements of Section 61-14A-14 NMSA 1978 of the act and 16.2.7 NMAC.

(3) **"Expanded practice"** is authorized by of Section 61-14-8.1 NMSA 1978 of the act and is granted to a doctor of oriental medicine who is certified by the board after fulfilling the requirements, in addition to those necessary for licensure, defined in 16.2.19 NMAC. Expanded practice is in addition to the prescriptive authority granted all licensed doctors of oriental medicine as defined in Paragraph (2) of Subsection G of Section 61-14A-3 NMSA 1978 of the act.

(4) **"Extern"** is a current applicant undergoing supervised clinical training by an externship supervisor, and who has satisfied the application requirements for extern certification and who has received an extern certification issued by the board pursuant to 16.2.14 NMAC.

(5) **"Externship"** is the limited practice of oriental medicine in New Mexico by an extern supervised by an externship supervisor pursuant to 16.2.14 NMAC.

(6) **"Externship supervisor"** is a doctor of oriental medicine who has at least five clinical experience, maintains a clinical facility and maintains appropriate professional and facility insurance, and who has satisfied the board's application requirements for an externship supervisor and has received an externship supervisor registration issued by the board pursuant to 16.2.14 NMAC.

F. Definitions beginning with "F": [RESERVED]

G. Definitions beginning with "G": "Good cause" is the inability to comply because of serious accident, injury or illness, or the inability to comply because of the existence of an unforeseen, extraordinary circumstance beyond the control of the person asserting good cause that would result in undue hardship. The person asserting good cause shall have the burden to demonstrate that good cause exists.

H. Definitions beginning with "H": [RESERVED]

I. Definitions beginning with "I":

(1) **"Inactive licensee"** means a licensee in good standing whose license is placed on inactive status by the board and is therefore considered an inactive license in compliance with 16.2.15 NMAC.

(2) **"ICE"** is the institute for credentialing excellence.

(3) **"IFM"** is the institute for functional medicine.

(4) **"Initial License"** means the first regular license received from a board for a person who has not been previously licensed.

J. Definitions beginning with "J": [RESERVED]

K. Definitions beginning with "K": [RESERVED]

L. Definitions beginning with "L":

(1) **"Licensee"** is a doctor of oriental medicine licensed pursuant to the act.

(2) **"License"** has the same meaning as defined in Paragraph (1) of Subsection F of Section 61-1-34 NMSA 1978.

(3) **"Licensing candidate"** is an applicant whose initial application for licensure as a doctor of oriental medicine has been approved by the board.

(4) **"Licensing fee"** has the same meaning as defined in Paragraph (2) of Subsection F of Section 61-1-34 NMSA 1978.

(5) **"Licensure by endorsement"** is a licensing procedure for the experienced practitioner who completed his initial education in acupuncture and oriental medicine prior to the establishment of current educational standards and who has demonstrated his or her competency through a combination of education, examination, authorized legal practice and clinical experience as defined in 16.2.17 NMAC. Completion of the licensure by endorsement process results in full licensure as a doctor of oriental medicine.

(6) **"Limited temporary license"** is a license issued under the provisions of 16.2.5.12 NMAC for the exclusive purpose of teaching a single complete course in acupuncture and oriental medicine and assisting in the implementation of new techniques in acupuncture and oriental medicine including the study of such techniques by licensed, registered, certified or legally recognized healthcare practitioners from jurisdictions other than New Mexico. A limited temporary license shall be required for any person who demonstrates, practices or performs diagnostic and treatment techniques on another person as part of teaching or assisting in the implementation of new techniques, if they are not a licensee or temporary licensee. Limited temporary

licenses shall not be issued to teachers for the purpose of teaching full semester courses that are part of an approved educational program.

(7) **"Live cell products"** are living cells from glandular tissues and other tissues.

M. Definitions beginning with "M": **"Military service member"** has the same meaning as defined in Paragraph (3) of Subsection F of Section 61-1-34 NMSA 1978.

N. Definitions beginning with "N":

(1) **"Natural substances"** are substances that exist in or are produced by nature and have not been substantially transformed in character or use.

(2) **"NCA"** is a notice of contemplated action.

(3) **"NCCA"** is the national commission for certifying agencies.

(4) **"NCCAOM"** is the national certification commission for acupuncture and oriental medicine.

O. Definitions beginning with "O":

(1) **"Office"** is the physical facility used for the practice of acupuncture and oriental medicine and auricular detoxification.

(2) **"Oxidative medicine"** is the understanding and evaluation of the oxidation and reduction biochemical functions of the body and the prescription or administration of substances, and the use of devices and therapies to improve the body's oxidation and reduction function and health.

P. Definitions beginning with "P":

(1) **"Preceptor"** means a doctor of oriental medicine with at least ten years of clinical experience.

(2) **"Protomorphogens"** are extracts of glandular tissues.

Q. Definitions beginning with "Q": [RESERVED]

R. Definitions beginning with "R":

(1) **"Respondent"** is the subject of the complaint.

(2) **"Rules"** are the rules, promulgated pursuant to the act, governing the implementation and administration of the act as set forth in 16.2 NMAC.

S. Definitions beginning with "S":

(1) **"Substantial equivalent"** means the determination by the board that the education, examination, and experience requirements contained in the statutes and rules of another jurisdiction are comparable to, or exceed the education, examination, and experience requirements of the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-1 NMSA 1978 *et. seq.*

(2) **"Supervised clinical observation"** is the observation of acupuncture and oriental medical practice, in actual treatment situations under appropriate supervision.

(3) **"Supervised clinical practice"** is the application of acupuncture and oriental medical practice, in actual treatment situations under appropriate supervision.

(4) **"Supervision"** is the coordination, direction and continued evaluation at first hand of the student in training or engaged in obtaining clinical practice and shall be provided by a qualified instructor or tutor as set forth in 16.2.7 NMAC. No more than four students shall be under supervision for supervised clinical practice and no more than four students shall be under supervision for supervised clinical observation by a qualified instructor at any time.

T. Definitions beginning with "T":

(1) **"Temporary licensee"** is a doctor of oriental medicine who holds a temporary license pursuant to the act, 61-14-12 NMSA 1978 and 16.2.5 NMAC.

(2) **"Therapeutic serum"** is a product obtained from blood by removing the clot or clot components and the blood cells.

(3) **"Treatment program"** is an integrated program that may include medical and counseling services for disease prevention, harm reduction or the treatment or prevention of alcoholism, substance abuse or chemical dependency that is located at a fixed location or in a mobile unit and approved by the board under the provisions of 16.2.16.28 NMAC.

U. Definitions beginning with "U": **"USP 797"** is the United States pharmacopeia Chapter 797 pharmaceutical compounding.

V. Definitions beginning with "V": **"Veteran"** has the same meaning as defined in Paragraph (4) of Subsection F of Section 61-1-34 NMSA 1978.

16.2.1.8 BOARD DUTIES:

In addition to its duties described in the act, the board shall:

- A.** Keep a file of all approved educational programs.
- B.** Issue certificates of approval of educational programs.
- C.** Delegate its ministerial duties if it so chooses.
- D.** Notify the governor when any board member has missed three consecutive meetings.
- E.** Elect a chairperson and a vice-chairperson at the first board meeting after January first each year.
- F.** The board shall perform such other duties and shall exercise such other powers as may be conferred upon it by statute, or as may be reasonably implied from such statutory powers and duties and as may be reasonably necessary in the performance of its responsibilities under the act.

[16.2.1.8 NMAC - Rp, 16.2.1.8 NMAC 02/11/2022]

16.2.1.9 PUBLIC RECORDS:

All records kept by the board shall be available for public inspection pursuant to the New Mexico Inspection of Public Records Act, Section 14-2-1, NMSA 1978, et seq., except as provided herein.

- A.** During the course of the processing and investigation of a complaint, and before the vote of the board as to whether to dismiss the complaint or to issue a notice of contemplated action as provided in the Uniform Licensing Act, Section 61-1-1, NMSA 1978, et seq., and in order to preserve the integrity of the investigation of the complaint, records and documents that reveal confidential sources, methods, information or licensees accused, but not charged yet with a violation of the act, shall be confidential and shall not be subject to public inspection. Such records shall include evidence in any form received or compiled in connection with any such investigation of the complaint or of the licensee by or on behalf of the board by any investigating agent or agency.
- B.** Upon the completion of the processing and investigation of the complaint, and upon the decision of the board to dismiss the complaint or to issue a notice of contemplated action, the confidentiality privilege conferred by Subsection A of 16.2.1.9

NMAC shall dissolve, and the records, documents or other evidence pertaining to the complaint and to the investigation of the complaint shall be available for public inspection.

C. All tests and test questions by which applicants are tested shall not be available to public inspection, as there is a countervailing public policy requiring that such records remain confidential in order to ensure the integrity of a licensing exam intended to protect the public health, safety and welfare from incompetent practitioners.

D. The board or its administrator may charge a fee not to exceed one dollar per page for documents 11 inches by 17 inches or smaller in size for copying public records.

[16.2.1.9 NMAC - Rp, 16.2.1.9 NMAC 02/11/2022]

16.2.1.10 TELEPHONE CONFERENCES:

Pursuant to the provisions of the Open Meetings Act, Section 10-15-1.C, NMSA 1978, as amended, board members may participate in a meeting of the board by means of a conference telephone or similar communications equipment when it is otherwise difficult or impossible for the member to attend the meeting in person, provided that each board member participating by conference telephone can be identified when speaking, all participants are able to hear each other at the same time and members of the public attending the meeting must be able to hear any member of the board who speaks during the meeting. Participation of a board member by such means shall constitute presence in person at the meeting.

[16.2.1.10 NMAC - Rp, 16.2.1.10 NMAC 02/11/2022]

16.2.1.11 DISASTER OR EMERGENCY PROVISION:

Doctors of oriental medicine, educational programs and auricular detoxification specialists currently licensed and in good standing or otherwise meeting the requirements for New Mexico licensure in a state which a federal disaster has been declared may apply for licensure in New Mexico under 16.2.1.11 NMAC during the four months following the declared disaster. The application for emergency provisional licensure shall be made to the board and shall include:

A. an application under this provision shall be made to the board that is complete and in English on a form provided by the board that shall include the applicant's name, address, date of birth and social security number accompanied by proof of identity, which may include a copy of drivers license, passport or other photo identification issued by a governmental entity; and the applicants signature on the affidavit made part of the application form;

B. an affidavit attesting to the consequences suffered by the applicant as a result of the federal disaster;

C. evidence of completion of requirements specified in 16.2.3, 16.2.4, 16.2.7, 16.2.10, and 16.2.16 NMAC; if the applicant is unable to obtain documentation from the federal declared disaster area or as a result of the declared federal disaster the board may accept other documentation in lieu of the forms required under 16.2.3, 16.2.4, 16.2.7, 16.2.10, and 16.2.16 NMAC; the board reserves the right to request additional documentation, including but not limited to, recommendation forms and work experience verification forms prior to approving licensure;

D. exceptions may be made for good cause;

E. an affidavit certifying that all the documents submitted with the application are true and accurate or are faithful copies of the original;

F. nothing in this section shall constitute a waiver of the requirements for licensure contained in 16.2.3, 16.2.4, 16.2.7, 16.2.10, and 16.2.16 NMAC; and

G. the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine.

[16.2.1.11 NMAC - Rp, 16.2.1.11 NMAC 02/11/2022]

PART 2: SCOPE OF PRACTICE

16.2.2.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.2.1 NMAC - Rp, 16.2.2.1 NMAC, 02-15-05]

16.2.2.2 SCOPE:

All licensed doctors of oriental medicine, all licensed doctors of oriental medicine certified for expanded practice as defined in 16.2.19 NMAC, temporary licensees engaging in only those activities authorized on the temporary license, externs engaging in only those activities authorized by the externship and students enrolled in an educational program in acupuncture and oriental medicine approved by the board working under the direct supervision of a teacher at the approved educational program as part of the educational program in which they are enrolled.

[16.2.2.2 NMAC - Rp, 16.2.2.2 NMAC, 02-15-05; A, 11-28-09]

16.2.2.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-3, 4, 6, 8 and 8.1 NMSA 1978.

[16.2.2.3 NMAC - Rp, 16.2.2.3 NMAC, 02-15-05]

16.2.2.4 DURATION:

Permanent.

[16.2.2.4 NMAC - Rp, 16.2.2.4 NMAC, 02-15-05]

16.2.2.5 EFFECTIVE DATE:

02-15-05, unless a later date is cited at the end of a section.

[16.2.2.5 NMAC - Rp, 16.2.2.5 NMAC, 02-15-05]

16.2.2.6 OBJECTIVE:

This part clarifies the scope of practice of doctors of oriental medicine, temporary licensees, externs and students and doctors of oriental medicine certified for expanded practice.

[16.2.2.6 NMAC - Rp, 16.2.2.6 NMAC, 02-15-05; A, 11-28-09]

16.2.2.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC (Section 7 of Part 1 of the rules).

[16.2.2.7 NMAC - Rp, 16.2.2.7 NMAC, 02-15-05]

16.2.2.8 SCOPE OF PRACTICE:

Pursuant to Section 61-14A-3 NMSA 1978, the practice of oriental medicine in New Mexico is a distinct system of primary health care with the goal of prevention, cure, or correction of any disease, illness, injury, pain or other physical or mental condition by controlling and regulating the flow and balance of energy, form and function to restore and maintain health. Oriental medicine includes all traditional and modern diagnostic, prescriptive and therapeutic methods utilized by practitioners of acupuncture and oriental medicine. The scope of practice of doctors of oriental medicine shall include but is not limited to:

- A. evaluation, management and treatment services;
- B. diagnostic examination, testing and procedures;

C. the ordering of diagnostic imaging procedures and laboratory or other diagnostic tests;

D. the surgical procedures of acupuncture and other related procedures;

E. the stimulation of points, areas of the body or substances in the body using qi, needles, heat, cold, color, light, infrared and ultraviolet, lasers, sound, vibration, pressure, magnetism, electricity, electromagnetic energy, bleeding, suction, or other devices or means;

F. physical medicine modalities, procedures and devices;

G. therapeutic exercises, qi exercises, breathing techniques, meditation, and the use of biofeedback devices and other devices that utilize heat, cold, color, light, infrared and ultraviolet, lasers, sound, vibration, pressure, magnetism, electricity, electromagnetic energy and other means therapeutically;

H. dietary and nutritional counseling and the prescription or administration of food, beverages and dietary supplements therapeutically;

I. counseling and education regarding physical, emotional and spiritual balance in lifestyle;

J. prescribing, administering, combining, providing, compounding and dispensing any non-injectable herbal medicine, homeopathic medicines, vitamins, minerals, enzymes, glandular products, natural substances, protomorphogens, live cell products, amino acids, dietary and nutritional supplements; cosmetics as they are defined in the New Mexico Drug, Device and Cosmetic Act and nonprescription drugs as they are defined in the Pharmacy Act;

K. the prescription or administration of devices, restricted devices and prescription devices as defined in the New Mexico Drug, Device and Cosmetic Act (Section 26-1-1 NMSA 1978) by a doctor of oriental medicine who meets the requirements of 16.2.2.9 NMAC.

[16.2.2.8 NMAC - Rp, 16.2.2.8 NMAC, 02-15-05; A, 11-28-09]

16.2.2.9 DEVICES, RESTRICTED DEVICES AND PRESCRIPTION DEVICES:

The board determines that devices, restricted devices and prescription devices as defined in the New Mexico Drug, Device and Cosmetic Act (Section 26-1-1 NMSA 1978) are necessary in the practice of oriental medicine. Doctors of oriental medicine who have the training recommended by the manufacturer of the device shall be authorized to prescribe, administer or dispense the device.

[16.2.2.9 NMAC - Rp, 16.2.2.9 NMAC, 02-15-05; A, 11-28-09]

16.2.2.10 SCOPE OF PRACTICE FOR EXPANDED PRACTICE:

A. In addition to the scope of practice for a licensed New Mexico doctor of oriental medicine, the scope of practice for those certified in expanded practice shall include certification in any or all of the following modules: basic injection therapy, injection therapy, intravenous therapy and bioidentical hormone therapy. practitioners previously certified as Rx1 extended prescriptive authority, will be certified for basic injection therapy and practitioners previously certified as Rx2 expanded prescriptive authority, will be certified for injection therapy, intravenous therapy and bioidentical hormone therapy.

B. The expanded practice shall include:

(1) the prescribing, administering, compounding and dispensing of herbal medicines, homeopathic medicines, vitamins, minerals, amino acids, proteins, enzymes, carbohydrates, lipids, glandular products, natural substances, natural medicines, protomorphogens, live cell products, gerovital, dietary and nutritional supplements, cosmetics as they are defined in the New Mexico Drug, Device and Cosmetic Act (26-1-1 NMSA 1978) and nonprescription drugs as they are defined in the Pharmacy Act (61-11-1 NMSA 1978); and

(2) the prescribing, administering, compounding and dispensing of the following dangerous drugs or controlled substances as they are defined in the New Mexico Drug, Device and Cosmetic Act, the Controlled Substances Act (30-31-1 NMSA 1978) or the Pharmacy Act:

- (a) sterile water;
- (b) sterile saline;
- (c) sarapin or its generic;
- (d) caffeine;
- (e) procaine;
- (f) oxygen;
- (g) epinephrine;
- (h) vapocoolants;
- (i) bioidentical hormones; and
- (j) biological products, including therapeutic serum.

C. When compounding drugs for their patients, doctors of oriental medicine certified for expanded practice and prescriptive authority shall comply with the compounding requirements for licensed health care professionals in the United States pharmacopeia and national formulary.

PART 3: APPLICATION FOR LICENSURE

16.2.3.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.3.1 NMAC - Rp, 16.2.3.1 NMAC, 2/11/2022]

16.2.3.2 SCOPE:

All applicants for licensure as doctors of oriental medicine.

[16.2.3.2 NMAC - Rp, 16.2.3.2 NMAC, 2/11/2022]

16.2.3.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-4, 6, 8, 9 and 10, NMSA 1978.

[16.2.3.3 NMAC - Rp, 16.2.3.3 NMAC, 2/11/2022]

16.2.3.4 DURATION:

Permanent.

[16.2.3.4 NMAC - Rp, 16.2.3.4 NMAC, 2/11/2022]

16.2.3.5 EFFECTIVE DATE:

February 11, 2022, unless a later date is cited at the end of a section.

[16.2.3.5 NMAC - Rp, 16.2.3.5 NMAC, 2/11/2022]

16.2.3.6 OBJECTIVE:

This part lists the requirements that an applicant must fulfill in order to apply for licensure as a doctor of oriental medicine.

[16.2.3.6 NMAC - Rp, 16.2.3.6 NMAC, 2/11/2022]

16.2.3.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.3.7 NMAC - Rp, 16.2.3.7 NMAC, 2/11/2022]

16.2.3.8 GENERAL REQUIREMENTS:

A. Any applicant who has been subject to any action or proceeding comprehended by Subsection A of 16.2.3.8 NMAC may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq.

B. Any applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.

[16.2.3.8 NMAC - Rp, 16.2.3.8 NMAC, 2/11/2022]

16.2.3.9 EDUCATIONAL PROGRAM REQUIREMENTS:

Every applicant shall provide satisfactory proof that he completed a board approved educational program as defined in 61-14A-14 NMSA 1978 of the act and 16.2.7 NMAC. If the educational program is no longer in existence, or if the applicant's records are not available 2 for good cause, the applicant shall submit an affidavit so stating and shall identify the educational program, and shall provide the address, dates of enrollment, and curriculum completed, along with such other information and documents as the board shall deem necessary. The board, in its sole and sound discretion, may accept or reject as adequate and sufficient such evidence presented in lieu of the records otherwise required.

[16.2.3.9 NMAC - Rp, 16.2.3.9 NMAC, 2/11/2022]

16.2.3.10 CRIMINAL CONVICTIONS:

A. Convictions for any of the following offenses, or their equivalents in any other jurisdiction, are disqualifying criminal convictions that may disqualify an applicant from receiving or retaining a license, including temporary licenses and auricular detoxification specialist certificates, issued by the board:

- (1)** homicide;
- (2)** aggravated assault, aggravated battery, kidnapping, false imprisonment, human trafficking, or other crimes of violence against persons;
- (3)** robbery, larceny, burglary, extortion, receiving stolen property, possession of burglary tools, unlawful taking of a motor vehicle, or other crimes involving theft or appropriation of personal property or funds;
- (4)** rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, child solicitation, or other crimes constituting sexual offenses;
- (5)** driving under the influence of intoxicating liquor or drugs within the five years prior to the date of application;
- (6)** trafficking controlled substances, specifically excluding cannabis or cannabis-derived products, within the five years prior to the date of application;
- (7)** crimes involving child abuse or neglect;
- (8)** fraud, forgery, money laundering, embezzlement, credit card fraud, counterfeiting, financial exploitation, or other crimes of altering any instrument affecting the rights or obligations of another;
- (9)** making a false statement under oath or in any official document;

(10) an attempt, solicitation or conspiracy involving any of the felonies in this subsection.

[16.2.3.10 NMAC - Rp, 16.2.3.10 NMAC, 2/11/2022]

16.2.3.11 INITIAL LICENSURE APPLICATION:

Upon approval of an application for licensure that fulfills the requirements listed below, the board shall issue a license that will be valid until July 31 following the initial licensure, except that licenses initially issued after May 1 will not expire until July 31 of the next renewal period as defined in 16.2.8.9 NMAC; the application requirements for a license shall be receipt of the following by the board:

A. the fee for application for licensure specified in 16.2.10 NMAC;

B. an application for licensure that is complete and in English on a form provided by the board that shall include the applicant's name, address, date of birth and social security number, if available;

C. an affidavit as provided on the "initial licensure application" as to whether the applicant:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings;

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice;

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules;

D. an official license history, which is a certificate from each jurisdiction stating the disciplinary record of the applicant, from each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice any profession, including health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act;

E. an affidavit as provided on the "initial licensure application" stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection D of 16.2.3.10 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978;

F. an affidavit as provided on the "initial licensure application" stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine;

(2) the license must be renewed annually by July 31; and

(3) the applicant must notify the board within ten days if the applicant's address changes;

G. a copy of the applicant's certificate or diploma from an educational program evidencing completion of the required program; this copy shall include on it an affidavit certifying that it is a true copy of the original;

H. a copy of the applicant's transcript that shall verify the applicant's satisfactory completion of the required academic and clinical education and that shall designate the completed subjects and the hours of study completed in each subject; and

I. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant.

J. proof of current basic life support, BLS, and CPR with proof of having completed an American heart association, American red cross, or American safety and health

institute approved course; hands-on supervised practice of clinical skills is required; the didactic portion may be completed on-line; a current copy of this card shall be submitted the board at the time of application.

[16.2.3.11 NMAC - Rp, 16.2.3.11 NMAC, 2/11/2022; A, 10/22/2024]

16.2.3.12 EXAMINATION REQUIREMENTS:

The examination requirements specified in 16.2.4 NMAC shall be received at the board office within 12 months of the receipt of the initial application at the board office.

[16.2.3.12 NMAC - Rp, 16.2.3.12 NMAC, 2/11/2022; A, 10/22/2024]

16.2.3.13 DOCUMENTS IN A FOREIGN LANGUAGE:

All documents submitted in a foreign language must be accompanied by an accurate translation in English. Each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original. Each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original. Each affidavit shall be signed before a notary public. The translation of any document relevant to an applicant's application shall be at the expense of the applicant.

[16.2.3.13 NMAC - Rp, 16.2.3.13 NMAC, 2/11/2022]

16.2.3.14 SUFFICIENCY OF DOCUMENT:

The board shall determine the sufficiency of the documentation that supports the application for licensure. The board may, at its discretion, request further proof of qualifications or require a personal interview with any applicant to establish his or her qualifications. If requested by the board, all further proof of qualifications shall be received at the board office at least 45 days before the clinical skills examination date. Any required personal interview will be scheduled as determined by the board.

[16.2.3.14 NMAC - Rp, 16.2.3.14 NMAC, 2/11/2022]

16.2.3.15 DEADLINE FOR COMPLETING ALL REQUIREMENTS FOR LICENSURE:

Documentation required for licensure shall be received at the board office no later than 12 months after the initial application is received at the board office.

[16.2.3.15 NMAC - Rp, 16.2.3.15 NMAC, 2/11/2022; A, 10/22/2024]

16.2.3.16 NOTIFICATION OF LICENSURE:

The applicant shall be notified of approval or denial of his completed application requirements including examination requirements by mail postmarked no more than 21 days from the board's receipt of all required documentation. The board shall issue a license to all applicants who have met the requirements of 16.2.3 NMAC and 16.2.4 NMAC.

[16.2.3.16 NMAC - Rp, 16.2.3.16 NMAC, 2/11/2022]

16.2.3.17 EXPIRATION AND ABANDONMENT OF APPLICATION:

If all application requirements have not been met within 12 months of the initial application, the application will expire and will be deemed abandoned. Exceptions may be made, at the board's discretion, for good cause. If the application is abandoned and the applicant wants to reapply for licensure, the applicant shall be required to submit the completed current application form, pay the current application fee and satisfy the requirements for licensure then in effect at the time of the new application.

[16.2.4.6 NMAC, Rp, 16.2.4.6 NMAC 10/22/2024]

16.2.4.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC (Section 7 of Part 1 of the rules).

[16.2.4.7 NMAC, Rp, 16.2.4.7 NMAC 10/22/2024]

16.2.4.8 APPROVED EXAMINATIONS:

The board approved examinations shall consist of a written examination portion and a practical examination portion. Certification as a diplomate in oriental medicine by the NCCAOM, or all required NCCAOM examinations must be completed prior to taking the clinical skills examination.

A. The written examinations approved by the board shall be:

(1) the national certification commission for acupuncture and oriental medicine foundations of oriental medicine module;

(2) the national certification commission for acupuncture and oriental medicine acupuncture module;

(3) the national certification commission for acupuncture and oriental medicine Chinese herbology module;

(4) the national certification commission for acupuncture and oriental medicine biomedicine module;

(5) the national certification commission for acupuncture and oriental medicine approved clean needle technique course; and

(6) the board approved, and board administered jurisprudence examination covering the act and the rules; or

(7) the California state examination and:

(a) an NCCAOM oriental medicine diplomate certification; or

(b) both the NCCAOM acupuncture and NCCAOM Chinese herbology diplomate certifications.

B. The practical examinations approved by the board shall be:

(1) the national certification commission for acupuncture and oriental medicine point location module; and

(2) the clinical skills examination; the clinical skills examination includes examination in acupuncture, herbal medicine and biomedicine competencies.

C. The board may adopt such other examinations as may be necessary for psychometric evaluation of its approved examinations.

[16.2.4.8 NMAC, Rp, 16.2.4.8 NMAC 10/22/2024]

16.2.4.9 EXAMINATION LANGUAGE:

All examinations required by the board shall be given in English.

[16.2.4.9 NMAC, Rp, 16.2.4.9 NMAC 10/22/2024]

16.2.4.10 EXAMINATION REQUIREMENTS FOR LICENSURE:

The following shall be the examination requirements for licensure. All fees for nationally recognized examinations shall be paid by the applicant and are not included in fees charged by the board.

A. Certification as a diplomate in oriental medicine by the NCCAOM, or achievement of a passing score as determined by the national certification commission for acupuncture and oriental medicine (NCCAOM) on each of the following prior to taking the clinical skills exam:

(1) the NCCAOM foundations of oriental medicine module;

(2) the NCCAOM acupuncture module;

(3) the NCCAOM Chinese herbology module;

(4) the NCCAOM biomedicine module; and

(5) the NCCAOM point location module.

B. Achievement of a passing score of at least seventy-five percent on the clinical skills examination. To determine a passing score when the applicant is examined by more than one examiner, if the applicant is examined by two examiners, the applicant must receive a score of at least seventy-five percent after both scores are averaged and if the applicant is examined by three examiners, the applicant must receive a score of at least seventy-five percent from a majority of the examiners. Passing examination scores will be valid for five years, after which time they will expire, and the applicant must reapply to take the examination.

C. Successful completion of the national certification commission for acupuncture and oriental medicine approved clean needle technique course.

D. Achievement of a passing score of not less than ninety percent on the board approved and board administered jurisprudence examination covering the act and the rules.

E. Applicants who completed the national certification commission for acupuncture and oriental medicine (NCCAOM) examinations in acupuncture and Chinese herbology prior to June 2004 are not required to pass the NCCAOM foundations of oriental medicine module.

[16.2.4.10 NMAC, Rp, 16.2.4.10 NMAC 10/22/2024]

16.2.4.11 CLINICAL SKILLS EXAMINATION FREQUENCY AND DEADLINES:

The board shall hold a clinical skills examination at least once each year provided that applications for licensure are pending. The initial application specified in 16.2.3.11 NMAC shall be received at the board office at least 60 calendar days before the next scheduled clinical skills examination date. The board shall send a written response to the applicant informing the applicant of the application's completeness or needed documentation at least 45 calendar days before the next scheduled clinical skills examination date. All documentation required to complete the initial application for licensure shall be received at the board office at least 35 calendar days before the next scheduled clinical skills examination date. If the application requirements are received at the board office after a deadline, the application will be held and not processed until the deadline schedule for the next subsequent clinical skills examination. The applicant shall be notified of approval or denial of his or her completed initial application for licensure specified in 16.2.3.11 NMAC, at least 25 calendar days prior to the next scheduled clinical skills examination date.

[16.2.4.11 NMAC, Rp, 16.2.4.11 NMAC 10/22/2024]

16.2.4.12 CLINICAL SKILLS EXAMINATION CONFIRMATION:

The board approved confirmation card, provided to the applicant, shall be emailed to the applicant upon receipt of the clinical skills examination fee specified in 16.2.10 NMAC.

Confirmation of clinical exam passage will be valid for 24 months. After 24 months has passed, the applicant will have to retake the clinical exam and reapply as a new applicant.

[16.2.4.12 NMAC, Rp, 16.2.4.12 NMAC 10/22/2024]

16.2.4.13 PAYMENT OF CLINICAL SKILLS EXAMINATION FEE:

The non refundable clinical skills examination fee specified in 16.2.10 NMAC shall be in U.S. funds and received in the board's office at least 31 calendar days prior to the next scheduled clinical skills examination.

[16.2.4.13 NMAC, Rp, 16.2.4.13 NMAC 10/22/2024]

16.2.4.14 CLINICAL SKILLS EXAMINATION COMMITMENT:

Upon receipt of the clinical skills examination fee for the next scheduled clinical skills examination, the applicant shall sit for the exam or forfeit the fee. The non-refundable clinical skills examination fee may be applied to a subsequent exam only as provided in Section 15 of 16.2.4 NMAC.

[16.2.4.14 NMAC, Rp, 16.2.4.14 NMAC 10/22/2024]

16.2.4.15 FORFEITURE OF CLINICAL SKILLS EXAMINATION FEE:

Once the clinical skills examination fee is received in the board office, the applicant shall take the next scheduled clinical skills examination or forfeit the clinical skills examination fee. Under special circumstances the applicant may be allowed to take the next subsequent scheduled clinical skills examination without paying an additional examination fee.

[16.2.4.15 NMAC, Rp, 16.2.4.15 NMAC 10/22/2024]

16.2.4.16 FAILING SCORE:

In the event that an applicant fails to achieve a passing score on the clinical skills examination, he may apply as provided in 16.2.4.17 NMAC and must pay the required fees.

[16.2.4.16 NMAC, Rp, 16.2.4.16 NMAC 10/22/2024]

16.2.4.17 RE-EXAMINATION:

Applicants who have failed the clinical skills examination may apply to take the next subsequent clinical skills examination. The applicant shall notify the board in writing of their commitment to take the next subsequent clinical skills examination to be received

at the board office at least 60 days before the next clinical skills examination date. The applicant shall then be notified by the board of their acceptance to take the next clinical skills examination at least 45 days prior to the next scheduled clinical skills examination date. The applicant shall pay the clinical skills examination fee in accordance with the provisions of 16.2.4.13 NMAC. If the applicant does not pass the next scheduled clinical skills examination, the applicant shall file a new application on the current form provided by the board, pay all the required fees, and satisfy all current requirements in effect at the time the application is made. If the applicant passes the exam, but does not complete license application within 12 months, the applicant will have to reapply as an initial applicant.

[16.2.4.17 NMAC, Rp, 16.2.4.17 NMAC 10/22/2024]

16.2.4.18 EXAMINERS:

The board shall select a group of doctors of oriental medicine to act as examiners for the clinical skills examination. These examiners shall have had five years of clinical experience at the time they are selected. The board or its designated agent shall train these examiners to judge applicants taking the board approved clinical skills examination in the application of the diagnostic and treatment techniques of acupuncture and oriental medicine.

[16.2.4.18 NMAC, Rp, 16.2.4.18 NMAC 10/22/2024]

16.2.4.19 EXAMINEE IDENTIFICATION:

The board administrator shall provide to Examiners the full name, color photograph, and educational background of each Examinee at least 30 days prior to their relevant clinical skills exam.

[16.2.4.19 NMAC – N, 10/22/2024]

16.2.4.20 REVIEW OF CLINICAL SKILLS EXAMINATION SCORE:

Applicants may request review of their clinical skills examination results by the board or its examination committee for significant procedural or computational error if such review request is received in writing at the board office within 25 calendar days of notification to the applicant of the clinical skills examination results.

[16.2.4.20 NMAC, Rp, 16.2.4.19 NMAC 10/22/2024]

PART 5: TEMPORARY LICENSING

16.2.5.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.5.1 NMAC - Rp 16.2.5.1 NMAC, 2/11/2022]

16.2.5.2 SCOPE:

All licensees, applicants, temporary licensees, applicants for temporary licensure, externs, educational programs and applicants for approval of educational programs.

[16.2.5.2 NMAC - Rp 16.2.5.2 NMAC, 2/11/2022]

16.2.5.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-8, 9 and 12, NMSA 1978.

[16.2.5.3 NMAC - Rp 16.2.5.3 NMAC, 2/11/2022]

16.2.5.4 DURATION:

Permanent.

[16.2.5.4 NMAC - Rp 16.2.5.4 NMAC, 2/11/2022]

16.2.5.5 EFFECTIVE DATE:

February 11, 2022, unless a later date is cited at the end of a section.

[16.2.5.5 NMAC - Rp 16.2.5.5 NMAC, 2/11/2022]

16.2.5.6 OBJECTIVE:

This part establishes requirements for temporary licensure and limited temporary licensure, prior disciplinary action relating to other licenses, prior litigation and prior felonies, the educational requirements for temporary licensure, the renewal period for temporary licensure and the requirements for renewal of temporary licenses.

[16.2.5.6 NMAC - Rp 16.2.5.6 NMAC, 2/11/2022]

16.2.5.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.5.7 NMAC - Rp 16.2.5.7 NMAC, 2/11/2022]

16.2.5.8 GENERAL REQUIREMENTS:

A. Any applicant for temporary licensure or applicant for a limited temporary license who has been subject to any action or proceeding comprehended by Subsection E of 16.2.5.10 NMAC and Subsection D of 16.2.5.12 NMAC, may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq.

B. Any applicant for temporary licensure or an applicant for a limited temporary license who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.

[16.2.5.8 NMAC - Rp 16.2.5.8 NMAC, 2/11/2022]

16.2.5.9 TEMPORARY LICENSE EDUCATIONAL REQUIREMENTS:

A. An applicant for temporary licensure shall provide satisfactory proof that he or she has completed an approved educational program. An applicant for temporary licensure who is legally recognized in any state or foreign country to practice another health care profession and who possesses knowledge and skills that are included in the scope of practice of doctors of oriental medicine shall provide satisfactory proof that he or she has completed the education required for legal recognition in that state or foreign country.

B. The board, by a vote of the majority of the members of the board acting at a duly convened meeting of the board, may determine not to require the applicant for temporary licensure to complete the requirements of Subsection A of 16.2.5.9 NMAC, if the board determines that there is good cause and the health and safety of the citizens of New Mexico will not be jeopardized.

[16.2.5.9 NMAC - Rp 16.2.5.9 NMAC, 2/11/2022]

16.2.5.10 TEMPORARY LICENSE APPLICATION:

Upon submission of a complete application for a temporary license that fulfills the requirements listed below, the board shall issue a temporary license that will be valid for the dates specified on the license but shall not exceed six months. The temporary license shall include the name of the temporary licensee, the effective dates of the license, the name of the sponsoring New Mexico doctor of oriental medicine or New Mexico educational program, and a statement that the license shall be for the exclusive purpose of one or more of the following: teaching acupuncture and oriental medicine; consulting, in association with the sponsoring doctor of oriental medicine, regarding the sponsoring doctor's patients; performing specialized diagnostic or treatment techniques in association with the sponsoring doctor of oriental medicine regarding the sponsoring

doctor's patients; assisting in the conducting of research in acupuncture and oriental medicine; or assisting in the implementation of new techniques and technology related to acupuncture and oriental medicine. The application requirements for a limited temporary license shall be receipt of the following by the board.

A. The fee for application for temporary license specified in 16.2.10 NMAC.

B. A complete application for a temporary license is one that is in English and includes the applicant's name, address, date of birth, social security number or individual tax identification number, if available, and the name of the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program.

C. An affidavit as provided on the "temporary license application" from the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program attesting to the qualifications of the applicant and the activities the applicant will perform.

D. An affidavit as provided on the "temporary license application" as to whether the applicant:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings; or

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice; or

(3) is in arrears on a court-ordered child support payment.

E. An official license history, which is a certificate from each jurisdiction stating the disciplinary record of the applicant, from each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice any other profession, including other health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act.

F. An affidavit as provided on the "temporary license application" stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection E of 16.2.5.10 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978.

G. An affidavit as provided on the "temporary license application" stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine; and

(2) the applicant must notify the board within ten days if the applicant's address changes or the circumstances of the applicant's relationship to the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program change; and

(3) the applicant may only engage in those activities authorized on the temporary license and only in association with the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program for the limited time specified on the temporary license.

H. A copy of the applicant's license, certification or registration or other document proving that the applicant is legally recognized in another state or country to practice acupuncture and oriental medicine or another health care profession and who possesses knowledge and skill that are included in the scope of practice of doctors of oriental medicine. The copy shall include on it an affidavit by the applicant certifying that it is a true copy of the original. For applicants in the United States who practice in a state in which there is no legal recognition, a copy of the certification document in acupuncture, Chinese herbal medicine or Asian body work, whichever is appropriate for the type of material they will be teaching or studying, by the national certification commission for acupuncture and oriental medicine (NCCAOM) shall be sufficient. The copy shall include on it an affidavit by the applicant certifying that it is a true copy of the original. For applicants outside the United States who practice in a country in which there is no specific legal recognition document but where graduation from an appropriate educational program is the legal requirement for practice, the above provisions in this paragraph shall not apply.

I. A copy of the applicant's diploma for graduation from the educational program that is required to be licensed, certified, registered or legally recognized to practice in the state or country where the applicant practices. This copy shall include on it an affidavit by the applicant certifying that it is a true copy of the original.

J. A copy of the applicant's transcript that shall verify the applicant's satisfactory completion of the required academic and clinical education and that shall designate the completed subjects and the hours of study completed in each subject.

K. An affidavit stating that the applicant has been officially informed by the board in writing that either of the following two requirements has been fulfilled:

(1) the educational program in acupuncture and oriental medicine from which the applicant graduated has been approved by the board as an educational program; or

(2) the board, by a vote of the majority of the members of the board acting at a duly convened meeting of the board, has determined not to require the applicant for temporary licensure to have graduated from an approved educational program as provided for in Subsection B of 16.2.5.9 NMAC.

L. An accurate translation in English of all documents submitted in a foreign language. Each translated document shall bear the affidavit of the translator certifying that they are competent in both the language of the document and the English language, and that the translation is a true and faithful translation of the foreign language original. Each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original. Each affidavit shall be signed before a notary public. The translation of any document relevant to an application shall be at the expense of the applicant.

[16.2.5.10 NMAC - Rp 16.2.5.10 NMAC, 2/11/2022; A, 10/22/2024]

16.2.5.11 TEMPORARY LICENSE RENEWAL:

A temporary license issued by the board may be renewed a maximum of two times only, for a period of six months for each renewal. Renewals shall run sequentially so that a renewal shall begin immediately when the previous temporary license period expires. Upon approval of an application for renewal of a temporary license that fulfills the requirements listed below, the board shall issue a temporary license. The application requirements for renewal of a temporary license shall be receipt of the following by the board:

A. The fee for renewal of a temporary license specified in 16.2.10 NMAC.

B. An application for renewal of a temporary license that is complete and in English on a form provided by the board that shall include the applicant's name, address, date of birth, social security number, if available, and the name of the sponsoring and

associating New Mexico doctor of oriental medicine or New Mexico educational program.

C. An affidavit from the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program attesting to the qualifications of the applicant and the activities the applicant will perform.

[16.2.5.11 NMAC - Rp 16.2.5.11 NMAC, 2/11/2022]

16.2.5.12 LIMITED TEMPORARY LICENSE APPLICATION:

Upon approval of an application for a limited temporary license that fulfills the requirements listed below, the board shall issue a limited temporary license that will be valid for the dates specified on the license but shall not exceed 18 consecutive months from the date of issuance and is not renewable. A limited temporary license shall be for the exclusive purpose of teaching a single complete course in acupuncture and oriental medicine and assisting in the implementation of new techniques in acupuncture and oriental medicine including the study of such techniques by licensed, registered, certified or legally recognized health care practitioners from jurisdictions other than New Mexico. A limited temporary license shall be required for any person who demonstrates, practices or performs diagnostic and treatment techniques on another person as part of teaching or assisting in the implementation of new techniques, if they are not a licensee or temporary licensee. Limited temporary licenses shall not be issued to teachers for the purpose of teaching full semester courses that are part of an approved educational program. The limited temporary license shall include the name of the limited temporary license holder, the effective dates of the license, the name of the sponsoring New Mexico doctor of oriental medicine or New Mexico educational program, and a statement that the license shall be for the exclusive purpose of teaching acupuncture and oriental medicine, and assisting in the implementation of new techniques in acupuncture and oriental medicine including the study of such techniques by licensed, registered, certified or legally recognized health care practitioners from jurisdictions other than New Mexico. The requirements for a limited temporary license shall be:

A. the fee for application for a limited temporary license specified in 16.2.10 NMAC;

B. an application for limited temporary license that is complete and in English on a form provided by the board that shall include the applicant's name, address, date of birth, social security number, if available, and the name of the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program;

C. an affidavit as provided on the "temporary license application" from the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program attesting to the qualifications of the applicant and the activities the applicant will perform; and

D. an affidavit as provided on the "temporary license application" as to whether the applicant:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings; or

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice; or

(3) is in arrears on a court-ordered child support payment; and

E. an affidavit as provided on the "temporary license application" stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection D of 16.2.5.12 NMAC, may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978; and

F. an affidavit as provided on the "temporary license application" stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine; and

(2) the applicant must notify the board within ten days if the applicant's address changes or the circumstances of the applicant's relationship to the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program change; and

(3) the applicant may only engage in those activities authorized on the temporary license and only in association with the sponsoring and associating New Mexico doctor of oriental medicine or New Mexico educational program for the limited time specified on the temporary license; and

G. the applicant shall provide one or more of the following:

(1) a current curriculum vitae demonstrating experience in the field in which they will be teaching;

(2) a current license to practice in the field in which they will be teaching;

(3) proof of education in the field in which they will be teaching.

H. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the letter from the translator certifying that they are competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear a letter from the sponsor certifying that the translation is a true and faithful translation of the original; the translation of any document relevant to an application shall be at the expense of the applicant.

I. for teachers returning to New Mexico after having fulfilled the above requirements, an affidavit by the sponsoring organization testifying that all information is current and correct will be sufficient without re-submitting documentation.

J. if the applicant is certified by the NCCAOM or another state's acupuncture board that reviews continuing education courses, documentation providing NCCAOM, or other state instructor status will suffice.

PART 6: RECIPROCAL LICENSING

16.2.6.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.6.1 NMAC - Rp, 16.2.6.1 NMAC 12/27/2022]

16.2.6.2 SCOPE:

All licensees and applicants.

[16.2.6.2 NMAC - Rp, 16.2.6.2 NMAC 12/27/2022]

16.2.6.3 STATUTARY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-8; 61-14A-9; and 61-14A-13 NMSA 1978.

[16.2.6.3 NMAC - Rp, 16.2.6.3 NMAC 12/27/2022]

16.2.6.4 DURATION:

Permanent.

[16.2.6.4 NMAC - Rp, 16.2.6.4 NMAC 12/27/2022]

16.2.6.5 EFFECTIVE DATE:

December 27, 2022, unless a later date is cited at the end of a section.

[16.2.6.5 NMAC - Rp, 16.2.6.5 NMAC 12/27/2022]

16.2.6.6 OBJECTIVE:

The purpose of this part is to provide for the issuance of expedited licenses pursuant to Section 61-1-31.1 NMSA 1978 and Section 61-1-34 NMSA 1978.

[16.2.6.6 NMAC - Rp, 16.2.6.6 NMAC 12/27/2022]

16.2.6.7 DEFINITIONS:

A. "Eligible jurisdiction" means:

(1) any state or territory of the United States except those included in the list of disapproved licensing jurisdictions under 16.2.6.8 NMAC; and

(2) any foreign country included under 16.2.6.8 NMAC.

B. "Expedited license" means a provisional license that confers the same rights, privileges and responsibilities as a regular license issued by the board.

C. "Good standing" means a license or registration is active and not expired, suspended, revoked, surrendered, conditioned, or otherwise in a status that in any manner restricts the activity of a licensee or registrant under the authority of the license.

D. "Jurisdiction" has the same meaning as defined in Subsection F of Section 61-1-2 NMSA 1978.

E. "Licensing fee" has the same meaning as defined in Paragraph (1) of Subsection E of Section 61-1-34 NMSA 1978.

F. "Qualified applicant" means an applicant who:

- (1) holds a current license in good standing in an eligible jurisdiction, as defined by Subsection A of this rule;
- (2) does not have a disqualifying criminal conviction, as defined in Paragraph (10) of 16.2.3 NMAC of the board's rules; and
- (3) is not subject to pending disciplinary action in New Mexico.

G. "Veteran" has the same meaning as defined in Paragraph (3) of Subsection E of Section 61-1-34 NMSA 1978.

[16.2.6.7 NMAC - Rp, 16.2.6.7 NMAC 12/27/2022]

16.2.6.8 LIST OF DISAPPROVED LICENSING JURISDICTIONS; REASONS:

A. Applicants for expedited licensure as doctors of oriental medicine licensed in the following states and territories of the United States shall not be eligible or expedited licensure under 61-14A-13 NMSA 1978 of the Acupuncture and Oriental Medicine Practice Act (pursuant to the list of disapproved jurisdiction list, below, only four states are unequivocally approved for purposes of expedited licensure, which include Arkansas, Florida, Nevada, and Texas):

- (1) California, on the grounds that it does not recognize the national certification commission for acupuncture and oriental medicine (NCCAOM) examinations or certifications, as it utilizes its own examination, the California acupuncture licensing exam;
- (2) Michigan, on the grounds that licensure was not required until 2019 and there were no education or examination requirements for then registered acupuncturists to become licensed through 2024;
- (3) Ohio, on the grounds that Ohio no longer licenses oriental medicine professionals and does not allow the use of Chinese herbal medicine by licensed acupuncturists;
- (4) Wyoming, on the grounds that licensure was not required prior to 2018, and there were no education or examination requirements consistent with New Mexico's examination requirements, for then registered acupuncturists to become licensed. Further, education requirements cannot be determined to be consistent with New Mexico;

(5) Guam, on the grounds that licensure of acupuncturists is determined based on the licensure an applicant holds in the U.S., and there is no way to determine whether such licensure is consistent with New Mexico other than on a case-by-case basis; and

(6) American Samoa, Georgia, Idaho, Indiana, Iowa, Kentucky, Louisiana, Maine, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New York, North Carolina, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia, and Wisconsin, on the grounds that education and licensure examination requirements in these jurisdictions cannot be determined to be consistent with those requirements in New Mexico;

(7) Northern Mariana Islands, on the grounds that education and licensure examination requirements in this jurisdiction cannot be determined to be consistent with those requirements in New Mexico. Further, licensure as an acupuncturist is allowed if an applicant is licensed in one of the U.S. states or territories, and there is no way to determine whether such licensure is consistent with New Mexico other than on a case-by-case basis; and

(8) Unless the applicant holds a current or active oriental medicine certification, or both the acupuncture and chinese herbology certifications, from the NCCAOM, Alaska, Arizona, Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Illinois, Kansas, Massachusetts, Mississippi, Missouri, New Jersey, and North Dakota, on the grounds that New Mexico required the rigorous NCCAOM oriental medicine certification.

B. An applicant may not apply for expedited licensure on the basis of practice in any jurisdiction that does not license, register, certify, or regulate the practice of acupuncture or oriental medicine, including each of the following:

- (1) Alabama;
- (2) Oklahoma;
- (3) South Dakota;
- (4) Puerto Rico; and
- (5) U.S. Virgin Islands.

[16.2.6.8 NMAC - Rp, 16.2.6.8 NMAC 12/27/2022; A, 10/22/2024]

16.2.6.9 EXPEDITED LICENSURE APPLICATION:

A. A candidate for expedited licensure under 61-1-31.1 NMSA 1978 must submit to the board a complete application containing all the following:

- (1) a completed application;
- (2) proof of a current license in good standing from an eligible jurisdiction as defined in these rules;
- (3) pass a written jurisprudence examination on the state laws and rules as required by Paragraph (4) of Subsection A of 61-14A-13 NMSA 1978;
- (4) payment of the required application fee.

B. An expedited license application shall not be deemed complete until the applicant has submitted and the board's staff is in receipt of all the materials required by Subsection A of 16.2.6.11 NMAC, including documentation from third parties.

C. Upon receipt of a complete application, the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a potentially disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-14A-17 NMSA 1978:

- (1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;
- (2) the license may not be issued within 30 days of submission of the complete application; and
- (3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

[16.2.6.9 NMAC - N, 12/27/2022; A, 10/22/2024]

16.2.6.10 EXPEDITED LICENSURE APPLICATION FOR MILITARY SERVICE MEMBERS AND VETERANS:

A. A candidate for expedited licensure under 61-1-34 NMSA 1978 must submit to the board, a complete application containing all the following:

- (1) a completed application;
- (2) proof of a current license in good standing from another jurisdiction, including a branch of the United States Armed Forces; and
- (3) Submission of the following documentation:
 - (a) for military service member: copy of military orders;

(b) for spouse of military service members: copy of military service member's military orders and copy of marriage license;

(c) for spouses of deceased military service members: copy of decedent's DD214 and copy of marriage license;

(d) for dependent children of military service members: copy of military service member's orders listing dependent child, or a copy of military orders and one of the following: a copy of birth certificate, military service member's federal tax return or other governmental or judicial documentation establishing dependency;

(e) for veterans (retired or separated), proof of honorable discharge, such as a copy of DD form 214, DD form 215, DD form 256, DD form 257, NGB form 22, military ID card, driver's license or state ID card with a veteran's designation, or other documentation verifying honorable discharge.

B. An expedited license application shall not be deemed complete until the applicant has submitted and board staff is in receipt of all of the materials, including documentation from third parties, required by Subsection A of 16.2.6.11 NMAC.

C. Upon receipt of a complete application, board staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant is not a qualified applicant as defined by this rule and has a potentially disqualifying criminal conviction or the board may have other cause to deny the application pursuant to 61-14A-7 NMSA 1978:

(1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;

(2) the license may not be issued within 30 days of submission of the complete application; and

(3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

E. A military service member or veteran who is issued an expedited license shall not be charged any initial licensing fees or renewal fees for the first three years of licensure with the board.

[16.2.6.10 NMAC - N, 12/27/2022; A, 10/22/2024]

16.2.6.11 EXPEDITED LICENSE DURATION AND RENEWAL:

A. An expedited license shall be valid for the same length of time as a regular initial license issued by the board.

B. A licensee holding an expedited license may apply for license renewal in the manner provided by the board's rules. However, if the licensee is not an NCCAOM certified diplomate in oriental medicine or has not passed the NCCAOM in another jurisdiction, the licensee shall be required to take and pass the NCCAOM or become an NCCAOM certified diplomate in oriental medicine prior to renewing the license. Additionally, if the licensee has not passed any additional examinations as required by 16.2.4.10 NMAC, including the New Mexico clinical skills examination, the licensee shall be required to take and pass such examinations prior to renewing the license.

C. Upon renewal, the board shall issue a regular license to a licensee holding an expedited license granted under this rule.

PART 7: EDUCATIONAL PROGRAMS

16.2.7.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.7.1 NMAC - Rp, 16.2.7.1 NMAC, 4/25/2023]

16.2.7.2 SCOPE:

All licensed doctors of oriental medicine, temporarily licensed doctors of oriental medicine, approved educational programs and all applicants for licensure as a doctor of oriental medicine, temporary licensure and for approval of an educational program.

[16.2.7.2 NMAC - Rp, 16.2.7.2 NMAC, 4/25/2023]

16.2.7.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-8, 9 and 14 NMSA 1978.

[16.2.7.3 NMAC - Rp, 16.2.7.3 NMAC, 4/25/2023]

16.2.7.4 DURATION:

Permanent.

[16.2.7.4 NMAC - Rp, 16.2.7.4 NMAC, 4/25/2023]

16.2.7.5 EFFECTIVE DATE:

April 25, 2023, unless a later date is cited at the end of a section.

[16.2.7.5 NMAC - Rp, 16.2.7.5 NMAC, 4/25/2023]

16.2.7.6 OBJECTIVE:

This part establishes the requirements for approval of educational programs, the requirements for making an application for approval of an educational program, the renewal of the approval of the educational program and the requirement of notification of changes.

[16.2.7.6 NMAC - Rp, 16.2.7.6 NMAC, 4/25/2023]

16.2.7.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.7.7 NMAC - Rp, 16.2.7.7 NMAC, 4/25/2023]

16.2.7.8 EDUCATIONAL PROGRAM REQUIREMENTS:

All educational programs shall be approved by the board. Using the requirements of 16.2.7.8 NMAC and 16.2.7.9 NMAC (Sections 8 and 9 of Part 7 of the rules), the board will evaluate whether or not an educational program shall be approved. If a visit is necessary to evaluate the educational program, the cost of the visit, including any administrative costs, shall be paid in advance by the educational program.

A. The foundation educational program requirement shall be the four academic year masters of oriental medicine program that meets the national certification commission for acupuncture and oriental medicine (NCCAOM) accreditation/equivalent education policy as defined here. Graduation/education must be obtained from a formal education program that has met the standards of the accreditation commission for acupuncture and herbal medicine (ACAHM) or an equivalent educational body. A program may be established as having satisfied this requirement by demonstration of one of the following:

- (1) accreditation or candidacy for accreditation by ACAHM; or
- (2) approval by a foreign government's ministry of education, ministry of health, or equivalent foreign government agency; each candidate must submit their documents for approval by a foreign credential equivalency service approved by the NCCAOM for that purpose; programs attempting to meet the eligibility requirement under this method must also meet the curricular requirements of ACAHM in effect at the time of application; or
- (3) approval by a foreign private accreditation agency that has an accreditation process and standards substantially equivalent to that of ACAHM, and that is recognized for that purpose by the appropriate government entity in that foreign country; each candidate must submit their documents for approval by a foreign

credential equivalency service approved by the NCCAOM for that purpose; programs attempting to meet the eligibility requirement under this method must also meet the curricular requirements of ACAHM in effect at the time of application.

(4) approval from the NCCAOM as having satisfied the eligibility requirements to receive the NCCAOM certification in oriental medicine, or in both acupuncture and Chinese herbology.

B. The educational program shall provide a program that shall be at least four academic years and shall include in-class education that comprises a minimum of 2,400 clock hours of classes including a minimum of 1,100 hours of didactic education in acupuncture and oriental medicine and a minimum of 900 hours of supervised clinical practice, instruction and observation in acupuncture and oriental medicine. The curriculum shall provide the knowledge and skills required to maintain appropriate standards of acupuncture and oriental medical care.

C. The educational program shall include a didactic curriculum that educates and graduates physicians who are competent to practice acupuncture and oriental medicine and who are able to diagnose, prescribe, and treat accurately and that specifically includes, in addition to the requirements of the act, oriental principles of life therapy, including the prescription of herbal medicine, diet and nutrition, manual therapy/physical medicine and counseling, not to exceed 900 hours of the required 2,400 hours specified in Subsection B of 16.2.7.8 NMAC and that includes a minimum of 450 hours of education in herbal medicine.

D. The educational program shall include a clinical curriculum that includes clinical instruction and direct patient contact. This clinical part of the educational program shall include at least 900 hours of supervised clinical practice, instruction and observation in the following areas:

(1) the observation of and assistance in the application of principles and techniques of oriental medicine including diagnosis, acupuncture, moxibustion, manual therapy/physical medicine, diet and nutrition, counseling and the prescription of herbal medicine; and

(2) a minimum of 400 hours of actual treatment in which the student is required to perform complete treatment as the primary student practitioner.

E. The educational program shall include a curriculum that educates and graduates physicians who are competent to demonstrate a clinically relevant, complementary and integrative knowledge of biomedicine and biomedical diagnosis sufficient to treat and refer patients when appropriate.

F. The educational program may honor credit from other educational programs.

G. The names and educational qualifications of all teaching supervisors, resident teachers, and visiting teachers of acupuncture and oriental medicine shall be submitted to the board and shall meet the following:

(1) all teachers of acupuncture and oriental medicine in New Mexico shall have a license or temporary license to practice acupuncture and oriental medicine in New Mexico issued by the board; any educational program in violation of this provision shall be subject to suspension or revocation of the educational program approval or subject to disciplinary proceedings, including fines as defined in 16.2.12 NMAC;

(2) all teachers of acupuncture and oriental medicine at educational programs outside New Mexico shall be licensed, certified, registered or legally recognized to practice acupuncture and oriental medicine in the state or country in which he or she practices and teaches; any educational program in violation of this provision shall be subject to suspension or revocation of the educational program approval or subject to disciplinary proceedings, including fines as defined in 16.2.12 NMAC;

(3) exceptions may be made at the board's discretion and for good cause.

H. Educational programs may employ or contract with preceptors to teach components of the educational program. Educational programs may honor credit from preceptors. A preceptor is defined as "a doctor of oriental medicine with at least ten years of clinical experience."

I. The educational program may be subject to inspection by the board.

[16.2.7.8 NMAC - Rp, 16.2.7.8 NMAC, 4/25/2023; A, 10/22/2024]

16.2.7.9 EDUCATIONAL PROGRAM CERTIFICATE OR DIPLOMA AND TRANSCRIPT REQUIREMENTS:

Educational programs shall provide the following:

A. A transcript of grades, as part of the student's record, that includes the following:

- (1) name of the student;
- (2) address of the student;
- (3) date of birth;
- (4) course titles;
- (5) grade received in each course; and
- (6) number of clock hours per course.

B. A certificate or diploma stating that the student has satisfactorily completed the educational program only after personal attendance in all required classes, and satisfactory completion of the educational program requirements.

[16.2.7.9 NMAC - Rp, 16.2.7.9 NMAC, 4/25/2023]

16.2.7.10 APPLICATION FOR ANNUAL APPROVAL OF AN EDUCATIONAL PROGRAM:

All educational programs in New Mexico are required to be annually approved by the board. Any educational program outside New Mexico, that so chooses, may apply to receive annual approval status. These educational programs shall be granted approval after submitting to the board:

A. the initial application fee for annual approval of an educational program specified in 16.2.10 NMAC and paid by certified check or money order in U.S. funds; and

B. an application that is complete and in English on a form prescribed by the board that contains the matriculation date for the educational program and the information necessary to verify that the standards of professional education required by 16.2.7.8 and 16.2.7.9 NMAC are being met including an official copy of the curriculum. The board shall act upon the application within 60 days of the receipt of the application and shall inform the educational program of the status of the application in writing by mail postmarked within seven days of acting on it.

[16.2.7.10 NMAC - Rp, 16.2.7.10 NMAC, 4/25/2023]

16.2.7.11 APPLICATION FOR SINGLE INSTANCE APPROVAL OF AN EDUCATIONAL PROGRAM:

A graduate of an educational program that does not have annual approval status from the board and does not satisfy at least one of the requirements outlined in Paragraph (1) of Subsection A of 16.2.7.8 NMAC through Paragraph (6) of Subsection A of 16.2.7.8 NMAC, shall submit a complete application in English to receive a single instance approval of the educational program for use by the applicant and must include:

A. the application fee for a single instance approval of an educational program, specified in 16.2.10 NMAC, paid in U.S. funds; and

B. the matriculation date for the educational program and the information necessary to verify that the standards of professional education required by 16.2.7.8 and 16.2.7.9 NMAC are being met including an official copy of the curriculum. The application and the application fee shall be received at the board's office at least 90 days prior to the next scheduled clinical skills examination. The board shall send a written response to the applicant for approval of an educational program informing the applicant of the application's completeness or needed documentation postmarked at least 85 days

before the next scheduled clinical skills examination date. All documentation requested to complete the application shall be received at the board's office at least 70 days before the next scheduled clinical skills examination date. The applicant shall be notified of approval or denial of the application in writing by mail postmarked at least 60 days prior to the next scheduled clinical skills examination date. Note that the above deadlines exist to synchronize with the deadlines for applicants regarding the clinical skills exam as defined in 16.2.4.11 NMAC.

[16.2.7.11 NMAC - Rp, 16.2.7.11 NMAC, 4/25/2023; A, 10/22/2024]

16.2.7.12 ANNUAL RENEWAL, LATE RENEWAL AND EXPIRED APPROVAL:

To maintain annual approval status, an educational program shall submit by May 1st a complete annual renewal application in English and the required fee for renewal of approval of an educational program, specified in 16.2.10 NMAC, paid in U.S. funds. The approval period is defined as August 1st to July 31st of the subsequent year. The approval expires at 12:00 midnight on July 31st. Renewal applications received after September 30th of any year must be submitted with the late fee specified in 16.2.10 NMAC (Part 10 of the rules) and paid in U.S. funds. If the annual renewal application and fee are not received within 60 days after expiration, following the approval period, the annual approval is expired, and the educational program shall submit the initial application and initial application fee to become approved.

[16.2.7.12 NMAC - Rp, 16.2.7.12 NMAC, 4/25/2023; A, 10/22/2024]

16.2.7.13 NOTIFICATION OF CHANGES:

If ownership of the educational program changes or the educational program is substantially changed the educational program shall notify the board within 10 days of such change. The educational program may then be subject to inspection. The educational program shall be on a probationary approval status until final approval is given under the changed circumstances.

[16.2.7.13 NMAC - Rp, 16.2.7.13 NMAC, 4/25/2023]

PART 8: LICENSE RENEWAL

16.2.8.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.8.1 NMAC - Rp, 16.2.8.1 NMAC, 2/11/2022]

16.2.8.2 SCOPE:

All licensed doctors of oriental medicine and all licensed doctors of oriental medicine certified for expanded practice.

[16.2.8.2 NMAC - Rp, 16.2.8.2 NMAC, 2/11/2022]

16.2.8.3 STATUTORY AUTHORITY:

[16.2.8.3 NMAC - Rp, 16.2.8.3 NMAC, 2/11/2022]

16.2.8.4 DURATION

Permanent.

[16.2.8.4 NMAC - Rp, 16.2.8.4 NMAC, 2/11/2022]

16.2.8.5 EFFECTIVE DATE:

February 11, 2022, unless a later date is cited at the end of a section.

[16.2.8.5 NMAC - Rp, 16.2.8.5 NMAC, 2/11/2022]

16.2.8.6 OBJECTIVE:

This part defines the requirements for renewal of licenses.

[16.2.8.6 NMAC - Rp, 16.2.8.6 NMAC, 2/11/2022]

16.2.8.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.8.7 NMAC - Rp, 16.2.8.7 NMAC, 2/11/2022]

16.2.8.8 LICENSE RENEWAL GENERAL REQUIREMENTS:

A. Except as otherwise provided in the act, these rules or state law, including but not limited to the board's right to deny an application for renewal pursuant to Section 61-14A-17 NMSA 1978, and the Parental Responsibility Act, Section 40-5A-1 NMSA 1978, et seq., each licensed doctor of oriental medicine shall be granted renewal of his license for one year upon receipt and approval by the board or its designee of completion of the following requirements.

B. Any applicant for license renewal who is licensed, certified, registered or legally recognized to practice any profession, including health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act, shall provide an affidavit regarding the disciplinary record of the applicant since last renewing his or her license with the board.

C. Any applicant for license renewal who has been subject to any action or proceeding comprehended by Subsection C of 16.2.8.10 NMAC, may be subject to disciplinary action, including denial, suspension, or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1, NMSA 1978, et seq.

D. Any applicant for license renewal who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.

[16.2.8.8 NMAC - Rp, 16.2.8.8 NMAC, 2/11/2022]

16.2.8.9 LICENSING PERIOD:

The licensing period shall run from August 1 to the following July 31. A newly licensed doctor of oriental medicine shall be issued a license that shall be required to be renewed on July 31, except that licenses initially issued after May 1 shall not expire until July 31 of the next renewal period.

[16.2.8.9 NMAC - Rp, 16.2.8.9 NMAC, 2/11/2022]

16.2.8.10 ANNUAL LICENSE RENEWAL APPLICATION:

The board will renew a doctor of oriental medicine's license upon receipt of a complete renewal application with the following supporting documentation, at the board office:

A. the license renewal fee specified in 16.2.10 NMAC paid in U.S. funds;

B. a complete license renewal application that is in English and shall include the applicant's name, address, date of birth and social security number;

C. an affidavit as provided on the "annual license renewal form" as to whether the applicant since receiving or last renewing (whichever is more recent) his license with the board:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, or related to any other profession

including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings;

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice;

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules; and

D. an affidavit as provided on the "annual license renewal form" regarding the applicant's license history since last renewing his license with the board stating the disciplinary record of the applicant, from each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice acupuncture or oriental medicine or any other profession, including other health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act;

E. an affidavit as provided on the "annual license renewal form" stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection C of 16.2.8.10 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978;

F. an affidavit as provided on the "annual license renewal form" stating that the applicant understands that:

(1) each licensed doctor of oriental medicine is responsible for the timely submission of the annual renewal application and fees;

(2) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine;

(3) the license must be renewed annually by July 31; and

(4) the applicant must notify the board within ten days if the applicant's address changes;

G. if the applicant renews using the board's online application process, the applicant shall check all appropriate affidavit check boxes in the online application and the applicant's agreement to pay by credit card shall be equivalent to the applicant's witnessed signature and notary's stamp and signature normally required by the above affidavits;

H. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant; and

I. satisfactory proof as determined by the board of completion of any continuing education requirements established by the board in 16.2.9.8 NMAC; doctors of oriental medicine certified for the expanded practice shall submit satisfactory proof, as determined by the board, of completion of any expanded practice continuing education requirements established by the board in 16.2.9.9 NMAC;

J. proof of current basic life support, BLS, and CPR with proof of having completed an American heart association, American red cross, or American safety and health institute approved course; hands-on supervised practice of clinical skills is required; the didactic portion may be completed on-line; a current copy of this card shall be submitted to the board at the time of each annual license renewal.

[16.2.8.10 NMAC - Rp, 16.2.8.10 NMAC, 2/11/2022; A, 10/22/2024]

16.2.8.11 LATE LICENSE RENEWAL:

A. For a licensee whose late application to renew his or her license is received at the board office during the 60 day grace period provided by Section 61-14A-15 NMSA 1978, the license shall be renewed if the applicant for late license renewal completes the requirements of 16.2.8.10 NMAC and pays the fee for late license renewal specified in 16.2.10 NMAC.

B. If proof of NCCAOM recertification or equivalent continuing education as defined in 16.2.9.8 NMAC is received at the board office during the 60 day grace period, the renewal shall be considered a late license renewal and the applicant must pay the fee for late license renewal prior to license renewal.

C. For doctors of oriental medicine certified for expanded practice, if proof of expanded practice continuing education as defined in 16.2.9.9 NMAC is received at the board office during the 60 day grace period, the renewal shall be considered a late license renewal and the applicant must pay the fee for late license renewal prior to license renewal.

[16.2.8.11 NMAC - Rp, 16.2.8.11 NMAC, 2/11/2022]

16.2.8.12 EXPIRED LICENSE:

At the end of the 60 day grace period provided by Section 61-14A-15 NMSA 1978, a licensee that has not renewed his license, nor completed all continuing education requirements specified in 16.2.9.8 NMAC, the license is expired and the doctor of oriental medicine shall not practice oriental medicine until his expired license is renewed. For an expired license, if a properly completed application for license renewal is received at the board office within one year of the last regular renewal date, the license shall be renewed, provided all the requirements of late license renewal are completed in addition to the requirements of 16.2.8.11 NMAC and the licensee also pays the fee for expired license renewal specified in 16.2.10 NMAC. The licensee shall notify the board of his correct and current mailing address and of any address changes within ten days of the change. Any doctor of oriental medicine who fails to renew his expired license by the next July 31 annual license renewal date after the notification shall be required to apply as a new applicant.

[16.2.8.12 NMAC - Rp, 16.2.8.12 NMAC, 2/11/2022]

[16.2.9.2 NMAC - Rp 16 NMAC 2.9.2, 12/1/2001; A, 11/28/2009]

16.2.9.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-8, 8.1, 9, and 15, NMSA 1978.

[16.2.9.3 NMAC - Rp 16 NMAC 2.9.3, 12/1/2001; A, 11/28/2009]

16.2.9.4 DURATION:

Permanent.

[16.2.9.4 NMAC - Rp 16 NMAC 2.9.4, 12/1/2001]

16.2.9.5 EFFECTIVE DATE:

December 1, 2001, unless a later date is cited at the end of a section.

[16.2.9.5 NMAC - Rp 16 NMAC 2.9.5, 12/1/2001]

16.2.9.6 OBJECTIVE:

This part defines continuing education requirements for doctors of oriental medicine and all licensed doctors of oriental medicine certified for expanded practice as defined in 16.2.19 NMAC.

[16.2.9.6 NMAC - Rp 16 NMAC 2.9.6, 12/1/2001; A, 3/7/2003; A, 11/28/2009]

16.2.9.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.9.7 NMAC - Rp 16 NMAC 2.9.7, 12/1/2001; A, 2/15/2005; A, 2/8/2013]

16.2.9.8 CONTINUING EDUCATION:

A. A doctor of oriental medicine shall complete continuing education in oriental medicine equivalent to that required by the national certification commission for acupuncture and oriental medicine (NCCAOM). A doctor of oriental medicine shall submit to the board at the time of license renewal either of the following:

(1) proof of continuing NCCAOM recertification in oriental medicine, or in both acupuncture and Chinese herbology, or in acupuncture only if licensed prior to 1997, or;

(2) proof of completion of 15 hours annually, or 60 hours every four years, of NCCAOM approved continuing education courses or of courses approved by other acupuncture or oriental medicine licensing authorities;

(3) a course taken for initial certification in expanded practice may not also be used for continuing education required for annual license renewal.

B. Proof of current basic life support, BLS, and CPR with proof of having completed an American heart association or American red cross approved course, or American safety and health institute; hands-on supervised practice of clinical skills is required; the didactic portion may be completed on-line; a current copy of this card shall be submitted to the board at the time of each annual license renewal.

C. A doctor of oriental medicine who is a board approved examiner, examiner supervisor, or examiner trainer, for the clinical skills examination, shall be granted continuing education credit for time spent functioning as an examiner or training to be an examiner. This also applies to an observing board member who has completed the training. The continuing education credit is limited to 12 hours per year.

D. The board shall annually audit a random ten percent of continuing education documentation to determine the validity of the documentation.

E. A doctor of oriental medicine who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.

F. A doctor of oriental medicine shall maintain an understanding of the current act and rules.

[16.2.9.8 NMAC - Rp 16 NMAC 2.9.8, 12/1/2001; A, 10/1/2013; A, 2/15/2005; A, 9/25/2006; A, 11/28/2009; A/E, 6/15/2010; A/E, 6/15/2010; Re-pr, 11/28/2010; A, 2/8/2013; A, 3/2/2014; A, 6/16/2015; A, 10/22/2024]

16.2.9.9 CONTINUING EDUCATION FOR LICENSEES CERTIFIED FOR EXPANDED PRACTICE:

In addition to the continuing education requirements listed in 16.2.9.8 NMAC, doctors of oriental medicine previously certified in expanded practice are subject to the following requirements beginning August 1, 2013:

A. a doctor of oriental medicine certified for expanded practice in one or more areas as defined in 16.2.19 NMAC shall complete continuing education hours as follows:

(1) three hours every three years for recertification in basic injection therapy;

- (2) seven hours every three years for recertification in injection therapy;
- (3) seven hours every three years for recertification in intravenous therapies;
and
- (4) seven hours every three years for recertification in bioidentical hormone therapy;
- (5) except that a doctor of oriental medicine recertifying in injection therapy or intravenous therapy need not complete an additional three hours in basic injection therapy;
- (6) a doctor of oriental medicine certified in basic injection therapy, injection therapy or intravenous therapy must complete an American society of health-systems pharmacists (ASHP) accredited course relative to USP 797 prior to July 31, 2016; and every six (6) years thereafter; and
- (7) doctors of oriental medicine previously certified as Rx1 shall need seven hours, every three years, for recertification in prolotherapy as specified in 16.2.19.16 NMAC.

B. license holders who are newly certified for expanded practice shall complete continuing education hours on a prorated basis during the first year(s) of certification, and then shall comply with recertification requirements every three years thereafter;

C. courses approved for recertification taken within 120 days prior to a renewal cycle may be carried over and applied to the next renewal cycle but may not be used for both renewal cycles;

D. the continuing education shall be about substances in the board approved appropriate expanded practice formulary or formularies defined in 16.2.20 NMAC or updated information in improving current techniques or other techniques that are part of the expanded practice certification as defined in 16.2.19 NMAC;

E. continuing education courses, including teachers, shall be approved by the board:

(1) course providers requesting approval for Rx continuing education certification shall be required to submit the following materials to the board for approval no less than 45 days prior to the date of the course offering and the materials shall include:

- (a) an application fee as defined in Subsection C of 16.2.10.9 NMAC;
- (b) course description, including objectives, subject matter, number of hours, date time and location; and

(c) curriculum vitae of the instructor(s) including previous experience of at least five (5) years in subjects they are engaged to teach;

(2) courses approved by national providers of continuing medical education (CME) are recognized by the board as approved providers for expanded practice continuing education units (CEU) including but not limited to A4M, ACAM, AMA, IFM;

(3) individual practitioners requesting approval for a specific course that has not already been approved as defined in Paragraph (2) of Subsection D of 16.2.9.9 NMAC, for their own personal continuing education shall submit a copy of the course brochure including a course description, subject matter, contact hours, and curriculum vitae of the instructor 45 days prior to the course offering;

(4) the continuing education committee shall meet each month on or before the 15th to review course materials if applications have been submitted; electronic review is acceptable;

(5) a doctor of oriental medicine certified for expanded practice in basic injection, injection or intravenous therapies must remain current in basic life support, BLS, and CPR with proof of having completed an American heart association, American red cross, or American safety and health institute approved course; hands-on supervised practice of clinical skills is required; the didactic portion may be completed on-line; a current copy of this card shall be submitted to the board at the time of each triennial expanded practice certification renewal; and

F. continuing education that is appropriate for regularly licensed doctors of oriental medicine shall not be considered as fulfilling the above requirements for expanded practice continuing education;

(1) teaching an approved continuing education course shall be equivalent to taking the approved course; the first time that the course is offered;

(2) the board may determine specific mandatory courses that must be completed; specific mandatory courses shall be noticed at least six months prior to the date of the course; exceptions to being required to complete a specific mandatory course may be made for good cause.

Refer to definitions in 16.2.1.7 NMAC.

[16.2.10.7 NMAC - Rp, 16.2.10.7 NMAC 10/22/2024]

16.2.10.8 DEPOSIT AND USE OF FEES:

All fees and other funds collected under the act shall be deposited with the state treasurer for credit to the board of acupuncture and oriental medicine fund. The board shall appropriate money from the fund to pay for the costs of administration of the act. Any surplus funds remaining at the end of each fiscal year shall not revert to the general fund.

[16.2.10.8 NMAC - Rp, 16.2.10.8 NMAC 10/22/2024]

16.2.10.9 FEES CHARGED:

A. All fees shall be paid by check, certified check or money order in US funds unless otherwise specified by rule.

B. No fees paid to the board shall be refunded.

C. The board shall charge the following fees:

- (1) application for licensure: \$525.00;
- (2) application for expedited licensure: \$750.00;
- (3) application for licensure by endorsement: \$525.00;
- (4) application for temporary licensure: \$330.00;
- (5) application for limited temporary license: \$100.00;
- (6) clinical skills examination, not including the cost of any nationally recognized examinations: \$500.00;
- (7) annual license renewal: \$225.00;
- (8) late license renewal: an additional \$200.00;
- (9) expired license renewal: an additional \$350.00 plus the renewal and late fees;
- (10) temporary license renewal: \$100.00;
- (11) application for a new annual approval or renewal of approval of an educational program, including the same program offered at multiple campuses: \$450.00;
- (12) late renewal of approval of an educational program: an additional \$200.00;

- (13) application for single instance approval of an educational program:
\$225.00;
- (14) application for initial expanded practice certification: \$100.00 per module;
- (15) application for triennial expanded practice license renewal: an additional
\$200;
- (16) late expanded practice license renewal: an additional \$125.00 plus the
renewal fee;
- (17) expired expanded practice license renewal: an additional \$100.00 plus the
renewal and late fees;
- (18) application for externship supervisor registration: \$225.00;
- (19) application for extern certification: \$225.00;
- (20) continuing education provider course approval application: \$50.00;
- (21) auricular detoxification specialist certification application: \$50.00;
- (22) auricular detoxification specialist certification renewal: \$30.00;
- (23) auricular detoxification specialist certification late renewal: \$20.00;
- (24) auricular detoxification specialist supervisor registration application:
\$50.00;
- (25) auricular detoxification specialist training program approval application:
\$100.00;
- (26) auricular detoxification specialist training program approval renewal:
\$50.00;
- (27) treatment program approval application: \$100.00;
- (28) administrative fee for application for approval of an expanded practice
educational course: \$600.00;
- (29) administrative fee for faculty changes in an expanded practice course:
\$50.00;

[16.2.11.7 NMAC - Rp 16 NMAC 2.11.7, 12-1-01; A, 02-15-05; A, 11-28-09]

16.2.11.8 OFFICE:

All offices shall be registered with the board. All offices must have a written needlestick policy in place including recommendations for postexposure prophylaxis. When the practice of acupuncture and oriental medicine is conducted in a building used for residential purposes, a room or rooms shall be set apart as an office for the practice and shall be used solely for this purpose. It shall be equipped with a washroom and toilet facilities readily available in the same premises. An office may be inspected at any time during normal business hours by the board or its agents.

[16.2.11.8 NMAC - Rp 16 NMAC 2.11.8, 12-1-01; A, 6-16-15]

16.2.11.9 RECORDS:

A doctor of oriental medicine, temporary licensee, extern or educational program shall keep accurate records of each patient including the diagnosis and nature of treatment given and any other relevant data deemed necessary by the provider. Records shall be retained for a minimum of 10 years or in accordance with federal regulation and shall be open to inspection at any time during normal business hours by the board.

[16.2.11.9 NMAC - Rp 16 NMAC 2.11.9, 12-1-01; A, 11-28-09]

16.2.11.10 USE OF BUSINESS NAME OR TRADE NAME:

The board shall be notified of the use of a trade or business name or "DBA" by a doctor of oriental medicine. The board shall be notified, in writing, of any change of business or trade name within 10 days of the change.

[16.2.11.10 NMAC - Rp 16 NMAC 2.11.10, 12-1-01; A, 02-15-05; A, 11-28-09]

16.2.11.11 DISPLAY OF LICENSE:

The current license shall be conspicuously displayed in all offices of the doctor of oriental medicine or temporary licensee that are registered with the board. For the fee specified in part 10, the board shall provide a copy of the license for each additional office location registered with the board.

[16.2.11.11 NMAC - Rp 16 NMAC 2.11.11, 12-1-01]

16.2.11.12 CHANGES, RELOCATION, CLOSING:

Within 10 days of any changes, a doctor of oriental medicine or temporary licensee shall inform the board, in writing, of any changes to his or her practice, including relocation, abandonment and closing for over 90 days. Notice to the board shall include at a minimum the name of the licensee, office location, mailing address, telephone number, business name and the names of all licensees practicing at that location.

[16.2.11.12 NMAC - Rp 16 NMAC 2.11.12, 12-1-01; A, 02-15-05; A, 11-28-09]

PART 12: GROUNDS FOR DENIAL, SUSPENSION OR REVOCATION OF LICENSE

16.2.12.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.12.1 NMAC - Rp, 16.2.12.1 NMAC, 2/11/2022]

16.2.12.2 SCOPE:

All licensees, applicants, temporary licensees, applicants for temporary licensure, limited temporary license holders, limited temporary license applicants, externs, certified auricular detoxification specialists, certified auricular detoxification specialist applicants, auricular detoxification specialist training programs, auricular detoxification specialist training program applicants, educational programs and applicants for approval of educational programs.

[16.2.12.2 NMAC - Rp, 16.2.12.2 NMAC, 2/11/2022]

16.2.12.3 STATUTORY AUTHORITY:

This Part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-8, 9 and 17 NMSA 1978.

[16.2.12.5 NMAC - Rp, 16.2.12.5 NMAC, 2/11/2022]

16.2.12.6 OBJECTIVE:

This part clarifies the grounds for which the board may deny, suspend or revoke a license to practice acupuncture and oriental medicine or otherwise discipline a licensee, applicant, temporary licensee, applicant for temporary licensure, extern, extern supervisor or educational program in addition to those reasons listed in the act in Section 61-14A-17 NMSA 1978.

[16.2.12.6 NMAC - Rp, 16.2.12.6 NMAC, 2/11/2022]

16.2.12.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.12.7 NMAC - Rp, 16.2.12.7 NMAC, 2/11/2022]

16.2.12.8 AUTHORITY AND PROCEDURE:

The board may refuse to issue, or may suspend, or revoke any license, in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in the Act and clarified in 16.2.12 NMAC.

[16.2.12.8 NMAC - Rp, 16.2.12.8 NMAC, 2/11/2022]

16.2.12.9 FAILURE TO USE PRE-STERILIZED SINGLE USE NEEDLES:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, a temporary licensee or an extern shall be guilty of incompetence who fails to use pre-sterilized single use needles.

[16.2.12.9 NMAC - Rp, 16.2.12.9 NMAC, 2/11/2022]

16.2.12.10 FAILURE TO FOLLOW PROPER INSTRUMENT STERILIZATION PROCEDURE:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, a temporary licensee or an extern shall be guilty of incompetence who fails to use sterile instruments or fails to follow proper instrument sterilization procedures including the use of biological monitors and the keeping of accurate records of sterilization cycles and equipment service maintenance as described in the manufacturer's instruction manual, the current edition of "clean needle technique manual for acupuncturists" published by the national acupuncture foundation, and the instrument sterilization protocols used by New Mexico hospitals and the American hospital association.

[16.2.12.10 NMAC - Rp, 16.2.12.10 NMAC, 2/11/2022]

16.2.12.11 FAILURE TO FOLLOW CLEAN NEEDLE TECHNIQUE:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, a temporary licensee or an extern shall be guilty of incompetence who fails to follow clean needle technique as defined in the current edition of "clean needle technique manual for acupuncturists" published by the national acupuncture foundation.

[16.2.12.11 NMAC - Rp, 16.2.12.11 NMAC, 2/11/2022]

16.2.12.12 FALSE REPORTING:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine temporary licensee, applicant, applicant for temporary licensure, extern, educational program or applicants for approval of an educational program shall be guilty of unprofessional conduct who willfully makes or files false reports or records in his or her practice of acupuncture and oriental medicine, or who files false statements for collection of fees for services that were not rendered.

[16.2.12.12 NMAC - Rp, 16.2.12.12 NMAC, 2/11/2022]

16.2.12.13 OUT OF STATE DISCIPLINARY ACTION:

Pursuant to the Act, Paragraphs (3) and (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, an applicant, a temporary licensee, an

applicant for temporary licensure or an extern shall be guilty of incompetence or unprofessional conduct for any act or omission which has resulted in disciplinary action against him or her by the licensing or disciplinary authority, or court in another state, territory, or country which would constitute incompetence if it had been committed in New Mexico.

[16.2.12.13 NMAC - Rp, 16.2.12.13 NMAC, 2/11/2022]

16.2.12.14 PROCURING LICENSE BY FRAUD:

Pursuant to the Act Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, an applicant, a temporary licensee, an applicant for temporary licensure or an extern shall be guilty of fraud or deceit in procuring or attempting to procure or renew a license or a temporary license to practice in the profession of acupuncture and oriental medicine if he makes false statements, or provides false or misleading information on his or her application.

[16.2.12.14 NMAC - Rp, 16.2.12.14 NMAC, 2/11/2022]

16.2.12.15 MISREPRESENTATION:

Pursuant to the Act, Paragraphs (5) and (14) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct and attempting to attract patronage in an unethical manner who guarantees a cure will result from the performance of professional services.

[16.2.12.15 NMAC - Rp, 16.2.12.15 NMAC, 2/11/2022]

16.2.12.16 FALSE ADVERTISING:

Pursuant to the Act, Paragraph (13) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, instructor in an educational course or program or applicant for approval of an educational program shall be guilty of advertising by means of knowingly false statements who makes or publishes or causes to be made or published any advertisement, offer, statement or other form of representation, oral or written, that directly or by implication is false, misleading or deceptive.

[16.2.12.16 NMAC - Rp, 16.2.12.16 NMAC, 2/11/2022]

16.2.12.17 FALSE ADVERTISING BY APPLICANTS:

Pursuant to the Act, Paragraphs (7) and (13) of Subsection A of Sections 61-14A-17 NMSA 1978, an applicant or an applicant for temporary licensure shall be guilty of violating the provisions of the act, specifically Section 61-14A-4 NMSA 1978, and shall

be guilty of advertising by means of knowingly false statements who advertises his or her practice of acupuncture and oriental medicine if he does such advertising prior to being licensed by the board.

[16.2.12.17 NMAC - Rp, 16.2.12.17 NMAC, 2/11/2022]

16.2.12.18 EDUCATIONAL FRAUD:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who practices fraud, deceit, gross negligence, or misconduct in the clinical practice or in relation to the operation of an educational program in acupuncture and oriental medicine.

[16.2.12.18 NMAC - Rp, 16.2.12.18 NMAC, 2/11/2022]

16.2.12.19 FAILURE TO KEEP RECORDS:

Pursuant to Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who fails to keep written records reflecting the course of treatment of the patient for a period of at least seven years from the date of each service.

[16.2.12.19 NMAC - Rp, 16.2.12.19 NMAC, 2/11/2022; A, 12/27/2022]

16.2.12.20 FAILURE TO PROVIDE RECORDS TO PATIENT:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who fails to make available to a patient or client, upon request, copies of patient records in their possession, or under their control that have been prepared for and paid for by the patient or client. The patient records must be provided to the patient or client within 30 days of the written request, except as authorized or required by the Federal (Health Insurance Portability and Accountability Act (HIPAA)).

[16.2.12.20 NMAC - Rp, 16.2.12.20 NMAC, 2/11/2022; A, 12/27/2022]

16.2.12.21 BREACH OF CONFIDENTIALITY:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who reveals personally identifiable facts, data or information obtained in a

professional capacity, without the prior consent of the patient or client, except as authorized or required by law.

[16.2.12.21 NMAC - Rp, 16.2.12.21 NMAC, 2/11/2022]

16.2.12.22 DELEGATION OF RESPONSIBILITIES TO UNQUALIFIED PERSONS:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, a temporary licensee or an extern shall be guilty of incompetence who:

A. delegates professional responsibilities to a person when the doctor of oriental medicine, temporary licensee or extern delegating such responsibilities knows or has reason to know that the person is not qualified by education, by experience or by licensure or certification to perform the responsibilities; or

B. fails to exercise appropriate supervision over temporary licensees or students who are authorized to practice only under the supervision of the doctor of oriental medicine or temporary licensee.

[16.2.12.22 NMAC - Rp, 16.2.12.22 NMAC, 2/11/2022]

16.2.12.23 ABANDONMENT OF PATIENTS:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who abandons or neglects a patient or client under and in need of immediate professional care, without making reasonable arrangements for the continuation of such care, or abandons professional employment in a group practice, hospital, clinic or other health care facility, without reasonable notice and under circumstances which seriously impair the delivery of professional care to patients or clients.

16.2.12.24 SOLICITATION:

Pursuant to the Act, Paragraph (14) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of attempting to attract patronage in an unethical manner who solicits patients, either personally or through an agent, through the use of fraud, intimidation, undue influence, or a form of overreaching or vexatious conduct. A solicitation is any communication which directly or implicitly requests an immediate oral or written response from the recipient.

[16.2.12.24 NMAC - Rp, 16.2.12.24 NMAC, 2/11/2022]

16.2.12.25 FEE SPLITTING:

Pursuant to the Act, Paragraph (14) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of attempting to attract patronage in an unethical manner who engages in fee splitting. "Fee splitting" means paying or offering to pay a business or professional person or receiving or offering to receive from a business or professional person a commission, rebate, or compensation for bringing or referring a patient or dividing or offering to divide fees received for service for bringing or referring a patient. A division of fees between or among practitioners in the same practice or fee arrangements to cover patients during temporary absences is not fee splitting and is not prohibited by this provision.

16.2.12.26 FINANCIAL EXPLOITATION:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who exercises undue influence on the patient or client in such manner as to exploit the patient or client for the financial gain of the doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program or of a third party.

[16.2.12.26 NMAC - Rp, 16.2.12.26 NMAC, 2/11/2022]

16.2.12.27 SEXUAL ABUSE, EXPLOITATION AND MISCONDUCT:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, an applicant, a temporary licensee, an applicant for temporary licensure or an extern shall be guilty of unprofessional conduct who commits an act of sexual abuse, exploitation or misconduct, by exercising influence within a doctor/patient or teacher/student relationship for purposes of engaging a patient or student in sexual activity or who engages in sexual contact or the suggestion of sexual contact with a patient or student during the doctor/patient or teacher/student relationship within an educational program, unless a sexual relationship with the patient or student preceded the professional relationship as doctor/patient or teacher/student. If the licensee, temporary licensee or extern and the patient mutually desire a personal/sexual relationship, the licensee, temporary licensee or extern shall immediately terminate the professional relationship with a written and signed termination of care agreement, make an appropriate referral to another health care practitioner, and wait before engaging in such a relationship for a time when it is reasonably certain based on the factors enumerated below that the professional relationship has no influence on the personal/sexual relationship. The licensee, temporary licensee or extern who engages in such a personal/sexual relationship, following the cessation or termination of

treatment, bears the burden of providing proof that there has been no exploitation, in light of all relevant factors, including:

- A.** the amount of time that has passed since care was terminated;
- B.** the nature and duration of the care;
- C.** the circumstances of termination;
- D.** the patient's personal history;
- E.** the patient's mental status;
- F.** the likelihood of adverse impact on the patient and others; and

G. any statements or actions made by the licensee, temporary licensee or extern during the course of care suggesting or inviting the possibility of a post termination relationship with the patient. Each of the following acts constitutes sexual abuse, exploitation or misconduct:

- (1)** physical or verbal sexual contact or intercourse during the course of the professional relationship, whether in or out of the practitioner's place of business;
- (2)** failure to maintain appropriate professional boundaries even if the patient is perceived as seductive;
- (3)** failure to provide the patient with an opportunity to undress and dress in private;
- (4)** failure to provide the patient with the opportunity to wear underwear or a smock during treatment;
- (5)** failure to obtain informed verbal consent before undraping or treating the patient's breasts, buttocks or genitals;
- (6)** use of inappropriate parts of the practitioner's body to brace the patient;
- (7)** palpation beyond that which is necessary to accomplish a competent examination or treatment;
- (8)** sexual repartee, innuendo, jokes or flirtation;
- (9)** sexual comments about the patient's person or clothing;
- (10)** inquiry into the patient's sexual history or behavior beyond that which is necessary for a competent examination, diagnosis or treatment; the practitioner shall

not be unnecessarily intrusive; the practitioner shall not verbalize any unprofessional comments concerning the patient's sexual history or behavior; and

(11) attempting to diagnose or treat a sexual issue beyond the practitioner's scope of training or practice.

16.2.12.28 CONVICTION OF CRIME:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, applicant, temporary licensee, applicant for temporary licensure or extern shall be guilty of incompetence if convicted of any misdemeanor or felony relating to the practice of acupuncture and oriental medicine, identified as a disqualifying criminal conviction in 16.2.3.10 NMAC. For the purpose of this section, conviction includes any finding of guilt by a court or jury, any plea or judgment of conditional discharge, or any plea of guilty, or any plea of nolo contendere or no contest, or plea or disposition of conditional discharge, and including any such proceeding in which a sentence was imposed, suspended or deferred.

[16.2.12.28 NMAC - Rp, 16.2.12.28 NMAC, 2/11/2022]

16.2.12.29 PERMITTING INSERTION OR REMOVAL OF ACUPUNCTURE NEEDLES:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, applicant, temporary licensee, applicant for temporary licensure or extern shall be guilty of unprofessional conduct who permits, directs or supervises the insertion or removal of acupuncture needles by an unlicensed agent or employee. This provision shall not apply to a patient carrying out the instructions of his or her doctor of oriental medicine, temporary licensee or extern when it is part of the patient's treatment providing that the instructions are simple and clear and there is no danger to the patient. This provision shall not apply to a student enrolled in an educational program practicing under the direct supervision of a teacher as part of the educational program in which he or she is enrolled.

[16.2.12.29 NMAC - Rp, 16.2.12.29 NMAC, 2/11/2022]

16.2.12.30 PERMITTING THE PRESCRIPTION OF SUBSTANCES AND PROCEDURES:

Pursuant to the Act, Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, applicant, temporary licensee, applicant for temporary licensure or extern shall be guilty of unprofessional conduct who permits, directs or supervises the prescription of substances or procedures within the scope of practice of a doctor of oriental medicine by an unlicensed agent or employee. This provision shall

not apply to a patient carrying out the instructions of his or her doctor of oriental medicine, temporary licensee, or extern when it is part of the patient's treatment providing that the instructions are simple and clear and there is no danger to the patient. This provision shall not apply to a student enrolled in an educational program practicing under the direct supervision of a teacher as part of the educational program in which he is enrolled.

[16.2.12.30 NMAC - Rp, 16.2.12.30 NMAC, 2/11/2022]

16.2.12.31 FAILURE TO OBTAIN INFORMED CONSENT:

Pursuant to Paragraph (5) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine, temporary licensee, extern, educational program or applicant for approval of an educational program shall be guilty of unprofessional conduct who fails to obtain, from the patient, a written informed consent for diagnosis and treatment that gives the patient at least a description of the types of diagnostic and treatment services used and any associated potential risks and sensations. The written informed consent shall also contain an explanation that the following will be discussed orally with the patient:

- A.** an estimate of the number of times the patient may need to return for treatment;
- B.** the frequency of treatment; and
- C.** the possible outcome of the diagnostic procedure or treatment service. The written informed consent shall also contain a statement that the patient shall have the choice to accept or reject the proposed diagnostic procedure or treatment, or any part of it, before or during the diagnosis or treatment.

[16.2.12.31 NMAC - Rp, 16.2.12.31 NMAC, 2/11/2022]

16.2.12.32 INCOMPETENCE AND UNPROFESSIONAL CONDUCT:

The specifications of incompetence and unprofessional conduct defined in the act and 16.2.12 NMAC shall not be exclusive of the types of acts and omissions which may be found by the board to constitute incompetence or unprofessional conduct.

[16.2.12.32 NMAC - Rp, 16.2.12.32 NMAC, 2/11/2022]

16.2.12.33 ACUPUNCTURE ON ANIMALS:

A person who is not licensed under the Veterinary Practice Act, including a licensed doctor of oriental medicine, is prohibited from practicing veterinary medicine, including acupuncture on an animal, as defined by the Veterinary Practice Act, except under direct supervision of a licensed veterinarian pursuant to 16.25.9.15 NMAC, or

superseding rule. A licensed doctor of oriental medicine is guilty of unprofessional conduct who:

A. practices acupuncture on an animal or renders related services on an animal in violation of the Veterinary Practice Act; or

B. advertises or solicits clients for the practice of acupuncture on an animal except as permitted by rule promulgated by the board of veterinary medicine; or

C. accepts a fee directly from a client for services rendered on an animal.

[16.2.12.33 NMAC - Rp, 16.2.12.33 NMAC, 2/11/2022]

16.2.12.34 DISCIPLINARY ACTION AND FINES:

A licensee, temporary licensee, applicant, applicant for temporary licensure, extern, extern supervisor or educational program is subject to disciplinary proceedings, including fines, in accordance with the uniform Licensing Act, Sections 61-1-1 NMSA 1978 through 61-1-35, as amended, for violations of the act or for violations of 16.2.12 NMAC. Fines may be assessed for each violation. Fines may be assessed in addition to other disciplinary action taken by the board for repeated or serious violations or for providing false or misleading information to the board.

A. Violations of specific rules applicable to educational programs may result in denial, suspension or revocation of the educational program approval or in assessment of fines as described below:

(1) failure to provide the board complete, accurate transcripts pursuant to Paragraphs (1) & (2) of Subsection C of 16.2.3.13 NMAC - \$1000.00;

(2) failure to furnish the board, its investigators, or agents with information requested by the board or failure to allow visits or inspections of the institute or facility pursuant to 16.2.7.8 NMAC or Subsection M of Section 16.2.7.9 NMAC - \$1000.00;

(3) failure to provide the board with the names and educational qualifications of all teaching supervisors, resident teachers and visiting teachers as required by Subsection G of Section 16.2.7.9 NMAC - \$500.00;

(4) failure to provide at least 900 hours of supervised clinical practice and observation with at least 400 of those hours as actual treatment hours with the student as the primary student practitioner pursuant to Subsection C of Section 16.2.7.9 NMAC - \$ 500.00;

(5) failure to notify board of ownership or program changes pursuant to 16.2.7.13 NMAC - \$200.00;

(6) failure to maintain and enforce appropriate guidelines and procedures for termination and transfer of clinic patients pursuant to 16.2.12.23 NMAC - \$ 500.00; and

(7) failure to comply with any other provisions required of an educational program, a fine not to exceed \$1,000.00 for each violation.

B. A licensee, temporary licensee, applicant, applicant for temporary licensure, extern or an extern Supervisor is subject to disciplinary proceedings in accordance with the Uniform Licensing Act, Sections 61-1-1 through 61-1-35 NMSA 1978, as amended, for violations of the act, Section 61-14A-17 NMSA 1978, or the Rules. The board has authority to take action that may result in denial of a license, failure to renew a license, suspension of a license, revocation of a license, restriction or limitation on the scope of practice, requirement to complete remedial education, monitoring of the practice by a supervisor approved by the board, censure or reprimand, compliance with conditions of probation or suspension for a specific period of time, corrective action as specified by the board, or payment of a fine not to exceed \$1,000.00 for each violation.

C. Violations of specific rules applicable to extern supervisors and externs as defined in 16.2.14 NMAC may result in suspension or revocation of the externship supervisor registration or the extern certification or in assessment of a fine not to exceed \$1000.00 for each violation.

[16.2.12.34 NMAC - Rp, 16.2.12.34 NMAC, 2/11/2022]

16.2.12.35 EXPANDED PRESCRIPTIVE AUTHORITY INCOMPETENCE:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine certified for the expanded prescriptive authority shall be guilty of incompetence if he, when diagnosing and treating a patient, does not possess and apply the knowledge and use the skill and care ordinarily used by similarly certified doctors of oriental medicine.

[16.2.12.35 NMAC - Rp, 16.2.12.35 NMAC, 2/11/2022]

16.2.12.36 INCOMPETENCE:

Pursuant to the Act, Paragraph (3) of Subsection A of Section 61-14A-17 NMSA 1978, a doctor of oriental medicine or a doctor of oriental medicine certified in expanded practice who injudiciously prescribes, administers, or dispenses a drug as defined in the New Mexico Drug, Device and Cosmetic Act shall be guilty of incompetence.

[16.2.12.36 NMAC - Rp, 16.2.12.36 NMAC, 2/11/2022]

PART 13: COMPLAINT AND DISCIPLINARY PROCEDURES

16.2.13.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[7-1-96; 16.2.13.1 NMAC - Rn, 16 NMAC 2.13.1, 11-6-00]

16.2.13.2 SCOPE:

All licensees, applicants, temporary licensees, applicants for temporary licensure, externs, educational programs and applicants for approval of educational programs.

[7-1-96; 16.2.13.2 NMAC - Rn & A, 16 NMAC 2.13.2, 11-6-00; A, 12-1-01]

16.2.13.3 STATUTORY AUTHORITY:

This Part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-8, 9 and 17, NMSA 1978.

[7-1-96; 16.2.13.3 NMAC - Rn, 16 NMAC 2.13.3, 11-6-00]

16.2.13.4 DURATION:

Permanent.

[7-1-96; 16.2.13.4 NMAC - Rn, 16 NMAC 2.13.4, 11-6-00]

16.2.13.5 EFFECTIVE DATE:

July 1, 1996, unless a later date is cited at the end of a section.

[7-1-96, A, 8-31-98; 16.2.13.5 NMAC - Rn & A, 16 NMAC 2.13.5, 11-6-00]

16.2.13.6 OBJECTIVE:

This Part defines the creation of the complaint committee, the complaint committee chairperson and the complaint manager, and describes the procedures for the filing of a complaint, the receipt of a complaint at the board's office, the review of the complaint by the complaint committee, the review of the complaint, if necessary, by the board and disciplinary proceedings.

[7-1-96; 16.2.13.6 NMAC - Rn, 16 NMAC 2.13.6, 11-6-00]

16.2.13.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC (Section 7 of Part 1 of the rules).

[7-1-96; 16.2.13.7 NMAC - Rn, 16 NMAC 2.13.7, 11-6-00; A, 12-1-01; A, 02-15-05]

16.2.13.8 INITIATING A COMPLAINT:

A. A complaint may be initiated by any person by a telephone call, a written complaint, or an in person complaint presented to any board member or the board's administrator. The board's administrator or complainant shall prepare a complaint form. This form shall be available at the office of the board's administrator.

B. The provisions of Subsection A above notwithstanding, no formal disciplinary proceeding against any person may be instituted without a written, signed complaint.

C. The board's administrator shall maintain a written log of all complaints received that records the following: the date of the complaint; the name, address and telephone number of the complaining party (complainant); the name of the subject of the complaint (respondent); the method by which the complaint was made (e.g., telephone, letter, etc.); and other pertinent data as the board may direct.

[7-1-96, A, 8-31-98; 16.2.13.8 NMAC - Rn & A, 16 NMAC 2.13.8, 11-6-00; A, 12-1-01]

16.2.13.9 PROCEDURES FOR PROCESSING A COMPLAINT:

A. The board's administrator, or any member of the board who may be appointed by the board's chairperson, will act as the complaint manager for the procedures outlined below.

B. Upon receipt of a written signed complaint, or upon the board's action initiated by a majority vote of the board which is reduced to a written statement based on reasonable ground to believe that the Act or Rules may have been or are being violated, the complaint manager shall:

- (1) Log in the date of receipt of the initial complaint.
- (2) Determine whether the respondent is a applicant, temporary licensee, applicant for temporary licensure, extern, extern applicant, educational program, or applicant for approval of an educational program.
- (3) Assign a complaint number and create an individual file. Complaint numbering shall begin with the last two digits of the year in which the complaint is filed, and shall then continue sequentially (e.g., 95-001).
- (4) Forward the complaint to the complaint committee chairperson.
- (5) Within seven (7) working days of receipt of the written complaint, send written acknowledgment of receipt of the complaint to the complainant.

[7-1-96; 16.2.13.9 NMAC - Rn & A, 16 NMAC 2.13.9, 11-6-00; A, 12-1-01]

16.2.13.10 REVIEW BY THE COMPLAINT COMMITTEE:

A. The complaint committee chairperson and complaint manager will comprise the complaint committee, and will review all written, signed complaints filed against a respondent. The complaint committee shall provide the respondent with a copy of the complaint within thirty (30) days of receipt of the complaint, unless the complaint committee reasonably determines that disclosure of the complaint at that time will substantially and materially impair the integrity or efficacy of the investigation. Nondisclosure at the initial stage of the complaint process shall be the exception, rather than the rule.

B. The respondent shall file a written response to the complaint that shall be received in the board's office within thirty days of the postmarked date on which complaint notice was mailed to the respondent, and shall be advised that he or she is required to provide all documents and exhibits in support of his or her position, unless it has been determined that disclosure of the complaint will substantially and materially impair the integrity or efficacy of the investigation, pursuant to Subsection A of 16.2.13.10.A NMAC (Subsection 10.A. of Part 13 of the Rules), in which case the investigation shall proceed without notice to the respondent at the initial stage.

C. If the complaint committee has determined that it is in the best interest of the investigation to withhold disclosure of the complaint during the initial stage of the investigation, pursuant to Subsection A of 16.2.13.10.A NMAC (Subsection 10.A. of Part 13 of the Rules), a copy of the complaint shall be provided to the respondent no later than at the time of the issuance of an NCA, if any.

D. If the complaint committee determines that further information is needed, it may issue investigative subpoenas, or employ an investigator, expert, or other person whose services are determined to be necessary in order to assist in the processing and investigation of the complaint.

E. Upon completion of the investigation, the complaint committee will present a summary of the case to the board, and will make recommendations for action. The summary shall not identify any of the parties by name.

[7-1-96, A, 8-31-98, A, 7-3-99; A, 2-17-00; 16.2.13.10 NMAC - Rn & A, 16 NMAC 2.13.10, 11-6-00; A, 12-1-01]

16.2.13.11 REVIEW BY THE BOARD:

A. The complaint committee shall present its report and recommendation(s) to the board. The matter shall be referred to only by the assigned case number, and the identities of the parties shall not be disclosed to the board until and unless an NCA is issued. The complaint committee's report shall address issues regarding the statute of limitations and the board's subject matter jurisdiction.

B. After the complaint committee's report has been considered by the board, if the board determines there is not sufficient evidence or cause to issue an NCA, the case will be closed. A letter from the board will be sent, postmarked within thirty (30) days of the date of the board's decision, to both the complainant and respondent. The letter will state the board's action and the reasons for its decision.

C. After the complaint committee's report has been considered by the board, the board may vote to issue an NCA if it determines there is sufficient evidence that, if not rebutted or explained, will justify the board taking disciplinary action.

D. If the board votes to issue an NCA, a complete copy of the complaint committee's file, including exhibits, shall be forwarded to the attorney general's office for assignment of a prosecuting attorney and the Attorney General's decision as to whether there is a sufficient basis to prosecute.

E. At any time the board may enter into a settlement agreement with the respondent as a means of resolving a complaint. Any proposed settlement agreement must be approved by the board and by the respondent upon a knowing and intentional waiver by the respondent of his or her right to a hearing as provided by the Uniform Licensing Act, NMSA 1978, Section 61-1-1, et seq.

[7-1-96, A, 8-31-98, A, 5-15-99; 16.2.13.11 NMAC - Rn & A, 16 NMAC 2.13.11, 11-6-00; A, 12-1-01]

16.2.13.12 DISCIPLINARY PROCEEDINGS:

A. The chairperson of the board, or his or her designee, shall serve as chief officer for the disciplinary proceedings for the purpose of administering pre-hearing procedural matters. The chief officer shall be fully authorized to rule on non-dispositive matters on behalf of the full board, including, but not limited to matters related to discovery, continuances, time extensions, amendments, pre-hearing conferences, issuance of subpoenas, uncontested motions to change venue, motions to excuse a member filed pursuant to Section 61-1-7(C)NMSA 1978, and discovery and briefing schedules.

B. No party shall engage in ex-parte communications with the chief officer or any member of the board in any pending matter under investigation or in which an NCA has been issued.

C. All disciplinary proceedings shall be conducted in accordance with the Uniform Licensing Act.

[7-1-96; A, 8-31-98; A, 5-15-99; 16.2.13.12 NMAC - Rn, 16 NMAC 2.13.12, 11-6-00; A, 12-1-01]

PART 14: EXTERNSHIPS

16.2.14.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.14.1 NMAC - Rp, 16.2.14.1 NMAC, 2/11/2022]

16.2.14.2 SCOPE:

All licensed Doctors of Oriental Medicine, Applicants, Externship Supervisor applicants, Externship Supervisors, Extern applicants, and Externs.

16.2.14.8 GENERAL REQUIREMENTS FOR EXTERNS:

A. An extern applicant who has been subject to any action or proceeding described in Subsection C of 16.2.14.10 NMAC or who has violated the Act or the rules, may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978.

B. An applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the Act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978; and

C. An extern applicant must be an applicant for licensure.

[16.2.14.8 NMAC - Rp, 16.2.14.8 NMAC, 2/11/2022]

16.2.14.9 EDUCATIONAL AND EXAMINATION REQUIREMENTS FOR EXTERNS:

A. An extern applicant shall provide satisfactory proof that he or she has completed a board approved educational program.

B. An extern applicant shall provide satisfactory proof from the national certification commission for acupuncture and oriental medicine that he or she has successfully passed the following:

(1) the national certification commission for acupuncture and oriental medicine foundations of oriental medicine module; and

(2) the national certification commission for acupuncture and oriental medicine approved clean needle technique course; and

(3) the national certification commission for acupuncture and oriental medicine point location module.

C. An extern applicant must have graduated from a board approved educational program within twelve (12) months of filing the application for extern certification.

[16.2.14.9 NMAC - Rp, 16.2.14.9 NMAC, 2/11/2022]

16.2.14.10 EXTERN CERTIFICATION APPLICATION:

Upon submission of complete application for extern certification that fulfills the requirements listed below, the board shall issue an extern certification. In no event shall the applicant begin the practice of acupuncture and oriental medicine until the extern certification is issued by the board.

A. the fee for application for extern certification specified in 16.2.10 NMAC;

B. a complete application for extern certification in English that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number, if available;

[16.2.14.14 NMAC - N, 1/1/2001; A, 7/26/200; A, 10/22/2024]

16.2.14.11 REQUIREMENTS AND RESPONSIBILITIES OF EXTERNSHIP SUPERVISORS:

A. The externship supervisor shall:

(1) provide a clinical environment where the extern is able to further his or her knowledge and apply acupuncture and oriental medicine theory and techniques; and

(2) directly supervise the extern on the premises of the treating facility at all times and be available for consultation, intervention, and decisions about patient care; and

(3) supervise no more than two externs at any given time and have no more than a total of two externs in his or her overall externship program at a time; and

(4) inform patients with a written signed consent form outlining the responsibility of the extern and the scope and limits of practice; and

(5) prescribe all herbal, nutritional, homeopathic and any natural substances. Any recommendations of these substances by the extern must be signed by the externship supervisor; and

(6) approve the diagnosis and treatment plan and oversee the techniques of oriental medicine and delivery of patient care; and

(7) notify the board in writing, within five days working days, when the extern enters into an extern supervisory contract with the externship supervisor or terminates the externship participation.

B. The externship supervisor shall be responsible for the delivery of competent professional services, obtaining patient consents, and maintaining patient records.

C. The externship supervisor shall document approval and oversight of diagnosis, treatment, and patient care in the patient's permanent file.

D. The externship supervisor shall terminate the externship relationship if the externship supervisor has the reasonable belief that the extern has violated the act or the rules. The externship supervisor shall notify the board, in writing, within five working days that the externship relationship is terminated and give the reasons for the termination.

[16.2.14.11 NMAC - Rp, 16.2.14.11 NMAC, 2/11/2022]

16.2.14.12 ISSUANCE OF EXTERNSHIP SUPERVISOR REGISTRATION:

Upon submission of a complete application for externship supervisor registration that fulfills the requirements listed below, the board shall issue an externship supervisor registration. In no event shall the externship supervisor begin supervising an extern until the externship supervisor registration is issued by the board. The application requirements for an externship supervisor registration shall be receipt of the following by the board:

A. the fee for application for externship supervisor registration specified in 16.2.10 NMAC;

B. a complete application for externship supervisor registration that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number, if available;

C. proof of five years of clinical experience; and

D. proof of maintaining a clinical facility; and

E. proof of appropriate professional and facility insurance; and

F. an affidavit as provided on the "extern supervisor registration application" stating that the applicant understands that:

(1) the scope of practice of an extern shall be limited to the practice of acupuncture and oriental medicine as defined in the act and 16.2.2 NMAC, except that the extern shall not prescribe or administer any herbal, nutritional, homeopathic or any other medicines or substances; when diagnosing and treating a patient, the extern shall practice only within the limits of his or her education and training; the extern shall possess and apply the knowledge, and use the skill and care ordinarily used by reasonably well-qualified doctors of oriental medicine practicing under similar circumstances, giving due consideration to their limited clinical experience; and

(2) the extern certification shall expire automatically 12 months after the date of issuance unless the certificate expires sooner for any of the following reasons:

(a) upon licensure;

(b) if the extern fails the board's clinical skills examination more than once; or

(c) if the extern is no longer under the supervision of the externship supervisor; and

(3) in no event shall an extern practice under extern certification(s) for more than a total of 12 months or after failing the board's clinical skills examination more than once; the extern certification is not renewable; exceptions for good cause shall not apply to the extern certification; and

(4) the extern supervisor shall not be a member of the extern's family or a member of the extern's household or have a conflict of interest with the extern as defined in 16.2.14.19 NMAC; and

G. an affidavit as provided on the "extern supervisor registration application" stating that the applicant understands that the externship supervisor shall:

(1) provide a clinical environment where the extern is able to further his or her knowledge and apply acupuncture and oriental medicine theory and techniques; and

(2) directly supervise the extern on the premises of the treating facility at all times and be available for consultation, intervention, and decisions about patient care; and

(3) supervise no more than two externs at any given time and have no more than two externs in his or her externship program at a time; and

(4) inform patients with a written signed consent form outlining the responsibility of the extern and the scope and limits of practice; and

(5) prescribe all herbal, nutritional, homeopathic and any natural substances; any recommendations of these substances by the extern must be signed by the externship supervisor; and

(6) approve the diagnosis and treatment plan and oversee the techniques of oriental medicine and delivery of patient care; and

(7) notify the board in writing, within five days working days, when the extern enters into an extern supervisory contract with the externship supervisor or terminates the externship participation; and

(8) be responsible for the delivery of competent professional services, obtaining patient consents, and maintaining patient records; and

(9) document approval and oversight of diagnosis, treatment, and patient care in the patient's permanent file; and

(10) terminate the externship relationship if the externship supervisor has the reasonable belief that the extern has violated the act or the rules or if a conflict of interest arises during the supervision; the externship supervisor shall notify the board, in writing, within five working days that the externship relationship is terminated and give the reasons for the termination; and

(11) the extern supervisor must notify the board within ten days if the extern supervisor's address changes; and

(12) the board may refuse to issue, or may suspend, or revoke any license, externship supervisor registration or externship supervisor registration in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in section 61-14A-17 NMSA 1978 of the act and clarified in 16.2.12 NMAC.

[16.2.14.1 NMAC - Rp, 16.2.14.1 NMAC, 2/11/2022; A, 10/22/2024]

16.2.14.13 CHANGE OF EXTERNSHIP SUPERVISOR:

If the externship relationship terminates before the expiration of the extern certification, the extern may reapply to be supervised by another externship supervisor by filing the appropriate forms required by the board. The extern certification time limit of 12 months shall remain the same and shall not be extended.

[16.2.14.13 NMAC - Rp, 16.2.14.13 NMAC, 2/11/2022]

16.2.14.14 SCOPE OF PRACTICE OF AN EXTERN:

The scope of practice of an Extern shall be limited to the practice of acupuncture and oriental medicine as defined in the Act and 16.2.2 NMAC, except that the Extern shall not prescribe or administer any herbal, nutritional, homeopathic or any other medicines or substances. When diagnosing and treating a patient, the Extern shall practice only within the limits of his or her education and training. The Extern shall possess and apply the knowledge, and use the skill and care ordinarily used by reasonably well-qualified Doctors of Oriental Medicine practicing under similar circumstances, giving due consideration to their limited clinical experience.

[16.2.14.14 NMAC - Rp, 16.2.14.14 NMAC, 2/11/2022]

16.2.14.15 COMPENSATION:

Any compensation contract is solely between the Externship Supervisor and the Extern and is not the province of the Board.

[16.2.14.15 NMAC - Rp, 16.2.14.15 NMAC, 2/11/2022]

16.2.14.16 EXTERN LIMITATIONS:

In no event shall an extern practice under extern certification(s) for more than a total of 12 months or after failing the board's clinical skills examination more than once. The extern certification is not renewable. Exceptions for good cause shall not apply to the extern certification.

[16.2.14.16 NMAC - Rp, 16.2.14.16 NMAC, 2/11/2022]

16.2.14.17 EXPIRATION OF AN EXTERN CERTIFICATION:

An Extern certification shall expire automatically 12 months after the date of issuance unless the certificate expires sooner for any of the following reasons:

- A. Upon licensure;
- B. If the Extern fails the Board's Clinical Skills Examination more than once; or
- C. If the Extern is no longer under the supervision of the Externship Supervisor.

[16.2.14.17 NMAC - Rp, 16.2.14.17 NMAC, 2/11/2022]

16.2.14.18 GROUNDS FOR DENIAL, SUSPENSION OR REVOCATION OF LICENSE, CERTIFICATION OR REGISTRATION:

The Board may refuse to issue, or may suspend, or revoke any license, Extern certification or Externship Supervisor registration in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in section 61-14A-17 NMSA 1978 of the Act and clarified in 16.2.12 NMAC.

[16.2.14.18 NMAC - Rp, 16.2.14.18 NMAC, 2/11/2022]

16.2.14.19 EXTERN SUPERVISOR CONFLICT OF INTEREST:

The externship supervisor shall not be a member of the extern's family or a member of the extern's household. "Member of the extern's family" means a spouse, child, stepchild, grandchild, parent, grandparent, sibling, uncle, aunt, niece, or nephew, or other relative by blood, marriage, or legal process with whom the supervisor has or has had a close familial relationship. The supervisor shall not have a conflict of interest with the extern, such as a past or present familial, social, fiduciary, business, financial, or physician-patient relationship, that impairs or compromises or appears to impair or

compromise the supervisor's neutrality, independence, or objectivity. If a conflict of interest arises during the supervision, the supervisor shall immediately report the conflict of interest to the board and shall cease supervision of the extern.

[16.2.15.5 NMAC - Rp, 16.2.15.5 NMAC, 2/11/2022]

16.2.15.6 OBJECTIVE:

This part defines the requirements for renewal of licenses and the procedures to place an active license on inactive status or to reinstate the license to active status.

[16.2.15.6 NMAC - Rp, 16.2.15.6 NMAC, 2/11/2022]

16.2.15.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC.

[16.2.15.7 NMAC - Rp, 16.2.15.7 NMAC, 2/11/2022]

16.2.15.8 INACTIVE LICENSE GENERAL PROVISIONS:

A licensee in good standing is eligible to have his or her license placed on inactive status. A licensee who failed to renew his or her license by July 31st shall renew the license in accordance with the provisions of 16.2.8.10 NMAC, 16.2.8.11 NMAC and 16.2.8.12 NMAC before the licensee can apply for an inactive license.

A. The board will not accept an inactive license application from a licensee who is under investigation for violations of the act or who has an active complaint pending before the board with the exception of an impaired licensee who is participating in a rehabilitation plan approved by the board. Impaired means the inability to practice acupuncture and oriental medicine with reasonable skill and safety to patients as a result of mental illness or habitual or excessive use or abuse of alcohol or drugs as defined in the Controlled Substances Act, Sections 30-31-1 NMSA 1978 et seq.

B. An inactive licensee shall not practice acupuncture and oriental medicine, as defined in the act, in New Mexico. An inactive licensee shall not represent himself or herself as a doctor of oriental medicine in public statements that include, but are not limited to, paid or unpaid advertising, brochures, printed or copied materials, electronic or digital media, directory listings, personal resumes or curricula vitae, business cards, interviews or comments for use in media, statements in legal proceedings, lectures and public presentations. An inactive licensee shall not teach acupuncture and oriental medicine at an educational program.

C. Providing or offering to provide oriental medical services, engaging in the practice of acupuncture and oriental medicine or teaching acupuncture and oriental medicine at an educational program by an inactive licensee shall be grounds for disciplinary action by the board for unprofessional conduct and potentially for other appropriate reasons pursuant to Section 61-14A-17 NMSA 1978 of the Act and 16.2.12 NMAC.

D. An inactive licensee shall comply with the disciplinary requirements of Section 61-14A-17 NMSA 1978 of the act and 16.2.12 NMAC.

[16.2.15.8 NMAC - Rp, 16.2.15.8 NMAC, 2/11/2022]

16.2.15.9 INACTIVE LICENSE APPLICATION:

A licensee in good standing may apply to have his or her license placed on inactive status. Upon submission of complete application for an inactive license that fulfills the requirements listed below, the board shall place the license on inactive status.

A. the administrative fee for inactive license application specified in 16.2.10 NMAC paid in U.S. funds; and

B. complete inactive license application in English that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number;

C. an affidavit provided on the inactive license application form as to whether the applicant since last renewing his or her license with the board:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings; or

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice; or

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules; and

D. an official license history since last renewing his or her license with the board, which is a certificate from each jurisdiction stating the disciplinary record of the applicant, from each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice acupuncture, oriental medicine or any other profession, including other health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act; and

E. an affidavit as provided on the inactive license application form stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection C of 16.2.15.9 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform

Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1, NMSA 1978, et seq.; and

F. an affidavit as provided on the inactive license application form stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine; and

(2) the applicant must notify the board within ten days if the applicant's address changes; and

(3) an inactive licensee shall comply with any continuing education requirements established by the board; and

(4) an inactive license shall expire after five years; and

(5) an inactive licensee shall not practice acupuncture and oriental medicine, as defined in the act, in New Mexico; an inactive licensee shall not represent himself or herself as a doctor of oriental medicine in public statements that include, but are not limited to, paid or unpaid advertising, brochures, printed or copied materials, electronic or digital media, directory listings, personal resumes or curricula vitae, business cards, interviews or comments for use in media, statements in legal proceedings, lectures and public presentations; an inactive licensee shall not teach acupuncture and oriental medicine at an educational program; and

(6) providing or offering to provide oriental medical services, engaging in the practice of acupuncture and oriental medicine or teaching acupuncture and oriental medicine at an educational program by an inactive licensee shall be grounds for disciplinary action by the board for unprofessional conduct and potentially for other appropriate reasons pursuant to Section 61-14A-17 NMSA 1978 of the Act and 16.2.12 NMAC; and

(7) an inactive licensee shall comply with the appropriate requirements of Section 61-14A-17 NMSA 1978 of the Act and 16.2.12 NMAC; and

(8) the board will not accept an inactive license application from a licensee who is under investigation for violations of the act or who has an active complaint

pending before the board with the exception of an impaired licensee who is participating in a rehabilitation plan approved by the board; and

G. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant.

[16.2.15.9 NMAC - Rp, 16.2.15.9 NMAC, 2/11/2022; A, 10/22/2024]

16.2.15.10 INACTIVE LICENSE RENEWAL:

An inactive license shall be renewed by July 31st of every year. Upon approval of an application for inactive license renewal that fulfills the requirements listed below, the board shall renew the inactive license. The application requirements for inactive license renewal shall be receipt of the following by the board:

A. the administrative fee for inactive license renewal specified in 16.2.10 NMAC paid in U.S. funds; and

B. complete inactive license application in English that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number;

C. an affidavit as provided on the inactive license renewal form stating that the applicant understands that:

(1) the applicant must notify the board within ten days if the applicant's address changes; and

(2) an inactive license shall expire after five years; and

(3) an inactive license must be renewed annually.

[16.2.15.10 NMAC - Rp, 16.2.15.10 NMAC, 2/11/2022; A, 10/22/2024]

16.2.15.11 INACTIVE LICENSE EXPIRATION:

An inactive license that is not renewed by September 30 shall expire and the person shall be required to reapply for licensure as a new applicant.

[16.2.15.11 NMAC - Rp, 16.2.15.11 NMAC, 2/11/2022; A, 10/22/2024]

16.2.15.12 INACTIVE LICENSE REINSTATEMENT GENERAL PROVISIONS:

An inactive licensee whose license has been inactive for varying periods up to five years may apply to have the inactive license reinstated. The following provisions apply:

A. applicants for inactive license reinstatement who has been subject to any action or proceeding comprehended by Subsection C of 16.2.15.13 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq.;

B. applicants for inactive license reinstatement who provides the board with false information or makes a false statement to the board may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq;

C. the board will not approve an inactive license reinstatement application from an inactive licensee who is under investigation for violations of the act or who has an active complaint pending before the board;

D. the board will not approve an inactive license reinstatement application from an impaired inactive licensee, or an impaired inactive licensee who is currently participating in a rehabilitation plan approved by the board until the rehabilitation plan is successfully completed. Impaired means the inability to practice acupuncture and oriental medicine with reasonable skill and safety to patients as a result of mental illness or habitual or excessive use or abuse of alcohol or drugs as defined in the Controlled Substances Act, Section 30-31-1 NMSA 1978 et seq.; and

E. once an inactive license has been reinstated, the licensee may not apply for inactive license status again for five years.

[16.2.15.12 NMAC - Rp, 16.2.15.12 NMAC, 2/11/2022; A, 10/22/2024]

16.2.15.13 INACTIVE LICENSE REINSTATEMENT APPLICATION - 5 YEARS OR LESS:

An inactive licensee whose license has been inactive for five years or less may apply to have their license reinstated. Upon approval of an application for inactive license reinstatement that fulfills the requirements listed below, the board shall reinstate the inactive license. The application requirements for inactive license reinstatement shall be receipt of the following by the board:

A. the administrative fee for inactive license reinstatement application specified in 16.2.10 NMAC paid by check or money order in U.S. funds;

B. an inactive license reinstatement application that is complete and in English on a form provided by the board that shall include the applicant's name, address, date of birth and social security number;

C. an affidavit as provided on the inactive license reinstatement application form as to whether the applicant since last renewing his license with the board:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings;

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice;

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules;

D. an official license history since last renewing his or her license with the board, which is a certificate from each jurisdiction stating the disciplinary record of the applicant, from each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice acupuncture, oriental medicine or any other profession, including other health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act;

E. an affidavit as provided on the inactive license renewal application form stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection C of 16.2.15.13 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978 et seq.;

F. an affidavit as provided on the inactive license renewal application form stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine;

(2) the applicant must notify the board within 10 days if the applicant's address changes; and

(3) the applicant shall not practice acupuncture and oriental medicine in New Mexico until the applicant receives a new active license issued by the board except as provided in Paragraph (2) of Subsection B of 16.2.15.14 NMAC or Paragraph (2) of Subsection D of 16.2.15.15 NMAC;

G. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant; and

H. satisfactory proof as determined by the board of completion of any continuing education requirements established by the board for all years the license was on inactive status.

16.2.16.10 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST CERTIFICATION APPLICATION:

Upon submission of a complete application for certified auricular detoxification specialist that fulfills the requirements listed below, the board shall issue a certified auricular detoxification specialist certification that will be valid until July 31 following the initial certification. In no event shall the applicant begin the practice of auricular detoxification until the certified auricular detoxification specialist certification is issued by the board.

A. the auricular detoxification specialist certification application fee specified in 16.2.10 NMAC; and

B. a application for certified auricular detoxification specialist certification that is complete and in English that shall include the applicant's name, address, date of birth and social security number if the applicant has one; and

C. a copy of the applicant's high school diploma or high school general equivalency diploma (GED) or diploma of higher education; and

D. a copy of the applicant's certificate of successful completion of a board approved auricular detoxification specialist training program; and

E. the name of the auricular detoxification supervisor(s) registered with the board who will supervise the applicant if known; and

F. an affidavit as provided on the certified auricular detoxification specialist application form as to whether the applicant:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture and oriental medicine, the practice of auricular detoxification, the provision of medical or counseling services for disease prevention, harm reduction or the treatment or prevention of alcoholism, substance abuse or chemical dependency, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings; or

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, the practice of auricular detoxification, the provision of medical or counseling services for disease prevention, harm reduction or the treatment or prevention of alcoholism, substance abuse or chemical dependency, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice; or

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules; and

G. an affidavit as provided on the certified detoxification specialist application form attesting the disciplinary record of the applicant with regard to each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice any profession, including health care professions, in any jurisdiction, under any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act; and

H. an affidavit as provided on the certified auricular detoxification specialist application form certifying that all documents submitted with the form are true and faithful copies of the original; and

I. an affidavit as provided on the certified auricular detoxification specialist application form certifying a record free of convictions for drug or alcohol related offenses for at least two consecutive years before the submission of the certified auricular detoxification specialist application; and

J. an affidavit as provided on the certified auricular detoxification specialist application form stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection G of 16.2.16.10 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of certification, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq.; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of certification, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.; and

(3) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of auricular detoxification; and

(4) the certified auricular detoxification specialist certification must be renewed annually by July 31; and

(5) if the relationship with an auricular detoxification specialist supervisor terminates for any reason, to continue working, the certified auricular detoxification specialist must arrange to be supervised by another auricular detoxification specialist supervisor and notify the board within 30 working days; and

(6) the applicant must notify the board within ten days if the applicant's address changes; and

(7) the board may refuse to issue, or may suspend, or revoke any license, certified auricular detoxification specialist certification or auricular detoxification specialist supervisor registration in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in Section 61-14A-17 NMSA 1978 of the act and clarified in 16.2.12 NMAC; and

K. an affidavit as provided on the certified auricular detoxification specialist application form stating that the applicant understands that a certified auricular detoxification specialist is authorized to perform only the following, for the purpose of harm reduction or treating and preventing alcoholism, substance abuse or chemical dependency and only within a board approved treatment program that demonstrates experience in disease prevention, harm reduction, or the treatment or prevention of alcoholism, substance abuse or chemical dependency:

(1) auricular acupuncture detoxification using the five auricular point national acupuncture detoxification association (NADA) procedure or other board approved auricular procedures; and

(2) the application to the ear of simple board approved devices that do not penetrate the skin using the five auricular point national acupuncture detoxification association (NADA) procedure or other board approved auricular procedure and that the board approved devices that do not penetrate the skin are: seeds, grains, stones, metal balls, magnets and any small sterilized, spherical object that is non-reactive with the skin; and

L. a board approved clean needle technique examination and the board approved jurisprudence examination covering the act and the rules with passing scores of not less than 90%;

M. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the translator certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant.

16.2.16.11 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST SCOPE OF PRACTICE AND TITLE:

A. A certified auricular detoxification specialist, or CADS is authorized to perform only the following, for the purpose of harm reduction or treating and preventing alcoholism, substance abuse or chemical dependency, only within a board approved

treatment program that focuses on disease prevention, harm reduction, or the treatment or prevention of alcoholism, substance abuse or chemical dependency, and only under the supervision of one or more auricular detoxification specialist supervisor(s) registered with the board:

(1) auricular acupuncture detoxification using the five auricular point national acupuncture detoxification association (NADA) procedure, or other board approved auricular procedure; and

(2) the application to the ear of simple board approved devices that do not penetrate the skin using the five auricular point national acupuncture detoxification association (NADA) procedure, or other board approved auricular procedure; and

B. the board approved devices that do not penetrate the skin of the ear are:

(1) seeds or grains;

(2) stones;

(3) metal balls;

(4) magnets; and

(5) any small sterilized, spherical object that is non reactive with the skin; and

C. a certified auricular detoxification specialist shall use the title certified auricular detoxification specialist or CADS.

[16.2.16.11 NMAC - Rp, 16.2.16.11 NMAC, 2/11/2022]

16.2.16.12 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST RENEWAL GENERAL REQUIREMENTS:

A. Except as provided otherwise in the act, or in these rules, or pursuant to other State law, including but not limited to the board's right to deny an application for renewal pursuant to Section 61-14A-17 NMSA 1978, and the Parental Responsibility Act, Section 40-5A-1, NMSA 1978, et seq., each certified auricular detoxification specialist shall be granted renewal of his or her certification for one year upon receipt and approval by the board or its designee, completion of the requirements specified in 16.2.16.13 NMAC.

B. Any applicant for renewal who is licensed, certified, registered or legally recognized to practice any profession, including health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act, shall provide an affidavit regarding the disciplinary record of the applicant since last renewing his or her certification with the board.

C. Any applicant for renewal who has been subject to any action or proceeding comprehended by Subsection D of 16.2.16.13 NMAC, may be subject to disciplinary action at any time, including denial, suspension or revocation of certification, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq.

D. Any applicant for renewal who provides the board with false information or makes a false statement to the board may be subject to disciplinary action at any time, including denial, suspension or revocation of certification, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.

[16.2.16.12 NMAC - Rp, 16.2.16.12 NMAC, 2/11/2022]

16.2.16.13 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST RENEWAL:

Upon submission of a complete renewal application for certified auricular detoxification specialist that fulfills the requirements listed below, the board shall renew the certification, which shall be valid until July 31 of the next year.

A. the auricular detoxification specialist certification renewal fee specified in 16.2.10 NMAC paid in U.S. funds; and

B. a complete renewal application for certified auricular detoxification specialist in English that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number; and

C. the name of the auricular detoxification specialist supervisor(s) registered with the board who will supervise the applicant if known and notice of which of these is to be the primary supervisor; and

D. an affidavit as provided on the certified auricular detoxification specialist renewal form as to whether the applicant since last receiving or renewing his or her certification with the board:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of auricular detoxification, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings; or

(2) has been a party to litigation in any jurisdiction related to the applicant's practice of auricular detoxification, or related to any other profession including other

health care professions for which the applicant is licensed, certified, registered or legally recognized to practice; or

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules; and

E. an affidavit as provided on the certified auricular detoxification specialist renewal form certifying a record free of convictions for drug or alcohol related offenses for a minimum of one year prior to application for renewal; and

F. an affidavit as provided on the certified auricular detoxification specialist renewal form stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection C of 16.2.8.10 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq. and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.; and

G. an affidavit as provided on the certified auricular detoxification specialist renewal form stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of auricular detoxification and supervision; and

(2) the certification must be renewed annually by July 31; and

(3) the applicant must notify the board within ten days if the applicant's address changes; and

H. if the applicant renews using the board's online application process, the applicant shall check all appropriate affidavit check boxes in the online application and the applicant's agreement to pay by credit card shall be equivalent to the applicant's witnessed signature and notary's stamp and signature normally required by the above affidavits; and

I. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the translator certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant; and

J. satisfactory proof as determined by the board of completion of any continuing education requirements established by the board.

[16.2.16.13 NMAC - Rp, 16.2.16.13 NMAC, 2/11/2022; A, 10/22/2024]

16.2.16.14 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST LATE RENEWAL:

A certified auricular detoxification specialist whose application to renew their certification is received late at the board's office during the 60 day period following the required date of renewal shall have their certification renewed if the applicant for late certification renewal completes the requirements of 16.2.16.13 NMAC and pays the auricular detoxification specialist certification late renewal fee specified in 16.2.10 NMAC.

[16.2.16.14 NMAC - Rp, 16.2.16.14 NMAC, 2/11/2022]

16.2.16.15 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST EXPIRED CERTIFICATION:

The certification of a certified auricular detoxification specialist who has not renewed his or her certification, including any required continuing education requirements, within the 60 day period following the required date of renewal is expired and that certified auricular detoxification specialist shall not practice auricular detoxification. Such an applicant seeking valid certification shall apply with the board as a new applicant.

[16.2.16.15 NMAC - Rp, 16.2.16.15 NMAC, 2/11/2022]

16.2.16.16 CERTIFIED AURICULAR DETOXIFICATION SPECIALIST INACTIVE STATUS:

A certified auricular detoxification specialist in good standing may place their certification on inactive status for up to three years by notifying the board of their intention to do so. Renewal fees will not be due during the period of inactivity. The certified auricular detoxification specialist shall not engage in the practice of auricular detoxification while the certification is inactive. If certification has not been reactivated within three years of its being placed on inactive status, the certification shall be considered expired. Should the certified auricular detoxification specialist wish to

reactivate an inactive certification, they may do so by notifying the board, and with board approval, performing eight complete auricular detoxification treatments directly supervised by a registered auricular detoxification supervisor within a board-approved training or treatment program within three months prior to reactivation; satisfying any additional requirements for certification imposed by the board at the time of recertification; paying a single auricular detoxification specialist certification renewal fee specified in 16.2.10 NMAC; and complying with all other requirements of 16.2.16.13 NMAC.

[16.2.16.16 NMAC - Rp, 16.2.16.16 NMAC, 2/11/2022]

16.2.16.17 AURICULAR DETOXIFICATION SPECIALIST SUPERVISOR REQUIREMENTS AND RESPONSIBILITIES:

A. The auricular detoxification specialist supervisor shall:

- (1) be a licensed doctor of oriental medicine;
- (2) be registered with the board as an auricular detoxification specialist supervisor;
- (3) supervise no more than 30 certified auricular detoxification specialists;
- (4) be accessible for consultation directly or by telephone to a certified auricular detoxification specialist under his or her supervision;
- (5) directly visit each certified auricular detoxification specialist under their supervision at the treatment program site at intervals of at least once every 12 weeks with the first visit occurring not more than four weeks after supervision has begun for the first year, then at least once per year thereafter at the supervisor's discretion with regular meetings by electronic methods (telephone, email, teleconferencing as examples) at intervals to be determined by the supervisor;
- (6) be responsible for having each certified auricular detoxification specialist under their supervision require each patient to complete a written, signed consent form outlining the responsibilities of the certified auricular detoxification specialist, the nature of the treatment, expected outcomes, and the scope and limits of practice;
- (7) ensure that the certified auricular detoxification specialist is following a board approved treatment protocol; and
- (8) notify the board in writing, within five working days, when a certified auricular detoxification specialist enters into a supervisory relationship with the auricular detoxification specialist supervisor, or the supervisory relationship is terminated; and

B. an auricular detoxification specialist supervisor shall be responsible for the delivery of competent, professional services and ensuring that patient consents are obtained; and

C. the auricular detoxification specialist supervisor shall terminate the supervisory relationship if the auricular detoxification specialist supervisor has the reasonable belief that the certified auricular detoxification specialist has violated the act or the rules; in such case the auricular detoxification specialist supervisor shall notify the board and the certified auricular detoxification specialist's employer, in writing, within five working days that the supervisory relationship is terminated and give in writing the reasons for the termination.

[16.2.16.17 NMAC - Rp, 16.2.16.17 NMAC, 2/11/2022; A, 10/22/2024]

16.2.16.18 AURICULAR DETOXIFICATION SPECIALIST SUPERVISOR REGISTRATION APPLICATION:

Upon submission of a complete application for auricular detoxification specialist supervisor registration that fulfills the requirements listed below, the board shall issue an auricular detoxification specialist supervisor registration. In no event shall the auricular detoxification specialist supervisor begin supervising a certified auricular detoxification specialist until the auricular detoxification specialist supervisor registration is issued by the board.

A. the auricular detoxification specialist supervisor registration application fee specified in 16.2.10 NMAC;

B. proof of successful completion of an official national acupuncture detoxification association (NADA) course, or another board-approved training program, or a CV demonstrating experience, or education in the field of harm reduction and alcoholism, substance abuse and chemical dependency at least equivalent to that provided in a NADA training, and three letters of reference attesting to the applicant's competence and experience in the field of auricular treatment for harm reduction, auricular treatment of alcoholism, substance abuse or chemical dependency;

C. a complete application for auricular detoxification specialist supervisor registration in English that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number;

D. the names of all certified auricular detoxification specialists certified with the board who are under the supervision of the applicant;

E. an affidavit as provided on the auricular detoxification specialist supervisor registration application form stating that the applicant understands that:

(1) a certified auricular detoxification specialist is authorized to perform only the following, for the purpose of harm reduction or treating and preventing alcoholism, substance abuse or chemical dependency and only within a board approved substance abuse treatment program that demonstrates experience in disease prevention, harm reduction, or the treatment or prevention of alcoholism, substance abuse or chemical dependency:

(a) auricular acupuncture detoxification using the five auricular point national acupuncture detoxification association (NADA) procedure or other board approved procedure; and

(b) the application to the ear of simple board approved devices that do not penetrate the skin using the five auricular point national acupuncture detoxification association (NADA) procedure and that the board approved devices that do not penetrate the skin are: seeds, grains, stones, metal balls, magnets and any small sterilized, spherical object that is non-reactive with the skin; and

(2) the auricular detoxification specialist supervisor shall not be a member of the certified auricular detoxification specialist's family or a member of the certified auricular detoxification specialist's household or have a conflict of interest with the certified auricular detoxification specialist as defined in 16.2.16.21 NMAC; exceptions may be made by the board on an individual basis due to limited availability of certified auricular detoxification specialists or supervisors; and

(3) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of auricular detoxification and supervision; and

(4) the board may refuse to issue, or may suspend, or revoke any license or auricular detoxification specialist supervisor registration in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in Section 61-14A-17 NMSA 1978 of the Act and clarified in 16.2.12 NMAC; and

F. an affidavit as provided on the auricular detoxification specialist supervisor registration application form stating that the applicant understands that the auricular detoxification specialist supervisor shall:

(1) be registered with the board as an auricular detoxification specialist supervisor;

(2) supervise no more than 30 certified auricular detoxification specialists;

(3) be accessible for consultation directly or by telephone to a certified auricular detoxification specialist under their supervision;

(4) visit each certified auricular detoxification specialist under his supervision at the treatment program site at intervals of not more than six weeks for the first year, then at least once per year thereafter at the supervisor's discretion with regular meetings by electronic methods (telephone, email, teleconferencing as examples) at intervals to be determined by the supervisor;

(5) verify that each certified auricular detoxification specialist under their supervision has had each patient sign a consent form outlining the responsibilities of the certified auricular detoxification specialist, the nature of the treatment, expected outcomes, and the scope and limits of practice;

(6) ensure that the certified auricular detoxification specialist is using a board approved treatment protocol;

(7) notify the board in writing, within 30 days working days, when a certified auricular detoxification specialist enters into a supervisory relationship with the auricular detoxification specialist supervisor or the supervisory relationship is terminated;

(8) be responsible for the delivery of competent professional services and ensuring that patient consents have been obtained;

(9) terminate the supervisory relationship if the auricular detoxification specialist supervisor has the reasonable belief that the certified auricular detoxification specialist has violated the act or the rules or if a conflict of interest arises during the supervision; the auricular detoxification specialist supervisor shall notify the board and the CADS's employer, in writing, within 30 working days that the supervisory relationship is terminated and give in writing the reasons for the termination; and

(10) notify the board within ten days if the auricular detoxification supervisor's address changes or phone number changes.

[16.2.16.18 NMAC - Rp, 16.2.16.18 NMAC, 2/11/2022; A, 10/22/2024]

16.2.16.19 CHANGE OF SUPERVISOR:

If the auricular detoxification specialist supervisor relationship terminates for any reason, each party must notify the board in writing within 30 working days of this fact.

[16.2.16.19 NMAC - Rp, 16.2.16.19 NMAC, 2/11/2022; A, 10/22/2024]

16.2.16.20 COMPENSATION:

Any compensation contract is solely between the auricular detoxification specialist supervisor and the certified auricular detoxification specialist's employing program or agency and is not the province of the board.

**16.2.16.21 AURICULAR DETOXIFICATION SPECIALIST SUPERVISOR
CONFLICT OF INTEREST:**

An auricular detoxification specialist supervisor shall not be a member of the certified auricular detoxification specialist's family or a member of the certified auricular detoxification specialist's household. "Member of the certified auricular detoxification specialist's family" means a spouse, child, stepchild, grandchild, parent, grandparent, sibling, uncle, aunt, niece, or nephew, or other relative by blood, marriage, or legal process with whom the supervisor has or has had a close familial relationship. The supervisor shall not have a conflict of interest with the certified auricular detoxification specialist, such as a past or present familial, social, fiduciary, business, financial, or physician-patient relationship, that impairs or compromises or appears to impair or compromise the supervisor's neutrality, independence, or objectivity. If a conflict of interest arises during the supervision, the supervisor shall immediately report the conflict of interest to the board and shall cease supervision of the certified auricular detoxification specialist. Exceptions may be made by the board on an individual basis due to limited availability of certified auricular detoxification specialists or supervisors.

**16.2.16.26 AURICULAR DETOXIFICATION SPECIALIST TRAINING PROGRAM
APPROVAL:**

Upon submission of a complete application for auricular detoxification specialist training program approval that fulfills the requirements listed below, the board shall issue an auricular detoxification specialist training program approval that will be valid until July 31 following the initial registration.

A. the auricular detoxification specialist training program approval application fee specified in 16.2.10 NMAC; and

B. a complete application for auricular detoxification specialist training program approval in English that shall include the applicant's name, address, phone number, fax number and email address, if available; and

C. a curriculum that shall include at least:

(1) 30 hours of classroom didactic education covering the following subjects related to auricular detoxification: history and overview of the auricular detoxification profession; point descriptions, and locations and use of the NADA five auricular point national acupuncture detoxification association (NADA) procedure or other board approved procedures; acupuncture needle description, insertion and removal techniques, the use of devices that do not penetrate the skin of the ear; trial treatment (explanation of what happens during a treatment and practice on class members); public health and laws and regulations; exposure control; clean needle technique training; occupational health and safety administration (OSHA) requirements; integration of auricular detoxification within the treatment program; concepts of acupuncture and oriental medicine as related to addiction and recovery (the concept of "empty fire", etc.); client management issues and strategies (special populations); ethical and legal issues (confidentiality, HIPAA, the pertinent laws and rules of the state of New Mexico, etc.); and the nature of addiction and recovery; and

(2) 40 client hours (40 successfully completed treatments) under direct supervision by a board approved CADS supervisor at a site and with a supervisor pre-approved in writing by the training program, documented by a HIPAA-compliant form in which the privacy of clients is respected; and

D. an affidavit as provided on the auricular detoxification specialist training program approval application form stating that the applicant understands that:

(1) the auricular detoxification specialist training program must provide each person who successfully completes the approved program with a certification of completion; and

(2) the auricular detoxification specialist training program registration must be renewed annually by July 31; and

(3) the auricular detoxification specialist training program must notify the board within ten days if the program's address or phone number changes; and

(4) the board may refuse to issue, or may suspend, or revoke any auricular detoxification specialist training program approval in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in Section 61-14A-17 NMSA 1978 of the Act and clarified in 16.2.12 NMAC; and

E. the name or names of the trainer(s) who shall be teaching in the program and copies of their qualifications as trainers from NADA or other oriental medicine and auricular acupuncture drug detoxification, harm reduction, substance abuse or relapse-prevention-related education and experience approved by the board to train auricular detoxification specialist trainers; and

F. approval of a training program shall entail recognition that its trainers have the status of certified auricular detoxification specialists and CADS supervisors within and for the purpose of and for the duration of a training course.

16.2.16.28 TREATMENT PROGRAM APPROVAL:

All treatment programs focused on disease prevention, harm reduction or the treatment or prevention of alcoholism, substance abuse or chemical dependency that are officially recognized by a federal, state or local government agency shall automatically be approved by the board. Upon submission of a complete application for a treatment program that fulfills the requirements listed below, the board shall issue a treatment program approval.

A. the treatment program approval application fee specified in 16.2.10 NMAC;

B. complete application for treatment program approval in English that shall include the applicant's name, address, phone number, fax number and email address, if available, and:

(1) affidavit that the treatment program is for disease prevention, harm reduction or the treatment or prevention of alcoholism, substance abuse or chemical dependency;

(2) whether the facility is at a fixed address or is mobile;

(3) the name of the director of the program;

(4) the number and qualifications of the treatment staff; and

(5) the name of the auricular detoxification supervisor and the certified auricular detoxification specialist, if known; and

C. an affidavit as provided on the treatment program approval application form stating that the facility has access to a toilet and a sink; and

D. an affidavit as provided on the treatment program approval application form stating that the applicant understands that:

(1) the treatment program must notify the board within 10 days if the program's address or phone number changes; and

(2) the board may refuse to issue, or may suspend, or revoke any treatment program approval in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in Section 61-14A-17 NMSA 1978 of the act and clarified in 16.2.12 NMAC.

[16.2.16.28 NMAC - Rp, 16.2.16.28 NMAC, 2/11/2022; A, 10/22/2024]

16.2.16.29 GROUNDS FOR DENIAL, SUSPENSION OR REVOCATION OF LICENSE, CERTIFICATION, REGISTRATION OR APPROVAL:

The board may refuse to issue, or may suspend, or revoke any license, certification, registration or approval in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in Section 61-14A-17 NMSA 1978 of the act and clarified in 16.2.12 NMAC (Part 12 of the rules).

PART 17: LICENSURE BY ENDORSEMENT

16.2.17.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.17.1 NMAC - Rp, 16.2.17.1 NMAC, 2/11/2022]

16.2.17.2 SCOPE:

All applicants for licensure by endorsement as doctors of oriental medicine.

[16.2.17.2 NMAC - Rp, 16.2.17.2 NMAC, 2/11/2022]

16.2.17.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Sections 61-14A-4, 6, 8, 9 and 10, NMSA 1978.

[16.2.17.3 NMAC - Rp, 16.2.17.3 NMAC, 2/11/2022]

16.2.17.4 DURATION:

Permanent.

[16.2.17.4 NMAC - Rp, 16.2.17.4 NMAC, 2/11/2022]

16.2.17.5 EFFECTIVE DATE:

February 11, 2022, unless a later date is cited at the end of a section.

[16.2.17.5 NMAC - Rp, 16.2.17.5 NMAC, 2/11/2022]

16.2.17.6 OBJECTIVE:

Part 17 lists the requirements that an applicant for licensure by endorsement must fulfill in order to apply for licensure as a doctor of oriental medicine.

[16.2.17.6 NMAC - Rp, 16.2.17.6 NMAC, 2/11/2022]

16.2.17.7 DEFINITIONS:

Refer to definitions in 16.2.1.7 NMAC (Section 7 of Part 1 of the rules).

[16.2.17.7 NMAC - Rp, 16.2.17.7 NMAC, 2/11/2022]

16.2.17.8 GENERAL REQUIREMENTS:

A. An applicant for licensure by endorsement shall have five years of clinical experience, within the last six years as defined in 16.2.1.7 NMAC immediately preceding application.

B. An applicant for licensure by endorsement must be licensed, certified, registered or legally recognized to practice acupuncture or oriental medicine in another state or jurisdiction of the United States.

C. Any applicant for licensure by endorsement who has been subject to any action or proceeding comprehended by Subsection D of 16.2.17.10 NMAC may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1 NMSA 1978, et seq.

D. Any applicant for licensure by endorsement who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of Section 61-14A-17 NMSA 1978, and to the Uniform Licensing Act Section 61-1-1 NMSA 1978, et seq.

[16.2.17.8 NMAC - Rp, 16.2.17.8 NMAC, 2/11/2022]

16.2.17.9 EDUCATIONAL PROGRAM REQUIREMENTS:

A. An applicant for licensure by endorsement shall provide proof that he completed an educational program in acupuncture that fulfilled the requirements of the national certification commission for acupuncture and oriental medicine in place in 1992 or if graduated after 1992 is in compliance with the educational program requirements in 16.2.7 NMAC or that was accredited by the accreditation commission for acupuncture and herbal medicine, ACAHM.

B. If the educational program is no longer in existence, or if the applicant's records are not available for good cause, the applicant for licensure by endorsement shall submit an affidavit so stating and shall identify the educational program, and shall provide the address, dates of enrollment, and curriculum completed, along with such other information and documents as the board shall deem necessary. The board, in its sole and sound discretion, may accept as adequate and sufficient or reject such evidence presented in lieu of the records otherwise required.

C. If an applicant graduated before 1992 from an educational program lacking annual approval status from the board for the year of graduation, as defined in 16.2.7.10 NMAC, then the applicant shall apply for a single instance review. The applicant must obtain an approval of the educational program for use by a single applicant and will need to submit the following to the board:

(1) the required application fee as specified in 16.2.10 NMAC, paid U.S. funds; and

(2) a complete application in English, that contains the matriculation date for the educational program, the information necessary to verify that the standards of professional education required by 16.2.17.9 NMAC and an official copy of the curriculum.

[16.2.17.9 NMAC - Rp, 16.2.17.9 NMAC, 2/11/2022; A, 4/25/2023; A, 10/22/2024]

16.2.17.10 INITIAL LICENSURE BY ENDORSEMENT APPLICATION:

Upon submission of a complete application for licensure by endorsement that fulfills the requirements listed below, the board shall issue a license that will be valid until July 31 following the initial licensure.

A. the fee for application for licensure by endorsement specified in 16.2.10 NMAC;

B. a complete application for licensure by endorsement in English that shall include the applicant's name, address, date of birth and social security number, or individual tax identification number, if available;

C. an affidavit as provided on the initial licensure by endorsement application form as to whether the applicant:

(1) has been subject to any disciplinary action in any jurisdiction related to the practice of acupuncture or oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice including resignation from practice, withdrawal or surrender of applicants license, certificate or registration during the pendency of disciplinary proceedings or investigation for potential disciplinary proceedings;

(2) has been a party to litigation in any jurisdiction related to the applicants practice of acupuncture and oriental medicine, or related to any other profession including other health care professions for which the applicant is licensed, certified, registered or legally recognized to practice;

(3) is in arrears on a court-ordered child support payment; or

(4) has violated any provision of the act or the rules; and

D. an official license history, which is a certificate from each jurisdiction stating the disciplinary record of the applicant, from each jurisdiction where the applicant has been licensed, certified, registered or legally recognized to practice any other profession, including other health care professions, in any jurisdiction, pursuant to any authority other than the New Mexico Acupuncture and Oriental Medicine Practice Act; and

E. an affidavit as provided on the initial licensure by endorsement application form stating that the applicant understands that:

(1) an applicant who has been subject to any action or proceeding comprehended by Subsection D of 16.2.17.10 NMAC may be subject to disciplinary action at any time, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978; and subject to the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq., and subject to the Criminal Offender Employment Act, Section 28-2-1, NMSA 1978 et seq.; and

(2) an applicant who provides the board with false information or makes a false statement to the board may be subject to disciplinary action, including denial, suspension or revocation of licensure, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1, NMSA 1978, et seq.; and

F. an affidavit as provided on the initial licensure by endorsement application form stating that the applicant understands that:

(1) the applicant is responsible for reading, understanding and complying with the state of New Mexico laws and rules regarding this application as well as the practice of acupuncture and oriental medicine;

(2) the license must be renewed annually by July 31; and

(3) the applicant must notify the board within 10 days if the applicant's address changes; and

G. a copy of the applicant's certificate or diploma from an educational program evidencing completion of the educational program in acupuncture as defined above in 16.2.17.9 NMAC;

H. a copy of the applicant's transcript from the educational program in acupuncture or oriental medicine evidencing completion of the educational program in acupuncture as defined above in 16.2.17.9 NMAC;

I. a copy of the applicant's license, certificate, registration or legal authority to practice acupuncture or oriental medicine in another state or jurisdiction of the United States;

J. proof of clinical experience as required in Subsection A of 16.2.17.8 NMAC;

K. proof of successful completion of the examinations requirements below in 16.2.17.11 NMAC; and

L. an accurate translation in English of all documents submitted in a foreign language; each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original; each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original; each affidavit shall be signed before a notary public; the translation of any document relevant to an application shall be at the expense of the applicant.

M. proof of current basic life support, BLS, and CPR, with proof of having completed an American heart association, American red cross, or American safety and health institute approved course; hands-on supervised practice of clinical skills is required; the didactic portion may be completed on-line; a current copy of this card shall be submitted to the board at the time of the application.

[16.2.17.10 NMAC - Rp, 16.2.17.10 NMAC, 2/11/2022; A, 10/22/2024]

16.2.17.11 EXAMINATION REQUIREMENTS:

The following requirements shall be received at the board's office within 12 months of the receipt of the initial licensure by endorsement application:

A. proof of certification in oriental medicine by the national certification commission of acupuncture and oriental medicine (NCCAOM), or successful completion of the following examination options:

(1) the national certification commission for acupuncture and oriental medicine (NCCAOM) comprehensive written exam (acupuncture portion);

(2) the NCCAOM foundations of oriental medicine module and the acupuncture module if completed after June 2004;

(3) the NCCAOM comprehensive written exam (Chinese herbology portion);
or

(4) the NCCAOM foundations of oriental medicine module and the Chinese herbology module if completed after June 2004; and

B. proof of successful completion of the NCCAOM approved clean needle technique course;

C. proof of successful completion of the New Mexico clinical skills examination specified in 16.2.4.10 NMAC; and

D. proof of successful completion of the board approved and board administered jurisprudence examination specified in 16.2.4.10 NMAC

[16.2.17.11 NMAC - Rp, 16.2.17.11 NMAC, 2/11/2022; A, 10/22/2024]

16.2.17.12 DOCUMENTS IN A FOREIGN LANGUAGE:

All documents submitted in a foreign language must be accompanied by an accurate translation in English. Each translated document shall bear the affidavit of the translator certifying that he or she is competent in both the language of the document and the English language and that the translation is a true and faithful translation of the foreign language original. Each translated document shall also bear the affidavit of the applicant certifying that the translation is a true and faithful translation of the original. Each affidavit shall be signed before a notary public. The translation of any document relevant to an applicant's application shall be at the expense of the applicant.

[16.2.17.12 NMAC - Rp, 16.2.17.12 NMAC, 2/11/2022]

16.2.17.13 SUFFICIENCY OF DOCUMENT:

The board shall determine the sufficiency of the documentation that supports the application for licensure by endorsement. The board may, at its discretion, request further proof of qualifications or require a personal interview with any applicant to establish his or her qualifications. If requested by the board, all further proof of qualifications shall be received at the board office at least 35 days before the clinical skills examination date. Any required personal interview will be scheduled as determined by the board.

[16.2.17.13 NMAC - Rp, 16.2.17.13 NMAC, 2/11/2022]

16.2.17.14 DEADLINE FOR COMPLETING ALL REQUIREMENTS FOR LICENSURE:

All documentation required for licensure by endorsement shall be received at the board office no later than 24 months after the initial application for licensure by endorsement is received at the board office.

[16.2.17.14 NMAC - Rp, 16.2.17.14 NMAC, 2/11/2022]

16.2.17.15 NOTIFICATION OF LICENSURE:

The applicant for licensure by endorsement shall be notified of approval or denial of his or her completed application requirements including examination requirements by mail postmarked no more than 21 days from the board's receipt of all required documentation. The board shall issue a license to all applicants who have met the requirements of 16.2.17 NMAC.

[16.2.17.15 NMAC - Rp, 16.2.17.15 NMAC, 2/11/2022]

16.2.17.16 EXPIRATION AND ABANDONMENT OF APPLICATION:

If all licensure by endorsement application requirements have not been met within 12 months of the initial licensure by endorsement application, the application will expire and will be deemed abandoned. If the licensure by endorsement application is abandoned and the applicant for licensure by endorsement wants to reapply, the applicant for licensure by endorsement shall be required to submit the completed current licensure by endorsement application form, pay the current application fee and satisfy the requirements for licensure by endorsement in effect at the time of the new licensure by endorsement application. The board shall notify the applicant for licensure by endorsement of pending abandonment of the licensure by endorsement application by mail postmarked at least 60 days before the date of abandonment which is the expiration of the 24-month deadline for completing all requirements for licensure by endorsement. The board shall notify the applicant for licensure by endorsement of abandonment of the application by mail postmarked no more than 21 days after the date of abandonment.

[16.2.17.16 NMAC - Rp, 16.2.17.16 NMAC, 2/11/2022; A, 10/22/2024]

PART 18: EDUCATIONAL COURSES FOR EXPANDED PRACTICE CERTIFICATION

16.2.18.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.18.1 NMAC - Rp, 16.2.18.1 NMAC, 6/16/2015]

16.2.18.2 SCOPE:

All doctors of oriental medicine who are certified for expanded practice or who are applicants for certification for expanded practice, as well as all educational courses and applicants for approval of educational courses.

[16.2.18.2 NMAC - Rp, 16.2.18.2 NMAC, 6/16/2015]

16.2.18.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Section 61-14A-8.1.

[16.2.18.3 NMAC - Rp, 16.2.18.3 NMAC, 6/16/2015]

16.2.18.4 DURATION:

Permanent.

[16.2.18.4 NMAC - Rp, 16.2.18.4 NMAC, 6/16/2015]

16.2.18.5 EFFECTIVE DATE:

June 16, 2015, unless a later date is cited at the end of a section.

[16.2.18.5 NMAC - Rp, 16.2.18.5 NMAC, 6/16/2015]

16.2.18.6 OBJECTIVE:

Part 18 lists the prerequisites, educational course approval requirements, class hours, curriculum knowledge and skills for certification in each of the four following expanded practice categories: basic injection therapy, injection therapy, intravenous therapy and bioidentical hormone therapy.

[16.2.18.6 NMAC - Rp, 16.2.18.6 NMAC, 6/16/2015]

16.2.18.7 DEFINITIONS:

Refer to definitions in Section 7 of 16.2.1 NMAC.

[16.2.18.7 NMAC - N, 6/16/2015]

16.2.18.8 GENERAL REQUIREMENTS FOR EDUCATIONAL COURSE APPROVAL:

The board shall approve an educational course for a specific category of expanded practice upon completion of the following general requirements and the specific requirements listed for the specific category of expanded practice educational course

approval. All courses, with the exception of basic injection therapy, shall adhere to ICE or NCCA credentialing standards. All references to application in this section refer to the educational course application.

A. The educational course shall provide at least the minimum number of hours of education in the areas listed for the specific category of educational course hours. One hour of education shall be equal to that defined by the accreditation commission for acupuncture and herbal medicine (ACAAM). The education shall be in addition to the education required to meet the minimum educational program requirements for licensure as a doctor of oriental medicine.

B. The educational course application shall include a description of the education being provided as required by the educational course general curriculum defined in 16.2.18.11 NMAC and the educational course curriculum defined for the specific category of expanded practice for which the educational course is applying for approval.

C. The educational course application shall include the curriculum vitae for all teachers, and proposed substitute teachers all classes shall be taught by qualified teachers approved by the board, provided the following conditions are met:

(1) the education in the pharmacology of the authorized substances shall be taught by a licensed pharmacist, Pharm D or a Ph.D. in pharmacology; and

(2) the education in the clinical therapeutic use of the authorized substances shall be taught by a licensed health care practitioner with appropriate training and a minimum of five years experience using the authorized substances.

D. The educational course application shall include documentation that all required clinical practice hours shall have a teacher to student ratio of at least one teacher to no more than eight students.

E. The educational course application shall include examples of the test questions that students enrolled in the course are required to successfully pass in order to ensure competence in all required areas. Testing methodology shall be approved by the board and with the exception of basic injection therapy, the testing shall be administered, subject to approval by a credentialed PhD psychometrician, as described in the ICE or NCCA credentialing standards and as approved by the board. The educational course shall send all student test scores and evaluation scores directly to the board.

F. The educational course application shall include an example of the certificate that shall be given for successful completion of the educational course.

G. Each educational course shall be completed within two years of commencement of that course.

H. A student who is allergic or hypersensitive to an authorized substance may be excused from participating in clinical practice when such an authorized substance is being used.

I. A board member or an agent of the board has the authority to observe, audit and evaluate educational courses at any time after an application has been filed. A course audit or evaluation may result in denial, suspension or revocation of the course's approval by the board in accordance with law.

J. The educational course provider shall specify whether the organization offering the educational course is a sole proprietorship, partnership, LLC, corporation or non-profit corporation and shall provide proof of such legal business status.

K. An educational course shall submit a new application on the form approved by the board, pay the appropriate fee defined in 16.2.10 NMAC and comply with all other new application requirements if any of the following changes:

- (1) ownership;
- (2) faculty; and
- (3) curriculum.

L. An educational course shall inform the board in writing, provided that the educational course certifies that all factors defined in Subsection J of 16.2.18.8 NMAC remain unchanged, if any of the following changes:

- (1) name;
- (2) address; and
- (3) phone number.

[16.2.18.8 NMAC - Rp, 16.2.18.7 NMAC, 6/16/2015; A, 4/25/2023; A, 10/22/2024]

16.2.18.9 EDUCATIONAL COURSE APPROVAL BOARD REQUIREMENTS:

A. The board shall have final authority for approval of all educational courses including classes and teachers.

B. The board shall notify the applicant in writing by mail postmarked no more than 75 days after the receipt of the initial application as to whether the application is complete or if not complete, what documentation is needed to complete the application.

C. If the requested information is not received at the board office within 75 days after notification the board shall notify the applicant in writing by mail that the application has expired.

D. Teaching must commence for an approved course within six months of approval.

E. If the application is expired or is denied, the applicant will have to reapply as a new applicant.

[16.2.18.9 NMAC - Rp, 16.2.18.8 NMAC, 6/16/2015; A, 10/22/2024]

16.2.18.10 EDUCATIONAL COURSE PREREQUISITES:

A. An applicant for an educational course in expanded practice leading to certification must be a NM licensed doctor of oriental medicine in good standing.

B. The basic injection course is a prerequisite to injection therapy certification and intravenous therapy certification.

C. Prior to enrolling in any expanded practice educational course, the applicant shall submit proof of completion of at least three college or university credit hours (30-45) contact hours in a course in pharmacology from an accredited institution. A board approved on-line course is acceptable or the applicant may sit for a pharmacology final exam at an accredited institution to satisfy this requirement.

D. If applying for basic injection therapy, injection therapy or intravenous therapy, the applicant shall submit proof of completion of a four hour American heart association approved CPR or basic life support (BLS) course; a current card that shall remain current until the next July 31 annual renewal cycle will serve as proof.

[16.2.18.10 NMAC - Rp, 16.2.18.9 NMAC, 6/16/2015]

16.2.18.11 EDUCATIONAL COURSE GENERAL CURRICULUM:

Each educational course shall provide the doctor of oriental medicine, who successfully completes the course, with the following entry level general knowledge and skills, as well as the specific knowledge and skills, at the current professional standard of care within the context of an integrative healthcare system, defined for each specific category of expanded practice education.

A. Expanded practice and prescriptive authority and oriental medicine: knowledge of how the principles of the developmental system of oriental medicine such as yin, yang, qi and xue apply to the expanded practice certifications.

B. Biomedical knowledge: anatomy, physiology, pathology, endocrinology, biochemistry, pharmacology and diagnostic options sufficient to provide a foundation required for the specific category of expanded practice.

C. Pharmacology knowledge:

(1) of the biochemistry, pharmacology, clinical application, safety and handling, side effects, interactions, contraindications, safeguards and emergency procedures for all authorized substances in the formulary defined for the relevant specific category of expanded practice;

(2) of how to make a differential diagnosis relative to the prescription or administration of authorized substances in the formulary defined for the relevant specific category of expanded practice;

(3) of the potency and appropriate dosage of single and combined authorized substances in the formulary defined for the relevant specific category of expanded practice;

(4) and skill in utilizing appropriate clinic based aseptic technique; and

(5) of the compounding requirements of the USP 797 with regard to the authorized substances in the formulary defined for the relevant specific category of expanded practice.

D. Referral:

(1) knowledge and understanding of the limits of their training, and skill and when it is appropriate to refer; and

(2) knowledge of the options available regarding referral including an understanding of the potential benefit or contraindications of all categories of expanded practice.

E. Emergency care (previous CPR/BLS certification):

(1) knowledge of how to recognize a medical emergency situation arising in the clinic and what emergency outcomes may arise relative to performing the authorized diagnostic and therapeutic procedures and the prescription or administration of the specifically authorized substances, what procedures and substances are best for managing each emergency situation and whom to contact for emergency support and care;

(2) skill in providing first aid and basic life support until the medical emergency team arrives;

- (3)** appropriate initial screening for potential allergic or adverse reactions;
- (4)** skill in identifying and responding to adverse or allergic reactions or mild to severe; vasovagal reactions with knowledge of appropriate support measures depending on the type of reaction:
 - (a)** patient reassurance;
 - (b)** patient positioning;
 - (c)** oral OTC diphenhydramine (benadryl) if appropriate;
 - (d)** inhaled oxygen;
 - (e)** inhaled OTC epinephrine (primatine mist) or IM injected epinephrine if appropriate; and
 - (f)** emergency ambulance transport;
- (5)** the immediate and longer term indications of inadvertent pneumothorax and the appropriate procedure for patient care and guidance in such situations.

F. Record keeping, storage and dispensing of dangerous drugs and controlled substances and knowledge of:

- (1)** the proper storage requirements in the clinic for the drugs, dangerous drugs and controlled substances in the specifically authorized formulary;
- (2)** how to keep accurate records of all authorized drugs, dangerous drugs and controlled substances obtained, stored, compounded, administered or dispensed; and
- (3)** skill in handling and using appropriate clean or aseptic technique for all drugs, dangerous drugs and controlled substances in the specifically authorized formulary.

G. Pharmaceutical law knowledge of:

- (1)** the appropriate areas of New Mexico pharmaceutical law;
- (2)** USP 797 that relates to compounding of the authorized substances in the formulary defined for the relevant specific category of expanded practice; and
- (3)** drugs, dangerous drugs, and controlled substances and what dangerous drugs or controlled substances are or are not authorized under the provisions of the specific category or categories of expanded practice for which he is certified.

H. Scope of practice knowledge:

- (1)** of the areas of the New Mexico Acupuncture and Oriental Medicine Practice Act and rules that are appropriate to the scope of practice of a doctor or oriental medicine certified for the specific category of expanded practice;
- (2)** understanding of what diagnostic or therapeutic procedures are authorized by the specific category of expanded practice; and
- (3)** understanding what substances in a specific formulary are authorized for use by doctors of oriental medicine certified for the specific category of expanded practice.

[16.2.18.11 NMAC - Rp, 16.2.18.10 NMAC, 6/16/2015]

16.2.18.12 BASIC INJECTION THERAPY EDUCATIONAL COURSE APPROVAL:

The board shall approve a basic injection therapy educational course after the educational course provider submits to the board:

- A.** a completed application;
- B.** the payment of the application fee for expanded practice educational course approval specified in 16.2.10 NMAC;
- C.** documentation of having complied with all educational course approval general requirements defined in 16.2.18.8 NMAC;
- D.** documentation demonstrating that it will provide the educational course general curriculum defined in 16.2.18.11 NMAC;
- E.** documentation demonstrating that it will provide the basic injection therapy educational course hours defined in 16.2.18.13 NMAC; and
- F.** documentation demonstrating that it will provide the basic injection therapy educational course curriculum defined in 16.2.18.14 NMAC; and
- G.** A passing grade of seventy percent is required for certification to demonstrate learned knowledge.

[16.2.18.12 NMAC - Rp, 16.2.18.11 NMAC, 6/16/2015; A, 10/22/2024]

16.2.18.13 BASIC INJECTION THERAPY EDUCATIONAL COURSE HOURS:

The education offered shall consist of a minimum total of 58 contact hours with at least the minimum number of hours of education in the areas listed below:

A. eight hours in pharmacology and biomedical differential diagnosis relative to the prescription, administration, compounding and dispensing of the authorized substances in the basic injection therapy formulary including homeopathic medicines;

B. two hours in the drawing and compounding of the authorized substances intended for injection in compliance with USP 797, utilizing approved aseptic technique and proper record keeping and, storage and dispensing of substances; at least half of the required hours shall be clinical practice;

C. 14 hours in orthopedic and neurological evaluation; at least half of these required hours shall be clinical practice;

D. two hours in the theory and practice of vapocoolant spray and stretch techniques using the authorized vapocoolants; at least half of these required hours shall be clinical practice;

E. 28 hours in the theory and practice of injection therapy including: 11 hours of trigger point therapy and injection of acupuncture points; 11 hours of basic mesotherapy; six hours of basic neural therapy, and therapeutic injections (vitamins), using the authorized substances in the basic injection therapy formulary; at least half of these required hours shall be clinical practice;

F. one hour in pharmaceutical law as provided by the New Mexico board of pharmacy;

G. one in oriental medicine scope of practice relative to the authorized substances and techniques; and

H. a minimum of two hours in the use of inhaled oxygen O₂ and IM epinephrine for emergency use.

[16.2.18.13 NMAC - Rp, 16.2.18.12 NMAC, 6/16/2015; A, 10/22/2024]

16.2.18.14 BASIC INJECTION THERAPY EDUCATIONAL COURSE CURRICULUM:

The basic injection therapy educational course curriculum shall provide the doctor of oriental medicine, who successfully completes the course, with the educational course general curriculum knowledge and skills defined in Section 11 of 16.2.18 NMAC and the following specific skills and knowledge of:

A. orthopedic and neurological physical exam and differential diagnosis:

(1) anatomy regions to be examined and treated;

(2) the most common orthopedic pain differential diagnoses for these areas as well as other medical differential diagnoses that should be ruled out;

(3) skill in interpreting physical exam signs in context as evidence for or against the differential diagnoses;

(4) the most important treatment options for these differential diagnoses including but not limited to injection therapy, spray and stretch therapy, exercise, physical medicine, manipulation, manual medicine, acupuncture, moxibustion, medical therapy with herbal medicine, supplements, homeopathic medicines and diet therapy;

(5) which basic imaging methods, if any, are useful in the examination of the above differential diagnoses; and

(6) and skill in selecting and performing the most appropriate basic orthopedic and neurologic physical examination methods including but not limited to the most basic forms of reflex testing, motor power testing, sensory exam, common orthopedic provocations, ligament stretch testing, accurate palpation and marking of anatomic landmarks, ligament and tendon compression testing and myofascial trigger point compression;

B. general injection therapy knowledge of:

(1) the needles, syringes and other equipment used to perform the various types of injection therapy;

(2) appropriate aseptic techniques and clean needle procedures and techniques, and necessity of compliance with USP 797;

(3) the various solutions used in the various styles of injection therapy and skill in properly drawing and compounding into syringes the authorized substances intended for injection, using approved aseptic technique; in compliance with USP 797;

(4) how to generate and carry out a comprehensive treatment plan that addresses the causative factors leading to pain and dysfunction from the perspective of the understanding of each style of injection therapy, offers post treatment palliation and provides post therapy recommendations to support rehabilitation and prevent recurrence;

(5) how to explain to the patient the purpose of the therapy, the expected outcome and possible complications of the therapy that could occur;

(6) understanding that injection therapy techniques authorized for the basic injection therapy certification are limited to intradermal, subcutaneous and intramuscular, injections; and

(7) the anatomical locations that are relatively safe for injection therapy, as well as those locations that should be avoided for injection therapy;

C. acupuncture point injection therapy knowledge of:

- (1) how acupuncture point injections can complement traditional acupuncture;
- (2) the conditions that can be treated with acupuncture point injections; and
- (3) skill in injecting acupuncture points;

D. trigger point therapy knowledge of:

(1) what a trigger point is, what the causative factors leading to trigger points are, what the most common perpetuating factors are and how to recognize and identify the most common pain referral patterns in the head, back, hip and extremities;

(2) how to locate and palpate trigger points; and

(3) skill in locating, injecting and spraying and stretching the most commonly treated trigger points and muscles;

E. neural therapy knowledge of:

(1) the relationship between interference fields, the autonomic nervous system, pain and disease;

(2) skill in identifying common interference fields in the body; and

(3) skill in injecting common neural therapy injection sites such as peripheral nerves, scars, tonsils, intercutaneous and subcutaneous sites;

F. mesotherapy knowledge of:

(1) the mechanism of action of mesotherapy injections for pain and sports medicine and cosmetic treatment; and

(2) skill in injecting using mesotherapy methodology;

G. therapeutic injections knowledge of:

(1) how to evaluate the patient and determine a treatment plan with appropriate dosage, using appropriate authorized substances; and

(2) skill in performing therapeutic injections at appropriate anatomical locations and depths.

[16.2.18.14 NMAC - Rp, 16.2.18.13 NMAC, 6/16/2015]

16.2.18.15 INJECTION THERAPY EDUCATIONAL COURSE APPROVAL:

The board shall approve an injection therapy educational program requirements:

- A.** a completed application;
- B.** payment of the application fee for expanded practice educational course approval specified in 16.2.10 NMAC;
- C.** documentation that it will comply with all educational course approval general requirements defined in 16.2.18.8 NMAC;
- D.** documentation demonstrating that it will provide the educational course general curriculum defined in 16.2.18.11 NMAC;
- E.** documentation demonstrating that it will provide the injection therapy educational course hours defined in 16.2.18.17 NMAC;
- F.** documentation demonstrating that it will provide the injection therapy educational course curriculum defined in 16.2.18.18 NMAC; and
- G.** documentation demonstrating that proposed test instruments have been reviewed and approved by a credentialed PhD psychometrician as described in the ICE credentialing standards. A passing grade of seventy (70) percent is required for certification to demonstrate learned knowledge.

[16.2.18.15 NMAC - Rp, 16.2.18.14 NMAC, 6/16/2015; A, 10/22/2024]

16.2.18.16 INJECTION THERAPY COURSE PREREQUISITES:

Only a New Mexico licensed DOM, in good standing, and board certified in basic injection therapy, may apply for an injection therapy educational course.

[16.2.18.16 NMAC - Rp, 16.2.18.15 NMAC, 6/16/2015]

16.2.18.17 INJECTION THERAPY EDUCATIONAL COURSE HOURS:

The education shall be completed within two (2) years of commencement of the course as specified in Subsection G of 16.2.18.7 NMAC and consists of a minimum total of 115 hours and with at least the minimum number of hours of education in the areas listed below:

- A.** eight hours in pharmacology and relevant pharmaceutical law, including compliance with USP 797 differential diagnosis relative to the selection, prescription,

compounding and administration, of the authorized substances in the injection therapy formulary listed in Paragraph (2) of Subsection F of 16.2.20.8 NMAC, and the use of some of these substances as pain medicine: upon completion and certification in injection therapy some of these substances can be used with previously learned basic injection techniques including trigger point, mesotherapy, and neural therapy techniques;

B. four hours in the art and practice of phlebotomy in order to safely perform injection of ozone or platelet rich plasma when considered as appropriate therapeutic intervention and at least half of the required hours shall be in clinical practice; a certificate of completion of a board approved course in phlebotomy is acceptable;

C. 15 hours in a board approved course in oxidative medicine;

D. 52 hours to include:

- (1)** the scientific principles of prolotherapy;
- (2)** aseptic technique as it relates to injecting a joint;
- (3)** detailed anatomy of joints, supporting soft tissue structures, and specific injection sites;
- (4)** orthopedic and neurological functional evaluation;
- (5)** the use of platelet rich plasma and prolozone;
- (6)** theory and practice of advanced neural therapy techniques;
- (7)** differentiation and selection of authorized substances in the injection therapy formulary as defined in Paragraph (2) of Subsection F of 16.2.20.8 NMAC; and
- (8)** at least half of these required hours shall be clinical practice;

E. 30 hours of diagnostic musculoskeletal ultrasound and ultrasound guided musculoskeletal procedures from a board approved course; and

F. six hours in the theory and practice of advanced injection therapy techniques including: mesotherapy for cellulite reduction, refer to Subsection F of 16.2.18.14 NMAC and apitherapy: at least half of these hours shall be in clinical practice; a certificate of completion from a board approved course in advanced mesotherapy or apitherapy will be considered to meet these hours.

[16.2.18.17 NMAC - Rp, 16.2.18.16 NMAC, 6/16/2015]

16.2.18.18 INJECTION THERAPY EDUCATIONAL COURSE CURRICULUM:

The injection therapy educational course curriculum shall provide the doctor of oriental medicine, who successfully completes the course, with the educational course general curriculum knowledge and skills defined in Sections 11 and 14 of 16.2.18 NMAC and the following specific knowledge and skills in:

A. regenerative injection therapy (RIT or prolotherapy):

- (1)** understanding of the scientific principles of prolotherapy, its application, alternatives, risks and consequences;
- (2)** recognizing the most common pain patterns generated from injured and lax ligaments of the joints of the extremities, lumbar and sacral regions;
- (3)** the concept of tissue regeneration and proliferation and how it can be promoted in the body;
- (4)** injecting some of the most commonly treated ligamentous, tendonous, and cartilaginous and intra-articular structures of the joints of the extremities, lumbar and sacral regions;
- (5)** how to perform regional anesthesia or a nerve block for pain relief; and
- (6)** the use of diagnostic musculoskeletal ultrasound and ultrasound guided procedures;

B. orthopedic and neurological physical exam and differential diagnosis:

- (1)** anatomy of the regions to be examined and treated;
- (2)** selecting and performing orthopedic and neurologic physical examination methods including but not limited to reflex testing, motor power testing, sensory exam, common orthopedic provocations, ligament stretch testing, accurate palpation and marking of anatomic landmarks, ligament and tendon compression testing;
- (3)** interpreting physical exam signs in context as evidence for or against the differential diagnoses;
- (4)** most common orthopedic pain differential diagnoses for these areas as well as other medical differential diagnoses that should be ruled out; and
- (5)** the most important treatment options for these differential diagnoses;

C. how to generate and carry out a comprehensive treatment plan that addresses the causative factors leading to pain and dysfunction from the perspective of the understanding of each style of injection therapy, offers post treatment palliation and

provides post therapy recommendations to support rehabilitation and prevent recurrence:

(1) how to explain to the patient the purpose of the therapy, the expected outcome and possible complications of the therapy that could occur; and

(2) anatomical locations that are relatively safe for injection therapy, as well as those locations that should be avoided for injection therapy;

D. perform phlebotomy and collect and centrifuge blood to be used for platelet rich plasma injection; knowledge of diagnostic and physical exam findings which indicate the need for platelet rich plasma as a treatment modality;

E. advanced neural therapy techniques; knowledge and skills as described in Section 14 of 16.2.18 NMAC of basic injection;

F. advanced mesotherapy;

(1) how to evaluate and treat the patient with cellulite including determination of a treatment plan, utilizing appropriate substance(s) and dosing to accomplish treatment goals;

(2) how to evaluate and treat fat;

(3) technique of injections to reduce fat or cellulite; and

(4) mechanisms of action of substances used for cellulite and fat reduction;

G. apitherapy;

(1) knowledge of and skill in performing apitherapy; and

(2) understanding theory and application of apitherapy, expected outcomes, benefits and potential risks and complications.

[16.2.18.18 NMAC - Rp, 16.2.18.17 NMAC, 6/16/2015]

16.2.18.19 INTRAVENOUS THERAPY EDUCATIONAL COURSE APPROVAL REQUIREMENTS FOR CERTIFICATION:

The board will approve an intravenous therapy educational course for certification after the educational course provider submits to the board:

A. a completed application;

B. the payment of the application fee for expanded practice educational course approval specified in 16.2.10 NMAC;

C. documentation of having complied with all educational course approval general requirements defined in 16.2.18.8 NMAC;

D. documentation demonstrating that it will provide the educational course general curriculum defined in 16.2.18.10 NMAC;

E. documentation demonstrating that it will provide the intravenous therapy educational course hours defined in 16.2.18.20 NMAC;

F. documentation demonstrating that it will provide the intravenous therapy educational course curriculum defined in 16.2.18.21 NMAC; and

G. documentation that proposed test instruments have been reviewed and approved by a credentialed PhD psychometrician, as described in the ICE credentialing standards. A passing grade of seventy percent is required for certification to demonstrate learned knowledge.

[16.2.18.19 NMAC - N, 6/16/2015; A, 10/22/2024]

16.2.18.20 INTRAVENOUS THERAPY COURSE PREREQUISITES:

Only a New Mexico licensed DOM, in good standing, and board certified in basic injection therapy, may apply for an intravenous therapy educational course in expanded practice.

A. Proof of current BLS/CPR certification that will be current for two years from an American heart association, American red cross, or American safety and health institute provider.

B. Proof of completion of at least three semester hours of college level biochemistry from an accredited institution that provides evaluation of competencies by examination. A board approved college level on line course is acceptable.

[16.2.18.20 NMAC - N, 6/16/2015; A, 10/22/2024]

16.2.18.21 INTRAVENOUS THERAPY EDUCATIONAL COURSE HOURS:

The intravenous therapy educational coursework shall be completed within two years of commencement of the course, Subsection G of 16.2.18.8 NMAC, and shall consist of a minimum of 137 total hours and with the minimum number of hours of education in the areas listed below:

A. eight hours in the pharmacology, biochemistry, relevant pharmaceutical law, including 16.19.36 NMAC, differential diagnosis and clinical application relative to the selection, prescription, compounding and administration of the authorized substances in the intravenous therapy formulary;

B. ten hours in the studying, drawing and sterile compounding, (in compliance with USP 797) of the authorized substances intended for infusion and injection utilizing approved aseptic technique and proper record keeping, and storage of substances. At least half of these required hours shall be clinical practice;

C. 24 hours in all aspects of safely performing phlebotomy, intravenous infusions and intravenous pushes including calculation of osmolarity. At least half of these required hours shall be clinical practice with documented evidence of having prepared and started at least 10 IV's. Proof of completion of a board approved phlebotomy course may be applied toward a portion of these hours;

D. 24 hours in oxidative medicine as defined in Paragraph (39) of Subsection B of 16.2.1.7 NMAC, including; ozone therapy, ultraviolet blood irradiation (photoluminescence), hyperbaric oxygen therapy and the use of oxygen therapeutically. At least half of these required hours shall be in clinical practice;

E. 24 hours in nutritional IV's; vitamin C, meyers cocktails, vitamins, minerals, and amino acids;

F. 24 hours in detoxification, utilizing glutathione, phosphatidylcholine and calcium EDTA including practice standards that meet the requirement guidelines from the College of Physician and Surgeons of Alberta, on file in the board office;

G. 16 hours in blood chemistry analysis: including instruction of normal value ranges, critical values, clinical implications of abnormal values, and whether these values warrant reconsideration of proceeding with any intravenous therapy;

H. five hours in urine analysis: including evaluation of unprovoked and provoked nutrient and toxic element testing;

I. one hour in pharmaceutical law as provided by the New Mexico board of pharmacy; and

J. one hour in oriental medicine scope of practice relative to the authorized substances and techniques.

[16.2.18.21 NMAC - N, 6/16/2015]

16.2.18.22 INTRAVENOUS THERAPY EDUCATIONAL COURSE CURRICULUM:

The intravenous therapy educational course curriculum shall provide the doctor of oriental medicine, who successfully completes the course, with the knowledge and skills defined in Section 10 of 16.2.18 NMAC and the following specific knowledge and skills.

A. Pharmaceutical law: knowledge of compatibility and sterile compounding procedures of authorized substances in the intravenous therapy formulary in compliance with the compounding requirements of the USP-797.

B. Diagnostic phlebotomy knowledge of:

(1) and skill in drawing blood for diagnostic purposes using appropriate aseptic procedure;

(2) needles, lancets, winged sets, syringes, vacutainer tubes, and other equipment used to draw blood for diagnostic purposes; and

(3) the various blood tests most relevant to the protocols being taught.

C. Intravenous therapy knowledge of:

(1) and skill in the use of the equipment used for intravenous infusions;

(2) equipment used for an intravenous push;

(3) equipment used for injecting a bolus into an infusion;

(4) local anatomy of common infusion sites and skill in selecting an appropriate infusion site;

(5) authorized substances that are appropriate or not appropriate for intravenous infusion or injection from the intravenous therapy formulary;

(6) concept and importance of osmolarity, pH and skill in determining pH and calculating a given solution's osmolarity using an osmolarity chart simple algebraic equation or computer software;

(7) prerequisite lab tests that should be evaluated prior to initiating intravenous therapy of any kind;

(8) and skill in preparing and administering an intravenous push, intravenous infusion and injecting a bolus into an IV infusion; and

(9) possible complications that could occur during an intravenous infusion or push and how to identify, treat and manage these complications.

D. Oxidative medicine, photo-oxidation and the use of oxygen therapeutically knowledge of:

- (1)** biochemistry of oxidative medicine including the biological electron transfer sequence (BETS) oxidation and reduction (redox) reactions;
- (2)** and skill in the relevant clinical application and use of the authorized substances in the intravenous therapy formulary;
- (3)** history, physics, equipment and therapeutic use of ultraviolet blood irradiation (photoluminescence);
- (4)** history, physics, physiology and therapeutic use, contraindications and safety considerations of hyperbaric oxygen chamber therapy; and
- (5)** blood borne pathogen training.

E. Detoxification and chelation therapy knowledge of:

- (1)** diagnostic tools available for determining and tracking the therapeutic elimination of body burden of toxic elements including hair analysis, blood analysis and urinalysis with provocation agents;
- (2)** how to determine that the kidneys, colon and liver are functioning appropriately prior to commencement of detoxification or chelation diagnostic and therapeutic procedures;
- (3)** critical importance of, and methods for, optimizing kidney and bowel function, and phase 1/phase 2 liver detox pathways, prior to and during detoxification or chelation therapy, how to recognize when these systems are overburdened and what to do if they are overburdened;
- (4)** biochemistry, clinical use, and safety concerns relevant to all modes of administration of the authorized substances used in detoxification or chelation therapy; and
- (5)** how to explain to the patient the purpose of the therapy, the expected outcome, alternatives and possible complications of the therapy that could occur.

[16.2.18.22 NMAC- N, 6/16/2015]

16.2.18.23 INTRAVENOUS THERAPY EXPANDED PRACTICE CERTIFICATION:

The board shall only issue certification to applicants after successful completion of the Intravenous Therapy Expanded Practice Course, and successful completion and documentation of a practicum to include 150 hours under the supervision of a board

approved physician and three hundred (300) individual patients to be completed within two years of completion of the coursework.

[16.2.18.23 NMAC - N, 6/16/2015]

16.2.18.24 BIOIDENTICAL HORMONE THERAPY EDUCATIONAL COURSE APPROVAL:

The board shall have final authority for approval of a bioidentical hormone educational program upon completion of the following requirements. The educational course shall submit to the board:

- A.** a completed application;
- B.** payment of the application fee for expanded practice educational course approval specified in 16.2.10 NMAC;
- C.** documentation that it will comply with all educational course approval general requirements defined in 16.2.18.8 NMAC;
- D.** documentation demonstrating that it will provide the educational course general curriculum defined in 16.2.18.11 NMAC;
- E.** documentation demonstrating that it will provide the bioidentical hormone therapy educational course hours defined in 16.2.18.25 NMAC;
- F.** documentation demonstrating that it will provide the bioidentical hormone therapy educational course curriculum defined in 16.2.18.26 NMAC; and
- G.** documentation demonstrating that proposed test instruments have been reviewed and approved by a credentialed PhD psychometrician, as described in the ICE credentialing standards. A passing grade of seventy seven percent is required for certification to demonstrate learned knowledge.

[16.2.18.24 NMAC - Rp, 16.2.18.19 NMAC, 6/16/2015; A, 10/22/2024]

16.2.18.25 BIOIDENTICAL HORMONE THERAPY EDUCATIONAL COURSE HOURS:

The bioidentical hormone educational course shall consist of a minimum total of 80 hours of education, with at least 24 hours of practical experience defined in Subsections B, C, D, E and F of 16.2.18.25 NMAC in the areas listed below:

- A.** eight hours in the pharmacology of bioidentical hormones;

B. 18 hours in an overview of the endocrine system, including the anatomy and interactive physiology of the hypothalamic-pituitary-adrenal-thyroid (HPAT) and gonadal axis, the stress response and normal adrenal and thyroid function; also to include normal male and female sex hormone physiology; at least half of these hours shall be in practice or review of case studies;

C. 20 hours in theory and practice of endocrinology including evaluation and treatment of the patient with hormonal dysfunction and imbalances including but not limited to; adrenal fatigue, auto-immune endocrine disorders, hypothyroid, hyperthyroid, men's hormone imbalances and women's hormonal imbalances pre, peri and post menopause and consideration and assessment for treatment with bio-identical hormone replacement therapy, BHRT; at least half of these hours will be in practice or review of case studies;

D. 14 hours in blood chemistry analysis including but not limited to; CBC, CMP, LFT, lipids, ferritin, homocysteine, vitamin D, iodine, hs CRP, fibrinogen, ANA, ESR, HgBAIC, insulin antibodies;

E. two hours in urine analysis;

F. 16 hours in the assessment and treatment of hormone and neurotransmitter imbalances through blood, urine and saliva hormone testing and evaluation; appropriate treatment options for the biomedical differential diagnoses including, but not limited to; adrenal fatigue, thyroid imbalances, andropause, menopausal syndrome, and other male and female hormone imbalances; at least half of these hours shall be in practice or case study review;

G. one hour in pharmaceutical law as provided by the New Mexico board of pharmacy; and

H. one hour in oriental medicine scope of practice relative to the prescription or administration of the authorized substances.

[16.2.18.25 NMAC - Rp, 16.2.18.20 NMAC, 6/16/2015; A, 10/22/2024]

16.2.18.26 BIOIDENTICAL HORMONE THERAPY EDUCATIONAL COURSE CURRICULUM:

The bioidentical hormone therapy educational course curriculum shall provide the doctor of oriental medicine, who successfully completes the course, with the educational course general curriculum knowledge and skills defined in Section 11 of 16.2.18 NMAC and the following specific knowledge and skills:

A. bioidentical hormone therapy;

(1) anatomy, physiology, endocrinology, pathology, biochemistry, pharmacology, diagnostic and referral options including imaging, and clinical strategies with a focus on hormone pathways, neurotransmitter imbalances, precursors and intermediaries relevant to bioidentical hormone therapy;

(2) how to perform a diagnosis of the various aspects of the endocrine and neurotransmitter system using blood, urine, and saliva testing;

(3) the application, clinical use, dosage, dosage adjustment or discontinuation consequences and safety concerns relevant to all modes of administration of the authorized substances; and

(4) how to explain to the patient the purpose, expected outcome, risks and possible complications of bioidentical hormone therapy as well as the advantages of bioidentical hormone therapy, relative to non-bioidentical hormone therapy;

B. non-hormone therapy:

(1) how to optimize hormone balance using authorized substances that are not hormones or are hormone precursors, and the benefits and limits of such therapy; and

(2) how to explain to the patient the purpose, expected outcome, risks and possible complications of non-hormone therapy as well as the advantages of non-hormone therapy relative to bioidentical hormone therapy.

[16.2.18.26 NMAC - Rp, 16.2.18.21 NMAC, 6/16/2015]

PART 19: EXPANDED PRACTICE CERTIFICATIONS

16.2.19.1 ISSUING AGENCY:

New Mexico Board of Acupuncture and Oriental Medicine.

[16.2.19.1 NMAC - Rp, 16.2.19.1 NMAC, 6/16/2015]

16.2.19.2 SCOPE:

All doctors of oriental medicine who are certified for expanded practice or who are applicants for certification for expanded practice, as well as all educational programs and students enrolled in an educational program.

[16.2.19.2 NMAC - Rp, 16.2.19.2 NMAC, 6/16/2015]

16.2.19.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Acupuncture and Oriental Medicine Practice Act, Section 61-14A-8.1.

[16.2.19.3 NMAC - Rp, 16.2.19.3 NMAC, 6/16/2015]

16.2.19.4 DURATION:

Permanent.

[16.2.19.4 NMAC - Rp, 16.2.19.4 NMAC, 6/16/2015]

16.2.19.5 EFFECTIVE DATE:

June 16, 2015, unless a later date is cited at the end of a section.

[16.2.19.5 NMAC - Rp, 16.2.19.5 NMAC, 6/16/2015]

16.2.19.6 OBJECTIVE:

This part lists the certification requirements for each of the following expanded practice categories: basic injection therapy, injection therapy, intravenous therapy and bioidentical hormone therapy.

[16.2.19.6 NMAC - Rp, 16.2.19.6 NMAC, 6/16/2015]

16.2.19.7 DEFINITIONS:

A. The definitions in this section are in addition to those in the act and Section 7 of 16.2.1 NMAC.

B. The following definition applies to the rules and the act: "educational course" is a comprehensive foundation of studies, approved by the board leading to demonstration of entry level competence in the specified knowledge and skills required for the four respective certifications in expanded practice; an educational course is not an educational program as this term is used in the act and the rules and as defined in 16.2.1 NMAC.

C. The following definitions are from 16.19.36 NMAC for clarification of regulations for doctors of oriental medicine, certified in expanded practice;

(1) "Air changes per hour" (ACPH) means the number of times a volume of air equivalent to the room passes through the room each hour.

(2) "Ante-area" means an ISO Class 8 or better area where personnel hand hygiene and garbing procedures, staging of components, order entry, CSP labeling, and other high-particulate generating activities are performed. It is also a transition area that:

(a) provides assurance that pressure relationships are constantly maintained so that air flows from clean to dirty areas; and

(b) reduces the need for the heating, ventilating, and air-conditioning (HVAC) control system to respond to large disturbances.

(3) **"Aseptic Technique"** means proper manipulation of preparations to maintain sterility

(4) **"ASHP"** American Society of Health-Systems Pharmacists.

(5) **"Beyond-use date" (BUD)** means the date, or as appropriate, date and time, after which a compounded preparation is not to be used and is determined from the date and time the preparation is compounded.

(6) **"Biological safety cabinet" (BSC)** means a ventilated cabinet that provides ISO Class 5 environment for CSP's, provides personnel, preparation, and environmental protection having an open front with inward airflow for personnel protection, downward high-efficiency particulate air (HEPA)-filtered laminar airflow for preparation protection, and HEPA-filtered exhausted air for environmental protection.

(7) **"Buffer area"** means an area where the primary engineering control (PEC) is physically located. Activities that occur in this area include the staging of components and supplies used when compounding CSP's.

(8) **"Certification"** means independent third party documentation declaring that the specific requirements have been met.

(9) **"Cleanroom"** means a room in which the concentration of airborne particles is controlled to meet a specified airborne particulate cleanliness class. Microorganisms in the environment are monitored so that a microbial level for air, surface, and personnel gear are not exceeded for a specified cleanliness class.

(10) **"Closed system vial-transfer device"** means a vial-transfer system that allows no venting or exposure of substances to the environment.

(11) **"Compounded sterile preparations" (CSP's)** include, but are not limited, to the following dosage forms which must be sterile when administered to patients:

(a) parenteral preparations;

(b) aqueous bronchial and nasal inhalations;

(c) injections (e.g. colloidal dispersions, emulsions, solutions, suspensions);

(d) irrigations for wounds and body cavities;

(e) ophthalmic drops and ointments; and

(12) **"Compounding aseptic isolator"** (CAI) means an enclosed ISO Class 5 environments for compounding pharmaceutical ingredients or preparations. It is designed to maintain an aseptic compounding environment within the isolator throughout the compounding and material transfer processes. Air exchange into the isolator from the surrounding environment should not occur unless the air has first passed through a microbial retentive filter (HEPA minimum).

(13) **"Critical area"** means an ISO Class 5 environment.

(14) **"Critical site"** means a location that includes any component or fluid pathway surfaces (e.g., vial septa, injection ports, beakers) or openings (e.g., opened ampules, needle hubs) exposed and at risk of direct contact with air (e.g., ambient room or HEPA filtered), moisture (e.g., oral and mucosal secretions), or touch contamination. Risk of microbial particulate contamination of the critical site increases with the size of the openings and exposure time.

(15) **"Direct compounding area" (DCA)** means a critical area within the ISO Class 5 primary engineering control (PEC) where critical sites are exposed to unidirectional HEPA-filtered air, also known as first air.

(16) **"Disinfectant"** means an agent that frees from infection and destroys disease-causing pathogens or other harmful microorganisms, but may not kill bacterial and fungal spores. It refers to substances applied to inanimate agents, usually a chemical agent, but sometimes a physical one.

(17) **"Home care"** means health care provided in the patient's home (not a hospital or skilled nursing facility) by either licensed health professionals or trained caregivers. May include hospice care.

(18) **"Immediate use"** means administration begins not later than one hour following the start of the compounding procedure. Use of Immediate use products is reserved to those events in which delay in preparation would subject the patient to additional risk due to delay in therapy and meeting USP/NF 797 (Immediate-Use CSP Provision) criteria.

(19) **"ISO 5"** means air containing no more than 100 particles per cubic foot of air of a size at least 0.5 micron or larger in diameter (3520 particles per cubic meter).

(20) **"ISO 7"** means air containing no more than 10,000 particles per cubic foot of air of a size at least 0.5 micron or larger in diameter (352,000 particles per cubic meter).

(21) **"ISO 8"** means air containing no more than 100,000 particles per cubic foot of air of a size at least 0.5 micron or larger in diameter (3,520,000 particles per cubic meter).

(22) **"Laminar airflow"** means a non-turbulent, non-mixing streamline flow of air in parallel layers.

(23) **"Laminar airflow workbench" (LAFW)** means a ventilated cabinet for compounding of sterile preparations. Provides preparation protection with high-efficiency particulate air (HEPA) filtered laminar airflow, ISO Class 5. Airflow may be horizontal (back to front) or vertical (top to bottom) in direction.

(24) **"Media-fill test"** means a test used to qualify aseptic technique of compounding personnel or processes and to ensure that the processes used are able to produce sterile preparation without microbial contamination. During this test, a microbiological growth medium such as soybean-casein digest medium is substituted for the actual drug product to simulate admixture compounding. The issues to consider in the development of a media-fill test are media-fill procedures, media selection, fill volume, incubation, time, and temperature, inspection of filled units, documentation, interpretation of results, and possible corrective actions required.

(25) **"Multiple-dose container"** means a multiple-unit container for articles or preparations intended for parenteral administration only and usually containing antimicrobial preservatives. Once opened or entered, a multiple dose container with antimicrobial preservative has a BUD of 28 days unless otherwise specified by the manufacturer.

(26) **"Negative pressure room"** means a room that is at a lower pressure than the adjacent spaces and therefore, the net flow of air is into the room.

(27) **"Parenteral product"** means any preparation administered by injection through one or more layers of skin tissue.

(28) **"Personal protective equipment" (PPE)** means items such as gloves, gowns, respirators, goggles, face shields, and others that protect individual workers from hazardous physical or chemical exposures.

(29) **"Plan of care"** means an individualized care plan for each patient receiving parenteral products in a home setting to include the following:

(a) description of actual or potential drug therapy problems and their proposed solutions;

(b) a description of desired outcomes of drug therapy provided;

(c) a proposal for patient education and counseling; and

(d) a plan specifying proactive objective and subjective monitoring (e.g. vital signs, laboratory test, physical findings, patient response, toxicity, adverse reactions, and noncompliance) and the frequency with which monitoring is to occur.

(30) **"Positive pressure room"** means a room that is at a higher pressure than the adjacent spaces and, therefore, the net airflow is out of the room.

(31) **"Preparation"** means a CSP that is a sterile drug or nutrient compounded in a licensed pharmacy or other healthcare-related facility pursuant to the order of a licensed prescriber; the article may or may not contain sterile products.

(32) **"Product"** means a commercially manufactured drug or nutrient that has been evaluated for safety and efficacy by the FDA. Products are accompanied by full prescribing information, which is commonly known as the FDA-approved manufacturer's labeling or product package insert.

(33) **"Quality assurance"** means a program for the systematic monitoring and evaluation of the various aspects of a service or facility to ensure that standards of quality are being met.

(34) **"Quality control"** means a system for verifying and maintaining a desired level of quality in a preparations or process, as by planning, continued inspection, and corrective action as required.

(35) **"Single-dose container"** means a single-dose, or a single-unit, container for articles or preparations intended for parenteral administration only. It is intended for a single use. Examples of single-dose containers include prefilled syringes, cartridges, fusion-sealed containers, and closure-sealed containers when so labeled.

(36) **"Secondary engineering control"** means the ante area and buffer area or cleanroom in which primary engineering controls are placed.

(37) **"Segregated compounding area"** means a designated space, either a demarcated area or room, that is restricted to preparing low-risk level CSP's with 12-hour or less BUD. Such area shall contain a device that provides unidirectional airflow of ISO Class 5 air quality for preparation of CSP's and shall be void of activities and materials that are extraneous to sterile compounding.

(38) **"Standard operating procedure" (SOP)** means a written protocol detailing the required standards for performance of tasks and operations within a facility.

(39) **"Sterile"** means free from bacteria or other living microorganisms.

(40) **"Sterilization by filtration"** means passage of a fluid or solution through a sterilizing grade membrane to produce a sterile effluent.

(41) "Sterilizing grade membranes" means membranes that are documented to retain 100 percent of a culture of 10⁷ microorganisms of a strain of *Brevundimonas* (*Pseudomonas*) *diminuta* per square centimeter of membrane surface under a pressure of not less than 30 psi. Such filter membranes are nominally at 0.22 µm or 0.2 µm porosity, depending on the manufacturer's practice.

(42) "Unidirectional flow" means airflow moving in a single direction in a robust and uniform manner and at sufficient speed to reproducibly sweep particles away from the critical processing or testing area.

(43) "USP 797" United States Pharmacopeia Chapter 797 Pharmaceutical Compounding.

(44) "Sterile Preparations" - This general Chapter provides procedures and requirements for compounding sterile preparations. General Chapter 797 describes conditions and practices to prevent harm to patients that could result from microbial contamination, excessive bacterial endotoxins, variability in intended strength, unintended chemical and physical contaminants, and ingredients of inappropriate quality in compounded sterile preparations.

(45) "USP/NF standards" means United States pharmacopeia/national formulary.

[16.2.19.7 NMAC - Rp, 16.2.19.7 NMAC, 6/16/2015]

16.2.19.8 EXPANDED PRACTICE CERTIFICATION GENERAL PROVISIONS:

The four categories of expanded practice certification authorized by 61-14A-8.1. NMSA 1978 and defined in 16.2.19 NMAC that include, basic injection therapy, injection therapy, intravenous therapy and bioidentical hormone therapy shall all include the following provisions:

A. a doctor of oriental medicine enrolled in an educational course shall be authorized to perform the techniques and shall have the prescriptive authority, for the duration of the course, to administer and compound the substances that are authorized in the expanded practice formulary for which he is studying under the supervision of the board approved teacher for that educational course; under other circumstances the student shall not be authorized to obtain, prescribe or dispense such substances;

B. upon receipt of a current copy of CPR/BLS card the board shall annually renew the expanded practice certifications of a doctor of oriental medicine in good standing if the licensee has completed all continuing education required by 16.2.9 NMAC;

C. all expanded practice and prescriptive authority certifications shall automatically terminate when licensure as a doctor of oriental medicine:

- (1) is placed on inactive status as specified in 16.2.15 NMAC;
- (2) expires as specified in 16.2.8 NMAC; or
- (3) is suspended, revoked or terminated for any reason as defined in 16.2.12 NMAC;

D. proof of completion of an ASHP course relative to USP 797 is required for the first time renewal of basic injection therapy;

E. an expanded practice certification that is revoked or terminated shall not be reinstated; the doctor of oriental medicine must reapply for expanded practice certification as a new applicant;

F. all expanded practice certifications that were automatically terminated due to inactive status, expiration or suspension as specified in Subsection E of 16.2.19.8 NMAC, shall be automatically reinstated when licensure as a doctor of oriental medicine is reinstated, provided that:

- (1) all fees required by 16.2.10 NMAC have been paid;
- (2) all continuing education requirements specified in 16.2.9 NMAC have been completed; and
- (3) all other relevant, reinstatement provisions, required by board rule, have been completed;

G. each year the board may review the expanded practice formularies for necessary amendments; when new substances are added to a formulary, appropriate education in the use of the new substances shall be approved and required by the board and the board of pharmacy for doctors of oriental medicine applying for new certification or as continuing education for renewal of the applicable expanded practice certification or certifications;

H. a doctor of oriental medicine certified for a category of expanded practice under 16.2.19 NMAC that authorizes the use of testosterone, a controlled substance, and any other drug that is classified as a controlled substance, shall register with the federal DEA (drug enforcement agency) prior to obtaining, prescribing, administering, compounding or dispensing the controlled substance;

I. a doctor of oriental medicine certified for expanded practice, when prescribing, shall use prescription pads printed with their name, address, telephone number, license number and their specific expanded practice certifications; if a doctor of oriental medicine is using a prescription pad printed with the names of more than one doctor of oriental medicine, the above information for each doctor of oriental medicine shall be on the pad and the pad shall have a separate signature line for each doctor of oriental

medicine; each specific prescription shall indicate the name of the doctor of oriental medicine for that prescription and shall be signed by the prescribing doctor of oriental medicine;

J. a doctor of oriental medicine certified for expanded practice shall always, when diagnosing and treating a patient, use the skill and care ordinarily used by reasonably well-qualified doctors of oriental medicine similarly certified and practicing under similar circumstances, giving due consideration to the locality involved; failure to comply with this fundamental requirement may result in denial, suspension or revocation of licensure or certification, or other disciplinary measures, pursuant to the provisions of the act, Section 61-14A-17 NMSA 1978, and the Uniform Licensing Act, Section 61-1-1 NMSA 1978, et seq.;

K. when a doctor of oriental medicine is certified for injection therapy, this certification automatically supersedes his certification for basic injection therapy; and

L. the provisions for certification transition from extended prescriptive authority (Rx1) and expanded prescriptive authority (Rx2) to the expanded practice categories specified in 16.2.19 NMAC.

[16.2.19.8 NMAC - Rp, 16.2.19.8 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.9 EXPANDED PRACTICE CERTIFICATION BOARD REQUIREMENTS:

A. The board shall have final authority for certification of all applicants.

B. The board shall notify the applicant in writing by mail postmarked no more than 30 days after the receipt of the initial application as to whether the application is complete or incomplete and missing specified application documentation.

C. The board shall notify the applicant in writing by mail postmarked no more than 30 days after the notice of receipt of the complete application sent out by the board, whether the application is approved or denied.

D. If the application is denied, the notice of denial shall state the reason the application was denied.

E. The board shall maintain a list of each doctor of oriental medicine who is certified for each expanded practice category and shall notify the New Mexico board of pharmacy of all such certified licensees.

F. The board shall have the authority to deny, suspend, revoke or otherwise discipline an expanded practice certification, in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in the act and clarified in 16.2.12 NMAC.

[16.2.19.9 NMAC - Rp, 16.2.19.9 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.10 EXPANDED PRACTICE SCOPE OF PRACTICE:

(from 16.2.2.10 NMAC):

A. In addition to the scope of practice outlined in section 16.2.2 NMAC for a doctor of oriental medicine in New Mexico, the scope of practice for those certified in expanded practice shall include certification in any or all of the following modules: (61-14A-8.1B, NMSA 1978) basic injection therapy, injection therapy, intravenous therapy and bio-identical hormone therapy as specified in 16.2.19 NMAC.

B. The scope of practice for those doctors of oriental medicine certified in expanded practice shall also include the expanded practice and prescriptive authority defined in 61-14A-8.1C, NMSA 1978.

[16.2.19.10 NMAC - Rp, 16.2.19.10 NMAC, 6/16/2015]

16.2.19.11 BASIC INJECTION THERAPY CERTIFICATION:

The board shall issue, to a doctor of oriental medicine, certification for basic injection therapy upon completion of the course prerequisites including 30 hours of Pharmacology as specified in 16.2.18.9 and the following requirements.

A. The doctor of oriental medicine shall be a doctor of oriental medicine in good standing.

B. The doctor of oriental medicine shall submit to the board the completed application.

C. The doctor of oriental medicine shall pay the application fee for expanded practice certification specified in 16.2.10 NMAC.

D. The doctor of oriental medicine shall submit, with the application, proof of successful completion of the basic injection therapy educational course specified in 16.2.18 NMAC.

[16.2.19.11 NMAC - Rp, 16.2.19.11 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.12 INJECTION THERAPY CERTIFICATION:

The board shall issue to a doctor of oriental medicine, certification for injection therapy, upon completion of the following requirements.

A. The doctor of oriental medicine shall be a doctor of oriental medicine in good standing.

B. The doctor of oriental medicine shall submit to the board the completed application.

C. The doctor of oriental medicine shall pay the application fee for expanded practice certification specified in 16.2.10 NMAC.

D. The doctor of oriental medicine shall submit, with the application, proof of:

(1) current certification by the board for basic injection therapy; or

(2) any course combining basic injection therapy and injection therapy, as they are specified in the board's rules, or otherwise in accordance with law, must be completed within two years of the start of the course.

E. The doctor of oriental medicine shall submit, with the application, proof of successful completion of the injection therapy educational course approved by the board.

[16.2.19.12 NMAC - Rp, 16.2.19.12 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.13 INTRAVENOUS THERAPY CERTIFICATION:

The board shall issue to a doctor of oriental medicine, certification for intravenous therapy, upon completion of the course prerequisites including board certification in basic injection therapy, and three hours of college level biochemistry, and the following requirements.

A. The doctor of oriental medicine shall be a doctor of oriental medicine in good standing.

B. The doctor of oriental medicine shall submit to the board the completed application.

C. The doctor of oriental medicine shall pay the application fee for expanded practice certification specified in 16.2.10 NMAC.

D. The doctor of oriental medicine shall submit, with the application, proof of successful completion of an intravenous therapy educational course approved by the board.

[16.2.19.13 NMAC – Rp, 16.2.19.13 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.14 INTRAVENOUS THERAPY EXPANDED PRACTICE CERTIFICATION:

The board shall only issue certification to applicants after successful completion of the Intravenous Therapy Expanded Practice Course, and successful completion and

documentation of a practicum to include 300 hours under the supervision of a board approved physician and 150 individual patients to be completed within two years of completion of the coursework.

[16.2.19.14 NMAC - N, 6/16/2015]

16.2.19.15 BIOIDENTICAL HORMONE THERAPY CERTIFICATION:

The board shall issue to a doctor of oriental medicine, certification for bioidentical hormone therapy, upon completion of the following requirements:

- A.** the doctor of oriental medicine shall be a doctor of oriental medicine in good standing;
- B.** the doctor of oriental medicine shall submit to the board the completed application;
- C.** the doctor of oriental medicine shall pay the application fee for expanded practice certification specified in 16.2.10 NMAC; and
- D.** the doctor of oriental medicine shall submit, with the application, proof of successful completion of the bioidentical hormone therapy educational course approved by the board.

[16.2.19.15 NMAC - Rp, 16.2.19.14 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.16 EXPANDED PRACTICE CERTIFICATION RENEWAL:

If a doctor of oriental medicine certified for expanded prescriptive authority does not complete all expanded prescriptive authority continuing education requirements specified in Section 9 of 16.2.9 NMAC before the end of the 60-day grace period, the expanded prescriptive authority certification is expired and that licensee shall not be certified for expanded prescriptive authority until the continuing education is completed. Provided that all other renewal requirements have been received by the board, such a licensee shall continue to be licensed as a doctor of oriental medicine and is authorized for that scope of practice but shall not be authorized for the relevant expanded prescriptive authority scope of practice. For an expired expanded prescriptive authority certification, if a properly completed application for certification renewal, including proof of completion of the required expanded prescriptive authority continuing education, is received at the board office within one year of the last regular renewal date, the expanded prescriptive authority certification shall be renewed if all the requirements of late certification renewal during the 60-day grace period provided by 61-14A-15, NMSA 1978 are completed, in addition to the requirements of Section 11 of 16.2.8 NMAC, and the licensee also pays the fee for expired certification renewal specified in 16.2.10 NMAC. The licensee must notify the board of the correct current mailing address and of any address changes within ten days of the change. A doctor of oriental medicine who

fails to renew an expired license by the next July 31 annual license renewal date or who fails to complete any required continuing education specific to his prescriptive authority certification shall be required to reapply as a new applicant for expanded practice, certification the expired license number of any doctor of oriental medicine certified in expanded practice who fails to renew in a timely manner in accordance with board rules. The Board will promptly report to the board of Pharmacy when the expired license is renewed or reinstated.

[16.2.19.16 NMAC - Rp, 16.2.19.15 NMAC, 6/16/2015]

16.2.19.17 TRANSITION PROVISIONS:

A. A doctor of oriental medicine, previously certified for extended prescriptive authority including prolotherapy, (Rx1) as of the effective date of this section, shall be automatically certified for basic injection therapy and prolotherapy using previously taught and appropriate injection routes and only substances listed in Paragraph (1) of Subsection F of 16.2.20.8 NMAC under the provisions of 16.2.19.11 NMAC.

B. A doctor of oriental medicine, previously certified for the expanded prescriptive authority (Rx2) as of the effective date of this section, shall be automatically certified for:

- (1) injection therapy under the provisions of 16.2.19.12 NMAC basic injection therapy certification is automatically superseded by injection therapy certification;
- (2) intravenous therapy under the provisions of 16.2.19.13 NMAC; and
- (3) bioidentical hormone therapy under the provisions of 16.2.19.15 NMAC.

[16.2.19.17 NMAC - Rp, 16.2.19.16 NMAC, 6/16/2015; A, 10/22/2024]

16.2.19.18 LICENSE DESIGNATION:

The designation for expanded practice shall follow the license number on the license and shall reflect the respective modules of certification: Rx basic injection, Rx injection, Rx intravenous, Rx hormones.

[16.2.19.18 NMAC - Rp, 16.2.19.17 NMAC, 6/16/2015]

16.2.19.19 ULTRASOUND CREDENTIALING:

A licensed doctor of oriental medicine may utilize musculoskeletal diagnostic ultrasound and ultrasound guidance of procedures with the RMSK credential from the alliance for physician certification & advancement or APCA, or the registered musculoskeletal sonographer credential from ARDMS, the American registry of diagnostic medical sonography. A licensed doctor of oriental medicine (DOM) who wishes to practice diagnostic musculoskeletal ultrasound and ultrasound guidance of procedures shall

register with the board of acupuncture and oriental medicine (BAOM) to be provisionally credentialed to practice diagnostic musculoskeletal ultrasound and ultrasound guided procedures upon completion of a minimum of 30 hours in BAOM approved courses. Within 36 months of provisional credentialing, the doctor of oriental medicine shall submit to the BAOM proof of scheduling for RMSK testing with APCA or registered musculoskeletal sonographer testing with ARDMS. If the provisional credentialing period is continued to 36 months without ARDMS RMSK or APCA RMSK credentialing, the provisionally credentialed DOM shall submit proof of 30 hours of continuing education in courses approved by the BAOM. Provisional credentialing shall lapse within 48 months of initial provisional credentialing. Ultrasound credentialing does not require certification in expanded practice.

[16.2.19.19 NMAC - Rp, 16.2.19.18 NMAC, 6/16/2015; A, 10/22/2024]

16.2.20.7 DEFINITIONS

[RESERVED]

16.2.20.8 EXPANDED PRACTICE FORMULARIES GENERAL PROVISIONS:

The following general provisions shall apply to the expanded practice general formulary and each specific formulary for each specific expanded practice category that follows in this rule:

A. drugs, dangerous drugs and controlled substances are defined in the New Mexico Drug, Device and Cosmetic Act and the New Mexico Controlled Substances Act;

B. all substances from threatened or endangered species, as determined by the convention on the international trade in endangered species of wild fauna and flora and the U.S. fish and wildlife service (<http://endangered.fws.gov/>), shall be automatically eliminated from expanded practice formularies;

C. definitions from the New Mexico Drug, Device and Cosmetic Act and the New Mexico Controlled Substances Act apply to the appropriate terms in the expanded practice formularies;

D. a doctor of oriental medicine shall comply with all federal and state laws that pertain to obtaining, possessing, prescribing, compounding, administering and dispensing any drug;

E. a substance shall only be approved for use if procured in compliance with all federal and state laws; the various expanded practice formularies do not supersede such laws; and

F. the following drugs, dangerous drugs and controlled substances are authorized in the modes of administration that are specified except as limited or restricted by federal or state law:

(1) **basic injection certification and prescriptive authority:** shall include topical vapocoolants the intradermal intramuscular, and subcutaneous injection of: homeopathic medicines; dextrose; enzymes except urokinase; hyaluronic acid; minerals; sarapin; sodium chloride; sterile water; and vitamins;

(2) **injection certification and prescriptive authority:**

(a) all substances from basic injection module; and

(b) all non-epidural, non intrathecal injection of: alcohol, amino acids, autologous blood and blood products and appropriate anticoagulant, live cell products, ozone, bee venom, beta glucans, caffeine collagenase, dextrose, dimethyl sulfoxide, gammaglobulin, glucose, glucosamine, glycerin, hyaluronidase, methylsulfonylmethane, phenol, phosphatidylcholine, procaine, sodium hyaluronate, sodium morrhuate, therapeutic serum;

(3) **intravenous certification and prescriptive authority:** amino acids, calcium ethylenediaminetetraacetic acid, dextrose, glutathione, homeopathic medicines, lactated ringers, minerals, phosphatidylcholine, sodium bicarbonate sodium chloride, sodium morrhuate, sterile water, water soluble vitamins, autologous blood and blood products with appropriate anticoagulant, live cell products, ozone, and ultraviolet radiation of blood with appropriate anticoagulant except that authority is not provided for total parenteral nutrition;

(4) **non-injectable bioidentical hormone certification and prescriptive authority:** 7-keto dehydroepiandrosterone (7 keto DHEA), cortisone, dehydroepiandrosterone (DHEA), dihydrotestosterone, estradiol (E2), estriol (E3), estrone (E1), hydrocortisone, pregnenolone, progesterone, testosterone, tetraiodothyronine (T4), levothyroxine, thyroxine (T4), & triiodothyronine (T3) combination, triiodothyronine, liothyronine (T3), desiccated thyroid;

G. applicable to any of the four certifications above: subcutaneous or intramuscular injection of epinephrine, inhaled oxygen, and additives necessary to stabilize, preserve or balance pH of approved substances.

[16.2.20.8 NMAC - Rp/E, 16.2.20.8 NMAC, 06/15/2010; Re-pr & A, 11/28/10; A, 02/08/13]

CHAPTER 3: ATHLETIC TRAINERS

PART 1: GENERAL PROVISIONS

16.3.1.1 ISSUING AGENCY:

NM Regulation and Licensing Department New Mexico Athletic Trainers Practice Board,
Post Office Box 25101, Santa Fe, New Mexico 87504.

[1-16-00; 16.3.1.1 NMAC - Rn, 16 NMAC 3.1.1, 8-16-01]

16.3.1.2 SCOPE:

All individuals who wish to practice the profession of athletic training in the State of New Mexico and individuals offering services in association or associated with athletic training.

[1-16-00; 16.3.1.2 NMAC – Rn, 16 NMAC 3.1.2, 8-16-01]

16.3.1.3 STATUTORY AUTHORITY:

These Rules are promulgated pursuant to the Athletic Trainers practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[1-16-00; 16.3.1.3 NMAC – Rn, 16 NMAC 3.1.3, 8-16-01]

16.3.1.4 DURATION:

Permanent.

[1-16-00; 16.3.1.4 NMAC – Rn, 16 NMAC 3.1.4, 8-16-01]

16.3.1.5 EFFECTIVE DATE:

January 16, 2000, unless a later date is cited at the end of a section.

[1/16/2000; 16.3.1.5 NMAC - Rn, 16 NMAC 3.1.5, 8/16/2001; A, 12/24/2021]

16.3.1.6 OBJECTIVE:

The objective of Part 1 Chapter 3 is to define terms relevant to athletic training and define the boards responsibilities to the board operations.

[1-16-00; 16.3.1.6 NMAC – Rn, 16 NMAC 3.1.6, 8-16-01]

16.3.1.7 DEFINITIONS:

As used in these regulations:

A. "act" means the Athletic Trainers Practice Act, Sections 61-14D-1 through 61-14D-20, NMSA 1978;

B. "licensed physician" means a licensed physician who assumes responsibility for providing medical consultative support to the athletic trainer's practice, whether on a regular or temporary basis; the term may include a school or team physician provided a written acknowledgement by the physician is made part of the school or team records;

C. "licensing year" means the period from September 1 of any year through August 31 of the following year;

D. "NATA" means the national athletic trainers association;

E. "BOC" means the board of certification for the athletic trainer;

F. "current CPR certification" means completion within the preceding twelve months of a course in cardio pulmonary resuscitation approved by the American red cross or American heart association; the code of ethics adopted shall be the current code of ethics of the national athletic trainers association or its successor organization;

G. "athlete's surgeon" means the physician or surgeon who is rendering services for the athlete and who prescribes therapeutic treatment and care for the athlete's post-surgical condition;

H. "Disqualifying criminal conviction" has the same meaning as defined in Subsection E of Section 61-1-36 NMSA 1978.

[1/16/2000; 16.3.1.7 NMAC - Rn & A, 16 NMAC 3.1.7, 8/16/2001; A, 12/24/2021]

16.3.1.8 BOARD OPERATIONS:

A. License display. A valid license must be displayed and must be visible to the public in the primary place of employment or business of the athletic trainer. A licensee must practice athletic training under the name inscribed on the license.

B. Board elections. At the first board meeting of each calendar year the board shall elect, by majority vote of the members present, a chairman and vice chairman. Officers will serve a one-year term of office. A vacancy, which occurs in any office, shall be filled, by a majority vote of the board members present, at the first board meeting following the vacancy.

C. Quorum. A quorum of the board is three members. A quorum is necessary to conduct official business.

D. Telephone or video conferences, or virtual means. If it is difficult or impossible for a member of the board to attend a meeting in person, the member may participate through a telephone or video conference, or virtual means. Each member participating by conference telephone must be identified when speaking, all participants must be able to hear each other at the same time and members of the public attending the meeting must be able to hear any member of the board who speaks during the meeting.

E. Board meetings. The board shall meet at least annually. Additional meetings shall be held as necessary to conduct the business of the board. Meetings may be convened at the call of the chair, or upon written request of three board members.

F. Member attendance at meetings. Board members are required to attend board meetings as scheduled by the board. Any member failing to attend three consecutive meetings shall be deemed to have resigned and shall be recommended to the governor for removal, unless the absences are excused by the board chair.

G. Excused absences. Board members may be excused from attending meetings for any of the following reasons: illness, family emergency, military service, death in the immediate family, or for any other reason deemed appropriate by the board chair.

H. Open meeting resolution. The board shall review the Open Meetings Act and adopt an open meeting resolution at the first meeting in each calendar year.

I. Public records. Except as provided herein and except as otherwise provided by law, all applications, pleadings, petitions and motions are matters of public record as of the time of filing with the board.

J. Inspection of public records. The board operates in compliance with the Inspection of Public Records Act, Sections 14-2-1 through 14-2-16 NMSA 1978. The board administrator is the custodian of the board's records. Individuals may make oral or written request to inspect the public records of the board. If the request is made in writing it must include the name, address and phone number of the individual seeking access. Requests for access to public records will be processed in a timely manner. If the inspection is not permitted within 3 business days, the custodian will notify the individual requesting access to the records in writing and explain when the records will be made available. The board may provide copies of public records upon request and upon payment of a reasonable copying fee, except as may be ordered by a court of competent jurisdiction. No person shall remove original board documents from the board office. The board maintains files for all individuals. Information in an individual's file is a matter of public record except for the following:

- (1) letters of reference;
- (2) test scores;
- (3) medical reports and/or records of chemical dependency, physical or mental examinations or treatment.

K. Parental Responsibility Act Compliance: The Parental Responsibility Compliance Act, Sections 40-5A-1 to 40-5A-13 NMSA 1978, is incorporated in full into these rules.

PART 2: SCOPE OF PRACTICE

16.3.2.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
Post Office Box 25101, Santa Fe, New Mexico 87504.

[1-16-00; 16.3.2.1NMAC - Rn, 16 NMAC 3.2.1, 8-16-01]

16.3.2.2 SCOPE:

All individuals who wish to practice the profession of athletic training in the State of New Mexico.

[1-16-00; 16.3.2.2 NMAC - Rn, 16 NMAC 3.2.2, 8-16-01]

16.3.2.3 STATUTORY AUTHORITY:

These Rules are promulgated pursuant to the Athletic Trainers practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[1-16-00; 16.3.2.3 NMAC - Rn, 16 NMAC 3.2.3, 8-16-01]

16.3.2.4 DURATION:

Permanent.

[1-16-00; 16.3.2.4 NMAC - Rn, 16 NMAC 3.2.4, 8-16-01]

16.3.2.5 EFFECTIVE DATE:

January 16, 2000, unless a later date is cited at the end of a section or paragraph.

[1-16-00; 16.3.2.5 NMAC - Rn, 16 NMAC 3.2.5, 8-16-01]

16.3.2.6 OBJECTIVE:

Specifies the National Athletic Trainers Association and the New Mexico Athletic Trainers Association to serve as guidelines in the absence of specific direction in the Act or regulations and outlines records to be kept by the professionals.

[1-16-00; 16.3.2.6 NMAC - Rn, 16 NMAC 3.2.6, 8-16-01]

16.3.2.7 DEFINITIONS:

[RESERVED]

16.3.2.8 SCOPE OF PRACTICE:

The practice of athletic training includes preventive services, emergency care, clinical assessment, therapeutic intervention and rehabilitation of injuries and medical conditions of athletes. Athletic trainers act as allied medical providers through collaboration with licensed physicians, pursuant to the written prescription, standing order or protocol of a licensed physician. In the absence of specific direction in the act or these regulations as to standards of practice, the standards of practice established by

the national athletic trainers association, the BOC and the New Mexico athletic trainers association shall serve as guidelines.

A. The current competencies in athletic training issued by the NATA, the BOC or its successor organization are adopted as establishing the standard of practice and the authorized use of exercise and physical modalities by persons licensed under these regulations. Information for obtaining a copy of the competencies in athletic training may be obtained by calling or writing the board office.

B. The athletic trainer shall maintain the name and address of the licensed physician and standing orders or protocols which are currently established for the athletic trainer's practice. These records must be provided upon the request of the board or their designee.

C. The athletic trainer shall maintain records which shall include:

(1) documentation in accordance with Subsection B or 16.3.2.8 NMAC;

(2) athlete's case records which shall be confidential and consistent with the NATA's or its successor organization's current code of ethics.

PART 3: [RESERVED]

PART 4: LICENSURE BY EXAMINATION

16.3.4.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
Post Office Box 25101 Santa Fe, New Mexico 87504.

[1-16-00; 16.3.4.1 NMAC - Rn, 16 NMAC 3.4.1, 8-16-01]

16.3.4.2 SCOPE:

All individuals who wish to apply to practice the profession of athletic training in the state of New Mexico.

[1-16-00; 16.3.4.2 NMAC - Rn, 16 NMAC 3.4.2, 8-16-01]

16.3.4.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Athletic Trainers Practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[1-16-00; 16.3.4.3 NMAC - Rn, 16 NMAC 3.4.3, 8-16-01]

16.3.4.4 DURATION:

Permanent.

[1-16-00; 16.3.4.4 NMAC - Rn, 16 NMAC 3.4.4, 8-16-01]

16.3.4.5 EFFECTIVE DATE:

January 16, 2000, unless a later date is cited at the end of a section.

[1-16-00; 16.3.4.5 NMAC - Rn, 16 NMAC 3.4.5, 8-16-01; A, 11-23-06]

16.3.4.6 OBJECTIVE:

Outlines and details requirements for individuals applying for licensure in the state of New Mexico.

[1-16-00; 16.3.4.6 NMAC - Rn, 16 NMAC 3.4.6, 8-16-01]

16.3.4.7 DEFINITIONS:

[RESERVED]

16.3.4.8 APPLICANTS FOR LICENSURE BY EXAMINATION:

Applicants for licensure by examination must possess the following qualifications and provide the required documentation with the application.

A. Application for licensure shall be made on forms prescribed by the board.

- (1) Completed application signed and dated.
- (2) Applications must be accompanied by the required fee, which shall be non-refundable.
- (3) Education requirements: holds a baccalaureate degree.
- (4) Current BOC certification.
- (5) Current competence in cardiopulmonary resuscitation (CPR) and; use of automated electrical defibrillator units (AED).

B. Documentation required for licensure:

- (1) completed application;
- (2) one hundred twenty-five (\$125.00) application fee (non-refundable);
- (4) proof of current BOC certification;
- (5) proof of current competence in CPR and; use of AED;
- (6) demonstrates professional competence by satisfactorily passing the New Mexico jurisprudence examination; and
- (7) demonstrates professional competency by satisfactorily passing the BOC examination; and
- (8) proof of disqualifying criminal convictions as provided in 16.3.4.9 NMAC, if applicable.

C. Each applicant must, in addition to the other requirements, pass an examination on the New Mexico laws and regulations pertaining to the practice of athletic training before an initial license may be issued (jurisprudence examination).

[1/16/2000; 16.3.4.8 NMAC - Rn & A, 16 NMAC 3.4.8, 8/16/2001; A, 11/23/2006; A, 12/24/2021; A, 12/30/2022]

16.3.4.9 CRIMINAL CONVICTIONS:

A. Felony convictions for any of the following offenses, or their equivalents in any other jurisdiction, are disqualifying criminal convictions that may disqualify an applicant from receiving or a licensee from retaining a license issued by the board:

- (1) homicide or manslaughter;
- (2) trafficking, or trafficking in controlled substances;
- (3) kidnapping, false imprisonment, aggravated assault or aggravated battery;
- (4) rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, or other related felony sexual offenses;
- (5) crimes involving adult abuse, neglect or financial exploitation;
- (6) crimes involving child abuse, neglect or abandonment;
- (7) crimes involving robbery, larceny, extortion, burglary, bribery, fraud, forgery, embezzlement, credit card fraud, commercial gambling or receiving stolen property;

- (8)** practicing medicine without a license;
- (9)** failure to comply with a proclamation of the governor;
- (10)** harboring or aiding a felon, tampering with evidence, or tampering with public documents;
- (11)** possession of a controlled substance, violations of the administrative provisions of the Controlled Substance Act, or engaging in other acts prohibited by the Controlled Substance Act;
- (12)** delivering drug paraphernalia to a person under eighteen years of age and who is at least three years the person's junior;
- (13)** intentionally selling an imitation controlled substance to a person under the age of eighteen years;
- (14)** manufacturing, distributing or possessing with intent to distribute an imitation controlled substance;
- (15)** falsification of documents in connection with the Medicaid Fraud Act, failure to retain records in connection with the Medicaid Fraud Act, or obstruction of investigation in connection with the Medicaid Fraud Act;
- (16)** willfully or knowingly failing to comply with the registration or verification requirements of the Sex Offender Registration and Notification Act;
- (17)** willfully or knowingly providing false information when complying with the registration or verification requirements of the Sex Offender Registration and Notification Act;
- (18)** selling or giving alcoholic beverages to minors;
- (19)** giving false testimony or information as to any matter material to an examination by the Superintendent of Insurance; or
- (20)** an attempt, solicitation, or conspiracy involving any of the felonies in this subsection.

B. The board shall not consider the fact of a criminal conviction as part of an application for licensure or licensure renewal unless the conviction in question is one of the disqualifying criminal convictions listed in Subsection A of this section.

C. The board shall not deny, suspend or revoke a license on the sole basis of a criminal conviction unless the conviction in question is one of the disqualifying criminal convictions listed in Subsection A of this section.

D. Nothing in this rule prevents the board from denying an application or disciplining a licensee on the basis of an individual's conduct to the extent that such conduct violated the Athletic Trainer Practice Act, regardless of whether the individual was convicted of a crime for such conduct or whether the crime for which the individual was convicted is listed as one of the disqualifying criminal convictions listed in Subsection A of this section.

E. In connection with an application for licensure or licensure renewal, the board shall not use, distribute, disseminate, or admit into evidence at an adjudicatory proceeding criminal records of any of the following:

- (1) an arrest not followed by a valid conviction;
- (2) a conviction that has been sealed, dismissed, expunged or pardoned;
- (3) a juvenile adjudication; or
- (4) a conviction for any crime other than the disqualifying criminal convictions listed in Subsection A of this section.

[16.3.4.9 NMAC – N, 12/24/2021]

PART 5: PROVISIONAL PERMITS

16.3.5.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
P.O. Box 25101 Santa Fe New Mexico 87504.

[1-16-00; 16.3.5.1 NMAC - Rn, 16 NMAC 3.5.1, 8-16-01]

16.3.5.2 SCOPE:

All individuals who wish to apply to practice the profession of athletic training in the state of New Mexico and meet the requirements but have not taken or passed the examination.

[1-16-00; 16.3.5.2 NMAC - Rn, 16 NMAC 3.5.2, 8-16-01]

16.3.5.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Athletic Trainers Practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[1-16-00; 16.3.5.3 NMAC - Rn, 16 NMAC 3.5.3, 8-16-01]

16.3.5.4 DURATION:

Permanent.

[1-16-00; 16.3.5.4 NMAC - Rn, 16 NMAC 3.5.4, 8-16-01]

16.3.5.5 EFFECTIVE DATE:

January 16, 2000, unless a later date is cited at the end of a section.

16.3.5.6 OBJECTIVE:

Outlines and details requirements for individuals applying for a provisional permit to practice athletic training in the state of New Mexico.

[1-16-00; 16.3.5.6 NMAC - Rn, 16 NMAC 3.5.6, 8-16-01]

16.3.5.7 DEFINITIONS:

[RESERVED]

16.3.5.8 PROVISIONAL PERMITS:

Will grant to individuals meeting all requirements except the national certification exam. The provisional permit will be valid no more than six months. No individual will be issued more than two provisional permits.

[1-16-00; 16.3.5.8 NMAC - Rn, 16 NMAC 3.5.8, 8-16-01; A, 11-23-06]

PART 6: EXAMINATIONS

16.3.6.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
P.O. Box 25101 Santa Fe, New Mexico 87504.

[1-16-00; 16.3.6.1 NMAC - Rn, 16 NMAC 3.6.1, 8-16-01]

16.3.6.2 SCOPE:

Examination requirements for all individuals who wish to apply to practice the profession of athletic training in the state of New Mexico.

[1-16-00; 16.3.6.2 NMAC - Rn, 16 NMAC 3.6.2, 8-16-01]

16.3.6.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Athletic Trainers Practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[1-16-00; 16.3.6.3 NMAC - Rn, 16 NMAC 3.6.3, 8-16-01]

16.3.6.4 DURATION:

Permanent.

[1-16-00; 16.3.6.4 NMAC - Rn, 16 NMAC 3.6.4, 8-16-01]

16.3.6.5 EFFECTIVE DATE:

January 16, 2000, unless a later date is cited at the end of a section.

[1-16-00; 16.3.6.5 NMAC - Rn, 16 NMAC 3.6.5, 8-16-01; A, 11-23-06]

16.3.6.6 OBJECTIVE:

Outlines and details the examination requirements and procedures for individuals applying for licensure by examination.

[1-16-00; 16.3.6.6 NMAC - Rn, 16 NMAC 3.6.6, 8-16-01]

16.3.6.7 DEFINITION:

[RESERVED]

16.3.6.8 EXAMINATIONS:

A. The board will accept the following examinations as proof of professional competence:

- (1)** the board of certification for athletic trainers examination; and
- (2)** New Mexico jurisprudence exam (seventy percent passing score).

B. Candidate who wishes to appeal failure on an examination must notify the board in writing within ten days of receipt of examination results.

C. An ADA covered applicant who requests special accommodation (particularly when the request involves assistance in taking the examination) must make the request in writing; must support the request with a medical statement confirming the need for the accommodation and the board will either grant or deny the request. Requests must

be submitted with the application. The board will consider each request on a case-by case basis.

D. Applicants who fail to obtain the minimum required passing score must submit a new application, including the application fee and all documentation. Applicant must pay the examination fee for each administration of examination.

[1/16/2000; 16.3.6.8 NMAC - Rn & A, 16 NMAC 3.6.8, 8/16/2001; A, 11/23/2006; A, 12/24/2021]

PART 7: ANNUAL RENEWAL OF LICENSES

16.3.7.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
Post Office Box 25101 Santa Fe, New Mexico 87504.

[1-16-00; 16.3.7.1 NMAC - Rn, 16 NMAC 3.7.1, 8-16-01]

16.3.7.2 SCOPE:

Licensee requirements for the annual renewal of athletic trainers licenses in the state of New Mexico.

[1-16-00; 16.3.7.2 NMAC - Rn, 16 NMAC 3.7.2, 8-16-01]

16.3.7.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Athletic Trainers Practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[1-16-00; 16.3.7.3 NMAC - Rn, 16 NMAC 3.7.3, 8-16-01]

16.3.7.4 DURATION:

Permanent.

[1-16-00; 16.3.7.4 NMAC - Rn, 16 NMAC 3.7.4, 8-16-01]

16.3.7.5 EFFECTIVE DATE:

January 16, 2000, unless a later date is cited at the end of a section.

[1-16-00; 16.3.7.5 NMAC - Rn, 16 NMAC 3.7.5, 8-16-01; A, 11-23-06]

16.3.7.6 OBJECTIVE:

Outlines and details the renewal requirements and procedures for the renewal of the athletic trainers license.

[1-16-00; 16.3.7.6 NMAC - Rn, 16 NMAC 3.7.6, 8-16-01]

16.3.7.7 DEFINITIONS:

[RESERVED]

16.3.7.8 ANNUAL RENEWAL OF LICENSES:

A. All licenses expire annually on August 31st. Initial licenses, including expedited licenses, may be issued for a period greater than 12 months, but less than 24 months, in order to align the license expiration date with the board's renewal cycle.

B. Licensees shall be responsible for filing a current mailing address and name change with the board.

C. Each person licensed under the act shall renew his/her license annually on or before the expiration date by submitting a renewal application, the renewal fee, proof of current CPR certification, AED certification and proof of current BOC certification.

D. Failure to submit the required documents and fees by August 31st shall cause the license to lapse and the license holder must refrain from practicing.

E. The licensee may renew within a 30 day grace period, by submitting payment of the renewal fee of \$165.00, late fee of \$75.00 and compliance with all renewal requirements. Failure to renew a license within the thirty-day grace period shall cause the license to automatically expire.

F. A license that has not renewed within the 30 days of expiration is automatically expired and the applicant must reapply as a new applicant.

[1/16/2000; 16.3.7.8 NMAC - Rn, 16 NMAC 3.7.8, 8/16/2001; A, 11/23/2006; A, 12/24/2021; A, 12/30/2022]

16.3.7.9 CONTINUING EDUCATION REQUIREMENTS:

Each licensee shall be required to maintain good standing with BOC CEU requirements.

[16.3.7.9 NMAC - N, 8/16/2001; A, 11/23/2006; A, 12/24/2021]

16.3.7.10 INACTIVE STATUS:

A. A licensed person may request inactive status by notifying the board in writing before the expiration of current license.

B. A licensed person whose license has been placed on inactive status may not provide the services authorized by an active license.

C. A licensed person who practices with an inactive license is subject to disciplinary action by the board.

D. The inactive status period shall last two years from the date the license was placed on inactive status.

E. An inactive status license may be reactivated upon the board receiving the request for reactivation; board staff shall send a reactivation of license notice.

F. Along with the complete reactivation application, the licensee must include renewal fee, reactivation fee, and proof of current BOC Certification.

G. The activation application and required enclosures must be postmarked or hand-delivered to the board office no later than two years from the December 30 of the year in which the license or registration was placed on inactive status. Failure to do so will cause the license to expire, lapse, and become null and void. Reactivation applications received with a postmark date or hand-delivered after December 30 will be returned to the expired licensee because the license may no longer be activated.

[16.3.7.10 NMAC - N, 11/23/2006, A; 12/24/2021]

PART 8: FEES

16.3.8.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
Post Office Box 25101 Santa Fe, New Mexico 87504.

PART 9: DISCIPLINARY PROCEEDINGS

16.3.9.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board
Post Office Box 25101 Santa Fe, New Mexico 87504.

[16.3.9.1 NMAC - Rp, 16.3.9.1 NMAC, 12/24/2021]

16.3.9.2 SCOPE:

Outlines the disciplinary process taken if a violation of the athletic act or regulation occurs while licensed as an athletic trainer in the state of New Mexico.

[16.3.9.2 NMAC - Rp, 16.3.9.2 NMAC, 12/24/2021]

16.3.9.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Athletic Trainers Practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[16.3.9.3 NMAC - Rp, 16.3.9.3 NMAC, 12/24/2021]

16.3.9.4 DURATION:

Permanent.

[16.3.9.4 NMAC - Rp, 16.3.9.4 NMAC, 12/24/2021]

16.3.9.5 EFFECTIVE DATE:

December 24, 2021, unless a later date is cited at the end of a section.

[16.3.9.5 NMAC - Rp, 16.3.9.5 NMAC, 12/24/2021]

16.3.9.6 OBJECTIVE:

Outlines and details the process and procedures for disciplinary action against an athletic trainer found in violations of act or regulations.

[16.3.9.6 NMAC - Rp, 16.3.9.6 NMAC, 12/24/2021]

16.3.9.7 DEFINITIONS:

[RESERVED]

16.3.9.8 DISCIPLINARY PROCEEDINGS:

A. Disciplinary proceedings may be initiated by the board upon the receipt of a sworn complaint of any person, including any member of the board.

B. Upon receipt of a sworn complaint, the board staff, with the concurrence of the board's attorney or a member of the board, shall determine if the allegation may involve a violation of the statute or regulations. Upon determination of a potential violation the staff will initiate an investigation of the allegations.

C. In accordance with the provisions of the Uniform Licensing Act, the board may take action against the licensee.

D. In addition the board may offer the licensee an informal type of discipline, including but not limited to, a letter of reprimand, in lieu of initiating formal proceedings. In these instances, the board shall notify the licensee of the following:

(1) that a letter of reprimand has been officially proposed;

(2) that the licensee has an opportunity to review the contents of the letter of reprimand and provide comments and accepts the form of discipline thereto;

(3) that a copy of the letter of reprimand will remain in the files of the board for a specified period of time and the fact thereof shall be admissible in evidence, if relevant, during the course of any subsequent formal proceeding conducted pursuant to the Uniform Licensing Act.

E. A letter of reprimand issued pursuant to this rule shall be signed by the board chair and served upon the licensee by certified mail. Copies of the reprimand shall be furnished to the members of the board and board counsel.

F. The fact that a licensee has received a letter of reprimand shall be a matter of public record. The complainant shall be informed that the practitioner has been reprimanded.

G. Neither the action or inaction of the board on any complaint shall preclude the initiation of any private cause of action by the complainant.

PART 10: EMERGENCY LICENSURE

16.3.10.1 ISSUING AGENCY:

New Mexico athletic trainer practice board.

[16.3.10.1 NMAC - Rp, 16.3.10.1 NMAC, 12/30/2022]

16.3.10.2 SCOPE:

The provisions in Part 10 of Chapter 3 apply to all applicants for expedited licensure.

[16.3.10.2 NMAC - Rp, 16.3.10.2 NMAC, 12/30/2022]

16.3.10.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Athletic Trainer Practice Act, Sections 61-14D-1 to -19 NMSA 1978.

[16.3.10.3 NMAC - Rp, 16.3.10.3 NMAC, 12/30/2022]

16.3.10.4 DURATION:

Permanent.

[16.3.10.4 NMAC - Rp, 16.3.10.4 NMAC, 12/30/2022]

16.3.10.5 EFFECTIVE DATE:

December 30, 2022, unless a later date is cited at the end of a section.

[16.3.10.5 NMAC - Rp, 16.3.10.5 NMAC, 12/30/2022]

16.3.10.6 OBJECTIVE:

The objective of Part 10 is to promote, preserve and protect the public health, safety and welfare by regulating and setting professional standards for applicants for expedited licensure.

[16.3.10.6 NMAC - Rp, 16.3.10.6 NMAC, 12/30/2022]

16.3.10.7 DEFINITIONS:

A. "Eligible jurisdiction" means:

(1) any state or territory of the United States except those included in the list of disapproved licensing jurisdictions in 16.3.10.8 NMAC; and

(2) any foreign country included in 16.3.10.9 NMAC.

B. "Expedited license" means a provisional license that confers the same rights, privileges and responsibilities as a regular license issued by the board.

C. "Good standing" means a license or registration is active and not expired, suspended, revoked, surrendered, conditioned, or otherwise in a status that in any manner restricts the activity of a licensee or registrant under the authority of the license.

D. "Jurisdiction" has the same meaning as defined in Subsection F of Section 61-1-2 NMSA 1978.

E. "Licensing fee" has the same meaning as defined in Paragraph (1) of Subsection E of Section 61-1-34 NMSA 1978.

F. "Military service member" has the same meaning as defined in Paragraph (2) of Subsection E of Section 61-1-34 NMSA 1978.

G. "Qualified applicant" means an applicant who:

(1) holds a current license in good standing in another jurisdiction, provided that an applicant who is not a military service member or veteran must hold a current license in good standing in an eligible jurisdiction;

(2) does not have a disqualifying criminal conviction, as defined the board's rules; and

(3) is not subject to pending disciplinary action in New Mexico.

H. "Veteran" has the same meaning as defined in Paragraph (3) of Subsection E of Section 61-1-34 NMSA 1978.

[16.3.10.7 NMAC - Rp, 16.3.10.7 NMAC, 12/30/2022]

16.3.10.8 LIST OF DISAPPROVED LICENSING JURISDICTIONS; REASONS:

A. No state or territory of the United States that currently licenses, registers, or certifies athletic trainers is disapproved or excluded from expedited licensure under Section 61-14D-4.1 NMSA 1978, of the Athletic Trainer Practice Act.

B. An applicant may not apply for expedited licensure on the basis of practice in any jurisdiction that does not license, register, or certify athletic trainers, including each of the following:

- (1) American Samoa
- (2) California
- (3) Guam
- (4) Northern Mariana Islands
- (5) Puerto Rico
- (6) Virgin Islands

[16.3.10.8 NMAC - Rp, 16.3.10.8 NMAC, 12/30/2022]

16.3.10.9 [RESERVED]:

[16.3.10.9 NMAC - N, 11/23/2006; Repealed 12/30/2022]

16.3.10.10 EXPEDITED LICENSURE APPLICATION:

A. A candidate for expedited licensure under Section 61-1-31.1 NMSA 1978 must submit to the board a complete application containing all of the following:

- (1) A completed and signed application form;
- (2) Proof of current licensure in an eligible jurisdiction as defined in these rules;
- (3) Certificate of good standing for the license held by the applicant in an eligible jurisdiction; and
- (4) Payment of the required application fee.

B. An expedited license application shall not be deemed complete until the applicant has submitted, and the board's staff is in receipt of, all of the materials required by subsection A, including documentation from third parties.

C. Upon receipt of a complete application, the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-14D-16 NMSA 1978:

- (1) The matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;

(2) The license may not be issued within 30 days of submission of the complete application; and

(3) The board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

[16.3.10.10 NMAC – N, 12/30/2022]

16.3.10.11 EXPEDITED LICENSURE APPLICATION FOR MILITARY SERVICE MEMBERS AND VETERANS:

A. A candidate for expedited licensure under Section 61-1-34 NMSA 1978 must submit to the board a complete application containing all of the following:

- (1) A completed and signed application form;
- (2) proof of current licensure in another jurisdiction;
- (3) certificate of good standing for the license held by the applicant in another jurisdiction, including a branch of the United States armed forces.
- (4) Submission of the following documentation:
 - (a) for military service member: a copy of military orders;
 - (b) for spouse of military service members: copy of military service member's military orders, and copy of marriage license;
 - (c) for spouses of deceased military service members: copy of decedent's DD 214 and copy of marriage license;
 - (d) for dependent children of military service members: a copy of military service member's orders listing dependent child, or a copy of military orders and one of the following: a copy of birth certificate, military service member's federal tax return or other governmental or judicial documentation establishing dependency;
 - (e) for veterans (retired or separated): a copy of DD 214 showing proof of honorable discharge.

B. An expedited license application shall not be deemed complete until the applicant has submitted, and the board's staff is in receipt of, all of the materials required by Subsection A, including documentation from third parties.

C. Upon receipt of a complete application, the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-14D-16 NMSA 1978:

(1) The matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;

(2) The license may not be issued within 30 days of submission of the complete application; and

(3) The board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

E. A military service member or veteran who is issued an expedited license shall not be charged a licensing fee for the first three years of licensure with the board.

[16.3.10.11 NMAC - N, 12/30/2022]

16.3.10.12 EXPEDITED LICENSE DURATION AND RENEWAL:

A. An expedited license shall be valid for the same length of time as a regular license issued by the board and must be renewed on or before August 31 of each year, as provided by 16.3.7.8 NMAC. Initial licenses, including expedited licenses, may be issued for a period greater than twelve months, but less than twenty-four months, in order to align the license expiration date with the board's renewal cycle.

B. A licensee holding an expedited license may apply for license renewal in the manner provided by the board's rules, provided that, upon renewal, the licensee must also satisfy the following examination requirements:

(1) The licensee shall be required to pass the New Mexico jurisprudence examination.

(2) If the licensee holding an expedited license was not required by the licensee's original jurisdiction outside of New Mexico to pass the BOC examination, the licensee shall be required to do so as a prerequisite to license renewal.

C. Upon renewal, the board shall issue a regular license to a licensee holding an expedited license issued pursuant to these rules.

[16.3.10.12 NMAC - N, 12/30/2022]

PART 11: LICENSURE FOR MILITARY SERVICE MEMBERS, SPOUSES AND VETERANS

16.3.11.1 ISSUING AGENCY:

Regulation and Licensing Department New Mexico Athletic Trainers Practice Board,
Post Office Box 25101, Santa Fe, NM 87504.

[16.3.11.1 NMAC - N, 7/23/15]

16.3.11.2 SCOPE:

This part sets forth application procedures to expedite licensure for military service members, spouses and veterans.

[16.3.11.2 NMAC - N, 7/23/15]

16.3.11.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Athletic Trainers Practice Act, Section 61-14D-1 to 61-14D-19 NMSA 1978.

[16.3.11.3 NMAC - N, 7/23/15]

16.3.11.4 DURATION:

Permanent.

[16.3.11.4 NMAC - N, 7/23/15]

16.3.11.5 EFFECTIVE DATE:

July 23, 2015, unless a later date is cited at the end of a section.

[16.3.11.5 NMAC - N, 7/23/15]

16.3.11.6 OBJECTIVE:

The purpose of this part is to expedite licensure for military service members, their spouses, their dependent children and for veterans pursuant to Section 61-1-34 NMSA 1978.

[16.3.11.6 NMAC - N, 7/23/2015; A, 12/24/2021]

16.3.11.7 DEFINITIONS:

A. "License" has the same meaning as defined in Paragraph (1) of Subsection F of Section 61-1-34 NMSA 1978.

B. "Licensing Fee" has the same meaning as defined in Paragraph (2) of Subsection F of Section 61-1-34 NMSA 1978.

C. "Military service member" has the same meaning as defined in Paragraph (3) of Subsection F of Section 61-1-34 NMSA 1978.

D. "Substantially equivalent" means the determination by the board that the education, examination, and experience requirements contained in the statutes and rules of another jurisdiction are comparable to, or exceed the education, examination, and experience requirements of the Athletic Trainers Practice Act.

E. "Veteran" has the same meaning as defined in Paragraph (4) of Subsection F of Section 61-1-34 NMSA 1978.

[16.3.11.7 NMAC - N, 7/23/2015; A, 12/24/2021]

16.3.11.8 APPLICATION REQUIREMENTS:

A. Applications for registration shall be completed on a form provided by the athletic trainers practice board.

B. The applicant shall provide a completed application that includes the following information:

- (1) Applicant's full name;
- (2) current mailing address;
- (3) current electronic mail address, if any;
- (4) date of birth;
- (5) current CPR/AED certification;
- (6) Current BOC certification;
- (7) proof as described in Subsection C below.

C. The applicant shall provide the following satisfactory evidence as follows:

(1) applicant is currently licensed and in good standing in another jurisdiction, including a branch of the United States armed forces;

(2) applicant has met the minimal licensing requirements in that jurisdiction and the minimal licensing requirements in that jurisdiction are substantially equivalent to the licensing requirements for New Mexico; and

(3) the following documentation:

(a) for military service member: copy of military orders;

(b) for spouse of military service members: copy of military service member's military order, and copy if marriage license;

(c) for spouse of deceased military service members: copy of decedent's DD214 and copy of marriage license;

(d) for dependent children of military service members: copy of military service member's orders listing dependent child, or a copy of military orders and one of the following: copy of birth certificate, military service member federal tax return or other governmental or judicial documentation establishing dependency;

(e) for veterans (retired or separated): copy of DD214 showing proof of honorable discharge.

D. The license or registration shall be issued by the board/commissions as soon as practicable but no later than thirty days after a qualified military service member, spouse, dependent child, or veteran files a complete application and provides a background check if required for license, and any required fees.

E. Military service members and veterans shall not pay and the board shall not charge a licensing fee for the first three years for a license issued pursuant to this rule.

F. A license issued pursuant to this section shall be valid for the time period that is specified in the Athletic Trainer Practice Act.

[16.3.11.8 NMAC - N, 7/23/2015; A, 12/24/2021]

16.3.11.9 RENEWAL REQUIREMENTS:

A. A license issued pursuant to this section shall not be renewed unless the license holder satisfies the requirements for the issuance of a license set forth in 16.3.7 NMAC pursuant to Chapter 61, Article 14D NMSA 1978.

B. As a courtesy, the board/commission, will send via electronic mail license renewal notification to licensees or registrants before the license expiration date to the last known email address on file with the Athletic Trainers Practice Board. Failure to receive the renewal notification shall not relieve the licensee or registrant of the responsibility of timely renewal on or before the expiration date.

C. The renewal application will be available online at the board's website and in paper copy if requested from the board office and must be received at the board office on or before August 31.

D. To renew a license, the licensee must submit the following documentation on or before August 31: a completed license renewal application, proof of current cardio pulmonary resuscitation (CPR) certification, automated electronic defibrillator units (AED) certification, proof of current board of certification (BOC) certification and the applicable renewal fee at the time of renewal.

[16.3.11.9 NMAC - N, 7/23/2015; A, 12/24/2021]

CHAPTER 4: CHIROPRACTIC PRACTITIONERS

PART 1: GENERAL PROVISIONS

16.4.1.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.1.1 NMAC - Rp, 16.4.1.1 NMAC 8/10/2019]

16.4.1.2 SCOPE:

All licensed chiropractic physicians.

[16.4.1.2 NMAC - Rp, 16.4.1.2 NMAC 8/10/2019]

16.4.1.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Sections 61-4-2, 61-4-4, 61-4-6, 61-4-12 and 61-4-13 NMSA 1978.

[16.4.1.3 NMAC - Rp, 16.4.1.3 NMAC 8/10/2019]

16.4.1.4 DURATION:

Permanent.

[16.4.1.4 NMAC - Rp, 16.4.1.4 NMAC 8/10/2019]

16.4.1.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.1.5 NMAC - Rp, 16.4.1.5 NMAC 8/10/2019]

16.4.1.6 OBJECTIVE:

To establish definitions, practicing without a license, annual registration displayed, duplicate license, change of address, advertising requirements and administrative fees. In doing so, a board member may participate in a meeting of the board by means of a conference telephone or other similar communications equipment when it is otherwise difficult or impossible for the board member to attend the meeting in person, and participation by such means shall constitute presence in person at the meeting. When a board member participates in a meeting by conference telephone or other similar communications equipment, each board member participating by telephone must be able to be identified when speaking, all participants must be able to hear each other at the same time, and members of the public attending the meeting must be able to hear any board member who speaks during the meeting.

[16.4.1.6 NMAC - Rp, 16.4.1.6 NMAC 8/10/2019]

16.4.1.7 DEFINITIONS:

A. "Advertising" means any communication whatsoever, disseminated by any means whatsoever, to or before the public or any portion thereof, with the intent of furthering the purpose, either directly or indirectly, of selling professional services, or offering to perform professional services, or inducing members of the public to enter into any obligation relating to such professional services.

B. "Application for licensure" applicants applying for licensure in New Mexico whether by examination or without examination must submit an application for licensure that will be provided by the board and available of the board site.

C. "Application for licensure without examination" applicants applying for licensure without examination are those who have held a chiropractic license in another jurisdiction.

D. "Background findings" the board may deny, stipulate, or otherwise limit a license if it is determined the applicant holds or has held a license in another jurisdiction that is not in good standing, if proceedings are pending against the applicant in another jurisdiction, or information is received indicating the applicant is a danger to patients or is guilty of violating any of the provisions of the Chiropractic Physicians Practice Act, the Uniform Licensing Act, Impaired Health Care Providers Act. The results of the background check must either indicate no negative findings, or if there are negative findings, those findings will be considered by the board. The board shall formally accept the approval of the application at the next scheduled meeting.

E. "Board" means the New Mexico chiropractic board.

F. "Chiropractic" means the science, art and philosophy of things natural, the science of locating and removing interference with the transmissions or expression of nerve forces in the human body by the correction of misalignments or subluxations of the articulations and adjacent structures, more especially those of the vertebral column

and pelvis, for the purpose of restoring and maintaining health for treatment of human disease primarily by, but not limited to, adjustment and manipulation of the human structure. It shall include, but not be limited to, the prescription and administration of all natural agents in all forms to assist in the healing act, such as food, water, heat, cold, electricity, mechanical appliances, herbs, nutritional supplements, homeopathic remedies and any necessary diagnostic procedure, excluding invasive procedures, except as provided by the board by rule and regulation. It shall exclude operative surgery and prescription or use of controlled or dangerous drugs, except as permitted by statute and corresponding regulation.

G. "Chiropractic adjustment" means the application of a precisely controlled force applied by hand or by mechanical device to a specific focal point on the anatomy for the purpose of creating a desired angular movement in the skeletal joint structures in order to eliminate or decrease interference with neural transmission or to correct or attempt to correct a vertebral subluxation using, as appropriate, short lever, high velocity, low amplitude line of correction force to achieve the desired angular movement or neuromuscular reflex response.

H. "Chiropractic assistant" means a person who practices under the on-premises supervision of a licensed chiropractic physician.

I. "Chiropractic physician" includes doctor of chiropractic, chiropractor and chiropractic physician and means a person who practices chiropractic as defined in the Chiropractic Physician Practice Act.

J. "Complaint/review committee" an ad hoc committee established by the board to review all complaints and applicants with background findings. Complaint/review committee shall consist of one professional board member, one chiropractor with an active license for five years in New Mexico in good standing, the board's executive director, board's compliance liaison, and board's investigator. Recommendations regarding the complaints and licensure of the applicants will be given to the board at its next scheduled meeting.

K. "Electronic signatures" will be acceptable for applications submitted pursuant to Sections 14-16-1 through 14-16-19 NMSA 1978.

L. "Impairment fee" means: that in addition to the license renewal fee, each chiropractor subject to renewal will be assessed an impairment fee to be set aside for the purpose of the impaired practitioners program.

M. "Licensure by examination" applicants applying for licensure by examination in New Mexico are those candidates for licensure that have never held a chiropractic license in any other jurisdiction.

N. "Mobilization" means a non-thrusting manual therapy involving movement of a joint within its physiological range of motion. Mobilization is a passive movement within

the physiological joint space administered by a clinician for the purpose of increasing normalizing overall joint range of motion.

O. "NBCE" national board of chiropractic examiners.

P. "PACE" providers of approved continuing education.

Q. "Pre-paid treatment plans" include any agreement between a licensee and patient or prospective patient that includes payment or collection of money for treatment planned, anticipated or held in reserve to occur or potentially occur more than 14 days following the payment or collection of those monies.

R. "Spinal manipulation or articular manipulation" means the application of a direct thrust or leverage to move a joint of the spine or extremity articulation to the parapsycho-physiologic end range movement but without exceeding the limits of anatomical integrity.

S. "Vertebral subluxation" means a complex of functional, structural or pathological articular changes, or combination thereof, that compromise articular junction, neural integrity and may adversely influence organ system function or general health and well-being.

[16.4.1.7 NMAC - Rp, 16.4.1.7 NMAC 8/10/2019]

16.4.1.8 PRACTICING WITHOUT A LICENSE:

The practice of chiropractic without a license will constitute grounds to refuse an applicant the right to sit the examination or to be granted a license, and may be prosecuted as a misdemeanor as a first offense fourth degree felony for a second offense.

[16.4.1.8 NMAC - Rp, 16.4.1.8 NMAC 8/10/2019]

16.4.1.9 ANNUAL REGISTRATION DISPLAYED:

A copy of the license and certificate of annual registration shall at all times be displayed conspicuously in the office of the practitioner to whom it has been issued.

[16.4.1.9 NMAC - Rp, 16.4.1.9 NMAC 8/10/2019]

16.4.1.10 DUPLICATE LICENSE:

A duplicate license may be granted by the board to any practitioner upon proof of loss of the original license or an affidavit of need and payment of a fee as set forth in Subsection A of 16.4.1.13 NMAC.

[16.4.1.10 NMAC - Rp, 16.4.1.10 NMAC 8/10/2019]

16.4.1.11 CHANGE OF ADDRESS:

Any licensed chiropractor that changes their office or residence address must notify the board in writing within 15 days.

[16.4.1.11 NMAC - Rp, 16.4.1.11 NMAC 8/10/2019]

16.4.1.12 [RESERVED]

[16.4.1.12 NMAC - Rp, 16.4.1.12 NMAC 8/10/2019]

16.4.1.13 [RESERVED]

[16.4.1.13 NMAC - Rp, 16.4.1.13 NMAC 8/10/2019]

16.4.1.14 INSPECTION OF PUBLIC RECORDS:

The board operates in compliance with the Inspection of Public Records Act Sections 14-2-1 through 14-2-12 NMSA 1978. The board administrator is the custodial of the board's records.

[16.4.1.14 NMAC - Rp, 16.4.1.14 NMAC 8/10/2019]

16.4.1.15 MALPRACTICE INSURANCE:

Chiropractic physicians shall maintain continuous malpractice insurance coverage in amounts equal to or greater than the amounts defined in the Medical Malpractice Act Paragraph (1) of Subsection A of 41-5-5 NMSA 1978.

[16.4.1.15 NMAC - Rp, 16.4.1.15 NMAC 8/10/2019]

16.4.1.16 PRE-PAID TREATMENT PLANS:

Chiropractic physicians accepting pre-payment for services planned but not yet delivered must:

A. Establish an escrow account to hold all pre-payment funds.

(1) Funds may be removed from the escrow account following the delivery of services in such amounts equal to the chiropractors usual and customary charges for like services with any discounted percentage contained in the pre-paid agreement for the contracted treatment plan.

(2) Funds received in advance of the day services are delivered must be deposited into the escrow account in a timely manner.

B. The patient's file must contain the proposed treatment plan including enumeration of all aspects of evaluation, management and treatment planned to therapeutically benefit the patient relative to the condition determined to be present and necessitating treatment.

(1) The patient's financial file must contain documents outlining any necessary procedures for refunding unused payment amounts in the event that either the patient or the doctor discharge the others services or therapeutic association.

(2) The treatment plan in such cases where prepayment is contracted must contain beginning and ending dates and a proposed breakdown of the proposed treatment frequency, types of modalities and procedures included in the contracted treatment and methods of evaluating the patients progress or serial outcome assessment plan and method of recording or assessing patient satisfaction.

C. A contract for services and consent of treatment document must be maintained in the patient's file that specifies the condition for which the treatment plan is formulated, prognosis and alternate treatment options.

D. The chiropractic physician is responsible for providing all treatment appropriate and necessary to address and manage the condition including unforeseen exacerbations or aggravations, within the chiropractic physicians licensure, that may occur during the course of time for which the contract is active. This does not include alternative services procured by the patient or treatment by providers other than the treating chiropractor or those under the chiropractors direct supervision.

E. If nutritional products or other hard goods including braces, supports or patient aids are to be used during the proposed treatment plan the patient documents must state whether these items are included in the gross treatment costs or if they constitute a separate and distinct service and fee.

[16.4.1.16 NMAC - Rp, 16.4.1.16 NMAC 8/10/2019]

PART 2: TEMPORARY LICENSURE

16.4.2.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101 Santa Fe, New Mexico 87504.

[16.4.2.1 NMAC - Rp, 16.4.2.1 NMAC, 8/10/2019]

16.4.2.2 SCOPE:

All applicants.

[16.4.2.2 NMAC - Rp, 16.4.2.2 NMAC, 8/10/2019]

16.4.2.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Section 61-4-8 NMSA 1978.

[16.4.2.3 NMAC - Rp, 16.4.2.3 NMAC, 8/10/2019]

16.4.2.4 DURATION:

Permanent.

[16.4.2.4 NMAC - Rp, 16.4.2.4 NMAC, 8/10/2019]

16.4.2.5 EFFECTIVE DATE:

August 10, 2019 unless a later date is cited at the end of a section.

[16.4.2.5 NMAC - Rp, 16.4.2.5 NMAC, 8/10/2019]

16.4.2.6 OBJECTIVE:

To provide requirements for the granting of a temporary license.

[16.4.2.6 NMAC - Rp, 16.4.2.6 NMAC, 8/10/2019]

16.4.2.7 DEFINITIONS:

(Refer to 16.4.1 NMAC).

[16.4.2.7 NMAC - Rp, 16.4.2.7 NMAC, 8/10/2019]

16.4.2.8 [RESERVED]

[16.4.2.8 NMAC - Rp, 16.4.2.8 NMAC, 8/10/2019]

16.4.2.9 PROVISIONS FOR EMERGENCY LICENSURE:

A. Chiropractic physicians, currently licensed, actively practicing and in good standing and otherwise meeting the requirements for New Mexico licensure in a state in which a federal disaster has been declared, may be licensed in New Mexico during the

four months or remainder of the current licensing year, whichever is greater, following the declared disaster at no cost upon satisfying the following requirements:

(1) receipt by the board of a completed application which has been signed and notarized and which is accompanied by proof of identity, which may include a copy of a driver's license, passport or other photo identification issued by a governmental entity;

(2) completion of all actions described in 16.4.4.8 NMAC.

B. The board may waive any or all of the aforementioned requirements for licensure except those contained in Subsection A of 16.4.4.8 NMAC.

C. The board may waive the specific forms required under 16.4.4.8 NMAC if the applicant is unable to obtain documentation from the federal declared disaster areas.

D. Nothing in this section shall constitute a waiver of the requirements for licensure contained in 16.4.4.8 NMAC.

E. Licensed issued under Provisions for Emergency Licensure shall expire on July 1 or the date 160 days following the issuance of emergency licensure whichever is greater, unless the board approves a renewal application. Application for renewal shall be made on or before the expiration of the emergency license to avoid late renewal fees, by completion of any and all remaining procedures described in 16.4.4.8 NMAC.

[16.4.2.9 NMAC - Rp, 16.4.2.9 NMAC, 8/10/2019]

16.4.2.10 EMERGENCY LICENSE TERMINATION:

A. The emergency license shall terminate upon the following circumstances:

(1) the issuance of a permanent license under 16.4.4 NMAC;

(2) proof that the emergency license holder has engaged in fraud, deceit, or misrepresentation in procuring or attempting to procure a license under this section;

(3) expiration as defined in Subsection E of 16.4.2.9 NMAC;

(4) the results of the background check indicate negative findings.

B. Termination of an emergency license shall not preclude application for permanent licensure.

[16.4.2.10 NMAC - Rp, 16.4.2.10 NMAC, 8/10/2019]

PART 3: REQUIREMENTS FOR LICENSURE

16.4.3.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

16.4.3.2 SCOPE:

Chiropractors for licensure who must take a licensing examination for the state of New Mexico.

[16.4.3.2 NMAC - Rp, 16.4.3.2 NMAC, 8/10/2019]

16.4.3.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Sections Subsection G of 61-4-3 and 61-4-4 NMSA 1978.

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

16.4.3.4 DURATION:

Permanent.

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

16.4.3.5 EFFECTIVE DATE:

August 10, 2019 unless a later date is cited at the end of a section.

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

16.4.3.6 OBJECTIVE:

To outline the documents necessary for candidates who must complete the application process for examination.

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

16.4.3.7 DEFINITIONS:

(Refer to 16.4.1 NMAC).

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

16.4.3.8 APPLICATION FOR LICENSURE:

A. The board shall recognize successful completion of all parts of the examination conducted by the national board of chiropractic examiners. If the applicant has not completed all IV parts and physiotherapy of the national board of examiner then the New Mexico chiropractic board shall examine each applicant in the act of chiropractic adjusting, procedures and methods as shall reveal the applicant's qualifications. The board may waive the requirements for the board administered examination and request proof of satisfactory completion of any missing exam conducted by the national board of chiropractic examiners at the time of the applicant's graduation from chiropractic college. The applicant must also complete the state jurisprudence exam with a score of at least seventy five percent. No application for licensure under the Chiropractic Physician Practice Act, Sections 61-4-1 through 61-4-17 NMSA 1978, shall be deemed complete until the board's administrator certifies that the application contains all of the following:

- (1)** a completed application form;
- (2)** a nonrefundable application fee of \$350.00 payable by cashier's check or money order;
- (3)** letter size, copy of original chiropractic diploma;
- (4)** 2" x 2" photograph attached to the application;
- (5)** transcript from the national board of chiropractic examiners (parts I, II, III, IV and physiotherapy exam), demonstration a passing score;
- (6)** all transcripts must be sent directly from each agency to the New Mexico board;
- (7)** verification of licensure and good standing in any state where the applicant holds a current or inactive license must be sent directly from a state licensing agency to the New Mexico board;
- (8)** the applicant has had no disciplinary action imposed, or criminal convictions, applicant agrees to a national practitioners databank, a federation of chiropractic licensing boards background check, and will sign a criminal record releases.

B. All applications deemed completed by the board's administer shall be forwarded to the board's licensing committee with all the supporting information related to the applications. After review of the applications and supporting information the committee shall submit their recommendations to the board for consideration.

C. No applicant shall be reviewed for approval until the application is complete.

D. If an applicant does not meet the minimal requirements as set forth above, applicant may, at the discretion of the board, be required to take and pass part I, II, III, IV, physiotherapy exam, other NBCE specialty examination or the special purpose examination (SPEC) of the national boards, or any combination thereof.

E. The board may designate a professional background information service, which compiles background information regarding an applicant from multiple sources.

[16.4.3.1 NMAC - Rp, 16.4.3.1 NMAC, 8/10/2019]

PART 4: LICENSURE WITHOUT EXAMINATION

16.4.4.1 ISSUING AGENCY:

New Mexico Chiropractic Board.

[16.4.4.1 NMAC - Rp, 16.4.4.1 NMAC, 12/27/2022]

16.4.4.2 SCOPE:

The provisions in Part 4 of Chapter 4 apply to applicants for expedited licensure, also referred to as license without examination.

[16.4.4.1 NMAC - Rp, 16.4.4.1 NMAC, 12/27/2022]

16.4.4.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Section 61-4-8 NMSA 1978 and the Uniform Licensing Act, Section 61-1-31.1 NMSA 1978.

[16.4.4.3 NMAC - Rp, 16.4.4.3 NMAC, 12/27/2022]

16.4.4.4 DURATION:

Permanent.

[16.4.4.4 NMAC - Rp, 16.4.4.4 NMAC, 12/27/2022]

16.4.4.5 EFFECTIVE DATE:

December 27, 2022, unless a later date is cited at the end of a section.

[16.4.4.5 NMAC - Rp, 16.4.4.5 NMAC, 12/27/2022]

16.4.4.6 OBJECTIVE:

To promote, preserve and protect the public health, safety and welfare by regulating and setting professional standards for applicants for expedited licensure.

[16.4.4.6 NMAC - Rp, 16.4.4.6 NMAC, 12/27/2022]

16.4.4.7 DEFINITIONS:

A. "Eligible jurisdiction" means:

(1) any state or territory of the United States except those included in the list of disapproved licensing jurisdictions in 16.4.4.8 NMAC; and

(2) any foreign country included in 16.4.4.8 NMAC.

B. "Expedited license" means a provisional license that confers the same rights, privileges and responsibilities as a regular license issued by the board pursuant to Section 61-4-8 NMSA 1978, and also referred to in the act as a license without examination.

C. "Good standing" means a license or registration is active and not expired, suspended, revoked, surrendered, conditioned, or otherwise in a status that in any manner restricts the activity of a licensee or registrant under the authority of the license.

D. "Jurisdiction" has the same meaning as defined in Subsection F of Section 61-1-2 NMSA 1978.

E. "Licensing fee" has the same meaning as defined in Paragraph (1) of Subsection E of Section 61-1-34 NMSA 1978.

F. "Military service member" has the same meaning as defined in Paragraph (2) of Subsection E of Section 61-1-34 NMSA 1978.

G. "Veteran" has the same meaning as defined in Paragraph (3) of Subsection E of Section 61-1-34 NMSA 1978.

[16.4.4.7 NMAC - Rp, 16.4.4.7 NMAC, 12/27/2022]

16.4.4.8 LIST OF DISAPPROVED LICENSING JURISDICTIONS; REASONS:

Applicants licensed in the following states and territories of the United States shall not be eligible for expedited licensure under Section 61-4-8 NMSA 1978 of the Chiropractic Physician Practice Act:

A. American Samoa and the Northern Mariana Islands, on the grounds that education and licensure examination requirements cannot be determined to be consistent with those requirements in New Mexico.

B. New York, on the grounds that New York's licensure examination requirements are not consistent with the licensing requirements in New Mexico.

[16.4.4.8 NMAC - Rp, 16.4.4.8 NMAC, 12/27/2022]

16.4.4.9 EXPEDITED LICENSURE APPLICATION:

A. The board shall issue an expedited license to a chiropractic physician who:

- (1) is a graduate of a standard college of chiropractic;
- (2) holds a valid and unrestricted license, in good standing, in an eligible jurisdiction;
- (3) has been a licensed chiropractor for at least two years immediately prior to application in New Mexico.

B. In accordance with Section 61-1-31.1 NMSA 1978, a candidate for expedited licensure must submit to the board a complete application containing the following:

- (1) a completed and signed application form;
- (2) proof of a current license in good standing from an eligible jurisdiction as defined in these rules;
- (3) payment of the required application and license fee pursuant to 16.4.22 NMAC.

C. An expedited license application shall not be deemed complete until the applicant has submitted, and board staff is in receipt of, all of the materials required by subsection B, including documentation from third parties.

D. Upon receipt of a complete application, board staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

E. If the applicant has a potentially disqualifying criminal conviction, or the board may have other cause to deny the application pursuant to Section 61-4-10 NMSA 1978:

- (1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;
- (2) the license may not be issued within 30 days of submission of the complete application; and
- (3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

[16.4.4.9 NMAC - N, 12/27/2022]

16.4.4.10 EXPEDITED LICENSURE APPLICATION FOR MILITARY SERVICE MEMBERS AND VETERANS:

A. A candidate for expedited licensure under Section 61-1-34 NMSA 1978 must submit to the board a complete application containing the following:

- (1) a completed and signed application form;
- (2) proof of a current license in good standing from another jurisdiction, including a branch of the United States armed forces; and
- (3) submission of the following documentation:
 - (a) for military service member: a copy of military orders;
 - (b) for spouse of military service members: copies of military service member's military orders, and marriage license;
 - (c) for spouses of deceased military service members: copies of decedent's DD 214 and marriage license;
 - (d) for dependent children of military service members: copies of military service member's orders listing dependent child or a copy of military orders, and one of the following: a copy of birth certificate, military service member's federal tax return, or other governmental or judicial documentation establishing dependency; or
 - (e) for veterans (retired or separated): proof of honorable discharge, such as a copy of DD Form 214, DD Form 215, DD form 256, DD Form, 257, NGB Form 22, military ID card, a driver's license or state ID card with a veteran's designation, or other documentation verifying honorable discharge.

B. An expedited license application shall not be deemed complete until the applicant has submitted, and board staff is in receipt of, all of the materials required by subsection A, including documentation from third parties.

C. Upon receipt of a complete application, board staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a potentially disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-4-10 NMSA 1978:

- (1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;

(2) the license may not be issued within 30 days of submission of the complete application; and

(3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

E. A military service member or veteran who is issued an expedited license shall not be charged any initial licensing fees or renewal fees for the first three years of licensure with the board.

[16.4.4.10 NMAC - N, 12/27/2022]

16.4.4.11 EXPEDITED LICENSE DURATION AND RENEWAL:

A. An expedited license, including an expedited licensure issued to a military member under 16.4.4.10 NMAC, shall be valid for the same length of time as a regular license issued by the board and must be renewed on or before July 1 of each year, as provided by 16.4.9.8 NMAC.

B. A licensee holding an expedited license may apply for license renewal in the manner provided by the board's rules. However, if the licensee has not passed the following examinations in another jurisdiction that are required for licensure in New Mexico pursuant to 16.4.6.8 NMAC, the licensee must pass the exam prior to applying for renewal:

- (1) the board's jurisprudence exam;
- (2) the national board exams I, II, III, and IV; and
- (3) the physiotherapy exam conducted by the national board of chiropractic examiners.

C. Upon renewal, the board shall issue a regular license to a licensee holding an expedited license issued pursuant to these rules.

[16.4.4.11 NMAC - N, 12/27/2022]

PART 5: CRITERIA FOR DETERMINATION OF EQUIVALENCY TO COUNCIL OF CHIROPRACTIC EDUCATION C.C.E.

16.4.5.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.5.1 NMAC - Rp, 16.4.5.1 NMAC 8/10/2019]

16.4.5.2 SCOPE:

All chiropractic physicians.

[16.4.5.2 NMAC - Rp, 16.4.5.2 NMAC 8/10/2019]

16.4.5.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Section 61-4-5 NMSA 1978.

[16.4.5.3 NMAC - Rp, 16.4.5.3 NMAC 8/10/2019]

16.4.5.4 DURATION:

Permanent.

[16.4.5.4 NMAC - Rp, 16.4.5.4 NMAC 8/10/2019]

16.4.5.5 EFFECTIVE DATE:

August 10, 2019 unless a later date is cited at the end of a section.

[16.4.5.5 NMAC - Rp, 16.4.5.5 NMAC 8/10/2019]

16.4.5.6 OBJECTIVE:

To establish C.C.E. equivalency standards for chiropractic colleges.

[16.4.5.6 NMAC - Rp, 16.4.5.6 NMAC 8/10/2019]

16.4.5.7 DEFINITIONS:

[16.4.5.7 NMAC - Rp, 16.4.5.7 NMAC 8/10/2019]

16.4.5.8 CRITERIA FOR DETERMINATION OF EQUIVALENCY TO C.C.E.:

Any chiropractic college that is not accredited by the council of chiropractic education (C.C.E.) must have:

A. recognition of the program by the Canadian, European or Australasian councils on chiropractic education; and

B. any other chiropractic accrediting bodies that the board may determine to be equivalent to the C.C.E. - USA; and

C. clinical competencies equal to or greater than those of C.C.E.

[16.4.5.8 NMAC - Rp, 16.4.5.8 NMAC 8/10/2019]

PART 6: EXAMINATIONS

16.4.6.1 ISSUING AGENCY:

New Mexico Chiropractic Board, P.O. Box 25101, Santa Fe, New Mexico 87504.

[16.4.6.1 NMAC - Rp, 16.4.6.1 NMAC 8/10/2019]

16.4.6.2 SCOPE:

Chiropractic applicants who apply for licensure by examination.

[16.4.6.2 NMAC - Rp, 16.4.6.2 NMAC 8/10/2019]

16.4.6.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Section 61-4-6.B NMSA 1978.

[16.4.6.3 NMAC - Rp, 16.4.6.3 NMAC 8/10/2019]

16.4.6.4 DURATION:

Permanent.

[16.4.6.4 NMAC - Rp, 16.4.6.4 NMAC 8/10/2019]

16.4.6.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.6.5 NMAC - Rp, 16.4.6.5 NMAC 8/10/2019]

16.4.6.6 OBJECTIVE:

To establish procedures that applicants for examination must follow.

[16.4.6.6 NMAC - Rp, 16.4.6.6 NMAC 8/10/2019]

16.4.6.7 DEFINITIONS:

Refer to 16.4.1.7 NMAC.

[16.4.6.7 NMAC - Rp, 16.4.6.7 NMAC 8/10/2019]

16.4.6.8 EXAMINATIONS:

The Chiropractic Physician Practice Act provides that the board shall examine candidates for licensure in the act of chiropractic adjusting, producers and methods as shall reveal the applicant's qualifications; provided that the board may waive the requirements for the board administered examination upon satisfactory completion of the examination conducted by the national board of chiropractic examiners. The board will accept successful completion of all parts of the examination conducted by the national board of chiropractic examiners.

A. National boards: an applicant for licensure by examination must have passed the national board exams I, II, III, and IV and physiotherapy conducted by the national board of chiropractic examiners with a passing score required by the national board of chiropractic examiners.

B. Jurisprudence exam: all licensure applicants must successfully pass the board's jurisprudence exam.

(1) The applicant will receive the jurisprudence examination with instructions from the board office after the board receives both the application and the application fees.

(2) To complete the jurisprudence examination, the applicant will use the statutes and rules and regulations of the board.

(3) The applicant must pass the jurisprudence exam with a minimum score of 75%.

(4) Applicants may retake the examination as many times necessary to achieve a passing grade.

(5) The jurisprudence examination may be developed for on-line access and available through the board web site.

[16.4.6.8 NMAC - Rp, 16.4.6.8 NMAC 8/10/2019]

PART 7: IMPAIRED PRACTITIONER PROGRAMS

16.4.7.1 ISSUING AGENCY:

New Mexico Chiropractic Board, P.O. Box 25101, Santa Fe, New Mexico 87504.

[16.4.7.1 NMAC - Rp, 16.4.7.1 NMAC 8/10/2019]

16.4.7.2 SCOPE:

All licensed chiropractic physicians.

[16.4.7.2 NMAC - Rp, 16.4.7.2 NMAC 8/10/2019]

16.4.7.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, (Sections 61-4-1 through 17 NMSA 1978).

[16.4.7.3 NMAC - Rp, 16.4.7.3 NMAC 8/10/2019]

16.4.7.4 DURATION:

Permanent.

[16.4.7.4 NMAC - Rp, 16.4.7.4 NMAC 8/10/2019]

16.4.7.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.7.5 NMAC - Rp, 16.4.7.5 NMAC 8/10/2019]

16.4.7.6 OBJECTIVE:

To clarify the procedures identified in the Impaired Health Care Provider Act.

[16.4.7.6 NMAC - Rp, 16.4.7.6 NMAC 8/10/2019]

16.4.7.7 DEFINITIONS:

A. Impaired physicians programs is defined as programs that protect the public and educate the chiropractic physicians.

B. Programs may monitor, educate and intercede in the prevention and treatment of chiropractic physicians impaired or at risk of impairment.

C. All impairment fees received shall be designated for these programs.

[16.4.7.7 NMAC - Rp, 16.4.7.7 NMAC 8/10/2019]

16.4.7.8 COMPLAINTS:

Anyone may file a complaint with the board if they have reasonable cause to believe a chiropractor is impaired by:

- A.** mental illness;
- B.** physical illness, including but not limited to deterioration through the aging process or loss of motor skills;
- C.** habitual or excessive use or abuse of drugs, as defined in the Controlled Substances Act; or
- D.** habitual or excessive use or abuse of alcohol.

[16.4.7.8 NMAC - Rp, 16.4.7.8 NMAC 8/10/2019]

16.4.7.9 PROCESS:

Complaints received in the board office that allege impaired practice will be processed in the following manner, unless there are exceptional circumstances which require the board to consider the complaint without referral to the complaint committee because of a potential threat to the health or safety of the licensee or patients.

- A.** The complaint committee of the board shall review the complaint to determine if the board has jurisdiction over the matter and if the complaint may have merit.
- B.** The complaint committee may conduct a preliminary investigation to determine if the allegations in the complaint are supported by facts.
- C.** Upon completion of the review and or investigation, the complaint committee shall submit its recommendations to the board.
- D.** The board shall determine if an examination to ascertain impaired practice is required.

[16.4.7.9 NMAC - Rp, 16.4.7.9 NMAC 8/10/2019]

16.4.7.10 DISCIPLINARY ACTION:

No action or investigation or proceedings under the Impaired Health Care Provider Act (61-7-1 through 12 NMSA 1978) precludes the board from investigating or acting simultaneously, in its sole discretion, under the Chiropractic Physician Practice Act (61-4-1 through 17 NMSA 1978).

[16.4.7.10 NMAC - Rp, 16.4.7.10 NMAC 8/10/2019]

PART 8: DISCIPLINARY PROCEEDINGS

16.4.8.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.8.1 NMAC - Rp, 16.4.8.1 NMAC 4/9/2022]

16.4.8.2 SCOPE:

The provisions of 16.4.8 NMAC apply to all active license holders and applicants for licensure. These provisions may also be of interest to anyone who may wish to file a complaint against a chiropractor licensed by the board.

[16.4.8.2 NMAC - Rp, 16.4.8.2 NMAC 4/9/2022]

16.4.8.3 STATUTORY AUTHORITY:

16.4.8 NMAC is promulgated pursuant to the Chiropractic Physician Practice Act, Section 61-4-10 NMSA 1978 and the Uniform Licensing Act, 60-1-1 through -36 NMSA 1978.

[16.4.8.3 NMAC - Rp, 16.4.8.3 NMAC 4/9/2022]

16.4.8.4 DURATION:

Permanent.

[16.4.8.4 NMAC - Rp, 16.4.8.4 NMAC 4/9/2022]

16.4.8.5 EFFECTIVE DATE:

April 9, 2022, unless a later date is cited at the end of a section.

[16.4.8.5 NMAC - Rp, 16.4.8.5 NMAC 4/9/2022]

16.4.8.6 OBJECTIVE:

To establish the procedures for filing complaints against licensees and applicants, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a licensee which are considered incompetent or unprofessional practice.

[16.4.8.6 NMAC - Rp, 16.4.8.6 NMAC 4/9/2022]

16.4.8.7 DEFINITIONS:

[RESERVED]

16.4.8.8 COMPLAINTS:

Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the board and complaint/review committee. Any hearing held pursuant to the complaint shall conform to the provisions of the Uniform Licensing Act, the Chiropractic Physician Practice Act, and the Impaired Practitioners Act.

[16.4.8.8 NMAC - Rp, 16.4.8.8 NMAC 4/9/2022]

16.4.8.9 ACTIONS:

A. The board may penalize, deny, revoke, suspend, stipulate, or otherwise limit a license if the board determines the licensee is guilty of violating any of the provisions of the Chiropractic Physician Practice Act, the Uniform Licensing Act, the Impaired Healthcare Care Providers Act, these Rules, or discipline imposed by other governing bodies.

B. The board may reprimand, censure, or require licensees to fulfill additional continuing education hours within limited time constraints for violations of the act or rules.

C. The board may at its discretion hire investigators to investigate complaints made to the board regarding chiropractic physicians.

D. Licensees shall bear all costs of disciplinary proceedings unless exonerated.

[16.4.8.9 NMAC - Rp, 16.4.8.9 NMAC 4/9/2022]

16.4.8.10 GUIDELINES:

The board shall use the following as guidelines for disciplinary action.

A. "Gross incompetence" or "gross negligence" means, but shall not be limited to, a significant departure from the prevailing standard of care in treating patients.

B. "Unprofessional conduct" means, but is not limited to because of enumeration:

(1) performing, or holding oneself out as able to perform, professional services beyond the scope of one's license and field or fields of competence as established by education, experience, training, or any combination thereof. This includes, but is not limited to, the use of any instrument or device in a manner that is not

in accordance with the customary standards and practices of the chiropractic profession;

(2) representing to a patient that a manifestly incurable condition or sickness, disease or injury can be cured;

(3) willfully or negligently divulging a professional confidence;

(4) failure to release to a patient copies of that patient's records and x-rays;

(5) failure to seek consultation whenever the welfare of the patient would be safeguarded or advanced by consultation with individuals having special skills, knowledge, and experience;

(6) failure of a chiropractor to comply with and following advertising guidelines as set in 16.4.1.12 NMAC;

(7) failure to use appropriate infection control techniques and sterilization procedures;

(8) deliberate and willful failure to reveal, at the request of the board, the incompetent, dishonest, or corrupt practices of another chiropractor licensed or applying for licensure by the board;

(9) accept rebates, or split fees or commissions from any source associated with the service rendered to a patient;

(10) intentionally engaging in sexual contact with a patient other than his spouse during the doctor-patient relationship;

(11) the use of a false, fraudulent or deceptive statement in any document connected with the practice of chiropractic;

(12) fraud, deceit or misrepresentation in any renewal or reinstatement application;

(13) violation of any order of the board, including any probation order;

(14) failure to adequately supervise, as provided by board regulation, a chiropractic assistant or technician who renders care as a chiropractic assistant under 16.4.19 NMAC of these rules;

(15) cheating on an examination for licensure;

(16) is habitually intemperate or is addicted to the use of habit-forming drugs or is addicted to any vice to such a degree as to render him unfit to practice chiropractic;

(17) is guilty of failing to comply with any of the provisions of the Chiropractic Physician Practice Act (Chapter 61, Article 4 NMSA 1978) or rules and regulations promulgated by the board and filed in accordance with the State Rules Act (Chapter 14, Article 4 NMSA 1978);

(18) has been declared mentally incompetent by regularly constituted authorities or is manifestly incapacitated to practice chiropractic;

(19) has incurred a prior suspension or revocation in another state where the suspension or revocation of a license to practice chiropractic was based upon acts by the licensee similar to acts described in this section and by board rules;

(20) failure to report to the board within 90 days any adverse action taken after due process has been afforded to the licensee by:

(a) another licensing jurisdiction;

(b) any health care entity, not involving disputes over fees;

(c) any governmental agency, not involving disputes overseas;

(d) any court for acts or conduct similar to acts or conduct that would constitute grounds for action as defined in this section.

(21) failure to furnish the board, its investigators or representatives with information requested by the board;

(22) abandonment of patients;

(23) providing a false, materially incomplete, factually unsupported opinion or opinions which are not congruent with current teachings and standards of care as taught in CCE accredited chiropractic colleges in a peer review, records review, independent medical examination, or chiropractic examination.

[16.4.8.10 NMAC - Rp, 16.4.8.10 NMAC 4/9/2022]

16.4.8.11 COMPLAINT/REVIEW COMMITTEE:

The complaint/review committee of the board is authorized to:

A. carry out the instructions of the board in the investigation and processing of complaints against licensees.

B. disciplinary actions taken by the board shall be reported as required to the following entities:

(1) national practitioner databank-healthcare integrity and protection databank "NPDB-HIPD";

(2) federation of chiropractic licensing boards "FCLB";

(3) or their successors.

[16.4.8.11 NMAC - Rp, 16.4.8.11 NMAC 4/9/2022]

16.4.8.12 DISQUALIFYING CRIMINAL CONVICTIONS:

A "disqualifying criminal conviction" means a conviction for a crime that is job-related for the position in question and consistent with business necessity. Convictions for any of the following offense, or their equivalents in any other jurisdiction, are disqualifying criminal convictions that may disqualify an applicant from receiving or retaining a license or certificate by the board:

A. Physical Harm to Others:

(1) Section 30-2-1 NMSA 1978, "Murder".

(2) Section 30-2-3 NMSA 1978, "Manslaughter".

(3) Section 30-3-1 NMSA 1978, "Assault".

(4) Section 30-3-4 NMSA 1978, "Battery".

(5) Section 30-6-1 NMSA 1978, "Abandonment or abuse of a child".

(6) Section 30-4-1 NMSA 1978, "Kidnapping".

(7) Section 30-4-3 NMSA 1978, "False imprisonment".

(8) Section 30-9-19, NMSA 1978, "Sexual assault".

(9) Section 30-47-4 NMSA 1978, "Abuse of a care facility resident".

(10) Section 30-47-5 NMSA 1978, "Neglect of a care facility resident".

B. Property Damage:

(1) Section 30-15-1 NMSA 1978, "Criminal damage to property".

(2) Section 30-7-5 NMSA 1978, "Dangerous use of explosives".

(3) Section 30-15-1.1 NMSA 1978, "Unauthorized graffiti on personal or real property.

(4) Section 30-17-5 NMSA 1978, "Arson and negligent arson".

C. Fraud:

(1) Section 30-16-6 NMSA 1978, "Fraud".

(2) Section 7-1-73 "NMSA 1978, Tax fraud".

(3) Sections 59A-16C-1 to -17 NMSA 1978, , violations of the Insurance fraud act.

(4) Section 30-28-2 "NMSA 1978, Conspiracy".

(5) Section 30-44-4 NMSA 1978, "Falsification of documents" under the Medicaid Fraud Act.

(6) Section 30-44-5 NMSA 1978, "Failure to retain records in connection with the Medicaid Fraud Act".

(7) Section 30-44-6 NMSA 1978, "Obstruction of Investigation in connection with the Medicaid Fraud Act".

(8) Section 30-44-7 NMSA 1978, "Medicaid fraud".

(9) Section 30-51-4 NMSA 1978, "Money laundering".

D. Theft:

(1) Section 30-14-8 NMSA 1978, "Breaking and entering".

(2) Section 30-16-1 NMSA 1978, "Larceny".

(3) Section 30-16-2 "NMSA 1978, Robbery".

(4) Section 30-16-3 NMSA 1978, "Burglary".

(5) Section 30-16-20 NMSA 1978, "Shoplifting".

(6) Section 30-16-24.1 NMSA 1978, "Theft of identity".

(7) Section 30-16-26 NMSA 1978, "Theft of a credit card".

(8) Section 30-16-11 NMSA 1978, "Receiving stolen property".

(9) Section 30-47-6 NMSA 1978, "Exploitation of a care facility resident's property".

E. Financial Crimes:

(1) Section 30-16-8 NMSA 1978, "Embezzlement".

(2) Section 30-16-9 NMSA 1978, "Extortion".

(3) Section 30-16-10 NMSA 1978, "Forgery".

(4) Section 30-41-1 NMSA 1978, "Soliciting and receiving illegal kickbacks".

(5) Section 30-42-4 NMSA 1978, "Racketeering".

F. Drug Offenses:

(1) Section 30-31-20 NMSA 1978, "Trafficking of controlled substances".

(2) Section 30-31-21 NMSA 1978, "Distribution to a minor".

(3) Section 30-31-22 NMSA 1978, "Intentionally distributing or possessing with intent to distribute a controlled substance".

(4) Section 30-31-23 NMSA 1978, "Possession of controlled substances".

(5) Section 30-31-24 NMSA 1978, "Violations of the administrative provisions of the Controlled Substances Act".

(6) Section 30-31-25 "NMSA 1978, Engaging in other acts prohibited by the Controlled Substances Act".

(7) Section 30-31-25.1 NMSA 1978, "Delivering drug paraphernalia to a person under eighteen years of age and who is at least three years the person's junior".

(8) Section 30-31A-4 NMSA 1978, "Manufacturing, distributing or possessing with intent to distribute an imitation controlled substance".

(9) Section 30-31A-5 NMSA 1978, "Intentionally selling an imitation controlled substance to a person under the age of eighteen years".

(10) Section 30-31A-6 NMSA 1978, "Intentionally possessing an imitation controlled substance with the intent to distribute".

(11) Section 30-31B-12 NMSA 1978, "Certain violations of the Drug Precursor Act".

(12) Section 30-6-3 NMSA 1978, "Contributing to the delinquency of a minor".

G. Sex Crimes:

(1) Section 30-37A-1 NMSA 1978, "Unauthorized distribution of sensitive images".

(2) Section 30-37-3.2 NMSA 1978, "Child solicitation by electronic communication device".

(3) Section 30-37-3.3 NMSA 1978, "Criminal sexual communication with a child".

(4) Section, 30-52-1 NMSA 1978, "Human trafficking".

(5) Section 30-9-11 NMSA 1978, "Criminal sexual penetration".

(6) Section 30-9-12 NMSA 1978, "Criminal sexual contact".

(7) Section 30-9-13 NMSA 1978, "Criminal sexual contact of a minor".

(8) Section 30-9-14.3 NMSA 1978, "Aggravated indecent exposure".

(9) Section 30-6A-3 NMSA 1978, "Sexual exploitation of children".

(10) Section 30-6A-4 NMSA 1978, "Sexual exploitation of children by prostitution".

(11) Subsection P of Section 29-11A-4 NMSA 1978, "Failure to register as required by sex offender registration and notification act".

H. Abuse of animals:

(1) Section 30-18-1 NMSA 1978, "Cruelty to animals or extreme cruelty to animals".

(2) Section 30-18-3 NMSA 1978, "Unlawful branding of animals".

(3) Section 30-18-6 NMSA 1978, "Transporting stolen livestock".

(4) Section 30-18-9 NMSA 1978, "Dog fighting or cock fighting".

(5) Section 30-18-12 NMSA 1978, "Injury to livestock".

I. Miscellaneous:

- (1) Section 30-3A-3 NMSA 1978, "Stalking".
- (2) Section 30-20-12 NMSA 1978, "Use of telephone to terrify, intimidate, threaten, harass, annoy or offend another.
- (3) Section 66-8-102 NMSA 1978, "Driving under the influence of intoxicating liquor or drugs".
- (4) Section 61-6-20 NMSA 1978, "Practicing medicine without a license".
- (5) Section 61-6-25 NMSA 1978, "Making a false statement under oath or submitting a false affidavit, in connection with the Medical Practice Act".
- (6) Section 26-1-26 NMSA 1978, "Violation of the New Mexico Drug, Device and Cosmetic Act".
- (7) Section 12-10-20 NMSA 1978, "Failure to comply with proclamation of the governor".

J. The board shall not consider the fact of a criminal conviction as part of an application for licensure unless the conviction in question is one of the disqualifying criminal convictions listed under this section.

K. The board shall not deny, suspend or revoke a license on the sole basis of a criminal conviction unless the conviction in question is one of the disqualifying criminal convictions listed under this section.

L. Nothing in this rule prevents the board from denying an application or disciplining a licensee on the basis of an individual's conduct to the extent that such conduct violated the Chiropractor Physician Practice Act, Sections 61-4-1 to -17 NMSA 1978, or the Uniform Licensing Act, Section 61-1-1 to-36 NMSA 1978, regardless of whether the individual was convicted of a crime for such conduct or whether the crime for which the individual was convicted is listed as one of the disqualifying criminal convictions listed in under this section.

M. In connection with an application for licensure, the board shall not use, distribute, disseminate, or admit into evidence at an adjudicatory proceeding criminal records of any of the following:

- (1) an arrest not followed by a valid conviction;
- (2) a conviction that has been sealed, dismissed, expunged or pardoned;
- (3) a juvenile adjudication; or

(4) a conviction for any crime other than the disqualifying criminal convictions listed in 16.4.8.11 NMAC.

PART 9: LICENSE RENEWAL PROCEDURES

16.4.9.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.9.1 NMAC - Rp, 16.4.9.1 NMAC 8/10/2019]

16.4.9.2 SCOPE:

All licensed chiropractic physicians.

[16.4.9.2 NMAC - Rp, 16.4.9.2 NMAC 8/10/2019]

16.4.9.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Section 61-4-13 and Section 61-4-14 NMSA 1978.

[16.4.9.3 NMAC - Rp, 16.4.9.3 NMAC 8/10/2019]

16.4.9.4 DURATION:

Permanent.

[16.4.9.4 NMAC - Rp, 16.4.9.4 NMAC 8/10/2019]

16.4.9.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.9.5 NMAC - Rp, 16.4.9.5 NMAC 8/10/2019]

16.4.9.6 OBJECTIVE:

To establish procedures for the annual renewal of licenses.

[16.4.9.6 NMAC - Rp, 16.4.9.6 NMAC 8/10/2019]

16.4.9.7 DEFINITIONS:

(Refer to 16.4.1 NMAC.)

[16.4.9.7 NMAC - Rp, 16.4.9.7 NMAC 8/10/2019]

16.4.9.8 LICENSE RENEWAL PROCEDURES:

A. In accordance with Section 61-4-13 and Section 61-4-14 NMSA 1978, of the New Mexico Chiropractic Physician Practice Act, the board establishes the following procedures for license renewal.

(1) Renewal notice. On or before June 1st of each year, the chiropractic board shall mail to the last address on file with the board a renewal notice to each person licensed to practice chiropractic in New Mexico.

(2) Renewal. The license shall expire at midnight on June 30th of each year. The board may renew the license upon receipt from the licensee, the nonrefundable license renewal fee, along with a properly filled out original form with signature, and copies of continuing education certificate plus any applicable nonrefundable penalty fees.

(3) Renewal deadline. Each licensee shall submit the nonrefundable license renewal fee and properly completed application to the board postmarked on or before July 1 of the year for which the nonrefundable license renewal fee is requested.

(4) Penalty fees. A licensee shall submit to the board, in addition to the nonrefundable license renewal fee, a nonrefundable penalty fee as set forth in Paragraph (3) of Subsection A of 16.4.1.13 NMAC.

(5) Impairment fee. In addition to the license renewal fee, each chiropractor subject to renewal will be assessed an amount not to exceed \$60.00 per renewal period.

(6) The board during each renewal cycle will complete a random audit of continuing education hours. The board may select by accepted regulation and licensing department random computer process, up to ten percent of the renewing applicants. Individuals selected must submit proof of all continuing education for that cycle. The records indicated in 16.4.10.8 NMAC are acceptable forms of documentation of continuing education records. Continuing education records must be maintained for three years following the renewal cycle in which they are earned and they may be obtained by the board at any time.

B. Notice. By July 31st of each year, the board shall send, by certified mail, to the address on file with the board, a forfeiture notice to each licensee who has not made the application for license renewal. The notice shall state that:

(1) the licensee has failed to make application for renewal;

- (2) the amount of renewal and late fees;
- (3) the information required about continuing education hours which must be submitted to renew the license;
- (4) the licensee may voluntarily retire the license or the licensee may apply for a permissive temporary cancellation, by notifying the board in writing;
- (5) any person whose license has been placed on inactive status over one year but less than two may apply to reactivate licensure status at any time. Documentation required must include:
 - (a) reactivation application;
 - (b) reactivation application fee of \$200;
 - (c) evidence of meeting all continuing education requirements (for the current year);
- (6) failure to respond to the notice by the date specified, which date must be at least 31 days after the forfeiture notice is sent by the board, either by submitting the renewal application and applicable fees, or the information required about continuing education hours, or by notifying the board that the licensee has voluntarily retired the license, or has applied for permissive temporary cancellation, shall result in forfeiture of the license to practice chiropractic in New Mexico upon order of the board;
- (7) the board may select by accepted regulation and licensing department random computer processes, up to ten percent of the renewal applicants which may be submitted for background findings review.

[16.4.9.8 NMAC - Rp, 16.4.9.8 NMAC 8/10/2019]

PART 10: CONTINUING EDUCATION

16.4.10.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.10.1 NMAC - Rp, 16.4.10.2 NMAC 8/10/2019]

16.4.10.2 SCOPE:

All licensed chiropractic physicians.

[16.4.10.2 NMAC - Rp, 16.4.10.2 NMAC 8/10/2019]

16.4.10.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Subsections F and G of Section 61-4-3 NMSA 1978.

[16.4.10.3 NMAC - Rp, 16.4.10.3 NMAC 8/10/2019]

16.4.10.4 DURATION:

Permanent.

[16.4.10.4 NMAC - Rp, 16.4.10.4 NMAC 8/10/2019]

16.4.10.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.10.5 NMAC - Rp, 16.4.10.5 NMAC 8/10/2019]

16.4.10.6 OBJECTIVE:

To establish continuing education requirements for chiropractic physicians to renew their licenses in the state of New Mexico.

[16.4.10.6 NMAC - Rp, 16.4.10.6 NMAC 8/10/2019]

16.4.10.7 DEFINITIONS:

(Refer to 16.4.1 NMAC).

[16.4.10.7 NMAC - Rp, 16.4.10.7 NMAC 8/10/2019]

16.4.10.8 CONTINUING EDUCATION:

A. In accordance with Section 61-4-3 NMSA 1978, New Mexico Chiropractic Physician Practice Act, chiropractic physicians licensed in New Mexico are required to complete a minimum of 16 hours of board approved continuing education annually by the time of license renewal. Credit hours may be earned at any time during the annual reporting period, July 1 through June 30, immediately preceding annual renewal. Credit hours are calculated as a "contact hour" i.e. a 60 minute hour.

B. Each chiropractor renewing a license shall attest that they have obtained the required hours of continuing education on the renewal form. The board will select by random regulation and licensing department (RLD) computer processes, no less than ten percent of renewal applications for audit to verify completion of acceptable

continuing education. Audit requests will be included with the renewal notice and those selected chiropractors will be asked to submit proof of compliance with the continuing education requirements. The board may audit continuing education records at any time. Continuing education (CE) records must be maintained for three years following the renewal cycle in which they are earned.

C. The board will approve continuing education programs which in its determination, advance the professional skills, risk management understanding and knowledge of the licensee that is directly related to the practice of chiropractic art, science or philosophy. Practice building and self-motivational courses, and courses that are determined not to have significant or a direct relationship to the safe and effective practice of chiropractics; or such portions of those programs or courses, may not be approved. There will be no charge to a licensee for individual request for approval.

D. The board may determine that, in its opinion, a particular course or area of professional education is of such importance or addresses an area of special need as it pertains to public protection that all licensees shall be required to take the course of study as a part of or in addition to the CE requirements:

(1) the declaration of a mandatory course must be made by a majority vote of the board at a regular scheduled meeting;

(2) the course title, approved instructors (if appropriate), locations of course delivery or methods of securing approved print or electronic presentations of the course must be communicated to all licensed New Mexico chiropractors on or before September 1st of the year that the course is made mandatory;

(3) the mandatory nature of courses so designated shall expire on June 30th of the current licensing year or the determination must be renewed by a majority vote of the board at a regular scheduled meeting and the extension of the mandatory nature communicated to all active licensees on or before September 1st.

E. Seminars and continuing education programs that meet board criteria as stated in Subsection C of 16.4.10.8 NMAC, will be approved after a properly submitted application has been received and payment of the assessed fee as set forth in Paragraph (4) of Subsection A of 16.4.1.13 NMAC. This includes the following:

(1) officiating during national board examinations shall be credited to the professional members of the board as approved hours of continuing education;

(2) those courses that have secured accreditation through the Federation of Chiropractic Licensing Boards "FCLB" and carry the providers of approved continuing education "PACE" designation;

(3) webinar, teleseminar, compact disc (CD), videotaped or audiotaped courses produced or endorsed by approved entities may be accepted for continuing education credit:

(a) the completion of such education shall be supported through record keeping with a letter, memo or on a form approved by the board, that includes the dates, times, vendors' or presenters' name/s, and total hours claimed for each course;

(b) the licensee's retained records must include the following statement, "I swear or affirm that I viewed or listened to these continuing education courses in their entirety on the dates and times specified in this document";

(c) a maximum of eight hours may be obtained through these distance learning methods unless specific individual approval by the board is obtained.

(4) Based on the agreement set forth between the board and PACE, PACE approved courses shall be required to submit to the board an application with the appropriate assessed fee, but shall not be required to submit to the board the items listed in Paragraphs (1) through (6) of Subsection F of 16.4.10.8 NMAC.

F. All entities, sponsoring institutions, or organizations requesting approval of seminars or continuing education programs must be submitted to the board office in writing by the licensee or sponsoring entity must include:

(1) course title, objective and format;

(2) sponsoring entity;

(3) total class hours;

(4) method for certification of attendance; or documentation of completion of program;

(5) instructors credentials; and

(6) courses that in the boards opinion enhance the professional practice procedures, risk management, clinical skills or the doctor's ability to understand and operate within managed care guidelines and regulations will be considered for approval.

G. The board may waive or extend the time for completion of the annual continuing education requirement if the licensee has reached the age of 70 years or if the licensee files with the board the statement of a licensed physician certifying the physical inability of the licensee to attend a seminar.

H. Licensees serving in the United States military practicing or residing outside the United States shall not be required to fulfill the continuing education requirements for the period of the absence.

(1) The board must be notified prior to license expiration that the licensee will be outside the United States, including the period of the absence.

(2) Upon return to the United States, the licensee shall complete the continuing education required for the years of practice within the United States during the renewal cycle, or apply for an emergency deferral.

(3) All renewal fees shall be waived while the licensee is practicing or residing outside the country serving in the military or under armed services contract.

(4) The board may waive any and all deadlines by special request of licensee in active military service or under armed services or federal contract requiring absence from the jurisdiction.

I. Any excess continuing education hours that are above the minimum educational requirement in any applicable compliance period may not be "carried over" in order to meet the minimum educational requirements in any succeeding compliance period. A licensee shall only count continuing education hours completed for the present renewal period.

J. Any licensee licensed between March 1 and June 30, of a renewal year is not required to submit continuing education credits for license renewal for that renewal period. If the licensee has been licensed for longer than four months before their first renewal period, the licensee is required to meet all continuing education requirements as set forth in 16.4.10.8 NMAC and if a licensee holds an advanced chiropractic certificate, the licensee is required to meet the continuing education requirements in 16.4.15.10 NMAC.

K. All licensees shall comply with the requirements of this regulation on or before July 1st of each year.

L. This rule supersedes all prior continuing education rules.

M. Seminars or continuing education programs meeting the board's criteria as stated in Subsection C of 16.4.15.10 NMAC for advanced practice continuing education shall be approved upon receipt of a properly executed application and payment of the fees required in 16.4.22.8 NMAC:

N. All seminars or educational programs that are provided for both doctors of chiropractic and advanced practice chiropractors continuing education shall be submitted to the board for approval at least 90 days in advance of the start of the

program whenever possible and shall meet the requirements set forth in Paragraph (1) through (6) of Subsection F of 16.4.10.8 NMAC.

(Refer to 16.4.1 NMAC).

[16.4.12.7 NMAC - Rp 16.4.12.7 NMAC 8/10/2019]

16.4.12.8 LICENSURE STATUS:

A. There shall be two licensure statuses.

(1) Active. An active license entitles a chiropractic physician to engage in the practice of chiropractic by providing professional services to patients within the state of New Mexico. This status may be maintained by following the license renewal procedures as set forth in Subsection A of 16.4.9.8 NMAC and by payment of the required fee as set forth in Subparagraph (a) of Paragraph (2) of Subsection A of 16.4.1.13 NMAC.

(2) Inactive. An inactive license may be held by a chiropractic physician not engaging in the active practice of chiropractic in New Mexico. This status may be maintained by payment of the required fee as set forth in Subparagraph (b) of Paragraph (2) of Subsection A of 16.4.1.13 NMAC. Continuing education is not required while on inactive status. Inactive status will not be granted for a period of less than one year. The board may consider a petition by the licensee for early reinstatement due to undue hardship or special circumstances.

B. Change in licensure status - A change from one status to another shall require a written request to the board.

C. A change from inactive status to active status shall require a written license renewal application sent by the board, fulfillment of the continuing education requirements for the year in which the applicant petitions for a change in status and payment of reinstatement of license fees, active renewal fees, impairment fees, and any late fees required by the board. Applicant must include in the application, evidence that applicant meets the current requirements for licensure. If the applicant has been on inactive license status and not been in active practice in another jurisdiction for two or more years and desires to return to active status, a competency test may be required in

addition to any other materials deemed reasonably necessary to assure the public safety.

PART 13: REINSTATEMENT OF CHIROPRACTIC LICENSURE

16.4.13.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.13.1 NMAC - Rp 16.4.13.1 NMAC 8/10/2019]

16.4.13.2 SCOPE:

All chiropractic physicians.

[16.4.13.2 NMAC - Rp 16.4.13.2 NMAC 8/10/2019]

16.4.13.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Section 61-4-14 NMSA 1978.

[16.4.13.3 NMAC - Rp 16.4.13.3 NMAC 8/10/2019]

16.4.13.4 DURATION:

Permanent.

[16.4.13.4 NMAC - Rp 16.4.13.4 NMAC 8/10/2019]

16.4.13.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.13.5 NMAC - Rp 16.4.13.5 NMAC 8/10/2019]

16.4.13.6 OBJECTIVE:

To establish reinstatement procedures for chiropractic physicians.

[16.4.13.6 NMAC - Rp 16.4.13.6 NMAC 8/10/2019]

16.4.13.7 DEFINITIONS:

(Refer to 16.4.1 NMAC).

[16.4.13.7 NMAC - Rp 16.4.13.7 NMAC 8/10/2019]

16.4.13.8 REINSTATEMENT OF CHIROPRACTIC LICENSURE:

A. Any person whose license has been suspended, revoked or which has lapsed may apply to the board for reinstatement of the license at any time within two years of the suspension, revocation or lapse.

(1) In making application for reinstatement, the applicant should state why the license should be reinstated and should specifically set forth any changed circumstances which would justify reinstatement.

(2) Applicant must include in the application, evidence that applicant meets the current requirements for licensure.

(3) Any licensed chiropractor applying for reinstatement of a license must pay all back renewal and penalty fees for each year of suspension, revocation or lapse, an application fee as set forth in Subparagraph (d) of Paragraph (1) of Subsection A of 16.4.22.8 NMAC and provide proof of attendance of continuing education hours as set forth in Subsection A of 16.4.10.8 NMAC for each year of suspension, revocation or lapse to a maximum of two years.

B. The board may require an applicant to complete certain education or training requirements, in addition to any continuing education requirements; to be completed prior to or after reinstatement to ensure that the applicant is competent to practice chiropractic. The board may, in its discretion, require that an applicant for reinstatement take and pass a written examination as prescribed by the board.

C. Upon receipt of an application for reinstatement, the board shall grant the applicant a hearing, at which time the applicant may appeal to the board to reinstate the license.

D. After two years, the applicant must apply for licensure without examination.

E. Applicant agrees to a national practitioner databank and a federation of chiropractic licensing board's (FCLB) background check.

F. Chiropractic physicians seeking reinstatement of advance practice certification registration because of suspension or lapse must meet the requirements established by the board under Subsection G of 16.4.15.8 NMAC.

PART 14: MANAGEMENT OF MEDICAL RECORDS

16.4.14.1 ISSUING AGENCY:

New Mexico Chiropractic Board, PO Box 25101, Santa Fe, New Mexico 87504.

[16.4.14.1 NMAC - Rp 16.4.14.1 NMAC, 8/10/2019]

16.4.14.2 SCOPE:

Chiropractors for licensure who must take a licensing examination for the state of New Mexico.

[16.4.14.2 NMAC - Rp 16.4.14.2 NMAC, 8/10/2019]

16.4.14.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of chiropractic in New Mexico and are promulgated pursuant to and in accordance with the Chiropractic Physician Practice Act, Sections 61-4-3.G and 61-4-4 NMSA 1978.

[16.4.14.3 NMAC - Rp 16.4.14.3 NMAC, 8/10/2019]

16.4.14.4 DURATION:

Permanent.

[16.4.14.4 NMAC - Rp 16.4.14.4 NMAC, 8/10/2019]

16.4.14.5 EFFECTIVE DATE:

August 10, 2019, unless a later date is cited at the end of a section.

[16.4.14.5 NMAC - Rp 16.4.14.5 NMAC, 8/10/2019]

16.4.14.6 OBJECTIVE:

This part establishes requirements and procedures for management of chiropractic records.

[16.4.14.6 NMAC - Rp 16.4.14.6 NMAC, 8/10/2019]

16.4.14.7 DEFINITIONS:

"**Chiropractic record**" means all information maintained by a chiropractic physician relating to the past, present or future physical or mental health of a patient, and for the provision of health care to a patient. This information includes, but is not limited to, the chiropractic physician's notes, reports summaries, and x-rays and laboratory and other

diagnostic test results. A patient's complete chiropractic record includes information generated and maintained by the chiropractic physician, as well as information provided to chiropractic physician by the patient, by any other physician who has consulted with or treated the patient, and other information acquired by the chiropractic physician about the patient in connection with the provision of health care to the patient.

[16.4.14.7 NMAC - Rp 16.4.14.7 NMAC, 8/10/2019]

16.4.14.8 RELEASE OF CHIROPRACTIC RECORDS:

Chiropractic physicians must provide complete copies of medical records to a patient or to another physician in a timely manner when legally requested to do so by the patient or by a legally designated representative of the patient. This should occur with a minimum of disruption in the continuity and quality of medical care being provided to the patient. If the medical records are the property of a separate and independent organization, the chiropractic physician should act as the patient's advocate and work to facilitate the patient's request for records.

A. Medical records may not be withheld because an account is overdue or a bill for treatment medical records, or other services is owed.

B. A reasonable cost-based charge may be made for the cost of duplicating and mailing chiropractic records. A reasonable charge is not more than \$25 and \$0.25 per page. Patients may be charged the actual cost of reproduction for electronic records and record formats other than paper, such as x-rays. The board will review the reasonable charge periodically. Chiropractic physicians charging for the cost of reproduction of 16.4.1 NMAC medical records shall give consideration to the ethical and professional duties owed to other physicians and their patients.

[16.4.14.8 NMAC - Rp 16.4.14.8 NMAC, 8/10/2019]

16.4.14.9 CLOSING, SELLING, RELOCATING OR LEAVING A PRACTICE:

Due care should be taken when closing or departing from a practice to ensure a smooth transition from the current chiropractic physician to the new treating physician. This should occur with a minimum of disruption in the continuity and quality of medical care being provided to the patient. Whenever possible, notification of patients is the responsibility of the current treating physician.

A. Whenever possible, active patients and patients seen within the previous three years must be notified at least 30 days before closing, selling, relocating or leaving a practice.

B. Whenever possible, patients should be notified within at least 30 days after the death of their chiropractic physician.

C. Notification shall be through a notice in newspaper in the local practice area, and should include responsible entity/agent name of contact to obtain records or request transfer of records, telephone number and mailing address. To reach a maximum number of patients, the notification must run a minimum of two times per month for three months. In addition to a notice in the newspaper, notification may also be through an individual letter to the patient's last known address. Notification shall also be sent to the board.

D. A chiropractic physician or chiropractic physician group should not withhold patient lists or other information from a departing chiropractic physician that is necessary for notification of patients.

E. Patients of a chiropractic physician who leaves a group practice must be notified the chiropractic physician is leaving, notified of the chiropractic physician's new address and offered the opportunity to have their medical records transferred to the departing chiropractic physician at his new practice.

F. When a practice is sold, all active patients must be notified that the chiropractic physician is transferring the practice to another chiropractic physician or entity who will retain custody of their records and that at their written request the records (or copies) will be sent to another physician or entity of their choice.

[16.4.14.9 NMAC - Rp 16.4.14.9 NMAC, 8/10/2019]

16.4.14.10 RETENTION, MAINTENANCE AND DESTRUCTION OF MEDICAL RECORDS:

A. Improper management of medical records, including failure to maintain timely, accurate, legible and complete medical records constitutes a violation of Paragraph (16) of Subsection A of 61-4-10 NMSA 1978 Chiropractic physicians must post a written copy of their policy or their employer's policy for medical record retention, maintenance and destruction.

B. Written medical record policy shall include:

- (1)** responsible entity/agent name of contact to obtain records or request transfer of records, telephone number and mailing address;
- (2)** how the records can be obtained or transferred;
- (3)** how long the records will be maintained before they are destroyed; and
- (4)** cost of obtaining copies of records, and of recovering records/transferring records.

C. Chiropractic physicians must retain medical records that they own for at least two years beyond what is required by state insurance laws and by medicare and medicaid regulations. Medical records for patients who are minors must be retained for at least two years beyond the date that the patient is 18 years old.

D. A log must be kept of all charts destroyed, including the patient's name and date of record destruction.

PART 15: CHIROPRACTIC ADVANCED PRACTICE CERTIFICATION REGISTRY

16.4.15.1 ISSUING AGENCY:

New Mexico Board of Chiropractic Examiners.

[16.4.15.1 NMAC - N, 3/31/2009]

16.4.15.2 SCOPE:

All chiropractic practitioners who are certified for advanced practice or who are applicants for certification for advanced practice.

[16.4.15.2 NMAC - N, 3/31/2009]

16.4.15.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Chiropractic Examiners Practice Act Sections 61-4-2, 61-4-4, 61-4-6, 61-4-12 and 61-4-13 NMSA 1978.

[16.4.15.3 NMAC - N, 3/31/2009]

16.4.15.4 DURATION:

Permanent.

[16.4.15.4 NMAC - N, 3/31/2009]

16.4.15.5 EFFECTIVE DATE:

March 31, 2009, unless a later date is cited at the end of a section.

[16.4.15.5 NMAC - N, 3/31/2009]

16.4.15.6 OBJECTIVE:

16.4.15 NMAC lists the requirements for advanced practice registration including course approval, formulary, continuing education, registration, application and fees.

[16.4.15.6 NMAC - N, 3/31/2009]

16.4.15.7 DEFINITIONS:

A. "Chiropractic" means the science, art and philosophy of things natural, the science of locating and removing interference with the transmissions or expression of nerve forces in the human body by the correction of misalignments or subluxations of the articulations and adjacent structures, more especially those of the vertebral column and pelvis, for the purpose of restoring and maintaining health for treatment of human disease primarily by, but not limited to, adjustment and manipulation of the human structure. It shall include, but not be limited to, the prescription and administration of all natural agents in all forms to assist in the healing act, such as food, water, heat, light, cold, electricity, mechanical appliances, herbs, nutritional supplements, homeopathic remedies and any necessary diagnostic procedure, excluding invasive procedures, except as provided by the board by rule and regulation. It shall exclude operative surgery and prescription or use of controlled or dangerous drugs, except as provided by the board by rule and regulation.

B. "Certified advanced practice chiropractic physician" means advanced practice chiropractor who shall have prescriptive authority for therapeutic and diagnostic purposes as authorized by statute and stated by the board in 16.4.15.11 NMAC.

C. "Chiropractic physician" includes doctor of chiropractic, chiropractor, doctor of chiropractic and medicine chiropractic physician and means a person who practices chiropractic as defined in the Chiropractic Physician Practice Act. Chiropractors are physicians that attempt to improve the quality of life, relieve pain and suffering and promote health and wellness with evidence-based and patient centered care as taught in their chiropractic educational institutions. The chiropractic profession, through its institutions, professional associations, continuing educational providers and requirements teaches its health care professionals to use natural treatments, therapeutic interventions and patient education to promote health and wellness when indicated by the evidence and with other interventions as taught within chiropractic educational institutions and providers of approved continuing education instruction when necessary to safely treat individuals with disease, deformity, disability and neuromusculoskeletal maladies.

D. "Nationally recognized credentialing agency" means agency that has been recognized by the board and may be updated annually. Any educational institution allowed to provide clinical and didactic programs credited toward advanced practice certification must have concurrent approval from the New Mexico medical board and the New Mexico board of chiropractic examiners.

E. "Chiropractic formulary" shall mean those substances that have been approved for use by the chiropractor registered in advanced practice by the chiropractic board and as by statute with consensus between the New Mexico medical board and New Mexico board of pharmacy.

[16.4.15.7 NMAC - N, 3/31/2009; A, 7/23/2010; A, 1/30/15; A, 2/13/2015]

16.4.15.8 ADVANCED PRACTICE REGISTRATION GENERAL PROVISIONS:

Advanced practice registration is authorized by Subsection C of 61-4-9.1 NMSA 1978 of the act and defined in 61-4-9.2 NMSA 1978 and allows the use of approved substances through injection for therapeutic purposes.

A. A chiropractic physician shall have the prescriptive authority to administer through injection and prescribe the compounding of substances that are authorized in the advanced practice formulary. Those with active registration are allowed prescription authority that is limited to the current formulary as agreed on by the New Mexico board of chiropractic examiners and as by statute, by the New Mexico board of pharmacy and the New Mexico medical board. The New Mexico board of chiropractic examiners shall maintain a registry of all chiropractic physicians who are registered in advanced practice and shall notify the New Mexico board of pharmacy of all such current registered licensees no later than September 1st of each licensing period.

B. Chiropractic physicians applying for registry shall submit to the board:

(1) documentation that the doctor has successfully completed a competency examination administered by a nationally recognized credentialing agency or after December 31, 2012 successfully completed a graduate degree in a chiropractic clinical practice specialty;

(2) documentation that the chiropractic physician has successfully completed 90 clinical and didactic hours of education provided by an institution approved by the New Mexico medical board and the New Mexico board of chiropractic examiners;

(3) an application provided by the board for registry of the advanced practice certification.

C. A chiropractic physician without advanced practice certification may administer, dispense and prescribe any natural substance that is to be used in an oral or topical manner so long as that substance is not considered a dangerous drug.

D. The board shall annually renew the advanced practice certification registration of a doctor of chiropractic medicine in good standing if the licensee has completed all continuing education required by 16.4.10 NMAC.

E. All advanced practice certification registrations shall automatically terminate when licensure as a doctor of chiropractic medicine:

(1) is placed on inactive status as stated in Paragraph (2) of Subsection A of 16.4.12.8 NMAC; or

(2) is suspended, revoked or terminated for any reason as stated in 16.4.8.10 NMAC; or

(3) is not renewed prior to the annual renewal date (July 1).

F. All advanced practice certification registrations that were automatically terminated pursuant to Subsection E of 16.4.15.8 NMAC shall be automatically reinstated when licensure as a chiropractic physician is reinstated, provided that:

(1) all fees required by 16.4.22.8 NMAC have been paid; and

(2) all continuing education requirements stated in Subsection C of 16.4.15.10 NMAC have been completed; and

(3) any other reinstatement provisions, required by board rule, have been completed.

G. An advanced practice registration that is suspended or revoked by the board for any reason listed under 16.4.8.10 NMAC, shall not be reinstated. The chiropractic physician must reapply for advanced practice certification registration as a new applicant.

H. Each year the board may review the advanced practice formularies for necessary amendments. When new substances are added to a formulary, appropriate education in the use of the new substances may be approved and required by the board for chiropractic physician applying for registration or as continuing education for renewal of the applicable advanced practice registration. All amendments to the formulary shall be made following consensus of the NM board of medicine, NM pharmacy board and the NM board of chiropractic examiners.

I. A chiropractic physician certified for advanced practice under 16.4.15.11 NMAC that includes the use of controlled substances shall register with the federal DEA (drug enforcement agency) prior to obtaining, prescribing, administering, compounding the controlled substance.

J. A chiropractic physician registered in advanced practice, when prescribing, shall use prescription pads printed with his or her name, address, telephone number, license number and his or her advanced practice certification. If a chiropractic physician is using a prescription pad printed with the names of more than one chiropractic physician the above information for each chiropractic physician shall be on the pad and the pad

shall have a separate signature line for each chiropractic physician. Each specific prescription shall indicate the name of the chiropractic physician for that prescription and shall be signed by the prescribing chiropractic physician.

[16.4.15.8 NMAC - N, 3/31/2009; A, 7/23/2010; A, 1/30/15; A, 2/13/2015, A, 4/9/2022]

16.4.15.9 ADVANCED PRACTICE REGISTRATION - BOARD REQUIREMENTS:

- A. The board shall have final authority for registration of all applicants.
- B. The board shall notify the applicant in writing by mail postmarked no more than thirty (30) days after the receipt of the initial application as to whether the application is complete or incomplete and missing specified application documentation.
- C. The board shall notify the applicant in writing by mail postmarked no more than thirty (30) days after the notice of receipt of the complete application sent out by the board, whether the application is approved or denied.
- D. If the application is denied, the notice of denial shall state the reason the application was denied.
- E. In the interim between regular board meetings the board's chairman or an authorized representative of the board may certify a chiropractic physician into the advanced practice registry to an applicant who has filed with the board a complete application and complied with all requirements for advanced practice registration.
- F. The board shall have the authority to deny, suspend, revoke or otherwise discipline an expanded practice certification, in accordance with the Uniform Licensing Act, 61-1-1 to 61-1-31 NMSA 1978, for reasons authorized in the act and clarified in Paragraph (24) of Subsection B of 16.4.8.10 NMAC.

[16.4.15.9 NMAC - N, 3/31/2009]

16.4.15.10 FEES, RENEWAL AND CONTINUING EDUCATION:

- A. A fee of \$100 shall accompany the initial application. When that application is approved a fee of \$100 shall be submitted for registry of the advanced practice certification.
- B. A fee of \$100 shall be assessed for all renewal applications, in addition to the standard fee for renewal of the chiropractic license.
- C. Chiropractic physicians seeking renewal of advanced practice certification registration shall have completed 10 hours of continuing education, in addition to the required number of continuing education hours for the general chiropractic licensure, from an approved institution as stated in 16.4.10 NMAC or as approved by the board.

The continuing education should include pharmacology, toxicology, medication administration or pharmacognosy appropriate to the current formulary and procedures authorized to be performed by the advanced practice chiropractic certification.

[16.4.15.10 NMAC - N, 3/31/2009; A, 1/30/2015, A, 4/9/2022]

16.4.15.11 CHIROPRACTIC FORMULARY:

A. Hormones for topical, sublingual, oral use

- (1) estradiol
- (2) progesterone
- (3) testosterone
- (4) desicated thyroid

B. Muscle relaxers; cyclobenzaprine

C. NSAIDs - prescription strength

- (1) ibuprofen
- (2) naproxen

D. Prescription medications for topical use

- (1) NMDC Ca2 dextromethorphan
- (2) NSAIDSs
 - (a) ketoprofen
 - (b) piroxicam
 - (c) naproxen
 - (d) ibuprofen
 - (e) diclofenac
- (3) muscle relaxers; cyclobenzaprine
- (4) sodium chanel antagonist; lidocaine

E. Homeopathics requiring prescription

F. Other substances by injection

- (1) sterile water
- (2) sterile saline
- (3) sarapin or its generic
- (4) caffeine
- (5) procaine HCL
- (6) epinephrine
- (7) homeopathic for injection

G. Glutathione for inhalation

[16.4.16.5 NMAC - Rp 16 NMAC 4.16.5, 8/10/2019]

16.4.16.6 OBJECTIVE:

This part establishes the requirements and possible penalties for non-compliance of the Parental Responsibility Act.

[16.4.16.6 NMAC - Rp 16 NMAC 4.16.6, 8/10/2019]

16.4.16.7 DEFINITIONS:

All terms defined in the Parental Responsibility Act shall have the same meanings in this part.

[16.4.16.7 NMAC - Rp 16 NMAC 4.16.7, 8/10/2019]

16.4.16.8 PARENTAL RESPONSIBILITY ACT COMPLIANCE:

A. The board adopts this rule pursuant to the Parental Responsibility Act (Ch. 25, Laws of 1995 40-5A-1 TO 40-5a-13 NMSA 1978). All terms defined in the Parental Responsibility Act shall have the same meanings in this rule.

B. If an applicant or licensee is not in compliance with a judgment or order for support, the board:

- (1)** shall deny an application for license;
- (2)** shall deny the renewal of a license; and
- (3)** has grounds for suspension or revocation of a license.

C. Upon determination that the name and social security number of an applicant or licensee appears on a certified list of obligors not in compliance with a judgment or order for support provided by the human services department, the board shall:

- (1)** notify the licensee that the licensee's name is on the certified list and that the licensee must provide the board with a subsequent certified statement from the

human services department or court order stating that the licensee is in compliance with such judgment or order for support; or

(2) commence a formal proceeding under Subsection C of 16.4.16.8 NMAC to take the appropriate action under Subsection A of 16.4.16.8 NMAC.

D. Prior to taking any action specified in Subsection A of 16.4.16.8 NMAC, the board shall serve upon the applicant or licensee a written notice stating that the board has grounds to take such action and that the board shall take such action unless the applicant or licensee:

(1) mails a letter (certified mail return receipt requested) within 20 days after service of the notice requesting a hearing; or

(2) provides the board, within 30 days of the date of the notice, a certified statement from the human services department or court order stating that the applicant or licensee is in compliance with a judgment or order of support.

E. In any hearing under this rule relevant evidence shall include, but not be limited to, the following:

(1) A certified statement from the human services department stating that the applicant or licensee is not in compliance with a judgment or order for support is prima facie evidence that requires the board to take any action under Subsection A of 16.4.16.8 NMAC of this rule, unless:

(2) The applicant or licensee can provide the board with a subsequent certified statement from the human service department or court order stating that the applicant or licensee is in compliance with such judgment or order for support. Such statement of compliance shall preclude the board from taking any action specified in Subsection A of 16.4.16.8 NMAC.

(3) Any other evidence which the applicant or licensee presents to evidence of compliance with a judgment or order of support.

F. When an action is taken under this rule solely because the applicant or licensee is not in compliance with a judgment or order of support, the board's order shall state that the application or license shall be reinstated upon presentation of a subsequent certified statement of compliance from the human services department or upon presentment of other proof of compliance.

G. Proceedings under this rule shall be governed by the Uniform Licensing Act, Section 61-1-1 NMSA 1978 et seq. (Repl. Pamp. 1993).

(Refer to 16.4.1 NMAC).

[16.4.17.7 NMAC - Rp 16 NMAC 4.17.7, 8/10/2019]

16.4.17.8 SUPERVISION OF INTERNS PRE AND POST:

A. The purpose for the intern program in New Mexico shall be to safely complete advanced training for the under graduate and graduate chiropractic intern in the areas including, but not limited to, history taking, exams, imaging procedures, proper shielding and radiation monitoring procedures and interpretation, patient report of findings, treatment recommendations, treatment room control, staff management, general clinic policies, problem solving skills, team concepts, goal setting, administrative skills, and other training the doctor may feel appropriate to complete the intern's advanced chiropractic training. This purpose enhances the professional training of the intern, the chiropractic college curriculum, the teaching skills of the doctor, the professional status of the profession of chiropractic and the professional standard of chiropractic health care available to New Mexico consumers.

B. Supervising doctor must have a current New Mexico license in "good standing" with the board and have been in active practice for at least three years.

C. Supervising doctor must have written verification from the college that intern or unlicensed graduate of a council on chiropractic education (CCE), or board approved equivalent thereof, accredited chiropractic college sanctioned intern program, and the doctor must assure compliance to the guidelines of the intern program.

D. Supervising doctor must personally train intern in chiropractic procedure.

E. Supervising doctor must be physically in the same building and immediately available in order for the intern to adjust any patient.

F. Public must be informed that the intern is an "intern chiropractor, not licensed in the state", and must sign an informed consent document approved by the board to this effect.

G. The supervising doctor must consult with intern prior to the intern's initial treatment of any patient.

H. Supervising doctor must continue to supervise progress of the patient and must personally treat the patient at least every third visit, or at any time there is a significant change in the patient's condition.

I. Supervising doctor may allow intern to assist in various exams and therapies after being trained and cleared by the supervising doctor on proper chiropractic procedures.

J. The supervising doctor must inform the college and the board if the intern is deemed professionally incompetent in diagnosis or treatment or if the intern has other personal habits (alcoholism, drug addiction, moral turpitude, etc.) that would be unsafe for the public.

K. A supervising doctor may not supervise more than two interns at one time. The board must approve the training of more than four interns in any individual or group practice at the same time.

L. Supervising doctor must register with the New Mexico board of chiropractic examiners the interns' names, the college they are from, and the term of the internship, and provide proof of malpractice insurance for the supervising doctor in minimum amount of \$100,000 per person - \$300,000 per occurrence coverage, at least 15 days before the first day of the internship.

M. Supervising doctor must sign an affidavit agreeing to abide by the rule as set forth in 16.4.17 NMAC.

N. The board is to be sent a copy of any regular report sent to the college involving the intern at the time the report is sent to the college.

[16.4.17.8 NMAC - Rp 16 NMAC 4.17.8, 8/10/2019]

16.4.17.9 CHIROPRACTIC INSURANCE CONSULTANTS AND PEER REVIEW CONTRACTORS:

A. Chiropractic insurance consultants and peer review contractors advise insurance companies, third-party administrators and other similar entities of New Mexico standards of:

(1) recognized and accepted chiropractic services and procedures permitted by the New Mexico chiropractic statute, usual and customary practices and procedures and administrative rules; and

(2) the propriety of chiropractic diagnosis and care.

B. All licensees who review chiropractic records for the purposes of determining the adequacy or sufficiency of chiropractic treatments, or the clinical indication for those treatments, shall notify the board annually that they are engaged in those activities and of the location where those activities are performed.

C. Any person or professional shall not hold themselves out as chiropractic insurance consultants or provide chiropractic peer review services unless they meet the following requirements:

(1) hold a current chiropractic license in New Mexico;

(2) have practiced chiropractic in the state of New Mexico during the immediately preceding five years;

(3) are actively involved in a chiropractic practice during the term of employment as a chiropractic insurance consultant or peer review consultant; active practice includes but is not limited to maintaining an office location and providing clinical care to patients that comprises more than fifty percent of their total compensable work product.

(Refer to 16.4.1 NMAC).

[16.4.18.7 NMAC - Rp 16 NMAC 4.18.7, 8/10/2019]

16.4.18.8 DIAGNOSTIC PROCEDURES:

A. Chiropractic physicians being primary care providers are authorized to perform diagnostic procedures specified in this regulation, on the general population ranging from pediatrics through geriatrics, which shall include the authority to perform and take.

- (1)** Medical case history.
- (2)** Physical examination of all body systems including, but not limited to:
 - (a)** skin, hair, nails, head, eyes, ears, nose, throat and teeth;
 - (b)** cardio-vascular and respiratory system, including auscultation;
 - (c)** thorax and abdomen, including breast and rectal examination, when clinically appropriate;
 - (d)** genito-urinary and reproductive system, to include vaginal and prostate examination, when clinically appropriate;
 - (e)** musculo-skeletal system;
 - (f)** neurological system.

B. Authority to order diagnostic procedures. Chiropractic physicians are authorized to order any diagnostic procedure reasonably necessary to clinically correlate a physical examination to a diagnostic impression, which shall include, but not be limited to:

- (1)** laboratory procedures involving the collection of human fluids such as saliva, blood, urine, vaginal and seminal fluids, hair, feces;
- (2)** EEG,EKG,ECG and surface or needle EMG;

(3) imaging procedures such as x-ray, CT scan, MRI, nuclear scans, PET scans, SPECT, ultrasonography, thermography or other pertinent diagnostic studies.

C. Authority to perform diagnostic procedures.

(1) Chiropractic physicians are required to perform appropriate diagnostic procedures reasonably necessary to clinically correlate a physical examination to a diagnostic impression, (excluding surgical procedures and invasive procedures not herein specified), including but not limited to the collection and testing of human fluids, such as saliva, blood, urine, vaginal and seminal fluids, hair, feces, and conventional radiography.

(2) Chiropractic physicians who are trained in a course of doctoral or post-doctoral studies certified with an accredited institution recognized by the board are authorized to perform diagnostic procedures, including but not limited to MRI, CT, nuclear scans, ultrasonography; thermography, B.E.A.M., EEG, EKG, ECG and surface or needle EMG.

[16.4.18.8 NMAC - Rp 16 NMAC 4.18.8, 8/10/2019]

16.4.18.9 MERIDIAN THERAPY:

A. Chiropractors who practice meridian therapy must do so in conjunction with standard chiropractic adjusting and/or manipulative techniques.

B. Chiropractors who practice meridian therapy may not advertise or promote themselves in the media to be acupuncturists unless licensed pursuant to the Acupuncture Act.

C. Dry needling is a physical intervention that uses a filiform needle to stimulate trigger points, diagnose and treat neuromuscular pain and functional movement deficits; is based on the western medical concepts; requires an examination and diagnosis, and treats specific anatomic entities selected according to physical signs. Dry needling does not include the stimulation of auricular distal points.

[16.4.18.9 NMAC - Rp 16 NMAC 4.18.9, 8/10/2019]

16.4.18.10 OBSTETRICS:

A. No chiropractor shall undertake to deliver a human child or to assist the mother of the child during such delivery, except in cases of emergency or where another practitioner of the healing arts whose license authorizes him or her to deliver human children is present and actively participating in the delivery.

B. Nothing in this regulation shall preclude a chiropractor from undertaking to provide prenatal care to a pregnant woman provided that the chiropractor affirmatively

advises the woman that it would be unlawful for the chiropractor to deliver the child and that the patient should make arrangements with another practitioner of the healing arts whose license authorizes him or her to deliver human children to attend the woman during her delivery; and provided further that during the course of the delivery the chiropractor refrains from any cutting of human tissues, including but not limited to the cutting of the umbilical cord.

C. Nothing in this regulation shall be construed to prevent a licensed chiropractor from obtaining a license in another healing arts profession which includes the delivery of human babies in the normal scope of its practice and from practicing obstetrics pursuant to such a second healing arts license.

[16.4.18.10 NMAC - Rp 16 NMAC 4.18.10, 8/10/2019]

16.4.18.11 IMAGING EXAMINATION:

A. The following requirements for imaging examination have been established because of concerns about over-radiation and unnecessary X-ray exposure. The following should appear on films:

- (1) patient's name and age;
- (2) doctor's name, facility name, and address;
- (3) date of study;
- (4) left or right marker;
- (5) other markers as indicated;
- (6) adequate collimation;
- (7) gonad shielding, where applicable.

B. Minimum of A-P and lateral views are necessary for any regional study unless clinically justified.

C. As clinical evidence indicates, it may be advisable to produce multiple projections where there is an indication of possible fracture, significant pathology, congenital defects, or when an individual study is insufficient to make a comprehensive diagnosis/analysis.

D. Each film should be of adequate density, contrast, and definition, and no artifacts should be present.

E. The subjective complaints, if any, and the objective findings substantiating the imaging study must be documented in the patient record.

F. These rules are intended to complement and not supersede those rules adopted by the environmental improvement board set forth in x-rays in the healing arts, 20.3.6 NMAC including but not limited to the requirement of certification.

[16.4.18.11 NMAC - Rp 16 NMAC 4.18.11, 8/10/2019]

16.4.18.12 CHIROPRACTIC EXERCISE AND THERAPUTIC TREATMENT OF THE NEUROMUSCULOSKETLETAL SYSTEM:

Chiropractic physicians may prescribe or administer all necessary mechanical, hygienic and sanitary measures incident to the care of the body including but not limited to air, sound, cold, diet, nutritional adjuncts, exercise, heat, light, massage, physical culture, rest, ultrasound, water, oxygen and electricity and other devices used for the delivery of chiropractic physiologic therapeutic procedures.

[16.4.18.12 NMAC - Rp 16 NMAC 4.18.12, 8/10/2019]

16.4.18.13 MANIPULATION UNDER ANESTHESIA:

Chiropractic physicians who can demonstrate training in a course of doctoral or post-doctoral studies certified within an accredited institution recognized by the board are authorized to perform manipulation under anesthesia, with that anesthesia administered by an appropriate, licensed provider.

[16.4.19.7 NMAC - Rp 16 NMAC 4.19.7, 8/10/2019]

16.4.19.8 CHIROPRACTIC ASSISTANT:

A. The minimum education requirement for a chiropractic assistant is high school graduation or equivalent with a minimum of three months of supervised training in the specific duties and procedures the chiropractic assistant will perform.

B. The chiropractic assistant can, under the supervision of the chiropractic physician, perform diagnostic tests and administer the use of any or all natural agencies imbued with the healing act such as food, water, heat, cold, electrical mechanical appliances, herbs, nutritional supplements and homeopathic remedies.

C. As used in this section, the term "under the supervision of the chiropractic physician" means that:

(1) the chiropractic physician shall have a current New Mexico license in "good standing" with the board;

(2) the chiropractic physician shall personally train the chiropractic assistant in any procedure they practice; and

(3) the chiropractic physician must be physically present in the same building and immediately available in order for the chiropractic assistant to treat the patient.

[16.4.20.5 NMAC - Rp 16.4.20.5 NMAC, 8/10/2019]

16.4.20.6 OBJECTIVE:

To establish guidelines for advertising which must be followed by all licensed chiropractic physicians and non-licensed chiropractic practice owners.

[16.4.20.6 NMAC - Rp 16.4.20.6 NMAC, 8/10/2019]

16.4.20.7 DEFINITIONS:

Refer to 16.4.1.7 NMAC.

[16.4.20.7 NMAC - Rp 16.4.20.7 NMAC, 8/10/2019]

16.4.20.8 STATEMENT OF POLICY:

It is the policy of the board that advertising by licensed practitioners of chiropractic should be regulated in order to fulfill the duty of the state of New Mexico to protect the health, safety and welfare of its residents, while not abridging any rights guaranteed to the practitioners or to the public by the Constitution of the United States and the Constitution of the state of New Mexico as construed by the United States supreme court and the New Mexico supreme court. To that end, the board permits the dissemination of legitimate information to the public concerning the science of chiropractic and individual practitioners thereof. Such dissemination of information must be done in accordance with this rule which is designed to reasonably facilitate the flow of accurate information and prevent fraudulent, false, deceptive, misleading or confusing advertising. Advertising not contrary to the prohibitions in this rule shall be deemed an appropriate means of informing the public of the availability of professional services.

[16.4.20.8 NMAC - Rp 16.4.20.8 NMAC, 8/10/2019]

16.4.20.9 CERTAIN ADVERTISING PROHIBITED:

A. Any chiropractor who disseminates or causes to be disseminated or allows to be disseminated any advertising which is in any way fraudulent, false, deceptive, misleading or confusing, shall be deemed to be in violation of the Chiropractic Physician Practice Act.

B. Fraudulent, false, deceptive, misleading or confusing advertising includes, but is not limited, to:

- (1)** advertising which contains a misrepresentation of any fact or facts;
- (2)** advertising which, because of its contents or the context in which it is presented, fails to disclose relevant or material facts or makes only partial disclosure of relevant or material facts;

(3) advertising which makes claims of, or conveys the impression of superior professional qualifications which cannot be substantiated by the chiropractor;

(4) advertising which contains distorted claims or statements about any individual chiropractor, chiropractic group or chiropractic office, clinic or center;

(5) advertising which creates unjustified expectations of beneficial treatment or successful cures;

(6) advertising which guarantees the results of any service, painless treatment, or which promises to perform any procedure painlessly;

(7) advertising which in any way appeals to fears, ignorance or anxieties regarding a persons state of health or physical or mental well-being;

(8) advertising which in any way intimidates or exerts undue pressure on the recipient;

(9) advertising which fails to conspicuously identify the chiropractor or chiropractors referred to in the advertising as practitioners of chiropractic by use of the term "chiropractor", "chiropractors", "chiropractic", "chiropractic physician", "chiropractic physicians", "doctor of chiropractic", or "doctors of chiropractic";

(10) advertising which fails to be conspicuously identified as "chiropractic" advertising;

(11) advertising which fails to conspicuously identify the chiropractic practice, office, clinic or center being advertised by a name which includes the term "chiropractor", "chiropractors", "chiropractic", "chiropractic physician", "chiropractic physicians", "doctor of chiropractic" or "doctors of chiropractic";

(12) advertising which invades the field of practice of other licensed healthcare practitioners when the chiropractor is not allowed by rule or license to practice such profession;

(13) advertising which appears in a classified directory or listing, or otherwise under a heading which, when considered alone or together with the advertisement, does not accurately convey the professional status of the chiropractor or the professional services being advertised;

(14) advertising which concerns a transaction that is in itself illegal;

(15) advertising which employs testimonials which, by themselves or when taken together with the remainder of the advertisement intimidate, exert undue pressure on, or otherwise improperly influence the recipient.

C. Advertising which offers gratuitous services or discounts in connection with professional services; provided, however, that advertising may offer gratuitous services or discounts if:

(1) such advertising clearly and conspicuously states whether or not additional charges may be incurred for related services which may be needed or appropriate in individual cases, and the possible range of such additional charges if such charges may be incurred;

(2) such advertising is not otherwise false, fraudulent, deceptive, misleading or confusing;

(3) such advertising offering a "spinal examination", "examination" or "scoliosis examination" or using any other similar phrase includes, at a minimum, the following tests or procedures: blood pressure, weight, height, reflexes, pulse, range of motion and orthopedic tests appropriate to the history; and

(4) such advertising offering "an examination" or using any other similar phrase includes the taking of a detailed problem focused history of the patient as it relates to the presenting complaints, and an appropriate neurological, orthopedic, and chiropractic physical examination including, where professionally indicated, the taking, developing and interpretation of x-rays and the performance and interpretation of laboratory or other specialized tests when necessary to establish a diagnosis; such x-rays and laboratory and other specialized tests must constitute a diagnostically complete study.

D. Advertisements may quote fixed prices for specific routine services if such advertising clearly and conspicuously states whether or not additional charges may be incurred for related services and the possible range of such additional charges if such charges may be incurred. A routine service is one which is not so unique that a fixed rate cannot meaningfully be established.

E. Chiropractors, their agents or any representatives who engage in telemarketing are required to inform the parties they call at the beginning of the call:

(1) who they are (caller's name);

(2) who they represent (clinic/doctor); and

(3) chiropractors, their agents or representatives engaging in telemarketing, either directly or through others, shall keep a voice recorded log of all phone call conversations and a written log to include date, telephone number, and the name of every person called; all such chiropractors, their agents or representatives shall keep such logs for a period of three years from the date of the telemarketing.

F. No chiropractor engaging in, or authorizing another to engage in, telemarketing of prospective patients shall misrepresent to the person called any association with an insurance company, other licensed health care provider or another chiropractor or group of chiropractors, nor shall such solicitor promise successful chiropractic treatment of injuries, or make any other misrepresentation of whatever kind for the purpose of selling chiropractic services.

G. No chiropractor engaging in, or authorizing another to engage in, telemarketing of prospective patients shall engage in such practices during hours prohibited by applicable municipal ordinance or state law, or in the absence of either, then other than between the hours 9 a.m. and 8 p.m. local time.

H. No chiropractor engaging in, or authorizing another to engage in, telemarketing of prospective patients shall make more than one telephone call to any telephone number unless requested by the recipient to call again.

I. No chiropractor shall advertise directly or indirectly, through any device or artifice, that the advertising chiropractor will not collect from any prospective patient, that patient's insurance deductible or co-payment obligations arising by virtue of any medical insurance policy provided for the payment, in whole or in part, of any chiropractor's charge. The words free initial consultation must be explicitly explained what a consultation consist of and at exactly what point charges begin to accrue with clear delineation between a free consultation and an exam with treatment for which services will be charged. At no time can any representation in regards to payment for services be misleading to the consumer or patient and it must be stated up front that if the patient decides to accept the care that they will be charged for all services and that payment will be expected whether it be from the patient, third-party payor, insurance, or medpay.

J. No applicant for licensure to practice chiropractic, and no unlicensed practitioner, shall advertise chiropractic services in this state in any way.

K. All advertisements by a chiropractor must include the full name of the chiropractor as it appears on his or her chiropractic license followed by the letters D.C. or the designation "chiropractor", "chiropractic physician" or "doctor of chiropractic".

L. Any form of solicitation offered to individuals whose identities are known through the use of any form of public record, including but not limited to police reports, shall be reviewed and approved by the board and re-approved annually. Unless specifically disapproved by the committee designated by the board the copy submitted may be used for patient solicitation. If approved or disapproved, that information shall be communicated to the submitting doctor within 30 days of submission. The submitting physician has the right to request a determination be made by the full board at its next scheduled meeting. The board holds the right during each renewal cycle to complete a random audit of all written materials, and mandatory voice recordings of all phone

conversations for a period up to three years following any telemarketing procedures from public record.

M. Any direct, individual contact by a licensee or the agent of a licensee with prospective patients through the use of public records, including but not limited to police or accident reports is prohibited.

N. The script for any telemarketing advertising shall be submitted to the board for approval and must be resubmitted yearly for ongoing use by any licensee or their agent.

[16.4.22.7 NMAC - Rp 16.4.22.7 NMAC, 8/10/2019]

16.4.22.8 ADMINISTRATIVE FEES:

A. In accordance with Subsection F of Section 61-4-7 and Subsection B of Section 61-4-13 NMSA 1978 of the New Mexico Chiropractic Physicians Practice Act, the board of chiropractic examiners establishes the following nonrefundable fees:

(1) Initial application for licensure/certification:

- (a) application fee \$350;
- (b) expedited license application fee \$200;
- (c) initial license fee \$350;
- (d) advanced practice certification application fee \$100.

(2) Reinstatement and reactivation:

- (a) reinstatement of license \$125 (in addition to back renewal and penalty fees for each year, not to exceed two years);
- (b) reactivation application fee \$200.

(3) Annual renewal fees:

- (a) active \$300;
- (b) inactive \$100;
- (c) advanced practice certification \$100;

(d) impairment fee of \$25 in addition to the license renewal fee, each chiropractor subject to renewal will be assessed an amount not to exceed \$60 per renewal period;

(e) penalty for late renewal \$100 (per month or portion of a month for which the license renewal fee is in arrears, the penalty not to exceed \$1000).

(4) Continuing education seminars and programs:

(a) continuing education fee individual course \$50;

(b) continuing education seminars and programs provided by entities or organizations that meet the criteria established by the board under Subsections E and F of 16.4.10.8 NMAC and who intend to submit approval for more than 10 but less than 25 continuing education programs or seminars will be assessed a fee of \$500.

(5) Any requests for approval that exceed 25 continuing education programs or seminars will be assessed a fee of:

(a) \$50/program or seminar or;

(b) a fee of \$500 if approval is for more than 10 but less than 25 continuing education programs or seminars.

(6) Miscellaneous fees listed below will be approved annually by the board and made available by the board office upon request:

(a) photocopying \$0.25;

(b) written license verifications \$25;

(c) list of licensees \$75;

(d) duplicate licenses \$25;

(e) duplicate renewal certificate \$25;

(f) copies of statutes, rules and regulations are free online at board web site.

B. The board shall annually designate that proportion of renewal fees which shall be used for the exclusive purposes of investigating and funding hearings regarding complaints against chiropractic physicians.

CHAPTER 5: DENTISTRY (DENTISTS, DENTAL HYGIENISTS, ETC.)

PART 1: GENERAL PROVISIONS

16.5.1.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.1.1 NMAC - Rp, 16.5.1.1 NMAC, 5/31/2023]

16.5.1.2 SCOPE:

The provisions in 16.5.1 NMAC apply to all parts of Chapter 5 and provide relevant information to all licensees or certificate holders or anyone affected or interested in the licensing and regulation of dentists, dental hygienists and dental assistants, dental therapists, and non-dentist owners.

[16.5.1.2 NMAC - Rp, 16.5.1.2 NMAC, 5/31/2023]

16.5.1.3 STATUTORY AUTHORITY:

Section 61-5A-1 through Section 61-5A-29, NMSA 1978, (Repl. Pamp. 1996). 16.5.1.10 NMAC is authorized by Subsection C of Section 10-15-1 NMSA 1978, (Repl. Pamp. 1993) 16.5.1.11 NMAC and 16.5.1.12 NMAC are authorized by Section 14-2-1 through 14-2-16, NMSA 1978, (Repl. Pamp. 1993). 16.5.1.26 NMAC is authorized by Section 14-16-18, NMSA 1978.

[16.5.1.3 NMAC - Rp, 16.5.1.3 NMAC, 5/31/2023]

16.5.1.4 DURATION:

Permanent.

[16.5.4 NMAC - Rp, 16.5.4 NMAC, 5/31/2023]

16.5.1.5 EFFECTIVE DATE:

May 31, 2023, unless a different date is cited at the end of a section.

[16.5.1.5 NMAC - Rp, 16.5.1.5 NMAC, 5/31/2023]

16.5.1.6 OBJECTIVE:

The objective of Part 1 is to set forth the provisions which apply to all of Chapter 5, and to all persons and entities affected or regulated by Chapter 5 of Title 16.

[16.5.1.6 NMAC - Rp, 16.5.1.6 NMAC, 5/31/2023]

16.5.1.7 DEFINITIONS:

A. Definitions beginning with the letter "A":

(1) **"Act"** means the Dental Health Care Act, Sections 61-5A-1 through 61-5A-29, NMSA 1978.

(2) **"Assessment"** means the review and documentation of the oral condition, and the recognition and documentation of deviations from the healthy condition, without a diagnosis to determine the cause or nature of disease or its treatment.

(3) **"Authorization"** means written or verbal permission from a dentist to a dental hygienist, dental assistant, dental therapist, community dental health coordinator, expanded function dental auxiliary, or dental student to provide specific tests, treatments or regimes of care.

B. Definitions beginning with the letter "B": [RESERVED]

C. Definitions beginning with the letter "C":

(1) **"CDCA/WREB/CITA"** means the commission of dental competency assessments, the western regional examining board and the council of interstate testing agencies; a separate and independent entity not including any successor, which acts as a representative agent for the board and committee in providing written and clinical examinations to test the applicant's competence to practice in New Mexico.

(2) **"CITA"** means the council of interstate testing agencies, a separate and independent entity not including any successor, which acts as a representative agent for the board and committee in providing written and clinical examinations to test the applicant's competence to practice in New Mexico.

(3) **"Close personal supervision"** means a New Mexico licensed dentist directly observes, instructs and certifies in writing the training and expertise of New Mexico licensed or certified employees or staff.

(4) **"Consulting dentists"** means a dentist who has entered into an approved agreement to provide consultation and create protocols with a collaborating dental hygienist and, when required, to provide diagnosis and authorization for services, in accordance with the rules of the board and the committee.

(5) **"CRDTS"** means the central regional dental testing service, a separate and independent entity not including any successor, which acts as a representative agent for the board and committee in providing written and clinical examinations to test the applicant's competence to practice in New Mexico.

(6) **"Current patients of record"** means the New Mexico licensed dentist has seen the patient in the practice in the last 12 months.

D. Definitions beginning with the letter "D":

(1) **"Dental hygiene-focused assessment"** means the documentation of existing oral and relevant systemic conditions and the identification of potential oral disease to develop, communicate, implement and evaluate a plan of oral hygiene care and treatment.

(2) **"Dental record"** means electronic, photographic, radiographic or manually written records.

(3) **"Diagnosis"** means the identification or determination of the nature or cause of disease or condition.

(4) **"Direct supervision"** means the process under which an act is performed when a dentist licensed pursuant to the Dental Health Care Act:

(a) is physically present throughout the performance of the act;

(b) orders, controls and accepts full professional responsibility for the act performed;

(c) evaluates and approves the procedure performed before the patient departs the care setting; and

(d) is capable of responding immediately if any emergency should arise.

(5) **"Disqualifying criminal conviction"** means a conviction for a crime that is job-related for the position in question and consistent with business necessity.

E. Definitions beginning with the letter "E":

(1) **"Electronic signature"** means an electronic sound, symbol or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

(2) **"Extenuating circumstances"** are defined as a serious, physician-verified illness or death in immediate family, or military service. The extenuating circumstances must be presented for the board's consideration on a case-by-case basis.

F. Definitions beginning with the letter "F": [RESERVED]

G. Definitions beginning with the letter "G": "General supervision" means the authorization by a dentist of the procedures to be used by a dental hygienist, dental assistant, expanded function dental auxiliary, dental student, dental therapist, or community dental health coordinator and the execution of the procedures in accordance

with a dentist's diagnosis and treatment plan at a time the dentist is not physically present and in facilities as designated by the rules of the board.

H. Definitions beginning with the letter "H": [RESERVED]

I. Definitions beginning with the letter "I":

(1) **"Impaired Act"** means the Impaired Dentists and Dental Hygienists Act, Sections 61-5B-1 through 61-5B-11 NMSA 1978.

(2) **"Indirect supervision"** means that a dentist, or in certain settings a dental hygienist or dental assistant certified in expanded functions, is present in the treatment facility while authorized treatments are being performed by a dental hygienist, dental assistant, dental therapist, or dental student as defined in 61-5A-3 NMSA 1978.

J. Definitions beginning with the letter "J": "Jurisprudence exam" means the examination given regarding the laws, rules and regulations, which relate to the practice of dentistry, dental hygiene, dental therapy and dental assisting in the state of New Mexico.

K. Definitions beginning with the letter "K": [RESERVED]

L. Definitions beginning with the letter "L": "Licensee" means an individual who holds a valid license to practice dentistry, dental therapy or dental hygiene in New Mexico. This also includes non-dentist owners who are licensed in New Mexico.

M. Definitions beginning with the letter "M": "Mobile dental facility" means a facility in which dentistry is practiced and that is routinely towed, moved or transported from one location to another.

N. Definitions beginning with the letter "N":

(1) **"NERB/CDCA"** means the former north east regional board of dental examiners, now called the commission of dental competency assessments, a separate and independent entity not including any successor, which acts as a representative agent for the board and committee in providing written and clinical examinations to test the applicant's competence to practice in New Mexico.

(2) **"Non-dentist owner"** means an individual not licensed as a dentist in New Mexico or a corporate entity not owned by a majority interest of a New Mexico licensed dentist that employs or contracts with a dentist or dental hygienist to provide dental or dental hygiene services and that does not meet an exemption status as detailed in Subsection G of Section 61-5A-5 NMSA 1978.

O. Definitions beginning with the letter "O": [RESERVED]

P. Definitions beginning with the letter "P":

(1) **"Palliative procedures"** means nonsurgical, reversible procedures that are meant to alleviate pain and stabilize acute or emergent problems.

(2) **"Portable dental unit"** means a non-facility in which dental equipment used in the practice of dentistry is transported to and used on a temporary basis at an out-of-office location.

(3) **"Professional background service"** means a board designated professional background service, which compiles background information regarding an applicant from multiple sources.

(4) **"Protective patient stabilization"** means any manual method, physical or mechanical device, material, or equipment that immobilizes or reduces the ability of a patient to move his or her arms, legs, body, or head freely.

(5) **"Provider"** means a provider of dental health care services, including but not limited to dentists, dental hygienists, dental therapists, community dental health coordinators and dental assistants, including expanded function dental auxiliaries.

Q. Definitions beginning with the letter "Q": [RESERVED]

R. Definitions beginning with the letter "R": [RESERVED]

S. Definitions beginning with the letter "S":

(1) **"Specialist"** means a specialty is an area of dentistry that has been formally recognized by the board and the American dental association as meeting the specified requirements for recognition of dental specialists.

(2) **"SRTA"** means the southern regional testing agency, a separate and independent entity not including any successor, which acts as a representative agent for the board and committee in providing written and clinical examinations to test the applicant's competence to practice in New Mexico.

(3) **"Supervising dentist"** means a dentist that maintains the records of a patient, is responsible for their care, has reviewed their current medical history and for purposes of authorization, has examined that patient within the previous 11 months or will examine that patient within 30 days of giving authorization.

(4) **"Supervision"** means the dentist shall adequately monitor the performance of all personnel, licensed or unlicensed, that he or she supervises. The dentist is ultimately responsible for quality patient care and may be held accountable for all services provided by administrative and clinical individuals that the dentist supervises.

T. Definitions beginning with the letter "T":

(1) **"Teledentistry"** means a dentist's, dental hygienist's or dental therapist's use of electronic information, imaging and communication technologies, including interactive audio, video and data communications as well as store-and-forward technologies, to provide and support dental health care delivery, diagnosis, consultation, treatment, transfer of dental data and education."

(2) **"Third Party payer"** means an organization other than the patient (1st party) or the health care provider (2nd party) involved in the financing of personal health services.

U. Definitions beginning with the letter "U": [RESERVED]

V. Definitions beginning with the letter "V": [RESERVED]

W. Definitions beginning with the letter "W":

(1) **"WREB"** means the western regional examining board, which acts as the representative agent for the board and committee in providing written and clinical examinations to test the applicant's competence to practice in New Mexico.

(2) **"Written authorization"** means a signed and dated prescription from a supervising dentist to provide specific tests, treatments or regimes of care in a specified location for 30 days following the date of signature.

X. Definitions beginning with the letter "X": [RESERVED]

Y. Definitions beginning with the letter "Y": [RESERVED]

Z. Definitions beginning with the letter "Z": [RESERVED]

[16.5.1.7 NMAC - Rp, 16.5.1.7 NMAC, 5/31/2023]

16.5.1.8 LICENSE DISPLAY:

A valid license, certificates or permits must be displayed and must be visible to the public in each place of employment or business of the licensee.

[16.5.1.8 NMAC - Rp, 16.5.1.8 NMAC, 5/31/2023]

16.5.1.9 RESPONSIBILITY OF LICENSEE OR CERTIFICATE HOLDER:

A. It is the responsibility of the licensee or certificate holder to keep the board informed of a current mailing address. All correspondence, including renewal forms, will

be mailed to the last address on file. The board assumes no responsibility for renewal applications or other correspondence not received because of a change of address.

B. The board must be informed of current practice address(s) for all licensees or certificate holders. Any change in practice address(s) must be reported to the board in writing within 30 days of the change.

[16.5.1.9 NMAC - Rp, 16.5.1.9 NMAC, 5/31/2023]

16.5.1.10 SEVERABILITY:

If any part of these rules are held invalid by a court of competent jurisdiction, the remaining provisions of the rules shall remain in force and effect, unless otherwise determined by a court of competent jurisdiction.

[16.5.1.10 NMAC - Rp, 16.5.1.10 NMAC, 5/31/2023]

16.5.1.11 TELEPHONE CONFERENCES:

As authorized by Subsection C of Section 10-15-1 NMSA 1978 of the Open Meetings Act, NMSA 1978, when it is difficult or impossible for a member of the board or committee to attend a meeting in person, the member may participate through a conference telephone. Each member participating by conference telephone must be identified when speaking, all participants must be able to hear each other at the same time and members of the public attending the meeting must be able to hear any member of the board or committee who speaks during the meeting.

[16.5.1.11 NMAC - Rp, 16.5.1.11 NMAC, 5/31/2023]

16.5.1.12 PUBLIC RECORDS:

Except as provided herein and except as otherwise provided by law, all applications, pleadings, petitions and motions are matters of public record at the time of filing with the board. Upon notification of the defendant, the notice of contemplated action, or the pre notice of contemplated action settlement agreed upon prior to the issuance of an notice of contemplated action and the information contained in the complaint file becomes a public record and subject to disclosure. With the exemption of voluntarily admission to a monitored treatment program shall not be public record. (Refer to 61-5A-25, NMSA 1978).

[16.5.1.12 NMAC - Rp, 16.5.1.12 NMAC, 5/31/2023]

16.5.1.13 INSPECTION OF PUBLIC RECORDS:

The board operates in compliance with the Inspection of Public Records Act, Sections 14-2-1 through 14-2-16, NMSA 1978. The board administrator is the custodian of the board's records.

[16.5.1.13 NMAC - Rp, 16.5.1.13 NMAC, 5/31/2023]

16.5.1.14 NON-PUBLIC RECORDS:

The following records are considered confidential and are not subject to public inspection:

- A.** letters of reference, if applicable;
- B.** medical reports or records of chemical dependency, physical or mental examinations or treatment as outlined in the rules governing the impaired practitioner program;
- C.** examination scores;
- D.** the contents of any examination used to test for an individual's knowledge or competence;
- E.** investigative files;
- F.** written and oral communication relating to actual or potential disciplinary action, including complaints; and
- G.** matters of opinion.

[16.5.1.14 NMAC - Rp, 16.5.1.14 NMAC, 5/31/2023]

16.5.1.15 GUIDELINES FOR APPROVED CONTINUING EDUCATION:

A. Continuing education is defined as dental related education that contributes to the existing knowledge base of a licensee or certificate holder, which would include but not limited to; treatment modalities, advances in science, patient health, safety, and management; practice and workplace management for the practice of dentistry, dental therapy, dental hygiene and dental assisting.

B. Credit hours:

- (1) one hour of credit will be granted for every hour of contact instruction.
- (2) eight hours shall be the maximum number of continuing education credits granted in a single day.

C. Approved providers and sponsors: The following providers are approved for delivering continuing education.

(1) local, state, regional, national, or international dental, dental hygiene, dental assisting or medical related professional associations or organizations; and affiliate organization using their approved CE program designations.

(2) institutions accredited by the United States department of education.

(3) Federal and State Governmental agencies such as military dental division or the Veterans Administration.

(4) hospitals and medical clinics.

(5) board approved study clubs as further defined in Subsection H of 16.5.1.15 NMAC.

D. Approved methods for acquiring continuing education:

(1) attendance at scientific meetings or sessions.

(2) live virtual webinars. (i.e., courses conducted live, in real-time with the ability to interact with the speaker.

(3) Self-study. A method of instruction that is self-paced such as those offered through magazines, articles, pre-recorded audio or video recordings which are viewed or listened to at a later date.

(a) a post instruction examination must be successfully completed for all self-study methods.

(b) a licensee is allowed a maximum of 30 hours in the category of self-study per triennial renewal period.

(4) Medical education courses that are accredited by the American council for continuing medical education (ACCME) shall be limited to eight hours per triennial period.

(5) Courses not sponsored by a recognized provider as indicated in Subsection C of 16.5.1.15 NMAC may be approved for credit by the secretary-treasurer or delegate of the board; the application for approval must include the course outline, date, location, hours, names and qualifications of presenters.

E. Basic life support (BLS) or cardiopulmonary resuscitation (CPR). A licensee is eligible to receive hour for hour credit for course taken to acquire this certification.

(1) Certification must be acquired through a live hands-on course or through a hybrid method where demonstration of skills is still required.

- (2) Certification acquired through a self-study only course, is not allowed.

F. Additional approved activities eligible for continuing education credit:

(1) presenting. An original presentation by a licensee is eligible to receive hour for hour credit for preparation and delivery of such presentation. A licensee shall be allowed a maximum of eight hours each triennial period. The licensee shall retain as proof of such presentation an outline, date, place and sponsor of the presentation.

(2) clinical examiners for regional boards. A licensee participating in the training and calibration sessions of a regional board examination shall be allowed a maximum of 24 hours each triennial period.

(3) volunteer for the board or committee. A non-board or non-committee licensee volunteering for the board of committee may receive up to 10 hours of continuing education for board approved activities; including serving as a hearing officer, investigator, mentor, or monitor.

(4) approved charitable events. A licensee participating in a board or dental hygiene committee approved charitable event shall be allowed a maximum of eight hours each triennial period.

(5) graduate or post-graduate. Courses taken by a licensee at institutions of higher education for the purpose of receiving a dental related degree, advanced degree or certificate are eligible for continuing education credit. A licensee shall be allowed 10 hours per semester credit hour, as assigned in the course catalogue of the educational institution.

(6) professional training programs. Such as those taken for acquiring expanded certifications or education. Examples include but not limited to, trainings for local anesthesia and expanded function dental auxiliary certification. When given by an approved provider as defined in Subsection C of 16.5.1.15 NMAC.

(7) academic Teaching. A licensee who instructs as a full, part, or adjunct faculty, at a dental related program is allowed a maximum of 5 continuing education hours per semester credit hour that is taught at an institution of higher education. Not to exceed a maximum of 10 credit hours per triannual renewal.

(8) jurisprudence exam. A licensee or certificate holder may take the board's open book jurisprudence examination, up to once a year, and be granted three hours of continuing education credit for successfully passing the exam with a score of seventy-five percent or above. There will be a twenty-five dollar (\$25) administrative fee for the exam to cover the cost of handling.

G. Course limitations and courses not allowed.

(1) Courses that are primarily in relationship to maximizing income, billing, or marketing in the dental or dental hygiene practice shall be limited to eight hours per triennial period.

(2) Courses dealing largely with money management, personal finances or personal business matters, and courses in basic educational or cultural subjects that are not taught in direct relationship to dental care may not be used to fulfill continuing education requirements.

(3) CE received as part of declaratory decree or as a result of disciplinary order shall not count toward the total triennial continuing education hours needed by the licensee. or certificate holder.

H. Approved study clubs. The board may approve study clubs which meet the following criteria:

(1) Composed of not less than five licensees with elected officers, written bylaws, and regular meetings.

(2) Organized for the purpose of scientific study.

(3) The approved club must keep records of continuing education information or material presented the number of hours and the members in attendance; audio-visual recordings or similar media produced or distributed by approved providers may be used; guest speakers may also be used to present educational material.

I. Verification of course attendance. The following documents, or combination of documents, may be used to verify attendance in the required continuing education:

(1) course certificate with the course title, content, presenter, sponsor and hours;

(2) pamphlet of course with same information as requested on certificate along with proof of purchase;

(3) course attendance sheet submitted from the sponsor;

(4) course code or statement of attendance from presenter or sponsor of licensee attendance;

(5) for out of state courses and meetings when certificates or sign-in sheets are not available, the licensee may provide a copy of the registration form, with a copy of courses in printed form which were offered, identify the ones attended, along with information regarding travel and lodging accommodations for the meeting;

(6) licensee is responsible for maintaining records of all CEUs for one year following the renewal cycle.

[16.5.1.15 NMAC - Rp, 16.5.1.15 NMAC, 5/31/2023]

16.5.1.16 CONTROL AND PREVENTION OF BLOODBORNE INFECTIONS:

The following rules are enacted to prevent transmission of the human immunodeficiency virus (HIV), hepatitis B infectious state (i.e. acute infection and chronic carriers only) (HBV), the hepatitis C virus (HCV), and other blood borne infections.

A. Requirements for providers. Any provider licensed or certified by the New Mexico board of dental health care must comply with the guidelines established in this rule. A provider who fails to use appropriate infection control techniques and sterilization procedures to protect patients may be subject to disciplinary action by the board.

B. Infection control as a standard of care. In offices and facilities providing dental services, compliance with the following policies and procedures are required to further reduce the low risk of infection:

(1) implementation of policies and procedures to minimize occupational exposure to potentially infectious materials (e.g. blood); guidelines or recommendations of the American dental association, American dental hygienists' association, center for disease control, and the occupational safety and health administration must be followed;

(2) strict adherence to infection control practices and universal barrier precautions are mandatory in all dental care settings and shall include sterilization of instruments and hand pieces, after each use, by any acceptable sterilization technique as currently recognized by the center for disease control; and

(3) policies and procedures must be implemented to report and manage patient and provider exposure to blood; affected individuals must be notified when exposure may constitute a significant risk of transmission of blood borne infection; the notification must include the nature of possible infection, but need not include the identity of the provider should the provider be the known source of infection.

C. Infection control training. All providers shall have formal training in infection control techniques. Training is a requirement for licensure, as well as for renewal of all licenses and certificates. The course must be approved in accordance with 16.5.1.15 NMAC or sponsored by the occupational safety and health administration.

D. Evaluation of provider with blood borne infection.

(1) Counseling and testing recommended. The board and committee strongly recommend counseling and testing of any provider for HIV, HBV, HCV and other blood borne infections.

(2) Evaluation of individual cases. Providers who have transmissible blood borne infections and who perform invasive procedures which might cause increased risk of transmission are strongly urged to submit to a voluntary evaluation process established by the New Mexico department of health. Individual evaluations conducted under the auspices of the New Mexico department of health will be strictly confidential unless that agency recommends practice restrictions. The New Mexico department of health will notify the board and committee of recommended practice restrictions. Any violation of practice restrictions will be considered grounds for disciplinary action by the board and committee.

(3) Impairment evaluation. If a dental health care provider licensed or certified by the board has a functional impairment due to blood borne infection or other medical impairment, they must contact the impaired committee of the board.

E. Confidentiality for dental health care workers.

(1) The board and committee recognize providers are not required to disclose blood borne infections to patients or employers unless they cannot perform the essential duties of their job or practice, or unless the provider poses a danger to patient safety.

(2) Any retrospective studies of New Mexico providers shall be carried out under the guidance and direction of the New Mexico department of health.

[16.5.1.16 NMAC - Rp, 16.5.1.16 NMAC, 5/31/2023]

16.5.1.17 BOARD OF DENTAL HEALTH CARE:

A. Officers. The board shall elect a chair, vice-chair, and secretary-treasurer at the first regularly scheduled meeting in each calendar year.

B. Committee members. Two dentist members and two public members from the board shall be elected to serve as members of the dental hygienists committee at the first regularly scheduled meeting in each calendar year.

[16.5.1.17 NMAC - Rp, 16.5.1.17 NMAC, 5/31/2023]

16.5.1.18 DENTAL HYGIENIST COMMITTEE:

A. Officers. The committee shall elect a chair, vice-chair, and secretary at the first regularly scheduled meeting in each calendar year.

B. Board members. Two dental hygienists members of the committee shall be elected to serve as members of the board of dental health care by a simple majority vote at the first regularly scheduled meeting in the calendar year.

[16.5.1.18 NMAC - Rp, 16.5.1.18 NMAC, 5/31/2023]

16.5.1.19 BOARD AND COMMITTEE MEETINGS:

The board and committee shall meet at least four times a year, regular meetings shall not be more than 120 days apart, and only two of those meetings may be public rules hearings.

[16.5.1.19 NMAC - Rp, 16.5.1.19 NMAC, 5/31/2023]

16.5.1.20 [RESERVED]:

[16.5.1.20 NMAC - Rp, 16.5.1.20 NMAC, 5/31/2023]

16.5.1.21 CONSULTING SERVICES; CLAIMS REVIEW BY INSURANCE COMPANIES OR THIRD PARTY PAYERS:

A dentist who reviews dental insurance or third party payment claims for patients being treated by a dentist in New Mexico must meet the following requirements:

A. be a current New Mexico licensed dentist; and

B. within 60 days, of initial agreement or contract with insurance company or third party payer, the reviewing dentist must provide the board office with the dentist's license number and name of the insurance company or third party payer for which the dentist is providing claims review services.

[16.5.1.21 NMAC - Rp, 16.5.1.21 NMAC, 5/31/2023]

16.5.1.22 LEGAL EXPERT WITNESS REQUIREMENTS:

A dentist who testifies in a malpractice case(s) or legal case(s) involving New Mexico licensed dentists and procedures performed in New Mexico must also be a current New Mexico licensed dentist and in good standing.

[16.5.1.22 NMAC - Rp, 16.5.1.22 NMAC, 5/31/2023]

16.5.1.23 PARENTAL RESPONSIBILITY ACT; DELEGATION OF AUTHORITY:

The authority of the New Mexico board of dental health care to issue a notice of contemplated action, to refer cases in which a notice of contemplated action has been issued for administrative prosecution, to hold hearings and issue decision and orders to any licensee or applicant for licensure whose name appears on the certified list issued

by the New Mexico department of human services, as provided in Section 40-5A-1, et seq., NMSA 1978, may be delegated to the New Mexico regulation and licensing department. This section shall not be construed to deprive the board of its authority to issue a notice of contemplated action for any violation of the Parental Responsibility Act, to refer a case for administrative prosecution, hold a hearing or issue a decision and order for any violation of the Parental Responsibility Act.

[16.5.1.23 NMAC - Rp, 16.5.1.23 NMAC, 5/31/2023]

16.5.1.24 RECORD KEEPING:

All records of patient treatment must be maintained for at least six years. If a dentist or non-dentist owner retires or is no longer practicing in New Mexico, the dentist or non-dentist owner must provide the following documentation to the board office:

- A.** actual date of retirement or date of no longer practicing in New Mexico;
- B.** proof of written notification to all patients currently under active treatment; and

C. the location where all active dental treatment records will be maintained for a minimum of six years; active treatment records are records of patients in the 12 previous months to the date of closing practice, the notification to the board must include the name, address, and telephone number of the person who is serving as the custodian of the records.

[16.5.1.24 NMAC - Rp, 16.5.1.24, 5/31/2023]

16.5.1.25 CODE OF ETHICS:

Unless otherwise stated in the rules or statute, the board, licensees and certificate holders shall refer to the most recent version of the American dental association (ADA) code of ethics for guidance.

[16.5.1.25 NMAC - Rp, 16.5.1.25 NMAC, 5/31/2023]

16.5.1.26 ELECTRONIC SIGNATURES:

The board will accept electronic signatures on all applications and renewals submitted for professional licensure under the Dental Health Care Act, Sections 61-5A-1 to-30, NMSA 1978.

[16.5.1.26 NMAC - Rp, 16.5.1.26 NMAC, 5/31/2023]

16.5.1.27 PROTECTIVE PATIENT STABILIZATION:

Unless otherwise stated in rules or statute, the board, licensees and certificate holders shall refer to the American academy of pediatric dentistry's guidelines on protective patients stabilization.

[16.5.1.27 NMAC - Rp, 16.5.1.27 NMAC, 5/31/2023]

16.5.1.28 MOBILE DENTAL FACILITIES AND PORTABLE DENTAL UNITS:

Dentists and dental hygienists that perform services in mobile dental facilities or use portable dental units shall use the following guidelines:

- A.** Maintain all records, either paper or electronic in a secure form or location.
- B.** Provide to the board, upon request, all treatment records and locations of treatment.
- C.** Provide to the board, upon request, the name, address, and contact information of the owner/operator of the mobile dental facility.
- D.** Provide each patient, parent, or guardian with the name(s) of the dentist or hygienist providing treatment and contact information immediately after treatment.
- E.** Have agreements in place with New Mexico licensed dentists for any immediate follow-up care.
- F.** Dentists and hygienists shall display a copy of their license and registration within or directly outside the mobile dental facility or areas in which portable dental units are utilized. Exceptions:
 - (1) occasional services provided to a patient of record of a fixed dental office who is treated outside of the dental office;
 - (2) services publicly funded and provided solely as a public health measure;
 - (3) services provided to a patient by an accredited dental or dental hygiene school;
 - (4) services by a dentist, physician, or CRNA providing sedation in a dental office;
 - (5) collaborative hygienists in compliance with rules established in 16.5.17 NMAC.

[16.5.1.28 NMAC - Rp, 16.5.1.28 NMAC, 5/31/2023]

16.5.1.29 ADVERTISING, PROMOTIONS AND SPECIALTY RECOGNITIONS FOR ALL LICENSEES:

This rule applies to advertising in all types of media that is directed to the public. No dentist, dental hygienist, non-dentist owner, or their representatives shall advertise in any form of communication in a manner that is misleading, deceptive, or false. The licensee will be responsible for any third party making such false claims or misleading advertising on their (licensee's) behalf.

A. Definitions:

(1) for the purposes of this section, "advertising/advertisement" is:

(a) any written or printed communication for the purpose of soliciting, describing, or promoting a dentist's, hygienist's, non-dentist owner's licensed activity, including, but not limited to, a brochure, letter, pamphlet, newspaper, directory listing, periodical, business card or other similar publication;

(b) any radio, television, internet, computer network or similar airwave or electronic transmission which solicits or promotes the dental practice;

(c) "advertising" or "advertisement" does not include any of the following;

(i) any printing or writing on buildings, uniforms or badges, where the purpose of the writing is for identification;

(ii) any printing or writing on memoranda or other communications used in the ordinary course of business where the sole purpose of the writing is other than the solicitation or promotion of the dental practice;

(iii) any printing or writing on novelty objects or dental care products.

(2) "bait advertising" is an alluring but insincere offer to sell a product or service which the advertiser in truth does not intend or want to sell. Its purpose is to switch consumers from buying the advertised merchandise or services, in order to sell something else, usually at a higher price or on a basis more advantageous to the advertiser. The primary aim of a bait advertisement is to obtain leads as to persons interested in buying merchandise or services of the type so advertised. See 16 U.S.C Section 238.

B. General requirements:

(1) at the time any type of advertisement is placed, the licensee must in good faith possess and provide to the board upon request information that would substantiate the truthfulness of any assertion, omission, or claim set forth in the advertisement;

(2) the board recognizes that clinical judgment must be exercised by a dentist or dental hygienist. Therefore, a good faith diagnosis that the patient is not an appropriate candidate for the advertised dental or dental hygiene service or product is not a violation of this rule;

(3) licensee shall be responsible for, and shall approve any advertisement made on behalf of the dental or dental hygiene practice, except for brand advertising, i.e. advertising that is limited to promotion of the name of the practice or dental corporation. The licensee shall maintain a record documenting their approval and shall maintain such record for a period of three years.

C. The term false advertising means advertising, including labeling, which is misleading in any material respect; and in determining whether any advertising is misleading, there shall be taken into account among other things not only representations made by statement, word, design, sound or any combination thereof, but also the extent to which the advertising fails to reveal facts material in the light of such representations with respect to the commodity to which the advertising related under the conditions prescribed in said advertisement, or under such conditions as are customary or usual. See Section 57-15-2 NMSA 1978. Misleading, deceptive, or false advertising includes, but is not limited to the following, and if substantiated, is a violation and subject to disciplinary action by the board:

(1) a known material misrepresentation of fact;

(2) the omission of a fact necessary to make the statement considered as a whole not materially misleading;

(3) advertising that is intended to be or is likely to create an unjustified expectation about the results the dentist or dental hygienist can achieve;

(4) advertising that contains a material, objective representation, whether express or implied, that the advertised services are superior in quality to those of other dental or dental hygiene services if that representation is not subject to reasonable substantiation. For the purpose of this subsection, reasonable substantiation is defined as tests, analysis, research, studies, or other evidence based on the expertise of professionals in the relevant area that have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results. Individual experiences are not a substitute for scientific research. Evidence about the individual experience of consumers may assist in the substantiation, but a determination as to whether reasonable substantiation exists is a question of fact on a case-by-case basis;

(5) the false or misleading use of a claim regarding licensure, certification, registration, permitting, listing, education, professional memberships or an unearned degree;

(6) advertising that uses patient testimonials unless the following conditions are met:

(a) the patient's name , address, and telephone number as of the time the advertisement was made must be maintained by the dentist or dental hygienist and that identifying information shall be made available to the Board upon request by the board;

(b) dentists or dental hygienists who advertise dental or dental hygiene services, which are the subject of the patient testimonial, must have actually provided these services to the patient making the testimonial;

(c) if compensation, remuneration, a fee, or benefit of any kind has been provided to the person in exchange for consideration of the testimonial, such testimonial must include a statement that the patient has been compensated for such testimonial;

(d) a specific release and consent for the testimonial shall be obtained from the patient;

(e) any testimonial shall indicate that results may vary in individual cases;

(7) advertising that makes an unsubstantiated medical claim or is outside the scope of dentistry, unless the dentist or dental hygienist holds a license, certification, or registration in another profession and the advertising and or claim is within the scope authorized by the license, certification, or registration in another profession;

(8) advertising that makes unsubstantiated promises or claims, including but not limited to claims that the patient will be cured;

(9) the use of bait advertising as outlined in federal trade commission guidelines;

(10) advertising that includes an endorsement by a third party in which there is compensation, remuneration, fee paid, or benefit of any kind if it does not indicate that it is a paid endorsement;

(11) advertising that infers or gives the appearance that such advertisement is a news item without using the phrase "paid advertisement";

(12) the promotion of a professional service which the licensee knows or should know is beyond the licensee's ability to perform;

(13) the use of any personal testimonial by the licensee attesting to a quality or competence of a service or treatment.

(14) advertising that claims to provide services at a specific rate and fails to disclose that a dental benefit plan may provide payment for all or part of the services;

(15) print advertising that contains all applicable conditions and restrictions of an offer that is not clearly legible or visible. The board will consider font size and positioning within the advertisement as to what is determined as false, misleading or deceptive;

(16) audio advertising that contains all applicable conditions and restrictions that is broadcast at different speed and volume of the main recording and offer;

(17) failure to include in all advertising media for the practice (excluding building signage and promotional items), in a reasonably visible and legible manner, the dentist's or non-dentist owner's name(s), address and contact information or direct reference where the name of the dentist(s) or non-dentist owner(s) can be found, including, but not limited to, an internet website;

(18) failure to update website(s) wherein the names of the current dentist(s) are for each office location within 30 days of the change;

(19) failure to practice dentistry under the name of a corporation, company, association, limited liability company, or trade name without full and outward disclosure of his/her full name, which shall be the name used in his/her license or renewal certificate as issued by the board, or his/her commonly used name;

(20) failure to practice dentistry without displaying his/her full name as it appears on the license issued by the board on the entrance of each dental office;

(21) advertising or making claims that a licensee or practice claims to be superior to any other licensee or practice, including, but not limited to, descriptions of being "the highest quality", a "super-dentist" or "super-general dentist/practitioner", "specially-trained hygienist", "hygienist specializing in non-surgical periodontics", or similar;

D. Specialty Practice and Advertising: the board may discipline a dentist for advertising or otherwise holding himself/herself out to the public as a practicing a dental specialty unless the dentist is licensed by the board to practice the specialty or unless the dentist has earned a post-graduate degree or certificate from an accredited dental college, school of dentistry of a university or other residency program that is accredited by the commission on dental accreditation (CODA) in one to the specialty areas of dentistry recognized by the American dental association. See Subsection E and F of Section 61-5A-12 NMSA 1978.

E. Acronyms: In addition to those acronyms required by law pertaining to one's business entity such as professional corporation (P.C.) or limited liability company (L.L.C.), dentists or dental hygienists may only use DDS, DMD, RDH, MD, PhD, MA, MS, BA, BS. Any credential that does not meet this requirement must be completely spelled out.

[16.5.1.29 NMAC - Rp, 16.5.1.29 NMAC, 5/31/2023]

16.5.1.30 CRIMINAL OFFENDERS EMPLOYMENT ACT:

Convictions for any of the following offense, or their equivalents in any other jurisdiction, are disqualifying criminal convictions that may disqualify and applicant from receiving or retaining a license or certificate by the board.

A. Physical harm to others:

- (1) murder;
- (2) manslaughter;
- (3) assault;
- (4) battery;
- (5) abandonment of a child resulting in death or great bodily harm;
- (6) abuse of a child;
- (7) kidnapping;
- (8) false imprisonment;
- (9) sexual assault.

B. Property damage:

- (1) shooting at property;
- (2) criminal damage to property;
- (3) dangerous use of explosives;
- (4) graffiti;
- (5) arson.

C. Fraud:

- (1) misrepresentation fraudulent statements or alterations of documents;
- (2) improper sale, disposal, removal or concealing of encumbered property;

- (3) tax fraud;
- (4) conspiracy;
- (5) medicaid, medicare or insurance fraud;
- (6) money laundering.

D. Theft:

- (1) breaking and entering;
- (2) larceny;
- (3) robbery;
- (4) burglary;
- (5) shoplifting;
- (6) I.D. theft;
- (7) credit card or other financial information;
- (8) receiving or transferring stolen property.

E. Financial crimes:

- (1) embezzlement;
- (2) extortion;
- (3) Receiving stolen property;
- (4) forgery;
- (5) receiving illegal kickbacks;
- (6) racketeering;
- (7) falsification of documents;
- (8) white collar crimes.

F. Drug offenses:

- (1) drug trafficking;
- (2) possession;
- (3) contributing to the delinquency of a minor.

G. Sex crimes:

- (1) distribution of pornography;
- (2) human trafficking;
- (3) criminal sexual penetration or contact;
- (4) failure to register with the sex offender and notification act.

H. Any crimes identified under Section 61-5A-21, NMSA 1978.

I. Miscellaneous:

- (1) felon in possession of a firearm;
- (2) bribery of an official;
- (3) accepting a bribe;
- (4) gambling and gaming crimes;
- (5) stalking;
- (6) terrify, intimidate, threaten, harass, annoy or offend another;
- (7) escape from incarceration;
- (8) DWI;
- (9) practicing a profession without a license or on a revoked or suspended license;
- (10) violation of the subdivision act, mortgage foreclosure act, mortgage loan company act or uniform money services act.
- (11) violation of the controlled substance act.

J. The board shall not consider the fact of a criminal conviction as part of an application for licensure unless the conviction in question is one of the disqualifying criminal convictions listed in 16.5.1.30 NMAC.

K. The board shall not deny, suspend or revoke a license on the sole basis of a criminal conviction unless the conviction in question is one of the disqualifying criminal convictions listed in 16.5.1.30 NMAC.

L. Nothing in this rule prevents the board from denying an application or disciplining a licensee on the basis of an individual's conduct to the extent that such conduct violated the Dental Health Care Act, regardless of whether the individual was convicted of a crime for such conduct or whether the crime for which the individual was convicted is listed as one of the disqualifying criminal convictions listed in 16.5.1.30 NMAC.

M. In connection with an application for licensure, the board shall not use, distribute, disseminate, or admit into evidence at an adjudicatory proceeding criminal records of any of the following:

- (1) an arrest not followed by a valid conviction;
- (2) a conviction that has been sealed, dismissed, expunged or pardoned;
- (3) a juvenile adjudication; or
- (4) a conviction for any crime other than the disqualifying criminal convictions listed in 16.5.1.30 NMAC.

[16.5.1.30 NMAC - Rp, 16.5.1.30 NMAC, 5/31/2023]

PART 2: IMPAIRED PRACTITIONER PROGRAM

16.5.2.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.2.1 NMAC - Rn & A, 16 NMAC 5.2.1, 04/17/06]

16.5.2.2 SCOPE:

The provisions of Part 2 of Chapter 5 apply to all dentists and dental hygienists who hold a current license or retired license or who are applying for licensure in New Mexico.

[9/30/96; 16.5.2.2 NMAC - Rn, 16 NMAC 5.2.2, 04/17/06]

16.5.2.3 STATUTORY AUTHORITY:

Part 2 is promulgated pursuant to the Impaired Dentists and Hygienists Act, Sections 61-5B-1 through 61-5B-11 NMSA 1978 (1996 Repl Pam.).

[9/30/96; 16.5.2.3 NMAC - Rn, 16 NMAC 5.2.3, 04/17/06]

16.5.2.4 DURATION:

Permanent.

[9/30/96; 16.5.2.4 NMAC - Rn, 16 NMAC 5.2.4, 04/17/06]

16.5.2.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.2.5 NMAC - Rn & A, 16 NMAC 5.2.5, 04/17/06]

16.5.2.6 OBJECTIVE:

To clarify the procedures identified in the Impaired Dentists and Hygienists Act.

[9/30/96; 16.5.2.6 NMAC - Rn, 16 NMAC 5.2.6, 04/17/06]

16.5.2.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.2.7 NMAC - Rn, 16 NMAC 5.2.7, 04/17/06]

16.5.2.8 COMPLAINTS:

Anyone may file a complaint with the board if they have reasonable cause to believe a dentist or dental hygienist is impaired by:

A. mental illness;

B. physical illness, including but not limited to deterioration through the aging process or loss of motor skills;

C. habitual or excessive use or abuse of drugs, as defined in the Controlled Substances Act; or

D. habitual or excessive use or abuse of alcohol.

[9/30/96; 16.5.2.8 NMAC - Rn, 16 NMAC 5.2.8, 04/17/06]

16.5.2.9 PROCESS:

Complaints received in the board office that allege impaired practice will be processed in the following manner.

A. The complaint committee of the board shall review the complaint to determine if the board has jurisdiction over the matter and if the complaint may have merit.

B. If the complaint committee has reasonable cause to believe that a person licensed to practice dentistry or dental hygiene is unable to practice with reasonable skill and safety to patients because of a condition listed in 16.5.2.8 NMAC, the committee shall refer the matter to the board.

C. The board shall designate an examining committee consisting of two licensed dentists or two licensed hygienists, if the licensee is a dental hygienist and two licensed physicians, one of whom shall be a psychiatrist who is knowledgeable and experienced in the field of chemical dependency if a question of mental illness or dependency is involved.

(1) The board may consider nominations from the New Mexico dental association for dentist members or the New Mexico dental hygienists' association for dental hygienist members of the examining committee; the board may consider nominations from the New Mexico medical society for the physician members of the committee; and

(2) no current member of the board or dental hygienists committee shall be a member of an examining committee.

D. The examining committee shall examine a licensee referred by the board to determine the licensee's fitness to practice dentistry or dental hygiene with reasonable skill and safety to patients, on a restricted or unrestricted basis. The committee may recommend intervention as necessary.

(1) The examining committee shall order the licensee to appear before it for hearing. The committee shall give the licensee 15 days notice of the time and place for the hearing and the reason for the examination. Notice shall be served personally or by registered or certified mail with return receipt requested;

(2) if the examining committee feels that a mental or physical examination of the licensee is necessary to determine the licensee's fitness to practice, the committee shall order the licensee to submit to the examination;

(a) a person licensed to practice dentistry or dental hygiene gives consent to submit to a mental or physical examination when directed to do so by the committee by practicing dentistry or dental hygiene or filing an annual registration; the licensee also

waives objections on the grounds of privileged communication to the admissibility of the report of the examining committee to the board or dental hygienists committee; and

(b) a licensee who submits to a diagnostic mental or physical examination as ordered by the examining committee has a right to designate an individual to be present at the examination and make an independent report to the board or dental hygienists committee;

(3) failure of a licensee to appear for an examining committee hearing or submit to a mental or physical examination shall be reported to the board or dental hygienists committee; this may be grounds for the immediate and summary suspension of the licensee's license to practice dentistry or dental hygiene unless the failure is due to circumstances beyond the licensee's control; the suspension remains in effect until further order of the board;

(4) the examining committee shall report its findings and recommendations to the board.

[9/30/96; 16.5.2.9 NMAC - Rn, 16 NMAC 5.2.9, 04/17/06; A, 06/14/12]

16.5.2.10 VOLUNTARY RESTRICTION OF LICENSE:

A licensee may request a restriction to practice under his/her license. The request must be in writing to the board or the dental hygienists committee. The board or the dental hygienists committee has the authority to attach stipulations to the licensee's licensure, if appropriate and to waive commencement of any proceedings.

A. As a condition for accepting a voluntary limitation, the board may require a licensee to:

(1) agree to and accept care, counseling or treatment by physicians or other appropriate health care providers acceptable to the board; and

(2) participate in a program of education prescribed by the board; or

(3) practice under the direction of a dentist acceptable to the board for a specified period of time.

B. A violation of any of the conditions of the voluntary limitation of practice by the licensee shall be cause for the refusal of renewal, or the suspension or revocation of the license by the board.

C. Removal of a voluntary restriction on a license is subject to the procedure for reinstatement of a license.

[9/30/96; 16.5.2.10 NMAC - Rn, 16 NMAC 5.2.10, 04/17/06; A, 06/14/12; A, 01-15-15]

16.5.2.11 ACTION ON THE REPORT OF THE EXAMINING COMMITTEE:

The recommendations by the examining committee are advisory and are not binding on the board. The board or the dental hygienists committee may accept or reject a recommendation by the committee to permit a licensee to practice dentistry or dental hygiene with or without any restrictions or may refer the matter back to the examining committee for further examination or report. In the absence of a voluntary agreement for restriction of her/his license, a licensee shall be entitled to a hearing before the board in accordance with the procedures in the Uniform Licensing Act and a determination on the evidence as to whether or not restriction, suspension or revocation of licensure shall be imposed.

[16.5.2.11 NMAC - N, 06/14/12]

16.5.2.12 PROCEEDINGS:

The board may proceed formally against a licensee under the Impaired Dentists and Dental Hygienists Act in accordance with the procedures contained in the Uniform Licensing Act. When the licensee is a dental hygienist, the board shall act upon the recommendation of the dental hygienists committee on all procedures in the Impaired Dentists and Dental Hygienists Act.

A. At the conclusion of a hearing, the board shall make the following findings:

(1) whether or not the licensee is impaired by one of the conditions listed in 16.5.2.8 NMAC;

(2) whether or not such impairment does in fact limit the licensee's ability to practice dentistry or dental hygiene skillfully and safely;

(3) to what extent such impairment limits the licensee's ability to practice dentistry or dental hygiene skillfully and safely and whether the board or the dental hygienists committee finds that the impairment is such that the license should be suspended, revoked or restricted; and

(4) if the finding recommends suspension or restriction, then the board shall make specific recommendations as to the length and nature of the suspension or restriction and how it shall be carried out and supervised.

B. In addition to the findings listed in Subsection A of 16.4.2.12 NMAC, at the conclusion of a hearing, the board or the dental hygienists committee shall make a determination of the merits and may order one or more of the following:

(1) placement of the licensee on probation on such terms and conditions as it deems proper for the protection of the public;

(2) suspension or restriction of the license of the licensee to practice dentistry or dental hygiene for the duration of the licensee's impairment;

(3) revocation of the license of the licensee to practice dentistry or dental hygiene; or

(4) reinstatement of the license of the licensee to practice dentistry or dental hygiene without restriction.

C. The board may temporarily suspend the license of any licensee without a hearing, simultaneously with the institution of proceedings under the Uniform Licensing Act if it finds that the evidence in support of the determination of the examining committee is clear and convincing and that the licensee's continuation in practice would constitute an imminent danger to public health and safety.

D. Neither the record of the proceedings nor any order entered against a licensee may be used against the licensee in other legal proceeding except upon judicial review.

[16.5.2.12 NMAC - N, 06/14/12]

16.5.2.13 DISCIPLINARY ACTION:

No action or examination or proceedings under the Impaired Dentists and Dental Hygienists Act precludes the board from investigating or acting simultaneously, in its sole discretion, under the Dental Health Care Act.

[16.5.2.13 NMAC - N, 06/14/12]

16.5.2.14 REINSTATEMENT OF LICENSE:

A licensee whose license has been restricted, suspended or revoked under the Impaired Dentists of Dental Hygienists Act, voluntarily or by action of the board, shall have a right at reasonable intervals to petition for reinstatement of the license and to demonstrate that the licensee can resume the competent practice of dentistry or dental hygiene with reasonable skill and safety to patients.

A. The licensee shall make the petition in writing. If the licensee is a dental hygienist, the dental hygienists committee shall be advised and given all information so that its recommendation can be given to the board.

B. Once the board receives a licensee's petition for reinstatement, it shall be referred to the examination committee for an examination of the licensee.

C. The board, in its discretion, upon written recommendation of the examination committee, may restore the license of the licensee on a general or limited basis.

[16.5.2.14 NMAC - N, 06/14/12]

16.5.2.15 [RESERVED]

[16.5.2.14 NMAC - N, 06/14/12; Repealed, 01/15/15]

PART 3: MANDATORY REPORTING REQUIREMENTS

16.5.3.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.3.1 NMAC - Rn & A, 16 NMAC 5.3.1, 04/17/06]

16.5.3.2 SCOPE:

The provisions of Part 3 of Chapter 5 apply to all dentists, dental therapists, non-dentist owners and dental hygienists licensed to practice in New Mexico.

[9/30/1996; 16.5.3.2 NMAC - Rn, 16 NMAC 5.3.2, 4/17/2006; A, 5/30/2021]

16.5.3.3 STATUTORY AUTHORITY:

Sections 61-5A-21 and 61-5A-23 NMSA 1978 (1996 Repl. Pam.).

[9/30/96; 16.5.3.3 NMAC - Rn, 16 NMAC 5.3.3, 04/17/06]

16.5.3.4 DURATION:

Permanent.

[9/30/96; 16.5.3.4 NMAC - Rn, 16 NMAC 5.3.4, 04/17/06]

16.5.3.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.3.5 NMAC - Rn & A, 16 NMAC 5.3.5, 04/17/06]

16.5.3.6 OBJECTIVE:

To establish mandatory reporting requirements for adverse events and incidents against licensed dentists, dental therapists, non-dentist owners and dental hygienists.

[9/30/1996; 16.5.3.6 NMAC - Rn, 16 NMAC 5.3.6, 4/17/2006; A, 5/30/2021]

16.5.3.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.3.7 NMAC - Rn, 16 NMAC 5.3.7, 04/17/06]

16.5.3.8 ADVERSE EVENTS AND INCIDENTS WHICH MUST BE REPORTED BY THE LICENSEE:

As a condition of licensure, any licensee who seeks or holds an active license, or temporary or public service license in New Mexico, or a retired licensee who seeks to reactivate their license within three years after retirement, must report the following adverse events and incidents in a written report to the board office within thirty days of that event or incident:

- A. conviction of a felony or misdemeanor, other than a traffic violation;
- B. any payment in settlement of a claim, or satisfaction of judgment, in a dental malpractice action personally or by a third party;
- C. any professional review action in which membership status in a health care facility is revoked or suspended; or
- D. discipline by any other state licensing authority;
- E. any known morbidity or mortality arising as a direct result of examination, prescription, diagnosis or treatment by a licensee which results in hospitalization or treatment of the patient by emergency personnel.

[5/31/95, 12/15/97; 16.5.3.8 NMAC - Rn, 16 NMAC 5.3.8, 04/17/06; A, 07/19/10; A, 01/09/12]

16.5.3.9 DISPOSITION OF REPORTS:

The reporting of the incidents or events listed in Section 8 of this part shall be maintained in a separate file and shall not be disclosed except as provided by law. Information contained in this report may be used by the board, or its investigators, to establish to the satisfaction of the board that the licensee is competent, is of good moral character, and continues to practice in a professional manner to the standards of care expected of its licensees.

[5/31/95; 9/30/96; 16.5.3.9 NMAC - Rn, 16 NMAC 5.3.9, 04/17/06]

16.5.3.10 USE OF REPORTS:

The board at its discretion may further evaluate, or investigate circumstances leading to the incident or event, and for good cause, or for the proper protection of the public initiate disciplinary action against the licensee in accordance with procedures contained in the Uniform Licensing Act, or evaluate the licensee's ability to practice with reasonable skill and safety to patients in accordance with procedures contained in the Impaired Dentists and Hygienists Act.

[5/31/95; 9/30/96; 16.5.3.10 NMAC - Rn, 16 NMAC 5.3.10, 04/17/06]

16.5.3.11 VIOLATIONS:

Violations of the provisions of Part 3 of Chapter 5 may result in suspension or revocation of the license to practice as a dentist, dental therapist, non-dentist owner or dental hygienist in accordance with Section 61-5A-21 NMSA 1978.

[5/31/1995; 9/30/1996; 16.5.3.11 NMAC - Rn, 16 NMAC 5.3.11, 4/17/2006; A, 5/30/2021]

PART 4: EMERGENCY LICENSURE AND CERTIFICATION PROVISIONS

16.5.4.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.4.1 NMAC - Rp, 16.5.5.6 NMAC, 5/31/2023]

16.5.4.2 SCOPE:

The provisions of 16.5.4 NMAC apply to all parts of Chapter 5 and provide relevant information to any person who qualifies to obtain a license or certification under the provisions for emergency licensure in New Mexico.

[16.5.4.2 NMAC - Rp, 16.5.4.2 NMAC, 5/31/2023]

16.5.4.3 STATUTORY AUTHORITY:

[16.5.4.3 NMAC - Rp, 16.5.4.3 NMAC, 5/31/2023]

16.5.4.4 DURATION:

Permanent.

[16.5.4.4 NMAC - Rp, 16.5.4.4 NMAC, 5/31/2023]

16.5.4.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.4.5 NMAC - Rp, 16.5.4.5 NMAC, 5/31/2023]

16.5.4.6 OBJECTIVE:

To establish rules to govern the emergency licensure or certification for all licensee and certificate holders affected by a declared disaster.

[16.5.4.6 NMAC - Rp, 16.5.4.6 NMAC, 5/31/2023]

16.5.4.7 DEFINITIONS:

[RESERVED]

16.5.4.8 REQUIREMENTS FOR EMERGENCY LICENSURE:

A. Dentists, dental hygienists, dental assistants, expanded function dental auxiliary, dental therapists and community dental health coordinators currently licensed or certified and in good standing, or otherwise meeting the requirements for New Mexico licensure or certification in a state in which a federal disaster has been declared, may be licensed or certified in New Mexico during the four months following the declared disaster at no cost upon satisfying the following requirements:

- (1) receipt by the board of a completed application;
- (2) licensing qualifications and documentation requirements 16.5.6 NMAC, 16.5.7 NMAC, 16.5.8 NMAC for Dentists, 16.5.19 NMAC, 16.5.20 NMAC, 16.5.21 NMAC for Dental Hygienists, 16.5.33 NMAC for Dental Assistants 16.5.42 NMAC for Expanded Function Dental Auxiliary and 16.5.50 NMAC for Community Dental Health Coordinators, and 16.5.61 NMAC for dental therapists;
- (3) other required information and documentation will be the name and address of employer, copy of diploma, copy of current active license or certificate in good standing in another state, or verification of licensure, copy of DEA license if applicable; a license or certificate will not be granted without a practice location; the board will query the national practitioners databank, American association of dental examiners and other state dental boards where the practitioner has ever held a license or certificate; if any or all of this information or documents are not available or destroyed in a disaster, an affidavit certifying this will be required.

B. The board may waive the following requirements for licensure:

- (1) application fee;
- (2) background check by a professional background information service; and

(3) transcripts from an ADA accredited program.

C. The board may waive the specific forms required under the requirements for licensure or certification if the applicant is unable to obtain documentation from the federal declared disaster areas.

D. Nothing in this section shall constitute a waiver of the requirements for licensure or certification for dentists as required in 16.5.6 NMAC, 16.5.7 NMAC, 16.5.8 NMAC; dental hygienists as required in 16.5.19 NMAC, 16.5.20 NMAC, 16.5.21 NMAC; dental assistants as required in 16.5.33 NMAC; expanded function dental auxiliary as required in 16.5.42 NMAC, dental therapists in 16.5.61 NMAC and community dental health coordinator as required in 16.5.50 NMAC.

E. Licenses and certifications issued under the emergency provision shall expire four months, following the date of issue, unless the board or an agent of the board approves a renewal application. Application for renewal shall be made 30 days prior to the date of expiration and may be renewed no more than once. The applicant must obtain a permanent or temporary license or certification within eight months of the issuance of the initial emergency license or certificate. The board reserves the right to request additional documentation, including but not limited to recommendation forms and work experience verification forms prior to approving license or certification renewal. The board will renew an emergency license or certificate for a period of four months for the following renewal fees:

(1)	dentists	\$100.00 emergency license renewal fee;
(2)	dental hygienists	\$ 50.00 emergency license renewal fee;
(3)	dental assistants	\$ 10.00 emergency certificate renewal fee;
(4)	expanded function dental auxiliary	\$ 10.00 emergency certificate renewal fee;
(5)	community dental health coordinator	\$ 10.00 emergency certificate renewal fee;
(6)	dental therapists	\$10.00 emergency certificate renewal fee.

F. Licensees issued a license or certificate under the emergency provision are subject to all provisions of the Dental Health Care Act, Article 5A and the rules and regulations, Title 16 Chapter 5, specifically the disciplinary proceedings Section 61-5A-21 NMSA 1978.

[16.5.4.8 NMAC - Rp, 16.5.4.8 NMAC, 5/31/2023]

16.5.4.9 EMERGENCY LICENSE TERMINATION:

A. The emergency license or certification shall terminate upon the following circumstances:

(1) the issuance of a permanent or temporary license for dentists as required in 16.5.6 NMAC, 16.5.7 NMAC, 16.5.8 NMAC; dental hygienists as required in 16.5.19 NMAC, 16.5.20 NMAC, 16.5.21 NMAC; dental assistants as required in 16.5.33 NMAC; expanded function dental auxiliary as required in 16.5.42 NMAC, dental therapists in 16.5.61 NMAC and community dental health coordinators as required in 16.5.50 NMAC; or

(2) proof that the emergency license or certificate holder has engaged in fraud, deceit, misrepresentation in procuring or attempting to procure a license or certificate under this section.

B. Termination of an emergency license or certificate shall not preclude application for permanent licensure or certification.

[16.5.4.9 NMAC - Rp, 16.5.4.9 NMAC, 5/31/2023]

PART 5 MAC: DENTISTS, FEES

16.5.5.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.5.1 NMAC - Rp, 16.5.5.1 NMAC, 12/27/2022]

16.5.5.2 SCOPE:

The provisions of 16.5.5 NMAC apply to all applicants for licensure; to active, expedited, retired, expired and suspended licensees; and to anyone who requests a list or labels of licensed dentists, multiple copies of the law or rules, or copies of public records.

[16.5.5.2 NMAC - Rp, 16.5.5.2 NMAC, 12/27/2022]

16.5.5.3 STATUTORY AUTHORITY:

16.5.5 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-20 NMSA 1978 (1996 Repl. Pamp.).

[16.5.5.3 NMAC - Rp, 16.5.5.3 NMAC, 12/27/2022]

16.5.5.4 DURATION:

Permanent.

[16.5.5.4 NMAC - Rp, 16.5.5.4 NMAC, 12/27/2022]

16.5.5.5 EFFECTIVE DATE:

December 27, 2022, unless a later date is cited at the end of a section.

[16.5.5.5 NMAC - Rp, 16.5.5.5 NMAC, 12/27/2022]

16.5.5.6 OBJECTIVE:

To establish fees to generate revenue adequate to fund the cost of program administration.

[16.5.5.6 NMAC - Rp, 16.5.5.6 NMAC, 12/27/2022]

16.5.5.7 DEFINITIONS:

[RESERVED]

[16.5.5.7 NMAC - Rp, 16.5.5.7 NMAC, 12/27/2022]

16.5.5.8 FEES:

A. All fees are non-refundable.

B. Application for licensure by examination fee is \$600, which includes the initial licensing period.

C. Application for licensure by credential fee is \$850, which includes the initial licensing period.

D. An applicant who does not obtain a passing score on the jurisprudence exam must submit an additional fee of \$100 to re-take the exam.

E. Triennial renewal fee for all dental licensees is \$550.

(1) Impaired fee is \$30 per triennial renewal period plus renewal fee.

(2) Late renewal fee of \$100 after July 1 through September 1 plus renewal and impaired fees.

(3) Cumulative late fee of \$10 per day from August 1 to the date of the postmark or hand-delivery to the board office plus renewal, late and impaired fees.

F. Triennial renewal fee for inactive license is \$90.

G. Temporary license fees:

- (1) 48- hour license, application fee of \$50, license fee of \$50;
- (2) six- month license, application fee of \$100, license fee of \$200;
- (3) 12- month license, application fee of \$100, license fee of \$300;
- (4) 12- license for student enrolled in residency program, application fee of \$25.00, license fee of \$50.00.

H. Anesthesia permit fees:

- (1) nitrous oxide permit fee is \$25;
- (2) minimal sedation permit fee is \$25;
- (3) moderate sedation permit fee is \$300;
- (4) deep sedation and general anesthesia permit fee is \$300.

I. Reinstatement fee is \$400.

J. Application for licensure for inactive status is \$50.

K. Non-dentist owner fees.

- (1) Application for licensure fee is \$300, which includes the initial licensing period.
- (2) Triennial renewal fee of \$150.
- (3) Late renewal fee of \$100 after July 1 through September 1 plus renewal fee.
- (4) Cumulative late fee of \$10 per day from August 1 to the date of the postmark or hand-delivery to the board office plus renewal and late fee.

L. Administrative and duplication fees:

- (1) duplicate license fee is \$25;
- (2) multiple copies of the statute or rules are \$10 each;
- (3) copy fees are \$0.25 per page;

(4) list of current dental licensees is \$300; an annual list of current licensees is available to the professional association upon request at no cost; and

(5) mailing labels of current dental licensees is \$300.

M. Expedited licensure fees. The fees for expedited licensure submitted pursuant to Subsection B of Section 61-5A-14 NMSA 1978 are a \$100 application fee and a \$300 license fee.

[16.5.5.8 NMAC - Rp, 16.5.5.8 NMAC, 12/27/2022]

PART 6: DENTISTS, LICENSURE BY EXAMINATION

16.5.6.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.6.1 NMAC - Rp, 16.5.6.1 NMAC, 5/31/2023]

16.5.6.2 SCOPE:

The provisions of 16.5.6 NMAC apply to all applicants for licensure by examination as a general dentist or specialty practitioner.

[16.5.6.2 NMAC - Rp, 16.5.6.2 NMAC, 5/31/2023]

16.5.6.3 STATUTORY AUTHORITY:

16.5.6 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-12, NMSA 1978, (Repl. Pamp. 1996).

[16.5.6.3 NMAC - Rp, 16.5.6.3 NMAC, 5/31/2023]

16.5.6.4 DURATION:

Permanent.

[16.5.6.4 NMAC - Rp, 16.5.6.4 NMAC, 5/31/2023]

16.5.6.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.6.5 NMAC - Rp, 16.5.6.5 NMAC, 5/31/2023]

16.5.6.6 OBJECTIVE:

To establish the requirements for application for licensure as a dentist by examination.

[16.5.6.6 NMAC - Rp, 16.5.6.6 NMAC, 5/31/2023]

16.5.6.7 DEFINITIONS:

For the purposes of these rules, "dental public health" is specialty practice focused on preventing and controlling dental diseases and promoting dental health through organized community efforts. Since the diplomat examination does not test clinical skills, dentists licensed based on diplomat status shall not practice clinical dentistry.

[16.5.6.7 NMAC - Rp, 16.5.6.7 NMAC, 5/31/2023]

16.5.6.8 PREREQUISITE REQUIREMENTS FOR GENERAL PRACTICE LICENSE:

Each applicant for a license to practice dentistry by examination must possess the following qualifications:

A. graduated and received a diploma from an accredited dental school as defined in Subsection A of Section 61-5A-12 NMSA 1978;

B. successfully completed the dental national board examination as defined in Subsection A of Section 61-5A-12 NMSA 1978;

C. passed a board approved clinical examination which includes hands-on periodontal and restorative procedures, the results of the clinical examination are valid in New Mexico for a period not to exceed five years:

(1) the applicant shall apply directly to a board accepted examining agent for examination; and

(2) results of the clinical examination must be sent directly to the board office; and

D. completed the jurisprudence exam with a score of at least seventy five percent; the applicant shall schedule the exam through the board office;

E. the board requires a background status report from a board designated professional background service the applicant will apply and pay fees directly to a board designated professional background service to initiate this service.

[16.5.6.8 NMAC - Rp, 16.5.6.8 NMAC, 5/31/2023]

16.5.6.9 PREREQUISITE REQUIREMENTS FOR SPECIALTY LICENSE:

Each applicant for a license to practice a dental specialty by examination must possess the following qualifications. Individuals licensed to practice a dental specialty shall be limited to practice only in that specialty area:

A. graduated and received a diploma from an accredited dental school as defined in Subsection A of Section 61-5A-12 NMSA; and

B. a postgraduate degree or certificate from an accredited dental school or approved residency program as defined in Subsection E of Section 61-5A-12 NMSA 1978 in one of the following specialty areas:

- (1) dental public health,
- (2) endodontics,
- (3) oral and maxillofacial surgery,
- (4) orthodontics and dento-facial orthopedics,
- (5) oral pathology,
- (6) pediatric dentistry,
- (7) periodontology,
- (8) prosthodontics, or
- (9) other specialties approved by the American dental association;

C. successfully completed the dental national board examination as defined in Subsection A of Section 61-5A-12 NMSA 1978;

D. passed a specialty clinical examination approved by the board; the results of the exam are valid in New Mexico for a period not to exceed five years; examination results must be sent directly to the board office;

E. an applicant in any specialty defined above for which there is no specialty clinical examination may substitute diplomat status for the examination;

F. completed the jurisprudence exam with a score of at least seventy five percent; the applicant shall schedule the exam through the board office; and

G. the board requires a level II background status report from a board designated professional background service; application for this service will be included with other application materials; the applicant will apply and pay fees directly to a board designated professional background service to initiate this service.

[16.5.6.9 NMAC - Rp, 16.5.6.9 NMAC, 5/31/2023]

16.5.6.10 DOCUMENTATION REQUIREMENTS:

Each applicant for a license by examination must submit the required fees and following documentation:

- A.** completed application; applications are valid for one year from the date of receipt;
- B.** official transcripts or an original letter on letterhead with an embossed seal verifying successfully passing all required courses from the dental school or college, to be sent directly to the board office from the accredited program;
- C.** a copy of clinical examination score card or certificate from the appropriate specialty board;
- D.** copy of national board examination certificate or score card;
- E.** proof of having taken a course in infection control technique or graduation from dental school within the past 12 months;
- F.** proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross; or the American safety and health institute (ASHI); cannot be a self-study course;
- G.** the board will obtain verification of applicant status from the national practitioners data bank and the American association of dental examiners clearinghouse; and
- H.** the appropriate status report from a board designated professional background service must be received by the board office directly from a board designated professional background service; the results of the background check must either indicate no negative findings, or if there are negative findings, those findings will be considered by the board;
- I.** the board may deny, stipulate, or otherwise limit a license if it is determined the applicant is guilty of violating any of the provisions of the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, these rules, or if it is determined that the applicant poses a threat to the welfare of the public;
- J.** verification of licensure in all states where the applicant holds or has held a license in good standing to practice dentistry, or other health care profession; verification must be sent directly to the office from the other state(s) board, must include a seal, and must attest to the status, issue date, license number, and other information contained on the form;

K. in addition to the documentation required above, an applicant for licensure in a specialty area must request official transcripts from the residency program or postgraduate training program to be sent directly to the board office from the accredited program.

[16.5.6.10 NMAC - Rp, 16.5.6.10 NMAC, 5/31/2023]

16.5.6.11 RE-EXAMINATION PROCEDURE:

An applicant who does not obtain a passing score on the jurisprudence exam must submit the re-examination fee as set forth in Subsection D of 16.5.5.8 NMAC to re-take the exam.

[16.5.6.11 NMAC - Rp, 16.5.6.11 NMAC, 5/31/2023]

16.5.6.12 LICENSURE PROCEDURE:

Upon receipt of a completed application, including all required documentation and fees, the secretary-treasurer or the delegate of the board will review and may approve the application. The board shall formally accept the approval of the application at the next scheduled meeting.

A. Initial dental licenses are issued for a period not to exceed three years, as defined in Section 16.5.11.8 NMAC.

B. Any application that cannot be approved by the delegate of the board will be reviewed by the entire board at the next scheduled meeting.

[16.5.6.12 NMAC - Rp, 16.5.6.12 NMAC, 5/31/2023]

PART 7: DENTISTS, TEMPORARY OR PUBLIC SERVICE LICENSURE

16.5.7.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9-30-96; 16.5.7.1 NMAC - Rn & A, 16 NMAC 5.7.1, 12-14-00]

16.5.7.2 SCOPE:

The provisions of 16.5.7 NMAC apply to all dentists applying for a temporary or a public service license to practice in New Mexico.

[9-30-96; 16.5.7.2 NMAC - Rn, 16 NMAC 5.7.2, 12-14-00; A, 01-09-12]

16.5.7.3 STATUTORY AUTHORITY:

16.5.7 NMAC is promulgated pursuant to the Dental Health Care Act, NMSA 1978 Section 61-5A-14.

[9-30-96; 16.5.7.3 NMAC - Rn, 16 NMAC 5.7.3, 12-14-00]

16.5.7.4 DURATION:

Permanent.

[9-30-96; 16.5.7.4 NMAC - Rn, 16 NMAC 5.7.4, 12-14-00]

16.5.7.5 EFFECTIVE DATE:

September 30, 1996, unless a different date is cited at the end of a section.

[9-30-96; 16.5.7.5 NMAC - Rn, 16 NMAC 5.7.5, 12-14-00; A, 09-18-10]

16.5.7.6 OBJECTIVE:

To establish the requirements for application for temporary or public service licensure as a dentist.

[9-30-96; 16.5.7.6 NMAC - Rn, 16 NMAC 5.7.6, 12-14-00; A, 01-09-12]

16.5.7.7 DEFINITIONS:

A. "Entity" means a dental or dental hygiene organization, foundation or officially recognized study club, which has a constitution, bylaws and whose officers or board of trustees are dentists or dental hygienists licensed in good standing in the state.

B. "Good standing" means having an active dental license in a jurisdiction for a period of at least three consecutive years immediately preceding the date of application, and a minimum of five years of dental licensure. The board shall consider stipulations, disciplinary, or administrative actions taken against a licensee by the issuing agency, within the previous five years, when determining whether a license is in good standing.

C. "In the state" or "in this state" means that a program has a physical presence in New Mexico in the form of a facility and a permanent faculty.

[9-30-96; 16.5.7.7 NMAC - Rn, 16 NMAC 5.7.7, 12-14-00; A, 01-09-12]

16.5.7.8 CATEGORIES OF TEMPORARY OR PUBLIC SERVICE LICENSES:

Applications for a temporary or a public service New Mexico dental license may be issued in the following categories for specific purposes if education and experience requirements are met.

A. Clinical educator. Dentists, not currently licensed in New Mexico, who provide clinical education or training that includes demonstrations on live subjects must apply for temporary licensure. The temporary license is issued for 48 hours; if the course lasts longer than two days, additional 48 hour licenses may be requested upon payment of the applicable fees; a temporary license may not be issued for less than 48 hours.

B. A student who is enrolled in a commission of dental accreditation (CODA) dental specialty program or a commission of dental accreditation (CODA) general practice dental residency program, or an advanced education in general dentistry program, who holds a current, valid license in good standing in another US jurisdiction, may be granted a temporary 48 hour license for the purpose of observing or assisting a licensed New Mexico practitioner in cases for educational purposes.

C. A resident or student enrolled in a commission of dental accreditation (CODA) accredited program in the state of New Mexico may be granted a public service license for up to 12 months. This public service license shall be automatically renewed annually only for the purpose of completing the education program and shall not be valid once the residency or educational program is completed or the applicant is no longer enrolled, provided:

(1) the program in this state is accredited by the commission on dental accreditation (CODA);

(2) the residency program maintains a physical presence in New Mexico, including:

(a) a faculty and staff full time in New Mexico who holds a license in New Mexico in good standing in accordance with the degree they hold; and

(b) a facility in the state where residency students may attend lectures, seminars and receive clinical instruction;

(3) public service license for a dental resident or student may not be converted to any other public service license or license by credentials;

(4) the applicant must practice under the sponsorship of or be associated with a dentist holding a current license in good standing in this state;

(5) upon application by a resident or student, the participating residency or education program must supply documentation to the board of its accreditation status, faculty and facilities in New Mexico; and

(6) successful completion of a clinical board examination is not a requirement for a public service license to be granted to a student or resident under this section.

D. Clinical practice in underserved area or state institutions. A dentist may be granted temporary licensure to practice in a state institution, a program approved or maintained by the New Mexico department of health (NMDOH), or a program or clinic designated by the New Mexico department of health (NMDOH), as dental care underserved area (DCUA). The New Mexico department of health (NMDOH) may recommend to the New Mexico board of dental health care, counties, communities, county census divisions, or in the case of urban areas, neighborhoods, zip codes, and census tracts to be considered as dental care underserved areas (DCUA's). Areas recommended as DCUA's may reflect those areas designated by the federal government as dental health professional shortage areas (DHPSA). The New Mexico board of dental health care will request annually from NMDOH a written report of which areas are recommended as DCUA's and will update the listing throughout the year as appropriate. The New Mexico board of dental health care may designate DCUA's based upon these recommendations:

(1) the temporary license holder is restricted to work exclusively in the institution or program named on the application or the temporary license certificate;

(2) a temporary license for clinical practice in an underserved area or state institution is valid for 12 months and shall expire at the end of that period; the board may re-issue the temporary license for three additional 12 month periods; each license reissue must be approved by the board; the licensee must contact the board office three months prior to the expiration date to begin the re-issue process;

(3) the New Mexico board of dental health care shall rely upon the listing of recommended practices in underserved areas or state institutions, and the listing of recommended DCUA's provided by NMDOH in its review of applications for clinical practice in underserved areas; temporary licenses will be reissued only for sites and DCUA's that remain on the recommended listings by the New Mexico department of health;

(4) the applicant shall provide an affidavit from the administrative supervisor of the applicant's proposed employer organization as defined in Subsection C of 16.5.7.8 NMAC attesting to supervision and oversight by a New Mexico licensed dentist in good standing, and bearing the signature of both; and

(5) the applicant shall provide an affidavit from the New Mexico department of health specifying supervision will be by a licensed New Mexico dentist in good standing and bearing the signature of both;

(6) a temporary license to practice in an underserved area may be converted to a license by credentials provided the applicant:

(a) meets all requisite requirements listed in 16.5.8 NMAC and provides all documentation as required in 16.5.8.10 NMAC of these rules, with exception of the requirement to have a license in good standing for five years;

(b) practices for at least 1000 hours per year under a temporary license in an underserved area for three consecutive years; one year of credit will be granted for;

(c) has no complaints under board investigation, actions pending or actions taken against the applicant's temporary license;

(d) has renewed the temporary license yearly, and has paid the required license fees;

(e) has maintained the same continuing education requirements of regularly licensed dentists as set forth in 16.5.10 NMAC of these rules; the annual continuing education requirements are to be based upon 1/3 prorated share of those required of a licensee applying for license renewal on a triennial basis; and

(f) applies for conversion of a temporary license to a license by credentials pursuant to 16.5.7.15 NMAC of these rules.

E. Emergency practitioner. Out of state specialists needed for emergency care in a hospital may be granted a temporary license:

(1) the information normally given in official documentation may be given in written or verbal form because of the emergency nature of the license;

(2) this category will be given a 48 hour temporary license but it may be extended in 48 hour increments until the dentist can leave the patient to the care of others; and

(3) the New Mexico licensed dentist acting as the sponsor for the temporary licensee must be responsible for the validity of the following credentials:

(a) the license number in the state in which the applicant resides and practices, and the current status of the license;

(b) proof of liability insurance; and

(c) verification of status of hospital credentials in state of residence or practice.

F. Replacement practitioner. A dentist may be granted temporary licensure for six or 12 months to work exclusively with patients in the practice of a New Mexico licensed dentist who is unable to practice dentistry because of physical or mental illness, injury, pregnancy, impairment, physical absence, or other condition approved by the board:

(1) the temporary license holder is restricted to work exclusively in the practice named on the application; and

(2) a temporary license as a replacement practitioner is valid for no longer than 12 months, and may not be re-issued.

G. Presumptive public service licensure for a charitable dental project. A dentist not holding a license in the state may be granted a presumptive public service license for up to 72 hours to participate in a board approved charitable project. Except as noted in this section the dentist shall otherwise be subject to the provisions of the dental practice act and the rules and regulations of the board. The presumptive public service license is valid only when:

(1) the charitable project is approved by the board at least 45 days prior to the scheduled event;

(2) the dentist receives no compensation for participating in the project;

(3) the project is sponsored by an entity as defined in 16.5.7.7 NMAC and that entity has been approved by the board to undertake the charitable project;

(4) the dentist holds a license in good standing in another jurisdiction and the license is verified by the sponsoring entity;

(5) the dentist has graduated from and holds a diploma from a dental school accredited by the commission on dental accreditation and a copy of the diploma is on file with the sponsoring entity;

(6) upon request the out-of-state dentist shall produce copies of their diploma and license in another jurisdiction;

(7) the dental care provided is within the scope and limits of the license the dentist holds in the other jurisdiction;

(8) the out-of-state dentist works under the indirect supervision of a dentist licensed in good standing in this state who is present at the charitable project;

(9) patients who receive dental care during the charitable project will be given a list of dentists whom they can contact if post-operative care is needed;

(10) a charitable public service license is not eligible for conversion to any other public service, regular license; or license by credentials; and

(11) no fee shall be required by the board for the presumptive public service license for a charitable project.

[3-17-73, 3-16-94, 4-15-94, 5-31-95, 9-30-96; 16.5.7.8 NMAC - Rn & A, 16 NMAC 5.7.8, 12-14-00; A, 3-29-02; A, 07-17-08; A, 09-18-10; A, 01-09-12; A, 01-15-15]

16.5.7.9 PREREQUISITE REQUIREMENTS FOR TEMPORARY AND PUBLIC SERVICE LICENSURE:

Presumptive public service practitioners as defined in Subsection G of 16.5.7.8 NMAC are not required to comply with Subsection D, E and F of this section. Residents or students as defined in Subsection C of 16.5.7.8 NMAC are not required to comply with Subsection C, E and F of this section. All other applicants for temporary or public service licensure must possess each of the following qualifications:

A. graduated and received a diploma from an accredited dental school or college as defined in NMSA 61-5A-12, A;

B. if the temporary or public service license is for a practice specialty, the applicant must have obtained a postgraduate degree or certificate from an accredited dental college, school of dentistry or other residency program that is accredited by the commission on dental accreditation;

C. hold a valid license in good standing from another state or territory of the United States;

D. applicants requesting a six or 12 month temporary or public service license must pass the jurisprudence exam with a score of at least a 75 percent;

E. for those applying for an initial temporary or public service license in public health dentistry or as a replacement practitioner, the board requires a level III background status report from a board designated professional background service; application for this service will be included with other application materials; the applicant will apply and pay fee directly to a board designated professional background service to initiate this service; the license may be provisionally issued while awaiting the report from a board designated professional background service; and

F. must have successfully passed clinical examination through WREB, CRDTS, NERB/ADEX, SRTA or other examination accepted by the board; the results of the clinical examination must be sent directly to the board office.

[3-14-73, 5-31-95; 16.5.7.9 NMAC - Rn & A, 16 NMAC 5.7.9, 12-14-00; A, 06-14-01; A, 07-16-07; A, 07-17-08; A, 09-18-10; A, 01-09-12; A, 06-14-12]

16.5.7.10 DOCUMENTATION REQUIREMENTS:

Except as otherwise required by Subsection F of 16.5.7.8 NMAC, presumptive public service practitioners do not need to comply with the following for temporary or public service licensure. Residents or students as defined in Subsection C of 16.5.7.8 NMAC shall provide only documents described in Subsection F of this section. All other applicants for temporary or public service licensure shall submit the required fees and following documentation:

A. completed application signed and notarized with a passport quality photo taken within six months; applications are valid for one year from the date of receipt;

B. verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession; verification shall be sent directly to the office from the other state(s) board, shall include an embossed seal, and shall attest to the status, issue date, license number, expiration date and other information contained on the form;

C. proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

D. an affidavit from the New Mexico licensed dentist who is sponsoring the applicant attesting to the qualifications of the applicant and the activities the applicant will perform; applicants for temporary licensure in underserved areas and state institutions shall:

(1) provide an affidavit from the administrative supervisor of the applicant's proposed employer organization as defined in Subsection C of 16.5.7.8 NMAC attesting to supervision and oversight by a New Mexico licensed dentist, and bearing the signature of both; or

(2) provide an affidavit from the New Mexico department of health specifying supervision will be by a licensed New Mexico dentist and bearing the signature of both;

(3) report any changes in supervision or oversight of the temporary licensee to the board within 30 days of the change; and

(4) provide proof of acceptable liability insurance coverage;

E. in addition, applicants requesting temporary licensure in public health dentistry or as a replacement practitioner shall submit the following:

(1) official transcripts or an original letter on letterhead with an embossed seal verifying successfully passing all required courses from the dental school or college, to be sent directly to the board office from the accredited program;

(2) copy of national board examination certificate or score card;

(3) copy of clinical examination score card or certificate from the accepted examining agent;

(4) proof of having taken a course in infection control technique within the past 12 months;

(5) applicant shall authorize the drug enforcement administration (DEA) and American association of dental examiners clearinghouse to send verification of status directly to the board office;

(6) the board will obtain verification of applicant status from the national practitioners data bank; and

(7) a level III status report from a board designated professional background service shall be received directly from a board designated professional background service; the results of the background check shall either indicate no negative findings, or if there are negative findings, those findings will be considered by the board; the board may deny, stipulate, or otherwise limit a license if it is determined the applicant is guilty of violating any of the provisions of the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, these rules, or if it is determined that the applicant poses a threat to the welfare of the public;

(8) in addition to the documentation required above, an applicant for temporary licensure in a specialty area shall request official transcripts from the residency program or postgraduate training program to be sent directly to the board office from the accredited program.

F. Residents or students as defined in Subsection C of 16.5.7.8 NMAC shall submit the required fees and following documentation:

(1) completed application signed and notarized with a passport quality photo taken within six months; applications are valid for one year from the date of receipt;

(2) official transcripts in the event that official transcripts are not available at the time of application, a letter from the dean of the dental school or college, on official letterhead, verifying the applicant's successful completion of all required courses, may be submitted but must be supplemented with final graduation documentation no later than 45 days from the start of the residency program.

(3) copy of national board examination certificate or score card;

(4) proof of having taken a course in infection control technique within the past 12 months or have graduation from dental school within the past 12 months;

(5) pass the jurisprudence exam with a score of at least 75 percent;

(6) if resident or student has or holds a license to practice dentistry or other health care profession they shall submit verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession; verification shall be sent directly to the office from the other state(s) board, shall include an embossed seal, and shall attest to the status, issue date, license number, expiration date and other information contained on the form; and

(7) issue date of the license will correspond with the first date of the residency start date.

[3-14-73, 5-31-95, 9-30-96; 16.5.7.10 NMAC - Rn, 16 NMAC 5.7.10, 12-14-00; A, 06-14-01; A, 3-29-02, A, 07-16-07; A, 09-18-10; A, 01-09-12; A, 06-14-12; A, 12-16-15]

16.5.7.11 RE-EXAMINATION PROCEDURE:

An applicant who does not obtain a passing score on the jurisprudence exam must submit the re-examination fee as defined in Subsection D of 16.5.5 NMAC to retake the exam.

[9-30-96; 16.5.7.11 NMAC - Rn, 16 NMAC 5.7.11, 12-14-00; A, 01-09-12]

16.5.7.12 LICENSURE PROCEDURES:

Upon receipt of a completed application, including all required documentation and fees, the secretary-treasurer or the delegate of the board will review and approve the application. The board shall formally accept the approval of the application at the next scheduled meeting.

A. Emergency Practitioner: Upon receipt of the necessary credentials from the practitioner and the verification from the sponsoring dentist, a professional member of the board or board administrator may declare the practitioner a temporary licensee of record and submit such information to the practitioner, sponsoring dentist, or the hospital.

B. Any application which cannot be approved by the delegate of the board will be reviewed by the entire Board at the next scheduled meeting.

[3-14-73, 5-31-95, 9-30-96; 16.5.7.12 NMAC - Rn, 16 NMAC 5.7.12, 12-14-00; A, 12-16-15]

16.5.7.13 RE-ISSUE PROCEDURES:

To remain eligible for temporary or public service licensure; temporary or public service license holders who are eligible for re-issue per 16.5.7.8 NMAC must contact the board office three months prior to the expiration date to begin the re-issue process. All requirements regarding re-issue are the same as the initial application as defined in 16.5.7.10 NMAC. The form, application and fee and proof of 20 hours of continuing education must be post-marked on or before the expiration date.

[12-15-97; 16.5.7.13 NMAC - Rn, 16 NMAC 5.7.13, 12-14-00; A, 09-18-10; A, 01-09-12]

16.5.7.14 LIMITATION ON PRACTICE:

Temporary or public service licensees shall engage in only those activities specified on the temporary or public service license for the time period designated.

A. Temporary or public service licensees shall only practice under the sponsorship or in association with a licensed New Mexico dentist or dental hygienist.

B. Temporary or public service licensees and the approved sponsor or associate are responsible for compliance with the act and these rules.

[3-14-73, 5-31-95, 12-15-97, 16.5.7.14 NMAC - Rn, 16 NMAC 5.7.14, 12-14-00; A, 01-09-12]

16.5.7.15 CONVERSION OF TEMPORARY LICENSE TO LICENSE BY CREDENTIALS:

A. Following the completion of the requirements listed in 16.5.7.8 NMAC of these rules, the temporary licensee may complete an application for licensure by credentials.

B. Any additional licenses acquired during the time practicing under a temporary license must be reported on the application for licensure by credentials.

C. Any actions taken against the applicant's license in any other jurisdiction while licensed in New Mexico under a temporary license must be reported on the application for license by credentials.

D. Upon receipt of a complete application the board shall issue a New Mexico license by credentials unless there is any action pending against the temporary license. Then at the discretion of the board or its agent, the temporary license may be extended until pending action is settled. If action is taken against the temporary license, conversion to a license by credentials will be halted and the temporary license will no longer be renewed.

E. Conversion of a temporary license to practice dentistry does not allow conversion of a temporary anesthesia permit into one lasting more than the initial 12 months. After the 12 month period, an additional permit requires successful completion of an additional anesthesia exam and a facilities inspection. See Subsection C of 16.5.15.15 NMAC.

PART 8: DENTISTS, LICENSURE BY CREDENTIALS

16.5.8.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.8.1 NMAC - Rp, 16.5.6.1 NMAC, 5/31/2023]

16.5.8.2 SCOPE:

The provisions of 16.5.8 NMAC apply to all applicants for licensure as a general or specialty dentist by credentials.

[16.5.8.2 NMAC - Rp, 16.5.8.2 NMAC, 5/31/2023]

16.5.8.3 STATUTORY AUTHORITY:

16.5.8 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-12 NMSA 1978.

[16.5.8.3 NMAC - Rp, 16.5.8.3 NMAC, 5/31/2023]

16.5.8.4 DURATION:

Permanent.

[16.5.8.4 NMAC- Rp, 16.5.8.4 NMAC, 5/31/2023]

16.5.8.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.8.5 NMAC - Rp, 16.5.8.5 NMAC, 5/31/2023]

16.5.8.6 OBJECTIVE:

To establish the requirements for application for licensure as a dentist by credentials held through licensure in another state(s).

[16.5.8.6 NMAC - Rp, 16.5.8.6 NMAC, 5/31/2023]

16.5.8.7 DEFINITIONS:

License in "good standing" is defined as having an active dental license in a jurisdiction for a period of at least three consecutive years immediately preceding the date of application, and a minimum of five years of dental licensure. The board shall consider stipulations, disciplinary or administrative actions taken against a licensee by the issuing agency, within the previous five years, when determining whether a license is in "good standing".

[16.5.8.7 NMAC – Rp, 16.5.8.7 NMAC, 5/31/2023]

16.5.8.8 PREREQUISITE REQUIREMENTS FOR LICENSURE IN GENERAL PRACTICE:

Each applicant for licensure as a general dentist by credentials must possess the following qualifications:

A. graduated and received a diploma from an accredited dental school as defined in Subsection A of Section 61-5A-12 NMSA 1978;

B. completed 60 hours of approved continuing education during the past 36 months in compliance with 16.5.1.15 NMAC of these rules;

C. passed the dental national board examination as defined in Subsection A of Section 61-5A-12 NMSA 1978;

D. passed the jurisprudence exam with a score of at least seventy-five percent;

E. holds a current active license in good standing by clinical examination in another state or territory of the United States, or has maintained a uniform service practice in the United States military or public health service for three years immediately preceding the application;

F. passed a clinical examination approved by the board;

G. the board may deny, stipulate, or otherwise limit a license if it is determined the applicant holds or has held a license in another jurisdiction that is not in good standing, if proceedings are pending against the applicant in another jurisdiction, or information is received indicating the applicant is of danger to patients or is guilty of violating any of the provisions of the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, or these rules;

H. the board requires a background status report from a board designated professional background service; application for this service will be included with other application materials; the applicant will apply and pay fees directly to a board designated professional background service to initiate this service.

[16.5.8.8 NMAC - Rp, 16.5.8.8 NMAC, 5/31/2023]

16.5.8.9 PREREQUISITE REQUIREMENTS FOR LICENSE IN SPECIALTY PRACTICE:

Any dentist who has taken a clinical examination accepted by the board and who has completed and passed a CODA accredited specialty program in one of the ADA recognized specialties may be issued a specialty license by the board. Each applicant for a license to practice a dental specialty by credentials must possess the following

qualifications. Individuals licensed to practice a dental specialty shall be limited to practice only in that specialty area.

A. Graduated and received a diploma from an accredited dental school as defined in Subsection A of Section 61-5A-12 NMSA 1978.

B. Have a postgraduate degree or certificate from an accredited dental school or approved residency program as defined in Subsection E of Section 61-5A-12 NMSA 1978, in one of the specialty areas of dentistry recognized by the ADA.

C. Completed 60 hours of continuing education during the past 36 months in compliance with 16.5.1.15 NMAC of these rules.

D. Successfully completed the dental national board examination as defined in Subsection A of Section 61-5A-12 NMSA 1978.

E. An applicant in any specialty defined in Subsection E of 16.5.8.9 NMAC for which there is no specialty examination may substitute diplomat status for the examination.

F. Successfully completed an examination for diplomat status or a specialty licensure examination comparable to the specialty exam recognized by the New Mexico board of dental health care:

(1) the examination must include the entry level clinical skills in one of the following specialties: endodontics, oral and maxillofacial surgery, orthodontics/dento-facial orthopedics, oral pathology, pediatric dentistry, periodontology, prosthodontics; or oral and maxillofacial radiology, other specialties approved by the American dental association; or

(2) for licensure as a specialist in dental public health, the applicant must have successfully completed the examination for diplomat status given by the American board of public health dentistry.

G. Completed the jurisprudence exam with a score of at least seventy-five percent.

H. Hold a current active license in good standing by examination in another state or territory of the United States.

I. The board may deny, stipulate, or otherwise limit a license if it is determined the applicant holds or has held a license in another jurisdiction that is not in good standing, if proceedings are pending against the applicant in another jurisdiction, or information is received indicating the applicant is of danger to patients or is guilty of violating any of the provisions of the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, or these rules.

J. The board requires a level II background status report from a board designated professional background service. Application for this service will be included with other application materials. The applicant will apply and pay fees directly to a board designated professional background service to initiate this service.

[16.5.8.9 NMAC - Rp, 16.5.8.9 NMAC, 5/31/2023]

16.5.8.10 DOCUMENTATION REQUIREMENTS:

Each applicant for licensure by credentials must submit the required fees and following documentation:

A. completed application; applications are valid for one year from the date of receipt;

B. official transcripts or an original letter on letterhead with an embossed seal verifying successfully passing all required courses from the dental school or college, to be sent directly to the board office from the accredited program;

C. copy of national board examination certificate or scorecard;

D. copy of clinical examination score card or certificate from the accepted examining agent;

E. proof of having taken a course in infection control technique within the past twelve months;

F. proof of current life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

G. the board will obtain verification of applicant status from the national practitioner's data bank and the American association of dental examiners clearinghouse;

H. verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession; verification must be sent directly to the office from the other state(s) board, must include a seal, and must attest to the status, issue date, license number, and other information contained on the form;

I. a status report from a board designated professional background service must be received by the board office directly from a board designated professional background service; the results of the background check must either indicate no negative findings, or if there are negative findings, those findings will be considered by the board;

J. the board may deny, stipulate or otherwise limit a license if it is determined the applicant is guilty of violating any of the provisions of the act, the Uniform Licensing Act,

the Impaired Dentist and Hygienist Act, these rules, or if it is determined that the applicant poses a threat to the welfare of the public;

K. proof of 60 hours of continuing education during the 36 months prior to licensure in compliance with 16.5.1.15 NMAC of these rules;

L. dentists employed in uniform service practice shall furnish:

(1) a copy of the most recent commissioned officers effectiveness report, or equivalent, issued by the uniformed service dental service, and

(2) a certified letter from the clinic commander attesting to past record and any actions taken on applicant's uniform service credentials;

M. applicants for specialty by credentials in one of the following applicants for specialty license must submit: official transcripts from the residency program or postgraduate training program, sent directly to the board office from the accredited program;

N. certificate of diplomat status from the specialty board, must be sent directly to the board office; and

O. successfully completed an examination for diplomat status or a specialty licensure examination comparable to the specialty exam recognized by the New Mexico board of dental health care:

(1) the examination must include the entry level clinical skills in one of the following specialties: endodontics, oral and maxillofacial surgery, orthodontics/dento-facial orthopedics, oral pathology, pediatric dentistry, periodontology, prosthodontics; or oral and maxillofacial radiology; or

(2) for licensure as a specialist in dental public health, the applicant must have successfully completed the examination for diplomat status given by the American board of public health dentistry;

P. supplemental information may be requested by the board.

[16.5.8.10 NMAC - Rp, 16.5.8.10 NMAC, 5/31/2023]

16.5.8.11 RE-EXAMINATION PROCEDURE:

An applicant who does not obtain a passing score on the jurisprudence exam must submit the re-examination fee as defined in Subsection D of 16.5.5.8 NMAC to re-take the exam.

[16.5.8.11 NMAC - Rp, 16.5.8.11 NMAC, 5/31/2023]

16.5.8.12 LICENSURE PROCEDURE:

Upon receipt of a completed application, including all documentation and fees, the secretary-treasurer or delegate of the board will review and may approve the application when the applicant holds a valid license obtained through clinical exam. The board shall formally accept the approval of the application at the next scheduled meeting. All applications for licensure by credentials based on uniform service practice will be taken to the board for review and final determination of eligibility for licensure at the next scheduled meeting.

A. Initial dental licenses are issued for a period not to exceed three years as defined in 16.5.11.8 NMAC.

B. Any application that cannot be approved by the delegate of the board will be reviewed by the entire board at the next scheduled meeting.

[16.5.8.12 NMAC - Rp, 16.5.8.12 NMAC, 5/31/2023]

PART 9: NON-DENTIST OWNERS

16.5.9.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.9.1 NMAC - Rp, 16.5.9.1 NMAC, 5/31/2023]

16.5.9.2 SCOPE:

The provisions of 16.5.9 NMAC apply to all parts of Chapter 5 and provide relevant information to any person who wishes to own a practice and is not a dentist or collaborative practice dental hygienist licensed in New Mexico.

[16.5.9.2 NMAC - RP, 16.5.9.2 NMAC, 5/31/2023]

16.5.9.3 STATUTORY AUTHORITY:

Sections 61-5A-1 through Section 61-5A-30 NMSA 1978.

[16.5.9.3 NMAC - Rp, 16.5.9.3 NMAC, 5/31/2023]

16.5.9.4 DURATION:

Permanent.

[16.5.9.4 NMAC - Rp, 16.5.9.4 NMAC, 5/31/2023]

16.5.9.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.9.5 NMAC - Rp, 16.5.9.5 NMAC, 5/31/2023]

16.5.9.6 OBJECTIVE:

To set forth the provisions which apply to all of Chapter 5, and to all persons and entities affected or regulated by Chapter 5 of Title 16, and to all persons and entities affected or regulated by Chapter 5 of Title 16.

[16.5.9.6 NMAC - Rp, 16.5.9.6 NMAC, 5/31/2023]

16.5.9.7 DEFINITIONS:

A. "Employee" means a licensee of the board employed or contracted with a non-dentist owner for the purpose of providing dental or dental hygiene services as defined by their respective scopes of practice; or enters into a managed care or other agreement to provide dental or dental hygiene services in New Mexico.

B. "Exempted entities" not included in non-dentist owner, under the following stipulations an entity may function as a non-dentist owner without a New Mexico license:

- (1) government agencies providing dental services within affiliated facilities;
- (2) government agencies engaged in providing public health measures to prevent dental disease;
- (3) spouses of a deceased licensed dentist or dental hygienists for a period of one year following the death of the licensee;
- (4) accredited school of dentistry, dental hygiene or dental assisting providing dental services solely in an education setting only;
- (5) dental hygienists licensed in New Mexico or corporate entities with a majority interest owned by a dental hygienist licensed in New Mexico;
- (6) federally qualified health centers, as designated by the United States department of health and human services, providing dental services;
- (7) nonprofit community-based entities and organizations that use public funds to provide dental and dental hygiene services for indigent person; and
- (8) hospitals licensed by the department of health.

C. "Non-dentist owner" means an individual not licensed as a dentist in New Mexico or a corporate entity not owned by a majority interest of a New Mexico licensed

dentist that employs or contracts with a dentist or dental hygienist to provide dental or dental hygiene services.

[16.5.9.7 NMAC - Rp, 16.5.9.7 NMAC, 5/31/2023]

16.5.9.8 RESPONSIBILITY OF NON-DENTIST OWNER:

To employ and contract for dental services, a non-dentist owner shall apply to the board for the proper license and adhere to the re-licensure criteria and fees as established by the rules of the board.

A. unless licensed as a dentist or non-dentist owner an individual or corporate entity shall not:

(1) employ or contract with a dentist or dental hygienist for the purpose of providing dental or dental hygiene services as defined by their respective scopes of practice; or

(2) enter into a managed care or other agreement to provide dental or dental hygiene services in New Mexico.

B. the non-dentist owner licensee shall follow the provisions of 16.5.16 NMAC; failure of the licensee or an employee of the licensee to follow these provisions will result in disciplinary actions as defined in 16.5.16 NMAC;

C. if an employee dentist or dental hygienist leaves the non-dentist owner practice, the non-dentist owner is responsible for the continued uninterrupted care of the patient by another licensed dentist or dental hygienist;

D. non-dentist owner shall notify the board in writing within 30 days of any changes in ownership;

E. non-dentist owner shall notify the board in writing within 30 days of any employment changes of board licensed employees;

F. non-dentist owner shall notify the board within 30 days of any disciplinary actions against the non-dentist owner(s);

G. non-dentist owner employees shall follow provision of 16.5.16 NMAC; failure of an employee of the licensee to follow these provisions will result in disciplinary actions as defined in 16.5.16 NMAC;

H. non-dentist owners licensed prior to the effective date of these rules shall be allowed to maintain their existing license(s);

I. the name and contact information of the non-dentist owner(s) shall be prominently displayed in a public area of the practice location(s) and on all advertisements of the practice;

J. the non-dentist owner(s) shall prominently display in a public area of the practice location(s) and on all advertisements the practice names of employee(s) licensed by the board;

K. no person other than a New Mexico licensed dentist shall have direct control or interfere with the dentist's or dental hygienist's clinical judgment and treatment, including, referrals or prescriptions of laboratory services;

L. non-dentist owners shall maintain patient records for a minimum of six years; and

M. a non-dentist owner licensee shall notify the board of any adverse action taken against such licensee by any licensing board, peer review body, malpractice insurance carrier, or any other entity as defined by the board; a non-dentist owner licensee shall also notify the board of its surrender of a license while under, or in lieu of, an investigation by any authority; such report shall be made in conformance with the provision of 16.5.3 NMAC.

N. the non-dentist owner shall be subject to the provisions of 16.5.58 NMAC.

[16.5.9.8 NMAC - Rp, 16.5.9.8 NMAC, 5/31/2023]

16.5.9.9 RESPONSIBILITY OF DENTISTS AND DENTAL HYGIENIST EMPLOYED BY A NON-DENTIST OWNER:

Dentists and dental hygienists employed by a non-dentist owner shall report such employment in their initial and renewal applications, including the name, address and phone number of the non-dentist owner or corporation, and the name of their immediate manager or supervisor.

[16.5.9.9 NMAC - Rp, 16.5.9.9 NMAC, 5/31/2023]

16.5.9.10 DOCUMENTATION REQUIREMENTS:

Each applicant for a non-dentist owner license shall submit a completed application obtained from the board office with the required fees and the following documentation:

A. completed application signed by the individual that is the non-dentist owner or by the president of the parent corporation; applications are valid for one year from the date of receipt;

B. the board requires a board designated professional background service report; the applicant will apply and pay fees directly to a board designated professional

background service to initiate this service; if the applicant has or has had a professional license in dentistry or another related health care profession the board designated professional background service report will do a search of those appropriate databases for past disciplinary action as well as a criminal background check; in the case of any corporation entity, the board requires a review of public records and other nationally recognized data resources that record actions against a corporation in the United States that may reveal any activities or unacquitted civil or criminal charges that could reasonably be construed to constitute evidence of danger to patients, including acts of moral turpitude;

C. passed the jurisprudence examination with a score of at least seventy-five percent;

D. non-dentist owner(s) shall comply with Subsection C of this section within six months of the effective date of the rule;

E. verification of licensure in all states where the non-dentist owner holds or has held a license, or other health care profession; verification shall be sent directly to the office from the other state(s) board, shall include a raised seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form; and

F. the board may deny, stipulate, or otherwise limit a license if it is determined the applicant is guilty of violating any of the provisions of the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, these rules, or if it is determined that the applicant poses a threat to the welfare of the public.

[16.5.9.10 NMAC - Rp, 16.5.9.10 NMAC, 5/31/2023]

16.5.9.11 LICENSURE PROCEDURE:

Upon receipt of a completed application, including all required documentation and fees, the secretary-treasurer or the delegate of the board will review and may approve the application. The board shall formally accept the approval of the application at the next scheduled meeting.

A. Initial license: Non-dentist owner licenses are issued for a period not to exceed three years. The licensee shall apply for renewal on a triennial basis.

B. Posting: The license and subsequent renewal certificates shall be posted in each place of business. Duplicates may be requested from the board office with location of each business address where they will be posted for the public to view.

C. License: This license is non-transferable.

D. Renewal: After the initial license period, non-dentist owner licenses expire every three years on July 1. Licenses not renewed by July 1 are considered expired.

(1) A completed renewal application with appropriate fees shall be post-marked on or before July 1 of the renewal year.

(2) The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to make timely request for the renewal form if one has not been received 30 days prior to license expiration.

E. Late renewals: Renewal applications post-marked after July 1 and prior to August 1 of the renewal year shall be accompanied by the completed renewal application, the triennial renewal fee, and the late fee.

(1) Renewal applications post-marked on or after August 1 but before September 1 of the renewal year, shall be accompanied by the completed application, the triennial renewal fee, a late fee, and a cumulative late fee of ten-dollars (\$10) per day from August 1 to the date of the postmark or hand-delivery to board office.

(2) If a renewal application is not received by the board office, or post-marked before September 1, the license shall be summarily revoked for non-payment of fees. Dental professionals in such offices or clinics shall cease and desist from further practice of dentistry or dental hygiene until non-dentist owner has renewed or re-applied.

F. Fees:

(1)	Initial Licensure:	\$300.
(2)	Renewal:	\$150.

[16.5.9.11 NMAC - Rp, 16.5.9.11 NMAC, 5/31/2023]

16.5.9.12 PREREQUISITES FOR NON-DENTIST OWNER:

Each applicant for licensure as a non-dentist owner shall possess the following:

A. a corporate entity must be registered in New Mexico; and

B. an individual non-dentist owner(s) or agent of a corporation shall pass the New Mexico jurisprudence examination with seventy-five percent.

PART 10: DENTISTS, CONTINUING EDUCATION REQUIREMENTS

16.5.10.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.10.1 NMAC - Rp, 16.5.10.1 NMAC, 12/14/2019]

16.5.10.2 SCOPE:

The provisions of Part 10 of Chapter 5 apply to all licensed dentists who are applying to renew their license.

[16.5.10.2 NMAC - Rp, 16.5.10.2 NMAC, 12/14/2019]

16.5.10.3 STATUTORY AUTHORITY:

Part 10 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-10 NMSA 1978 (1996 Repl. Pam.).

[16.5.10.3 NMAC - Rp , 16.5.10.3 NMAC, 12/14/2019]

16.5.10.4 DURATION:

Permanent.

[16.5.10.4 NMAC - Rp , 16.5.10.4 NMAC, 12/14/2019]

16.5.10.5 EFFECTIVE DATE:

December 14, 2019, unless a later date is cited at the end of a section.

[16.5.10.5 NMAC - Rp, 16.5.10.5 NMAC, 12/14/2019]

16.5.10.6 OBJECTIVE:

To establish criteria for continuing education for dentists licensed in New Mexico.

[16.5.10.6 NMAC - Rp , 16.5.10.6 NMAC, 12/14/2019]

16.5.10.7 DEFINITIONS:

[RESERVED]

[16.5.10.7 NMAC - Rp , 16.5.10.7 NMAC, 12/14/2019]

16.5.10.8 HOURS REQUIRED:

60 hours of continuing education, a maximum of 30 hours can be on-line, webinars or self-study, are required during each triennial renewal cycle as defined in 16.5.1 NMAC.

Continuing education received after submission of renewal materials but prior to actual expiration date may be used for the requirements of the next renewal cycle. Continuing education requirements are pro-rated at 20 hours per full year of the initial licensing period. Initial licenses issued for less than a full year do not require continuing education for the first renewal.

[16.5.10.8 NMAC - Rp , 16.5.10.8 NMAC, 12/14/2019]

16.5.10.9 COURSES REQUIRED:

Continuing education coursework must contribute directly to the practice of dentistry and must comply with the requirements of 16.5.1.15 NMAC of these rules. The following courses are required for license renewal.

A. Proof of current certification in basic life support (BLS) or cardiac pulmonary resuscitation (CPR) accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be self-study course.

B. Infection control. As further defined in 16.5.1.16 NMAC, a course in infection control techniques and sterilization procedures per renewal period.

C. Anesthesia/Sedation: Any dentist holding a minimal, moderate or deep sedation/general anesthesia permit is required to follow continuing education requirements as set forth in 16.5.15.20 NMAC.

D. Management of pain with controlled substances. Any dentists who holds a Federal drug enforcement administration registration to prescribe controlled substances shall successfully complete three continuing dental or medical education hours, as defined in Part 16.5.57 NMAC, in appropriate courses that shall include:

- (1) an understanding of the pharmacology and risks of controlled substances,
- (2) a basic awareness of the problems of abuse, addiction and diversion,
- (3) awareness of state and federal regulations for the prescription of controlled substances, and
- (4) management of the treatment of pain.

[16.5.10.9 NMAC - Rp, 16.5.10.9 NMAC, 12/14/2019]

16.5.10.10 VERIFICATION OF CONTINUING EDUCATION:

The board will select renewal applications for verification of continuing education. Audit requests will be included with the renewal notice and those selected individuals will be asked to submit proof of compliance with the continuing education requirements.

Continuing education records may be audited by the board at any time. The records identified Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for one year following the renewal cycle in which they are earned.

[16.5.10.10 NMAC - Rp, 16.5.10.10 NMAC, 12/14/2019]

16.5.10.11 EMERGENCY DEFERRAL:

A. Licensee unable to fulfill the continuing education requirements may apply to the board for an emergency deferral of the requirements due to extenuating circumstances as defined in 16.5.1.7 NMAC. Deferrals of up to four months may be granted by a designee of the board.

B. Licensee practicing or residing outside the United States shall not be required to fulfill the continuing education requirements for the period of the absence.

(1) The board must be notified prior to license expiration that the licensee will be outside the US, including the period of the absence.

(2) Upon return to the US, the licensee shall complete the continuing education required for the years of practice within the US during the renewal cycle, or apply for an emergency deferral.

[16.5.10.11 NMAC - Rp , 16.5.10.11 NMAC, 12/14/2019]

PART 11: DENTISTS, LICENSE EXPIRATION AND RENEWAL

16.5.11.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.11.1 NMAC - Rn & A, 16 NMAC 5.11.1, 04/17/06]

16.5.11.2 SCOPE:

The provisions of Part 11 of Chapter 5 apply to all dentists with a license to practice in New Mexico.

[9/30/96; 16.5.11.2 NMAC - Rn, 16 NMAC 5.11.2, 04/17/06]

16.5.11.3 STATUTORY AUTHORITY:

Part 11 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pamp.).

16.5.11.4 DURATION:

Permanent.

[9/30/96; 16.5.11.4 NMAC - Rn, 16 NMAC 5.11.4, 04/17/06]

16.5.11.5 EFFECTIVE DATE:

September 30, 1996, unless a different date is cited at the end of a section.

[9/30/96; 16.5.11.5 NMAC - Rn & A, 16 NMAC 5.11.5, 04/17/06]

16.5.11.6 OBJECTIVE:

To establish procedures for license issuance, expiration and renewal.

[9/30/96; 16.5.11.6 NMAC - Rn, 16 NMAC 5.11.6, 04/17/06]

16.5.11.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.11.7 NMAC - Rn, 16 NMAC 5.11.7, 04/17/06]

16.5.11.8 LICENSE EXPIRATION:

Initial licenses expire on July 1, in the third year of licensure. No license will be issued for longer than 36 months or less than 25 months.

[11/6/83...9/30/96; 12/15/97, 8/16/99; 16.5.11.8 NMAC - Rn, 16 NMAC 5.11.8, 04/17/06]

16.5.11.9 RENEWAL PERIOD AND EXPIRATION:

After the initial license period, dental licenses expire every three years on June 30. Dental licenses not renewed by July 1, are considered expired.

[9/13/69...9/30/96; 8/16/99; 16.5.11.9 NMAC - Rn & A, 16 NMAC 5.11.9, 04/17/06]

16.5.11.10 RENEWAL PROCESS:

A completed renewal application, accompanied by the required fees as set forth in 16.5.5.8 NMAC, along with the required proof of completion of 60 hours of continuing education as set forth in 16.5.1.15 NMAC. The completed renewal application must be post-marked on or before July 1, of the renewal year.

[3/14/73...9/30/96; 8/16/99; 16.5.11.10 NMAC - Rn & A, 16 NMAC 5.11.10, 04/17/06]

16.5.11.11 LICENSEE RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to make timely request for the renewal form if one has not been received thirty days prior to license expiration. Incomplete renewal applications shall be returned to the licensee for completion, and may result in the assessment of a late renewal fee as set forth in 16.5.5.8 NMAC.

[6/4/95; 16.5.11.11 NMAC - Rn & A, 16 NMAC 5.11.11, 04/17/06]

16.5.11.12 RENEWAL AFTER JUNE 30:

Renewal applications post-marked after July 1, and prior to August 1, of the renewal year must be accompanied by the completed renewal application with the required proof of completion of 60 hours of continuing education as set forth in 16.5.10.8 NMAC, along with the triennial renewal fee, impairment fee and the late fee as set forth in 16.5.5.8 NMAC.

[RESERVED]

[9-30-96; 16.5.12.7 NMAC - Rn, 16 NMAC 5.12.7, 12-14-00]

16.5.12.8 RETIREMENT:

A license to practice dentistry may be placed in retirement status one time through the following procedures:

A. the request for retirement status must be made in writing to the board office prior to the expiration of the current license; dentists with an active practice located in New Mexico must include the following information:

- (1) the actual date of retirement;
- (2) proof of written notification of approaching retirement to all patients currently under active treatment;
- (3) the location where all active dental treatment records will be maintained for a minimum of six years; active treatment records are records of patients treated in the two years previous to the date of retirement; the notification to the board must include the name, address, and telephone number of the person who is serving as the custodian of the records;

B. all dentists requesting retirement status may include a list of any continuing education courses taken since the last license renewal, including documentation required in 16.5.10 NMAC; and

C. board staff shall acknowledge receipt of the request for retirement status and at the next meeting of the board the request for retirement will be placed on the agenda; upon board approval of retirement status the licensee will be exempt from payment of the triennial renewal fees during the period of retirement;

D. the board may deny a request for retirement status if there are any current or pending complaints or disciplinary actions against the licensee;

E. a licensee desiring to go from active to inactive must sign a waiver and stipulation provided by the board foregoing the three year retirement.

[3-14-73...5-31-95, 9-30-96; 16.5.12.8 NMAC - Rn, 16 NMAC 5.12.8, 12-14-00, A, 03-06-05; A, 01-09-12]

16.5.12.9 INACTIVE:

A license to practice dentistry may be placed in inactive status one time through the following procedures.

A. The request for inactive status must be made by an application obtained from the board office prior to the expiration of the current license or the three-year eligibility of retirement status. Dentists with an active practice located in New Mexico must include the following information:

- (1) the actual date of inactivation request;

(2) proof of written notification of approaching inactive status to all patients currently under active treatment;

(3) the location where all active dental treatment records will be maintained for a minimum of six years; active treatment records are records of patients treated in the two years previous to the date of inactive status; the notification to the board must include the name, address, and telephone number of the person who is serving as the custodian of the records.

B. All dentists requesting inactive status shall include a list of any continuing education courses taken since the last license renewal, including documentation as set forth in 16.5.10 NMAC.

C. The board may deny a request for inactive status if there are any current or pending complaints or disciplinary actions against the licensee.

[3-14-73...5-31-95, 12-15-97; 16.5.12.9 NMAC - Rn & A, 16 NMAC 5.12.9, 12-14-00; N, 03-06-05; A, 04-17-06; A, 01-09-12]

16.5.12.10 REINSTATEMENT FROM RETIREMENT STATUS:

A licensee whose license has been placed in retirement status may request reinstatement of the retired license within three years of the date of retirement as indicated in 16.5.12.8 NMAC. Upon receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement must include the reinstatement fee, the triennial renewal fee, impairment fee, and proof of the following continuing education courses:

(1) 20 hours of approved continuing education courses related to the clinical practice of dentistry, per year of retirement; at least 20 of these hours must be in the 12 months previous to the request;

(2) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(3) proof of infection control course within the past 12 months; and

(4) 60 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of retirement request as well as any continuing education taken during the retirement period.

B. Applicant shall authorize the following agencies to send verification of status directly to the board office:

- (1) drug enforcement administration (DEA), and
- (2) American association of dental examiners clearinghouse.

C. The board will obtain electronic verification of applicant status from the national practitioners' data bank.

D. Verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession. Verification must be sent directly to the board office from the other state(s) board, must include a raised seal, and must attest to the status, issue date license number, expiration date and other information contained on the form.

E. The board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of retirement and information on any existing impairment. If the board finds the application in order and is satisfied the applicant has fulfilled all required continuing education, the license will be removed from retirement status and the previous license number reassigned. The reinstated license will expire as defined in 16.5.11 NMAC.

F. A dentist with a license in retirement status may not practice dentistry in New Mexico until proof of active licensure is received from the board office.

G. If reinstatement of a retired license is not requested after three years of retirement, and if the licensee does not apply for inactive status, application for a new license must be made by examination or credentials in order to practice dentistry in New Mexico.

[16.5.12.10 NMAC - Rn, 16.5.12.9 NMAC & A, 03-06-05; A, 04-17-06; A, 07-16-07; A, 07-19-10; A, 01-09-12]

16.5.12.11 REINSTATEMENT FROM INACTIVE STATUS:

A licensee whose license has been placed in inactive status may request reinstatement to active license status within nine years of the date of inactivation as indicated in 16.5.12.8 NMAC. Upon receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement must include the reinstatement fee, the triennial renewal fee, impairment fee and proof of the following continuing education courses:

(1) 20 hours of approved continuing education courses related to the clinical practice of dentistry, per year of inactivation; at least 20 of these hours must be in the 12 months previous to the request;

(2) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(3) proof of infection control course within the past 12 months;

(4) proof of medical emergency course during the past 12 months; and

(5) 60 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of retirement request as well as any continuing education taken during the retirement period.

B. Applicant shall authorize the following agencies to send verification of status directly to the board office:

(1) drug enforcement administration (DEA); and

(2) American association of dental examiners clearinghouse.

C. The board will obtain electronic verification of applicant status from the national practitioners' data bank.

D. Verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession. Verification must be sent directly to the board office from the other state(s) board, must include a raised seal, and must attest to the status, issue date, expiration date, license number, and other information contained on the form.

E. The board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of inactivation and information on any existing impairment. If the board finds the application in order and is satisfied the applicant has fulfilled all required continuing education, the license will be removed from inactive status and the previous license number reassigned. The reinstated license will expire as defined in 16.5.11 NMAC.

F. A dentist with a license in inactive status may not practice dentistry in New Mexico until proof of active licensure is received from the board office.

G. If reinstatement of an inactive license is not requested after nine years of inactivation, application for a new license must be made by examination or credentials

in order to practice dentistry in New Mexico or six years if the licensee signs affidavit foregoing three years for retirement as defined in 16.5.12.8 NMAC.

[16.5.12.11 NMAC - N, 03-06-05; A, 04-17-06; A, 07-16-07; A, 07-19-10; A, 01-09-12]

PART 13: DENTISTS, LICENSE REVOCATION FOR NON-RENEWAL

16.5.14.5 EFFECTIVE DATE:

July 17, 2013, unless a later date is cited at the end of a section.

[16.5.14.5 NMAC - N, 7/17/2013]

16.5.14.6 OBJECTIVE:

To establish guidelines for the administration of the defined adjunctive dental services in a dental office located in New Mexico.

[16.5.14.6 NMAC - N, 7/17/2013]

16.5.14.7 DEFINITIONS:

A. "Adjunctive dental services" means additional procedures, as recognized by the board, used for increasing efficiency, safety, outcome, or performance of dental treatment, including, but not limited to, cosmetic procedures or therapies.

B. "Botulinum toxin" means a neurotoxin that temporarily reduces muscle contraction.

C. "Dermal fillers" means a resorbable substance injected below the skin surface to reduce lines, wrinkles, or facial grooves, and for the purpose of this rule, are for the oral and maxillofacial regions of the body.

D. "Obstructive sleep apnea" means a spectrum of abnormal breathing during sleep that occurs when there is partial or complete collapse of the airway.

E. "Sleep-related breathing disorders" includes, for the purpose of this section, snoring, upper airway resistance syndrome, and obstructive sleep apnea. These disorders must be diagnosed by a physician.

F. "Upper airway resistance syndrome" is a partial collapse of the airway that is an intermediate form of abnormal breathing between snoring and obstructive sleep apnea.

[16.5.14.7 NMAC - N, 7/17/2013; A, 12/14/2019]

16.5.14.8 ADMINISTRATION OF BOTULINUM NEUROTOXIN (BOTOX) AND DERMAL FILLERS:

The board does not issue permits for the administration of botox or dermal fillers. The board does not regulate dental materials of any type; however, due to the rising utilization of these materials by dentists, the board sets forth the following requirements.

A. Before administering botulinum neurotoxin or dermal fillers, in connection with the practice of dentistry as defined in Section 61-5A-4, NMSA 1978, a dentist must receive satisfactory training at a dental institution accredited by the commission on dental accreditation (CODA) or successfully completed a board approved continuing education course of instruction that includes a minimum of the following:

- (1) patient assessment and consultation for botulinum neurotoxin and dermal fillers;
- (2) indications and contraindications for these techniques;
- (3) safety and risk issues for botulinum neurotoxin/dermal fillers injectable therapy;
- (4) proper preparation and delivery techniques for desired outcomes;
- (5) enhancing and finishing esthetic dentistry cases with dermal fillers;
- (6) botulinum neurotoxin treatment of temporomandibular dysfunction;
- (7) knowledge of adverse reactions and management and treatment of possible complications;
- (8) patient evaluation of best esthetic and therapeutic outcomes;
- (9) integrating botulinum neurotoxin and dermal filler therapy into dental therapeutic and esthetic treatment plans; and

(10) 16 hours total, including eight hours minimum live patient hands-on training including diagnosis, treatment planning and proper dosing and delivery of botox and dermal fillers;

B. Botulinum neurotoxin and dermal fillers shall only be administered in dental offices using universal precautions as required by the federal centers for disease control.

C. All dental auxiliaries are prohibited from administering either botulinum neurotoxin or dermal fillers.

D. Continuing education courses shall be approved by the academy of general dentistry (AGD) program approval for continuing education (PACE), American dental association (ADA) continuing education recognition program (CERP) or other dental or medical entities accepted by the board.

[16.5.14.17 NMAC - N, 7/17/2013]

16.5.14.9 GUIDELINES FOR DENTISTS TREATING SLEEP-RELATED BREATHING DISORDERS:

A. Dentists treating patients that have been diagnosed by a physician with sleep-related breathing disorders, including, but not limited to, primary snoring, upper airway resistance syndrome or obstructive sleep apnea are to follow these guidelines published by the American dental association, the American academy of dental sleep medicine and American academy of sleep medicine.

(1) "the role of dentistry in the treatment of sleep-related breathing disorders" (American dental association).

(2) "dental sleep medicine standards for screening, treating and managing adults with sleep-related breathing disorders" (American academy of dental sleep medicine).

(3) "clinical practice guideline for the treatment of obstructive sleep apnea and snoring with oral appliance therapy: an update for 2015" (Joint statement, American academy of sleep medicine and American academy of dental sleep medicine).

B. Dentists cannot diagnose sleep related breathing disorders, but are a vital partner in treating these conditions in collaboration with medical colleagues.

[16.5.14.9 NMAC - N, 12/14/2019]

PART 15: DENTISTS ANESTHESIA/SEDATION ADMINISTRATION

16.5.15.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.15.1 NMAC - Rp, 16.5.15.1 NMAC, 5/31/2023]

16.5.15.2 SCOPE:

The provisions of Part 15 of Chapter 5 apply to all dentists who hold or who are applying for certification to administer anesthesia or analgesia.

[16.5.15.2 NMAC - Rp, 16.5.15.2 NMAC, 5/31/2023]

16.5.15.3 STATUTORY AUTHORITY:

Part 15 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61.5A-22 NMSA 1978 (1996 Repl. Pamp.).

[16.5.15.3 NMAC - Rp, 16.5.15.3 NMAC, 5/31/2023]

16.5.15.4 DURATION:

Permanent.

[16.5.15.4 NMAC - Rp, 16.5.15.4 NMAC, 5/31/2023]

16.5.15.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.15.5 NMAC - Rp, 16.5.15.5 NMAC, 5/31/2023]

16.5.15.6 OBJECTIVE:

A. To establish guidelines and procedures for the regulation of dentists who administer nitrous oxide inhalation analgesia, anxiolysis, minimal sedation, moderate sedation (formerly conscious sedation I and II), and deep sedation, or general anesthesia in an office located in New Mexico. Unless otherwise defined in this Part 15, the board will reference the most current versions of the American dental association "guidelines for the use of sedation and general anesthesia by dentists" and "guidelines for teaching pain control and sedation to dentists and dental students".

B. These guidelines are not meant to regulate the existing precedent where New Mexico licensed dentists may have hospital privileges to provide anesthesia/sedation to dental patients in the operating room or emergency room based on their training, education and policy of the hospital.

[16.5.15.6 NMAC - Rp, 16.5.15.6 NMAC, 5/31/2023]

16.5.15.7 DEFINITIONS:

A. "Anxiolysis" the diminution or elimination or reduction of anxiety without a concomitant reduction of the patient's awareness or ability to react to stimuli. For the purposes of these rules, only a single dose of a single drug within the normal therapeutic dose is allowed.

B. "American society of anesthesiologists (ASA) classification" is the physical status classification system as defined by the American society of anesthesiologists.

C. "Combination inhalation-enteral sedation (combined conscious sedation)" - conscious sedation using inhalation and enteral agents. Nitrous oxide/oxygen when used in combination with sedative agents may produce anxiolysis, conscious or deep sedation or general anesthesia.

D. "CODA" means the commission on dental accreditation.

E. "Conscious sedation" means a minimally depressed level of consciousness that retains the patients' ability to independently and continuously maintain an airway and respond appropriately to physical stimulation and verbal command. Conscious sedation is produced by a pharmacologic or non-pharmacologic method or combination thereof. In accord with this particular definition, the drugs and techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely. Further, patients whose only response is reflex withdrawal from repeated painful stimuli would be considered to be in a deeper state of anesthesia than conscious sedation. For the purposes of this chapter, conscious sedation is further defined as minimal and moderate sedation.

F. "Deep sedation" means an induced state of depressed consciousness accompanied by partial loss of protective reflexes, including the inability to continually maintain an airway independently and to respond purposefully to verbal command. Deep sedation is produced by a pharmacologic or non-pharmacologic method or combination thereof.

G. "Enteral" means any technique of administration in which the agent is absorbed through the gastrointestinal tract or oral mucosa (ie oral, rectal, sublingual).

H. "End tidal carbon dioxide (ETCO₂) capnography" means monitoring of the concentration or partial pressure of end tidal carbon dioxide in respiratory gases.

I. "General anesthesia" means an induced state of unconsciousness, accompanied by partial or complete loss of protective reflexes, including the inability to continually maintain an airway independently and respond purposefully to physical stimulation or verbal command. General anesthesia is produced by a pharmacologic or non-pharmacologic method or combination thereof.

J. "Minimal sedation" means a minimally depressed level of consciousness, produced by a pharmacological method that retains the patient's ability to independently and continuously maintain an airway and respond normally to tactile and verbal commands. Although cognitive function and coordination may be modestly impaired, ventilation and cardiovascular functions are unaffected. If more than one enteral drug is administered to achieve the desired effect, with or without concurrent use of nitrous oxide inhalation, the guidelines for moderate sedation must apply. The administration of an enteral drug exceeding the maximum recommended single dose during a single appointment is considered to be moderate sedation. Concomitant use of nitrous oxide with any sedative agent may produce minimal, moderate or deep sedation or general anesthesia.

K. "Moderate sedation" means a drug induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain patent airway, and spontaneous ventilation is adequate, cardiovascular function is usually maintained. In accord with this particular definition, the drugs and techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely. A patient whose response is reflex withdrawal from painful stimuli is considered to be in a deeper state than that moderate sedation.

L. "Monitor" means to constantly watch or check on the condition of the patient.

M. "Nitrous oxide inhalation analgesia" means the administration by inhalation of a combination of nitrous oxide and oxygen, producing an altered level of consciousness that retains the patient's ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command.

N. "Parenteral" means any technique of administration in which the drug is injected through the dermis or into blood vessel (i.e.,; intramuscular, subcutaneous, or intravenous injections).

O. "Prescribed administration" means the nitrous oxide is administered by a dental hygienist or dental assistant under the indirect supervision of the dentist with the dentist's authorization.

P. "Titration" means the incremental dosing of an intravenous or inhalation drug until the desired effect is reached. One must know if the previous dose of the drug has taken full effect before administering additional increments.

[16.5.15.7 NMAC - Rp, 16.5.15.7 NMAC, 5/31/2023]

16.5.15.8 REQUIREMENT TO BE REGISTERED OR CERTIFIED:

Dentists who administer nitrous oxide inhalation analgesia in New Mexico are required to be registered with the board. Dentists who administer minimal sedation, moderate

sedation, deep sedation, or general anesthesia in New Mexico are required to obtain an anesthesia permit from the board. Any dentist who fails to comply with these rules may be subject to disciplinary action by the board. Anesthesia permits valid on the effective date of this rule continue to be valid until the expiration date indicated on the permit.

A. Permit requirements: (In order of increasing complexity higher level permit includes all lower level permits within the scope of that permit).

(1) Anxiolysis only: No permit necessary (single drug/single dose, within the normal therapeutic dose for anxiolysis).

(2) Nitrous oxide alone: Permit required, no practitioner or facility exam required.

(3) Minimal sedation: Permit required, no exam of practitioner or facility, affidavit of compliance required (single enteral drug, with or without nitrous oxide, below the maximum recommended dose).

(4) Moderate sedation: Permit required, affidavit of compliance, oral, written, and facility exam required at the discretion of the board or its anesthesia committee (single enteral drugs above the maximum recommended dose, multiple enteral drugs, enteral drug plus nitrous oxide, any parenteral drugs).

(5) Deep sedation/general anesthesia: Permit required, affidavit of compliance, practitioner and facility exam required at the discretion of the board or its anesthesia committee.

B. Facility limitations: If the dentist of a facility approved for a sedation permit utilizes a certified registered nurse anesthetist (CRNA) to provide the sedation, the CRNA may only administer sedation up to the permit level of the operating dentist and the facility.

[16.5.15.8 NMAC - Rp, 16.5.15.8 NMAC, 5/31/2023]

16.5.15.9 ANESTHESIA COMMITTEE:

A. Appointment: All members of the anesthesia committee serve at the pleasure of the board. The board chair will appoint members to serve on the anesthesia committee for five year terms beginning on July 1. Individuals for consideration may be nominated by the New Mexico dental association, any local dental society, or the anesthesia committee.

B. Terms: Each member shall be appointed to serve a term of five years, however, the appointments shall be staggered so that no more than forty percent of the members will expire in any given year.

C. Committee composition: The anesthesia committee shall consist of licensed dentists, including at least one board certified oral and maxillofacial surgeon, one general dentist, one dentist board member, one dentist not engaged in the use of sedation techniques, and when possible, representatives of other interested dental specialties. Each anesthesia committee member should be currently practicing some form of sedation and be currently qualified as an examiner, except the non-sedating dentist.

D. Duties: Establish policies and procedures for the evaluation of applications, inspections of facilities, and examination of applicants; make recommendations to the board in regard to each application; report to the board, as needed, at regularly scheduled board meetings the status of activities of the anesthesia committee; inform the board of any licensee who fails to cooperate with the requirements for application, registration or renewal of permits; inspect facilities upon request of the board; and upon request, assist the board in the investigation of complaints concerning the administration of anesthesia or analgesia.

E. Designated examiners: The anesthesia committee chair may appoint a designated examiner with an anesthesia permit of an equal or greater level to perform evaluations on licensed dental applicants to serve at the pleasure of the New Mexico board of dental health care (NMBODHC) chair. This designated examiner must be actively practicing his anesthesia level to be considered by the board.

[16.5.15.9 NMAC - Rp, 16.5.15.9 NMAC, 5/31/2023]

16.5.15.10 PEDIATRIC GUIDELINES:

Unless otherwise described in this section, all anesthesia for patients 12 years and under shall follow the American academy of pediatric dentistry's "guideline for monitoring and management of pediatric patients during and after sedation for diagnostic and therapeutic procedures".

[16.5.15.10 NMAC - Rp, 16.5.15.10 NMAC, 5/31/2023]

16.5.15.11 ADMINISTRATION OF ENTERAL ANXIOLYSIS:

A. Registration: No permit required. Enteral anxiolysis consist of the administration of a single dose enteral drug, not in combination with nitrous oxide or another drug, that does not exceed the normal therapeutic single dose of the drug recommended by the manufacturer in published literature. Anxiolytic drugs should be within the scope of practice and prescriptive authority of the practitioner. Anxiolytic drugs are for the sole purpose of diminution of anxiety related to dental treatment.

B. Education/training: it is assumed that all dentists who have successfully completed a course of study at an accredited dental school have the education for this level of anxiolysis.

(1) The dentist must have an active current dental license, current drug enforcement administration (DEA) registration and current New Mexico controlled substances registration and be registered with the New Mexico board of pharmacy.

(2) Each dentist who administers or auxiliary who monitors enteral anxiolysis shall have current basic life support certification.

C. Facility/records: The dentist must have appropriate equipment to monitor vital signs and appropriate emergency equipment and drugs for the anxiolytic agent used.

(1) Records should reflect the dose and drug administered.

(2) Records should reflect how the patient was released from the office and if accompanied by a driver.

(3) All administration of anxiolytic drugs shall be under the indirect supervision or prescription of a dentist.

[16.5.15.11 NMAC - Rp, 16.5.15.11 NMAC, 5/31/2023]

16.5.15.12 ADMINISTRATION OF NITROUS OXIDE INHALATION ANALGESIA:

A. Registration: Permit required, each licensed dentist who administers or supervises the prescribed administration of nitrous oxide inhalation analgesia shall be registered with the board. A registration form will be provided upon request. When the registration has been approved by the secretary-treasurer of the board the applicant will be sent a wall certificate which does not expire. Administration of nitrous oxide inhalation analgesia without registration is a violation of these rules and may result in disciplinary action against the licensee.

B. Education/qualifications: Each licensed dentist who administers or prescribes administration of nitrous oxide inhalation analgesia shall meet the following requirements:

(1) completed a course of training leading to competency while a student in an accredited school of dentistry or through postgraduate training that includes a minimum of 14 hours of course time and management of clinical cases.

(2) each dentist and auxiliary personnel who monitors the use of, or administers nitrous oxide shall have current basic life support certification.

(3) current permit holder's education would be grandfathered by the New Mexico laws in effect at the time of original issue of their permit. However, safety standards must be updated to current state and ADA guidelines.

C. Facility/records: The dental facility shall have adequate equipment which includes fail-safe features and a twenty five percent minimum oxygen flow and an effective scavenging system.

(1) all use of nitrous oxide inhalation analgesia shall be under the indirect supervision of a licensed dentist holding a nitrous oxide permit.

(2) the patient's records shall reflect evidence of appropriate monitoring by qualified dental personnel of vital signs, including blood pressure, pulse, and respiratory rate. Dose (percent) of nitrous oxide time of administration and time of release of patient should be recorded.

[16.5.15.12 NMAC - Rp, 16.5.15.12 NMAC, 5/31/2023]

16.5.15.13 ADMINISTRATION OF MINIMAL SEDATION:

A. Minimal sedation is the use of a single enteral drug in a single or divided doses to achieve the desired effect as described in the definitions. The total dose of the single enteral drug shall not exceed the maximum recommended dose for the drug as recommended by the manufacturer and as published in scientific literature. Doses above this maximum recommended dose are considered moderate sedation, and moderate sedation guidelines will apply. A single drug combined with nitrous oxide may produce minimal, moderate, deep sedation or general anesthesia. It is the responsibility of the dentist to titrate the level of nitrous oxide to achieve only minimal sedation. If more than one enteral drug is administered to achieve the desired anxiolytic/sedation effect, with or without the concomitant use of nitrous oxide, the guidelines for moderate sedation will apply.

B. Registration: Permit required, each licensed dentist who administers or supervises the prescribed administration of drugs to achieve minimal sedation shall be registered with the board. An application form will be provided by the board office upon request. Applicant shall follow the permit application procedure as defined in 16.5.15.19 NMAC. Administration of minimal sedation without registration is a violation of these rules and may result in disciplinary action against the licensee.

C. Education/qualifications: The dentist must have completed a course of training while a student in an accredited school of dentistry or through board approved post graduate training. To administer minimal sedation the dentist must satisfy the following criteria:

(1) training to a level of competency in a minimal sedation consistent with that described in the most current versions of the American dental association "guidelines for the use of sedation and general anesthesia by dentists", and "guidelines for teaching pain control and sedation to dentists and dental students".

(2) courses must include 16 hours of course time plus clinically oriented experiences during which competency in enteral and combined nitrous oxide-enteral minimal sedation is demonstrated.

(a) if the training received was pre-doctoral, while in dental school, the applicant should submit proof of course content completed as included in a course description from the dental education program.

(b) if the course of study was postgraduate training, proper course completion forms must be submitted.

(3) Each dentist administering and auxiliary monitoring, minimal sedation shall have current basic life support certification.

D. Facility/records: The facility in which minimal sedation is administered must comply with the following:

(1) have adequate equipment to monitor patient's vital signs;

(2) the patient's record shall reflect evidence of appropriate monitoring of vital signs, including blood pressure, pulse, pulse oximetry, and respiratory rate during procedures and effect of medication;

(3) all use of enteral medication shall be under the indirect supervision of a licensed dentist;

(4) shall verify the patient has other means of transportation to be released from the office;

(5) administration of enteral anxiolytic medications in doses that do not exceed the normal therapeutic dosage recommended by the manufacturer in published literature and that are within the accepted scope of practice and prescriptive authority of the dentist so as not to produce conscious sedation; does not require the dentist to hold a minimal sedation permit;

(6) a log of drugs used, dosage or amount of drug used and date of administration must be maintained separate from the patient's record;

(7) ASA classification of the patient and informed consent is required.

[16.5.15.13 NMAC - Rp, 16.5.15.13 NMAC, 5/31/2023]

16.5.15.14 ADMINISTRATION OF MODERATE SEDATION (Formerly conscious sedation I and II):

A. Moderate sedation may be achieved by several methods: The end point of sedation, as in the definition, is the important factor. Drugs used here should have a wide safety margin so as to not allow patients to easily slide to deep sedation or general anesthesia. The dentist should also be aware that titrating an enteral dose of medication is difficult due to onset of action and multiple variables.

(1) moderate enteral sedation (previously conscious sedation I) is achieved by the use of: single enteral drugs in doses as needed up to and above the maximum recommended single dose, or two or more enteral drugs used in combination, or single or multiple enteral drugs combined with nitrous oxide;

(2) moderate parenteral sedation (previously conscious sedation II) is achieved by the use of single or multiple parenteral drugs, with or without nitrous oxide.

B. Registration: Permit required, each licensed dentist who administers or supervises the prescribed administration of drugs to achieve moderate sedation shall be registered with the board. Moderate sedation permits are issued for a specific practice location (facility). An application form will be provided by the board office upon request. Applicant shall follow the permit application procedure as defined in 16.5.15.19 NMAC. Administration of moderate sedation without registration is a violation of these rules and may result in disciplinary action against the licensee.

C. Education/qualifications: To administer moderate sedation by any means the dentist must satisfy one of the following criteria:

(1) training to a level of competency in moderate sedation consistent with that described in the most current versions of the American dental association "guidelines for the use of sedation and general anesthesia by dentists", and "guidelines for teaching pain control and sedation to dentists and dental students". The above involves completion of 60 hours of didactic instruction and administration of moderate sedation for at least 20 individually managed patients in a pre-doctoral program at a CODA accredited school, verifiable by the board, or in a post-doctoral continuing education program acceptable to the board and its anesthesia committee; or

(2) completion of CODA accredited post-doctoral training program, which affords comprehensive and appropriate training necessary to administer and manage moderate sedation as described in the most current versions of the American dental association "guidelines for the use of sedation and general anesthesia by dentists", and "guidelines for teaching pain control and sedation to dentists and dental students".

D. To administer moderate enteral sedation, the dentist must have current certification in basic life support. Moderate enteral sedation does not require ETCO₂ capnography monitoring.

E. To administer moderate parenteral sedation, the dentist must have current certification in advanced cardiac life support. Moderate parenteral sedation does require ETCO₂ capnography or precordial stethoscope monitoring.

F. Auxiliary clinical personnel must have current certification in basic life support.

G. The dentist must sign an affidavit of compliance. An oral and written examination administered by the anesthesia committee or designee will be required if the anesthesia committee or board determines an application is incomplete or is lacking information to make a final recommendation for approval. This may require travel on the applicant's part to meet with an examiner. The applicant's facility may also be subject to inspection and approval by the anesthesia committee or its designated examiner.

H. Current permit holder's sedation education would be grandfathered in by board rules in effect at the time of original issue of their permit. However, safety standards must be updated to the current board and American dental association (ADA) guidelines.

I. Facility/records:

(1) the dentist must maintain a properly equipped facility for the administration of moderate sedation, staffed with supervised auxiliary personnel capable of handling procedures, problems and emergencies that may arise;

(2) the facility along with the dentist providing the sedation will be evaluated. The moderate sedation permit is valid only at the facility approved by the permit;

(3) the patients shall be monitored and records shall reflect that the pre-operative patient evaluation, including American society of anesthesiologists (ASA) classification, pre-operative preparation, electrocardiogram (ECG) (for parenteral sedation), pulse oximetry, and blood pressure. ETCO₂ capnography or precordial stethoscope monitoring is only required for moderate parenteral sedation. Recovery and discharge also needs to be performed and documented in accordance with the current "ADA guidelines for the use of sedation and general anesthesia by dentists";

(4) a facility permitted for moderate sedation does not allow for the use of deep sedation or general anesthesia in that facility regardless of the licensee providing anesthesia;

(5) a log of drugs used, dosage or amount of drugs used and date of administration must be maintained separate from the patient's record;

(6) informed consent is required.

J. Restrictions: A dentist with a moderate sedation (formerly conscious sedation II) permit shall not administer or employ any agent(s) which has a narrow margin for

maintaining consciousness, or is federally classified as a general anesthetic including, but not limited to:

- (1) ultra-short acting barbiturates including, but not limited to, sodium methohexital, thiopental, and thiamylal;
- (2) alkylphenols-propofol (diprivan) including precursors or derivatives;
- (3) neuroleptic agents;
- (4) dissociative agents - i.e. ketamine;
- (5) etomidate, and similarly acting drugs;
- (6) volatile inhalational agents; or
- (7) any quantity of agent(s) or technique(s), or any combination thereof, that renders a patient deeply sedated or generally anesthetized.

K. The drugs/techniques enumerated in Subsection J of 16.5.15.14 NMAC are presumed to produce general anesthesia and may only be used by a licensee holding a valid deep sedation/general anesthesia permit issued by the board, or by a corresponding licensing board if the licensee is not a dentist (eg., MD, CRNA).

[16.5.15.14 NMAC - Rp, 16.5.15.14 NMAC, 5/31/2023]

16.5.15.15 ADMINISTRATION OF DEEP SEDATION/GENERAL ANESTHESIA:

A. Registration: Permit required, each licensed dentist who administers or supervises the prescribed administration of drugs to achieve deep sedation or general anesthesia (DS/GA) shall be registered with the board. DS/GA permits are issued for a specific practice location (facility). An application form and affidavit of compliance will be provided by the board office upon request. Applicant shall follow the permit application procedure as defined in 16.5.15.19 NMAC. Administration of DS/GA without registration is a violation of these rules and may result in disciplinary action against the licensee. The dentist must sign an affidavit of compliance. An oral and written examination administered by the anesthesia committee or designee will be required if the anesthesia committee or board determines an application is incomplete or is lacking information to make a final recommendation for approval. This may require travel by the applicant to meet with an examiner. The applicant's facility is also subject to inspection and approval by the anesthesia committee or its designated examiner.

B. Education/qualifications:

- (1) completion of an advanced training program in anesthesia and related subjects beyond the undergraduate dental curriculum that satisfies the requirements

described in the most current version of the American dental association "guidelines for the use of sedation and general anesthesia by dentists";

(2) completion of a CODA accredited post-doctoral training program (e.g. oral and maxillofacial surgery, dental anesthesiology), which affords comprehensive and appropriate training necessary to administer and manage deep sedation/general anesthesia, commensurate with these rules;

C. Current permit holders' sedation education would be grandfathered by the New Mexico laws in effect at the time of original issue of their permit. However, safety standards must be updated to current board and ADA guidelines.

D. Facility/records:

(1) the dentist maintains a properly equipped facility for the administration of deep sedation or general anesthesia in accordance with the most current version of the American dental association "guidelines for the use of sedation and general anesthesia by dentists";

(2) the office is staffed with supervised clinical auxiliary personnel capable of handling procedures, problems and emergencies incident thereto;

(3) the dentist must have current advanced cardiac life support certification (ACLS) and auxiliary clinical personnel have current basic life support certification;

(4) the patient's record shall reflect that the pre-operative patient evaluation, pre-operative preparation, ASA classification, ECG, pulse oximetry, blood pressure and ETCO₂ capnography monitoring recovery, discharge and documentation was performed in accordance with the most current version of the American dental association "guidelines for the use of sedation and general anesthesia by dentists";

(5) the dentist passes the examination and receives approval after facility inspection, or affidavit acceptance, by the anesthesia committee or designated examiner;

(6) a log of drugs used, dosage or amount of drugs and date of administration must be maintained separate from the patient's record;

(7) informed consent is required;

(8) a dentist administering deep sedation/general anesthesia must document current, successful completion of an advanced cardiac life support (ACLS) course, or an equivalent as approved by the anesthesia committee;

E. Anesthesia permit at large: This permit allows the holder to provide sedation and anesthesia services to patients in dental offices on an out-patient basis. The holder

of the "anesthesia permit at large" assumes all responsibility for the administration of the sedation or general anesthesia in the dental office.

(1) to hold an "anesthesia permit at large" a dentist must meet the requirements in Section 16.5.15.15 NMAC deep sedation/general anesthesia, and is only available for dentist anesthesiologists and oral and maxillofacial surgeons;

(2) the holder of a "permit at large" may be evaluated and inspected by the anesthesia committee as deemed necessary to assure safety to the public;

(3) the holder of such a permit agrees to have available at all times all monitors, emergency equipment, and other necessary drugs and materials when administering conscious sedation, deep sedation, and general anesthesia;

(4) the permit holder will inform the board of all dental facilities where anesthesia services are to be provided and follow all other procedures as outlined in 16.5.15.15 NMAC, deep sedation/general anesthesia.

[16.5.15.15 NMAC - Rp, 16.5.15.12 NMAC, 5/31/2023]

16.5.15.16 SEDATION/ANESTHESIA PROVIDED BY OUTSIDE PERSONNEL:

A. Provided by dentists (DDS or DMD) or physicians (MD or DO):

(1) administration of sedation by another duly qualified dentist or physician requires the operating dentist to have completed a course in advanced cardiac life support (no certification necessary) and to have current certification in basic life support;

(2) the operating dentist must ensure that the dentist/physician DS/GA permit holder/provider is responsible for the anesthetic management, adequacy of the facility, and the treatment of emergencies associated with the administration of parenteral sedation, including immediate access to pharmacologic antagonists, if any, and appropriately sized equipment for establishing a patent airway and providing positive pressure ventilation with oxygen. For DS/GA, advanced airway equipment, resuscitation medications and a defibrillator must also be immediately available. Appropriate pharmacologic agents must be immediately available if known triggering agents of malignant hyperthermia are part of the anesthesia plan;

(3) a dental facility utilizing a dentist or physician for deep sedation/general anesthesia, needs to be registered with the board and must submit verifying forms of the residency-trained dentist/physician's general anesthesia training, hospital credentials, and current license and anesthesia permits to practice in the state of New Mexico.

B. Provided by certified registered nurse anesthetists (CRNA):

(1) administration by a qualified certified nurse anesthetist (CRNA) requires the operating dentist to have oversight of the CRNA to perform sedation. If the dentist of a facility approved for sedation utilizes a CRNA to provide the sedation, the CRNA may only administer sedation up to the permit level of the facility and the dentist.

(2) the operating dentist shall ensure that the CRNA is duly licensed in New Mexico to provide anesthesia and be a member in good standing of the staff of an accredited New Mexico hospital in the community in which the anesthesia occurs. The operating dentist shall be responsible for notifying the anesthesia committee of the New Mexico board of dental health care of all the anesthetists used.

(3) the operating dentist, working with a CRNA, is responsible for the adequacy of the facility, and aiding in the treatment of emergencies associated with the administration of parenteral sedation, including immediate access to pharmacologic antagonists, if any, and appropriately sized equipment for establishing a patent airway and providing positive pressure ventilation with oxygen. The CRNA is responsible for the sedation administration.

[16.5.15.16 NMAC - Rp, 16.5.15.13 NMAC, 5/31/2023]

16.5.15.17 REPORTING ADVERSE INCIDENTS:

A. Each licensed dentist must submit a written report to the board within thirty days after any significant morbidity or mortality or other incident which results in temporary or permanent physical or mental injury of a patient during, or as a result of, nitrous oxide inhalation analgesia, conscious sedation administered via oral, rectal, or parenteral routes, deep sedation, or general anesthesia.

B. The report is required regardless of the need for hospitalization after the incident and shall include the following:

- (1) description of the dental procedure;
- (2) description of the pre-operative physical condition of the patient;
- (3) list of drugs and dosage administered and route of administration;
- (4) description in detail of techniques utilized in administering the drugs utilized;
- (5) the names of auxiliary personnel in attendance; and
- (6) description of the adverse occurrence to include the following: detailed description of symptoms of any incident; treatment initiated on the patient; response of the patient to the treatment; description of the patient's condition on termination of treatment; and copies of the patient record, medical history and operative report.

[16.5.15.17 NMAC - Rp, 16.5.15.14 NMAC, 5/31/2023]

16.5.15.18 FAILURE TO REPORT:

Failure to comply with the reporting requirements of 16.5.15.17 NMAC of this part shall be grounds for disciplinary action against the licensee. In accordance with the provisions of the Uniform Licensing Act, the board may take any actions enumerated in 16.5.16 NMAC, including revocation of the sedation/anesthesia permit.

[16.5.15.18 NMAC - Rp, 16.5.15.15 NMAC, 5/31/2023]

16.5.15.19 PERMIT APPLICATION PROCEDURE FOR MINIMAL AND MODERATE SEDATION, AND DEEP SEDATION/GENERAL ANESTHESIA:

A. Applications may be obtained from the board office. The completed application, accompanied by the required permit fee as defined in 16.5.5 NMAC, the application is forwarded to the anesthesia committee for evaluation. After review of the completed application and any other documentation, including a signed affidavit of compliance (if required), the anesthesia committee may recommend a permit for minimal, moderate, or deep sedation/general anesthesia. An oral and written examination of the applicant applying for moderate parenteral sedation or deep sedation/general anesthesia may be required, as described in Subsection B of 16.5.15.19 NMAC.

B. Examination/evaluation: The anesthesia committee will require an oral and written examination of emergency protocols and practices from the applicant dentist for moderate parenteral sedation and deep sedation/general anesthesia, if the anesthesia committee or board determines an application is incomplete or is lacking information to make a final recommendation for approval. This may require travel by the applicant dentist to meet with an evaluator. This along with the original application, cases examples supplied, and affidavit of compliance will be used to evaluate the competency of the applicant. If an office inspection is needed, the evaluator may need to schedule a facility inspection with the applicant. The anesthesia committee uses the American association of oral and maxillofacial surgeon's office anesthesia evaluation manual as a guide for the examinations. Incomplete applications will be returned by the anesthesia committee to the board office with a clear indication of the deficient areas.

C. After receipt of proper documentation, completion of an affidavit of compliance, and the successful passing of the oral and written examination (if required), the anesthesia committee and the secretary-treasurer of the board may issue a permit to administer the level of sedation for which the applicant was approved. Ratification of this permit will occur at the next regular scheduled meeting, unless substantial subsequent evidence compels the board to deny or delay approval of the permit.

D. Final action: after final evaluation of the application and examination results, the anesthesia committee recommends final action on the application to the board. The board makes final determination on approval of the permit. If an application is

determined incomplete for failure to meet the requirements of 16.5.15 NMAC, the areas of non-compliance will be identified and the applicant may re-apply when the requirements are met.

[16.5.15.19 NMAC - Rp, 16.5.15.16 NMAC, 5/31/2023]

16.5.15.20 PERMIT EXPIRATION AND RENEWAL:

A. Expiration: Sedation/anesthesia permits are issued for six years from the last day of the month in which the initial permit was issued. Nitrous oxide analgesia permits do not expire.

B. Renewal: Renewal applications will not be sent to each dentist prior to the expiration date of the sedation/anesthesia permit. It is the responsibility of the permit holder to start the renewal process within six months prior to the expiration date. The completed application, along with the required fee must be returned to the board office prior to permit expiration. The permit renewal application will be forwarded to the anesthesia committee, which will renew the permit holder's affidavits for administration and facility or examine the permit holder as required. The anesthesia committee may require the applicant applying for a renewal permit to pass another oral examination and the facility used by the dentist may be subject to another inspection. This decision will be based on credentials of the applicant or past experience with sedation treatments.

C. Education requirements:

(1) minimal sedation - holders of permits in minimal sedation must have a minimum of eight hours of continuing education every six-year renewal period in medical emergencies, air way management, pharmacology, or anesthesia related topics;

(2) moderate sedation (formerly conscious sedation I and II), deep sedation and general anesthesia - holders of permits for moderate sedation, deep sedation or general anesthesia must have a minimum of 16 hours of continuing education every six-year renewal period in medical emergencies, airway management, pharmacology, or anesthesia related topics.

D. New facility evaluation: a dentist who holds a moderate sedation, deep sedation or general anesthesia permit and who relocates his practice requires a new facility permit based on re-examination, or affidavit of compliance. A new permit fee will be charged.

E. Re-examination/evaluation: The board may require a re-examination or a re-evaluation of the credentials, facilities, equipment, personnel, and procedures of a permit holder to determine if the dentist is currently qualified to administer anesthesia. The board or its agents shall notify the dentist to be re-examined or re-evaluated 180

days in advance of permit expiration. The notification will indicate the content and format of the examination/evaluation.

F. Permit expiration: Failure of a dentist to renew his license and permit, or to schedule a required office re-evaluation within thirty days of receipt of the notification, or failure on the part of the licensee to successfully complete the examination/evaluation, will cause the permit to expire.

G. Verification of continuing education: The board requires verification of continuing education credits for sedation. The records identified in Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for 6 years following the renewal cycle in which they are earned. Additionally, and at renewal time, holders of any permit level may be requested to demonstrate competency in maintenance of airway patency to the anesthesia committee, its designated examiner or the board either on a "board approved" simulator, or other device as may be acceptable to the board. There may be an announced audit of any permit holder by the anesthesia committee or by the board designated examiner during the permitted time for the purpose of demonstrating airway management and airway competency, either on the board designated model or other device approved by the board.

PART 16: DENTISTS, DISCIPLINARY PROCEEDINGS, LICENSE REVOCATION OR SUSPENSION FOR DISCIPLINARY ACTIONS

16.5.16.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.16.1 NMAC - Rp, 16.5.16.1 NMAC, 12/14/2019]

16.5.16.2 SCOPE:

The provisions of Section 16.5.16 NMAC apply to all active license holders and applicants for licensure. These provisions may also be of interest to anyone who may wish to file a complaint against a dentist licensed by the board.

[16.5.16.2 NMAC - Rp, 16.5.16.2 NMAC, 12/14/2019]

16.5.16.3 STATUTORY AUTHORITY:

Section 16.5.16 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-21 NMSA 1978 (1996 Repl. Pamp.).

[16.5.16.3 NMAC - Rp, 16.5.16.3 NMAC, 12/14/2019]

16.5.16.4 DURATION:

Permanent.

[16.5.16.4 NMAC - Rp, 16.5.16.4, 12/14/2019]

16.5.16.5 EFFECTIVE DATE:

December 14, 2019, unless a later date is cited at the end of a section.

[16.5.16.5 NMAC - Rp, 16.5.16.5 NMAC, 12/14/2019]

16.5.16.6 OBJECTIVE:

To establish the procedures for filing complaints against licensees, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a licensee which are considered incompetent or unprofessional practice.

[16.5.16.6 NMAC - Rp, 16.5.16.6 NMAC, 12/14/2019]

16.5.16.7 DEFINITIONS:

A. "Addiction" means a neurobehavioral syndrome with genetic and environmental influences that result in psychological dependence on the use of substances for their psychic effects. It is characterized by behaviors that include one or more of the following: impaired control over drug use; compulsive use; continued use despite harm; and craving.

B. "Chronic pain" means a pain state which is persistent and in which the cause of the pain cannot be removed or otherwise treated.

C. "Direct reference" means a phone number or website where names and contact information of the licensee can be referenced.

D. "Drug abuser" means a person who takes a drug or drugs for other than legitimate medical purposes.

E. "Pain" means an unpleasant sensory and emotional experience associated with inflammation or with actual or potential tissue damage, or described in terms of such inflammation or damage.

F. "Patient abandonment" means withdrawing a patient from treatment without giving reasonable notice or providing a competent replacement provider.

G. "Physical dependence" means a state of adaptation that is manifested by a drug-specific withdrawal syndrome that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, administration of an antagonist, or a combination of these.

H. "Tolerance" means a state of adaptation in which exposure to a drug induces changes that result in a diminution of one or more of the drug's effects over time.

[16.5.16.7 NMAC - Rp, 16.5.16.7 NMAC, 12/14/2019]

16.5.16.8 COMPLAINTS:

Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the board and committee. Any hearing held pursuant to the complaint shall conform with the provisions of the Uniform Licensing Act, the Dental Health Care Act or the Impaired Dentists and Dental Hygienists Act.

[16.5.16.8 NMAC - Rp, 16.5.16.8 NMAC, 12/14/2019]

16.5.16.9 ACTIONS:

A. The board may fine, deny, revoke, suspend, stipulate, or otherwise limit a license if the board determines the licensee is guilty of violating any of the provisions of the Act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, or these rules.

B. The board may reprimand, censure, or require licensees to fulfill additional continuing education hours within limited time constraints for violations of the Act or Rules.

[16.5.16.9 NMAC - Rp, 16.5.16.9 NMAC, 12/14/2019]

16.5.16.10 GUIDELINES:

The board shall use the following as guidelines for disciplinary action.

A. "Gross incompetence" or "gross negligence" means, but shall not be limited to, a significant departure from the prevailing standard of care in treating patients.

B. "Unprofessional conduct" means, but is not limited to because of enumeration:

(1) performing, or holding oneself out as able to perform, professional services beyond the scope of one's license and field or fields of competence as established by education, experience, training, or any combination thereof; this includes, but is not limited to, the use of any instrument or device in a manner that is not in accordance with the customary standards and practices of the dental profession;

(2) failure to refer a patient, after emergency treatment, to his/her regular dentist and inform the latter of the conditions found and treated;

(3) failure to release to a patient copy of that patient's records and x-rays within 15 business days regardless whether patient has an outstanding balance;

(4) failure to seek consultation whenever the welfare of the patient would be safeguarded or advanced by referral to individuals with special skills, knowledge, and experience, including:

(a) an owner dentist or supervisor causing an employee dentist to make a referral for dental treatment based on contractual obligations when, in the judgment of the treating dentist, the welfare of the patient would be safeguarded or advanced by referral to another practitioner, and failure to notify the patient of such contractual obligations for referrals;

(b) an owner dentist or supervisor causing an employee dentist to use a dental laboratory due to contractual obligations when, in the judgment of the treating dentist, the welfare of the patient would be safeguarded or advanced by the use of another dental laboratory.

(5) failure to advise the patient in simple understandable terms of the proposed treatment, the anticipated fee, the expectations of success, and any reasonable alternatives;

(6) failure of a dentist to comply with advertising and specialty recognition rules as defined in 16.5.1.29 NMAC.

(7) failure to use appropriate infection control techniques and sterilization procedures;

(8) deliberate and willful failure to reveal, at the request of the board, the incompetent, dishonest, or corrupt practices of another dentist licensed or applying for licensure by the board;

(9) accept rebates, or split fees or commissions from any source associated with the service rendered to a patient; provided, however, the sharing of profits in a dental partnership, association, HMO or DMO, or similar association shall not be construed as fee-splitting, nor shall compensating dental hygienists or dental assistants on a basis of percentage of the fee received for the overall service rendered be deemed accepting a commission;

(10) prescribe, dispense or administer drugs outside the scope of dental practice;

(11) charge a patient a fee which is not commensurate with the skill and nature of services rendered, such as to be unconscionable;

(12) sexual misconduct;

(13) breach of ethical standards, an inquiry into which the board will begin by reference to the most current code of ethics of the American dental association;

(14) the use of a false, fraudulent or deceptive statement in any document connected with the practice of dentistry;

(15) employing abusive billing practices;

(16) fraud, deceit or misrepresentation in any application;

(17) violation of any order of the board, including any probation order;

(18) injudicious prescribing, administration, or dispensing of any drug or medicine;

(19) failure to report to the board any adverse action taken by any licensing board, peer review body, malpractice insurance carrier or any other entity as defined by the board or committee; the surrender of a license to practice in another state, surrender of membership on any medical staff or in any dental or professional association or society, in lieu of, and while under disciplinary investigation by any authority;

(20) negligent supervision of a dental hygienist or dental assistant;

(21) cheating on an examination for licensure; or

(22) failure to comply with the terms of a signed collaborative practice agreement;

(23) failure of a dentist of record, or consulting dentist, to communicate with a collaborative practice dental hygienist in an effective professional manner in regard to a shared patient's care as defined in Section 16.5.17 NMAC;

(24) assisting a health professional, or being assisted by a health professional that is not licensed to practice by a New Mexico board, agency or commission;

(25) failure to make available to current patients of record a reasonable method of contacting the treating dentist or on-call service for dental emergencies; dental practices may refer patients to an alternate urgent care or emergency facility if no other option is available at the time, or if the contacted dentist deems it necessary for the patient's well-being;

(26) conviction of either a misdemeanor or a felony punishable by incarceration;

(27) aiding and abetting a dental assistant, expanded function dental auxiliary or community dental health coordinator who is not properly certified;

(28) patient abandonment;

(29) habitually addicted as defined in Section 61.5A-21 4 & 6 or Subsection C and D of Section 61.5B-3 NMSA 1978 habitual or excessive use or abuse of drugs, as defined in the Controlled Substances Act, Section (30-31-1 NMSA 1978) or habitual or excessive use or abuse of alcohol;

(30) failure of the licensee to furnish the board within 10 business days of request, its investigators or representatives with information requested by the board;

(31) failure to appear before the board when requested by the board in any disciplinary proceeding;

(32) failure to be in compliance with the Parental Responsibility Act Section 40-5A-3 NMSA 1978 seq.;

(33) fraudulent record keeping;

(34) failure to properly install amalgam separator as defined in Section 16.5.58 NMAC;

(35) failure to properly operate and maintain amalgam separator as defined in 16.5.58 NMAC; and

(36) failure to properly dispose of amalgam waste as defined in Section 16.5.58 NMAC.

[16.5.16.10 NMAC - Rp, 16.5.16.10, 12/14/2019]

16.5.16.11 INVESTIGATIVE SUBPOENAS:

The complaint committee of the board is authorized to issue investigative subpoenas and to employ experts with regard to pending investigations.

[16.5.16.11 NMAC - Rp, 16.5.16.11 NMAC, 12/14/2019]

16.5.16.12 REVOCATION OF LICENSE FOR DISCIPLINARY ACTIONS:

A licensee whose license is revoked for disciplinary actions shall:

A. provide proof of written notification of practice closure to all patients currently under active treatment;

B. notification to patients should include where and how dental treatment records may be obtained and contact information for dentists available; and

C. provide to the board the location where all active dental treatment records will be maintained for a minimum of six years; active treatment records are records of patients treated in the two years previous to the date of closure; the notification to the board shall include the name, address, and telephone number of the person who is serving as the custodian of the records.

[16.5.16.12 NMAC - Rp, 16.5.16.12 NMAC, 12/14/2019]

16.5.16.13 REINSTATEMENT OF REVOKED LICENSE FOR DISCIPLINARY ACTIONS:

A licensee whose license has been revoked for disciplinary actions may request reinstatement of the license after the terms of the settlement agreement have been met. Upon approval from the board and receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement shall include the reinstatement fee, the triennial renewal fee, impairment fee, and proof of the following continuing education courses:

(1) 20 hours of approved continuing education courses related to the clinical practice of dentistry, per year of revocation; at least 20 of these hours shall be in the 12 months previous to the request;

(2) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(3) proof of infection control course within the past 12 months; and

(4) 60 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of revocation as well as any continuing education taken during the revoked period.

B. Applicant shall authorize the following agencies to send verification of status directly to the board office:

(1) drug enforcement administration (DEA); and

(2) American association of dental examiners clearinghouse.

C. The board will obtain electronic verification of applicant status from the national practitioners' data bank.

D. Verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession. Verification shall be sent directly to the board office from the other state(s) board, shall include a raised seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form.

E. The board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of revocation and information on any existing impairment. If the board finds the application in order and is satisfied the applicant has fulfilled all required continuing education, the license may be reinstated and the previous license number reassigned. The reinstated license will expire as defined in Section 16.5.11 NMAC.

F. A dentist with a license in revocation status may not practice dentistry in New Mexico until proof of active licensure is received from the board office.

G. If reinstatement of a revoked license is not requested within three years after settlement agreement has been met, application for a new license shall be made by examination or credentials in order to practice dentistry in New Mexico.

[16.5.16.13 NMAC - Rp, 16.5.16.13, 12/14/2019]

16.5.16.14 REINSTATEMENT OF SUSPENDED LICENSE FOR DISCIPLINARY ACTIONS:

For licenses suspended for greater than six months; a licensee whose license has been suspended for disciplinary actions in addition to meeting the terms of the settlement agreement shall also meet the following conditions before reinstatement of licensure:

A. verification of licensure in all states where the applicant holds or has held a license to practice dentistry, or other health care profession; verification shall be sent directly to the board office from the other state(s) board, shall include a raised seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form;

B. the board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of suspension and information on any existing impairment; the reinstated license will expire as defined in Section 16.5.11 NMAC; and

C. a dentist with a license in suspended status may not practice dentistry in New Mexico until proof of active licensure is approved by the board and issued by the board office.

[16.5.16.14 NMAC - Rp, 16.5.16.14 NMAC, 12/14/2019]

PART 17: DENTISTS AND DENTAL HYGIENISTS, COLLABORATIVE PRACTICE

16.5.17.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.17.1 NMAC - Rp, 16.5.17.1 NMAC, 5/31/2023]

16.5.17.2 SCOPE:

The provisions of 16.5.17 NMAC apply to all dentists, dental hygienists and dental assistants who work in a collaborative practice arrangement.

[16.5.17.2 NMAC - Rp, 16.5.17.2 NMAC, 5/31/2023]

16.5.17.3 STATUTORY AUTHORITY:

16.5.17 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-4 NMSA 1978.

[16.5.17.3 NMAC - Rp, 16.5.17.3 NMAC, 5/31/2023]

16.5.17.4 DURATION:

Permanent.

[16.5.17.4 NMAC - Rp, 16.5.17.4 NMAC, 5/31/2023]

16.5.17.5 EFFECTIVE DATE:

May 31, 2023, unless a different date is cited at the end of a section.

[16.5.17.5 NMAC - Rp, 16.5.17.5 NMAC, 5/31/2023]

16.5.17.6 OBJECTIVE:

To regulate the collaborative practice of dental hygiene in New Mexico.

[16.5.17.6 NMAC - Rp, 16.5.17.6 NMAC, 5/31/2023]

16.5.17.7 DEFINITIONS:

A. "Acting consulting dentist" means a dentist who meets the qualifications of a consulting dentist who agrees to act as the consulting dentist when that dentist will be

away from his/her practice for more than two weeks. An approved collaborative agreement shall be signed by the acting consulting dentist and the licensed dental hygienist prior to the consulting dentist leaving.

B. "Collaborative practice agreement" means a written agreement between a dentist who meets the qualifications of 16.5.17.9 NMAC to be a consulting dentist as defined in 16.5.17 NMAC of these rules, and a collaborative practice dental hygienist. This agreement shall follow the format as determined by the board and committee. A new agreement shall be signed and submitted to the board for approval each renewal period.

C. "Collaborative practice of dental hygiene" means the science of the prevention and treatment of oral disease through the provision of educational, assessment, preventive, clinical and other therapeutic services as specified in Subsection B of Section of 61-5A-4 NMSA 1978, in a cooperative working relationship with a consulting dentist but without general supervision, as set forth by the rules jointly established by the board and committee.

D. "Consulting (collaborative) dentist" means a dentist who meets the qualifications specified in 16.5.17.9 NMAC of this rule and who agrees to serve or continues to serve as a patient's dentist of record in collaboration and consultation with the practice dental hygienist as specified in the rules.

E. "Non-participating dentist" is a dentist who does not wish to collaborate with a collaborative practice dental hygienist.

F. "Standard collaborative practice protocols" is the protocol to be used by the collaborative practice dental hygienist to treat a patient, as specified in 16.5.17.13 NMAC of this part.

G. "Verbal prescription or orders" means instructions not communicated in written form, shall be recorded in the patient's record or the protocol agreement by both the collaborative hygienist and the consulting dentist when given.

H. "Written prescription orders" means instructions from the consulting dentist to the collaborative hygienist to perform those allowable treatments requiring diagnosis and treatment plan, subject to the limitations of 16.5.17.12 NMAC of these rules, or directions written to modify the standard collaborative practice protocols, or the collaborative practice agreement.

[16.5.17.7 NMAC - Rp, 16.5.17.7 NMAC, 5/31/2023]

16.5.17.8 CERTIFICATION FOR TE COLLABORATIVE PRACTICE OF DENTAL HYGIENE:

The board, based on the recommendation of the dental hygienists committee, will certify qualified dental hygienists for collaborative practice.

A. Prerequisite requirements for certification. Each applicant for certification as a collaborative practice dental hygienist shall possess the following qualifications:

- (1) possess a current New Mexico dental hygiene license in good standing;
- (2) have been engaged in the active practice of dental hygiene as defined in Subsection B of Section 61-5A-4 NMSA1978 of the act for not less than:
 - (a) 2400 hours of active practice for the past 18 months; or
 - (b) a total of 3,000 hours of active practice and has been engaged in active practice for two of the past three years;
- (3) meet the educational criteria for licensure in Subsection A of Section 61-5A-13 NMSA 1978 of the act; and
- (4) have 15 hours of continuing education in clinical dental hygiene in the 12 months prior to certification, which includes courses in infection control and medical emergencies.

B. Documentation requirements. Each applicant for certification as a collaborative practice dental hygiene shall submit a completed application, the required fees and following documentation:

- (1) verification of a current active license;
- (2) proof of the active practice of dental hygiene as defined in 16.5.17.8 NMAC of this part; this proof may be in the form of letters from employers, supervisors of dental clinics of one of the uniformed services of the United States, or faculty administrators of accredited schools; if this documentation cannot be obtained, the applicant may request to provide other proof of the required hours to the committee for consideration;
- (3) basic life support (BLS) or cardiac pulmonary resuscitation (CPR): proof of current certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;
- (4) proof of 15 hours of continuing education related to the clinical practice of dental hygiene; and
- (5) a copy of a signed collaborative practice agreement between a dental hygienist and a consulting dentist.

C. Renewal requirements. Each dental hygienist certified for collaborative practice shall:

(1) submit a completed renewal application for certification for collaborative practice, along with the triennial renewal application for their license, accompanied by the required fees as defined in 16.5.18 NMAC;

(2) complete 60 hours of continuing education every triennial renewal period; if the initial certification period is less than three years, the required continuing education will be prorated at 20 hours per full year of certification; 60 hours to include:

(a) basic life support (BLS) or cardiac pulmonary resuscitation (CPR): proof of current certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(b) infection control: as further defined in 16.5.1.16 NMAC, a course in infection control techniques and sterilization procedures per renewal period; and

(c) medical emergencies: as for new certification defined in Paragraph (4) of Subsection A of 16.5.17.8 NMAC;

(3) submit a current list of all consulting dentists to the board with each renewal application; and

(4) submit a copy of the signed collaborative practice agreement(s) and protocols between a dental hygienist and a consulting dentist per renewal period.

[16.5.17.8 NMAC - Rp, 16.5.17.8 NMAC, 5/31/2023]

16.5.17.9 QUALIFICATIONS FOR CONSULTING DENTISTS:

A consulting dentist shall meet the following qualifications:

A. possess a current New Mexico dental license in good standing;

B. maintains an active clinical general dentistry or public health practice within the state and within a reasonable referral distance from the collaborative dental hygiene practice as determined by the board upon recommendation of the dental hygienists committee.

[16.5.17.9 NMAC - Rp, 16.5.17.9 NMAC, 5/31/2023]

16.5.17.10 RESPONSIBILITIES OF A CONSULTING DENTIST:

The consulting dentist shall:

- A.** in collaboration with the dental hygienist, provide for the patient's additional needed dental care;
- B.** be available to provide consultation to the collaborative practice dental hygienist;
- C.** make provisions for a qualified acting consulting dentist to act in his/her place should he/she be away from his practice for more than two weeks;
- D.** maintain an appropriate level of contact and communication with the collaborative practice dental hygienist;
- E.** in conjunction with the collaborative practice dental hygienist, be responsible and liable for acts and omissions in the collaborative dental hygiene practice;
- F.** assure that each collaborative practice dental hygienist is duly licensed and certified for collaborative practice by the board of dental health care;
- G.** maintain a separate and distinct collaborative practice agreement with each collaborative practice dental hygienist for whom he/she serves as a consulting dentist;
- H.** provide verbal or written prescriptions to the collaborative practice dental hygienist for those procedures requiring a diagnosis;
- I.** provide verbal or written prescriptions to the collaborative practice dental hygienist when the consulting dentist deems it appropriate to provide exception to the standardized protocols;
- J.** provide a written prescription within seven business days following a verbal prescription or order;
- K.** maintain in the patients record a duplicate of the written prescriptions or orders as described in Subsection H through Subsection J of 16.5.17.10 NMAC;
- L.** provide a written diagnosis and treatment recommendations from the records provided by the collaborative practice dental hygienist to the patient and the hygienist within 30 days of receipt of such records;
- M.** each collaborative agreement will be kept on file by the collaborative practice dental hygienist and the consulting dentist, the basic format of the agreement will be provided with the application by the board.

[16.5.17.10 NMAC - Rp, 16.5.17.10 NMAC, 5/31/2023]

16.5.17.11 RESPONSIBILITIES OF A COLLABORATIVE PRACTICE DENTAL HYGIENIST:

The collaborative practice dental hygienist shall:

A. refer each patient for a dental examination every 12 months, as well as anyone who may require further dental services, to the patient's consulting dentist or to a dental specialist in the case of an emergency;

B. in conjunction with the consulting dentist, be responsible and liable for acts and omissions in the collaborative dental hygiene practice;

C. assure that each consulting dentist is duly licensed by the board of dental health care; by verification with the board office;

D. maintain a collaborative practice agreement with each consulting dentist; and

E. maintain an appropriate level of contact and communication with the consulting dentist;

F. contact the patient's dentist of record, if not a consulting dentist, prior to treating the patient to give the dentist the option of becoming a consulting dentist;

G. offer the patient a choice of the collaborative practice dental hygienist's consulting dentists if the patient's dentist of record chooses to be a non-participating dentist;

H. not to perform any treatment if the patient does not have an active consulting dentist on record with the collaborative practice dental hygienist;

I. follow the standardized protocol unless modified by the consulting dentist by prescription or order;

J. follow the verbal and written prescriptions and orders of the consulting dentist for those treatments requiring a diagnosis;

K. forward all records and x-rays, or duplicates, to the consulting dentist within 14 days;

L. assure that each consulting dentist meets the requirements of a consulting dentist as stated in 16.5.17.9 NMAC;

M. a copy of the collaborative agreement shall be on file with the board office; any changes to this agreement shall be filed with the board office within 60 days.

N. the collaborative dental hygienist shall be subject to provisions of 16.5.58 NMAC.

[16.5.17.11 NMAC - Rp, 16.5.17.11 NMAC, 5/31/2023]

16.5.17.12 COLLABORATIVE DENTAL HYGIENE PRACTICE AND LIMITATIONS:

A. A dental hygienist in a collaborative practice may perform the procedures in a dental hygienist's scope of practice listed in 16.5.29 NMAC without general supervision while the hygienist is in a cooperative working relationship with a consulting dentist, pursuant to rules promulgated by the board and the committee.

B. A collaborative practice dental hygienist may have more than one consulting dentist.

C. A dentist shall have a consulting agreement with no more than three collaborative practice dental hygienists. The board may grant exception to this limitation for public health settings on a case-by-case basis.

D. The collaborative practice dental hygienist may own and manage a dental hygiene practice, or enter into a contractual arrangement, in any location or setting in New Mexico.

E. The committee, through the board, may take any disciplinary action allowed by the Uniform Licensing Act, against a dental hygienist certified in collaborative practice.

F. Collaborative dental hygienist can administer local anesthesia under general supervision as defined in 16.5.28.8 NMAC and 16.5.28.12 NMAC.

G. A collaborative dental hygienist may assess for pit and fissure sealants without a dentist's evaluation as provided in Subsection D of 16.5.29.8 NMAC.

H. A collaborative dental hygienists may prescribe, administer and dispense topically applied fluoride and topically applied antimicrobials as provided for in 16.5.29.11 NMAC.

I. Perform dental hygiene focused assessment.

J. A collaborative practice dental hygienist shall not:

(1) administer local anesthesia except under the general supervision of a dentist; and only if certified to do so through the committee and ratified by the board;

(2) administer a drug or medication, except those directly indicated as dental topical therapeutic or preventive agents; other therapeutic agents may only be dispensed if the collaborative practice dental hygienist holds a class C clinic license; any drugs dispensed as a class C clinic (as designated and defined by the New Mexico board of pharmacy) shall be on the specific individual authorization of a dentist:

(a) all non-controlled substance medications requiring a prescription or order from the dentist may only be dispensed for immediate use in the collaborative practice

dental hygienist office, and only on the specific order or protocol from the consulting dentist; a log of these dispensing shall be kept and a copy of this log shall be sent to the corresponding consulting dentist every six months; collaborative practice dental hygienists may not dispense or administer any controlled substance;

(b) prescription drugs, which are kept in bulk at the collaborative practice dental hygienist's office, to be dispensed or used by the collaborative practice dental hygienist as in 16.5.17.12 NMAC, shall be purchased on an order or prescription by a consulting dentist;

(3) diagnose dental disease, but may advise the patient of suspected pathology and periodontal status;

(4) perform oral hygiene procedures on any patient identified as having a significant health risk from the procedures; unless the patients' current health history has been reviewed by the patient's dentist of record or the consulting dentist; or for patients who reside in residential or long term care facilities, the patient's dentist or physician;

(5) perform treatments requiring the diagnosis of a dentist without a prescription/order from the consulting dentist; such treatments include but are not limited to, root planing, sealant application in presence of cavitation, administration of therapeutic agents and other services defined in Subsection B of Section 61-5A-4 NMSA 1978 as within the scope of dental hygiene practice but which require a dentist's diagnosis;

(6) modify the standard collaborative practice protocol without a prescription or order from the consulting dentist;

(7) take impressions for bleaching trays, deliver bleaching materials or provide systems of home bleaching, or provide instructions to patients on using bleaching materials unless it is authorized on a case by case basis by prescription from a consulting dentist;

(8) provide in office bleaching systems unless under indirect supervision of a consulting dentist.

K. Effective July 1, 2015, a collaborative practice hygienist who owns a dental practice shall register with the board as a non-dentist owner. No additional license or fee is required for this registration. A collaborative practice hygienist who owns a dental practice must notify the board, in writing, if the dental practice has been sold or has closed.

[16.5.17.12 NMAC - Rp, 16.5.17.12 NMAC, 5/31/2023]

16.5.17.13 STANDARD COLLABORATIVE PRACTICE PROTOCOLS:

All protocols will include but are not limited to: review of health history charting of existing teeth and restorations, periodontal charting as necessary, and notations of potential pathology. Protocols may be amended upon written order of the consulting dentist. Time intervals for these protocols shall be established in the collaborative practice agreement as provided in Subsection G of 16.5.17.13 NMAC.

A. Protocols for children 12 and under:

- (1) appropriate panoramic or occlusal x-rays;
- (2) two bitewing x-rays;
- (3) prophylaxis/scaling;
- (4) topical fluoride treatment;
- (5) other radiographs as indicated by consultation with the dentist.

B. Protocols for teenagers:

- (1) appropriate panoramic or full mouth radiographs;
- (2) two or four bitewing x-rays;
- (3) prophylaxis/scaling;
- (4) topical fluoride treatment;
- (5) other radiographs as indicated by consultation with the dentist.

C. Protocols for adults:

- (1) full mouth or panoramic radiograph;
- (2) bitewing radiographs annually;
- (3) complete periodontal charting;
- (4) prophylaxis/scaling or gross debridement and consultation with the consulting dentist if periodontal assessment suggests periodontal involvement.

D. All other procedures not listed in the protocols shall require a prescription from the consulting dentist as stated in Subsections H and N of 16.5.17.10 NMAC.

E. Guidelines for patient release forms, to include a disclaimer signed by the patient or legal guardian that the dental hygiene services rendered do not preclude the need for routine examinations by a dentist.

F. Both the consulting dentist and the collaborative practice dental hygienist shall sign a copy of this or amended protocol and keep on file.

G. Changes to practice protocol and agreements shall be prescribed in writing by the consulting dentist and recorded by both the consulting dentist and the collaborative practice dental hygienist.

16.5.21.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9-30-96; 16.5.21.5 NMAC - Rn & A, 16 NMAC 5.21.5, 12-30-02]

16.5.21.6 OBJECTIVE:

To establish the requirements for application for temporary or public service licensure as a dental hygienist.

[9-30-96; 16.5.21.6 NMAC - Rn, 16 NMAC 5.21.6, 12-30-02; A, 01-09-12]

16.5.21.7 DEFINITIONS:

A. "Entity" means a dental or dental hygiene organization, foundation or officially recognized study club, which has a constitution, bylaws and whose officers or board of trustees are dentists or dental hygienists licensed in good standing in the state.

B. "Good standing" means having an active dental hygiene license in a jurisdiction for a period of at least two consecutive years immediately preceding the date of application. The committee as ratified by the board shall consider stipulations, disciplinary, or administrative actions taken against a licensee by the issuing agency, within the previous two years, when determining whether a license is in good standing.

C. "In the state" or "in this state" means that a program has a physical presence in New Mexico in the form of a facility and a permanent faculty.

[9-30-96; 16.5.21.7 NMAC - Rn, 16 NMAC 5.21.7, 12-30-02; A, 01-09-12]

16.5.21.8 CATEGORIES OF TEMPORARY OR PUBLIC SERVICE LICENSES:

Temporary or public service dental hygiene licenses may be issued in the following categories for specific purposes, if education and experience requirements are met.

A. Clinical educator.

(1) Dental hygienists, not currently licensed in New Mexico, who provide continuing education or training that includes clinical demonstrations on live subjects must apply for temporary licensure. The temporary license is issued for 48 hours (two days). If the course lasts longer than two days, additional 48 hour licenses may be requested upon payment of the applicable fees.

(2) Dental hygienists, not currently licensed in New Mexico, who intend to serve as a faculty member of an accredited dental hygiene program must apply for a temporary or public service license. The temporary or public service license is issued for 12 months and may be renewed one time. Temporary or public service licensees must be granted a license under the provisions of 16.5.19 NMAC or 16.5.21.15 NMAC prior to the expiration date of the temporary or public service license to continue uninterrupted practice of dental hygiene in New Mexico.

B. Public health dental hygiene. A dental hygienist may be granted temporary or public service licensure to practice in a state institution, public health clinic or public health program approved or maintained by the New Mexico department of health. The

temporary or public service license holder is restricted to work exclusively in the institution or program named on the application. A temporary or public service license may be issued for six or 12 months and may be renewed one time. Temporary or public service licensees must be granted a license under the provisions of 16.5.19 NMAC or 16.5.21.15 NMAC prior to the expiration date of the temporary or public service license to continue uninterrupted practice of dental hygiene in New Mexico.

C. Presumptive public service licensure for charitable dental hygiene projects: A dental hygienist not holding a license in the state may be granted a presumptive public service license for up to 72 hours to participate in a committee approved, and ratified by the board, charitable project. Except as noted in this section the dental hygienist shall otherwise be subject to the provisions of the dental practice act and the rules and regulations of the board. The presumptive public service license is valid only when:

- (1) the charitable project is approved by the committee and ratified by the board 45 days prior to the scheduled event;
- (2) the dental hygienist receives no compensation for participating in the project;
- (3) the project is sponsored by an entity as defined in 16.5.21.7 NMAC and that entity has been approved by the committee, and ratified by the board, to undertake the charitable project;
- (4) the dental hygienist holds a license in good standing in another jurisdiction and the license is verified by the sponsoring entity;
- (5) the dental hygienist has graduated from and holds a diploma from a dental hygiene school accredited by the commission on dental accreditation and a copy of the diploma is on file with the sponsoring entity;
- (6) upon request of the out-of-state dental hygienist shall produce copies of their diploma and license in another jurisdiction;
- (7) the dental hygiene care provided is within the scope and limits of the license the dental hygienist holds in the other jurisdiction;
- (8) the out-of-state dental hygienist works under the indirect supervision of a dentist licensed in this state who is present at the charitable project;
- (9) patients who receive dental hygiene care during the charitable project will be given a list of dentists whom they can contact if post-operative care is needed;
- (10) a charitable public service license is not eligible for conversion to any other temporary or public service, regular license, or license by credentials, and

(11) no fee shall be required by the board for the presumptive public service license for a charitable project.

[3-14-73, 5-31-95, 9-30-96; 16.5.21.8 NMAC - Rn & A, 16 NMAC 5.21.8, 12-30-02; A, 09-18-10; A, 01-09-12; A, 12-15-12]

16.5.21.9 REQUIREMENTS FOR TEMPORARY OR PUBLIC SERVICE LICENSURE:

Presumptive public service dental hygienist as defined in Subsection C of 16.5.21.8 NMAC are not required to comply with Subsection C of this section. All other applicants for temporary or public service licensure must possess each of the following qualification:

A. graduated and received a diploma from an accredited dental hygiene program consisting of at least two academic years of dental hygiene curriculum as defined in Section 61-5A-13; and

B. hold a valid license obtained through a clinical examination in another state or territory of the United States;

C. applicants requesting a six or 12 month temporary or public service license are required to successfully complete the jurisprudence examination.

[3-14-73, 5-31-95, 9-30-96; 16.5.21.9 NMAC - Rn, 16 NMAC 5.21.9, 12-30-02; A, 09-18-10; A, 01-09-12]

16.5.21.10 DOCUMENTATION REQUIREMENTS:

Except as otherwise required by Subsection C of 16.5.21.8 NMAC, presumptive public service dental hygienist do not need to comply with the following for presumptive public service licensure. All other applicants for temporary or public service licensure must submit the required fees and following documentation:

A. completed application, signed and notarized with a passport quality photo taken within six months affixed to the application; applications are valid for one year from the date of receipt;

B. proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

C. copies of all valid licenses and a letter from the applicant attesting to the status of each license;

D. an affidavit from the New Mexico licensed dental hygienist or dentist who will sponsor the applicant, attesting to the qualifications of the applicant and the activities the applicant will perform;

E. a list of activities to be practiced and the time period for which the temporary or public service license is requested;

F. in addition, applicants requesting temporary or public service licensure in public health must submit the following documentation:

(1) official transcripts or an original letter on letterhead with a raised embossed seal verifying successfully passing all required courses from the dental hygiene program, to be sent directly to the board office from the accredited program;

(2) copy of national board examination certificate or score card; and

(3) proof of having taken a course in infection control technique within the past 12 months.

[3-14-73, 5-31-95, 9-30-96; 16.5.21.10 NMAC - Rn, 16 NMAC 5.21.10, 12-30-02; A, 04-16-08; A, 09-18-10; A, 01-09-12]

16.5.21.11 RE-EXAMINATION PROCEDURE:

An applicant who does not obtain a passing score on the jurisprudence examination must submit the re-examination fee as defined in Subsection D of 16.5.18.8 NMAC to re-take the exam.

[9-30-96; 16.5.21.11 NMAC - Rn, 16 NMAC 5.21.11, 12-30-02; A, 09-18-10; A, 01-09-12]

16.5.21.12 LICENSURE PROCEDURE:

A. Clinical Educator: Upon receipt of a completed application, including all required documentation and fees, a Committee member will review the application and may approve for licensure. The license will be read into the Committee and Board records at the next scheduled meeting.

B. Public Health Dental Hygiene: Upon receipt of a completed application, including all required documentation and fees, and successful completion of the jurisprudence examination, a Committee member will review the application and may approve for licensure. The license will be read into the Committee and Board records at the next scheduled meeting.

[3-14-73, 9-30-96; 16.5.21.12 NMAC - Rn & A, 16 NMAC 5.21.12, 12-30-02]

16.5.21.13 LIMITATION ON LICENSE:

A. Temporary or public service licensees shall engage in only those activities specified on the temporary or public service license for the time period designated.

B. Temporary or public service licensees shall only practice under the sponsorship, or in association with, a licensed New Mexico dental hygienist or dentist.

C. Temporary or public service licensees and the approved sponsor or associate are responsible for compliance with the act and these rules.

[3-14-73, 5-31-95; 16.5.21.13 NMAC - Rn, 16 NMAC 5.21.13, 12-30-02; A, 01-09-12]

16.5.21.14 RE-ISSUE PROCEDURES:

To remain eligible for temporary or public service licensure; temporary or public service license holders who are eligible for reissue per Paragraph (2) of Subsection A and Subsection B of 16.5.21.8 NMAC must contact the board office three months prior to the expiration date to begin the re-issue process. All requirements regarding re-issue are the same as the initial application as defined in 16.5.21.8 NMAC. The application, fee and proof of 15 hours of continuing education must be post-marked on or before the expiration date.

[16.5.21.14 NMAC - N, 12-30-02; A, 09-18-10; A, 01-09-12]

16.5.21.15 CONVERSION OF TEMPORARY LICENSE TO LICENSE BY CREDENTIALS OR EXAMINATION:

Temporary licenses may be renewed once for a 12 month time period. After that renewal the license is no longer eligible for re-issue. If uninterrupted practice of dental hygiene in New Mexico is desired after two years, then a temporary licensee must convert to a dental hygiene license by credentials or examination. Only temporary licenses previously issued for 12 months are eligible for conversion to a permanent license by credential or examination.

A. Following the completion of the requirements for licensure, some of which were submitted with the temporary application, the applicant will complete an application for licensure by credentials.

B. Any additional licenses acquired during the time practicing under a temporary license must be reported on the application for licensure by credentials or examination.

C. Any actions taken against the applicant's license in any other jurisdiction while licensed in New Mexico under a temporary license must be reported on the application for license by credentials or examination.

D. Upon receipt of a complete application a committee member shall approve a New Mexico license by credential or examination unless there is any action pending against the temporary license. Then at the discretion of the committee or its agent, the temporary license may be extended until pending action is settled. If action is taken against the temporary license, conversion to a license by credentials or examination will be halted and the temporary license will no longer be renewed.

PART 22: [RESERVED]

PART 23: DENTAL HYGIENISTS, CONTINUING EDUCATION REQUIREMENTS

16.5.23.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.23.1 NMAC - Rn & A, 16 NMAC 5.23.1, 04/17/06]

16.5.23.2 SCOPE:

The provisions of Part 23 of Chapter 5 apply to all licensed dental hygienists who are applying to renew their license.

[9/30/96; 16.5.23.2 NMAC - Rn, 16 NMAC 5.23.2, 04/17/06]

16.5.23.3 STATUTORY AUTHORITY:

Part 23 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-10 NMSA 1978 (1996 Repl. Pamp.).

[9/30/96; 16.5.23.3 NMAC - Rn, 16 NMAC 5.23.3, 04/17/06]

16.5.23.4 DURATION:

Permanent.

[9/30/96; 16.5.23.4 NMAC - Rn, 16 NMAC 5.23.4, 04/17/06]

16.5.23.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.23.5 NMAC - Rn & A, 16 NMAC 5.23.5, 04/17/06]

16.5.23.6 OBJECTIVE:

To establish criteria for continuing education for dental hygienists licensed in New Mexico.

[9/30/96; 16.5.23.6 NMAC - Rn, 16 NMAC 5.23.6, 04/17/06]

16.5.23.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.23.7 NMAC - Rn, 16 NMAC 5.23.7, 04/17/06]

16.5.23.8 HOURS REQUIRED:

45 hours of continuing education, a maximum of 30 hours can be on-line, webinars or self-study are required during each triennial renewal cycle as defined in 16.5.1 NMAC. Continuing education received after submission of renewal materials but prior to actual expiration date may be used for the requirements of the next renewal cycle. Continuing education requirements are pro-rated at 15 hours per full year of the initial licensing period. Initial licenses issued for less than a full year do not require continuing education for the first renewal.

[11/21/75, 5/31/95; 16.5.23.8 NMAC - Rn, 16 NMAC 5.23.8, 04/17/06; A, 01/09/12]

16.5.23.9 COURSES REQUIRED:

Continuing education coursework must contribute directly to the practice of dental hygiene and must comply with the requirements of 16.5.1.15 NMAC of these rules. The following courses are required for license renewal:

A. basic life support (BLS) or cardiac pulmonary resuscitation (CPR): proof of current certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

B. infection control: as further defined in 16.5.1.16 NMAC, a course in infection control techniques and sterilization procedures per renewal period.

[11/21/75, 4/12/92, 5/21/93, 5/31/95, 9/30/96; 16.5.23.9 NMAC - Rn & A, 16 NMAC 5.23.9, 04/17/06; A, 04/16/08; A, 07/19/10; A, 01/09/12]

16.5.23.10 VERIFICATION OF CONTINUING EDUCATION:

The committee will select renewal applications for verification of continuing education. Audit requests will be included with the renewal notice and those selected individuals will be asked to submit proof of compliance with the continuing education requirements.

Continuing education records may be audited by the committee at any time. The records identified in Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for one year following the renewal cycle in which they are earned.

[5/21/93, 9/30/96; 16.5.23.10 NMAC - Rn, 16 NMAC 5.23.10, 04/17/06]

16.5.23.11 EMERGENCY DEFERRAL:

A. A licensee unable to fulfill the continuing education requirements may apply to the committee for an emergency deferral of the requirements due to extenuating circumstances as defined in 16.5.1.7 NMAC. Deferrals of up to four months may be granted by a designee of the committee.

B. A licensee practicing or residing outside the United States shall not be required to fulfill the continuing education requirements for the period of the absence.

(1) The committee must be notified prior to license expiration that the licensee will be outside the US, including the period of the absence.

(2) Upon return to the US, the licensee shall complete the continuing education required for the years of practice within the US during the renewal cycle, or apply for an emergency deferral.

[3/11/89, 9/30/96; 16.5.23.1 NMAC - Rn, 16 NMAC 5.23.1, 04/17/06; A, 01/09/12]

PART 24: DENTAL HYGIENISTS, LICENSE EXPIRATION AND RENEWAL

16.5.24.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.24.1 NMAC - Rn & A, 16 NMAC 5.24.1, 04/17/06]

16.5.24.2 SCOPE:

The provisions of Part 24 of Chapter 5 apply to all dental hygienists with a license to practice in New Mexico.

[9/30/96; 16.5.24.2 NMAC - Rn, 16 NMAC 5.24.2, 04/17/06]

16.5.24.3 STATUTORY AUTHORITY:

Part 24 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pamp.).

[9/30/96; 16.5.24.3 NMAC - Rn, 16 NMAC 5.24.3, 04/17/06]

16.5.24.4 DURATION:

Permanent.

16.5.24.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.24.5 NMAC - Rn & A, 16 NMAC 5.24.5, 04/17/06]

16.5.24.6 OBJECTIVE:

To establish procedures for license issuance, expiration and renewal.

[9/30/96; 16.5.24.6 NMAC - Rn, 16 NMAC 5.24.6, 04/17/06]

16.5.24.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.24.7 NMAC - Rn, 16 NMAC 5.24.7, 04/17/06]

16.5.24.8 LICENSE EXPIRATION:

Initial licenses expire on July 1 in the third year of licensure. No license will be issued for longer than 36 months or less than 25 months.

[11/6/83, 9/30/96, 12/15/97, 8/16/99; 16.5.24.8 NMAC - Rn, 16 NMAC 5.24.8, 04/17/06]

16.5.24.9 RENEWAL PERIOD AND EXPIRATION:

After the initial license period, dental hygiene licenses expire every three years on June 30. Dental hygiene licenses not renewed by July 1 are considered expired.

[3/14/73, 9/30/96, 8/16/99; 16.5.24.9 NMAC - Rn & A, 16 NMAC 5.24.9, 04/17/06]

16.5.24.10 RENEWAL PROCESS:

A completed renewal application, accompanied by the required fee as set forth in 16.5.18.8 NMAC, along with the required proof of completion of 45 hours of continuing education as set forth in 16.5.1.15 NMAC. The completed renewal application must be post-marked on or before July 1, of the renewal year.

[3/14/73, 9/30/96, 8/16/99; 16.5.24.10 NMAC - Rn & A, 16 NMAC 5.24.10, 04/17/06]

16.5.24.11 LICENSEE RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to make timely request for the renewal form if one has not been received thirty days prior to license expiration. Incomplete renewal applications shall be returned to the licensee for completion and may result in the assessment of a late renewal fee as set forth in 16.5.18.8 NMAC.

[5/31/95; 16.5.24.11 NMAC - Rn & A, 16 NMAC 5.24.11, 04/17/06]

16.5.24.12 RENEWAL AFTER JUNE 30:

Renewal applications post-marked after July 1, and prior to August 1, of the renewal year must be accompanied by the completed renewal application with the required proof of completion of 45 hours of continuing education as set forth in 16.5.23.8 NMAC, along with the triennial renewal fee, impairment fee and the late fee as set forth in 16.5.18.8 NMAC.

[3/14/73, 9/30/96, 8/16/99; 16.5.24.12 NMAC - Rn & A, 16 NMAC 5.24.12, 04/17/06]

16.5.24.13 RENEWAL AFTER AUGUST 1 AND BEFORE SEPTEMBER 1:

Renewal applications post-marked on or after August 1, but before September 1, of the renewal year, must be accompanied by the completed renewal application with the required proof of completion of 45 hours of continuing education as set forth in 16.5.23.8 NMAC, along with the triennial renewal fee, impairment fee, late fee and the cumulative late fee as set forth in 16.5.18.8 NMAC.

[3/14/73, 5/31/95; 16.5.24.13 NMAC - Rn & A, 16 NMAC 5.24.13, 04/17/06]

16.5.24.14 RENEWAL APPLICATION UNDELIVERABLE:

If the notice of renewal is returned to the office and the licensee has not sent a change of address, the revocation order will be considered undeliverable and will not be mailed.

[5/31/95; 16.5.24.14 NMAC - Rn, 16 NMAC 5.24.14, 04/17/06]

PART 25: DENTAL HYGIENISTS, RETIREMENT, INACTIVE AND REINSTATEMENT

16.5.25.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9-30-96; 16.5.25.1 NMAC - Rn & A, NMAC 5.25.1, 12-14-00]

16.5.25.2 SCOPE:

The provisions of 16.5.25 NMAC apply to all licensed dental hygienists who plan to retire or reinstate an active license to practice dental hygiene in New Mexico.

[9-30-96; 16.5.25.2 NMAC - Rn, 16 NMAC 5.25.2, 12-14-00]

16.5.25.3 STATUTORY AUTHORITY:

16.5.25 NMAC is promulgated pursuant to the Dental Health Care Act, NMSA 1978, Section 61-5A-17 (1996 Repl. Pamp.)

[9-30-96; 16.5.25.3 NMAC - Rn, 16 NMAC 5.25.3, 12-14-00]

16.5.25.4 DURATION:

Permanent.

[9-30-96; 16.5.25.4 NMAC - Rn, 16 NMAC 5.25.4, 12-14-00]

16.5.25.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9-30-96; 16.5.25.5 NMAC - Rn, 16 NMAC 5.25.5, 12-14-00; A, 12-30-02]

16.5.25.6 OBJECTIVE:

To establish the requirements and procedures to place an active dental hygiene license in retirement status, inactive status or to reinstate the license to active status.

[9-30-96; 16.5.25.6 NMAC - Rn, 16 NMAC 5.25.6, 12-14-00; A, 03-06-05]

16.5.25.7 DEFINITIONS:

[RESERVED]

[9-30-96; 16.5.25.7 NMAC - Rn, 16 NMAC 5.25.7, 12-14-00]

16.5.25.8 RETIREMENT:

A license to practice dental hygiene may be placed in retirement status one time through the following procedures.

A. The request for retirement status must be made in writing to the board office prior to the expiration of the current license. The written request must include the following information:

- (1) the actual date of retirement; and
- (2) a list of any continuing education courses taken since the last active and/or inactive license renewal, including documentation required in section 16.5.1.15 NMAC.

B. Board staff shall acknowledge receipt of the request for retirement status and at the next meeting of the committee the request for retirement will be placed on the agenda. Upon committee recommendation and board approval of retirement status the licensee will be exempt from payment of the triennial renewal fees during the period of retirement.

C. The committee may recommend denial of a request for retirement status if there are any current or pending complaints or disciplinary actions against the licensee.

D. A licensee desiring to go from active to inactive must sign a waiver and stipulation provided by the board foregoing the three year retirement.

[3-14-73...3-16-94, 5-31-95, 9-30-96; 16.5.25.8 NMAC - Rn, 16 NMAC 5.25.8, 12-14-00; A, 03-06-05]

16.5.25.9 INACTIVE:

A license to practice dental hygiene may be placed in inactive status one time through the following procedures.

A. The request for inactive status must be made by an application obtained from the board office prior to the expiration of the current license or the three-year eligibility of retirement status. The written request must include the following information:

- (1) the actual date of inactivation request; and
- (2) a list of any continuing education courses taken since the last license renewal, including documentation set forth in 16.5.1.15 NMAC.

B. Board staff shall acknowledge receipt of application for inactive status and at the next meeting of the committee the request for inactivation will be placed on the agenda.

C. The committee may recommend denial of a request for inactive status if there are any current or pending complaints or disciplinary actions against the licensee.

[3-14-73, 3-11-89, 5-31-95, 9-30-96, 1-1-99; 16.5.25.9 NMAC - Rn & A, 16 NMAC

5.25.9, 12-14-00; A, 12-30-02; N, 03-06-05; A, 04-17-06]

16.5.25.10 REINSTATEMENT FROM RETIREMENT STATUS:

A licensee whose license has been placed in retirement status may request reinstatement of the retired license within three years of the date of retirement as indicated in 16.5.25.8 NMAC. Upon receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement must include the reinstatement fee, the triennial renewal fee, impairment fee, a completed application, and proof of the following continuing education courses.

(1) There will be 10 CE hours/year of retirement, up to 30 hours, required for reinstatement.

(2) The requirements of the infection control hours and the basic life support hours taken in the past 12 months may be included toward these required hours:

(a) proof of infection control course within the past 12 months;

(b) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(c) 45 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of retirement request as well as any continuing education taken during the retirement period.

(3) Verification of licensure in all states where the applicant holds or has held a license to practice dental hygiene, or other health care profession. Verification must be sent directly to the board office from the other state boards, must include a raised seal, and must attest to the status, issue date, expiration date, license number, and other information contained on the form.

B. The request for reinstatement from retirement status, including a statement of the applicant's activities during the period of retirement and any existing impairments, shall be reviewed by a subcommittee as designated by the chair. If the subcommittee finds the application in order and is satisfied the applicant has fulfilled all required continuing education and submitted the fees, the subcommittee may approve the license reinstatement and the previous license number reassigned. The license will be read into the committee and board records at the next scheduled meeting. If the subcommittee finds that the application is not in order, the application will go to the entire committee for review. The reinstated license will expire as defined in 16.5.24 NMAC.

C. A dental hygienist with a license in retirement status may not practice dental hygiene in New Mexico until proof of active licensure is received from the board office.

D. If reinstatement of a retired license is not requested within three years of retirement and if the licensee does not apply for inactive status, application for a new license must be made by examination or credentials in order to practice dental hygiene in New Mexico.

[16.5.25.10 NMAC - Rn, 16.5.25.9 NMAC, 03-06-05 & A, 03-06-05; A, 04-16-08; A, 07-19-10; A, 01-09-12]

16.5.25.11 REINSTATEMENT FROM INACTIVE STATUS:

A licensee whose license has been placed in inactive status may request reinstatement of the inactive license to active license status within nine years of the date of inactive status as indicated in 16.5.25.8 NMAC. Upon receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement must include the reinstatement fee, the triennial renewal fee, impairment fee, and proof of the following continuing education courses:

(1) there will be 10 CE hours for each year of inactive status required for reinstatement; the hours may be accumulated at any time during the year(s) of inactivation; the requirements of the infection control hours and the basic life support hours, and medical emergency course taken in the past 12 months may be included toward these required hours;

(2) proof of infection control course within the past 12 months;

(3) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(4) proof of medical emergency course during the past 12 months;

(5) 45 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of retirement request as well as any continuing education taken during the retirement period; and

(6) verification of licensure in all states where the applicant holds or has held a license to practice dental hygiene, or other health care profession; verification must be sent directly to the board office from the other states boards, must include a raised seal, and must attest to the status, issue date, expiration date, license number, and other information contained on the form.

B. The request for reinstatement from inactive status, including a statement of the applicant's activities during the period of inactivation and any existing impairment, shall be reviewed by a subcommittee as designated by the chair. If the subcommittee finds the application in order and is satisfied the applicant has fulfilled all required continuing education and submitted the fees, the subcommittee may approve the license reinstatement and the previous license number reassigned. The license will be read into the committee and board records at the next scheduled meeting. If the subcommittee finds that the application is not in order, the application will go to the entire committee for review. The reinstated license will expire as defined in 16.5.24 NMAC.

C. A dental hygienist with a license in inactive status may not practice dental hygiene in New Mexico until proof of active licensure is received from the board office.

D. If reinstatement of an inactive license is not requested within nine years of inactivation, application for a new license must be made by examination or credentials in order to practice dental hygiene in New Mexico or the license must be permanently retired.

PART 26: DENTAL HYGIENISTS, LICENSE REVOCATION FOR NON-RENEWAL

16.5.26.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.26.1 NMAC - Rn & A, 16 NMAC 5.26.1, 04/17/06]

16.5.26.2 SCOPE:

The provisions of Part 26 of Chapter 5 apply to all dental hygienists licensed in New Mexico who do not submit an application for license renewal within 60 days of the license expiration date.

[9/30/96; 16.5.26.2 NMAC - Rn, 16 NMAC 5.26.2, 04/17/06]

16.5.26.3 STATUTORY AUTHORITY:

Part 26 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pamp.).

[9/30/96; 16.5.26.3 NMAC - Rn, 16 NMAC 5.26.3, 04/17/06]

16.5.26.4 DURATION:

Permanent.

[9/30/96; 16.5.26.4 NMAC - Rn, 16 NMAC 5.26.4, 04/17/06]

16.5.26.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.26.5 NMAC - Rn & A, 16 NMAC 5.26.5, 04/17/06]

16.5.26.6 OBJECTIVE:

To establish the procedures and policies for revocation of expired licenses and the reinstatement of a license revoked for non-renewal.

[9/30/96; 16.5.26.6 NMAC - Rn, 16 NMAC 5.26.6, 04/17/06]

16.5.26.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.26.7 NMAC - Rn, 16 NMAC 5.26.7, 04/17/06]

16.5.26.8 REVOCATION OF LICENSE FOR NON-RENEWAL:

Unless an application for license renewal is received by the board office, or post-marked, before September 1, the license shall be revoked for non-renewal.

[3/14/73, 5/31/95; 16.5.26.8 NMAC - Rn, 16 NMAC 5.26.8, 04/17/06; A, 7/17/08]

16.5.26.9 REINSTATEMENT OF REVOKED LICENSE FOR NON-RENEWAL:

A. Within one year of the revocation notice, the license may be reinstated by payment of renewal and reinstatement fees, compliance with continuing education for the previous renewal cycle and for the year of the revocation. Applicants for reinstatement after one year of revocation shall apply as a new applicant and meet all requirements for initial licensure.

B. Applicants for reinstatement shall provide for verification of licensure in all states where the applicant holds or has held a license to practice dental hygiene, or other health care profession within the previous year. Verification shall be sent directly to the board office from the other state(s) board, shall include a raised seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form.

C. Upon receipt of a completed reinstatement of revoked license application, including all documentation and fees, a dental hygienists committee member, will review and may approve the application. The committee may formally accept the approval of the application at the next scheduled meeting.

[3/14/73...5/31/95, 1/1/99; 16.5.26.9 NMAC - Rn, 16 NMAC 5.26.9, 04/17/06; A, 04/16/08; A, 01/09/12]

PART 27: [RESERVED]

PART 28: DENTAL HYGIENISTS, LOCAL ANESTHESIA CERTIFICATION

16.5.28.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.28.1 NMAC - Rp, 16.5.28.1 NMAC, 5/31/2023]

16.5.28.2 SCOPE:

The provisions of Part 28 of Chapter 5 apply to all dental hygienist who hold or who are applying for certification to administer local anesthesia.

[16.5.28.2 NMAC - Rp, 16.5.28.2 NMAC, 5/31/2023]

16.5.28.3 STATUTORY AUTHORITY:

Part 28 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-6 NMSA 1978 (1996 Repl. Pamp.).

[16.5.28.3 NMAC - Rp, 16.5.28.3 NMAC, 5/31/2023]

16.5.28.4 DURATION:

Permanent.

[16.5.28.4 NMAC - Rp, 16.5.28.4 NMAC, 5/31/2023]

16.5.28.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.28.5 NMAC - Rp, 16.5.28.5 NMAC, 5/31/2023]

16.5.28.6 OBJECTIVE:

To establish guidelines and procedures for the regulation of dental hygienists who administer local anesthesia in an office located in New Mexico.

[16.5.28.6 NMAC - Rp, 16.5.28.6, 5/31/2023]

16.5.28.7 DEFINITIONS:

"Two consecutive years" means at least 1200 hours per year for two consecutive year.

[16.5.28.7 NMAC - Rp, 16.5.28.7 NMAC, 5/31/2023]

16.5.28.8 REQUIREMENT TO BE CERTIFIED:

Local anesthesia administration is not included as a function of dental hygiene licensure; it may only be performed by dental hygienists who have been separately certified by the committee to perform the expanded function. The administration of local anesthesia requires the indirect supervision of a dentist. Local anesthesia may only be administered by a dental hygienist under general supervision as outlined in 16.5.28.11 NMAC.

[16.5.28.8 NMAC - Rp, 16.5.28.8 NMAC, 5/31/2023]

16.5.28.9 CERTIFICATION BY CURRICULUM OR NON-CURRICULUM:

Applicants for certification in local anesthesia by curriculum or exam must possess the following qualifications and submit the required fees and documentation, along with a completed application.

A. Qualifications:

(1) a current active license in good standing to practice dental hygiene in New Mexico;

(2) proof of successful completion of educational coursework in local anesthesia, by either;

(a) curriculum: successful completion of an educational program in local anesthesia of at least 24 didactic hours and 10 hours of clinical training given in an accredited dental hygiene program as part of the regular curriculum for the dental hygiene degree, or

(b) non-curriculum: successful completion of a board approved continuing educational program in local anesthesia of at least 24 didactic hours and 10 hours of clinical training; continuing education program must comply with requirements in 16.5.1.15 NMAC.

(3) Successfully pass a board approved examination, the results of the exam are valid in New Mexico for a period not to exceed five years. If the educational coursework in local anesthesia was obtained by;

(a) curriculum: a board approved written local anesthesia exam is required.

(b) non-curriculum: a board approved written and clinical local anesthesia exam is required.

B. Documentation:

(1) copy of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross or the American safety and health institute (ASHI); cannot be a self-study course;

(2) proof of successful completion of educational coursework in local anesthesia;

(a) transcript from an accredited dental hygiene program documenting successful completion of an approved educational program in local anesthesia as part of the regular curriculum for the dental hygiene degree; or

(b) copy of certificate showing successful completion of a board approved continuing education program in local anesthesia of at least 24 didactic hours and 10 hours of clinical training; continuing education program must comply with requirements in 16.5.1.15 NMAC.

(3) certificate or score card from a board approved exam indicating successful completion and date of local anesthesia exam, as required per Paragraph (9) of Subsection A of 16.5.28 NMAC.

[16.5.28.9 NMAC - Rp, 16.5.28.9 NMAC, 5/31/2023]

16.5.28.10 CERTIFICATION BY CREDENTIALS:

Applicants for certification in local anesthesia by credentials must possess the following qualifications and submit the required fees and documentation, along with a completed application.

A. Qualifications:

(1) a current active license in good standing to practice dental hygiene in New Mexico;

(2) successful completion of educational coursework in local anesthesia by;

(a) curriculum: successful completion of an educational program in local anesthesia of at least 24 didactic hours and 10 hours of clinical training given in an accredited dental hygiene program as part of the regular curriculum for the dental hygiene degree, or

(b) non-curriculum: successful completion of a board approved continuing educational program in local anesthesia of at least 24 didactic hours and 10 hours of clinical training; continuing education program must comply with requirements in 16.5.1.15 NMAC; and

(3) successfully pass a board approved examination, the results of the exam do not have to be within a specific time frame. If educational coursework in local anesthesia was obtained by;

(a) curriculum: a board approved written local anesthesia exam is required.

(b) non-curriculum: a board approved written and clinical local anesthesia exam is required.

(4) administration of local anesthesia in the practice of dental hygiene for at least three of the past five years.

B. Documentation:

(1) copy of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross or the American safety and health institute (ASHI); cannot be a self-study course;

(2) proof of successful completion of educational coursework in local anesthesia;

(a) transcript from an accredited dental hygiene program documenting successful completion of an approved educational program in local anesthesia as part of the regular curriculum for the dental hygiene degree, or

(b) copy of certificate showing successful completion of a board approved continuing education program in local anesthesia of at least 24 didactic hours and 10 hours of clinical training; continuing education program must comply with requirements in 16.5.1.15 NMAC; and

(3) proof of active certification to administer local anesthesia;

(a) letter of verification from each jurisdiction where the applicant holds a certificate for administering local anesthesia, or if the jurisdiction doesn't supply licensees with a separate certification, then a letter is needed stating that local anesthesia is not a separate designation from the license but is part of the dental

hygiene license; sent directly form the board in each jurisdiction, and describing any disciplinary action taken against the applicant; and

(b) if the applicants previous license includes the local anesthesia designation or certification is expired or inactive the applicant must show proof of completion of a board approved continuing education course in administration of local anesthesia that includes a hand on-portion. Continuing education course must comply with requirements in 16.5.1.15 NMAC.

(4) proof of administration of local anesthesia while engaged in the practice of dental hygiene in at least three of the past five consecutive years; proof may be by notarized letters from employers, supervisors of dental clinics of the uniformed services of the United States, or faculty administrators of schools of dental hygiene or dentistry.

[16.5.28.10 NMAC - Rp, 16.5.28.10 NMAC, 5/31/2023]

16.5.28.11 CERTIFICATION OF LOCAL ANESTHESIA UNDER GENERAL SUPERVISION:

An applicant for certification in local anesthesia under general supervision must possess the following qualifications and submit the following documentation along with a completed application.

A. An applicant must possess the following qualifications:

(1) have a current active license in good standing to practice dental hygiene in New Mexico;

(2) possess a New Mexico certification to administer local anesthesia under the indirect supervision of a licensed dentist; and

(3) have administered 20 cases of local anesthesia under the indirect supervision of a dentist during two consecutive years.

B. An applicant must provide the board office with the following documentation:

(1) a copy of a current New Mexico dental hygiene license;

(2) a copy of the applicant's certificate to administer local anesthesia under indirect supervision; and

(3) a signed affidavit, on a board-approved form, from the supervising dentist attesting to the applicant's qualifications for a certificate to administer local anesthesia under general supervision. The affidavit is valid for subsequent or additional locations in which the applicant may practice.

[16.5.28.11 NMAC - Rp, 16.5.28.11 NMAC, 5/31/2023]

16.5.28.12 CERTIFICATION PROCEDURE:

Upon receipt of a completed local anesthesia application, including all required documentation and fees, a committee member or designee of the committee will review the application and determine eligibility for certification.

[16.5.28.11 NMAC - Rp, 16.5.28.11 NMAC, 5/31/2023]

16.5.28.13 LIMITATIONS OF LOCAL ANESTHESIA ADMINISTRATION:

Administration of local anesthetic under general supervision may occur when:

A. certification has been received as defined in Section 16.5.28.11 NMAC and meets the following requirements:

(1) the supervising or consulting dentist has written or verbally ordered local anesthetic for the specific patient; and

(2) verbal orders shall be converted to written record or electronic record in the patient's dental record; and

B. emergency medical services are available by:

(1) local 911 service with a response time of less than 10 minutes; or

(2) by arrangement with a local physician(s), oral surgeon, or other medical or dental professional holding an advanced cardiovascular life support (ACLS) certification; this arrangement to provide emergency services shall be in writing and on file in the board office with the dental hygienists license; and

C. indirect supervision is required for continuing education and clinical examinations.

[16.5.28.12 NMAC - Rp, 16.5.28.13 NMAC, 5/31/2023]

PART 29: DENTAL HYGIENISTS, PRACTICE

16.5.29.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.29.1 NMAC - Rn & A, 16 NMAC 5.29.1, 04/17/06]

16.5.29.2 SCOPE:

The provisions of Part 29 of Chapter 5 apply to all active license holders and all dental hygienists working in New Mexico.

[9/30/96; 16.5.29.2 NMAC - Rn, 16 NMAC 5.29.2, 04/17/06]

16.5.29.3 STATUTORY AUTHORITY:

Part 29 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Sections 61-5A-3 and 61-5A-4 NMSA 1978 (1996 Repl. Pam.).

[9/30/96; 16.5.29.3 NMAC - Rn, 16 NMAC 5.29.3, 04/17/06]

16.5.29.4 DURATION:

Permanent.

[9/30/96; 16.5.29.4 NMAC - Rn, 16 NMAC 5.29.4, 04/17/06]

16.5.29.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.29.5 NMAC - Rn & A, 16 NMAC 5.29.5, 04/17/06]

16.5.29.6 OBJECTIVE:

To establish allowable practice settings, scope of practice and limitations on dental hygiene practice in New Mexico.

[9/30/96; 16.5.29.6 NMAC - Rn, 16 NMAC 5.29.6, 04/17/06]

16.5.29.7 DEFINITIONS:

A. "Cavitation" means a break in the continuous, solid surface of the enamel of a tooth, created either by genetic formation or demineralization.

B. "Dental hygiene-focused assessment" means the documentation of existing oral and relevant systemic conditions and the identification of potential oral disease to develop, communicate, implement and evaluate a plan of oral hygiene care and treatment.

C. "Laser" means light amplification by stimulated emission of radiation used for the therapeutic treatment of the head and neck or oral cavity.

D. "Topical therapeutic agents" means agents applied to the teeth or gingiva that have a therapeutic effect locally with limited or no systemic effect.

[9/30/96; 16.5.29.7 NMAC - Rn, 16 NMAC 5.29.7, 04/17/06; A, 01/09/12; A, 01/04/14]

16.5.29.8 SCOPE OF PRACTICE:

A dental hygienist may perform dental hygiene services as defined in NMSA 1978, Section 61-5A-4 B thru F NMSA 1978 of the act with the supervision defined. In addition, a licensed hygienist may:

A. prescribe, administer or dispense therapeutic agents as per the formulary as defined in Subsection C of 16.5.29.11 NMAC;

B. function as an expanded function dental auxiliary after passing the certifying exam and completing the apprenticeship accepted by the board;

C. function as a community dental health coordinator after completing a program certified by the board;

D. except in cases where a tooth exhibits cavitation of the enamel surface, assessing without a dentist's evaluation whether the application of pit and fissure sealants is indicated;

E. except in cases where a tooth exhibits cavitation of the enamel surface, applying pit and fissure sealants without mechanical alteration of the tooth;

F. administration of local anesthesia as defined in 16.5.28 NMAC; and

G. such other closely related services as permitted by the rules of the committee and the board.

H. Effective July 1, 2015, a dental hygienist who owns a dental practice must register as a non-dentist owner. No additional license or fee is required for this registration. A dental hygienist who owns a dental practice must notify the board, in writing, if the dental practice has been sold or has closed.

[10-21-70, 5-31-95; 16.5.29.8 NMAC - Rn, 16 NMAC 5.29.8, 04-17-06; A, 01-09-12; A, 12-15-12; A, 01-04-14; A, 01-15-15; A, 04-16-15; A, 12-16-15]

16.5.29.9 LIMITATIONS ON PRACTICE:

Dental hygienists shall not perform, or attempt to perform, the following services or procedures:

A. removal of, or addition to, the hard or soft tissues of the oral cavity, other than diseased crevicular tissue;

B. placement or insertion of any permanent filling material;

C. diagnosis and dental treatment planning;

D. the final fitting, adaptation, seating and cementation of any fixed or removable dental appliance or restoration, including but not limited to inlays, crowns, bands, space maintainers, habit devices or splints;

E. final impressions for restorations or prosthetic appliances;

F. irrigation and medication of canal, cone try-in, reaming, filing, or filling of root canals;

G. other services defined as the practice of dentistry in Section 61-5A-4 (A) of the act and not specifically listed in Section 61-5A-4 (B) and (C) NMSA 1978, unless exempted by regulation; and

H. apply pit and fissure sealants without a dentist evaluation in cases where the tooth does exhibit cavitation of the enamel surface.

[3/14/73, 4/10/81, 3/11/89, 5/31/95; 16.5.29.9 NMAC - Rn, 16 NMAC 5.29.9, 04/17/06; A, 01/09/12]

16.5.29.10 [RESERVED]

[5/31/95, 12/15/97; 16.5.29.10 NMAC - Rn, 16 NMAC 5.29.10, 04/17/06; A, 04/16/08; A, 01/09/12; Repealed, 12/15/12]

16.5.29.11 DENTAL HYGIENISTS PRESCRIPTIVE AUTHORITY:

A dental hygienist may prescribe, administer and dispense a fluoride supplement, topically applied fluoride, and topically applied antimicrobials from the following formulary under the following stipulations.

A. A New Mexico licensed dentist shall supervise, at least by general supervision the prescribing, administration or dispensing by the hygienist. In a collaborative hygiene practice the formulary used by the dental hygienist and situations for each therapeutic agent must be set forth in the collaborative practice agreement. Dental hygienists shall keep as part of the patient record a clear documentation of the therapeutic agent prescribed, administered or dispensed, the date and reason.

B. Under no circumstances shall a dental hygienist be allowed to prescribe, dispense or administer:

(1) drugs whose primary effect is systemic; and

(2) dangerous drugs or controlled substances as defined in the pharmacy act (NMSA 1978, Section 61-11-1 et seq.) controlled substances act (NMSA 1978, Sections

31-30-1 et seq.) or Drug Device and Cosmetic Act (NMSA 1978, Sections 26-1-1 et seq.).

C. Dental hygienists may prescribe from the following list:

- (1)** fluoride supplements (all using sodium fluoride);
 - (a)** tablets - 0.5 mg, 1.1 mg, 2.2 mg;
 - (b)** lozenges - 2.21 mg;
 - (c)** drops - 1.1 mg/mL;
- (2)** topical anti-carries treatments (all using sodium fluoride unless otherwise stated);
 - (a)** toothpastes - 1.1% or less (or stannous fluoride 0.4%);
 - (b)** topical gels - 1.1% or less (or stannous fluoride 0.4%);
 - (c)** oral rinses - 0.05%, 0.2%, 0.44%, 0.5%;
 - (d)** oral rinse concentrate (used in periodontal disease) - 0.63% stannous fluoride;
 - (e)** fluoride varnish - 5 %;
 - (f)** prophy pastes (containing approximately 1.23% sodium fluoride and used for cleaning and polishing procedures as part of professional dental prophylaxis treatment);
- (3)** topical anti-infectives:
 - (a)** chlorhexidine gluconate ;
 - (b)** tetracycline impregnated fibers (inserted subgingivally into the periodontal sulcus);
 - (c)** doxycycline hyclate periodontal gel (inserted subgingivally into the periodontal sulcus); and
 - (d)** minocycline hydrochloride periodontal paste (inserted subgingivally into the periodontal sulcus).

[16.5.29.11 NMAC - N, 01/09/12; A, 01/04/14]

16.5.29.12 THERAPEUTIC USE OF LASERS:

The board does not issue permits for the use of lasers by hygienists in soft tissue curettage, sulcular debridement and tissue disinfection in periodontal therapy. Due to the rising utilization of lasers by dental hygienists, the committee and board sets forth the following requirements:

A. a New Mexico licensed dental hygienist may use laser devices that are approved by the U.S. food and drug administration under the indirect supervision of a New Mexico licensed dentist;

B. the hygienist must successfully complete an educational program on laser use that is a minimum of 6 hours and includes hand-on clinical simulation training; the course shall comply with current guidelines as outlined in 16.5.1.15 NMAC for continuing education;

C. a certificate of successful course completion from the dental laser training entity shall be posted in a conspicuous location within the dental facility;

D. all promotion or advertising of dental laser treatment shall comply with current requirements as outlined in Subsection B of 16.5.30.10.NMAC, identifying the "supervising dentist" as responsible for the provision of or the supervision of the laser procedure;

E. dental laser treatment shall not be designated to a dental assistant.

[16.5.29.12 NMAC - N, 01/04/14]

PART 30: DENTAL HYGIENISTS, DISCIPLINARY PROCEEDINGS, LICENSE REVOCATION OR SUSPENSION FOR DISCIPLINARY ACTIONS

16.5.30.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.30.1 NMAC - Rp, 16.5.30.1 NMAC, 12/14/2019]

16.5.30.2 SCOPE:

The provisions of 16.5.30 NMAC apply to all active license holders and applicants for licensure. These provisions may also be of interest to anyone who may wish to file a complaint against a licensed dental hygienist.

[16.5.30.2 NMAC - Rp, 16.5.30.2 NMAC, 12/14/2019]

16.5.30.3 STATUTORY AUTHORITY:

16.5.30 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-21, NMSA 1978, (Repl. Pamp. 1996).

[16.5.30.3 NMAC - Rp, 16.5.30.3 NMAC, 12/14/2019]

16.5.30.4 DURATION:

Permanent.

[16.5.30.4 NMAC - Rp, 16.5.30.4 NMAC, 12/14/2019]

16.5.30.5 EFFECTIVE DATE:

December 14, 2019, unless a later date is cited at the end of a section.

[16.5.30.5 NMAC - Rp, 16.5.30.5 NMAC, 12/14/2019]

16.5.30.6 OBJECTIVE:

To establish the procedures for filing complaints against licensees, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a licensee which are considered incompetent or unprofessional practice.

[16.5.30.6 NMAC - Rp, 16.5.30.6 NMAC, 12/14/2019]

16.5.30.7 DEFINITIONS:

A. "Addiction" means a neurobehavioral syndrome with genetic and environmental influences that result in psychological dependence on the use of substances for their psychic effects. It is characterized by behaviors that include one or more of the following: impaired control over drug use; compulsive use; continued use despite harm; and craving.

B. "Chronic pain" means a pain state which is persistent and in which the cause of the pain cannot be removed or otherwise treated.

C. "Direct reference" means a phone number or website where names and contact information of the dental hygienists(s) can be referenced.

D. "Drug abuser" means a person who takes a drug or drugs for other than legitimate medical purposes.

E. "Pain" means an unpleasant sensory and emotional experience associated with inflammation or with actual or potential tissue damage, or described in terms of such inflammation or and damage.

F. "Patient abandonment" means withdrawing a patient from treatment without giving reasonable notice or providing a competent replacement provider.

G. "Physical dependence" means a state of adaptation that is manifested by a drug-specific withdrawal syndrome that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, administration of an antagonist, or a combination of these.

H. "Tolerance" means a state of adaptation in which exposure to a drug induces changes that result in a diminution of one or more of the drug's effects over time.

[16.5.30.7 NMAC - Rp, 16.5.30.7 NMAC, 12/14/2019]

16.5.30.8 COMPLAINTS:

Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the board and committee. Any hearing held pursuant to the complaint shall conform with the provisions of the Uniform Licensing Act, the Dental Health Care Act and the Impaired Dentists and Dental Hygienists Act.

[16.5.30.8 NMAC - Rp, 16.5.30.8 NMAC, 12/14/2019]

16.5.30.9 ACTIONS:

A. The committee may assess fines, deny, revoke, suspend, stipulate, or otherwise limit a license if it is determined the licensee is guilty of violating any of the provisions outlined in the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, or these rules.

B. The committee may reprimand, censure, or require licensees to fulfill additional continuing education hours within limited time constraints for violations of the act or rules.

C. The committee shall take into consideration the dual role of dental hygienists as professionals and employees when taking disciplinary action against a licensee. In the event the complaint is ruled to be based primarily in the role of employee, the committee may share the findings with the board so appropriate action may be considered for the employer/dentist.

[16.5.30.9 NMAC - Rp, 16.5.30.9, 12/14/2019]

16.5.30.10 GUIDELINES:

The committee shall define the following as guidelines for disciplinary action.

A. "Gross incompetence" or "gross negligence" means, but shall not be limited to, a significant departure from the prevailing standard of care in patient treatment.

B. "Unprofessional conduct" means, but is not limited to because of enumeration:

(1) performing, or holding oneself out as able to perform, professional services beyond the scope of one's license and field or fields of competence as established by education, experience, training, or any combination thereof; this includes, but is not limited to, the use of any instrument or device in a manner that is not in accordance with the customary standards and practices of the dental hygiene profession;

(2) failure to advise the patient in simple understandable terms of the treatment rendered, the expectations for success, and the responsibility the patient must assume;

(3) failure to inform dentist or patient of periodontal assessment;

(4) failure to provide patient education of oral health care regimens which assist in maintaining good oral health throughout life;

(5) sexual misconduct;

(6) failure to use appropriate infection control techniques and sterilization procedures;

(7) breach of ethical standards, an inquiry into which the committee will begin by reference to the most recent version of the American dental hygienists association's code of ethics;

(8) fraud, deceit or misrepresentation in any application;

(9) violation of any order of the committee, and ratified by the board, including any probation order;

(10) injudicious administration of any drug or medicine;

(11) failure to report to the committee or board any adverse action taken by any licensing board, peer review body, malpractice insurance carrier or any other entity as defined by the board or committee, the surrender of a license to practice in another state, surrender of membership on any medical staff or in any dental hygiene or professional association or society, in lieu of, and while under disciplinary investigation by any authority;

(12) deliberate and willful failure to reveal, at the request of the committee, the incompetent, dishonest, or corrupt practices of a dentist or dental hygienist licensed or applying for licensure by the committee or board; and

(13) cheating on an examination for licensure;

(14) failure of a dental hygienist to comply with advertising rules in 16.5.1.29 NMAC;

(15) failure of a collaborative practice dental hygienists to refer a patient for dental care; or

(16) failure of a collaborative practice dental hygienist to comply with the terms of a signed collaborative practice agreement;

(17) failure of a collaborative practice dental hygienist to professionally and effectively communicate with a patients dentist of record, or consulting dentist, in a professional manner in regard to a shared patient's care under 16.5.17 NMAC of these rules;

(18) failure of a collaborative dental hygienist to comply with the advertisement rules as defined in 16.5.1.29 NMAC;

(19) failure to practice dental hygiene under the name of a corporation, company, association, limited liability company, or trade name without full and outward disclosure of his/her full name, which shall be the name used in his/her license or renewal certificate as issued by the board;

(20) failure to practice dental collaborative hygiene without displaying his/her full name as it appears on the license issued by the board on the entrance door of each office;

(21) assisting a health professional, or be assisted by a health professional that is not licensed to practice by a New Mexico board, agency or commission;

(22) conviction of either a misdemeanor or a felony punishable by incarceration;

(23) aiding and abetting a dental auxiliary who is not properly certified;

(24) patient abandonment;

(25) habitually addicted as defined in Paragraph (4) & (6) of Subsection A of Section 61.5A-21 and Subsections C and D of Section 61.5B-3 NMSA 1978 habitual or excessive use or abuse of drugs, as defined in the Controlled Substances Act, Section 30-31-1 NMSA 1978 or habitual or excessive use or abuse of alcohol;

(26) failure of the licensee to furnish the committee within 10 business days of request; its investigators or representatives with information requested by the committee, and ratified by the board;

(27) failure to appear before the board when requested by the committee, and ratified by the board, in any disciplinary proceeding; and

(28) failure to be in compliance with the Parental Responsibility Act Section 40-5A-3 seq., NMSA1978.

[16.5.30.10 NMAC - Rp, 16.5.30.10 NMAC, 12/14/2019]

16.5.30.11 INVESTIGATIVE SUBPOENAS:

The complaint committee of the committee is authorized to issue action investigative subpoenas and to employ experts with regard to pending investigations.

[16.5.30.11 NMAC - Rp, 16.5.30.11 NMAC, 12/14/2019]

16.5.30.12 REVOCATION OF COLLABORATIVE LICENSE FOR DISCIPLINARY ACTIONS:

A collaborative practice licensee whose license is revoked for disciplinary actions shall:

A. provide proof of written notification of practice closure to all patients currently under active treatment;

B. notification to patients should include where and how dental treatment records may be obtained and contact information for dentists available; and

C. provide to the board the location where all active dental treatment records will be maintained for a minimum of six years; active treatment records are records of patients treated in the two years previous to the date of closure; the notification to the board shall include the name, address, and telephone number of the person who is serving as the custodian of the records.

[16.5.30.12 NMAC - Rp, 16.5.30.12 NMAC, 12/14/2019]

16.5.30.13 REINSTATEMENT OF REVOKED LICENSE FOR DISCIPLINARY ACTIONS:

A licensee whose license has been revoked for disciplinary actions may request reinstatement of the license after the terms of the settlement agreement have been met. Upon approval from the committee, and ratified by the board, and receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement shall include the reinstatement fee, the triennial renewal fee, impairment fee, and proof of the following continuing education courses:

(1) 20 hours of approved continuing education courses related to the clinical practice of dental hygiene, per year of revocation; at least 20 of these hours shall be in the 12 months previous to the request;

(2) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(3) proof of infection control course within the past 12 months; and

(4) 45 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of revocation as well as any continuing education taken during the revoked period.

B. Applicant shall authorize the American association of dental examiners clearinghouse to send verification of status directly to the board office.

C. The board will obtain electronic verification of applicant status from the national practitioners' data bank.

D. Verification of licensure in all states where the applicant holds or has held a license to practice dental hygiene, or other health care profession. Verification shall be sent directly to the board office from the other state(s) board, shall include a raised seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form.

E. The board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of revocation and information on any existing impairment. If the board finds the application in order and is satisfied the applicant has fulfilled all required continuing education, the license may be reinstated and the previous license number reassigned. The reinstated license will expire as defined in 16.5.11 NMAC.

F. A dental hygienist with a license in revocation status may not practice dental hygiene in New Mexico until proof of active licensure is received from the board office.

G. If reinstatement of a revoked license is not requested within three years after settlement agreement has been met, application for a new license shall be made by examination or credentials in order to practice dental hygiene in New Mexico.

16.5.30.14 REINSTATEMENT OF SUSPENDED LICENSE FOR DISCIPLINARY ACTIONS:

For licenses suspended for greater than six months; a licensee whose license has been suspended for disciplinary actions in addition to meeting the terms of the settlement agreement shall also meet the following conditions before reinstatement of licensure:

A. verification of licensure in all states where the applicant holds or has held a license to practice dental hygiene, or other health care profession; verification shall be sent directly to the board office from the other state(s) board, shall include a raised seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form;

B. the board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of suspension and information on any existing impairment; the reinstated license will expire as defined in 16.5.11 NMAC; and

C. a dental hygienist with a license in suspended status may not practice dental hygiene in New Mexico until proof of active licensure is approved by the board and issued by the board office.

16.5.33.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.33.5 NMAC - Rp, 16.5.33.5 NMAC, 5/31/2023]

16.5.33.6 OBJECTIVE:

To establish the requirements for certification for dental assistants to perform expanded functions. These rules address applicants being certified via the following tracks:

- A. independent preparation for the requirements;
- B. attendance in a dental assisting program;
- C. attendance in an accredited dental hygiene school; and

D. New residents of New Mexico with current certificates in expanded functions in their previous state (credentials).

[16.5.33.6 NMAC - Rp, 16.5.33.6 NMAC, 5/31/2023]

16.5.33.7 DEFINITIONS:

A. **"DANB"** means the dental assisting national board.

B. **"Direct supervision"** means the process under which an act is performed when a dentist licensed pursuant to the Dental Health Care Act:

- (1) is physically present throughout the performance of the act;
- (2) orders, controls and accepts full professional responsibility for the act performed;
- (3) evaluates and approves the procedure performed before the patient departs the care setting; and
- (4) is capable of responding immediately if any emergency should arise.

C. **"General supervision"** means the authorization by a dentist of the procedures to be used by a dental hygienist, dental assistant, expanded function dental auxiliary, dental student, or community dental health coordinator and the execution of the procedures in accordance with a dentist's diagnosis and treatment plan at a time the dentist is not physically present and in facilities as designated by the rules of the board.

D. **"Indirect supervision"** means that a dentist, or in certain settings a dental hygienist or dental assistant certified in expanded functions, is present in the treatment facility while authorized treatments are being performed by a dental hygienist, dental assistant or dental student as defined in Section 61-5A-3 NMSA 1978.

E. **"Limited certificate"** means a radiographic certificate that limits the holder to take only extra oral dental films.

F. **"Rubber cup coronal polishing"** means the use of a rubber cup or a bristle brush to remove soft debris and stain from above the gingival margin.

G. "Supervision" means the dentist shall adequately monitor the performance of all personnel, licensed or unlicensed, that he or she supervises. The dentist is ultimately responsible for quality patient care and may be held accountable for all services provided by administrative and clinical individuals that the dentist supervises.

H. "Training program" means a course of study resulting in applicant eligibility for expanded function certification.

[16.5.33.7 NMAC - Rp, 16.5.33.7 NMAC, 5/31/2023]

16.5.33.8 REQUIREMENTS:

A. A licensee shall not allow dental assistants to perform oral radiography under any level of supervision that are not certified or in authorized training by the New Mexico board of dental health care.

B. A licensee shall not allow dental assistants to perform coronal polishing, topical fluoride application, or application of pit and fissure sealants under general supervision without certification by the board.

C. Dental assistants who perform oral radiography under any level of supervision are required to be certified by the board. Dental assistants who perform coronal polishing, application of topical fluoride or, application of pit and fissure sealants both intra and extra oral radiography under general supervision are required to be certified by the board except those enrolled in a recognized dental assisting program and complying with the following:

- (1) have completed the didactic portion of the radiography curriculum;
- (2) are exposing radiographs with supervision of a licensee or an assistant certified in radiography; and
- (3) if exposing x-rays on a human must have a written prescription from a dentist.

D. Expanded function certification offered by the board is distinct from certification offered by DANB. DANB certification gives the individual the right to use the initials C.D.A after their name, but does not qualify the individual to perform expanded functions without being certified by the board.

[16.5.33.8 NMAC - Rp, 16.5.33.8 NMAC, 5/31/2023]

16.5.33.9 EDUCATION AND EXAMINATION REQUIREMENTS FOR DENTAL RADIOGRAPHY:

A. Education requirements:

(1) study by independent preparation or in a training course on radiation health and safety within the past 36 months; and

(2) have assisted with or observed five cases of full mouth intra oral radiographic series or five extra oral radiographs if applying for a limited certificate.

B. Examination requirements:

(1) Pass the board or DANB written examination on radiation health and safety.

(2) After passing the board or DANB written exam must apply to the board for a training permit which allows the dental assistant to perfect radiography technique. The permit is valid for six months after passing the written exam.

(3) Pass the technique test demonstrating proficiency in the exposure of a full-mouth intra oral radiographic series or panoramic film as established by the board within six months of passing the written exam.

(4) If an applicant chooses to provide only a panoramic film the certificate holder is limited to taking only extra oral films.

(5) The technique test will be taken on a phantom or human patient. The applicant shall expose a full mouth intra oral radiographic series of radiographs or a panoramic film, develop, mount, and label the films. The exam must be done independently and submitted to the board office with an affidavit signed by the dentist, dental hygienist, or dental assistant certified in radiography attesting to the independent exam. The radiographs must be of diagnostic quality and will be graded by at least two board or committee members and serve as the technique test required for certification.

(6) Pass the take home jurisprudence examination.

(7) When extenuating circumstances exist as defined in 16.5.1.7 NMAC, and the dental assistant cannot submit to the board exposed radiographs, the dental assistant may request an extension of time. The request must be put in writing and submitted to the board office prior to the deadline.

C. Exemptions:

(1) A dental hygiene student enrolled in an accredited school of dental hygiene who having passed a curriculum in dental radiography, may be granted a certificate to expose radiographs without an examination.

(2) A dental assistant certified to perform dental radiography in another state with requirements not less stringent than those in New Mexico may be certified based on credentials.

[16.5.33.9 NMAC - Rp, 16.5.33.9 NMAC, 5/31/2023]

16.5.33.10 EDUCATION AND EXAMINATION REQUIREMENTS FOR RUBBER CUP CORONAL POLISHING AND APPLICATION OF TOPICAL FLUORIDE CERTIFICATION:

A. Education requirements: Study by independent preparation or in a training course on rubber cup coronal polishing and application of topical fluoride and have assisted with or observed five cases of rubber cup coronal polishing on children and adults and five applications of topical fluoride.

B. Examination requirements:

- (1) pass a board or DANB written examination on rubber cup coronal polishing and application of topical fluoride;
- (2) perform the technique while being personally observed by a dentist, dental hygienist, or dental assistant certified in rubber cup coronal polishing and application of topical fluoride on five adults and children and five applications of topical fluoride on children; and
- (3) pass the take home jurisprudence examination.

C. Exemptions:

- (1) a dental hygiene student enrolled in an accredited school of dental hygiene having passed a curriculum for rubber cup coronal polishing and application of topical fluoride may be granted a certificate without meeting the other requirements of this section;
- (2) a dental assistant who is certified to perform rubber cup coronal polishing and application of topical fluoride in another state with requirements not less stringent than those in New Mexico may be certified based on credentials;
- (3) a dental assistant who holds a current CDA certification issued by DANB may be issued a certificate for rubber cup coronal polishing and application of topical fluoride without meeting the other requirements of this section.

[16.5.33.10 NMAC - Rp, 16.5.33.10 NMAC, 5/31/2023]

16.5.33.11 EDUCATION, EXPERIENCE AND EXAMINATION REQUIREMENTS FOR APPLICATION OF PIT AND FISSURE SEALANTS CERTIFICATION:

A. Experience requirements: The applicant must have 2080 hours of clinical chair side dental assisting within the two years prior to applying for certification.

B. Education requirements:

- (1) study by independent preparation or a training course on pit and fissure sealant application; and
- (2) assisted with and observed application of 12 pit and fissure sealants.

C. Examination requirements:

- (1) pass a board or DANB examination on the application of pit and fissure sealants;
- (2) following successful completion of the examination, apply pit and fissure sealants while being personally observed by a licensed dentist or dental hygienist on five patients;
- (3) pass the take home jurisprudence examination.

D. Exemptions:

- (1) a dental hygiene student enrolled in an accredited school of dental hygiene having passed a curriculum for pit and fissure sealants and rubber cup coronal polishing, may be granted a certificate without meeting the other requirements of this section;
- (2) a dental assistant who is certified to perform application of pit and fissure sealants in another state with requirements not less stringent than those in New Mexico may be certified based on credentials.

[16.5.33.11 NMAC - Rp, 16.5.33.11 NMAC, 5/31/2023]

16.5.33.12 REQUIRED DOCUMENTATION:

Each applicant for an expanded function dental assistant certificate must submit to the board or its agent the required fees and following documentation.

A. Completed application and the completed jurisprudence take home exam. Applications are valid for one year from the date of receipt.

B. Dental radiography:

- (1) proof of passing the board or DANB written examination on radiation health and safety;
- (2) an affidavit from a supervising dentist, dental hygienist, or dental assistant certified in radiography verifying the applicant has:

(a) assisted with and observed five cases of full-mouth intra oral radiographic series or five panoramic films if applying for a limited certification; and

(b) that upon reaching competency, the applicant independently exposed the radiographs submitted for technique examination;

(3) the completed full mouth intra oral radiographic series or a panoramic film as required for the technique exam described in 16.5.33.9 NMAC.

C. Rubber cup coronal polishing and application of topical fluoride:

(1) proof of passing the board or DANB written examination for rubber cup coronal polishing and application of topical fluoride;

(2) an affidavit from a supervising dentist, dental hygienist, or dental assistant certified in rubber cup coronal polishing and topical fluoride application that the applicant has:

(a) assisted with and observed five cases of rubber cup coronal polishing on adults and children and five applications of topical fluoride on children; and

(b) while being personally observed by a dentist, dental hygienist, or dental assistant certified in rubber cup coronal polishing, application of topical fluoride provided rubber cup coronal polishing on five adults and five children; and, provide applications of topical fluoride on five children.

D. Pit and fissure sealants:

(1) proof of passing the board approved examination on application of pit and fissure sealants;

(2) an affidavit from a supervising dentist or dental hygienist verifying that the applicant has:

(a) assisted with and observed placement of 12 pit and fissure sealants; and

(b) while being personally observed by a dentist or dental hygienist, the applicant successfully place pit and fissure sealants on six patients.

(3) proof of 2080 hours of chair side dental assisting experience within two years immediately prior to application for certification;

(4) the completed jurisprudence exam.

[16.5.33.12 NMAC - Rp, 16.5.33.12 NMAC, 5/31/2023]

16.5.33.13 CERTIFICATION BY CREDENTIALS:

Applicants for certification by credentials must possess the following qualifications:

A. verification of certification in all states where the applicant holds or has held a certificate to practice dental assisting; verification must be sent directly to the board office from the other state(s) board, must include a seal, and must attest to the status, issue date, expiration date, certification number, and other information contained on the form;

B. an official letter from the director of an accredited dental hygiene program indicating the applicant has completed coursework in the requested expanded function; or

C. proof of current, valid, certification as a CDA issued by DANB; and

D. all certifications, letters and validations must be received directly by the board office from the state, institution, or DANB;

E. the board may deny, stipulate, or otherwise limit a certification if it is determined the applicant is guilty of violating any of the provisions of the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, or the rules;

F. pass the jurisprudence exam with a score of at least seventy-five percent;

G. all certificates held by the applicant must have been in good standing for two years prior to application; and

H. the board may deny, stipulate, or otherwise limit a certification if it is determined the applicant holds or has held a certification in another jurisdiction that is not in good standing, if proceedings are pending against the applicant in another jurisdiction, or information is received indicating the applicant is of danger to patients or is guilty of violating any of the provisions of the act, the Uniform Licensing Act or these rules.

[16.5.33.13 NMAC - Rp, 16.5.33.13 NMAC, 5/31/2023]

16.5.33.14 RE-EXAMINATION PROCEDURE:

A. An applicant who does not obtain a passing score on the required written exam must re-apply and pay the required fees in order to retake the examination.

B. Applicants for certification in radiography will be allowed to submit radiographs for the technique exam three times. With each failure the supervising dentist, dental hygienist, or dental assistant certified in dental radiography will be notified of their responsibility for training the applicant.

C. After a third failure, the applicant and supervising dentist, dental hygienist, or dental assistant certified in radiography will be required to submit to the board a plan for remediation, including steps that will be taken to assure clinical competency.

[16.5.33.14 NMAC - Rp, 16.5.33.14 NMAC, 5/31/2023]

16.5.33.15 CERTIFICATION PROCEDURE:

Upon receipt of a completed application, including all required documentation and fees the Secretary-Treasurer or delegate of the board will review the application and determine eligibility for certification. The certificate must be displayed so that it is visible to the public.

A completed renewal application, accompanied by the required fee as set forth in 16.5.32.8 NMAC, along with the required proof of completion of 30 hours of continuing education as set forth in 16.5.1.15 NMAC. The completed renewal application must be post-marked on or before July 1 of the renewal year.

[5/31/95, 9/30/96, 8/16/99, 2/14/00; 16.5.35.10 NMAC - Rn & A, 16 NMAC 5.35.10, 04/17/06]

16.5.35.11 CERTIFICATE HOLDER RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received for any reason. It is the certificate holders responsibility to make timely request for the renewal form if one has not been received thirty days prior to certificate expiration.

[5/31/95, 9/30/96; 16.5.35.11 NMAC - Rn, 16 NMAC 5.35.11, 04/17/06]

16.5.35.12 RENEWAL AFTER JUNE 30:

Renewal applications post-marked after July 1 and prior to August 1 of the renewal year must be accompanied by the completed renewal application with the required proof of completion of 30 hours of continuing education as set forth in 16.5.36.8 NMAC, along with the triennial renewal fee and late fee as set forth in 16.5.32.8 NMAC.

[5/31/95, 9/30/96, 8/16/99; 16.5.35.12 NMAC - Rn & A, 16 NMAC 5.35.12, 04/17/06]

16.5.35.13 RENEWAL AFTER AUGUST 1 AND BEFORE SEPTEMBER 1:

Renewal applications post-marked on or after August 1, but before September 1, of the renewal year, must be accompanied by the completed renewal application with the required proof of completion of 30 hours of continuing education as set forth in 16.5.36.8 NMAC, along with the triennial renewal fee and late fee as set forth in 16.5.32.8 NMAC.

[5/31/95, 9/30/96, 8/16/99; 16.5.35.13 NMAC - Rn & A, 16 NMAC 5.35.13, 04/17/06]

16.5.35.14 RENEWAL APPLICATION UNDELIVERABLE:

If the notice of renewal is returned to the office and the certificate holder has not sent a change of address, the revocation order will be considered undeliverable and will not be mailed.

[5/31/95; 16.5.35.14 NMAC - Rn, 16 NMAC 5.35.14, 04/17/06]

PART 36: DENTAL ASSISTANTS, CONTINUING EDUCATION REQUIREMENTS

16.5.36.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.36.1 NMAC - Rn & A, 16 NMAC 5.36.1, 04/17/06]

16.5.36.2 SCOPE:

The provisions of Part 36 of Chapter 5 apply to all dental assistants with current expanded function certification who are applying to renew their certificate.

[9/30/96; 16.5.36.2 NMAC - Rn, 16 NMAC 5.36.2, 04/17/06]

16.5.36.3 STATUTORY AUTHORITY:

Part 36 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-10 NMSA 1978 (1996 Repl. Pamp.).

[9/30/96; 16.5.36.3 NMAC - Rn, 16 NMAC 5.36.3, 04/17/06]

16.5.36.4 DURATION:

Permanent.

[9/30/96; 16.5.36.4 NMAC - Rn, 16 NMAC 5.36.4, 04/17/06]

16.5.36.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.36.5 NMAC - Rn & A, 16 NMAC 5.36.5, 04/17/06]

16.5.36.6 OBJECTIVE:

To establish the requirements for the renewal of expanded function certificates for dental assistants.

[9/30/96; 16.5.36.6 NMAC - Rn, 16 NMAC 5.36.6, 04/17/06]

16.5.36.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.36.7 NMAC - Rn, 16 NMAC 5.36.7, 04/17/06]

16.5.36.8 HOURS REQUIRED:

30 hours of continuing education are required during each triennial renewal cycle. Continuing education received after submission of renewal materials but prior to actual expiration date may be used for the requirements of the next renewal cycle. Continuing education requirements are pro-rated at 10 hours per year for individuals licensed for less than three years.

[8/11/89, 9/30/96, 12/15/97; 16.5.36.8 NMAC - Rn, 16 NMAC 5.36.8, 04/17/06; A, 01/09/12]

16.5.36.9 COURSES REQUIRED:

Continuing education coursework must contribute directly to the practice of dental assisting. The following courses are required for license renewal:

- A. three hours of radiographic technique or safety and protection;
- B. as further defined in 16.5.1.16 NMAC, a course in infection control techniques and sterilization procedures per renewal period; and
- C. proof of current certification in basic life support (BLS) or cardiac pulmonary resuscitation (CPR) accepted by the American heart association the American red cross or the American safety and health institute (ASHI); cannot be a self-study course.

[8/11/89, 5/21/93, 5/31/95, 9/30/96; 16.5.36.9 NMAC - Rn & A, 16 NMAC 5.36.9, 04/17/06; A, 07/16/07; A, 07/19/10; A, 01/09/12]

16.5.36.10 VERIFICATION OF CONTINUING EDUCATION:

The board will select renewal applications for verification of continuing education. Audit requests will be included with the renewal notice and those selected individuals will be asked to submit proof of compliance with the continuing education requirements. Continuing education records may be audited by the board at any time. The records identified in Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for one year following the renewal cycle in which they are earned.

[5/31/95, 9/30/96; 16.5.36.10 NMAC - Rn, 16 NMAC 5.36.10, 04/17/06; A, 01/09/12]

16.5.36.11 EMERGENCY DEFERRAL:

A certificate holder who is unable to fulfill the continuing education requirements may apply to the board for an emergency deferral of the requirements due to extenuating circumstances as defined in 16.5.1.7 NMAC. Deferrals of up to four months may be granted by a designee of the board.

[5/31/95, 9/30/96; 16.5.36.11 NMAC - Rn, 16 NMAC 5.36.11, 04/17/06; A, 01/09/12]

PART 37: DENTAL ASSISTANTS, CERTIFICATE REVOCATION FOR NON-RENEWAL

16.5.37.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.37.1 NMAC - Rn & A, 16 NMAC 5.37.1, 04/17/06]

16.5.37.2 SCOPE:

The provisions of Part 37 of Chapter 5 apply to all dental assistants with expanded function certification who do not submit an application for certificate renewal within 60 days of the expiration date.

[9/30/96; 16.5.37.2 NMAC - Rn, 16 NMAC 5.37.2, 04/17/06]

16.5.37.3 STATUTORY AUTHORITY:

Part 13 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pamp.).

[9/30/96; 16.5.37.3 NMAC - Rn, 16 NMAC 5.37.3, 04/17/06]

16.5.37.4 DURATION:

Permanent.

[9/30/96; 16.5.37.4 NMAC - Rn, 16 NMAC 5.37.4, 04/17/06]

16.5.37.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.37.5 NMAC - Rn & A, 16 NMAC 5.37.5, 04/17/06]

16.5.37.6 OBJECTIVE:

To establish the procedures and policies for revocation of expired expanded function dental assisting certificates and the reinstatement of certificates revoked for non-renewal.

[9/30/96; 16.5.37.6 NMAC - Rn, 16 NMAC 5.37.6, 04/17/06]

16.5.37.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.37.7 NMAC - Rn, 16 NMAC 5.37.7, 04/17/06]

16.5.37.8 REVOCATION OF CERTIFICATE FOR NON-RENEWAL:

Unless an application for certificate renewal is received by the board office, or post-marked, before September 1, the certificate shall be revoked for non-renewal.

[5/31/95, 9/30/96; 16.5.37.8 NMAC - Rn, 16 NMAC 5.37.8, 04/17/06; A, 07/17/08]

16.5.37.9 REINSTATEMENT OF REVOKED CERTIFICATE:

Within one year of the revocation notice, the certificate may be reinstated by payment of renewal, late and reinstatement fees, compliance with continuing education for the previous renewal cycle and for the year of the revocation. Applicants for reinstatement after one year of revocation must re-apply as a new applicant and meet all requirements for initial certification.

A. Applicants for reinstatement must provide verification of licensure in all states where the applicant holds or has held a license to practice dental assisting, or other health care profession within the previous year. Verification must be sent directly to the board office from the other state(s) board, must include a raised seal, and must attest to the status, issue date, license number, and other information contained on the form.

B. Upon receipt of a completed reinstatement of revoked license application, including all documentation and fees, the secretary-treasurer or delegate of the board, will review and may approve the application. The board may formally accept the approval of the application at the next scheduled meeting.

[5/31/95, 9/30/96, 1/1/99; 16.5.37.9 NMAC - Rn, 16 NMAC 5.37.9, 04/17/06; A, 07/16/07]

PART 38: [RESERVED]

PART 39: DENTAL ASSISTANTS, PRACTICE AND SUPERVISION

16.5.39.1 ISSUING AGENCY:

The provisions of Part 39 of Chapter 5 apply to all dental assistants with current expanded function certification.

[16.5.39.2 NMAC - Rp, 16.5.39.2 NMAC, 5/31/2023]

16.5.39.2 SCOPE:

The provisions of Part 39 of Chapter 5 apply to all dental assistants with current expanded function certification.

[16.5.39.2 NMAC - Rp, 16.5.39.2 NMAC, 5/31/2023]

16.5.39.3 STATUTORY AUTHORITY:

Part 39 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-5 and 61-5A-6 NMSA 1978 (1996 Repl. Pamp.).

[16.5.39.3 NMAC - Rp, 16.5.39.3 NMAC, 5/31/2023]

16.5.39.4 DURATION:

Permanent.

[16.5.39.4 NMAC - Rp, 16.5.39.4 NMAC, 5/31/2023]

16.5.39.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.39.5 NMAC - Rp, 16.5.39.5 NMAC, 5/31/2023]

16.5.39.6 OBJECTIVE:

To establish those procedures, which may be provided by dental assistants, the procedures which require expanded function certification, and the procedures which may not be performed by dental assistants, regardless of certification or supervision.

[16.5.39.6 NMAC - Rp, 16.5.39.6 NMAC, 5/31/2023]

16.5.39.7 DEFINITIONS:

[RESERVED]

[16.5.39.7 NMAC - Repealed, 5/31/2023]

16.5.39.8 PRACTICE AND REQUIRED SUPERVISION:

Dental assistants may provide any basic supportive dental procedure, not excluded elsewhere in rule or in statute if the procedure is performed under the indirect supervision of a dentist. The following expanded function procedures may be performed without certification under indirect supervision as long as the procedure is approved by the dentist or dental hygienist upon completion:

- A.** rubber cup coronal polishing (not to be represented as a prophylaxis);
- B.** application of topical fluoride;
- C.** pit and fissure sealant application.

[16.5.39.8 NMAC - Rp, 16.5.39.8 NMAC, 5/31/2023]

16.5.39.9 PROCEDURES REQUIRING CERTIFICATION:

The following procedures are allowable under general supervision if the dental assistant is certified by the Board:

- A.** Place and expose dental radiographs;
- B.** Rubber cup coronal polishing;
- C.** Application of topical fluoride; and
- D.** Pit and fissure sealants.

[16.5.39.9 NMAC - Rp, 16.5.39.9 NMAC, 5/31/2023]

16.5.39.10 NON-ALLOWABLE PROCEDURES:

Licensees may not delegate the performance of the following procedures to auxiliary personnel:

- A.** removal of, or addition to, the hard or soft tissue of the oral cavity;
- B.** diagnosis and treatment planning;
- C.** final impressions, to include physical and digital impressions, for multiple-unit restorations or prosthetic appliances;
- D.** final fitting and adaptation of prostheses;
- E.** final fitting, adaptation, seating and cementation of any fixed or removable dental appliance or restoration, including but not limited to inlays, crowns, space maintainers, habit devices, anti-snoring or sleep apnea appliances or splints;
- F.** irrigation and medication of canals, cone try-in, reaming, filing or filling of root canals;
- G.** other services defined as the practice of dentistry or dental hygiene in Subsection A, B and C of Section 61-5A-4 NMSA 1978;
- H.** bleaching or whitening teeth without direct or indirect supervision of a dentist; and
- I.** laser-assisted non-surgical periodontal treatment.

[16.5.39.10 NMAC - Rp, 16.5.39.10 NMAC, 5/31/2023]

PART 40: DENTAL ASSISTANTS, DISCIPLINARY PROCEEDINGS

16.5.40.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[9/30/96; 16.5.40.1 NMAC - Rn & A, 16 NMAC 5.40.1, 04/17/06]

16.5.40.2 SCOPE:

The provisions of Part 40 of Chapter 5 apply to all active certificate holders and applicants for certification. These provisions may also be of interest to anyone who may wish to file a complaint against a dental assistant certified by the board.

[9/30/96; 16.5.40.2 NMAC - Rn, 16 NMAC 5.40.2, 04/17/06]

16.5.40.3 STATUTORY AUTHORITY:

Part 40 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Sections 61-5A-6 and 61-5A-21 NMSA 1978 (1996 Repl. Pamp.).

[9/30/96; 16.5.40.3 NMAC - Rn, 16 NMAC 5.40.3, 04/17/06]

16.5.40.4 DURATION:

Permanent.

[9/30/96; 16.5.40.4 NMAC - Rn, 16 NMAC 5.40.4, 04/17/06]

16.5.40.5 EFFECTIVE DATE:

September 30, 1996, unless a later date is cited at the end of a section.

[9/30/96; 16.5.40.5 NMAC - Rn & A, 16 NMAC 5.40.5, 04/17/06]

16.5.40.6 OBJECTIVE:

To establish the procedures for filing complaints against certificate holders, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a certificate holder which are considered incompetent or unprofessional practice.

[9/30/96; 16.5.40.6 NMAC - Rn, 16 NMAC 5.40.6, 04/17/06]

16.5.40.7 DEFINITIONS:

[RESERVED]

[9/30/96; 16.5.40.7 NMAC - Rn, 16 NMAC 5.40.7, 04/17/06]

16.5.40.8 COMPLAINTS:

Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the board and committee. Any hearing held pursuant to the complaint shall conform with the provisions of the Uniform Licensing Act and the Dental Health Care Act.

[5/31/95; 16.5.40.8 NMAC - Rn, 16 NMAC 5.40.8, 04/17/06]

16.5.40.9 ACTIONS:

A. The board may issue fines, deny, revoke or suspend, or otherwise limit a certificate if the board determines the certificate holder is guilty of violating any of the provisions outlined in the Act, the Uniform Licensing Act, or these rules.

B. The board may reprimand, censure, stipulate and may require certificate holders to fulfill additional continuing education hours within limited time constraints for violations of the act or the rules.

C. The board shall take into consideration the role of dental assistants as employees when taking disciplinary action against a certificate holder. In the event the complaint is ruled to be based primarily on the assistant's role as employee, the board may consider appropriate action against the employer/dentist.

[5/31/95, 8/15/95; 16.5.40.9 NMAC - Rn, 16 NMAC 5.40.9, 04/17/06]

16.5.40.10 GUIDELINES:

The board shall define the following as guidelines for disciplinary action: "unprofessional conduct" means, but is not limited to because of enumeration:

A. performing, or holding oneself out as able to perform, professional services beyond the scope of one's certification and field or fields of competence as established by education, experience, training, or any combination thereof; this includes, but is not limited to, the use of any instrument, device or material in a manner that is not in accordance with the customary standards and practices of dental assisting;

B. sexual misconduct;

C. failure to use appropriate infection control techniques and sterilization procedures;

- D. fraud, deceit or misrepresentation in any application;
- E. cheating on an examination for expanded function certification;
- F. performing any procedure which requires certification unless so certified;
- G. injudicious administration of any drug or medicine;
- H. conviction of either a misdemeanor or a felony punishable by incarceration; and
- I. failure to be in compliance with the Parental Responsibility Act NMSA1978, Section 40-5A-3 seq.

[10/16/92, 8/15/95, 9/30/96; 16.5.40.10 NMAC - Rn, 16 NMAC 5.40.10, 04/17/06; A, 07/16/07; A, 07/19/10; A, 06/14/12; A, 07/17/13]

16.5.40.11 INVESTIGATIVE SUBPOENAS:

The complaint committee of the board is authorized to issue investigative subpoenas and to employ experts with regard to pending investigations.

[8/15/95; 16.5.40.11 NMAC - Rn, 16 NMAC 5.40.11, 04/17/06; A, 07/16/07; A, 07/17/08]

PART 41: EXPANDED FUNCTION DENTAL AUXILIARY, FEES

16.5.41.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.41.1 NMAC - N, 01/09/12]

16.5.41.2 SCOPE:

The provisions of Part 41 of Chapter 5 apply to all applicants for certification; to active, expired and suspended certificate holders; and to anyone who requests a list of certified expanded function dental auxiliary or other public records.

[16.5.41.2 NMAC - N, 01/09/12]

16.5.41.3 STATUTORY AUTHORITY:

Part 41 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-20 NMSA 1978.

[16.5.41.3 NMAC - N, 01/09/12]

16.5.41.4 DURATION:

Permanent.

[16.5.41.4 NMAC - N, 01/09/12]

16.5.41.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.41.5 NMAC - N, 01/09/12]

16.5.41.6 OBJECTIVE:

To establish fees to generate revenue to support the cost of program administration.

[16.5.41.6 NMAC - N, 01/09/12]

16.5.41.7 DEFINITIONS:

[RESERVED]

16.5.41.8 FEES:

A. all fees are non-refundable;

B. application fee: \$100;

C. board examination fee not to exceed \$100 per exam;

D. triennial renewal fee: \$100;

E. late penalty fee: \$25.00;

F. duplicate certificate fee: \$10.00;

G. list of current certificate holders: \$300; an annual list of current certificate holders is available to the professional association upon request at no cost;

H. labels of current certificate holders: \$300;

I. reinstatement fee: \$15.00;

J. copies cost \$0.25 per page.

[16.5.41.8 NMAC - N, 01/09/12]

PART 42: EXPANDED FUNCTION DENTAL AUXILIARY, REQUIREMENTS FOR CERTIFICATION

16.5.42.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.42.1 NMAC - Rp, 16.5.42.1 NMAC, 5/31/2023]

16.5.42.2 SCOPE:

The provisions of Part 42 of Chapter 5 apply to all applicants for certification; to active, expired and suspended certificate holders; and to anyone who requests a list of certified expanded function dental auxiliary or other public records.

[16.5.42.2 NMAC - Rp, 16.5.42.2 NMAC, 5/31/2023]

16.5.42.3 STATUTORY AUTHORITY:

Part 42 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-5, 61-5A-6 and 61-5A-6.1 NMSA 1978.

[16.5.42.3 NMAC - Rp, 16.5.42.3 NMAC, 5/31/2023]

16.5.42.4 DURATION:

Permanent.

[16.5.42.4 NMAC - Rp, 16.5.42.4 NMAC, 5/31/2023]

16.5.42.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.42.5 NMAC - Rp, 16.5.42.5 NMAC, 5/31/2023]

16.5.42.6 OBJECTIVE:

To establish the requirements for certification for expanded function dental auxiliary to perform expanded functions. These rules address applicants being certified via the following tracks.

A. Completed an expanded function dental auxiliary program at an institution where the dental assisting program is accredited by the joint commission on dental accreditation (CODA).

B. Independent preparation for dental assistants that have five years' experience and prepare independently for the requirements.

C. Candidates who possess a current certificate in good standing in expanded function dental auxiliary from another state or jurisdiction (credentials).

[16.5.42.6 NMAC - Rp, 16.5.42.6 NMAC, 5/31/2023]

16.5.42.7 DEFINITIONS:

A. "Apprenticeship" means a period of time in which an EFDA candidate is closely supervised by a supervising dentist and demonstrates competency on patients in EFDA duties as defined under 16.5.46.9 NMAC. The supervising dentist assumes all responsibility and liability for the training and actions of an EFDA candidate and must attest to their competency.

B. "Close personal supervision" means a New Mexico licensed dentist directly observes, instructs and certifies in writing the training and expertise of a EFDA candidate to the board.

C. "Continuous employment" means 1,000 hours per year for any five consecutive years.

D. "Direct supervision" means the process under which an act is performed when a dentist licensed pursuant to the Dental Health Care Act:

- (1) is physically present throughout the performance of the act;
- (2) orders, controls and accepts full professional responsibility for the act performed; and
- (3) evaluates and approves the procedure performed before the patient departs the care setting.

E. "Expanded function dental auxiliary" EFDA means a dental assistant, dental hygienist or other dental auxiliary that has received education specific to the duties delineated by the board for an EFDA, and has met the educational and certifying exam standards set by the board for an EFDA, and works under the direct supervision of a NM licensed dentist to perform the functions allowed under this section.

F. "Placing and shaping restorations" means the act of placing dental filling material(s) directly into a cavity preparation previously prepared by a dentist, and shaping, finishing and polishing the restoration so that it has proper occlusal form, contacts, anatomy and margins prior to final approval by the dentist.

G. "Supervising dentist" means a New Mexico licensed dentist who has no current action or inquiries pending by the board and who provides supervision, instruction and recommendation for an EFDA candidate to the board.

[16.5.42.7 NMAC - Rp, 16.5.42.7 NMAC, 5/31/2023]

16.5.42.8 REQUIREMENTS:

EFDA who performs the duties defined under 16.5.46.9 NMAC are required to be certified by the board.

[16.5.42.8 NMAC - Rp, 16.5.42.8 NMAC, 5/31/2023]

16.5.42.9 EDUCATION AND EXAMINATION REQUIREMENTS FOR EXPANDED FUNCTION DENTAL AUXILIARY:

A. satisfactory completion of an expanded function dental auxiliary course at an institution where the dental assisting program is accredited by the joint commission on dental accreditation, and approved by the board. The applicant must be certified in all four expanded functions as defined in 16.5.33 NMAC; or

B. for dental auxiliaries that have five years' experience and "independent preparation" for the requirements:

(1) applicant must have a minimum of five years of continuous employment as a dental assistant or dental hygienist with a minimum of 1,000 hours per year;

(2) achieved certification in all expanded functions as defined in 16.5.33 NMAC;

(3) taken a course of study in dental anatomy, dental materials, placing and shaping direct restorations, fitting and shaping of stainless steel crowns, and occlusion function and passed a post-test approved by the board verifying readiness for taking the certification examination;

(4) recommended for an expanded function dental auxiliary (EFDA) certification by the supervising dentist as defined in Subsection G of 16.5.42.7 NMAC;

(5) instructors must have higher or same level of licensure or certification in respective courses they are teaching;

C. pass a clinical examination accepted by the board for certification of EFDA;

D. completed the jurisprudence examination with a score of at least seventy five percent;

E. exemptions; an expanded function dental auxiliary who is certified to perform EFDA duties in another state or jurisdiction with requirements not less stringent than those in New Mexico may be certified based on credentials;

F. after passing a board accepted examination or being certified by credentials, EFDA candidates must complete an apprenticeship under the close personal supervision of a supervising dentist;

(1) the board will send to the EFDA candidate upon receipt of the completed application the following:

(a) permit to start apprenticeship to be displayed during apprenticeship; and

(b) affidavit form to be signed by supervising dentist at start and completion of apprenticeship;

(2) the affidavit shall state that the supervising dentist assures that the EFDA candidate is competent in the procedures allowed by an EFDA and that the supervising dentist assumes full responsibility and liability for the training and actions of the EFDA;

(3) once the permit is issued by the board office the EFDA candidate has 180 days to complete the apprenticeship; (a grace period of no more than 60 days may be granted by the board chair or vice-chair) and

(4) upon completion of the apprenticeship the candidate must return the EFDA permit and the signed affidavit to the board; once the permit and signed affidavit have been received and verified by the board a certificate for EFDA may be issued.

[16.5.42.9 NMAC - Rp, 16.5.42.9 NMAC, 5/31/2023]

16.5.42.10 REQUIRED DOCUMENTATION:

Each applicant for an expanded function dental auxiliary certification shall submit to the board or its agent the required fees and the following documentation. Applications are valid for one year from the date of receipt by the board; after one year, the applicant shall submit to the board a new application.

A. Each application for licensure who completed an EFDA program as defined in Subsection A of 16.5.42.9 NMAC must submit the following documentation:

(1) completed application;

(2) official transcripts or certification verifying successful completion of an EFDA program accredited by the commission on dental accreditation;

(3) copy of clinical examination accepted by the board for certification as EDFA; the results of the exam are valid in New Mexico for a period not to exceed five years:

(a) the applicant shall apply directly to a board approved testing agency for examination;

(b) results of the clinical examination shall be sent directly to the board office;
and

(4) affidavit letter from supervising dentists.

(5) proof of certifications in all 4 expanded functions as defined in 16.5.33 NMAC no later than July 1, 2019.

B. An applicant who has not graduated from a program as defined in Subsection A of 16.5.42.9 NMAC can apply for certification if they meet all requirements in Subsection B, C, D and F of 16.5.42.9 NMAC and must submit the following:

(1) completed application;

(2) shall provide proof of five years of continuous employment as a dental assistant or dental hygienist with a minimum of 1,000 hours per year;

(3) shall have achieved certification in all expanded functions as defined in 16.5.33 NMAC;

(4) shall provide proof of successful completion of courses in dental anatomy, dental materials, placing and shaping direct restorations, fitting and shaping of stainless steel crowns, and occlusion function;

(5) shall provide an affidavit executed on dentist letterhead from a supervising dentist recommending the applicant for EFDA certification and verifying the applicant's competency; and

(6) copy of clinical examination score card or certificate.

C. Certification by credentials: Applicants can apply for certification by credentials if they meet all requirements as defined in Subsections A, C, D and F of 16.5.42.9 NMAC and must submit the following:

(1) completed application;

(2) verification of a current active certification in good standing from another state; and

(3) copy of clinical examination score card or certificate; the results of the examination are valid in New Mexico for a period not to exceed five years:

(a) the applicant shall apply directly to a board approved testing agency for examination, and

(b) the results of the clinical examination must be sent directly to the board office; and

(4) affidavit letter from the supervising dentist of competency.

[16.5.42.10 NMAC - Rp, 16.5.42.10 NMAC, 5/31/2023]

16.5.42.11 CERTIFICATION PROCEDURE:

Upon receipt of a completed application, including all required documentation, signed affidavit and fees, the secretary-treasurer or delegate of the board will review the application and determine eligibility for certification.

A. Initial certificates are issued for a period not to exceed three years.

B. The certificate must be displayed so that it is visible to the public.

[16.5.42.11 NMAC - Rp, 16.5.42.11 NMAC, 5/31/2023 1/9/2012]

16.5.42.12 TIMELINE FOR PREVIOUSLY ISSUED EFDA PERMITS AND EXPANDED FUNCTIONS:

All current EFDA certification permit holders must have all four expanded functions as defined in 16.5.33 NMAC no later than July 1, 2019. EFDA permits will suspend automatically if such expanded functions certifications are not current. Once those expanded functions are certified, the EFDA permit will become valid until its regular expiration period.

[16.5.42.12 NMAC - Rp, 16.5.42.12 NMAC, 5/31/2023]

PART 43: EXPANDED FUNCTION DENTAL AUXILIARY, CERTIFICATION EXPIRATION AND RENEWAL

16.5.43.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.43.1 NMAC - N, 01/09/12]

16.5.43.2 SCOPE:

The provisions of Part 43 of Chapter 5 apply to all expanded function dental auxiliary with a certificate to practice expanded functions in New Mexico.

[16.5.43.2 NMAC - N, 01/09/12]

16.5.43.3 STATUTORY AUTHORITY:

Part 43 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pam.).

[16.5.43.3 NMAC - N, 01/09/12]

16.5.43.4 DURATION:

Permanent.

[16.5.43.4 NMAC - N, 01/09/12]

16.5.43.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.43.5 NMAC - N, 01/09/12]

16.5.43.6 OBJECTIVE:

To establish the requirements and procedures for renewal and expiration of certificates for expanded function dental auxiliary.

[16.5.43.6 NMAC - N, 01/09/12]

16.5.43.7 DEFINITIONS:

[RESERVED]

16.5.43.8 CERTIFICATE EXPIRATION:

Initial certificates will expire on July 1 following the second year of certification. No certificate will be issued for longer than 36 months or less than 25 months.

[16.5.43.8 NMAC - N, 01/09/12]

16.5.43.9 RENEWAL PERIOD AND EXPIRATION:

After the initial certification period, certifications for expanded function expire every three years on June 30. Certificates that are not renewed by July 1 are considered expired.

[16.5.43.9 NMAC - N, 01/09/12]

16.5.43.10 RENEWAL PROCESS:

A completed renewal application, accompanied by the required fee as set forth in 16.5.41.8 NMAC, along with the required proof of completion of 36 hours of continuing education as set forth in 16.5.1.15 NMAC. The completed renewal application must be post-marked on or before July 1 of the renewal year.

[16.5.43.10 NMAC - N, 01/09/12]

16.5.43.11 CERTIFICATE HOLDER RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received for any reason. It is the certificate holders responsibility to make timely request for the renewal form if one has not been received 30 days prior to certificate expiration.

[16.5.43.11 NMAC - N, 01/09/12]

16.5.43.12 RENEWAL AFTER JUNE 30:

Renewal applications post-marked after July 1 and prior to August 1 of the renewal year must be accompanied by the completed renewal application with the required proof of completion of 36 hours of continuing education as set forth in 16.5.44.8 NMAC, along with the triennial renewal fee and late fee as set forth in 16.5.41.8 NMAC.

[16.5.43.12 NMAC - N, 01/09/12]

16.5.43.13 RENEWAL AFTER AUGUST 1 AND BEFORE SEPTEMBER 1:

Renewal applications post-marked on or after August 1, but before September 1, of the renewal year, must be accompanied by the completed renewal application with the required proof of completion of 36 hours of continuing education as set forth in 16.5.44.8 NMAC, along with the triennial renewal fee and late fee as set forth in 16.5.41.8 NMAC.

[16.5.43.13 NMAC - N, 01/09/12]

16.5.43.14 RENEWAL APPLICATION UNDELIVERABLE:

If the notice of renewal is returned to the office and the certificate holder has not sent a change of address, the revocation order will be considered undeliverable and will not be mailed.

[16.5.43.14 NMAC - N, 01/09/12]

PART 44: EXPANDED FUNCTION DENTAL AUXILIARY, CONTINUING EDUCATION REQUIREMENTS

16.5.44.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.44.1 NMAC - N, 01/09/12]

16.5.44.2 SCOPE:

The provisions of Part 44 of Chapter 5 apply to all expanded function dental auxiliary with current expanded function dental auxiliary certification who are applying to renew their certificate.

[16.5.44.2 NMAC - N, 01/09/12]

16.5.44.3 STATUTORY AUTHORITY:

Part 44 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pamp.).

[16.5.44.3 NMAC - N, 01/09/12]

16.5.44.4 DURATION:

Permanent.

[16.5.44.4 NMAC - N, 01/09/12]

16.5.44.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.44.5 NMAC - N, 01/09/12]

16.5.44.6 OBJECTIVE:

To establish the requirements for the renewal of expanded function dental auxiliary certificates.

[16.5.44.6 NMAC - N, 01/09/12]

16.5.44.7 DEFINITIONS:

[RESERVED]

16.5.44.8 HOURS REQUIRED:

36 hours of continuing education, a maximum of 12 hours can be on-line, webinars or self-study, are required during each triennial renewal cycle as defined in 16.5.1 NMAC. Continuing education received after submission of renewal materials but prior to actual expiration date may be used for the requirements of the next renewal cycle. Continuing education requirements are pro-rated at 12 hours per year for individuals certified for less than three years.

[16.5.44.8 NMAC - N, 01/09/12]

16.5.44.9 COURSES REQUIRED:

Continuing education coursework must contribute directly to the practice of expanded function dental auxiliary. The following courses are required for certification renewal:

A. as further defined in 16.5.1.16 NMAC, a course in infection control techniques and sterilization procedures per renewal period;

B. proof of current certification in basic life support (BLS) or cardiac pulmonary resuscitation (CPR) accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course; and

C. 12 hours in restorative dentistry.

[16.5.44.9 NMAC - N, 01/09/12]

16.5.44.10 VERIFICATION OF CONTINUING EDUCATION:

The board will select renewal applications for verification of continuing education. Audit requests will be included with the renewal notice and those selected individuals will be asked to submit proof of compliance with the continuing education requirements. Continuing education records may be audited by the board at any time. The records identified Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for one year following the renewal cycle in which they are earned.

[16.5.44.10 NMAC - N, 01/09/12]

16.5.44.11 EMERGENCY DEFERRAL:

A certificate holder who is unable to fulfill the continuing education requirements may apply to the board for an emergency deferral of the requirements due to extenuating circumstances as defined in 16.5.1.7 NMAC. Deferrals of up to four months may be granted by a designee of the board.

[16.5.44.11 NMAC - N, 01/09/12]

PART 45: EXPANDED FUNCTION DENTAL AUXILIARY, CERTIFICATE REVOCATION FOR NON-RENEWAL

16.5.45.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.45.1 NMAC - N, 01/09/12]

16.5.45.2 SCOPE:

The provisions of Part 45 of Chapter 5 apply to all expanded function dental auxiliary with expanded function certification who do not submit an application for certificate renewal within 60 days of the expiration date.

[16.5.45.2 NMAC - N, 01/09/12]

16.5.45.3 STATUTORY AUTHORITY:

Part 45 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pam.).

[16.5.45.3 NMAC - N, 01/09/12]

16.5.45.4 DURATION:

Permanent.

[16.5.45.4 NMAC - N, 01/09/12]

16.5.45.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.45.5 NMAC - N, 01/09/12]

16.5.45.6 OBJECTIVE:

To establish the procedures and policies for revocation of expired expanded function dental auxiliary certificates and the reinstatement of certificates revoked for non-renewal.

[16.5.45.6 NMAC - N, 01/09/12]

16.5.45.7 DEFINITIONS:

[RESERVED]

16.5.45.8 REVOCATION OF CERTIFICATE FOR NON-RENEWAL:

Unless an application for certificate renewal is received by the board office, or post-marked, before September 1, the certificate shall be revoked for non-renewal.

[16.5.45.8 NMAC - N, 01/09/12]

16.5.45.9 REINSTATEMENT OF REVOKED CERTIFICATE:

Within one year of the revocation notice, the certificate may be reinstated by payment of renewal, late and reinstatement fees, compliance with continuing education for the previous renewal cycle and for the year of the revocation. Applicants for reinstatement after one year of revocation must re-apply as a new applicant and meet all requirements for initial certification.

A. Applicants for reinstatement must provide verification of certification in all states where the applicant holds or has held a certificate to practice expanded function dental auxiliary, or other health care profession within the previous year. Verification must be sent directly to the board office from the other state(s) board, must include a raised seal, and must attest to the status, issue date, expiration date, certificate number, and other information contained on the form.

B. Upon receipt of a completed reinstatement of revoked certification application, including all documentation and fees, the secretary-treasurer or delegate of the board, will review and may approve the application. The board may formally accept the approval of the application at the next scheduled meeting.

[16.5.45.9 NMAC - N, 01/09/12]

PART 46: EXPANDED FUNCTION DENTAL AUXILIARY, PRACTICE AND SUPERVISION

16.5.46.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.46.1 NMAC - N, 01/09/12]

16.5.46.2 SCOPE:

The provisions of Part 46 of Chapter 5 apply to all expanded function dental auxiliary with current certification.

[16.5.46.2 NMAC - N, 01/09/12]

16.5.46.3 STATUTORY AUTHORITY:

Part 46 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, 61-5A-5, 61-5A-6 and 61-5A-6.1 NMSA 1978, (1996 Repl. Pamp.).

[16.5.46.3 NMAC - N, 01/09/12]

16.5.46.4 DURATION:

Permanent.

[16.5.46.4 NMAC - N, 01/09/12]

16.5.46.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.46.5 NMAC - N, 01/09/12]

16.5.46.6 OBJECTIVE:

To establish those procedures which shall be provided by an expanded function dental auxiliary, the procedures which require expanded function dental auxiliary certification, and the procedures which shall not be performed by an expanded function dental auxiliary, regardless of certification or supervision.

[16.5.46.6 NMAC - N, 01/09/12]

16.5.46.7 DEFINITIONS:

"Direct supervision" means the process under which an act is performed when a dentist licensed pursuant to the Dental Health Care Act:

- A. is physically present throughout the performance of the act;
- B. orders, controls and accepts full professional responsibility for the act performed;
and
- C. evaluates and approves the procedure performed before the patient departs the care setting.

[16.5.46.7 NMAC - N, 01/09/12]

16.5.46.8 PRACTICE AND REQUIRED SUPERVISION:

EFDA duties set forth in 16.5.46.9 NMAC are allowed under the direct supervision of a NM licensed dentist, provided the dentist has:

- A. prepared the cavity or tooth for the restorative procedure;
- B. instructed the EFDA on the particular elements of this individual case;
- C. fully examined and evaluated the procedure carried out by the EFDA, and corrected or replaced any deficiency found in the EFDA work, before allowing the patient to leave the treatment facility;
- D. the dentist is ultimately responsible for the quality of care and the quality of the final restorative procedure carried out by the EFDA as defined in 16.5.16 NMAC and Subsection N of Section 61-5A-3 of the Dental Health Care Act; and
- E. not more than two EFDA, performing expanded functions, per licensed dentist present in office.

[16.5.46.8 NMAC - N, 01/09/12]

16.5.46.9 ALLOWABLE DUTIES UNDER DIRECT SUPERVISION:

The following EFDA procedures are allowable under direct supervision as set forth in 16.5.46.8 NMAC.

- A. Placing and shaping of direct restorative materials into cavity preparations completed by a dentist; EFDA may use instrumentation as necessary and proper for this purpose.
- B. Taking of impressions for permanent fixed or removable prosthetics involving single teeth, to include digital impressions. These include single crowns or single tooth replacement prosthetics. EFDA shall NOT take final impressions for multiple units of single crowns, bridges, cast framework partial dentures or full dentures final impressions.
- C. Cement permanent or provisional restorations with temporary or provisional cement, provided the permanent cementation will be completed or monitored by the dentist within six months.
- D. Place pit and fissure sealants under supervision as certification or licensure allows.
- E. Place temporary or sedative restorations in open carious lesions after hand excavation of gross decay and debris. If pain is perceived by the patient dentist shall evaluate lesion before completion by EFDA. The EFDA shall NOT use any automated

method to clean out the lesion or prepare the tooth, including but not limited to high speed, slow speed, air abrasion, ultrasonic, laser etc.

F. The EFDA may place temporary or sedative restorative material into unprepared tooth fractures as a palliative measure. The EFDA shall NOT use any automated method to clean out the fracture or prepare the tooth, including but not limited to high speed, slow speed, air abrasion, ultrasonic, laser etc.

G. Remove residual orthodontic bracket or band cement or resin from teeth after the brackets or bands have been removed by the dentist performing the orthodontic treatment, or to prepare the tooth or teeth for re-cementation of a debonded bracket or band. This removal of cement/resin may include the use of instrumentation, as necessary and proper for this purpose.

H. Perform preliminary fitting and shaping of stainless steel crowns which shall undergo final evaluation and cementation by a dentist.

I. In emergency situation recement temporary or permanent crowns or bridges using provisional cement under the general supervision of a dentist and when instructed to do so by the dentist provided the permanent cementation will be completed or monitored by the dentist within six months.

[16.5.46.9 NMAC - N, 01/09/12; A, 06/14/12; A. 01/04/14]

16.5.46.10 NON-ALLOWABLE PROCEDURES:

EFDA shall not perform any other procedure, duty or function as an EFDA under any level of supervision that is not expressly listed in 16.5.46.9 NMAC.

[16.5.46.10 NMAC - N, 01/09/12]

PART 47: EXPANDED FUNCTION DENTAL AUXILIARY, DISCIPLINARY PROCEEDINGS

16.5.47.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.47.1 NMAC - N, 01/09/12]

16.5.47.2 SCOPE:

The provisions of Part 47 of Chapter 5 apply to all active certificate holders and applicants for certification. These provisions may also be of interest to anyone who may wish to file a complaint against a expanded function dental auxiliary certified by the board.

[16.5.47.2 NMAC - N, 01/09/12]

16.5.47.3 STATUTORY AUTHORITY:

Part 47 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Sections 61-5A-6 and 61-5A-21 NMSA 1978 (1996 Repl. Pamph.).

[16.5.47.3 NMAC - N, 01/09/12]

16.5.47.4 DURATION:

Permanent.

[16.5.47.4 NMAC - N, 01/09/12]

16.5.47.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.47.5 NMAC - N, 01/09/12]

16.5.47.6 OBJECTIVE:

To establish the procedures for filing complaints against certificate holders, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a certificate holder which are considered incompetent or unprofessional practice.

[16.5.47.6 NMAC - N, 01/09/12]

16.5.47.7 DEFINITIONS:

[RESERVED]

16.5.47.8 COMPLAINTS:

Disciplinary proceedings shall be instituted by sworn complaint of any person, including members of the board and committee. Any hearing held pursuant to the complaint shall conform with the provisions of the Uniform Licensing Act and the Dental Health Care Act.

[16.5.47.8 NMAC - N, 01/09/12]

16.5.47.9 ACTIONS:

A. The board may issue fines, deny, revoke or suspend, or otherwise limit a certificate if the board determines the certificate holder is guilty of violating any of the provisions outlined in the act, the Uniform Licensing Act, or these rules.

B. The board may reprimand, censure, stipulate and may require certificate holders to fulfill additional continuing education hours within limited time constraints for violations of the act or the rules.

C. The board shall take into consideration the role of expanded function dental auxiliary as employees when taking disciplinary action against a certificate holder. In the event the complaint is ruled to be based primarily on the expanded function dental auxiliary's role as employee, the board may consider appropriate action against the employer/dentist.

[16.5.47.9 NMAC - N, 01/09/12]

16.5.47.10 GUIDELINES:

The board shall define the following as guidelines for disciplinary action: "unprofessional conduct" means, but is not limited to because of enumeration:

A. performing, or holding oneself out as able to perform, professional services beyond the scope of one's certification and field or fields of competence as established by education, experience, training, or any combination thereof; this includes, but is not limited to, the use of any instrument, device or material in a manner that is not in accordance with the customary standards and practices of expanded function dental auxiliary;

B. sexual misconduct;

C. failure to use appropriate infection control techniques and sterilization procedures;

D. fraud, deceit or misrepresentation in any application;

E. cheating on an examination for expanded function dental auxiliary certification;

F. performing any procedure which requires certification unless so certified;

G. injudicious administration of any drug or medicine;

H. conviction of either a misdemeanor or a felony punishable by incarceration; and

I. failure to be in compliance with the Parental Responsibility Act NMSA1978, Section 40-5A-3 seq.

[16.5.47.10 NMAC - N, 01/09/12; A, 06/14/12; A, 07/17/13]

16.5.47.11 INVESTIGATIVE SUBPOENAS:

The complaint committee of the board is authorized to issue investigative subpoenas and to employ experts with regard to pending investigations.

[16.5.47.11 NMAC - N, 01/09/12]

PART 48: [RESERVED]

PART 49: COMMUNITY DENTAL HEALTH COORDINATOR, FEES

16.5.49.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.49.1 NMAC - N, 01/09/12]

16.5.49.2 SCOPE:

The provisions of Part 49 of Chapter 5 apply to all applicants for certification; to active, expired and suspended certificate holders; and to anyone who requests a list of certified community dental health coordinators or other public records.

[16.5.49.2 NMAC - N, 01/09/12]

16.5.49.3 STATUTORY AUTHORITY:

Part 49 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-20 NMSA 1978.

[16.5.49.3 NMAC - N, 01/09/12]

16.5.49.4 DURATION:

Permanent.

[16.5.49.4 NMAC - N, 01/09/12]

16.5.49.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.49.5 NMAC - N, 01/09/12]

16.5.49.6 OBJECTIVE:

To establish fees to generate revenue to support the cost of program administration.

[16.5.49.6 NMAC - N, 01/09/12]

16.5.49.7 DEFINITIONS:

[RESERVED]

16.5.49.8 FEES:

A. all fees are non-refundable;

B. application fee: \$100;

C. board examination fee not to exceed \$100 per exam;

D. triennial renewal fee: \$100;

E. late penalty fee: \$25.00;

F. duplicate certificate fee: \$10.00;

G. list of current certificate holders: \$300; an annual list of current certificate holders is available to the professional association upon request at no cost;

H. labels of current certificate holders: \$300;

I. reinstatement fee: \$15.00;

J. copies cost \$0.25 per page.

[16.5.49.8 NMAC - N, 01/09/12]

**PART 50: COMMUNITY DENTAL HEALTH COORDINATOR,
REQUIREMENTS FOR CERTIFICATION**

16.5.50.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.50.1 NMAC - N, 01/09/12]

16.5.50.2 SCOPE:

The provisions of Part 50 of Chapter 5 apply to all applicants for certification; to active, expired and suspended certificate holders; and to anyone who requests a list of community dental health coordinators or other public records.

[16.5.50.2 NMAC - N, 01/09/12]

16.5.50.3 STATUTORY AUTHORITY:

Part 50 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Sections 61-5A-5 and 61-5A-6 NMSA 1978.

[16.5.50.3 NMAC - N, 01/09/12]

16.5.50.4 DURATION:

Permanent.

[16.5.50.4 NMAC - N, 01/09/12]

16.5.50.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.50.5 NMAC - N, 01/09/12]

16.5.50.6 OBJECTIVE:

To establish the requirements for certification as a community dental health coordinator for applicants from various educational backgrounds and professional tracks.

[16.5.50.6 NMAC - N, 01/09/12]

16.5.50.7 DEFINITIONS:

A. "Community based field experience" means a hands on internship/apprenticeship where the CDHC gets to use their skills under supervision of a licensed New Mexico dentist or hygienist.

B. "Community dental health coordinator" CDHC means a dental assistant, dental hygienist or other trained personnel certified by the board as a community dental health coordinator to provide educational, preventive and limited palliative care and assessment services working collaboratively under the general supervision of a licensed New Mexico dentist.

C. "Community health promotion" means courses that teach social work skills such as, building social networks, health advocacy for individuals and communities, mapping

out social and health support networks, cultural competency, communication skills, interpersonal skills, interviewing skills, behavioral assessment and management, developing community programs, teaching and training skills, legal and ethical issues.

D. "Continuous employment" means 1,000 hours per year for five consecutive years.

E. "Dental skills" means courses in basic dental knowledge, emergency vs. routine care needs, recognition of dental conditions, gross anatomy of head and neck and oral structures, gathering and recording information, clinical record keeping, caries, periodontal disease, oral and external cancer evaluation, palliative care, and financing dental care.

F. "General supervision" means the authorization by a dentist of the procedures to be used by a dental hygienist, dental assistant, expanded function dental auxiliary, dental student, or community dental health coordinator and the execution of the procedures in accordance with a dentist's diagnosis and treatment plan at a time the dentist is not physically present and in the facility as designated by the rules of the board.

G. "Limited palliative procedures" means procedures ordered by the dentist to help relieve pain or to improve an emergency situation that a patient is experiencing. These procedures must be within the scope of the community dental health coordinator.

H. "Teledentistry" means a dentist's use of health information technology in real time to provide limited diagnostic and treatment planning services in cooperation with another dentist, a dental hygienist, a community dental health coordinator or a student enrolled in a program of study to become a dental assistant, dental hygienist or dentist.

[16.5.50.7 NMAC - N, 01/09/12]

16.5.50.8 REQUIREMENTS:

Community dental health coordinator who performs the duties defined under 16.5.54 NMAC are required to be certified by the board.

[16.5.50.8 NMAC - N, 01/09/12]

16.5.50.9 EDUCATION AND EXAMINATION REQUIREMENTS FOR COMMUNITY DENTAL HEALTH COORDINATOR:

Each applicant for a certification for community dental health coordinator must possess the following qualifications, through one of the following pathways:

A. Applicants for CDHC shall meet the following requirements for certification:

- (1) shall have high school diploma (or equivalent) or college level degree;
- (2) shall have board certification in radiography, rubber cup coronal polishing and topical flouride and pit and fissure expanded functions;
- (3) completed the jurisprudence exam with a score of at least 75 percent; and
- (4) successful completion of CDHC program approved by the board.

B. Pathways/educational tracks: applicants may have earned other college level degree(s) and certifications in their respective field(s) of study, such as, but not limited to, registered dental hygienists, certified dental assistant, dental assistant, expanded function dental auxiliary and other non-dental professionals. Credits earned in these educational fields may be applied for credit towards the CDHC education program as determined by the sponsoring institution.

C. Approved programs: board approved CDHC programs shall include the following guidelines for course study in order to prepare the applicant to a level consistent with the definitions as listed in 16.5.50.7 NMAC and duties as outlined in 16.5.54.9 NMAC:

- (1) education in community health promotion;
- (2) education in dental skills; and
- (3) education in community-based field experience.

D. Credit shall be given by the approved program of coursework, certifications, or degrees already earned. Proof of these credits is the responsibility of the institution of the approved program.

[16.5.50.9 NMAC - N, 01/09/12]

16.5.50.10 REQUIRED DOCUMENTATION:

Each applicant for community dental health coordinator certification must submit to the board or its agent the required fees and following documentation. Applications are valid for one year from the date of receipt:

A. proof of official transcripts with required courses for certification; official transcripts verifying successfully passing all required coursework as defined in 61-5A-6 of the act;

B. passed the jurisprudence exam with a score of at least 75 percent;

C. submit to the board the names of the dentists(s) working in a supervisory capacity to the CDHC coordinator.

[16.5.50.10 NMAC - N, 01/09/12]

16.5.50.11 CERTIFICATION PROCEDURE:

Upon receipt of a completed application, including all required documentation and fees the secretary-treasurer or delegate of the board will review the application and determine eligibility for certification.

A. Initial certificates are issued for a period not to exceed three years.

B. The certificate must be displayed so that it is visible to the public.

[16.5.50.11 NMAC - N, 01/09/12]

**PART 51: COMMUNITY DENTAL HEALTH COORDINATOR,
CERTIFICATION EXPIRATION AND RENEWAL**

16.5.51.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.51.1 NMAC - N, 01/09/12]

16.5.51.2 SCOPE:

The provisions of Part 51 of Chapter 5 apply to all community dental health coordinators with a certificate to practice as a community dental health coordinator in New Mexico.

[16.5.51.2 NMAC - N, 01/09/12]

16.5.51.3 STATUTORY AUTHORITY:

Part 51 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pamp.).

[16.5.51.3 NMAC - N, 01/09/12]

16.5.51.4 DURATION:

Permanent.

[16.5.51.4 NMAC - N, 01/09/12]

16.5.51.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.51.5 NMAC - N, 01/09/12]

16.5.51.6 OBJECTIVE:

To establish the requirements and procedures for renewal and expiration of certificates for community dental health coordinator.

[16.5.51.6 NMAC - N, 01/09/12]

16.5.51.7 DEFINITIONS:

[RESERVED]

16.5.51.8 CERTIFICATE EXPIRATION:

Initial certificates will expire on July 1 following the second year of certification. No certificate will be issued for longer than 36 months or less than 25 months.

[16.5.51.8 NMAC - N, 01/09/12]

16.5.51.9 RENEWAL PERIOD AND EXPIRATION:

After the initial certification period, certifications for community dental health coordinator expire every three years on June 30. Certificates that are not renewed by July 1 are considered expired.

[16.5.51.9 NMAC - N, 01/09/12]

16.5.51.10 RENEWAL PROCESS:

A completed renewal application, accompanied by the required fee as set forth in 16.5.49.8 NMAC, along with the required proof of completion of 36 hours of continuing education as set forth in 16.5.1.15 NMAC. The completed renewal application must be post-marked on or before July 1 of the renewal year.

[16.5.51.10 NMAC - N, 01/09/12]

16.5.51.11 CERTIFICATE HOLDER RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received for any reason. It is the certificate holders responsibility to make timely request for the renewal form if one has not been received 30 days prior to certificate expiration.

[16.5.51.11 NMAC - N, 01/09/12]

16.5.51.12 RENEWAL AFTER JUNE 30:

Renewal applications post-marked after July 1 and prior to August 1 of the renewal year must be accompanied by the completed renewal application with the required proof of completion of 36 hours of continuing education as set forth in 16.5.52.8 NMAC, along with the triennial renewal fee and late fee as set forth in 16.5.49.8 NMAC.

[16.5.51.12 NMAC - N, 01/09/12]

16.5.51.13 RENEWAL AFTER AUGUST 1 AND BEFORE SEPTEMBER 1:

Renewal applications post-marked on or after August 1, but before September 1, of the renewal year, must be accompanied by the completed renewal application with the required proof of completion of 36 hours of continuing education as set forth in 16.5.52.8 NMAC, along with the triennial renewal fee and late fee as set forth in 16.5.49.8 NMAC.

[16.5.51.13 NMAC - N, 01/09/12]

16.5.51.14 RENEWAL APPLICATION UNDELIVERABLE:

If the notice of renewal is returned to the office and the certificate holder has not sent a change of address, the revocation order will be considered undeliverable and will not be mailed.

[16.5.51.14 NMAC - N, 01/09/12]

PART 52: COMMUNITY DENTAL HEALTH COORDINATOR, CONTINUING EDUCATION REQUIREMENTS

16.5.52.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.52.1 NMAC - N, 01/09/12]

16.5.52.2 SCOPE:

The provisions of Part 52 of Chapter 5 apply to all community dental health coordinators with current expanded function certification who are applying to renew their certificate.

[16.5.52.2 NMAC - N, 01/09/12]

16.5.52.3 STATUTORY AUTHORITY:

Part 52 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pam.).

[16.5.52.3 NMAC - N, 01/09/12]

16.5.52.4 DURATION:

Permanent.

[16.5.52.4 NMAC - N, 01/09/12]

16.5.52.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.52.5 NMAC - N, 01/09/12]

16.5.52.6 OBJECTIVE:

To establish the requirements for the renewal of community dental health coordinator certificates.

[16.5.52.6 NMAC - N, 01/09/12]

16.5.52.7 DEFINITIONS:

[RESERVED]

16.5.52.8 HOURS REQUIRED:

36 hours of continuing education, a maximum of 12 hours can be on-line, webinars or self-study, are required during each triennial renewal cycle as defined in 16.5.1 NMAC. Continuing education received after submission of renewal materials but prior to actual expiration date may be used for the requirements of the next renewal cycle. Continuing education requirements are pro-rated at 12 hours per year for individuals certified for less than three years.

[16.5.52.8 NMAC - N, 01/09/12; A, 06/14/12]

16.5.52.9 COURSES REQUIRED:

Continuing education coursework must contribute directly to the practice of community dental health coordinator. The following courses are required for certificate renewal:

A. as further defined in 16.5.1.16 NMAC, a course in infection control techniques and sterilization procedures per renewal period;

B. proof of current certification in basic life support (BLS) or cardiac pulmonary resuscitation (CPR) accepted by the American heart association, the American red

cross, or the American safety and health institute (ASHI); cannot be a self-study course; and

C. 12 hours in preventive or emergency dentistry.

[16.5.52.9 NMAC - N, 01/09/12; A, 06/14/12]

16.5.52.10 VERIFICATION OF CONTINUING EDUCATION:

The board will select renewal applications for verification of continuing education. Audit requests will be included with the renewal notice and those selected individuals will be asked to submit proof of compliance with the continuing education requirements. Continuing education records may be audited by the board at any time. The records identified Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for one year following the renewal cycle in which they are earned.

[16.5.52.10 NMAC - N, 01/09/12]

16.5.52.11 EMERGENCY DEFERRAL:

A certificate holder who is unable to fulfill the continuing education requirements may apply to the board for an emergency deferral of the requirements due to extenuating circumstances as defined in 16.5.1.7 NMAC. Deferrals of up to four months may be granted by a designee of the board.

[16.5.52.11 NMAC - N, 01/09/12]

PART 53: COMMUNITY DENTAL HEALTH COORDINATOR, CERTIFICATE REVOCATION FOR NON-RENEWAL

16.5.53.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.53.1 NMAC - N, 01/09/12]

16.5.53.2 SCOPE:

The provisions of Part 53 of Chapter 5 apply to all community dental health coordinators with certification who do not submit an application for certificate renewal within 60 days of the expiration date.

[16.5.53.2 NMAC - N, 01/09/12]

16.5.53.3 STATUTORY AUTHORITY:

Part 53 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978 (1996 Repl. Pam.).

[16.5.53.3 NMAC - N, 01/09/12]

16.5.53.4 DURATION:

Permanent.

[16.5.53.4 NMAC - N, 01/09/12]

16.5.53.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.53.5 NMAC - N, 01/09/12]

16.5.53.6 OBJECTIVE:

To establish the procedures and policies for revocation of expired community dental health coordinator certificates and the reinstatement of certificates revoked for non-renewal.

[16.5.53.6 NMAC - N, 01/09/12]

16.5.53.7 DEFINITIONS:

[RESERVED]

16.5.53.8 REVOCATION OF CERTIFICATE FOR NON-RENEWAL:

Unless an application for certificate renewal is received by the board office, or post-marked, before September 1, the certificate shall be revoked for non-renewal.

[16.5.53.8 NMAC - N, 01/09/12]

16.5.53.9 REINSTATEMENT OF REVOKED CERTIFICATE:

Within one year of the revocation notice, the certificate may be reinstated by payment of renewal, late and reinstatement fees, compliance with continuing education for the previous renewal cycle and for the year of the revocation. Applicants for reinstatement after one year of revocation must re-apply as a new applicant and meet all requirements for initial certification.

A. Applicants for reinstatement must provide verification of certification in all states where the applicant holds or has held a certificate to practice as a community dental

health coordinator, or other health care profession within the previous year. Verification must be sent directly to the board office from the other state(s) board, must include a raised seal, and must attest to the status, issue date, expiration date, certification number, and other information contained on the form.

B. Upon receipt of a completed reinstatement of revoked certification application, including all documentation and fees, the secretary-treasurer or delegate of the board, will review and may approve the application. The board may formally accept the approval of the application at the next scheduled meeting.

[16.5.53.9 NMAC - N, 01/09/12]

PART 54: COMMUNITY DENTAL HEALTH COORDINATOR, PRACTICE AND SUPERVISION

16.5.54.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.54.1 NMAC - N, 01/09/12]

16.5.54.2 SCOPE:

The provisions of Part 54 of Chapter 5 apply to all community dental health coordinators with current certification.

[16.5.54.2 NMAC - N, 01/09/12]

16.5.54.3 STATUTORY AUTHORITY:

Part 54 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, 61-5A-5 and 61-5A-6 NMSA 1978, (1996 Repl. Pam.).

[16.5.54.3 NMAC - N, 01/09/12]

16.5.54.4 DURATION:

Permanent.

[16.5.54.4 NMAC - N, 01/09/12]

16.5.54.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.54.5 NMAC - N, 01/09/12]

16.5.54.6 OBJECTIVE:

To establish those procedures which may be provided by a community dental health coordinator, the procedures which require community dental health coordinator certification, and the procedures which may not be performed by an community dental health coordinator, regardless of certification or supervision.

[16.5.54.6 NMAC - N, 01/09/12]

16.5.54.7 DEFINITIONS:

A. "Cavitation" means a break in the continuous, solid surface of the enamel of a tooth, created either by genetic formation or demineralization.

B. "Direct supervision" means the process under which an act is performed when a dentist licensed pursuant to the Dental Health Care Act:

- (1) is physically present throughout the performance of the act;
- (2) orders, controls and accepts full professional responsibility for the act performed; and
- (3) evaluates and approves the procedure performed before the patient departs the care setting.

C. "General supervision" means the authorization by a dentist of the procedures to be used by a dental hygienist, dental assistant, expanded function dental auxiliary, community dental health coordinator or dental student and the execution of the procedures in accordance with a dentist's diagnosis and treatment plan at a time the dentist is not physically present and in facilities as designated by the rules of the board.

D. "Limited palliative procedure(s)" means procedures ordered by the dentist to help relieve pain or to improve an emergency situation that a patient is experiencing. These procedures must be within the scope of practice of the CDHC.

E. "Supervising dentist" means a dentist that maintains the records of a patient, is responsible for their care, has reviewed their current medical history and for purposes of authorization, has examined that patient within the previous 11 months or will examine that patient within 30 days of giving authorization.

F. "Teledentistry" means a dentist's use of health information technology in real time to provide limited diagnostic treatment planning services in cooperation with another dentist, a dental hygienist, a community health coordinator or a student enrolled in a program of study to become a dental assistant, dental hygienist or dentist.

G. "Tooth fracture" means the fracture or loss of tooth structure due to trauma or chewing. The defect has little or no caries present.

H. "Unexcavated carious lesion" means an open carious lesion in a tooth that is cleaned of loose debris by rinsing or use of cotton pellets. Caries attached to the tooth will not be removed.

[16.5.54.7 NMAC - N, 01/09/12]

16.5.54.8 PRACTICE AND REQUIRED SUPERVISION:

Community dental health coordinator duties set forth in 16.5.54.9 NMAC are allowed under the general supervision of a New Mexico licensed dentist. The community dental health coordinator may provide educational preventive and limited palliative care and assessment services while working collaboratively under the general supervision of a dentist.

[16.5.54.8 NMAC - N, 01/09/12]

16.5.54.9 ALLOWABLE DUTIES UNDER GENERAL SUPERVISION:

The following community dental health coordinator procedures are allowable under general supervision as set forth in 16.5.54.8 NMAC:

- A. take a complete health and dental history;
- B. expose and develop necessary radiographs as ordered by the supervising dentist or as established in protocol by a supervising dentist;
- C. observe and transmit patient data through teledentistry means to a dentist;
- D. place temporary and sedative restorative materials in unexcavated carious lesions and unprepared tooth fractures;
- E. transmit prescription or medication orders on the direct order of a dentist;
- F. CDHC may provide the following limited palliative procedures:
 - (1) application of hot/cold compresses to the face or mouth;
 - (2) instruct patient in the uses of various rinses containing salt, sodium bicarbonate, chlorhexidine, etc. as ordered by the dentist;
 - (3) instruct patients as to the proper use and dosage of over the counter or prescribed medications recommended by the supervising dentists;

- (4) place avulsed teeth in the proper preservation solution for transport to a dentist;
 - (5) apply pressure compresses to intraoral wounds;
 - (6) performance of any other palliative procedures as directly instructed by the supervising dentist, and within the scope of practice of the CDHC;
 - (7) instruct the patient on brushing, flossing, gingival massage or cleaning for gingival inflammation or infection;
- G. patient and community education on an individual basis or with groups within the community to improve dental health and dental health awareness;
- H. act as an advocate for patients and the community in accessing dental care; and
- I. rubber cup coronal polishing, which is not to be represented as a prophylaxis, topical application of fluorides; application of pit and fissure sealants when previously authorized by the supervising dentist or dental hygienist and cavitation of the enamel is not present.

[16.5.54.9 NMAC - N, 01/09/12; A, 06/14/12]

16.5.54.10 NON-ALLOWABLE PROCEDURES:

CDHC may not perform any other procedure, duty or function under any level of supervision that is not expressly listed in 16.5.54.9 NMAC.

[16.5.54.10 NMAC - N, 01/09/12]

PART 55: COMMUNITY DENTAL HEALTH COORDINATOR, DISCIPLINARY PROCEEDINGS

16.5.55.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.55.1 NMAC - N, 01/09/12]

16.5.55.2 SCOPE:

The provisions of Part 55 of Chapter 5 apply to all active certificate holders and applicants for certification. These provisions may also be of interest to anyone who may wish to file a complaint against a community dental health coordinator certified by the board.

[16.5.55.2 NMAC - N, 01/09/12]

16.5.55.3 STATUTORY AUTHORITY:

Part 55 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Sections 61-5A-5, 61-5A-6 and 61-5A-21 NMSA 1978 (1996 Repl. Pamp.).

[16.5.55.3 NMAC - N, 01/09/12]

16.5.55.4 DURATION:

Permanent.

[16.5.55.4 NMAC - N, 01/09/12]

16.5.55.5 EFFECTIVE DATE:

January 9, 2012, unless a later date is cited at the end of a section.

[16.5.55.5 NMAC - N, 01/09/12]

16.5.55.6 OBJECTIVE:

To establish the procedures for filing complaints against certificate holders, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a certificate holder which are considered incompetent or unprofessional practice.

[16.5.55.6 NMAC - N, 01/09/12]

16.5.55.7 DEFINITIONS:

[RESERVED]

16.5.55.8 COMPLAINTS:

Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the board and committee. Any hearing held pursuant to the complaint shall conform with the provisions of the Uniform Licensing Act and the Dental Health Care Act.

[16.5.55.8 NMAC - N, 01/09/12]

16.5.55.9 ACTIONS:

A. The board may issue fines, deny, revoke or suspend, or otherwise limit a certificate if the board determines the certificate holder is guilty of violating any of the provisions outlined in the act, the Uniform Licensing Act, or these rules.

B. The board may reprimand, censure, stipulate and may require certificate holders to fulfill additional continuing education hours within limited time constraints for violations of the act or the rules.

C. The board shall take into consideration the role of community dental health coordinator as employees when taking disciplinary action against a certificate holder. In the event the complaint is ruled to be based primarily on the community dental health coordinator's role as employee, the board may consider appropriate action against the employer/dentist.

[16.5.55.9 NMAC - N, 01/09/12]

16.5.55.10 GUIDELINES:

The board shall define the following as guidelines for disciplinary action: "unprofessional conduct" means, but is not limited to because of enumeration:

A. performing, or holding oneself out as able to perform, professional services beyond the scope of one's certification and field or fields of competence as established by education, experience, training, or any combination thereof; this includes, but is not limited to, the use of any instrument, device or material in a manner that is not in accordance with the customary standards and practices of community dental health coordinator;

B. sexual misconduct;

C. failure to use appropriate infection control techniques and sterilization procedures;

D. fraud, deceit or misrepresentation in any application;

E. cheating on an examination for community dental health coordinator certification;

F. performing any procedure which requires certification unless so certified;

G. injudicious administration of any drug or medicine;

H. conviction of either a misdemeanor or a felony punishable by incarceration; and

I. failure to be in compliance with the Parental Responsibility Act NMSA1978, Section 40-5A-3 seq.

[16.5.55.10 NMAC - N, 01/09/12; A, 06/14/12; A, 07/17/13]

16.5.55.11 INVESTIGATIVE SUBPOENAS:

The complaint committee of the board is authorized to issue investigative subpoenas and to employ experts with regard to pending investigations.

[16.5.55.11 NMAC - N, 01/09/12]

PART 56: PARENTAL RESPONSIBILITY COMPLIANCE

16.5.56.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.56.1 NMAC - N, 06/14/12]

16.5.56.2 SCOPE:

This part applies to disciplinary proceedings by an issuing agency pursuant to the Parental Responsibility Act against a license, certificate, registration or permit required to engage in a profession or occupation.

[16.5.56.2 NMAC - N, 06/14/12]

16.5.56.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Parental Responsibility Act, Sections 40-5A-1 to 40-5A-13 NMSA1978.

[16.5.56.3 NMAC - N, 06/14/12]

16.5.56.4 DURATION:

Permanent.

[16.5.56.4 NMAC - N, 06/14/12]

16.5.56.5 EFFECTIVE DATE:

June 14, 2012, unless a later date is cited at the end of a section.

[16.5.56.5 NMAC - N, 06/14/12]

16.5.56.6 OBJECTIVE:

This part is intended to implement the requirements of the Parental Responsibility Act as they apply to the issuance, renewal, suspension or revocation of any license, certificate, registration or permit required for dentists, dental hygienists, dental assistants, expanded function dental auxiliaries, community dental health coordinators, dental therapists and non-dentist owners for dental practices.

[16.5.56.6 NMAC - N, 6/14/2012; A, 5/30/2021]

16.5.56.7 DEFINITIONS:

A. All terms defined in the Parental Responsibility Act shall have the same meanings in this part unless defined below.

B. As used in this part.

(1) "Board" means the New Mexico board of dental health care or any entity to which it has delegated authority to pursue violations of the Parental Responsibility Act.

(2) "HSD" means the New Mexico human services department.

(3) "License" means a license, certificate, registration or permit issued by the board that a person is required to have to engage in a profession or occupation in New Mexico.

(4) "Statement of compliance" means a certified statement from HSD stating that an applicant or licensee is in compliance with a judgment and order for support, and has complied with subpoenas or warrants relating to paternity or child support proceedings.

(5) "Statement of non-compliance" means a certified statement from HSD stating that an applicant or licensee is not in compliance with judgment and order for support or has not complied with subpoenas or warrants relating to paternity or child support proceedings.

[16.5.56.7 NMAC - N, 06/14/12]

16.5.56.8 PARENTAL RESPONSIBILITY ACT; DELEGATION OF AUTHORITY:

The authority of the New Mexico board of dental health care to issue a notice of contemplated action, to refer cases in which a notice of contemplated action has been issued for administrative prosecution, to hold hearings and issue decision and orders to any licensee or applicant for licensure whose name appears on the certified list issued by the New Mexico department of human services, as provided in NMSA 1978, 40-5A-1, et seq., may be delegated to the New Mexico regulation and licensing department. This section shall not be construed to deprive the board of its authority to issue a notice

of contemplated action for any violation of the Parental Responsibility Act, to refer a case for administrative prosecution, hold a hearing or issue a decision and order for any violation of the Parental Responsibility Act.

[16.5.56.8 NMAC - N, 06/14/12]

16.5.56.9 DISCIPLINARY PROCEEDINGS:

A. Disciplinary action: If an applicant or licensee is not in compliance with a judgment and order for support, or has not complied with subpoenas or warrants, relating to paternity or child support proceedings the board shall follow:

- (1) shall deny an application for licensure;
- (2) shall deny the renewal of a license; and
- (3) has grounds for suspension or revocation of a license.

B. Certified list: Upon receipt of HSD's certified list of obligors not in compliance with a judgment and order for support or who have not complied with subpoenas or warrants relating to paternity or child support proceedings, the board shall match the certified list against the current list of applicants and licensees. Upon the later receipt of an application for licensure or renewal, the board shall match the applicant against the current certified list. By the end of the month in which the certified list is received, the board shall report to HSD the names of applicants and licensees who are on the certified list and the action the board has taken in connection with such applicants and licensees.

C. Initial action: Upon determination that an applicant or licensee appears on the certified list, the board shall:

(1) commence a formal proceeding under Subsection D of 16.5.56.8 NMAC to take the appropriate action under Subsection A of 16.5.56.8 NMAC; or

(2) for current licensees only, informally notify the licensee that the licensee's name is on the certified list, and that the licensee must provide the board with a subsequent statement of compliance by the earlier of the application for license renewal or a specified date not to exceed six months, if the licensee fails to provide the statement, the board shall commence formal proceeding under Subsection D of 16.5.56.8 NMAC.

D. Notice of contemplated action: Prior to taking any action specified in Subsection A of 16.5.56.8 NMAC, the board shall serve upon the applicant or licensee a written notice stating that:

(1) the board has grounds to take such action, and that the board shall take such action unless the licensee or applicant:

(a) mails a letter (certified mail, return receipt requested) within 20 days after service of the notice requesting a hearing; or

(b) provides the board, within 30 days of the date of the notice, with a statement of compliance; and

(2) if the applicant or licensee disagrees with the determination of non-compliance, or wishes to come into compliance, the applicant or licensee should contact the HSD child support enforcement division.

E. Evidence and proof: If any hearing under this part, relevant evidence is limited to the following:

(1) a statement of non-compliance is conclusive evidence that requires the board to take the appropriate action under Subsection A of 16.5.56.8 NMAC unless:

(2) the applicant or licensee can provide the board with subsequent statement of compliance which shall preclude the board from taking any action based solely on the prior statement of non-compliance.

F. Order: When an action is taken under this part solely because the applicant or licensee is not in compliance with a judgement and order for support or has not complied with subpoenas or warrants relating to paternity or child support proceedings the order shall state that the application or license shall be reinstated upon presentation of a subsequent statement of compliance. The board may also include any other conditions necessary to comply with board requirements for reapplication or reinstatement of lapsed license.

G. Procedures: Proceedings under this part shall be governed by the Uniform Licensing Act, NMSA 1978, Section 61-1-1 *et seq.*, or any other adjudicatory procedures adopted by the board.

[16.5.56.9 NMAC - N, 06/14/12]

PART 57: MANAGEMENT OF PAIN WITH CONTROLLED SUBSTANCES

16.5.57.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.57.1 NMAC - N, 7/17/2013]

16.5.57.2 SCOPE:

This part applies to all New Mexico dental board licensees who hold a federal drug enforcement administration registration.

[16.5.57.2 NMAC - N, 7/17/2013]

16.5.57.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with Section 61-5A-4, NMSA 1978, of the Dental Health Care Act and the Pain Relief Act, Sections 24-2D-1 through 24-2D-6, NMSA 1978.

[16.5.57.3 NMAC - N, 7/17/2013]

16.5.57.4 DURATION:

Permanent.

[16.5.57.4 NMAC - N, 7/17/2013]

16.5.57.5 EFFECTIVE DATE:

July 17, 2013, unless a later date is cited at the end of a section.

[16.5.57.5 NMAC - N, 7/17/2013]

16.5.57.6 OBJECTIVE:

It is the position of the board that dentists have an obligation to treat pain, and that a wide variety of drugs including controlled substances may be prescribed for that purpose. When such controlled substances are used, they should be prescribed in adequate doses and for the appropriate length of time after a thorough dental evaluation has been completed.

[16.5.57.6 NMAC - N, 7/17/2013]

16.5.57.7 DEFINITIONS:

A. "Addiction" means a neurobehavioral syndrome with genetic and environmental influences that result in psychological dependence on the use of substances for their psychic effects. It is characterized by behaviors that include one or more of the following: impaired control over drug use; compulsive use; continued use despite harm; and craving.

B. "Accepted guideline" means the most current clinical pain management guideline developed by the American geriatrics society or the American pain society or

a clinical pain management guideline based on evidence and expert opinion that has been accepted by the New Mexico medical board.

C. "Acute pain" means the normal, predicted physiological response to a noxious chemical or thermal or mechanical stimulus, typically associated with invasive procedures, trauma or disease and is generally time-limited.

D. "Chronic pain" means pain that persists after reasonable dental efforts have been made to relieve the pain or its cause and that continues, either continuously or episodically, for longer than three consecutive months "chronic pain" does not, for purpose of the Pain Relief Act requirements, include pain associated with a terminal condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition.

E. "Clinical expert" means a person who, by reason of specialized education or substantial relevant experience in pain management, has knowledge regarding current standards, practices and guidelines.

F. "Drug abuser" means a person who takes a drugs or controlled substances for other than legitimate dental purposes.

G. "Opioid analgesic" means buprenorphine, butorphanol, codeine, hydrocodone, hydromorphone, levorphanol, meperidine, methadone, morphine, nalbuphine, oxycodone, ocymorphone, pentazocine and propoxyphene as well as their brand names, isomers and combinations.

H. "Opioid antagonist" means a drug approved by the federal food and drug administration that when administered negates or neutralizes in whole or in part the pharmacological effects of an opioid analgesic in the body, including naloxone and such other medications approved by the board of pharmacy for the reversal of opioid analgesic overdoses.

I. "Pain" means acute or chronic pain or both.

J. "Physical dependence" means a state of adaptation that is manifested by a drug-specific withdrawal syndrome that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, administration of an antagonist, or a combination of these.

K. "Prescription monitoring program (PMP)" means a centralized system to collect, monitor, and analyze electronically, for controlled substances, prescribing and dispensing data submitted by pharmacies and dispensing practitioners. The data is used to support efforts in education, research, enforcement, and abuse prevention.

L. "Therapeutic purpose" means the use of pharmaceutical and non-pharmaceutical dental treatment that conforms substantially to accepted guidelines for pain management.

M. "Tolerance" means a state of adaptation in which exposure to a drug induces changes that result in a diminution of one or more of the drug's effects over time.

[16.5.57.7 NMAC - N, 7/17/2013; A, 12/14/2019]

16.5.57.8 GUIDELINES:

The following regulations shall be used by the board to determine whether a dentist's prescriptive practices are consistent with the appropriate treatment of pain.

A. The treatment of pain with drugs or controlled substances is a legitimate dental practice when accomplished in the usual course of professional practice. It does not preclude treatment of patients with addiction, physical dependence or tolerance who have legitimate pain. However, such patients do require very close monitoring and precise documentation.

B. The prescribing, ordering, administering or dispensing of controlled substances to meet the individual needs of the patient for management of chronic pain is appropriate if prescribed, ordered, administered or dispensed in compliance with the following.

(1) A dentist shall complete an evaluation. The medical history shall include any previous history of significant pain, past history of alternate treatments for pain, potential for substance abuse, coexisting disease or medical conditions, and the presence of a medical indication for or contra-indication against the use of controlled substance.

(2) A dentist shall be familiar with and employ screening tools as appropriate, as well as the spectrum of available modalities, in the evaluation and management of pain. The dentist shall consider an integrative approach to pain management.

(3) A written treatment plan shall be developed and tailored to the individual needs of the patient, taking age, gender, culture, and ethnicity into consideration, with stated objectives by which treatment can be evaluated, e.g. by degree of pain relief, improved physical and psychological function, or other accepted measure. Such a plan shall include a statement of the need for further testing, consultation, referral or use of other treatment modalities.

(4) The dentist shall discuss the risks and benefits of using controlled substances with the patient or surrogate or guardian, and shall document this discussion in the record.

(5) Complete and accurate records of care provided and drugs or controlled substances prescribed shall be maintained. When controlled substances are prescribed, the name of the drug, quantity, prescribed dosage and number of refills authorized shall be recorded. Prescriptions for controlled substances shall include indications for use.

(6) The management of patients needing chronic pain control requires monitoring by the dentist. The dentist shall periodically review the course of treatment for chronic pain, the patient's state of health, and any new information about the etiology of the chronic pain at least every six months. Chronic pain patients shall receive all chronic pain management prescriptions from one dentist and one pharmacy whenever possible.

(7) In addition, a dentist shall consult, when indicated by the patient's condition, with health care professionals who are experienced in the area of chronic pain control; such professionals need not be those who specialize in pain control.

(8) If, in a dentist's opinion, a patient is seeking pain medication for reasons that are not medically justified, the dentist is not required to prescribe controlled substances for the patient.

(9) A dentist who prescribes, distributes or dispenses an opioid analgesic for the first time to a patient shall advise the patient on the risks of overdose and inform the patient of the availability of an opioid antagonist. With respect to a patient to whom an opioid analgesic has previously been prescribed, distributed or dispensed by the dentist, the dentist shall advise the patient on the risks of overdose and inform the patient of the availability of an opioid antagonist on the first occasion that the dentist prescribes, distributes or dispenses an opioid analgesic each calendar year.

(10) A dentist who prescribes an opioid analgesic for a patient shall co-prescribe an opioid antagonist if the amount of opioid analgesic being prescribed is at least a five-day supply. The prescription for the opioid antagonist shall be accompanied by written information regarding the temporary effects of the opioid antagonist and techniques for administering the opioid antagonist. That written information shall contain a warning that a person administering the opioid antagonist should call 911 immediately after administering the opioid antagonist.

C. The board will evaluate the quality of care on the following basis: appropriate diagnosis and evaluation; appropriate indication for the treatment prescribed; documented change or persistence of the recognized indication; and, follow-up evaluation with appropriate continuity of care. The board will judge the validity of prescribing based on the dentist's treatment of the patient and on available documentation, rather than on the quantity and chronicity of prescribing. The goal is to control the patient's pain for its duration while effectively addressing other aspects of the patient's functioning, including physical, psychological, social, and work-related factors.

D. The board will review both over-prescription and under-prescription of pain medications using the same standard of patient protection.

E. A dentist who appropriately prescribes controlled substances and who follows this section would be considered to be in compliance with this rule and not be subject to discipline by the board, unless there is some violation of the Dental Health Care Act or board rules.

[16.5.57.8 NMAC - N, 7/17/2013; A, 12/14/2019]

16.5.57.9 DENTISTS TREATED WITH CONTROLLED SUBSTANCES:

Dentists who have chronic pain and are being treated with controlled substances shall be evaluated by a pain clinic or, by an M.D. or D.O. pain specialist, and must have a complete, independent neuropsychological evaluation, as well as clearance from their physician, before returning to or continuing in practice. In addition, they must remain under the care of a physician for as long as they remain on controlled substances while continuing to practice.

[16.5.57.9 NMAC - N, 7/17/2013]

16.5.57.10 PRESCRIPTION MONITORING PROGRAM (PMP) REQUIREMENTS:

The intent of the New Mexico board of dental health care in requiring participation in the PMP is to assist dentists in balancing the safe use of controlled substances with the need to impede harmful and illegal activities involving these pharmaceuticals.

A. Any dentist who holds a federal drug enforcement administration registration and a New Mexico controlled substance registration shall register with the board of pharmacy to become a regular participant in the PMP inquiry and reporting.

B. A dentist may authorize delegate(s) to access the prescription monitoring report consistent with board of pharmacy regulation 16.19.29 NMAC. While a dentist's delegate may obtain a report from the state's prescription monitoring program, the dentist is solely responsible for reviewing the prescription monitoring report and documenting the receipt and review of the report in the patient's medical record.

C. Before a dentist prescribes or dispenses for the first time a controlled substance in Schedule II, III, IV or V to a patient for a period greater than four days, or if there is a gap in prescribing the controlled substance for 30 days or more, the dentist shall review a prescription monitoring report for the patient for the preceding 12 months. When available, the dentist shall review similar reports from adjacent states. The dentist shall document the receipt and review of such reports in the patient's medical record.

D. A prescription monitoring report shall be reviewed a minimum of once every three months during the continuous use of a controlled substance in Schedule II, III, IV or V

for each patient. The dentist shall document the review of these reports in the patient's medical record. Nothing in this section shall be construed as preventing a dentist from reviewing prescription monitoring reports with greater frequency than that required by this section.

E. A dentist does not have to obtain and review a prescription monitoring report before prescribing, ordering, or dispensing a controlled substance in Schedule II, III, IV or V;

- (1) for a period of four days or less; or
- (2) to a patient in a nursing facility; or
- (3) to a patient in hospice care.

F. Upon review of a prescription monitoring report for a patient, the dentist shall identify and be aware of a patient currently:

- (1) receiving opioids from multiple prescribers;
- (2) receiving opioids and benzodiazepines concurrently;
- (3) receiving opioids for more than 12 consecutive weeks;
- (4) receiving more than one controlled substance analgesic;
- (5) receiving opioids totaling more than 90 morphine milligram equivalents per day;
- (6) exhibiting potential for abuse or misuse of opioids and other controlled substances, such as over-utilization, requests to fill early, requests for specific opioids, requests to pay cash when insurance is available, receiving opioids from multiple pharmacies.

G. Upon recognizing any of the above conditions described in Paragraph (10) of Subsection F of 16.5.57 NMAC, the dentist shall refer to the guidelines outlined in 16.5.57.8 NMAC

[16.5.57.10 NMAC - N, 07/17/2013; A, 3/15/2017]

16.5.57.11 PAIN MANAGEMENT CONTINUING EDUCATION:

This section applies to all New Mexico dentists who hold a federal drug enforcement administration registration to prescribe controlled substances. Pursuant to the Pain Relief Act in order to ensure that all such health care practitioners safely prescribe for pain management and harm reduction, the following rules shall apply.

A. Immediate requirements effective July 17, 2013. Between July 17, 2013 and no later than June 30, 2014, all board licensees who hold a federal drug enforcement administration registration to prescribe controlled substances shall complete no less than three continuing dental or medical education hours in appropriate courses that shall include:

- (1) an understanding of the pharmacology and risks on controlled substances,
- (2) a basic awareness of the problems of abuse, addiction and diversion,
- (3) awareness of state and federal regulations for the prescription of controlled substances,
- (4) management of the treatment of pain, and
- (5) dentists who have taken continuing education hours in these educational elements between July 1, 2012 and July 17, 2013 and reviewed this rule, may apply those hours toward the required three continuing education hours described in this section.

B. Triennial requirements: Beginning with the July 1, 2014 triennial renewal date, all New Mexico dentist licensees who hold a federal drug enforcement administration registration shall be required to complete and submit three continuing education hours; these hours shall count toward the 60 continuing education hours required during each triennial cycle. Appropriate courses shall include all of the educational elements described in Subsection A of this section. The applicability of such courses toward fulfillment of the continuing education requirement is subject to board approval. These hours may be earned at any time during the three-year period immediately preceding the triennial renewal date. The three continuing education hours completed prior to July 1, 2014, as defined in Subsection A, may be included as part of the required continuing education hours in pain management in either the triennial cycle in which those hours are completed or the triennial cycle immediately thereafter.

C. Requirements for new licensees: All New Mexico dental licensees who hold a federal drug enforcement administration registration, whether or not the New Mexico license is the licensee's their first license, shall complete three continuing education hours in pain management during the first year of licensure. These three continuing education hours completed prior to the first renewal may be included as part of the hours required in Subsection B of this section.

D. The continuing education requirements of this section shall be included in the total continuing education requirements as set forth in 16.5.10 NMAC.

[16.5.57.11 NMAC - N, 7/17/2013; A, 1/11/2015]

16.5.57.12 NOTIFICATION:

In addition to the notice of procedures set forth in the State Rules Act Chapter 14, Article 4, NMSA 1978, the board shall separately notify the following persons of the Pain Relief Act and Part 57 of the New Mexico dental board rule;

A. health care practitioner's under its jurisdiction; and

B. a health care practitioner being investigated by the board in relation to the practitioner's pain management services.

[16.5.57.12 NMAC - N, 7/17/2013]

PART 58: DENTAL AMALGAM WASTE

16.5.58.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.58.1 NMAC - N, 01-04-14]

16.5.58.2 SCOPE:

The provisions of Part 58 of Chapter 5 apply to all New Mexico dental offices.

[16.5.58.2 NMAC - N, 01-04-14]

16.5.58.3 STATUTORY AUTHORITY:

Part 58 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, NMSA 1978, 61-5A-10 (2013) and the Dental Amalgam Waste Reduction Act, NMSA 1978, Sections 61-5C-1 to 6 (2013).

[16.5.58.3 NMAC - N, 01-04-14]

16.5.58.4 DURATION:

Permanent.

[16.5.58.4 NMAC - N, 01-04-14]

16.5.58.5 EFFECTIVE DATE:

January 4, 2014, unless a later date is cited at the end of a section.

[16.5.58.5 NMAC - N, 01-04-14]

16.5.58.6 OBJECTIVE:

To promote the safe disposal of dental amalgam waste generated in dental offices.

[16.5.58.6 NMAC - N, 01-04-14]

16.5.58.7 DEFINITIONS:

A. "Amalgam" means a dental restorative material that is typically composed of mercury, silver, tin, and copper, along with other metallic elements, and that is used by a dentist to restore a cavity in a tooth.

B. "Amalgam separator" means a device that removes dental amalgam from the waste stream prior to discharge into either the local public wastewater system or a private septic system and that meets minimum removal efficiency in accordance with international standards contained in *ISO 11143, dental equipment-amalgam separators*, published by the international organization for standardization.

C. "Dental office" means a fixed physical structure in which dental services are provided to patients by dentists and dental professionals licensed or certified by the New Mexico board of dental health care under the management of a licensed owner, operator, or designee.

[16.5.58.7 NMAC - N, 01-04-14]

16.5.58.8 AMALGAM SEPARATOR; INSTALLATION REQUIREMENTS:

A. On or before December 31, 2014, the licensed owner(s), operator(s) or designee(s) of a dental office shall:

(1) install an appropriately sized amalgam separator system on each wastewater drain at the licensee or certificate holder's dental office; the amalgam separator system must, at a minimum, comply with international standard contained in *ISO 11143*; and

(2) within 90 days of installation, report to the board office and to the local water treatment authority where applicable the type, model, and size of the amalgam separator system, and the date the amalgam separator system became operational.

B. Exemption: An amalgam separator shall not be required for the offices or clinical sites of:

(1) a dental office that is not engaged in amalgam placement, removal or modification;

(2) an orthodontists;

(3) a periodontist;

- (4) an oral and maxillofacial surgeons;
- (5) an oral and maxillofacial radiologists;
- (6) an oral pathologists; or
- (7) a portable dental office without a fixed connection for wastewater discharge.

C. Licensed owner(s), operator(s) or designee(s) of a dental office with an existing amalgam separator must be in compliance with *ISO 11143* and shall report the type, model and size of the amalgam separator system to the board no later than December 31, 2014.

[16.5.58.8 NMAC - N, 01-04-14; A, 01-15-15]

16.5.58.9 RECORD KEEPING AND REPORTING:

A. The board shall require all licensed owner(s), operator(s) or designee(s) of a dental office to verify, on each initial application and each triennial renewal that they are in compliance with Part 58 of Chapter 5.

B. Licensed owner(s), operator(s) or designee(s) of a dental office shall maintain records of operation, maintenance, and recycling or disposal of amalgam waste for the three years prior to their triennial license renewal; records shall include the following information:

- (1) dates of maintenance;
- (2) dates separator contents were recycled; and
- (3) name of the staff or contractor performing the service.

C. Upon the board's inspection for cause, the licensed owner(s), operator(s) or designee(s) shall demonstrate proper installation, operation, maintenance, and recycling or disposal of amalgam waste in accordance with the amalgam separator manufacture's recommendations.

[16.5.58.9 NMAC - N, 01-04-14]

16.5.58.10 COMPLIANCE AND ENFORCEMENT:

Failure to comply with Part 58 of Chapter 5 will constitute "unprofessional conduct" and may subject the licensed owner(s), operator(s) or designee(s) of a dental office to disciplinary action; willful and persistent noncompliance with the provisions of Part 58 of

Chapter 5 and the Dental Amalgam Waste Reduction Act shall result in disciplinary action.

[16.5.58.10 NMAC - N, 01-04-14]

PART 59: LICENSURE FOR MILITARY SERVICE MEMBERS, SPOUSES, DEPENDENT CHILDREN AND VETERANS

16.5.59.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.59.1 NMAC - Rp, 16.5.59.1 NMAC, 12/27/2022]

16.5.59.2 SCOPE:

The provisions in Part 59 of Chapter 5 apply to applicants for expedited licensure pursuant to Subsection B of 61-5A-14 NMSA 1978 and Subsection B of 61-1-34 NMSA 1978.

[16.5.59.2 NMAC - Rp, 16.5.59.2 NMAC, 12/27/2022]

16.5.59.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to Section 61-1-34 of the Uniform Licensing Act, Section 61-1-1 to 34 NMSA1978, (1957, as amended through 2013) and the Dental Health Care Act Sections 61-5A-1 through 61-5A -30 NMSA 1978.

[16.5.59.3 NMAC - Rp, 16.5.59.3 NMAC, 12/27/2022]

16.5.59.4 DURATION:

Permanent.

[16.5.59.4 NMAC - Rp, 16.5.59.4 NMAC, 12/27/2022]

16.5.59.5 EFFECTIVE DATE:

December 27, 2022, unless a later date is cited at the end of a section.

[16.5.59.5 NMAC - Rp, 16.5.59.5 NMAC, 12/27/2022]

16.5.59.6 OBJECTIVE:

The purpose of this part is to expedite licensure for all applicants pursuant to Subsection B of 61-5A-14 and Section 61-1-34 NMSA 1978.

[16.5.59.6 NMAC - Rp, 16.5.59.6 NMAC, 12/27/2022]

16.5.59.7 DEFINITIONS:

A. "Eligible jurisdiction" means:

(1) any state or territory of the United States except those included in the list of disapproved jurisdictions in 16.5.59.8 NMAC; and

(2) any foreign country included in 16.5.59.10. NMAC.

B. "Expedited license" means a provisional license that confers the same rights, privileges and responsibilities as a regular license issued by the board.

C. "Good standing" means a license or registration is active and not expired, suspended, revoked, surrendered, conditioned, or otherwise in a status that in any manner restricts the activity of a licensee or registrant under the authority of the license.

D. "Jurisdiction" has the same meaning as defined in Subsection F of Section 61-1-2, NMSA 1978.

E. "License" means a license, registration certificate of registration, certificate, permit or certification.

F. "Licensing fee" means a fee charged at the time an application for a professional or occupational license is submitted to the state agency, board or commission and any fee charged for the processing of the application for such license; "licensing fee" does not include a fee for an annual inspection or examination of a licensee or a fee charged for copies of documents, replacement license or other expenses related to a professional or occupational license.

G. "Military service member" means a person who is:

(1) serving in the armed forces of the United States as an active duty member, or in an active reserve component of the armed forces of the United States, including the national guard, or a surviving spouse of a member who at the time of the member's death was serving on active duty; or

(2) the spouse of a person who is serving in the armed forces of the United States or in an active reserve component of the armed forces of the United States, including the national guard, or a surviving spouse of a member who at the time of the member's death was serving on active duty; or

(3) the child of a person who is serving in the armed forces of the United States as an active duty member, or in an active reserve component of the armed

forces of the United States, including the national guard; provided that child is also a dependent of that person for federal income tax purposes.

H. "Qualified applicant" means an applicant who:

(1) holds a current license in good standing in another jurisdiction, provided that an applicant who is not a military service member or veteran must hold a current license in good standing in an eligible jurisdiction;

(2) does not have a disqualifying criminal conviction, as defined in the board's rules; and

(3) is not subject to pending disciplinary action in New Mexico or any other licensing jurisdiction.

I. "Veteran" has the same meaning as defined in Paragraph (3) of Subsection E of Section 61-1-34, NMSA 1978.

[16.5.59.7 NMAC - Rp, 16.5.59.7 NMAC, 12/27/2022]

16.5.59.8 EXPEDITED LICENSURE REQUIREMENTS AND APPLICATION:

A. In accordance with Subsection B of Section 61-5A-14 and 61-1-31.1, NMSA 1978, the board may issue an expedited license to a qualified applicant who holds a valid license, in good standing, that was issued in another licensing jurisdiction and submits the following information to the board:

(1) a completed and signed application form;

(2) proof of a current license in good standing in an eligible jurisdiction as defined in these rules; and

(3) payment of the required application fee.

B. Successfully pass a New Mexico jurisprudence exam.

C. An expedited license application shall not be deemed complete until the applicant has submitted, and board staff is in receipt of, all of the materials required by Subsection A and B of 16.5.59.8 NMAC, including documentation by third parties.

D. Upon receipt of a complete application the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

E. If the applicant has a potentially disqualifying criminal conviction or the board has other cause to deny the application pursuant to Section 61-5A-21, NMSA 1978:

(1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available, regular meeting;

(2) the license may not be issued within 30 days of submission of the complete application; and

(3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

F. An expedited license issued pursuant to Subsection B of 61-5A-14 and 61-1-31.1, NMSA 1978 is a one-year provisional license that confers the same rights, privileges and responsibilities as regular licenses issued by the board.

G. Before the end of expedited license period and upon application, the board shall issue a regular license through its renewal process. However, if the licensee's prior licensing jurisdiction did not require examination, the licensee shall be required to pass a board approved clinical examination, as required by 16.5.6.8 NMAC and 16.5.19.8 NMAC, prior to issuing a regular license.

[16.5.59.8 NMAC - Rp, 16.5.59.8 NMAC, 12/27/2022]

16.5.59.9 LIST OF DISAPPROVED LICENSING JURISDICTIONS FOR DENTISTS AND DENTAL HYGIENISTS:

A. Pursuant to Subsection C of Section 61-5A-14 NMSA 1978 of the Dental Health Care Act, applicants for licensure as a dentist licensed in the following state and territories for the United States shall not be eligible for expedited licensure because the education requirements are not or cannot be determined to be, consistent with New Mexico:

(1) American Samoa;

(2) Puerto Rico; and;

(3) Washington.

B. Pursuant to Subsection C of Section 61-5A-14 NMSA 1978 of the Dental Health Care Act, applicants for licensure as a dental hygienist licensed in the following states and territories of the United States shall not be eligible for expedited licensure because the education requirements are not, or cannot be determined to be, consistent with New Mexico:

(1) American Samoa;

(2) Alabama;

- (3) Arizona;
- (4) Delaware;
- (5) Florida;
- (6) Mississippi;
- (7) New York;
- (8) Northern Mariana Islands;
- (9) Oregon;
- (10) Puerto Rico; and
- (11) Guam.

[16.5.59.9 NMAC - N, 12/27/2022]

16.5.59.10 LIST OF APPROVED FOREIGN JURISDICTIONS:

The board has not recognized any foreign jurisdictions from which it will accept an applicant for expedited licensure. However, the board will conduct a periodic review to determine if any amendments to this rule are warranted.

[16.5.59.10 NMAC - Rp, 16.5.59.10 NMAC, 12/27/2022]

16.5.59.11 EXPEDITED LICENSURE APPLICATION FOR MILITARY SERVICE MEMBERS AND VETERANS:

A. An applicant for expedited licensure under Section 61-1-34, NMSA 1978 shall submit to the board a complete application containing the following:

- (1) a completed and signed application form;
- (2) proof of a current license in good standing in another jurisdiction, including a branch of the United States armed forces; and
- (3) submission of the following documentation:
 - (a) for military service member: a copy of military orders;
 - (b) for spouse of military service members: copy of military service member's military orders, and copy of marriage license;

(c) for spouses of deceased military service members: copy of decedent's DD 214 and copy of marriage license;

(d) for dependent children of military service members: a copy of military service member's orders listing dependent child, or a copy of military orders and one of the following: a copy of birth certificate, military service member's federal tax return or other governmental or judicial documentation establishing dependency; or

(e) for veterans (retired or separated): proof of honorable discharge such as a copy of DD Form 214, DD Form 215, DD Form 256, DD Form 257, NGB Form 22, military ID card, a driver's license or state ID card with a veteran's designation, or other documentation verifying honorable discharge.

B. An expedited license application shall not be deemed complete until the applicant has submitted, and the board's staff is in receipt of, all of the materials required by subsection A, including documentation from third parties.

C. Upon receipt of a complete application, the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a potentially disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-5A-21 NMSA 1978:

(1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;

(2) the license may not be issued within 30 days of submission of the complete application; and

(3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

E. A military service member or veteran who is issued an expedited license shall not be charged a licensing fee for the first three years of licensure with the board.

F. An expedited license issued to a military service member or veteran pursuant to Section 61-1-34, NMSA 1978, shall be valid for the same length of time as a regular initial license issued by the board.

G. A license issued pursuant to this section shall not be renewed unless the license holder satisfies the examination requirements set forth in 16.5.6 NMAC, 16.5.19 NMAC, 16.5.33 NMAC, 16.5.42 NMAC, 16.5.50 NMAC, and 16.5.61 NMAC.

[16.5.59.11 NMAC - N, 12/27/2022]

PART 60: DENTAL THERAPISTS, FEES

16.5.60.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.60.1 NMAC - N, 5/30/2021]

16.5.60.2 SCOPE:

The provisions of 16.5.60 NMAC apply to all applicants for licensure; to active, retired, expired and suspended licenses; to anyone who requests a list or labels of licensed dental therapists, multiple copies of the law or rules, or copies of public records.

[16.5.60.2 NMAC - N, 5/30/2021]

16.5.60.3 STATUTORY AUTHORITY:

16.5.60 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-20 and Paragraph (5) of Subsection A of 61-5A-13.1 NMSA 1978.

[16.5.60.3 NMAC - N, 5/30/2021]

16.5.60.4 DURATION:

Permanent.

[16.5.60.4 NMAC - N, 5/30/2021]

16.5.60.5 EFFECTIVE DATE:

May 30, 2021, unless a later date is cited at the end of a section.

[16.5.60.5 NMAC - N, 5/30/2021]

16.5.60.6 OBJECTIVE:

To establish fees to generate revenue to support the cost of program administration.

[16.5.60.6 NMAC - N, 5/30/2021]

16.5.60.7 DEFINITIONS:

[RESERVED]

[16.5.60.7 NMAC - N, 5/30/2021]

 - (5)** mailing labels of current dental therapist licensees is \$300.

[16.5.60.8 NMAC - N, 5/30/2021]

PART 61: DENTAL THERAPISTS, LICENSURE AND CERTIFICATION

16.5.61.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.61.1 NMAC - Rp, 16.5.61.1 NMAC, 5/31/2023]

16.5.61.2 SCOPE:

The provisions of 16.5.61 NMAC apply to all applicants for licensure as a dental therapist.

[16.5.61.2 NMAC - Rp, 16.5.61.2 NMAC, 5/31/2023]

16.5.61.3 STATUTORY AUTHORITY:

16.5.61 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-13.1-3 NMSA 1978.

[16.5.61.3 NMAC - Rp, 16.5.61.3 NMAC, 5/31/2023]

16.5.61.4 DURATION:

Permanent.

[16.5.61.4 NMAC - Rp, 16.5.61.4 NMAC, 5/31/2023]

16.5.61.5 EFFECTIVE DATE:

May 31, 2023, unless a later date is cited at the end of a section.

[16.5.61.5 NMAC - Rp, 16.5.61.5 NMAC, 5/31/2023]

16.5.61.6 OBJECTIVE:

To establish the requirements for application for licensure as a dental therapist.

[16.5.61.6 NMAC - Rp, 16.5.61.6 NMAC, 5/31/2023]

16.5.61.7 DEFINITIONS:

"Dental therapy post-graduate clinical experience" means a clinical education program as defined in Section 61-5A-13.1 NMSA 1978 to provide advanced training for dental therapists in patient treatment and technical competency.

[16.5.61.7 NMAC - Rp, 16.5.61.7 NMAC, 5/31/2023]

16.5.61.8 PREREQUISITE REQUIREMENTS FOR DENTAL THERAPIST LICENSE:

Each applicant for a license to practice dental therapy must possess the following qualifications:

- A.** licensed as a dental hygienist in New Mexico;
- B.** graduated and received a degree from an accredited dental therapy education program as defined in Section 61-5A-13.1 NMSA 1978;
- C.** passed a clinical examination approved by the board; the results of the clinical examination are valid in New Mexico for a period not to exceed five years:
 - (1) the applicant shall apply directly to a board accepted examining agent for examination, and
 - (2) results of the clinical examination must be sent directly to the board office.
- D.** Take and pass the New Mexico jurisprudence exam for dental therapy.

[16.5.61.8 NMAC - Rp, 16.5.61.8 NMAC, 5/31/2023]

16.5.61.9 DOCUMENTATION REQUIREMENTS:

Each applicant for a license must submit the required fees and following documentation:

- A.** completed application; applications are valid for one year from the date of receipt;
- B.** official transcripts or an original letter on letterhead with an embossed seal verifying successfully passing all required courses from the dental therapy education program, to be sent directly to the board office from the accredited program;
- C.** a copy of clinical examination score card;
- D.** proof of having taken a course in infection control technique or graduation from a dental therapy program within the past 12 months;
- E.** proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross; or the American safety and health institute (ASHI); cannot be a self-study course;
- F.** the board may deny, stipulate, or otherwise limit a license if it is determined the applicant is guilty of violating any of the provisions of the act, the Impaired Dentists and

Hygienists Act, or if it is determined that the applicant poses a threat to the welfare of the public;

G. verification of licensure in all states where the applicant holds or has held a license in good standing to practice dental therapy, or other health care profession; verification must be sent directly to the office from the other state(s) board, must include a seal, and must attest to the status, issue date, license number, and other information contained on the form.

[16.5.61.9 NMAC - Rp, 16.5.61.9 NMAC, 5/31/2023]

16.5.61.10 LICENSURE PROCEDURE:

Upon receipt of a completed application, including all required documentation and fees, the secretary-treasurer or the delegate of the board will review and may approve the application. The board shall formally accept the approval of the application at the next scheduled meeting.

A. Initial dental therapist licenses are issued for a period not to exceed three years, as defined in 16.5.63.8 NMAC.

B. Any application that cannot be approved by the delegate of the board will be reviewed by the entire board at the next scheduled meeting.

[16.5.61.10 NMAC - Rp, 16.5.61.10 NMAC, 5/31/2023]

16.5.61.11 DENTAL THERAPY POST-GRADUATE CLINICAL EXPERIENCE:

A dental therapist shall qualify to perform the procedures as stated in Section 61-5A-13.2 NMSA 1978 under general supervision, upon successful completion of a dental post-graduate clinical experience and submission to the board office of the following documentation.

A. a current active license in good standing to practice dental therapy in New Mexico;

B. proof of successful completion from a dental therapy post-graduate clinical experience which;

- (1) meets criteria developed and approved by the board;
- (2) is sanctioned by a regionally accredited educational institution with a program accredited by the commission on dental accreditation; and
- (3) provides advanced training:

(a) of at least 2000 hours following completion of a CODA accredited dental therapy education program: or

(b) of at least 1500 hours following completion of a CODA accredited dental therapy education program and applicant can document active practice experience as a dental hygienist for five years or more.

C. There is no fee associated for filing this documentation.

D. The board will re-issue the dental therapy license with a designation of the completion of the post graduate clinical experience.

[16.5.61.11 NMAC - Rp, 16.5.61.11 NMAC, 5/31/2023]

PART 62: DENTAL THERAPISTS, CONTINUING EDUCATION REQUIREMENTS

16.5.62.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.62.1 NMAC - N, 5/30/2021]

16.5.62.2 SCOPE:

The provisions of Part 62 of Chapter 5 apply to all licensed dental therapists who are applying to renew their license.

[16.5.62.2 NMAC - N, 5/30/2021]

16.5.62.3 STATUTORY AUTHORITY:

Part 62 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-10 NMSA 1978.

[16.5.62.3 NMAC - N, 5/30/2021]

16.5.62.4 DURATION:

Permanent.

[16.5.62.4 NMAC - N, 5/30/2021]

16.5.62.5 EFFECTIVE DATE:

May 30, 2021, unless a later date is cited at the end of a section.

[16.5.62.5 NMAC - N, 5/30/2021]

16.5.62.6 OBJECTIVE:

To establish criteria for continuing education for dental therapists licensed in New Mexico.

[16.5.62.6 NMAC - N, 5/30/2021]

16.5.62.7 DEFINITIONS:

[RESERVED]

[16.5.62.7 NMAC - N, 5/30/2021]

16.5.62.8 HOURS REQUIRED:

15 hours of continuing education in addition to the 45 hours required for the dental hygiene license, a maximum of fifty percent of the required 15 hours can be on-line, webinars or self-study are required during each triennial renewal cycle as defined in 16.5.1 NMAC. Continuing education received after submission of renewal materials but prior to actual expiration date may be used for the requirements of the next renewal cycle. Continuing education requirements are pro-rated at 20 hours per full year of the initial licensing period. Initial licenses issued for less than a full year do not require continuing education for the first renewal.

[16.5.62.8 NMAC - N, 5/30/2021]

16.5.62.9 COURSES REQUIRED:

A minimum of 15 hours per triennial renewal cycle in any of in any of the following subjects are required for dental therapist license renewal:

- A. dental materials and restorative technique.
- B. palliative care.
- C. pediatric dentistry.
- D. geriatric dentistry.

[16.5.62.9 NMAC - N, 5/30/2021]

16.5.62.10 VERIFICATION OF CONTINUING EDUCATION:

The board will select renewal applications for verification of continuing education. Audit requests will be included with the renewal notice and those selected individuals will be

asked to submit proof of compliance with the continuing education requirements. Continuing education records may be audited by the board at any time. The records identified in Subsection F of 16.5.1.15 NMAC are considered acceptable forms of documentation. Continuing education records must be maintained for one year following the renewal cycle in which they are earned.

[16.5.62.10 NMAC - N, 5/30/2021]

16.5.62.11 EMERGENCY DEFERRAL:

A. A licensee unable to fulfill the continuing education requirements may apply to the board for an emergency deferral of the requirements due to extenuating circumstances as defined in 16.5.1.7 NMAC. Deferrals of up to four months may be granted by a designee of the board.

B. A licensee practicing or residing outside the United States shall not be required to fulfill the continuing education requirements for the period of the absence.

(1) The board must be notified prior to license expiration that the licensee will be outside the US, including the period of the absence.

(2) Upon return to the US, the licensee shall complete the continuing education required for the years of practice within the US during the renewal cycle, or apply for an emergency deferral.

[16.5.62.11 NMAC - N, 5/30/2021]

PART 63: DENTAL THERAPISTS, LICENSE EXPIRATION AND RENEWAL

16.5.63.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.63.1 NMAC - N, 5/30/2021]

16.5.63.2 SCOPE:

The provisions of Part 63 of Chapter 5 apply to all dental therapists with a license to practice in New Mexico.

[16.5.63.2 NMAC - N, 5/30/2021]

16.5.63.3 STATUTORY AUTHORITY:

Part 24 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978.

[16.5.63.3 NMAC - N, 5/30/2021]

16.5.63.4 DURATION:

Permanent.

[16.5.63.4 NMAC - N, 5/30/2021]

16.5.63.5 EFFECTIVE DATE:

May 30, 2021, unless a later date is cited at the end of a section.

[16.5.63.5 NMAC - N, 5/30/2021]

16.5.63.6 OBJECTIVE:

To establish procedures for license issuance, expiration and renewal.

[16.5.63.6 NMAC - N, 5/30/2021]

16.5.63.7 DEFINITIONS:

[RESERVED]

[16.5.63.7 NMAC - N, 5/30/2021]

16.5.63.8 LICENSE EXPIRATION:

Initial licenses expire on July 1 in the third year of licensure. No license will be issued for longer than 36 months or less than 25 months.

[16.5.63.8 NMAC - N, 5/30/2021]

16.5.63.9 RENEWAL PERIOD AND EXPIRATION:

After the initial license period, dental therapy licenses expire every three years on June 30. Dental therapy licenses not renewed by July 1 are considered expired.

[16.5.63.9 NMAC - N, 5/30/2021]

16.5.63.10 RENEWAL PROCESS:

A completed renewal application, accompanied by the required fee as set forth in 16.5.60.8 NMAC, along with the required proof of completion of 60 hours of continuing education as set forth in 16.5.62.8 NMAC. The completed renewal application must be post-marked on or before July 1, of the renewal year.

[16.5.63.10 NMAC - N, 5/30/2021]

16.5.63.11 LICENSEE RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to make timely request for the renewal form if one has not been received thirty days prior to license expiration. Incomplete renewal applications shall be returned to the licensee for completion and may result in the assessment of a late renewal fee as set forth in 16.5.60.8 NMAC.

[16.5.63.11 NMAC - N, 5/30/2021]

16.5.63.12 RENEWAL AFTER JUNE 30:

Renewal applications post-marked after July 1, and prior to August 1, of the renewal year must be accompanied by the completed renewal application with the required proof of completion of 60 hours of continuing education as set forth in 16.5.62.8 NMAC, along with the triennial renewal fee, impairment fee and the late fee as set forth in 16.5.60.8 NMAC.

[16.5.63.12 NMAC - N, 5/30/2021]

16.5.63.13 RENEWAL AFTER AUGUST 1 AND BEFORE SEPTEMBER 1:

Renewal applications post-marked on or after August 1, but before September 1, of the renewal year, must be accompanied by the completed renewal application with the required proof of completion of 60 hours of continuing education as set forth in 16.5.62.8 NMAC, along with the triennial renewal fee, impairment fee, late fee and the cumulative late fee as set forth in 16.5.60.8 NMAC.

[16.5.63.13 NMAC - N, 5/30/2021]

16.5.63.14 RENEWAL APPLICATION UNDELIVERABLE:

If the notice of renewal is returned to the office and the licensee has not sent a change of address, the revocation order will be considered undeliverable and will not be mailed.

[16.5.63.14 NMAC - N, 5/30/2021]

PART 64: DENTAL THERAPISTS, LICENSE REVOCATION FOR NON-RENEWAL

16.5.64.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.64.1 NMAC - N, 5/30/2021]

16.5.64.2 SCOPE:

The provisions of Part 64 of Chapter 5 apply to all dental therapists licensed in New Mexico who do not submit an application for license renewal within 60 days of the license expiration date.

[16.5.64.2 NMAC - N, 5/30/2021]

16.5.64.3 STATUTORY AUTHORITY:

Part 64 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Section 61-5A-16 NMSA 1978.

[16.5.64.3 NMAC - N, 5/30/2021]

16.5.64.4 DURATION:

Permanent.

[16.5.64.4 NMAC - N, 5/30/2021]

16.5.64.5 EFFECTIVE DATE:

May 30, 2021, unless a later date is cited at the end of a section.

[16.5.64.5 NMAC - N, 5/30/2021]

16.5.64.6 OBJECTIVE:

To establish the procedures and policies for revocation of expired licenses and the reinstatement of a license revoked for non-renewal.

[16.5.64.6 NMAC - N, 5/30/2021]

16.5.64.7 DEFINITIONS:

[RESERVED]

[16.5.64.7 NMAC - N, 5/30/2021]

16.5.64.8 REVOCATION OF LICENSE FOR NON-RENEWAL:

Unless an application for license renewal is received by the board office, or post-marked, before September 1, the license shall be revoked for non-renewal.

[16.5.64.8 NMAC - N, 5/30/2021]

16.5.64.9 REINSTATEMENT OF REVOKED LICENSE FOR NON-RENEWAL:

A. Within one year of the revocation notice, the license may be reinstated by payment of renewal and reinstatement fees, compliance with continuing education for the previous renewal cycle and for the year of the revocation. Applicants for reinstatement after one year of revocation shall apply as a new applicant and meet all requirements for initial licensure.

B. Applicants for reinstatement shall provide for verification of licensure in all states where the applicant holds or has held a license to practice dental therapy, or other health care profession within the previous year. Verification shall be sent directly to the board office from the other state(s) board, shall include a seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form.

C. Upon receipt of a completed reinstatement of revoked license application, including all documentation and fees, a dental board member, will review and may approve the application. The board may formally accept the approval of the application at the next scheduled meeting.

[16.5.64.9 NMAC - N, 5/30/2021]

PART 65: DENTAL THERAPISTS, PRACTICE

16.5.65.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.65.1 NMAC - N, 5/30/2021]

16.5.65.2 SCOPE:

The provisions of Part 65 of Chapter 5 apply to all active dental therapy license holders and all dental therapists working in New Mexico.

[16.5.65.2 NMAC - N, 5/30/2021]

16.5.65.3 STATUTORY AUTHORITY:

Part 65 of Chapter 5 is promulgated pursuant to the Dental Health Care Act, Sections 61-5A-13.2 NMSA 1978.

[16.5.65.3 NMAC - N, 5/30/2021]

16.5.65.4 DURATION:

Permanent.

[16.5.65.4 NMAC - N, 5/30/2021]

16.5.65.5 EFFECTIVE DATE:

May 30, 2021, unless a later date is cited at the end of a section.

[16.5.65.5 NMAC - N, 5/30/2021]

16.5.65.6 OBJECTIVE:

To establish allowable practice settings, scope of practice and limitations on dental therapy practice in New Mexico.

[16.5.65.6 NMAC - N, 5/30/2021]

16.5.65.7 DEFINITIONS:

A. "Atraumatic restorative therapy" means a temporary or sedative restoration in an open carious lesions after excavation of gross decay and debris without the use of mechanical preparation.

B. "Dental therapy practice agreement" means a contract between the supervising dentist and a dental therapist that outlines the parameters of care, level of supervision, and protocols to be followed while performing dental therapy procedures on patients under the supervising dentists and dental therapists care.

C. "Dental therapy post-graduate clinical experience " as defined in Subsection N of 61-5A-3 NMSA 1978, means advanced training in patient management and technical competency:

(1) that is approved by the board, based on educational and supervisory criteria developed by the board and established by board rule;

(2) that is sanctioned by a regionally accredited educational institution with a program accredited by the commission on dental accreditation;

(3) that consists of two thousand hours of advanced training or, if the dental therapy educational program graduate has five years of experience as a dental hygienist, one thousand five hundred hours of advanced training; and

(4) for which the dental therapist may have received compensation.

[16.5.65.7 NMAC - N, 5/30/2021]

16.5.65.8 SCOPE OF PRACTICE:

A dental therapist shall provide care in accordance with a dental therapy practice agreement; provided that the dental therapy practice agreement is limited to the following activities:

A. UNDER GENERAL SUPERVISION:

- (1) oral evaluation and assessment of dental disease;
- (2) formulation of an individualized treatment plan as authorized by a supervising dentist;
- (3) place and shape direct restorations without mechanical preparation;
- (4) impressions for single-tooth removable prosthesis;
- (5) temporary cementation;
- (6) atraumatic restorative therapy;
- (7) temporary and sedative restorations;
- (8) extraction of primary teeth without radiological evidence of roots;
- (9) palliative treatments;
- (10) fabrication and placement of temporary crowns;
- (11) recementation of permanent crowns;
- (12) removal and nonsurgical placement of space maintainers;
- (13) repairs and adjustments to prostheses;
- (14) tissue conditioning;
- (15) administration of analgesics, anti-inflammatory substances and antibiotics that a supervising dentist orders;
- (16) other closely related procedures that the board authorizes through rules it has adopted and promulgated;
- (17) all procedures within the scope of practice of a dental hygienist;

B. UNDER INDIRECT SUPERVISION:

(1) preparation and direct restoration of cavities in primary and permanent teeth; and

(2) fitting, shaping and cementing of stainless steel crowns on teeth prepared by a dentist; and.

C. DENTAL THERAPISTS WITH POST-GRADUATE CLINICAL EXPERIENCE: A dental therapist that has completed a dental therapy post-graduate clinical experience, who has been certified by the board, may perform the following procedures under general supervision:

(1) preparation and direct restoration of cavities in primary and permanent teeth; and

(2) fitting, shaping and cementing of stainless steel crowns on teeth prepared by a dentist:

D. A dental therapist may treat a patient prior to a dentist's examination or diagnosis, subject to a dental therapy practice agreement.

[16.5.65.8 NMAC - N, 5/30/2021]

16.5.65.9 LIMITATIONS ON PRACTICE:

Dental therapists shall not perform, or attempt to perform, the following services or procedures:

A. diagnosis;

B. dental treatment planning that has not been authorized by a supervising dentist;

C. the final fitting, adaptation, seating and cementation of any fixed or removable dental appliance or restoration except stainless steel crowns on teeth prepared by a dentist and the cementation of single tooth crowns previously cemented by a dentist;

D. final impressions for restorations or prosthetic appliances except single tooth removable prostheses;

E. administration of substances outside of a dental hygienist prescriptive authority as defined in 16.5.29.11 NMAC or under the orders of a prescribing dentist;

F. other services defined as the practice of dentistry in Subsection A of Section 61-5A-4 NMSA 1978 of the act and not specifically listed in Subsection B and C of Section 61-5A-4 NMSA 1978, unless exempted by regulation.

[16.5.65.9 NMAC - N, 5/30/2021]

16.5.65.10 DENTAL THERAPY PRACTICE AGREEMENT:

A. Prior to performing any of the services authorized under Sections 61-5A-13.2 and 61-5A-13.3 NMSA 1978, a dental therapist must enter into a written dental therapist practice agreement with a New Mexico licensed dentist. The agreement must include:

- (1)** practice settings where services may be provided, which may include:
 - (a)** a facility operated by a nonprofit community dental organization;
 - (b)** a health facility operated by the federal Indian health service;
 - (c)** a health facility that a tribe operates under Section 638 of the federal Indian Self-Determination and Education Assistance Act;
 - (d)** a federally qualified health center;
 - (e)** a facility certified by the federal centers for medicare and medicaid services as a "federally qualified health center look-alike" facility;
 - (f)** a private residence or a facility in which an individual receives long-term community-based services under the state's medicaid program;
 - (g)** a long-term care facility;
 - (h)** a private residence, when exclusively to treat an individual who, due to disease, disability or condition, is unable to receive care in a dental facility; or
 - (i)** an educational institution engaged in the training of dental therapists accredited by the commission on dental accreditation;
- (2)** the parameters of care that may be provided by the dental therapist, including the level of supervision required by the supervising dentist and what treatment is permitted within the scope of practice prior to the dentist examining the patient;
- (3)** a protocol to manage medical emergencies in each setting where the therapist provides care;
- (4)** protocols for administering and dispensing medications; and

B. A dental therapy practice agreement shall be prepared, amended and submitted to the board using a template tool provided by the New Mexico board of dental health care. The agreement template shall be an online-based tool maintained by the board. Electronic signatures are required.

C. Dental therapy practice agreements must be signed and maintained by the supervising dentist(s) and the dental therapist and renewed whenever there is any change in the agreement, including but not limited to, a dentist or dental therapist that has left the practice or organization, any change in employment or ownership that affects the relationship between the dental therapist and the supervising dentist, or similar. The agreement shall be updated via the board template and on file with the board office. Electronic signatures are required.

[16.5.65.10 NMAC - N, 5/30/2021]

PART 66: DENTAL THERAPISTS, DISCIPLINARY PROCEEDINGS, LICENSE REVOCATION OR SUSPENSION FOR DISCIPLINARY ACTIONS

16.5.66.1 ISSUING AGENCY:

New Mexico Board of Dental Health Care.

[16.5.66.1 NMAC - N, 5/30/2021]

16.5.66.2 SCOPE:

The provisions of 16.5.66 NMAC apply to all active license holders and applicants for licensure. These provisions may also be of interest to anyone who may wish to file a complaint against a licensed dental therapist.

[16.5.66.2 NMAC - N, 5/30/2021]

16.5.66.3 STATUTORY AUTHORITY:

16.5.66 NMAC is promulgated pursuant to the Dental Health Care Act, Section 61-5A-21, NMSA 1978.

[16.5.66.3 NMAC - N, 5/30/2021]

16.5.66.4 DURATION:

Permanent.

[16.5.66.4 NMAC - N, 5/30/2021]

16.5.66.5 EFFECTIVE DATE:

May 30, 2021, unless a later date is cited at the end of a section.

[16.5.66.5 NMAC - N, 5/30/2021]

16.5.66.6 OBJECTIVE:

To establish the procedures for filing complaints against licensees, the disciplinary actions available to the board, the authority to issue investigative subpoenas and to further define actions by a licensee which are considered incompetent or unprofessional practice.

[16.5.66.6 NMAC - N, 5/30/2021]

16.5.66.7 DEFINITIONS:

A. "Addiction" means a neurobehavioral syndrome with genetic and environmental influences that result in psychological dependence on the use of substances for their psychic effects. It is characterized by behaviors that include one or more of the following: impaired control over drug use; compulsive use; continued use despite harm; and craving.

B. "Chronic pain" means a pain state which is persistent and in which the cause of the pain cannot be removed or otherwise treated.

C. "Drug abuser" means a person who takes a drug or drugs for other than legitimate medical purposes.

D. "Pain" means an unpleasant sensory and emotional experience associated with inflammation or with actual or potential tissue damage, or described in terms of such inflammation or and damage.

E. "Patient abandonment" means withdrawing a patient from treatment without giving reasonable notice or providing a competent replacement provider.

F. "Physical dependence" means a state of adaptation that is manifested by a drug-specific withdrawal syndrome that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, administration of an antagonist, or a combination of these.

G. "Tolerance" means a state of adaptation in which exposure to a drug induces changes that result in a diminution of one or more of the drug's effects over time.

[16.5.66.7 NMAC - N, 5/30/2021]

16.5.66.8 COMPLAINTS:

Disciplinary proceedings may be instituted by sworn complaint of any person, including members of the board and committee. Any hearing held pursuant to the complaint shall conform to the provisions of the Uniform Licensing Act, the Dental Health Care Act and the Impaired Dentists and Dental Hygienists Act.

[16.5.66.8 NMAC - N, 5/30/2021]

16.5.66.9 ACTIONS:

A. The board may assess fines, deny, revoke, suspend, stipulate, or otherwise limit a license if it is determined the licensee is guilty of violating any of the provisions outlined in the act, the Uniform Licensing Act, the Impaired Dentists and Hygienists Act, or these rules.

B. The board may reprimand, censure, or require licensees to fulfill additional continuing education hours within limited time constraints for violations of the act or rules.

C. The board shall take into consideration the dual role of dental therapists as professionals and employees when taking disciplinary action against a licensee.

[16.5.66.9 NMAC - N, 5/30/2021]

16.5.66.10 GUIDELINES:

The board shall define the following as guidelines for disciplinary action.

A. "Gross incompetence" or "gross negligence" means, but shall not be limited to, a significant departure from the prevailing standard of care in patient treatment.

B. "Unprofessional conduct" means, but is not limited to because of enumeration:

(1) performing, or holding oneself out as able to perform, professional services beyond the scope of one's license and field or fields of competence as established by education, experience, training, or any combination thereof; this includes, but is not limited to, the use of any instrument or device in a manner that is not in accordance with the customary standards and practices of the dental therapy profession;

(2) failure to refer a patient, after emergency treatment, to his/her regular dentist and inform the latter of the conditions found and treated;

(3) failure to release to a patient copy of that patient's records and x-rays within 15 business days regardless whether patient has an outstanding balance;

(4) failure to seek consultation whenever the welfare of the patient would be safeguarded or advanced by referral to individuals with special skills, knowledge, and experience;

(5) failure to advise the patient in simple understandable terms of the proposed treatment, the anticipated fee, the expectations of success, and any reasonable alternatives;

- (6)** failure to inform dentist or patient of periodontal assessment;
- (7)** failure to provide patient education of oral health care regimens which assist in maintaining good oral health throughout life;
- (8)** sexual misconduct;
- (9)** failure to use appropriate infection control techniques and sterilization procedures;
- (10)** breach of ethical standards, an inquiry into which the board will begin by reference to the most recent version of the American dental association's code of ethics;
- (11)** fraud, deceit or misrepresentation in any application;
- (12)** violation of any order of the board, and ratified by the board, including any probation order;
- (13)** injudicious administration of any drug or medicine;
- (14)** failure to report to the board any adverse action taken by any licensing board, peer review body, malpractice insurance carrier or any other entity as defined by the board, the surrender of a license to practice in another state, surrender of membership on any medical staff or in any dental therapy or professional association or society, in lieu of, and while under disciplinary investigation by any authority;
- (15)** deliberate and willful failure to reveal, at the request of the board, applying for licensure by the board or board; and
- (16)** cheating on an examination for licensure;
- (17)** failure of a dental therapist to comply with advertising guidelines as outlined in 16.5.1 NMAC;
- (18)** assisting a health professional, or be assisted by a health professional that is not licensed to practice by a New Mexico board, agency or commission;
- (19)** failure to make available to current patients of record a reasonable method of contacting the treating dental therapist or on-call service for dental emergencies; dental practices may refer patients to an alternate urgent care or emergency facility if no other option is available at the time, or if the contacted supervising dentist deems it necessary for the patient's well-being;
- (20)** conviction of either a misdemeanor or a felony punishable by incarceration;

(21) aiding and abetting a dental auxiliary who is not properly certified;

(22) patient abandonment;

(23) habitually addicted as defined in Subsection 4 & 6 of Section 61-5A-21 NMSA 1978 and Subsections C and D of 61.5B-3 NMSA 1978 habitual or excessive use or abuse of drugs, as defined in the Controlled Substances Act, 30-31-1 NMSA 1978 or habitual or excessive use or abuse of alcohol;

(24) failure of the licensee to furnish the board within 10 business days of request; its investigators or representatives with information requested by the board, and ratified by the board;

(25) failure to appear before the board when requested by the board, and ratified by the board, in any disciplinary proceeding; and

(26) failure of compliance with the Parental Responsibility Act Section 40-5A-3 seq., NMSA 1978.

[16.5.66.10 NMAC - N, 5/30/2021]

16.5.66.11 INVESTIGATIVE SUBPOENAS:

The complaint committee of the board is authorized to issue action investigative subpoenas and to employ experts with regard to pending investigations.

[16.5.66.11 NMAC - N, 5/30/2021]

16.5.66.12 REVOCATION OF DENTAL THERAPISTS LICENSE FOR DISCIPLINARY ACTIONS:

A dental therapist licensee whose license is revoked for disciplinary actions shall:

A. provide proof of written notification of practice closure to all patients currently under active treatment;

B. notification to patients should include where and how dental treatment records may be obtained and contact information for dentists available; and

C. provide to the board the location where all active dental treatment records will be maintained for a minimum of six years; active treatment records are records of patients treated in the two years previous to the date of closure; the notification to the board shall include the name, address, and telephone number of the person who is serving as the custodian of the records.

[16.5.66.12 NMAC - N, 5/30/2021]

16.5.66.13 REINSTATEMENT OF REVOKED LICENSE FOR DISCIPLINARY ACTIONS:

A licensee whose license has been revoked for disciplinary actions may request reinstatement of the license after the terms of the settlement agreement have been met. Upon approval from the board, and ratified by the board, and receipt of the request for reinstatement, board staff shall send an application for reinstatement of license.

A. Along with the completed application, the request for reinstatement shall include the reinstatement fee, the triennial renewal fee, impairment fee, and proof of the following continuing education courses:

(1) 20 hours of approved continuing education courses related to the clinical practice of dental hygiene and dental therapy, per year of revocation; at least 20 of these hours shall be in the 12 months previous to the request;

(2) proof of current basic life support (BLS) or cardiac pulmonary resuscitation (CPR) certification accepted by the American heart association, the American red cross, or the American safety and health institute (ASHI); cannot be a self-study course;

(3) proof of infection control course within the past 12 months; and

(4) 60 hours of continuing education required for the last triennial renewal cycle of active licensure; these hours may include continuing education identified at the time of revocation as well as any continuing education taken during the revoked period.

B. Applicant shall authorize the American association of dental examiners clearinghouse to send verification of status directly to the board office.

C. The board will obtain electronic verification of applicant status from the national practitioners' data bank.

D. Verification of licensure in all states where the applicant holds or has held a license to practice dental therapy, or other health care profession. Verification shall be sent directly to the board office from the other state(s) board, shall include a seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form.

E. The board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of revocation and information on any existing impairment. If the board finds the application in order and is satisfied the applicant has fulfilled all required continuing education, the license may be reinstated and the previous license number reassigned. The reinstated license will expire as defined in 16.5.63 NMAC.

F. A dental therapist with a license in revocation status may not practice dental therapy in New Mexico until proof of active licensure is received from the board office.

G. If reinstatement of a revoked license is not requested within three years after settlement agreement has been met, application for a new license shall be made by examination or credentials in order to practice dental therapy in New Mexico.

[16.5.66.13 NMAC - N, 5/30/2021]

16.5.66.14 REINSTATEMENT OF SUSPENDED LICENSE FOR DISCIPLINARY ACTIONS:

For licenses suspended for greater than six months; a licensee whose license has been suspended for disciplinary actions in addition to meeting the terms of the settlement agreement shall also meet the following conditions before reinstatement of licensure:

A. verification of licensure in all states where the applicant holds or has held a license to practice dental therapy, or other health care profession; verification shall be sent directly to the board office from the other state(s) board, shall include a seal, and shall attest to the status, issue date, expiration date, license number, and other information contained on the form;

B. the board at the next regularly scheduled meeting shall review the request for reinstatement, including a statement of the applicant's activities during the period of suspension and information on any existing impairment; the reinstated license will expire as defined in 16.5.63 NMAC; and

C. a dental therapist with a license in suspended status may not practice dental therapy in New Mexico until proof of active licensure is approved by the board and issued by the board office.

[16.5.66.14 NMAC - N, 5/30/2021]

CHAPTER 6: NAPRAPATHIC PRACTITIONERS

PART 1: GENERAL PROVISIONS

16.6.1.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.1.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.1.2 SCOPE:

This part applies to the board, the naprapathic task force, licensees, applicants, and the general public.

[16.6.1.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.1.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.1.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.1.4 DURATION:

Permanent.

[16.6.1.4 NMAC - N, 09-30-04]

16.6.1.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.1.5 NMAC - N, 09-30-04]

16.6.1.6 OBJECTIVE:

This part establishes definitions of terms for rules filed in this chapter, the purpose and organization structure of the naprapathic task force, requirements for display of license, unlicensed practices prohibition, record keeping requirements and inspection of public records limitations.

[16.6.1.6 NMAC - N, 09-30-04; A, 9-22-11]

16.6.1.7 DEFINITIONS:

A. **"Applicant"** means a person who is applying to be licensed for the first time as a naprapath in New Mexico.

B. **"Naprapath"** means a person who practices naprapathy licensed by the board and has met all requirements.

C. **"Naprapathy"** means a branch of medicine that focuses on the evaluation and treatment of neuro-musculoskeletal conditions. Doctors of naprapathy are connective tissue specialists.

D. **"Board"** means the medical board.

E. **"Fund"** means the New Mexico medical board fund.

F. **"License"** means an authorization by the board that permits a person to practice naprapathy in the state.

G. **"Licensee"** means a person licensed by the board to practice naprapathy.

H. **"Advertising"** means any communication whatsoever, disseminated by any means whatsoever, to or before the public or any portion thereof, with the intent of furthering the purpose, either directly or indirectly, of selling professional services, educating the public, or including members of the public to enter into any obligation relating to such professional services.

I. **"Revocation"** means a permanent loss of licensure.

J. **"Suspension"** means a loss of licensure for a certain period, after which the person may be required to file for reinstatement.

K. **"Complaint"** means a sworn written complaint.

L. **"Complainant"** means the complaining party of the complaint filed against a licensee or applicant for licensure, who is regulated by the medical board.

M. **"Respondent"** means a licensee or applicant for licensure who is regulated by the board.

N. **"Notice of contemplated action"** means the administrative process used by the board for a licensee or applicant for licensure to be afforded notice and an opportunity to be heard in a formal hearing before the board has any authority to take any action which could result in denial, suspension, revocation, restricting, monitoring, censuring, etc., of a license or application or licensure.

O. **"Military service member"** means a person who is serving in the armed forces of the United States or in a reserve component of the armed forces of the United States, including the national guard.

P. **"Recent veteran"** means a person who has received an honorable discharge or separation from military service within the two years immediately preceding the date the person applies for a naprapathic license pursuant to section 16.10.2.17. The veteran shall submit a copy of Form DD214, or its equivalent, as part of the application process.

[16.6.1.7 NMAC - N, 09-30-04; A, 9-22-11; A, 10-11-13]

16.6.1.8 PURPOSE OF THE NAPRAPATHIC TASK FORCE:

The naprapathic task force shall advise the board regarding licensure of naprapaths, approval of naprapathy curricula and any other matters that are necessary to ensure the training and licensure of naprapaths.

[16.6.1.8 NMAC - N, 09-30-04; A, 9-22-11]

16.6.1.9 ORGANIZATION:

A. The naprapathic task force is created under the direction of the board.

B. The naprapathic task force shall be composed of no fewer than two licensees, appointed by the board, who are residents of the state. Vacancies on the naprapathic task force shall be filled by appointment by the board.

[16.6.1.9 NMAC - N, 09-30-04; A, 07-31-08; A, 9-22-11]

16.6.1.10 DISPLAY OF LICENSE:

Every licensee must display a current license issued by the board in a conspicuous location where the holder practices naprapathy.

[16.6.1.10 NMAC - N, 09-30-04; A, 9-22-11]

16.6.1.11 UNLICENSED PRACTICE:

A. Persons practicing naprapathy without a license, misrepresenting themselves or aiding and abetting unlicensed practice may be fined up to \$1000.00 after notice and hearing.

B. Aiding unauthorized practice: The naprapath shall not aid or abet another person in his or her professional credentials or illegally engaging in the practice of naprapathy.

[16.6.1.11 NMAC - N, 09-30-04]

16.6.1.12 RECORD KEEPING:

Every naprapath shall keep a record of naprapathic examinations and treatments made that shall include the names of persons examined and treated. The records shall be signed by the licensed naprapath and preserved by him/her in the office in which the professional service was rendered. The records shall be preserved by the naprapath for a period no less than three (3) years after the last date of service. A copy of the patient's file shall be provided, upon written request, to the person examined and treated or to his/her designee.

[16.6.1.12 NMAC - N, 09-30-04]

16.6.1.13 INSPECTION OF PUBLIC RECORDS:

Refer to Title 16, Chapter 10, Part 1 of the New Mexico medical board rules.

[16.6.1.13 NMAC - N, 09-30-04; A, 9-22-11]

PART 2: CODE OF CONDUCT

16.6.2.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.2.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.2.2 SCOPE:

This part applies to applicants and licensees.

[16.6.2.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.2.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.2.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.2.4 DURATION:

Permanent.

[16.6.2.4 NMAC - N, 09-30-04]

16.6.2.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.2.5 NMAC - N, 09-30-04]

16.6.2.6 OBJECTIVE:

This part establishes the ethical requirements for applicants and licensees.

[16.6.2.6 NMAC - N, 09-30-04]

16.6.2.7 DEFINITIONS:

[RESERVED]

16.6.2.8 CODE OF CONDUCT:

Refer to the American naprapathic association (ANA) code of conduct.

[16.6.2.8 NMAC - N, 09-30-04]

PART 3: FEES

16.6.3.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.3.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.3.2 SCOPE:

This part applies to applicants, licensees, continuing education program providers and the general public.

[16.6.3.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.3.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.3.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.3.4 DURATION:

Permanent.

[16.6.3.4 NMAC - N, 09-30-04]

16.6.3.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.3.5 NMAC - N, 09-30-04]

16.6.3.6 OBJECTIVE:

This part establishes the fee structure for application, licensure, license renewal, inactive status, reactivation, reinstatement and miscellaneous charges.

[16.6.3.6 NMAC - N, 09-30-04]

16.6.3.7 DEFINITIONS:

[RESERVED]

16.6.3.8 FEES:

All fees payable to the board are non-refundable.

A. INITIAL LICENSURE FEE: The initial application for licensure fee shall be three hundred twenty dollars (\$320.00).

B. RENEWAL APPLICATION FEE: The renewal application fee shall be two hundred dollars (\$200.00) annually due no later than July 1st of each licensure year. In the event that a licensee fails to renew their license by the deadline of any renewal year, the board shall assess a late fee per 16.6.3.8 C NMAC. Any initial license that is granted on or after April 1st of that licensure year but before the license expiration date of June 30th will be good until the following licensure year and the licensee will not be required to pay the renewal application fee for the first year.

C. LATE FEES:

(1) Any licensure renewal application that is post-marked past the deadline of July 1st, shall be charged a late fee as follows:

(a) Late fee of eighty (\$80.00) is assessed for all naprapathic practitioners who renew their license to active status, and provide the required renewal application documentation per Subsection B of 16.6.3.7 NMAC after July 1 but no later than August 15 of that renewal year.

(b) Late fee of one hundred sixty (\$160.00) for all naprapathic practitioners who renew their license to active status, and provide the required renewal application documentation per Subsection B of 16.6.3.7 NMAC after August 16 but by October 1 of that renewal year.

(2) Any licensee who renews their license by October 1, must submit a renewal application accompanied by the renewal application fee and late fee per Subsection B of 16.6.3.7 NMAC. If the licensee fails to renew their license by October 1 the licensee must reinstate their license as set forth in the reinstatement procedures per Subsection E of 16.6.3.8 NMAC.

D. INACTIVE STATUS FEE: A licensee may submit a request in writing to the board office to be placed on inactive status. The fee for inactive status is twenty-five dollars (\$25.00). Once a license is placed on inactive status, the licensee cannot practice naprapathy in New Mexico.

E. REINSTATEMENT APPLICATION FEE FOR EXPIRED STATUS: Any expired licensee requesting to reinstate their license, will be required to pay a two hundred dollars (\$200.00) reinstatement fee, and a renewal application fee of two hundred dollars (\$200.00), and submit a reinstatement application. The applicant may be required to re-take the national examination at the discretion of the board.

F. MISCELLANEOUS CHARGES:

(1)	license list	\$ 25.00
(2)	license labels	\$ 50.00
(3)	list/labels for commercial use	\$150.00
(4)	copy fee; per page	\$ 1.00

[16.6.3.8 NMAC - N, 9/30/2004; A, 7/31/2008; A, 5/24/2010; A, 9/22/2011; A, 2/8/2022]

PART 4: LICENSE EXPIRATION AND RENEWAL

16.6.4.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.4.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.4.2 SCOPE:

This part applies to applicants and licensees.

[16.6.4.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.4.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.4.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.4.4 DURATION:

Permanent.

[16.6.4.4 NMAC - N, 09-30-04]

16.6.4.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.4.5 NMAC - N, 09-30-04]

16.6.4.6 OBJECTIVE:

This part establishes the requirements for license renewal.

[16.6.4.6 NMAC - N, 09-30-04]

16.6.4.7 DEFINITIONS:

[RESERVED]

16.6.4.8 LICENSE EXPIRATION AND RENEWAL:

A. **License renewal:** Each licensee shall renew their license annually, postmarked on or before July 1st of every year by remitting to the board office a renewal fee as set forth in Subsection C of 16.6.3.8 NMAC with the renewal application form provided by the board. Continuing education hours shall be documented yearly and submitted with renewal application form.

B. **Licensee responsibility:** Renewal application notices will be mailed to the last known address on file with the board office. It is the responsibility of the licensee to keep the board informed of any changes in address or phone numbers. Failure to receive the application notice shall not relieve the licensee of the responsibility of renewing their license(s) before the expiration date.

C. **Late renewal after July 1st:** The licensee must pay a late fee as set forth in Subsection D of 16.6.3.8 NMAC. If a licensee renews their license by October 1st. they must submit a renewal application accompanied by the renewal fee and the late fee.

D. **Late renewal after October 1st:** The licensee must reinstate the license. If the licensee fails to renew their license by October 1st the licensee must reinstate their license as set forth in the reinstatement procedures of the board.

[16.6.4.8 NMAC - N, 09-30-04; A, 07-31-08; A, 05-24-10]

PART 5: INACTIVE STATUS, REINSTATEMENT

16.6.5.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.5.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.5.2 SCOPE:

Any licensed naprapaths who have held a license to practice in New Mexico can inactivate a license, reinstate an inactive license or reinstate a license from expired status.

[16.6.5.2 NMAC - N, 9/30/2004; A, 9/22/2011; A, 2/8/2022]

16.6.5.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.5.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.5.4 DURATION:

Permanent.

[16.6.5.4 NMAC - N, 09-30-04]

16.6.5.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.5.5 NMAC - N, 09-30-04]

16.6.5.6 OBJECTIVE:

This part establishes the requirements for placement of a license on inactive status, reinstatement from inactive status and reinstatement from expired status.

[16.6.5.6 NMAC - N, 09-30-04; A, 9-22-11]

16.6.5.7 DEFINITIONS:

[RESERVED]

16.6.5.8 INACTIVE STATUS:

A. A current licensee in good standing is eligible to be placed on inactive status.

B. A licensee who wishes to be placed on inactive status shall notify the board office in writing before their license expires. The board will acknowledge receipt of the notification.

C. A licensee shall pay the fees established in Subsection D of 16.6.3.8 NMAC to be placed on inactive status by July 1st.

D. An inactive licensee is required to submit proof of continuing education required by an active licensee as defined in Subsection C of 16.6.6.8 NMAC.

E. Once a license is placed on inactive status, the licensee shall not practice naprapathy in New Mexico.

F. A licensee on inactive status shall at all times comply with the provisions of the code of conduct.

[16.6.5.8 NMAC - N, 9/30/2004; A, 5/24/2010; A, 2/8/2022]

16.6.5.9 REINSTATEMENT FROM INACTIVE STATUS:

Any inactive licensee requesting to reinstate their license is required to:

A. pay the reinstatement fee and renewal application fee as defined in Subsection E of 16.6.3.8 NMAC;

B. submit a reinstatement application provided by the board office;

C. submit 30 continuing professional education (CPE) hours for every year the licensee has been inactive as defined in 16.6.6 NMAC;

D. submit verification of licensure, if licensed or previously licensed in another state(s) or jurisdiction; verification shall be sent directly to the board office from the issuing state(s) or jurisdiction; and

E. the applicant may be required to take the national examination at the discretion of the board.

[16.6.5.9 NMAC - N, 5/24/2010; A, 9/22/2011; A, 2/8/2022]

16.6.5.10 REINSTATEMENT FROM EXPIRED STATUS:

Any licensee requesting to reinstate their license is required to:

A. pay the reinstatement application fee and renewal application fee as defined in Subsection F of 16.6.3.8 NMAC;

B. submit a reinstatement application provided by the board office;

C. submit 30 continuing professional education (CPE) hours for every year the license has been expired as defined in 16.6.6 NMAC;

D. submit verification of licensure, if licensed or previously licensed, in another state(s) or jurisdiction; verification shall be sent directly to the board office from the issuing state(s) or jurisdiction; and;

E. the applicant may be required to take the national examination at the discretion of the board.

[16.6.5.10 NMAC - N, 5/24/2010; A, 9/22/2011; A, 2/8/2022]

PART 6: CONTINUING EDUCATION

16.6.6.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.6.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.6.2 SCOPE:

This part applies to licensed naprapaths as well as naprapaths who have previously held a license to practice in New Mexico and wish to reinstate an inactive license or reinstate a license from expired status.

[16.6.6.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.6.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.6.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.6.4 DURATION:

Permanent.

[16.6.6.4 NMAC - N, 09-30-04]

16.6.6.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.6.5 NMAC - N, 09-30-04]

16.6.6.6 OBJECTIVE:

This part establishes continuing education requirements for license renewal.

[16.6.6.6 NMAC - N, 09-30-04]

16.6.6.7 DEFINITIONS:

[RESERVED]

16.6.6.8 CONTINUING EDUCATION:

A. The licensee shall report thirty (30) hours of continuing professional education hours (CPE) per year at the time of renewal. Three (3) of the thirty (30) continuing education hours shall be in ethics.

B. The naprapathic task force shall make recommendations to the board for approval of continuing education courses that meet standard requirements.

C. A licensee that has allowed a license to expire and is seeking reinstatement, must conform to continuing education licensure requirements from the date the license expired.

[16.6.6.8 NMAC - N, 09-30-04; A, 05-24-10; A, 9-22-11]

PART 7: LICENSURE BY ENDORSEMENT AND EXAMINATION

16.6.7.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.7.1 NMAC - N, 10-1-04; A, 9-22-11]

16.6.7.2 SCOPE:

This part applies to naprapathic practitioners applying for licensure in New Mexico.

[16.6.7.2 NMAC - N, 10/1/2004; A, 9/22/2011; A, 2/8/2022]

16.6.7.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.7.3 NMAC - N, 10-1-04; A, 9-22-11]

16.6.7.4 DURATION:

Permanent.

[16.6.7.4 NMAC - N, 10-1-04]

16.6.7.5 EFFECTIVE DATE:

October 1, 2004, unless a later date is cited at the end of a section.

[16.6.7.5 NMAC - N, 10-1-04]

16.6.7.6 OBJECTIVE:

This part establishes the requirements for licensure by endorsement.

[16.6.7.6 NMAC - N, 10-1-04]

16.6.7.7 DEFINITIONS:

[RESERVED]

16.6.7.8 LICENSURE REQUIREMENTS:

A license may be issued to practice naprapathy to individuals who satisfy the following criteria:

- A.** is at least twenty-one years of age;
- B.** has graduated from a two year college-level program or an equivalent program approved by the board after consultation with the naprapathic task force per 16.6.1.8 NMAC;
- C.** has completed, in not less than three years, a four year academic curriculum in naprapathy, that is approved by the board after consultation with the naprapathic task force, and the person has successfully completed 132 hours of academic credit, including 66 credit hours in basic science courses with emphasis on the study of connective tissue, and 66 credit hours in clinical naprapathic science, theory and application;
- D.** passed the national examination administered by the national board of naprapathic examiners (NBNE) and provides the board with evidence of successful completion or holds a current valid license in good standing as a naprapath in another state(s), or jurisdiction that licenses naprapaths;
- E.** provide two letters of recommendation from individuals licensed as a naprapath, in good standing, at the time the letters were written;

F. provide verification of all work experience in the past three years;

G. verification of licensure, if licensed or previously licensed in another state or jurisdiction; verification must be sent directly to the board office from the issuing state(s) or jurisdiction; and;

H. has met all other requirements of the Naprapathic Practice Act.

[16.6.7.8 NMAC - N, 10/1/2004; A, 5/24/2010; A, 9/22/2011; A, 10/11/2013; A, 2/8/2022]

16.6.7.9 LICENSURE DOCUMENTATION REQUIREMENTS:

Each applicant for licensure must submit the required fees and following documentation:

A. completed application with a nonrefundable processing and initial licensure fee per Subsection A of 16.6.3 NMAC;

B. official transcripts from the accredited programs as defined in Subsections B and C of 16.6.7.8 NMAC;

C. certified copy of national board of naprapathic examination (NBNE) certificate;

D. provide two letters of recommendation from individuals licensed as naprapaths, in good standing at the time the letter is written;

E. provide verification of all work experience in the past three years; and

F. submit verification of licensure, if currently or previously licensed in another state(s) or jurisdiction, verification must come directly from the issuing state(s) or jurisdiction; verification must include the state seal or international equivalent and must attest to the status, issue date and license number.

[16.6.7.9 NMAC - N, 5/24/2010; A, 10/11/2013; A, 2/8/2022]

16.6.7.10 [RESERVED]

[16.6.7.10 NMAC - N, 5/24/2010; A, 10/11/2013; Repealed, 2/8/2022]

16.6.7.11 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION.

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a medical license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and issue the appropriate license as soon as practicable. Any qualified applicant seeking

expedited consideration pursuant to this section shall submit a copy of form DD214 with their application.

[16.6.7.11 NMAC - N, 10-11-13]

PART 8: PRACTICE PROCEDURES

16.6.8.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.8.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.8.2 SCOPE:

This part applies to applicants and licensees.

[16.6.8.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.8.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.8.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.8.4 DURATION:

Permanent.

[16.6.8.4 NMAC - N, 09-30-04]

16.6.8.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.8.5 NMAC - N, 09-30-04]

16.6.8.6 OBJECTIVE:

This part establishes diagnostic procedures, meridian therapy and rehabilitation of the neuromusculoskeletal system.

[16.6.8.6 NMAC - N, 09-30-04; A, 9-22-11]

16.6.8.7 DEFINITIONS:

[RESERVED]

16.6.8.8 DIAGNOSTIC PROCEDURES:

A. Naprapathic practitioners are authorized to perform diagnostic procedures specified in this regulation, which shall include the authority to perform and take:

- (1)** medical case history;
- (2)** physical examination of all body systems including, but not limited to:
 - (a)** skin, hair, nails, head, eyes, ears, nose;
 - (b)** cardiovascular and respiratory system, including auscultation;
 - (c)** musculoskeletal system;
 - (d)** neurological system.

B. Naprapathic practitioners are authorized to order any diagnostic procedure from any recognized laboratory or imaging facility reasonably necessary to clinically correlate a physical examination to a diagnostic impression; which shall include, but not be limited to laboratory procedures involving the collection of human fluids, such as saliva, blood, urine, hair, feces and special imaging, such as x-ray; CT scan, MRI, nuclear scans, ultrasonography, thermography, EEG, EKG, ECG and surface or needle EMG.

[16.6.8.8 NMAC - N, 9/30/2004; A, 9/22/2011; A, 2/8/2022]

16.6.8.9 MERIDIAN THERAPY:

A. Naprapaths who practice meridian therapy shall do so in conjunction with standard naprapathic adjusting and manipulative techniques.

B. Naprapaths who practice meridian therapy may not advertise or promote themselves in the media to be acupuncturists unless licensed pursuant to the Acupuncture Act.

[16.6.8.9 NMAC - N, 09-30-04; A, 9-22-11]

16.6.8.10 REHABILITATION OF THE NEUROMUSCULOSKELETAL SYSTEM:

Naprapathic practitioners may use all necessary mechanical, hygienic and sanitary measures incident to the care of the body including but not limited to air, sound, cold, diet, exercise, heat, light, massage, physical culture, rest, ultrasound, water, and electricity.

[16.6.8.10 NMAC - N, 9/30/2004; A, 9/22/2011; A, 2/8/2022]

PART 9: SUPERVISION OF INTERNS

16.6.9.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.9.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.9.2 SCOPE:

This part applies to the applicants, intern naprapaths and licensees.

[16.6.9.2 NMAC - N, 09-30-04; A, 9-22-11]

16.6.9.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.9.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.9.4 DURATION:

Permanent.

[16.6.9.4 NMAC - N, 09-30-04]

16.6.9.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.9.5 NMAC - N, 09-30-04]

16.6.9.6 OBJECTIVE:

This part establishes the requirements for and supervision of interns.

[16.6.9.6 NMAC - N, 09-30-04]

16.6.9.7 DEFINITIONS:

[RESERVED]

16.6.9.8 SUPERVISION OF INTERNS:

A. The purpose for the intern program in New Mexico shall be to safely complete advanced training for the graduating naprapathic intern in the areas including, but not limited to, history taking, exams, patient report of findings, treatment recommendations, treatment room control, staff management, general clinic policies, problem solving skills, team concepts, goal setting, administrative skills, and other training the naprapathic practitioner may feel appropriate to complete the intern's advanced naprapathic training. This purpose enhances the professional training of the intern, the naprapathic college curriculum, the teaching skills of the naprapathic practitioner, the professional status of the profession of naprapathic and the professional standard of naprapathic health care available to New Mexico consumers.

B. Supervising naprapathic practitioner must have a current New Mexico license in "good standing" with the board and have been treating patients as a naprapathic practitioner for at least three years.

C. Supervising doctor must have written verification from the college that the intern is in a board approved equivalent thereof, accredited naprapathic college sanctioned intern program, and the naprapathic practitioner must assure compliance to the guidelines of the institution's intern program.

D. Supervising naprapathic practitioner must personally train intern in naprapathic procedure.

E. Supervising naprapathic practitioner must be physically in the clinic overseeing the intern to provide care for any patient.

F. Public must be informed that the intern is an "intern naprapath", not a licensed naprapathic practitioner in the state.

G. Supervising naprapathic practitioner may allow intern to assist in various exams and therapies on proper naprapathic procedures.

H. The supervising naprapathic practitioner must inform the college if the intern is deemed professionally competent in the diagnosis or treatment of naprapathic patients.

I. A supervising naprapathic practitioner may not supervise more than six interns at one time.

J. Supervising naprapathic practitioner shall register with the board the interns' names, the college they are from, and the term of the internship, and provide proof of malpractice insurance for the supervising naprapathic practitioner in a minimum amount of \$1,000,000 per person - \$3,000,000 per occurrence coverage, at least 15 days before the first day of the internship.

K. The board is to be sent a copy of any report sent to the college involving the intern at the time the report is sent to the college.

[16.6.9.8 NMAC - N, 9/30/2004; A, 5/24/2010; A, 9/22/2011; A, 2/8/2022]

PART 10: NAPRAPATHIC ASSISTANTS [REPEALED]

[This part was repealed on May 24, 2010]

PART 11: PARENTAL RESPONSIBILITY ACT

16.6.11.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.6.11.1 NMAC - N, 09-30-04; A, 9-22-11]

16.6.11.2 SCOPE:

This part applies to the board, licensees, applicants, and the general public.

[16.6.11.2 NMAC - N, 09-30-04]

16.6.11.3 STATUTORY AUTHORITY:

This part is adopted pursuant to and in accordance with the Naprapathic Practice Act, Sections 61-12F-1 through 61-12F-11 NMSA 1978.

[16.6.11.3 NMAC - N, 09-30-04; A, 9-22-11]

16.6.11.4 DURATION:

Permanent.

[16.6.11.4 NMAC - N, 09-30-04]

16.6.11.5 EFFECTIVE DATE:

September 30, 2004, unless a later date is cited at the end of a section.

[16.6.11.5 NMAC - N, 09-30-04]

16.6.11.6 OBJECTIVE:

This part establishes the requirements for compliance of the Parental Responsibility Act as it pertains to licensees and applicants for licensure.

[16.6.11.6 NMAC - N, 09-30-04]

16.6.11.7 DEFINITIONS:

A. **"HSD"** means the New Mexico human services department.

B. **"Statement of compliance"** means a certified statement from HSD stating that an applicant or licensee is in compliance with a judgment and order for support.

C. **"Statement of non-compliance"** means a certified statement from HSD stating that an applicant or licensee is not in compliance with a judgment and an order for support.

[16.6.11.7 NMAC - N, 09-30-04]

16.6.11.8 PARENTAL RESPONSIBILITY ACT:

A. The board adopts this section pursuant to the Parental Responsibility Act (Ch. 25, Laws of 1995).

B. All terms defined in the Parental Responsibility Act shall have the same meanings in this section.

[16.6.11.8 NMAC - N, 09-30-04]

16.6.11.9 DISCIPLINARY ACTION:

If an applicant or licensee is not in compliance with a judgment and order for support, the board:

A. shall deny an application for a license;

B. shall deny the renewal of a license; and

C. has grounds for suspension or revocation of the license.

[16.6.11.9 NMAC - N, 09-30-04]

16.6.11.10 CERTIFIED LIST:

Upon receipt of HSD's certified list of obligors not in compliance with a judgment and order for support, the board shall match the certified list against the current list of board licensees and applicants. Upon the later receipt of an application for license or renewal, the board shall match the applicant against the current certified list. By the end of the month in which the certified list is received, the board shall report to HSD the names of board applicants and licensees who are on the certified list and the action the board has taken in connection with such applicants and licensees.

[16.6.11.10 NMAC - N, 09-30-04]

16.6.11.11 INITIAL ACTION:

Upon determination that an applicant or licensee appears on the certified list, the board shall:

A. commence a formal proceeding in accordance with the Uniform Licensing Act (61-1-1 et seq.) to take the appropriate action pursuant to the Parental Responsibility Act; or

B. for current licensees only, informally notify the licensee that the licensee's name is on the certified list, and that the licensee must provide the board with a subsequent statement of compliance from HSD for license renewal or a specified date not to exceed thirty days; if the licensee fails to provide this statement, the board shall commence a formal proceeding in accordance with the Uniform Licensing Act.

[16.6.11.11 NMAC - N, 09-30-04; A, 9-22-11]

16.6.11.12 NOTICE OF CONTEMPLATED ACTION:

Prior to taking any action pursuant to the Uniform Licensing Act, the board shall serve upon the applicant or licensee a written notice stating that:

A. the board has grounds to take such action, and that the board shall take such action unless the licensee or applicant:

(1) mails a letter (certified mail return receipt requested) within twenty (20) days after service of the notice requesting a hearing; or

(2) provides the board, within thirty (30) days of the date of the notice, with a statement of compliance from HSD;

B. if the applicant or licensee disagrees with the determination of non-compliance, or wishes to come into compliance, the applicant or licensee should contact the HSD child support enforcement division.

[16.6.11.12 NMAC - N, 09-30-04]

16.6.11.13 EVIDENCE AND PROOF:

In any hearing pursuant to the Uniform Licensing Act, relevant evidence is limited to the following:

A. a statement of non-compliance is conclusive evidence that requires the board to take the appropriate action pursuant to the Parental Responsibility Act, unless:

B. the applicant or licensee provides the board with a subsequent statement of compliance which shall preclude the board from taking any action under the Uniform Licensing Act.

[16.6.11.13 NMAC - N, 09-30-04]

16.6.11.14 ORDER:

When a disciplinary action is taken pursuant to the Uniform Licensing Act solely because the applicant or licensee is not in compliance with a judgment and order for support, the order shall state that the application or license shall be reinstated upon presentation of a subsequent statement of compliance. The board may also include any other conditions necessary to comply with board requirements for re-applications or reinstatement of lapsed licensees.

[16.6.11.14 NMAC - N, 09-30-04]

CHAPTER 7: MASSAGE THERAPISTS

PART 1: GENERAL PROVISIONS

16.7.1.1 ISSUING AGENCY:

Regulation and Licensing Department, Massage Therapy Board.

[16.7.1.1 NMAC - Rp, 16.7.1.1 NMAC, 11/15/2019]

16.7.1.2 SCOPE:

This part applies to the board, licensees, registrants, applicants, and the general public.

[16.7.1.2 NMAC - Rp, 16.7.1.2 NMAC, 11/15/2019]

16.7.1.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Massage Therapy Practice Act, Subsections E and F of Section 61-12C-7, Subsection A of Section 61-12C-8 and Section 61-12C-11 NMSA 1978.

[16.7.1.3 NMAC - Rp, 16.7.1.3 NMAC, 11/15/2019]

16.7.1.4 DURATION:

Permanent.

[16.7.1.4 NMAC - Rp, 16.7.1.4 NMAC, 11/15/2019]

16.7.1.5 EFFECTIVE DATE:

November 15, 2019, unless a later date is cited at the end of a section.

[16.7.1.5 NMAC - Rp, 16.7.1.5 NMAC, 11/15/2019]

16.7.1.6 OBJECTIVE:

This part is to establish the requirements for display of licenses and certificates, name change, address change, verification of licensure procedures, board meetings, and inspection of public records.

[16.7.1.6 NMAC - Rp, 16.7.1.6 NMAC, 11/15/2019]

16.7.1.7 DEFINITIONS:

A. "Academic hour" means a credit hour or semester hour taken in an academic setting that is equivalent to 15 class or contact hours.

B. "Active status" means a license that is current and authorized the licensee or registrant to perform the practice or service authorized by the license or registration.

C. "Board" means the New Mexico board of massage therapy, hereinafter referred to as the board.

D. "Board administrator" or "administrator" means the staff person assigned certain express or implied executive and administrative function of the board as defined by board regulations or as required to carry out the provisions of the act.

E. "Class hour" or "contact hour" means no less than 50 minutes of any one-clock hour during which the student/massage therapist participates in a learning activity in the physical presence and under the tutelage of an instructor.

F. "Client" means a recipient of "professional services" or a massage therapy student. In the case of individuals not able to give legal consent their legal guardian shall be the client for decision making purposes.

G. "Clinical practicum" means that a student is providing hands-on massage therapy to members of the public under the supervision of a massage therapy instructor. That instructor must be physically present on the premises for advice and assistance. The student must be enrolled at a registered massage therapy school or being trained by a massage therapy instructor. Clinical practicum does not include classroom practice.

H. "Compensation" means a gain, whether monetary, trade or barter, for massage therapy services.

I. "Complainant" means the complaining party of a complaint filed against a licensee(s), registrant(s), or applicant(s) for licensure or registration.

J. "Complaint" means a sworn written complaint.

K. "Confidential information" means personally identifiable information revealed by a client.

L. "Continuing Education Provider" means:

(1) an individual who was an active New Mexico registered independent massage therapy instructor on February 4, 2019;

(2) a massage therapy school regulated by the requisite regulatory agency where the massage therapy school is located;

(3) a national or international professional association for massage therapists;

(4) an individual or an organization approved by a national or international massage therapy continuing education approval agency;

(5) a health care professional organization; or

(6) an accredited post-secondary educational institution.

M. "Curriculum" means the subject that will be taught, including the knowledge, skills, and abilities, as required in the course syllabus, that students will acquire from the course.

N. "Examining agency" means the national certification board for therapeutic massage and bodywork (NCBTMB) or the federation of state massage therapy boards (FSMTB), or other examination or certification agency approved by the board.

O. "Expired status" means a license that has not been reactivated from inactive status and can no longer be reactivated.

P. "Grace period" refers to the 60 day period following the renewal date when a massage therapist, licensee, or massage school registrant may renew a license or registration (that was not renewed timely) with a penalty fee. A licensee or registrant may still practice or provide the services authorized by the license or registration during those 60 days.

Q. "Grace period status" refers to the license or registration that has not been renewed by the renewal date assigned to it, but has not yet been placed on inactive status.

R. "Hands-On" refers to a massage modality or technique that involves palpation or soft tissue manipulation.

S. "Inactive status" occurs when a massage therapist's license is not renewed by the end of the grace period allowed for in the licensee's renewal cycle. A license can also be placed on inactive status for a period of two years. If the inactive license is not reactivated within those two years, it automatically expires, lapses and becomes null and void.

T. "Inactive status period" refers to a period not to exceed two years and only applies to massage therapists. Massage therapists may not practice during their inactive status period.

U. "Jurisprudence" means an examination covering the Massage Therapy Practice Act and the board's rules and regulations, 16.7 NMAC.

V. "Lapsed status" means the license or registration is null and void, is no longer valid and cannot be reactivated.

W. "Licensee" means a person whose professional conduct is subject to regulation by the board.

X. "Manual" means by use of hands or body.

Y. "Massage therapist" means a person licensed to practice massage therapy pursuant to the New Mexico Massage Therapy Practice Act, Subsection E of Section 61-12C-E NMSA 1978.

Z. "Massage therapy" means the treatment of soft tissues for therapeutic purposes, primarily comfort and relief of pain; it is a health care service that includes gliding, kneading, percussion, compression, vibration, friction, nerve strokes, stretching the tissue and exercising the range of motion and may include the use of oils, salt glows, hot or cold packs or hydrotherapy. Synonymous terms for massage therapy include massage, therapeutic massage, body massage, myomassage, bodywork, body rub or any derivation of those terms. "Massage therapy" does not include the diagnosis or treatment of illness or disease or any service or procedure for which a license to practice medicine, nursing, chiropractic, physical therapy, occupational therapy, acupuncture or podiatry is required by law.

AA. "Massage Therapy Practice Act" refers to Sections 61-12C-1 NMSA 1978 et seq. (as amended through 2019).

BB. "Massage therapy school" means a facility providing an educational program in massage therapy.

CC. **"MBLEx"** means the massage and bodywork licensing examination, as offered by the federation of state massage therapy boards "FSMTB".

DD. **"Mechanical"** means any tool or device that mimics or enhances the actions possible by the hands.

EE. **"National certification examination"** means the national certification examination for therapeutic massage and bodywork (NCETMB) or the national certification examination for therapeutic massage (NCETM).

FF. **"Notice of contemplated action"** means the administrative process used by the board for a licensee, registrant or applicant for licensure or registration to be afforded notice and an opportunity to be heard in a formal hearing before the board, before the board has authority to take any action which would result in denial, suspension, revocation, restriction, probation, monitoring, censuring, etc., of a license, registration, application or licensure or registration.

GG. **"Null and void status"** means the license or registration is no longer valid and cannot be reactivated.

HH. **"Official examination results"** means official pass/fail reports that the applicant has made arrangements to be sent directly to the board by the national certification board for therapeutic massage and bodywork or the federation of state massage therapy boards.

II. **"Official transcripts"** means those transcripts provided to the board office by the massage therapy school where the applicant received training.

JJ. **"Permanent license"** means a license issued once the applicant has met all the requirements for licensure as set forth in this regulation, but which must be kept updated by meeting the board's renewal and continuing education requirements, and which is subject to disciplinary action by the board for violations of the board's statute or regulations, up to and including revocation.

KK. **"Professional massage therapy experience"** means lawful massage therapy services performed for compensation.

LL. **"Professional relationship"** means a business relationship between a licensee and a client for the purpose of the client obtaining the licensee's "professional services.

MM. **"Professional services"** means all actions of the licensee in the context of a "professional relationship" with a client.

NN. **"Related hands-on modalities"** means manual therapies, not directly defined as massage therapy.

OO. "Renew" means to begin again after an interval of time; to make valid again for a further period.

PP. "Renewal date" means the deadline date upon which the license or registration must be made valid again for another period of time.

QQ. "Respondent" means a licensee, registrant or applicant for licensure or registration who is governed under the Massage Therapy Practice Act, and who is the subject of a complaint.

RR. "Sexual conduct" includes, but is not limited to, sexual intercourse, indecent exposure, sexual assault, non-therapeutic anogenital contact or any offer or agreement to engage in any such activities.

SS. "Soft tissue" includes skin, adipose, muscle and myofascial tissues.

TT. "Student" means an individual currently enrolled in or attending class(es) in a massage therapy program under the jurisdiction of the New Mexico state board of massage therapy.

UU. "Syllabus" means a detailed outline of a course including at least: the name of the course, course description, goals and objectives, required prerequisites, number of educational hours, detailed timeline, provisions for make-up work, required text, and reading resources, instructional materials and handouts, requirements for successful completion and method of evaluation.

VV. "Teaching assistant" means an individual who assists an instructor in class. Any instruction to students must be performed while under the direct supervision of the instructor.

WW. "Temporary license" means a license issued one-time only for a maximum period of three months to practice massage therapy while the application for permanent license is in process, and which may only be issued to applicants who have never sat for a licensing examination.

XX. "Treatment of soft tissues" is the repetitive manipulation of soft tissues from more than one anatomical point by manual or mechanical means to accomplish homeostasis or pain relief in the tissues being deformed.

YY. "Uniform Licensing Act" refers to Sections 61-1-1 NMSA 1978 et seq. (as amended through 2003).

[16.7.1.7 NMAC - Rp, 16.7.1.7 NMAC, 11/15/2019]

16.7.1.8 SCOPE OF PRACTICE:

As defined by the Massage Therapy Practice Act, the practice of massage therapy consists of the assessment of the soft tissue structures of the body; the treatment and prevention of physical dysfunction and pain of soft tissue; and joint movement within normal physiologic range of motion to relieve pain or to develop, maintain, rehabilitate or augment physical function.

[16.7.1.8 NMAC - Rp, 16.7.1.8 NMAC, 11/15/2019]

16.7.1.9 MASSAGE THERAPY LICENSE AND REGISTRATION:

A. License/registration display:

(1) A current license/registration must be displayed and must be visible to the public in the principal place of employment or business of the massage therapist or registrant;

(2) A licensee/registrant must practice massage therapy or provide massage therapy training under the name inscribed on the license or registration;

B. Duplicate/replacement license or wall certificate:

(1) The board will issue a duplicate/replacement license or upon receipt of a written request which states the reason for such duplication or replacement (for example: it was lost, stolen, destroyed; or name was legally changed). A replacement license is available for a fee as defined in Subsection D 16.7.3.8 NMAC; and

(2) The records of the board are to reflect that a duplicate/replacement license or wall certificate was issued.

C. Name change:

(1) Any name change requires that a replacement license or registration be issued. The board will issue a replacement license or registration upon receipt of a copy of the legal document (*only* marriage certificate, divorce decree or court order accepted). A change of name form is available from the board's website or from the board office; and

(2) A licensee or registrant not wishing to request a replacement license or registration must continue to use the name as initially issued on the license or registration, until the requirements of Paragraph 1 of Subsection C of 16.7.1.8 NMAC, above have been met.

D. Address change: Licenses and registrations are mailed to the license or registration holder's last mailing address as noted in the records of the board. Therefore, licensees and registrants shall maintain a current mailing address with the board by immediately notifying the board office in writing whenever a change of an

address has occurred. A change of address form is available from the board's website or from the board office.

E. License and registration property of the board: All licenses and registrations are the property of the board and will immediately be returned to the board upon request.

[16.7.1.9 NMAC - Rp, 16.7.1.9 NMAC, 11/15/2019]

16.7.1.10 INSPECTION OF BOARD RECORDS:

A. The board operates in compliance with the Inspection of Public Records Act, Sections 14-2-1 through 14-2-16 NMSA 1978.

B. The board administrator is the custodian of the board's records.

C. Any one may examine all public records in the board's custody, provided the person gives advance notice to the board administrator in accordance with the Inspection of Public Records Act.

D. The board may provide copies of public records upon request and upon payment of a copying fee in accordance with Subsection D of 16.7.3.8 NMAC, or as may be ordered by a court of competent jurisdiction.

E. Only the board's staff is authorized to remove original board documents from the board's office for the purpose of attending board or committee meetings or other board business.

F. The board office is not obligated to create lists, labels or any other materials that are not already in existence.

[16.7.1.10 NMAC - Rp, 16.7.1.10 NMAC, 11/15/2019]

16.7.1.11 PUBLIC RECORDS:

Except as provided herein and except as otherwise provided by law, all applications, pleadings, petitions, motions, exhibits, decisions and orders entered following formal disciplinary proceedings conducted pursuant to the Uniform Licensing Act are matters of a public record as of the time of filing with or by the board.

[16.7.1.11 NMAC - Rp, 16.7.1.11 NMAC, 11/15/2019]

16.7.1.12 NON-PUBLIC RECORDS:

A. Except as provided herein and except as otherwise provided by law, the following records will be considered confidential and are not subject to public inspection:

- (1) letters of reference;
- (2) medical reports or records of chemical dependency, physical or mental examinations or treatment;
- (3) examination scores; the contents of any examination used to test for an individual's knowledge or competence;
- (4) investigative files; and
- (5) matters of opinion.

B. Only board members and board staff may have access to non-public records, unless approved by the board attorney or ordered by a court of competent jurisdiction.

[16.7.1.12 NMAC - Rp, 16.7.1.12 NMAC, 11/15/2019]

16.7.1.13 TELEPHONE CONFERENCES:

If it is difficult or impossible for a member of the board to attend a meeting in person, the member may participate through telephone conference. Each member participating by telephone conference must be identified when speaking; all participants must be able to hear each other at the same time; and members of the public attending the meeting must be able to hear any member of the board who speaks during the meeting.

[16.7.1.13 NMAC - Rp, 16.7.1.13 NMAC, 11/15/2019]

PART 2: PROFESSIONAL CONDUCT

16.7.2.1 ISSUING AGENCY:

Regulation and Licensing Department, Massage Therapy Board.

[16.7.2.1 NMAC - Rp 16.7.2.1 NMAC, 11/15/2019]

16.7.2.2 SCOPE:

This part applies to the conduct of licensees and applicants.

[16.7.2.2 NMAC - Rp 16.7.2.2 NMAC, 11/15/2019]

16.7.2.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Massage Therapy Practice Act, Subsection J of Section 61-12C-8 NMSA 1978.

[16.7.2.3 NMAC - Rp 16.7.2.3 NMAC, 11/15/2019]

16.7.2.4 DURATION:

Permanent.

[16.7.2.4 NMAC - Rp 16.7.2.4 NMAC, 11/15/2019]

16.7.2.5 EFFECTIVE DATE:

November 15, 2019, unless a different date is cited at the end of a section.

[16.7.2.5 NMAC - Rp 16.7.2.5 NMAC, 11/15/2019]

16.7.2.6 OBJECTIVE:

This part is to establish the standards against which the required professional conduct of a massage therapist is measured. Each licensee will be governed by this part whenever providing massage therapy services in a professional context. A violation of this part is sufficient reason for disciplinary action pursuant to the Massage Therapy Practice Act under the Uniform Licensing Act.

[16.7.2.6 NMAC - Rp 16.7.2.6 NMAC, 11/15/2019]

16.7.2.7 DEFINITIONS:

(Refer to 16.7.17 NMAC).

[16.7.2.7 NMAC - Rp 16.7.2.7 NMAC, 11/15/2019]

16.7.2.8 CODE OF PROFESSIONAL CONDUCT:

A. Competence: Each licensee and applicant shall:

(1) limit practice and instruction to the areas of competence in which proficiency has been gained through education, training, and experience and refer clients to other health professionals when appropriate;

(2) acknowledge the limitations of and contraindications to massage therapy and will not encourage unnecessary or unjustified treatment; and

(3) not delegate professional responsibilities to a person who is not qualified or licensed to perform them;

B. Dual relationship: It is presumed that a power imbalance exists in professional relationships between licensees and clients. Therefore each licensee, in interacting with

a client or former client to whom the licensee has at anytime within the previous three months rendered massage therapy or instruction, shall not engage in romantic or sexual conduct.

C. Client welfare: Each licensee and applicant shall:

- (1) conduct their business and professional activities with honesty and integrity;
- (2) obtain prior informed consent of the client regarding draping and treatment to ensure the safety, comfort and privacy of the client;
- (3) provide privacy for the client while the client is dressing or undressing;
- (4) modify or terminate treatment at the client's request, regardless of prior consent;
- (5) refuse to treat any person or part of the body for just and reasonable cause;
- (6) not undertake or continue treatment with a client when the licensee is impaired due to mental, emotional or physiologic conditions including substance or alcohol abuse;
- (7) maintain clean equipment, linens, clothing and work areas;
- (8) not engage in any verbally or physically abusive behavior; or
- (9) take unfair advantage of the client for financial gain.

D. Confidentiality of clients: Each licensee shall safeguard confidential information of the client, unless disclosure is required by law, court order, authorized by the client or absolutely necessary for the protection of the public.

E. Representation of services: Each licensee and applicant shall:

- (1) disclose to the client the schedule of fees for services prior to treatment;
- (2) not misrepresent directly or by implication of his professional qualifications such as type of licensure, education, experience, or areas of competence;
- (3) not falsify professional records;
- (4) include in any advertisement for massage;
 - (a) his full name as licensed with the board and license number; and

(b) the designation or abbreviation as a "licensed massage therapist" or "LMT" and "registered massage therapy school" or "RMTS".

(5) When offering gratuitous services or discounts in connection with professional services, each licensee must clearly and conspicuously state whether or not additional charges may be incurred by related services and the possible range of such additional charges; and

(6) not advertise massage therapy services or instruction, which contains:

(a) a false, fraudulent, misleading, deceptive statement; or

(b) suggestion of sexual stimulation.

F. Violation of the law: Each licensee and applicant shall *not*:

(1) violate any applicable statute or administrative regulation governing the practice of massage therapy;

(2) use fraud, misrepresentation, or deception in obtaining a massage therapy license or renewal, in passing a massage therapy licensing examination, in assisting another to obtain a massage therapy license or to pass a massage therapy licensing examination, in providing massage therapy services, or in conducting any other activity related to the practice of massage therapy; or

(3) be convicted of any crime that substantially relates to the qualifications, functions, or duties of a massage therapist.

G. Resolving professional conduct issues: Each licensee and applicant shall:

(1) have an obligation to be familiar with this part. Lack of knowledge of professional conduct standard is not itself a defense to a charge of unethical conduct;

(2) cooperate with investigations, proceedings, and resulting requirements of this part. Failure to cooperate is itself an ethics violation.

[16.7.2.8 NMAC - Rp 16.7.2.8 NMAC, 11/15/2019]

PART 3: FEES

16.7.3.1 ISSUING AGENCY:

Regulation and Licensing Department, Massage Therapy Board.

[16.7.3.1 NMAC - Rp 16.7.3.1 NMAC, 11/15/2019]

16.7.3.2 SCOPE:

This part applies to licensees, registrants, and applicants for licensure and registration.

[16.7.3.2 NMAC - Rp 16.7.3.2 NMAC, 11/15/2019]

16.7.3.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Massage Therapy Practice Act, Section 61-12C-20 NMSA 1978.

[16.7.3.3 NMAC - Rp 16.7.3.3 NMAC, 11/15/2019]

[16.7.3.5 NMAC - Rp 16.7.3.5 NMAC, 11/15/2019]

16.7.3.6 OBJECTIVE:

This part is to establish the required fees for application, examination, licensure, registration, renewal, reactivation of a license, duplicate/replacement license or certificate, verification of licensure or registration, and such other fees as determined by the board.

[16.7.3.6 NMAC - Rp 16.7.3.6 NMAC, 11/15/2019]

16.7.3.7 DEFINITIONS:

(Refer to 16.7.1.7 NMAC).

[16.7.3.7 NMAC - Rp 16.7.3.7 NMAC, 11/15/2019]

16.7.3.8 FEE SCHEDULE:

A. Massage therapist:

- (1) Application: \$75.00.

- (2) Initial license: Pro-rated at \$5.00 per month of initial license term.
- (3) Temporary license: \$25.00.
- (4) Expedited license: Pro-rated at \$5.00 per month of initial license term.
- (5) Biennial renewal: \$125.00.
- (6) Late renewal penalty: \$75.00.
- (7) Renewal during the grace period: \$125.00 plus late renewal penalty fee.
- (8) Reactivation from inactive status: \$125.00 plus late renewal penalty fee.
- (9) Review fee for "other" elective courses as provided in 16.7.4.14 NMAC: \$50.00.

B. Massage therapy school:

- (1) Registration: \$50.00.
- (2) Annual renewal: \$50.00.
- (3) Late renewal penalty: \$75.00.
- (4) Application review: \$400.00.
- (5) Curriculum change review: \$50.00.

C. Administrative fees:

- (1) Paper lists: \$50.00.
- (2) Labels: \$75.00.
- (3) Electronic list: \$125.00.
- (4) Replacement license: \$25.00.
- (5) Verification of license \$15.00.
- (6) Other administrative fees (at the discretion of the board or board administrator) not to exceed \$500.00.

D. Continuing education fees:

(1) One-time fee for course taught by a continuing education provider who was an active New Mexico registered independent massage therapy instructor on February 4, 2019: \$50.00.

(2) One-time application fee for a course taught by an individual or other entity who is not a continuing education provider, per each new course: \$50.00.

E. All fees collected by the board are non-refundable.

[16.7.3.8 NMAC - Rp 16.7.3.8 NMAC, 11/15/2019; A, 03/14/2023]

PART 4: REQUIREMENTS FOR LICENSURE BY EXAMINATION

16.7.4.1 ISSUING AGENCY:

Regulation and Licensing Department, Massage Therapy Board.

[16.7.4.1 NMAC - Rp, 16.7.4.1 NMAC, 03/14/2023]

16.7.4.2 SCOPE:

This part applies to applicants for licensure.

[16.7.4.2 NMAC - Rp, 16.7.4.2 NMAC, 03/14/2023]

16.7.4.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Massage Therapy Practice Act, Sections 61-12C-1 to -28 NMSA 1978.

[16.7.4.3 NMAC - Rp, 16.7.4.3 NMAC, 03/14/2023]

16.7.4.4 DURATION:

Permanent.

[16.7.4.4 NMAC - Rp, 16.7.4.4 NMAC, 03/14/2023]

16.7.4.5 EFFECTIVE DATE:

March 14, 2023, unless a later date is cited at the end of a section.

[16.7.4.5 NMAC - Rp, 16.7.4.5 NMAC, 03/14/2023]

16.7.4.6 OBJECTIVE:

The objective of Part 4 is to promote, preserve and protect the public health, safety and welfare by regulating and setting professional standards for applicants for licensure by examination and temporary licensure.

[16.7.4.6 NMAC - Rp, 16.7.4.6 NMAC, 03/14/2023]

16.7.4.7 DEFINITIONS:

(Refer to 16.7.1.7 NMAC).

[16.7.4.7 NMAC - Rp, 16.7.4.7 NMAC, 03/14/2023]

16.7.4.8 LICENSE OR REGISTRATION REQUIRED:

A. Massage therapists: A person must be licensed by the board in order to legally provide or offer to provide massage therapy as defined in 16.7.1.7 NMAC; or to use the title or represent themselves to be a massage therapist; or to use any other title, abbreviations, letters, figures, signs or devices that indicate the person is a massage therapist.

B. Massage therapy schools: Massage therapy schools must be registered by the board, as set forth in 16.7.5 NMAC, before they can legally operate and offer education, instruction or training in massage therapy.

[16.7.4.8 NMAC - Rp, 16.7.4.8 NMAC, 03/14/2023]

16.7.4.9 LICENSURE EXEMPTIONS:

A. The following are exempted from licensure by the board pursuant to the Massage Therapy Practice Act:

(1) qualified members of other recognized professions that are licensed or regulated under New Mexico law when rendering services within the scope of their licenses or regulations, provided that they do not represent themselves as massage therapists;

(2) students within the course of study of a registered massage therapy school; and

(3) sobadores; Hispanic traditional healers; Native American healers; reflexologists whose practices are limited to hands, feet and ears; practitioners of polarity, Trager approach, Feldenkrais method, craniosacral therapy, Rolfing structural integration, reiki, ortho-bionomy or ch'i gung; or practitioners of healing modalities not listed in this subsection who do not manipulate the soft tissues for therapeutic purposes.

B. An exempt practitioner who applies for a license pursuant to the Massage Therapy Practice Act shall comply with all licensure requirements of the act and rules of the board.

[16.7.4.9 NMAC - Rp, 16.7.4.9 NMAC, 03/14/2023]

16.7.4.10 GENERAL PROVISIONS FOR LICENSURE BY EXAMINATION:

A. Age: The applicant must be 18 years of age or older on the date the application is submitted.

B. Pre-requisite education: The applicant must have completed high school or its equivalent.

C. Application fee: The applicant must pay the required application-processing fee as set forth in Subsection D of 16.7.3.8 NMAC of the board's regulations.

D. Application form: The applicant must complete the application on an approved form; incomplete applications will not be accepted or will be returned to the applicant.

E. First Aid and cardiopulmonary resuscitation (CPR): The applicant must have completed four contact course hours of cardiopulmonary resuscitation (CPR) to include automatic external defibrillator (CPR/AED) and four contact course hours of first aid and must provide proof, with the application, of current certification in basic life support. No on-line courses will be accepted. Courses must be maintained in current standing.

[16.7.4.10 NMAC - Rp, 16.7.4.10 NMAC, 03/14/2023]

16.7.4.11 MESSAGE SCHOOL REQUIREMENT:

The applicant for licensure by examination as a massage therapist must have graduated from a massage therapy school approved to operate as a private post-secondary educational institution or its equivalent.

A. Out-of-state or multiple schools: The applicant who has graduated from an out-of-state massage therapy school or who has attended more than one massage therapy school must make arrangements for the school to provide the following items.

(1) the board's form "A" completed and submitted directly to the board by the massage therapy school(s) that the applicant attended as provided in 16.7.4.13 NMAC;

(2) an official transcript submitted directly to the board by the school(s) that meets the requirements in Subsection B of 16.7.4.11 NMAC;

(3) proof that the school is approved to operate as a private post-secondary educational institution or its equivalent. The respective state's department of higher

education usually grants this approval. The name of the agency or entity may vary from state to state.

B. Official transcripts of massage therapy training: The applicant shall make arrangements for official transcript(s) to be sent directly to the board by the educational institution documenting that the applicant has completed the minimum curricula of 650 hours of massage therapy training as provided in 16.7.4.12 NMAC.

(1) if more than one massage therapy school was attended, at least one official transcript must document a minimum of 300 class hours of training in massage therapy as defined in 16.7.4.7 NMAC above;

(2) continuing education (CE) or continuing education units (CEU) may be accepted toward the educational requirements for licensure;

(3) if official transcripts are not available due to unusual circumstances (example: school closure, destroyed records), the applicant will be responsible to provide satisfactory evidence to the board of completion of the required massage therapy training. The board shall consider such documentation on a case-by-case basis.

[16.7.4.11 NMAC - Rp, 16.7.4.11 NMAC, 03/14/2023]

16.7.4.12 MINIMUM CURRICULA OF MASSAGE THERAPY TRAINING:

The applicant for licensure by examination must have completed at least the 650 hour minimum curricula of massage therapy training. The massage therapy training must meet the following minimum curriculum requirements:

A. one hundred sixty five (165) hours minimum of anatomy and physiology, to include:

- (1) physiology;
- (2) anatomy;
- (3) kinesiology; and
- (4) 40 hours minimum of pathology.

B. one hundred fifty (150) hours minimum of training in massage therapy as defined in 16.7.1.7 NMAC.

(1) the massage therapy training shall include contraindications of massage therapy;

(2) a minimum of 100 hours of hands on training must be completed before the student is allowed to begin a clinical practicum as defined in 16.7.1.7 NMAC.

C. seventy-five hours minimum of general instruction to include.

- (1) business; effective October 31, 2021, minimum of 20 hours;
- (2) hydrotherapy; effective October 31, 2021, minimum of eight hours;
- (3) 30 hours minimum of professional ethics;
- (4) four hours of first aid; and
- (5) four hours of cardiopulmonary resuscitation to include automatic external defibrillation (CPR/AED).

D. Electives may include:

- (1) additional massage therapy;
- (2) related hands-on modalities;
- (3) additional anatomy and physiology;
- (4) clinical practicum (not to exceed 150 hours);
- (5) counseling;
- (6) herbology;
- (7) homeopathy;
- (8) nutrition;
- (9) breathing and stretching techniques;
- (10) theory; and
- (11) other courses with prior board approval. See 16.7.4.14 NMAC for instructions.

E. The total number of hours in the massage therapy program is a minimum of 650 hours.

F. If an applicant is missing a core curriculum course or is missing a small portion of the core curriculum to complete the 650 hour requirement, the applicant may obtain the

training course(s) from a continuing education provider, or from a massage therapy school that meets the requirements in 16.7.4.13 NMAC.

G. The board will accept professional work experience (not to exceed 150 hours) from applicants with documented proof accounting for all hours by completing Form C. These hours must have been performed legally and the applicant must provide proof of licensure or registration during the time the work was performed.

[16.7.4.12 NMAC - Rp, 16.7.4.12 NMAC, 03/14/2023]

16.7.4.13 FORM "A" FROM MASSAGE SCHOOL REQUIREMENT:

A. The following circumstances require that the applicant's massage school(s) submit a completed "form A for massage school" to the board office along with an official transcript and proof that the massage therapy school(s) is/was approved to operate as a private post-secondary educational institution or its equivalent at the time the applicant attended the school(s):

- (1) if the applicant attended a massage school that is located out-of-state; or
- (2) if the applicant has attended more than one massage therapy school whether in-state or out-of-state; or
- (3) if the applicant graduated from a massage therapy school more than two years ago.

B. The "form A for massage school" contains four sections corresponding to Subsections A, B, C, and D of 16.7.4.12 NMAC, and each section must be completed correctly to prevent delays in the applicant's licensure process.

(1) an hourly breakdown must be provided for each course/category/subject listed that the school provided in the curriculum that the applicant completed. If a subject is taught within another subject, the school should provide a written explanation on school letterhead and attached to the form "A";

(2) If there are no hours specified next to a course/category/subject, it will be an indication to the board that the course/category/subject was *not* part of the school's curriculum.

[16.7.4.13 NMAC - Rp, 16.7.4.13 NMAC, 03/14/2023]

16.7.4.14 ELECTIVE COURSES IN THE "OTHER" CATEGORY:

If an applicant has attended a massage therapy training program that is not a registered massage therapy school or provides proof of completion of elective courses that falls under the "other" category in Paragraph (11) of Subsection D of 16.7.4.12 NMAC, the

course(s) will be reviewed on a case-by-case basis and may be accepted by the board. The applicant must provide the following.

- A.** A separate written request for consideration of the course(s).
- B.** An official transcript that clearly names the course(s) to be considered.
- C.** A copy of the school catalog that clearly describes the course(s) to be considered. In accordance with Paragraph (2) of Subsection B of 16.7.4.11 NMAC, continuing education will *NOT* be accepted.
- D.** An administrative review fee as set forth in Paragraph (7) of Subsection A of 16.7.3.8 NMAC.

[16.7.4.14 NMAC - Rp, 16.7.4.14 NMAC, 03/14/2023]

16.7.4.15 DOCUMENTS IN A FOREIGN LANGUAGE:

Any document submitted in a foreign language must be accompanied by an accurate translation in English.

- A.** each translated document must bear the affidavit of the certified translator attesting to it being a true and complete translation of the original document;
- B.** the affidavit must also contain the translator's contact information, including name, address and phone number of the organization that granted the translator certification;
- C.** each translated document must bear a notary seal and signature swearing that the document is that of the applicants; and
- D.** translation of any document relevant to a person's application will be at the expense of the applicant.

[16.7.4.15 NMAC - Rp, 16.7.4.15 NMAC, 03/14/2023]

16.7.4.16 SPECIFIC PROVISIONS FOR A TEMPORARY LICENSE:

A license issued one time only for a maximum period of three months to practice massage therapy while the application for permanent license is in process, and which may only be issued to applicants who have never sat for a licensing examination.

A. Qualifications for temporary license:

- (1) the applicant for temporary license must meet all the requirements set forth in 16.7.4.10 through 16.7.4.15 NMAC;

(2) the applicant for temporary license must not have previously sat for a certification examination for therapeutic massage and bodywork (NCETMB), the national certification examination for therapeutic massage (NCETM), the massage board licensing examination (MBLEx), or other examining or certification agency approved by the board;

(3) the applicant may obtain a temporary license while waiting to sit for the national examination;

(4) upon submitting the application for licensure, the applicant for a temporary license must submit a temporary license fee, as set forth in Subsection D of 16.7.3.8 NMAC;

(5) the board may deny issuance of a temporary license for the same reasons a permanent license may be denied.

B. Issuance of the temporary license:

(1) the applicant for temporary license may not begin work until the temporary license has been issued by the board, has been received by the licensee, and has been publicly posted in principal place of practice;

(2) the temporary licensee may *not* advertise in the yellow pages or other similar advertising book;

(3) the temporary licensee must keep the board informed at all times of any change in address and contact phone number(s).

C. Surrender of temporary license required:

(1) if a temporary license holder fails the national examination, the temporary license immediately becomes null and void and must be surrendered directly to the board office within 15 days of the examination date; and the privileges to practice authorized by the temporary license are no longer valid;

(2) expired or null and void temporary licenses shall be surrendered to the board;

(3) if an applicant, who holds a temporary license that must be surrendered, has misplaced or lost the temporary license and cannot return it to the board as required, the applicant must provide the board with an affidavit attesting that the license has been lost or misplaced and that the applicant is no longer practicing massage therapy.

16.7.4.17 SPECIFIC PROVISION FOR PERMANENT LICENSURE:

The applicant must meet all the requirements set forth in 16.7.4.10 through 16.7.4.15 NMAC, in addition to the following requirements:

A. Jurisprudence examination: The applicant for permanent licensure must successfully pass the board's jurisprudence examination as set forth in 16.7.10.8 NMAC.

B. Pass a licensing or certification exam approved by the board (including MBLEx, NCETM or NCETMB), and must make arrangements for the national examining agency to send official examination results, as defined in 16.7.4.7 NMAC, directly to the board.

C. Licensure fee: Upon written notification, sent by the board that the applicant has met all other requirements for licensure, the applicant must submit the initial license fee as stated in the notification based on the fee structure set forth in Subsection A of 16.7.3.8 NMAC.

(1) the initial licensure fee must be paid in full before the permanent license will be issued;

(2) if the applicant fails to pay the initial license fee within 30 days of receipt of the notification of approval, the application will be deemed withdrawn and subject to the provisions in 16.7.4.19 NMAC.

[16.7.4.17 NMAC - Rp, 16.7.4.17 NMAC, 03/14/2023]

16.7.4.18 APPLICATION EXPIRATION, WITHDRAWAL, AND DESTRUCTION:

A. Expiration or withdrawal of application: The application for licensure expires as follows and all previously paid fees will be forfeited if:

(1) the applicant fails to complete all requirements for temporary or permanent licensure within one year from the date the applicant's application file is started by board office staff; or

(2) the applicant withdraws the application, either by notifying the board in writing or by not paying the initial license fee within the time allowed in Subsection C of 16.7.4.17 NMAC.

B. If the applicant still wishes to seek licensure after the application has expired or been withdrawn and it is still within one year after the application expired was withdrawn, the applicant shall complete the following procedure.

(1) submit a "reapplication form for withdrawn or expired application;"

- (2) submit whatever the application fee is at the time of reapplication;
- (3) complete any other requirements or submit any other documentation pending when the application was expired or withdrawn.

C. Application destruction: The board will maintain the expired or withdrawn application file for a period of one year after the expiration or withdrawal date.

- (1) after that date, the file will be purged from the board's records and destroyed;
- (2) the applicant whose application has been purged from the board's records must complete the entire application process again if, in the future, they are interested in licensure.

D. Temporary license unavailable: The option for a temporary license will no longer be available to a person whose application has expired, been withdrawn, or been destroyed from the board's records.

[16.7.4.18 NMAC - Rp 16.7.4.19 NMAC, 03/14/2023]

16.7.4.19 INITIAL LICENSE PERIOD:

Initial licenses, including initial licenses issued to applicants for expedited licensure by credentials, shall be issued for a period of up to two years, depending on when in the renewal cycle the initial license is issued, in order to schedule the license to renew on October 31.

A. The first renewal cycle may be for as short a period as one year and the initial license fee may be prorated accordingly based on the fee structure set forth in Subsection A of 16.7.3.8 NMAC.

B. After the license is renewed the first time, the license will be scheduled into a biennial cycle and will be renewed every two years.

[16.7.4.19 NMAC - Rp 16.7.4.20 NMAC, 03/14/2023]

16.7.4.20 DISPLAY OF LICENSE:

While performing massage therapy the licensee must display their current license to practice massage therapy in a conspicuous place of their practice location or place of their business.

[16.7.4.20 NMAC - Rp 16.7.4.21 NMAC, 11/15/2019]

16.7.4.21 ADDRESS AND EMPLOYMENT PRACTICE CHANGES:

It is the licensee's responsibility to provide written notification to the board of any changes in addresses, phone numbers, and practice location(s) within 30 days in order that renewal notices and other correspondence from the board will be received by the licensee in a timely manner, and in order for the board to be able to maintain accurate licensing records. A form is available for this purpose from the board office or from the board's website at www.rld.state.nm.us, or a letter to the board advising of the changes will also be adequate.

[16.7.4.21 NMAC - Rp 16.7.4.22 NMAC, 03/14/2023]

16.7.4.22 ELECTRONIC APPLICATIONS:

In accordance with the Uniform Electronic Transactions Act, Sections 14-16-1 through 14-16-21 NMSA 1978, the board or its designee will accept electronic application.

A. A person seeking licensure as a New Mexico massage therapist or registrant may do so by submitting an electronic application. Applicants shall submit all information as required by 16.7.4 NMAC.

B. A massage therapist may renew his or her license, and a registrant may renew his or her registration, electronically through a designated website provided by the board. A person renewing his or her license or certificate shall submit all documentation as required by 16.7.12 NMAC.

C. A massage therapist or registrant who is currently on inactive status may submit an electronic applications requesting reactivation of his or her license or registration. A person requesting reactivation of his or her license or registration shall submit all documentation as required by the Massage Therapy Practice Act, Section 61-12C-18 NMSA 1978, and 16.7.12.9 and 16.7.12.15 NMAC.

D. A person whose massage therapy license or registration has been suspended or revoked, or has expired, may in accordance with the Massage Therapy Act, the board's rules and any lawful board or court order, submit an electronic application seeking reinstatement. Applicants shall submit all information as required by the Massage Therapy Practice Act, NMSA 1978. Chapter 61, Article 12C NMSA and the board's rules.

[16.7.4.22 NMAC - Rp 16.7.4.23 NMAC, 03/14/2023]

16.7.4.23 CRIMINAL CONVICTIONS:

A. Convictions for any of the following offenses, or their equivalents in any other jurisdiction, are disqualifying criminal convictions that may disqualify an applicant from receiving or a licensee retaining a license issued by the board:

- (1) homicide or manslaughter;

- (2) kidnapping, false imprisonment, aggravated assault or aggravated battery;
- (3) rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, promoting prostitution, accepting the earnings of a prostitute, human trafficking, willfully or knowingly failing to comply with the registration or verification requirements of the sex offender registration and notification act, or other related felony sexual offenses;
- (4) crimes involving robbery, larceny, extortion, burglary, bribery, fraud, forgery, embezzlement, credit card fraud, or receiving stolen property;
- (5) failure to comply with a proclamation of the governor; or
- (6) an attempt, solicitation, or conspiracy involving any of the felonies in this subsection.

B. The board shall not consider the fact of a criminal conviction as part of an application for licensure or licensure renewal unless the conviction in question is one of the disqualifying criminal convictions listed in Subsection A of 16.7.4.24 NMAC.

C. The board shall not deny, suspend or revoke a license on the sole basis of a criminal conviction unless the conviction in question is one of the disqualifying criminal convictions listed in Subsection A of 16.7.4.24 NMAC.

D. Nothing in this rule prevents the board from denying an application or disciplining a licensee on the basis of an individual's conduct to the extent that such conduct violated the Massage Therapy Practice Act, regardless of whether the individual was convicted of a crime for such conduct or whether the crime for which the individual was convicted is listed as one of the disqualifying criminal convictions listed in Subsection A of 16.7.4.24 NMAC.

E. In connection with an application for licensure or license renewal, the board shall not use, distribute, disseminate, or admit into evidence at an adjudicatory proceeding criminal records of any of the following:

- (1) an arrest not followed by a valid conviction;
- (2) a conviction that has been sealed, dismissed, expunged or pardoned;
- (3) a juvenile adjudication; or
- (4) a conviction for any crime other than the disqualifying criminal convictions listed in Subsection A of 16.7.4.21 NMAC.

16.7.4.24 [RESERVED]:

PART 5: REQUIREMENTS FOR SCHOOLS

16.7.5.1 ISSUING AGENCY:

Regulation and Licensing Department, Massage Therapy Board.

[16.7.5.1 NMAC - Rp 16.7.5.1 NMAC, 11/15/2019]

16.7.5.2 SCOPE:

This part applies to applicants for a massage therapy school registration, and to registered massage therapy schools.

[16.7.5.2 NMAC - Rp 16.7.5.2 NMAC, 11/15/2019]

16.7.5.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Massage Therapy Practice Act, Subsections B and F of Section 61-12C-8 NMSA 1978, and Section 61-12C-10 NMSA 1978.

[16.7.5.3 NMAC - Rp 16.7.5.3 NMAC, 11/15/2019]

16.7.5.4 DURATION:

Permanent.

[16.7.5.4 NMAC - Rp 16.7.5.4 NMAC, 11/15/2019]

16.7.5.5 EFFECTIVE DATE:

November 15, 2019 unless a later date is cited at the end of section.

[16.7.5.5 NMAC - Rp 16.7.5.5 NMAC, 11/15/2019]

16.7.5.6 OBJECTIVE:

This part is to establish the minimum application requirements for massage therapy schools, and to establish the standards for registered massage therapy schools.

[16.7.5.6 NMAC - Rp 16.7.5.6 NMAC, 11/15/2019]

16.7.5.7 DEFINITIONS:

(Refer to 16.7.1.7 NMAC).

[16.7.5.7 NMAC - Rp 16.7.5.7 NMAC, 11/15/2019]

16.7.5.8 REQUIREMENTS FOR REGISTRATION:

At the time of application the applicant will provide the following information to the board.

A. A completed, legible application for licensure, which must either be typed or printed in black ink. Incomplete applications will not be accepted and will be returned to the applicant for completion.

B. A 650 hour curriculum that must meet the following minimum curricula requirements:

(1) 165 hours minimum of anatomy and physiology, to include:

(a) physiology;

(b) anatomy;

(c) kinesiology; and

(d) 40 hours minimum of pathology.

(2) 150 hours minimum of massage therapy as defined in 16.7.1.7 NMAC.

(a) Shall include contraindications of massage therapy.

(b) A minimum of 100 hours of hands on training must be completed before a student may begin clinical practicum, as defined in Subsection G of 16.7.1.7 NMAC.

(3) 75 hours minimum of general instruction, to include:

(a) business; effective October 31, 2021, minimum of 20 hours;

(b) hydrotherapy; effective October 31, 2021, minimum of eight hours;

(c) first aid – four hours;

(d) cardiopulmonary resuscitation and automatic external defibrillator (CPR/AED) four hours;

(e) 30 hours minimum of professional ethics.

(4) Electives may include:

- (a) additional massage therapy;
- (b) related hands-on modalities;
- (c) additional anatomy and physiology;
- (d) clinical practicum (not to exceed 150 hours);
- (e) counseling;
- (f) herbology;
- (g) homeopathy;
- (h) nutrition;
- (i) breathing and stretching techniques;
- (j) theory;
- (k) other, with prior board approval.

C. Policies and procedures for board review, including but not limited to:

- (1) enrollment and financial;
- (2) cancellation/withdrawal and refund;
- (3) grading method;
- (4) attendance and make up;
- (5) students conduct and discipline;
- (6) dress code;
- (7) hygiene protocol;
- (8) draping procedures;
- (9) evaluation forms;
- (10) curriculum;
- (11) advertising catalog;

(12) list of text books for all courses; and

(13) qualifications of instructors as provided in 16.7.5.12 NMAC.

D. Massage therapy school registration fee in accordance with Subsection C of 16.7.3.8 NMAC.

[16.7.5.8 NMAC - Rp 16.7.5.8 NMAC, 11/15/2019]

16.7.5.9 INSPECTIONS OF SCHOOLS:

The massage therapy school will be inspected by a board appointed inspector upon registration and thereafter as needed. Findings of the inspector will be reported to the board as part of the approval process. If an inspection reveals that a school is not in compliance with the board's laws or rules, the school will have 30 days to become compliant; at which time, the school will be re-inspected. If the school fails a second inspection, the board may take action against the school for non-compliance.

A. Provisional registration: A provisional registration will be given to a new school until the school is operating and available for inspection.

B. Term of provisional registration: The provisional registration will be valid no longer than one year from the date of issuance.

C. Inspection criteria: The inspector will observe and report on the following:

- (1) cleanliness of premises;
- (2) New Mexico state school registration and instructor's qualifications;
- (3) local business license posted;
- (4) posted complaint policy with board address and phone number available;
- (5) student clinic log;
- (6) student attendance log;
- (7) student files; and
- (8) equipment and teaching aids.

[16.7.5.9 NMAC - Rp 16.7.5.9 NMAC, 11/15/2019]

16.7.5.10 STANDARDS FOR REGISTERED MASSAGE THERAPY SCHOOLS:

A. Qualifications of all instructors must be documented and maintained on the premises of the registered massage therapy school.

B. Massage therapy school registrations will be renewed yearly.

C. Registered massage therapy schools will comply with 16.7.2 NMAC, Professional Conduct.

D. Registered massage therapy schools may charge the public a fee for the room usage during the time a student is performing massage therapy for clinical practicum training as defined in 16.7.5.7 NMAC.

[16.7.5.10 NMAC - Rp 16.7.5.10 NMAC, 11/15/2019]

16.7.5.11 CHANGES AFFECTING REGISTRATION:

Massage therapy school registrations issued by the board are not transferable. Any change in the business designation of a massage therapy school may have the legal effect of attempting to transfer the registration and of operating without a legal registration.

A. Any of the following changes will require a new registration, and hence, a new application for registration with the board;

(1) any change to the name of the school from that under which it was originally registered;

(a) The name of the massage therapy school must not tend to mislead the public, and shall not significantly resemble the business name of another registered massage therapy school.

(b) The name of the massage therapy school shall not be announced, used, or in any way be conveyed to the public until the new registration has been issued by the board.

(2) Any change of fifty percent or more of ownership of the stock in the corporation or of the shares in a partnership;

(3) Any change in the sole proprietorship.

B. A registered massage therapy school shall notify the board in writing within 30 days of any changes in instructional staff, curriculum, or other changes that may affect the programs offered, provided that the school shall not modify its curriculum to fall below the minimum requirements outlined in 16.7.5 NMAC.

[16.7.5.11 NMAC - Rp 16.7.5.11 NMAC, 11/15/2019]

16.7.5.12 QUALIFICATIONS FOR INSTRUCTORS WITHIN THE MINIMUM CURRICULA:

All instructors providing hands-on massage therapy instruction within a registered massage therapy school's minimum curricula shall

- A.** hold a valid massage therapist license in New Mexico;
- B.** have completed at least 50 contact hours of instructional experience of professional teaching or workshop instruction; and
- C.** have practiced massage therapy for a minimum of two years within the past three years.

[16.7.5.12 NMAC - N, 11/15/2019]

16.7.5.13 SCHOOL DOCUMENTATION REQUIREMENTS FOR INSTRUCTORS WITHIN THE MINIMUM CURRICULA:

A. All massage therapy schools shall provide to the board, both in initial applications for registration and as part of each renewal thereafter, a list of all instructors providing hands-on massage therapy instruction within their minimum curricula.

B. As part of an initial application for registration and as necessary in each renewal thereafter, a massage therapy school shall submit the following documentation pertaining to all instructors within its minimum curricula:

(1) Documentation verifying two years of professional massage therapy experience during the past three years, including a minimum of three of the following documents:

- (a)** income tax forms documenting massage therapy practice;
- (b)** verifiable letters from clients confirming receipt of massage therapy services from the applicant;
- (c)** proof of rent or lease of practice location or office space;
- (d)** proof of current association membership;
- (e)** proof of current professional insurance;
- (f)** copies of dated receipts for massage therapy practice-related supplies or furnishings that total a minimum of \$500;
- (g)** verifiable letters from employers; and

(h) work log consisting of appointment dates and time periods worked on clients.

(2) Documentation of completion of 50 contact hours of instructional experience of professional teaching or workshop instruction.

C. As part of any application for a renewal of a massage therapy school registration, the applicant shall submit a list of all instructors providing hands-on massage therapy instruction within their minimum curricula. A school shall only submit supporting documentation as to an instructor's qualifications if it has not previously provided such documentation to the board.

D. First Renewal Following Adoption of these Rules: All currently-registered massage therapy schools shall provide documentation to the board as to the qualifications of all instructors providing hands-on massage therapy instruction within their minimum curricula in their next renewal applications. A school does not need to submit supporting documentation as to an instructor's qualifications if that instructor was a registered massage therapy instructor, independent or school-based, as of February 4, 2019.

E. The board shall not grant an initial registration or a renewal application for any massage therapy school who fails to submit the necessary documentation related to its instructors within the minimum curricula.

[16.7.5.13 NMAC - N, 11/15/2019]

16.7.5.14 REQUIREMENTS FOR TEACHING ASSISTANTS WITHIN THE MINIMUM CURRICULA:

Registered massage therapy schools may utilize persons to assist massage therapy instructors within the minimum curricula in providing instruction to massage therapy students working toward obtaining their massage therapy license. Such persons shall be considered teaching assistants.

A. The teaching assistant must be a licensed massage therapist.

B. The teaching assistant must be supervised by a massage therapy instructor who is physically present in the room.

C. Experience as a teaching assistant shall apply to the 50-hour requirement outlined in Paragraph (3) of Subsection B of 16.7.6 NMAC.

D. It is the responsibility of the registered massage therapy school to ensure that the teaching assistant complies with the board's regulations.

[16.7.5.14 NMAC - N, 11/15/2019]

PART 6: REQUIREMENTS FOR INSTRUCTORS [REPEALED]

(Refer to 16.7.1.7 NMAC).

[16.7.7.7 NMAC - Rp 16.7.7. NMAC 11/15/2019]

16.7.7.8 GENERAL PROVISIONS:

A. Students not yet licensed may not charge for massage therapy services.

(1) Students may only accept voluntary unsolicited tips, gratuities and donations while practicing massage therapy under school endorsed functions, under the supervision of a massage therapy instructor;

(2) Students may not suggest either verbally or in writing, amounts of tips, gratuities or donations.

B Students may *not* provide massage therapy services without direct supervision of a massage therapy instructor.

C. Students may distribute identification cards which must include the school's name, address, and phone number; the student's name, and the word "student".

D. Student complaints:

(1) Complaints concerning the registered massage therapy school, instructor(s), or other student(s) should first be addressed through the registered massage therapy school's complaint policy;

(2) If the school does not resolve the complaint adequately, or in extreme circumstances, a complaint may be brought before the board in accordance with 16.7.14.8 NMAC.

E. Students will comply with 16.7.2 NMAC, Professional Conduct.

[16.7.7.8 NMAC - Rp 16.7.7.8 NMAC 11/15/2019]

PART 8: EXPEDITED LICENSURE BY CREDENTIAL

16.7.8.1 ISSUING AGENCY:

New Mexico Massage Therapy Board.

[16.7.8.1 NMAC - Rp, 16.7.8.1 NMAC, 03/14/2023]

16.7.8.2 SCOPE:

The provisions in Part 8 of Chapter 7 apply to all applicants for expedited licensure, also referred to as expedited licensure by credentials in Section 61-12C-16 NMSA 1978.

[16.7.8.1 NMAC - Rp, 16.7.8.1 NMAC, 03/14/2023]

16.7.8.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Massage Therapy Practice Act, Sections 61-12C-1 to -28 NMSA 1978.

[16.7.8.3 NMAC - Rp, 16.7.8.3 NMAC, 03/14/2023]

Permanent.

[16.7.8.4 NMAC - Rp, 16.7.8.4 NMAC, 03/14/2023]

16.7.8.5 EFFECTIVE DATE:

March 14, 2023, unless a later date is cited at the end of a section.

[16.7.8.5 NMAC - Rp, 16.7.8.5 NMAC, 03/14/2023]

16.7.8.6 OBJECTIVE:

The objective of Part 8 is to promote, preserve and protect the public health, safety and welfare by regulating and setting professional standards for applicants for expedited licensure.

[16.7.8.6 NMAC - Rp, 16.7.8.6 NMAC, 03/14/2023]

16.7.8.7 DEFINITIONS:

A. "Eligible jurisdiction" means any state or territory of the United States except those included in the list of disapproved licensing jurisdictions in 16.7.8.8 NMAC.

B. "Expedited license" means a provisional license that confers the same rights, privileges and responsibilities as a regular license issued by the board.

C. "Good standing" means a license or registration is active and not expired, suspended, revoked, surrendered, conditioned, or otherwise in a status that in any manner restricts the activity of a licensee or registrant under the authority of the license.

D. "Jurisdiction" has the same meaning as defined in Subsection F of Section 61-1-2 NMSA 1978.

E. "Licensing fee" has the same meaning as defined in Paragraph (1) of Subsection E 61-1-34 NMSA 1978.

F. "Military service member" has the same meaning as defined in Paragraph (2) Subsection E of Section 61-1-34 NMSA 1978.

G. "Qualified applicant" means an applicant who:

(1) holds a current license in good standing in another jurisdiction, provided that an applicant who is not a military service member or veteran must hold a current license in good standing in an eligible jurisdiction;

(2) does not have a disqualifying criminal conviction, as defined the board's rules; and

(3) is not subject to pending disciplinary action in New Mexico.

H. "Veteran" has the same meaning as defined in Paragraph (3) of Subsection E of Section 61-1-34 NMSA 1978.

[16.7.8.7 NMAC - Rp, 16.7.8.7 NMAC, 03/14/2023]

16.7.8.8 LIST OF DISAPPROVED LICENSING JURISDICTIONS; REASONS:

A. Applicants licensed in the following states and territories of the United States shall not be eligible for expedited licensure under Section 61-12C-16 NMSA 1978 of the Massage Therapy Practice Act:

(1) U.S. Virgin Islands, on the grounds that the board cannot determine the education and training requirements for this jurisdiction; and

(2) Vermont, on the grounds that this jurisdiction does not impose educational or examination requirements.

B. An applicant may not apply for expedited licensure on the basis of practice in any jurisdiction that does not license, register, or certify massage therapists, including each of the following:

(1) American Samoa;

(2) California;

(3) Guam;

(4) Kansas;

(5) Minnesota;

(6) Northern Mariana Islands;

- (7) Wyoming.

16.7.8.9 [RESERVED]:

16.7.8.10 EXPEDITED LICENSURE APPLICATION:

A. A candidate for expedited licensure under Section 61-1-31.1 NMSA 1978 must submit to the board a complete application containing all of the following:

- (1) a completed and signed application form;
- (2) proof of current licensure in an eligible jurisdiction as defined in these rules;
- (3) certificate of good standing for the license held by the applicant in an eligible jurisdiction; and
- (4) payment of the required application fee.

B. An expedited license application shall not be deemed complete until the applicant has submitted, and the board's staff is in receipt of, all of the materials required by Subsection A of 16.7.8.10 NMAC, including documentation from third parties.

C. Upon receipt of a complete application, the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-12C-24.1 NMSA 1978:

- (1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;
- (2) the license may not be issued within 30 days of submission of the complete application; and
- (3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

[16.7.8.10 NMAC - N, 03/14/2023]

16.7.8.11 EXPEDITED LICENSURE APPLICATION FOR MILITARY SERVICE MEMBERS AND VETERANS:

A. A candidate for expedited licensure under Section 61-1-34 NMSA 1978 must submit to the board a complete application containing all of the following:

- (1) a completed and signed application form;
- (2) proof of current licensure in another jurisdiction;
- (3) certificate of good standing for the license held by the applicant in another jurisdiction, including a branch of the United States armed forces;
- (4) submission of the following documentation:
 - (a) for military service member: a copy of military orders;
 - (b) for spouse of military service members: copy of military service member's military orders, and copy of marriage license;
 - (c) for spouses of deceased military service members: copy of decedent's DD 214 and copy of marriage license;
 - (d) for dependent children of military service members: a copy of military service member's orders listing dependent child, or a copy of military orders and one of the following: a copy of birth certificate, military service member's federal tax return or other governmental or judicial documentation establishing dependency.
 - (e) for veterans (retired or separated), proof of honorable discharge such as a copy of DD Form 214, DD Form 215, DD Form 256, DD Form 257, NGB Form 22, military ID card, a driver's license or state ID card with a veteran's designation, or other documentation verifying honorable discharge.

B. An expedited license application shall not be deemed complete until the applicant has submitted, and the board's staff is in receipt of, all of the materials required by subsection A, including documentation from third parties.

C. Upon receipt of a complete application, the board's staff shall process the application and issue the expedited license to a qualified applicant within 30 days.

D. If the applicant has a disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-12C-24.1 NMSA 1978:

- (1) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting;
- (2) the license may not be issued within 30 days of submission of the complete application; and

(3) the board may vote to grant the application or refer the matter to its administrative prosecutor for denial of the application as provided by the board's rules.

E. A military service member or veteran who is issued an expedited license shall not be charged a licensing fee for the first three years of licensure with the board.

[16.7.8.11 NMAC - N, 03/14/2023]

16.7.8.12 EXPEDITED LICENSE DURATION AND RENEWAL:

A. An expedited license shall be valid for the same length of time as a regular initial license issued by the board.

B. A licensee holding an expedited license may apply for license renewal in the manner provided by the board's rules, provided that, upon renewal, the licensee must also satisfy the following examination requirements:

(1) The licensee shall be required to pass the New Mexico jurisprudence examination.

(2) If the licensee holding an expedited license was not required by the licensee's original jurisdiction outside of New Mexico to pass the MBLEx, NCETM, or NCETMB, the licensee shall be required to pass one of these three examinations as a prerequisite to license renewal.

C. Upon renewal, the board shall issue a regular license to a licensee holding an expedited license issued pursuant to these rules.

16.7.10.8 JURISPRUDENCE EXAMINATION:

A. All massage therapy licensure applicants applying for licensure by examination, and licensees that received their license under expedited licensure, prior to renewal of their license after initial licensure under expedited licensure must successfully pass the board's open-book jurisprudence examination.

(1) the applicant will receive the jurisprudence examination with instructions from the board office after the board office receives both the application and application fee;

(2) to complete the jurisprudence examination, the applicant will use the statute and regulations received either from the board or which the applicant downloaded from the board's website at www.rld.state.nm.us;

(3) the applicant must pass the jurisprudence examination with a minimum score of seventy percent;

(4) the applicant must return the completed jurisprudence examination to the board office as required.

B. Applicants may retake the examination as many times as necessary to achieve a passing grade.

C. The jurisprudence examination shall not be reproduced or shared in any manner.

[16.7.11.5 NMAC - Rp 16.7.11.5 NMAC 11/15/2019]

16.7.11.6 OBJECTIVE:

This part is to establish the continuing education requirements and procedures and to ensure that licensed massage therapists provide the highest quality professional service. Therefore, licensees should engage in education activities that foster this objective.

[16.7.11.6 NMAC - Rp 16.7.11.6 NMAC 11/15/2019]

16.7.11.7 DEFINITIONS:

(Refer to 16.7.1.7 NMAC).

[16.7.11.7 NMAC - Rp 16.7.11.7 NMAC 11/15/2019]

16.7.11.8 GENERAL PROVISIONS:

The board does not maintain a list of continuing education providers. The licensee must determine where to obtain the required continuing education.

A. As a condition for license renewal, each massage therapist licensed pursuant to the Massage Therapy Practice Act must complete 16 hours of continuing education of which up to eight hours can be taken on-line.

(1) continuing education must be completed within the 24 months immediately preceding the renewal date of October 31;

(2) excess hours cannot be carried over to future renewals;

(3) continuing education taken prior to the 24 month period will not be accepted;

(4) each licensee will maintain documentation of all completed continuing education, including contact information for the provider of each course.

B. Audit process: The board will audit continuing education to verify compliance.

(1) a minimum of ten percent of renewing licensees will be randomly selected for audit;

(2) audit requests may be included in the renewal notice;

(3) licensees not selected for audit shall attest to the completion of continuing education for the current renewal cycle;

(4) the board may audit any licensee's continuing education records at any time before the next scheduled license renewal;

(5) audited licensees who fail to provide the requested continuing education documentation are not eligible for license renewal.

[16.7.11.8 NMAC - Rp 16.7.11.8 NMAC 11/15/2019]

16.7.11.9 CONTINUING EDUCATION REQUIREMENTS:

A. The board will accept, towards a licensee's continuing education requirements, courses, seminars, workshops, or classes in an area related to the practice of massage therapy. This includes, but is not limited to:

(1) massage;

(2) bodywork;

(3) health care;

(4) psychology;

- (5) anatomy and physiology;
- (6) business;
- (7) insurance;
- (8) ethics;
- (9) professional development;
- (10) movement therapy;
- (11) stress management; and
- (12) exempt modalities as defined by Section 61-12C-5.1 NMSA 1978.

B. The board will also accept, towards a licensee's continuing education requirements, a licensee's publication of an article relating to massage therapy in a local, regional, or national publication. No more than 12 hours of continuing education credit shall be granted in any given renewal period for the publication of such an article. The number of continuing education hours shall be determined by the massage therapy board, provided that in the interim the board's staff may grant the continuing education hours to then be ratified at the next regular meeting of the board.

C. All massage therapists shall be required to complete a minimum of four hours of ethics training as part of the 16-hour requirement for each renewal period.

D. All massage therapists shall be required to complete a minimum of eight hours of live, in-person training as part of the 16-hour requirement for each renewal period.

E. Continuing education courses are the responsibility of every massage therapy licensee, and it is the obligation of each licensee to comply with these rules. A licensee's lack of knowledge as to whether a continuing education course was previously approved by the board will not be a valid justification or defense for a licensee's failure to comply with continuing education requirements.

[16.7.11.9 NMAC - Rp 16.7.11.9 NMAC 11/15/2019]

16.7.11.10 CONTINUING EDUCATION COURSES TAUGHT BY CONTINUING EDUCATION PROVIDERS:

A. The board will accept all courses offered by a continuing education provider, as defined in 16.7.1 NMAC and Section 61-12C-3 NMSA 1978, towards a licensee's continuing education requirements regardless of the location at which the course is taught.

B. Any continuing education provider who was an active New Mexico registered independent massage therapy instructor on February 4, 2019, must provide both the course syllabus and the required fee for each new course not previously approved by the board prior to such course being counted towards a licensee's continuing education requirements. This is a one-time requirement per continuing education course.

C. A course taught by a continuing education provider, as defined in Subsection 7 of 16.7.1 NMAC who was not an active New Mexico registered independent massage therapy instructor on February 4, 2019, does not require prior approval by the board before being counted towards a licensee's continuing education requirements.

[16.7.11.10 NMAC - Rp 16.7.11.10 NMAC 11/15/2019]

16.7.11.11 OTHER CONTINUING EDUCATION COURSES:

A. Applicants seeking the board's approval of other continuing education courses must submit the following documentation to the board:

- (1) completed application form;
- (2) course syllabus for the proposed course;
- (3) copy of any license, registration, or certification applicable to the course, if offered by the applicant's home jurisdiction;
- (4) proof of a minimum of two years' experience in the area of instruction;
- (5) applicant's up-to-date resume;
- (6) fee as outlined by 16.7.3.8 NMAC.

B. Technique courses will only be accepted towards a licensee's continuing education requirements if taught hands-on and live, in-person.

C. Provided that the applicant has submitted a complete application, the board will approve or deny the course's use towards a licensee's continuing application requirements based on the following non-exhaustive factors:

- (1) whether the applicant has violated any of the board's rules or the Massage Therapy Practice Act;
- (2) whether the applicant has any recent administrative disciplinary history in New Mexico or any other jurisdiction;

(3) whether the applicant was dishonest in his or her application, or has a history of criminal offenses that substantially relate to the practice of massage therapy or a failure to pay child support; and

(4) any other factor deemed relevant by the board.

D. Upon receipt of a complete application, the board's staff shall, with the consultation of the board's application committee, make a preliminary and tentative recommendation as to whether the application should be approved or denied. This recommendation will be conveyed to the applicant in writing within 30 days of the board's receipt of the completed application. The final decision will be made by the board at its next regularly-scheduled meeting.

E. In the event that the board's staff tentatively recommends the denial of an application, the applicant may request in writing the opportunity to be heard at the next regularly-scheduled board meeting. Where the applicant has made a request to be heard and the board votes to deny the application, the board will issue a final written decision no later than 15 business days following the board's meeting.

[16.7.12.5 NMAC - Rp, 16.7.12.5 NMAC, 11/16/2019]

16.7.12.6 OBJECTIVE:

This part is to establish the requirements for renewal of massage therapy licenses and massage therapy school registrations as well as, the inactive status and reactivation of inactive massage therapy licenses.

[16.7.12.6 NMAC - Rp, 16.7.12.6 NMAC, 11/16/2019]

16.7.12.7 DEFINITIONS:

Refer to 16.7.1.7 NMAC - Definitions.

[16.7.12.7 NMAC - Rp, 16.7.12.7 NMAC, 11/16/2019]

16.7.12.8 GENERAL PROVISIONS FOR ALL LICENSEES AND REGISTRANTS:

A. Administrative provisions relative to the renewal process:

(1) Licenses and registrations expire on an annual or biennial basis on October 31. The specific annual or biennial schedule for each license or registration type is further detailed in 16.7.4.20 NMAC.

(2) A current license or registration renewal form shall be mailed to the last known address on file with the board.

(3) Each licensee and registrant must inform the board in writing, within 30 days of any change in contact information, such as address or telephone number.

(4) Failure to receive the renewal notice shall not relieve the licensee or registrant from the responsibility of renewing the license or registration by the renewal date.

(5) The licensee or registrant shall complete the renewal application form in the manner stated on the form. The form must be submitted with the requested documentation and required fee(s) as set forth in 16.7.3 NMAC.

(6) Incomplete renewal applications will be returned to the licensee or registrant for completion, which might result in the assessment of late penalty fees.

B. Grace period provisions:

(1) Renewal applications for licenses or registrations postmarked or hand-delivered after October 31 must also be accompanied by the late renewal penalty fee established in 16.7.3 NMAC. If October 31 falls on a weekend, a renewal postmarked or hand-delivered on the next business day will be considered timely.

(2) After the renewal date of October 31, there is a 60 day grace period ending December 30 of the same year during which the license or registration may still be renewed, and during which the licensee or registrant may still practice or provide the services authorized by the license or registration.

(3) Massage therapists who have not renewed their licenses with a postmark date of December 30, or the next business day if December 30 falls on a weekend, will automatically be placed on inactive status as of December 31 of that year.

(4) Massage therapy schools that have not renewed their registrations with a postmark date of December 30, or the next business day if December 30 falls on a weekend, will automatically expire and become null and void immediately.

[16.7.12.8 NMAC - Rp, 16.7.12.8 NMAC, 11/16/2019]

16.7.12.9 INACTIVE STATUS FOR MASSAGE THERAPISTS:

A. Inactive status issues for massage therapists:

(1) Massage therapists whose licenses have been placed on inactive status may not provide the services authorized by the license.

(2) Massage therapists who practice with an inactive license are subject to disciplinary action by the board.

(3) The inactive status period shall last two years, beginning on the December 30 that the license or registration is placed on inactive status.

(4) The licensee must monitor the period of inactive status.

(5) The board will *not* send any notices of the upcoming expiration of inactive status to the licensees.

B. Reactivation from inactive status - therapists only:

(1) Massage therapy licenses will expire if not reactivated within two years from the date the license was placed on inactive status.

(2) The required reactivation form must be requested from the board office a minimum of one month prior to the expiration of the inactive status period.

(3) The licensee shall return the reactivation form with the required proof of completion of continuing education as set forth in 16.7.11 NMAC, along with the reactivation fee and late renewal penalty fee as set forth in 16.7.3.NMAC.

(4) The reactivation application and required enclosures must be postmarked or hand-delivered to the board office no later than two years from the December 30 of the year in which the license or registration was placed on inactive status. Failure to do so will cause the license to expire, lapse, and become null and void.

(5) Reactivation applications received with a postmark date or hand-delivered after December 30 will be returned to the expired licensee because the license may no longer be reactivated.

[16.7.12.9 NMAC - Rp, 16.7.12.9 NMAC, 11/16/2019]

16.7.12.10 MASSAGE THERAPISTS:

A. Massage therapists will renew their licenses on or before the renewal date of October 31 of the biennial renewal cycle first established when their initial licenses were issued.

B. Some massage therapists will renew on the odd-numbered year, while others will renew on the even-numbered year.

C. The general provisions in 16.7.12.8, 16.7.12.9, and 16.7.12.10 NMAC explain the policy and procedure for massage therapist license renewal.

D. Massage therapists shall meet the continuing education requirements and shall maintain documentation of continuing education as set forth in 16.7.11 NMAC.

[16.7.12.10 NMAC - Rp, 16.7.12.10 NMAC, 11/16/2019]

16.7.12.11 [RESERVED]

[16.7.12.11 NMAC – Repealed, 11/16/2019]

16.7.12.12 MASSAGE THERAPY SCHOOLS:

A. Massage therapy school registrations shall be renewed annually by October 31 or by the next business day if the October 31 falls on a weekend.

B. The general provisions in 16.7.12.8 NMAC explain the general policy and procedure for massage therapy school renewal.

C. Registrants will submit a curriculum of the massage therapy training program annually to the board to document compliance with the course requirements set forth in 16.7.5 NMAC.

D. After the grace period, which ends on December 30, an owner/operator of a massage therapy school who has not renewed the school's registration shall no longer maintain, manage or operate the "massage therapy school" as defined in 16.7.12.7 NMAC or in Subsection F of Section 61-12C-3 NMSA 1978 of the Massage Therapy Practice Act, or offer education, instruction, or training in "massage therapy" as defined in Subsection E of Section 61-12C-3 NMSA 1978 of the Massage Therapy Practice Act.

E. The registration shall expire, lapse and become null and void if not timely renewed.

[16.7.12.12 NMAC - Rp, 16.7.12.12 NMAC, 11/16/2019]

16.7.12.13 APPROVED RENEWAL APPLICATION:

Upon approval of the licensee's or registrant's renewal application, the board will issue a renewal license or registration to the licensee or registrant.

[16.7.12.13 NMAC - Rp, 16.7.12.13 NMAC, 11/16/2019]

16.7.12.14 RENEWAL LICENSE OR REGISTRATION DISPLAY:

The renewal license or registration shall be displayed by the licensee or registrant in a conspicuous place in the licensee's or registrant's principal practice location or place of business.

[16.7.12.14 NMAC - Rp, 16.7.12.14 NMAC, 11/16/2019]

16.7.12.15 EXPIRATION OF LICENSE OR REGISTRATION:

A. If a massage therapist does not reactivate their license by the end of the inactive status period, the license will automatically expire without notice from the board and become null and void.

B. If a massage therapy school has not renewed its registration by the end of the 60-day grace period, the registration will automatically expire without notice from the board and will become null and void.

C. Expired licenses and registrations cannot be reactivated.

D. Licensees and registrants formerly licensed or registered by the board whose registrations have expired must make application to the board and comply with the same requirements as any previously unlicensed or unregistered applicant.

E. A former licensee or registrant with an expired license or registration may not provide or offer to provide massage therapy services, instruction, education or training in massage therapy as defined in Subsection E of Section 61-12C-3 NMSA 1978 of the Massage Therapy Practice Act or in Part 1 and Part 4 of the board's rules and regulations. Practicing or providing the services formerly authorized by the expired license or registration is a violation of the law and is subject to disciplinary action by the board.

[16.7.12.15 NMAC - Rp, 16.7.12.15 NMAC, 11/16/2019]

16.7.12.16 UNLICENSED PRACTICE PROHIBITED:

A. Massage therapists and massage therapy schools may not render or attempt to render massage therapy services or training and instruction as a massage therapy school without the required current and valid license or registration issued by the board as provided in Section 61-12C-27 NMSA 1978 of the Massage Therapy Practice Act.

B. In accordance with the Uniform Licensing Act, Section 61-1-3.2, NMSA 1978 (2003 Repl. Pamphlet), any person, company, firm, or entity who is not licensed or registered by the board is subject to disciplinary actions and proceedings by the board if it is determined that they have been offering or providing massage therapy services or offering or providing educational training in massage therapy as a massage therapy school in New Mexico without a valid New Mexico license or registration.

C. The board may impose a civil penalty in an amount not to exceed one thousand dollars (\$1,000) against any person, company, firm, or entity that violates the Massage Therapy Practice Act by practicing without a valid New Mexico license.

D. In addition, the board may assess the person, company, firm, or entity engaging in the unlicensed practice of massage therapy or massage therapy education, the administrative costs, including investigative costs and the costs of conducting a hearing.

E. Reports of unlicensed practice may be reported to the board for investigation by phone, fax, mail, or e-mail. An approved complaint form is available from the board office or downloadable from the board's website at www.rld.state.nm.us.

16.7.14.2 SCOPE:

This part applies to licensees, registrants, massage therapists, registered massage therapy schools and applicants for licensure or registration.

[16.7.14.2 NMAC - Rp 16.7.14.2 NMAC, 11/15/2019]

16.7.14.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Massage Therapy Practice Act, Subsections H and K of Section 61-12C-8 NMSA 1978, and Section 61-12C-24 NMSA 1978.

[16.7.14.3 NMAC - Rp 16.7.14.3 NMAC, 11/15/2019]

16.7.14.4 DURATION:

Permanent.

[16.7.14.4 NMAC - Rp 16.7.14.4 NMAC, 11/15/2019]

16.7.14.5 EFFECTIVE DATE:

November 15, 2019 unless a different date is cited at the end of a section.

[16.7.14.5 NMAC - Rp 16.7.14.5 NMAC, 11/15/2019]

16.7.14.6 OBJECTIVE:

This part is to establish the procedures for processing complaints and taking disciplinary action against licensed massage therapists, registered massage therapy schools, and applicants for licensure or registration, for violation of the Massage Therapy Practice Act or any provisions of 16.7 NMAC.

[16.7.14.6 NMAC - Rp 16.7.14.6 NMAC, 11/15/2019]

16.7.14.7 DEFINITIONS:

(Refer to 16.7.1.7 NMAC).

[16.7.14.7 NMAC - Rp 16.7.14.7 NMAC, 11/15/2019]

16.7.14.8 GENERAL PROVISIONS:

A. A complaint may be initiated in writing by any person.

B. Complaints shall be legible, either printed in black ink or typed.

C. Complaints shall contain factual allegations, constituting the alleged violations of any provisions of the Massage Therapy Practice Act and 16.7 NMAC.

[16.7.14.8 NMAC - Rp 16.7.14.8 NMAC, 11/15/2019]

16.7.14.9 PROCEDURES FOR RECEIPT OF A COMPLAINT:

A. The board's designee will maintain a written log of all complaints received which records at a minimum, the date the complaint was received, and name, addresses of the complainant(s) and respondent(s).

B. Upon receipt of a complaint the board's designee will:

- (1)** log in the date the complaint was received;
- (2)** determine whether the respondent is licensed, registered or an applicant for licensure or registration with the board;
- (3)** assign a complaint number and create an individual file; complaint numbering will begin with the last two digits of the year in which the complaint is filed, followed by the month, and will then continue sequentially (e.g., 96-01-001 first = complaint filed in January 1996);
- (4)** send the complainant written acknowledgment of receipt of the complaint;
- (5)** immediately forward the complaint to the complaint committee; the complaint committee chair will be responsible for convening the complaint committee to review the complaint(s).

[16.7.14.9 NMAC - Rp 16.7.14.9 NMAC, 11/15/2019]

16.7.14.10 COMPLAINT COMMITTEE:

A. The board chair will appoint a complaint committee consisting of at least one professional member of the board, who will chair the committee. The board chair may also appoint to the complaint committee the board administrator or a complaint manager.

B. The complaint committee will handle complaints in a confidential manner as required by law.

C. The complaint committee will review all complaints received by the board and make recommendations for disposition of the complaint to the full board in executive session.

D. No complaint committee meeting will be held without the presence of the professional board member.

E. A complaint committee member who believes they are is not capable of judging a particular complaint fairly on the basis of its own circumstances will not participate; another professional member will be appointed by the chair to serve as committee chair for the complaint being considered.

F. For any complaint which the complaint committee reasonably anticipates may be referred to the board for consideration of the issuance of a notice of contemplated action, the respondent will be provided a copy of the complaint and will be allowed a reasonable time in which to respond to the allegations in the complaint.

G. The complaint committee will not be required to provide the respondent with a copy of the complaint, or with notice of the filing of a complaint or any related investigation, prior to the issuance of a notice of contemplated action if the committee determines that disclosure may impair, impede or compromise the efficacy or integrity of the investigation.

H. If the complaint committee determines that further information is needed, it may issue investigative subpoenas pursuant to the Uniform Licensing Act; it may employ an investigator, experts, or other persons whose services are determined to be necessary to assist in the processing and investigation of the complaint. The complaint committee will have independent authority to employ such persons without prior approval of the board. The board administrator will determine budgetary availability and will contract for investigative services.

I. Upon completion of its review or investigation of a complaint, the complaint committee will present a summary of the case to the board for the purpose of enabling the board to decide whether to proceed with the case or to dismiss the case. The summary will be identified by complaint number without identifying the complainant(s) or respondent(s) by name.

[16.7.14.10 NMAC - Rp 16.7.14.10 NMAC, 11/15/2019]

16.7.14.11 BOARD ACTION:

A. If the board determines that it lacks jurisdiction or that there is not sufficient evidence or cause to issue a notice of contemplated action, the case will be closed.

B. The board's designee will send a letter of the board's decision to both the complainant and respondent. The letter will state the board's actions and the reasons for its decision.

C. If the board determines that there is sufficient evidence or cause to issue a notice of contemplated action, the board may vote to issue a notice of contemplated action.

D. The board's designee will forward a complete copy of the complaint committee's report, including exhibits to the attorney general's office for assignment of an administrative prosecutor.

E. The board may take any other action with regard to a complaint which is within its authority and which is within the law, including referring the complaint to the attorney general for injunctive proceedings, or referring the complaint to district attorneys for prosecution of persons alleged to be practicing massage therapy without a proper license or registration.

F. Any board member who believes that they are not capable of judging a particular complaint fairly on the basis of its own circumstances will not participate in the decision to issue a notice of contemplated action and will not participate in the hearing, deliberation, or decision of the board.

G. Members of the complaint committee will not participate in the decision whether to issue a notice of contemplated action, other than by making a recommendation to the board whether to issue a notice of contemplated action, and will not participate in the hearing, deliberation, or decision of the board.

[16.7.14.11 NMAC - Rp 16.7.14.11 NMAC, 11/15/2019]

16.7.14.12 SETTLEMENT AGREEMENT:

A. The board may enter into a settlement agreement with the licensee or registrant as a means of resolving the complaint.

B. Any proposed settlement agreement must be approved by the board, and must also be approved by the respondent, upon a knowing and intentional waiver by the respondent of their right to a hearing as provided by the Uniform Licensing Act.

C. The settlement agreement must be signed by either the licensee's attorney or the licensee must acknowledge that he or she has been advised to seek the advice of an attorney.

[16.7.14.12 NMAC - Rp 16.7.14.12 NMAC, 11/15/2019]

16.7.14.13 NOTICE OF CONTEMPLATED ACTION:

A. All disciplinary proceedings will be conducted in accordance with the Uniform Licensing Act.

B. The board chair, or his/her designee, will serve as hearing officer for disciplinary proceedings for the purpose of administering pre-hearing procedural matters. The hearing officer will be fully authorized to make all necessary procedural decisions on behalf of the board, including, but not limited to, matters related to discovery,

continuances, time extensions, amendments, pre-hearing conferences, and proposed findings of fact and conclusions of law.

C. The hearing officer may make such orders as he or she determines may be necessary to implement the authority conferred by Subsection B of 16.7.14.13 NMAC above, including but not limited to discovery schedules, pleading schedules, and briefing schedules.

D. No party will engage in ex-parte communications with the hearing officer or any member of the board in any matter in which a notice of contemplated action has been issued.

E. Licensees and registrants who have been found culpable and sanctioned by the board will be responsible for the payments of all costs of the disciplinary proceedings.

F. Any license or registration, including a wall certificate, issued by the board and subsequently suspended or revoked will be promptly returned to the board office, but no later than 30 days of receipt by the licensee or registrant of the board's order suspending or revoking the license.

[16.7.14.13 NMAC - Rp 16.7.14.13 NMAC, 11/15/2019]

PART 15: [RESERVED]

PART 16: PARENTAL RESPONSIBILITY ACT COMPLIANCE

16.7.16.1 ISSUING AGENCY:

Regulation and Licensing Department, Massage Therapy Board.

[16.7.16.1 NMAC - Rp 16.7.16.1 NMAC, 11/15/2019]

16.7.16.2 SCOPE:

This part applies to all licensees and applicants for licensure under the New Mexico Massage Therapy Practice Act.

[16.7.16.2 NMAC - Rp 16.7.16.2 NMAC, 11/15/2019]

16.7.16.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Parental Responsibility Act Section 40-5A-1 et seq., NMSA 1978 (Ch. 25, Laws of 1995), the New Mexico Massage Therapy Practice Act, Section 61-12C-1 et seq., NMSA 1978 and the Uniform Licensing Act, Section 61-1-1 et seq., NMSA 1978.

[16.7.16.3 NMAC - Rp 16.7.16.3 NMAC, 11/15/2019]

16.7.16.4 DURATION:

Permanent.

[16.7.16.4 NMAC - Rp 16.7.16.4 NMAC, 11/15/2019]

16.7.16.5 EFFECTIVE DATE:

November 15, 2019 unless a different date is cited at the end of a section.

[16.7.16.5 NMAC - Rp 16.7.16.5 NMAC, 11/15/2019]

16.7.16.6 OBJECTIVE:

This part is established to facilitate the operation of the Parental Responsibility Act as it pertains to licensees and applicants for licensure, by delegating authority to issue notices of contemplated action and to refer such cases for administrative prosecution to the board administrator.

[16.7.16.6 NMAC - Rp 16.7.16.6 NMAC, 11/15/2019]

16.7.16.7 DEFINITIONS:

Refer to 16.7.1.7 NMAC.

[16.7.16.7 NMAC - Rp 16.7.16.7 NMAC, 11/15/2019]

16.7.16.8 DELEGATION OF AUTHORITY:

The authority of the massage therapy board to issue a notice of contemplated action against any licensee or applicant for licensure whose name appears on the certified list issued by the New Mexico department of human services, as provided in 40-5A-1 NMSA 1978, et seq., and as provided further in 16.1.1 NMAC, of the New Mexico Administrative Code, which is incorporated herein by reference, and to refer cases in which notices of contemplated action have been issued for administrative prosecution, is delegated to the administrator of the New Mexico massage therapy board. 16.16.7 NMAC shall not be construed to deprive the board of its authority and power to issue a notice of contemplated action for any apparent violation of the Parental Responsibility Act, and to refer any such case for administrative prosecution.

[16.7.16.8 NMAC - Rp 16.7.16.8 NMAC, 11/15/2019]

CHAPTER 8: COMMERICAL AND MEDICAL CANNABIS

PART 1 GENERAL PROVISIONS

16.8.1.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.1.1 NMAC – N, 08/24/2021]

16.8.1.2 SCOPE:

This rule applies to all applicants for licensure pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act or division rules, and where applicable, the general public.

[16.8.1.2 NMAC - N, 08/24/2021]

16.8.1.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.1.3 NMAC - N, 08/24/2021]

16.8.1.4 DURATION:

Permanent.

[16.8.1.4 NMAC - N, 08/24/2021]

16.8.1.5 EFFECTIVE DATE:

August 24, 2021, unless a later date is cited at the end of a section.

[16.8.1.5 NMAC - N, 08/24/2021]

16.8.1.6 OBJECTIVE:

The objective of Part 1 is to set forth the general provisions that apply to all of Chapter 8, and to all persons affected or regulated by Chapter 8 of Title 16.

[16.8.1.6 NMAC - N, 08/24/2021]

16.8.1.7 DEFINITIONS:

Unless otherwise defined below, terms used in Title 16, Chapter 8, have the same meanings as set forth in the Cannabis Regulation Act and the Lynn and Erin Compassionate Use Act.

A. Definitions beginning with "A":

(1) **"Advisory committee"** means the cannabis regulatory advisory committee.

(2) **"Applicant"** means any person who is seeking to become licensed pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules.

B. Definitions beginning with "B": **"Batch"** means, with regard to cannabis, an identified quantity of cannabis no greater than 15 pounds that is of the same strain of cannabis, that is harvested during the same specified time period from the same specified cultivation area, and with respect to which the same agricultural practices were utilized, including the use of any pesticides; and with regard to concentrated and cannabis product, means an identified quantity that is uniform, that is intended to meet specifications for identity, strength, and composition, and that is manufactured, packaged, and labeled during a specified time period according to a single manufacturing, packaging, and labeling protocol.

C. Definitions beginning with "C":

(1) **"Cannabis Regulation Act"** means the Cannabis Regulation Act, as enacted in Chapter 4, Sections 1 through 42 of New Mexico Laws of 2021, and as may be amended thereafter.

(2) **"Cannabis Waste"** means all parts of the plant genus Cannabis which may or may not contain a delta-9-tetrahydrocannabinol concentration of more than three-tenths percent on a dry weight basis, whether growing or not; the seeds of the plant; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture or preparation of the plant, its seeds or its resin; and the mature stalks of the plant; fiber produced from the stalks; oil or cake made from the seeds of the plant; any other compound, manufacture, salt, derivative, mixture or preparation of the mature stalks, fiber, oil or cake; or the sterilized seed of the plant that is incapable of germination which has been designated as no longer usable cannabis.

(3) **"Carbon dioxide solvent"** means carbon dioxide in a liquid or supercritical state.

(4) **"CBD"** means cannabidiol, a cannabinoid and a non-psychoactive ingredient found in cannabis.

(5) **"CBDA"** means cannabidiolic acid, a non-psychoactive ingredient found in cannabis and an acid precursor to CBD.

(6) **"Closed loop extraction system"** means a commercially manufactured extraction system that is sealed during operation and designed to recover all solvents used during the extraction process through a feedback loop.

(7) **"Concentrated cannabis product ("concentrate")"** means a cannabis product that is manufactured by a division approved mechanical or chemical process that separates any cannabinoid from the cannabis plant, and that contains or that is intended to contain at the time of sale or distribution, no less than thirty-percent THC by weight.

D. Definitions beginning with "D":

(1) **"Delivery agreement"** means a contract between a licensed cannabis establishment and a licensed cannabis courier to deliver cannabis or cannabis products from the cannabis establishment directly to consumers as permitted under the provisions of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rule.

(2) **"Division"** means the cannabis control division.

(3) **"Diversion"** means the unlawful transfer of a cannabis plant, plant material, or cannabis product.

(4) **"Dried cannabis"** means the dried leaves, flowers, and trim of the female cannabis plant, but does not include the seeds, stalks, or roots of the cannabis plant.

E. Definitions beginning with "E": **"Extraction area"** means the area of a licensed manufacturer's processing facility that is designed for solvent-based extraction, which the division has inspected and approved for the area's designated use.

F. Definitions beginning with "F": [RESERVED]

G. Definitions beginning with "G": [RESERVED]

H. Definitions beginning with "H":

(1) **"Homogeneity"** means the reasonably equal dispersion of cannabinoids throughout a batch of cannabis product and within the cannabis product as packaged or as intended for sale.

(2) **"Hydrocarbon solvent"** means N-butane, isobutene, propane, pentane, heptane, or any isomer or combination thereof.

I. Definitions beginning with "I": "Independent professional engineer" means an engineer licensed pursuant to the Engineering and Surveying Practice Act, Section 61-23-1 *et seq.*, NMSA 1978, that is not an employee, owner, officer, controlling person, board member, or manager of the cannabis establishment licensee.

J. Definitions beginning with "J": [RESERVED]

K. Definitions beginning with "K": [RESERVED]

L. Definitions beginning with "L":

(1) **"Licensee"** means any person who holds a license issued by the division pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules.

(2) **"Limited-access area"** means an indoor or outdoor area on the premises of a licensed cannabis establishment where cannabis or cannabis products are cultivated, stored or held, weighed, packaged, manufactured, disposed or wasted, all point-of-sale (POS) areas, and any room or area storing a digital video surveillance system storage device.

(3) **"Limit of detection"** means an estimate of the minimum amount of an analyte in a given matrix that an analytical process can reliably detect.

(4) **"Limit of quantitation"** means the minimum level, concentration, or quantity of a target analyte in a given matrix that an analytical process can reliably quantitate.

(5) **"Liquor Control Act"** mean the Liquor Control Act, Chapter 60, Articles 3A, 5A, 6A, 6B, 6C, 6E, 7A, 7B and 8A, NMSA 1978.

(6) **"Lot"** means an identified portion of a batch, that is uniform and that is intended to meet specifications for identity, strength, and composition; or, in the case of a cannabis product or concentrate, an identified quantity produced in a specified period of time in a manner that is uniform and that is intended to meet specifications for identity, strength, and composition.

(7) **"Lynn and Erin Compassionate Use Act"** means the Lynn and Erin Compassionate Use Act, Section 26-2B-1 *et seq.*, NMSA 1978.

M. Definitions beginning with "M": "Minor" means an individual who is less than 18 years of age.

N. Definitions beginning with "N": [RESERVED]

O. Definitions beginning with "O": [RESERVED]

P. Definitions beginning with "P":

- (1) **"Pesticide"** means a pesticide as defined by the New Mexico Pesticide Control Act, Section 76-4-1 *et seq.*, NMSA 1978.
- (2) **"Plant"** means any cannabis plant, cutting, or clone that has roots or that is cultivated with the intention of growing roots.
- (3) **"Plant material"** means leaves, stalks, stems, roots, and any other part of the cannabis plant.
- (4) **"Pressure vessel"** means a component of a closed loop system containing cannabis plant material and solvents used during solvent-based extraction and designed to withstand pressure greater than 15 psi.
- (5) **"Policy"** means a written statement of principles that guides and determines present and future decisions and actions of the licensed person.
- (6) **"POS"** means point of sale system.
- (7) **"Person"** means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, or any other legal or commercial entity.
- (8) **"Produce"** means to engage in any activity related to the planting or cultivation of cannabis.
- (9) **"Proficiency testing"** means a standardized test administered by an ISO 17043 accredited laboratory to evaluate the ability of a laboratory to measure, within acceptable limits, the presence, quantity, or other factors pertaining to a given analyte.

Q. Definitions beginning with "Q": [RESERVED]

R. Definitions beginning with "R":

- (1) **"Recall"** means to request the return of a product after the discovery of a safety issue or product defect.
- (2) **"RLD"** means the regulation and licensing department.

S. Definitions beginning with "S":

- (1) **"Safe moisture level"** means a level of moisture low enough to prevent the growth of undesirable microorganisms in the finished produce.

(2) **"Security alarm system"** means any device or series of devices capable of alerting law enforcement , including, but not limited to, a signal system interconnected with a radio frequency method such as cellular, private radio signals, or other mechanical or electronic device used to detect or report an emergency or unauthorized intrusion.

(3) **"Segregate"** means to separate and withhold from use or sale batches, lots, cannabis, usable cannabis, or cannabis products in order to first determine its suitability for use through testing by an approved laboratory.

(4) **"Solvent"** means a hydrocarbon solvent, carbon dioxide solvent, or organic solvent, which is used to dissolve or disperse chemical compounds from cannabis plant material in a closed loop system.

(5) **"Solvent-based extraction"** means the process of dissolving or dispersing specific chemical compounds from the cannabis plant material using a solvent in a closed loop system.

T. Definitions beginning with "T":

(1) **"THC"** means tetrahydrocannabinol, a cannabinoid that is the primary psychoactive ingredient in cannabis.

(2) **"THCA"** means tetrahydrocannabinolic acid, a non-psychoactive ingredient in cannabis and an acid precursor to THC.

(3) **"Testing"** means testing of cannabis and cannabis products consistent with division rules.

(4) **"Track and trace system"** means the electronic system designated by the division to track and trace the production, transportation, sale, and wastage of cannabis and cannabis products.

U. Definitions beginning with "U": [RESERVED]

V. Definitions beginning with "V":

(1) **"Vault"** means a limited access storage room that is within a licensed cannabis establishment and is outfitted with adequate security features for the purposes of storing cannabis, cannabis products, or cash.

(2) **"Volatile solvent"** means a hydrocarbon solvent, alcohol, or acetone.

W. Definitions beginning with "W":

(1) **"Waste" or "wastage"** means the process of rendering cannabis or cannabis products unusable and unrecognizable, including the destruction of cannabis or cannabis products.

(2) **"Water activity"** means the measure of the free moisture in a manufactured cannabis product and is the quotient of the water vapor pressure of the substance divided by the vapor pressure of pure water at the same temperature.

X. Definitions beginning with "X": [RESERVED]

Y. Definitions beginning with "Y": [RESERVED]

Z. Definitions beginning with "Z": [RESERVED]

[16.8.1.7 NMAC - N, 08/24/2021; A, 12/28/2021; A, 01/11/2022]

16.8.1.8 SOCIAL AND ECONOMIC EQUITY:

A. Division mandate: Pursuant to the Cannabis Regulation Act, Paragraphs (7) and (8) of Subsection B of Section 26-2C-3 NMSA 1978, the division must adopt procedures to promote and encourage full participation in the cannabis industry of representatives of communities that have disproportionately been harmed by rates of arrest through the enforcement of cannabis prohibitions and encourage racial, ethnic, gender, geographic diversity, and New Mexico residency among license applicants, licensees and cannabis industry employees. Policies must also encourage representatives from rural communities that are likely to be impacted by cannabis production, including agricultural producers from economically disadvantaged communities.

B. Division goal: To accomplish these mandates, the division establishes a goal that at least fifty percent of applicants for licensure, licensees, and cannabis industry employees will represent these groups.

[16.8.1.8 NMAC - N, 08/24/2021; A, 03/22/2022]

16.8.1.9 FEDERAL LAW:

The activities described in these rules may be considered a violation of federal law. Persons cultivating, manufacturing, collecting samples of, testing, selling, purchasing or otherwise receiving cannabis or cannabis products may be subject to federal sanctions for what may otherwise be considered authorized conduct in the State of New Mexico, and compliance with the rule does not exempt licensees, their employees or customers from possible federal prosecution. The division is not responsible or liable for the actions of licensed cannabis establishments under the rule.

[16.8.1.9 NMAC - N, 08/24/2021]

16.8.1.10 LABOR PEACE AGREEMENT:

Cannabis establishment licensees, excluding cannabis producer microbusiness and integrated cannabis microbusiness, are encouraged to maintain a labor peace agreement with a bona-fide labor organization that is actively engaged in representing or attempting to represent the applicant's employees. For purposes of this section, a labor peace agreement between a cannabis establishment and a bona-fide labor organization includes protecting the state's interests by, at a minimum, prohibiting the labor organization from engaging in picketing, work stoppages, or boycotts against the cannabis establishment. An applicant, whether for an initial license or renewal of a license, must submit an attestation confirming whether or not the applicant has entered into a labor peace agreement with a bona-fide labor organization that is actively engaged in representing or attempting to represent the applicant's employees.

[16.8.12.10 NMAC – Rp, 16.8.1.10 NMAC, 07/12/2022]

16.8.1.11 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.12.11 NMAC - N, 08/24/2021; Rn, 16.8.1.10, 07/12/2022]

PART 2 LICENSING AND OPERATIONAL REQUIREMENTS FOR CANNABIS ESTABLISHMENTS

16.8.2.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.2.1 NMAC - N, 08/24/2021]

16.8.2.2 SCOPE:

This rule applies to all licensees and applicant for licensure pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules.

[16.8.2.2 NMAC - N, 08/24/2021]

16.8.2.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.2.3 NMAC - N, 08/24/2021]

16.8.2.4 DURATION:

Permanent.

[16.8.2.4 NMAC - N, 08/24/2021]

16.8.2.5 EFFECTIVE DATE:

August 24, 2021, unless a later date is cited at the end of a section.

[16.8.2.5 NMAC - N, 08/24/2021]

16.8.2.6 OBJECTIVE:

The objective of Part 2 is to ensure the safe production, testing, sale, and consumption of commercial and medical cannabis. Part 2 is not applicable to personal use of cannabis pursuant to the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

[16.8.2.6 NMAC - N, 08/24/2021]

16.8.2.7 DEFINITIONS:

Unless otherwise defined below, terms used in Title 16, Chapter 8, Part 1, have the same meanings as set for in 16.8.1 NMAC, the Cannabis Regulation Act, and the Lynn and Erin Compassionate Use Act.

[16.8.2.7 NMAC - N, 08/24/2021]

16.8.2.8 GENERAL OPERATIONAL REQUIREMENTS FOR CANNABIS ESTABLISHMENTS:

A. State and local laws: Pursuant to the Cannabis Regulation Act, applicants and licensees shall comply with all applicable state and local laws that do not conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act, including laws governing food and product safety, occupational health and safety, environmental impacts, natural resource protection, construction and building codes, operation of a cannabis establishment, employment, zoning, building and fire codes, water use and quality, water supply, hazardous materials, pesticide use, wastewater discharge, and business or professional licensing.

B. Licensure on federally recognized Indian Nation, Tribe or Pueblo: The division shall not approve an application for licensure to operate within the exterior boundaries of a federally recognized Indian Nation, Tribe or Pueblo located wholly or partially in the state, unless the tribal government and the department have entered an

intergovernmental agreement to coordinate the cross-jurisdictional administration of the laws of New Mexico and the laws of a tribal government relating to the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

C. Age requirements: All applicants for licensure, including controlling persons of applicants, must be at least 21 years of age. All employees of a commercial cannabis establishment must be at least 21 years of age.

D. Consumption prohibited: Licensees shall prohibit the consumption of cannabis or cannabis products on or within the licensed premises unless a cannabis consumption area has been approved by the division.

E. Illegal sale or distribution: Licensees shall not knowingly and intentionally sell, deliver, or transport cannabis or cannabis products to any person that is not authorized to possess and receive the cannabis or cannabis products pursuant to state law or division rules.

F. Sales of alcoholic beverages prohibited: Licensees are allowed to conduct other licensed activities, including activities pursuant to the Hemp Manufacturing Act, Section 76-24-3 et seq., NMSA 1978, except for sales of alcoholic beverages.

G. No guarantee of licensure: An applicant may not exercise any of the privileges of licensure until the division approves the license application and issues a license. The submission of an application is in no way a guarantee that the application will be accepted as complete. A license shall be granted or denied within 90 days upon acceptance of a completed application. Information provided by the applicant and used by the division for the licensing process shall be accurate and truthful. The division may initiate action to deny licensure, or other administrative action against an applicant or licensee, pursuant to the Uniform Licensing Act.

H. Computation of time: The word "days" as used in this rule means calendar days unless otherwise noted.

I. Display of license: A division license shall be displayed in a conspicuous place on the licensed premises and must be made available upon request by state and local agencies. If the licensed premises is open to the public, the license shall be displayed in an area that is within plain sight of the public.

J. Inventory and sales equipment: The division shall require licensees to utilize division approved track and trace equipment, software, and services.

K. Limitation of licensed premises: Licensees shall conduct cannabis establishment operations solely on licensed premises approved by the division.

L. Multiple licensee premises: Multiple licensees may, upon determination by the division, occupy a single licensed premises, provided each is individually licensed by the division.

M. Reporting of theft or security incident to division: Licensees shall submit to the division written notification of any attempted theft, theft, assault of employees or patrons, robbery or attempted robbery, break-in, or security breach that occurs on the licensee's premises, no later than 24 hours after the licensee first becomes aware of the event. The description shall include a description of any property that was stolen or destroyed, and the quantity of any cannabis plants, cannabis and cannabis products that were stolen. The licensee must provide a copy of the police report, video footage and any other supporting evidence requested by the division. The premises must be secured prior to continuing operations, including the replacement of locks, doors, windows, repair of damaged structures or access points with comparable or more secure replacement material.

N. Non-transferable or assignable license: A license shall not be transferred by assignment or otherwise to other persons or locations. Unless the licensee applies for and receives an amended license, the license shall be void and returned to the division when any one of the following situations occurs:

- (1) location of the licensed premises changes;
- (2) the discontinuance of operation at a licensed premises; or
- (3) suspension or revocation of the license by the division.

O. Online application: Online application: All applications for initial licensure, amended licensure, additional premises, and renewal must be made available on the division website. If applicable, applicants shall first register for a user account.

P. Complete application and fees required: Applicants must submit a completed application to the division before it will be accepted by the division as complete and considered for approval or denial. License and additional premises application or renewal fees must be paid at the time of application submission. Annual plant fees must be paid upon the division's approval of the initial application or renewal application and approval of the number of cannabis plants that a licensee may produce.

Q. Process for incomplete application: In the event that an application for licensure is determined by the division to be incomplete, the division shall notify the applicant by email and specify the information or materials that remain to be submitted. All licensing or renewal fees are non-refundable and must be paid for each new application.

R. Request for clarifying information: Upon request of the division, an applicant shall provide additional information required to process and fully review the application.

If the requested information is not received by the division within 90 days from the date the application was deemed to be complete, the division shall initiate action to deny licensure pursuant to the Uniform Licensing Act.

S. Physical and email address: Applicants and licensees must provide a physical mailing address and an email address. General correspondence from the division will be sent to the applicant or licensee's email address of record. Legal notice and determinations regarding an application, renewal or an administrative action, including an action taken by the division to deny, suspend, or revoke a license or impose a sanction and civil monetary penalty, shall be sent to the last mailing address and to the last email address furnished to the division. Licensees must inform the division in writing of any change to its physical mailing address or email address within 10 days of the change. If applicable, such changes may be submitted via the online licensing portal. An applicant or licensee's failure to notify the division of a change in physical or email address does not relieve the applicant or licensee from the obligation of responding to a division communication.

T. Electronic signature: The division will accept an electronic signature that complies with the Uniform Electronic Transactions Act, Section 14-16-1 et seq., NMSA 1978, or the Revised Uniform Law on Notarial Acts, or rules promulgated pursuant thereto, on any documents required to be submitted to the division and that are submitted electronically.

U. Withdrawal of application: An applicant may withdraw an application at any time prior to the division's issuance of a license or denial of a license. Requests to withdraw an application must be submitted to the division in writing, dated, and signed by the applicant. Withdrawal of an application shall not, unless the division has consented in writing to such withdrawal, deprive the division of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any such ground. The division shall not refund application fees for a withdrawn application. An applicant may reapply at any time following the withdrawal of an application and shall be required to submit a new application and fee.

V. Closure of a licensed cannabis establishment: A licensee that anticipates permanently ceasing its business operations shall notify the division no later than 30 days prior to closure. The licensee shall post public notice of the anticipated closure at all licensed premises that are accessible to the public at least 14 days prior to the closure. Any cannabis or cannabis products that are held by a licensee on behalf of the licensee ceasing its business operations shall be returned to the licensee ceasing business operations. Any cannabis or cannabis products that are held by the licensee ceasing its business operations on behalf of another licensee shall be returned to the originating licensee. Cannabis or cannabis products that are otherwise held by a licensee shall, prior to the licensee's closure, be surrendered to either state or local law enforcement, destroyed by the licensee in accordance with the wastage standards of this rule, or donated to patients via a licensed cannabis establishment, provided that the

donation has been approved in writing by the division and that the licensee has submitted documentation of the donation to the division. State and local law enforcement are authorized to remove and destroy any cannabis or cannabis products that are held by a person who has ceased to be licensed by the division.

W. Persons licensed pursuant to the medical cannabis program: In order to be entitled to continue operating as a cannabis establishment, a person properly licensed and in good standing pursuant to the Lynn and Erin Compassionate Use Act on June 29, 2021, must submit a completed renewal application for a cannabis establishment license, along with required fees, within 30 days of the division notifying the licensee that a renewal application is available. In the event the person does not apply for such a license renewal within the required timeframe, the person shall cease all production operations immediately. Upon approval, the licensee shall operate pursuant to the Cannabis Regulation Act and rules adopted by the division pursuant thereto, provided that the licensee shall continue to operate pursuant to rules promulgated by the department of health for activities authorized by virtue of the licensee's medical program license to the extent they do not conflict with rules adopted by the division pursuant to the Cannabis Regulation Act.

X. Application for additional licensed premises: Licensees must apply for the specific cannabis establishment license type intended for each additional licensed premises as defined in the Cannabis Regulation Act.

Y. Vertically integrated cannabis establishment and integrated cannabis establishment microbusiness:

(1) Applicants for a vertically integrated cannabis establishment or integrated cannabis establishment microbusiness must meet all qualifications for each type of cannabis establishment that is authorized pursuant to the Cannabis Regulation Act.

(2) An initial applicant for an integrated cannabis microbusiness or a vertically integrated cannabis establishment license, must submit an application for authorization to conduct one or more of the following:

- (a) production of cannabis;
- (b) manufacturing of cannabis products;
- (c) retail establishment; or
- (d) courier of cannabis products.

(3) Applicants or licensees shall request authority to add or remove a cannabis establishment activity by submitting an amended application, and any required additional fees.

(4) If a vertically integrated cannabis establishment applicant or licensee will not conduct all cannabis establishment activity on a single premises, each additional premises shall require an additional premises fee.

(5) An applicant or licensee shall not conduct any activity for which additional authority is required until it has received written approval from the division.

[16.8.2.8 NMAC – N, 08/22/2021; A/E, 12/06/2021; A, 03/22/2022; A, 5/7/2024]

16.8.2.9 CRIMINAL HISTORY SCREENING REQUIREMENTS:

A. Initial licensure: Applicants for initial licensure shall submit to a criminal history screening. For purposes of this rule, a criminal history screening shall be required for:

- (1) each partner of a limited partnership;
- (2) each member of a limited liability company;
- (3) each director, officer, or trustee of a corporation or trust; and
- (4) any controlling person of the applicant.

B. Authorized change: If there is a change in membership of any of the above listed person(s), an amended application and a criminal history screening shall be submitted, and each new member must be approved by the division prior to a person assuming any duties or responsibilities for a licensee.

C. Criminal history screening procedure for applicants and the division:

(1) an applicant shall submit a background screening request, including an authorization for release of information, to the New Mexico department of public safety for a current New Mexico state criminal history report;

(2) the New Mexico department of public safety will review state records;

(3) the results of the screening will be made available to the division for review;

(4) the applicant shall submit a signed and sworn affidavit, witnessed and notarized by a notary public with a valid commission, affirming that the applicant has or has not been convicted of the following offenses:

(a) a felony conviction involving fraud, deceit, or embezzlement;

(b) a felony conviction for hiring, employing, or otherwise using a person younger than 18 years of age to:

- (i) prepare for sale, transport or carry a controlled substance; or
- (ii) sell, give away or offer to sell a controlled substance to any person;

or

(c) a felony conviction for the possession, use, manufacture, distribution, or dispensing or possession with the intent to manufacture, distribute or dispense a controlled substance, which no longer includes cannabis.

D. Fees: All applicable fees associated with the New Mexico department of public safety state criminal history background checks shall be paid by the applicant or licensee.

E. Duty to report potentially disqualifying event: Applicants and licensees must notify the division in writing within seven days of any change of fact that would potentially result in the applicant or licensee, including any of the persons listed in Subsection A of this section, being disqualified from holding a license pursuant to the Cannabis Regulation Act or division rules, including a conviction for any offense specified in this section. Failure to make required notification to the division may be grounds for administrative disciplinary action. If the division has determined that the person's conviction does not disqualify the licensee from licensure, the division shall notify the licensee in writing. The division may also initiate administrative disciplinary action pursuant to the Uniform Licensing Act.

[16.8.2.9 NMAC – N, 08/22/2021; A/E, 12/06/2021; A, 03/22/2022]

16.8.2.10 SECURITY AND LIMITED-ACCESS AREA:

All phases where cannabis or cannabis products are cultivated, stored or held, weighed, packaged, manufactured, disposed or wasted, all point-of-sale areas, and any room or area storing a digital video surveillance system storage device shall take place in a designated limited-access area where cannabis and cannabis products are not visible from a public place without the use of binoculars, aircraft, or other optical aids. For purposes of this rule, cannabis or cannabis products are not visible if it cannot be reasonably identified. Licensees shall comply with the security requirements set out in this rule to ensure that licensed premises and limited-access areas, including a vault, are secure.

A. Security alarm system: Licensees shall install and maintain at each premises an operational security alarm system. The security alarm system must be continuously monitored, whether electronically, by a monitoring company, or other means determined to be adequate by the division, and provide an alert to designated employees of the licensee and, if necessary, law enforcement within 5 minutes after a notification of an alarm or a security alarm system failure, either by telephone, email, or text message. Monitored sensors are required on all perimeter entry points and perimeter windows, if applicable. The system must include an audible alarm, which must be capable of being

disarmed remotely by the designated employee or the security company. Licensees shall maintain, and make available to the division upon request, a description of the location and operation of the security system, including the location of the central control, a schematic of the security zones, and the name of the security alarm company and monitoring company, if applicable.

B. Security alarm system maintenance and failure: Licensees shall conduct a monthly maintenance inspection and make all necessary repairs to ensure the proper operation of the security alarm system. In the event of a security alarm system failure due to a loss of electrical power or mechanical malfunction that is expected to exceed an eight-hour period, the licensee shall immediately notify the division within 48 hours following the discovery of the failure, and provide alternative security that may include closure of the premises. All security system equipment shall be maintained in a secure location so as to prevent theft, loss, destruction and alterations.

C. Inspection of security alarm system records: Licensees shall maintain documentation for a period of at least 12 months of all maintenance inspections, servicing, alterations, and upgrades performed on the security alarm system. All documentation must be available during a division inspection.

D. Digital video surveillance: Licensees shall provide and maintain at each premises a digital video surveillance system with a minimum camera resolution of 1280 x 720 pixels. The digital video surveillance system shall further comply with the following requirements:

- (1) the digital video surveillance system shall at all times be able to effectively and clearly record images of the area under surveillance;
- (2) each camera shall be permanently mounted and in a fixed location;
- (3) cameras shall be placed in a location that allows the camera to clearly record activity occurring on the licensed premises that digital video surveillance is required under subsection E of this section, and shall provide a clear and certain identification of any person and activities in those areas.

E. Areas of digital video surveillance: Areas that shall be recorded on the digital video surveillance system include the following:

- (1) areas where cannabis and cannabis products are cultivated, produced, manufactured, weighed, packed, stored, loaded, and unloaded for transportation, prepared, or moved within the licensed premises;
- (2) limited-access areas;
- (3) areas storing a digital video surveillance-system storage device;

- (4) entrances and exits to the licensed premises; and
- (5) all point of sale (POS) locations to capture sale transactions.

F. Digital video surveillance recording: Licensees shall comply with the following digital video surveillance recording requirements:

- (1) cameras shall record continuously 24 hours per day, or may be motion activated, and at a minimum of 15 frames per second (FPS);
- (2) the physical media or storage device on which digital video surveillance recordings are stored shall be secured in a manner to protect the recording from tampering or theft;
- (3) digital video surveillance recordings shall be kept for a minimum of 30 days and recordings of theft or security incidents as set forth in Subsection N of 16.8.2.8 NMAC shall be kept for a minimum of 12 months;
- (4) digital video surveillance recordings are subject to inspection by the division, and shall be kept in a manner that allows the division to view and obtain copies of the recordings at the licensed premises immediately upon request;
- (5) upon request, licensees shall send or otherwise provide copies of the recordings to the division within 48 hours;
- (6) recorded images shall clearly and accurately display the time and date of the recording; and
- (7) time shall be measured in accordance with the United States national institute standards and technology standards.

G. Failure notification: A digital video surveillance system shall be equipped with a failure notification system that provides notification to the licensee of any interruption or failure of the digital video surveillance system or digital video surveillance-system storage device. A digital video surveillance system failure shall be reported to the division immediately and operations shall cease as soon as safely possible until the system is again operational.

H. Multiple licensees premises: If multiple applicants or licensees seek to operate, or operate, within the same premises, a single security system and digital video surveillance system covering the entire premises may be used by all of the licensees under the following conditions:

- (1) each applicant or licensee shall include on their premises diagram where the security alarm system and the digital video surveillance cameras are located and where digital video surveillance recordings are stored;

(2) each applicant or licensee shall include in their application a certification that all licensees shall be individually responsible for the operation, maintenance, and record keeping requirements of the security alarm system, and that all licensees shall have access to live monitoring of the digital video surveillance system;

(3) each applicant or licensee shall include in their application an explanation of how the security alarm system and digital video surveillance system will be shared with the division and authorities, as well as who is responsible for maintenance of the security alarm system and the digital video surveillance system, who is authorized to monitor the video footage and who is responsible for storing any digital video surveillance recordings;

(4) each applicant or licensee shall have immediate access to the digital video surveillance recordings to produce them pursuant to subsection F of this section; and

(5) each applicant or licensee shall be held responsible for any violations of the security system or digital video surveillance requirements.

I. Locks: Licensees shall ensure that limited-access areas can be securely locked using commercial-grade locks that meet applicable building and fire codes. Licensees shall also use commercial-grade locks that meet applicable building and fire codes on all points of entry and exit to the licensed premises and access points to areas where cannabis and cannabis products are stored.

J. Limited-access areas: A limited access area shall only be accessible to a licensee and its authorized employees, authorized vendors, contractors or other individuals conducting business that requires access to a limited-access area, division staff or authorized designees, state and local law enforcement authorities acting within their lawful jurisdictions, fire departments and emergency medical services acting in the course of their official capacity, or volunteers specifically permitted by the licensed cannabis establishment. Licensees shall ensure:

(1) only authorized employees of the licensee and other authorized individuals have access to the limited-access areas of the licensed premises;

(2) a daily record log, which may be a sign-in and sign-out sheet at the entrance of a premises, of all authorized employees and authorized individuals that are not employees of the licensee who enter the limited-access areas is maintained;

(3) limited-access record logs are kept for a minimum of 90 days, or 12 months if a theft or security incident occurs, and must be made available to the division within 48 hours upon request;

(4) entrances to all limited-access areas have a solid door, or if appropriate, a gate adequate to block access, and a lock meeting the requirements set forth in

subsection I of this section, and unless prohibited by building or fire codes, the entrance shall remain locked when not in use during regular business hours;

(5) all limited-access areas are identified by the posting of a sign that shall be a minimum of 12" x 12" and which states: "Do Not Enter - Limited Access Area - Access Limited to Authorized Personnel Only" in lettering no smaller than one inch in height;

(6) authorized employees of the licensee visibly display an employee identification badge at all times while present within a limited-access area;

(7) other authorized individuals obtain a visitor identification badge prior to entering a limited-access area, the visitor identification badge shall be visibly displayed at all times while the visitor is in any limited access area, and all visitor identification badges shall be returned to the cannabis establishment on exit.

K. Licensee identification badge requirement: Licensees shall issue a laminated or plastic-coated identification badge to all agents, officers, or other persons acting for or employed by a licensee, which shall, at a minimum, include the licensee's "doing business as" name and license number, the individual's first name, an employee number exclusively assigned to that employee for identification purposes, and a color photograph of the employee that clearly shows the full front of the employee's face and that is at least 1 inch in width and 1.5 inches in height.

L. Lighting: Any perimeter entry point of a cannabis establishment must have lighting sufficient for observers to see, and cameras to record, any activity within 20 feet of the gate or entry; and a motion detection lighting system may be employed to light required areas in low-light conditions.

M. Doors and windows: All external entrances to indoor facilities on the licensed premises must be able to be locked and all perimeter doors and windows of indoor facilities must be in good condition and lockable.

N. Fencing requirements for outdoor areas or greenhouses: Any licensed premises that is an outdoor area or greenhouse shall also implement security measures to ensure that the outdoor area or greenhouse is not assessable to unauthorized individuals and is secure to prevent and detect diversion, theft, or loss of cannabis, which shall at a minimum include:

(1) a perimeter security fence designed to prevent unauthorized entry to any cannabis cultivation areas and signs that shall be a minimum of 12" x 12" and which states: "Do Not Enter - Limited Access Area - Access Limited to Authorized Personnel Only" in lettering no smaller than one inch in height; and

(2) a cover that obscures cannabis cultivation areas from being readily viewed from outside of the fenced area.

O. Security guards: Security guards are permitted but not required. Contract security guards must be licensed under the Private Investigations Act, Section 61-27B-1 et seq., NMSA 1978. Security guards must not consume cannabis or cannabis products or be intoxicated while performing any duties for a licensee. Security guards must comply with all laws related to firearms and other weapons.

P. Vault: Licensees may store all non-growing cannabis, cannabis products, or cash not being actively handled for purposes of cultivating, packaging, processing, transporting, or selling within an adequately sized vault.

[16.8.2.10 NMAC - N, 08/24/2021; A, 03/22/2022]

16.8.2.11 RECALL OF CANNABIS:

A. Written procedures: Licensees shall establish and implement written procedures for recalling cannabis and cannabis products that have been sold or otherwise distributed to the public or other cannabis establishments. Recall procedures shall be made available for the division's inspection upon request.

B. Recall procedures: The recall procedures shall identify:

(1) the circumstances in which a recall will be conducted, including the circumstances involving the mislabeling or contamination of products;

(2) personnel responsible for implementing the recall procedures;

(3) procedures for notification of all customers who have, or reasonably could have, obtained an affected product, including communication and outreach via broadcast media, as appropriate;

(4) procedures for notification of any other cannabis establishment that supplied or received the recalled product;

(5) instructions to be provided to customers or other cannabis establishments for the return or destruction of the recalled product; and

(6) procedures for the collection and wastage (as may be required by the division) of any recalled product.

C. Destruction of recalled product: All recalled products that are intended to be destroyed shall be wasted in accordance with the wastage requirements of the division.

D. Division notification: The licensee shall notify the division of any recall within 24 hours of initiating the recall.

E. Division recall order: The division may order the immediate recall of cannabis or cannabis products if it deems such action necessary to protect public health and safety.

[16.8.2.11 NMAC - N, 08/24/2021]

16.8.2.12 CHAIN OF CUSTODY:

A. Licensees shall adopt, maintain, and enforce chain of custody procedures and documentation requirements to ensure appropriate tracking and tracing of cannabis and cannabis products. Licensees shall use a paper-based or electronic chain of custody form that documents the possession of cannabis or cannabis products, and includes the following:

- (1) the originating location of the cannabis or cannabis products;
- (2) the time and date of transfer of the cannabis or cannabis products;
- (3) the size, number of boxes, and number of pieces of cannabis or cannabis products;
- (4) the internal batch or lot numbers, and if different, the track and trace batch or lot numbers;
- (5) a dated signature of the person receiving the cannabis or cannabis products; and
- (6) for cannabis samples, in addition to the above, the types of containers, mode of collection, the authorized individual who collected the sample, the date and time of collection, preservation, and requested analyses of the sample.

B. Licensees shall also adopt, maintain, and enforce security requirements to ensure security and the safety of cannabis and cannabis products and transport personnel.

[16.8.2.12 NMAC - N, 08/24/2021]

16.8.2.13 REQUIREMENTS FOR THE TRANSPORTATION OF CANNABIS:

A. General requirements: The following requirements apply when disposing of wasted cannabis or cannabis plants or transporting cannabis or cannabis products between licensees or licensed premises:

- (1) transportation of cannabis or cannabis products shall only be conducted by persons holding a cannabis establishment license under the Cannabis Regulation Act or designated employees, or contractors, of a licensee;

(2) prior to transporting any cannabis or cannabis products to another licensee, the licensee shall have a completed transfer or sales invoice or receipt and a chain of custody form, the licensee shall only transport cannabis or cannabis products listed on the invoice or receipt and chain of custody form, and the invoice or receipt and chain of custody form may not be altered or changed once transport begins;

(3) transportation of cannabis or cannabis products by means of a human powered vehicle or unmanned vehicle is prohibited;

(4) cannabis or cannabis products shall only be transported inside of a motor vehicle or trailer in reasonable operating condition and shall not be visible or identifiable from outside of the vehicle or trailer;

(5) cannabis or cannabis products shall be locked in a box, container, or cage that is secured within the inside of the vehicle or trailer, including when such a box, container, or cage is located inside of the trunk;

(6) vehicles and trailers shall be locked and secured while left unattended;

(7) licensees shall not leave a vehicle or trailer containing cannabis or cannabis products unattended in a residential area;

(8) vehicles shall have a vehicle alarm system ;

(9) packages or containers holding cannabis or cannabis products shall not be tampered with, or opened, during transport;

(10) when engaged in the transportation of cannabis or cannabis products, a licensee shall only travel between licensees shipping or receiving cannabis or cannabis products and its own licensed premises;

(11) licensees may transport multiple shipments of cannabis or cannabis products at one time in accordance with applicable laws;

(12) licensees shall not deviate from the travel requirements described in this section, except for necessary rest, fuel, or vehicle repair stops;

(13) under no circumstances may alcoholic beverages be transported with cannabis or cannabis products;

(14) vehicles and trailers transporting cannabis or cannabis products are subject to inspection by the division at any licensed premises or during transport at any time;

(15) notwithstanding subsection A of this section, cannabis or cannabis products may be transported by foot, hand truck, forklift, or other similar means if it is

not operationally feasible to transport cannabis products inside of a vehicle or trailer because the licensed premises that the cannabis products will be transported from and the licensed premises that will be receiving the cannabis products are located within the same building or on the same premises;

(16) storage and transportation of cannabis and cannabis products shall be under conditions that will maintain and protect the cannabis or cannabis products against physical, chemical, and microbial contamination as well as against deterioration of the cannabis or cannabis products and the container;

(17) the vehicle must be properly registered with the New Mexico motor vehicle division; and

(18) the driver of the vehicle must be prepared to show proper identification, including a licensee employee badge, driver's license, vehicle registration and proof of insurance, and the appropriate shipping manifest and chain of custody form to law enforcement and the division when requested.

B. Shipping manifest: Prior to transporting cannabis or cannabis products, a licensee shall generate a shipping manifest through the track and trace system for the following activities:

- (1) testing and sampling of cannabis or cannabis products;
- (2) sale of cannabis or cannabis products to a licensee;
- (3) destruction, wastage, or disposal of cannabis or cannabis products; and
- (4) any other activity, as required by the division or any other government authority.

C. Transmittal of manifest: Licensees shall transmit the shipping manifest to the division and (if applicable) the licensee that will receive the cannabis or cannabis products via the online track and trace portal prior to transporting the cannabis or cannabis products.

D. Verification of manifest: Licensees shall ensure and verify that the cannabis or cannabis products being taken into possession for transport at the originating licensed premises are described and accurately reflected in the shipping manifest. For purposes of this section, the licensee may verify that the cannabis or cannabis products are accurately reflected in the shipping manifest by confirming that the number of boxes of cannabis or cannabis products, type of cannabis or cannabis products, or the units of cannabis or cannabis products matches the label on the boxes containing the cannabis or cannabis products.

E. Rejection of shipment: Licensees shall not take into possession or transport:

(1) Any cannabis or cannabis products that are not on the shipping manifest;
or

(2) Any cannabis or cannabis products that are less than or greater than the amount reflected on the shipping manifest, with the exception of marginal weight difference due to curing during transport.

F. Responsibility for discrepancy: The licensee transporting the cannabis or cannabis product is responsible for any discrepancies between the shipping manifest and the cannabis or cannabis products in its possession during transport, and subject to any enforcement or disciplinary action related to such discrepancy.

G. Void or change prohibited: Licensees shall not void or change a shipping manifest after departing from the originating licensed premises.

H. Documentation of all transport: A shipping manifest and chain of custody form shall accompany every transport of cannabis products.

I. Alternative notice of shipment: Notwithstanding any provision of this section to the contrary, if a transporting licensee cannot obtain access to the track and trace system, the licensee shall complete the shipping manifest outside of the track and trace system and promptly transmit it to the division and the licensee receiving the shipment by electronic mail. If the transporting licensee has access to the track and trace system and the licensee receiving the shipment does not have access to the track and trace system, the transporting licensee shall complete the shipping manifest in the track and trace system, transmit it to the division, and send a copy to the licensee receiving the shipment by electronic mail.

[16.8.2.13 NMAC - N, 08/24/2021]

16.8.2.14 LICENSURE PERIOD, EXPIRATION AND RENEWAL:

A. License period: The licensure period of a license shall be from the date of approval of the license application for a period of 12 months.

B. Automatic expiration of license: Unless otherwise renewed, suspended, or revoked, a license shall expire at 11:59 p.m. on the day indicated on the license as the expiration date or other written notification by the division.

C. License renewal: To timely renew a license, a completed license renewal application and annual license fee set forth in 16.8.11 NMAC shall be received by the division from the licensee no earlier than 60 calendar days before the expiration of the license and no later than 30 days before the expiration of the license through the division's electronic licensing portal. Failure to receive a notice for license renewal from the division does not relieve a licensee of the obligation to renew all licenses as required. In the event a license renewal application is not submitted and approved prior

to the license expiration date, the licensee must not sell, transfer, transport, manufacture, test, or distribute any medical or commercial cannabis or cannabis products until the license is renewed. Upon the nonrenewal of a license, the division may initiate disciplinary action pursuant to the Uniform Licensing Act, Section 61-1-1 *et seq.*, NMSA 1978.

[16.8.2.14 NMAC - N, 08/24/2021]

16.8.2.15 WASTAGE OF CANNABIS OR CANNABIS PRODUCTS; PERMITTED METHODS:

Licensees that waste cannabis or cannabis products shall do so by rendering the cannabis or cannabis products unusable and unrecognizable prior to removal from licensed premises. The wastage of cannabis or cannabis products shall be documented, tracked by batch, and recorded in an electronic track and trace system specified by the division. Wastage of cannabis or cannabis products shall occur only within the licensee's ordinary business hours. Licensees shall dispose of wasted cannabis or cannabis products and shall not attempt to incorporate wasted cannabis or cannabis plants into any product intended for human consumption.

A. Permitted methods of wastage: Wastage of cannabis or cannabis plants shall be accomplished by grinding and incorporating the cannabis into other ground material, such as soil, compost material, or leaf and yard waste, so that the resulting mixture is at least fifty percent non-cannabis material by volume;

B. Disposal of wasted cannabis: Disposal of wasted cannabis or cannabis plants shall be conducted in accordance with all applicable waste disposal laws, including hazardous waste disposal laws.

C. Holding time: Cannabis or cannabis products that a licensee intends to waste shall be held in a secured designated holding area for a minimum of 72-hours prior to being wasted. Licensees shall affix to each batch that is held for wasting documents that record information concerning the batch, including batch number or code, plant number, and weight. The batch to be wasted shall not be handled, moved, or wasted during the 72-hour period, unless by specific instruction of the division. Cannabis or cannabis products that are intended to be wasted may be subject to inspection by the division.

D. Documentation of wastage; retention: Licensees shall record the wastage of cannabis or cannabis products, including batch number, weight, plant number, the name of the receiving solid waste facility, dates of wastage and disposal, and any test results associated with a wasted batch, using an electronic system specified by the division, and shall deduct any wasted usable cannabis or cannabis plants from the licensee's inventory. The electronic record shall be retained for no less than two years following the disposal. Licensees shall additionally document the wastage of any cannabis using a video recording and shall retain the video recording of the destruction

for no less than 120 days. Licensees shall make the video recording of the destruction available for the division's inspection and copying upon the division's request.

E. Notice to division: Licensees shall notify the division of the wastage of cannabis within five business days of the wastage.

[16.8.2.15 NMAC - N, 08/24/2021]

16.8.2.16 QUALITY ASSURANCE TESTING; COMPLAINT PROCEDURE:

A. Quality assurance testing by the division: The division or its representative may conduct quality assurance sampling and testing of cannabis or cannabis products, and may require a licensee to provide samples of cannabis or cannabis products for this purpose. The division may additionally adopt and enforce a randomized testing schedule for the sampling and testing of cannabis or cannabis products. The division may prohibit the sale or transfer of cannabis or cannabis products that are determined by the division to contain prohibited levels of contaminants, or that is found to have been improperly tested, or may require remediation of such cannabis that is consistent with the remediation standards of the division.

B. Complaints: If the division receives a verified complaint regarding the presence of mold, bacteria, or another contaminant in cannabis or cannabis products, or if the division has reason to believe that the presence of mold, bacteria, or another contaminant may jeopardize public health and safety, the division or its representative may conduct an inspection and may require a licensee to provide samples of cannabis or cannabis products for testing by the division. Licensees shall allow the division or its representative access to a facility or to collect cannabis or cannabis product samples. To be considered verified, a complaint must be made on a form provided by the division that at a minimum identifies:

- (1) date the complaint is filed;
- (2) location of the cannabis or cannabis product;
- (3) any identifiable features of the cannabis or cannabis product at issue, including the type and amount;
- (4) the nature of the complaint;
- (5) name and contact information of the complainant; and
- (6) complaint must be emailed to the licensee within 5 business days of the division receiving the complaint.

C. Division sampling and testing requirements: Division employees may possess cannabis samples for the sole purposes of establishing compliance with the

Cannabis Regulation Act or division rules. The division shall comply with the following testing requirements:

- (1) the division shall maintain chain of custody documentation for any cannabis or cannabis product samples taken;
- (2) a written receipt shall be given to the licensee for all testing samples;
- (3) all testing samples shall be placed into a sealed container and clearly labeled;
- (4) all testing samples shall be tested by the division or a designated testing facility; and
- (5) the quantity of cannabis or cannabis products that is gathered by the division from a licensee for testing purposes shall not exceed the applicable sample sizes required by division rules.

D. Cost of testing: The licensee shall bear the cost of any testing required by the division.

[16.8.2.16 NMAC - N, 08/24/2021]

16.8.2.17 FIRE SAFETY LAWS:

Licensees shall ensure all licensed premises are compliant with Article 52 of the New Mexico Statutes Annotated and any associated rules, including rules governing: posting of address, exit signs, emergency lighting, egress paths, evaluation plan, electrical wiring and lighting, exits and exit access, doors, egress hardware, aisle width, chemical storage, fire extinguishers, fire alarm, sprinkler system and fire suppression system, firewalls, combustible waste and housekeeping, storage, access from the exterior, and weeds, grass, vines or other growth capable of igniting.

[16.8.2.17 NMAC - N, 08/24/2021]

16.8.2.18 CONSTRUCTION OR ALTERATION OF CANNABIS ESTABLISHMENT BUILDINGS:

If applicable, licensees shall ensure that all licensed premises are in compliance with the Construction Industries Licensing Act, Section 60-13-1 *et seq.*, NMSA 1978 and the LPG and CNG Act, Section 70-5-1 *et seq.*, NMSA 1978, including associated rules, as well as applicable codes, standards, zoning laws, licensing laws, and fire codes. If applicable, licensees shall further ensure that each structure, including manufactured homes used pursuant to Section 60-14-4(S), NMSA 1978, obtains a Certificate of Occupancy pursuant to 14.5.3.13 NMAC prior to occupancy and use of the structure.

[16.8.2.18 NMAC - N, 08/24/2021]

16.8.2.19 OCCUPATIONAL SAFETY:

Licensees shall comply with the Occupational Health and Safety Act, Section 50-9-1 *et seq.*, NMSA 1978 and any associated rules.

[16.8.2.19 NMAC - N, 08/24/2021]

16.8.2.20 MONITORING OF LICENSEE:

A. Monitoring: The division may perform on-site assessments of an applicant or licensee during normal business hours to determine compliance with the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules.

B. Record access and review: The division may review any and all records related to the operations of the licensee and may require and conduct interviews with such persons or entities and persons affiliated with such entities, for the purpose of determining compliance with division rules or applicable laws. The division shall have access to the financial records of a licensee, including sales records and data from point-of-sale systems, and shall be granted immediate access to inspect or copy those records upon request.

C. Access to premises: Licensees shall provide the division timely access to any material and information necessary for determining compliance with division rules or applicable laws. Failure by a licensee to provide the division access to the premises or materials may result in disciplinary action.

D. Monitoring documents: Any failure to adhere to division rules or applicable laws documented by the division during monitoring may result in disciplinary action.

E. Report to law enforcement: The division shall refer suspected criminal activity or complaints alleging criminal activity that are made against a licensee to appropriate federal, state, or local law enforcement authorities.

F. Financial records: Licensees shall maintain detailed sales records in a manner and format approved by the division, inform the division of the location where such records are kept, and promptly update the division if the records are removed.

G. Audit: Licensees shall submit the results of a biennial audit to the division. The audit shall be conducted by an independent certified public accountant; the costs of which shall be borne by the licensee. Results of the audit shall be forwarded to the division. The division may extend, in writing, a licensee's audit requirement to three years following the timely submission of two biennial unqualified audits or two biennial unqualified reports.

H. Producer reports: A cannabis producer licensee shall submit reports on an annual basis, or as otherwise reasonably requested, and in the format specified by the division. The annual report shall include:

- (1) actual water and energy use in the preceding 12 months;
- (2) demographic information required pursuant to the Cannabis Regulation Act, including data as defined by the applicant's social and economic equity plan, and the divisions published social and economic equity plan;
- (3) progress made toward the licensee's social and economic equity plan; and
- (4) all quality testing reports, to be included as attachments.

I. Manufacturer reports: A cannabis manufacturer licensee shall submit reports on an annual basis, or as otherwise reasonably requested, and in the format specified by the division. The annual report shall include:

- (1) actual water and energy use in the preceding 12 months;
- (2) demographic information required pursuant to the Cannabis Regulation Act, including data as defined by the applicant's social and economic equity plan, and the divisions published social and economic equity plan;
- (3) progress made toward the licensee's social and economic equity plan; and
- (4) all quality testing reports, to be included as attachments.

J. Testing laboratory reports: A cannabis testing laboratory licensee shall submit reports on an annual basis, or as otherwise reasonably requested, and in the format specified by the division. The annual report shall include:

- (1) total number of test failures by product type;
- (2) number of failures by product type;
- (3) total number of calibrations conducted;
- (4) total number of calibrations categorized by test code or analysis type;
- (5) total number of audits conducted by an accredited laboratory auditing service; and
- (6) number of proficiency tests conducted by test code or analysis type.

K. Retailer reports: A cannabis retailer licensee shall submit reports on an annual basis, or as otherwise reasonably requested, and in the format specified by the division. The annual report shall include:

(1) demographic information required pursuant to the Cannabis Regulation Act, including data as defined by the applicant's social and economic equity plan, and the divisions published social and economic equity plan; and

(2) progress made toward the licensee's social and economic equity plan.

[16.8.2.20 NMAC - N, 08/24/2021; A, 03/22/2022]

16.8.2.21 CANNABIS PRODUCER LICENSURE; GENERAL PROVISIONS:

A. License types: The division may license two classes of producers:

(1) A cannabis producer; and

(2) A cannabis producer microbusiness.

B. Division application forms: All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division found on the division website.

C. License required: Unless licensed pursuant to the Cannabis Regulation Act or division rules, a person shall not cultivate cannabis, including planting, growing, and harvesting cannabis, except for personal use as provided by the Cannabis Regulation Act and the Lynn and Erin Compassionate Use Act.

D. Other activities prohibited: Except as provided in Subsection BB of 16.8.2.8 NMAC, no cannabis producer establishment licensee may manufacture cannabis products, courier cannabis or cannabis products, or engage in the retail sale of cannabis or cannabis products unless the licensee has properly applied for, and the division has approved, the applicable license type required for those activities.

[16.8.2.21 NMAC – N, 08/22/2021; A/E, 12/06/2021; A, 03/22/2022]

16.8.2.22 APPLICATION REQUIREMENTS FOR CANNABIS PRODUCER LICENSE:

A. An initial application or renewal for cannabis producer licensure shall include the following:

(1) Contact information for the applicant and the cannabis establishment, to include:

- (a) applicant's full legal name;
- (b) applicant's date of birth, if applicable;
- (c) applicant's mailing address;
- (d) applicant's contact telephone number;
- (e) applicant's contact email address;
- (f) applicant's business physical address and mailing address, if different;
- (g) applicant's business legal name, including a DBA name if applicable;
- (h) applicant's business web address, if applicable;
- (i) applicant's business hours of operation;
- (j) name and contact information for each controlling person;
- (k) demographic data pursuant to the Cannabis Regulation Act; and

(2) proof the applicant or each controlling person is at least 21 years of age, which shall include identification issued by a federal or state government that includes the name, date of birth, and picture of the applicant or controlling person;

(3) proof of compliance with local laws by submitting either:

(a) a copy of a current business license issued by the local jurisdiction in which the proposed premise is located, which may include zoning approval and a fire inspection report;

(b) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses; or

(c) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses prior to the issuance of a cannabis license.

(4) proof the applicant is properly registered with the New Mexico taxation and revenue department (TRD) for payment of gross receipts tax;

(5) demonstration of a legal right to use the quantity of water that the division determines is needed for cannabis production, as evidenced by either:

(a) documentation from a water provider that the applicant has the right to use water from the provider and that the use of water from cannabis production is compliant with provider's rules, or

(b) documentation from the office of the state engineer showing that the applicant has a valid and existing water right, or a permit to develop a water right, for irrigation purposes for outdoor cultivation, or a commercial purpose for indoor cultivation at the proposed place of use of the cannabis establishment. The documentation may include any of the following:

(i) a state engineer permit or license in good standing, but not including a permit issued pursuant to Sections 72-12-1, -1.1, -1.2, or -1.3, NMSA 1978;

(ii) a subfile order or decree issued by a water rights adjudication court;

(iii) the findings of an office of the state engineer hydrographic survey;
or

(iv) other documentation the office of the state engineer has deemed in writing as acceptable to the office of the state engineer under this rule.

(6) a plan to use, or certification that the applicant cannot feasibly use, energy and water reduction opportunities, including:

(a) drip irrigation and water collection;

(b) natural lighting and energy efficiency measures;

(c) renewable energy generation; and

(d) estimated water and energy use related to the applicants cultivation plan;

(7) if applicable, certification the applicant is in good standing with the New Mexico secretary of state, including all documents filed with the New Mexico secretary of state;

(8) a list of all controlling persons, a list of other current or prior licensed cannabis businesses, documentation of the applicant's or a controlling person legal name change, and criminal history screening documents as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(9) a detailed description of any criminal convictions of the applicant and any controlling person, including the date of each conviction, dates of incarceration, probation or parole, if applicable, description of the offense, and statement of rehabilitation of each conviction;

(10) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(11) the initial number of mature cannabis plants, and immature cannabis plants, the applicant proposes for production and the amount of water the applicant plans to use on a monthly basis for a 12 month period;

(12) certification the applicant will adhere to production requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, including creating and maintaining a cultivation plan, and cannabis waste procedures for cannabis or cannabis products;

(13) certification the applicant will adhere to cannabis transport requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, including the transport of unprocessed cannabis or cannabis products to other cannabis establishments;

(14) certification the applicant will adhere to New Mexico department of agriculture (NMDA) pesticide registration, licensing, and use requirements to ensure a safe product and environment;

(15) certification the applicant will adhere to security requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, including requirements relating to safety and security procedures, security devices to be used, placement of security devices, personal safety, and crime prevention techniques;

(16) certification the applicant will adhere to quality assurance requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, including requirements relating to routine testing by a licensed testing laboratory, division inspection of licensed premises during normal business hours, and testing of cannabis;

(17) certification the applicant will adhere to applicable federal, state and local laws governing the protection of public health and the environment, including occupational health and safety, food safety, environmental impacts, natural resource protections, air quality, solid and hazardous waste management, and wastewater discharge;

(18) certification the applicant has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for unlicensed medical or commercial cannabis activity by any state licensing authority,

against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application;

(19) applicant's social and economic equity plan to encourage economic and social diversity in employment, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products are produced are located in an underserved rural community, including tribal, acequia, land grant-merced, federally designated opportunity zone, or other rural historic communities;

(20) certification the applicant has obtained a current local jurisdiction business license, or will prior to operation of the cannabis establishment, and the applicant shall adhere to local zoning ordinance;

(21) certification the applicant will maintain at all times a legible and accurate diagram and description of the location of the land or facility used for the cannabis establishment and the method(s) to be used to produce cannabis;

(22) an attestation of the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued; and

(23) payment of any required application or licensure fees as set forth in 16.8.11 NMAC. Cannabis plant fees, if applicable, shall be accessed by the division upon approval of an initial application, additional premises application or renewal application. The division must receive payment of cannabis plant fee prior to cultivation of cannabis plants or, if applicable, at the time of renewal.

B. Verification of information: The division may verify information contained in each application and accompanying documentation, including:

(1) contacting the applicant or controlling person by telephone, mail, or electronic mail;

(2) conducting an on-site visit;

(3) requiring a face-to-face or virtual meeting and the production of additional documentation; or

(4) consulting with state or local governments.

[16.8.2.22 NMAC – N, 08/22/2021; A/E, 12/06/2021; A/E, 1/13/2022; A, 03/22/2022; A, 5/7/2024]

16.8.2.23 SUBMITTAL OF APPLICATION FOR AMENDED CANNABIS PRODUCER LICENSE:

A. Application: A licensed producer shall submit to the division an application form for an amended license, pay the required fee, and must obtain approval from the division, prior to implementing any of the following:

- (1) change of licensee's legal or business name;
- (2) change in water source, or licensee's water and energy conservation plan, including, the reuse of water and disposal of effluent;
- (3) increase in plant count beyond which licensee is currently licensed to produce;
- (4) decrease in plant count which licensee is currently licensed to produce;
- (5) addition or elimination of a controlling person; or
- (6) material or substantial modification of the premises.

B. Amended license not required: Changes to standard operating policies and procedures may be made without providing notification to the division, provided that licensees shall maintain at each licensed premises a copy of all current and prior operating policies and procedures.

C. Requirements and processing of application for amended license: The application for amended license must comply with all requirements applicable to initial applications, except that the application shall be clearly designated as one for an amended license. The division shall approve or deny an application for amended license within 90 days of receiving a completed application. Denial of an application for amendment shall be pursuant to the Uniform Licensing Act.

D. Material or substantial change: Material or substantial changes requiring approval include:

- (1) increase or decrease in the size of the premises, including the sale of property used for the cannabis establishment, or the purchase of additional property for the use of the cannabis establishment;
- (2) an addition or removal of licensed activities taking place on a single licensed premise; or

(3) a change in the licensee's access to the water source submitted with an application for initial, amended, or renewal licensure or a ten percent, or more, increase in the licensee's water usage.

[16.8.2.23 NMAC – N, 08/22/2021; A/E, 12/06/2021; A, 5/7/2024]

16.8.2.24 PRODUCER PREMISES DIAGRAM:

A. An applicant must maintain on its licensed premise at all times, a complete and detailed diagram of the premises. The diagram shall be used by the division to determine whether the premises meets the requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules.

B. The diagram shall show the boundaries of the property and the proposed premises to be licensed, the dimensions of each area that cannabis plants will be cultivated, the location(s) and the dimensions of other areas where other horticulture will be cultivated, if applicable. The diagram shall also include, as applicable, any equipment to be used, entrances and exits, interior partitions, location of lights in the cannabis plant cultivation area(s) and the maximum wattage or wattage equivalent, walls, rooms, windows, and doorways. The diagram shall include a brief statement or description of the principal activity to be conducted in each area on the premises.

C. The diagram shall show where all cameras are located and assign a number to each camera for identification purposes.

D. The diagram shall be to scale.

E. The diagram shall not contain any highlighting and the markings on the diagram shall be in black-and-white print.

F. If the proposed premises consists of only a portion of a property, the diagram must be labeled indicating which part of the property is the proposed premises and what the remaining property is used for.

G. If the proposed premises consists of only a portion of a property that will contain two or more licensed premises, then the diagram shall be supplemented with a description of how two or more licensed premises will be managed on the property.

H. If a proposed premise is located on only a portion of a property that also includes a residence, the diagram shall clearly show the designated buildings for the premises and the residence.

[16.8.2.24 NMAC - N, 08/24/2021; A/E, 01/13/2022; A, 03/22/2022]

16.8.2.25 PHYSICAL MODIFICATION OF PRODUCER PREMISES

A. Licensees shall not, without the prior written approval of the division, make a physical change, alteration, or modification of the licensed premises that materially or substantially alters the licensed premises or the use of the licensed premises.

B. Licensees whose licensed premises is to be materially or substantially changed, modified, or altered is responsible for filing a request for premises modification with the division.

C. Material or substantial changes, alterations, or modifications requiring approval include:

(1) when a building or structure will be erected, constructed, enlarged, altered, repaired, moved, improved, removed, converted or demolished, as defined and described in the applicable building codes, which require a permit from the construction industries division or the appropriate local jurisdiction;

(2) when electrical wiring, plumbing or mechanical work and LP gas work, as defined and described in the applicable construction codes for those trades, is to be installed, repaired or maintained in or on such building or structure, which require a permit from the construction industries division or the appropriate local jurisdiction;

(3) re-roofing and application of roof coatings that requires a building permit and inspections; or

(4) changing the occupancy activities conducted in or the use of an area that requires a new certificate of occupancy or fire inspection.

D. Licensees shall request approval of a material or substantial physical change, alteration, or modification in writing, and the request shall include:

(1) a copy of the applicable building permit; and

(2) a new certificate of occupancy, if applicable.

E. Licensees shall immediately notify the division within 24 hours if a federal or state authority requires a change to the premises;

F. Licensees shall promptly provide additional documentation requested by the division to evaluate the licensee's request to modify the licensed premises; and

G. The division shall notify the licensee, in writing, of approval or denial of a request for physical modification no later than 10 days after receiving a request.

[16.8.2.25 NMAC - N, 08/24/2021; A/E, 01/13/2022; A, 03/22/2022]

16.8.2.26 CANNABIS PRODUCER POLICIES AND PROCEDURES:

A. Minimum policy and procedure requirements: A producer shall develop, implement, and maintain on the licensed premises, standard policies and procedures, which shall include the following:

(1) cannabis testing criteria and procedures, which shall be consistent with the testing requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, and shall include at a minimum, the following topics:

(a) employee health and safety training materials;

(b) training requirements for the proper use of health and safety measures and controls;

(c) representative sampling and analytical testing of cannabis or cannabis products for contaminants prior to wholesale or transfer to another cannabis establishment consistent with self-sampling guidance issued annually by the division on September 1 and made available on the division website, the sunshine portal, and at the division's district, field and regional offices;

(d) recordkeeping and chain of custody protocols for transportation of cannabis or cannabis product samples to a cannabis testing laboratory, consistent with 16.8.2.12 NMAC and 16.8.2.13 NMAC;

(e) recordkeeping and chain of custody protocols for transportation of cannabis or cannabis products to another cannabis establishment for any purpose;

(f) protocols to ensure that cannabis or cannabis products, including any samples of cannabis or cannabis products, are transported and stored in a manner that prevents degradation, contamination, tampering, or diversion, consistent with Subsection L of 16.8.7.8 NMAC;

(g) protocols for testing sample collection that ensures accurate test results, establishment consistent with self-sampling guidance issued annually by the division on September 1 and made available on the division website, the sunshine portal, and at the division's district, field and regional offices; and

(h) procedures for remedial measures to bring cannabis or cannabis products into compliance with division standards or destruction of a tested batch of cannabis or cannabis products if the testing samples from the tested batch indicate noncompliance with applicable health and safety standards;

(2) employee policies and procedures to address the following minimum requirements:

(a) adherence to state and federal laws;

(b) responding to an emergency, including robbery or a serious accident;

(c) alcohol and drug-free workplace policies and procedures;

(d) safety and security procedures;

(e) occupational safety;

(f) crime prevention techniques; and

(g) if applicable, confidentiality laws, including the Health Insurance Portability and Accountability Act of 1996; and

(3) documentation prepared for each employee and statements signed by employees indicating the topics discussed, names and titles of presenters, and the date, time, and place the employee received said receipt of policies and procedures.

B. Training program:

(1) Licensee shall implement a training program, approved by the division, to ensure that all personnel present at the premises are provided information and training that, at minimum, covers the following topics within 30 days of the start of employment:

(a) employee health and safety training materials;

(b) health and safety hazards;

(c) hazard communication training for all solvents or chemicals used at the licensed premises and as described in the safety data sheet for each solvent or chemical;

(d) training requirements for the proper use of health and safety measures and controls;

(e) emergency procedures;

(f) security procedures; and

(g) record keeping requirements.

(2) A licensee, or employee, involved in the handling, transportation, manufacture, extraction, testing, or packaging of cannabis products must successfully complete a food handler course accredited by the American National Standards Institute (ANSI) prior to conducting any related activities. Such training shall be maintained while employed under a manufacturing licensee. The licensee shall obtain documentation evidencing the fulfillment of this requirement.

C. Training documentation:

(1) Licensee shall ensure that all personnel receive annual refresher training to cover, at minimum, the topics listed in this section. The licensee shall maintain a record, which contains at minimum:

(a) a list of all personnel at the premises, including at minimum, name and job duties of each;

(b) documentation of training topics and dates of training completion for all personnel;

(c) dates of refresher training completion for all personnel;

(d) the signature of verifying receipt and understanding of each training or refresher training completed.

(2) Licensee may designate supervisory personnel with responsibility to oversee the requirements of this section.

D. Retention of training documentation: Licensees shall maintain documentation of an employee's training for a period of two years for current employees and at least six months after the termination of an employee's employment.

[16.8.2.26 NMAC – N, 08/22/2021; A/E, 12/06/2021; A/E, 03/10/2022]

16.8.2.27 MINIMUM REQUIREMENTS FOR THE PRODUCTION OF CANNABIS:

A. General requirements: Licensees shall ensure the following:

(1) all production activities are done on premises that are in compliance with state and local laws that do not conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Acts;

(2) the licensee's right to use the quantity of water sufficient to meet the production facility's needs remains in good standing;

(3) plumbing shall be of adequate size and design, adequately installed, and maintained to carry sufficient quantities of water to required locations throughout the facility, including sufficient quantities of water to properly convey sewage and liquid disposable waste from the facility; and

(4) all weighting or measuring devices that are used in the wholesale of cannabis be appropriately documented as having undergone certified registration and calibration that is in accordance with applicable requirements of the New Mexico department of agriculture.

B. Cultivation plan: Licensees shall create and maintain a cultivation plan, which shall include all of the following:

- (1) a detailed premises diagram showing all cultivation activity areas, boundaries, and dimensions in feet;
- (2) square foot measurement of mature cannabis plant cultivation area(s), including aggregate square footage if the mature cannabis plant cultivation areas are noncontiguous;
- (3) area(s) outside of the mature cannabis plant cultivation areas where only immature plants shall be maintained, if applicable;
- (4) designated pesticide and other agricultural chemical storage area(s);
- (5) designated processing area(s) if the licensee will process on site;
- (6) designated packaging area(s) if the licensee will package products on site;
- (7) designated composting area(s) if the licensee will compost plant or cannabis waste on site;
- (8) designated secured area(s) for cannabis waste if different than composting area(s);
- (9) designated area(s) for harvested cannabis storage;
- (10) designated seed production area(s) which may contain mature plants for nursery purposes only.

C. Lighting: For indoor and mixed-light cultivation, a licensee shall create and maintain a lighting diagram, which shall include the following:

- (1) location of all lights in the cannabis plant cultivation area(s); and
- (2) maximum wattage, or wattage equivalent, of each light.

D. Pest management: Licensees shall create and maintain a pest management plan, which shall include product name and active ingredient(s) of all pesticides to be applied to cannabis during any stage of plant growth. Licensees are encouraged to create and implement integrated pest management protocols, including chemical, biological, and cultural methods to control or prevent the introduction of pests on the cultivation site.

E. Cannabis waste: Licensees shall create and maintain cannabis waste procedures meeting the requirements set forth in 16.8.2.22 NMAC.

F. Safety and health requirements: Licensees shall ensure the following:

(1) all equipment, implements, and fixtures that are used for the production of cannabis shall be used exclusively for the production of cannabis and meet sanitation and safety standards required by the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, division rules, and any other state or federal laws;

(2) production is conducted in a manner that does not allow cross-contamination from chemical or biological hazards;

(3) any person who, by medical examination or supervisory observation, is shown to have, or appears to have, an illness, open lesion, including a boil, sore, or infected wound, or any other abnormal source of microbial contamination for whom there is a reasonable possibility of contact with preparation surfaces for cannabis, shall be excluded from any operations which may be anticipated to result in such contamination until the condition is corrected;

(4) hand-washing facilities are provided that are adequate, accessible, furnished with running water at a suitable temperature, conveniently located in indoor production facilities, in restrooms, and wherever good sanitary practices require employees to wash or sanitize their hands, and stocked with effective hand-cleaning and sanitizing preparations, and sanitary towel service or suitable drying devices;

(5) all persons involved in preparing or handling cannabis conform to hygienic practices while on duty, including:

(a) maintaining adequate personal cleanliness;

(b) wearing gloves while handling processed cannabis or unpackaged but processed cannabis products;

(c) possessing a valid food handler card issued by an ANSI/ASTM e2659-09 accredited Food Handler Training Certificate Program approved by the New Mexico environment department if handling processed cannabis or unpackaged but processed cannabis products; and

(d) washing hands thoroughly in an adequate hand-washing facility before starting work, at any other time when the hands may have become soiled or contaminated, and both before putting gloves on and after removal of gloves, if the person is handling processed cannabis or unpackaged but processed cannabis products;

(6) operating systems for waste disposal are maintained in an adequate manner so that they do not constitute a source of contamination in areas where cannabis is exposed;

(7) water damage is properly and timely treated to protect health and safety of employees and the public, and that fiberglass and other insulation material is not exposed;

(8) adequate safety-type lighting in all areas where cannabis is produced or stored, if applicable, and where equipment is cleaned;

(9) rubbish is disposed of so as to minimize the development of odor, minimize the potential for the waste becoming an attractant and harborage, or breeding place for pests;

(10) premises, fixtures, and physical facilities where cannabis or cannabis products are produced are maintained to ensure the health and safety of employee and the public;

(11) contact surfaces, including utensils and equipment used for preparation of cannabis or cannabis products, are cleaned and sanitized as frequently as necessary to protect against contamination;

(12) only environmental protection agency (EPA) registered sanitizing agents are used in production operations and that they are used in accordance with labeled instructions;

(13) toxic cleaning compounds, sanitizing agents, and pesticide chemicals shall be identified, held, and stored in a manner that protects against contamination of cannabis or cannabis products and that otherwise satisfies the requirements of this rule;

(14) storage and transportation of cannabis and cannabis products is accomplished under conditions that will maintain security and protect the cannabis or cannabis products against physical, chemical, and microbial contamination, as well as against deterioration of the cannabis or cannabis products and the container; and

(15) that there is sufficient space for placement of equipment and storage of material as is necessary for the maintenance of sanitary operations for production of cannabis.

[16.8.2.27 NMAC - N, 08/24/2021; A/E, 12/2/2021]

16.8.2.28 USE OF PESTICIDES BY LICENSED PRODUCERS:

The use of any pesticide by a licensed producer in the growth of cannabis shall be in accordance with the New Mexico Pesticide Control Act, Section 76-4-1 et seq., NMSA 1978, and any associated rules.

[16.8.2.28 NMAC - N, 08/24/2021]

16.8.2.29 CANNABIS MANUFACTURER LICENSURE; GENERAL PROVISIONS:

A. License Types: The division may license four classes of manufacture:

- (1) Class I: A licensee that only packages or repackages cannabis products, or labels or relabels the cannabis product container;
- (2) Class II: A licensee that conducts Class I activities, and manufactures edible products or topical products using infusion processes, or other types of cannabis products other than extracts or concentrates, and does not conduct extractions;
- (3) Class III: A licensee that conducts Class I and Class II activities, and extracts using mechanical methods or nonvolatile solvents; and
- (4) Class IV: A licensee that conducts Class I, Class II, and Class III activities, and extracts using volatile solvents or supercritical CO₂.

B. Division application forms: All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division found on the division website.

C. License required: Unless licensed pursuant to the Cannabis Regulation Act and division rules, a person shall not manufacture cannabis extract, unless for personal use pursuant to Section 26-2C-31, NMSA.

D. Other activities prohibited: Except as provided in Subsection BB of 16.8.2.8 NMAC, no cannabis manufacturer establishment licensee may produce cannabis, courier cannabis or cannabis products, or engage in the retail sale of cannabis or cannabis products unless the licensee has properly applied for, and the division has approved, the applicable license type required for those activities.

E. Prohibited additives: A manufacturer shall not manufacture or distribute a product that is intended to be consumed by inhalation that includes polyethylene glycol, polypropylene glycol, vitamin E acetate, or medium chain triglycerides. A manufacturer shall not combine nicotine, caffeine, or any other addictive substance with a cannabis product. This prohibition shall not apply to the combination of cannabis with sugar, or a product in which caffeine is naturally occurring, such as coffee, tea, or chocolate.

[16.8.2.29 NMAC – N/E, 09/08/2021; N, 12/28/2021; A, 03/22/2022]

16.8.2.30 APPLICATION REQUIREMENTS FOR CANNABIS MANUFACTURER LICENSE:

A. An initial application or renewal for cannabis manufacturer licensure shall include the following:

(1) Contact information for the applicant and the cannabis establishment, to include:

- (a) applicant's full legal name;
- (b) applicant's mailing address;
- (c) applicant's contact telephone number;
- (d) applicant's contact email address;
- (e) applicant's business physical address and mailing address, if different;
- (f) applicant's business legal name, including a DBA name if applicable;
- (g) applicant's business web address, if applicable;
- (h) applicant's business hours of operation;
- (i) name and contact information for each controlling person;
- (j) demographic data pursuant to the Cannabis Regulation Act;
- (k) license type sought (Class I, Class II, Class III, or Class IV); and

(2) proof the applicant or each controlling person is at least 21 years of age, which shall include identification issued by a federal or state government that includes the name, date of birth, and picture of the applicant or controlling person;

(3) proof of compliance with local laws by submitting either:

(a) a copy of a current business license issued by the local jurisdiction in which the proposed premise is located, which may include zoning approval and a fire inspection report;

(b) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses; or

(c) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses prior to the issuance of a cannabis license.

(4) proof the applicant is properly registered with the New Mexico taxation and revenue department (TRD) for payment of gross receipts tax;

(5) demonstration of a legal right to use the quantity of water that the division determines is needed for cannabis manufacturing, as evidenced by either:

(a) documentation from a water provider that the applicant has the right to use water from the provider and that the use of water for cannabis manufacturing is compliant with provider's rules, or

(b) documentation from the office of the state engineer showing that the applicant has a valid and existing water right, or a permit to develop a water right, at the proposed place of use of the cannabis establishment. The documentation may include any of the following:

(i) a state engineer permit or license in good standing, but not including a permit issued pursuant to Sections 72-12-1, -1.1, -1.2, or -1.3, NMSA 1978;

(ii) a subfile order or decree issued by a water rights adjudication court;

(iii) the findings of an office of the state engineer hydrographic survey; or

(iv) other documentation the office of the state engineer has deemed in writing as acceptable to the office of the state engineer under this rule;

(6) if applicable, certification the applicant is in good standing with the New Mexico secretary of state, including all documents filed with the New Mexico secretary of state;

(7) a list of all controlling persons, a list of other current or prior licensed cannabis businesses, documentation of the applicant's or a controlling person legal name change, and criminal history screening documents as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(8) a detailed description of any criminal convictions of the applicant and any controlling person, including the date of each conviction, dates of incarceration, probation or parole, if applicable, description of the offense, and statement of rehabilitation of each conviction;

(9) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(10) if applicable, proof of prior approval by the New Mexico regulation and licensing department for the use of any compressed gas extraction equipment to be utilized by the manufacturer;

(11) if applicable, a sample of the record form(s), which shall identify (among other items) the name of the wholesale purchaser, the date of the sale, the quantity, and price of cannabis sold;

(12) for class II, III, and IV licenses, documentation that the applicant has obtain all necessary authority required for the production of edibles and topicals from the New Mexico environment department and that such authority is valid at the time the license application is submitted;

(13) certification the applicant will adhere to manufacturing requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(14) certification the applicant will adhere to cannabis transport requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(15) certification the applicant will adhere to security requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(16) certification the applicant will adhere to quality assurance requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(17) certification the applicant will adhere to applicable federal, state and local laws governing the protection of public health and the environment, including occupational health and safety, food safety, fire safety, environmental impacts, natural resource protections, air quality, solid and hazardous waste management, and wastewater discharge;

(18) certification the applicant has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for unlicensed cannabis activity by any state licensing authority, against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application;

(19) certification the applicant is not licensed under the Liquor Control Act.

(20) applicant's social and economic equity plan to encourage economic and social diversity in employment, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products

are produced are located in an underserved rural community, including tribal, acequia, land grant-merced, federally designated opportunity zone, or other rural historic communities;

(21) an attestation that the manufacturer will not use dimethylsulfoxide (DMSO) in the production of cannabis products, and will not possess DMSO on the premises of the manufacturer;

(22) certification the applicant has obtained a current local jurisdiction business license, or will prior to operation of the cannabis establishment, and the applicant shall adhere to local zoning ordinance;

(23) certification the applicant will maintain at all times a legible and accurate diagram containing information required by 16.8.2.32 NMAC and description of the location of the land or facility to be used for the cannabis establishment and the method(s) to be used to manufacture cannabis (extraction, infusion, packaging, labeling), including a description of extraction and infusion methods;

(24) an attestation of the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued; and

(25) payment of any required fees as set forth in 16.8.11 NMAC.

B. Verification of information: The division may verify information contained in each application and accompanying documentation by:

(1) contacting the applicant or controlling person by telephone, mail, or electronic mail;

(2) conducting an on-site visit;

(3) requiring a face-to-face or virtual meeting and the production of additional documentation; or

(4) consulting with state or local governments.

C. Trade secrets: Any applicant submitting operating procedures and protocols to the division pursuant to the Lynn and Erin Compassionate Use Act, the Cannabis Regulation Act, or division rules, may claim such information as a trade secret or confidential by clearly identifying such information as "confidential" on the document at the time of submission. Any claim of confidentiality by an applicant must be based on the applicant's good faith belief that the information marked as confidential constitutes a trade secret as defined in the Uniform Trade Secrets Act, Sections 57-3A-1 to 7, NMSA

1978. In the event the division receives a request to inspect such documents, the division will notify the applicant or licensee, via the current email of record. If the division does not receive an injunction pursuant to the Uniform Trade Secrets Act within 10 days of the request to inspect, the division will make the documents marked confidential available for inspection as required pursuant to the Inspection of Public Records Act.

[16.8.2.30 NMAC – N/E, 09/08/2021; A/E, 12/02/2021; N, 12/28/2021; A/E, 01/13/2022; A, 3/22/2022; A, 5/7/2024]

16.8.2.31 SUBMITTAL OF APPLICATION FOR AMENDED CANNABIS MANUFACTURER LICENSE:

A. Application: A licensed manufacturer shall submit to the division an application form for an amended license, if applicable, and obtain approval from the division, prior to implementing any of the following:

- (1) change of licensee's legal or business name;
- (2) change or modification in extraction type(s) or equipment;
- (3) material or substantial change in water source;
- (4) addition or elimination of a controlling person; or
- (5) material or substantial modification of the premises.

B. Amended license not required: Changes to standard operating policies and procedures may be made without providing notification to the division, provided that licensees shall maintain at each licensed premises a copy of all current and prior operating policies and procedures.

C. Requirements and processing of application for amended license: The application for amended license must comply with all requirements applicable to initial applications, except that the application shall be clearly designated as one for an amended license. The division shall approve or deny an application for amended license within 90 days of receiving a completed application. Denial of an application for amendment shall be pursuant to the Uniform Licensing Act.

D. Material or substantial change: Material or substantial changes requiring approval include:

- (1) increase or decrease in the size of the premises, including the sale of property used for the cannabis establishment, or the purchase of additional property for the use of the cannabis establishment;

(2) an addition or removal of licensed activities taking place on a single licensed premise; or

(3) a modification in the licensee's access to the water source submitted with an application for initial or renewal licensure or a ten percent, or more, increase in the licensee's water usage.

[16.8.2.31 NMAC – N/E, 09/08/2021; N, 12/28/2021; A, 5/7/2024]

16.8.2.32 MANUFACTURER PREMISES DIAGRAM:

A. An applicant must maintain on its licensed premise at all times, a complete and detailed diagram of the premises. The diagram shall be used by the division to determine whether the premises meets the requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules.

B. The diagram shall show the boundaries of the property and the proposed premises to be licensed, the dimensions of each area that cannabis will be manufactured, and the location of the extraction area. The diagram shall also include, as applicable, any equipment to be used, entrances and exits, interior partitions, walls, rooms, windows, and doorways. The diagram shall include a brief statement or description of the principal activity to be conducted in each area on the premises.

C. The diagram shall show where all cameras are located and assign a number to each camera for identification purposes.

D. The diagram shall be to scale.

E. The diagram shall not contain any highlighting and the markings on the diagram shall be in black-and-white print.

F. If the proposed premises consists of only a portion of a property, the diagram must be labeled indicating which part of the property is the proposed premises and what the remaining property is used for.

G. If the proposed premises consists of only a portion of a property that will contain two or more licensed premises, then the diagram shall be supplemented with a description of how two or more licensed premises will be managed on the property.

H. If a proposed premise is located on only a portion of a property that also includes a residence, the diagram shall clearly show the designated buildings for the premises and the residence.

[16.8.2.32 NMAC – N/E, 09/08/2021; N, 12/28/2021; A/E, 01/13/2022; A, 03/22/2022]

16.8.2.33 CANNABIS MANUFACTURER POLICIES AND PROCEDURES:

A. Minimum policy and procedure requirements: A manufacturer shall develop, implement, and maintain on the licensed premises, standard policies and procedures, which shall include the following:

(1) cannabis testing criteria and procedures, which shall be consistent with the testing requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, and shall include at a minimum, the following topics:

(a) representative sampling and analytical testing of cannabis or cannabis products for contaminants prior to wholesale or transfer to another cannabis establishment;

(b) recordkeeping and chain of custody protocols for transportation of cannabis or cannabis product samples to a cannabis testing laboratory;

(c) recordkeeping and chain of custody protocols for transportation of cannabis or cannabis products to another cannabis establishment for any purpose;

(d) protocols to ensure that cannabis or cannabis products, including any samples of cannabis or cannabis products, are transported and stored in a manner that prevents degradation, contamination, tampering, or diversion;

(e) protocols for testing sample collection that ensures accurate test results; and

(f) procedures for destruction of a tested batch of cannabis or cannabis products if the testing samples from the tested batch indicate noncompliance with applicable health and safety standards;

(2) employee policies and procedures to address the following minimum requirements:

(a) adherence to state and federal laws;

(b) responding to an emergency, including robbery or a serious accident or incident;

(c) alcohol and drug-free workplace policies and procedures;

(d) safety and security procedures;

(e) occupational health and safety;

(f) crime prevention techniques; and

(g) if applicable, confidentiality laws, including the Health Insurance Portability and Accountability Act of 1996; and

(3) documentation prepared for each employee and statements signed by employees indicating receipt and understanding of policies and procedures.

B. Training program:

(1) Licensee shall implement a training program, approved by the division, to ensure that all personnel present at the premises are provided information and training that, at minimum, covers the following topics within 30 days of the start of employment:

(a) employee health and safety training materials;

(b) health and safety hazards;

(c) hazard communication training for all solvents or chemicals used at the licensed premises and as described in the safety data sheet for each solvent or chemical;

(d) training requirements for the proper use of health and safety measures and controls;

(e) emergency procedures;

(f) security procedures; and

(g) record keeping requirements.

(2) Prior to independently engaging in any cannabis manufacturing process, including but not limited to extraction:

(a) an overview of the process and standard operating procedure(s);

(b) quality control procedures;

(c) hazard analysis and control procedures as appropriate;

(d) proper and safe usage of equipment or machinery;

(e) safe work practices applicable to an employee's job tasks, including appropriate use of any necessary safety or sanitary equipment;

(f) cleaning and maintenance requirements;

(g) emergency operations, including shutdown; and

(h) any additional information reasonably related to an employee's job duties.

(3) A licensee, or employee, involved in the handling, transportation, manufacture, extraction, testing, or packaging of cannabis products must successfully complete a food handler course accredited by the American national standards institute (ANSI) prior to conducting any related activities. Such training shall be maintained while employed under a manufacturing licensee. The licensee shall obtain documentation evidencing the fulfillment of this requirement.

C. Training documentation:

(1) Licensee shall ensure that all personnel receive annual refresher training to cover, at minimum, the topics listed in this section. The licensee shall maintain a record, which contains at minimum:

(a) a list of all personnel at the premises, including at minimum, name and job duties of each;

(b) documentation of training topics and dates of training completion for all personnel;

(c) dates of refresher training completion for all personnel;

(d) the signature of verifying receipt and understanding of each training or refresher training completed.

(2) Licensee may designate supervisory personnel with responsibility to oversee the requirements of this section.

D. Retention of training documentation: Licensees shall maintain documentation of an employee's training for a period of two years for current employees and at least six months after the termination of an employee's employment.

[16.8.2.33 NMAC – N/E, 09/08/2021; N, 12/28/2021]

16.8.2.34 MINIMUM STANDARDS FOR THE MANUFACTURE OF CANNABIS PRODUCTS:

A. General requirements: Licensees shall ensure the following:

(1) manufacturing shall be done in premises that are in compliance with state and local laws that do not conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act;

(2) the licensee's right to use the quantity of water sufficient to meet the manufacturing facility's needs remains in good standing;

(3) weighting or measuring devices that are used in the wholesale of cannabis be appropriately documented as having undergone certified registration and calibration that is in accordance with applicable requirements of the New Mexico department of agriculture; and

(4) licensee shall notify the division of any changes to the days or hours of business operation;

B. Permissible Extractions:

(1) Except as provided in Paragraph (2), cannabis extraction shall only be conducted using the following methods:

(a) Mechanical extraction, such as dry screens, sieves, or presses, potable water and ice made from potable water, cryogenic or subzero manufacturing not involving a solvent, or pressure and temperature;

(b) Chemical extraction using a nonvolatile solvent such as a nonhydrocarbon-based or other solvent such as water, vegetable glycerin, vegetable oils, animal fats, or food-grade glycerin, (nonhydrocarbon-based solvents shall be food grade);

(c) Chemical extraction using a division approved closed loop extraction system; or

(d) A method authorized by the division pursuant to Paragraph (2) below.

(2) To request authorization from the division to conduct cannabis extraction using a method other than those specified in Subparagraphs (a) – (c) above, the applicant or licensee shall submit a detailed description of the extraction method, including any documentation that validates the method and any safety procedures to be utilized to mitigate any risk to public or worker health and safety.

(3) Extraction equipment shall be used and operated in accordance with its intended manufacturer use and design.

(4) Current safety data sheets shall be kept on the premises for all chemicals used in the extraction process.

C. Volatile Solvent Extractions: Chemical extractions using volatile solvents shall be subject to the following minimum requirements:

(1) hydrocarbon-based solvents shall be at least 99.5 percent purity with a certificate of analysis from the manufacturer to confirm purity;

(2) ethyl alcohol must be food grade, and non-denatured in composition;

(3) solvents shall be free of odorants, bitterants, or other additives and stored, handled, and disposed of in accordance with local, state, and federal regulations,

(4) all extractions shall be performed in a closed loop extraction system, unless approved by the division, as described in Subsection B of 16.8.2.34 NMAC; and

(5) licensees shall not use ignition sources including but not limited to a heat gun or any open flame source next to extraction equipment that utilizes volatile solvents, including in rooms designated solely for extraction or in areas that contain or uses flammable liquids and gasses.

D. Closed-Loop Extraction System Requirements:

(1) Closed loop systems, other equipment used, the extraction operation, and facilities must be approved for use by the local fire code official and meet any required fire, safety, and building code requirements specified in:

(a) National Fire Protection Association (NFPA) standards;

(b) International Building Code (IBC);

(c) International Fire Code (IFC); or

(d) Other applicable standards including all applicable fire, safety, and building codes related to the processing, handling and storage of the applicable solvent or gas.

(2) All pressure vessels must comply with the Construction Industries Licensing Act, Section 60-13-1 *et seq.*, NMSA 1978, including associated rules, applicable codes, and standards.

(3) A list of the name(s) of all trained employees must be prominently displayed inside or immediately outside of the extraction area.

(4) A licensee that is currently approved to use CO₂ or a volatile solvent for extraction has 6 months from the effective date of this rule to comply with the applicable requirements. Nothing in this subsection is intended to relieve a licensee of its obligation to comply with any applicable federal, state, or local laws and regulations.

[16.8.2.34 NMAC – N/E, 09/08/2021; N, 12/28/2021]

16.8.2.35 CANNABIS RETAIL LICENSURE; GENERAL PROVISIONS:

A. Division application forms: All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division found on the division website.

B. License required: Unless licensed pursuant to the Cannabis Regulation Act and division rules, a person shall not sell cannabis products to qualified patients, primary caregivers or reciprocal participants, or directly to consumers.

[16.8.2.35 NMAC - N, 12/28/2021; A, 03/22/2022]

16.8.2.36 APPLICATION REQUIREMENTS FOR CANNABIS RETAILER LICENSE:

A. An initial application or renewal for cannabis retailer licensure shall include the following:

(1) Contact information for the applicant and the cannabis establishment, to include:

- (a) applicant's full legal name;
- (b) applicant's date of birth, if applicable;
- (c) applicant's mailing address;
- (d) applicant's contact telephone number;
- (e) applicant's contact email address;
- (f) applicant's business physical address and mailing address, if different;
- (g) applicant's business legal name, including a DBA name if applicable;
- (h) applicant's business web address, if applicable;
- (i) applicant's business hours of operation;
- (j) name and contact information for each controlling person;
- (k) demographic data pursuant to the Cannabis Regulation Act;
- (l) license type sought; and

(2) proof the applicant or each controlling person is at least 21 years of age, which shall include identification issued by a federal or state government that includes the name, date of birth, and picture of the applicant or controlling person;

(3) proof of compliance with local laws by submitting either:

(a) a copy of a current business license issued by the local jurisdiction in which the proposed premise is located, which may include zoning approval and a fire inspection report;

(b) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses; or

(c) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses prior to the issuance of a cannabis license.

(4) proof the applicant is properly registered with the New Mexico taxation and revenue department (TRD) for payment of gross receipts tax;

(5) if applicable, certification the applicant is in good standing with the New Mexico secretary of state, including all documents filed with the New Mexico secretary of state;

(6) a list of all controlling persons, a list of other current or prior licensed cannabis businesses, documentation of the applicant's or a controlling person legal name change, and criminal history screening documents as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(7) a detailed description of any criminal convictions of the applicant and any controlling person, including the date of each conviction, dates of incarceration, probation or parole, if applicable, description of the offense, and statement of rehabilitation of each conviction;

(8) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(9) certification the applicant will adhere to retail requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(10) certification the applicant will adhere to cannabis transport requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(11) certification the applicant will adhere to security requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(12) certification the applicant will adhere to quality assurance requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(13) certification the applicant will adhere to applicable federal, state and local laws governing the protection of public health and the environment, including occupational health and safety, food safety, environmental impacts, natural resource protections, air quality, solid and hazardous waste management, and wastewater discharge;

(14) certification the applicant has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for unlicensed cannabis activity by any state licensing authority, against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application;

(15) certification the applicant is not licensed under the Liquor Control Act;

(16) certification the applicant has obtained a current local jurisdiction business license, or will prior to operation of the cannabis establishment, and the applicant shall adhere to local zoning ordinance;

(17) certification the applicant will maintain at all times a legible and accurate diagram and description of the location of the land or facility to be used for the cannabis establishment, including a description of each retail area and all security requirements;

(18) if applicable, certification the applicant will adhere to courier requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(19) applicant's social and economic equity plan to encourage economic and social diversity in employment, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products are produced are located in an underserved rural community, including tribal, acequia, land grant-merced, federally designated opportunity zone, or other rural historic communities;

(20) an attestation of the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued; and

(21) payment of any required fees as set forth in 16.8.11 NMAC.

B. Verification of information: The division may verify information contained in each application and accompanying documentation by:

- (1) contacting the applicant or controlling person by telephone, mail, or electronic mail;
- (2) conducting an on-site visit;
- (3) requiring a face-to-face or virtual meeting and the production of additional documentation; or
- (4) consulting with state or local governments.

[16.8.2.36 NMAC – N, 12/28/2021; A/E, 01/13/2022; A, 03/22/2022; A, 5/7/2024]

16.8.2.37 SUBMITTAL OF APPLICATION FOR AMENDED CANNABIS RETAILER LICENSE:

A. Application: A licensed retailer shall submit to the division an application form for an amended license, if applicable, pay the required fee, and obtain approval from the division, prior to implementing any of the following:

- (1) change of licensee's legal or business name;
- (2) addition or elimination of a controlling person; or
- (3) material or substantial modification of the premises.

B. Amended license not required: Changes to standard operating policies and procedures may be made without providing notification to the division, provided that licensees shall maintain at each licensed premises a copy of all current operating policies and procedures.

C. Requirements and processing of application for amended license: The application for amended license must comply with all requirements applicable to initial applications, except that the application shall be clearly designated as one for an amended license. The division shall approve or deny an application for amended license within 90 days of receiving a completed application. Denial of an application for amendment shall be pursuant to the Uniform Licensing Act.

D. Material or substantial change: Material or substantial changes requiring approval include:

- (1) increase or decrease in the size of the premises; or

(2) an addition or removal of licensed activities taking place on a single licensed premise.

[16.8.2.37 NMAC – N, 12/28/2021; A, 5/7/2024]

16.8.2.38 RETAIL PREMISES DIAGRAM:

A. An applicant shall maintain on its licensed premise at all times, a complete and detailed diagram of the premises. The diagram shall be used by the division to determine whether the premises meets the requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules.

B. The diagram shall show the boundaries of the property and the proposed premises to be licensed, the dimensions of each area that cannabis will be stored and available to the public. The diagram shall also include, as applicable, any equipment to be used, entrances and exits, interior partitions, walls, rooms, windows, and doorways. The diagram shall include a brief statement or description of the principal activity to be conducted in each area on the premises.

C. The diagram shall show where all cameras are located and assign a number to each camera for identification purposes.

D. The diagram shall be to scale.

E. The diagram shall not contain any highlighting and the markings on the diagram shall be in black-and-white print.

F. If the proposed premises consists of only a portion of a property, the diagram must be labeled indicating which part of the property is the proposed premises and what the remaining property is used for.

G. If the proposed premises consists of only a portion of a property that will contain two or more licensed premises, then the diagram shall be supplemented with a description of how two or more licensed premises will be managed on the property.

H. If a proposed premise is located on only a portion of a property that also includes a residence, the diagram shall clearly show the designated buildings for the premises and the residence.

[16.8.2.38 NMAC – N, 12/28/2021; A/E, 01/13/2022; A, 03/22/2022]

16.8.2.39 CANNABIS RETAILER POLICIES AND PROCEDURES:

A. Minimum policy and procedure requirements: A licensed retailer shall develop, implement, and maintain on the licensed premises, standard policies and procedures, which shall include the following:

(1) cannabis handling criteria and procedures, which shall be consistent with the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, and shall include at a minimum, the following topics:

- (a)** employee health and safety training materials;
- (b)** training requirements for the proper use of health and safety measures and controls;
- (c)** if applicable, recordkeeping and chain of custody protocols for transportation of cannabis or cannabis product samples to a cannabis testing laboratory;
- (d)** recordkeeping and chain of custody protocols for transportation of cannabis or cannabis products to another cannabis establishment for any purpose;
- (e)** protocols to ensure that cannabis or cannabis products, including any samples of cannabis or cannabis products, are transported and stored in a manner that prevents degradation, contamination, tampering, or diversion;
- (f)** if applicable, protocols for testing sample collection that ensures accurate test results; and
- (g)** if applicable, procedures for remedial measures to bring cannabis or cannabis products into compliance with division standards or destruction of a tested batch of cannabis or cannabis products if the testing samples from the tested batch indicate noncompliance with applicable health and safety standards;

(2) employee policies and procedures to address the following minimum requirements:

- (a)** adherence to state and federal laws;
- (b)** responding to an emergency, including robbery or a serious accident;
- (c)** alcohol and drug-free workplace policies and procedures;
- (d)** safety and security procedures;
- (e)** occupational safety;
- (f)** crime prevention techniques; and
- (g)** confidentiality laws, including the Health Insurance Portability and Accountability Act of 1996; and

(3) documentation prepared for each employee and statements signed by employees indicating receipt and understanding of policies and procedures.

B. Training program:

(1) Licensee shall implement a training program, approved by the division, to ensure that all personnel present at the premises are provided information and training that, at minimum, covers the following topics within 30 days of the start of employment:

- (a) health and safety hazards;
- (b) security procedures; and
- (c) record keeping requirements.

(2) Prior to engaging in any cannabis retail process:

- (a) an overview of the process and standard operating procedure(s);
- (b) safe work practices applicable to an employee's job tasks, including appropriate use of any necessary safety or sanitary equipment;
- (c) cleaning and maintenance requirements;
- (d) emergency operations, including shutdown; and
- (e) any additional information reasonably related to an employee's job duties.

(3) A licensee that retails edible cannabis products shall ensure that all personnel who handle edible products successfully complete a food handler course accredited by the American national standards institute (ANSI). The licensee shall obtain documentation evidencing the fulfillment of this requirement.

C. Training documentation:

(1) Licensee shall ensure that all personnel receive annual refresher training to cover, at minimum, the topics listed in this section. The licensee shall maintain a record which contains at minimum:

- (a) a list of all personnel at the premises, including at minimum, name and job duties of each;
- (b) documentation of training topics and dates of training completion for all personnel;
- (c) dates of refresher training completion for all personnel; and

(d) the signature of each employee verifying receipt and understanding of each training or refresher training completed.

(2) Licensee may assign responsibility for ensuring compliance by individual personnel with the requirements of this section to supervisory personnel.

D. Retention of training documentation: Licensees shall maintain documentation of an employee's training for a period of two years for current employees and at least six months after the termination of an employee's employment.

[16.8.2.39 NMAC - N 12/28/2021]

16.8.2.40 MINIMUM STANDARDS FOR RETAIL OF CANNABIS PRODUCTS:

A. Access to retailer premises prior to authorization of retail sale of commercial cannabis: Prior to the division authorizing the retail sale of commercial cannabis, pursuant to Subsection K of Section 26-2C-6 and Paragraph (5) of Subsection (B) of Section 26-2C-7 of the Cannabis Regulation Act, NMSA 1978, access to the licensed premises of a retailer shall be limited to individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program.

B. Access to retailer premises upon authorization of retail sale of commercial cannabis: Upon the division authorizing the retail sale of commercial cannabis, pursuant to Subsection K of Section 26-2C-6 and Paragraph (5) of Subsection B of Section 26-2C-7 of the Cannabis Regulation Act NMSA 1978, access to the licensed premises of a retailer shall be limited to the following:

(1) individuals who are at least 21 years of age and possess a valid form of identification; and

(2) individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program.

C. Customer access to the retail area:

(1) Individuals shall be granted access to purchase cannabis goods only after the licensed retailer or an employee of the licensed retailer has confirmed the individual's age and identity, and if applicable, the individual's status as a qualified patient, primary caregiver, or reciprocal participant.

(2) The licensed retailer or at least one employee shall be physically present in the retail area at all times when individuals who are not employees of the licensed retailer are in the retail area.

(3) All sales of cannabis goods, with the exception of cannabis goods sold through delivery, must take place within the retail area of the retailer's licensed premises.

(4) A licensed retailer shall sell and deliver cannabis goods only between the hours reported to the division as regular business hours.

D. Requirements While Not Open for Business:

(1) At any time the licensed premises is not open for retail sales, a licensed retailer shall ensure that:

(a) the licensed premises is securely locked with commercial-grade, nonresidential door locks;

(b) the licensed premises is equipped with an active alarm system pursuant to Section 10 of this rule, which shall be activated when the licensed retailer or its employees are not on the licensed premises; and

(c) only employees of the licensee and other authorized individuals are allowed access to the licensed premises. For the purposes of this section, authorized individuals include individuals employed by the licensee as well as any outside vendors, contractors, or other individuals conducting business that requires access to the licensed premises.

E. Commercial and medical retail customers:

(1) **Commercial sales:** A licensed retailer shall only sell cannabis and cannabis products to individuals who are at least 21 years of age after confirming the customer's age and identity by inspecting a valid form of identification provided by the customer as required by subsection B of this section.

(2) **Medical sales:** A licensed retailer shall only sell cannabis and cannabis products to individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program, after confirming the customer's age, identity, and valid registry identification.

(3) Acceptable forms of identification include the following

(a) a document issued by a federal, state, county, or municipal government, or a political subdivision or agency thereof, including, but not limited to, a valid motor vehicle operator's license, that contains the name, date of birth, and photo of the person;

(b) a valid identification card issued to a member of the Armed Forces that includes the person's name, date of birth, and photo of the person; or

(c) a valid passport issued by the United States or by a foreign government.

F. Cannabis product display:

(1) Cannabis and cannabis products for customer inspection and sale shall only be displayed in the retail area.

(2) Cannabis and cannabis products may be removed from their packaging and placed in containers to allow for customer inspection. The containers shall not be readily accessible to customers without assistance of retailer personnel. A container must be provided to the customer by the licensed retailer or its employees, who shall remain with the customer at all times that the container is being inspected by the customer.

(3) Cannabis and cannabis products removed from their packaging for display shall not be sold, shall not be consumed, and shall be destroyed, pursuant to Section 15 of this rule, when the cannabis or cannabis products are no longer used for display.

G. Cannabis and cannabis products for sale:

(1) A licensed retailer shall not make any cannabis or cannabis products available for sale or delivery to a customer unless:

(a) the cannabis or cannabis products were received by the retail licensee from a licensed producer, licensed producer microbusiness, licensed manufacturer, licensed vertically integrated cannabis establishment, or licensed integrated cannabis microbusiness;

(b) the licensed retailer has verified that the cannabis or cannabis products have not exceeded their expiration or sell-by date if one is provided;

(c) in the case of manufactured cannabis products, the cannabis product complies with all requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act and division rules;

(d) the cannabis or cannabis products have undergone laboratory testing as required by the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act and division rules;

(e) the packaging and labeling of the cannabis or cannabis product complies with Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act and division rules; and

(f) the cannabis or cannabis product complies with all applicable requirements found in the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act and division rules.

H. Commercial and medical cannabis purchase limits and excise tax:

(1) A licensed retailer shall not sell more than the following amounts at one time to a single commercial cannabis customer:

- (a) two ounces of cannabis;
- (b) 16 grams of cannabis extract;
- (c) 800 milligrams of edible cannabis; and
- (d) six immature cannabis plants.

(2) A licensed retailer shall adhere to department of health medical cannabis rules related to the sale of cannabis and cannabis products to qualified individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program.

(3) Pursuant to the Cannabis Tax Act, Section 7-42-2 NMSA 1978, cannabis excise tax shall not apply to retail sale of medical cannabis or cannabis products. Cannabis excise tax shall apply to commercial sales of cannabis and cannabis products.

(4) The limits provided in Paragraph (1) and Paragraph (2) of this subsection shall not be combined to allow a customer to purchase cannabis or cannabis products in excess of the limits provided in this section.

(5) The prohibition set forth in paragraph one above shall not prohibit the sale of different product types to a single customer, as long as the total amount sold does not exceed the limits set forth above.

I. Customer Return of Cannabis Goods:

(1) For the purposes of this subsection, "customer return" means a customer's return of cannabis or cannabis products that were purchased from a licensed retailer, back to the licensed retailer the cannabis or cannabis products were purchased from.

(2) A licensed retailer may accept customer returns of cannabis or cannabis products that were previously sold to a customer.

(3) A licensed retailer shall not resell cannabis or cannabis products that have been returned.

(4) A licensed retailer shall treat any cannabis or cannabis products abandoned on the licensed retailer premises as a customer return.

(5) A licensed retailer shall destroy all cannabis or cannabis products that have been returned to the licensed retailer by a customer, pursuant to Section 15 of this rule.

J. Free cannabis or cannabis products:

(1) A licensed retailer shall not provide free cannabis or cannabis product(s) to any person. A licensed retailer shall not allow individuals who are employed or not employed by the licensed retailer to provide free cannabis or cannabis product(s) to any person on the licensed premises.

(2) Notwithstanding Paragraph (1) of this section, in order to provide access to medicinal cannabis patients who have difficulty accessing medicinal cannabis or cannabis product(s), a licensee may provide free cannabis or cannabis product(s) if all of the following criteria are met:

(a) free cannabis or cannabis products are provided only to a qualified patient, primary caregiver, or a reciprocal participant in possession of a valid registry identification card from the department of health medical cannabis program;

(b) the cannabis or cannabis products comply with all applicable requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act and division rules;

(c) the cannabis or cannabis products have been properly recorded in the track and trace system as belonging to the licensed retailer;

(d) the cannabis or cannabis products shall be applied toward the adequate supply for a medicinal cannabis customer pursuant to department of health rules;

(e) the transaction shall be properly recorded in the licensed retailer's inventory records and the track and trace system.

K. Inventory reconciliation:

(1) A licensed retailer shall perform a reconciliation of its inventory at least once every calendar month.

(2) In conducting an inventory reconciliation, a licensed retailer shall verify that the licensed retailer's physical inventory is consistent with the licensed retailer's records pertaining to inventory.

(3) The result of inventory reconciliation shall be retained in the licensed retailer's records and shall be made available to the division upon request.

(4) If a licensed retailer identifies any evidence of theft, diversion, or loss, the licensed retailer shall notify the division pursuant to Subsection N of 16.8.2.8 NMAC.

L. Record of Sales:

(1) A licensed retailer shall maintain an accurate record of every sale of cannabis and cannabis product made to a customer.

(2) A record of cannabis or cannabis product sold to a customer shall contain the following minimum information:

(a) the first name and employee number of the employee who processed the sale;

(b) the date and time of the transaction;

(c) a list of all the cannabis or cannabis product purchased, including the quantity purchased; and

(d) the total amount paid for the sale including the individual prices paid for each cannabis or cannabis product purchased and any amounts paid for cannabis excise tax.

(3) For the purposes of this section, an employee number is a distinct number assigned by a licensed retailer to their employees that would allow the licensed retailer to identify the employee on documents or records using the employee number rather than the employee's full name. A licensed retailer shall be able to identify the employee associated with each employee number upon request from the division.

(4) All licensed retailer-specific records shall be maintained for at least 12 months.

M. Retailer premises to retailer premises transfer:

(1) A licensee who has multiple licensed retail premises may arrange for the transfer or sale of cannabis or cannabis products from one licensed retail premises to another licensed retail premises if both licensed retail premises are held under the same ownership.

(2) A licensee may arrange for the transfer or sale of cannabis or cannabis products to another cannabis retailer if both licensees properly record the transaction in the licensed retailer's inventory records and the track and trace system

(3) Cannabis or cannabis product transferred to a licensed retail premises under this subsection may be sold by the licensed retailer receiving the cannabis or cannabis product only if the cannabis or cannabis products comply with all requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules.

N. Use of licensed cannabis couriers:

(1) A retail cannabis licensee may, consistent with this rule, and with the consent of a qualifying patient, primary caregiver, reciprocal participant, or an individual who is at least 21 years of age, utilize a license cannabis courier to deliver cannabis or cannabis products to a qualifying patient, primary caregiver, reciprocal participant, or an individual who is at least 21 years of age;

(2) A retail cannabis licensee shall require a consumer making a purchase for delivery by a cannabis courier licensee to have the valid government-issued identification card, the consumer intends to use to verify their age at the time of delivery, and if applicable, a medical cannabis program registry identification card, examined and authenticated by the retail cannabis licensee prior to the order; and

(3) Pre-verification of the consumer's identity shall be performed through a division approved electronic means, which may include a third-party technology platform, and shall include examination of a consumer's valid, unexpired, medical cannabis identification card, if applicable, and photo identification issued by a federal or state government that includes the name, date of birth, and picture of the intended recipient.

[16.8.2.40 NMAC – N, 12/28/2021]

16.8.2.41 CANNABIS COURIER LICENSURE; GENERAL PROVISIONS:

A. Division application forms: All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division found on the division website.

B. License required: Unless licensed pursuant to the Cannabis Regulation Act and division rules, a person shall not transport cannabis products directly to qualified patients, primary caregivers or reciprocal participants, or directly to consumers.

C. Consumer delivery:

(1) A licensee may deliver cannabis or cannabis products from a licensed retail establishment to a qualified patient who is at least 18 years of age, a primary caregiver or a reciprocal participant, or a consumer who is at least 21 years of age.

(2) Licensees shall only deliver to the person who is identified by the retail cannabis licensee as an intended, authorized recipient.

(3) Licensees shall only deliver cannabis, cannabis products, or products not containing THC that are for sale within the licensed retail establishment from which the sale and delivery is initiated.

D. Operational requirements:

(1) All cannabis and cannabis products delivered by a licensed cannabis courier shall be obtained from a retail cannabis licensee with which the cannabis courier is employed or has a delivery agreement.

(2) All delivery agreements between a retail cannabis licensee and a cannabis courier licensee shall be disclosed to the division. The division shall be notified in writing of a new delivery agreement or modification to a delivery agreement prior to delivery of cannabis or cannabis products under a new or modified delivery agreement.

(3) Licensees shall not transport or deliver cannabis or cannabis products that are not individually packaged, or that are not labeled in accordance with the Cannabis Regulation Act and division rules.

(4) Upon obtaining a package of cannabis or cannabis product from a retail cannabis licensee, the cannabis courier shall hold the package in a secure area or areas that are locked and otherwise resistant to tampering or theft, until the package is delivered to its intended recipient or returned to the retail cannabis licensee.

(5) Licensees shall not relinquish possession of cannabis or cannabis products unless and until the package of cannabis or cannabis products is either successfully delivered to its intended recipient or returned to the retail cannabis licensee. For purposes of this section, a package of cannabis or cannabis product is successfully delivered only upon the licensee's verification that an intended recipient has taken actual, physical possession of the package. Licensees shall not leave a package at any location for any reason, unless the package is successfully delivered to its intended recipient.

(6) At the time of delivery, a licensee shall verify the recipient's identity by requiring presentation of the recipient's photo identification issued by a federal or state government that includes the name, date of birth, and picture of the intended recipient. Identification must match the pre-verified identification of the consumer who placed the order for delivery. Licensees shall not deliver cannabis or cannabis product to any person whose identity is not verified in accordance with this rule. Upon delivery to the

intended recipient, the licensee shall certify having verified the recipient's identification in accordance with this rule for each transaction. Licensee shall view proof of the order generated at the time of the order and receive the signature of the consumer who ordered the cannabis or cannabis product.

(7) Licensees shall not possess a delivery package of cannabis or cannabis product for a time period greater than 24 hours. Licensees shall return any cannabis or cannabis product that is not successfully delivered to its intended recipient to the originating retail cannabis licensee within this time-period.

(8) Licensees shall not, when transporting cannabis or cannabis products utilize a delivery vehicle that advertises or otherwise displays signage, logos, or symbols that would indicate that the vehicle is used for the transport of cannabis.

(9) Only shelf stable cannabis, cannabis products, and products not containing THC that are for sale within the licensed retail establishment from which the sale and delivery is initiated may be delivered. Products that are perishable or time and temperature controlled to prevent deterioration may not be delivered.

E. Confidentiality: Licensees shall at all times take measures to ensure confidentiality and safety in the transport and delivery of cannabis and cannabis product. A licensee may obtain contact information of a purchasing qualified patient or primary caregiver, and a reciprocal participant, as permitted by agreement between the licensee and a respective retail cannabis licensee, and may utilize such information solely for the purpose of arranging a delivery location and time with the qualified patient or primary caregiver, or reciprocal participant. Licensees shall not otherwise disseminate, disclose, or use identifying information or contact information concerning a qualified patient or primary caregiver, or reciprocal participant.

F. Maximum retail value: The maximum retail value allowed in a cannabis courier's vehicle at any one time shall be \$10,000 and each product shall be associated with a specific order for delivery. For purposes of this provision, "maximum retail value" shall mean the aggregate value of cannabis, cannabis products, and products not containing THC that are for sale within the licensed retail establishment from which the sale and delivery is initiated as priced on the day of the order for delivery.

G. Track and trace: All cannabis and cannabis product deliveries shall be tracked using the track and trace system as designated by the division. Records of sales of cannabis accessories shall be maintained by the cannabis courier, but may not be tracked in the track and trace system designated by the division.

H. Record retention: Delivery records, including certification of delivery, the cannabis and cannabis product delivered, the date of delivery, and the time of delivery, shall be maintained by the cannabis courier for a minimum of 12 months.

I. Delivery time and location:

- (1) Limitations on the time of delivery shall comply with all local laws.
- (2) Licensees shall only deliver packages of cannabis or cannabis products to the address provided by the retail cannabis licensee.
- (3) Licensees are prohibited from delivery to an individual consumer of more than two ounces of cannabis, 16 grams or cannabis extract and 800 milligrams of edible cannabis.

[16.8.2.41 NMAC – N, 12/28/2021; A, 03/22/2022]

16.8.2.42 APPLICATION REQUIREMENTS FOR CANNABIS COURIER LICENSE:

A. An initial application or renewal for cannabis courier licensure shall include the following:

- (1) Contact information for the applicant, to include:
 - (a) applicant's full legal name;
 - (b) applicant's date of birth, if applicable;
 - (c) applicant's mailing address;
 - (d) applicant's contact telephone number;
 - (e) applicant's contact email address;
 - (f) physical address and mailing address, if different;
 - (g) demographic data pursuant to the Cannabis Regulation Act; and
- (2) proof the applicant is at least 21 years of age, which shall include identification issued by a federal or state government that includes the name, date of birth, and picture of the applicant or controlling person;
- (3) proof of compliance with local laws by submitting either:
 - (a) a copy of a current business license issued by the local jurisdiction in which the proposed premise is located, which may include zoning approval and a fire inspection report;
 - (b) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses; or

(c) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses prior to the issuance of a cannabis license.

(4) proof the applicant is properly registered with the New Mexico taxation and revenue department (TRD) for payment of gross receipts tax;

(5) proof of vehicle registration and vehicle insurance for each vehicle to be used for courier activities;

(6) a copy of the delivery plan including, but not limited to, how cannabis and cannabis products will be picked up and delivered ensuring proper chain of custody throughout, how security will be maintained throughout delivery, and how payment will be accepted;

(7) criminal history screening documents as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(8) a detailed description of any criminal convictions of the applicant, including the date of each conviction, dates of incarceration, probation or parole, if applicable, description of the offense, and statement of rehabilitation of each conviction;

(9) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(10) certification the applicant will adhere to courier requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(11) certification the applicant will adhere to cannabis transport requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(12) certification the applicant will adhere to security requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(13) certification the applicant will adhere to quality assurance requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(14) certification the applicant has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for

unlicensed cannabis activity by any state licensing authority, against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application;

(15) certification the applicant is not licensed under the Liquor Control Act;

(16) an attestation of the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued; and

(17) payment of any required fees as set forth in 16.8.11 NMAC.

B. Verification of information: The division may verify information contained in each application and accompanying documentation by:

(1) contacting the applicant by telephone, mail, or electronic mail;

(2) requiring a face-to-face or virtual meeting and the production of additional documentation; or

(3) consulting with state or local governments.

[16.8.2.42 NMAC – N, 12/28/2021; A, 5/7/2024]

16.8.2.43 CANNABIS TESTING LABORATORY LICENSE: GENERAL PROVISIONS:

A. Testing categories: The division may license cannabis testing laboratories to perform analytical testing of cannabis products in one or more of the following categories:

(1) visual inspection;

(2) microbiological;

(3) residual solvents;

(4) potency and homogeneity;

(5) heavy metals;

(6) pesticides; and

(7) such other testing categories as the department may identify.

B. License not required for internal testing: A cannabis establishment may conduct analytical testing using validated methods for internal quality control purposes without obtaining a cannabis testing laboratory license but may not offer testing services to another person or entity.

C. Division application forms: All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division found on the division website.

D. Other activities prohibited: No person with a direct or indirect interest in any cannabis establishment other than a cannabis research laboratory may hold an interest in a cannabis testing laboratory.

[16.8.2.43 NMAC – Rp, 16.8.2.43 NMAC, 01/11/2022; A, 03/22/2022]

16.8.2.44 APPLICATION REQUIREMENTS FOR CANNABIS TESTING LABORATORY LICENSE:

A. Contents of application:

(1) for any initial or renewal application, contact information for the applicant and the cannabis establishment, to include:

- (a) applicant's full legal name;
- (b) applicant's mailing address;
- (c) applicant's contact telephone number;
- (d) applicant's contact email address;
- (e) applicant's business physical address and mailing address, if different;
- (f) applicant's business legal name, including a DBA name, if applicable;
- (g) applicant's business web address, if applicable;

(2) for any initial application, information about controlling persons, to include:

- (a) name and contact information;
- (b) documentation of legal name change, if applicable;

(c) criminal history screening documents. as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(d) a detailed description of any criminal convictions, including for each: the date of the conviction; dates of incarceration, probation, or parole; description of the offense; and any evidence of rehabilitation, including court documents, personal or professional references, completion of treatment, employment records, and other relevant information;

(e) demographic data pursuant to the Cannabis Regulation Act; and

(f) A copy of identification issued by a federal or state government, including name, date of birth, and picture and indicating the person is at least 21 years of age;

(3) proof of compliance with local laws by submitting either:

(a) a copy of a current business license issued by the local jurisdiction in which the proposed premise is located, which may include zoning approval and a fire inspection report;

(b) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses; or

(c) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses prior to the issuance of a cannabis license.

(4) proof the applicant is properly registered with the New Mexico Taxation and Revenue Department (TRD) for payment of gross receipts tax;

(5) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(6) for any renewal application, certifications that the applicant:

(a) attests to the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued;

(b) will adhere to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules, including:

(i) testing requirements;

- (ii) transport requirements;
- (iii) security requirements;
- (iv) quality assurance requirements; and

(v) the prohibition on any person holding an interest in one or more cannabis testing laboratories from holding an interest in any other cannabis license other than a cannabis research laboratory;

(c) will adhere to applicable federal, state and local laws governing the protection of public health and the environment, including occupational health and safety, food safety, fire safety, environmental impacts, natural resource protections, air quality, solid and hazardous waste management, and wastewater discharge;

(d) has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for unlicensed cannabis activity by any state licensing authority, against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application; and

(e) is not licensed at the same location under the Liquor Control Act;

(f) has obtained a current local jurisdiction business license, or will prior to operation of the cannabis establishment, and the applicant shall adhere to local zoning ordinance; and

(g) maintain on its licensed premise at all times, a complete and detailed diagram of the premises containing information required by 16.8.2.46 NMAC, which shall be made immediately available to the division upon request.

(7) for any initial application, and, unless a statement is included that no material changes exist, for any renewal application:

(a) a list of categories of testing for which licensure is sought; and

(b) applicant's social and economic equity plan to encourage economic and social diversity in employment, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees, or premises are located in an underserved rural community, including tribal, acequia, land grant-merced, federally designated opportunity zone, or other rural historic communities; and

(8) for any initial or renewal application, payment of any required fees as set forth in 16.8.11 NMAC.

B. Initial demonstration of capability: The division requires the submission of an initial demonstration of capability (IDC) for every test a cannabis testing laboratory intends to conduct, except tests for research and development purposes only. The IDC must identify a limit of quantitation that is equal to or lower than the action level for the specified test.

(1) An IDC is required whenever:

(a) an initial application is submitted, except that an applicant may instead submit evidence of prior completion of an IDC as a requirement of licensing under the Lynn and Erin Compassionate Use Act;

(b) the cannabis testing laboratory proposes to use a new analytical instrument to test for an analyte; or

(c) the cannabis testing laboratory proposes material changes to testing methods.

(2) Every IDC shall include the following elements:

(a) Demonstration of method calibration: The calibration range shall use at least five calibration points consisting of five different concentration levels of target compounds. The calibration range shall include a low calibration point equal to, or less than, the action level for each targeted compound. The cannabis testing laboratory shall provide the equation and the type of curve fit used for the calibration range, and the percent relative standard deviation or the goodness of fit. The percent relative standard deviation shall be less than twenty percent, or the goodness of fit (correlation coefficient) shall be 0.995 or better.

(b) Demonstration of method accuracy and precision: A cannabis testing laboratory shall supply the quantitation data for five positive control samples analyzed by its testing method utilizing median or mid-level calibration concentration. The cannabis testing laboratory shall identify and justify acceptance criteria and shall calculate and provide the calculated mean (average) result and the standard deviation. Any standard deviations greater than twenty percent shall be noted and explained.

(c) Demonstration of method detection limit: A cannabis testing laboratory shall calculate its method detection limit using a generally accepted method.

(d) Demonstration of low system background: A cannabis testing laboratory shall supply the analytical data of at least three negative control samples that do not contain any target analytes.

(e) Demonstration of analyte identification: A cannabis testing laboratory that uses, high performance liquid chromatography (HPLC) or gas chromatography with flame ionization detector or photoionization detector (GC-FID or GC-PID/FID) instrumentation shall supply analytical data where each targeted compound is analyzed as a single compound giving it its characteristic retention time. A cannabis testing laboratory that uses gas chromatography–mass spectrometry (GCMS), liquid chromatography–mass spectrometry (LCMS), or liquid chromatography–tandem mass spectrometry (LCMSMS) instrumentation shall supply analytical data with the characteristic mass spectrum of each targeted compound.

C. Continuing demonstration of capability: A cannabis testing laboratory shall submit a continuing demonstration of capability (CDC) for each test performed annually as part of the laboratory's application for renewal of licensure. A CDC may consist of:

(1) Evidence that the cannabis testing laboratory has the test within its current scope of accreditation to the current standards of ISO/IEC 17025, Testing and Calibration Laboratories;

(2) Evidence that each analyst performing the test has successfully completed, within the previous year, relevant proficiency testing administered by a provider accredited to the standards of ISO/IEC 17043, Conformity Assessment—General Requirements for Proficiency Testing; or

(3) The re-performance of the IDC.

D. Verification of information: The division may verify information contained in each application and accompanying documentation by:

(1) contacting the applicant or controlling person by telephone, mail, or electronic mail;

(2) conducting an on-site visit;

(3) requiring a face-to-face or virtual meeting and the production of additional documentation; or

(4) consulting with state or local governments.

E. Trade secrets: Any applicant submitting operating procedures and protocols to the division pursuant to the Lynn and Erin Compassionate Use Act, the Cannabis Regulation Act, or division rules, may claim such information as a trade secret by clearly identifying such information as "confidential trade secrets" on the document at the time of submission. Any claim of confidentiality by an applicant must be based on the applicant's good faith belief that the information marked as confidential constitutes a trade secret as defined in the Uniform Trade Secrets Act, Sections 57-3A-1 to -7, NMSA 1978. In the event the division receives a request to inspect such documents, the

division will notify the applicant or licensee, via the current email of record. If the division does not receive an injunction pursuant to the Uniform Trade Secrets Act within five days of the request to inspect, the division will make the documents marked confidential available for inspection as required pursuant to the Inspection of Public Records Act.

[16.8.2.44 NMAC – N, 01/11/2022; A/E, 01/13/2022; A, 03/22/2022; A, 5/7/2024]

16.8.2.45 SUBMITTAL OF APPLICATION FOR AMENDED CANNABIS TESTING LABORATORY LICENSE:

A. Application: A cannabis testing laboratory shall submit to the division an application form for an amended license and obtain approval from the division, prior to implementing any of the following:

- (1) change of licensee's legal or business name;
- (2) material or substantial change in testing methods or equipment;
- (3) addition or elimination of a controlling person; or
- (4) material or substantial modification of the premises.

B. Requirements and processing of application for amended license: The application for amended license shall:

- (1) be clearly designated as one for an amended license;
- (2) supply any information representing a material change from the most recent application; and
- (3) include an initial demonstration of capability for any new or materially different method for performing a required test, including testing for an additional analyte or testing for an analyte using a different type of instrument.

C. Approval or denial: The division shall approve or deny an application for amended license within 90 days of receiving a completed application. Denial of an application for amendment shall be pursuant to the Uniform Licensing Act.

D. Material or substantial change: Material or substantial changes requiring approval include:

- (1) increase or decrease in the size of the premises, including the sale of property used for the cannabis establishment, the purchase of additional property for the use of the cannabis establishment, or a change in the location of the cannabis establishment; or

(2) testing for an analyte required in required testing using a different type of instrument.

E. Amended license not required: Other changes to standard operating policies and procedures, unless material or substantial, may be made without providing notification to the division, provided that licensees shall maintain at each licensed premises a copy of all current and prior operating policies and procedures.

[16.8.2.45 NMAC – N, 01/11/2022; A, 5/7/2024]

16.8.2.46 TESTING LABORATORY PREMISES DIAGRAM:

A. Detailed diagram required: An applicant shall maintain on its licensed premise at all times, a complete and detailed diagram of the premises. The diagram shall be used by the division to determine whether the premises meets the requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules.

B. Contents of diagram: The diagram shall show:

- (1) the boundaries of the property and the proposed premises to be licensed;
- (2) if applicable, the uses of any portion of the property not included in the premises;
- (3) a brief statement or description of the principal activity to be conducted in each area on the premises;
- (4) the dimensions of each area where testing of cannabis products will take place;
- (5) the location and identity of equipment; and
- (6) entrances and exits;

C. Format of diagram: The diagram shall:

- (1) be drawn to scale;
- (2) be rendered in black and white print; and
- (3) contain no highlighting.

[16.8.2.46 NMAC – N, 01/11/2022; A/E, 01/13/2022; A, 03/22/2022]

16.8.2.47 CANNABIS TESTING LABORATORY POLICIES AND PROCEDURES:

A. Minimum policy and procedure requirements: A cannabis testing laboratory shall develop, implement, and maintain on the licensed premises, standard policies and procedures, which shall include the following:

- (1)** sample collection procedures, including:
 - (a)** specifications for sampling tools and containers;
 - (b)** use of gloves and other personal protective equipment to prevent contamination of batches;
 - (c)** access to complete batches of cannabis products;
 - (d)** determination of the number of sample increments required, based on batch size; and
 - (e)** random selection of sample increments;
- (2)** chain of custody;
- (3)** data recording;
- (4)** sample storage and integrity, including sealing of sample containers and, if applicable, the use of preservatives, inert gas, or other measures;
- (5)** transportation, including protection from light, heat, and humidity;
- (6)** sample preparation of each matrix for each test;
- (7)** methodology for each test, including:
 - (a)** sample preparation;
 - (b)** reagent, solution, and reference standard preparation;
 - (c)** instrument setup, as applicable;
 - (d)** standardization of volumetric reagent solutions, as applicable;
 - (e)** data acquisition; and
 - (f)** calculation of results
- (8)** data quality parameters for each test, including:
 - (a)** specificity;

- (b)** limit of detection; and
 - (c)** limit of quantitation;
- (9)** reporting of results;
- (10)** quality assurance;
- (11)** employee policies and procedures, including but not limited to:
 - (a)** adherence to state and federal laws that do not conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act;
 - (b)** responding to an emergency, including robbery or a serious accident or incident;
 - (c)** alcohol and drug-free workplace policies and procedures;
 - (d)** safety and security procedures;
 - (e)** occupational health and safety;
 - (f)** crime prevention techniques; and
 - (g)** if applicable, confidentiality laws, including the Health Insurance Portability and Accountability Act of 1996;
- (12)** equipment cleaning, maintenance, and inspection standards and schedules;
- (13)** standards for labeling, storage, expiration, and re-qualification dates and records relating to reagents, solutions, and reference standards;
- (14)** sample analysis procedures, including but not limited to procedures for the use of only primary or secondary standards for quantitative analyses;
- (15)** standards for data recording, review, storage, and reporting that include, but are not limited to, standards to ensure:
 - (a)** that data is recorded in a manner consistent with this rule, and that it is reviewed to verify that applicable standards of practice, equipment calibration, and reference standards were applied before reporting;
 - (b)** that all data, including raw data, documentation, protocols, and reports are retained in accordance with the requirements of this rule; and

(c) that reports are the property of the business or individual who provided the sample, and reports meet the requirements of this rule; and

(16) creation of chain of custody documentation for each sample.

B. Training program:

(1) Licensee shall implement a training program, approved by the division, to ensure that all personnel present at the premises are provided information and training that, at minimum, covers the following topics within 30 days of the start of employment:

- (a) employee health and safety;
- (b) health and safety hazards;
- (c) hazard communication;
- (d) security procedures; and
- (e) record keeping/track and trace.

(2) A cannabis testing laboratory must provide and document training on the following subjects before permitting any authorized person to independently collect samples of cannabis products:

- (a) an overview of the process and standard operating procedures of the laboratory;
- (b) quality control procedures, including sterile collection of samples and storage;
- (c) chain of custody, recordkeeping, and tracking requirements;
- (d) calibration, use, and maintenance of measuring devices;
- (e) transportation procedures; and
- (f) any additional information reasonably related to sample collection.

(3) A cannabis testing laboratory must provide and document training on the following subjects before an agent or employee independently performs any cannabis testing process:

- (a) an overview of the process and standard operating procedure(s);
- (b) quality control procedures;

- (c) chain of custody and tracking requirements;
- (d) proper and safe usage of equipment or machinery;
- (e) safe work practices applicable to an employee's job tasks, including appropriate use of any necessary safety or sanitary equipment;
- (f) cleaning and maintenance requirements;
- (g) emergency operations, including shutdown; and
- (h) any additional information reasonably related to an employee's job duties.

C. Training documentation:

(1) Licensee shall ensure that all personnel receive annual refresher training to cover, at minimum, the topics listed in this section. The licensee shall maintain a record which contains at minimum:

(a) a list of all personnel at the premises, including at minimum, name and job duties of each;

(b) documentation of training topics and dates of training completion for all personnel;

(c) dates of refresher training completion for all personnel; and

(d) the signature of each employee verifying receipt and understanding of each training or refresher training completed.

(2) Licensee may assign responsibility for ensuring compliance by individual personnel with the requirements of this section to supervisory personnel.

(3) Licensees shall maintain documentation of an employee's training for a period of two years for current employees and at least six months after the termination of an employee's employment.

D. Materials to be maintained on premises: A cannabis testing laboratory shall maintain on its premises, and shall promptly present to the department upon request:

(1) all results of laboratory tests conducted on cannabis or cannabis derived products for a period of at least two years;

(2) operating manuals and other documentation for each piece of equipment;

(3) records of required inspection, calibration, and maintenance for each piece of equipment, including:

- (a) the date of the operation;
- (b) the person who performed it;
- (c) the written procedure used; and
- (d) any deviations from the written procedure;

(4) records of non-routine repairs performed on equipment as a result of failure and malfunction, including:

- (a) the nature of the repair;
- (b) how and when the need for the repair was discovered; and
- (c) any remedial action taken in response to the repair;

(5) the certificate of analysis for all reference standards, whether acquired or internally produced.

(6) current material safety data sheets for all chemicals used;

(7) documentation of proficiency training.

[16.8.2.47 NMAC – N, 01/11/2022]

16.8.2.48 MINIMUM STANDARDS FOR THE TESTING OF CANNABIS PRODUCTS:

A. General requirements: Cannabis testing laboratories shall ensure the following:

(1) testing is done in premises that are in compliance with state and local laws that do not conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act; and

(2) weighting or measuring devices that are used in testing are appropriately documented as having undergone certified registration and calibration that is in accordance with requirements of the New Mexico department of agriculture applicable to commercial transactions.

B. Sample collection: For all required testing or testing for the purposes of labeling claims, a person authorized by this rule shall collect the required samples according to the following guidelines:

(1) Only the quantity of cannabis product specified in the cannabis testing laboratory's operating procedures as necessary for all tests to be performed and to ensure the proper number of representative samples shall be collected.

(2) The number of sample increments per batch, as specified in the cannabis testing laboratory's operating procedures as necessary for all tests to be performed, shall be collected.

(a) The number of sample increments shall not be less than the minimum quantity specified in Table 2.

(b) Samples shall be taken randomly throughout the length, width, and depth of the batch.

(c) The standard sample increment size shall be 0.5 grams, unless specified otherwise in the cannabis testing laboratory's operating procedures.

(3) Samples from the same batch shall be secured in a single use, tamper-evident container that meets the specifications of the laboratory's policies and procedures.

(4) Samples shall be labeled according to the laboratory's policies and procedures, with, at minimum:

(a) the license number of the establishment from which the sample was collected;

(b) the batch number assigned by the establishment;

(c) the date the sample was taken;

(d) the name of the person collecting the sample; and

(e) the tests to be performed;

(5) If homogeneity testing is required, each sample increment necessary for homogeneity testing shall be collected and transported in individual sealed containers.

Table 1, Minimum quantity of sample increments		
Matrix Type	Batch Size	Minimum Sample Increments
Dried cannabis	≤5.0 lbs.	10
	>5.0 lbs.; ≤15.0 lbs.	10 + 5 per pound or fraction thereof above 5 pounds
Other products	≤2.0 lbs.	10
	>2.0 lbs.	5 per pound

C. Transportation: All samples shall be transported according to the general requirements of 16.8.2.13 NMAC and the specifications found in the cannabis testing laboratory's policies and procedures.

D. Receipt of test samples: A cannabis testing laboratory may receive test samples of cannabis products from any cannabis establishment, adult 21 years of age or older, qualified patient, or primary caregiver as authorized by this rule.

E. Storage: A cannabis testing laboratory shall segregate and store cannabis samples in a manner that prevents contamination or degradations and shall safeguard any cannabis products and cannabis waste against diversion.

(1) A cannabis testing laboratory shall provide one or more secure cabinets or vaults for the storage of cannabis samples, reference standards, and cannabis waste, and access shall be limited to persons authorized to conduct tests or dispose of cannabis waste.

(2) Cannabis samples shall be stored in environmental conditions that minimize physical or chemical degradation and microbial contamination, including protection from light, heat, and humidity. Any cannabis product that requires refrigeration shall be kept at a temperature no greater than 40 degrees Fahrenheit (4 degrees Celsius) prior to sample preparation.

F. Sample retention and disposal:

(1) Samples testing positive for a prohibited pesticide must be retained for a minimum of 30 days. All other samples must be retained for a minimum of 15 days. Upon notification from the division that samples are needed for an investigation by the division, a law enforcement agency, or another department, the cannabis testing laboratory shall retain the sample until further directed by the division.

(2) Any portion of a cannabis or cannabis-derived test sample that is not destroyed during analysis shall be:

(a) returned to the person who provided the sample;

(b) provided to the division, the state chemist laboratory (department of agriculture), or state laboratory division for additional testing;

(c) upon written notification to the department, used to make for internal quality control purposes; or

(d) destroyed in accordance with the wastage requirements of this rule.

G. Laboratory premises: A cannabis testing laboratory shall maintain the premises of the laboratory in a clean and orderly condition; shall equip the premises with such

utensils and equipment as necessary to conduct the operations of the laboratory; and shall ensure adequate space for laboratory operations, sample storage, and document storage.

H. Equipment:

(1) Equipment used for the analysis of test samples shall be adequately inspected, cleaned, and maintained by laboratory staff, the manufacturer, or other trained persons according to manufacturer recommendations. Equipment used for the generation or measurement of data shall be adequately tested and calibrated on an appropriate schedule, as applicable.

(2) Laboratory operations shall document procedures setting forth in sufficient detail the methods and schedules to be used in the routine inspection, cleaning, maintenance, testing, and calibration of equipment, and shall specify, as appropriate, remedial action to be taken in the event of failure or malfunction of equipment. The procedures shall designate the personnel responsible for the performance of each operation.

(3) Computer systems used for the analysis of samples, retention of data, sample tracking, calibration scheduling, management of reference standards, or other critical laboratory management functions shall ensure that electronic records, electronic signatures, and handwritten signatures executed to electronic records are trustworthy, reliable, and generally equivalent to paper records and handwritten signatures executed on paper.

I. Reagents, solutions, and reference standards:

(1) A cannabis testing laboratory is authorized to possess reagents, solutions, and reference standards. Such items shall be:

(a) secured in accordance with the approved laboratory's storage policies;

(b) labeled to indicate identity, date received or prepared, and expiration or requalification date; and, where applicable, concentration or purity, storage requirements, and date opened;

(c) stored under appropriate conditions to minimize degradation or deterioration of the material; and

(d) used only within the item's expiration or requalification date.

(2) Deteriorated or outdated reagents and solutions shall be properly destroyed.

(3) A cannabis testing laboratory may:

(a) acquire commercial reference standards for cannabinoids and other chemicals or contaminants, for the exclusive purpose of conducting testing for which the laboratory is approved;

(b) internally produce reference standards, using standard analytical techniques to document the purity and concentration of the internally produced reference standards;

(c) obtain cannabis products from a cannabis establishment for the purpose of producing reference standards.

J. Recording of analytical data:

(1) A cannabis testing laboratory shall ensure that all data generated during the testing of a test sample, except data generated by automated data collection systems, is recorded directly, promptly, and legibly in ink.

(2) When automated data collection systems are used, the cannabis testing laboratory shall log the name of the individual performing the test.

(3) All data shall be annotated with the date of entry and signed or initialed by the person recording the data. Any change in entries shall be made so as not to obscure the original entry, shall indicate the reason for such change, and shall be dated and signed or initialed at the time of the change.

(4) Any change in an entry shall:

(a) be made so as not to obscure the original entry;

(b) indicate the reason for such change;

(c) be dated and signed or initialed at the time of the change; and

(d) be accompanied by a corrective action report to be made available to the division or the cannabis establishment that submitted the sample upon request for up to two years after the analysis is completed.

(5) For each final result reported, a cannabis testing laboratory shall verify that:

(a) any calculations or other data processing steps were performed correctly;

(b) the data meet any data quality requirements such as for accuracy, precision, linearity, etc.;

(c) any reference standards used were of the appropriate purity and within their expiration or requalification dates;

(d) any volumetric solutions were properly standardized before use; and

(e) any test or measuring equipment used has been properly tested, verified, and calibrated, and is within its verification or calibration period.

K. Data storage:

(1) A cannabis testing laboratory shall ensure that all raw data, documentation, protocols, and certificates of analysis associated with analysis of a test sample are retained for two years from the date of the completion of analysis.

(2) A cannabis testing laboratory shall designate an individual as responsible for records maintenance;

(3) A cannabis testing laboratory shall maintain the records identified in this section. Such records must be maintained:

(a) in a manner that allows retrieval as needed;

(b) under conditions of storage that minimize deterioration throughout the retention period; and

(c) in a manner that prevents unauthorized alteration.

(4) Only authorized personnel may access the records.

L. Data reporting:

(1) A certificate of analysis shall contain the following information:

(a) the date of receipt of the test sample;

(b) the description of the type or form of the test sample (leaf, flower, powder, oil, specific edible product, etc.);

(c) the batch number or code that is associated with the product batch and that is recorded in the track and trace system;

(d) the identity of the person who collected the sample;

(e) the date on which analysis occurred;

(f) the analytical method used, including at a minimum identification of the type of analytical equipment used (e.g., GC, HPLC, etc.);

(g) the analytical results, including units of measure where applicable;

(h) the identity of the supervisory or management personnel who reviewed and verified the data and results and ensured that data quality, calibration, and other applicable requirements were met; and

(i) the name, address, and contact information of the cannabis testing laboratory that conducted the test.

(2) The certificate of analysis shall state that reported analytical results apply only to the test sample received.

(3) The certificate of analysis shall contain in minimum 12-point type, all capital letters, the disclaimer, "UNOFFICIAL TEST RESULTS. NOT VALID FOR TRANSFER OR SALE" whenever:

(a) The person submitting the test sample is not a licensed cannabis establishment;

(b) The test sample was not collected by a person authorized to collect samples for required testing under this rule; or

(c) The person submitting the test sample requested that the analysis be performed for research and development purposes.

[16.8.2.48 NMAC – N, 01/11/2022]

16.8.2.49 CANNABIS CONSUMPTION AREA LICENSURE; GENERAL PROVISIONS:

A. License types: The division may license two classes of cannabis consumption areas:

(1) Type I permit: A licensed cannabis consumption area where cannabis products may be consumed on the licensed premises, except for products consumed through the respiratory system.

(2) Type II permit: A licensed cannabis consumption area where cannabis products may be consumed, including products that are consumed through the respiratory system.

B. Division application forms: All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division using the online application portal.

C. License required: Unless licensed pursuant to the Cannabis Regulation Act and division rules, a person shall not sell cannabis products to qualified patients, primary caregivers or reciprocal participants, or directly to consumers.

D. Other activities allowed: A licensee may conduct any lawful activity or any combination of lawful activities at a licensed premises; provided that the licensee is not a licensee pursuant to the Liquor Control Act.

E. Cannabis consumption area license: Applicants for a cannabis consumption area must meet all qualifications for a cannabis retailer to be approved for, and authorized to conduct, a cannabis consumption area.

[16.8.2.49 NMAC – Rp, 16.8.2.49 NMAC, 06/07/2022]

16.8.2.50 APPLICATION REQUIREMENTS FOR CANNABIS CONSUMPTION AREA LICENSE:

A. An initial application or renewal for cannabis consumption area licensure shall include the following:

(1) Contact information for the applicant and the cannabis establishment, to include:

- (a) applicant's full legal name;
- (b) applicant's date of birth, if applicable;
- (c) applicant's mailing address;
- (d) applicant's contact telephone number;
- (e) applicant's contact email address;
- (f) applicant's business physical address and mailing address, if different;
- (g) applicant's business legal name, including a DBA name if applicable;
- (h) applicant's business web address, if applicable;
- (i) applicant's business hours of operation;
- (j) name and contact information for each controlling person;

(k) demographic data pursuant to the Cannabis Regulation Act;

(l) license type sought; and

(2) proof the applicant or each controlling person is at least 21 years of age, which shall include identification issued by a federal or state government that includes the name, date of birth, and picture of the applicant or controlling person;

(3) legible and accurate diagram and description of the location of the land or facility to be used for the cannabis establishment, including a description of each consumption or retail area and all security requirements, in a portable document format (.pdf), and if requested by the division, digital photographic photos;

(4) fully executed and dated documentation of the applicant's ownership or legal authority to use the property, buildings, or other facilities, establishing the applicant is, or will be, entitled to possession of the premises for which the application is made;

(5) a copy of a current business license, fire inspection report, and zoning approval;

(6) proof the applicant is properly registered with the New Mexico taxation and revenue department (TRD) for payment of gross receipts tax;

(7) if applicable, certification the applicant is in good standing with the New Mexico secretary of state, including all documents filed with the New Mexico secretary of state;

(8) a list of all controlling persons, a list of other current or prior licensed cannabis businesses, documentation of the applicant's or a controlling person legal name change, and criminal history screening documents as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(9) a detailed description of any criminal convictions of the applicant and any controlling person, including the date of each conviction, dates of incarceration, probation or parole, if applicable, description of the offense, and statement of rehabilitation of each conviction;

(10) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(11) if applicable, a sample of the record form(s), which shall identify (among other items) the name of the wholesale purchaser, the date of the sale, the quantity, and price of cannabis purchased for retail sale;

(12) certification the applicant will adhere to retail requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(13) certification the applicant will adhere to cannabis transport requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(14) certification the applicant will adhere to security requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(15) certification the applicant will adhere to quality assurance requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(16) certification the applicant will adhere to applicable federal, state and local laws governing the protection of public health and the environment, including occupational health and safety, food safety, environmental impacts, natural resource protections, air quality, solid and hazardous waste management, and wastewater discharge;

(17) certification the applicant has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for unlicensed cannabis activity by any state licensing authority, against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application;

(18) certification the applicant is not licensed under the Liquor Control Act;

(19) applicant's social and economic equity plan to encourage economic and social diversity in employment, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products are produced are located in an underserved rural community, including tribal, acequia, land grant-merced, federally designated opportunity zone, or other rural historic communities;

(20) an attestation of the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued; and

(21) payment of any required fees as set forth in 16.8.11 NMAC.

B. Verification of information: The division may verify information contained in each application and accompanying documentation by:

(1) contacting the applicant or controlling person by telephone, mail, or electronic mail;

(2) conducting an on-site visit;

(3) requiring a face-to-face or virtual meeting and the production of additional documentation; or

(4) consulting with state or local governments.

[16.8.2.50 NMAC - N, 06/07/2022; A, 5/7/2024]

16.8.2.51 SUBMITTAL OF APPLICATION FOR AMENDED CANNABIS CONSUMPTION AREA LICENSE:

A. Application: A licensed cannabis consumption area shall submit to the division an application form for an amended license, if applicable, pay the required fee, and obtain approval from the division, prior to implementing any of the following:

(1) change of licensee's legal or business name;

(2) addition or elimination of a controlling person; or

(3) material or substantial modification of the premises.

B. Amended license not required: Changes to standard operating policies and procedures may be made without providing notification to the division, provided that licensees shall maintain at each licensed premises a copy of all current and prior operating policies and procedures.

C. Requirements and processing of application for amended license: The application for amended license must comply with all requirements applicable to initial applications, except that the application shall be clearly designated as one for an amended license. The division shall approve or deny an application for amended license within 90 days of receiving a completed application. Denial of an application for amendment shall be pursuant to the Uniform Licensing Act.

D. Material or substantial change: Material or substantial changes requiring approval includes increase or decrease in the size of the premises, including the sale of property used for the cannabis establishment, the purchase of additional property for

the use of the cannabis establishment, or a change in the location of the cannabis establishment.

[16.8.2.51 NMAC - N, 06/07/2022; A, 5/7/2024]

16.8.2.52 PREMISES DIAGRAM:

A. An applicant must submit to the division, with the application, a complete and detailed diagram of the proposed premises. The diagram shall be used by the division to determine whether the premises meets the requirements of the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules. The division shall deny an application if the premises does not qualify for licensure pursuant to federal, state or local laws.

B. The diagram shall show the boundaries of the property and the proposed premises to be licensed, the dimensions of each area that cannabis will be stored and available to the public. The diagram shall also include, as applicable, any equipment to be used, entrances and exits, interior partitions, walls, rooms, windows, and doorways. The diagram shall include a brief statement or description of the principal activity to be conducted in each area on the premises.

C. The diagram shall show where all cameras are located and assign a number to each camera for identification purposes.

D. The diagram shall be to scale.

E. The diagram shall not contain any highlighting and the markings on the diagram shall be in black-and-white print.

F. If the proposed premises consists of only a portion of a property, the diagram must be labeled indicating which part of the property is the proposed premises and what the remaining property is used for.

G. If the proposed premises consists of only a portion of a property that will contain two or more licensed premises, then the diagram shall be supplemented with a description of how two or more licensed premises will be managed on the property

H. If a proposed premise is a type II cannabis consumption area permit, the diagram shall clearly show the location of the designated smoking area or the area immediately surrounding the building to ensure smoke will not infiltrate other indoor workplaces or other indoor public places where smoking is otherwise prohibited pursuant to the Dee Johnson Clean Indoor Air Act.

I. If a proposed premise is located on only a portion of a property that also includes a residence, the diagram shall clearly show the designated buildings for the premises and the residence.

16.8.2.53 CANNABIS CONSUMPTION AREA POLICIES AND PROCEDURES:

A. Minimum policy and procedure requirements: A licensed cannabis consumption area shall develop, implement, and maintain on the licensed premises, standard policies and procedures, which shall include the following:

(1) cannabis handling criteria and procedures, which shall be consistent with the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, and shall include at a minimum, the following topics:

(a) employee health and safety training materials;

(b) training requirements for the proper use of health and safety measures and controls;

(c) if applicable, recordkeeping and chain of custody protocols for transportation of cannabis or cannabis product samples to a cannabis testing laboratory;

(d) recordkeeping and chain of custody protocols for transportation of cannabis products to another cannabis establishment for any purpose;

(e) protocols to ensure that cannabis products, including any samples of cannabis products, are transported and stored in a manner that prevents degradation, contamination, tampering, or diversion;

(f) if applicable, protocols for testing sample collection that ensures accurate test results; and

(g) if applicable, procedures for remedial measures to bring cannabis products into compliance with division standards or destruction of a tested batch of cannabis products if the testing samples from the tested batch indicate noncompliance with applicable health and safety standards;

(2) employee policies and procedures to address the following minimum requirements:

(a) adherence to state and federal laws;

(b) responding to an emergency, including robbery or a serious accident;

(c) alcohol and drug-free workplace policies and procedures;

(d) safety and security procedures;

(e) occupational safety;

(f) crime prevention techniques; and

(g) confidentiality laws, including the Health Insurance Portability and Accountability Act of 1996; and

(3) documentation prepared for each employee and statements signed by employees indicating receipt and understanding of policies and procedures.

B. Training program:

(1) Licensee shall implement a training program to ensure that all personnel present at the premises are provided information and training that, at minimum, covers the following topics within 30 days of the start of employment:

(a) health and safety hazards;

(b) security procedures; and

(c) record keeping requirements.

(2) Prior to engaging in any cannabis consumption area process:

(a) an overview of the process and standard operating procedure(s);

(b) safe work practices applicable to an employee's job tasks, including appropriate use of any necessary safety or sanitary equipment;

(c) cleaning and maintenance requirements;

(d) emergency operations, including shutdown; and

(e) any additional information reasonably related to an employee's job duties.

(3) A licensee that retails unpackaged edible cannabis products shall ensure that all personnel who handle edible products successfully complete a food handler course accredited by the American national standards institute (ANSI). Such training shall be maintained while employed by a cannabis consumption area. The licensee shall obtain documentation evidencing the fulfillment of this requirement.

C. Training documentation:

(1) Licensee shall ensure that all personnel receive annual refresher training to cover, at minimum, the topics listed in this section. The licensee shall maintain a record which contains at minimum:

(a) a list of all personnel at the premises, including at minimum, name and job duties of each;

(b) dates of training completion for all personnel;

(c) dates of refresher training completion for all personnel;

(d) the signature of each employee verifying receipt and understanding of each training or refresher training completed by the personnel;

(e) any official documentation attesting to the successful completion of required training by personnel.

(2) Licensee may assign responsibility for ensuring compliance by individual personnel with the requirements of this section to supervisory personnel.

D. Retention of training documentation: Licensees shall maintain documentation of an employee's training for a period of five years for current employees and for at least six months after the termination of an employee's employment.

[16.8.2.53 NMAC - N, 06/07/2022]

16.8.2.54 MINIMUM STANDARDS FOR CANNABIS CONSUMPTION AREAS:

A. Access to cannabis consumption area premises prior to authorization of consumption or retail sale of commercial cannabis: Prior to the division authorizing the consumption or retail sale of commercial cannabis, pursuant to Subsection K of Section 26-2C-6 and Paragraph (5) of Subsection B of Section 26-2C-7 of the Cannabis Regulation Act, NMSA 1978, access to the licensed premises of a retailer shall be limited to:

(1) individuals who are at least 21 years of age and possess a valid form of identification;

(2) individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program.

B. Access to cannabis consumption area premises upon authorization of consumption or retail sale of commercial cannabis: Upon the division authorizing the retail sale of commercial cannabis, pursuant to Subsection K of Section 26-2C-6 and Paragraph (5) of Subsection B of Section 26-2C-7 of the Cannabis Regulation Act, NMSA 1978, access to the licensed premises of a retailer shall be limited to the following:

(1) individuals who are at least 21 years of age and possess a valid form of identification; and

(2) individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program.

C. Customer access to the consumption area:

(1) Individuals shall be granted access to consume or purchase cannabis goods only after the licensed cannabis consumption area or an employee of the licensed cannabis consumption area has confirmed the individual's age and identity, and if applicable, the individual's status as a qualified patient, primary caregiver, or reciprocal participant.

(2) The licensed cannabis consumption area or at least one employee shall be physically present in the consumption area at all times when individuals who are not employees of the licensed retailer are in the retail area.

(3) All sales of cannabis goods, with the exception of cannabis goods sold through delivery, must take place within the retail area of the retailer's licensed premises.

(4) A licensed cannabis consumption area shall only allow cannabis consumption between the hours reported to the division as regular business hours.

(5) A licensed cannabis consumption area may allow qualified patients to bring previously purchased goods from the licensed cannabis consumption area for consumption provided the cannabis product is properly stored in the requisite resealable packaging and the qualified patient provides proof of purchase from the cannabis consumption licensee of the product to be consumed.

D. Requirements while not open for business: At any time the licensed premises is not open for cannabis consumption, a licensed cannabis consumption area shall ensure that:

(1) the licensed premises is securely locked with commercial-grade, nonresidential door locks;

(2) the licensed premises is equipped with an active alarm system pursuant to pursuant to Section 10 of this rule, which shall be activated when the licensed retailer or its employees are not on the licensed premises; and

(3) only employees of the licensee and other authorized individuals are allowed access to the licensed premises. For the purposes of this section, authorized individuals include individuals employed by the licensee as well as any outside vendors,

contractors, or other individuals conducting business that requires access to the licensed premises.

E. Commercial and medical cannabis consumers:

(1) A licensed cannabis consumption area shall only sell and allow for the consumption of commercial cannabis and cannabis products to individuals who are at least 21 years of age after confirming the customer's age and identity by inspecting a valid form of identification provided by the customer as required by Subsection B of this section.

(2) A licensed cannabis consumption area shall only sell and allow for the consumption of cannabis and cannabis products to individuals who are at least 18 years of age and possess a valid qualified patient, primary caregiver, or reciprocal participant registry identification card from the department of health medical cannabis program, after confirming the customer's age, identity, and valid registry identification.

(3) Acceptable forms of identification include the following

(a) a document issued by a federal, state, county, or municipal government, or a political subdivision or agency thereof, including, but not limited to, a valid motor vehicle operator's license, that contains the name, date of birth, and photo of the person;

(b) a valid identification card issued to a member of the armed forces that includes the person's name, date of birth, and photo; or

(c) a valid passport issued by the United States or by a foreign government.

F. Cannabis product display:

(1) Cannabis and cannabis products for customer inspection and sale shall only be displayed in the area where retail activities take place.

(2) Cannabis and cannabis products may be removed from their packaging and placed in containers to allow for customer inspection. The containers shall not be readily accessible to customers without assistance of cannabis consumption area personnel. A container must be provided to the customer by the licensed cannabis consumption area or its employees, who shall remain with the customer at all times that the container is being inspected by the customer.

(3) Cannabis and cannabis products removed from their packaging for display shall not be sold, shall not be consumed, and shall be destroyed, pursuant to pursuant to Section 15 of this rule, when the cannabis or cannabis products are no longer used for display.

G. Cannabis server permit requirements: all employees of the licensed cannabis consumption area who directly offer, sell or serve cannabis must hold a current and valid cannabis server permit according to 18.8.10 NMAC.

H. No visible consumption of cannabis products: a licensed cannabis consumption area shall ensure that the display and consumption of any cannabis product is not visible from outside of its licensed premises. Licensed cannabis consumption areas may be located outdoors provided that:

(1) all cannabis product is kept out of plain sight and is not visible from a public place without the use of optical aids, such as telescopes or binoculars, or aircraft; and

(2) the licensed cannabis consumption area shall ensure that the outdoor consumption area is surrounded by a sight-obscuring wall, fence, hedge, or other opaque or translucent barrier.

I. Required signage: a licensed cannabis consumption area must post, at all times and in a prominent place inside the consumption area, a warning that is at minimum 12 inches high and 12 inches wide that reads as follows:

<p>"Cannabis may only be consumed in designated areas out of public view No consumption of alcohol products on site We reserve the right to refuse entry or service for reasons including visible intoxication It is against the law to drive while impaired by cannabis"</p>

[16.8.2.54 NMAC - N, 06/07/2022]

16.8.2.55 DEE JOHNSON CLEAN INDOOR AIR ACT:

Smoking and vaping shall be allowed on the licensed premises of type II cannabis consumption area only if the cannabis consumption area is in a designated smoking area or in a standalone building from which smoke does not infiltrate other indoor workplaces or other indoor public places where smoking is otherwise prohibited pursuant to the Dee Johnson Clean Indoor Air Act.

[16.8.2.55 NMAC - N, 06/07/2022]

16.8.2.56 CANNABIS RESEARCH LABORATORY LICENSURE; GENERAL PROVISIONS:

A. License Types: The division may license three classes of research:

(1) Tier I: A cannabis research laboratory Tier I may produce cannabis to be ingested by human or animal subjects, or produce cannabis not meant for ingestion, for

division approved clinical, agricultural, or market research studies; produce federally legal cannabis products; and may conduct division approved clinical, agricultural, or market research studies;

(2) Tier II: A cannabis research laboratory Tier II may produce cannabis not meant for ingestion, or purchase cannabis to be ingested by human or animal subjects, for division approved clinical, agricultural, or market research studies; and may conduct division approved clinical, agricultural, or market research studies;

(3) Tier III: A cannabis research laboratory Tier III may not produce cannabis and may only purchase cannabis or cannabis products from licensed cannabis research laboratories Tier I and Tier II, as appropriate for approved clinical, agricultural, or market research studies; and may conduct clinical, agricultural, or market research studies.

B. A Tier II or Tier III cannabis research laboratory may purchase cannabis from another licensed cannabis establishment with approval from the cannabis control division only if such research relates to brand specific inquiries (e.g., including studies comparing similar products from different brands or conducting cultivar specific efficacy studies for certain conditions) where use of cannabis or cannabis products produced by a cannabis research laboratory is impossible.

C. Except as noted in subsection (B), a cannabis research laboratory license permits a licensee to produce, process, transport, transfer, sell and possess cannabis consistent with its license type for research and related purposes.

D. A cannabis research laboratory may also produce and distribute federally legal cannabis products as authorized by state and federal law pertaining to drug products.

E. A cannabis research laboratory will provide notice to the cannabis control division prior to commencing the production and distribution of any federally legal cannabis product, including evidence of federal authorizations.

F. All applications for licensure authorized pursuant to the Cannabis Regulation Act shall be made upon current forms prescribed by the division.

[16.8.2.56 NMAC – Rp 16.8.2.56 NMAC, 07/12/2022]

16.8.2.57 APPLICATION REQUIREMENTS FOR CANNABIS RESEARCH LABORATORY LICENSE:

A. An initial application or renewal for cannabis research laboratory licensure shall include the following:

(1) Business and controlling person(s) contact information, to include:

(a) legal business name, including DBA if applicable;

- (b) type of business entity;
- (c) business mailing address;
- (d) business telephone number;
- (e) business email address;
- (f) business physical address, if different;
- (g) business web address, if applicable;
- (h) business hours of operation;
- (i) name and contact information for each controlling person;
- (j) demographic data pursuant to the Cannabis Regulation Act;
- (k) license type sought (Tier I, Tier II, or Tier III); and

(2) proof each controlling person is at least 21 years of age, which shall include identification issued by a federal or state government that includes the name, date of birth, and picture of controlling person;

(3) proof of compliance with local laws by submitting either:

(a) a copy of a current business license issued by the local jurisdiction in which the proposed premise is located, which may include zoning approval and a fire inspection report;

(b) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses; or

(c) evidence that the local jurisdiction in which the proposed premise is located does not issue business licenses prior to the issuance of a cannabis license.

(4) proof the applicant is properly registered with the New Mexico Taxation and Revenue Department (TRD) for payment of gross receipts tax;

(5) if applicable, certification the applicant is in good standing with the New Mexico secretary of state;

(6) a list of other current or prior licensed cannabis businesses;

(7) a list of other names used by controlling person(s);

(8) name and contact information for the primary controlling person for the business or an authorized representative of the business if not a controlling person;

(9) criminal history screening documents as set forth in 16.8.2.9 NMAC and the Cannabis Regulation Act;

(10) a detailed description of any criminal convictions of the applicant and any controlling person, including the date of each conviction, dates of incarceration, probation or parole, if applicable, description of the offense, and statement of rehabilitation of each conviction;

(11) a detailed description of any denial, suspension, revocation, surrender, or any other form of discipline or disciplinary action by a cannabis licensing agency in another state, jurisdiction or territory against the applicant or any controlling person associated with the applicant;

(12) if applicable, a detailed research plan, including but not limited to the applicant's plan for recruiting research subjects, producing or acquiring cannabis, dispensing cannabis, plans for continuing research, and the forms of usable cannabis and cannabis-derived products to be examined;

if applicable, a detailed description of any private or public partnerships with higher education institutions, other cannabis research laboratories, or private business;

(13) if applicable, drug enforcement administration license to conduct research;

(14) if applicable, proof of prior approval by the New Mexico regulation and licensing department for the use of any compressed gas extraction equipment to be utilized by the manufacturer;

(15) if applicable, the applicant's DEA license or any conditional approval from the DEA to bulk manufacture cannabis for research, or the applicant's plan for seeking such licensure in the future;

(16) certification the applicant will not use dimethylsulfoxide (DMSO) in the production of cannabis derived products, and will not possess DMSO on the premises of the licensee;

(17) evidence that the applicant has obtained all necessary permits required for the production of edible and topical cannabis products from the New Mexico environment department and that such permits are valid at the time the license application is submitted;

(18) certification the applicant will adhere to cannabis transport requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(19) certification the applicant will adhere to security requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules;

(20) certification the applicant will adhere to applicable federal, state and local laws governing the protection of public health and the environment, including occupational health and safety, food safety, fire safety, environmental impacts, natural resource protections, air quality, solid and hazardous waste management, and wastewater discharge;

(21) certification the applicant has never been denied a license or had a license suspended or revoked by the division or any other state cannabis licensing authority or a detailed description of any administrative orders, civil judgements, denial or suspension of a cannabis license, revocation of a cannabis license, or sanctions for unlicensed cannabis activity by any state licensing authority, against the applicant, controlling person, or a business entity in which the applicant or controlling person was a controlling person within the three years immediately preceding the date of the application;

(22) certification the applicant will adhere to production and manufacturing requirements pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, including creating and maintaining a cultivation plan, and cannabis waste procedures for cannabis products;

(23) certification the applicant will adhere to New Mexico department of agriculture (NMDA) pesticide registration, licensing, and use requirements to ensure a safe product and environment;

(24) applicant's social and economic equity plan to encourage economic and social diversity in employment, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products are produced are located in an underserved rural community, including tribal, acequia, land grant/merced, federally designated opportunity zone, or other rural historic communities;

(25) an attestation by a person authorized to act on behalf of the business of the following statement: Under penalty of perjury, I hereby declare that the information contained within and submitted with the application is complete, true and accurate. I understand that a misrepresentation of fact or violation of these rules may result in denial of the license application or revocation of a license issued; and

(26) payment of any required fees as set forth in 16.8.11 NMAC.

B. Verification of information: The division may verify information contained in each application and accompanying documentation by:

- (1) contacting the applicant or controlling person by telephone, mail, or electronic mail;
- (2) conducting an on-site visit;
- (3) requiring a face-to-face or virtual meeting and the production of additional documentation; or
- (4) consulting with state or local governments.

C. Trade secrets: Any applicant submitting operating procedures and protocols to the division pursuant to the Lynn and Erin Compassionate Use Act, the Cannabis Regulation Act, or division rules, may claim such information as a trade secret or confidential by clearly identifying such information as "confidential" on the document at the time of submission. Any claim of confidentiality by an applicant must be based on the applicant's good faith belief that the information marked as confidential constitutes a trade secret as defined in the Uniform Trade Secrets Act, Sections 57-3A-1 to -7, NMSA 1978. In the event the division receives a request to inspect such documents, the division will notify the applicant or licensee, via the current email of record. If the division does not receive an injunction pursuant to the Uniform Trade Secrets Act within 10 days of the request to inspect, the division will make the documents marked confidential available for inspection as required pursuant to the Inspection of Public Records Act.

[16.8.2.57 NMAC – N, 07/12/2022; A, 5/7/2024]

16.8.2.58 SUBMITTAL OF APPLICATION FOR AMENDED CANNABIS RESEARCH LABORATORY LICENSE:

A. Application: A licensed research laboratory shall submit to the division an application form for an amended license, if applicable and obtain approval from the division, prior to implementing any of the following:

- (1) change of licensee's legal or business name;
- (2) change or modification in extraction type(s) or equipment;
- (3) material or substantial change in water source;
- (4) addition or elimination of a controlling person; or
- (5) material or substantial modification of the premise.

B. Amended license not required: Changes to standard operating policies and procedures may be made without providing notification to the division, provided that licensees shall maintain at each licensed premises a copy of all current and prior operating policies and procedures.

C. Requirements and processing of application for amended license: The application for amended license must comply with all requirements applicable to initial applications, except that the application shall be clearly designated as one for an amended license. The division shall approve or deny an application for amended license within 90 days of receiving a completed application. Denial of an application for amendment shall be pursuant to the Uniform Licensing Act.

D. Material or substantial change: Material or substantial changes requiring approval include:

(1) increase or decrease in the size of the premises, including the sale of property used for the cannabis establishment, the purchase of additional property for the use of the cannabis establishment, or a change in the location of the cannabis establishment;

(2) an addition or removal of licensed activities taking place on a single licensed premise; or

(3) a modification in the licensee's access to the water source submitted with an application for initial or renewal licensure or a ten percent, or more, increase in the licensee's water usage.

[16.8.2.58 NMAC – N, 07/12/2022; A, 5/7/2024]

16.8.2.59 EXPEDITED APPROVAL PROCESS:

The division shall create an early approval process for entities that are either registered or conditionally approved by the DEA to manufacture bulk cannabis for research or to research cannabis.

A. Any entity conditionally approved for or holding a valid DEA registration as enumerated below may, within 60 days of the effective date, apply to the cannabis control division for expedited approval as follows:

(1) An entity that is registered with or conditionally approved by the DEA to manufacture bulk cannabis for research may seek early approval for a Tier I License; or

(2) An entity that is registered with or conditionally approved by the DEA to research cannabis may seek early approval for a Tier III license.

B. If an applicant meets all the relevant requirements of this section, the division shall issue the research laboratory license within 30 days of receiving a completed application.

[16.8.2.59 NMAC – N, 07/12/2022]

16.8.2.60 PREMISES DIAGRAM:

All licensees shall have a detailed diagram of the premises on hand at all times and made available for in person inspection by the Division or its agents upon request. This premises diagram shall conform to the requirements set forth in 16.8.2 NMAC.

[16.8.2.60 NMAC – N, 07/12/2022]

16.8.2.61 CANNABIS RESEARCH LABORATORY POLICIES AND PROCEDURES:

A. Minimum policy and procedure requirements: Licensees shall develop, implement, and maintain on the licensed premises, standard policies and procedures, which shall include the following:

- (1) cannabis research criteria and procedures, which shall be consistent with the requirements of applicable state laws, including the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, division rules, and shall include at a minimum, the following topics:
 - (2) protocols for research;
 - (3) recordkeeping and chain of custody protocols for transportation of cannabis or cannabis product; and procedures for testing and destruction of cannabis or cannabis products;
 - (4) employee policies and procedures to address the following minimum requirements:
 - (5) adherence to state and federal laws;
 - (6) responding to an emergency, including robbery or a serious accident or incident;
 - (7) alcohol and drug-free workplace policies and procedures;
 - (8) safety and security procedures;
 - (9) occupational health and safety;
 - (10) crime prevention techniques; and
 - (11) if applicable, confidentiality laws, including the Health Insurance Portability and Accountability Act of 1996; and

(12) statements signed by employees indicating receipt and understanding of policies and procedures.

B. Training program: Licensee shall implement a training program, approved by the division, to ensure that all personnel present at the premises are provided information and training that, at minimum, covers the following topics within 30 days of the start of employment:

- (1) employee health and safety;
- (2) health and safety hazards;
- (3) hazard communication for all solvents or chemicals used at the licensed premises and as described in the safety data sheet for each solvent or chemical;
- (4) requirements for the proper use of health and safety measures and controls;
- (5) emergency procedures;
- (6) security procedures; and
- (7) record keeping requirements.

C. A licensee, or employee, involved in the handling, transportation, manufacture, extraction, testing, or packaging of cannabis products must successfully complete a food handler course accredited by the American national standards institute (ANSI) prior to conducting any related activities. Such training shall be maintained while employed under a cannabis research licensee. The licensee shall obtain documentation evidencing the fulfillment of this requirement.

D. Training documentation:

- (1) Licensee shall ensure that all personnel receive annual refresher training to cover, at minimum, the topics listed in this section.
- (2) The licensee shall maintain a record, which contains at minimum:
 - (a) duties of each personnel;
 - (b) a list of all personnel at the premises, including at minimum, name and job title;
- (3) documentation of training topics and dates of training completion;

(4) the signature of each employee verifying receipt and understanding of each training or refresher training completed.

E. Retention of training documentation: Licensees shall maintain documentation of an employee's training for a period of two years for current employees and at least six months after the termination of an employee's employment.

[16.8.2.61 NMAC – N, 07/12/2022]

16.8.2.62 HUMAN SUBJECT PROTECTIONS:

A. Before conducting research involving human subjects, the licensee shall:

(1) provide the division with documentation that the study has received institutional review board (IRB) approval, as defined and described in 45 CFR Part 46, federal policy for the protection of human subjects; and

(2) obtain "informed consent," as defined and described in 45 CFR Part 46, federal policy for the protection of human subjects, from the human research subject.

B. Nothing in this part relieves the licensee from complying with applicable FDA and state requirements governing cannabis research.

[16.8.2.62 NMAC – N, 07/12/2022]

16.8.2.63 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.2.63 NMAC – Rn, 16.8.2.43 NMAC, 01/11/2022; Rn, 16.8.2.56 NMAC, 07/12/2022]

PART 3 PACKAGING, LABELING, ADVERTISING, MARKETING, AND COMMERCIAL DISPLAY REQUIREMENTS FOR CANNABIS PRODUCTS

16.8.3.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.3.1 NMAC – N, 04/01/2022]

16.8.3.2 SCOPE:

This rule applies to all licensees and applicant for licensure pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules.

[16.8.3.2 NMAC - N, 04/01/2022]

16.8.3.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.3.3 NMAC - N, 04/01/2022]

16.8.3.4 DURATION:

Permanent.

[16.8.3.4 NMAC - N, 04/01/2022]

16.8.3.5 EFFECTIVE DATE:

April 1, 2022, unless a later date is cited at the end of a section.

[16.8.3.5 NMAC - N, 04/01/2022]

16.8.3.6 OBJECTIVE:

The objective of Part 3 is to establish standards for packaging, labeling, advertising, marketing, and commercial display requirements for cannabis products. Part 3 is not applicable to personal use of cannabis pursuant to the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

[16.8.3.6 NMAC - N, 04/01/2022]

16.8.3.7 DEFINITIONS:

Unless otherwise defined in Title 16, Chapter 8, Part 1, terms used in Title 16, Chapter 8, have the same meanings as set forth in the Cannabis Regulation Act and the licensing authority under the Lynn and Erin Compassionate Use Act.

[16.8.3.7 NMAC – N, 03/22/2022]

16.8.3.8 ADVERTISING AND MARKETING:

A. Required Practices. The following practices are required in all advertising and marketing activities:

(1) Responsible persons. All advertisements and marketing for cannabis products shall accurately and legibly identify all licensees or organizations who are responsible for the proliferation of the advertisement or marketing activity.

(2) Reasonable expectation of audience age. All advertisements in print and digital communications shall only be placed in areas where at least seventy percent of the audience is reasonably expected to be 21 years of age or older as determined by reliable, current audience composition data. For the purposes of this section, "reliable, current audience composition data" means data regarding the age and location demographics of the audience viewing a particular advertising or marketing medium. Immediately upon request, a licensee shall provide to the division audience composition data as required in this section for advertising or marketing placed by the licensee. If the audience composition data for advertising or marketing provided by a licensee does not comply with the requirements of this section, or the licensee fails to provide audience composition data to the division upon request, the licensee shall remove the advertising or marketing placement in question.

(3) Statements and warnings: Any advertising or marketing materials created for viewing by the public shall include the statement "Please Consume Responsibly" in a conspicuous manner on the face of the advertisement and shall include the following warnings that must be in type size at least ten percent of the largest type used in the advertisement:

(a) for use only by adults 21 and older;

(b) keep out of reach of children;

(c) this product is not approved by the FDA to treat, cure, or prevent any disease. FDA has not evaluated this product for safety, effectiveness, and quality;

(d) do not drive a motor vehicle or operate machinery while under the influence of cannabis; and

(e) there may be long term adverse health effects from consumption of cannabis, including additional risks for women who are or may become pregnant or are breastfeeding.

B. Prohibited practices. Advertising and marketing activities of cannabis products shall not:

(1) occur on radio, television or other broadcast media, internet pop-ups and mass transit vehicles. The division shall not prohibit advertising and marketing activities on these forums where:

(a) subscribers of subscription-based radio, television or other broadcast media are 21 years of age or older; or

(b) persons 21 years of age or older have solicited the advertising or marketing activities.

(2) be done in such a manner that is deemed to be is deceptive, misleading, false or fraudulent, or that tends to deceive or create a misleading impression, whether directly or by omission or ambiguity;

(3) make unproven health benefit claims and any health benefit claims must be supported by substantial evidence or substantial clinical data;

(4) be on billboards, posters, handbills or other visual media that are located or can be viewed within 300 feet of a school, daycare center or church;

(5) contain symbols or images, including a celebrity or celebrity likeness, that are commonly used to market products to minors;

(6) use predatory marketing or advertising practices targeting minors; and

(7) be designed to mimic any other product brand;

(8) promote the over consumption of cannabis or cannabis products; or

(9) depict the actual consumption of cannabis or cannabis products.

C. Branding. "Branding" means promotion of a cannabis establishment's brand through publicizing the cannabis establishment's name, logo, or distinct design feature of the brand.

(1) Branding shall not be designed to be appealing to a child and shall not contain:

(a) cartoons;

(b) a design, brand or name that resembles a non-cannabis consumer product of the type that is typically marketed to minors;

(c) contain symbols or images, including a celebrity or celebrity likeness, that are commonly used to market products to minors.

(2) Branding is not considered a marketing or advertising activity.

(3) Branding is allowed without the required warnings and statements for advertising and marketing of cannabis establishments.

[16.8.3.8 NMAC – N, 04/01/2022; A, 03/22/2022]

16.8.3.9 CANNABIS FINISHED PRODUCT LABELING:

A. Unless otherwise provided, cannabis finished products shall meet the minimum labeling requirements of this section.

B. The label shall be printed on or affixed to the container and printed on or affixed to any outer package or container that is used to display the edible or topical cannabis finished product for retail sale.

C. Font size used on a label shall be no smaller than 1/16 of an inch by measuring the height of a lower-case letter "o".

D. Labels shall identify the intended use and directions for use. Products having more than one intended use shall identify every intended use on the label and shall comply with all labeling requirements for each intended use. If there is any conflict between the labeling requirements for multiple intended uses, the most restrictive labeling requirements shall be followed.

E. Labels shall be in English, though it can be in other languages.

F. Labels shall be unobstructed and conspicuous.

G. If the cannabis finished product's target potency or potency value of the Total THC or CBD is less than one milligram per serving, the potency may be expressed as "<1 mg." If "<1 mg" was used to display the Total THC or CBD per serving, then a corresponding statement regarding the Total THC or CBD content for the entire container shall be included on the container. For example, if there are five servings in the container, "<5 mg" should be displayed for the Total THC or CBD statement that was represented as "<1 mg" per serving.

H. The potency statement stated on an edible or topical cannabis finished product label shall not deviate by more than fifteen percent of what is stated on the label.

I. A label shall not:

(1) contain any untruthful or misleading statements including, but not limited to, health or benefit claims, and

(2) contain advertising or marketing; and

(3) contain words that refer to products that are commonly associated with minors or marketed by minors; including use of the word(s) "candy" or "candies" on the label of any container, unless the words identify the strain of cannabis in the cannabis finished product.

J. Cannabis finished product labels shall have a principal display panel.

K. The principal display panel shall include:

(1) the product identity or common name in bold type, in a size reasonably related to the most prominent printed matter on the principal display panel and shall be parallel to the base on which the package rests as it is designed and displayed.

(2) Net quantity, net weight, or volume in U.S. customary and metric units of contents displayed in bold type in the bottom thirty percent of the principal display panel in lines generally parallel with the base of the container; and shall be in terms of fluid measure if the item is liquid, or in terms of weight if the item is solid, semi-solid, or viscous.

(3) Potency, as confirmed by a cannabis testing laboratory, in bold font and including:

(a) for edible products, Total THC and CBD in milligrams per serving;

(b) percent of Total THC per container; and

(c) if detected, percent of CBD per container.

(4) A logo designed and provided by the division that notifies a reasonable person that the product contains cannabis that is no smaller than 1/2 inch by 1/2 inch.

(5) A logo designed and provided by the division that demonstrates a cannabis product is produced or manufactured by an integrated cannabis microbusinesses or cannabis producer microbusinesses or owned by representatives of communities that have been disproportionately harmed by rates of arrest through the enforcement of cannabis prohibitions in law and policy and underserved communities that include tribal, acequia, land grant-merced and other rural historic communities;

(6) for an edible or topical cannabis finished product that is perishable or meets the definition of a time/temperature control for safety food, the label shall bear a statement that the product must be refrigerated; and

(7) the following warning statement in bold font "For use only by adults 21 and older. Keep out of reach of children. Do not drive a motor vehicle or operate machinery while under the influence of cannabis.

BE CAUTIOUS. Cannabinoid edibles can take up to two hours or more to take effect."

L. Except as provided in Subsections M and N of this section, cannabis finished product labels shall have an information panel or static quick response (QR) code that links the consumer to the required information that contains the following without intervening material:

- (1) cannabis manufacturer business or trade name;
- (2) unless the business or trade name placed on the package is the actual manufacturer, it must be accompanied by a qualifying phrase which states the firm's relation to the product (e.g., "manufactured for" or "distributed by");
- (3) cannabis manufacturer license number;
- (4) pesticide used in the product by the cannabis producer;
- (5) date product was manufactured;
- (6) ingredient list:
 - (a) using the common or usual name;
 - (b) sub-ingredients, as follows: any ingredient containing two or more sub-ingredients shall parenthetically list the component ingredients in descending order of predominance after the multi-component ingredient;
 - (c) identifying the cannabis extract/concentrate and each isolated cannabinoid as an ingredient; and
 - (d) in descending order of predominance by weight or volume.
- (7) if utilized, pharmacologically active ingredients;
- (8) a "contains" statement identifying allergens at the end of or immediately adjacent to the ingredient list; or listing the allergen in parenthesis within the ingredient list after the common or usual name of the ingredient derived from that major food allergen;
- (9) nutritional information meeting the requirements of 21 CFR 101.9;
- (10) the following statement: "This product is not approved by the FDA to treat, cure, or prevent any disease. FDA has not evaluated this product for safety, effectiveness, and quality. There may be long term adverse health effects from consumption of cannabis, including additional risks for women who are or may become pregnant or are breastfeeding."
- (11) the New Mexico poison and drug information center phone number;
- (12) the product expiration date. Persons shall not alter that expiration date or affix a new label with a later expiration date;

(13) the state track and trace system number or identifier associated with the product; and

(14) a list of any solvent(s), processing aids, and chemicals used to manufacture cannabis product, cannabis concentrate or extract, or isolated cannabinoid identified.

M. When, because of its container size, an edible cannabis finished product label does not have sufficient space for a label meeting the requirements of Subsections K-L of this section, labels shall, at a minimum, contain:

(1) a principal display panel containing the net weight or volume, product identity, and logos designed and provided by the division;

(2) cannabis manufacturer business or trade name;

(3) cannabis manufacturer license;

(4) potency, as specified in Paragraph (3) of Subsection K of this section;

(5) the warning statements, as specified in Paragraph (7) of Subsection K of this section;

(6) the state track and trace system number or identifier associated with the product; and

(7) all other required labeling as specified in Subsections K-L of this section through the use of a static quick response (QR) code that links the consumer to the required information or a peel-back or accordion label that can be easily identified by a consumer as containing important information.

N. When the surface area being labeled is less than two inches squared and does not have sufficient space for a label meeting the requirements of Subsections K-L of this section, labels shall, at a minimum, contain:

(1) a principal display panel containing the product identity and logo designed and provided by the division that notifies a reasonable person that the product contains cannabis that is no smaller than 1/2 inch by 1/2 inch;

(2) cannabis manufacturer business or trade name;

(3) cannabis manufacturer license number;

(4) potency, as specified in Paragraph (3) of Subsection K of this section;

(5) the warning statement "For use only by adults 21 and older. Keep out of reach of children."

(6) the state track and trace system number or identifier associated with the product; and

(7) all other required labeling as specified in Subsections K-L of this through the use of a static quick response (QR) code that links the consumer to the required information or use a peel-back or accordion label that can be easily identified by a consumer as containing important information.

[16.8.3.9 NMAC - N, 04/01/2022]

16.8.3.10 CANNABIS SEED AND IMMATURE CANNABIS PLANT LABELING:

A. Unless otherwise provided, cannabis seeds and immature cannabis plants sold to consumers, qualified patients, or reciprocal patients shall meet the minimum labeling requirements of this section.

B. The label shall be printed on or affixed to the container or receptacle and printed on or affixed to any outer package or container that is used to display the cannabis seed or immature cannabis plant for retail sale.

C. Font size used on a label shall be no smaller than 1/16 of an inch by measuring the height of a lower-case letter "o".

D. The label shall be in English, though it can be in other languages.

E. The label shall be unobstructed and conspicuous.

F. The label shall not contain any untruthful or misleading statements including, but not limited to, health or benefit claims.

G. The principal display panel shall include:

(1) the product identity or common name in bold type, in a size reasonably related to the most prominent printed matter on the principal display panel;

(2) potential potency, as confirmed by a cannabis testing laboratory of the parent cannabis plant; and

(3) a logo designed and provided by the division that is no smaller than 1/2 inch by 1/2 inch.

H. For cannabis seeds the display panel shall also include net quantity of seeds.

I. Cannabis seed and immature cannabis plant labels shall have an information panel or static quick response (QR) code that links to or contains the following without intervening material:

- (1) if applicable, the cannabis manufacturer business or trade name;
- (2) if applicable, unless the business or trade name placed on the package is the actual manufacturer, a qualifying phrase which states the firm's relation to the product (e.g., "manufactured for" or "distributed by");
- (3) if applicable, cannabis manufacturer license number;
- (4) pesticide used in the product by the cannabis producer;
- (5) if applicable, date product was manufactured;
- (6) the following warning statement in bold font "For use only by adults 21 and older. Keep out of reach of children."

[16.8.3.10 NMAC - N, 04/01/2022]

16.8.3.11 CANNABIS FINISHED PRODUCT LABELING IN CANNABIS CONSUMPTION AREAS:

Packaging and labeling exemptions and minimum requirements. A licensed cannabis consumption area may sell cannabis products to a consumer, qualified patient, or reciprocal patient without packaging and labeling under the following conditions:

A. the consumer, qualified patient, or reciprocal patient intends to consume cannabis product on the licensed premises of the cannabis consumption area and will store unused product on the premises as required by cannabis consumption area licensing requirements in 16.8.2 NMAC;

B. at the time of transfer of the cannabis finished product to a consumer, the licensed cannabis consumption area provides the consumer with a written statement of the potency of the cannabis product's THC or Total THC, and CBD, which shall be expressed as a percentage for inhaled cannabis finished products, and expressed in milligrams for edible cannabis finished products and topical cannabis finished products. If CBD is not detected in the inhaled cannabis finished product, then CBD potency is not required;

C. the licensed cannabis consumption area maintains and makes available to the consumer, qualified patient, or reciprocal patient upon request written or electronic documentation reflecting all relevant information required in cannabis consumption area licensing requirements 16.8.2 NMAC; and

D. for multiple-serving edible cannabis finished product, the licensed cannabis consumption area at the time of transfer to the consumer, qualified patient, or reciprocal patient shall provide a measurement device necessary for the purchaser to achieve accurate measurements of each serving in increments equal to or less than 10 milligrams of Total THC per serving.

[16.8.3.10 NMAC - N, 04/01/2022]

16.8.3.12 CANNABIS FINISHED PRODUCT PACKAGING:

A. Unless otherwise specified, edible or topical cannabis finished products shall meet the following minimum packaging requirements:

(1) containers used for edible cannabis products or edible cannabis finished products shall be food-grade or GRAS and must not impart any toxic or deleterious substance to the packaged product;

(2) containers used for topical cannabis products and topical cannabis finished products must be suitable for the intended purpose and must not impart any toxic or deleterious substance to the packaged product;

(3) unless otherwise provided, containers shall be child-resistant. If the product is multiple use, or contains multiple servings, it shall also be packaged in a container that is resealable and continually child-resistant;

(4) cannabis finished products that contain only cannabis flower must be packaged in resealable containers and are not subject to the child resistant container requirement;

(5) containers shall be compostable and recyclable, or made from recycled materials;

(6) edible cannabis finished products packaged for commercial sale shall not exceed 10 milligrams of Total THC per serving, or 100 milligrams of Total THC per container;

(7) edible cannabis finished products packaged for qualified patients, qualified caregivers and reciprocal participants as defined by the Lynn and Erin Compassionate Use Act shall be identified for medical use only and shall not exceed 50 milligrams of Total THC per serving;

(8) single serving edible cannabis finished products that are placed into a child resistant container may be bundled into an exit package;

(9) edible cannabis finished products containing multiple servings in a single container shall:

(a) when in solid form, be:

(i) easily separable in order to allow an average person 21 years of age or older to physically separate, with minimal effort, individual servings of the product; and

(ii) easily and permanently scored to identify individual servings;

(b) be packaged in a single serving size; and

(c) be marked, stamped, or otherwise imprinted with a logo designed and provided by the division that notifies a reasonable person that the product contains cannabis that is no smaller than 1/2 inch by 1/2 inch for each single serving contained in a multi-serving package.

(10) Unless as otherwise specified in Paragraph (10) of this subsection, liquid cannabis finished products shall be single-serving only.

(11) Each liquid cannabis finished product that is a multiple-serving edible cannabis finished product shall be:

(a) packaged in a structure that uses a single mechanism to achieve both child-resistant properties and accurate pouring measurement of each liquid serving in increments; and

(b) the measurement component is within the child-resistant cap or closure of the bottle and is not a separate component.

(12) A cannabis manufacturer shall maintain a copy of the certificate showing that each child-resistant container into which edible or topical cannabis finished product is placed is child-resistant and complies with the requirements of 16 C.F.R. 1700.15 and 16 C.F.R. 1700.20;

(13) Packaging containers shall not be designed to be appealing to a child and shall not use words that refer to products that are commonly associated with minors or marketed by minors, including use of the word(s) "candy" or "candies" on the label of any container.

(14) Once any remaining cannabis has been removed and destroyed pursuant to these rules, a cannabis establishment may reuse containers subject to the following requirements and restrictions:

(a) the containers have been sanitized and disinfected either by a cannabis establishment or by a third-party to ensure that they do not contain any harmful residue or contaminants, and

(b) if child resistant, the containers can be reused with new child resistant packaging that complies with 16 C.F.R. 1700.15 and 16 C.F.R. 1700.20; or if new child resistant packaging is not being used, based on a visual inspection, the existing child-resistant packaging appears to be in good working order and does not appear to pose a risk of unintended exposure or ingestion of cannabis. The visual inspection must ensure such containers are not brittle or have chips, cracks, or other imperfections that could compromise the child-resistant properties of the container or otherwise pose a threat of harm to a patient or consumer.

(15) Packaging for edible cannabis finished products packaged pursuant to the Lynn and Erin Compassionate Use Act that was purchased prior to January 11, 2022 may be used by a licensee until October 1, 2022.

[16.8.3.12 NMAC - N, 04/01/2022; A, 03/22/2022]

16.8.3.13 EXIT PACKAGING:

All finished cannabis products purchased by a customer, qualified patient, or reciprocal patient shall not leave the licensed retailer's premises unless the cannabis products are placed in an opaque exit package.

[16.8.3.13 NMAC - N, 04/01/2022]

16.8.3.14 CANNABIS SEED AND IMMATURE PLANT PACKAGING:

Unless otherwise specified, cannabis seeds sold shall meet the following minimum packaging requirements:

- A.** cannabis seeds and immature cannabis plants shall be placed into a container;
- B.** containers must be suitable for the intended purpose and must not impart any toxic or deleterious substance to the packaged product; and
- C.** containers shall be compostable and recyclable, or made from recycled materials.

[16.8.3.14 NMAC - N, 04/01/2022]

16.8.3.15 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.3.15 NMAC – N, 04/01/2022]

PART 4 – 5[RESERVED]

PART 6 HEALTH AND SAFETY, FOOD AND PRODUCT SAFETY, ENVIRONMENTAL IMPACTS, AND NATURAL RESOURCES

16.8.6.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.6.1 NMAC – N, 10/11/2022]

16.8.6.2 SCOPE:

This rule applies to all applicants for licensure pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act or division rules, and where applicable, the general public.

[16.8.6.2 NMAC - N, 10/11/2022]

16.8.6.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.6.3 NMAC - N, 10/11/2022]

16.8.6.4 DURATION:

Permanent.

[16.8.6.4 NMAC - N, 10/11/2022]

16.8.6.5 EFFECTIVE DATE:

October 11, 2022, unless a later date is cited at the end of a section.

[16.8.6.5 NMAC - N, 10/11/2022]

16.8.6.6 OBJECTIVE:

The objective of Part 6 is to set forth standards related to health and safety, food and product safety, environmental impacts, and natural resources to ensure public health, safety, and well-being. Part 6 is not applicable to personal use of cannabis pursuant to the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

[16.8.6.6 NMAC - N, 10/11/2022]

16.8.6.7 DEFINITIONS:

[RESERVED]

16.8.6.8 PREREQUISITE AND RESPONSIBILITY FOR OPERATION:

A. Except as specified in Subsection F of 16.8.6.7 NMAC, prior to the submission of a license application for a class II, III, or IV cannabis manufacture license, each applicant or licensee engaged in the manufacturing of edible or topical cannabis products or edible or topical cannabis finished products shall provide to NMED a certification that:

(1) the facility where the cannabis manufacturer operates, and the manufacturing equipment used will be constructed and maintained in accordance with the requirements of this part; and

(2) edible and topical cannabis products and edible and topical finished products will be stored, manufactured, packaged, repackaged, labeled, relabeled, tested, reworked, or wasted in accordance with the requirements of this part.

B. A certification shall include information specified in Subparagraphs (a) through (i) of Paragraph (1) of Subsection A of 16.8.2.30 NMAC.

C. Any person signing a certification pursuant to this section shall include the following signed statement: "I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information."

D. NMED shall provide confirmation of receipt to each applicant or licensee that provides a certification.

E. Each applicant or licensee shall provide the NMED confirmation to RLD as specified in Paragraph (1) of Subsection A of 16.8.2.30 NMAC.

F. Certification to NMED, as specified in Subsections A through E of 16.8.6.7 shall no longer be required after December 31, 2022.

G. Class II, III, or IV cannabis manufacturers that were licensed by RLD prior to the effective date of 16.8.6 NMAC, and that are also engaged in manufacturing of cannabis edible products or cannabis edible finished products, shall apply for a food permit from NMED or a home rule municipality by January 1, 2023.

H. Except as specified in Subsection F of 16.8.6.7 NMAC, class II, III, or IV cannabis manufacturers that were not licensed by RLD prior to the effective date of 16.8.6 NMAC, and that are also engaged in manufacturing cannabis edible products or cannabis edible finished products, shall provide a certification to NMED as specified in Subsections A through E and apply for a food permit from NMED or a home rule municipality as specified in G of 16.8.6.7 NMAC.

I. Beginning April 1, 2023, Class II, III, or IV cannabis manufacturers that manufacture cannabis edible products or cannabis edible finished products shall not operate without a food permit from NMED or a home rule municipality.

[16.8.6.8 NMAC - N, 10/11/2022]

16.8.6.9 MANAGEMENT AND PERSONNEL:

A. Adoption of food code parts 2-1, 2-3 and 2-4 and section 2-103.11. Except as otherwise provided, parts 2-1, 2-3 and 2-4 and section 2-103.11 of the 2017 United States food and drug administration model food code is hereby adopted and incorporated in its entirety.

B. A licensee shall have written procedures for employees to follow when responding to vomiting or diarrheal events that involve the discharge of vomitus or fecal matter onto surfaces in the edible cannabis manufacturing facility. The procedures shall be maintained onsite and address the specific actions employees must take to minimize the spread of contamination and the exposure of employees, consumers, food, and surfaces to vomitus or fecal matter.

C. Except as otherwise provided, the licensee shall be the person in charge or shall designate a person in charge and shall ensure that a person in charge is present at the cannabis manufacturer facility during all hours of operation.

D. If edible or topical cannabis products or edible or topical cannabis finished products are manufactured as part of a vertically integrated cannabis establishment or integrated cannabis microbusiness that is the legal responsibility of the same licensee and that are located on the same licensed premises, the licensee may designate a single person in charge who is present on the licensed premises during all hours of operation.

E. The person in charge shall have the education, training, or experience necessary to supervise the production of clean and safe edible or topical cannabis products or edible or topical cannabis finished products and ensure the cannabis manufacturer remains in compliance with this part, division rules, and the act at all times.

F. Personal care items on the premises shall be stored in a manner to protect edible and topical cannabis products, edible and topical cannabis finished products, other ingredients, equipment, and utensils from contamination at all times.

G. A licensee shall:

(1) immediately contact the division to report an illness of an employee or conditional employee as specified under Subsection A of this section;

(2) immediately discontinue operations and notify the division if an imminent health hazard may exist as specified in 16.8.6.13 NMAC;

[16.8.6.9 NMAC - N, 10/11/2022]

16.8.6.10 EDIBLE AND TOPICAL CANNABIS MANUFACTURER REQUIREMENTS:

A. Adoption of 21 CFR 117. Except as otherwise provided, Subpart F and the sections, specified in paragraphs 1-7 of this subsection, of Subparts A and B of the United States code of federal regulations, title 21, part 117 are hereby adopted and incorporated in their entirety:

- (1) 117.3 Definitions;
- (2) 117.20 Plant and grounds;
- (3) 117.35 Sanitary operations;
- (4) 117.37 Sanitary facilities and controls;
- (5) 117.40 Equipment and utensils;
- (6) 117.80 Processes and controls; and
- (7) 117.110 Defect action levels and Subpart F.

B. Modifications. Except as otherwise provided, the following modifications are made to the incorporated subparts of 21 CFR 117:

(1) 117.301: All records required by this part are subject to all requirements of this subpart;

(2) 117.315(c): Offsite storage of records is permitted if such records can be retrieved and provided onsite within 24 hours of request for official review. Electronic records are considered to be onsite if they are accessible from an onsite location; and

(3) 117.320: All records required by this part must be made promptly available to the division for official review and copying upon oral or written request.

C. Omissions. Except as otherwise provided, the following omissions are made to the incorporated subparts of 21 CFR 117:

- (1) 117.310;
- (2) 117.315(d);
- (3) 117.325;
- (4) 117.335; and
- (5) The following terms are omitted from section 117.3 Definitions:
 - (a) Allergen;
 - (b) Food;
 - (c) Food-contact surfaces;
 - (d) Lot;
 - (e) Manufacturing/processing; and
 - (f) Packing.

D. Adoption of food code parts 4-5, 4-6 and 4-7. Except as otherwise provided, parts 4-5, 4-6, and 4-7 of the 2017 United States food and drug administration model food code is hereby adopted and incorporated in its entirety.

E. Modifications. Except as otherwise provided, the following modifications are made to the incorporated subparts of the 2017 United States food and drug administration model food code, 4-603.12 Precleaning:

- (1) Food or cannabis product debris on equipment and utensils shall be scraped over a waste disposal unit or garbage receptacle or shall be removed in a warewashing machine with a prewash cycle.
- (2) If necessary, for effective cleaning, utensils and equipment shall be pre-flushed, presoaked, or scrubbed with abrasives. Ethyl alcohol (ethanol) or isopropyl alcohol (isopropanol) are acceptable for pre-flushing or presoaking.

F. Omissions. Except as otherwise provided, the following omissions are made to the incorporated subparts of the 2017 United States food and drug administration model food code:

- (1) 4-502.12;

- (2) 4-502.13(B);
- (3) 4-502.14;
- (4) 4-602.11(A)(1);
- (5) 4-602.11(B);
- (6) 4-602.11(D)(3); and
- (7) 4-602.11(E)(2)-(3).

G. Cannabis Product Ingredient Source.

- (1) Ingredients shall be received from sources as specified in 7.6.2 NMAC.
- (2) Cannabis products, ingredients, and edible or topical cannabis finished products intended for human consumption shall be transported under conditions that will protect against allergen cross-contact and against biological, chemical (including radiological), and physical contamination of the cannabis products, ingredients, and cannabis finished products, as well as against deterioration of the cannabis products, ingredients, and cannabis finished products and the container in accordance with the New Mexico Food Service Sanitation Act and the New Mexico Food Act.

H. The current 21 CFR 111 and United States Federal Food, Drug, and Cosmetic Act, Title 21, Chapter 9 and 7.6.2 NMAC are hereby adopted as a technical reference and interpretation guide.

[16.8.6.10 NMAC – N, 10/11/2022]

16.8.6.11 WATER SUPPLY AND SEWAGE:

A. Drinking water shall be obtained from an approved source that is:

- (1) a public water system; or
- (2) a non-public water system that is constructed, maintained, and operated according to law.

B. A drinking water system shall be flushed and disinfected before being placed in service after construction, repair, or modification and after an emergency situation, such as a flood, that may introduce contaminants to the system.

C. Except as specified under Subsection D of this section:

(1) Water from a public water system shall meet the construction and drinking water quality standards specified in 20.7.10 NMAC; and

(2) Water from a non-public water system shall meet:

(a) the construction requirements and drinking water quality standards of a non-community water system as specified in 20.7.10 NMAC; and

(b) the drinking water source setback requirements as specified in 20.7.3 NMAC.

D. A non-drinking water supply shall be used only if its use is approved and shall be used only for nonculinary purposes such as air conditioning, non-cannabis equipment cooling, and fire protection.

E. Except when used as specified in Subsection D of this section, water from a non-public water system shall meet the sampling requirements of a non-community water system as specified in 20.7.10 NMAC.

F. The most recent sample report for the non-public water system shall be retained on file in the cannabis manufacturer facility or the report shall be maintained as specified by state water quality regulations.

G. Water shall be received from the source through the use of:

(1) an approved public water main; or

(2) one or more of the following that shall be constructed, maintained, and operated according to law:

(a) Non-public water main, water pumps, pipes, hoses, connections, and other appurtenances;

(b) Water transport vehicles; or

(c) Water containers.

H. Sewage shall be disposed of according to LAW. Liquid waste systems shall meet the requirements of 20.7.3 NMAC.

[16.8.6.11 NMAC - N, 10/11/2022]

16.8.6.12 EDIBLE AND TOPICAL CANNABIS FINISHED PRODUCT TESTING:

A. Edible and topical cannabis finished products shall meet the requirements specified in division rules related to testing prior to being transported or transferred from the licensed premises, distributed, sold or otherwise made available to consumers.

B. Edible and topical cannabis finished products that do not meet the requirements of Subsection A of this section shall:

- (1) be segregated;
- (2) reworked, remediated or reconditioned as specified in division rules related to testing; or
- (3) destroyed, wasted, and disposed of in accordance with the wastage requirements of the division.

[16.8.6.12 NMAC – N, 10/11/2022]

16.8.6.13 EDIBLE AND TOPICAL CANNABIS FINISHED PRODUCT TESTING LABORATORIES:

Testing required by the division shall be conducted by a division-approved cannabis testing laboratory that has no direct ownership or financial interest in the facility for which the testing is being conducted.

[16.8.6.13 NMAC - N, 10/11/2022]

16.8.6.14 CEASING OPERATIONS AND REPORTING:

A. Except as specified in Subsections B and C of this section, a licensee shall immediately discontinue operations if an imminent health hazard may exist because of an emergency such as a fire, flood, extended interruption of electrical or water service, sewage backup, misuse of poisonous or toxic materials, onset of an apparent foodborne or cannabis-borne illness outbreak, gross insanitary occurrence or condition, or other circumstance that may endanger public health, employees, or the environment.

B. A licensee need not discontinue operations in an area of a cannabis manufacturer facility that is unaffected by the imminent health hazard.

C. Considering the nature of the potential hazard involved and the complexity of the corrective action needed, the division may allow the licensee to continue operations in the event of an extended interruption of electrical or water service if:

- (1) a written emergency operating plan has been approved by the division (NMED);

(2) immediate corrective action is taken by the licensee to eliminate, prevent, or control any food safety risk and imminent health hazard associated with the electrical or water service interruption; and

(3) the division (NMED) is informed upon implementation of the written emergency operating plan.

D. If operations are discontinued as specified in Subsection A of this section or otherwise according to law, the licensee shall obtain approval from the division (NMED) before resuming operations.

[16.8.6.14 NMAC - N, 10/11/2022]

16.8.6.15 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.6.15 NMAC – N, 10/11/2022]

PART 7 QUALITY CONTROL, INSPECTION, AND TESTING OF CANNABIS PRODUCTS

16.8.7.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.7.1 NMAC – N, 03/01/2022]

16.8.7.2 SCOPE:

This rule applies to all applicants for licensure pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act or division rules, and where applicable, the general public.

[16.8.7.2 NMAC - N, 03/01/2022]

16.8.7.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.7.3 NMAC - N, 03/01/2022]

16.8.7.4 DURATION:

Permanent.

[16.8.7.4 NMAC - N, 03/01/2022]

16.8.7.5 EFFECTIVE DATE:

March 1, 2022, unless a later date is cited at the end of a section.

[16.8.7.5 NMAC - N, 03/01/2022]

16.8.7.6 OBJECTIVE:

The objective of Part 7 is to set forth standards related to quality control of inspection, and testing of cannabis and cannabis products to ensure uniformity of cannabis and cannabis products and protect public safety. Part 7 is not applicable to personal use of cannabis pursuant to the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

[16.8.7.6 NMAC - N, 03/01/2022]

16.8.7.7 DEFINITIONS:

[RESERVED]

16.8.7.8 GENERAL TRACKING REQUIREMENTS:

In addition to any requirements specific to tracking within each license type, all licensees of cannabis establishments must meet minimum requirements.

A. Tracking immature cannabis plants: licensees must track, using the track and trace system specified by the division, cannabis plants as follows:

(1) each immature plant shall be assigned a plant tag with an individual track and trace number and shall be:

(a) placed contiguous to one another to facilitate identification by the division;
and

(b) be fully separated from mature plants.

(2) Immature plants transferred from one licensee to another shall be labeled with the track and trace number that corresponds to the track and trace number. The receiving licensee shall remove the originating licensee's tag and assign a plant or package tag, as applicable, belonging to the receiving licensee within three calendar days of receiving the immature plants.

B. Tracking mature cannabis plants: mature cannabis plants shall be tagged as follows:

(1) Each mature plant shall be tagged with a plant tag. A plant tag shall be attached to the main stem at the base of the plant, placed in a position so it is visible and within clear view of an individual standing next to the mature plant, and kept free from dirt and debris.

(2) Licensees are prohibited from removing the plant tag from the mature plant to which it was attached and assigned until the plant is harvested, destroyed, or disposed of.

C. Tracking cannabis and cannabis products: licensees must track, using the track and trace system specified by the division, cannabis and cannabis products according to packaging and labeling requirements set forth in 16.8.3 NMAC.

D. Additional recorded information: in addition to any tracking requirements specific to license type or cannabis product type, a licensee must ensure the following data is properly recorded in the tracking system:

(1) a complete inventory of all cannabis and cannabis products in the possession, control or ownership of the licensee;

(2) any changes to the licensee's inventory of any cannabis or cannabis products;

(3) when cannabis material is converted to waste

(4) when cannabis waste is destroyed;

(5) when an authorized transfer of cannabis or cannabis product occurs;

(6) any theft of cannabis or cannabis products;

(7) all sales records of cannabis or cannabis product;

(8) all mandatory cannabis or cannabis product testing results;

(9) the county and municipality, if applicable, where the cannabis or cannabis product was harvested, otherwise cultivated, manufactured, tested, sold to other licensees, sold to consumers and disposed of or destroyed; and

(10) other information required by the tracking system or specified by the division.

(11) cannabis material in segregation while testing occurs.

[16.8.7.8 NMAC – N, 3/1/2022; A/E, 03/10/2022; Rp, 16.8.7.8 NMAC, 07/12/2022]

16.8.7.9 IMPLEMENTATION AND ADMINISTRATION OF TRACKING SYSTEM:

A. Operational account: a licensee must have a track and trace system account activated and functional prior to operating or exercising any privileges of a license. The licensee shall keep and maintain comprehensive records to ensure adequate inventory tracking of any cannabis or cannabis products.

B. System administrator required: each licensee must designate at least one individual as a track and trace system administrator.

C. System training: in order to obtain a track and trace system administrator account, a licensee or its designee must attend and successfully complete all required track and trace system training. A licensee may apply for an account and training once they receive a license from the division.

D. Continuing education: The division may also require additional ongoing, continuing education for the track and trace system administrator to retain their track and trace system administrator account.

E. Responsible for cost: each licensee is responsible for all costs associated with its use of the tracking system and any associated vendor fees.

F. Additional users: a licensee may designate additional individuals as track and trace system users. The licensee shall ensure that all individuals who are granted track and trace system user account access for the purposes of conducting track and trace functions in the system are trained by an track and trace system administrator in the proper and lawful use of the track and trace system.

[16.8.7.9 NMAC – N, 3/1/2022; Rp, 16.8.7.9 NMAC, 07/12/2022]

16.8.7.10 GENERAL TRACK AND TRACE SYSTEM USE:

A. System required: all track and trace activities of a licensee must be tracked through use of the track and trace system. Licensees must reconcile all on-premises and in-transit cannabis or cannabis products each day in the track and trace system by 11:59 p.m. that same day. Track and trace system software must then be synchronized by the licensee prior to closing the session (as applicable).

B. Weights and measures: licensees must utilize a standard of weights and measures that is supported by the track and trace system to track all cannabis or cannabis products. A scale used to weigh product prior to entry into the track and trace system shall be certified to be registered and calibrated in accordance with applicable requirements of the New Mexico department of agriculture

C. System security: licensees shall maintain the security of the track and trace system, as follows:

- (1) maintain an accurate and complete list of all track and trace system users for each licensed premise;
- (2) update this list when a new track and trace system user is trained or when an existing user is removed;
- (3) train and authorize any new track and trace system users before they may access track and trace system or input, modify or delete any information in the track and trace system; and
- (4) cancel any track and trace system administrators and track and trace system users from their associated track and trace system accounts once any such individuals are no longer employed by the licensee or at the licensed premises.

D. Responsible for employee actions: licensees are accountable for all actions employees take while logged into the track and trace system or otherwise conducting cannabis or cannabis product inventory tracking activities.

E. Responsible for individual actions: each individual user is also accountable for all of their actions while logged into the track and trace system or otherwise conducting cannabis or cannabis product inventory tracking activities, and shall maintain compliance with all relevant laws and division rules.

F. Use of appropriate account: each individual user shall only log activities in the track and trace system under the user's own unique track and trace system user account.

G. Additional software allowed: licensees may use separate software applications to collect information to be used by the business, including additional inventory tracking or point of sale systems.

[16.8.7.10 NMAC – N, 3/1/2022; Rp, 16.8.7.10 NMAC, 07/12/2022]

16.8.7.11 CONDUCT WHILE USING TRACK AND TRACE SYSTEM:

A. Licensees or designated track and trace administrator(s) and track and trace system user(s) shall enter data into the track and trace system that fully and transparently accounts for all inventory tracking activities and authorized transfers. Both the licensee and the individuals using the track and trace system are responsible for the accuracy of all information entered into the track and trace system.

B. Individuals entering data into the track and trace system shall only use that individual's track and trace system account.

C. If at any point a licensee loses access to the track and trace system for any reason, the licensee or track and trace system administrator shall immediately notify the division and shall keep and maintain comprehensive records detailing all cannabis or cannabis product track and trace activities that occurred during the loss of access. These track and trace activities must be entered into the track and trace system and the division shall be notified that access has been restored. Licensees must document when access to the system was lost, the cause of system loss and when it was restored. Licensee shall not transport or receive any cannabis or cannabis product to or from another cannabis establishment until such time as access is restored and all information is recorded into the track and trace system.

[16.8.7.11 NMAC – Rp, 16.8.7.11 NMAC, 07/12/2022]

16.8.7.12 COMPLIANCE NOTIFICATIONS:

A. Monitor notifications: licensees must monitor all compliance notifications from the track and trace system or the division and must resolve any issue(s) detailed in the compliance notification in a timely fashion. Compliance notifications from the track and trace system shall not be dismissed in the track and trace system until the licensee resolves the compliance issues detailed in the notification.

B. Monitor informational notifications: licensees must take appropriate action in response to informational notifications received through the track and trace system or the division including but not limited to notifications related to enforcement alerts and other pertinent information.

[16.8.7.12 NMAC - N, 07/12/2022]

16.8.7.13 LAWFUL ACTIVITY REQUIRED:

Proper use of the track and trace system does not relieve a licensee of its responsibility to maintain compliance with all laws, rules and other requirements at all times.

[16.8.7.13 NMAC - N, 07/12/2022]

16.8.7.14 TRACK AND TRACE SYSTEM PROCEDURES:

A. Conformity of use: licensees must utilize the track and trace system in conformance with division rule and track and trace system procedures.

B. Track and trace procedures include:

(1) properly indicating the creation of a harvest batch or production batch including the assigned harvest batch or production batch number;

- (2) accurately identifying the cultivation room or outdoor location where each plant is located on the licensed premises;
- (3) accurately identifying when inventory is no longer on the licensed premises;
- (4) properly identifying cannabis or cannabis products identified as test batch;
- (5) properly indicating test results from a cannabis testing laboratory;
- (6) accurately indicating the track and trace system category for all cannabis or cannabis products;
- (7) accurately including a note explaining the reason for any destruction of cannabis or cannabis products, and the reason for any adjustment in weight or count to inventory in the track and trace system software; and
- (8) properly assigning unique identifying tracking numbers to each cannabis plant, cannabis product and any batch, lot, or subplot from such cannabis plant(s) and cannabis product(s).

[16.8.7.14 NMAC - N, 07/12/2022]

16.8.7.15 REQUIRED TESTING OF CANNABIS PRODUCTS:

A cannabis establishment shall segregate a batch of cannabis product and arrange for samples to be collected and tested by a cannabis testing laboratory if required by this section. The batch must pass all required tests prior to the sale or delivery to a qualified patient, primary caregiver or consumer.

A. Required testing: Unless an exception applies:

(1) A cannabis producer, cannabis producer microbusiness, vertically integrated cannabis establishment, or integrated cannabis microbusiness shall arrange for and pay for the testing specified in Table 1, *Required Testing of Cannabis Products*, below, of any cannabis flower and trim that it harvests prior to:

- (a) packaging for retail sale;
- (b) transfer to another cannabis establishment for the purposes of retail sale;
- (c) retail sale; or
- (d) delivery to a patient or consumer.

(2) A cannabis manufacturer, vertically integrated cannabis establishment, or integrated cannabis microbusiness shall arrange for and pay for the testing specified in Table 1 of any cannabis product, including but not limited to a concentrate or extract, that it manufactures prior to:

(a) packaging for retail sale

(b) transfer to another cannabis establishment for the purposes or retail sale;

(c) retail sale; or

(d) delivery to a qualified patient, primary caregiver or consumer.

(3) A cannabis retailer, vertically integrated cannabis establishment, or integrated cannabis microbusiness shall not sell or deliver to a patient or consumer any cannabis product unless the cannabis product has undergone all testing required by this section.

Table 1, Required Testing of Cannabis Products						
Product category	Potency	Homogeneity of Batch	Visual Inspection	Microbiological	Residual Pesticides	Residual Solvents
Flower	X		X	X	X	
Trim	X		X	X	X	
Concentrate (volatile solvent)	X			X	X	X
Kief	X		X	X	X	
Pre-rolls	X			X	X	
Concentrate (non-volatile solvent)	X		X	X	X	
Extract – alcohol	X			X	X	
Extract – other liquid	X			X	X	
Topical	X			X		
Edible	X			X	*	
Other inhalable	X				*	X

Other	X			X	*	X
-------	---	--	--	---	---	---

*Pesticide testing required unless exempted by Subsection E, below.

B. Staggered implementation:

(1) The division may within its discretion delay implementation of sample collection and testing requirements of this section, in whole or in part.

(2) In determining the start date of an individual testing requirement, the division shall consider whether a cannabis testing laboratory has validated a method for conducting the test.

(3) In determining the date on which a cannabis establishment must have its samples collected by an employee or contractor of a cannabis testing laboratory, the division shall consider the capacity of cannabis testing laboratories to collect and transport samples.

(4) The division may establish different implementation dates for sample collection requirements for:

(a) cannabis producer microbusinesses and integrated cannabis microbusinesses located up to 100 miles by automobile from the nearest licensed cannabis testing laboratory location;

(b) cannabis producers, cannabis manufacturers, and vertically integrated cannabis establishments located up to 200 miles by automobile from the nearest licensed cannabis testing laboratory location;

(c) cannabis producer microbusinesses and integrated cannabis microbusinesses located more than 100 miles by automobile from the nearest licensed cannabis testing laboratory location;

(d) cannabis producers, cannabis manufacturers, and vertically integrated cannabis establishments located more than 200 miles by automobile from the nearest licensed cannabis testing laboratory location; and

(e) cannabis establishments for which travel to a licensed cannabis testing laboratory location requires passing through a United States border patrol checkpoint.

C. Collection and transportation of samples: A cannabis testing laboratory is responsible for the collection of samples for the performance of any required test, re-test after a failing result, re-test after remediation, or test for the purposes of labeling.

(1) A cannabis testing laboratory may perform sample collection using:

(a) Laboratory employees with requisite training, as specified in 16.8.2.26 NMAC; or

(b) Contractors who have completed the sampling agent training offered by the U.S. department of agriculture's domestic hemp production program and sign an affidavit that they have no ownership interest in, and are not employed by, any cannabis establishment that produces or manufactures cannabis. The contractor shall obtain necessary training to comply with the cannabis testing laboratory's protocols, and the cannabis testing laboratory may reject any sample that it suspects was collected outside of its protocols.

(2) A cannabis testing laboratory may transport samples using:

(a) Laboratory employees with requisite training, as specified in 16.8.2.26 NMAC; or

(b) Contractors who sign an affidavit that they have no ownership interest in, and are not employed by, any cannabis establishment that produces or manufactures cannabis. Transporting cannabis for a cannabis establishment on a contractual basis does not preclude a person or entity from transporting samples in secure containers for cannabis testing laboratories.

(3) Nothing in these rules shall be interpreted to require a cannabis testing laboratory to collect samples from or transport samples on behalf of any cannabis establishment.

(4) If the division has delayed implementation of the requirement that the cannabis testing laboratory collect the sample from a cannabis establishment, based on its distance from the nearest cannabis testing laboratory or location beyond a U.S. border patrol checkpoint, then any person collecting or transporting samples for required testing must receive training in sample collection and transportation protocols.

(a) Nothing in these rules shall be interpreted to require a cannabis testing laboratory to accept samples from a cannabis establishment.

(b) The cannabis testing laboratory may reject any sample that it suspects was collected outside of its protocols.

(5) A cannabis establishment may specify reasonable precautions prevent the contamination of batches of cannabis, except that the cannabis establishment must provide access to the entire batch of cannabis product. Precautions may include, but are not limited to:

(a) requiring the use of gloves and other personal protective equipment

(b) inspecting tools and containers prior to their use;

(c) specifying the location within the cannabis establishment at which the samples will be collected;

(d) specifying locations within the cannabis establishment to which laboratory employees or contractors do not have access; and

(e) the right to refuse entry to any laboratory employee or contractor not in compliance with the precautions

(6) Nothing in these rules shall be interpreted to require routine testing of cannabis products before the cannabis establishment segregates cannabis products into batches and places the batches into containers for storage while awaiting test results.

(7) This Subsection C of 16.8.7.8 NMAC is effective March 1, 2023.

D. Compliance with all rules and applicable laws required: Passage of testing does not relieve an establishment of its obligation to comply with the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, the Pesticide Control Act, division rules, or other local, state, and federal laws not in conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

(1) A cannabis establishment shall waste and dispose of any cannabis product to which a pesticide has been applied in violation of division rules or the Pesticide Control Act or any product manufactured using an unapproved solvent.

(2) Nothing in this rule shall be interpreted as precluding regulatory activities by other state agencies that do not conflict with the Cannabis Regulation Act or the Lynn and Erin Compassionate Use Act.

E. Exceptions to required testing:

(1) A cannabis establishment shall not be required to have tested for pesticide residue any cannabis product made from cannabis concentrate or cannabis extract with verified pesticide residue test results, so long as the establishment can demonstrate that the resulting product will not exceed action levels for that type of cannabis product.

(2) A cannabis establishment shall not be required to have tested a cannabis product acquired from another cannabis establishment if the batch, in present form, was previously determined to have passed the testing requirements of this rule and is accompanied by a *Certificate of Analysis* issued by a licensed cannabis testing laboratory within the previous 90 days.

(3) If additional testing requirements take effect after a cannabis testing laboratory obtains a sample of a cannabis product for required testing, the laboratory is required to perform only those tests required at the time the sample was obtained.

F. Visual inspection: A sample shall pass visual inspection if, under a minimum of 40X magnification, laboratory personnel detect in a one gram sample:

- (1) no living or dead insects, hair, eggs, or feces; and
- (2) no more than two percent sand, soil, mold, or rocks.

G. Microbiological testing: A sample shall pass microbiological testing if the sample contains concentrations of target microbes not exceeding the action levels set forth in Table 2, *Microbiological Testing Requirements*, below.

(1) The division may require required testing for additional microbes if quality control or inspection testing conducted by cannabis testing laboratories, NMDA, the department of health, or the division identifies their presence, in a quantity or amount that poses a threat to public health, in a cannabis product produced, manufactured, or sold by any cannabis establishment. The division shall provide written notice to licensees 30 days before requiring required testing for additional pesticide residues, except that such notice is not required when human illness is linked to contaminated cannabis products.

(2) The cannabis testing laboratory may report a collective total of the four *Aspergillus* strains listed without distinguishing individual totals.

(3) The test results shall be reported as "Present," "Absent," or in colony forming units (CFU) per one gram sample.

(4) Testing for shiga-toxin producing *E. coli*, *Clostridium botulinum*, and *Pseudomonas aeruginosa* is effective July 1, 2022.

Table 2. Microbiological Testing Requirements	
Target Microbe	Action Level
* <i>E. coli</i>	100 CFU/gram
<i>Aspergillus flavus</i> , <i>Aspergillus fumigatus</i> , <i>Aspergillus niger</i> , or <i>Aspergillus terreus</i>	Present in 1 gram
<i>Salmonella</i> spp.	Present in 1 gram
†Shiga-toxin producing <i>E. coli</i>	Present in 1 gram
† <i>Clostridium botulinum</i>	Present in 1 gram
† <i>Pseudomonas aeruginosa</i>	Present in 1 gram

*Cannabis product may be tested for shiga-toxin producing E. coli, rather than generic E. coli.

†Testing for shiga-toxin producing E. coli, Clostridium botulinum, and Pseudomonas aeruginosa is required only for edible cannabis products manufactured from fresh cannabis with a water activity of 0.65 or greater.

H. Residual solvent testing: A sample shall pass residual solvent testing if the sample contains concentrations of residual solvents lower than the action levels set forth in Table 3, *Residual Solvent Testing Requirements*, below. The test results shall be reported as described in the notes to Table 3.

Table 3. Residual Solvent Testing Requirements				
Target Compounds	Common Chemical Name	IUPAC Name	CAS Number	Action Level*
Propane	Propane	Propane	74-98-6	5000
Butanes	<i>n</i> -butane	Butane	106-97-8	5000
	Isobutane	2-methylpropane	75-28-5	5000
Pentane	<i>n</i> -pentane	Pentane	109-66-0	5000
Hexane	<i>n</i> -hexane	Hexane	110-54-3	290
Benzene	Benzene	Benzene	71-43-2	2.0
Toluene	Toluene	Methylbenzene	108-88-3	890
Heptane	<i>n</i> -heptane	Heptane	142-82-5	5000
Ethylbenzene and Xylenes	Ethylbenzene	Ethylbenzene	100-41-4	2170 Total
	<i>ortho</i> -xylene	1,2-dimethylbenzene	95-47-6	
	<i>meta</i> -xylene	1,3-dimethylbenzene	108-38-3	
	<i>para</i> -xylene	1,4-dimethylbenzene	106-42-3	
Ethanol†	ethyl alcohol	Ethanol	64-17-5	5000
Methanol	methyl alcohol	Methanol	67-56-1	3000
Isopropanol	Isopropyl alcohol	2-propanol	67-63-0	5000
Acetone	Acetone	2-propanone	67-64-1	5000
Use two significant digits when reporting residual solvent results.				
Report levels less than the Limit of Quantitation for each solvent according to the following example:: "Benzene < 2.0 µg/g"				

*Micrograms solvent per gram ($\mu\text{g/g}$) of sample/parts per million (ppm).

†Unless exempt from testing.

I. Potency testing: Potency testing requires determining the quantity of tetrahydrocannabinol (THC), tetrahydrocannabinolic acid (THCA), cannabidiol (CBD), cannabidiolic acid (CBDA) per gram of sample and the calculation of THC potency and CBD potency, according to Table 4, *Potency Testing Requirements*, below.

Table 4. Potency Testing Requirements			
Cannabinoid	Abbreviation	CAS Number	Reporting Units
Tetrahydrocannabinolic Acid	THCA	23978-85-0	For solids: mg of analyte/gram of sample and percentage by weight
Tetrahydrocannabinol	THC	1972-08-3	
Cannabidiolic Acid	CBDA	1244-58-2	
Cannabidiol	CBD	13956-29-1	
			For liquids: mg/ml
Total THC Potency (solids)	THC Potency = (Percent THCA × 0.877) + Percent THC		Percentage by weight
Total CBD Potency (solids)	CBD Potency = (Percent CBDA × 0.877) + Percent CBD		
Total THC Potency (liquids)	THC Potency = (mg/ml THCA × 0.877) + mg/ml THC		mg/ml
Total CBD Potency (liquids)	CBD Potency = (mg/ml CBDA × 0.877) + mg/ml CBD		

J. Pesticide testing: A sample shall pass pesticide testing if concentrations of residues of pesticides are lower than the action levels listed in Table 5, *Pesticide Testing Requirements*, below.

(1) The division may adopt required testing for additional pesticide residues if quality control or inspection testing conducted by cannabis testing laboratories, NMDA, the department of health, or the division identifies their presence in a cannabis product produced or manufactured by any cannabis establishment. The division shall provide written notice to licensees 30 days before implementing required testing for additional pesticide residues.

(2) Nothing in this section shall be interpreted to waive or diminish any requirement of the Pesticide Control Act, §§76-4-1 et seq. NMSA 1978. The division,

alone or in conjunction with NMDA, may investigate any suspected use of a pesticide not registered with NMDA for use on cannabis.

(3) This Subsection J of 16.8.7.8 NMAC is effective July 1, 2022.

Table 5. Pesticide Testing Requirements			
Targeted Pesticide	CAS Number	Action Level: Inhalable*	Action Level: Non-Inhalable*
†Abamectin	71751-41-2	0.1	0.15
†Acequinocyl	57960-19-7	2.0	2.0
†Bifenazate	149877-41-8	0.2	0.2
†Bifenthrin	82657-04-3	0.1	0.1
†Etoxazole	153233-91-1	0.1	1.0
†Imazalil	35554-44-0	0.1	0.1
†Imidacloprid	138261-41-3	0.1	3.0
†Myclobutanil	88671-89-0	0.1	0.4
†Paclobutrazol	76738-62-0	0.04	0.04
Piperonyl butoxide	51-03-6	3.0	8.0
†Pyrethrins (cumulative total)	121-21-1 25402-06-6 4466-14-2	0.5	1.0
†Spinosyn A, D (cumulative total)	131929-60-7 131929-63-0	0.1	3.0
†Spiromesifen	283594-90-1	0.1	0.2
†Spirotetramat	203313-25-1	0.1	0.2
†Trifloxystrobin	141517-21-7	0.02	0.02
Other pesticide not registered with NMDA for use on cannabis	Varies	0.02	0.02
<p>*Micrograms of pesticide per gram (µg/g) of sample/parts per million (ppm).</p> <p>Report levels less than the Limit of Quantitation for each pesticide residue according to the following example: "Paclobitrazol < 0.4 µg/g"</p> <p>†Not registered with NMDA for use on cannabis.</p>			

K. Release of batch after testing: A cannabis establishment may release an entire batch of cannabis product for immediate manufacture, sale, or other use, provided that the sample taken from the batch passes the tests required in this section.

L. Procedures for testing: A cannabis establishment shall adhere to the following procedures:

(1) After collection of samples, a batch of cannabis product shall be segregated in a secure container and stored under controlled environmental conditions (temperature, humidity, light) designed to limit microbial growth or other spoilage until the cannabis establishment receives a certificate of analysis indicating the batch meets the testing requirements of this rule.

(2) The secured container shall be labeled with the identification number used in the track and trace system, the name of the cannabis testing laboratory, the date on which the samples were taken, and, in minimum 12-point font, all capital letters, "AWAITING TEST RESULTS. DO NOT TRANSFER."

(3) The cannabis testing laboratory and the cannabis establishment submitting samples each shall appropriately document in the track and trace system the sampling and testing of cannabis product.

(4) A cannabis establishment shall maintain all results of laboratory tests conducted on cannabis products produced or manufactured by the cannabis establishment for a period of at least two years and shall make those results available to consumers or cannabis retailers upon request.

M. Re-testing: If a sample fails any test, the cannabis establishment may request re-testing by the same cannabis testing laboratory or another cannabis testing laboratory. If the repeated test is within acceptable limits, then the batch may be sold, transferred, or further manufactured.

N. Remediation: Within 120 days of a failed test, a cannabis establishment may remediate and retest the batch according to the procedures described in this subsection. A cannabis establishment shall adopt and maintain on the premises protocols regarding remediation consistent with this rule.

(1) A cannabis establishment may remediate dried cannabis or cannabis concentrates that fail microbiological testing by means of extraction using an approved volatile solvent. Other products that fail microbiological testing may not be remediated.

(2) A cannabis establishment may remediate any cannabis product that fails homogeneity testing through any approved manufacturing process, including extraction, chopping, melting, mixing, infusing, or otherwise combining the batch.

(3) A cannabis establishment may remediate any cannabis product that fails residual solvent testing by evaporating solvent using heat, vacuum pressure, or a combination of methods.

(4) A cannabis establishment may remediate cannabis that fails visual inspection for the presence of mold by means of extraction using an approved volatile solvent.

(5) A cannabis establishment may remediate cannabis that fails visual inspection for the presence of insects, hair, eggs, or feces by removing the contaminants, followed by extraction using an approved volatile solvent.

(6) A cannabis establishment may remediate cannabis that fails visual inspection for the presence of soil or rocks by removing the contaminants.

(7) Cannabis product that has been remediated must undergo any test that was previously failed.

(8) Cannabis product that has been remediated with the use of volatile solvents must additionally undergo residual solvent testing.

O. Notice and destruction: Any cannabis product that fails a test and cannot be remediated, including any remediated cannabis product that fails any test after remediation, is subject to destruction in accordance with the wastage requirements of 16.8.2.15 NMAC. The cannabis establishment shall notify the division within 24 hours and shall confirm the wastage and disposal of the usable cannabis in accordance with this rule. The wasted product shall be removed from inventory, and the removal from inventory shall be noted in the track and trace system.

P. Interpretation of differing results: Results produced by a cannabis testing laboratory are valid only for the sample tested. A differing result produced by quality control or inspection testing of a different sample pursuant to 16.8.2.16 NMAC is not grounds for action against the cannabis testing laboratory that produced the original testing result.

[16.8.7.15 NMAC – N, 07/12/2022; A/E, 11/18/2022]

16.8.7.16 ADDITIONAL TESTING SERVICES OFFERED BY CANNABIS TESTING LABORATORIES:

A cannabis testing laboratory may offer cannabis establishments testing for quality improvement, research and development, or labeling purposes. A cannabis testing laboratory may also offer testing to persons other than cannabis establishments as provided in this section.

A. Research and development testing for cannabis establishments: A cannabis testing laboratory may offer to cannabis establishments any required test or any additional test for the purpose of research and development or for quality-control measures requested by a cannabis establishment.

(1) The cannabis establishment may collect the sample, or an agent of the cannabis testing laboratory may collect the sample.

(2) If a cannabis establishment requests testing for research and development purposes, the results may not be used to satisfy any required testing requirement, even if the sample passes all tests.

(3) The failure of a test for research and development purposes shall not constitute a failed test.

(4) The results of a test conducted for research and development purposes shall not be included on a product label or advertisement.

B. Testing for the purposes of labeling by cannabis establishments: A cannabis testing laboratory may offer to cannabis establishments additional tests not included in required testing for the purposes of product labeling, including quantitation of specific pesticides, microbial contaminants, solvents, mycotoxins, or metals.

(1) An agent of the cannabis testing laboratory shall collect the samples according to the laboratory's protocols.

(2) A label may include a reference to concentrations of compounds not subject to required testing, including terpenes, terpenoids, or additional cannabinoids.

(3) A label may include a reference to the passage of cannabis screenings, including one or more of the following:

(a) naming the contaminants for which screening was performed;

(b) providing a link or QR code to the list of contaminants for which the cannabis product was screened; or

(c) a statement that the product has met third-party screening criteria, such as those established by an industry association, except that no label shall contain claims that a cannabis product is "pesticide free" or "organic" unless such labeling is specifically authorized under U.S. department of agriculture regulations.

C. Reporting of contamination: Nothing in this rule shall be interpreted to require a cannabis testing laboratory to offer testing for analytes not included in required testing. However, a cannabis testing facility shall report to the division, without naming the source of the sample, the detection of any of the following analytes in the course of testing for research and development or labeling purposes:

(1) aflatoxin B1, B2, G1, and G2 and ochratoxin A, at a total concentration of 20 µg/kg (parts per billion) or greater;

(2) arsenic, cadmium, lead, or mercury, at a concentration of 0.4 µg/g (parts per million) or greater;

(3) the residue of any pesticide not required to be tested or not registered in New Mexico for use on cannabis, at any level detectable by the cannabis testing laboratory's methodology; or

(4) any microorganism not required to be tested at a level that poses a significant threat to human health.

D. Research and development testing in connection with personal use or medical use of Cannabis. A cannabis testing laboratory may perform any test on a sample of cannabis product for any resident of New Mexico who is at least 21 years of age and represents in writing that the cannabis product is for the personal use or medical use of the person submitting the sample or a person for whom the person submitting the sample is acting as a primary caregiver. The cannabis testing laboratory shall provide guidance on sample collection but shall not collect samples onsite.

E. Testing services to entities operated or licensed by a tribal government. A cannabis testing laboratory may perform any test on a sample of cannabis product for any entity located within New Mexico and operated or licensed by a tribal government with which the division has an intergovernmental agreement covering cannabis testing. If the intergovernmental agreement permits such entities to collect and submit samples, the cannabis testing laboratory shall provide guidance on sample collection. Otherwise, an agent of the laboratory shall collect samples.

F. Testing services for the division or other governmental entities: A cannabis testing laboratory may, but is not required to, perform any test on behalf of the division, NMDA, another state agency, or a state or local law enforcement authority acting within its lawful jurisdiction.

[16.8.7.16 NMAC – N, 07/12/2022]

16.8.7.17 PREVENTION OF HEAVY METAL CONTAMINATION:

A cannabis establishment shall adhere to the following quality control standards for the production and manufacturing of cannabis:

A. Growing media: The cannabis establishment shall maintain, and make available for division inspection, records of all growing media purchased.

B. Water: If using for irrigation water from a non-municipal source, a cannabis establishment shall maintain quarterly testing data indicating concentrations at or below the action levels in Table 1, Heavy Metal Testing Requirements for Water and Soil, below.

C. Soil: If growing cannabis directly in the ground, the cannabis establishment shall submit at least annually representative soil samples to a laboratory for analysis of arsenic, cadmium, lead, and mercury levels and shall retain a certificate of analysis for inspection by the division. If the concentration of any heavy metal exceeds the action levels in Table 1, Heavy Metal Testing Requirements for Water and Soil, below, the cannabis establishment shall remediate the soil and shall not produce additional plants until soil concentrations are below the applicable action levels.

D. Choice of laboratories: The cannabis establishment may submit water or soil samples to any laboratory in the United States offering water or soil analysis for the four required analytes.

Table 1. Heavy Metal Testing Requirements for Water and Soil				
Analyte	Symbol	CAS Number	Action Level: Soil*	Action Level: Water†
Arsenic	As	7440-38-2	4.25	10.0
Cadmium	Cd	7440-43-9	7.05	5.0
Lead	Pb	7439-92-1	400	15.0
Mercury	Hg	7439-97-6	2.38	2.0
*Reported in micrograms per gram (µg/g) of sample/parts per million (ppm). Based on New Mexico Environment Department's <i>Risk Assessment Guidance for Site Investigations and Remediation</i> . †Reported in micrograms per liter (µg/L) of sample. Based on U.S. Environmental Protection Agency's maximum contaminant levels.				

[16.8.7.17 NMAC – N, 07/12/2022]

16.8.7.18 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.7.18 NMAC – N, 3/1/2022; Rn, 16.8.7.11 NMAC, 07/12/2022]

PART 8 CANNABIS PLANT LIMITS AND PROCESS TO ADDRESS SHORTAGE OF CANNABIS SUPPLY IN THE MEDICAL CANNABIS PROGRAM

16.8.8.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.8.1 NMAC - N, 08/24/2021]

16.8.8.2 SCOPE:

This rule applies to all persons licensed or seeking to be licensed to produce, manufacture, and sell cannabis pursuant to the Cannabis Regulation Act.

[16.8.8.2 NMAC - N, 08/24/2021]

16.8.8.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act, and the Lynn and Erin Compassionate Use Act.

[16.8.8.3 NMAC - N, 08/24/2021]

16.8.8.4 DURATION:

Permanent.

[16.8.8.4 NMAC - N, 08/24/2021]

16.8.8.5 EFFECTIVE DATE:

August 24, 2021, unless a different date is cited at the end of a section.

[16.8.8.5 NMAC - N, 08/24/2021]

16.8.8.6 OBJECTIVE:

The objective of Part 8 is to establish the limit of mature cannabis plants a licensee is authorized to cultivate pursuant to the Cannabis Regulation Act.

[16.8.8.6 NMAC - N, 08/24/2021]

16.8.8.7 DEFINITIONS:

Unless otherwise defined in Title 16, Chapter 8, Part 1, terms used in Title 16, Chapter 8, have the same meanings as set forth in the Cannabis Regulation Act and the licensing authority under the Lynn and Erin Compassionate Use Act.

[16.8.8.7 NMAC - N, 08/24/2021]

16.8.8.8 GENERAL PROVISIONS FOR PLANT COUNT:

A. Cannabis plant growth cycle: For purposes of this rule, the cannabis plant growth cycle is based on the following four stages:

- (1) germination stage includes a seed sprouting to form a seedling;
- (2) seedling stage includes a shoot emerging from the soil surface, eventually forming the first leaves;
- (3) vegetative stage is the period of growth between germination and the beginning of flowering, including cloned cannabis plants; and
- (4) flowering stage is the reproductive state of the cannabis plant in which there are physical signs of flower budding out of the nodes in the stem.

B. Mature cannabis plant: For purposes of this rule, a mature cannabis plant shall be a female cannabis plant in the flowering stage.

[16.8.8.8 NMAC - N, 08/24/2021]

16.8.8.9 CANNABIS PLANT LIMIT TIER LEVELS:

A. Initial license designation: For the purpose of determining the number of mature cannabis plants a licensee may be allocated to cultivate, all cannabis producer and vertically integrated cannabis establishment licenses issued on or after August 15, 2021, will be designated by the division as a level 1, level 2, level 3, or level 4. Cannabis plant count level placement shall be based on the following factors:

- (1) applicant's requested mature cannabis plant limit level;
- (2) applicant's demonstration of a legal right to use the quantity of water needed for the level of mature cannabis plants cultivated based on the applicant's cannabis cultivation plan;
- (3) if applicable, whether the applicant's reported number of mature cannabis plants harvested in the preceding six months was a minimum of eighty percent of applicant's authorized mature plant count limit;
- (4) if applicable, whether the applicant's total cannabis sales were a minimum of seventy-five percent of applicant's reported production of cannabis during the six months preceding applicant's request; and
- (5) applicant's social equity plan, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products are produced are located in an underserved rural community,

including tribal, acequia, land grant-merced, federally designated opportunity zone, or other rural historic communities.

B. Designated mature cannabis plant levels:

- (1) Level 1: 201 – 2,000 mature cannabis plants;
- (2) Level 2: 2,001 – 6,000 mature cannabis plants;
- (3) Level 3: 6,001 – 12,000 mature cannabis plants; or
- (4) Level 4: 12,001 – 16,000 mature cannabis plants.

C. Incremental increase: A licensee may increase the number of mature cannabis plants, at the time of renewal and one other time per year. An authorized mature cannabis plant count increase shall only be approved in increments of 500 mature cannabis plants.

D. Limit of incremental increase: A licensee may be allowed to increase its authorized mature cannabis plant count up to eight increments at a time upon application and approval by the division.

E. Immature Plants: For purposes of calculating the maximum number of authorized mature cannabis plants, the germination, seedling, and vegetative stages are classified as immature cannabis plants and are excluded from a licensee's approved cannabis plant level.

F. Maximum cannabis plant count: In no event shall a licensee be permitted to grow more than 20,000 mature cannabis plants at one time.

[16.8.8.9 NMAC - N, 08/24/2021; A/E, 01/13/2022; A, 03/22/2022]

16.8.8.10 PLANT INCREASE REQUEST:

A. A licensee may request an increase of the number of mature plants licensed at the time of renewal and at one other time per year. To be considered for approval by the division, the licensee shall provide, in addition to required fees set forth in 16.8.11 NMAC, the following information to demonstrate the licensee's capacity for a mature cannabis plant count increase, licensee's compliance with the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules:

- (1) a current inventory of mature cannabis plants and harvested cannabis;
- (2) applicant's demonstration of a legal right to use the quantity of water needed for the level of mature plants to be cultivated based on the applicant's cultivation plan;

(3) applicant's reported number of plants harvested in the preceding three months;

(4) applicant's medical cannabis and commercial cannabis sales in the preceding three months;

(5) applicant's total cannabis sales; and

(6) progress on implementation of applicant's social equity plan, including race, ethnicity, gender, age, and residential status of licensee, controlling persons and employees of applicant and whether the applicant, controlling persons, employees or the locations where the cannabis products are produced are located in an underserved rural community, including tribal, acequia, land grant-merced, or other rural historic communities.

B. The division shall make a determination to approve or deny a licensee's request to increase mature cannabis plant count based on the information provided and the following factors:

(1) the licensee has met the required minimum sale of medical cannabis each month for the last 3 months it has operated;

(2) the licensee has sold at least eighty percent of its cannabis or cannabis products each month for the last 3 months it has operated;

(3) the existence of any pending or final enforcement action taken by the division against the licensee;

(4) whether there is a shortage of cannabis in the medical cannabis program during the most recent 6-month period, including throughout the state and in underserved geographical regions;

(5) whether the licensee's cultivation plan to increase mature cannabis plants meets the requirements for licensure, including access to water and water usage; and

(6) the completeness of information and data provided to the division.

C. Ground for Denial: The division may deny a request for additional mature cannabis plants based on the information provided or for violating the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, or division rules, including the licensee exceeding its authorized mature cannabis plant count during the prior three-month period.

[16.8.8.10 NMAC - N, 08/24/2021; A/E, 01/13/2022; A, 03/22/2022]

16.8.8.11 ADDRESSING A SHORTAGE OF MEDICAL CANNABIS:

A. Upon the division allowing commercial cannabis retail sales, cannabis retail establishments shall make reasonable efforts to sell a minimum of twenty-five percent of their monthly cannabis sales to qualified patients, primary caregivers, and reciprocal participants, or to other licensed cannabis retail establishments that meet or exceed the twenty-five percent sales to qualified patients, primary caregivers, and reciprocal participants until December 31, 2022.

B. Upon the division allowing commercial cannabis retail sales, licensed cannabis producers, including cannabis producer microbusinesses, vertically integrated cannabis establishments, and integrated cannabis microbusinesses, and cannabis manufacturers shall make reasonable effort to sell wholesale to licensed cannabis retail establishments that meet or exceed the twenty-five percent sales to qualified patients, primary caregivers and reciprocal participants until December 31, 2022.

C. After December 31, 2022, the division may take the following measure to address a shortage of cannabis supply in the medical cannabis program:

(1) require all licensed cannabis retail establishments to ensure that at least ten percent of their cannabis and cannabis products in stock on a monthly basis is designated for sale to qualified patients, primary caregivers, and reciprocal participants; or

(2) reduce the per plant fee for designated medical cannabis plants to incentivize increased production of cannabis plants to remedy a shortage of cannabis supply in the medical cannabis program; and

(3) after having first exhausted measures to increase production of cannabis plants, the division may exclude commercial cannabis activity from the scope of new licenses issued to initial applicants for a vertically integrated cannabis establishment, cannabis producer, integrated cannabis microbusiness, cannabis producer microbusiness, or cannabis manufacturer license, which limitation shall be in force for a period of at least six months; and

(4) require licensees who are licensed to produce cannabis to produce a specified quota of mature cannabis plants to be designated for use in the medical cannabis program, provided that:

(a) the division may require a licensee to devote no more than twenty-five percent of the licensee's cultivated cannabis plants on a monthly basis for use in the medical cannabis program; and

(b) the division may require additional specific tracking of cannabis plants.

[16.8.8.11 NMAC - N, 08/24/2021]

16.8.8.12 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.8.12 NMAC - N, 08/24/2021]

PART 9 [RESERVED]

PART 10 CANNABIS SERVERS LICENSING AND TRAINING PROGRAM

16.8.10.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.10.1 NMAC – N, 07/12/2022]

16.8.10.2 SCOPE:

This rule applies to applicants for cannabis server permit education provider and a cannabis server permit pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act or division rules, and where applicable, the general public.

[16.8.10.2 NMAC - N, 07/12/2022]

16.8.10.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.10.3 NMAC - N, 07/12/2022]

16.8.10.4 DURATION:

Permanent.

[16.8.10.4 NMAC - N, 07/12/2022]

16.8.10.5 EFFECTIVE DATE:

July 12, 2022, unless an earlier date is cited at the end of a section.

[16.8.10.5 NMAC - N, 07/12/2022]

16.8.10.6 OBJECTIVE:

The objective of Part 10 is to set forth the provisions that apply to cannabis server permit education and server permits.

[16.8.10.6 NMAC - N, 07/12/2022]

16.8.10.7 DEFINITIONS:

Unless otherwise defined below, terms used in Title 16, Chapter 8, Part 1, have the same meanings as set for in 16.8.1 NMAC, the Cannabis Regulation Act, and the Lynn and Erin Compassionate Use Act.

[16.8.10.7 NMAC - N, 07/12/2022]

16.8.10.8 CANNABIS SERVER PERMITS: ISSUANCE, DISTRIBUTION, REPLACEMENT:

A. Cannabis server permit required. A licensee approved to operate a cannabis consumption area and all servers must satisfactorily complete a program every three years to obtain a server permit. No person shall be employed as a server on a licensed cannabis consumption area unless that person obtains a server permit, except that a person not previously certified must obtain a server permit within 30 days of employment.

B. Server permit issuance. Satisfactory completion of a certified program will be determined by the student earning a score of eighty percent or higher on an approved test administered at the end of a classroom program or administered at the end of or after completion of a module for on-line programs. Each student who satisfactorily completes a certified program may be issued a server permit by the division. If the student has a child support hold placed on him or her by the human services department, the division shall not issue a server permit to that student until the child support hold has been lifted.

C. Providers' duty to inform the division of student's satisfactory completion. Within 10 business days of satisfactory completion of any certified program, the provider who administered the program shall submit to the division a server permit application for each student who satisfactorily completed the program, including their name, personal identifier, address, date of birth, and any other information required by the division on forms prescribed by the division and in accordance with methods prescribed by the division, including electronic submission. Server permits will be numbered sequentially to provide a unique number for each student who satisfactorily completes a program. Any application received by the division more than 10 business days after the date the course was completed will subject the provider to a late fee of five dollars (\$5) per application. Any incomplete application received by the division shall be returned to the provider for completion.

D. Division will distribute permits. The division will prepare and distribute the server permits to the student within 90 days of satisfactory completion of a certified

program. Providers are required to store original server permit applications in a secured manner for six months from the date of satisfactory completion of the certified program. After six months from the date of satisfactory completion, providers may destroy the original server permit applications through shredding or another method that ensures the information cannot be stolen or otherwise re-used.

E. Temporary Server Permits. Providers who administer a classroom program may issue temporary server permits by recording the test grade on the server permit application and issuing a designated copy of the application to the student. Providers who administer on-line programs may issue temporary server permits by allowing the student to print out a computer generated document, containing information as required by the division, upon satisfactory completion of the program by student. Temporary server permits are valid for 90 days from the date the exam is successfully completed. Photocopies of the designated copy of the application or computer print-out are not valid temporary server permits. If the server loses the temporary server permit, it is the responsibility of the provider to supply a replacement temporary server permit. Providers are required to inform all students that it will take up to 120 days from the date the exam is successfully completed for the server to receive a permanent permit from the division and that if the server needs a replacement temporary server permit the server may obtain one from the provider.

F. Replacement server permits. Requests for replacement server permits must be submitted in writing to the division. Requests must be made by the server, must be submitted on forms prescribed by the division and must be accompanied by a ten dollar (\$10.00) replacement fee in the form approved by the division. If the request is made in person, the server must present a valid, government issued identification card. If the request is made by mail, the server must enclose a photocopy of a valid, government issued identification card. A request to change the name of the server may, in lieu of a valid, government issued identification card, include a copy of a marriage certificate, divorce decree, or court order.

[16.8.10.8 NMAC - N, 07/12/2022]

16.8.10.9 PROVIDER, INSTRUCTOR AND PROGRAM CERTIFICATION; RENEWAL:

A. Certification required: Any person seeking certification as a provider, instructor or program must submit an application to the division for approval in accordance with this section. An on-line program and a classroom program cannot be combined into one application.

B. Applications for providers and programs:

- (1) Providers and instructors:

(a) the name and qualifications of the provider or the name and qualifications of the instructor(s), including a resume, references and the name of the certified program that applicant intends to administer;

(b) for on-line providers, the name and address of all entities owning, profiting, or both from the administration of the on-line course;

(c) fees that will be charged to take the program; and

(d) any other relevant information as may be required by the director.

(2) Programs:

(a) a description of program content that meets the minimum requirements contained in the Cannabis Regulation Act, specifically Section 26-2C-11, NMSA 1978, including a copy of the classroom program's handbook or a copy of the on-line program's quick reference materials to be distributed to and retained by students after satisfactory completion of the program. All programs should include real life examples and should be administered, at least in part, in an interactive way;

(b) all proposed programs must include a minimum of four and one-half classroom hours or the equivalent for on-line programs;

(c) for on-line programs:

(i) a description of the procedure for electronic transmission of the student's full name, address, personal identifier, driver's license or other government-issued identification number and state of issuance, date of birth, phone number, e-mail address, sex, height, weight, hair color, eye color, test score and test completion date within 10 days of a student's successful completion of the program, including a description of the security measures that will be taken to ensure that the information is stored and transmitted in a secure manner. The electronic transmission of the student's information should meet the data security standards prescribed by the payment card industry security council or the equivalent as determined by the division, and in a format approved by the division;

(ii) a description of any and all security measures taken to ensure that the person who is taking the course is the same person who will receive credit for taking the course and who will submit to the proctored exam at the end of the course;

(iii) proof to the satisfaction of the division that the average user will take at least four clock hours or the equivalent to complete course;

(iv) proof to the satisfaction of the division that students cannot fast-forward or skip through the course materials.

(d) any other reasonably relevant information as may be required by the division;

C. Completeness check: When the division receives an application for certification as a provider, instructor or program, the division will check the application for completeness.

(1) if the application is incomplete, the division will contact the applicant for additional information;

(2) if the application is complete, the division shall review the application.

D. Standards for licensure: An application for licensure may be granted if the standards identified in this section are met.

(1) Providers and instructors: In reviewing applications for licensure as a provider or instructor the division shall consider:

(a) whether all the information required by these rules has been submitted and is accurate and valid;

(b) the qualifications and references of the applicant, including whether the applicant has 3 or more years of experience related to the sale or service of cannabis and cannabis products;

(c) whether applicant is 21 years of age or older;

(d) whether applicant has ever been found guilty of or admitted guilt to a violation of the Cannabis Regulation Act;

(e) whether applicant intends to teach a program approved by the division in accordance with these rules;

(f) any other reliable and relevant information, as determined by the division.

(2) Programs: In reviewing applications for licensure as a program the division shall consider:

(a) whether the information required by these rules has been submitted and is accurate and valid;

(b) whether the program includes all content required by law, currently contained in Section 26-2C-11 NMSA 1978;

(c) whether the program includes comprehensive training on how to detect obvious signs of intoxication, focusing both on the sale of cannabis and cannabis products for off-premise and on-premise consumption;

(d) whether the program includes an up-to-date sample photo of a driver's license issued to a minor by the New Mexico motor vehicle division of the New Mexico department of taxation and revenue and training on how to detect a fake or fabricated identification card;

(e) whether the program includes management-specific training, including strategies for management to support servers working under their supervision;

(f) whether the program is reviewed and revised annually to ensure current comprehensive training;

(g) whether the program is interactive and includes real life instructional examples;

(h) for on-line programs whether it is easy to navigate and user-friendly; and

(i) any other reliable and relevant information, as determined by the division.

(3) In addition to the other standards listed above, all providers and instructors shall hold current server permits at all times when providing instruction.

E. Expiration of licensure: Provider, instructor and program licensure expire on December 31 each year.

F. Renewal: Renewal applications for provider, instructor and program licensure must be submitted no later than November 30 of each year.

(1) Renewal applications for providers and instructors must include names and qualifications of the provider or instructors and proof that the provider is covered by a surety bond in the amount of five thousand dollars (\$5,000) of a surety company authorized to transact business in New Mexico;

(2) Renewal applications for programs shall include a summary of all proposed changes to program content from the prior year and any updates that have been made or will be made to the program, including where those changes can be found in the program materials. At a minimum, programs must be updated annually to reflect changes to the law, updated statistical information and an up-to-date sample photo of a driver's license issued to a minor by the New Mexico motor vehicle division of the New Mexico department of taxation and revenue if applicable.

G. Transferability: Provider, instructor and program licensure are non-transferrable.

H. Cancellation: A provider or instructor certification shall automatically be cancelled if the provider or instructor ceases to offer classes for 60 days or more, or upon written notice from the provider.

[16.8.10.9 NMAC - N, 07/12/2022]

16.8.10.10 ADMINISTRATION OF SERVER PERMIT TRAINING PROGRAM:

A. Providers' responsibility in administering program: It is the responsibility of providers to ensure that they and any instructors employed by them are teaching an approved program.

B. Course materials: Providers shall ensure that each student is provided complete course materials at the beginning of each program. Providers who administer an on-line program shall ensure that each student either has electronic access to course materials or is able to print out course materials for quick reference after satisfactory completion of the program. All course materials shall be presented by instructors in a manner that does not indicate which material is selected for the proctored test.

C. Prior approval required: Providers must obtain prior approval from the division before changing the required content of an approved program.

D. Proctored tests: Proctored tests must be administered in person immediately after completion of a classroom program. Students may not have access to course materials during administration of the proctored test. Exam questions must be rotated on a regular basis to ensure exam validity and security. Providers may allow an applicant who fails the test to re-take it at another time in the presence of an instructor. Proctored tests must be graded by a certified instructor and cannot be graded by a student.

E. On-line tests: On-line tests must be available to be administered immediately after students complete the course or complete a particular module of the course. Exam questions must be rotated on a regular basis to ensure exam validity and security. Students may not have access to course materials during administration of the on-line test. Providers administering on-line tests shall provide the necessary security measures to the satisfaction of the division to combat the potential for cheating. Examples of security measures include, but are not limited to, shuffling exam questions each time a new exam begins, prohibit students from stopping and resuming the exam session, implement a reasonable time limit on the exam, present security questions at random throughout the exam. The results of the on-line test must be given to the student after completion of the on-line test, and providers shall provide a score report indicating wrong answers by referencing course content section.

F. ADA compliance: Providers and instructors are required to comply with the Americans with Disabilities Act (ADA) and ensure that students with disabilities are

provided with reasonable accommodation for instructional and learning purposes to the extent required by law.

G. Administration of on-line programs: Providers who administer an on-line program without the presence of a live instructor must ensure the following:

- (1) a secure login process is in place to confirm the identity of the person taking the course;
- (2) students may not be allowed to fast-forward through the instruction portion of the course;
- (3) students must have adequate access to a help desk or customer service to resolve technical problems without delaying the flow of instruction, as well as access to a person who can answer substantive questions that may arise in the course of the training within 72 hours of the student asking the question;
- (4) no advertisements appear during course instruction; and
- (5) students either have electronic access to course materials or are able to print out course materials for quick reference after satisfactory completion of the on-line program as required by these rules.

[16.8.10.10 NMAC - N, 07/12/2022]

16.8.10.12 VIOLATION OF PROVIDER AND PROGRAM REQUIREMENTS:

The division may take disciplinary action against any program, or refuse to renew licensure, when the division determines that:

- A.** a provider, instructor or an agent, knowingly provided false information to the division with regard to completion of a program by any person;
- B.** a provider, instructor or an agent, failed to conduct the program as approved by the division;
- C.** any person filing an application with the division for licensure of a provider, instructor or program knowingly submitted false information to the division;
- D.** a provider failed to provide to the division complete, timely reports of applicants who satisfactorily completed the program; or
- E.** a provider or instructor otherwise failed to comply with the alcohol server education article or these rules.

[16.8.10.12 NMAC - N, 07/12/2022]

16.8.10.13 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.10.13 NMAC - N, 07/12/2022]

PART 11 FEES

16.8.11.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.11.1 NMAC - N, 08/24/2021]

16.8.11.2 SCOPE:

This rule applies to all applicants and licensees applying for licensure and renewal of licensure under all license types as set forth in the Cannabis Regulation Act and the Lynn and Erin Compassionate Use Act.

[16.8.11.2 NMAC - N, 08/24/2021]

16.8.11.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.11.3 NMAC - N, 08/24/2021]

16.8.11.4 DURATION:

Permanent.

[16.8.11.4 NMAC - N, 08/24/2021]

16.8.11.5 EFFECTIVE DATE:

August 24, 2021, unless a later date is cited at the end of a section.

[16.8.11.5 NMAC - N, 08/24/2021]

16.8.11.6 OBJECTIVE:

The objective of Part 11 is to establish a uniform schedule of fees applicable to licenses issued under the Cannabis Regulation Act.

[16.8.11.6 NMAC - N, 08/24/2021]

16.8.11.7 DEFINITIONS:

Unless otherwise defined below, terms used in Title 16, Chapter 8, Part 1, have the same meanings as set forth in 16.8.1 NMAC, the Cannabis Regulation Act, and the Lynn and Erin Compassionate Use Act.

[16.8.11.7 NMAC - N, 08/24/2021]

16.8.11.8 GENERAL PROVISIONS FOR FEES:

[RESERVED]

[16.8.11.8 NMAC - N, 08/24/2021]

16.8.11.9 ANNUAL LICENSING FEES:

Every application for the issuance or renewal of the following licenses shall be accompanied by an annual licensing fee in the following specified amounts:

A. Cannabis courier license:	\$250 annually
Each additional licensed premises of the licensee:	\$100 annually
B. Cannabis testing laboratory license:	\$2,500 annually
Each additional licensed premises of the licensee:	\$1,000 annually
C. Cannabis manufacturer license:	\$2,500 annually
Each additional licensed premises of the licensee:	\$1,000 annually
D. Cannabis producer license:	\$2,500 annually
Each additional licensed premises of the licensee:	\$1,000 annually
E. Cannabis retailer license:	\$2,500 annually
Each additional licensed premises of the licensee:	\$1,000 annually
F. Cannabis research laboratory license:	\$2,500 annually
Each additional licensed premises of the licensee:	\$1,000 annually
G. Vertically integrated cannabis establishment license:	\$7,500 annually
Each additional licensed premises of the licensee:	\$1,000 annually
H. Cannabis producer microbusiness license:	\$1,000 annually
I. Integrated cannabis microbusiness license:	\$2,500 annually
J. Cannabis consumption area:	\$2,500 annually

[16.8.11.9 NMAC - N, 08/24/2021; A, 5/7/2024]

16.8.11.10 FEES FOR THE ADMINISTRATION OF LICENSING:

The division shall collect fees for the administration of licensing activities in the following specified amounts:

- A. License amendments as set forth in 16.8.2 NMAC \$75 per amendment.
- B. Designation of a non-controlling person as an agent \$75 per designation.

[16.8.11.10 NMAC – Rp, 16.8.11.10 NMAC; A, 5/7/2024]

16.8.11.11 ANNUAL PER PLANT FEE:

A. Commercial cannabis plants: Except for cannabis producer microbusinesses and integrated cannabis microbusinesses, a licensee cultivating commercial cannabis plants shall be assessed an additional annual fee per mature cannabis plant at the time of licensing, incremental increase as set forth in 16.8.8.10 NMAC, and licensure renewal as set forth in 16.8.2.17 NMAC. Plant fee shall be assessed based on the plant limit license designation as set forth in Subsection A in 16.8.8.9 NMAC, as follows:

- (1) Level 1: \$5.00 per mature cannabis plant;
- (2) Level 2: \$5.00 per mature cannabis plant;
- (3) Level 3: \$5.00 per mature cannabis plant; and
- (4) Level 4 and above: \$5.00 per mature cannabis plant.

B. Medical cannabis plants: Except for cannabis producer microbusinesses and integrated cannabis microbusinesses, a licensee cultivating solely medical cannabis plants shall be assessed an additional annual fee per mature cannabis plant at the time of licensing, incremental increase as set forth in 16.8.8.10 NMAC, and licensure renewal as set forth in 16.8.2.17 NMAC. Plant fees shall be assessed based on the plant limit license designation as set forth in Subsection A in 16.8.8.9 NMAC, as follows:

- (1) Level 1: \$2.50 per mature cannabis plant;
- (2) Level 2: \$2.50 per mature cannabis plant;
- (3) Level 3: \$2.50 per mature cannabis plant; and
- (4) Level 4 and above: \$2.50 per mature cannabis plant.

[16.8.11.11 NMAC - N, 08/24/2021; A/E 01/13/2022; A, 03/22/2022]

16.8.11.12 FEE LIMITATIONS:

Application, license, premises and plant fees, or license renewal, premises renewal and annual plant fees shall not exceed \$125,000 for a vertically integrated cannabis

establishment license for both medical cannabis activity and commercial cannabis activity. License fees or renewal fees for a license that authorizes only medical cannabis activity shall be one-half the fee applicable to a license authorizing both medical cannabis activity and commercial cannabis activity.

[16.8.11.12 NMAC - N, 08/24/2021]

16.8.11.13 PROHIBITED ACTIVITY AND IMPACTS ON FEES:

Cannabis producer microbusiness or integrated cannabis microbusinesses entering into a business arrangement with another licensee with the purpose or having the effect of evading the limitations of the licensee's license shall not be eligible for the lower fee prescribed in Subsections H and I of 16.8.11.9 NMAC. Upon entering into such an arrangement, the licensees shall immediately pay the per-plant fee as set forth in 16.8.11.11 NMAC and the applicable fee for a producer license or vertically integrated cannabis establishment license as set forth in 16.8.11.9 NMAC.

[16.8.11.13 NMAC - N, 08/24/2021]

16.8.11.14 FEE PAYMENT TYPES ACCEPTED:

The division shall accept payment for annual licensing fees and annual per plant fees from sources including credit cards, debit cards, electronic checks, electronic bank transfers, automated clearing house payments, or cashier's checks. Other forms of payment, including cash, shall not be accepted.

[16.8.11.14 NMAC - N, 08/24/2021]

16.8.11.15 RENEWAL FEE COLLECTION TIMING:

The division shall collect all renewal fees, including annual per plant fees, at the time of renewal of a license.

[16.8.11.15 NMAC - N, 08/24/2021]

16.8.11.16 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.11.16 NMAC - N, 08/24/2021]

PART 12 DENIAL, SUSPENSION, OR REVOCATION OF LICENSE; SANCTION, PLAN OF CORRECTION, AND CIVIL MONETARY PENALTY

16.8.12.1 ISSUING AGENCY:

New Mexico Regulation and Licensing Department, Cannabis Control Division.

[16.8.12.1 NMAC - N, 07/12/2022]

16.8.12.2 SCOPE:

This rule applies to all licensees and applicants for licensure pursuant to the Cannabis Regulation Act, the Lynn and Erin Compassionate Use Act, and division rules.

[16.8.12.2 NMAC - N, 07/12/2022]

16.8.12.3 STATUTORY AUTHORITY:

The requirements set forth herein are promulgated by the cannabis control division pursuant to the authority granted under the Cannabis Regulation Act and the licensing provisions of the Lynn and Erin Compassionate Use Act.

[16.8.12.3 NMAC - N, 07/12/2022]

16.8.12.4 DURATION:

Permanent.

[16.8.12.4 NMAC - N, 07/12/2022]

16.8.12.5 EFFECTIVE DATE:

July 12, 2022, unless an earlier date is cited at the end of a section.

[16.8.12.5 NMAC – N, 07/12/2022]

16.8.12.6 OBJECTIVE:

The objective of Part 12 is to promote, preserve, and protect the public health and safety by regulating the safe production, testing, wholesale, and consumption of commercial and medical cannabis, as well as the authority to take action against a licensee or applicant for licensure, and to set forth the procedures for filing a complaint against cannabis establishment licensees.

[16.8.12.6 NMAC – N, 07/12/2022]

16.8.12.7 DEFINITIONS:

Unless otherwise defined below, terms used in Title 16, Chapter 8, have the same meanings as set forth in the Cannabis Regulation Act and the Lynn and Erin Compassionate Use Act.

[16.8.12.7 NMAC – N, 07/12/2022]

16.8.12.8 GENERAL PROVISIONS:

- A.** A complaint may be initiated in writing by any person.
- B.** Complaints must be legible, either printed in black ink or typed.
- C.** Complaints must contain factual allegations, constituting the alleged violations of any provisions of the Cannabis Regulation Act or division rules.

[16.8.12.8 NMAC - N, 07/12/2022]

16.8.12.9 COMPLAINT PROCEDURES:

A complaint may be initiated by any person in writing and delivered via the division website, mail, or by visiting the division office. Only complaints written on the official complaint form will be formally addressed by the division. The forms required for an official complaint can be obtained from the division office, located at 2550 Cerrillos Road, Santa Fe, NM, 87505, or the division website.

[16.8.12.9 NMAC - N, 07/12/2022]

16.8.12.10 PROCEDURES FOR RECEIPT OF A COMPLAINT:

- A.** The division will maintain a written log of all complaints received, which records at a minimum, the date the complaint was received, and name, addresses of the complainant(s) and respondent(s).
- B.** Upon receipt of a complaint, the division will:
 - (1) log in the date the complaint was received;
 - (2) determine whether the respondent is licensed or an applicant for licensure with the division;
 - (3) assign a complaint number and create an individual file;
 - (4) send the complainant a written acknowledgment of receipt of the complaint; and

(5) at the division's discretion, investigate the allegations contained in the complaint to determine their veracity and whether the circumstances warrant any action by the division or referral to law enforcement.

[16.8.12.10 NMAC - N, 07/12/2022]

16.8.12.11 DIVISION ACTION:

A. The division may:

- (1) assess a civil monetary penalty that shall not exceed ten thousand dollars (\$10,000) per violation; or
- (2) suspend or revoke the license.

B. If the division determines that it lacks jurisdiction or that there is not sufficient evidence or cause to issue a notice of contemplated action, the case shall be closed.

C. The division shall send a letter of the division's decision to both the complainant and respondent stating the division's actions and the reasons for its decision.

D. If the division determines that there is sufficient evidence or cause to proceed with disciplinary action against the licensee, the division shall issue a notice of contemplated action and initiate disciplinary proceedings.

[16.8.12.11 NMAC - N, 07/12/2022]

16.8.12.12 PROCEEDINGS AGAINST APPLICANT OR LICENSEE:

A. All disciplinary proceedings will be conducted in accordance with the Uniform Licensing Act, Section 61-1-1 et seq., NMSA 1978.

B. Licensees who have been found culpable and sanctioned by the division shall be responsible for the payments of all costs of the disciplinary proceedings.

[16.8.12.12 NMAC - N, 07/12/2022]

16.8.12.13 SCHEDULE OF CIVIL MONETARY PENALTIES:

A. Subject to subsection B of this section, the division shall impose penalties as follows:

- (1) For the first offense within a 12-month period, a civil monetary penalty ranging from one thousand dollars (\$1,000) to two thousand dollars (\$2,000) or possible suspension or revocation of the license if the licensee's discipline history shows a pattern warranting suspension or revocation.

(2) For the second offense within a 12-month period, a civil monetary penalty ranging from two thousand dollars (\$2,000) to three thousand dollars (\$3,000) or possible suspension or revocation of the license if the licensee's discipline history shows a pattern warranting suspension or revocation.

(3) For three or more offenses within a 12-month period, a civil monetary penalty of ten thousand dollars (\$10,000) and revocation of the license.

(4) For any offense involving sale or distribution of cannabis to minors, a fine of ten thousand dollars (\$10,000) and revocation of the license.

B. Any portion of the civil monetary penalties described in this rule may be enhanced or suspended, depending on the particular facts and circumstances of the individual case. When determining whether penalties should be enhanced or suspended, the division shall consider:

- (1) the nature of the violation;
- (2) the licensee's level of cooperation with the division in investigating the violation;
- (3) the violation's threat or potential threat to public health, safety, and welfare;
- (4) the licensee's willingness to address and remediate the violation; and
- (5) any other fact or circumstance that the division finds relevant.

[16.8.12.13 NMAC - N, 07/12/2022]

16.8.12.14 SETTLEMENT AGREEMENT:

A. Whenever probable cause exists that a licensee has violated a provision of the Cannabis Regulation Act, division rules, or any applicable state or federal law, and a monetary penalty or other disciplinary action may be issued to the licensee for such violation, an informal conference may be held with the licensee to determine whether a compromise of the penalty for the violation would be in the best interests of the state or public health and safety.

B. Final disciplinary action decisions will be mailed to the licensee.

C. A copy of the final decision shall be filed in the division and posted on the division website.

D. The civil monetary penalty imposed shall not exceed those which could be imposed after hearing.

[16.8.12.14 NMAC - N, 07/12/2022]

16.8.12.15 SEVERABILITY:

If any part or application of this rule is held to be invalid, the remainder or its application to other situations or persons shall not be affected. Any section of this rule legally severed shall not interfere with the remaining protections and duties provided by this rule.

[16.8.12.15 NMAC - N, 07/12/2022]

CHAPTER 9: MEDICAL RADIATION HEALTH AND SAFETY PRACTITIONERS [RESERVED]

CHAPTER 10: MEDICINE AND SURGERY PRACTITIONERS

PART 1: GENERAL PROVISIONS

16.10.1.1 ISSUING AGENCY:

New Mexico Medical Board hereafter called the board.

[16.10.1.1 NMAC - Rp 16 NMAC 10.1.1, 7/15/01; A, 4/3/05]

16.10.1.2 SCOPE:

This part applies to licensees, board members and members of the public.

[16.10.1.2 NMAC - Rp 16 NMAC 10.1.2, 7/15/01]

16.10.1.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Medical Practice Act, sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.1.3 NMAC - Rp 16 NMAC 10.1.3, 7/15/01]

16.10.1.4 DURATION:

Permanent

[16.10.1.4 NMAC - Rp 16 NMAC 10.1.4, 7/15/01]

16.10.1.5 EFFECTIVE DATE:

July 15, 2001 unless a later date is cited at the end of a section.

[16.10.1.5 NMAC - Rp 16 NMAC 10.1.5, 7/15/01]

16.10.1.6 OBJECTIVE:

This part establishes procedures for change of name, public records policies, board meetings by telephone conference call, election of officers, and information sharing with other agencies.

[16.10.1.6 NMAC - Rp 16 NMAC 10.1.6, 7/15/01]

16.10.1.7 DEFINITIONS:

[RESERVED]

[16.10.1.7 NMAC - Rp 16 NMAC 10.1.7, 7/15/01]

16.10.1.8 NAME CHANGE:

Any licensee desiring to change his or her name in the board record or on the license shall so notify the board and shall provide a copy of a court order, marriage certificate, or other document legally effecting the name change. A new wall license may be issued under the original number with the changed name appearing on the license.

[16.10.1.8 NMAC - Rp 16 NMAC 10.1.8, 7/15/01]

16.10.1.9 PUBLIC RECORDS:

A. Inspection. Any citizen of the state may examine public records in the board's custody. Persons requesting inspection of public records shall give reasonable notice to the board's administrator. When the records requested are in active use or are in storage, the requestor must notify the administrator five (5) days in advance. The board shall provide copies of public records upon request and may charge a reasonable copying and administrative fee as set forth in 16.10.9 NMAC. No person shall remove board documents from the board office.

B. Non-public records. Pursuant to Section 61-6-34 NMSA 1978, all complaints against physicians and physician assistants, all investigation files and matters of opinion are confidential and are not subject to inspection.

C. Public records will also be available on the internet. The following public information will be made available on the board website:

(1) demographic information to include name, date of birth, business address, business telephone, and gender;

(2) education information to include medical school, date of graduation, self-reported specialties, board certification(s);

(3) licensing information to include number, status, initial license date, last renewal date, expiration date, and disciplinary actions taken by the board.

D. Files. The board shall maintain a separate legal file for complaints, investigative reports and legal opinions. This information is confidential and shall not be disclosed.

[16.10.1.9 NMAC - Rp 16 NMAC 10.1.9, 7/15/01]

16.10.1.10 MEETINGS BY TELEPHONE:

Pursuant to Section 10-15-1 (C) NMSA 1978 and Section 61-6-3 NMSA, a board member may participate in a meeting of the board by means of a conference telephone or other similar communications equipment under the following conditions:

A. This part shall only apply when it is otherwise difficult or impossible for the member to attend the meeting in person.

B. Each member participating by conference telephone must be identified when speaking.

C. All participants must be able to hear each other at the same time.

D. Members of the public attending the meeting must be able to hear any member of the board who speaks during the meeting.

E. The member of the board participating by telephone can only vote on a matter if he/she has copies of the documents that are available to the members who are physically present.

F. The member participating by telephone cannot vote on any matter where the credibility of a witness who physically appears at the meeting is an issue that the board members must consider when voting on a pending matter.

[16.10.1.10 NMAC - Rp 16 NMAC 10.1.10, 7/15/01]

16.10.1.11 INFORMATION SHARING:

Any and all information in the board files regarding actual or potential disciplinary actions may be disclosed to state and federal law enforcement agencies and to this

state's and other states' health care provider and pharmacy boards upon receipt of an authorized request for the copies of the information from these agencies and boards.

[16.10.1.11 NMAC - Rp 16 NMAC 10.1.11, 7/15/01]

16.10.1.12 BOARD ELECTION OF OFFICERS:

A. The board chair, vice chair, and secretary-treasurer are elected annually at the second quarterly meeting.

B. The terms of office of the board officers shall run from July 1st of the year of the election through June 30th of the subsequent year.

[16.10.1.12 NMAC - Rp 16 NMAC 10.1.12, 7/15/01, A, 4/3/05]

16.10.1.13 BUSINESS ENTITIES – AUTHORIZATION TO PROVIDE HEALTHCARE SERVICES:

A. Purpose. The purpose of this regulation is to clarify and confirm that certain business entities are and have been authorized to provide healthcare services in New Mexico.

B. Healthcare services-certain business entities. A business entity formed pursuant to the laws of the state of New Mexico is authorized to provide healthcare services in the state of New Mexico if the healthcare services are provided by or under the direction of persons who are duly licensed to engage in the practice of medicine pursuant to the provisions of the Medical Practice Act.

C. Retroactivity. This section is intended to be a clarification and therefore, it necessarily operates retroactively, as well as prospectively, and is expressly so provided.

[16.10.1.13 NMAC - N, 7/1/10]

PART 2: PHYSICIANS: LICENSURE REQUIREMENTS

16.10.2.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.2.1 NMAC - Rp/E, 16 10.2.1 NMAC 7/7/2023]

16.10.2.2 SCOPE:

This part applies to all physicians applying for licensure in New Mexico.

[16.10.2.2 NMAC - Rp/E, 16 10.2.2 NMAC 7/7/2023]

16.10.2.3 STATUTORY AUTHORITY:

This part governs the licensing of physicians in New Mexico and is promulgated pursuant to and in accordance with the Medical Practice Act, Sections 61-6-11, 61-6-11.1, 61-6-12, 61-6-13, 61-6-14, 61-6-15, 61-6-18, 61-6-18.1, and 61-6-19 NMSA 1978.

[16.10.2.3 NMAC - Rp/E, 16 10.2.3 NMAC 7/7/2023]

16.10.2.4 DURATION:

Permanent.

[16.10.2.4 NMAC - Rp/E, 16 10.2.4 NMAC 7/7/2023]

16.10.2.5 EFFECTIVE DATE:

July 7, 2023, unless a later date is cited at the end of a section.

[16.10.2.5 NMAC - Rp/E, 16 10.2.5 NMAC 7/7/2023]

16.10.2.6 OBJECTIVE:

This part establishes requirements and procedures for licensure as a physician in New Mexico.

[16.10.2.6 NMAC - Rp/E, 16 10.2.6 NMAC 7/7/2023]

16.10.2.7 DEFINITIONS:

A. "Absence of good moral character" means any conduct that calls into question an applicant's fitness or suitability to engage in licensed practice, or that is antithetical to the promotion of the public health, safety, and welfare, as determined by the board, constitutes a lack of good moral character. The conduct subject to the board's evaluation for good moral character may or may not arise in the context of professional practice.

B. "ABMS" means the American board of medical specialties.

C. "AOA" means the American osteopathic association.

D. "AOA-BOS" means the American osteopathic association bureau of osteopathic specialists.

E. "Board approved school" means a medical school that has been approved by the liaison committee on medical education, composed of the American medical association and the association of American medical colleges, has a liaison council on medical education (LCME)-approved curriculum or equivalent for graduates of Canadian schools, is accredited by the American osteopathic association or commission on osteopathic accreditation, or has been approved by the board. Foreign medical graduates that are vetted and approved for a board approved training program and hold an ECFMG certification are considered to have graduated from an acceptable medical education, as if they have graduated from a board approved school.

F. "Board approved training program" means a program approved by the accrediting council on graduate medical education of the American medical association (ACGME), is approved by American osteopathic association (AOA), the royal college of physicians and surgeons of Canada (RCPSC), or a residency program located within an ACGME approved institution that has been approved by the board.

G. "Board approved credential verification service" means a credential verification service certified by the national commission on quality assurance (NCQA) and approved by the board.

H. "Complete application" means an application for licensure that includes all required documentation in 16.10.2 NMAC and subject to the provisions of Section 61-6-11 NMSA 1978 and Section 61-1-3.5 NMSA 1978.

I. "Disqualifying criminal conviction" means a conviction pursuant to the Uniform Licensing Act, Section 61-1-36 NMSA 1978, for a crime that is job-related for the position in question and consistent with business necessity.

J. "ECFMG" means educational commission for foreign medical students.

K. "FCVS" means the federation credential verification service of the federation of state medical boards.

L. "Good moral character" means qualities evidencing an applicant's present good moral character for purposes of licensure including candor, honesty, integrity, a respect for the law, regard for the welfare, safety, and rights of another, and fidelity and trustworthiness in the practice of the professions for which they may be licensed. Conversely, an applicant whose conduct reflects the absence of one or more of these qualities may be said to lack the good moral character required for licensure. It is a continuing duty to exhibit good moral character as a licensee. Absence of good moral character means any conduct that calls into question an applicant's fitness or suitability to engage in licensed practice, or that is antithetical to the promotion of the public health, safety, and welfare, as determined by the board, constitutes a lack of good moral character. The conduct subject to the board's evaluation for good moral character may or may not arise in the context of professional practice.

M. "HSC" means the hospital services corporation, a New Mexico corporation, and a credential verification organization certified by the national commission on quality assurance (NCQA).

N. "License renewal" means the renewal of an active license with the required documentation and the submission by the licensee to a state and national background check, as determined by the board.

O. "Major disaster" means a declaration of a major disaster by the federal emergency management agency (FEMA).

P. "Military service member" means a person who is:

(1) serving in the armed forces of the United States as an active duty member, or in an active reserve component of the armed forces of the United States, including the national guard;

(2) the spouse of a person who is serving in the armed forces of the United States or in an active reserve component of the armed forces of the United States, including the national guard, or a surviving spouse of a member who at the time of the member's death was serving on active duty; or

(3) the child of a military service member if the child is also a dependent of that person for federal income tax purposes.

Q. "Nationwide criminal history record" information concerning a person's arrests, indictments, or other formal criminal charges and any dispositions arising therefrom, including convictions, dismissals, acquittals, sentencing and correctional supervision, collected by criminal justice agencies and stored in the computerized databases of the federal bureau of investigation, the national law enforcement telecommunications systems, the department of public safety or the repositories of criminal history information in other states.

R. "Nationwide criminal history screening" a criminal history background investigation of an applicant for licensure by examination or endorsement through the use of fingerprints reviewed by the department of public safety and submitted to the federal bureau of investigation, resulting in the generation of a nationwide criminal history record for that applicant.

S. "Out of state sports team" means an entity or organization:

(1) for which athletes engage in sporting events;

(2) headquartered or organized under laws other than the laws of New Mexico; and

(3) a majority of whose staff and athletes are residents of another state.

T. "Physician" means allopathic doctor (MD) or doctor of osteopathy (DO).

U. "Qualified applicant" means an applicant for licensure who satisfies the requirements and standards for licensure established by the board.

V. "Sporting event" means a scheduled sporting event involving an out of state sports team for which an admission fee is charged to the public, including any preparation or practice related to the activity.

W. "Telemedicine" means the practice of medicine across state lines as defined in the Medical Practice Act, Subsection K of Section 61-6-6 NMSA 1978.

X. "Veteran" means a person who received an honorable discharge or separation from military service.

[16.10.2.7 NMAC - Rp/E, 16 10.2.7 NMAC 7/7/2023; A, 3/12/2024]

16.10.2.8 CATEGORIES OF ACTIVE LICENSES:

Individuals holding one of the following categories of medical license are eligible to practice medicine and surgery in New Mexico.

A. Expedited license: A one-year provisional license that confers the same rights, privileges and responsibilities as a medical license issued by the board as defined in Section 61-6-13 NMSA.

B. Medical: An unrestricted license to practice medicine and surgery.

C. Telemedicine: A limited medical license that allows a physician located outside New Mexico to practice medicine on patients located in New Mexico.

D. Post-graduate: A limited training license issued by the board to physicians who are enrolled in a board approved training program.

E. Public service: A limited license issued by the board to physicians in training who have successfully completed one year of post-graduate training.

F. Temporary: A limited license that allows a physician to practice medicine for a limited time after meeting certain specific conditions.

G. Federal emergency: An unrestricted license to practice medicine and surgery issued without receipt of all documentation required for a medical license because of a major disaster.

16.10.2.9 MEDICAL LICENSE BY EXAMINATION:

A. Prerequisites for licensure: Each applicant for a license to practice as a physician in New Mexico must be of good moral character and must possess the following qualifications:

(1) graduated and received a diploma from a board approved school, completed a program determined by the board to be substantially equivalent to a U.S. medical school, based on board review of a full ECFMG certification, or the board shall, in its sole discretion, determine if the applicant's total educational and professional clinical experience is substantially equivalent to that which is required for licensure in New Mexico; and

(2) successfully passed one of the examinations or combinations of examinations defined in 16.10.3 NMAC; and

(3) completed two years of postgraduate training or been approved by the board in accordance with the provisions of Subsection B of Section 61-6-11 NMSA 1978;

(4) when the board has reason to believe that an applicant for licensure is not competent to practice medicine it may require the applicant to complete a special competency examination or to be evaluated for competence by other means that have been approved by the board; and

(5) a qualified applicant who has not been actively and continuously in practice for more than two years prior to application may be required to successfully complete a special examination or evaluation such as, but not limited to, the SPEX (special purpose examination), the PLAS (post-licensure assessment system of the federation of state medical boards), or specialty re-certification.

B. Required documentation for all applicants: Each applicant for a license must submit the required fees as specified in 16.10.9.8 NMAC and the following documentation:

(1) a completed signed application with a passport-quality photo taken within the previous six months; applications are valid for one year from the date of receipt by the board;

(2) verification of licensure in all states or territories where the applicant holds or has held a license to practice medicine, or other health care profession; verification must attest to the status, issue date, license number, and other information requested and contained on the form; this information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to

the New Mexico medical board for applicants using FCVS or applying directly to the board;

(3) two recommendation forms from physicians, chiefs of staff or department chairs or equivalent with whom the applicant has worked and who have personal knowledge of the applicant's character and competence to practice medicine; the recommending physicians must have personally known the applicant and have had the opportunity to personally observe the applicant's ability and performance; forms must be sent directly to the board from the recommending physicians, chiefs of staff, department chairs, or equivalent. This information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to the New Mexico medical board for applicants using FCVS or applying directly to the board;

(4) verification of all work experience and hospital affiliations in the last two years, if applicable, not to include postgraduate training; this information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to the New Mexico medical board for applicants using FCVS or applying directly to the board;

(5) a copy of all American board of medical specialties (ABMS) specialty board certifications, or American osteopathic association bureau of osteopathic specialists (AOA-BOS) if applicable; this information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to the New Mexico medical board for applicants using FCVS or applying directly to the board; and

(6) the board may request that applicants be investigated by the biographical section of the American medical association (AMA), the drug enforcement administration (DEA), the federation of state medical boards (FSMB), the national practitioner data bank, and other sources as may be deemed appropriate by the board;

C. Additional documentation for applicants using the FCVS: Applicants are encouraged to use the FCVS as once a credential file is created future applications for medical licensure will be streamlined. However, application through FCVS is not required. Applicants using the FCVS must submit a completed application to the FCVS, who will provide primary source documentation to the board. Only the documents required in Subsection B of 16.10.2.9 NMAC are required in addition to the FCVS report.

D. Additional documentation for applicants using HSC or another board-approved credentials verification service:

(1) status report of educational commission for foreign medical graduates (ECFMG) certification sent directly to the board from ECFMG, if applicable;

(2) copy of ECFMG interim letter documenting additional postgraduate training for international medical graduates applying through the fifth pathway process, if applicable;

(3) certified transcripts of exam scores as required in 16.10.3 NMAC sent directly to the board from the testing agency;

(4) proof of identity may be required; acceptable documents include birth certificate, passport, naturalization documents, and visas.

E. Additional documentation for applicants applying directly to New Mexico and not using FCVS or HSC or another board-approved credentials verification service:

(1) verification of medical education form with school seal or notarized, sent directly to the board from the school;

(2) transcripts sent directly to the board from the medical school;

(3) status report of ECFMG certification sent directly to the board from ECFMG, if applicable;

(4) copy of ECFMG interim letter documenting additional postgraduate training for international medical graduates applying through the fifth pathway process, if applicable;

(5) postgraduate training form sent to the board directly from the training program;

(6) certified transcripts of exam scores as required in 16.10.3 NMAC sent directly to the board from the testing agency;

(7) proof of identity may be required; acceptable documents include birth certificate, passport, naturalization documents, and visas; and

(8) certified copies of source documents obtained directly from another state licensing jurisdiction who has the original document on file will be accepted in lieu of original documents when the originals cannot be obtained for a valid cause.

F. Licensure process: Upon receipt of a completed application, including all required documentation and fees, the applicant may be scheduled for a personal interview before the board, a board member designated by the board, or an agent of the board and must present original documents as requested by the board. The initial license will be issued following completion of any required interview, or approval by a member or agent of the board.

G. Initial license expiration: Medical licenses shall be renewed on July 1 following the date of issue. Initial licenses are valid for a period of not more than thirteen months or less than one month. If New Mexico is the first state of licensure, initial licenses are valid for a period of not less than 24 months or more than 35 months and shall be renewed on July 1.

[16.10.2.9 NMAC - Rp/E, 16 10.2.9 NMAC 7/7/2023 A, 3/12/2024]

16.10.2.10 EXPEDITED LICENSURE:

A. Prerequisites for expedited licensure: Each applicant for a license to practice as a physician in New Mexico must be of good moral character, hold a full and unrestricted license to practice medicine in another state, and possess the following qualifications:

(1) have practiced medicine in the United States or Canada immediately preceding the application for at least three years;

(2) be free of disciplinary history, license restrictions, or pending investigations in all jurisdictions where a medical license is or has been held;

(3) graduated from a board approved school or hold current ECFMG certification; and

(4) current certification from a medical specialty board recognized by the ABMS or the AOA-BOS.

B. Required documentation for all applicants: Each applicant for a license must submit the required fees as specified in 16.10.9.8 NMAC and the following documentation:

(1) a completed signed application that has been verified as including all required documentation with a passport-quality photo taken within the previous six months; applications are valid for one year from the date of receipt by the board;

(2) verification of licensure in all states or territories where the applicant holds or has held a license to practice medicine, or other health care profession; verification must attest to the status, issue date, license number, and other information requested and contained on the form;

(3) two recommendation forms from physicians, chiefs of staff or department chairs or equivalent with whom the applicant has worked and who have personal knowledge of the applicant's character and competence to practice medicine; the recommending physician(s) must have personally known the applicant and have had the opportunity to personally observe the applicant's ability and performance; forms must be sent directly to the board from the recommending physician(s), chief(s) of staff,

department chair(s) or equivalent(s). This information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to the New Mexico medical board;

(4) verification of all work experience and hospital affiliations in the last three years; if more than one work experience and hospital affiliation, provide at least three verifications of all work and hospital affiliations during the past three years, if applicable, not to include postgraduate training; this information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to the New Mexico medical board;

(5) a copy of all ABMS or AOA-BOS specialty board certifications, if applicable; this information will be provided by HSC or another board-approved credentials verification service for applicants using that service, or directly to the New Mexico medical board; and

(6) the board may request that applicants be investigated by the biographical section of the AMA, the DEA, the FSMB, the NPDB, and other sources as may be deemed appropriate by the board. The board shall require fingerprints and, in its discretion, a state and national background check.

C. Expedited licensure process: Upon receipt of a completed application, required fees, and verification of licensure in all states or territories where the applicant actively holds a license to practice medicine, the board shall issue an expedited license to a qualified applicant within thirty (30) days from the date the completed application was received unless the board may have other cause to deny the application pursuant to Section 61-6-15 NMSA 1978.

D. Expedited license expiration: Expedited licenses shall be valid for no more than 12 months from the date of issuance.

E. Procedure for incomplete application: If an incomplete application for an expedited license is received, the board shall notify the applicant in writing within 30 days from the date the incomplete application was received by the board. The written notification shall include how the application is incomplete and what is needed to complete the application; this written notification shall be titled "notice to cure." After receipt of the notice to cure, the applicant must submit a completed application within 30 days of the receipt of the notice to cure. An extension may be granted, at the board's discretion and based on good cause, for submission beyond 30 days after receipt of the notice to cure.

[16.10.2.10 NMAC - Rp/E, 16 10.2.10 NMAC 7/7/2023 A, 3/12/2024]

16.10.2.11 TELEMEDICINE LICENSE:

A. Prerequisites for licensure: Each applicant for a telemedicine license must be of good moral character and hold a full and unrestricted license to practice medicine in another state or territory of the United States.

B. Required documentation: Each applicant for a telemedicine license must submit the required fees as specified in 16.10.9.8 NMAC and the documentation required by 16.10.2.10 NMAC for an expedited license. An applicant for a telemedicine license shall be subject to the same provisions as an applicant seeking an expedited license.

(1) A completed signed application, with a passport quality photo taken within six months. Applications are valid for one year from the date of receipt.

(2) Verification of licensure in all states where the applicant holds or has held a license to practice medicine, or other health care profession. Verification must be received directly from the other state(s) board, and must attest to the status, issue date, license number, and other information requested and contained on the form.

(3) Applicants who have had previous disciplinary or other action against them may be required to meet with the entire board. The board may, in its discretion, issue a license to practice medicine across state lines if it finds that the previous disciplinary or other action does not indicate that the physician is a potential threat to the public.

C. Licensure process: Upon receipt of a completed application, including all required documentation and fees, board staff will request and review an AMA physician profile and FSMB board action databank search. When the application is complete, a member or agent of the board will review and may approve the application. A personal interview is not required unless there is a discrepancy in the application that cannot be resolved.

D. Initial license expiration: Telemedicine licenses shall be renewed on July 1 following the date of issue. Initial licenses are valid for a period of not more than thirteen months or less than one month.

E. Exemption from licensure requirements are defined in Section 61-6-17 NMSA of the Medical Practice Act and include a physician licensed to practice under the laws of another state who acts as a consultant to a New Mexico licensed physician on an irregular or infrequent basis not to exceed ten patients per year.

[16.10.2.11 NMAC - Rp/E, 16 10.2.11 NMAC 7/7/2023]

16.10.2.12 POSTGRADUATE TRAINING LICENSE:

A postgraduate training license is required for all interns, residents, and fellows enrolled in board approved training programs within the state. Individuals enrolled in board

approved training programs outside of New Mexico may apply for a postgraduate training license as a pre-requisite to obtaining a New Mexico public service license.

A. Prerequisites for licensure: Each applicant for a postgraduate training license must possess the following qualifications:

- (1) graduated from a board approved school or completed a program determined by the board to be substantially equivalent to a U.S. medical school or college of osteopathic medicine;
- (2) passed part I of the United States medical licensing examination (USMLE) or the comprehensive osteopathic medical licensing examination (COMLEX); and
- (3) be of good moral character.

B. Required documentation: Each applicant shall submit the required fee as specified in 16.10.9.8 NMAC and complete the board-approved application.

- (1) Applicants enrolled at the university of New Mexico health science center must submit an application through the office of graduate medical education for review before it is forwarded to the board for review and approval.
- (2) Applicants enrolled at a board-approved training program outside New Mexico must submit the postgraduate training license application directly to the board.
- (3) A copy of the official examination results must be attached to each application.

C. Licensure process: Upon receipt of a completed signed application and fee, a member or agent of the board will review the application and may approve the license. The applicant may be scheduled for a personal interview before the board, a board member designated by the board, or an agent of the board.

D. License expiration: Postgraduate training licenses are valid for no longer than one year, but may be renewed for a period not to exceed eight years or completion of the residency, whichever is shorter, and as long as the license holder is enrolled in a board approved training program. Postgraduate training licenses may be renewed prior to expiration.

[16.10.2.12 NMAC - Rp/E, 16 10.2.12 NMAC 7/7/2023]

16.10.2.13 PUBLIC SERVICE LICENSE:

A resident physician may apply for a public service license, which enables him to practice medicine outside the training program. The resident physician must be continuing in the board approved training program.

A. Prerequisites for licensure: Each applicant for a public service license shall have graduated from a board approved school, passed all required examinations as defined in 16.10.3 NMAC, and completed one year of postgraduate training. In addition, the applicant shall have completed an application for licensure including all required documentation required in Subsection B through Subsection E of 16.10.2.9 NMAC, as applicable. Other requirements include:

- (1) written approval from his training program director;
- (2) a postgraduate training license issued by the New Mexico medical board;
- (3) a resident physician with one year postdoctoral training may only apply for a public service license when he is under the direct supervision of a New Mexico physician or when employed in a medically underserved area; and
- (4) if a physician is not being supervised directly, there must be procedures in place for a licensed New Mexico physician to review, on at least a quarterly basis, prescriptions written and dispensed for controlled substances and operative procedures performed.

B. Required documentation: Each applicant for a public service license shall submit the required fee as specified in 16.10.9.8 NMAC and the following documentation:

- (1) a completed signed application, with a passport quality photo taken within the previous six months; applications are valid for one year from the date of receipt;
- (2) letter of approval from the training program director.

C. Licensure process: Upon receipt of a completed application, including all required documentation and fees, the applicant may be scheduled for a personal interview before the board, a board member designated by the board, or an agent of the board and must present original documents as requested by the board. The initial license will be issued following completion of any required interview, or approval by a member or agent of the board.

D. License expiration: Public service licenses shall be renewed annually on September 1 as long as the applicant remains eligible.

[16.10.2.13 NMAC - Rp/E, 16 10.2.13 NMAC 7/7/2023]

16.10.2.14 TEMPORARY TEACHING, RESEARCH, AND SPECIALIZED DIAGNOSTIC AND TREATMENT LICENSES:

The board may issue a temporary license to physicians licensed in other states or jurisdictions for the purpose of teaching, conducting research, performing specialized

diagnostic and treatment procedures, implementing new technology, or for physician educational purposes in New Mexico on a temporary basis under the supervision of a New Mexico licensed physician.

A. Prerequisites for licensure: The applicant must:

- (1) be otherwise qualified to practice medicine in New Mexico;
- (2) hold an unrestricted license in another state or country;
- (3) submit the name of the sponsoring or associating physician(s), who must be actively licensed in New Mexico.

B. Required documentation:

- (1) specific program or protocol of work planned;
- (2) address of sponsoring institution or organization where the work will be performed;
- (3) an affidavit from the sponsoring physician attesting to the qualifications of the applicant and the purpose of the functions or medical procedures the applicant will perform;
- (4) verification of licensure in state or jurisdiction where physician is practicing; and
- (5) a license fee as set forth in 16.10.9 NMAC.

C. Licensure process: Upon receipt of a completed signed application, including all required documentation and fees, board staff will request and review an AMA physician profile and FSMB board action databank search. When the application is complete, a member or agent of the board will review and may approve the application. A personal interview is not required unless there is a discrepancy in the application that cannot be resolved or if there are any actions or restrictions on any license held in another state or jurisdiction.

D. The applicant may perform only those functions listed in the application. The supervising physician must notify the board and obtain approval prior to any change in the activities of the temporary license holder.

E. The duration of a temporary teaching, research, or specialized diagnostic and treatment license shall not exceed three months, provided however that the license may be renewed up to three times upon payment of appropriate fees and written justification for the plan remaining in effect. After the third renewal of a temporary license, the physician shall re-apply under the provisions of this rule.

[16.10.2.14 NMAC - Rp/E, 16 10.2.14 NMAC 7/7/2023]

16.10.2.15 YOUTH CAMP OR SCHOOL LICENSES:

The board may approve a temporary license for physicians to provide temporary medical services to organized youth camps or schools. Youth camp or school licenses are issued for a period not to exceed three months. Practice under the temporary license shall be limited to enrollees, leaders and employees of the camp or school. Applicants must be qualified for licensure in New Mexico and shall submit the following documentation:

A. a completed signed application with a passport-quality photograph, taken within the previous six months, attached;

B. a verification of current unrestricted license from state or jurisdiction where applicant is currently practicing or licensed;

C. a verification of DEA permit; and,

D. a temporary license fee as set forth in 16.10.9.8 NMAC.

E. Licensure process: Upon receipt of a completed application, including all required documentation and fees, board staff will request and review an AMA physician profile and FSMB board action databank search. When the application is complete, a member or agent of the board will review and may approve the application. A personal interview is not required unless there is a discrepancy in the application that cannot be resolved or if there are any actions or restrictions on any license held in another state or jurisdiction.

[16.10.2.15 NMAC - Rp/E, 16 10.2.15 NMAC 7/7/2023]

16.10.2.16 PROVISIONS FOR PHYSICIAN LICENSURE DURING A DECLARED DISASTER:

The board will make accommodations for physicians who have been impacted by a major disaster. Based on the nature of the disaster, the extent of the damage, and the number of individuals and institutions that have been affected, the board may waive documentation requirements for any new or pending applications when the disaster delays or prohibits the procuring of the required documents. The board may also waive any required fees for applications submitted after the major disaster. The board will determine the length of time the emergency provisions will be in effect for each major disaster that results in applications for a federal emergency license.

A. Federal emergency license by examination: Physicians currently licensed in a state in which a major disaster has been declared may be issued a federal emergency license in New Mexico. The board may waive specific documentation required in

Subsection B through E of 16.10.2.9 NMAC if the applicant is unable to obtain the documentation from individuals or institutions located in the disaster area. Nothing in this provision shall constitute a waiver of the requirements for licensure contained in Subsection A of 16.10.2.9 NMAC.

B. Federal emergency license by endorsement: Physicians currently licensed in a state in which a major disaster has been issued a federal emergency license in New Mexico. The board may waive specific requirements of Subsection B of 16.10.2.10 NMAC if the applicant is unable to obtain the documentation from individuals or institutions located in the disaster area. Nothing in this provision shall constitute a waiver of the requirements for licensure contained in Subsection A of 16.10.2.10 NMAC. The following requirements will apply to applicants under this provision:

(1) a completed signed application, is required, accompanied by proof of identity, which may include a copy of a driver's license, passport or other photo identification issued by a governmental entity;

(2) the board will consider the required three years of practice experience to be met through any combination of postgraduate medical education and actual work experience;

(3) the board may waive any requirements for recommendation forms or verification of work experience forms;

(4) other required verification will be obtained online by board staff to include: current licensure status, national practitioners data bank (NPDB), federation of state medical board (FSMB) disciplinary database, American medical association or AOA records of education and postgraduate training, and the records of the American board of medical specialties or AOA-BOS to confirm board certification status.

C. License expiration: Initial federal emergency licenses shall be valid for not less than three months or more than fifteen months. Licenses shall be renewed on July 1 following the date of issue, pursuant to 16.10.7 NMAC. The board reserves the right to request additional documentation, including but not limited to recommendation forms and work experience verification forms prior to approving license renewal. At the time a federal emergency license is approved for renewal, it will be transferred to a full medical license.

[16.10.2.16 NMAC - Rp/E, 16 10.2.16 NMAC 7/7/2023]

16.10.2.17 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION:

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a medical license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and

issue the appropriate license as soon as practicable. Any qualified applicant seeking expedited consideration pursuant to this section shall submit a copy of form DD214 with their application.

[16.10.2.17 NMAC - Rp/E, 16 10.2.17 NMAC 7/7/2023]

16.10.2.18 TEMPORARY LICENSURE EXEMPTION FOR OUT OF STATE SPORTS TEAM PHYSICIAN:

A. Physician who is licensed in good standing to practice medicine in another state, and who has never been disciplined by the New Mexico medical board, may practice medicine without a license provided that:

(1) the physician has a written agreement with the out-of-state sports team governing body to provide health care services to an out-of-state sports team athlete or staff member at a scheduled sporting event;

(2) the physician's practice is limited to medical care to assist injured and ill players and staff and coordinate appropriate referral to in-state health care providers as needed;

(3) the healthcare services to be provided by the physician are within the scope of practice authorized pursuant to the medical practice act and rules of the board; and

(4) the physician has professional liability coverage for the duration of the sporting event.

B. Licensure exemption registration. Physician registrants shall submit the following documentation to the board:

(1) copy of the agreement with the out-of-state sports team governing body to provide health care services to an out-of-state sports team athlete or staff member at a scheduled sporting event;

(2) proof of professional liability coverage for the duration of the sporting event;

(3) a signed affidavit that the physician will limit their medical practice in New Mexico to care and assist injured or ill out-of-state team athletes or staff, and

(4) coordinate appropriate referral to in-state health care providers.

C. The physician will further attest that they will not provide care or consultation to a resident of New Mexico and will not practice medicine in New Mexico, outside of the sporting event.

[16.10.2.18 NMAC - Rp/E, 16 10.2.18 NMAC 7/7/2023]

16.10.2.19 NATIONWIDE CRIMINAL HISTORY SCREENING:

All applicants for initial licensure in any category in New Mexico are subject to a state and national criminal history screening at their expense. All applicants must submit two full sets of fingerprints, completed fingerprint certificate form, signed authorization for criminal background screening and fee at the time of application.

A. Applications for licensure will not be processed without submission of fingerprints, completed fingerprint certificate form, signed authorization for criminal background screening and fee.

B. Applications will be processed pending the completion of the nationwide criminal background screening and may be granted while the screening is still pending.

C. If the criminal background screening reveals a felony or a violation of the Medical Practice Act, the applicant/licensee will be notified to submit copies of legal documents and other related information to the board which will make the determination if the applicant is eligible for licensure or if disciplinary action will be taken.

[16.10.2.19 NMAC - Rp/E, 16 10.2.19 NMAC 7/7/2023]

16.10.2.20 CRIMINAL CONVICTIONS:

A. Arrests: The Board shall not exclude from licensure a person who is otherwise qualified on the sole basis that the person has been previously arrested for or convicted of a crime unless the person has a disqualifying criminal conviction.

B. Convictions for any of the following misdemeanor or felony offenses, or their equivalents in any other jurisdiction, are disqualifying criminal convictions that may disqualify an applicant from receiving or retaining a license or certificate issued by the board:

- (1) homicide;
- (2) aggravated assault, aggravated battery, kidnapping, false imprisonment, human trafficking, stalking, or other crimes of violence against persons;
- (3) robbery, larceny, burglary, extortion, receiving stolen property, possession of burglary tools, unlawful taking of a motor vehicle, or other crimes involving theft or appropriation of personal property or funds;
- (4) rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, child solicitation, or other crimes constituting sexual offenses;

- (5) crimes against children; crimes involving child abuse or neglect; child sexual exploitation, child pornography;
- (6) driving under the influence of intoxicating liquor or drugs;
- (7) trafficking controlled substances;
- (8) fraud, forgery, money laundering, embezzlement, credit card fraud, counterfeiting, financial exploitation, or other crimes of altering any instrument affecting the rights or obligations of another;
- (9) making a false statement under oath or in any official document;
- (10) evasion of a lawful debt or obligation, including but not limited to tax obligations; or
- (11) an attempt, solicitation or conspiracy involving any of the felonies in this subsection.

[16.10.2.20 NMAC - Rp/E, 16 10.2.20 NMAC 7/7/2023]

PART 3: EXAMINATIONS

16.10.3.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.3.1 NMAC - N, 4/18/02; A, 10/5/03]

16.10.3.2 SCOPE:

This part applies to all physicians applying for licensure in New Mexico.

[16.10.3.2 NMAC - N 4/18/2002; A, 2/8/2022]

16.10.3.3 STATUTORY AUTHORITY:

This part governs the practice of medicine in New Mexico and is promulgated pursuant to and in accordance with the Medical Practice Act, Sections 61-6-1 and 61-6-13 NMSA 1978.

[16.10.3.3 NMAC - N, 4/18/02]

16.10.3.4 DURATION:

Permanent

[16.10.3.4 NMAC - N, 4/18/02]

16.10.3.5 EFFECTIVE DATE:

April 18, 2002, unless a later date is cited at the end of a section.

[16.10.3.5 NMAC - N, 4/18/02]

16.10.3.6 OBJECTIVE:

This part establishes examination requirements for physicians seeking licensure as a physician in New Mexico.

[16.10.3.6 NMAC - N, 4/18/2002; A, 2/8/2022]

16.10.3.7 DEFINITIONS:

- A. **"COMLEX"** means comprehensive osteopathic medical licensing examination.
- B. **"COMVEX"** means comprehensive osteopathic medical variable-purpose examination.
- C. **"ECFMG"** means educational commission for foreign medical graduates.
- D. **"FLEX"** means federal licensing exam.
- E. **"LMCC"** means licentiate of the medical council of Canada.
- F. **"NBME"** means national board of medical examiners.
- G. **"NBOE"** means national board of osteopathic examination.
- H. **"PLAS"** means post-licensure assessment system.
- I. **"SPEX"** means special purpose examination.
- J. **"USMLE"** means the United States medical licensing examination, an examination of three separate "steps".

[16.10.3.7 NMAC - N, 4/18/2002; A, 1/2/2008; A, 2/8/2022]

16.10.3.8 BOARD-APPROVED EXAMINATIONS FOR APPLICANTS WHO WERE EXAMINED PRIOR TO JANUARY 1, 2000:

A. Graduates of U.S. and Canadian medical schools must have passed either the **FLEX** (Components 1 & 2), the **NBME** (Parts I, II, & III), the **USMLE** (Steps 1, 2, & 3), the Canadian medical licensing examination (**LMCC** Parts 1 & 2), or a combination examination as defined in Subsection C.

B. International medical graduates must have passed the **ECFMG** examination with addition of either **NBME-III**, or **USMLE-3**, or **FLEX-2**, or must have passed the **LMCC**.

C. Acceptable combination examinations include the following, as long as the entire combination was successfully completed as required in Section 10 of 16.10.3 NMAC prior to January 1, 2000;

(1) Any combination of sequential parts I, II, and III or Steps 1, 2, and 3 respectively of the **NBME** and **USMLE**;

(2) A New Mexico state board examination or a state board examination given in another state if that examination were equivalent to the last New Mexico state board examination. That state examination would be considered equivalent if it were to have contained both basic science and clinical components and had been taken and passed prior to the end of 1973 with a score of 75 or higher.

[16.10.3.8 NMAC - Rp 16 NMAC 10.2.9, 4/18/02; A, 1/2/08]

16.10.3.9 BOARD-APPROVED EXAMINATIONS FOR APPLICANTS COMPLETING EXAMINATIONS AFTER JANUARY 1, 2000:

A. Graduates of U.S. medical schools are required to pass the United States Medical Licensing Examination (USMLE, Steps 1, 2, & 3).

B. International Medical Graduates are required to pass the Educational Commission for Foreign Medical Graduates (ECFMG) examination for English proficiency and the USMLE, Steps 1, 2 & 3 or LMCC.

C. Graduates of Canadian medical schools may pass the Canadian Medical Licensing Examination (LMCC), Parts 1 & 2 or the USMLE Steps 1, 2 & 3.

[16.10.3.9 NMAC - Rp 16 NMAC 10.2.9, 4/18/02]

16.10.3.10 SUCCESSFUL COMPLETION OF EXAMINATIONS:

A. An applicant must score a minimum of 75 on each component part of a board-approved examination as described in Subsection C of 16.10.3.8 NMAC. The minimum score of 75 may not be achieved for any component part of an examination by averaging that component's scores with scores of other component part(s).

B. A FLEX weighted average score of 75 or higher will be considered passing if obtained by testing prior to June 1984.

C. An applicant who has taken the Canadian medical licensing examination (LMCC) must achieve the minimum passing score established for the exam as documented by LMCC certification.

D. Except as set forth in below, an applicant may attempt six times to successfully complete any part of a board-approved examination, as long as the entire examination is successfully completed within seven years from the date the first step of the examination is passed.

E. An applicant taking a combination examination set forth above in 16.10.3.8 must successfully complete the combination examination by January 1 of the year 2000. If not, the applicant must successfully complete the USMLE (steps 1, 2, and 3). Either the combination examination or the USMLE must be successfully completed in a total of six attempts maximum for each part. The applicant must successfully complete a combination examination or the USMLE within seven years from the date any part of the combination examination was first passed.

F. The board may grant exceptions to the seven-year requirement for qualified applicants who have successfully completed the combination examination within ten years from the date the first step of the examination is passed. Qualified applicants must have had no adverse action taken against them by any other licensing jurisdiction, peer review body, health care entity, governmental agency, law enforcement agency or court, and no license restrictions or pending investigations in all jurisdictions where a medical license or resident or training license is or has been held. On a case by case basis the board may consider requests for exceptions if the applicant can demonstrate by substantial evidence that the applicant has:

- (1) been continuously enrolled in postgraduate medical training;
- (2) been continuously practicing medicine in another country;
- (3) passed each part of the required examination within 2 attempts;
- (4) current board certification in a specialty recognized by the American board of medical specialties;
- (5) experienced a documented significant health condition which by its severity would necessarily cause a delay to the applicant's examination sequence;
- (6) provided care for an immediate family member who has experienced a documented significant health condition which by its severity would necessarily cause a delay to the applicant's examination sequence; immediate family member means a spouse, domestic partner, child or parent of the applicant;

(7) been a victim of a federal or state declared major disaster or its equivalent;

(8) been serving in a branch of the US armed forces during a war or other armed conflict or unrest; or

(9) experienced other documented circumstances of extreme hardship or extraordinary situations that were not willful and were beyond the control of the applicant, when such circumstances would by their severity necessarily cause a delay to the applicant's examination sequence.

G. Applicants who are MD/PhD candidates must successfully complete the entire examination within ten years from the date the first step of the examination is passed.

H. Applicants may repeat a previously passed step if they need to retake the exam in order to bring an entire sequence within the mandated time frame.

I. The board may allow exceptions to the time limits established by this rule for qualified applicants with bona fides disabilities, as defined in the Americans with Disabilities Act, in a case by case basis.

[16.10.3.10 NMAC - Rp 16 NMAC 10.9.2, 4/18/02; A, 10/5/03; A, 10/7/05; A, 9/27/07]

16.10.3.11 SPECIAL EXAMINATIONS:

The board may require a qualified applicant who has not been actively and continuously in practice for more than 2 years prior to applying for licensure, license renewal, or re-instatement, and who has previously passed a board-approved examination, also to successfully complete a special examination, such as the SPEX (Special Purpose Examination), the PLAS (Post-Licensure Assessment System) of the Federation of State Medical Boards (FSMB), or specialty re-certification examination (American Board of Medical Specialties) as a requirement for such licensure. To successfully complete the SPEX, the applicant must obtain a minimum score of 75.

[16.10.3.11 NMAC - Rp 16 NMAC 10.2.9.3, 4/18/02]

16.10.3.12 OSTEOPATHIC LICENSING EXAMINATIONS:

A. FLEX:

(1) Each applicant must earn a passing score of seventy-five percent or higher on each of the two components of the examination. The board will not accept overall or average scores.

(2) If an applicant fails either component of the FLEX examination, the applicant must repeat only the component failed. Upon failing one or both components,

the applicant may repeat the component failed at the next administration of the examination. If the applicant fails a second examination, the applicant must wait one year before taking the examination for a third time. If the applicant fails a third time, the applicant must acquire one additional year of AOA approved postgraduate training before being examined a fourth time.

(3) Both components of the FLEX examination must be passed within seven years of taking the initial examination.

B. NBOE:

(1) Each applicant must earn a passing score of seventy-five percent or higher on each of the three components of the examination.

(2) All three components of the NBOE examination must be passed within seven years of taking the initial examination.

C. COMLEX:

(1) Each applicant must earn a minimum total passing score or higher on each level of the examination.

(2) All levels of the COMLEX examination must be passed within seven years of taking the initial examination.

D. USMLE:

(1) Each applicant must earn a minimum total passing score or higher on each step of the examination.

(2) All steps of the USMLE examination must be passed within seven years of taking the initial examination.

[16.10.3.1 NMAC - N, 2/8/2022]

PART 4: CONTINUING MEDICAL EDUCATION

16.10.4.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.4.1 NMAC - Rp 16 NMAC 10.4.1, 4/18/02; A, 9/27/07]

16.10.4.2 SCOPE:

This part applies to physicians licensed by the board.

[16.10.4.2 NMAC - Rp 16 NMAC 10.4.2, 4/18/02]

16.10.4.3 STATUTORY AUTHORITY:

This part governs the practice of medicine in New Mexico and is promulgated pursuant to and in accordance with the Medical Practice Act, Section 61-6-21 NMSA 1978.

[16.10.4.3 NMAC - Rp 16 NMAC 10.4.3, 4/18/02]

16.10.4.4 DURATION:

Permanent

[16.10.4.4 NMAC - Rp 16 NMAC 10.4.4, 4/18/02]

16.10.4.5 EFFECTIVE DATE:

April 18, 2002, unless a later date is cited at the end of a section.

[16.10.4.5 NMAC - Rp 16 NMAC 10.4.5, 4/18/02]

16.10.4.6 OBJECTIVE:

This part establishes continuing education requirements for license renewal.

[16.10.4.6 NMAC - Rp 16 NMAC 10.4.6, 4/18/02]

16.10.4.7 DEFINITIONS:

- A. **"AACOM"** means American association of colleges of osteopathic medicine.
- B. **"AAFP"** means American academy of family physicians.
- C. **"AAPS"** means American association of physician specialists.
- D. **"ACCME"** means accreditation council for continuing medical education.
- E. **"AMA"** means the American medical association.
- F. **"AOA"** means American osteopathic association.
- G. **"CCME"** means council on continuing medical education of the AOA.
- H. **"CME"** means continuing medical education.
- I. **"ABMS"** means American board of medical specialties.

[16.10.4.7 NMAC - N, 4/18/2002; A, 9/27/07; A, 2/8/2022]

16.10.4.8 HOURS REQUIRED:

A. Seventy-five hours of continuing medical education are required for all medical licenses during each triennial renewal cycle. CME may be earned at any time during the licensing period, July 1 through June 30 immediately preceding the triennial renewal date.

B. One hour of required CME must be earned by reviewing the New Mexico Medical Practice Act and these board rules. Physicians must certify that they have completed this review at the time they submit their triennial renewal application.

C. Continuing medical education is not required for federal emergency, telemedicine, postgraduate training, public service, temporary teaching or youth camp or school licenses.

D. The five hours of CME in pain management continuing education set forth in Subsections A and B of 16.10.14.11 NMAC may apply toward the 75 hours required in Subsection A of this section and may be included as part of the required CME hours in pain management in either the triennial cycle in which these hours are completed, or the triennial cycle immediately thereafter. Each subsequent triennial renewal cycle shall include five hours of CME hours in pain management.

[16.10.4.8 NMAC - Rp 16 NMAC 10.4.8, 4/18/02; A, 4/3/05; A, 9/27/07; A, 2/14/13]

16.10.4.9 CREDIT HOURS:

The board accepts one credit hour for every clock hour of participation in a CME activity.

[16.10.4.9 NMAC - N, 4/18/02]

16.10.4.10 ACCEPTABLE AS CME:

The board will accept any of the following as fulfillment of CME requirements:

- A.** the physician's recognition award of the AMA PRA Category 1 Credit™;
- B.** certificate of CME issued by any board or sub-board of the ABMS, or
- C.** certification or re-certification by an ABMS approved specialty board during the renewal period;
- D.** active membership in the AOA;

E. certification or recertification by an osteopathic specialty board during the triennial cycle;

F. passage of the COMVEX or SPEX during the triennial cycle.

[16.10.4.10 NMAC - N, 4/18/2002; A, 9/27/2007; A, 2/8/2022]

16.10.4.11 ALLOWED COURSES AND PROVIDERS:

The following courses and activities are acceptable for CME credit:

A. AMA PRA Category 1 Credit™ Clinical courses, lectures or grand rounds certified by an accredited sponsor of the AMA physician's recognition award, AMA PRA Category 1 Credit™ are acceptable for credit whether taken in an on-site format or taken using the internet.

B. AOA. Clinical courses approved for CCME, AOA, AMA, ACCME, AAFP, AACOM, or AAPS category 1-A, 1-B are approved.

C. NEW MEXICO SPECIFIC CME. Activities certified by the New Mexico medical society (NMMS) continuing medical education committee are acceptable for credit. Up to 40 credits in any three-year reporting period are allowed for participation in activities certified as New Mexico specific CME by the NMMS continuing education committee. New Mexico specific CME are issued by the NMMS for service on the New Mexico medical review commission and on the impaired physician committee.

D. POST GRADUATE EDUCATION. A maximum of 75 credit hours in any three-year reporting period are allowed for participation in a postgraduate education program, which has been approved by the board or by the AMA liaison committee on graduate medical education, CCME, ACGME and AACOM. This category includes internships, residencies and fellowships.

E. ADVANCED DEGREES. 40 credit hours are allowed for each full academic year of study toward an advanced degree in a medical field or a medically related field as approved by the board.

F. TEACHING. One credit hour is allowed for each hour of teaching medical students or physicians in a United States medical school, an approved internship or residency or for teaching in other programs approved by the board for a maximum of 40 credit hours in any three-year reporting period.

G. PHYSICIAN PRECEPTORS. A maximum of 30 hours of credit during a three year reporting period is acceptable for licensed physicians who are acting as preceptors for students enrolled in an accredited medical or physician assistant school or as preceptors for students enrolled in a combined bachelor of arts and medical degree program.

H. PAPERS AND PUBLICATIONS. 10 hours of credit are allowed for each original scientific medical paper or publication written by a licensee. For acceptance, papers must have been presented to a recognized national, international, regional or state society or organization whose membership is primarily physicians; or must have been published in a recognized medical or medically related scientific journal. Material used in a paper or publication may be given credit one time. A maximum of 30 hours credit may be claimed during each three-year reporting period.

I. ADVANCED LIFE SUPPORT. Credit may be claimed during each three-year reporting period for successful completion of ACLS (advanced cardiac life support), PALS (pediatric advanced life support), ATLS (advanced trauma life support), NALS (neonatal advanced life support), and ALSO (advanced life support in obstetrics) courses.

J. EXPERT REVIEW. Credit may be claimed by physicians who provide expert services by reviewing investigation cases for the board. A maximum of ten (10) credit hours in any three-year reporting period are allowed for providing expert review.

[16.10.4.11 NMAC - Rp 16 NMAC 10.4.8, 4/18/2002; A, 4/3/2005; A, 9/27/2007; A, 1/2/2008; A, 7/1/2010; A, 9/22/2011; A, 2/8/2022]

16.10.4.12 [RESERVED]

[16.10.4.12 NMAC - N, 4/18/02; Repealed, 9/27/07]

16.10.4.13 VERIFICATION OF CME:

A. Each physician renewing a license shall attest that they have obtained the required hours of CME. The board shall select renewal applications for audit to verify completion of acceptable CME. The board may audit CME records at any time. CME records must be maintained by the licensee for one year following the renewal cycle in which they are earned.

B. The board, or a designee of the board, may offer any physician who is unable to provide required documentation upon request a settlement in lieu of initiating disciplinary action. Settlements may include a letter of reprimand and a \$500 fine, reportable to the healthcare integrity and protection data bank.

C. Any physician who fails to respond to a CME audit shall be considered in violation of Section 61-6-15.D(23) of the Medical Practice Act, failure to provide the board with information requested by the board. Potential sanctions include fines, letters of reprimand, or license suspension or revocation.

[16.10.4.13 NMAC - N, 4/18/02; A, 9/27/07]

16.10.4.14 ACCEPTABLE DOCUMENTATION OF CME INCLUDES:

A. Photocopies of original certificates or official letters from course sponsors or online providers.

B. Postgraduate CME hours must be documented and attested either by the dean of the medical school, the chief of service, the course director, or an equivalent authority.

C. Advanced degree studies must be documented and attested either by the dean of the medical school, the chief of service, the course director, or an equivalent authority.

D. Teaching hours must be documented and attested either by the dean of the medical school, the chief of service, the course director, or an equivalent authority.

E. Preceptor hours must be documented and attested either by the dean of the medical school, the chief of service, the course director, or an equivalent authority.

F. Papers or publications must be documented with a copy.

[16.10.4.14 NMAC - N, 4/18/02]

16.10.4.15 EMERGENCY DEFERRAL:

A physician unable to fulfill the CME requirements prior to the date of license expiration may apply to the board for an emergency deferral of the requirements by submitting a request in writing no later than July 1 of the renewal year. A designee of the board may grant a deferral of up to 90 days.

A. In case of illness or other documented circumstances, the board may grant an additional extension of time in which the necessary credits may be earned. The request must be made in writing prior to the end of the emergency deferral, and must be approved by the board.

B. A licensee practicing or residing outside the United States shall not be required to fulfill the CME requirements for the period of the absence. The board must be notified prior to license expiration that the licensee will be outside the US, including the period of the absence. Upon return to the US, the licensee shall complete the CME required for the years of practice within the US during the renewal cycle, or apply for an emergency deferral.

[16.10.4.15 NMAC - N, 4/18/02; A, 9/27/07]

PART 5: DISCIPLINARY POWER OF THE BOARD

16.10.5.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.5.1 NMAC - Rp, 16.10.5.1 NMAC, 12/5/2023]

16.10.5.2 SCOPE:

This part applies to licensees and applicants for licensure.

[16.10.5.2 NMAC - Rp, 16.10.5.2 NMAC, 12/5/2023]

16.10.5.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to and in accordance with the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978, the Uniform Licensing Act, Section 61-1-1 through 61-1-33 NMSA 1978, the Impaired Health Care Provider Act, Section 61-7-1 through 61-7-12 NMSA 1978, the Genetic Counseling Act, Section 61-6A-1 through 61-6A-10 NMSA 1978, the Polysomnography Practice Act, Section 61-6B-1 through 61-6B-10 NMSA 1978, the Naprapathic Act, Sections 61-12F-1 through 61-12F-13 NMSA 1978, and the Naturopathic Doctors' Act, Section 61-12G-1 through 61-12G-11 NMSA 1978.

[16.10.5.3 NMAC - Rp, 16.10.5.3 NMAC, 12/5/2023]

16.10.5.4 DURATION:

Permanent.

[16.10.5.4 NMAC - Rp, 16.10.5.4 NMAC, 12/5/2023]

16.10.5.5 EFFECTIVE DATE:

December 5, 2023, unless a later date at the end of a section.

[16.10.5.5 NMAC - Rp, 16.10.5.5 NMAC, 12/5/2023]

16.10.5.6 OBJECTIVE:

This part establishes procedures for license denial, revocation of license, suspension of license, probation, censure and reprimand, fines, costs and stipulations.

[16.10.5.6 NMAC - Rp, 16.10.5.6 NMAC, 12/5/2023]

16.10.5.7 DEFINITIONS:

A. "License" means a document granting legal permission to any practitioner licensed pursuant to the medical practice act, to practice in the state of New Mexico.

B. "Licensee" means any practitioner governed by the medical practice act, who has been granted permission to practice in the state of New Mexico.

[16.10.5.7 NMAC - Rp, 16.10.5.7 NMAC, 12/5/2023]

16.10.5.8 DISCIPLINARY POWER OF THE BOARD:

Pursuant to Sections 61-6-5, 61-6-8, 61-6-15 and 61-7-8 NMSA, 1978, the board has the power to suspend or revoke a license, place a licensee on probation under such terms and conditions as the board deems necessary after a hearing or pursuant to a stipulation with a licensee. Further, under the Medical Practice Act the board has the power to deny a license application, to deny a license renewal, to censure, to reprimand or to fine a licensee.

[16.10.5.8 NMAC - Rp, 16.10.5.8 NMAC, 12/5/2023]

16.10.5.9 REVOCATION OF LICENSE:

A. Action prior to revocation: Prior to revoking any license for any violation of the Medical Practice Act, or the Impaired Health Care Provider Act, the board shall give the licensee written notice and an opportunity to request a hearing pursuant to the Uniform Licensing Act.

B. Terms of revocation: A licensee whose license is revoked may not practice in any manner under that license.

C. Revocation under the Medical Practice Act: All revocations pursuant to the Medical Practice Act are permanent and no such license revoked shall be reinstated. Persons seeking licensure after revocation under the Medical Practice Act shall file a new application for licensure with the board, under the rules for new applicants.

D. Relicensing after revocation under the Impaired Health Care Provider Act: A licensee whose license has been revoked pursuant to the Impaired Health Care Provider Act may petition for reinstatement pursuant to Section 61-7-9 NMSA 1978.

[16.10.5.9 NMAC - Rp, 16.10.5.9 NMAC, 12/5/2023]

16.10.5.10 SUSPENSION OF LICENSE:

A. Action prior to suspension: Except as provided in the Impaired Health Care Provider Act, or in a disciplinary order entered after a hearing, or pursuant to Subsection C of 16.10.5.15 NMAC below, prior to suspending any license, the board shall give the licensee written notice and an opportunity to request a hearing pursuant to the Uniform Licensing Act.

B. Terms of suspension: The board may suspend a license for a specified period of time. A licensee whose license is suspended may not practice in any manner under that license during the period of suspension.

C. Reinstatement: Unless otherwise established by the board:

(1) If the board sets a date after which a license may be reinstated, the board will consider an application for reinstatement only after that date. The licensee may apply for reinstatement on a yearly basis thereafter.

(2) A licensee whose license has been suspended pursuant to the Impaired Health Care Provider Act may apply for reinstatement pursuant to Section 61-7-9 NMSA1978, if the licensee can meet the statutory requirements. If the reinstatement is denied, the licensee may apply for reinstatement on a yearly basis thereafter.

[16.10.5.10 NMAC - Rp, 16.10.5.10 NMAC, 12/5/2023]

16.10.5.11 PROBATION:

A. General: Probation means to allow, for a stated period of time, the conduct authorized by a license, subject to a licensee's license conditions or other restrictions that are reasonably related to the grounds for such restrictions. The board may stay any disciplinary action taken and place a licensee on probation with a requirement that the licensee comply with certain terms and conditions. The board may also place a licensee on probation without taking other disciplinary action.

B. Terms of probation: The terms of the probation shall be set forth in writing. The licensee on probation may continue to practice under the license so long as the licensee complies with all terms of probation.

C. Violation of probation: If the terms of the probation are violated, the board shall give the applicant written notice and an opportunity to request a hearing pursuant to the Uniform Licensing Act prior to taking further disciplinary action, unless the order of probation contains a provision for the immediate suspension of the license. The initial order of probation may also contain a provision for a new stated period or term of probation if any term of probation is violated.

D. Conditions of probation: Conditions of probation may include monitoring or other directed management or supervision during the stated period of probation.

[16.10.5.11 NMAC - Rp, 16.10.5.11 NMAC, 12/5/2023]

16.10.5.12 CENSURE AND REPRIMAND:

The board may issue a letter of censure or reprimand to a licensee for any *minor* violation of the Medical Practice Act pursuant to Section 61-1-3 of the Uniform Licensing Act.

[16.10.5.12 NMAC - Rp, 16.10.5.12 NMAC, 12/5/2023]

16.10.5.13 FINES:

A. The board may impose a fine on a licensee for each violation of the Medical Practice Act after giving the licensee written notice and an opportunity to request a hearing pursuant to the Uniform Licensing Act. If the licensee's action constitutes more than one violation of the Medical Practice Act, the board may impose a fine for each violation.

B. The board may impose a fine in an amount not to exceed ten thousand dollars (\$10,000) for each violation against a person who, without an active license, engages in a violation of the Medical Practice Act.

C. All fines collected by the board pursuant to Subsection B of 16.10.5.13 NMAC shall be deposited to the credit of the current school fund as provided in Section 4 of Article 12 of the constitution of New Mexico.

[16.10.5.13 NMAC - Rp, 16.10.5.13 NMAC, 12/5/2023]

16.10.5.14 STIPULATION:

A. Power to enter into stipulations: The board may come to an agreement and enter into a stipulation with a licensee at any time. In a stipulation, the parties may agree to any disciplinary or other action that the board is authorized to take by law.

B. Contents: The stipulation shall be in writing, shall contain the agreed upon conditions or restrictions on the licensee and shall be signed by the board and the licensee. The stipulation shall contain statements that the licensee:

(1) knows and understands the applicable statutory and regulatory provisions setting forth the authority and power of the board; and

(2) understands that entering into a stipulation regarding the case results in a waiver of the licensee's rights under the Uniform Licensing Act, the Medical Practice Act, or the Impaired Health Care Provider Act, as applicable, including the right to appeal.

C. Violation of a stipulation: The licensee, by accepting a stipulation, agrees the board may immediately suspend a license if the board has reasonable cause to believe that any term of the stipulation has been violated, without the licensee being given an opportunity to request a hearing. The immediate suspension remains in effect until a

further order of the board is entered. The board shall issue a notice of contemplated action within 10 days of the issuance of an immediate suspension. In this case, the stipulation shall provide that the board shall give notice of the disciplinary action to the licensee at the address of record maintained by the board of the licensee pursuant to the provisions of the Uniform Licensing Act. An immediate suspension is separate and distinct from a summary suspension described in 16.10.5.15 NMAC below.

[16.10.5.14 NMAC - Rp, 16.10.5.14 NMAC, 12/5/2023]

16.10.5.15 SUMMARY SUSPENSION:

This is a formal preliminary disciplinary action that summarily suspends a licensee's right to practice. The summary suspension remains in effect until a further order of the board is entered. The licensee has an opportunity for a full hearing before the board on the summary suspension.

A. The board may summarily suspend or restrict a license issued by the board without a hearing, simultaneously with, or at any time after, the issuance of a notice of contemplated action (NCA) and the initiation of proceedings for a hearing provided for under the Uniform Licensing Act on the NCA, if the board finds that evidence in its possession indicates that the licensee:

(1) poses a clear and immediate danger to the public health and safety if the licensee continues to practice; or

(2) has been adjudged mentally incompetent by a final order or adjudication by a court of competent jurisdiction; or

(3) has pled guilty to or been found guilty of any offense related to their practice or for any violent criminal offense in this state or a substantially equivalent criminal offense in another U.S. jurisdiction.

B. A licensee is not required to comply with a summary action until service of the action has been made personally or by certified mail, return receipt requested, at the licensee's address of record maintained by the board, or the licensee has actual knowledge of the order, whichever occurs first. The board's executive director may sign a summary suspension order that the board has authorized.

C. A licensee whose license is summarily suspended is entitled to a hearing before the board on the summary suspension order, pursuant to the Uniform Licensing Act, within 15 days from the date the licensee requests a hearing. This hearing request shall be in writing, addressed to the board, delivered by certified mail, return receipt requested.

[16.10.5.15 NMAC - Rp, 16.10.5.15 NMAC, 12/5/2023]

16.10.5.16 LIMITATIONS:

A. Limitations on actions are governed by Section 61-6-24 NMSA 1978.

B. For purposes of Subsection 1 of Section 61-1-3 NMSA 1978, discovery of the conduct by the board is considered the date on which a complaint or other information that would reasonably connect the allegations to the licensee was received by the board or board staff.

C. Receipt of a complaint by the board or board staff is established by the complaint and investigation process published in 16.10.6.8 NMAC.

16.10.6.4 DURATION:

Permanent.

[16.10.6.4 NMAC - Rp, 16.10.6.4 NMAC, 12/5/2023]

16.10.6.5 EFFECTIVE DATE:

December 5, 2023, unless a later date at the end of a section.

[16.10.6.5 NMAC - Rp, 16.10.6.5 NMAC, 12/5/2023]

16.10.6.6 OBJECTIVE:

This part establishes a procedure for investigating complaints, issuing notices of contemplated action, holding hearings and making decisions in disciplinary proceedings.

[16.10.6.6 NMAC - Rp, 16.10.6.6 NMAC, 12/5/2023]

16.10.6.7 DEFINITIONS:

"**Licensee**" as used in this part means a physician, a physician assistant, anesthesiologist assistant, genetic counselor, or polysomnographic technologist who holds a current license to practice in New Mexico or who is applying for licensure, license renewal or license reinstatement.

[16.10.6.7 NMAC - Rp, 16.10.6.7 NMAC, 12/5/2023]

16.10.6.8 COMPLAINTS:

A complaint may be filed against a physician, physician assistant, anesthesiologist assistant, genetic counselor, or polysomnographic technologist. All complaints must be in writing. The date of receipt of the complaint shall begin the running of the statute of limitation.

[16.10.6.8 NMAC - Rp, 16.10.6.8 NMAC, 12/5/2023]

16.10.6.9 COMPLAINT RECORD:

The board shall maintain a record of all complaints filed. The complaint record is confidential.

[16.10.6.9 NMAC - Rp, 16.10.6.9 NMAC, 12/5/2023]

16.10.6.10 COMPLAINT COMMITTEE:

The chair of the board shall appoint at least one member of the board to serve on each complaint committee. A complaint committee shall review each complaint charging a physician, physician assistant, anesthesiologist assistant, genetic counselor, or polysomnographic technologist with unprofessional conduct or other violations under the Medical Practice Act.

A. The complaint committee may refer complaints to other board members or experts in the field for a determination of merit.

B. Upon completion of an investigation, the complaint committee shall submit its recommendations to the board. After submitting their recommendations to the board, the members of the complaint committee shall recuse themselves from all further proceedings in that case.

C. The complaint committee, on behalf of the board, may issue investigative subpoenas. Failure to comply with a subpoena may result in the initiation of a contempt procedure as set forth in 61-1-10 NMSA 1978 or in the service of a notice of contemplated action (NCA) pursuant Subsection D of Section 61-6-15 NMSA 1978.

[16.10.6.10 NMAC - Rp, 16.10.6.10 NMAC, 12/5/2023]

16.10.6.11 NOTICE TO ANY PRACTITIONER LICENSED BY THE BOARD:

If the complaint committee determines that it will not impede an investigation and will not interfere with the procurement of testimony or development of the case, the complaint committee may inform the practitioner licensed by the board about whom the complaint is made, of the nature of the complaint and may request a response to the allegations.

[16.10.6.11 NMAC - Rp, 16.10.6.11 NMAC, 12/5/2023]

16.10.6.12 INVESTIGATIVE SUBPOENA:

Pursuant to Sections 61-6-23 and 61-1-9 NMSA 1978 the board may issue investigative subpoenas. Investigative subpoenas may be signed by the executive director of the board at the request of the chair or complaint committee. Failure to comply with a subpoena may result in the initiation of a contempt procedure as set forth in Section 61-1-10, NMSA 1978 of the service of a notice of contemplated action pursuant to Subsection D of Section 61-6-15 NMSA 1978.

[16.10.6.12 NMAC - Rp, 16.10.6.12 NMAC, 12/5/2023]

16.10.6.13 NOTICE OF CONTEMPLATED ACTION:

Pursuant to a complaint or on its own motion, the board may serve upon an applicant or licensee a notice of contemplated action for any alleged violation of the Medical Practice Act or the Impaired Health Care Provider Act. All notices of contemplated action shall comply with the Uniform Licensing Act, Section 61-1-4 NMSA 1978, and shall be served on the applicant or licensee personally or by certified mail, return receipt requested, at the applicant's or licensee's last known address as shown in the board's records. The executive director may sign a notice of contemplated action that is the result of a formal board action.

[16.10.6.13 NMAC - Rp, 16.10.6.13 NMAC, 12/5/2023]

16.10.6.14 PROCEDURE:

A. If an applicant or licensee requests a hearing after receiving a notice of contemplated action, all proceedings, including the hearing before the board, shall be governed by the Uniform Licensing Act.

B. The parties may agree to conduct any hearing by virtual remote means and the hearing shall be recorded.

C. Correspondence sent by a licensee, applicant, or unlicensed person through other methods, including electronic or physical mail, should be reasonably accepted, and processed by the board.

D. Correspondence to the board during an administrative prosecution, beginning with the filing of a notice of summary suspension and notice of contemplated action, shall not be accepted and processed by the board or board staff.

E. Correspondence during an administrative prosecution shall be sent to the hearing officer for receipt and inclusion in the record. Any action shall be taken by the hearing officer and not a member of the board or board staff.

[16.10.6.14 NMAC - Rp, 16.10.6.14 NMAC, 12/5/2023]

16.10.6.15 CASE MANAGEMENT:

Once the board serves a notice of contemplated action, an administrative prosecutor shall prepare the case for prosecution before the board. The board as a whole shall not participate in the development of the case after it serves a notice of contemplated action.

[16.10.6.15 NMAC - Rp, 16.10.6.15 NMAC, 12/5/2023]

16.10.6.16 DISQUALIFICATION OF BOARD MEMBERS:

A. Excusal of a board member or hearing officer initiated by a party: Excusal of a board member or hearing officer shall be in accordance with Section 61-1-7 NMSA 1978. Untimely excusals or request for excusals will not be allowed.

B. Disqualification of a board member: A board member may disqualify him or herself from hearing and rendering a decision in the case if the board member believes it is in the best interest of the board or the parties to do so. Any member of the board who is unable to make an unbiased decision in a hearing because of pre-hearing review of documents or interview of witnesses must disqualify him or herself from participation in formal disciplinary action.

C. Peremptory challenge of hearing officer in the case of more than one hearing under one case number: When the board initiates a case proceeding under one case number and the proceeding includes both a notice of summary suspension

and a notice of contemplated action and the appointment of a hearing officer only one peremptory challenge shall be allowed. Once a peremptory challenge is made for a summary suspension hearing, no additional peremptory challenge is allowed before the hearing on the notice of contemplated action. If no peremptory challenge is made before a summary suspension hearing, a peremptory challenge may be timely made before the hearing on the notice of contemplated action.

[16.10.6.16 NMAC - Rp, 16.10.6.16 NMAC, 12/5/2023]

16.10.6.17 PRE-HEARING CONFERENCE:

Pursuant to Section 61-1-9 NMSA 1978, or upon the motion of a party, the board or hearing officer may conduct a pre-hearing conference. At the conference the parties shall determine the feasibility of settlement, formulate or simplify the issues in the proceeding, consider the necessity or desirability of amending the pleadings, obtain admissions and stipulations of fact, place limitations upon or determine the number of witnesses, distribute written testimony and exhibits, and dispose of such other matters as may aid in the disposition of the case. The board shall give all parties at least 10 days notice of the pre-hearing conference, provided however that parties may waive the 10 day notice requirement. Any settlement or simplification of issues resulting from the pre-hearing conference must be consented to by the licensee or applicant.

[16.10.6.17 NMAC - Rp, 16.10.6.17 NMAC, 12/5/2023]

16.10.6.18 MOTIONS MADE PRIOR TO THE HEARING:

Motions may be made prior to or during a hearing. Motions made during the hearing are governed by Subsection B of 16.10.6.21 NMAC. Pre-hearing motions may be accompanied by a memorandum of law in support of the motion and must be in writing. The moving party shall serve one copy of the motion on all other parties, including the prosecutor. Unless otherwise agreed upon by the parties, parties opposing the motion must respond within 10 days of service of the motion. If the motion is served within 10 days of the hearing, a response may be given at the hearing, either orally or in writing. The board may consider motions made without response as unopposed motions.

[16.10.6.18 NMAC - Rp, 16.10.6.18 NMAC, 12/5/2023]

16.10.6.19 EX PARTE COMMUNICATION:

No party in a contested case shall communicate with any member of the board or any board staff, including the executive director, during the administrative proceedings. All communications, including correspondence, shall be directed to the hearing officer for receipt and inclusion in the record in an administrative prosecution.

[16.10.6.19 NMAC - Rp, 16.10.6.19 NMAC, 12/5/2023]

16.10.6.20 ENTRY OF APPEARANCE:

All attorneys representing physicians, physician assistants, anesthesiologist assistants, genetic counselors, or polysomnographic technologists in matters before the board shall file an entry of appearance.

[16.10.6.20 NMAC - Rp, 16.10.6.20 NMAC, 12/5/2023]

16.10.6.21 HEARING PROCEDURE:

A. The board chair, or his designated representative, on behalf of the board, shall decide whether the hearing shall be before the board or a hearing officer. If the chair of the board, or his designated representative, decides that the matter shall be heard before the board or a hearing officer and the board disagrees with that decision, the board may reverse the decision and designate whether the hearing shall be before it or a hearing officer.

B. If the board or the chair of the board, or the board chair's designated representative, decides that the matter shall be before a hearing officer, the board, the chair of the board, or his designated representative shall appoint a person to act as the hearing officer.

C. Motions may be submitted in writing or made orally during the hearings. The board may request parties to submit a memorandum of law following the hearing in support of a motion made orally. The board may defer judgment on a motion made during the hearing until it has had an opportunity to hear the presentation of evidence. All motions not specifically acted upon during the hearing shall be acted upon in the board's final decision.

D. A hearing is completed and closed after the conclusion of the evidentiary hearing and the date of the final submission of all proposed findings of fact and proposed conclusions of law and arguments, if any, submitted to the hearing officer by the parties. The hearing officer and parties may also agree to a date for the completion and closure of a hearing. Once a hearing is completed and closed, the hearing officer shall prepare and submit to the board a report within 30 days of the completion and closure of the hearing. The hearing officer's report may include recommendations.

E. No other submissions, including evidence, shall be filed by the parties after the completion and closure of the hearing.

[16.10.6.21 NMAC - Rp, 16.10.6.21 NMAC, 12/5/2023]

16.10.6.22 TRANSCRIPTS:

A. Record of hearing. The board or hearing officer shall cause a record to be made of all formal hearings. The record shall be as recorded by a court reporter appointed by the board or taped (audio or video) at the discretion of the board in the manner authorized by the rules of civil procedure for the district court. The record shall

include all evidence proffered but not admitted and admitted evidence. The record shall also designate and seal those portions of the record that are privileged, confidential or redacted either at the direction of the hearing officer, the request of a party or the request of a witness. Evidence proffered but not admitted shall be separated in the record, marked as proffered but not admitted and not presented to the board.

B. Correction: Parties wishing to correct the transcript or record may request correction within 10 calendar days after the transcript is filed in the proceeding. All suggested corrections shall be in writing and shall be served upon each party or his attorney, the official reporter and the board or hearing officer. If no objection is made to the proposed corrections, the board or hearing officer, may direct that the corrections be made.

C. Objections to record: Objections shall be made in writing within 10 calendar days from the filing of the suggested correction. The board or hearing officer shall, with or without hearing, determine what changes, if any, shall be made in the record.

D. Copies of transcripts and tapes: Any party may request copies of transcripts and tapes of formal proceedings. Any party who requests and receives transcripts and tapes shall pay the specified costs to the reporter.

[16.10.6.22 NMAC - Rp, 16.10.6.22 NMAC, 12/5/2023]

16.10.6.23 RULES OF EVIDENCE:

A. General: The board shall follow the rules of evidence set forth in Section 61-1-11 NMSA 1978 in proceedings held under the Uniform Licensing Act. Rules regarding evidence, not otherwise addressed by these rules or the Uniform Licensing Act, shall be governed by the rules of evidence for the district courts.

B. Testimony under oath: Witnesses testifying by deposition or before the board in formal hearings shall be placed under oath.

C. Stipulation as to facts: The parties to any investigation or proceeding before the board may stipulate to any facts in a document filed with the board or entered orally in the record. The stipulation shall be binding upon the parties and may be regarded and used by either party as evidence at the hearing.

[16.10.6.23 NMAC - Rp, 16.10.6.23 NMAC, 12/5/2023]

16.10.6.24 PROPOSED FINDINGS OF FACT, CONCLUSIONS OF LAW, BRIEFS AND ORAL ARGUMENTS:

A. Proposed findings of fact and conclusions of law: The board or hearing officer may require all parties to submit proposed findings of fact and conclusions of law.

The board or hearing officer shall determine the time for submission of the proposed findings and conclusions. Each proposed finding and conclusion shall be clearly stated.

B. Briefs: The board or the hearing officer may require all parties to submit briefs.

(1) Unless otherwise ordered by the board or hearing officer, including directing the submission of briefs on a date certain, the prosecution shall file its brief-in-chief within 15 days after receipt of the transcript. The respondent shall file its answer brief within 15 days thereafter. Reply briefs must be filed within seven days after filing of the answer brief.

(2) Each party must serve one copy of its brief on all other parties.

(3) Briefs shall be concise and shall include transcript citations for each statement of fact. Briefs shall contain a table of contents with page references.

C. Oral argument: The board or the hearing officer may require all parties to present oral arguments after parties have filed briefs. Even though a hearing officer conducts the hearing the board may require oral arguments to be presented to it. Any party may request oral arguments before the hearing officer or the board. The hearing officer or the board will determine whether oral argument is necessary.

[16.10.6.24 NMAC - Rp, 16.10.6.24 NMAC, 12/5/2023]

16.10.6.25 WRITTEN DECISION:

Within 90 days after the completion and closure of the hearing the board shall issue written findings of fact, conclusions of law, and the order of the board regarding any disciplinary action based on the findings of fact and conclusions of law. The board shall also issue a statement informing the applicant or licensee of his right to judicial review and the time within which review must be sought. The board may issue an oral decision prior to issuance of a written order. The board shall serve the written findings, conclusions, order and statements concerning judicial review upon the licensee personally or by certified mail, return receipt requested within 15 days after the decision is rendered and signed.

[16.10.6.25 NMAC - Rp, 16.10.6.25 NMAC, 12/5/2023]

16.10.6.26 HEARING OFFICER'S REPORT AND RECOMMENDATION:

If a hearing officer conducts the hearing, the hearing officer shall prepare a report of findings of fact and may make recommendations. All board members participating in the decision making process, but not present at the hearing, shall familiarize themselves with the record and hearing officer's report prior to rendering a decision. The board may adopt, modify or reject the hearing officer's report.

[16.10.6.26NMAC - Rp, 16.10.6.26 NMAC, 12/5/2023]

16.10.6.27 SIMULTANEOUS ACTIONS UNDER THE MEDICAL PRACTICE ACT AND THE IMPAIRED HEALTH CARE PROVIDERS ACT:

Formal proceedings against a physician, physician assistant, anesthesiologist assistant, genetic counselor, or polysomnographic technologist may be taken by the board in accordance with the provisions of the Uniform Licensing Act. No action or investigation or proceedings under the Impaired Health Care Provider Act (Section 61-7-1 through Section 61-7-12 NMSA 1978) precludes the board from investigating or acting simultaneously, in its sole discretion, under the Medical Practice Act. (61-6-1 through 61-6-34 NMSA 1978).

[16.10.6.27 NMAC - Rp, 16.10.6.27 NMAC, 12/5/2023]

16.10.6.28 EVALUATION OF COMPETENCE:

When the board has reason to believe that an applicant for licensure or a licensee is not competent to practice, it may require the applicant or licensee to take a competency examination or to be evaluated for competence by any means that has been endorsed or approved the board.

[16.10.6.28 NMAC - Rp, 16.10.6.28 NMAC, 12/5/2023]

16.10.6.29 PARENTAL RESPONSIBILITY ACT COMPLIANCE:

This section is adopted pursuant to the Parental Responsibility Act Sections 40-5A-1 through 40-5A-13 NMSA 1978. If an applicant for licensure or a licensee is identified by the state of New Mexico human services department (HSD) as not in compliance with a judgment and order for support relating to child support proceedings, the board shall have grounds to deny an application for a license, deny the renewal of a license or to suspend or revoke a license and shall initiate a notice of contemplated action (NCA) in accordance with the Uniform Licensing Act, Sections 61-1-1 through 61-1-3 NMSA 1978, subject to the following procedures.

A. Upon receipt of HSD's certified list of obligors not in compliance with a judgment and order for support, the board shall match the obligors' names against the board's list of licensees and applicants.

B. By the end of the month in which the certified list is received, the board shall report to HSD the names of board applicants and licensees who are on the certified list and the action the board has taken in connection with such applicants and licensees.

C. Upon determination that an applicant or licensee appears on the certified list, the board shall issue a formal letter giving the licensee until the next certified list is received from HSD to provide the board with a statement of compliance from HSD. If the applicant or licensee fails to provide this statement in the specified time, the board shall, upon its own motion, issue a notice of contemplated action (NCA) in accordance with the Uniform Licensing Act.

D. If an applicant or licensee disagrees with the determination of non-compliance, or wishes to come into compliance, the applicant or licensee shall contact the HSD child support enforcement division.

E. In any hearing under this section, relevant evidence is limited to the following: A statement of non-compliance from HSD is conclusive evidence that requires the board to take the appropriate action under the Parental Responsibility Act, unless the applicant or licensee provides the board with a statement of compliance from HSD, which shall preclude the board from taking action under this section.

F. When a disciplinary action is taken under this section solely because the applicant or licensee is not in compliance with a judgment and order for support, the board order shall state that the application or license shall be reinstated upon presentation of a subsequent statement of compliance from HSD. The board may also include any other conditions necessary to comply with board requirements for reapplications or reinstatement of lapsed licenses.

[16.10.6.29 NMAC - Rp, 16.10.6.29 NMAC, 12/5/2023]

16.10.6.30 VENUE OF HEARING:

Venue shall be determined by Section 61-1-6 NMSA 1978. In a proceeding involving a licensee without a residence in New Mexico, venue shall be in the county where the board maintains its office.

[16.10.6.30 NMAC - - Rp, 16.10.6.29 NMAC, 12/5/2023]

PART 7: LICENSE EXPIRATION, RENEWAL AND REINSTATEMENT

16.10.7.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.7.1 NMAC - N, 4/18/02]

16.10.7.2 SCOPE:

This part applies to licensed physicians as well as physicians who have previously held a license to practice in New Mexico and wish to reinstate the expired, inactive, suspended, lapsed, or retired license.

[16.10.7.2 NMAC - N, 4/18/02]

16.10.7.3 STATUTORY AUTHORITY:

This rule governs the practice of medicine in New Mexico and is promulgated pursuant to and in accordance with the Medical Practice Act, Section 61-6-19, 61-6-26, 61-6-27, 61-6-28 and 61-6-30 NMSA 1978.

[16.10.7.3 NMAC - N, 4/18/02; A, 9/21/09]

16.10.7.4 DURATION:

Permanent.

[16.10.7.4 NMAC - N, 4/18/02]

16.10.7.5 EFFECTIVE DATE:

April 18, 2002 unless a later date is cited at the end of a section.

[16.10.7.5 NMAC - N, 4/18/02]

16.10.7.6 OBJECTIVE:

This part establishes procedures for license expiration, renewal and reinstatement.

[16.10.7.6 NMAC - N, 4/18/02]

16.10.7.7 DEFINITIONS:

A. "Inactive" means a license placed in a non-working status at the request of a physician not currently practicing in New Mexico.

B. "Lapsed" means a license that has not been renewed by September 30 of the expiration year and has been suspended for non-renewal. A license that has lapsed is not valid for practice in New Mexico.

C. "Retired" means a license that has been withdrawn from active or inactive status at the physician's request. A retired license cannot be used to practice medicine in New Mexico and a retired license may not subsequently be reinstated.

D. "Nationwide criminal history record" means information concerning a person's arrests, indictments, or other formal criminal charges and any dispositions arising there from, including convictions, dismissals, acquittals, sentencing and correctional supervision, collected by criminal justice agencies and stored in the computerized databases of the federal bureau of investigation, the national law enforcement telecommunications systems, the department of public safety or the repositories of criminal history information in other states.

E. "Nationwide criminal history screening" means a criminal history background investigation of a licensee applying for licensure renewal through the use of fingerprints reviewed by the department of public safety and submitted to the federal bureau of investigation, resulting in the generation of a nationwide criminal history record for that applicant.

F. "Statewide criminal history record" means information concerning a person's arrests, indictments, or other formal criminal charges and any dispositions arising there from, including convictions, dismissals, acquittals, sentencing and correctional supervision, collected by criminal justice agencies and stored in the computerized database of the department of public safety or the repositories of criminal history information in municipal jurisdictions.

G. "Statewide criminal history screening" means a criminal history background investigation of a licensee applying for licensure renewal through the use of fingerprints submitted to the department of public safety and resulting in the generation of a statewide criminal history record for that licensee.

H. "Suspended for non-renewal" means a license that has not been renewed by September 30 of the expiration year, and has at the discretion of the board, been lapsed.

I. "Voluntarily lapsed" means a license that is not renewed at the request of the physician.

[16.10.7.7 NMAC - N, 4/18/02; A, 4/3/05; A, 7/1/06; A, 1/10/07; A, 9/27/07; A, 9/21/09]

16.10.7.8 [RESERVED]

[16.10.7.8 NMAC - N, 4/18/02; Repealed, 4/3/05]

16.10.7.9 RENEWAL PROCESS:

To avoid additional penalty fees, a completed renewal application, accompanied by the required fees and documentation must be submitted through the online renewal system, post-marked or hand-delivered on or before July 1 of the renewal year. A New Mexico medical license that has not been renewed by July 1 of the renewal year will remain temporarily active with respect to medical practice until September 30 of the renewal year at which time, at the discretion of the board, the license may be suspended for non-renewal and the status changed to lapsed. New Mexico hospitals and health insurance plans will be notified.

A. All renewal applications will be subject to a one time nationwide and statewide criminal history screening. Renewal applications will be processed pending the completion of the statewide criminal history screening and may be granted while the screening still pending.

B. If the nationwide or statewide criminal background screening reveals a felony or a violation of the Medical Practice Act, the licensee will be notified to submit copies of legal documents and other related information to the board which will make the determination if the applicant is eligible for licensure or if disciplinary action will be taken.

[16.10.7.9 NMAC - N, 4/18/02; A, 4/3/05; A, 7/1/06; A, 9/27/07; A, 9/21/09]

16.10.7.10 LICENSEE RESPONSIBILITY:

The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to assure the board has accurate address information and to make a timely request for the renewal form if one has not been received prior to license expiration. If the notice of renewal is returned to the board office and the licensee has not sent a change of address, the suspension for non-renewal and lapsed status notice will be considered undeliverable and will not be mailed.

[16.10.7.10 NMAC - N, 4/18/02; A, 9/21/09]

16.10.7.11 RENEWAL AFTER JULY 1 AND BEFORE AUGUST 16:

Renewal applications post-marked, electronically or hand delivered after July 1 and prior to August 16 of the renewal year must be accompanied by the completed renewal application, the triennial renewal fee and late fee indicated in 16.10.9.8 NMAC, and documentation of 75 hours of continuing medical education as required in 16.10.4 NMAC.

[16.10.7.11 NMAC - N, 4/18/02; A, 4/3/05]

16.10.7.12 RENEWAL AFTER AUGUST 15 AND BEFORE OCTOBER 1:

Renewal applications post-marked on or after August 16 but before October 1, of the renewal year must be accompanied by the completed renewal application, the triennial renewal fee and late fee indicated in 16.10.9.8 NMAC, and documentation of 75 hours of continuing medical education as required in 16.10.4 NMAC.

[16.10.7.12 NMAC - N, 4/18/02]

16.10.7.13 CHANGE IN STATUS:

Physicians who do not want to maintain an active license to practice medicine in New Mexico may choose to place their license on inactive, retired or voluntary lapsed status at the time of renewal.

A. Inactive status. A license may be placed on inactive status by the payment of the processing fee indicated in 16.10.9.8 NMAC before October 1 of the renewal year. A license in inactive status is not valid for practice in New Mexico but may be reinstated in accordance with the provisions of 16.10.7.16 NMAC and 16.10.7.17 NMAC.

B. Retired status. Upon request, a license may be placed on retired status. A retired licensee cannot practice medicine with a retired license, and such license may not subsequently be reinstated. A physician with a retired license who chooses to reinstate the license must re-apply as a new applicant.

C. Voluntarily lapsed status. A physician may inform the board that he does not wish to renew an active license to practice medicine in New Mexico and will voluntarily allow the license to lapse. There is no charge for this change in status. A voluntarily lapsed license is not valid for practice in New Mexico. A physician with a voluntarily lapsed license may only be reinstated in accordance with the provisions of 16.10.7.16 NMAC and 16.10.7.17 NMAC.

[16.10.7.13 NMAC - N, 4/18/02; A, 9/21/09]

16.10.7.14 LICENSE SUSPENSION FOR NON-RENEWAL:

The board may in its discretion suspend for non-renewal and change the status to lapsed on October 1 of the renewal year the license of any physician who has failed within ninety days after the license renewal date to renew their license, or to change the license status as indicated in section 13, above, to pay all required fees, or to comply with continuing medical education requirements, or to provide required documentation. Suspension for non-renewal and lapsed status is a non-reportable administrative action.

[16.10.7.14 NMAC - N, 4/18/02; A, 4/3/05; A, 1/10/07; A, 9/21/09]

16.10.7.15 [RESERVED]

[16.10.7.15 NMAC - N, 4/18/02; A, 1/10/07; A, 9/21/09]

16.10.7.16 LICENSE REINSTATEMENT WITHIN TWO YEARS OF RENEWAL DATE:

A license that has been suspended for non-renewal and placed on lapsed status, placed in inactive, or voluntarily lapsed status may be reinstated within two years of the renewal date by submitting the following documentation:

- A.** written request for re-instatement;
- B.** completion of a renewal application;
- C.** payment of fees as indicated in Subsections B, H, and I of 16.10.9.8 NMAC;

D. proof of completion of required continuing medical education as defined in 16.10.4 NMAC for the current year and the previous renewal cycle;

E. list of licenses held in any other state(s) and license status.

[16.10.7.16 NMAC - N, 4/18/02; A, 4/3/05; A, 1/10/07; A, 9/21/09]

16.10.7.17 LICENSE REINSTATEMENT AFTER TWO YEARS FROM RENEWAL DATE:

Restoration of a medical license to active status after two years from the renewal date requires the physician demonstrate continued competence to practice medicine through the following documentation:

A. completion of a reinstatement application;

B. proof of completion of 75 hours of continuing medical education during the past three licensing years as defined in 16.10.4 NMAC;

C. payment of fees as defined in Subsections B, H and I of 16.10.9.8 NMAC; and

D. applicants who have not been in active practice for the previous two years may be required to pass an examination for current competency as defined in 16.10.3.11 NMAC;

E. applicants may be required to personally appear before the board or the board's designee for an interview;

F. consistent with the provisions of the Medical Practice Act, Section 61-6-30 NMSA 1978, the board may impose terms and conditions on the reinstated license.

[16.10.7.17 NMAC - N, 4/18/02; A, 4/3/05; A, 9/21/09]

16.10.7.18 REINSTATEMENT PROCESS:

All applicants approved for reinstatement must pay the renewal fee indicated in Subsection B of 16.10.9.8 NMAC. Applicants with a license that has been placed on inactive status must pay the reinstatement fee indicated in Subsection I of 16.10.9.8 NMAC in addition to the triennial renewal fee. Applicants for reinstatement whose license has been suspended for non-renewal and placed on lapsed status or voluntarily lapsed must pay the reinstatement fee indicated in Subsection H of 16.10.9.8 NMAC in addition to the triennial renewal fee. Reinstatement licenses are issued for a period not less than 24 months or more than 36 months from the date of approval.

A. All reinstatement applications will be subject to a nationwide and statewide criminal history screening. Reinstatement applications shall be processed pending the

completion of the statewide criminal history screening and may be granted while the screening still pending.

B. If the nationwide or statewide criminal background screening reveals a felony or a violation of the Medical Practice Act, the licensee will be notified to submit copies of legal documents and other related information to the board which will make the determination if the applicant is eligible for licensure or if disciplinary action will be taken.

PART 8: MEDICAL ETHICS

16.10.8.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.8.1 NMAC - Rp 16 NMAC 10.8.1, 7/15/01; A, 1/10/07]

16.10.8.2 SCOPE:

This part applies to all applicants and licensees.

[16.10.8.2 NMAC - Rp 16 NMAC 10.8.2, 7/15/01]

16.10.8.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Medical Practice Act, sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.8.3 NMAC - Rp 16 NMAC 10.8.3, 7/15/01]

16.10.8.4 DURATION:

Permanent.

[16.10.8.4 NMAC - Rp 16 NMAC 10.8.4, 7/15/01]

16.10.8.5 EFFECTIVE DATE:

July 15, 2001 unless a later date is cited at the end of a section.

[16.10.8.5 NMAC - Rp 16 NMAC 10.8.5, 7/15/01]

16.10.8.6 OBJECTIVE:

This part is concerned with aspects of medical ethics that includes a non-exclusive listing of acts that constitute unprofessional conduct and establishes rules for ethical conduct which govern certain special categories of medical practice by physicians and physician assistants, as defined herein.

[16.10.8.6 NMAC - Rp 16 NMAC 10.8.6, 7/15/01]

16.10.8.7 DEFINITIONS:

Established physician-patient relationship means a relationship between a physician and a patient that is for the purpose of maintaining the patient's well-being. At a minimum, this relationship is established by an interactive encounter between patient and physician involving an appropriate history and physical and/or mental status examination sufficient to make a diagnosis and to provide, prescribe or recommend treatment, with the informed consent from the patient and availability of the physician or coverage for the patient for appropriate follow-up care. A medical record must be generated by the encounter.

[16.10.8.7 NMAC - Rp 16 NMAC 10.8.7, 7/15/01; A, 9/27/07]

16.10.8.8 UNPROFESSIONAL OR DISHONORABLE CONDUCT:

As defined in the Medical Practice Act, Section 61-6-15,D,(29), "unprofessional or dishonorable conduct" includes, but is not limited to, the following:

- A.** practicing medicine without an active license;
- B.** sexual misconduct, including sexual contact with patient surrogates, such as parents and legal guardians, that occurs concurrently with the physician-patient relationship;
- C.** violating a narcotic or drug law;
- D.** excessive prescribing or administering of drugs;
- E.** excessive treatment of patients;
- F.** impersonating an applicant in an examination or at a board interview;
- G.** making or signing false documents;
- H.** dishonesty;
- I.** deceptive or anonymous advertising;
- J.** improper use of a fictitious name;

K. violation of a term of a stipulation; or

L. prescribing, dispensing or administering drugs or medical supplies to a patient when there is no established physician-patient relationship, including prescribing over the internet or via other electronic means that is based solely on an on-line questionnaire; except for:

(1) physicians and physician assistants on call for another practitioner, or responsible for another practitioner's patients in an established clinic or office, or acting as locum tenens where a physician-patient relationship has previously been established and documented in the practitioner's or clinic's record;

(2) physicians and physician assistants in emergency room or urgent care settings;

(3) prescriptions written to prepare a patient for special examination(s) or laboratory testing;

(4) prescribing or dispensing for immunization programs;

(5) the provision of treatment for partners of patients with sexually transmitted diseases when this treatment is conducted in accordance with the expedited partner therapy guidelines and protocol published by the New Mexico department of health; and

(6) the provision of consultation, recommendation, or treatment during a face-to-face telehealth encounter online, using standard videoconferencing technology, where a medical history and informed consent are obtained and a medical record generated by the practitioner, and a physical examination is:

(a) recorded as appropriate by the practitioner, or a practitioner such as a physician, a physician or anesthesiologist assistant, or an advanced practice nurse, with the results communicated to the telehealth practitioner; or

(b) waived when a physical examination would not normally be part of a typical physical face-to-face encounter with the patient for the specific services being provided.

[16.10.8.8 NMAC - Rp 16 NMAC 10.8.8, 7/15/01; A, 1/10/07; A, 9/27/07; A, 9/21/09]

16.10.8.9 DETERMINATION OF MEDICAL ETHICS:

A. The board adopts the ethical standards set forth in the latest published version of the "code of medical ethics current opinions with annotations of the council on ethical and judicial affairs of the American medical association" or its successor publication ("code of medical ethics").

B. The board reserves the right to impose discipline for breaches of medical ethics which may not be addressed in the "code of medical ethics", but which are nevertheless sufficiently serious to bring the offending conduct within the meaning of Section 61-6-15,D,(29) NMSA 1978.

- A.** Copying fee of up to \$1.00 per page for public records.
- B.** License verification fee of \$30 per license for a letter of good standing to confirm the verification.
- C.** Fee of \$20 per copy for annual directory of physicians.
- D.** Returned check fee of \$25.
- E.** List of licensees on CD - \$100.
- F.** Physician mailing labels - \$250, physician assistant mailing labels - \$50.
- G.** Administrative reprocessing fee - no greater than current initial licensing fee.
- H.** Waiver. The board may waive or reduce miscellaneous fees but only for good cause shown and documented. The NMMS, NMAPA, and UNMHSC will each be given one free list or CD annually.

[16.10.9.14 NMAC - Rp 16.10.9.14 NMAC, 3/24/2020; A, 2/8/2022]

16.10.9.15 NATUROPATHIC DOCTORS:

- A.** Application fee of \$320.
- B.** Triennial license renewal fee of \$360.
- C.** Processing fee of \$20 for placing a license on inactive status.

D. Late fee of \$80 for all naturopathic doctors who renew their license to active status, or provide required documentation after March 1 but by April 15 of the renewal year.

E. Late fee of \$160 for naturopathic doctors who renew their license to active status, or provide required documentation after April 15 but by May 30 of the renewal year.

F. Reinstatement fee of \$200, for reinstatement of a naturopathic doctors' license, which shall be in addition to the biennial license renewal; and if required, nationwide criminal history screening fee.

G. Nationwide criminal history screening fee equal to the current federal bureau of investigation and department of public safety fee.

H. Statewide criminal history fee equal to the current department of public safety fee.

[16.10.9.15NMAC - N, 2/8/2022]

PART 10: REPORTING REQUIREMENTS FOR LICENSEES, APPLICANTS AND OTHER PERSONS AND ENTITIES

16.10.10.1 ISSUING AGENCY:

New Mexico Medical Board (the "board").

[16.10.10.1 NMAC - Rp 16.10.10.1 NMAC, 9/17/2018]

16.10.10.2 SCOPE:

This part applies to all applicants and licensees under the jurisdiction of the Medical Practice Act, Sections 61-6-1 to -35 NMSA 1978, and entities falling within the scope of Section 61-6-16 NMSA 1978.

[16.10.10.2 NMAC - Rp 16.10.10.2 NMAC, 9/17/2018]

16.10.10.3 STATUTORY AUTHORITY:

This part is adopted pursuant to Paragraph (21) of Subsection D of Sections 61-6-15 and 61-6-16 NMSA 1978, and in accordance with the Impaired Health Care Provider Act Sections 61-7-1 to 61-7-12 NMSA 1978.

[16.10.10.3 NMAC - Rp 16.10.10.3 NMAC, 9/17/2018]

16.10.10.4 DURATION:

This part is permanent.

[16.10.10.4 NMAC - Rp 16.10.10.4 NMAC, 9/17/2018]

16.10.10.5 EFFECTIVE DATE:

The effective date of this part is September 17, 2018, unless a later date appears at the end of a section.

[16.10.10.5 NMAC - Rp 16.10.10.5 NMAC, 9/17/2018]

16.10.10.6 OBJECTIVE:

This part has three objectives.

A. In accordance with Paragraph (21) of Subsection D of Section 61-6-15 NMSA 1978, this part defines the requirements for licensees and applicants to report to the board actions taken against them by other licensing jurisdictions, peer review bodies, health care entities, professional or medical societies and associations, governmental agencies, law enforcement agencies, and courts for acts or conduct similar to acts or conduct constituting grounds for action under the Medical Practice Act.

B. In accordance with Section 61-6-16 NMSA 1978, this part defines the requirements for affected entities to report to the board:

(1) payments relating to malpractice actions or claims arising in New Mexico involving licensees and applicants;

(2) professional review actions; and

(3) actions taken against licensees' and applicants' clinical privileges while the licensee or applicant is under investigation or in lieu of investigation by the affected entity.

C. In accordance with the board's statutory duty to protect the public health, safety and welfare, and the ethical standards adopted by the board in 16.10.8 NMAC, this part establishes mandatory reporting requirements for licensees and applicants to ensure the board is informed of impaired, incompetent, disruptive and unethical practitioners.

[16.10.10.6 NMAC - Rp 16.10.10.6 NMAC, 9/17/2018]

16.10.10.7 DEFINITIONS:

The following definitions apply to this section. All terms not defined have their general dictionary meaning.

A. "Adverse action" means any discipline, sanction or other action, whether equitable, administrative, civil or criminal, affecting a licensee, applicant or other person falling under the jurisdiction of the Medical Practice Act. The term embraces any action affecting the licensee's or applicant's practice, including, but not limited to revocations, suspensions, probation, monitoring, restrictions, and stipulations or other limitations, as well as fines, penalties and financial settlements. The term also includes any action taken to avoid disciplinary action, a sanction, or another action. An action does not need to involve clinical competence or patient care or affect clinical privileges in order to be "adverse".

B. "Adversely affecting" means reducing, restricting, suspending, revoking, denying, or failing to renew clinical privileges, or membership in a health care entity to include: terminating employment for cause, or without cause when based on incompetency or behavior affecting patient care and safety, or allowing the licensee or applicant to resign rather than being terminated for such reasons. These actions do not include those instances in which a peer review entity requires supervision of a licensee or applicant for purposes of evaluating that licensee's or applicant's professional knowledge or ability.

C. "Clinical privileges" include privileges, membership on the medical staff, employment, and other circumstances under which a licensee or applicant is permitted by a health care entity to furnish medical care.

D. "Termination of employment" includes the termination of employment by a health care entity for cause, or without cause if related to clinical competence or behavior affecting patient safety/care, or allowing resignation in lieu of termination for such reason.

E. "Health care entity" means:

(1) a hospital, HMO, a physician group, locum tenens or staffing agency, or other health care institution that is licensed to provide health care services in New Mexico;

(2) an entity that provides health care services and that follows a formal peer review process for the purpose of furthering quality health care;

(3) a professional society or a committee, or agent thereof, of licensed health care practitioners at the national, state or local level, that follows a formal peer review process for the purpose of furthering quality health care, including without limitation a health maintenance organization or other prepaid medical practice which is licensed or determined to be qualified by any state; and

(4) a health plan or network that partners payers, employers and health care providers and professionals, including preferred provider groups, specialty groups, physician-hospital organizations and workers' compensation networks.

F. "Medical malpractice action or claim" means a written claim or demand for compensation based on the furnishing, or failure to furnish, health care services, and includes, without limitation, the filing of a cause of action, based on the law of tort, brought in any court of any state or the United States seeking monetary damages whether resulting in a settlement or in a judgment.

G. "Professional review action" means an action of a health care entity:

- (1) taken in the course of professional review activity;
- (2) based on the competence, conduct, or impairment of a licensed health care practitioner which affects or could affect adversely the health or welfare of a patient or patients; and,
- (3) which adversely affects or may adversely affect the clinical privileges or membership in a professional society of a licensed health care professional.

H. "Professional review activity" means an activity of a health care entity with respect to an individual licensee or applicant:

- (1) to determine whether the licensee or applicant may have clinical privileges with respect to, or membership in, the entity;
- (2) to determine the scope or conditions of such privileges or membership; or
- (3) to change or modify such privileges or membership.

I. "Credentialing discrepancy" means, for the purposes of this part, an error or omission in an application.

[16.10.10.7 NMAC - Rp 16.10.10.7 NMAC, 9/17/2018; A, 2/8/2022]

16.10.10.8 REPORTING OF MEDICAL MALPRACTICE PAYMENTS BY ENTITIES AND PERSONS:

A. Each person or entity, including an insurance company, which makes a payment under a policy of insurance, self-insurance or otherwise, in settlement of, or in whole or partial satisfaction of, a judgment in a malpractice action or claim must file a report with the board within 30 days after any initial or complete payment is made.

B. Applicants and licensees must file a report with the board within 30 days after any initial or complete payment is made by them, or directly or indirectly on their behalf.

C. Reports filed under this section shall include, at a minimum:

- (1) the name, license number, and social security number of the named licensee or applicant;
- (2) the name and address of the person or entity making the payment;
- (3) the name, title and telephone number of the person submitting the report;
- (4) the date or dates on which the act(s) or omission(s) giving rise to the claim occurred;
- (5) the date of judgment or settlement;
- (6) the amount paid, the date of payment and whether payment is made in satisfaction of a judgment or constitutes a settlement;
- (7) a description of terms of the judgment or settlement and any conditions attached thereto, including terms of payment;
- (8) a description of the alleged acts or omissions and injuries or illnesses upon which the action or claim is based; and,
- (9) the official addendum to the licensee's or applicant's data bank report.

[16.10.10.8 NMAC - Rp 16.10.10.8 NMAC, 9/17/2018]

16.10.10.9 REPORTING OF ACTIONS ADVERSELY AFFECTING CLINICAL PRIVILEGES:

A. All health care entities, licensees and applicants shall report any action adversely affecting the clinical privileges of the licensee or applicant within thirty days after the action is taken.

B. Actions the health care entity must report include, but are not limited to:

- (1) any professional review action adversely affecting the clinical privileges of a licensee or applicant, except as provided in Subsection C of this section;
- (2) the health care entity's acceptance of the surrender of clinical privileges or any restriction on such privileges as a result of or relating to possible incompetency or improper professional conduct while the licensee or applicant is under investigation, or in return for the health care entity's decision not to conduct an investigation or proceeding;
- (3) any professional review action taken by a professional society adversely affecting the membership of a licensee or applicant in the society;

(4) the failure to complete medical records where the failure relates to the licensee's or applicant's professional competence or conduct, or the failure could or did adversely affect a patient's health or welfare; and

(5) a positive drug test for illegal substances, alcohol or prescribed or un-prescribed medications not supported by appropriate diagnosis (the board will not require name of the licensee or applicant if the licensee or applicant has voluntarily self-reported to the New Mexico health professional wellness program (HPWP), or any successor organization).

C. Reports of actions adversely affecting clinical privileges must include, at a minimum:

(1) the name, license number, and social security number of the licensee or applicant;

(2) a description of the act(s) or omission(s) or other reasons for the action or for the surrender of privileges;

(3) the action taken, the date the action was taken, and the effective date of the action; and,

(4) any official addendum to the licensee's or applicant's data bank report.

D. A health care entity is not required to report to the board:

(1) actions based on the licensee's or applicant's association, or lack of association, with a professional society or association;

(2) actions based on fees, advertising, or other competitive acts intended to solicit or retain business;

(3) actions based on the licensee's or applicant's participation in prepaid group health plans;

(4) actions based on the licensee's or applicant's association with, supervision of, delegation of authority to, support for, training of, or participation in a private group practice; or

(5) any other matter that does not relate to the competence or professional conduct of a licensee or applicant; and

(6) suspensions of clinical privileges resulting from a failure to complete medical records, except to the extent such failures are reportable under Paragraph (4) of Subsection A of this section, maintain insurance or perform other administrative obligations.

E. Subsequent disposition of an action adversely affecting the licensee or applicant, even if favorable, does not alter a health care entity's duty to report the action.

[16.10.10.9 NMAC - Rp 16.10.10.9 NMAC, 9/17/2018]

16.10.10.10 REPORTING OF CREDENTIALING DISCREPANCIES:

Any health care entity having information about a licensee or applicant that conflicts with information the licensee or applicant included on an application or re-application submitted with a signed attestation of accuracy, shall report the discrepancy to the board within 90 days.

[16.10.10.10 NMAC - Rp 16.10.10.10 NMAC, 9/17/2018]

16.10.10.11 SANCTIONS FOR FAILURE TO REPORT:

A. Medical malpractice payments. Any health care entity or person failing to report malpractice payments required by this part shall be subject to a civil penalty not to exceed ten thousand dollars (\$10,000).

B. Actions adversely affecting clinical privileges. Any health care entity or professional review body failing to comply with the reporting requirements set forth in this part shall be subject to a civil penalty not to exceed ten thousand dollars (\$10,000). The board will report the failure to comply to the data bank as required by 42 U.S.C. Section 11133.

[16.10.10.11 NMAC - Rp 16.10.10.11 NMAC, 9/17/2018]

16.10.10.12 CONFIDENTIAL COMMUNICATIONS:

Any information or report submitted to the board under this part, or pursuant to 42 U.S.C. 11131-11152, as amended, shall be confidential and shall be disclosed only to the licensee or applicant, unless otherwise authorized or required by law.

[16.10.10.12 NMAC - Rp 16.10.10.12 NMAC, 9/17/2018]

16.10.10.13 REPORTING OF ADVERSE ACTIONS BY LICENSEES AND APPLICANTS:

A. In addition to the reporting requirements contained in Section 16.10.10.8 and 16.10.10.9 NMAC, a licensee or applicant shall report to the board any adverse action affecting the licensee or applicant taken by another licensing jurisdiction; a peer review body; a health care entity; a professional or medical society or association; a governmental agency; a law enforcement agency, including arrests; and any court for acts or conduct similar to acts or conduct that would constitute grounds for action under the Medical Practice Act.

B. Licensees and applicants must report to the board any adverse action taken against them or their license within 30 days after the date the action occurs or is taken. For the purpose of this section, an "action occurs or is taken" on the date an entity described in this section takes action, regardless of whether the action is subject to appeal or an appeal is taken. Any subsequent disposition of the adverse action, regardless of whether such disposition negates or affects the adverse action, does not alter this reporting requirement. In the case of an arrest, the licensee or applicant shall report the arrest within 30 days.

C. The failure to report any adverse action shall constitute unprofessional or dishonorable conduct under Subsection D of Section 61-6-15 NMSA 1978 of the Medical Practice Act.

[16.10.10.13 NMAC - Rp 16.10.10.13 NMAC, 9/17/2018]

16.10.10.14 REPORTING IMPAIRED, INCOMPETENT, DISRUPTIVE OR UNETHICAL COLLEAGUES:

A. Consistent with 16.10.8.9 NMAC (adopting the ethical standards of the American medical association), licensees and applicants having a good faith basis for believing that the public health and safety may be at risk must report impaired, incompetent, disruptive and unethical colleagues, including specifically other licensees and applicants. "Impaired" means any condition affecting the ability to engage safely and effectively in professional activities. "Incompetent" includes practices or conduct creating the potential for harm, whether or not harm has resulted. "Unethical" includes, but is not limited to corrupt, dishonest or illegal actions.

B. The duty to report imposed by this section does not limit or replace the duty to report to other organizations or entities, including law enforcement.

C. Reports under this section may be made anonymously, but must include sufficient information to allow investigation by the board.

D. Reports made under this section will be held in confidence in the same manner as all investigations by the board.

E. Specifically exempt from the reporting requirements contained in this section are "peer review" communications protected by law.

F. The submission of a false or malicious report under this section constitutes unethical conduct subject to disciplinary action.

[16.10.10.14 NMAC – N, 9/17/2018]

16.10.10.15 SELF-REPORTING:

A. All applicants and licensees have a duty to self-report to the board any mental illness, physical illness (including but not limited to deterioration through the aging process or loss of motor skill), or habitual use or abuse of drugs, as defined in the Controlled Substances Act, Section 31-31-1 to 31-31-41 NMSA 1978, or alcohol that affects their ability to practice with reasonable skill or safety to patients.

B. Reports made under this section may subject the licensee or applicant to action by the board where necessary to ensure public health, safety and welfare.

[16.10.10.15 NMAC - N, 9/17/2018]

PART 11: PHYSICIANS SUPERVISING PHARMACIST CLINICIANS

16.10.11.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[4/5/97, 4/27/2000; 16.10.11.1 NMAC - Rn & A, 16 NMAC 10.11.1, 1/10/07]

16.10.11.2 SCOPE:

This applies to physicians who supervise pharmacist clinicians.

[4/5/97, 4/27/2000; 16.10.11.2 NMAC - Rn, 16 NMAC 10.11.2, 1/10/07]

16.10.11.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of medicine in New Mexico and are promulgated pursuant to and in accordance with the Medical Practice Act, sections 61-6-1 through 61-6-35 NMSA 1978, the Uniform Licensing Act, section 61-1-1 through 61-1-33 NMSA 1978, and the Impaired Physician Act, section 61-7-1 through 61-7-12 NMSA 1978.

[4/5/97; 16.10.11.3 NMAC - Rn, 16 NMAC 10.11.3, 1/10/07]

16.10.11.4 DURATION:

Permanent

[4/5/97; 16.10.11.4 NMAC - Rn, 16 NMAC 10.11.4, 1/10/07]

16.10.11.5 EFFECTIVE DATE:

June 15, 1995, unless a later date is cited at the end of a section.

[4/5/97; 16.10.11.5 NMAC - Rn & A, 16 NMAC 10.11.5, 1/10/07]

16.10.11.6 OBJECTIVE:

These rules and regulations are adopted to carry out the boards' responsibilities set forth in Sections 61-11B to 61-11B-3, NMSA 1978, the "Pharmacist Prescriptive Authority Act."

[4/5/97; 16.10.11.6 NMAC - Rn & A, 16 NMAC 10.11.6, 1/10/07]

16.10.11.7 DEFINITIONS:

A. "Alternate supervising physician" means a physician who holds a current unrestricted license, is a cosignatory on the notification of supervision, and agrees to act as the supervising physician in the supervising physician's absence with no change to the scope of practice or protocol of the pharmacist clinician. The alternate supervising physician must be approved by the board or designee.

B. "Consultation" means in person, telephonically, by two-way radio, by e-mail or by other electronic means.

C. "Dangerous drug" means a drug, that because of any potentiality for harmful effect or the methods of its use or the collateral measures necessary to its use, is not safe except under the supervision of a physician licensed by law to direct the use of such drug and the drug prior to dispensing is required by federal law and state law to bear the manufacturer's legend "Caution: Federal law prohibits dispensing without a prescription".

D. "Pharmacist clinician" means a pharmacist with additional training required by regulation adopted by the New Mexico board of pharmacy in consultation with the New Mexico medical board and the New Mexico academy of physician assistants, who exercises prescriptive authority in accordance with guidelines or protocol.

E. "Scope of practice" means duties and limitations of duties placed upon a pharmacist clinician by their supervising physician and/or the alternate supervising physician(s) and the board; includes the limitations implied by the specialty of the supervising physician and/or the alternate supervising physician(s), the training and experience of the pharmacist clinician and the board.

F. "Supervising physician" means a physician, or group of physicians who hold a current unrestricted license and are approved by the board to supervise a pharmacist clinician and includes a physician approved by the board as an alternate supervising physician.

G. "Written Protocol" means a written agreement between a pharmacist clinician or group of pharmacist clinicians and a physician or group of physicians that delegates prescriptive authority.

[4/5/1997, 4/27/2000; 16.10.11.7 NMAC - Rn & A, 16 NMAC 10.11.7, 1/10/2007; A, 2/8/2022]

16.10.11.8 INTRODUCTION:

These rules and regulations are adopted to carry out the boards' responsibilities set forth in Sections 61-11B to 61-11B-3, NMSA 1978, the "Pharmacist Prescriptive Authority Act."

[4/5/97; 16.10.11.8 NMAC - Rn & A, 16 NMAC 10.11.8, 1/10/07]

16.10.11.9 APPROVAL OF SUPERVISING PHYSICIANS:

A physician shall only be approved as a pharmacist clinician supervisor after the pharmacist clinician registers with the board by submitting an application for authority to practice under the supervision of a licensed physician. The application shall include:

A. the name, address, phone number of the applicant and his/her proof of current certification as a pharmacist clinician by the board of pharmacy;

B. the name, address, and phone number of the supervising physician;

C. a written protocol agreed to and signed by the pharmacist clinician and the supervising physician that shall include:

(1) a statement identifying the physician authorized to prescribe dangerous drugs and the pharmacist clinician who is a party to the guidelines or protocol;

(2) a statement of the types of prescriptive authority that the pharmacist clinician is authorized to make within his scope of practice which may include:

(a) a statement of the types of diseases, dangerous drugs or dangerous drug categories involved and the type of prescriptive authority authorized in each case; and

(b) a general statement of the procedures, decision criteria or plan the pharmacist clinician is to follow when exercising prescriptive authority;

(c) a statement of the activities the pharmacist clinician is to follow in the course of exercising prescriptive authority, including documentation of decisions made and a plan for communication to and consultation with the supervising physician concerning specific decisions made; documentation may occur on the prescriptive record, patient profile, patient medical chart or in a separate log book; and

(d) a statement that describes appropriate mechanisms for reporting to the physician the pharmacist clinician's activities in monitoring the patients; and

(e) a statement that describes provisions for immediate communication or consultation between the pharmacist clinician and the supervising physician or alternate supervising physician.

D. The pharmacist clinician may be authorized in the protocol to monitor dangerous drug therapy as follows:

- (1) collecting and reviewing patient dangerous drug histories;
- (2) measuring and reviewing routine patient vital signs including pulse, temperature, blood pressure and respiration; and
- (3) ordering and evaluating the results of laboratory tests relating to dangerous drug therapy, including blood chemistries and cell counts, controlled substance therapy levels, blood, urine, tissue or other body fluids, culture and sensitivity tests when performed in accordance with guidelines or protocols applicable to the practice setting.

E. A pharmacist clinician may only prescribe controlled substances if he/she:

- (1) has obtained a New Mexico controlled substances registration and a drug enforcement agency registration, and
- (2) prescribes controlled substances within the parameters of written guidelines or protocols established under these regulations and Section 3, A. of the Pharmacist Prescriptive Authority Act.

F. A pharmacist clinician shall perform only those services that are set forth in the protocol.

G. Pharmacist clinicians may prescribe only those drugs described in a board approved protocol.

H. A physician may supervise as many pharmacist clinicians as the physician can effectively supervise and communicate with in the circumstances of their particular practice setting.

[4/5/1997, 4/27/2000; 16.10.11.9 NMAC - Rn & A, 16 NMAC 10.11.9, 1/10/2007; A, 1/2/2008; A, 2/8/2022]

16.10.11.10 THE PHYSICIAN'S REQUIREMENTS OF SUPERVISION:

A. Supervising physicians must provide direction to pharmacist clinicians to specify the pharmacotherapeutic services to be provided under the circumstances in each case. This may be done by written protocol or by oral consultation. It is the responsibility of

the supervising physician to assure that the appropriate directions are given and understood.

B. Supervising physicians must establish a quality assurance program for review of medical services provided by the pharmacist clinician.

C. If the supervising physician is of the opinion that circumstances warrant exceptions to the requirements set forth in Subsections A or B above, the supervising physician must specify the circumstances in writing and deliver the same to the board. The board will review, grant or deny requests for exceptions or waivers, at the board's discretion.

D. Documentation of the supervising physician reviews must be retained by the pharmacist clinician and be available for board inspection for a period of not less than three years from the date of such reviews.

E. The pharmacist clinician must have prompt access to the physician by telephone or other electronic means for advice and direction.

F. If the supervising physician plans to be or is absent from his or her practice for any reason, the supervising physician cannot designate a pharmacist clinician to take over those duties or cover the practice during such absence. The supervising physician may designate an alternate supervising physician, approved by the board, to cover the practice and perform the duties of supervising physician. The alternate supervising physician will then supervise the pharmacist clinician and will be responsible for the pharmacist clinician's actions or omissions in exercising prescriptive authority or other duties as a pharmacist clinician.

G. Supervising physician is required to report any supervised pharmacist clinician who is practicing below accepted standards of care to the board.

[4/5/1997, 4/27/2000; 16.10.11.10 NMAC - Rn & A, 16 NMAC 10.11.10, 1/10/2007; A, 2/8/2022]

16.10.11.11 REPORT AND COMMITTEE:

The chair of the board shall appoint two (2) members of the board, or a member and an agent of the board to an oversight committee that shall also include two members appointed by the board of pharmacy. The oversight committee will make a report that may include non-binding recommendations to both the board of pharmacy and the medical board regarding disciplinary action. Each board can accept or reject the recommendations.

[4/5/97; 16.10.11.11 NMAC - Rn & A, 16 NMAC 10.11.11, 1/10/07]

16.10.11.12 PHARMACIST CLINICIAN SUPERVISOR APPLICATION, RENEWAL AND TERMINATION:

A. Required documentation. Each applicant for a pharmacist clinician supervisor and alternate pharmacist clinician supervisor must submit the required fees as specified in 16.10.9.8 NMAC and the following documentation:

- (1)** A completed signed application.
- (2)** Copy of proof of current certification of the pharmacist clinician by the New Mexico board of pharmacy.
- (3)** A written protocol signed by the pharmacist clinician and the supervising physician, which includes the requirements in 16.10.11.9 C NMAC.
- (4)** Physicians who have had previous disciplinary action against them will be subject to further review by the board and may be approved, or approved with limitations, or denied. Physicians who had previous disciplinary action may apply to become a pharmacist clinician supervisor or alternate supervisor, the application will be sent to the board for consideration and decision.

B. License expiration. Pharmacist clinician supervisor licenses shall be renewed on July 1. Initial licenses are issued for two years.

C. Process for written protocol. The protocol for each pharmacist clinician shall be reviewed by the board or designee upon new application, if change of supervising physician occurs, or if a written protocol has been changed or modified.

D. Change of supervising physician. In order to change a supervising physician between biennial renewal of approval, without a change to the pharmacist clinician's scope of practice or protocol, an applicant shall submit to the board a change of supervising physician form and the required fee, as specified in 16.10.9.11 NMAC. The new supervising physician may only act after the application is approved by the board.

E. License issuance. Pharmacist clinician supervisor licenses are issued with the name of the pharmacist clinician who the supervisor is authorized to supervise. A copy of the license will be mailed to both the pharmacist clinician and the pharmacist clinician supervisor.

F. Employment Termination/Change. Within 30 days after an employer terminates the employment of a pharmacist clinician, the supervising physician shall submit a written notice to the board providing the date of termination and reason for termination. The pharmacist clinician shall not work as a pharmacist clinician except under a current approved protocol and supervising physician.

PART 12: SUPERVISION OF NON-LICENSED PHYSICIANS

16.10.12.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[3/17/98, 4/27/2000; 16.10.12.1 NMAC - Rn & A, 16 NMAC 10.12.1, 1/10/07]

16.10.12.2 SCOPE:

This part applies to physicians supervising physicians under Section 61-6-17 (I) NMSA 1978.

[3/17/98; 16.10.12.2 NMAC - Rn, 16 NMAC 10.12.2, 1/10/07]

16.10.12.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the practice of medicine in New Mexico and are promulgated pursuant to and in accordance with the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978, the Uniform Licensing Act, Sections 61-1-1 through 61-1-33 NMSA 1978, and the Impaired Health Care Provider Act, Section 61-7-1 through 61-7-12 NMSA 1978.

[3/17/98; 16.10.12.3 NMAC - Rn, 16 NMAC 10.12.3, 1/10/07]

16.10.12.4 DURATION:

Permanent.

[3/17/98; 16.10.12.4 NMAC - Rn, 16 NMAC 10.12.4, 1/10/07]

16.10.12.5 EFFECTIVE DATE:

March 17, 1998, unless a later date is cited at the end of a section.

[3/17/98; 16.10.12.5 NMAC - Rn & A, 16 NMAC 10.12.5, 1/10/07]

16.10.12.6 OBJECTIVE:

This part establishes procedures for New Mexico licensed physicians to delegate responsibilities to physicians not licensed in New Mexico, pursuant to Section 61-6-17 (I) NMSA 1978, as amended in 1997.

[3/17/98, 4/27/2000; 16.10.12.6 NMAC - Rn, 16 NMAC 10.12.6, 1/10/07]

16.10.12.7 DEFINITIONS:

A. "Non-licensed physician" means a medical doctor licensed to practice medicine in a jurisdiction other than New Mexico.

B. "Board" means the New Mexico medical board.

C. "Supervising physician" means a physician licensed in the state of New Mexico by the board who will function as the supervising physician to a non-licensed physician.

[3/17/98; 16.10.12.7 NMAC - Rn & A, 16 NMAC 10.12.7, 1/10/07]

16.10.12.8 DELEGATIONS UNDER SECTION 61-6-17 (I) NMSA 1978 (AS AMENDED IN 1997):

A. In order for a non-licensed physician who is practicing medicine in New Mexico under a New Mexico licensed physician's supervision, the non-licensed physician, pursuant to Section 61-6-17 (I) NMSA 1978, as amended in 1997, shall have an unrestricted license to practice in some other licensing jurisdiction, which does not necessarily need to be in the United States.

B. The supervising physician shall report, in writing, to the board. The report shall include:

- (1) name and local addresses of any physician that will be supervised;
- (2) the jurisdiction where the supervised physician is licensed, and proof of licensure, and current status of licensure;
- (3) the scope of practice and the manner by which the New Mexico licensed physician will directly supervise the non-licensed physician; and
- (4) the name and address of the hospital, if any, to be utilized by the supervising physician.

C. The report shall be submitted to the board at least twenty-one (21) days before the supervising physician begins to practice medicine in New Mexico, except in the case of an emergency, in which circumstance the report shall be submitted to the board within 10 days maximum of the date upon which the qualified physician begins practice under the supervising physician.

D. Prior to allowing a qualified physician to perform delegated medical acts, the supervising physician shall notify the hospital that such qualified physician shall be performing medical acts under the supervision of the physician at that institution.

E. The non-licensed physician must be granted approval by the board or the board's delegate to practice before he/she begins to practice in New Mexico under the provisions of this rule.

(1) Approval by the board for a non-licensed physician to practice under the direct supervision of a New Mexico licensed physician shall be for a period of not more than 15 days and cannot be renewed.

(2) Approval by the board for a non-licensed physician to practice under the direct supervision of a New Mexico licensed physician at a JCAHO accredited hospital shall be for a period of not more than three months; provided, however, that the approval can be renewed by the board up to three times.

F. The supervising physician shall inform all patients who shall be treated by the non-licensed physician, that the supervised physician is not licensed to practice medicine in New Mexico and have the patients sign a statement acknowledging that the patient knows the supervised physician is not licensed to practice medicine in New Mexico.

[3/17/98, 4/27/2000; 16.10.12.8 NMAC - Rn & A, 16 NMAC 10.12.8, 1/10/07]

PART 13: DELEGATED USE OF DEVICES AND PROCEDURES BY MEDICAL ASSISTANTS; COSMETIC INJECTIONS

16.10.13.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.13.1 NMAC - Rp 16 NMAC 10.13.1, 4/18/02; A, 12/30/05]

16.10.13.2 SCOPE:

This part governs the delegated use of procedures and use of certain medical devices by medical assistants under the supervision of the physician.

[16.10.13.2 NMAC - Rp 16 NMAC 10.13.2, 4/18/02; A, 12/30/05]

16.10.13.3 STATUTORY AUTHORITY:

These rules of practice and procedure govern the use of medical devices and procedures by unlicensed medical assistants under the supervision of a physician in New Mexico. These rules are promulgated pursuant to and in accordance with the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.13.3 NMAC - Rp 16 NMAC 10.13.3, 4/18/02; A, 12/30/05]

16.10.13.4 DURATION:

Permanent.

[16.10.13.4 NMAC - Rp 16 NMAC 10.13.4, 4/18/02]

16.10.13.5 EFFECTIVE DATE:

April 18, 2002, unless a different date is cited at the end of a section.

[16.10.13.5 NMAC - Rp 16 NMAC 10.13.5, 4/18/02]

16.10.13.6 OBJECTIVE:

This part establishes the procedures whereby physicians licensed in New Mexico may delegate responsibility for certain medical procedures generally considered to be the practice of medicine to medical assistants with appropriate training and supervision, pursuant to Section 61-6-17 (I) NMSA 1978.

[16.10.13.6 NMAC - Rp 16 NMAC 10.13.6, 4/18/02; A, 12/30/05]

16.10.13.7 DEFINITIONS:

A. "Supervising physician" means a physician licensed to practice in New Mexico who is responsible for the patient's care and will provide oversight and guidance of the medical assistant.

B. "Medical assistant" means any individual who is not licensed as a healthcare practitioner in New Mexico and is working under the direction and supervision of a licensed physician. Licensed practitioners, including registered nurses and physician assistants, are not considered to be medical assistants pursuant to this rule.

C. "Medical therapeutic or cosmetic medical procedure, device, or treatment" means a treatment or procedure that uses any of the following, if the procedure or treatment alters or damages or is capable of altering or damaging living tissue, to improve the patient's appearance or to achieve an enhanced aesthetic result:

(1) injection or insertion of a biologic or synthetic substance for soft tissue augmentation;

(2) application of a chemical substance;

(3) application of microwave energy; or

(4) application of a federal food and drug administration approved prescription device that uses waveform energy of any kind, including, but not limited to lasers or intense pulsed light.

D. "Certified" means the medical assistant has been awarded a certificate of completion of training by a physician trained to use the equipment, by a certified

representative of the medical equipment company, or by another entity qualified to offer the required training.

[16.10.13.7 NMAC - Rp 16 NMAC 10.13.7, 4/18/02; A, 12/30/05; A, 7/22/08]

16.10.13.8 USE OF MEDICAL THERAPEUTIC AND COSMETIC DEVICES:

Medical therapeutic or cosmetic devices penetrate and alter human tissue and can result in complications such as visual impairment, blindness, inflammation, burns, scarring, hypo-pigmentation and hyper-pigmentation. The use of medical therapeutic and cosmetic devices is the practice of medicine as defined in Section 61-6-1 NMSA 1978.

A. Limitations.

(1) Medical assistants are limited to using medical therapeutic and cosmetic devices that are non-incisive and non-ablative.

(2) Medical therapeutic and cosmetic devices may only be used by a medical assistant who is certified pursuant to Subsection D of 16.10.13.7 NMAC and when the supervising physician is immediately available on the premises.

B. Responsibility of the supervising physician. A physician who is trained in the safety and use of medical therapeutic or cosmetic devices may supervise medical assistants who perform hair removal and other therapeutic or cosmetic procedures using devices that use waveform energy consistent with the following requirements.

(1) The supervising physician must provide the following services before treatment by a medical assistant is initiated: patient history, physical examination, diagnosis, treatment protocol, and preparation of medical record.

(2) The supervising physician shall review any adverse outcomes or changes in the treatment protocol.

(3) The supervising physician shall assure the patient is informed and aware that the individual performing the procedure is a medical assistant and is under the physician's supervision.

(4) The supervising physician shall provide the patient instructions for emergency and follow-up care.

(5) The supervising physician shall prepare a written protocol for the medical assistant to follow when using the medical therapeutic or cosmetic device. The protocol may include pre and post care treatment related to the procedure as long as the treatment is topical and non-injectable. The physician is responsible for ensuring that the medical assistant uses the medical therapeutic or cosmetic device only in

accordance with the written protocol and does not exercise independent medical judgment when using the device.

(6) The supervising physician shall assure compliance with the training and reporting requirements of this rule.

(7) The supervising physician is ultimately responsible for the safety of the patient, regardless of who performs the treatment using the medical therapeutic or cosmetic device or procedure.

C. Training requirements. Medical assistants who use medical therapeutic or cosmetic devices must have training and be certified on each device they will use. The training on each device must include the following:

- (1) physics and safety of the medical therapeutic or cosmetic device;
- (2) basic principle of the planned procedure;
- (3) clinical application of the medical therapeutic or cosmetic device, including wavelengths to be used;
- (4) indications and contraindications for the use of the medical therapeutic or cosmetic device;
- (5) pre-operative and post-operative care;
- (6) recognition and acute management of complications that may result from the procedure; and
- (7) infectious disease control procedures required for each procedure.

D. Reporting requirements. The supervising physician shall complete a "certificate of training" form and submit it to the board prior to the use of a medical therapeutic or cosmetic device by the medical assistant. The form will be device-specific and document training for each medical therapeutic or cosmetic device used by the medical assistant.

E. Public communication. Any public communication offering the performance or administration of a cosmetic medical procedure or treatment shall identify the physician or surgeon responsible for the provision of, or the direct supervision of the procedure or treatment.

[16.10.13.8 NMAC - Rp 16 NMAC 10.13.8, 4/18/02; A, 12/30/05; A, 7/22/08]

16.10.13.9 INJECTION OF COSMETIC OR AESTHETIC SUBSTANCES:

The injection of cosmetic or aesthetic substances is considered to be the practice of medicine and shall not be delegated to medical assistants.

[16.10.13.9 NMAC - N, 12/30/05]

PART 14: MANAGEMENT OF PAIN AND OTHER CONDITIONS WITH CONTROLLED SUBSTANCES

16.10.14.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.14.1 NMAC - N, 1/20/2003; A, 4/3/2005]

16.10.14.2 SCOPE:

This part applies to all New Mexico medical board licensees who hold a federal drug enforcement administration registration.

[16.10.14.2 NMAC - N, 1/20/2003; A, 9/28/2012]

16.10.14.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978 and the Pain Relief Act, Sections 24-2D-1 through 24-2D-6 NMSA 1978.

[16.10.14.3 NMAC - N, 1/20/2003; A, 9/28/2012]

16.10.14.4 DURATION:

Permanent.

[16.10.14.4 NMAC - N, 1/20/2003]

16.10.14.5 EFFECTIVE DATE:

January 20, 2003, unless a later date is cited at the end of a section.

[16.10.14.5 NMAC - N, 1/20/2003]

16.10.14.6 OBJECTIVE:

This part governs the prescribing of controlled substances in the treatment of pain and other conditions to ensure that they are prescribed for appropriate doses and durations and after a thorough medical evaluation.

[16.10.14.6 NMAC - N, 1/20/2003; A, 4/3/2005; A, 11/30/2016]

16.10.14.7 DEFINITIONS:

A. "Acute pain" means the normal, predicted physiological response to a noxious chemical or thermal or mechanical stimulus, typically associated with invasive procedures, trauma or disease and is generally time-limited.

B. "Addiction" is a neurobehavioral syndrome with genetic and environmental influences that results in psychological dependence on the use of substances for their psychic effects. It is characterized by behaviors that include one or more of the following: impaired control over drug use; compulsive use; continued use despite harm; and, craving. Physical dependence and tolerance are normal physiological consequences of extended opioid therapy for pain and should not by themselves be considered addiction.

C. "Benzodiazepine" means any controlled substance referenced at Subsection A of 16.19.20.68 NMAC, as may be amended from time to time.

D. "Chronic pain" means pain that persists after reasonable medical efforts have been made to relieve the pain or its cause and that continues, either continuously or episodically, for longer than three consecutive months. "Chronic pain" does not, for purpose of the Pain Relief Act requirements, include pain associated with a terminal condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition.

E. "Clinical expert" means a person who, by reason of specialized education or substantial relevant experience in pain management, has knowledge regarding current standards, practices and guidelines.

F. "Controlled Substance" means a drug or substance listed in schedules I through V of the Controlled Substances Act or regulations adopted thereto.

G. "Delegate" means a person designated by a practitioner pursuant to 16.19.29.9 NMAC for the purpose of requesting and receiving prescription monitoring program (PMP) reports for that practitioner.

H. "Opioid" means the class of drugs that includes the natural derivatives of opium, which are morphine and codeine, and related synthetic and semi-synthetic compounds that act upon opioid receptors.

I. "Opioid antagonist" means a drug approved by the federal food and drug administration that when administered negates or neutralizes in whole or in part the pharmacological effects of an opioid analgesic in the body, including naloxone and such other medications approved by the board of pharmacy for the reversal of opioid analgesic overdoses.

J. "Pain" means acute or chronic pain or both.

K. "Physical dependence" means a state of adaptation that is manifested by a drug-specific withdrawal syndrome that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, administration of an antagonist, or a combination of these.

L. "Practitioner" means a New Mexico medical board licensee maintaining licensure pursuant to state law that allows that individual to prescribe, order, administer or dispense controlled substances to patients (see 16.19.29.7 NMAC).

M. "Prescription monitoring program" means a centralized system to collect, monitor, and analyze electronically, for controlled substances, prescribing and dispensing data submitted by pharmacies and dispensing practitioners. The data are used to support efforts in education, research, enforcement and abuse prevention.

N. "Schedule II-V" refers to any controlled substance listed in schedule II, III, IV, or V of the Controlled Substances Act found at Chapter 30, Article 31 NMSA 1978, regulations promulgated by the New Mexico board of pharmacy found at 16.19.20 NMAC, or federal controlled substances regulations promulgated pursuant to 21 U.S.C. 812.

O. "Stimulant" means any controlled substance referenced in Subsection C of 16.19.20.66 NMAC, Subsection A of 16.19.20.67 NMAC, Subsection D of 16.19.20.68 NMAC, or Subsection B of 16.19.20.69 NMAC, as may be amended from time to time.

P. "Therapeutic purpose" means the use of pharmaceutical and non-pharmaceutical medical treatment that conforms substantially to accepted guidelines for pain management and other conditions.

Q. "Tolerance" means a state of adaptation in which exposure to a drug induces changes that result in a diminution of one or more of the drug's effects over time.

[16.10.14.7 NMAC - N, 1/20/2003; A, 9/28/2012; A, 11/30/2016; A, 3/24/2020]

16.10.14.8 PRESCRIPTION MONITORING PROGRAM (PMP) REQUIREMENTS:

The intent of the New Mexico medical board in requiring participation in the PMP is to assist practitioners in balancing the safe use of controlled substances with the need to impede harmful and illegal activities involving these pharmaceuticals.

A. Any practitioner who holds a federal drug enforcement administration registration and a New Mexico controlled substance registration shall register with the board of pharmacy to become a regular participant in PMP inquiry and reporting.

B. A practitioner may authorize delegate(s) to access the prescription monitoring report consistent with board of pharmacy regulation 16.19.29 NMAC. While a practitioner's delegate may obtain a report from the state's prescription monitoring program, the practitioner is solely responsible for reviewing the prescription monitoring report and documenting the receipt and review of a report in the patient's medical record.

C. Before a practitioner prescribes or dispenses for the first time, a controlled substance in schedule II, III, IV or V to a patient for a period greater than four days, or if there is a gap in prescribing the controlled substance for 30 days or more, the practitioner shall review a prescription monitoring report for the patient for the preceding 12 months. When available, the practitioner shall review similar reports from adjacent states. The practitioner shall document the receipt and review of such reports in the patient's medical record.

D. A prescription monitoring report shall be reviewed a minimum of once every three months during the continuous use of a controlled substance in schedule II, III, IV or V for each patient. The practitioner shall document the review of these reports in the patient's medical record. Nothing in this section shall be construed as preventing a practitioner from reviewing prescription monitoring reports with greater frequency than that required by this section.

E. A practitioner does not have to obtain and review a prescription monitoring report before prescribing, ordering, or dispensing a controlled substance in schedule II, III, IV or V:

- (1)** for a period of four days or less; or
- (2)** to a patient in a nursing facility; or
- (3)** to a patient in hospice care; or
- (4)** when prescribing , dispensing or administering of:
 - (a)** testosterone; or
 - (b)** pregabalin; or
 - (c)** lacosamide; or
 - (d)** ezogabine; or
 - (e)** stimulant therapy for pediatric patients less than age 14.

F. Upon review of a prescription monitoring report for a patient, the practitioner shall identify, document and be aware of a patient currently:

- (1) receiving opioids from multiple prescribers;
- (2) receiving opioids and benzodiazepines concurrently;
- (3) receiving opioids for more than 12 consecutive weeks;
- (4) receiving more than one controlled substance analgesic;
- (5) receiving opioids totaling more than 90 morphine milligram equivalents per day;
- (6) exhibiting potential for abuse or misuse of opioids and other controlled substances, such as over-utilization, requests to fill early, requests for specific opioids, requests to pay cash when insurance is available, receiving opioids from multiple pharmacies.

G. Upon recognizing any of the above conditions described in Subsection F of 16.10.14.8 NMAC, the practitioner, using professional judgment based on prevailing standards of practice, shall take action as appropriate to prevent, mitigate, or resolve any potential problems or risks that may result in opioid misuse, abuse, or overdose. These steps may involve counseling the patient on known risks and realistic benefits of opioid therapy, prescription and training for naloxone, consultation with or referral to a pain management specialist, or offering or arranging treatment for opioid or substance use disorder. The practitioner shall document actions taken to prevent, mitigate, or resolve the potential problems or risks.

H. Practitioners licensed to practice in an opioid treatment program, as defined in 7.32.8 NMAC, shall review a prescription monitoring report upon a patient's initial enrollment into the opioid treatment program and every three months thereafter while prescribing, ordering, administering, or dispensing opioid treatment medications in schedule II, III, IV or V for the purpose of treating opioid use disorder. The practitioner shall document the receipt and review of a report in the patient's medical record.

[16.10.14.8 NMAC - N, 1/20/2003; A, 4/3/2005; A, 9/28/2012; A, 2/14/13; 16.10.14.8 NMAC - Rp, 16.10.14.10 NMAC, 11/30/2016]

16.10.14.9 REGULATIONS FOR THE APPROPRIATE TREATMENT OF PAIN WITH CONTROLLED SUBSTANCES:

The following regulations shall be used by the board to determine whether a health care practitioner's prescriptive practices are consistent with the appropriate treatment of pain.

A. The treatment of pain with various medicines or controlled substances is a legitimate medical practice when accomplished in the usual course of professional practice. It does not preclude treatment of patients with addiction, physical dependence

or tolerance who have legitimate pain. However, such patients do require very close monitoring and precise documentation.

B. The prescribing, ordering, administering or dispensing of controlled substances to meet the individual needs of the patient for management of chronic pain is appropriate if prescribed, ordered, administered or dispensed in compliance with the following.

(1) A practitioner shall complete a physical examination and include an evaluation of the patient's psychological and pain status. The medical history shall include any previous history of significant pain, past history of alternate treatments for pain, potential for substance abuse, coexisting disease or medical conditions, and the presence of a medical indication or contra-indication against the use of controlled substances.

(2) A practitioner shall be familiar with and employ screening tools as appropriate, as well as the spectrum of available modalities, in the evaluation and management of pain. The practitioner shall consider an integrative approach to pain management.

(3) A written treatment plan shall be developed and tailored to the individual needs of the patient, taking age, gender, culture, and ethnicity into consideration, with stated objectives by which treatment can be evaluated, e.g. by degree of pain relief, improved physical and psychological function, or other accepted measure. Such a plan shall include a statement of the need for further testing, consultation, referral or use of other treatment modalities.

(4) The practitioner shall discuss the risks and benefits of using controlled substances with the patient or surrogate or guardian, and shall document this discussion in the record.

(5) Complete and accurate records of care provided and drugs prescribed shall be maintained. When controlled substances are prescribed, the name of the drug, quantity, prescribed dosage and number of refills authorized shall be recorded. Prescriptions for opioids shall include indications for use. For chronic pain patients treated with controlled substance analgesic(s), the prescribing practitioner shall use a written agreement for treatment with the patient outlining patient responsibilities. As part of a written agreement, chronic pain patients shall receive all chronic pain management prescriptions from one practitioner and one pharmacy whenever possible.

(6) The management of patients needing chronic pain control requires monitoring by the attending or the consulting practitioner. The practitioner shall periodically review the course of treatment for chronic pain, the patient's state of health, and any new information about the etiology of the chronic pain at least every six months. In addition, a practitioner shall consult, when indicated by the patient's condition, with health care professionals who are experienced by the length and type of

their practice in the area of chronic pain control; such professionals need not be those who specialize in pain control.

(7) When prescribing opioids for chronic pain, practitioners shall require urine drug testing when starting opioid therapy and shall use urine drug testing at least every six months to assess for prescribed medications as well as other controlled prescription drugs and illicit drugs.

(8) If, in a practitioner's medical opinion, a patient is seeking pain medication for reasons that are not medically justified, the practitioner is not required to prescribe controlled substances for the patient.

C. Pain management for patients with substance use disorders shall include:

- (1) a contractual agreement;
- (2) appropriate consultation;
- (3) drug screening when other factors suggest an elevated risk of misuse or diversion; and
- (4) a schedule for re-evaluation at appropriate time intervals at least every six months.

D. The board will evaluate the quality of care on the following basis: appropriate diagnosis and evaluation; appropriate medical indication for the treatment prescribed; documented change or persistence of the recognized medical indication; and, follow-up evaluation with appropriate continuity of care. The board will judge the validity of prescribing based on the practitioner's treatment of the patient and on available documentation, rather than on the quantity and chronicity of prescribing. The goal is to control the patient's pain for its duration while effectively addressing other aspects of the patient's functioning, including physical, psychological, social, and work-related factors.

E. The board will review both over-prescription and under-prescription of pain medications using the same standard of patient protection.

F. A practitioner who appropriately prescribes controlled substances and who follows this section would be considered to be in compliance with this rule and not be subject to discipline by the board, unless there is some violation of the Medical Practice Act or board rules.

[16.10.14.9 NMAC - N, 4/3/2005; A, 9/28/2012; 16.10.14.9 NMAC - Rp, 16.10.14.8 NMAC, 11/30/2016]

16.10.14.10 PHYSICIAN, PHYSICIAN ASSISTANTS AND ANESTHESIOLOGIST ASSISTANTS TREATED WITH OPIATES:

Physicians, physician assistants or anesthesiologist assistants who have chronic pain and are being treated with opiates shall be evaluated by a pain clinic or, by a physician pain specialist, and must have a complete, independent neuropsychological evaluation, as well as clearance from their physician, before returning to or continuing in practice. In addition, they must remain under the care of a physician for as long as they remain on opiates while continuing to practice.

[16.10.14.10 NMAC - N, 9/28/2012; A, 2/14/13; 16.10.14.10 NMAC - Rp, 16.10.14.9 NMAC, 11/30/2016; A, 2/8/2022]

16.10.14.11 CONTINUING EDUCATION FOR THE PRESCRIBING OF CONTROLLED SUBSTANCES:

This section applies to all New Mexico medical board licensees who hold a federal drug enforcement administration registration and a New Mexico controlled substances registration. Pursuant to the Pain Relief Act, in order to ensure that all such health care practitioners safely prescribe for pain management and harm reduction, the following rules shall apply.

A. Immediate requirements effective November 1, 2012. Between November 1, 2012 and no later than June 30, 2014, all New Mexico medical board licensees who hold a federal drug enforcement administration registration and a New Mexico controlled substances registration, shall complete no less than five continuing medical education hours in appropriate courses that shall include:

- (1) an understanding of the pharmacology and risks of controlled substances;
- (2) a basic awareness of the problems of abuse, addiction and diversion;
- (3) awareness of state and federal regulations for the prescription of controlled substances;
- (4) management of the treatment of pain; and

(5) courses may also include a review of this rule 16.10.14 NMAC the applicability of such courses toward fulfillment of the continuing medical education requirement is subject to medical board approval. Practitioners who have taken continuing medical education hours in these educational elements between July 1, 2011 and November 1, 2012, may apply those hours toward the required five continuing medical education hours described in Subsection A of 16.10.14.11 NMAC.

B. Triennial requirements for physicians. Beginning with the July 1, 2014 triennial renewal date, pursuant to 16.10.4.8 NMAC, as part of the 75 continuing medical education hours required during each triennial renewal cycle, all New Mexico medical board physician licensees who hold a federal drug enforcement administration registration and a New Mexico controlled substances registration, shall be required to

complete and submit five continuing medical education hours. Appropriate courses shall include all of the educational elements described in Paragraph (1) through (5) of Subsection A of 16.10.14.11 NMAC. A licensee may request prior board approval of the applicability of any courses may be requested. These hours may be earned at any time during the three-year period immediately preceding the triennial renewal date. The five continuing medical education hours completed prior to July 1, 2014, as defined in Subsection A of 16.10.14.11 above, may be included as part of the required continuing medical education hours in pain management in either the triennial cycle in which these hours are completed, or the triennial cycle immediately thereafter.

C. Biennial requirements for physician assistants. Beginning with the July 1, 2014 biennial renewal date, 16.10.15.16 NMAC, in addition to the national commission on certification of physician assistants (NCCPA) certification required during each biennial renewal cycle pursuant to 16.10.15.16 NMAC, all New Mexico medical board physician assistant licensees who hold a federal drug enforcement administration registration and a New Mexico controlled substances registration, shall be required to complete and submit three continuing medical education hours. Appropriate courses shall include all of the educational elements described in Paragraph (1) through (5) of Subsection A of 16.10.14.11 NMAC, or other courses in pain management with controlled substances. A licensee may request prior board approval of the applicability of any courses may be requested. These hours may be earned at any time during the two-year period immediately preceding the renewal date. Three of the five continuing medical education hours completed prior to July 1, 2014, as defined in Subsection A of 16.10.14.11 NMAC above, may be included as part of these required three continuing medical education hours in pain management in either the biennial cycle in which these hours are completed, or the biennial cycle immediately thereafter. Any or all three of these hours may also be applied to satisfy NCCPA requirements for certification.

D. Biennial requirements for anesthesiologist assistants. Beginning with the July 1, 2014 biennial renewal date, 16.10.19.15 NMAC, all New Mexico medical board anesthesiologist assistant licensees who hold a federal drug enforcement administration registration and a New Mexico controlled substances registration, shall be required to complete and submit three continuing medical education hours. Appropriate courses shall include all of the educational elements described in Paragraph (1) through (5) of Subsection A of 16.10.14.11 NMAC, or other courses in pain management with controlled substances. A licensee may request prior board approval of the applicability of any courses may be requested. These hours may be earned at any time during the two-year period immediately preceding the renewal date. Three of the five continuing medical education hours completed prior to July 1, 2014, as defined in Subsection A of 16.10.14.11 NMAC above, may be included as part of these required three continuing medical education hours in pain management in either the biennial cycle in which these hours are completed, or the biennial cycle immediately thereafter.

E. Requirements for new licensees. All New Mexico medical board licensees, whether or not the New Mexico license is their first license, who hold a federal drug enforcement administration registration and a New Mexico controlled substances

registration, shall complete five continuing medical education hours in pain management during the first year of licensure. These continuing medical education hours completed prior to the first renewal may be included as part of the hours required in Subsections B, C or D of 16.10.11.14.11 NMAC.

[16.10.14.11 NMAC - N, 9/28/2012; A, 2/14/13; A, 11/30/2016]

16.10.14.12 NOTIFICATION:

In addition to the notice of procedures set forth in the State Rules Act, Section 14-4-1 et seq NMSA 1978, the board shall separately notify the following persons of the Pain Relief Act and Part 14 of the New Mexico medical board rule, 16.10.14 NMAC;

- A.** health care practitioners under its jurisdiction; and
- B.** a health care practitioner being investigated by the board in relation to the practitioner's pain management services.

[16.10.14.12 NMAC - N, 9/28/2012]

16.10.14.13 REQUIREMENTS FOR LICENSEES OF THE NEW MEXICO MEDICAL BOARD WHO PRESCRIBE, DISTRIBUTE OR DISPENSE OPIOID ANALGESICS:

A. A health care provider who prescribes, distributes or dispenses an opioid analgesic for the first time to a patient shall advise the patient on the risks of overdose and inform the patient of the availability of an opioid antagonist. With respect to a patient to whom an opioid analgesic has previously been prescribed, distributed or dispensed by the health care provider, the health care provider shall advise the patient on the risks of overdose and inform the patient of the availability of an opioid antagonist on the first occasion that the health care provider prescribes, distributes or dispenses an opioid analgesic each calendar year.

B. A health care provider who prescribes an opioid analgesic for a patient shall co-prescribe an opioid antagonist if the amount of opioid analgesic being prescribed is at least a five-day supply. The prescription for the opioid antagonist shall be accompanied by written information regarding the temporary effects of the opioid antagonist and techniques for administering the opioid antagonist. That written information shall contain a warning that a person administering the opioid antagonist should call 911 immediately after administering the opioid antagonist.

[16.10.14.13 NMAC - N, 3/24/2020]

PART 15: PHYSICIAN ASSISTANTS: LICENSURE AND PRACTICE REQUIREMENTS

16.10.15.1 ISSUING AGENCY:

New Mexico Medical Board hereafter called the board.

[16.10.15.1 NMAC - Rp, 16.10.15.1 NMAC, 1/16/2018]

16.10.15.2 SCOPE:

This part applies to physician assistants and their supervising physicians.

[16.10.15.2 NMAC - Rp, 16.10.15.2 NMAC, 1/16/2018]

16.10.15.3 STATUTORY AUTHORITY:

This part is adopted pursuant to the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.15.3 NMAC - Rp, 16.10.15.3 NMAC, 1/16/2018]

16.10.15.4 DURATION:

Permanent.

[16.10.15.4 NMAC - Rp, 16.10.15.4, 1/16/2018]

16.10.15.5 EFFECTIVE DATE:

January 16, 2018, unless a later date is cited at the end of a section.

[16.10.15.5 NMAC - Rp, 16.10.15.5 NMAC, 1/16/2018]

16.10.15.6 OBJECTIVE:

This part regulates the licensing and practice of physician assistants and their supervision by or collaboration with licensed physicians.

[16.10.15.6 NMAC - Rp, 16.10.15.6 NMAC, 1/16/2018]

16.10.15.7 DEFINITIONS:

A. "AAPA" means American academy of physician assistants.

B. "Interim license" means permission issued by the board that allows a physician assistant to practice for one year pending completion of all licensing requirements.

C. "Effective supervision" means the exercise of physician oversight, control, and direction of services rendered by a physician assistant. Elements of effective supervision include:

(1) on-going availability of direct communication, either face-to-face or by electronic means;

(2) active, ongoing review of the physician assistants services, as appropriate, for quality assurance and professional support;

(3) a predetermined plan for emergency situations; and

(4) identification of other supervising physicians, as appropriate to the practice setting.

D. "Lapsed" means a license that has not been renewed by March 1 of the expiration year and has been suspended for non-renewal. A license that has lapsed is not valid for practice in New Mexico.

E. "Collaboration" means the process by which a licensed physician and physician assistant jointly contribute to the health care and treatment of patients; provided that:

(1) each collaborator performs actions that the collaborator is licensed or otherwise authorized to perform; and

(2) collaboration shall not be construed to require the physical presence of the licensed physician at the time and place services are rendered by the collaborating physician assistant.

F. "Collaborating Physician" means a physician who holds a current unrestricted license and does not assume legal responsibility for the health care performed by the collaborating physician assistant. A physician under an active monitoring contract with the New Mexico monitored treatment program who meets the other qualifications of this subsection may also act as a collaborating physician.

G. "Criminal history record" means information concerning a person's arrests, indictments, or other formal criminal charges and any dispositions arising there from, including convictions, dismissals, acquittals, sentencing and correctional supervision, collected by state or federal criminal justice agencies or their political subdivisions and stored in the computerized databases of the federal bureau of investigation, the national law enforcement telecommunications systems, the department of public safety or the repositories of criminal history information in other states or their political subdivisions.

H. "Criminal history screening" means a criminal history background investigation of an applicant for licensure by examination or endorsement, or a licensee applying for licensure renewal, through the use of fingerprints reviewed by the department of public safety and submitted to the federal bureau of investigation, resulting in the generation of a nationwide criminal history record for that applicant.

I. **"Major disaster"** means a declaration of a major disaster by the federal emergency management agency (FEMA).

J. **"NCCPA"** means national commission on certification of physician assistants.

K. **"Primary Care"** means health care provided by a healthcare provider who typically acts as the first contact and principal point of continuing care for patients and coordinates other specialist care or services that the patient may require. Primary care specialties are combined internal medicine and pediatrics, family medicine, general internal medicine, geriatrics (gerontology), general obstetrics and gynecology and general pediatrics.

L. **"Direct communication"** means communication between the supervising physician and physician assistant, in person, telephonically, by email or other electronic means.

M. **"Scope of practice"** means:

(1) For a supervised physician assistant, means duties and limitations of duties placed upon them by their supervising physician and the board and includes the limitations implied by the field of practice of the supervising physician; and

(2) For a collaborating physician assistant, means those duties which are within their education, training, and experience pursuant to Section 61-6-6 NMSA 1978.

N. **"Supervising physician"** means a physician who holds a current unrestricted license, provides a notification of supervision, assumes legal responsibility for health care tasks performed by the physician assistant and is approved by the board. A physician under an active monitoring contract with the New Mexico monitored treatment program who meets the other qualifications of this subsection may also act as a supervising physician.

O. **"Suspended for non-renewal"** means a license that has not been renewed by May 31 of the expiration year, and is lapsed, which is a non-disciplinary action.

P. **"Military service member"** means a person who is serving in the armed forces of the United States or in a reserve component of the armed forces of the United States, including the national guard, or the spouse of such an individual.

Q. **"Recent veteran"** means a person who has received an honorable discharge or separation from military service within the two years immediately preceding the date the person applies for a physician assistant license pursuant to section 16.10.15.17 NMAC. The veteran shall submit a copy of form DD214, or its equivalent, as part of the application process.

[16.10.15.7 NMAC - Rp, 16.10.15.7 NMAC, 1/16/2018; A/E, 4/17/2020]

16.10.15.8 QUALIFICATIONS FOR LICENSURE AS A PHYSICIAN ASSISTANT UNDER SUPERVISION:

A. graduation from a program for physician assistants accredited by the committee on allied health education and accreditation (CAHEA) of the American medical association, the accreditation review committee on education for the physician assistant (ARC-PA) or its successor agency, or passed the physician assistant national certifying examination administered by NCCPA prior to 1986 and has proof of continuous practice with an unrestricted license as a physician assistant in another state for four years prior to application;

B. current NCCPA certification or certification by another certifying agency approved by the board;

C. supervising physician per 16.10.15.11;

D. good moral and professional character; and

E. any other proof of competency as may be requested by the board.

[16.10.15.8 NMAC - Rp, 16.10.15.8 NMAC, 1/16/2018]

16.10.15.9 LICENSURE PROCESS FOR A PHYSICIAN ASSISTANT UNDER SUPERVISION:

Each applicant for a license as a physician assistant under supervision shall submit the required fees and following documentation.

A. A completed application for which the applicant has supplied all information and correspondence requested by the board on forms and in a manner acceptable to the board. Applications are valid for one year from the date of receipt.

B. Two letters of recommendation from physicians licensed to practice medicine in the United States or physician assistant program directors, or the director's designee, who have personal knowledge of the applicant's moral character and competence to practice.

C. Verification of licensure in all states where the applicant holds or has held a license to practice as a physician assistant, or other health care profession. Verification must be sent directly to the board from the other state board(s).

D. Verification of all work experience in the last two years, if applicable, provided directly to the board.

E. Upon receipt of a completed signed application and fee, a member or agent of the board will review the application and may approve the license. The applicant may

be scheduled for a personal interview before the board, a board member designated by the board, or an agent of the board.

F. The initial license is valid until March 1 of the year following expiration of certification by NCCPA or other certifying agency approved by the board.

G. All applicants for initial licensure as a physician assistant are subject to a state and national criminal history screening at their expense.

(1) Applications for licensure will not be processed until receipt of the background check requirements verification.

(2) Applications will be processed pending the completion of the nationwide criminal background screening and may be granted while the screening is still pending.

(3) If the criminal background screening reveals a criminal arrest or charge, the applicant/licensee will be notified to submit copies of legal documents and other related information to the board. Failure to report a criminal arrest or charge is a violation of the Medical Practice Act.

[16.10.15.9 NMAC - Rp, 16.10.15.9 NMAC, 1/16/2018; A, 2/8/2022]

16.10.15.10 APPROVAL OF SUPERVISING PHYSICIANS:

A. Pursuant to Section 61-6-10 NMSA 1978, a physician may supervise as many physician assistants as the physician can effectively supervise and communicate within the circumstances of their particular practice setting.

B. All supervising physicians shall submit written notice of intent to supervise a physician assistant on forms prescribed by the board.

C. Within 30 days after an employer terminates the employment of a physician assistant, the supervising physician or the physician assistant shall submit a written notice to the board providing the date of termination and reason for termination.

D. A physician assistant who is employed by the United States government and who works on land or in facilities owned or operated by the United States government or a physician assistant who is a member of the reserve components of the United States and on official orders or performing official duties as outlined in the appropriate regulation of that branch may be licensed in New Mexico with proof that their supervising physician holds an active medical license in another state.

[16.10.15.10 NMAC - Rp, 16.10.15.11 NMAC, 1/16/2018]

16.10.15.11 SUPERVISION OF A PHYSICIAN ASSISTANT:

Supervision of a physician assistant must be rendered by a licensed supervising physician.

A. Responsibility of supervising physician.

(1) Provide direction to the physician assistant to specify what medical services should be provided. This may be done through a written utilization plan or by other direct communications.

(2) Provide a means for immediate communication between the physician assistant and the supervising physician.

(3) Comply with the quality assurance requirements specified in Subsection B of 16.10.15.11 NMAC.

B. Quality assurance requirements. A quality assurance program for review of medical services provided by the physician assistant must be in place.

[16.10.15.11 NMAC - Rp, 16.10.15.12 NMAC, 1/16/2018]

16.10.15.12 QUALIFICATIONS FOR COLLABORATIVE PHYSICIAN ASSISTANT LICENSURE:

A. graduation from a program for physician assistants accredited by the committee on allied health education and accreditation (CAHEA) of the American medical association, the accreditation review committee on education for the physician assistant (ARC-PA) or its successor agency, or passed the physician assistant national certifying examination administered by NCCPA prior to 1986 and has proof of continuous practice with an unrestricted license as a physician assistant in another state for four years prior to application;

B. current NCCPA certification or certification by another certifying agency approved by the board;

C. practice primary care as defined in Subsection J of 16.10.15.7 NMAC;

D. completed three years of clinical practice as a physician assistant with supervision by a licensed physician;

E. maintain a policy of malpractice liability insurance;

D. good moral and professional character; and

E. any other proof of competency as may be requested by the board.

[16.10.15.12 NMAC - N, 1/16/2018]

16.10.15.13 LICENSURE PROCESS FOR A COLLABORATIVE PHYSICIAN ASSISTANT:

Each applicant for a collaborative physician assistant license shall submit the required fees and following documentation.

A. A completed application for which the applicant has supplied all information and correspondence requested by the board on forms and in a manner acceptable to the board. Applications are valid for one year from the date of receipt.

B. Two letters of recommendation from physicians licensed to practice medicine in the United States or physician assistant program directors, or the director's designee, who have personal knowledge of the applicant's moral character and competence to practice.

C. Verification of licensure in all states where the applicant holds or has held a license to practice as a physician assistant, or other health care profession.

E. Verification of three years of clinical practice as a physician assistant.

F. Verification of current malpractice liability insurance.

G. All applicants may be scheduled for a personal interview before the board or the board's designee for an interview and must present original documents, as the board requires.

H. The initial license is valid until March 1 of the year following expiration of NCCPA or other certifying agency approved by the board.

I. License by endorsement from New Mexico board of osteopathic examiners. Applicants who are currently licensed in good standing by the New Mexico board of osteopathic examiners may be licensed by endorsement upon receipt of a verification of licensure directly from the New Mexico board of osteopathic examiners; verification of three years of clinical practice as a physician assistant, and verification of current malpractice liability insurance as well as meet other listed requirements.

J. All applicants for initial licensure as a physician assistant are subject to a state and national criminal history screening at their expense.

(1) Applications for initial licensure will not be processed until receipt of the background check requirements verification.

(2) Applications for initial licensure will be processed pending the completion of the nationwide criminal background screening and may be granted while the screening is still pending.

(3) If the criminal background screening reveals a criminal arrest or charge, the applicant/licensee will be notified to submit copies of legal documents and other related information to the board. Failure to report a criminal arrest or charge is a violation of the Medical Practice Act.

[16.10.15.13 NMAC - N, 1/16/2018]

16.10.15.14 COLLABORATIVE AND SUPERVISED STATUS:

A. A physician assistant may request a change from supervised to collaborative status by submitting verification of at least three years of clinical practice supervised by a licensed physician and provide proof of current malpractice liability insurance. This change will allow the physician assistant to work as a collaborative or supervised physician assistant.

B. A physician assistant may request a change from collaborative to supervised status by submitting a supervising physician form to the board.

[16.10.15.14 NMAC - N, 1/16/2018]

16.10.15.15 INTERIM AND TRAINING PERMITS:

A. Interim permits are issued to qualified applicants who have completed the application process and complied with all other licensure requirements except certification by the NCCPA or other certifying agency approved by the board.

(1) Physician assistants not currently certified by NCCPA or other certifying agency approved by the board, have a one-time grace period of one year from the date of graduation from a program approved by ARC-PA or its successor agency to become certified.

(2) Interim permits expire at the end of the one year grace period. Upon expiration of the interim permit the physician assistant may no longer practice, but may reapply upon certification by NCCPA or other certifying agency approved by the board.

B. Training permits may be issued to qualified applicants, regardless of certification status by NCCPA or other certifying agency approved by the board, who have completed the application process and who have not been actively and continuously in clinical practice for the two years prior to application and who are required by the board to undertake appropriate retraining prior to licensure or reinstatement. A training permit shall be valid for one year and may not be renewed.

[16.10.15.15 NMAC - Rp, 16.10.15.10 NMAC, 1/16/2018]

16.10.15.16 SCOPE OF PRACTICE:

A. Unless otherwise provided by law, physician assistants may provide medical services within the scope of the physician assistants' education and experience.

B. A physician assistant may assist a designated supervising physician or collaborating physician in an inpatient or surgical health care institution within the institution's bylaws or policies including act as a first surgical assistant in the performance of surgery, when permitted by the institution's bylaws or regulations.

[16.10.15.16 NMAC - Rp, 16.10.15.13 NMAC, 1/16/2018]

16.10.15.17 PRACTICE LIMITATIONS:

Practice limitations are determined by the supervising physician's or specialty and practice setting in addition to the physician assistant's education and training.

[16.10.15.17 NMAC - Rp, 16.10.15.14 NMAC, 1/16/2018]

16.10.15.18 LICENSE EXPIRATION, RENEWAL, CHANGE OF STATUS:

A. Physician assistant licenses expire on March 1 of the year following expiration of certification by NCCPA or other certifying agency approved by the board. To avoid additional penalty fees, a completed renewal application, accompanied by the required fees, proof of current certification of NCCPA or other certifying agency approved by the board, and other documentation must be submitted through the online renewal system, post-marked or hand-delivered on or before March 1 of the expiration year. A New Mexico physician assistant license that has not been renewed by March 1 of the renewal year will remain temporarily active with respect to medical practice until June 1 of the renewal year at which time, the board shall suspend the license for non-renewal and the status shall be changed to lapsed.

B. The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to assure the board has accurate address information and to make a timely request for the renewal application if one has not been received prior to license expiration.

C. Renewal applications postmarked or hand-delivered after March 1 but prior to April 15 must be accompanied by the completed renewal application, proof of current certification of NCCPA or other certifying agency approved by the board, the renewal fee and late fee indicated in 16.10.9.9 NMAC.

D. Renewal applications postmarked or hand-delivered on or after April 16 but prior to May 30 must be accompanied by the completed renewal application, proof of current certification of NCCPA or other certifying agency approved by the board, the renewal fee and late fee indicated in 16.10.9.9 NMAC.

E. A physician assistant who has not passed the NCCPA recertification exam or been recertified by another certifying agency approved by the board, prior to the date of license expiration may apply to the board for an emergency deferral of the requirement. A designee of the board may grant deferrals of up to one year.

(1) A physician assistant who is granted an emergency deferral shall pay the renewal fee and additional late fee indicated in 16.10.9.9 NMAC.

(2) The license of a physician assistant who is granted an emergency deferral shall expire two years after the original renewal date, regardless of the duration of the emergency deferral.

F. The board shall suspend for non-renewal and change the status to lapsed on June 1 of the renewal year, the license of any physician assistant who has failed within 90 days after the license renewal date to renew their license, or to change the license status, or to pay all required fees, or to comply with the boards certification requirements, or to provide required documentation, or to request an emergency deferral.

G. At the time of license renewal a physician assistant may request a status change.

(1) A license that is placed on inactive status requires payment of a fee as defined in 16.10.9.9 NMAC. A license in inactive status is not valid for practice in New Mexico but may be reinstated in accordance with the provisions of 16.10.15.16 NMAC.

(2) On request, a license may be placed on retired status. There is no charge for this change in status. A retired license is not valid for practice in New Mexico and such license may not subsequently be reinstated. A physician assistant with a retired license who chooses to reinstate the license must re-apply as a new applicant.

(3) A physician assistant who does not wish to renew the active license in New Mexico and will voluntarily allow the license to lapse may inform the board of the wish not to renew. A voluntarily lapsed license is not valid for practice in New Mexico but may be reinstated in accordance with the provisions of 16.10.15.17 NMAC.

H. Reinstatement within two years. An inactive, lapsed, voluntarily lapsed or suspended license may be placed on active status upon completion of a renewal application in which the applicant has supplied all required fees and proof of current certification by NCCPA or other certifying agency approved by the board.

I. Reinstatement after two years. An inactive, lapsed, voluntarily lapsed or suspended license may be placed on active status upon completion of a reinstatement application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board. Applicants may be required to personally appear before the board or the board's designee for an interview.

J. Reinstatement applications will be subject to a one-time nationwide and statewide criminal history screening.

(1) Reinstatement applications will be processed pending the completion of the statewide criminal history screening and may be granted while the screening still pending.

(2) If the nationwide or statewide criminal background screening reveals a felony or a violation of the Medical Practice Act, the licensee will be notified to submit copies of legal documents and other related information to the board which will make the determination if the applicant is eligible for licensure or if disciplinary action will be taken.

K. Additional continuing medical education requirements. The specific continuing medical education requirements set forth at 16.10.15 NMAC shall be satisfied for license renewal. Proof of satisfaction of these requirements shall be submitted directly to the board.

[16.10.15.18 NMAC - Rp, 16.10.15.16 NMAC, 1/16/2018]

16.10.15.19 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION:

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a physician assistant license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and issue the appropriate license as soon as practicable. Any qualified applicant seeking expedited consideration pursuant to this section shall submit a copy of form DD214 or its equivalent with their application.

[16.10.15.19 NMAC - Rp, 16.10.15.17 NMAC, 1/16/2018]

16.10.15.20 EXEMPTION FROM LICENSURE:

A. A physician assistant student enrolled in a physician assistant or surgeon assistant educational program accredited by the committee on allied health education and accreditation or by its successor shall be exempt from licensure while functioning as a physician assistant student.

B. A physician assistant employed by the United States government and who works on land or in facilities owned or operated by the United States government or a physician assistant who is a member of the reserve components of the United States and on official orders or performing official duties as outlined in the appropriate regulation of that branch.

[16.10.15.20 NMAC - Rp, 16.10.15.15 NMAC, 1/16/2018]

16.10.15.21 PROVISIONS FOR PHYSICIAN ASSISTANT LICENSURE DURING A DECLARED DISASTER:

The board may waive documentation requirements for any new or pending applications when the disaster delays or prohibits the procuring of the required documents. The board will determine the length of time the emergency provisions will be in effect for each major disaster that results in applications for a federal emergency license.

A. Federal emergency license. The board may waive specific requirements in Subsections B and D of 16.10.15.9 NMAC if the applicant is unable to obtain the documentation from individuals or institutions located in the disaster area.

B. License expiration. Initial federal emergency licenses shall be valid for not less than three months or more than fifteen months. Licenses shall be renewed on March 1 following the date of issue, pursuant to 16.10.15.18 NMAC. The board reserves the right to request additional documentation, including but not limited to recommendation forms and work experience verification forms prior to approving license renewal. At the time a federal emergency license is approved for renewal it will be transferred to a full medical license.

C. License renewal. The temporary federal emergency license may be renewed one time for a period of not more than twelve months with a prorated fee of \$75.00, provided the federal emergency is still in effect.

[16.10.15.22 NMAC – N/E, 4/17/2020]

PART 16: ADMINISTERING, PRESCRIBING AND DISTRIBUTION OF MEDICATIONS

16.10.16.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.16.1 NMAC - Rp 16.10.16.1 NMAC, 9/10/2019]

16.10.16.2 SCOPE:

This part applies to physician assistants.

[16.10.16.2 NMAC - 16.10.16.2 NMAC, 9/10/2019; A, 3/24/2020]

16.10.16.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.16.3 NMAC - 16.10.16.3 NMAC, 9/10/2019]

16.10.16.4 DURATION:

Permanent.

[16.10.16.4 NMAC - 16.10.16.4 NMAC, 9/10/2019]

16.10.16.5 EFFECTIVE DATE:

September 10, 2019 unless a later date is cited at the end of a section.

[16.10.16.5 NMAC - 16.10.16.5 NMAC, 9/10/2019]

16.10.16.6 OBJECTIVE:

This part sets forth the manner in which a physician assistant may prescribe, administer, dispense and distribute dangerous drugs.

[16.10.16.6 NMAC - 16.10.16.6 NMAC, 9/10/2019]

16.10.16.7 DEFINITIONS:

A. "Administer" means to apply a drug directly to the body of a patient by any means.

B. "Dispense" means to deliver a drug directly to a patient and includes the mixing, labeling and repackaging of a drug from a bulk or original container.

C. "Distribute" means to administer or supply to a patient under the direct care of the distributing physician assistant prepared or repackaged drugs or the manufacturer's original container(s), containing a quantity suitable for the prescribed treatment or condition.

D. "Established physician assistant-patient relationship" means a relationship between a physician assistant and a patient that is for the purpose of maintaining the patient's well-being. At a minimum, this relationship is established by an interactive encounter between patient and physician assistant involving an appropriate history and physical or mental status examination sufficient to make a diagnosis and to provide, prescribe or recommend treatment, with the informed consent from the patient and availability of the physician assistant or coverage for the patient for appropriate follow-up care. A medical record must be generated by the encounter.

E. "Physician assistant" means a health professional who is licensed by the board to practice as a physician assistant.

F. "Prescribe" means to issue an order individually for the person for whom prescribed, either directly from the prescriber to the pharmacist or indirectly by means of a written or electronic order signed by the prescriber, bearing the name and address of the prescriber, license classification, the name and date of birth of the patient, the name of the drug prescribed, direction for use and the date of issue.

[16.10.16.7 NMAC - 16.10.16.7 NMAC, 9/10/2019]

16.10.16.8 PRESCRIBING, ADMINISTERING, DISPENSING AND DISTRIBUTING DANGEROUS DRUGS:

A. Physician assistants may prescribe, administer, dispense and distribute dangerous drugs; including Schedule II-V controlled substances, where there is an established physician assistant-patient relationship. Physician assistants must comply with all other state and federal laws regulating prescribing, administering, dispensing and distributing dangerous drugs including Schedule II-V controlled substances.

B. A physician assistant may only provide pharmaceuticals within the extent of their scope of practice and training. Physician assistants may not provide dangerous drugs to individuals for other than those that they have a physician assistant-patient relationship.

[16.10.16.8 NMAC - 16.10.16.8 NMAC, 9/10/2019]

PART 17: MANAGEMENT OF MEDICAL RECORDS

16.10.17.1 ISSUING AGENCY:

New Mexico Medical Board hereafter called the board.

[16.10.17.1 NMAC - N, 7/1/06]

16.10.17.2 SCOPE:

This part governs the use management of medical records that are created and maintained as part of the practice of a physician who has physical possession or ownership of the records.

[16.10.17.2 NMAC - N, 7/1/06]

16.10.17.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Medical Practice Act, sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.17.3 NMAC - N, 7/1/06]

16.10.17.4 DURATION:

Permanent.

[16.10.17.4 NMAC - N, 7/1/06]

16.10.17.5 EFFECTIVE DATE:

July 1, 2006, unless a later date is cited at the end of a section.

[16.10.17.5 NMAC - N, 7/1/06]

16.10.17.6 OBJECTIVE:

This part establishes requirements and procedures for management of medical records.

[16.10.17.6 NMAC - N, 7/1/06]

16.10.17.7 DEFINITIONS:

A. "Electronic medical billing" means all data defined in Subsection D of this section that is kept by computer hard drive or disk, server hard drives or other media which is printer capable upon request.

B. "Electronic medical records" means all information contained in Subsection E of this section that is kept by computer hard drive or disk, server hard drives or other media, which is printer capable upon request.

C. "Group practice" means an association of providers who practice jointly. Providers need not be of the same specialty; however, they shall practice under a common entity. Group practice does not include any government agency or non-profit organization that employs providers.

D. "Medical billing" means all data kept by a physician to procure payment including, but not limited to, claims processing, forms, submissions, correspondence, and accounting ledgers.

E. "Medical record" means all information maintained by a physician relating to the past, present or future physical or mental health of a patient, and for the provision of health care to a patient. This information includes, but is not limited to: the physician's notes; reports and summaries; x-rays and laboratory results; other diagnostic test results. A patient's complete medical record includes information generated and maintained by the physician, as well as information provided to the physician by the patient, by any other physician who has consulted with or treated the patient, and other information acquired by the physician about the patient in connection with the provision

of health care to the patient. Medical record does not include medical billing, insurance forms or correspondence related thereto.

F. "Established physician- or physician assistant-patient relationship" means a relationship between a physician or physician assistant and a patient that is for the purpose of maintaining the patient's well-being. At a minimum, this relationship is established by an interactive encounter between patient and physician or physician assistant involving an appropriate history and physical or mental status examination sufficient to make a diagnosis and to provide, prescribe or recommend treatment, with the informed consent from the patient and availability of the physician or physician assistant or coverage for the patient for appropriate follow-up care. A medical record must be generated by the encounter.

G. "Psychotherapy notes" means notes recorded in any medium by a health care provider who is a mental health professional documenting or analyzing the contents of conversation during a private counseling session or a group, joint, or family counseling session and that are separated from the rest of the individual's medical record. Psychotherapy notes exclude information that is found in the medical record, including medication prescription and monitoring, counseling session start and stop times, the modalities and frequencies of treatment furnished, results of clinical tests and any summary of the following items: diagnosis, functional status, the treatment plan, symptoms, prognosis and progress to date. To meet the definition of psychotherapy notes, the information must be separated from the rest of the individual's medical record.

[16.10.17.7 NMAC - N, 7/1/06; A, 1/1/09]

16.10.17.8 RELEASE OF MEDICAL RECORDS:

Physicians must provide complete copies of medical records to a patient or to another physician in a timely manner when legally requested to do so by the patient or by a legally designated representative of the patient. This should occur with a minimum of disruption in the continuity and quality of medical care being provided to the patient. If the medical records are the property of a separate and independent organization, the physician should act as the patient's advocate and work to facilitate the patient's request for records.

A. Medical records may not be withheld because an account is overdue or a bill for treatment, medical records, or other services is owed.

B. A reasonable cost-based charge may be made for the cost of duplicating and mailing medical records. A reasonable charge is not more than \$30 for the first 15 pages, and \$0.25 per page thereafter. Patients may be charged the actual cost of reproduction for electronic records and record formats other than paper, such as x-rays. The board will review the reasonable charge periodically. Physicians charging for the

cost of reproduction of medical records shall give consideration to the ethical and professional duties owed to other physicians and their patients.

C. Psychotherapy notes must be maintained separately from the patient's medical record, and may be withheld from the patient. The patient does not have the right to read, amend or have a copy of psychotherapy notes. Release of psychotherapy notes to other health care providers requires express authorization from the patient.

[16.10.17.8 NMAC - N, 7/1/06; A, 1/1/09]

16.10.17.9 CLOSING, SELLING, RELOCATING OR LEAVING A PRACTICE:

Due care should be taken when closing or departing from a practice to ensure a smooth transition from the current physician to the new treating physician. This should occur with a minimum of disruption in the continuity and quality of medical care being provided to the patient. Whenever possible, notification of patients is the responsibility of the current treating physician.

A. Whenever possible, active patients and patients seen within the previous three years must be notified at least 30 days before closing, selling, relocating or leaving a practice. The method of notification is established in Subsection C of this section.

B. The executor of the physician's estate or his designee shall notify patients within at least thirty (30) days after the death of the physician and indicate how to obtain patient records from the closed practice. The method of notification is established in Subsection C of this section.

C. Notification may be satisfied using any of the following methods:

(1) by placing a notice in at least one newspaper in the local practice area; notice should advise patients where their medical records will be stored; notice should include any pertinent information the patient may need for obtaining or transferring the records, including the name, mailing address and telephone number of a contact person with access to the stored records; notification should run a minimum of two times per month for three months to reach a maximum number of patients; or

(2) by written or electronic mail; or

(3) by individual correspondence to the patient's last known physical or electronic mail address.

D. A physician or physician group should not withhold patient lists or other information from a departing physician that is necessary for notification of patients.

E. Patients of a physician who leaves a group practice must be notified the physician is leaving, notified of the physician's new address and offered the opportunity to have their medical records transferred to the departing physician at his new practice.

F. When a practice is sold, all active patients must be notified that the physician is transferring the practice to another physician or entity who will retain custody of their records and that at their written request the records (or copies) will be sent to another physician or entity of their choice.

G. When a physician closes a practice and the practice retains an inventory of drugs, contact the board of pharmacy for proper disposition, inventory, or inspection in accordance with the Pharmacy Act, the Drug Device and Cosmetic Act, and the Controlled Substances Act.

H. A physician or group practice shall develop a procedure for closing a practice and patient notification in the event a physician becomes incompetent or deceased. This procedure shall be available upon request by the board.

I. Notification shall also be sent to the board office within at least thirty (30) days before closing by electronic mail, facsimile, or letter.

[16.10.17.9 NMAC - N, 7/1/06; A, 1/1/09]

16.10.17.10 RETENTION, MAINTENANCE AND DESTRUCTION OF MEDICAL RECORDS:

A. Improper management of medical records, including failure to maintain timely, accurate, legible and complete medical records constitutes a violation of 61-6-15.D(33). Physicians must provide every patient with a written copy of their policy or their employer's policy for medical record retention, maintenance and destruction.

B. Written medical record policy shall include:

- (1) responsible entity/agent name of contact to obtain records or request transfer of records, telephone number and mailing address;
- (2) how the records can be obtained or transferred;
- (3) how long the records will be maintained before they are destroyed; and
- (4) cost of obtaining copies of records, and of recovering records/transferring records.

C. Electronic medical record policy shall include:

(1) responsible entity/agent to obtain records, requests for transfer of records, telephone number and mailing address;

(2) how the records can be obtained or transferred;

(3) how long the records will be maintained before they are destroyed or purged;

(4) a data backup plan, disaster recovery plan and storage which ensures retrievability into reasonably usable form on a timely basis upon any request; and

(5) transfer of data via electronic file with appropriate safeguards to ensure patient confidentiality.

D. Physicians must retain medical records that they own for at least ten (10) years after the date of last treatment or the time frame set by state or federal insurance laws or by medicare and medicaid regulation. Medical records for patients who are minors must be retained until the date that the patient is twenty-one (21) years old. If a physician converts hard copies of medical records to electronic medical records, the hard copy shall be retained by the physician for a minimum of thirty (30) days after electronic transfer has occurred.

E. Physicians shall retain medical billing information for at least two (2) years after the date of last treatment.

F. The board adopts the ethical standards for medical record retention and maintenance set forth in the latest published version of the "*code of medical ethics current opinions with annotations*" of the council on ethical and judicial affairs of the American medical association. Physicians have an obligation to retain patient records which may reasonably be of value to a patient. Beyond the time frame established in Subsection D of this section, medical considerations are the primary basis for deciding how long to retain medical records. In deciding whether to keep certain parts of the record, an appropriate criterion is whether a physician would want the information if he or she were seeing the patient for the first time. For example, operative notes, chemotherapy records and immunization records must remain part of the patient's chart.

G. Destruction of medical records must be such that confidentiality is maintained. Records must be destroyed by shredding, incinerating (where permitted) or by other method of permanent destruction, including purging of medical records from a computer hard drive, server hard drive or other computer media or disk in accordance with existing practices for data deletion then available.

H. A log must be kept of all charts destroyed, including the patient's name and date of record destruction in accordance and under the same time frame established in Subsection D of this section.

[16.10.17.10 NMAC - N, 7/1/06; A, 1/1/09]

PART 18: [RESERVED]

PART 19: QUALIFICATIONS AND LICENSURE FOR ANESTHESIOLOGIST ASSISTANTS

16.10.19.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.19.1 NMAC - N, 8/11/01; A, 10/5/03]

16.10.19.2 SCOPE:

This part applies anesthesiologist assistants and their supervising anesthesiologists.

[16.10.19.2 NMAC - N, 8/11/01]

16.10.19.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to and in accordance with the Anesthesiologist Assistants Act, Session Laws of 2001, Ch. 311, Sections 1 through 11.

[16.10.19.3 NMAC - N, 8/11/01]

16.10.19.4 DURATION:

Permanent.

[16.10.19.4 NMAC - N, 8/11/01]

16.10.19.5 EFFECTIVE DATE:

8/11/01, unless a later date is cited at the end of a section.

[16.10.19.5 NMAC - N, 8/11/01; A, 9/21/09]

16.10.19.6 OBJECTIVE:

This part regulates the licensing and practice of anesthesiologist assistants and their supervision by anesthesiologists.

[16.10.19.6 NMAC - N, 8/11/01]

16.10.19.7 DEFINITIONS:

A. "Lapsed" means a license that has not been renewed by September 30 of the expiration year and has been suspended for non-renewal. A license that has lapsed is not valid for practice in New Mexico.

B. "Military service member" means a person who is serving in the armed forces of the United States or in a reserve component of the armed forces of the United States, including the national guard.

C. "Recent veteran" means a person who has received an honorable discharge or separation from military service within the two years immediately preceding the date the person applies for an anesthesiologist assistant license pursuant to section 16.10.19.10. The veteran shall submit a copy of Form DD214, or its equivalent, as part of the application process.

D. "Supervising anesthesiologist" means an anesthesiologist currently and actively licensed in the state of New Mexico who meets the requirements of the act, who will function as the supervisor of the anesthesiologist assistant, and whose application to do so is accepted by the board.

E. "Suspended for non-renewal" means a license that has not been renewed by September 30 of the expiration year, and has at the discretion of the board, been lapsed.

[16.10.19.7 NMAC - N, 8/11/01; A, 9/21/09; A, 10/16/13]

16.10.19.8 QUALIFICATIONS FOR LICENSURE:

A. Completion of a graduate level training program for anesthesiologist assistants accredited by the committee on allied health education and accreditation (CAHEA) of the American medical association or its successor agency.

B. Successful completion of the certification examination of the national commission on certification of anesthesiologist assistants (NCCAA).

C. Current ACLS certification.

D. Be of good moral and professional character.

E. Not have had a anesthesiologist assistant registration or license refused, suspended, or revoked by any other state for reasons that relate to the ability to perform skillfully and safely.

[16.10.19.8 NMAC - N, 8/11/01]

16.10.19.9 LICENSURE PROCESS:

Each applicant for licensure as an anesthesiologist assistant shall submit the required fees as defined in Subsection A of 16.10.9.10 NMAC and following documentation.

A. A completed application for which the applicant has supplied all information and correspondence requested by the board on forms and in a manner acceptable to the board. Applications are valid for one year from the date of receipt.

B. Two letters of recommendation from board certified anesthesiologists licensed to practice medicine in the United States who have served as a supervisor of the applicant or anesthesiologist assistant program directors who have personal knowledge of the applicant's moral character and competence to practice. Letters of recommendation must be sent directly to the board from the individual recommending the applicant.

C. Verification of licensure in all states where the applicant holds or has held a license to practice as an anesthesiologist assistant, or other health care profession. Verification must be sent directly to the board from the other state board(s). Verification must include an original seal; attest to current status, issue date, license number, and all other related information.

D. Applicants may be required to personally appear before the board or the board's designee for an interview and may present original documents, as the board requires.

E. The initial license is valid until July 1 of the next odd-numbered year.

[16.10.19.9 NMAC - N, 8/11/01; A, 10/16/13]

16.10.19.10 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION:

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a medical license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and issue the appropriate license as soon as practicable. Any qualified applicant seeking expedited consideration pursuant to this section shall submit a copy of form DD214 with their application.

[16.10.19.10 NMAC - N, 8/11/01; A, 1/20/03; A, 10/5/03; A, 9/21/09; 16.10.19.10 NMAC - N, 10/16/13]

16.10.19.11 SUPERVISION REQUIREMENTS:

A. Pursuant to Session Laws of 2001, Ch. 311, Section 9, an anesthesiologist may not supervise more than three anesthesiologist assistants, except in emergency cases. An anesthesiologist shall not supervise, except in emergency cases, more than four anesthesia providers if at least one is an anesthesiologist assistant.

B. The supervising anesthesiologist shall submit written notice of intent to supervise an anesthesiologist assistant on forms prescribed by the board. These forms must be submitted and approved before the anesthesiologist assistant begins work. Supervising anesthesiologists who are notifying the board of their intent to supervise an anesthesiologist assistant with less than one year of experience will include a plan for providing enhanced supervision during the first year of practice.

C. An anesthesiologist assistant shall only work under the supervision of an anesthesiologist approved by the board.

D. Failure of the supervising anesthesiologist to comply with the Medical Practice Act and the rules may result in denial of approval for current or future anesthesiologist assistant supervision.

E. Except in cases of emergency, the supervising anesthesiologist must be present in the operating room during induction of a general or regional anesthetic and during emergence from a general anesthetic, and the presence of the supervising anesthesiologist must be documented in the patient record.

F. The supervising anesthesiologist must be present within the operating suite and immediately available to the operating room when an anesthesiologist assistant is performing anesthesia procedures.

G. The supervising anesthesiologist shall ensure that all activities, functions, services and treatment measures are properly documented in writing and that all anesthesia records are reviewed, countersigned and dated.

[16.10.19.11 NMAC - Rn, & A, 16.10.19.10 NMAC, 10/16/13]

16.10.19.12 TEMPORARY DELEGATION OF SUPERVISION:

For periods of time not to exceed fourteen days a supervising anesthesiologist may delegate supervisory responsibilities to another anesthesiologist who meets the same requirements specified under "definitions" in the act and who is familiar with the rules governing the supervision of an anesthesiologist assistant.

[16.10.19.12 NMAC - Rn, 16.10.19.11 NMAC, 10/16/13]

16.10.19.13 RESPONSIBILITY OF ANESTHESIOLOGIST ASSISTANT:

A. To identify themselves to patients and others as an anesthesiologist assistant, and to wear a nametag or other identification when on duty clearly stating that they are an anesthesiologist assistant.

B. Register annually with the board on or before July 1.

C. Work only when under the supervision of a board approved anesthesiologist, or as delegated under the provisions of 16.10.19.11 NMAC.

D. Immediately report to the supervising anesthesiologist any unexpected or adverse peri-operative events, or incidents when the prescribed anesthetic deviates from its expected course.

E. Assure that except in cases of emergency, the supervising anesthesiologist is present in the operating room during induction of a general or regional anesthetic and during emergence from a general anesthetic, and the presence of the supervising anesthesiologist is documented in the patient record.

F. Practice within the defined scope of authority and all provisions of Session Laws of 2001, Ch. 311, Sections 1 through 11.

[16.10.19.13 NMAC - Rn, 16.10.19.12 NMAC, 10/16/13]

16.10.19.14 LICENSE EXPIRATION AND RENEWAL:

A. Anesthesiologist assistant licenses expire on July 1 of each odd-numbered year. A New Mexico anesthesiologist assistant license that has not been renewed by July 1 of the renewal year will remain temporarily active with respect to medical practice until September 30 of the renewal year at which time, at the discretion of the board, the license may be suspended for non-renewal and the status changed to lapsed. Primary supervising anesthesiologist will be notified.

B. A completed renewal application, post-marked on or before July 1 of the renewal year, shall include the required fees as defined in Subsection B of 16.10.9.10 NMAC and certification of required continuing education.

C. The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to make timely request for the renewal application if one has not been received.

D. Renewal applications postmarked or hand-delivered after July 1 will be subject to late penalties as defined in Subsection D of 16.10.9.10 NMAC.

E. The board may suspend for non-renewal and change the status to lapsed, on October 1 of the renewal year, the license of any anesthesiologist assistant who has failed within ninety days after the license renewal date either to renew their license, or to change the license status, or to pay all required fees, or to comply with NCCAA certification requirements, or to provide required documentation.

[16.10.19.14 NMAC - Rn, 16.10.19.13 NMAC, 10/16/13]

16.10.19.15 INACTIVE STATUS AND REINSTATEMENT:

A. Upon request an anesthesiologist assistant may place the license on inactive status. Licensing or renewal fees already paid to the board will not be refunded, regardless of the date of the status change. A license placed in inactive status does not require payment of renewal fees.

B. An anesthesiologist assistant with a license in inactive status may not practice as an anesthesiologist assistant.

C. Re-instatement within two years. An inactive, lapsed, voluntarily lapsed or suspended license may be placed on active status upon completion of a renewal application in which the applicant has supplied all required fees and proof of current competence.

D. Re-instatement after two years. An inactive, lapsed, voluntarily lapsed or suspended license may be placed on active status upon completion of a re-instatement application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board. Applicants may be required to personally appear before the board or the board's designee for an interview.

[16.10.19.15 NMAC - Rn, 16.10.19.14 NMAC, 10/16/13]

16.10.19.16 CONTINUING EDUCATION:

A. Proof of forty hours of continuing education is required for each bi-annual renewal.

B. Current certification in advanced cardiac life support is also required for license renewal and the hours spent in refresher courses count as part of the required education hours.

C. Required continuing education will be prorated during the initial licensing period. Individuals licensed less than one year will require no continuing education for the initial renewal. Individuals licensed more than one year, but less than two years must submit proof of twenty hours of continuing education, including ACLS certification.

[16.10.19.16 NMAC - Rn, 16.10.19.15 NMAC, 10/16/13]

16.10.19.17 SEVERABILITY:

If any provision of this rule is determined to be void or illegal by a court of law or other authority, the remainder of the rule shall remain in full force and effect notwithstanding.

[16.10.19.17 NMAC - Rn, 16.10.19.16 NMAC, 10/16/13]

PART 20: POLYSOMNOGRAPHIC TECHNOLOGISTS: LICENSURE AND PRACTICE REQUIREMENTS

16.10.20.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.20.1 NMAC - N, 1/1/10]

16.10.20.2 SCOPE:

This part applies to polysomnographic technologists, polysomnographic technicians, polysomnographic trainees, polysomnographic students and other persons who may provide sleep-related services.

[16.10.20.2 NMAC - N, 1/1/10]

16.10.20.3 STATUTORY AUTHORITY:

This part is promulgated pursuant to and in accordance with the Polysomnography Practice Act, Sections 61-6B-1 through 61-6B-10 and the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.20.3 NMAC - N, 1/1/10]

16.10.20.4 DURATION:

Permanent.

[16.10.20.4 NMAC - N, 1/1/10]

16.10.20.5 EFFECTIVE DATE:

January 1, 2010, unless a different date is cited at the end of a section.

[16.10.20.5 NMAC - N, 1/1/10]

16.10.20.6 OBJECTIVE:

This part regulates the licensing and practice of polysomnographic technologists.

[16.10.20.6 NMAC - N, 1/1/10]

16.10.20.7 DEFINITIONS:

A. "AASM" means the American academy of sleep medicine, a national organization that establishes accreditation standards for sleep centers and sleep labs.

B. "AAST" means the American association of sleep technologists, a national organization that provides continued development of educational, technical and clinical assistance related to the sleep technology profession.

C. "ABSM" means the American board of sleep medicine, a national organization developed for the purpose of establishing and maintaining standards of board certification for physicians practicing sleep disorders medicine.

D. "Act" means the Polysomnography Practice Act.

E. "Board" means the New Mexico medical board.

F. "BRPT" means the board of registered polysomnographic technologists, a national agency for credentialing polysomnographic technologists.

G. "CAAHEP" means the commission on accreditation of allied health education programs, a national agency for accrediting polysomnographic educational programs.

H. "Committee" means the polysomnography practice advisory committee.

I. "Contact hour" means sixty (60) minutes of actual instructional time. Breaks, meals, evaluations, wrap-up or registration are not included when calculating hours.

J. "Direct supervision" means that the polysomnographic technologist providing supervision shall be present in the area where the polysomnographic procedure is being performed and immediately available to furnish assistance and direction throughout the performance of the procedure.

K. "Expired" means a license was not renewed by the biennial renewal date of March 1 or at the end of the grace period of May 1, and the licensee is **not** eligible to practice within the state of New Mexico.

L. "General supervision" means that the polysomnographic procedure is provided under a physician's direction and control, but the physician's presence is not required during the performance of the procedure.

M. "Grace period" means the sixty (60) day period following the renewal date when a polysomnographic technologist may renew a license that was not renewed by the renewal date, by paying the required renewal fee, the late fee and meeting the renewal requirements. A licensee may continue to practice during the grace period.

N. "Grace period status" means the license has not been renewed by the renewal date and has not expired.

O. "License" means an authorization issued by the board that permits a person to engage in the practice of polysomnography in the state.

P. "Licensed provider" means a licensed physician, licensed physician assistant, licensed certified nurse practitioner or licensed psychologist.

Q. "Licensee" means a person licensed by the board to engage in the practice of polysomnography.

R. "Military service member" means a person who is serving in the armed forces of the United States or in a reserve component of the armed forces of the United States, including the national guard.

S. "NBRC" means the national board for respiratory care, a national organization that credentials respiratory therapists, and provides an examination to further certify respiratory therapists as sleep disorders specialists.

T. "Physician" means an individual licensed by the New Mexico medical board and an individual licensed by the New Mexico board of osteopathic medical examiners.

U. "Polysomnographic student" means a person who is enrolled in an educational program that is accredited by the commission on accreditation of allied health education programs, as provided in Section 5 [61-6B-5 NMSA 1978] of the Polysomnography Practice Act and who may provide sleep-related services under the direct supervision of a polysomnographic technologist as a part of the person's educational program.

V. "Polysomnographic technician" means a person who has graduated from an accredited educational program described in Section 5 of the Polysomnography Practice Act but has not yet passed the national certifying examination given by the board of registered polysomnographic technologists, who has obtained a temporary permit from the board and who may provide sleep-related services under the general supervision of a licensed physician.

W. "Polysomnographic technologist" means a person who is credentialed by the board of registered polysomnographic technologists and is licensed by the board to engage in the practice of polysomnography under the general supervision of a licensed physician.

X. "Polysomnographic trainee" means a person who is enrolled in an accredited sleep technologist educational program that is accredited by the American academy of sleep medicine and who may provide sleep-related services under the direct supervision of a polysomnographic technologist or licensed physician as a part of the person's educational program.

Y. "Practice of polysomnography" means the performance of diagnostic and therapeutic tasks, under the general supervision of a licensed physician, including:

(1) monitoring and recording physiologic activity and data during the evaluation or treatment of sleep-related disorders, including sleep-related respiratory disturbances, by applying appropriate techniques, equipment and procedures, including:

(a) continuous or bi-level positive airway pressure titration on patients using a nasal or oral or a nasal and oral mask or appliance that does not extend into the trachea or attach to an artificial airway, including the fitting and selection of a mask or appliance and the selection and implementation of treatment settings;

(b) supplemental low-flow oxygen therapy that is less than ten liters per minute using nasal cannula or continuous or bi-level positive airway pressure during a polysomnogram;

(c) capnography during a polysomnogram;

(d) cardiopulmonary resuscitation;

(e) pulse oximetry;

(f) gastroesophageal pH monitoring;

(g) esophageal pressure monitoring;

(h) sleep staging, including surface electroencephalography, surface electrooculography and surface submental electromyography;

(i) surface electromyography;

(j) electrocardiography;

(k) respiratory effort monitoring, including thoracic and abdominal movement;

(l) respiratory plethysmography;

(m) arterial tonometry and additional measures of autonomic nervous system tone;

(n) snore monitoring;

(o) audio or video monitoring;

(p) body movement monitoring;

- (q) nocturnal penile tumescence monitoring;
 - (r) nasal and oral airflow monitoring;
 - (s) body temperature monitoring; and
 - (t) use of additional sleep-related diagnostic technologies;
- (2) observing and monitoring physical signs and symptoms, general behavior and general physical response to polysomnographic evaluation or treatment and determining whether initiation, modification or discontinuation of a treatment regimen is warranted;
- (3) analyzing and scoring data collected during the monitoring described in Paragraphs (1) and (2) of this subsection for the purpose of assisting a licensed provider in the diagnosis and treatment of sleep and wake disorders that result from developmental defects, the aging process, physical injury, disease or actual or anticipated somatic dysfunction;
- (4) implementing a written or verbal order from a licensed provider that requires the practice of polysomnography;
- (5) educating a patient regarding the treatment regimen that assists that patient in improving the patient's sleep; and
- (6) initiating and monitoring treatment, under the orders of a licensed provider, for sleep-related breathing disorders by providing continuous positive airway pressure and bi-level positive airway pressure devices and accessories, including masks that do not extend into the trachea or attach to an artificial airway, to a patient for home use, together with educating the patient about the treatment and managing the treatment.

Z. "Recent veteran" means a person who has received an honorable discharge or separation from military service within the two years immediately preceding the date the person applies for a polysomnography license pursuant to section 16.10.20.12. The veteran shall submit a copy of Form DD214, or its equivalent, as part of the application process.

AA. "Renew" means to begin again after an interval of time; to make valid again for a further period.

BB. "Renewal date" means the deadline date upon which the license shall be made valid again for another period of time without a penalty fee.

CC. "SDS" means sleep disorders specialist.

DD. "Sleep-related services" means acts performed by polysomnographic technicians, polysomnographic trainees, polysomnographic students and other persons permitted to perform these services under the Polysomnography Practice Act, in a setting described in 16.10.20.17 NMAC, that would be considered the practice of polysomnography if performed by a polysomnographic technologist.

[16.10.20.7 NMAC - N, 1/1/10; A, 10/11/13]

16.10.20.8 LICENSURE REQUIREMENTS:

The board may issue a license to an applicant who fulfills the following requirements.

A. Completes an application for which the applicant has supplied all information and correspondence requested by the board on forms and in a manner acceptable to the board. Applications are valid for one (1) year from the date of receipt. While an application is pending, the applicant is responsible for providing the board with any changes to the submitted information or to the applicant's oath. Applications shall require the following documentation:

- (1) demographic information of the applicant;
- (2) educational history;
- (3) employment history;
- (4) professional references;
- (5) examination information;
- (6) certification information;
- (7) other state licensure information;
- (8) professional practice questions;
- (9) applicant's oath;
- (10) passport-quality color photograph taken within six (6) months prior to filing the application; approximate size 2 x 2 inches, head and shoulders only, full face, front view, plain white or off-white background, standard photo stock paper; and, scanned or computer-generated photographs should have no visible pixels or dots; and
- (11) applicant's signature.

B. Each applicant for licensure as a polysomnographic technologist shall submit the required fees as established in 16.10.9 NMAC.

C. Verification of licensure in all states or territories where the applicant holds or has held a license to engage in the practice of polysomnography, or other health care profession, shall be sent directly to the board by the other state board(s) by United States postal service, facsimile, or in an electronic format acceptable by the board, and shall attest to the current status, issue date, license number, and other information requested and contained on the form.

D. Passage of the national certifying examination given by the BRPT or an examination equivalent to the BRPT examination, or the NBRC-SDS examination, as approved by the board. Proof of passage shall be sent directly to the board by the certifying entity or in an electronic format acceptable by the board. The board may accept hard copy by United States postal service, facsimile or electronic mail.

E. Proof that the applicant has been credentialed by the BRPT or by another national entity equivalent to the BRPT, as approved by the board.

F. Proof of high school graduation, evidenced by a copy of diploma or general educational development (GED) certificate, or other format acceptable by the board. Proof of a degree from a level of higher education is also acceptable.

G. Proof that the applicant holds current certification of successful completion of formal training in basic cardio pulmonary resuscitation and in the application and management of an automated external defibrillator.

H. Verification of all work experience in the last five (5) years since graduation, if applicable, provided directly to the board from the employer, by letter, or in an electronic format acceptable by the board, or on forms provided by the board.

I. Proof of graduation means official transcripts from an educational program or a certificate acceptable to the board. The applicant shall make arrangements for official transcripts to be sent directly to the board by the educational institution. If official transcripts are not available due to school closure, destroyed records, etc., the applicant shall provide satisfactory evidence to the board that the required polysomnographic educational program has been met for consideration on a case-by-case basis. Proof of completion of a polysomnographic education program, evidenced by:

(1) graduation from a polysomnographic educational program that is accredited by the CAAHEP; or

(2) graduation from a respiratory care educational program that is accredited by the CAAHEP and completion of the curriculum for a polysomnography or sleep diagnostic specialist certificate established and accredited by the committee on accreditation for respiratory care of the CAAHEP; or

(3) graduation from an electroneurodiagnostic technologist educational program with a polysomnographic technology track that is accredited by the CAAHEP; or

(4) successful completion of a sleep technologist educational program that is accredited by the AASM. This option shall expire two (2) years after the date upon which at least three (3) polysomnographic technologist educational programs in New Mexico have been accredited by the CAAHEP.

J. Waiver of the educational requirement. The board may waive the educational requirements set forth in Subsections F and I of this section for an individual continuously engaged in the practice of polysomnography on or before July 1, 2008, pursuant to Subsection B of Section 61-6B-5 of the Polysomnography Practice Act. To be eligible for this waiver, applicants shall meet all other requirements set forth in this section.

K. Personal interview. Upon receipt of a completed application, including all required documentation and fees, the applicant may be scheduled for a personal interview before the board, a board member designated by the board, or a member of the polysomnographic practice advisory committee designated by the board to evaluate that person's qualifications for a license.

L. Initial license period. The applicant who has met all the requirements for licensure shall be issued an initial license for a period of not more than twenty-four (24) months or less than thirteen (13) months, depending on when in the renewal cycle the initial license is issued, in order to schedule the license to renew on March 1.

M. Initial license expiration. Polysomnographic technologist licenses shall be renewed biennially on March 1 as established in 16.10.20.12 NMAC.

N. State and national criminal history screening. All applicants for initial licensure as a polysomnographic technologist are subject to a state and national criminal history screening at their expense. All applicants shall submit two (2) full sets of fingerprints, completed fingerprint certificate form, signed authorization for criminal background screening and background screening fee at the time of application.

(1) Applications for licensure shall not be processed without submission of fingerprints, completed fingerprint certificate form, signed authorization for criminal background screening and fee.

(2) Applications shall be processed pending the completion of the nationwide criminal background screening and may be granted while the screening is still pending.

(3) If the criminal background screening reveals a felony or a violation of the Medical Practice Act or the Polysomnography Practice Act, the applicant/licensee shall be notified to submit copies of legal documents and other related information to the

board, which shall make the determination if the applicant is eligible for licensure or if disciplinary action will be taken. Questions of felony or misdemeanor convictions involving moral turpitude directly related to employment in the profession need to be resolved satisfactorily. If the prior conviction does not relate to employment in the profession, the board may require proof that the person has been sufficiently rehabilitated to warrant the public trust. Proof of sufficient rehabilitation may include, but not be limited to: certified proof of completion of probation or parole, payment of fees, community service or any other court ordered sanction.

[16.10.20.8 NMAC - N, 1/1/10; A, 10/11/13]

16.10.20.9 POLYSOMNOGRAPHIC TECHNICIAN TEMPORARY PERMIT:

A. The board may issue a temporary permit to a polysomnographic technician who has met all licensure requirements established in 16.10.20.8 NMAC, except passage of the national certifying examination.

B. The temporary permit is valid for no more than two (2) years from the date of the technician's graduation from an accredited program as described in 16.10.20.8 NMAC.

C. A temporary permit may be renewed for a period of one (1) year beyond the original two (2) year expiration date and upon payment of the temporary permit renewal fee as established in 16.10.9 NMAC. This permit may only be renewed one (1) time.

D. The holder of a temporary permit may not provide sleep-related services until the temporary permit is received and is on file at the principal place of practice.

E. The holder of a temporary permit shall work under the general supervision of a New Mexico licensed physician. The polysomnographic technician is responsible to provide the board the following documentation, at the time of application, on forms provided by the board:

- (1)** name of the supervising physician;
- (2)** specific program or protocol of work planned;
- (3)** address of the sponsoring institution or organization where the work will be performed; and
- (4)** an affidavit from the supervising physician attesting to the qualifications of the polysomnographic technician and the purpose of the functions the technician will perform while on a temporary permit.

[16.10.20.9 NMAC - N, 1/1/10; A, 10/11/13]

16.10.20.10 NON-LICENSED PERSONS PROVIDING SLEEP-RELATED SERVICES:

Non-licensed persons shall meet the following requirements before providing any sleep-related services.

A. A polysomnographic technician shall obtain a temporary permit as established in 16.10.20.9 NMAC.

B. A polysomnographic trainee shall provide proof to the board that the trainee is enrolled in an accredited sleep technologist educational program accredited by the AASM. Acceptable proof consists of a letter or other acceptable affirmation, as approved by the board, that the trainee is enrolled in the program.

C. A polysomnographic student may provide uncompensated sleep-related services under the direct supervision of a polysomnographic technologist, or a licensed physician, as a part of the student's educational program while actively enrolled in a polysomnographic educational program that is accredited by the CAAHEP.

D. A person credentialed in one (1) of the health-related fields accepted by the BRPT, who may provide sleep-related services while obtaining the clinical experience necessary to be eligible to take the national certification examination, shall work under the direct supervision of a licensed polysomnographic technologist, or a licensed physician, for a period of up to one (1) year.

E. Polysomnographic trainees, polysomnographic students, and persons credentialed in one of the health-related fields accepted by BRPT shall give notice to the board that the person is working under the direct supervision of a licensed polysomnographic technologist or licensed physician and are responsible to provide the board the following documentation on forms provided by the board:

- (1)** name of the supervising polysomnographic technologist or physician;
- (2)** specific program or protocol of work planned;
- (3)** address of the sponsoring institution or organization where the work will be performed; and
- (4)** an affidavit from the supervising polysomnographic technologist or physician attesting to the qualifications of the trainee and the purpose of the functions the trainee will perform.

F. Respiratory care practitioners licensed under the Respiratory Care Act are exempt from this requirement.

[16.10.20.10 NMAC - N, 1/1/10; A, 10/11/13]

16.10.20.11 ENDORSEMENT:

An applicant for licensure as a polysomnographic technologist who is licensed under the laws of another U.S. jurisdiction where the requirements were equal to or greater than the requirements for licensure in New Mexico at the time the license was obtained in the other U.S. jurisdiction, shall file an application as established in 16.10.20.8 NMAC.

[16.10.20.11 NMAC - N, 1/1/10]

16.10.20.12 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION:

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a medical license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and issue the appropriate license as soon as practicable. Any qualified applicant seeking expedited consideration pursuant to this section shall submit a copy of form DD214 with their application.

[16.10.20.12 NMAC - N, 1/1/10; 16.10.20.12 NMAC - N, 10/11/13]

16.10.20.13 LICENSE EXPIRATION AND RENEWAL:

A. Polysomnographic technologist licenses shall be renewed biennially on March 1st. An initial license may be issued for a period of up to two (2) years, depending on when in the renewal cycle the initial license is issued, in order to schedule the license to renew on March 1st.

B. Failure to receive the renewal notice shall not relieve the licensee from the responsibility of renewing the license by the renewal date. The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to inform the board of accurate address information and to make a timely request for the renewal application if one has not been received prior to March 1st.

C. Renewal applications postmarked, hand-delivered or completed on-line, on or prior to March 1 shall require the following documentation:

(1) completion of a renewal application either electronically on-line or on the form provided by the board; the renewal form shall include the following data:

(a) demographic information of the licensee;

(b) license number;

(c) questions regarding practice information since the last renewal; and

(d) signature of the licensee if renewing on a hard-copy form; if renewing electronically on-line, no signature is required;

(2) receipt of the renewal fee as established in 16.10.9 NMAC; and

(3) proof of twenty (20) BRPT or AAST approved continuing education contact hours during each biennial renewal cycle; continuing education contact hours acceptable to BRPT for recertification are acceptable for license renewal.

D. Renewal applications postmarked or hand-delivered after March 1 and prior to May 1 shall require the following documentation:

(1) completion of a renewal application either electronically on-line or on the form provided by the board, including the data as described in subparagraphs (a)-(d) of paragraph (1) of Subsection C of Section 12 above;

(2) receipt of the renewal fee as established in 16.10.9 NMAC;

(3) receipt of the late fee as established in 16.10.9 NMAC; and

(4) proof of twenty (20) BRPT or AAST approved continuing education contact hours during each biennial renewal cycle; continuing education contact hours acceptable to BRPT for recertification are acceptable for license renewal.

E. March 1 through April 30 is considered the grace period following the renewal date during which a licensee may continue to provide services and renew with a late fee.

F. When renewal applications are received on or after May 1, the license shall have expired, and the licensee shall not be eligible to provide polysomnography services in New Mexico.

G. When a retiree reenters the practice of polysomnography, the retiree shall submit the following documentation:

(1) completion of a renewal application either electronically on-line or on the form provided by the board, including the data as described in subparagraphs (a)-(d) of paragraph (1) of Subsection C of Section 12 above;

(2) receipt of the renewal fee as established in 16.10.9 NMAC;

(3) proof of ten (10) BRPT or AAST approved continuing education contact hours for each year since the license was placed in retired status, with a maximum of fifty (50) hours required regardless of the number of years retired;

(4) any other proof of competency as may be requested by the board or the board's designee; and

(5) proof of current BRPT certification.

H. Verification of continuing education. Each polysomnographic technologist renewing a license shall attest that the required hours of continuing education have been obtained. The board shall randomly select renewal applications for audit to verify compliance. The board may audit continuing education records at any time. The licensee shall maintain continuing education records for one (1) year following the renewal cycle in which they were earned. Any polysomnographic technologist who fails to respond to a continuing education audit shall be considered in violation of Paragraph (23) of Subsection D of Section 61-6-15 of the Medical Practice Act, failure to provide the board with information requested by the board. Potential sanctions include fines, letters of reprimand, license suspension or revocation.

[16.10.20.13 NMAC - Rn & A, 16.10.20.12 NMAC, 10/11/13]

16.10.20.14 REINSTATEMENT:

A licensee with an expired license may apply for reinstatement.

A. Requirements for reinstatement of an expired license **within** one (1) year of the renewal date are as follows:

- (1) completion of a reinstatement application;
- (2) receipt of the renewal fee as established in 16.10.9 NMAC;
- (3) receipt of the reinstatement fee as established in 16.10.9 NMAC; and

(4) proof of twenty (20) BRPT or AAST approved continuing education contact hours completed within the previous two (2) years; continuing education contact hours acceptable to BRPT for recertification are acceptable for license reinstatement.

B. Requirements for reinstatement of an expired license **after** one (1) year of the renewal date are as follows:

- (1) completion of a reinstatement application;
- (2) receipt of the renewal fee as established in 16.10.9 NMAC;
- (3) receipt of the reinstatement fee as established in 16.10.9 NMAC;

(4) proof of twenty (20) BRPT or AAST approved continuing education contact hours as required for license renewal;

(5) proof of ten (10) BRPT or AAST approved continuing education contact hours for each year the license has been expired, with a maximum of fifty (50) hours required regardless of the number of years expired;

(6) proof of current BRPT certification; and

(7) any other proof of competency as may be requested by the board or the board's designee; additionally, the board may require the former licensee to reapply as a new applicant.

[16.10.20.14 NMAC - Rn & A, 16.10.20.13 NMAC, 10/11/13]

16.10.20.15 RETIRED STATUS:

A licensee who wishes to retire from the practice of polysomnography shall notify the board, in writing, of the retirement effective date. To reenter the practice of polysomnography, the retiree shall meet the requirements as established in Subsection G of 16.10.20.12 NMAC of this part and any other proof of competency as may be requested by the board or the board's designee.

[16.10.20.15 NMAC - Rn, 16.10.20.14 NMAC, 10/11/13]

16.10.20.16 DISCIPLINARY AND COMPLAINT PROCESS:

Disciplinary actions and complaints shall be processed as established in 16.10.5 and 16.10.6 NMAC.

[16.10.20.16 NMAC - Rn, 16.10.20.15 NMAC, 10/11/13]

16.10.20.17 USE OF ORAL APPLIANCES:

A licensed dentist shall make or direct the making and use of any oral appliance used in the practice of polysomnography. A licensed dentist shall evaluate the structures of a patient's oral and maxillofacial region for purposes of fitting the appliance.

[16.10.20.17 NMAC - Rn, 16.10.20.16 NMAC, 10/11/13]

16.10.20.18 LOCATIONS FOR THE PRACTICE OF POLYSOMNOGRAPHY:

A. The practice of polysomnography shall only take place in the following locations:

- (1) a hospital;
- (2) a stand-alone sleep laboratory;
- (3) a sleep center; or

(4) a patient's home.

B. Scoring of data and the education of patients may take place in settings other than in a hospital, sleep laboratory, sleep center or patient's home.

[16.10.20.18 NMAC - Rn, 16.10.20.17 NMAC, 10/11/13]

16.10.20.19 GENERAL PROVISIONS:

A. Address changes. Any licensee whose address changes shall notify the board of the address change within thirty (30) calendar days of the change. Address changes shall be provided in writing, by facsimile, letter, or electronic mail. Telephone notification shall be followed with written notification.

B. Display of license. Licensees shall display the license in the office or place in which the licensee practices. The license shall be displayed in a location clearly visible to patients. At secondary places of employment, documentation of the license shall be verified by photocopy with a note attached indicating where the original license is posted.

C. Identification badge required.

(1) Polysomnographic technicians shall wear a badge that appropriately identifies the person as a polysomnographic technician.

(2) Polysomnographic trainees shall wear a badge that appropriately identifies the person as a polysomnographic trainee.

(3) Polysomnographic students shall wear a badge that appropriately identifies the person as a polysomnographic student.

(4) Other clinicians shall wear a badge that appropriately identifies the person and their clinical capacity.

D. Inspection of a business premise. Random inspection of a business premise may be conducted in order to verify compliance with the Polysomnography Practice Act.

[16.10.20.19 NMAC - Rn, 16.10.20.18 NMAC, 10/11/13]

PART 21: GENETIC COUNSELORS: LICENSURE AND PRACTICE REQUIREMENTS

16.10.21.1 ISSUING AGENCY:

New Mexico Medical Board, hereafter called the board.

[16.10.21.1 NMAC - N, 1/1/09]

16.10.21.2 SCOPE:

This part applies to genetic counselors.

[16.10.21.2 NMAC - N, 1/1/09]

16.10.21.3 STATUTORY AUTHORITY:

This part governs the licensing and practice of genetic counselors in New Mexico and is promulgated pursuant to and in accordance with the Genetic Counseling Act, Sections 61-6A-1 through 61-6A-10 and the Medical Practice Act, Sections 61-6-1 through 61-6-35 NMSA 1978.

[16.10.21.3 NMAC - N, 1/1/09]

16.10.21.4 DURATION:

Permanent.

[16.10.21.4 NMAC - N, 1/1/09]

16.10.21.5 EFFECTIVE DATE:

January 1, 2009, unless a different date is cited at the end of a section.

[16.10.21.5 NMAC - N, 1/1/09]

16.10.21.6 OBJECTIVE:

This part regulates the licensing and practice of genetic counselors.

[16.10.21.6 NMAC - N, 1/1/09]

16.10.21.7 DEFINITIONS:

A. "ABGC" means the American board of genetic counseling, a national agency for certification and recertification of genetic counselors, or its successor agency.

B. "ABMG" means the American board of medical genetics, a national agency for certification and recertification of genetic counselors and geneticists with medical or other doctoral degrees, or its successor agency.

C. "Accreditation" means any of the following definitions.

(1) Full accreditation indicates that the program meets the minimum standards established by ABGC to provide a well-rounded and adequate educational and clinical program for students. ABGC full accreditation is typically conferred for a period of six (6) years and reaccreditation is typically conferred for a period of up to eight (8) years, although ABGC reserves the right to provide probationary or shorter-term accreditation.

(2) Probationary accreditation indicates that, while the program continues to have accredited status, it does not meet the minimum standards for providing educational and clinical training for students and has generalized problems that appear to interfere with optimal education of the candidates. This program must make public its probationary status.

(3) Provisional accreditation applies to a new program that has completed and submitted an application for becoming an accredited program. Such a program must meet the minimum criteria for providing the master's degree in genetic counseling, as established by ABGC. Provisionally accredited programs must apply for full accreditation within three (3) years of matriculating their first class. If the program does not attain full accreditation (or accreditation with restrictions), provisional accreditation will be revoked. Probationary accreditation is not an option for a provisionally accredited program.

D. "Active candidate status" means a graduate who has applied to sit for the ABGC certification examination according to published eligibility requirements in effect for that examination cycle, and who has been approved as a candidate for that examination cycle based on review and approval of his/her credentials by the ABGC credentials committee.

E. "Active status" means a license that is current and authorizes the licensee to engage in the practice of genetic counseling.

F. "Alternate supervising genetic counselor or physician" means a genetic counselor or physician who holds a current unrestricted New Mexico license, is a cosignatory on the notification of supervision, and agrees to act as the supervising genetic counselor or physician in the absence of the designated genetic counselor or physician.

G. "Board" means the New Mexico medical board.

H. "Certification" means successful completion of a comprehensive general genetics examination and genetic counseling specialty examination administered by ABGC or ABMG, or after 2009, successful completion of the ABGC certification examination.

I. "Contact hour" means sixty (60) minutes of actual instructional time. Breaks, meals, evaluations, wrap-up or registration are not included when calculating hours.

J. "Effective supervision" means the oversight, control, and direction of services rendered by a genetic counselor practicing on a temporary license. Supervision shall be provided by a licensed genetic counselor or physician. Elements of effective supervision include:

- (1) on-going availability of direct communication, either face-to-face or by electronic means;
- (2) active, ongoing review of the genetic counselor's services, as appropriate, for quality assurance and professional support;
- (3) delineation of a predetermined plan for emergency situations, including unplanned absence of the primary supervising genetic counselor or physician; and
- (4) identification and registration of an alternate supervising genetic counselor or physician, as appropriate to the practice setting.

K. "Expired" means a license was not renewed by the biennial renewal date of March 1 or at the end of the grace period of May 1, and the licensee is not eligible to practice within the state of New Mexico.

L. "Genetic counseling" means a communication process that may include:

(1) estimating the likelihood of occurrence or recurrence of any potentially inherited or genetically influenced condition or congenital abnormality. Genetic counseling may involve:

(a) obtaining and analyzing the complete health history of an individual and family members;

(b) reviewing pertinent medical records;

(c) evaluating the risks from exposure to possible mutagens or teratogens;
and

(d) determining appropriate genetic testing or other evaluations to diagnose a condition or determine the carrier status of one (1) or more family members;

(2) helping an individual, family or health care provider to:

(a) appreciate the medical, psychological and social implications of a disorder, including its features, variability, usual course and management options;

(b) learn how genetic factors contribute to a disorder and affect the chance for occurrence of the disorder in other family members;

(c) understand available options for coping with, preventing or reducing the chance of occurrence or recurrence of a disorder;

(d) select the most appropriate, accurate and cost-effective methods of diagnosis; and

(e) understand genetic or prenatal tests, coordinate testing for inherited disorders and interpret complex genetic test results; and

(3) facilitating an individual's or family's:

(a) exploration of the perception of risk and burden associated with a genetic disorder; and

(b) adjustment and adaptation to a disorder or the individual's or family's genetic risk by addressing needs for psychological, social and medical support.

M. "Genetic counselor" means a person licensed pursuant to the Genetic Counseling Act to engage in the practice of genetic counseling.

N. "Grace period" means the sixty (60) day period following the renewal date when a genetic counselor may renew a license that was not renewed by the renewal date, by paying the required renewal fee, the late fee and meeting the renewal requirements. A licensee may continue to practice during the grace period.

O. "Grace period status" means the license has not been renewed by the renewal date and has not expired.

P. "Military service member" means a person who is serving in the armed forces of the United States or in a reserve component of the armed forces of the United States, including the national guard.

Q. "NSGC" means the national society of genetic counselors, a professional membership society promoting the genetic counseling profession as an integral part of health care delivery and offering educational programs.

R. "Recent veteran" means a person who has received an honorable discharge or separation from military service within the two (2) years immediately preceding the date the person applies for a genetic counselor license pursuant to section 16.10.21.12. The veteran shall submit a copy of Form DD214, or its equivalent, as part of the application process.

S. "Renew" means to begin again after an interval of time; to make valid again for a further period.

T. "Renewal date" means the deadline date upon which the license shall be made valid again for another period of time without a penalty fee.

[16.10.21.7 NMAC - N, 1/1/09; A, 10/16/13]

16.10.21.8 LICENSURE REQUIREMENTS:

The board may issue a license to an applicant who fulfills the following requirements.

A. Completes an application for which the applicant has supplied all information and correspondence requested by the board on forms and in a manner acceptable to the board. Applications are valid for one (1) year from the date of receipt. While an application is pending, the applicant is responsible for providing the board with any changes to the submitted information or to the applicant's oath. Applications shall require the following documentation:

- (1) demographic information of the applicant;
- (2) educational history;
- (3) employment history;
- (4) professional references;
- (5) examination information;
- (6) certification information;
- (7) other state licensure information;
- (8) professional practice questions;
- (9) applicant's oath;
- (10) passport-quality color photograph taken within six (6) months prior to filing the application; approximate size 2 x 2 inches, head and shoulders only, full face, front view, plain white or off-white background, standard photo stock paper; and, scanned or computer-generated photographs should have no visible pixels or dots; and
- (11) applicant's signature.

B. Each applicant for licensure as a genetic counselor shall submit the required fees as established in 16.10.9 NMAC.

C. Verification of licensure in all states or territories where the applicant holds or has held a license to engage in the practice of genetic counseling, or other health care

profession, shall be sent directly to the board by the other state board(s), and shall include a raised seal, attest to the current status, issue date, license number, and other information requested and contained on the form.

D. Proof of certification from the ABGC, ABMG or as approved by the board, shall be sent directly to the board by the certifying entity. The board may accept hard copy by United States postal service, facsimile or electronic mail.

E. Verification of all work experience in the last five (5) years since graduation, if applicable, provided directly to the board from the employer, by letter or on forms provided by the board.

F. Proof of graduation from a genetic counseling educational program, evidenced by:

(1) a master's degree from a genetic counseling training program prior to 1997; or

(2) a master's degree from a genetic counseling training program that is accredited by the ABGC, or an equivalent program as approved by the board; or

(3) a doctoral degree from a medical genetics training program that is accredited by the ABMG, or an equivalent program as determined by the board.

(4) Proof of graduation means official transcripts from a college or university. The applicant shall make arrangements for official transcripts to be sent directly to the board by the educational institution. If official transcripts are not available due to school closure, destroyed records, etc., the applicant shall provide satisfactory evidence to the board that the required genetic counseling educational program has been met for consideration on a case-by-case basis.

G. Initial license period. The applicant who has met all the requirements for licensure shall be issued an initial license for a period of not more than twenty-four (24) months or less than thirteen (13) months, depending on when in the renewal cycle the initial license is issued, in order to schedule the license to renew on March 1.

H. Initial license expiration. Genetic counselor licenses shall be renewed biennially on March 1 as established in Section 12 of this part.

I. All applicants for initial licensure as a genetic counselor are subject to a state and national criminal history screening at their expense. All applicants shall submit two (2) full sets of fingerprints, completed fingerprint certificate form, signed authorization for criminal background screening and background screening fee at the time of application.

(1) Applications for licensure shall not be processed without submission of fingerprints, completed fingerprint certificate form, signed authorization for criminal background screening and fee.

(2) Applications shall be processed pending the completion of the nationwide criminal background screening and may be granted while the screening is still pending.

(3) If the criminal background screening reveals a felony or a violation of the Medical Practice Act, the applicant/licensee shall be notified to submit copies of legal documents and other related information to the board, which shall make the determination if the applicant is eligible for licensure or if disciplinary action will be taken. Questions of felony or misdemeanor convictions involving moral turpitude directly related to employment in the profession need to be resolved satisfactorily. If the prior conviction does not relate to employment in the profession, the board may require proof that the person has been sufficiently rehabilitated to warrant the public trust. Proof of sufficient rehabilitation may include, but not be limited to: certified proof of completion of probation or parole, payment of fees, community service or any other court ordered sanction.

[16.10.21.8 NMAC - N, 1/1/09; A, 10/16/13]

16.10.21.9 TEMPORARY INTERIM LICENSE:

A. The board may issue a temporary license to an applicant who has met all licensure requirements except the certification requirement and has active candidate status conferred by ABGC.

B. The temporary license is valid until the results of the next scheduled ABGC certification examination are available and a license is issued or denied.

C. The temporary license automatically expires three (3) months after the month the ABGC certification examination is offered.

D. A temporary license may be renewed as long as the applicant maintains active candidate status. Individuals with active candidate status must sit for the examination within the first two consecutive exam cycles for which they are eligible following graduation. Individuals who fail to do this will need to apply again as new applicants.

E. The temporary license may be renewed upon a first failure of the certification examination. The temporary license may be renewed a maximum of two (2) consecutive times within a five (5) year period following the first temporary licensure and upon payment of the temporary license renewal fee as established in 16.10.9 NMAC.

F. The temporary licensee may not practice genetic counseling until the temporary license is received and is on file at the principal place of practice.

G. The holder of a temporary license shall work under the effective supervision of a New Mexico licensed genetic counselor or physician. The temporary licensee is responsible to provide the board the following documentation, at the time of application, on forms provided by the board:

- (1) name of the supervising genetic counselor or physician;
- (2) specific program or protocol of work planned;
- (3) address of the sponsoring institution or organization where the work will be performed; and
- (4) an affidavit from the supervising genetic counselor or physician attesting to the qualifications of the temporary licensee and the purpose of the functions the temporary licensee will perform.

[16.10.21.9 NMAC - N, 1/1/09; A, 10/16/13]

16.10.21.10 TEMPORARY TEACHING OR ASSISTING LICENSE:

A one (1) year temporary license may be issued to a person providing the following services.

A. The genetic counselor is in New Mexico temporarily to assist a New Mexico resident licensed to practice genetic counseling or to teach. The genetic counselor has met the requirements for New Mexico licensure, or is licensed in another U.S. jurisdiction or country where the requirements were equal to or greater than the requirements for licensure in New Mexico at the time the license was obtained in the other U.S. jurisdiction or country; if the genetic counselor is from a U.S. jurisdiction or country that does not have licensure for genetic counselors, the genetic counselor would need to meet the requirements for a New Mexico license as established in Section 8 of this part.

B. The holder of a temporary license shall work under the effective supervision of a New Mexico licensed genetic counselor or physician.

C. The temporary licensee is responsible to provide the board the following documentation, at the time of application, on forms provided by the board:

- (1) completed temporary license application;
- (2) temporary teaching or assisting license fee as established in 16.10.9 NMAC;
- (3) written justification for a temporary license;

(4) verification of licensure, if licensed, in another U.S. jurisdiction, as established in Subsection 8 of this part;

(5) name of the supervising genetic counselor or physician;

(6) specific program or protocol of work planned;

(7) address of the sponsoring institution or organization where the work will be performed; and

(8) an affidavit from the supervising genetic counselor or physician attesting to the qualifications of the temporary licensee and the purpose of the functions the temporary licensee will perform.

[16.10.21.10 NMAC - N, 1/1/09; A, 10/16/13]

16.10.21.11 ENDORSEMENT:

An applicant for licensure as a genetic counselor who is licensed under the laws of another U.S. jurisdiction where the requirements were equal to or greater than the requirements for licensure in New Mexico at the time the license was obtained in the other U.S. jurisdiction, shall file an application as established in Section 8 of this part. An endorsement applicant may also apply for a temporary license as established in Section 10 of this part and not be restricted to teaching or assisting.

[16.10.21.11 NMAC - N, 1/1/09]

16.10.21.12 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION:

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a medical license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and issue the appropriate license as soon as practicable. Any qualified applicant seeking expedited consideration pursuant to this section shall submit a copy of form DD214 with their application.

[16.10.21.12 NMAC - N, 1/1/09; 16.10.21.12 NMAC - N, 10/16/13]

16.10.21.13 LICENSE EXPIRATION AND RENEWAL:

A. Genetic counselor licenses shall be renewed biennially on March 1st. An initial license may be issued for a period of up to two (2) years, depending on when in the renewal cycle the initial license is issued, in order to schedule the license to renew on March 1st.

B. Failure to receive the renewal notice shall not relieve the licensee from the responsibility of renewing the license by the renewal date. The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to inform the board of accurate address information and to make a timely request for the renewal application if one has not been received prior to March 1st.

C. Renewal applications postmarked or hand-delivered on or prior to March 1 shall require the following documentation:

(1) completion of a renewal application either electronically on-line or on the form provided by the board; the renewal form shall include the following data:

(a) demographic information of the licensee;

(b) license number;

(c) questions regarding practice information since the last renewal; and

(d) signature of the licensee;

(2) receipt of the renewal fee as established in 16.10.9 NMAC; and

(3) proof of forty (40) NSGC or ABGC approved continuing education contact hours during each biennial renewal cycle.

D. Renewal applications postmarked or hand-delivered after March 1 and prior to May 1 shall require the following documentation:

(1) completion of a renewal application either electronically on-line or on the form provided by the board, including the data as described in Subparagraphs (a)-(d) of Paragraph (1) of Subsection C of 16.10.21.12 NMAC;

(2) receipt of the renewal fee as established in 16.10.9 NMAC;

(3) receipt of the late fee as established in 16.10.9 NMAC; and

(4) proof of forty (40) NSGC or ABGC approved continuing education contact hours during each biennial renewal cycle.

E. March 1 through April 30 is considered the grace period following the renewal date during which a licensee may continue to provide services and renew with a late fee.

F. When renewal applications are received on or after May 1, the license shall have expired, and the licensee shall not be eligible to provide genetic counseling services in New Mexico.

[16.10.21.13 NMAC - Rn & A, 16.10.21.12 NMAC, 10/16/13]

16.10.21.14 REINSTATEMENT:

A licensee with an expired license may apply for reinstatement.

A. Requirements for reinstatement of an expired license ***within*** one (1) year of the renewal date are as follows:

- (1) completion of a reinstatement application;
- (2) receipt of the renewal fee as established in 16.10.9 NMAC;
- (3) receipt of the reinstatement fee as established in 16.10.9 NMAC; and
- (4) proof of forty (40) NSGC or ABGC approved continuing education contact hours within the previous two (2) years.

B. Requirements for reinstatement of an expired license ***after*** one (1) year of the renewal date are as follows:

- (1) completion of a reinstatement application;
- (2) receipt of the renewal fee as established in 16.10.9 NMAC;
- (3) receipt of the reinstatement fee as established in 16.10.9 NMAC;
- (4) proof of forty (40) NSGC or ABGC approved continuing education contact hours as required for license renewal;
- (5) proof of twenty (20) NSGC or ABGC approved continuing education contact hours for each year the license has been expired; and
- (6) any other proof of competency as may be requested by the board or the board's designee. Additionally, the board may require the former licensee to reapply as a new applicant.

[16.10.21.14 NMAC - Rn & A, 16.10.21.13 NMAC, 10/16/13]

16.10.21.15 DISCIPLINARY AND COMPLAINT PROCESS:

Disciplinary actions and complaints shall be processed as established in 16.10.5 and 16.10.6 NMAC.

[16.10.21.15 NMAC - Rn, 16.10.21.14 NMAC, 10/16/13]

PART 22: NATUROPATHIC DOCTORS: LICENSURE AND PRACTICE REQUIREMENTS

16.10.22.1 ISSUING AGENCY:

New Mexico Medical Board hereafter called the board, with the recommendations of the naturopathic doctor's advisory council, hereafter called the council.

[16.10.22.1 NMAC - N, 3/24/2020]

16.10.22.2 SCOPE:

This part applies to naturopathic doctors and their licensure and practice requirements.

[16.10.22.2 NMAC - N, 3/24/2020]

16.10.22.3 STATUTORY AUTHORITY:

This part establishes the rules of practice and procedure governing the practice of naturopathic medicine in New Mexico and are promulgated pursuant to and in accordance with the Naturopathic Doctor's Practice Act, Chapter 61, Article 12G-4 NMSA 1978 and the Medical Practice Act Chapter 61, Article 6 NMSA 1978.

[16.10.22.3 NMAC - N, 3/24/2020]

16.10.22.4 DURATION:

Permanent.

[16.10.22.4 NMAC - N, 3/24/2020]

16.10.22.5 EFFECTIVE DATE:

March 24, 2020, unless a later date is cited at the end of a section.

[16.10.22.5 NMAC - N, 3/24/2020]

16.10.22.6 OBJECTIVE:

This part regulates the licensing and practice of naturopathic doctors.

[16.10.22.6 NMAC - N, 3/24/2020]

16.10.22.7 DEFINITIONS:

A. Definitions beginning with "A":

(1) **Approved naturopathic medical educational program**" means a naturopathic educational program accredited by the council of naturopathic medical education and approved by the board with recommendation of the council, pursuant to Chapter 61, Article 12G-4 NMSA 1978 of the Naturopathic Doctors' Practice Act.

(2) **"Association"** means an entity that is approved by the American association of naturopathic physicians, which entity represents the interests of naturopathic doctors in the state.

B. Definitions beginning with "B": Board" means the New Mexico medical board established pursuant to the Medical Practice Act Chapter 61, Article 6 NMSA 1978.

C. Definitions beginning with "C":

(1) **"Clinical laboratory procedure"** means the use of commonly used diagnostic modalities consistent with naturopathic practice including venipuncture, ordering of radiographic diagnostics and following guidance of radiologist interpretation of diagnostic imaging techniques including but not limited to ultrasounds, MRI's and CT scans and examination of body orifices, excluding endoscopy and colonoscopy.

(2) **"Collaboration"** means the process by which a licensed physician and a naturopathic doctor jointly contribute to the health care and treatment of patients; provided that:

(a) each collaborator performs actions that the collaborator is licensed or otherwise authorized to perform; and

(b) collaboration shall not be construed to require the physical presence of the licensed physician at the time and place services are rendered by the collaborating naturopathic doctor.

(3) **"Controlled substance"** means a drug, substance or immediate precursor enumerated in Schedules I through V of the Controlled Substances Act Chapter 30, Article 31 NMSA 1978.

(4) **"Council"** means the naturopathic doctors' advisory council;

(5) **"Criminal history record"** means information concerning a person's arrests, indictments, or other formal criminal charges and any dispositions arising there from, including convictions, dismissals, acquittals, sentencing and correctional

supervision, collected by state or federal criminal justice agencies or their political subdivisions and stored in the computerized databases of the federal bureau of investigation, the national law enforcement telecommunications systems, the department of public safety or the repositories of criminal history information in other states or their political subdivisions.

(6) "Criminal history screening" means a criminal history background investigation of an applicant for a naturopathic doctor license, or a licensee applying for licensure renewal, through the use of fingerprints reviewed by the department of public safety and submitted to the federal bureau of investigation, resulting in the generation of a nationwide criminal history record for that applicant.

D. Definitions beginning with "D":

(1) "Dangerous drug" has the same meaning as set forth in Section 26-1-2 NMSA 1978.

(2) "Drug" has the same meaning as set forth in Section 26-1-2 NMSA 1978.

E. Definitions beginning with "E": "Expired" means a license was not renewed by the triennial renewal date of March 1 or at the end of the grace period of May 1, and licensee is not eligible to practice within the state of New Mexico after the grace period ends.

F. Definitions beginning with "F": [RESERVED]

G. Definitions beginning with "G": "Grace period" means the 60 day period granted after the triennial licensing term has expired on March 1, during which time the status of the licensee shall remain in effect as long as the renewal payment and late fee is made during the grace period, and all other renewal requirements are met on or before May 1. A licensee may continue to practice as long as the payment of the required renewal fee and the late fee are received, and all other renewal requirements are met on or before May 1 of the triennial period.

H. Definitions beginning with "H":

(1) "Homeopathic medicine" means a system of medicine based on the use of infinitesimal doses of substances capable of producing symptoms similar to those of the disease treated, as listed in the homeopathic pharmacopoeia of the United States.

(2) "Hygiene" means the use of preventive techniques, including personal hygiene, asepsis, public health and safety.

I. Definitions beginning with "I": [RESERVED]

J. Definitions beginning with "J": [RESERVED]

K. Definitions beginning with "K": [RESERVED]

L. Definitions beginning with "L": [RESERVED]

(1) "Laboratory examination" means:

(a) phlebotomy;

(b) a clinical laboratory procedure;

(c) an orifical examination;

(d) a physiological function test; or

(e) a screening or test that the board has authorized naturopathic doctors to perform, when indicated, which results are interpreted by the naturopathic doctor;

(2) "Legend drug" means an FDA approved prescription drug including an unscheduled dangerous drug.

(3) "License" means a license issued by the board to an individual pursuant to the Naturopathic Doctors' Practice Act and board rules authorizing that individual to practice naturopathic medicine in the state;

(4) "Licensee" means a naturopathic doctor licensed by the board to practice naturopathic medicine in the state;

M. Definitions beginning with "M":

(1) "Major disaster" means a declaration of a major disaster by the federal emergency management agency (FEMA).

(2) "Military service member" means a person who is serving in the armed forces of the United States or in a reserve component of the armed forces of the United States, including the National Guard.

(3) "Minor office procedure" means minor surgical care and procedures, including:

(a) surgical care incidental to superficial laceration, lesion or abrasion, excluding surgical care to treat a lesion suspected of malignancy;

(b) the removal of foreign bodies located in superficial structures, excluding the globe of the eye;

(c) trigger point therapy on myofascial trigger points including manual techniques, insertion of filiform needles or trigger point injections directly in the trigger point; excluding deep muscle bodies, visceral, and distal acupuncture meridian therapy;

(d) dermal stimulation;

(e) allergy testing and treatment;

(f) the use of antiseptics and topical or local anesthetics;

(g) wound care;

(h) diabetic foot care; and

(i) injections as referenced in Subparagraph (h) of Paragraph (2) of Subsection A of 16.10.22.11 NMAC.

N. Definitions beginning with "N":

(1) **"Naturopathic doctor"** means an individual licensed pursuant to the Naturopathic Doctors' Practice Act as a naturopathic doctor to practice naturopathic medicine in the state;

(2) **"Naturopathic medicine"** means:

(a) a system of health care for the prevention, diagnosis and treatment of human health conditions, injury and disease;

(b) the promotion or restoration of health; and

(c) the support and stimulation of a patient's inherent self-healing processes through patient education and the use of naturopathic therapies and therapeutic substances;

(3) **"Naturopathic physical medicine"** means the use of one or more of the following physical agents in a manner consistent with naturopathic medical practice on a part or the whole of the body, by hand or by mechanical means, in the resolution of a human ailment or conditions:

(a) air;

(b) water;

(c) heat;

(d) cold;

- (e) sound;
- (f) light;
- (g) electromagnetism;
- (g) colon hydrotherapy;
- (i) soft tissue therapy;
- (j) joint mobilization;
- (k) therapeutic exercise; or
- (l) naturopathic manipulation within the scope of the naturopathic doctor's education;

(4) "Naturopathic therapy" means the use of:

- (a) naturopathic physical medicine;
- (b) suggestion;
- (c) hygiene;
- (d) a therapeutic substance;
- (e) a legend drug;
- (f) nutrition and food science;
- (g) homeopathic medicine;
- (h) a clinical laboratory procedure;
- (i) a minor office procedure; or
- (j) mental health and substance use screening and referral.

(5) "Nutrition and food science" means the prevention and treatment of disease or other human conditions through the use of food, water, herbs, roots, bark or natural food elements;

O. Definitions beginning with "O": [RESERVED]

P. Definitions beginning with "P":

(1) **"Prescription"** has the same meaning as set forth in Section 26-1-2 NMSA 1978;

(2) **"Primary care"** means health care provided by a healthcare provider who typically acts as the first contact and principal point of continuing care for patients and coordinates other specialist care or services that the patient may require. Primary care providers are trained in non-specialty internal medicine and pediatrics, family medicine, general internal medicine, geriatrics (gerontology), general obstetrics and gynecology and general pediatrics, and refer to specialists when those services are warranted.

(3) **"Professional examination"** means a competency- based national naturopathic doctor licensing examination administered by the North American board of naturopathic examiners (NABNE), whose board has been nationally recognized to administer a naturopathic examination that represents federal standards of education and training;

Q. Definitions beginning with "Q": [RESERVED]

R. Definitions beginning with "R":

(1) **"Renewal date"** means the deadline date upon which the license shall be made valid again for another period of time without a penalty fee.

(2) **"Recent veteran"** means a person who has received an honorable discharge or separation from military service within the two years immediately preceding the date the person applies for a naturopathic doctor license pursuant to 16.10.22.20 NMAC. The veteran shall submit a copy of Form DD214, or its equivalent, as part of the application process.

S. Definitions beginning with "S": "Suggestions" means counseling techniques using: (1) biofeedback, (2) hypnosis, (3) health education, (4) health counseling; or (5) therapeutic lifestyle changes.

T. Definitions beginning with "T": "Therapeutic substance" means any of the following exemplified in a standard naturopathic medical text, journal or pharmacopeia: (1) a vitamin, (2) a mineral, (3) a nutraceutical, (4) a botanical medicine, (5) oxygen, (6) a homeopathic medicine, (7) a hormone, (8) a hormonal or pharmaceutical contraceptive device; or, (9) other physiologic substance.

[16.10.22.7 NMAC- N, 3/24/2020; A/E, 4/17/2020]

16.10.22.8 COUNCIL DUTIES:

The council shall develop guidelines for the board to consider for rulemaking with regard to:

- A. regulating the licensure of naturopathic doctors and determining the hours of continuing education units required for maintaining licensure as a naturopathic doctor;
- B. prescribing the manner in which records of examinations and treatments shall be kept and maintained;
- C. establishing standards for professional responsibility and conduct;
- D. identifying disciplinary actions and circumstances that require disciplinary action;
- E. developing a means to provide information to all licensees in the state;
- F. providing for the investigation of complaints against licensees or persons holding themselves out as naturopathic doctors in the state;
- G. providing for the publication of information for the public about licensees and the practice of naturopathic medicine in the state;
- H. providing for an orderly process for reinstatement of a license;
- I. establishing criteria for advertising or promotional materials;
- J. establishing by rule, in accordance with the Naturopathic Doctors' Practice Act:
 - (1) continuing education hours and content;
 - (2) standards for the state jurisprudence examination;
 - (3) schedules for providing licensing examinations and for the issuance of examination results;
 - (4) procedures and standards for reviewing licensing examination scores; and
 - (5) procedures for reviewing transcripts demonstrating completion of the approved naturopathic medical educational program;
- K. the requirements for issuance and renewal of licenses; and
- L. any other matter necessary to implement the Naturopathic Doctors' Practice Act.

[16.10.22.8 NMAC - N, 3/24/2020]

16.10.22.9 QUALIFICATIONS FOR LICENSURE AS A NATUROPATHIC DOCTOR:

- A. Graduation from an approved naturopathic medical educational program; an approved program shall offer graduate-level, full time didactic and supervised clinical

training; be accredited , or shall have achieved candidacy status for accreditation, by the council on naturopathic medical education or an equivalent federally recognized accrediting body for naturopathic medical programs that is also recognized by the board; and be conducted by an institution, or division of an institution of higher education, that is accredited or is a candidate for accreditation by a regional or national institutional accrediting agency recognized by the United States secretary of education or meets equivalent standards for recognition of accreditation established in rules of the board for medical education programs offered in Canada.

B. passed NPLEX Part I (biomedical science examination), NPLEX Part II (core clinical science examination) and NPLEX clinical elective examination in minor surgery and pharmacology;

C. passed a state jurisprudence examination;

D. demonstrate 20 moral and professional character;

E. possess professional liability insurance, 1 million per single claim and 3 million per policy period;

F. be physically and mentally capable of safely practicing naturopathic medicine with or without reasonable accommodation;

G. has not had a license to practice naturopathic medicine or other healthcare license registration or certificate refused, revoked or suspended by any other jurisdiction for reasons that relate to the applicant's ability to skillfully and safely practice naturopathic medicine unless that license, registration or certification has been restored to good standing by that jurisdiction; and

H. any other proof of competency as may be requested by the board.

[16.10.22.9 NMAC - N, 3/24/2020]

16.10.22.10 LICENSURE PROCESS:

Each applicant for a license as a naturopathic doctor shall submit the required fees and following documentation:

A. A completed application for which the applicant has supplied all information and correspondence requested by the board on forms and in a manner acceptable to the board. Applications are valid for one year from the date of receipt.

B. Two letters of recommendation from a naturopathic doctor or physician licensed to practice medicine in the United States, who have personal knowledge of the applicant's moral character and competence to practice.

C. Verification of licensure in all states where the applicant holds or has held a license to practice as a naturopathic doctor, or other health care profession. Verification must be sent directly to the board from the other state board(s).

D. Verification of all work experience in the last two years, if applicable, provided directly to the board.

E. Naturopathic medical education verification from an approved program must be provided directly to the board from the degree granting institution.

F. Verification of passage of board approved professional examinations must be provided directly to the board from NABNE.

G. Verification of passage of a board approved state jurisprudence examination.

H. Verification of professional liability insurance.

I. All applicants for initial licensure as a naturopathic doctor are subject to a state and national criminal history screening at the applicant's expense.

(1) Applications for licensure will not be processed until receipt of the criminal history screening.

(2) If the criminal background screening reveals a criminal arrest or charge, the applicant/licensee will be notified to submit copies of legal documents and other related information to the board. Failure to report a criminal arrest or charge is a violation of the Medical Practice Act.

[16.10.22.10 NMAC - N, 3/24/2020]

16.10.22.11 SCOPE OF PRACTICE:

A. A licensee may practice naturopathic medicine to provide primary care, as "primary care" is defined in rules of the board, as follows:

(1) in collaboration with a physician licensed pursuant to the Medical Practice Act Chapter 61, Article 6 NMSA 1978 or the Osteopathic Medicine Act Chapter 61, Article 10 NMSA 1978; and

(2) in alignment with naturopathic medical education to:

(a) perform physical examinations;

(b) order laboratory examinations;

(c) order diagnostic imaging studies;

- (d) interpret the results of laboratory examinations for diagnostic purposes;
- (e) order and, based on a radiologist's report, take action on diagnostic imaging studies in a manner consistent with naturopathic training;
- (f) prescribe, administer, dispense and order the class of drugs that excludes the natural derivatives of opium, which are morphine and codeine, and related synthetic and semi-synthetic compounds that act upon opioid receptors;
- (g) after passing a pharmacy examination authorized by rules of the board, prescribe, administer, dispense and order:
- (h) administer intramuscular, intravenous, subcutaneous, intra-articular and intradermal injections of substances appropriate to naturopathic medicine;
- (i) use routes of administration that include oral, nasal, auricular, ocular, rectal, vaginal, transdermal, intradermal, subcutaneous, intravenous, intra-articular and intramuscular consistent with the education and training of the naturopathic doctor;
- (j) perform naturopathic physical medicine;
- (k) employ the use of naturopathic therapy; and
- (l) use and prescribe therapeutic devices, barrier contraception, intrauterine devices, hormonal and pharmaceutical contraception and durable medical equipment.

B. This does not imply that supervision by a physician is required, rather that professional communication and collaboration is required between all healthcare providers for continuity of care in accordance with HIPAA regulations.

[16.10.22.11 NMAC - N, 3/24/2020]

16.10.22.12 PRACTICE LIMITATIONS:

A licensee shall not:

- A.** provide care outside of the scope of primary care, as that term is defined in rules of the board;
- B.** perform surgery outside of the scope of minor office procedures permitted in the employment of naturopathic therapy;
- C.** use general or spinal anesthetics;
- D.** administer ionizing radioactive substances for therapeutic purposes;

E. perform a surgical procedure using a laser device;

F. perform a surgical procedure involving any of the following areas of the body that extend beyond superficial tissue:

(1) eye;

(2) ear;

(3) tendon;

(4) nerves;

(5) veins; or

(6) artery;

G. perform a surgical abortion;

H. treat any lesion suspected of malignancy or requiring surgical removal; or

I. perform acupuncture, unless licensed, certified or registered under other laws of this state.

[16.10.22.12 NMAC - N, 3/24/2020]

16.10.22.13 DISCIPLINARY ACTION:

A. Any violation of these rules may subject the licensee to disciplinary action by the board utilizing the guidelines recommended by the naturopathic advisory council.

B. Any violation of 61-6-15 NMSA 1978 of the Medical Practice Act may subject the licensee to disciplinary action by the board.

[16.10.22.13 NMAC - N, 3/24/2020]

16.10.22.14 LICENSE EXPIRATION, RENEWAL, CHANGE OF STATUS:

A. Naturopathic doctor's licenses expire on March 1 three years following initial licensure or last renewal. To avoid additional penalty fees, a completed renewal application, accompanied by the required fees, proof of continuing medical education, and other documentation must be submitted via electronic means, post-marked or hand-delivered on or before March 1 of the expiration year. A New Mexico naturopathic doctor's license that has not been renewed by March 1 of the renewal year will remain temporarily active with respect to medical practice until May 1 of the renewal year at

which time, the license is automatically administratively suspended for non-renewal and the status shall be changed to lapsed.

B. The board assumes no responsibility for renewal applications not received by the licensee for any reason. It is the licensee's responsibility to assure the board has accurate address information and to make a timely request for the renewal application if one has not been received prior to license expiration.

C. Renewal applications postmarked or hand-delivered after March 1 but prior to April 15 must be accompanied by the completed renewal application, proof of continuing medical education, the renewal fee and late fee indicated in 16.10.9 NMAC.

D. Renewal applications postmarked or hand-delivered on or after April 16 but prior to May 1 must be accompanied by the completed renewal application, proof of continuing medical education, the renewal fee and late fee indicated in 16.10.9 NMAC.

E. A naturopathic doctor who has not completed the required continuing medical education, prior to the date of license expiration may apply to the board for an emergency deferral of the requirement. A designee of the board may grant deferrals of up to 60 days.

(1) A naturopathic doctor who is granted an emergency deferral shall pay the renewal fee and additional late fee indicated in 16.10.9 NMAC.

(2) The license of a naturopathic doctor who is granted an emergency deferral shall expire three years after the original renewal date, regardless of the duration of the emergency deferral.

F. The board shall suspend for non-renewal and change the status to lapsed on May 2 of the renewal year, the license of any naturopathic doctor who has failed within 60 days after the license renewal date to renew their license, or to change the license status, or to pay all required fees, or to comply with the boards continuing medical education requirements, or to provide required documentation, or to request an emergency deferral.

G. At the time of license renewal a naturopathic doctor may request a status change.

(1) A license that is placed on inactive status requires payment of a fee as defined in 16.10.9 NMAC. A license in inactive status is not valid for practice in New Mexico but may be reinstated in accordance with the provisions in Subsection H of 16.10.22.14 NMAC and Subsection I of 16.10.22.14 NMAC.

(2) On request, a license may be placed on retired status. There is no charge for this change in status. A retired license is not valid for practice in New Mexico and

such license may not subsequently be reinstated. A naturopathic doctor with a retired license who chooses to return to medical practice must re-apply as a new applicant.

(3) A naturopathic doctor who does not wish to renew the active license in New Mexico and will voluntarily allow the license to lapse may inform the board of the wish not to renew. A voluntarily lapsed license is not valid for practice in New Mexico but may be reinstated in accordance with the provisions of Subsection H of 16.10.22.14 NMAC and Subsection I of 16.10.22.14 NMAC.

H. Reinstatement within two years. An inactive, lapsed, voluntarily lapsed or administratively suspended license may be placed on active status upon completion of a renewal application in which the applicant has supplied all required fees and proof of continuing medical education.

I. Reinstatement after two years. An inactive, lapsed, voluntarily lapsed or administratively suspended license may be placed on active status upon completion of a reinstatement application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board.

J. Reinstatement applications will be subject to a one-time nationwide and statewide criminal history screening, at the applicant's expense.

(1) Reinstatement applications will not be processed until receipt of the criminal background check.

(2) If the nationwide or statewide criminal background screening reveals a felony or a violation of the Medical Practice Act, the licensee will be notified to submit copies of legal documents and other related information to the board which will make the determination if the applicant is eligible for licensure or if disciplinary action will be taken.

[16.10.22.14 NMAC - N, 3/24/2020]

16.10.22.15 CONTINUING MEDICAL EDUCATION HOURS REQUIRED:

A. 75 hours of continuing medical education (CME) are required for all naturopathic doctor licensees during each triennial renewal cycle. CME may be earned at any time during the licensing period, immediately preceding the triennial renewal date. The 75 hours of CME must include:

(1) One hour of required CME must be earned by reviewing the naturopathic doctor practice act and these board rules. Naturopathic doctors must certify that they have completed this review at the time they submit their triennial renewal application.

(2) Five hours of CME in pain management are required as set forth in Subsections A and B of 16.10.14.11 NMAC and may apply toward the 75 hours required in Subsection A of this section and may be included as part of the required CME hours in either the triennial cycle in which these hours are completed, or the triennial cycle immediately thereafter. Each subsequent triennial renewal cycle shall include five hours of CME in pain management.

(3) 10 hours of CME in pharmacology are required and may be applied toward the 75 hours required in Subsection A of this section.

B. 10 hours of CME are required annually to maintain an inactive license.

C. The board accepts one credit hour for every clock hour of participation in a CME activity. CME credit will be rounded to the nearest quarter hour.

[16.10.22.15 NMAC - N, 3/24/2020]

16.10.22.16 ALLOWED COURSES AND PROVIDERS:

A. The board recognizes any CME course that has been certified by the AMA, AOA, NMOMA, ACCME, ACPE, FNMRA, AANP and NMANP.

B. POST GRADUATE EDUCATION: A maximum of 75 credit hours in any three-year reporting period are allowed for participation in a council on naturopathic medical education (CNME) approved postgraduate education program. This category includes CNME approved residencies and fellowships.

C. ADVANCED DEGREES: 40 credit hours are allowed for each full academic year of study toward an advanced degree in a medical field or a medically related field as approved by the board.

D. TEACHING: One credit hour is allowed for each hour of teaching naturopathic medical students or naturopathic doctors in a CNME approved residency or for teaching in other programs approved by the board for a maximum of 40 credit hours in any three-year reporting period.

E. PRECEPTORS: A maximum of 30 hours of credit during a three-year reporting period is acceptable for licensed naturopathic doctors who are acting as preceptors for students enrolled in a naturopathic medical school or as preceptors for students enrolled in a licensed healthcare professional degree program.

F. PAPERS AND PUBLICATIONS: 10 hours of credit are allowed for each original medical paper or publication written by a licensee. For acceptance, papers must have been presented to a recognized national, international, regional or state society or organization whose membership is primarily healthcare providers; or must have been published in a recognized medical or medically related journal. Material used in a paper

or publication may be given credit one time. A maximum of 30 hours credit may be claimed during each three-year reporting period.

G. ADVANCED LIFE SUPPORT: Credit may be claimed during each three-year reporting period for successful completion of ACLS (advanced cardiac life support), PALS (pediatric advanced life support), ATLS advanced trauma life support, NALS (neonatal advanced life support), and (advanced life support in obstetrics) courses.

H. EXPERT REVIEW: Credit may be claimed by naturopathic doctors who provide expert services by reviewing investigation cases for the board. A maximum of 10 credit hours in any three-year reporting period are allowed for providing expert review.

I. NPLEX: One credit hour for every clock hour will be given for participating in the naturopathic physicians licensing examination committees for the development and writing of NPLEX examinations.

J. RESEARCH: Credit may be given for a maximum of 40 hours of CME in each three year reporting period for research related to the advancement of naturopathic medicine for a recognized educational or medical institution or organization.

K. PRESENTATIONS: Credit may be given for a maximum of 20 hours of CME in a three year reporting period for professional level, health related presentations offered to the public with an emphasis on disease self management and preventive behaviors.

[16.10.22.15 NMAC - N, 3/24/2020]

16.10.22.16 VERIFICATION OF CME:

A. Each naturopathic doctor renewing a license shall attest that they have obtained the required hours of CME. The board shall select renewal applications for audit to verify completion of acceptable CME. The board may audit CME records at any time. Licensees must maintain full and accurate CME records, including verification of attendance, for a period of at least six years.

B. The board, or a designee of the board, may offer any naturopathic doctor who is unable to provide required documentation upon request a settlement in lieu of initiating disciplinary action. Settlements may include a letter of reprimand and a \$500 fine, reportable to the healthcare integrity and protection data bank.

C. Any naturopathic doctor who fails to respond to a CME audit constitutes unprofessional and dishonorable conduct for failure to provide the board with information requested by the board. Potential sanctions include fines, letters of reprimand, or license suspension or revocation.

[16.10.22.16 NMAC - N, 3/24/2020]

16.10.22.17 ACCEPTABLE DOCUMENTATION OF CME INCLUDES:

- A.** Photocopies of original certificates or official letters from course sponsors or online providers.
- B.** Resident and fellowship CME hours must be documented and attested to either by the dean of the medical school, the course director, or an equivalent authority.
- C.** Advanced degree studies must be documented and attested to either by the dean of the medical school, the course director, or an equivalent authority.
- D.** Teaching hours must be documented and attested to either by the dean of the school, the course director, or an equivalent authority.
- E.** Preceptor hours must be documented and attested to either by the dean of the professional school, the course director, or an equivalent authority.
- F.** Papers or publications must be documented with a copy.
- G.** Research verification documentation must include the type of research conducted, purpose and summary of research, dates of participation and disclosure of any fiduciary relationships.
- H.** Presentation credit is determined by actual presentation hours for an initial course or initial seminar offering, and up to three hours for preparation for each hour of the presentation.

[16.10.22.17 NMAC - N, 3/24/2020]

16.10.22.18 CONTINUING MEDICAL EDUCATION APPROVAL:

A. CME providers are any organization or individual offering CME to naturopathic doctors. CME approval requests must consist of educational activities that serve to maintain, develop or increase the knowledge, skills and professional performance and relationships of naturopathic doctors in services for patients, the public and the profession. CME must offer education and skills recognized and accepted by the profession in areas pertaining to research, basic medical sciences, clinical practice, or public health care.

B. CME approval submissions will not be considered for programs that:

- (1)** misrepresent or mislead the end result or skill obtained by the education or training offered;
- (2)** are proprietary in nature, promoting exclusive services, companies or products;

- (3)** are community service oriented in nature;
- (4)** are nonprofessional health related programs presented by a lay person(s);
- (5)** are nonprofessional health related programs directed to the lay public;
- (6)** are not relevant to the scope of practice of naturopathic medicine.
- (7)** pertain to personal-growth/ personal-help;
- (8)** pertain to practice building; or
- (9)** pertain to medical or insurance billing;

C. CME Providers (CMEP) must complete and submit a CME approval request prior to advertising or promoting the event.

(1) CMEP approval requests must be received by the board at least 12 weeks before the event offering.

(2) CMEP approval requests must be submitted on an application form provided by the Board and contain the following:

- (a)** title of the program;
- (b)** syllabus or course outline for all offerings in the program;
- (c)** pharmacology and pain management hours must be delineated in each request with supporting documentation;
- (d)** date(s);
- (e)** start and end time for individual presentations;
- (f)** total hours for entire program;
- (g)** location(s) of presentation;
- (h)** each presenter must be a naturopathic doctor, other licensed physician, or other professionally recognized health care provider with expertise in the subject matter; and
- (i)** presenter must disclose to the board and at the beginning of each presentation any fiduciary or other conflict of interests.

(3) CMEP must maintain attendance records for all approved presentations for a period of six years.

(4) Any changes to an already approved program, including but not limited to, presenter, content, and length of program or sponsorship must be submitted for approval by the board within two weeks of the changes. Any submission received after this time may be retroactively denied approval.

(5) The board reserves the right to decline for consideration programs that are not submitted with adequate documentation.

(6) Approved CMEP's are valid for three years, if there are no substantive changes to the program.

(7) It is the CMEP's responsibility to make a new application on a triennial basis from the date of original approval.

(8) A CMEP that has been submitted to the Board with inaccurate or misleading information may retroactively lose CME approval for the program, even if the program has already occurred.

(9) At its discretion, the board may appoint a member of the board or other designee to audit, by attendance, any program in order to verify appropriateness for approval of CME hours.

(10) If a program has been denied approval, the provider may submit a request for review by the Board with additional substantiating documentation.

[16.10.22.18 NMAC - N, 3/24/2020]

16.10.22.19 EMERGENCY DEFERRAL:

A naturopathic doctor unable to fulfill the CME requirements prior to the date of license expiration may apply to the board for an emergency deferral of the requirements by submitting a request in writing no later than March 1 of the renewal year. A designee of the board may grant a deferral of up to 60 days. In case of illness or other documented circumstances, the board may grant an additional extension of time in which the necessary credits may be earned. The request must be made in writing prior to the end of the emergency deferral and must be approved by the board.

[16.10.22.19 NMAC - N, 3/24/2020]

16.10.22.20 EXPEDITED MEDICAL LICENSURE FOR MILITARY AND SPOUSES LICENSED IN ANOTHER JURISDICTION:

If a military service member, the spouse of a military service member, or a recent veteran submits an application for a naturopathic doctor license and is a qualified applicant pursuant to this part, the board shall expedite the processing of such application and issue the appropriate license as soon as practicable. Any qualified applicant seeking expedited consideration pursuant to this section shall submit a copy of form DD214 or its equivalent or verification of active military status with their application.

[16.10.22.20 NMAC - N, 3/24/2020]

16.10.22.21 EXEMPTION FROM LICENSURE:

Nothing in the Naturopathic Doctors' Practice Act shall be construed to prohibit or to restrict:

A. the practice of a health care profession by an individual who is licensed, certified or registered under other laws of this state and who is performing services within the individual's authorized scope of practice;

B. the practice of naturopathic medicine by a student enrolled in an approved naturopathic medical educational program; provided that the practice of naturopathic medicine by a student is performed pursuant to a course of instruction or an assignment from an instructor and under the direct supervision of the instructor who is a licensee or a duly licensed professional in the instructed field;

C. any person that sells a vitamin or herb from providing information about the vitamin or herb;

D. the practice of naturopathic medicine by persons who are licensed to practice in any other state or district in the United States and who enter this state to consult with a naturopathic doctor of this state; provided that the consultation is limited to examination, recommendation or testimony in litigation; or

E. any person or practitioner who is not licensed as a naturopathic doctor from recommending ayurvedic medicine, herbal remedies, nutritional advice, homeopathy or other therapy that is within the scope of practice of the Unlicensed Health Care Practice Act 61-35-1 through 61-35-8 NMSA 1978; provided that the person or practitioner shall not:

(1) use a title protected pursuant to 61-12G-10 NMSA 1978 of the Naturopathic Doctors' Practice Act;

(2) represent or assume the character or appearance of a licensee; or

(3) otherwise use a name, title or other designation that indicates or implies that the person is a licensee.

[16.10.22.21 NMAC - N, 3/24/2020]

16.10.22.22 OTHER NEW MEXICO MEDICAL BOARD RULES THAT PERTAIN TO THE LICENSURE OF NATUROPATHIC DOCTORS:

- A.** Title 16, Chapter 10, Part 5 - Disciplinary Power of the Board.
- B.** Title 16, Chapter 10, Part 6 - Complaint Procedure & Institution of Disciplinary Action.
- C.** Title 16, Chapter 10, Part 8 - Medical Ethics.
- D.** Title 16, Chapter 10, Part 9 - Fees.
- E.** Title 16, Chapter 10, Part 10 - Report of Settlements, Judgements, Adverse Actions & Credentialing Discrepancies.
- F.** Title 16, Chapter 10, Part 13 - Delegated Use of Devices and Procedures by Medical Assistants; Cosmetic Injections.
- G.** Title 16, Chapter 10, Part 14 - Management of Chronic Pain with Controlled Substances.
- H.** Title 16, Chapter 10, Part 17 - Management of Medical Records.

[16.10.22.22 NMAC - N, 3/24/2020]

16.10.22.23 PROVISIONS FOR NATUROPATHIC DOCTOR LICENSURE DURING A DECLARED DISASTER:

The board may waive documentation requirements for any new or pending applications when the disaster delays or prohibits the procuring of the required documents. The board will determine the length of time the emergency provisions will be in effect for each major disaster that results in applications for a federal emergency license.

A. Federal emergency license. The board may waive specific requirements in Subsections B, D and G of 16.10.22.10 NMAC if the applicant is unable to obtain the documentation from individuals or institutions located in the disaster area.

B. License expiration. Initial federal emergency licenses shall be valid for not less than three months or more than fifteen months. Licenses shall be renewed on March 1 following the date of issue, pursuant to 16.10.22.14 NMAC. The board reserves the right to request additional documentation, including but not limited to recommendation forms and work experience verification forms prior to approving license renewal. At the time a federal emergency license is approved for renewal it will be transferred to a full naturopathic doctor license.

C. License renewal. The temporary federal emergency license may be renewed one time for a period of not more than twelve months with a prorated fee of \$120.00, provided the federal emergency is still in effect.

[16.10.22.23 NMAC – N/E, 4/17/2020]

CHAPTER 11: MIDWIVES

PART 1: GENERAL PROVISIONS [RESERVED]

PART 2: CERTIFIED NURSE MIDWIVES

16.11.2.1 ISSUING AGENCY:

New Mexico Department of Health.

[16.11.2.1 NMAC - Rp, 16.11.2.1 NMAC, 5/7/2024]

16.11.2.2 SCOPE:

This rule applies to any person seeking to practice or currently practicing as a certified nurse-midwife in the state of New Mexico.

[16.11.2.2 NMAC - Rp, 16.11.2.2 NMAC, 5/7/2024]

16.11.2.3 STATUTORY AUTHORITY:

This rule is authorized by Subsection E of Section 9-7-6 NMSA 1978, Subsection S and Subsection V of Section 24-1-3 NMSA 1978 and Section 24-1-4.1 NMSA 1978.

[16.11.2.3 NMAC - Rp, 16.11.2.3 NMAC, 5/7/2024]

16.11.2.4 DURATION:

Permanent.

[16.11.2.4 NMAC - Rp, 16.11.2.4 NMAC, 5/7/2024]

16.11.2.5 EFFECTIVE DATE:

May 7, 2024, unless a later date is cited at the end of a section.

[16.11.2.5 NMAC - Rp, 16.11.2.5 NMAC, 5/7/2024]

16.11.2.6 OBJECTIVE:

This rule governs the licensure and practice of certified nurse-midwives (CNMs) in New Mexico.

[16.11.2.6 NMAC - Rp, 16.11.2.6 NMAC, 5/7/2024]

16.11.2.7 DEFINITIONS:

A. Definitions beginning with "A":

- (1) **"ACNM"** means the American college of nurse-midwives.
- (2) **"AMCB"** means American midwifery certification board.
- (3) **"Addiction"** is a neurobehavioral syndrome with genetic and environmental influences that results in psychological dependence on the use of substances for their psychic effects. It is characterized by behaviors that include one or more of the following: impaired control over drug use; compulsive use; continued use despite harm; and craving. Physical dependence and tolerance are normal physiological consequences of extended opiate or opioid therapy for pain and should not by themselves be considered addiction.
- (4) **"Audit"** means an examination and verification of continuing education and practice documents.

B. Definitions beginning with "B": **"Board"** means the certified nurse-midwifery advisory board established under these rules.

C. Definitions beginning with "C":

- (1) **"Certified nurse-midwife (CNM)"** means an individual educated in the two disciplines of nursing and midwifery, who is certified by the AMCB or its designee and who is licensed under this rule.
- (2) **"Chronic pain"** means pain that persists after reasonable efforts have been made to relieve the pain or its cause and that continues, either continuously or episodically, for longer than three consecutive months. For purposes of this rule, chronic pain does not include pain associated with a terminal condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition.
- (3) **"Client"** means any person domiciled, residing, or receiving care, service or treatment from a New Mexico licensed CNM. This includes but is not limited to patients, residents, or consumers.
- (4) **"CNM license"** means the legal privilege to practice within the scope of this rule as authorized by the department.
- (5) **"Contact hour"** means 50-60 minutes of an organized learning experience relevant to CNM practice.

(6) **"Continuance"** means the adjournment or postponement of a trial or other proceeding to a future date.

(7) **"Continuing education"** means planned learning experiences occurring after initial licensure. These experiences are designed to promote the development of knowledge, skills and attitudes for the enhancement of midwifery practice, thus improving health care to the public.

(8) **"Continuing education unit"** means 10 contact hours of participation in an organized continuing education experience.

(9) **"Controlled substance"** means any drug or therapeutic agent listed in Schedules I through V of Sections 30-31-6 to 30-3-10 NMSA 1978, Controlled Substances Act, or rules adopted thereto, which is commonly understood to include narcotics.

D. Definitions beginning with "D":

(1) **"Dangerous drug"** means a prescription drug other than a controlled substance that has been determined by law to be unsafe for self-administration and is included in Sections 26-1-1 to 26-1-26 NMSA 1978, New Mexico Drug, Device and Cosmetic Act, and in Section 30-31-6 NMSA, Controlled Substances Act.

(2) **"Department"** means the New Mexico department of health.

(3) **"Division"** means the public health division.

E. Definitions beginning with "E": "Electronic professional licensing management system" means the system by which licensees apply and submit an application for midwifery license and keep up to date their online profile.

F. Definitions beginning with "F": [RESERVED]

G. Definitions beginning with "G": [RESERVED]

H. Definitions beginning with "H": [RESERVED]

I. Definitions beginning with "I": [RESERVED]

J. Definitions beginning with "J": [RESERVED]

K. Definitions beginning with "K": [RESERVED]

L. Definitions beginning with "L": "Lapsed license" means a license that a person has voluntarily lapsed, has failed to renew as required, or the license of a person who failed to meet stated obligations for renewal within a stated time.

M. Definitions beginning with "M": [RESERVED]

N. Definitions beginning with "N": "National practitioner data bank (NPDB)" means the web-based repository of reports containing information on medical malpractice payments and certain adverse actions related to health care practitioners, providers, and suppliers.

O. Definitions beginning with "O": "Opioid antagonist" means a drug approved by the federal food and drug administration that when administered negates or neutralizes in whole or in part the pharmacological effects of an opioid analgesic in the body; this includes naloxone and such other medications approved by the board of pharmacy for the reversal of opioid analgesic overdoses.

P. Definitions beginning with "P":

(1) "Pain" means an unpleasant sensory and emotional experience associated with inflammation or with actual or potential tissue damage or described in terms of such inflammation and damage, which could include acute, persistent, or chronic pain.

(2) "Peer review" means the assessment and evaluation of CNM practice by other CNMs and other health care providers to measure compliance with established institutional or legal standards. In the peer review process, a CNM's practice undergoes scrutiny for the purpose of professional self-regulation.

(3) "Physical dependence" means a state of adaptation that is manifested by a drug-specific withdrawal syndrome that can be produced by abrupt cessation, rapid dose reduction, decreasing blood level of the drug, administration of an antagonist, or a combination of these.

(4) "Prescription monitoring program (PMP)" means a centralized electronic system within the New Mexico board of pharmacy that collects, monitors, and analyzes data submitted by dispensing practitioners and pharmacies related to the prescribing and dispensing of controlled substances. The data are used to support efforts in education, research, enforcement, and misuse prevention.

(5) "Primary care" means the provision of integrated, accessible health care services by clinicians who are accountable for addressing the large majority of presenting health care needs, developing sustained partnerships with clients, and practicing within the context of family and community.

Q. Definitions beginning with "Q":

(1) "Quality assurance" means monitoring structural, procedural, and outcome indicators as they relate to accepted standards.

(2) **"Quality improvement"** means modifying the process for providing care in order to improve outcomes. Modifications are based upon the measurement of parameters such as evidence-based best practices, client satisfaction, clinical outcomes, population specific care, culturally appropriate care, appropriate use of technology and resources, and access to care.

R. Definitions beginning with "R":

(1) **"Reactivation"** means the process of making current a license which has been in abeyance as a result of failure to comply with the necessary renewal requirements; this process does not involve disciplinary action at any juncture.

(2) **"Reinstatement"** means the process whereby a license which has been subject to revocation or suspension, is returned to active status; this process always involves disciplinary action.

S. Definitions beginning with "S": "Substance use disorder" means a treatable mental disorder that affects a person's brain and behavior, leading to their inability to control their use of substances like legal or illegal drugs, alcohol or medications.

T. Definitions beginning with "T":

(1) **"Therapeutic purpose"** means the use of pharmaceutical and non-pharmaceutical treatments and the spectrum of available modalities that conforms substantially to accepted guidelines.

(2) **"Tolerance"** means a state of adaptation in which exposure to a drug induces changes that result in a diminution of one or more of the drug's effects over time.

U. Definitions beginning with "U": [RESERVED]

V. Definitions beginning with "V": "Valid CNM-client relationship" means a professional relationship between the CNM and the client for the purpose of maintaining the client's well-being. At minimum, this relationship is an interactive encounter between the CNM and client involving an appropriate history and physical or mental examination; ordering labs or diagnostic tests sufficient to make a diagnosis; and providing, prescribing, or recommending treatment, or referring to other health care providers. A client record must be generated by the encounter.

W. Definitions beginning with "W": [RESERVED]

X. Definitions beginning with "X": [RESERVED]

Y. Definitions beginning with "Y": [RESERVED]

Z. Definitions beginning with "Z": [RESERVED]

[16.11.2.7 NMAC - Rp, 16.11.2.7 NMAC, 5/7/2024]

16.11.2.8 DOCUMENTS INCORPORATED BY REFERENCE ARE THE LATEST EDITIONS OF:

- A.** ACNM "core competencies for basic midwifery practice".
- B.** ACNM "standards for the practice of midwifery".
- C.** ACNM handbook: "the home birth practice manual".

[16.11.2.8 NMAC - Rp, 16.11.2.8 NMAC, 5/7/2024]

16.11.2.9 LICENSURE:

A. Licensure requirements: A CNM practicing in New Mexico shall hold an active license that meets the New Mexico board of nursing's requirement to practice as a registered nurse in New Mexico and shall hold current certification by AMCB or its designee. The department may deny licensure, including renewal, reinstatement, or reactivation of licensure, to a CNM whose midwifery or nursing license has been subject to disciplinary action in any jurisdiction. If denied due to disciplinary action, re-application will only be considered after a minimum of one year from date of initial denial, and the re-application must be accompanied by full disclosure and complete record of previous actions. A CNM license is not transferable.

B. Initial licensure:

(1) An applicant for licensure to practice as a CNM in New Mexico shall submit to the department via the electronic professional licensing management system:

- (a) a completed application;
- (b) proof of holding a valid license that meets the New Mexico board of nursing's requirement to practice as a registered nurse in New Mexico;
- (c) proof of current certification by AMCB or its designee;
- (d) the fee designated in Subsection E of 16.11.2.9 NMAC.

(2) An initial CNM license may be issued at any time upon submission and verification of the materials required in Paragraph (1) of this subsection and shall expire on the last day of the month of the CNM's birth month. A CNM license shall be valid for a maximum of two years.

(3) If the licensure process is not completed, the application becomes null and void one year after the date of application being received, and fees paid are not refundable.

(4) If a license is denied due to disciplinary action on initial application, the applicant may reapply after one year and upon meeting all the requirements under Subsection B of 16.11.2.9 NMAC.

(5) Any final action denying a license to an applicant is an event reportable to the NPDB.

C. Licensure renewal:

(1) A CNM's renewed license shall expire on the last day of the month of the CNM's birth month of the second year after it is issued.

(2) An applicant for licensure renewal shall submit to the department via the electronic professional licensing management system:

(a) a completed application electronically submitted by the fifth day of the month of the expiration of the CNM license;

(b) proof of holding a valid license that meets the requirement of the New Mexico board of nursing to practice as a registered nurse in New Mexico for the period the renewed CNM license will cover;

(c) proof of current certification by AMCB or its designee;

(d) proof of having met the continuing education and quality management requirements in Paragraphs (3) and (4) of this subsection; and

(e) the fee designated in Subsection E of this section;

(f) an additional fee designated in Subsection E of this section for applications electronically submitted after the fifth day of the month after the license is expiring.

(3) Continuing education: CNMs must complete a minimum of 30 contact hours during the two years preceding license renewal.

(a) 15 of the contact hours shall be pharmacology-related. As part of the pharmacology-related contact hours, a CNM who holds a CNM license shall submit with the first license renewal application proof of completing a minimum of five contact hours on any of the following topics:

(i) the CNM rule as it applies to management of chronic pain,

- (ii) the pharmacology and risks of controlled substances,
- (iii) the problems of substance use disorder and addiction, or
- (iv) state and federal regulations for the prescription of controlled substances.

(b) With each subsequent license renewal application, a CNM shall submit proof of completing a minimum of two contact hours on the above topics.

(c) A minimum of two of the contact hours shall be focused on health equity. Acceptable content includes but is not limited to:

- (i) Implicit bias training to identify strategies to reduce bias during assessment, diagnosis, and care. This may include, but is not limited to training in bias, racism, and poverty, that manifest as health inequities.

- (ii) Development of individual and system level interventions and self-reflection to assess how the CNM's social position can influence their relationship with clients and their communities.

- (iii) Skills to enable a health care professional to care effectively for clients from diverse cultures, groups, and communities and apply health equity concepts into practices.

(d) The following options, subject to audit and approval by the department, may be accepted in place of continuing education contact hours, except for the pharmacology-related contact hours requirement:

- (i) preparation and presentation of a nurse-midwifery topic that has received contact hour approval by any of the organizations listed in Subsection C of 16.11.2.10 NMAC, will count for twice the number of contact hours for which the presentation is approved with a maximum award of 15 contact hours per licensure period; the same presentation cannot be credited more than once;

- (ii) sole or primary authorship of one nurse-midwifery related article published in a department-approved professional medical or midwifery journal may be accepted in place of 10 contact hours per licensure period;

- (iii) completion of a formal university or college course directly related to nurse-midwifery practice; each university or college unit shall be credited as 15 hours of continuing education for a semester system and 10 hours of continuing education for a quarter system; and

- (iv) acting as preceptor for a midwifery student; each 10 hours of precepting shall be credited as one continuing education hour, with maximum award of

10 contact hours; verification shall be provided by an accreditation commission for midwifery education (ACME) accredited nurse-midwifery education program or can be verified by a division-approved form. This option shall not be accepted in place of pharmacology-related contact hours.

(4) Quality management: documentation of participation during the preceding two years in a system of quality management meeting the approval of the department is required for license renewal. Quality management includes peer review, quality assurance and quality improvement as defined in Subsection S of 16.11.2.7 NMAC, Subsection W of 16.11.2.7 NMAC, and Subsection X of 16.11.2.7 NMAC.

(5) If license renewal is denied, the applicant may request an administrative hearing under the terms set forth by Paragraph (5) of Subsection C of 16.11.2.12 NMAC.

D. Reactivation of a CNM license:

(1) A lapsed license occurs on the first day of the following month following the expiration date of the current license if license not renewed on time, and a CNM must apply for reactivation of the license, paying all added fees before being allowed to practice. A CNM may not work with a lapsed license or disciplinary action will be taken.

(2) The requirements for reactivation of a CNM license that has voluntarily lapsed in status or for an applicant that is returning to New Mexico are the same as those for license renewal, listed in Paragraph (2) of Subsection C of 16.11.2.9 NMAC, except the applicant must pay the additional fee for reactivation pursuant to Subsection F of 16.12.2.9 NMAC.

(3) The license will be reactivated with the original license number.

E. Reinstatement of a CNM license:

(1) The requirements for reinstatement of a revoked or suspended CNM license are the same as those for license renewal, listed in Paragraph (2) of Subsection C of 16.11.2.9 NMAC, except that the fee is higher than a renewal, as designated in Subsection F of 16.11.2.9 NMAC.

(2) The license will be reinstated with the original license number.

F. Fees: the department shall charge applicants the following fees for licensure services:

- (1) two hundred dollars (\$200) for initial licensure;
- (2) one hundred dollars (\$100) for license renewal;

(3) one hundred and fifty dollars (\$150.00) late fee for renewing a license when the complete application is not electronically submitted by the fifth calendar day of the month of the current license's expiration date or for voluntary lapse of a license; this fee is in addition to the renewal fee;

(4) two hundred dollars (\$200.00) for reinstatement of a revoked or suspended license, or reactivation of a lapsed license; this fee is in addition to the renewal fee;

(5) twenty-five dollars (\$25.00) for verifying licenses by FAX or letter;

(6) fifty dollars (\$50.00) for rejected electronic payment for insufficient funds.

G. Change of address or other contact information: a CNM shall submit a change of any contact information to the department's electronic professional licensing management system within 30 days of the change; failure to update information within this time frame may result in disciplinary action.

[16.11.2.9 NMAC - Rp, 16.11.2.9 NMAC, 5/7/2024]

16.11.2.10 CONTINUING EDUCATION:

A. Introduction:

(1) The division prescribes the following regulations establishing requirements for CE to be met by the licensee to protect the health and well-being of the citizens of New Mexico and to promote current midwifery knowledge and practice.

(2) Philosophy of CE: The division believes that CE is one of the most important responsibilities of the midwife and is a lifelong process. The primary responsibility for CE rests with the individual midwife. A diversity of midwifery-related learning activities is recommended to enhance the scope of professional development.

B. Requirements and rules:

(1) Records:

(a) All licensees must indicate compliance with the CE required by these rules on the renewal application. All information must be completed as requested.

(b) Licensees are responsible for maintaining their own CE records and for keeping the certificates of verification of attendance of CE activities for at least one year after the license is renewed. Copies of certificates must be submitted to the division if audited and requested.

(2) CE Audit:

(a) Continuing education records are subject to audit by the division.

(b) Licensee may be subject to disciplinary action by the division if non-compliant with a request for additional information within 60 days of the first notice of CE non-compliance.

C. Approved continuing education: To be acceptable in New Mexico, the CE activity must have been approved by a recognized approval body and must enhance the licensee's scope of professional development as related to CNM scope of practice. The participant must receive a certificate of attendance which validates the number of approved CE hours awarded, name of the participant, sponsoring agency, approval body and date attended.

(1) Recognized approval bodies for CE for CNMs:

(a) clinician-level continuing education accrediting agencies approved by the division;

(b) national or state recognized nursing organizations or boards of nursing;

(c) other state boards of nursing.

(2) Other CE which may be accepted as approved CE for CNMs:

(a) academic credit, computation: as set forth in Item (iii) of Subparagraph (d) of Paragraph (3) of Subsection C of 16.11.2.9 NMAC;

(b) CE units (CEUs) or contact hours awarded by CE divisions within educational institutions of higher learning;

(c) educational offerings approved through other generally recognized health care or professional organizations as related to CNM's scope of practice.

[16.11.2.10 NMAC - N, 5/7/2024]

16.11.2.11 PRACTICE OF THE CERTIFIED NURSE-MIDWIFE:

A. Scope of practice: Practice by CNMs encompasses independently providing a full range of primary health care services for clients from adolescence to beyond menopause. These services include primary care; sexual and reproductive health care; gynecologic health; family planning services; pre-conception care; care during pregnancy, childbirth, and the postpartum period; and care of the normal newborn up to six weeks of age. CNMs provide care for all individuals who seek midwifery care, inclusive of all gender identities and sexual orientations. CNMs provide initial and ongoing comprehensive assessment, diagnosis, and treatment. They conduct physical examinations; independently prescribe, distribute, and administer dangerous drugs,

devices, and contraceptive methods, and controlled substances in Schedules II through V of Sections 30-31-1 NMSA 1978, Controlled Substances Act; admit, manage, and discharge clients; order and interpret laboratory and diagnostic tests; and order the use of medical devices. Midwifery care also includes health promotion, disease prevention, and individualized wellness education and counseling. These services are provided in partnership with clients in diverse settings such as ambulatory care clinics, private offices, community and public health systems, homes, hospitals, and birth centers. A CNM practices within a health care system that provides for consultation, collaborative management, or referral as indicated by the health status of the client. A CNM practices in accordance with the ACNM "standards for the practice of midwifery". A CNM who expands beyond the ACNM "core competencies" to incorporate new procedures that improve care for their clients shall comply with the guidelines set out in the ACNM "standards for the practice of midwifery", standard VIII. Practice guidelines for home births should be informed by the most recent edition of the "ACNM home birth practice manual."

B. Prescriptive authority:

(1) Dangerous drugs: A CNM who prescribes, distributes, or administers a dangerous drug or device shall do so in accordance with Section 26-1 NMSA 1978, New Mexico Drug, Device and Cosmetic Act.

(2) Controlled substances:

(a) A CNM shall not prescribe nor distribute controlled substances in Schedule I of Section 26-1 1978 NMSA, Controlled Substances Act.

(b) A CNM shall not prescribe, distribute, or administer controlled substances in Schedules II-V of the Controlled Substances Act unless the CNM is registered with the New Mexico board of pharmacy and the United States drug enforcement administration (DEA) to prescribe, distribute, and administer controlled substances.

(c) A CNM who prescribes, distributes, or administers a controlled substance in Schedules II-V of Section 26-1 NMSA 1978, Controlled Substances Act, shall do so in accordance with the Controlled Substances Act.

(d) An individual employed as a CNM by the United States military, the United States veterans administration, or the United States public health service, and operating in the official capacity of that employment, who is prescribing, distributing or administering controlled substances under that facility's United States drug enforcement administration registration is exempt from the Subparagraphs (a), (b) and (c) of Paragraph (2) of this subsection.

(e) A CNM may prescribe, provide samples of, and dispense any dangerous drug to a client if, at the time of the prescription, the CNM has a valid CNM-client relationship. The relationship includes:

(i) the CNM has sufficient information to ensure that a dangerous drug or controlled substance is indicated and necessary for treatment of a condition when the CNM prescribes a dangerous drug or controlled substance;

(ii) the CNM has sufficient information to ensure that a dangerous drug or controlled substance is not contraindicated for the individual;

(iii) the CNM provides a client with appropriate information on the proper dosage, route, frequency, and duration of a drug treatment;

(iv) the CNM informs the client of possible untoward effects and side effects of a proposed treatment;

(v) the CNM provides care for a client in the event of an untoward effect or a side effect that requires care;

(vi) the CNM provides for client education regarding a condition and the condition's treatment to enhance client compliance with plan of care;

(vii) the CNM provides for appropriate follow-up care, including further testing, treatment and education, as appropriate; and

(viii) the CNM documents, at minimum, the indication, drug, and dosage of any prescribed drugs in a health record for the individual.

(3) Prescriptions: A CNM may prescribe by telephone, by written prescription, by e-mail, or through an electronic health record (EHR) system. Controlled substances may only be prescribed by written or electronic prescription. A CNM prescription shall have the CNM's name, office address, and telephone number printed on it. In the event that a CNM is writing a prescription printed with the names of more than one CNM, the name of the CNM writing the individual prescription shall be indicated. The name and address of the client, the date of the prescription, the name and quantity of the drug prescribed, and directions for use shall be included on a prescription.

(4) Labeling: When distributing a drug, a CNM shall label it with the client's name and date of birth; the date; instructions for use; and the CNM's name, address, and telephone number.

C. Guidelines for management of chronic pain or other conditions with controlled substances: The treatment of chronic pain or other conditions with various modalities, including controlled substances such as opioids, is a legitimate practice when done in the usual course of CNM practice. The goal when treating chronic pain is to reduce or eliminate pain and also to avoid development of or contribution to addiction, drug misuse and overdose. Effective dosages should be prescribed, with both under- and over-prescribing to be avoided, using client protection as a guiding principle. The CNM should provide control of the client's pain for its duration, while

effectively addressing other aspects of the client's functioning, including physical, psychological, social, and work-related factors. A CNM may treat clients with substance use disorder, physical dependence, or tolerance who have pain, however such clients require very close monitoring and precise documentation.

(1) If, in a CNM's professional opinion, a client is seeking pain medication for reasons that are not medically justified, the CNM is not required to prescribe controlled substances for the client.

(2) When prescribing, dispensing, or administering controlled substances for management of chronic pain, a CNM shall:

(a) obtain a PMP report for the client covering the preceding 12 months from the New Mexico board of pharmacy and any other state's report that is applicable and available;

(b) complete a history and physical examination and include an evaluation of the client's psychological and pain status, any previous history of significant pain, past history of alternate treatments for pain, potential for substance misuse, coexisting disease or medical conditions, and the presence of medical indications or contraindications related to controlled substances;

(c) be familiar with and employ screening tools, as well as the spectrum of available modalities for therapeutic purposes, in the evaluation and management of pain, and consider an integrative approach to pain management in collaboration with other care providers, including but not limited to acupuncturists, chiropractors, doctors of oriental medicine, exercise physiologists, massage therapists, pharmacists, physical therapists, psychiatrists, or psychologists;

(d) develop a written individual treatment plan taking age, gender, and culture into consideration, with stated objectives by which treatment can be evaluated, such as degree of pain relief, improved physical and psychological function, or other accepted measures, and include any need for further testing, consultation, referral, or use of other treatment modalities as appropriate;

(e) discuss the risks and benefits of using controlled substances with the client or legal guardian and document this discussion in the medical record;

(f) make a written agreement with the client or legal guardian outlining client responsibilities, including a provision stating that the chronic pain client will receive all chronic pain management prescriptions from one practitioner and one pharmacy whenever possible;

(g) maintain complete and accurate records of care provided and drugs prescribed, including the indications for use, the name of the drug, quantity, prescribed dosage, and number of refills authorized;

(h) when indicated by the client's condition, consult with health care professionals who are experienced in the area of the chronic pain or other conditions, though not necessarily specialists in pain control, both early in the course of long-term treatment and at least every six months;

(i) when treating a client with addiction, substance use disorder or physical dependence, use drug screening prior to and during the course of treatment to identify the drugs the client is consuming and compare the screening results with clients' self-reports (this should be included in the written agreement, see Subparagraph (f) above);

(j) note possible indications of drug misuse by a client and take appropriate steps to further investigate and to avoid contributing to drug misuse; such steps may include termination of treatment. Information about some of the indications may be available only through PMP reports. The following list of possible indications of drug misuse is non-exhaustive:

- (i) receiving controlled substances from multiple prescribers;
- (ii) receiving controlled substances for more than 12 consecutive weeks;
- (iii) receiving more than one controlled substance analgesic;
- (iv) receiving a new prescription for any long-acting controlled substance analgesic formulation, including oral or transdermal dosage forms or methadone;
- (v) overutilization, including but not limited to early refills;
- (vi) appearing overly sedated or intoxicated upon presentation; or
- (vii) an unfamiliar client requesting a controlled substance by specific name, street name, color, or identifying marks.

(k) comply with the opioid antagonist prescribing practices as set forth in the Pain Relief Act Section 24-2D-1, et.al NMSA1978.

D. Prescription Monitoring Program (PMP) Requirements: The department requires participation in the PMP to assist practitioners in balancing the safe use of controlled substances with the need to impede harmful and illegal activities involving these pharmaceuticals. Any practitioner who holds a federal drug enforcement administration registration and a New Mexico controlled substance registration shall register with the board of pharmacy to become a regular participant in PMP inquiry and reporting. A practitioner may authorize delegate(s) to access the prescription monitoring report consistent with board of pharmacy regulation 16.19.29 NMAC. While a practitioner's delegate may obtain a report from the state's prescription monitoring

program, the practitioner is solely responsible for reviewing the prescription monitoring report and documenting the receipt and review of a report in the client's medical record.

Before a practitioner prescribes or dispenses for the first time, a controlled substance in Schedule II, III, IV or V to a client for a period greater than four days, or if there is a gap in prescribing the controlled substance for 30 days or more, the practitioner shall review a prescription monitoring report for the client for the preceding 12 months. When available, the practitioner shall review similar reports from adjacent states. The practitioner shall document the receipt and review of such reports in the client's medical record. A prescription monitoring report shall be reviewed a minimum of once every three months during the continuous use of a controlled substance in Schedule II, III, IV or V for each patient. The practitioner shall document the review of these reports in the patient's medical record. Nothing in this section shall be construed as preventing a practitioner from reviewing prescription monitoring reports with greater frequency than that required by this section.

(1) A practitioner does not have to obtain and review a prescription monitoring report before prescribing, ordering, or dispensing a controlled substance in Schedule II, III, IV or V:

(a) for a period of four days or less; or

(b) to a client in a nursing facility; or

(c) to a client in hospice care.

(d) or when prescribing, dispensing, or administering of: testosterone, pregabalin, lacosamide, ezogabine or stimulant therapy for pediatric clients less than age 14.

(2) Upon review of a prescription monitoring report for a client, the practitioner shall identify, be aware, and document if a patient is currently:

(a) receiving opioids from multiple prescribers;

(b) receiving opioids and benzodiazepines concurrently;

(c) receiving opioids for more than 12 consecutive weeks;

(d) receiving more than one controlled substance analgesic;

(e) receiving opioids totaling more than 90 morphine milligram equivalents per day;

(f) exhibiting potential for misuse of opioids and other controlled substances, such as any of the following indicators:

- (g) over-utilization;
- (h) requests to fill early;
- (i) requests for a controlled substance or specific opioid by specific name, street name; color, or identifying marks;
- (j) requests to pay cash when insurance is available;
- (k) receiving opioids from multiple pharmacies; or
- (l) appearing overly sedated or intoxicated upon presentation.
- (m) receiving a new prescription for any long-acting controlled substance analgesic formulation, including oral or transdermal dosage forms or methadone.

(3) Upon recognizing any of the above conditions described in Subparagraph (j) of Paragraph (2) of Subsection C of 16.11.2.11 NMAC, the practitioner, using professional judgement based on prevailing standards of practice, shall take action as appropriate to prevent, mitigate, or resolve any potential problems or risks that may result in opioid misuse or overdose. These steps may involve counseling the client on known risks and realistic benefits of opioid therapy, prescription and training for naloxone, consultation with or referral to a pain management specialist, or offering or arranging treatment for opioid or substance use disorder. The practitioner shall document actions taken to prevent, mitigate, or resolve the potential problems or risks.

(4) Practitioners licensed to practice in an opioid treatment program, as defined in 7.32.8 NMAC, shall review a prescription monitoring report upon a client's initial enrollment into the Opioid Treatment Program and every three months thereafter while prescribing, ordering, administering, or dispensing opioid treatment medications in Schedule II-V for the purpose of treating opioid use disorder. The practitioner shall document the receipt and review of a report in the client's medical record.

E. Immediate reporting: A CNM must report within 48 hours to the division any neonatal or maternal mortality in clients for whom the provider has cared in the perinatal period in a setting other than a licensed health facility; this includes stillbirths. These will be reviewed by the division on a case-by-case basis for compliance with these CNM regulations.

F. Other rules: a CNM shall fulfill the requirements of all relevant department rules including:

- (1) "bureau of vital records and health statistics," 7.2.2 NMAC;
- (2) "control of disease and conditions of public health significance," 7.4.3 NMAC;

- (3) "newborn genetic screening," 7.30.6 NMAC;
- (4) "prevention of infant blindness," 7.30.7 NMAC;
- (5) "requirement for freestanding birth centers," 7.10.2 NMAC; and
- (6) "birthing workforce retention fund," 7.30.9 NMAC.

[16.11.2.11 NMAC - Rp, 16.11.2.10 NMAC, 5/7/2024]

16.11.2.12 LICENSE DENIAL, SUSPENSION, OR REVOCATION; DISCIPLINARY ACTION:

The department may deny, revoke, or suspend any license held or applied for or reprimand or place a license on probation on the grounds of incompetence, unprofessional conduct, or other grounds listed in this section, pursuant to Subsection V of Section 24-1-3, NMSA 1978.

A. Grounds for action:

(1) Incompetence: A CNM who fails to possess and apply the knowledge, skill, or care that is ordinarily possessed and exercised by CNMs or as defined by the ACNM "core competencies for basic midwifery practice" is considered incompetent. Charges of incompetence may be based upon a single act of incompetence or upon a course of conduct or series of acts or omissions which extend over a period of time and which, taken as a whole, demonstrate incompetence. Conduct of such a character that could result in harm to the client or to the public from the act or omission or series of acts or omissions constitutes incompetence, whether or not actual harm resulted.

(2) Unprofessional conduct: For purposes of this rule "unprofessional conduct" includes, but is not limited to, the following:

- (a) verbally or physically abusing a client;
- (b) engaging in sexual contact with or toward a client;
- (c) abandonment of a client;
- (d) engaging in the practice of midwifery when judgment or physical ability is impaired by alcohol or drugs or controlled substances;
- (e) practice that is beyond the scope of CNM licensure;
- (f) dissemination of a client's health information or treatment plan to individuals not entitled to such information and where such information is protected by law from disclosure;

(g) falsifying or altering client records or personnel records for the purpose of reflecting incorrect or incomplete information;

(h) obtaining or attempting to obtain any fee for client services for one's self or for another through fraud, misrepresentation, or deceit;

(i) aiding, abetting, assisting, or hiring an individual to violate any rule of the department;

(j) failure to follow established procedure regarding controlled substances;

(k) failure to make or to keep accurate, intelligible entries in records as required by the ACNM "standards for the practice of midwifery";

(l) obtaining or attempting to obtain a license to practice certified nurse-midwifery for one's self or for another through fraud, deceit, misrepresentation, or any other act of dishonesty in any phase of the licensure or relicensure process;

(m) practicing midwifery in New Mexico without a valid New Mexico license or permit or aiding, abetting or assisting another to practice midwifery without a valid New Mexico license;

(n) delegation of midwifery assessment, evaluation, judgment, or medication administration to a non-licensed person; or

(o) failure to provide information requested by the department pursuant to this rule within 20 business days of receiving the request.

(3) Failure to comply with the New Mexico Parental Responsibility Act, Section 40-5A-1 through 40-5A-13, NMSA 1978.

(4) Dereliction of any duty imposed by law.

(5) Conviction of a felony pursuant to Paragraph (1) of Subsection A of Section 28-2-4 NMSA.

(6) Conviction or entered into an agreed disposition, of a misdemeanor offense related to the practice of midwifery as determined on a case-by-case basis.

(7) Failure to report in writing to the division any complaint or claim made against the CNM's practice as a registered, certified, or licensed health care provider in any jurisdiction, including as a registered nurse. Such notification shall include the credentialing jurisdiction and the location, time, and content of the complaint or claim. It shall be made within 20 business days of the CNM becoming aware of the complaint or claim.

(8) Conduct resulting in the suspension or revocation of a registration, license, or certification to perform as a health care provider.

(9) Failure to report a CNM who appears to have violated the rule for the practice of certified nurse-midwifery. Anyone reporting an alleged violation of this rule shall be immune from liability under this rule unless the person acted in bad faith or with malicious purpose.

(10) Failure to report to the department a change in contact information within 30 days of the change as set forth in Subsection G of 16.11.2.9 NMAC.

(11) Non-compliance for requirements of CEs as determined by audit as set forth in Paragraph (2) of Subsection B of 16.11.2.10 NMAC.

(12) Violation of any of the provisions of this rule.

B. Non-disciplinary proceedings: For non-disciplinary actions involving denial of renewal of a license the applicant will be provided a notice of contemplated action and the right to the hearing procedures set forth in Paragraphs (4) and (5) of Subsection C of 16.11.2.12 NMAC.

C. Disciplinary proceedings: Disciplinary proceedings shall be conducted in accordance with Sections 61-1-1 through 61-1-31 NMSA 1978 of the Uniform Licensing Act (ULA). Disciplinary proceedings related to a CNM's treatment of a client, for chronic pain or other conditions, with a controlled substance shall be conducted in accordance with Sections 24-2D-1 through 24-2D-6 NMSA 1978 of the Pain Relief Act, in addition to this rule.

(1) Filing of a complaint:

(a) A written complaint must be filed with the division before a disciplinary proceeding may be initiated.

(i) A complaint is an allegation of a wrongful act(s) or omission(s).

(ii) An allegation of a wrongful act may include knowledge of a judgment or settlement against a licensee.

(b) A written complaint may be filed by any person, including a member of the board.

(2) Investigation of a complaint:

(a) All complaints alleging a violation of the rules adopted by the department shall be investigated to determine whether a violation of applicable law or rule has occurred.

(b) The investigation may result in a notice of contemplated action (NCA), as defined in the ULA, being issued by the department if a violation occurred or it may result in a dismissal of the complaint if no actionable violation can be substantiated. Once dismissal of a complaint is made following an investigation, the licensee will be notified of the dismissal.

(3) Notice of contemplated action:

(a) The NCA shall be drafted by the department.

(b) The director of the division, or her/his designee shall sign all NCAs.

(c) The NCAs shall contain written information in accordance with the requirements of the ULA and shall be served on the licensee in accordance with the ULA.

(4) Request for a hearing, notice of hearing and request for continuance:

(a) Every licensee shall be afforded notice and an opportunity to be heard.

(b) Within 20 days of receiving the NCA, a licensee may request a hearing in writing by certified mail. The department shall notify the licensee of the time and place of hearing within 20 days of receipt of the request. The hearing shall be held no more than 60 nor less than 15 days from the date of service of the notice of hearing. However, if the ULA designates time requirements different from the above stated time requirements, the ULA time requirements shall prevail. The department shall notify the licensee of these prevailing time requirements when it sends the NCA.

(c) The licensee may request to explore a settlement by negotiating a stipulation and agreement with the administrative attorney of the department at any time prior to the hearing; if a settlement is negotiated, the proposed stipulation and agreement shall be presented to the department for final approval; the proposed stipulation and agreement does not divest the department of its authority to require a formal hearing or final approval, amendment, or rejection; if a settlement is not reached, a hearing shall be held.

(d) Once a hearing has been scheduled, if a request for a continuance is made it shall be presented to the department's hearing officer, in writing, at least 10 days prior to the scheduled hearing. The hearing officer may approve or deny the request.

(e) If a person fails to appear after requesting a hearing, the department may proceed to consider the matter and make a decision.

(f) If no request for a hearing is made within the time and manner stated in the NCA, the department may take the action contemplated in the NCA. Such action shall be final and reportable to NPDB.

(g) The department shall keep a record of the number of complaints received and the disposition of said complaints as either substantiated or unsubstantiated.

(5) Administrative hearing:

(a) All hearings shall be conducted by a hearing officer designated by the secretary or authorized representative of the department. The hearing officer shall have authority to rule on all non-dispositive motions.

(b) All hearings before the department shall be conducted in the same manner as a hearing in a court of law with the exception that the rules of evidence may be relaxed in the hearing pursuant to the ULA.

(i) Hearsay evidence is admissible if it is of a kind commonly relied upon by reasonable prudent people in the conduct of serious affairs.

(ii) Disciplinary action against a CNM license must not be based solely on hearsay evidence.

(c) The hearing officer may take testimony, examine witnesses and direct a continuance of any case.

(d) The hearing officer shall have the power to issue subpoenas to compel the attendance of witnesses or the production of books, documents or records pertinent to the matter of a case before the department.

(e) The hearing officer shall issue a report and recommended finding to the department secretary.

(f) Decision of the department: the secretary of the department shall render a final administrative determination after reviewing the report and recommended findings issued by the hearing officer. Copies of the written decision shall be mailed via certified mail to the licensee in accordance with the ULA and placed in the CNM's licensure file. The department shall mail a copy of the written decision to the authority(ies) that license(s) the CNM as a registered nurse and shall report the decision to the NPDB if the decision is to uphold the disciplinary action.

D. Reinstatement of a suspended or revoked license:

(1) Individuals who request reinstatement of their license or who request that their probation be lifted or altered shall provide the department with substantial evidence to support their request. This evidence must be in the form of notarized written reports

or sworn written testimony from individuals who have personal knowledge of the individual's activities and progress during the period of probation, suspension, or revocation.

(2) For reinstatement of licenses for reasons other than noncompliance with Section 40-5A-1 to -13 NMSA 1978, Parental Responsibility Act, requests for reinstatement of a revoked license shall not be considered by the department prior to the expiration of one year from the date of the order of revocation. The date of the order of revocation is the controlling date, unless otherwise specified in the order. Reinstatement of a revoked license requires proof of meeting the renewal requirements set forth in this rule and payment of the reinstatement of revoked license fee of Paragraph (4) of Subsection F of 16.11.2.9 NMAC.

(3) Requests for reinstatement of a suspended license shall be considered at such time as provided by the department in the order of suspension. Reinstatement of a suspended license requires proof of meeting the renewal requirements as set forth in this rule, any remedial education, supervised practice or other condition specified in the order for suspension required by the department and payment of the reinstatement of current or suspended license fee of Paragraph (4) of Subsection F of 16.11.2.9 NMAC.

(4) When a license is revoked solely because the licensee is not in compliance with the Parental Responsibility Act, Section 40-5A-1 to 13 NMSA 1978, the license shall be reinstated upon presentation of a subsequent statement of compliance.

[16.11.2.12 NMAC - Rp, 16.11.2.11 NMAC, 5/7/2024]

16.11.2.13 ADVISORY BOARD:

The department shall appoint a CNM advisory board to make recommendations to the department regarding the regulation of CNMs:

A. The board may be comprised of:

(1) up to four New Mexico licensed CNMs, at least two of whom are actively practicing midwifery;

(2) one New Mexico licensed midwife (LM) who is actively practicing midwifery;

(3) two members of the general public, who shall not have any significant financial interest, direct or indirect, in the profession regulated;

(4) one actively practicing New Mexico licensed board-certified obstetrician-gynecologist physician;

(5) one student nurse-midwife, who may continue to serve out their term following graduation; and

(6) one employee of the division.

B. Board members other than the department representative shall be appointed for staggered terms up to three years in length. Board members shall serve on a voluntary basis without compensation. They shall not serve for more than two consecutive terms; a student nurse-midwife who has completed their education is not eligible for a second term as the student member. The department representative shall not be subject to term limits.

C. The board shall meet a minimum of two times a year when a meeting of the board is called by the director of the division.

D. Board members may submit requests for reimbursement of in-state travel and per diem for attending board meetings in accordance with the Per Diem and Mileage Act, Section 10-8-1 to -8 NMSA 1978 and the department of finance administration rules, Section 2.42.2 NMAC.

E. Any member failing to attend two consecutive board meetings without good cause and an absence excused prior to the meetings shall be deemed to have resigned from the board.

[16.11.2.13 NMAC - Rp, 16.11.2.12 NMAC, 5/7/2024]

16.11.2.14 SEVERABILITY:

If any part or application of these rules is determined to be illegal, the remainder of these rules shall not be affected.

[16.11.2.14 NMAC - Rp, 16.11.2.13 NMAC, 5/7/2024]

PART 3: LICENSED MIDWIVES

16.11.3.1 ISSUING AGENCY:

New Mexico Department of Health, Public Health Division, Maternal Health Program.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.2 SCOPE:

These regulations apply to any licensed midwife practicing in the state of New Mexico or licensed by the New Mexico department of health, public health division.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.3 STATUTORY AUTHORITY:

The regulations set forth herein are promulgated by the secretary of the department of health by authority of Subsection E of Section 9-7-6 NMSA 1978, Subsection V of Section 24-1-3 NMSA 1978, and Section 24-1-21 NMSA 1978. The public health division ("division") of the department of health shall administer and enforce these regulations.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.4 DURATION:

Permanent.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.5 EFFECTIVE DATE:

December 28, 2021, unless a later date is cited at the end of a section.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.6 OBJECTIVE:

The regulations establish policy, standards, and criteria relating to: the educational and examination requirements, issuing of permits and licenses, midwifery practice, and continuing education of persons who practice licensed midwifery.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.7 DEFINITIONS:

A. Definitions beginning with "A": "Apprentice midwife" means a person age 18 years or older, holding a high school diploma or a GED as minimum educational requirement who:

(1) wishes to make application in the state of New Mexico for basic education in midwifery by apprenticeship;

(2) has a formal preceptor relationship defined in writing with a midwifery instructor who is in good standing with the midwife licensing authority of the public health division and who meets the requirements of Paragraph (2) of Subsection M of 16.11.3.7 NMAC and agrees in writing to fulfill the basic educational and clinical experience requirements described in Subsections A and B of 16.11.3.12 NMAC.

B. Definitions beginning with "B": "Board" means the licensed midwifery advisory board established under these regulations.

C. Definitions beginning with "C":

(1) **"Certified nurse-midwife (CNM)"** means a graduate of a midwifery education program accredited by the accreditation commission for midwifery education (ACME) who, has been certified by the American midwifery certification board (AMCB) and licensed pursuant to laws, regulations, and procedures of the CNM's jurisdiction.

(2) **"Certified professional midwife (CPM)"** means an independent practitioner who has met the standards for certification set by the north American registry of midwives (NARM). A CPM may not practice in New Mexico unless the CPM holds a New Mexico license to practice midwifery.

(3) **"Client"** means a person who has entered into a professional relationship for midwifery services from a LM for the purpose of maintaining the client's well-being. At minimum, this relationship is an interactive encounter between the LM and client as set forth in the "department of health practice guidelines for New Mexico licensed midwives".

(4) **"Contact hour"** means a unit of 50 to 60 minutes of a formal organized learning experience that directly relates to maternal, infant, and reproductive health and related professional, ethical, legal, or business topics and is approved by an accredited continuing education (CE) sponsoring organization.

(5) **"Continuing education (CE)"** means participation in a formal learning experience of which the CEs have been granted by an accrediting organization such as the midwifery education accreditation council (MEAC), American college of obstetricians and gynecologists (ACOG), American college of nurse-midwives (ACNM), association of women's health, obstetric and neonatal nurses (AWHONN), American academy of family physicians (AAFP), state health departments, nursing associations, or perinatal associations.

D. Definitions beginning with "D":

(1) **"Department"** means the department of health.

(2) **"Division"** means the public health division of the department of health.

E. Definitions beginning with "E": [RESERVED]

F. Definitions beginning with "F": "Formulary" means a list of drugs approved by the department.

G. Definitions beginning with "G": [RESERVED]

H. Definitions beginning with "H": [RESERVED]

I. Definitions beginning with "I": "Incompetence" is defined as follows: In performing midwifery functions, a midwife is under a legal duty to possess and to apply the knowledge, skill and care that is ordinarily possessed and exercised by other midwives of the same licensure status and required by the generally accepted standards of the profession including those standards set forth in these regulations and their referenced documents. The failure to possess or to apply such knowledge, skill and care constitutes incompetence for purposes of disciplinary proceedings.

J. Definitions beginning with "J": [RESERVED]

K. Definitions beginning with "K": [RESERVED]

L. Definitions beginning with "L":

(1) **"License"** means a document issued by the department identifying a legal privilege and authorization to practice as a licensed midwife within the scope of this rule.

(2) **"Licensed midwife (LM)"** means a person educated in the discipline of midwifery, who is licensed under this rule.

(3) **"Licensed midwifery"** means the provision of health care and management of people in the antepartum, intrapartum, postpartum, and interconceptual periods, and infants up to 6 weeks of age. This care occurs within a health care system in a community setting which provides for midwifery protocols, medical consultation, co-management or referral and is in accord with the "standards and core competencies of practice for licensed midwives in New Mexico" and the "department of health practice guidelines for New Mexico licensed midwives".

(4) **"Licensing period"** means the period for which licenses are issued. Licenses may be issued at any time but shall expire on the last day of the licensee candidate's birth month two years forward or on the last day of the month 24 months forward, whichever comes earliest.

M. Definitions beginning with "M":

(1) **"MEAC"** means midwifery education accreditation council.

(2) **"Midwifery instructor"** means a person who:

(a) is credentialed as a LM, certified professional midwife (CPM), certified nurse-midwife (CNM), or certified midwife (CM) and must be a licensed provider by a state or jurisdiction to provide midwifery care;

(b) has an additional two years of experience after credentialing or proof of 50 primary births beyond entry-level CPM requirements;

(c) has 10 continuity of care births beyond entry-level CPM requirements;

(d) has attended a minimum of 10 out-of-hospital births as primary midwife in the last two years;

(e) has a formal training and supervisory relationship with an apprentice midwife that is documented in writing; and

(f) is approved and listed with the division per division protocol.

N. Definitions beginning with "N":

(1) **"National practitioner data bank (NPDB)"** means the web-based repository of reports containing information on medical malpractice payments and adverse actions related to health care practitioners, providers, and suppliers.

(2) **"NARM"** means the North American registry of midwives.

(3) **"New Mexico midwifery student workbook (student workbook)"** means an instrument used for the state apprenticeship process and approved by the division, in which the preceptor documents the successful completion of the student's theoretical and clinical education and attainment of safe beginning practice of core competencies.

O. Definitions beginning with "O": [RESERVED]

P. Definitions beginning with "P":

(1) **"Peer review"** means the process utilized by licensed midwives to discuss client cases in a professional forum, which includes support, feedback, follow-up, and learning objectives according to NARM, the state professional organization(s), or other division recognized institutional criteria.

(2) **"Permit"** means documentation issued by the department to a person meeting the requirements described in these regulations authorizing the practice of midwifery at the apprentice level described in 16.11.3.9 NMAC.

(3) **"Permitting period"** means a three year period for which permits are issued; permits may be renewed for an additional three years.

(4) **"Physician"** means a person who is currently practicing obstetrics with a specialty in obstetrics/gynecology or family medicine and is licensed and in good standing in their jurisdiction to practice medicine or osteopathy.

(5) **"Portfolio Evaluation Process (PEP)"** means is an educational evaluation process through NARM that includes verification of knowledge and skills by

qualified preceptors. Completion of this process qualifies applicants to sit for the NARM skills and written examinations.

(6) "Preceptor" means the same as "midwifery instructor".

Q. Definitions beginning with "Q": [RESERVED]

R. Definitions beginning with "R": [RESERVED]

S. Definitions beginning with "S":

(1) "Student midwife" means a person age 18 years or older, holding a high school diploma or a GED as minimum educational requirement who:

(a) wishes to make application for basic education in midwifery through the NARM portfolio evaluation process (PEP) or through a U.S. department of education accredited midwifery school enrollment;

(b) has a formal preceptor relationship defined in writing with a midwifery instructor who is in good standing with the midwife licensing authority of the public health division and who meets the requirements of Paragraph (2) of Subsection M of 16.11.2.7 NMAC and agrees in writing to fulfill the basic educational and clinical experience requirements described in Subsections A and B of 16.11.3.12 NMAC.

(2) "Supervision" means the instruction, guidance, and continued evaluation of an apprentice or student midwife in the practice of midwifery by a midwifery instructor or preceptor with whom the apprentice has a formal relationship defined in writing and who retains ultimate responsibility for clients seen by apprentices.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.8 DOCUMENTS INCORPORATED BY REFERENCE ARE THE LATEST EDITIONS OF:

A. "Department of health practice guidelines for New Mexico licensed midwives"

B. "Standards and core competencies of practice for licensed midwives in New Mexico"

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.9 PERMITS:

A. General provisions:

(1) If caring for New Mexico residents, an apprentice or student midwife must be on one of three pathways:

(a) New Mexico state process;

(b) NARM's portfolio evaluation process (PEP); or

(c) accredited midwifery school enrollment.

(2) A permit or modified permit for an apprentice midwife or student midwife is required for any apprentice midwife or student midwife that will provide care for a New Mexico resident

(a) an apprentice midwife permit is required for those who are utilizing the New Mexico state process;

(b) a student midwife modified permit is required for those who are enrolled in a U.S. department of education accredited midwifery school or utilizing the NARM's PEP.

(3) A permitted apprentice midwife or student midwife may provide any care or services allowed by these regulations as set out in Subsection A of 16.11.3.14 NMAC only under the direct supervision of a midwifery instructor. The midwifery instructor reviews and evaluates all care provided by and attends every labor and delivery managed by the apprentice. The midwifery instructor retains the responsibility for clients seen by apprentice midwives and student midwives.

(4) The division requires full disclosure of any past professional licensure, suspensions, and revocations which will be considered before granting any permit.

B. Apprentice midwife permits:

(1) Application for apprentice midwife permit must include all of the following:

- (a)** proof of high school diploma or GED or higher educational attainment;
- (b)** a completed agreement by the midwifery instructor to the preceptor relationship on the division's form;
- (c)** a completed apprentice application on the electronic division form; and
- (d)** the fee designated in Subsection D of 16.11.3.9 NMAC.

(2) Upon submission of a complete permit application, the division will supply to qualifying apprentice midwife applicants an apprentice midwife permit and necessary regulatory information applicable to apprenticeship:

- (a)** an apprentice midwife permit;
- (b)** the student workbook;
- (c)** a copy of the "department of health practice guidelines for New Mexico licensed midwives";
- (d)** a copy of the "standards and core competencies of practice for licensed midwives in New Mexico"; and
- (e)** a copy of Licensed Midwives regulations, 16.11.3 NMAC.

(3) A midwife apprentice must have successfully completed basic education requirements in midwifery and the requisite examination process, set forth in 16.11.3.12 NMAC, no sooner than the end of the second year but no later than the end of the sixth year after the initial apprentice permit is issued. Extensions beyond this period may be considered by the division on a case-by-case basis.

(a) Before receiving an endorsement from the division to take the division-approved written national examination for certification, an apprentice must successfully complete the following:

- (i)** a minimum of 24 months of theoretical and clinical education described in 16.11.3.12 NMAC; and
- (ii)** a completed student workbook submitted to the division;

(b) Upon passing of the division-approved written national examination for certification, the apprentice will be eligible for state licensure set forth in Paragraph (1) of Subsection B of 16.11.3.10 NMAC.

(4) Renewal of permits: An apprentice midwifery permit may be renewed once after the initial three years permit period. An apprentice applicant for renewal shall submit to the department:

(a) a completed renewal application on the division's electronic form;

(b) the renewal fee designated in Subsection D of 16.11.3.9 NMAC

(5) Lapse in permitted period: If there is a lapse greater than six months between first and second permitted period as defined in Paragraph (3) of Subsection P of 16.11.3.7 NMAC, an apprentice will need to restart the apprentice process.

(6) The division may revoke the permit at any time upon a finding of any act of incompetence or unprofessional conduct as defined in 16.11.3.11 NMAC.

C. Student midwife modified permit:

(1) Application for student midwife modified permit must include all of the following:

(a) proof of registration in a U.S department of education accredited midwifery school or proof of registration in the NARM's PEP;

(b) a completed agreement by any New Mexico approved midwifery instructor to the preceptor relationship on the division's form;

(c) a completed student midwife registration application on the electronic division form;

(d) the fee designated in Subsection D of 16.11.3.9 NMAC

(2) Upon proof of successful completion, the division will supply to qualifying student midwife applicants a student midwife modified permit.

(3) A student midwife modified permit is valid for three years.

(4) Renewal of modified permit: A student midwife modified permit may be renewed after the initial permitting period. A student midwife applicant for renewal shall submit to the department:

(a) a completed renewal application on the division's ELECTONIC form; and

(b) the fee designated in Subsection D of 16.11.3.9 NMAC.

D. Fees: All fees are non-refundable and shall be made by payment method designated by the department.

(1) Applications for initial midwife apprenticeship permit must be accompanied by payment to the division in the amount of sixty dollars (\$60).

(2) Application for renewal of midwife apprentice permit shall be accompanied by a payment of sixty dollars (\$60).

(3) Applications for student midwife modified permit must be accompanied by payment to the division in the amount of thirty dollars (\$30).

(4) Application for renewal of a student midwife modified permit shall be accompanied by a payment of thirty dollars (\$30).

(5) The late fee for renewing an apprentice permit or student midwife modified permit when the complete application is not electronically submitted by the fifth calendar day of the month of the current permit or modified permit's expiration date, or for voluntary lapse of a permit or modified permit, will be an additional fee of \$25; this fee is in addition to the renewal fee.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.10 LICENSURE:

A. General provisions:

(1) A licensed midwife may provide any care or services allowed by these regulations.

(2) The division requires full disclosure of past midwifery or other professional licensure, suspensions, and revocations which will be considered before granting any license. The department may deny licensure, including renewal, reactivation, or reinstatement of licensure, to a LM whose midwifery or other license has been subject to disciplinary action in any jurisdiction. If denied, re-application will only be considered after a minimum of six months from date of initial denial, and the re-application must be accompanied by full disclosure and complete record of previous actions.

(3) Practicing midwifery in New Mexico for compensation or using the initials LM after one's name without a current New Mexico midwifery license is grounds for disciplinary action.

B. Initial licensure:

(1) An applicant for midwifery licensure must submit to the division the following:

(a) if a new applicant for midwifery licensure:

(i) evidence of a passing score on the division-approved national examination no more than one year before applying for licensure or proof of CPM certification; and

(ii) evidence of a passing score on the division-approved jurisprudence examination;

(b) if a new applicant for midwifery licensure who is already practicing midwifery in another state:

(i) proof of CPM certification; and

(ii) evidence of a passing score on the division-approved jurisprudence examination;

(c) evidence of:

(i) current certification in cardiopulmonary resuscitation of the adult and infant/child by the American Heart Association, the Red Cross, the American Safety and Health Institute (ASHI) Basic Life Support, or pre-approved by the department, that includes a hands-on skills component;

(ii) competency in IV therapy via certification course that includes a hands-on skills component; and

(iii) current certification in neonatal resuscitation program of the American academy of pediatrics, the Canadian paediatric society, or pre-approved by the department, that includes a hands-on skills component;

(d) a complete application on the division's electronic forms which shall include the applicant's licensing and disciplinary history;

(e) the fee designated in Subsection G 16.11.3.10 NMAC.

(2) An initial LM license may be issued at any time upon submission and verification of the materials required in Paragraph (1) of Subsection B 16.11.3.10 NMAC and shall expire on the last day of the month of the LM's birth date. A LM license shall be valid for a maximum of two years.

(3) After reviewing and approving the submitted application, the division shall issue to qualifying applicants a license.

(4) If a license is denied on initial application, the applicant may reapply after six months and upon meeting all the requirements under Subsection B of 16.11.2.10 NMAC.

(5) Any final action denying a license to an applicant is an event reportable to the NPDB.

C. Renewal of licensure: A LM license shall expire on the last day of the month of the LM's birth month of the second year after it is issued. A completed renewal application must be received by the division by the fifth day of the month of expiration of the current license. An applicant for renewal shall submit to the division:

(1) a completed renewal application on the division's electronic form;

(2) evidence of successful completion of 30 contact hours of continuing education that conforms with the definitions of "contact hour" and of "continuing education" in topics focused on midwifery care, reproductive health, or the evaluation and care of the newborn. CEUs taught by midwifery associations or non-accredited educational programs will not count unless accredited as CEUs by a third party.

(a) A minimum of two of the 30 contact hours should be pharmacology related with emphasis on the division-approved drug formulary.

(b) The following options, subject to audit and approval by the division, may be accepted in place of continuing education contact hours, except for the pharmacology-related contact hours requirement:

(i) preparation and presentation of a midwifery topic that has received contact hour approval by an accredited CE sponsoring agency will count for twice the number of contact hours for which the presentation is approved with a maximum award of 15 contact hours per licensure period; the same presentation cannot be credited more than once;

(ii) sole or primary authorship of one midwifery related article published in a department-approved professional medical or midwifery journal may be accepted in place of 10 contact hours per licensure period;

(iii) completion of a formal university or college course directly related to midwifery or clinical practice; each university or college unit shall be credited as 15 hours of continuing education; and

(iv) acting as primary preceptor for a midwifery student; each 10 hours of precepting shall be credited as one continuing education hour, and up to five contact hours will be allowed per student, with a maximum award of ten (10) contact hours; verification shall be provided on division-approved form.

(3) an annual report of practice data in a format as directed by the division

(4) evidence of current certification that includes a hands-on component in cardiopulmonary resuscitation of the adult, infant/child, current recognition by the

neonatal resuscitation program of the American academy of pediatrics, and current competency in IV therapy via certification course as outlined in Item (ii) of Subparagraph (c) of Paragraph (1) of Subsection B of 16.11.3.10 NMAC;

(5) evidence of peer review participation within the two years preceding application;

(6) renewal payment designated in Subsection G 16.11.3.10 NMAC.

D. Reactivation of a LM license:

(1) A lapsed license occurs on the first day of the month following the expiration date of the current license, if license not renewed on time, and a LM must reinstate the license, paying all added fees before being allowed to practice. A LM may not work with a lapsed license or disciplinary action will be taken.

(2) The requirements for reactivation of a LM license that has voluntarily lapsed in status or for an applicant that is returning to New Mexico are the same as those for license renewal, listed in Subsection C of 16.11.2.10 NMAC, except the applicant must pay the additional fee for reactivation pursuant to Subsection G of 16.12.2.10 NMAC.

(3) The license will be reactivated with the original license number.

E. Reinstatement of a LM license:

(1) The requirements for reinstatement of a revoked or suspended LM license are the same as those for license renewal, listed in Subsection C of 16.11.2.10 NMAC, except that the fee is higher than a renewal, as designated in Subsection G of 16.11.2.10 NMAC.

(2) The license will be reinstated with the original license number.

F. Reciprocity: There is no reciprocity with other jurisdictions.

G. Fees: All fees are non-refundable and shall be made by the method designated by the division.

(1) Applications for initial licensure shall be accompanied by payment to the division in the amount of one-hundred dollars (\$100).

(2) Application for renewal of licenses shall be accompanied by a payment of fifty dollars (\$50).

(3) The late fee for renewing a license when the complete application is not electronically submitted by the fifth calendar day of the month of the current license's

expiration date or for voluntary lapse of a license will incur an additional fee of seventy-five dollars (\$75); this fee is in addition to the renewal fee.

(4) Reinstatement of a revoked or suspended license or reactivation of a lapsed license will incur an additional fee of one-hundred dollars (\$100); this fee is in addition to the renewal fee.

(5) Application for examination shall be accompanied by the fee designated by the division. This amount does not include the licensing fee.

(6) Hard copy of a license certificate (8 ½ x 11" size) can be requested for a fee of thirty dollars (\$30).

(7) Verification of license by FAX or letter can be requested for a fee of twenty-five dollars (\$25).

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.11 DISCIPLINARY ACTION:

A. Grounds for action:

(1) Incompetence. Charges of incompetence may be based upon a single act of incompetence or upon a course of conduct or series of acts or omissions which extend over a period of time and which, taken as a whole, demonstrate incompetence. It shall not be necessary to show that actual harm resulted from the act or omission or series of acts or omissions so long as the conduct is of such a character that harm could have resulted to the client or to the public from the act or omission or series of acts or omissions.

(2) Unprofessional conduct. For purposes of these regulations "unprofessional conduct" includes, but is not limited to, the following:

(a) dissemination of a client's health information or treatment plan acquired during the course of employment to individuals not entitled to such information and where such information is protected by law or hospital/agency policy from disclosure;

(b) falsifying or altering client records or personnel records for the purpose of reflecting incorrect or incomplete information;

(c) misappropriation of money, drugs or property;

(d) obtaining or attempting to obtain any fee for client services for one's self or for another through fraud, misrepresentation, or deceit;

(e) aiding, abetting, assisting or hiring an individual to violate any duly promulgated regulation of the department's midwife licensing authority;

(f) obtaining, possessing, administering or furnishing prescription drugs not on the department formulary listed in the "department of health practice guidelines for New Mexico licensed midwives" to any person, including but not limited to one's self;

(g) failure to make or keep accurate, intelligible entries in records as required by law, policy and standards for the practice of midwifery;

(h) obtaining or attempting to obtain a license to practice midwifery through fraud, deceit, misrepresentation or any other act of dishonesty in any phase of the licensure by examination or endorsement process, or relicensure process;

(i) practicing midwifery in New Mexico without a valid, current New Mexico license, permit, or modified permit or aiding, abetting or assisting another to practice midwifery without a valid, current New Mexico license;

(j) intentionally engaging in sexual contact with or toward a client in a manner that is commonly recognized as outside the scope of the individual midwife's practice;

(k) failure to care for a non-adherent client(s) as required in the "department of health practice guidelines for New Mexico licensed midwives" when the failure to care results or may result in potential or actual harm or danger to the client(s);

(l) engaging in the practice of midwifery when judgment or physical ability is impaired by alcohol or drugs or controlled substances;

(m) practice which is beyond the scope of LM licensure;

(n) delegation of medication administration, assessment, evaluation and judgment to non-licensed persons, or non-permitted apprentices/student midwives;

(o) verbally or physically abusing a client;

(p) failure to meet the documentation requirements of the bureau of vital records and health statistics regulations;

(q) violation of the department's regulations governing the practice of licensed midwifery;

(r) failure to provide the division in a timely manner with requested information.

(3) Failure to comply with the New Mexico Parental Responsibility Act, Section 40-5A-1 through 40-5A-13, NMSA 1978.

(4) Dereliction of any duty imposed by law.

(5) Conviction of a felony pursuant to Paragraph (1) of Subsection A of 28-2-4 NMSA 1978.

(6) Conviction, or entered into an agreed disposition, of a misdemeanor offense related to the practice of midwifery as determined on a case-by-case basis.

(7) Failure to report in writing to the division any complaint or claim made against the LM's practice as a registered, certified, or licensed health care provider in any jurisdiction. Such notification shall include the credentialing jurisdiction and the location, time, and content of the complaint or claim. It shall be made within 20 business days of the LM becoming aware of the complaint or claim.

(8) Conduct resulting in the suspension or revocation of a registration, license, or certification to perform as a health care provider.

(9) Failure to report a LM who appears to have violated the rule for the practice of licensed midwifery. Anyone reporting an alleged violation of this rule shall be immune from liability under this rule unless the person acted in bad faith or with malicious purpose.

(10) Violation of any of the provisions of this rule.

B. Non-disciplinary proceedings: For non-disciplinary actions involving denial of renewal of a license the applicant will be provided a notice of contemplated action and the right to the hearing or request for settlement procedures set forth in Paragraphs (3) and (4) of Subsection C of 16.11.3.11 NMAC.

C. Disciplinary proceedings: Disciplinary proceedings are conducted in accordance with the Uniform Licensing Act (ULA), 61-1-1 et seq., NMSA 1978 and Open Meetings Act 10-15-1 et seq., NMSA 1978.

(1) Filing of a complaint:

(a) A written complaint must be filed with the division before a disciplinary proceeding can be initiated.

(i) A complaint is an allegation of a wrongful act(s) or an omission(s).

(ii) A complaint may include knowledge of a judgment or settlement against a licensee.

(b) A written complaint may be filed by any person, including a member of the division's licensed midwifery advisory board.

(2) Investigation of a complaint:

(a) All complaints alleging a violation of the regulations adopted by the public health division will be investigated to determine whether a violation of applicable law or rule has occurred.

(b) The complainant will receive from the division a notification of receipt of the complaint.

(c) The investigation may result in a notice of contemplated action (NCA), per the ULA, being issued by the division if a violation exists; or a dismissal of the complaint because no actionable violation can be substantiated. Once dismissal of a complaint is made following an investigation, the licensee will be notified of the dismissal.

(d) The department will notify the complainant of conclusion of the investigation and provide information as to public notification of any disciplinary action that has been taken as set forth in Subsection D of 16.11.3.11 NMAC.

(3) Notice of contemplated action:

(a) The NCA shall be drafted by the department.

(b) The director of the division, or the director's designee, shall sign all NCAs.

(c) The NCAs shall contain written information in accordance with the requirements of the ULA and shall be served on the licensee in accordance with the ULA.

(4) Request for a hearing, notice of hearing and request for continuance:

(a) Every licensee shall be afforded notice and an opportunity to be heard, as set forth in ULA at section 61-1-3 NMSA, before the department has authority to take any action that would result in disciplinary action.

(b) Within 20 days of receiving the NCA, a licensee may request a hearing in writing by certified mail. The department shall notify the licensee of the time and place of hearing within 20 days of receipt of the request. The hearing shall be held no more than 60 nor less than 15 days from the date of service of the notice of hearing. However, if the ULA designates time requirements different from the above stated time requirements, the ULA time requirements shall prevail. The department shall notify the licensee of these prevailing time requirements when it sends the NCA.

(c) The licensee may request to explore a settlement by negotiating a stipulation and agreement with the administrative prosecuting attorney at any time prior to the hearing.

(i) If a settlement is negotiated, the proposed stipulation and agreement shall be presented to the department for final approval.

(ii) The proposed stipulation and agreement does not divest the department of the authority to require a formal hearing or final approval, amendment, or rejection.

(iii) If a settlement is not reached, a hearing shall be held.

(d) Once a hearing has been scheduled, any requests for a continuance must be presented to the division's hearing officer, in writing, at least 10 days prior to the scheduled hearing. The hearing officer may approve or deny the request.

(e) If a person fails to appear after requesting a hearing, the department may proceed to consider the matter as a default and make a decision.

(f) If no request for a hearing is made within the time and manner required by the ULA, the division may take the action contemplated in the NCA. Such action shall be final and reportable to NPDB.

(g) The department shall keep a record of the number of complaints received and the disposition of said complaints as either substantiated or unsubstantiated in accordance with 1.21.2 et al NMAC, Retention and Disposition of Public Records.

(5) Administrative hearing:

(a) All hearings shall be conducted by a hearing officer designated by the secretary or authorized representative of the department. The hearing officer shall have authority to rule on all non-dispositive motions.

(b) All hearings before the department shall be conducted in the same manner as a hearing in a court of law with the exception that the rules of evidence may be relaxed in the hearing pursuant to the ULA.

(i) Hearsay evidence is admissible if it is of a kind commonly relied upon by reasonable prudent people in the conduct of serious affairs.

(ii) Disciplinary action against a LM license must not be based solely on hearsay evidence.

(c) The hearing officer may take testimony, examine witnesses and direct a continuance of any case.

(d) The hearing officer shall have the power to issue subpoenas to compel the attendance of witnesses or the production of books, documents or records pertinent to the matter of a case before the division's licensing authority.

(e) The hearing officer shall issue a report and recommended finding to the department secretary in accordance with the ULA.

(f) Decision of the department: the secretary of the department shall render a final administrative determination after reviewing the report and recommended findings issued by the hearing officer. Copies of the written decision shall be mailed via certified mail to the licensee in accordance with the ULA, Section 61-1-14 NMSA 1978, and placed in the LM's licensure file. The department shall mail a copy of the written decision to any authority(ies) that license(s) the LM as a healthcare provider and shall report the decision to the NPDB if the decision is to uphold the disciplinary action.

D. Public notification of disciplinary action: The following are means in which disciplinary actions are made available to the public.

(1) Information regarding disciplinary actions shall be entered into the license file or applicant's file.

(2) Submission of disciplinary action to any appropriate disciplinary data bank or notification to each state in which the licensee holds a license or has been licensed.

E. Reinstatement of license:

(1) Individuals who request reinstatement of their license or who request that their probation be lifted must be prepared to provide the division with substantial evidence to support their request. This evidence must be in the form of notarized written reports or sworn written testimony from individuals who have personal knowledge of the licensee's activities and progress during the period of probation, suspension or revocation.

(2) Requests for reinstatement of a revoked license for reasons other than noncompliance with Section 40-5A-1 to -13 NMSA 1978, Parental Responsibility Act, shall not be considered by the department prior to the expiration of one year from the date of the order of revocation. The date at which time the secretary of the department's signature is affixed to the order of revocation or suspension is the controlling date, unless otherwise specified in the order.

(3) Requests for reinstatement of a suspended license shall be considered at such time as provided by the department in the order of suspension.

(4) Reinstatement of a revoked or suspended license requires proof of meeting the renewal requirements as set forth in these regulations, any remedial education or supervised practice required by division, and payment of the reinstatement of a revoked license fee as set forth in Subsection G of 16.11.3.10 NMAC.

(5) When a license is revoked solely because the licensee is not in compliance with the Parental Responsibility Act, Section 40-5A-1 to 13 NMSA 1978, the license shall be reinstated upon presentation of a subsequent statement of compliance.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.12 COURSE OF EDUCATION:

New Mexico retains a state apprentice process to become a midwife; the division will provide a division-approved student workbook as a tool in determining the acceptability of an applicant's educational experience. The main purpose of the education program is to establish entry-level knowledge, skills, and abilities necessary to practice competently; this is established through training, education and supervised clinical experience, followed by successful completion of a division-approved written examination. The midwifery instructor will use the student workbook to conduct the course of education for the apprentice as set out below.

A. Theoretical instruction: Theoretical instruction must include, but is not limited to, these areas of study:

(1) Human life science: Anatomy and physiology, pathophysiology, fetal development, genetic screening, applied microbiology;

(2) Psycho/social issues: Communication and counseling, cultural concerns, human sexuality, perinatal education;

(3) Antepartum management: History taking, physical assessment, risk screening, provision of care, normal course, complications, pharmacology, nutrition, diagnostic laboratory tests and procedures, and consultation and transfer;

(4) Intrapartum management: History taking, physical assessment, risk screening, provision of care, normal course, complications, pharmacology, diagnostic laboratory tests and procedures, consultation and transfer, and adult cardiopulmonary resuscitation;

(5) Postpartum management: History taking, physical assessment, risk screening, provision of care, normal course, complications, pharmacology, consultation and transfer, diagnostic laboratory tests and procedures, and family planning;

(6) Newborn management: History taking, physical assessment, risk screening, provision of care, normal course, complications, diagnostic laboratory tests and procedures, consultation and transfer, and neonatal resuscitation;

(7) Reproductive health care: History taking, physical assessment, risk screening, provision of care, diagnostic laboratory tests and procedures, non-pharmacological treatment, consultation or transfer for treatment, and family planning;

(8) Professional issues: History of midwifery, division regulations regarding prevention of infant blindness; newborn screening for certain congenital diseases and other inborn metabolic errors; registration of births, neonatal and maternal deaths, including stillbirths, and control of diseases and conditions of public health significance; ethics, laws and regulations, starting a small business.

(9) Pharmacological management: Safely procure, carry, and administer medications, per the Drug and Cosmetic Act (Definition K), listed on the department formulary.

B. Clinical experience: Permitted apprentice midwives should refer to the division's student workbook for details on clinical experiences and skills required to complete training including but not limited to:

(1) Skills and knowledge:

(a) professional issues, knowledge, and skills;

(b) general healthcare skills;

(c) maternal health assessment;

(d) prenatal care;

(e) labor, birth, and immediate postpartum;

(f) postpartum;

(g) well-baby care.

(2) Clinical experiences:

(a) births as an observer;

(b) births as an assistant under supervision;

(c) prenatal exams as an assistant under supervision;

(d) newborn exams as an assistant under supervision;

(e) postpartum exams as an assistant under supervision;

(f) birth as a primary under supervision;

(g) initial prenatal exams as a primary under supervision;

- (h) prenatal exams as a primary under supervision;
- (i) newborn exams as a primary under supervision;
- (j) postpartum exams as a primary under supervision;
- (k) continuity of care.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.13 EXAMINATION:

The division will administer a state jurisprudence examination for licensure of midwives at least quarterly. This examination must be taken by all applicants applying for licensure in New Mexico. Proof of passing NARM exam within one year or current CPM certification is required to sit for this examination.

A. A candidate for examination who receives a failing score shall be eligible to retake the examination by meeting the following requirements:

(1) If an applicant fails the examination, the applicant must wait a period of three months from examination date before retaking the examination, and must take the examination again within six months after the three month waiting period.

(2) Submitting the examination fee for each examination as outlined in Subsection G of 16.11.3.10 NMAC.

B. If an applicant fails the examination more than three times, further application for the examination will be at the discretion of the department.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.14 RESPONSIBILITIES AND SCOPE OF PRACTICE:

A. Scope of practice: The licensed midwife may independently manage health care services related to the antepartum, intrapartum, and postpartum period for people without general health or obstetrical complications. The LM may provide normal newborn care for up to six weeks of age. The LM may provide non-pharmacological family planning and routine reproductive health care with training and experience. A LM will consult, collaborate, or refer to other health professionals for client care issues outside of their area of competency. LMs have authority to purchase and use specific drugs and medications as outlined in the department-approved formulary as set forth in "department of health practice guidelines for New Mexico licensed midwives". A LM practices in accordance with the "department of health practice guidelines for New Mexico licensed midwives" and the "standards and core competencies of practice for licensed midwives in New Mexico".

B. Responsibility to consult: It shall be the responsibility of the midwife to develop a means for consultation with or referral/transfer to a physician, certified nurse-midwife (CNM), or hospital if there are significant deviations from the normal in the health status of either birthing persons or newborns as set out in the "department of health practice guidelines for New Mexico licensed midwives".

C. Informed consent: If the LM is providing birth care, the LM must obtain written, informed consent regarding the care to be provided by the licensed midwife from the client upon accepting the client into care. The signed informed consent form must be filed in the client's record, and a copy must be provided to the client. Informed consent shall be a written statement signed by the licensee and the client, in which the licensee certifies that full disclosure of the following information, at a minimum, has been made and acknowledged by the client:

- (1) the LM's educational background and credentials;
- (2) whether the LM has professional liability insurance coverage;
- (3) a description of the procedures, benefits and risks of community setting births;
- (4) the nature and scope of the care to be given;
- (5) the nature and terms of the financial agreement;
- (6) the plan for consultation and for non-emergent and emergent transfer and transport of client or newborn; and
- (7) information regarding where complaints may be filed.

D. The licensed midwife may not accept a client for care who does not meet the minimum criteria set out in the "department of health practice guidelines for New Mexico licensed midwives".

E. Birth registration: The licensed midwife must complete a New Mexico certificate of live birth registration and file it with the bureau of vital records and health statistics of the department of health within 10 days of the birth of any child in the state of New Mexico. No licensed midwife shall register nor enable any other party to register as a New Mexico birth any child not born in the state. Failure to meet the vital records regulations shall be grounds for disciplinary action.

F. Records: The licensed midwife will document and maintain clients' records according to current "department of health practice guidelines for New Mexico". Inactive records shall be maintained no less than 25 years.

G. Mortality reporting: The licensed midwife must report within 48 hours to the division any neonatal or maternal mortality, including stillbirths, in clients for whom the LM has cared for in the perinatal period as set forth in the "department of health practice guidelines for New Mexico licensed midwives".

H. Reportable diseases: The licensed midwife must report any reportable contagious disease to the public health officer pursuant to the Public Health Act, 24-1-15 NMSA 1978.

I. The licensed midwife shall participate in peer review at least once every two years in accordance with the requirements of the division.

J. Annual reports: At time of license renewal, each licensed midwife shall submit a report on a division-approved form of the disposition of each client the LM has given care to for the previous 24 months. Note that this annual reporting does not preclude the immediate reporting of maternal or neonatal mortality or stillborn cases.

K. Changes of contact information: A licensed midwife must report a change of name, address, phone number, email, or other contact information within 30 days of the change.

L. Other rules: a LM shall fulfill the requirements of all relevant department rules including:

- (1) "bureau of vital records and health statistics," 7.2.2 NMAC;
- (2) "control of disease and conditions of public health significance," 7.4.3 NMAC;
- (3) "newborn genetic screening," 7.30.6 NMAC;
- (4) "prevention of infant blindness," 7.30.7 NMAC; and
- (5) "requirement for freestanding birth centers," 7.10.2 NMAC.

M. Guidelines: In the absence of specific direction in these regulations as to standard of practice or ethics, the "standards and core competencies of practice for licensed midwives in New Mexico" and the "department of health practice guidelines for New Mexico licensed midwives" approved by the division, which contains the procedures and policies of the department of health and division which are adopted as standards of practice and are incorporated by reference herein.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.15 ADVISORY BOARD:

The division shall appoint a licensed midwifery advisory board to make recommendations to the department regarding the regulation of LMs.

A. The board's activities will be:

- (1)** review complaints and mortalities, set forth in Subsection G of 16.11.3.14 NMAC, involving LMs as requested by the division and make recommendations to the division;
- (2)** remain current in clinical practice and professional issues and advise the division accordingly;
- (3)** recommend updates in the "department of health practice guidelines for New Mexico licensed midwives" and the "standards and core competencies of practice for licensed midwives in New Mexico";
- (4)** conduct other relevant business as requested by the division.

B. Advisory board membership: The licensed midwifery advisory board shall be composed of nine members; the membership shall be as follows:

- (1)** three state licensed midwives, at least two of whom shall be actively practicing;
- (2)** one state licensed certified nurse-midwife actively practicing midwifery;
- (3)** three members of the general public, who shall not have any significant financial interest, direct or indirect, in the profession regulated;
- (4)** one state licensed physician actively practicing obstetrics; and
- (5)** one employee of the division.

C. Board members other than the department representative shall be appointed for staggered terms up to three years in length. Board members shall serve on a voluntary basis without compensation. They shall not serve for more than two consecutive terms. The department representative shall not be subject to term limits.

D. The board shall meet a minimum of two times a year when a meeting of the board is called by the director of the division.

E. Board members may submit requests for reimbursement of in-state travel and per diem for attending board meetings in accordance with the Per Diem and Mileage Act, Section 10-8-1 to -8 NMSA 1978 department of finance administration rules, Section 2.42.2 NMAC.

F. Any member failing to attend two consecutive board meetings without good cause and an absence excused prior to the meetings shall be considered for removal from the board.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

16.11.3.16 SEVERABILITY:

If any part or application of the regulations governing the practice of licensed midwifery is held invalid, the remainder or its application to other situations or persons shall not be affected.

[16.11.3.1 NMAC - Rp, 16.11.3.1 NMAC, 12/28/2021]

CHAPTER 12: NURSING AND HEALTH CARE RELATED PROVIDERS

PART 1: GENERAL PROVISIONS

16.12.1.1 ISSUING AGENCY:

New Mexico Board of Nursing.

[16.12.1.1 NMAC - Rp, 16.12.1.1 NMAC, 12/13/2022]

16.12.1.2 SCOPE:

These rules apply to the board and all those licensed by or subject to the jurisdiction of the board.

[16.12.1.2 NMAC - Rp, 16.12.1.2 NMAC, 12/13/2022]

16.12.1.3 STATUTORY AUTHORITY:

These rules are promulgated pursuant to the Nursing Practice Act, Sections 61-3-1 to -30 NMSA 1978 and the Lactation Care Provider Act, Sections 61-36-1 to -6 NMSA 1978.

[16.12.1.3 NMAC - Rp, 16.12.1.3 NMAC, 12/13/2022]

16.12.1.4 DURATION:

Permanent.

[16.12.1.4 NMAC - Rp, 16.12.1.4 NMAC, 12/13/2022]

16.12.1.5 EFFECTIVE DATE:

December 13, 2022 unless a later date is cited at the end of a section.

[16.12.1.5 NMAC - Rp, 16.12.1.5 NMAC, 12/13/2022]

16.12.1.6 OBJECTIVE:

The objective of Part 1 is to promote, preserve and protect the public health, safety and welfare by regulating the practice of nursing, lactation care providers, certified medication aides, certified hemodialysis technicians, approve schools of nursing and medication aide and hemodialysis technician training programs in the state.

[16.12.1.6 NMAC - Rp, 16.12.1.6 NMAC, 12/13/2022]

16.12.1.7 DEFINITIONS:

A. Definitions beginning with the letter A:

(1) **"administration of medications"**, means a process whereby a prescribed drug or biological agent is given to a patient/client by a person licensed or certified by the board to administer medications;

(2) **"advanced practice registered nurse", (APRN)**, means the practice of professional registered nursing by a registered nurse who has been prepared through additional formal education as provided in Sections 61-3-23.2 through 61-3-23.4 NMSA 1978 to function beyond the scope of practice of professional registered nursing, including certified nurse practitioners, certified registered nurse anesthetists and clinical nurse specialists;

(3) **"anesthetics"**, means a substance that causes entire or partial loss of the feeling of pain, temperature, or other sensations with or without the loss of consciousness to induce a state of anesthesia. Anesthetics have no reversal agents and may impair ventilatory and cardiovascular function. This definition does not apply to local or topical anesthetics.

B. Definitions beginning with the letter B: **"board"** means the New Mexico board of nursing.

C. Definitions beginning with the letter C:

(1) **"certificate"**, means a legal document granting permission to an unlicensed person to perform specific functions considered the practice of nursing;

(2) **"certificate of completion"**, means a piece of paper or diploma awarded after the completion of an educational or vocational training. A certificate of attendance

or completion does not convey mastery and is often followed by clinical demonstration to confirm knowledge transfer; the presence of a certificate alone does not mean certification or certified.

(3) **"certification"**, means approving a professional for their eligibility for a role by an authority; it is evidence of mastery of knowledge and skills, such as national standards, by passing an exam or meeting industry standards; it requires ongoing continuing education and demonstration of competence in the specialty field; a licensee with a certification can be said to be certified.

(4) **"CEU"**, is the abbreviation for continuing education unit;

(5) **"CHT"**, is the abbreviation for certified hemodialysis technician;

(6) **"CMA"**, is the abbreviation for certified medication aide;

(7) **"client"**, means any person domiciled, residing, or receiving care, service or treatment from a licensed nurse, licensed lactation care provider, or certified unlicensed assistive person. This includes but is not limited to patients, residents, or consumers;

(8) **"competency"**, competency in nursing is the ability to perform skillfully and proficiently the role of the licensee; the role encompasses essential knowledge, judgment, attitudes, values, skills and abilities, which are varied in range and complexity; competency is a dynamic concept and is based on educational training, preparation, and expertise;

(9) **"contact hour"**, means the unit of measurement describing an approved and organized learning experience equivalent to 60 clock minutes;

(10) **"continuing education"**, means planned learning experiences beyond a basic nursing education program. These experiences are designed to promote the development of knowledge, skills and attitudes for the enhancement of nursing practice, thus improving health care to the public;

(11) **"continuing education unit"**, means 10 contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction;

(12) **"coordinated licensure information system"**, means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

D. Definitions beginning with the letter D: "delegation", means the act of transferring to a competent individual the authority to perform a selected nursing task in a selected situation. The nurse retains accountability of the delegation.

E. Definitions beginning with the letter E:

(1) "educational institution", means an institution within the educational system which is organized and accredited for teaching and study (university, high school, post-secondary, approved area vocational institution);

(2) "engaged in nursing", means being employed, engaged, or holding a position which requires licensure or in which the maintenance of licensure as a nurse is expected;

(3) "expedited license", whether by examination, endorsement, credential or reciprocity, means a license issued to a person in this state based on licensure in another state or territory of the United States, the District of Columbia or a foreign country, as applicable, pursuant to the Uniform Licensing Act and the Nursing Practice Act.

F. Definitions beginning with the letter F: [RESERVED]

G. Definitions beginning with the letter G:

(1) "good standing", means a license or registration is active and not expired, suspended, revoked, surrendered, conditioned, or otherwise in a status that in any manner restricts the activity of a licensee or registrant under the authority of the license or registration.

(2) "guardian", means someone other than a patient, including an agent, surrogate or guardian, authorized to make health-care decisions for the patient under the uniform health-care decisions act or other applicable law;

H. Definitions beginning with the letter H: [RESERVED]

I. Definitions beginning with the letter I: "initial license", means the first regular license received from a board for a person who has not been previously licensed;

J. Definitions beginning with the letter J: "jurisdiction", the licensure or regulatory authoritative body for nursing within a specific geographic area for which there is endorsement in New Mexico.

K. Definitions beginning with the letter K: [RESERVED]

L. Definitions beginning with the letter L:

(1) **"lapsed status"**, means a license which was not renewed by the expiration date on the license;

(2) **"letter of authorization"**, a document issued by the board which authorizes an individual to practice nursing in New Mexico under the auspices of an approved preceptorship for an advanced nursing expanded scope of practice prescriptive authority or for an advanced practice nurse from a compact state;

(3) **"license"**, means a legal document granting permission to a person to perform specific functions considered the practice of nursing or other activity regulated by the board, which may also include a certificate or other type of authorization.

M. Definitions beginning with the letter M: "monitoring system", a mechanism whereby programs may be approved for CE hours within a geographic area.

N. Definitions beginning with the letter N:

(1) **"national licensing examination"**, means the examination for licensure as provided by the national council of state boards of nursing, inc.;

(2) **"National practitioner data bank"**, means the database operated by the U.S. department of health and human services that contains medical malpractice payment and adverse action reports on health care professionals;

O. Definitions beginning with the letter O: [RESERVED]

P. Definitions beginning with the letter P:

(1) **"permit-to-practice"**, a document conferring the privilege to practice at a specific place of employment, under the direct supervision of a licensed RN, APRN, physician, osteopathic physician, dentist, or podiatrist; such permits will carry set expiration dates, are not renewable and are not transferable;

(2) **"preceptor"**, an individual at or above the level of licensure that an assigned student is seeking, who may serve as a teacher, mentor, role model or supervisor in a clinical setting;

(3) **"prescriptive authority"**, means the authority under state and federal law to prescribe, administer, monitor or modify dangerous drug therapy.

Q. Definitions beginning with the letter Q: [RESERVED]

R. Definitions beginning with the letter R:

(1) **"reactivation"**, means the process of making active an existing license which has lapsed or is otherwise inactive;

(2) **"refresher course"**, means a formal program that has both didactic and clinical components designed to prepare a nurse who has been out of practice to re-enter the profession;

(3) **"reinstatement"**, means the process whereby a license which has been subject to revocation or suspension, is returned to its former status by board action, which may require filing of a form and payment of a reinstatement fee;

(4) **"relicensure"**, the process of renewal, reactivation or reinstatement of a New Mexico nursing license.

S. Definitions beginning with the letter S:

(1) **"sedation"**, means the administration of medications to produce various levels of calmness, relaxation, or sleep. The various levels include:

(a) **"Minimum sedation/anxiolysis"**, means a drug-induced state during which patients respond normally to verbal commands, may have impaired cognitive function or coordination but respiratory and cardiovascular functions remain stable:

(b) **"Moderate sedation/analgesia (also known as conscious sedation)"**, means a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained:

(i) **"deep sedation"**, means a drug-induced depression of consciousness, during which a patient cannot be easily aroused but responds purposefully, following repeated or painful stimulation. While cardiovascular function is usually maintained, the ability to independently maintain respiratory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate resulting in intubation and mechanical ventilation. Reflex withdrawal from a painful stimulus is *not* considered a *purposeful* response;

(ii) **"general anesthesia"**, means a drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. General anesthesia affects the patient's ability to maintain an adequate airway and respiratory function, and may impair cardiovascular function;

(iii) **"palliative sedation"**, means the monitored use of medications at end of life intended to provide relief of intolerable and refractory symptoms but not to intentionally hasten death. A refractory symptom is one that cannot be controlled in a tolerable time frame despite use of therapies and seems unlikely to be controlled by further therapies without excessive or intolerable acute or chronic side effects/complications.

(2) **"successful completion"**, means the completion of all required courses with a passing letter grade of "C" or higher, course with pass or fail must have a "pass" for successful completion;

(3) **"supervision/direction"**, means initial verification of a person's knowledge and skills in the performance of a specific function or activity followed by periodic observation, direction and evaluation of that person's knowledge and skills as related to the specific functions or activity.

T. Definitions beginning with the letter T: **"temporary license"**, a non-renewable, non-transferable document indicating a legal privilege to practice as a RN, LPN, CNP, CNS or CRNA, on a conditional basis for a specific period of time.

U. Definitions beginning with the letter U:

(1) **"unencumbered"**, means the absence of a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board;

(2) **"unlicensed assistive personnel"**, (UAP) means unlicensed support staff that registered nurse may appropriately delegate tasks to, such as a nursing assistant, nurse technician, or medical assistant.

V. Definitions beginning with the letter V: **"valid practitioner-patient relationship"**, means a professional relationship between the practitioner and the patient for the purpose of maintaining the patient's well-being. At minimum, this relationship is an interactive encounter between the practitioner and patient involving an appropriate history and physical or mental examination, ordering labs or diagnostic tests sufficient to make a diagnosis and providing, prescribing or recommending treatment, or referring to other health care providers. A patient record must be generated by the encounter.

W. Definitions beginning with the letter W: [RESERVED]

X. Definitions beginning with the letter X: [RESERVED]

Y. Definitions beginning with the letter Y: [RESERVED]

Z. Definitions beginning with the letter Z: [RESERVED]

- S.** NCLEX-RN/PN: National council licensing examination - RN/PN;
- T.** NCSBN: National council of state boards of nursing;
- U.** NLNAC: National league for nursing accrediting commission;
- V.** NMSA: New Mexico statutes annotated;
- W.** NPA: Nursing Practice Act;
- X.** RN: Registered nurse;

Y. ULA: Uniform Licensing Act.

[16.12.1.8 NMAC - N, 12/13/2022; A, 5/21/2024]

16.12.1.9 MISSION OF THE BOARD:

The mission of the board is to promote, preserve and protect the public health, safety and welfare by regulating the practice of nursing, schools of nursing, hemodialysis technicians, medication aides, and lactation care providers in New Mexico. The board is not an advocacy organization but is instead a regulatory body responsible at all times and in all situations for acting in the interest of the public.

[16.12.1.9 NMAC - Rp, 16.12.1.8 NMAC, 12/13/2022]

16.12.1.10 BOARD ADMINISTRATION:

A. Organization:

(1) The board shall annually elect a chair, vice-chair, and secretary. The term of office begins immediately after the conclusion of the meeting at which the election occurred unless a later date is indicated in the election.

(2) All members of the board, including public members, are eligible to serve as an officer of the board.

B. Executive director:

(1) The board shall hire and employ a qualified registered nurse, who shall not be a member of the board, to serve as executive director.

(2) The executive director shall be accountable to the board for the administration and management of the board office and staff, including but not limited to the board's fiscal operations, records, and management of personnel (including hiring, supervising, and terminating staff).

(3) The executive director, or designee, shall represent the board to the public.

(4) As provided in the Nursing Practice Act, the board shall not delegate to the executive director the power to grant, deny or withdraw approval for schools of nursing or to revoke, suspend or withhold any license authorized by the Nursing Practice Act.

C. Board meetings:

(1) The board shall meet at least once every three months.

(2) The board shall annually review and adopt an open meetings resolution, consistent with the Open Meetings Act, Sections 10-15-1 to 10-15-4 NMSA 1978.

(3) The board shall approve a schedule of regular meeting dates at a regular meeting prior to the beginning of the next calendar or fiscal year. The board shall publish this schedule in its newsletter and on its website.

(4) Individual board members may attend meetings through telephonic or similar communications equipment when it is difficult or impossible for the member to be physically present. Whenever attending a meeting in such a manner, board members must fully comply with all requirements set by the Open Meetings Act and the board's annual open meetings resolution.

D. Signatures: A record, order, contract, or other document requiring a signature from an authorized person on behalf of the board may be signed by the chair, vice-chair, or executive director.

[16.12.1.10 NMAC - Rp, 16.12.1.9 NMAC, 12/13/2022; A, 5/21/2024]

16.12.1.11 AGENCY:

A. Verification of license or certificate:

(1) The board staff shall make informal verification of licensure or certification status available immediately on the board website.

(2) Any employer or other interested person or entity may request informal verification of the status of a license or certificate.

(3) Formal verification of licensure may only be requested through postal mail or fax through the submission of the board's verification request form and remittance of the required fee pursuant to 16.12.2.8 NMAC.

(4) Formal verification of registered nurse or licensed practical nurse licensure for the purposes of another U.S. nursing regulatory body must be requested through the national council of state boards of nursing (NCSBN) web-based system.

B. Reporting of discipline and other licensure matters: The board staff shall complete all required reporting of disciplinary matters and other reportable actions to the national practitioner databank and coordinated licensure information system as required by federal and state law.

[16.12.1.11 NMAC - Rp, 16.12.1.10 NMAC, 12/13/2022]

16.12.1.12 COMMITTEES:

A. Advisory function: To assist and advise the board in its functions and mission, the board may appoint and utilize, at its discretion, advisory committees consisting of at least one board member and at least two members that are experts in the pertinent field to assist in the performance of the board's duties pursuant to authority under Section 61-3-10 NMSA 1978 of the Nursing Practice Act. Any committee serving the board shall have a purely advisory role and shall not have any policymaking authority of any kind.

B. Membership: Except as otherwise provided in the board's rules, the board has absolute discretion with respect to the number of individuals who may serve on a committee, provided that in no case shall a quorum of the members of the board serve on a committee.

C. Duties and responsibilities: The board shall annually, at an open meeting, review the duties and responsibilities of each committee and subsequently provide each committee with written objectives to satisfy within the following year.

D. Except as otherwise provided in the board's statute or rules membership is conditioned on the following:

- (1) Committee members serve terms that are no more than two-years each.
- (2) The board may reappoint committee members to serve additional terms.
- (3) Service on a committee is voluntary, and the member may resign from the committee at any time upon written notification to the executive director.
- (4) Advisory committee members may be reimbursed as provided in the per diem and Mileage Act at the approval of the director.
- (5) Termination of membership:
 - (a) Members of committees serve at the pleasure of the board, and the board may remove a member from a committee at any board meeting.
 - (b) The executive director may automatically terminate an individual's membership on a committee if the member fails to attend three consecutive committee meetings.

E. Any committee shall, if ordered by the executive director or the board, meet virtually rather than in person as a means of achieving greater efficiency and productivity.

F. Standing committees: Committees established by rule shall not require reauthorization. Any committee created outside of the rules requires reauthorization of the board each fiscal year.

[16.12.1.12 NMAC - Rp, 16.12.1.11 NMAC, 12/13/2022; A, 5/21/2024]

16.12.1.13 ETHICAL RESPONSIBILITIES OF BOARD MEMBERS, STAFF, AND COMMITTEE MEMBERS:

A. High ethical standards: Pursuant to the mission of the board, all members of the board, employees of the board, and committee members shall act in their official capacities in the interest of the public and not for personal gain or the benefit of the members of a particular profession.

B. All members of the board, employees of the board, and committee members shall abide by the requirements of the Governmental Conduct Act and all other New Mexico laws governing the ethical conduct of public officers and employees.

C. Code of conduct: The board shall annually adopt, at a regularly scheduled board meeting, a code of conduct for all members of the board, employees of the board, and committee members.

[16.12.1.13 NMAC - Rp, 16.12.1.12 NMAC, 12/13/2022]

16.12.1.14 INFORMATIONAL OBLIGATIONS OF LICENSE AND CERTIFICATE HOLDERS:

A. Use of legal name: A licensee or certificate holder must use the licensee or certificate holder's legal name on all applications and licenses.

B. Name changes:

(1) A licensee or certificate holder may submit a name change to the board at any time.

(2) A licensee or certificate holder must submit, as part of any name change request, a copy of one of the following legal documents verifying the name change: a recorded marriage certificate, a divorce decree, or a court order.

(3) The licensee or certificate holder must continue to use the name on record with the board for work purposes until the board acknowledges the official change of name.

C. Contact information:

(1) A licensee or certificate holder is obligated to maintain current and accurate contact information on file with the board.

(2) A licensee or certificate holder shall notify the board within 30 days of a change of the licensee or certificate holder's contact information.

(3) Failure to disclose a change of mailing or residential address shall constitute grounds for disciplinary action.

(4) For the purposes of this rule, "contact information" means the licensee or certificate holder's mailing address, residential address, email address, and telephone number.

D. Name and mailing address of employer:

(1) A licensee or certificate holder is obligated to maintain the current and accurate name and mailing address of the licensee or certificate holder's employer on file with the board.

(2) A licensee or certificate holder shall notify the board within 30 days of any change in the name and address of the licensee or certificate holder's employer.

(3) Failure to disclose a change of the name and mailing address of the licensee or certificate holder's employer shall constitute grounds for disciplinary action.

[16.12.1.14 NMAC - Rp, 16.12.1.13 NMAC, 12/13/2022]

PART 2: NURSE LICENSURE

16.12.2.1 ISSUING AGENCY:

New Mexico Board of Nursing.

[16.12.2.1 NMAC - Rp, 16.12.2.1 NMAC, 12/13/2022]

16.12.2.2 SCOPE:

This rule applies to all nurses licensed in New Mexico and all nurses not licensed in this state whose home state is not New Mexico and who wish to practice in New Mexico pursuant to a multi-state license privilege as provided in the nurse licensure compact.

[16.12.2.2 NMAC - Rp, 16.12.2.2 NMAC, 12/13/2022]

16.12.2.3 STATUTORY AUTHORITY:

Section 61-3-1 NMSA 1978 authorized the board of nursing to regulate the practice of nursing in the state.

[16.12.2.3 NMAC - Rp, 16.12.2.3 NMAC, 12/13/2022]

16.12.2.4 DURATION:

Permanent.

[16.12.2.4 NMAC - Rp, 16.12.2.4 NMAC, 12/13/2022]

16.12.2.5 EFFECTIVE DATE:

December 13, 2022, unless a later date is cited at the end of a section.

[16.12.2.5 NMAC - Rp, 16.12.2.5 NMAC, 12/13/2022]

16.12.2.6 OBJECTIVES:

To promote, preserve and protect the public health, safety and welfare of the citizens of the state of New Mexico.

[16.12.2.6 NMAC - Rp, 16.12.2.6 NMAC, 12/13/2022]

16.12.2.7 DEFINITIONS:

[RESERVED]

[16.12.2.7 NMAC - Repealed 12/13/2022]

16.12.2.8 FEES:

Payment of fees will be accepted in the form specified by the board. The initial application fee will be for a period of one year, plus the months to the applicant's birth month. Fees may be collected in whole or prorated to commensurate with the length of the renewal period. Fees are not refundable.

A. Licensure by examination, expedited, or endorsement:

(1) Licensed practical nurse (LPN)	\$150
(2) Registered nurse (RN)	\$150
(3) Advanced practice: CNP/CNS/CRNA	\$100
(4) Licensure for military personnel, spouse, dependent, or veteran	\$0

B. License Renewal:

(1) Licensed practical nurse (LPN)	\$110
(2) Registered nurse (RN)	\$110
(3) Advanced practice: CNP/CNS/CRNA	\$110
(4) First renewal of license for military personnel, spouse, dependent, or veteran	\$0

C. Inactive license renewal (late renewal, lapsed status, reactivation, reinstatement after board action) includes renewal fee:

(1) Licensed practical nurse (LPN)	\$200
(2) Registered nurse (RN)	\$200
(3) Advanced practice: CNP/CNS/CRNA	\$200

D. Other Fees:

(1) Re-exam LPN/RN	\$60
(2) Temporary license LPN/RN	\$60
(3) Temporary license CNP/CNS/CRNA	\$60
(4) License verification	\$30

E. Nursing Lists:

(1) LPN/CNP/CNS/CRNA	\$100
(2) RN	\$200
(3) Specialty/customized	\$300

[16.12.2.8 NMAC - Rp, 16.12.2.9 NMAC, 12/13/2022]

16.12.2.9 LICENSURE REQUIREMENTS FOR REGISTERED AND PRACTICAL NURSES:

Licensure with the New Mexico board of nursing is mandatory and is the responsibility of the individual nurse, pursuant to the Nursing Practice Act. For states who are a part of the nurse licensure compact, licensure in New Mexico can only be issued to applicants who declare New Mexico as their primary state of residence.

A. Prerequisites for licensure of RNs and LPNs by examination in New Mexico.

(1) Completion of and eligible for graduation from a board approved course of study for the preparation of registered nurses or practical nurses, or an acceptable level of education as determined by the board or graduation from a program which is equivalent to an approved program of nursing in the United States:

(a) minimum acceptable level of education for LPN licensure by examination and for candidates enrolled in RN programs with LPN programs embedded include:

(i) minimum of 500 hours, 250 didactic, 250 (clinical and lab) which includes the minimum as follows; OB/Peds - 30 hours didactic/40 hours clinical; medical-surgical - 60 hours didactic/ 90 hours clinical; pharmacology - 45 hours didactic; and psych - 60 contact hours;

(ii) LPN transition course approved by the board.

(b) request to New Mexico board of nursing for LPN licensure examination by acceptable level of education from an approved program of nursing that does not offer a PN program must include:

(i) transcripts with a minimum of 500 hours in nursing education and proof of successful completion of a board approved LPN transition course;

(ii) written communication from the director of the approved nursing program requesting permission for nursing students to test for LPN licensure.

(c) certification of eligibility for LPN licensure examination by students enrolled in a nursing program with a LPN track will need to include:

(i) transcripts with a minimum of 500 hours in nursing education and a board approved LPN transition course passed successfully on completion of board approved LPN transition course;

(ii) written communication from the director of the approved nursing program requesting permission for nursing students to test for LPN licensure.

(2) RN and PN graduates from non-U.S. nursing programs:

(a) shall have an evaluation of their nursing education credentials sent to the board directly from a board recognized educational credentialing agency;

(i) the credentialing agency must be a member of a national credentialing organization and must be monitored by an external committee of credentialing experts and nursing educators;

(ii) the credentialing agency must demonstrate the ability to accurately analyze academic and licensure credentials in terms of U.S. comparability, with course-by-course analysis of nursing academic records;

(iii) the credentialing agency must manage the translation of original documents into English;

(iv) the credentialing agency will inform the board of nursing in the event of fraudulent documents;

(v) the credentials report must state the language of nursing instruction and language of textbooks for nursing education; and

(vi) the credentialing agency must only use original source documents in evaluating nursing education and must compare the foreign education to the U.S. education standards.

(vii) the executive director and the board reserve the right to not recognize an educational credentialing agency that does not meet these requirements.

(b) Puerto Rico applicants who are graduates of a program accredited by a US national nursing accreditation organization registered nurse program are eligible to sit national council licensure examination for registered nurses (NCLEX-RN) exam;

(c) successful completion of a board approved English competency examinations with the following conditions:

(i) a minimum score of 540 (207 on computerized version) on the test of English as a foreign language (TOEFL) or test of English as a foreign language - internet based test (TOEFL IBT) minimal passing standard of 84 overall, with a minimum speaking score of 26, a minimum score of 725 on test of English for international communication test of English for international communication (TOEIC) or a minimum score of 6.5 overall with a 7.0 on the spoken portion on the academic version of international English language testing system international English language testing system (IELTS); OET Grade C+ for reading, writing, and listening, OET Grade B for speaking on the occupational English test (OET); a minimum score of 59 or higher and a CEFR score of B2 or higher on the Michigan English test (MET) score report;

(ii) completion of a nursing program given in English in another country;

(iii) a passing score on a nursing licensure examination which is given in English.

(3) Completion of the required board of nursing application for licensure by examination according to instructions and including the required fee.

(4) Completion of NCLEX application for the testing service according to instructions.

(5) Graduates who have compact state addresses or who declare another compact state as their state of residence on their application will have their application for examination denied.

(6) The board shall not approve an application for a license until the applicant provides the following information:

(a) demographics, including race, ethnicity and primary and other languages spoken;

(b) practice status, including but not limited to: active practices in New Mexico and other locations; practice type, practice settings, such as hospital, clinic or other clinical settings;

(c) education, training and primary and secondary specialties;

(d) average hours worked per week and the average number of weeks worked per year in the licensed profession;

(e) percentage of practice engaged in direct patient care and in other activities, such as teaching, research and administration in the licensed profession;

(f) practice plans for the next five years, including retiring from the health care profession, moving out of state or changing health care work hours.

B. Nationwide criminal background check. Applicants for licensure in New Mexico are subject to a state and national criminal background check at their cost.

(1) Applicants will follow the criminal background check process required by the New Mexico department of public safety or its agent.

(2) Applications for exam or endorsement will not be processed without results of a criminal background check.

(3) If the criminal background check reveals a felony or violation of the Nursing Practice Act, the applicant/licensee will be notified to submit copies of legal documents and other related information to be reviewed by the executive director, as delegated by the board, or the board to make the determination if the applicant is eligible for licensure or if disciplinary action will be taken.

C. Complete application for licensure by examination, certification of eligibility for graduation completed by nursing education program or official transcript, and an approved criminal background check must be received by the board office prior to being granted permission to take the national licensing examination (NCLEX). Certification of eligibility for graduation completed by nursing education program or official transcript, indicating date requirements for graduation from the nursing program were met and certificate or degree awarded must be received in the board office directly from the registrar's office.

D. Results of the examination shall be reported to the individual applicant within two weeks following the applicant's examination date. Examination results shall be released to the applicant's nursing program and boards of nursing unless otherwise instructed, in writing, by applicant.

E. An initial license shall be valid until the last day of the applicants' birth month after the first anniversary of the initial license.

F. Applications containing fraudulent or misrepresented information could be the basis for denial or revocation of licensure.

G. If the licensure process is not completed, the application becomes null and void 12 months after date of the application being received at the board.

H. Permits-to-practice may be issued for employment at a specific institution(s) in New Mexico. Permits-to-practice can be emailed, faxed or mailed directly to the New Mexico employing institution(s).

(1) To be eligible for a permit-to-practice, the applicant must:

(a) complete the application process to take the NCLEX within 12 weeks of graduation; the permit to practice for RN and PN graduates of U.S. schools may be issued for a period not to exceed six months from the receipt date of application; permits to practice may not be issued by the New Mexico board of nursing for employment at specific institution(s) in compact states; permits-to-practice will not be issued for applicants who declare residency in other compact states;

(b) RN and PN graduates from non-U.S. nursing programs may be issued a permit-to-practice in New Mexico for a period not to exceed six months from the date of application when requirements are met according to Paragraph (2) of Subsection A of 16.12.2.9 NMAC;

(c) assure that prospective New Mexico employer(s) submit a letter of intent to employ to the board office, on agency letterhead, indicating the name of a specific New Mexico employer and name and nursing license number of the RN who is responsible for assuring direct supervision by a registered nurse;

(d) have an approved criminal background check results.

(2) Permits-to-practice cannot be transferred or renewed.

(3) Written notification from employer must be made to the board office in case of lost or stolen permit-to-practice.

(4) Permits-to-practice shall be valid until the examination results are disseminated but shall not exceed the expiration date on the permit.

(a) Applicants who fail the first or any subsequent examination shall not practice nursing until such time as the applicant passes a nursing licensing examination.

(b) Any applicant who is eligible to write the professional examination but elects to write the practical examination on the basis of practical nursing education equivalency and fails the practical examination shall not be granted graduate nurse status when the applicant applies to write the professional registered nurse examination.

(c) Any applicant who fails to appear for the first examination for which applicant is eligible shall not practice nursing until such time as the applicant passes a licensing examination.

(5) Candidates who were not successful on *the national licensure examination* will receive the results as soon as they are available.

(6) Applicants who hold a graduate permit-to-practice and do not become licensed prior to the expiration date of the permit may not continue to practice as a graduate nurse or graduate practical nurse.

I. Direct supervision for graduate permit holders:

(1) at a minimum, the RN responsible for direct supervision must be in the facility or on the unit with the graduate;

(2) the RN is responsible for observing, directing and evaluating the performance of the graduate;

(3) the RN supervisor must not be engaged in other activities that would prevent them from providing direct supervision.

J. NCLEX attempt limits:

(1) Applicants educated in the United States may take the examination a maximum of five times within three years of graduation from basic nursing education.

(2) Applicants educated outside of the United States may take the examination a maximum of five times within three years of their initial New Mexico application for licensure through examination.

(a) Applicants educated outside of the United States may apply for initial licensure regardless of date of completion of basic nursing education with verification of licensure as a nurse in the within the last four years.

(b) Applicants educated outside of the United States may apply for initial licensure within four years of completion of basic nursing education if there is no verification of licensure within the last four years.

(3) The applicant must wait 45 days to retest after failing the exam.

(4) Applicants for re-examination must meet all NCLEX requirements for retaking the examination.

(5) Education requirements must be met as specified and do not provide or allow for any test out options.

K. National council licensing examination:

(1) Applicants for licensure as registered nurses shall be required to pass the NCLEX-RN.

(2) Applicants for licensure as licensed practical nurses shall be required to pass the NCLEX-PN.

(3) Applicants observed giving or receiving unauthorized assistance during the taking of the national licensing examination shall be referred to the board by a sworn complaint.

L. Expedited licensure for registered nurses and licensed practical nurses:

(1) An expedited license is a one-year provisional license that confers the same rights, privileges and responsibilities as regular licenses issued by a board. The board will issue an expedited license to a qualified applicant based on prior licensure in an eligible jurisdiction other than New Mexico upon an applicant's submission of a complete application containing all of the following:

(a) a completed and signed application form;

(b) proof of current licensure in an eligible jurisdiction;

(c) proof of good standing for the license held by the applicant in an eligible jurisdiction;

(d) submission of fingerprints and other information necessary for a state and national background check; and

(e) payment of the required application fee.

(2) An expedited license application shall not be deemed complete until the applicant has submitted, and the board's staff is in receipt of, all of the materials required by Paragraph (1) of Subsection L of 16.12.2.9 NMAC including documentation from third parties.

(3) Upon submission of a complete application, the board's staff shall process the application and issue the expedited license to the applicant within 30 days unless the applicant has a disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-3-28 NMSA 1978.

(4) If the applicant has a disqualifying criminal conviction or the board may have other cause to deny the application pursuant to Section 61-3-28 NMSA 1978:

(a) the license may not be issued within 30 days of submission of the complete application;

(b) the matter of the applicant's application shall be submitted to the board for consideration and action at its next available regular meeting; and

(c) the board may vote to grant the application or refer the matter to its administrative prosecutor contemplating the ultimate denial of the application as provided by the board's rules.

(5) An expedited license is a single-state license not subject to the multistate compact: prior to renewal of license, the holder of the expedited license may apply to change the expedited license to a multistate license and must fulfill all the requirements of the nurse licensure compact, including completing another background check;

(6) Renewal of licenses:

(a) a licensee holding an expedited license may apply for license renewal beginning 60 days prior to expiration of the expedited license, as provided by the board's rules;

(b) upon renewal, an expedited license shall become a regular single-state license;

(c) if the licensee holding an expedited license was not required by the licensee's original jurisdiction outside of New Mexico to pass the NCLEX for original licensure, the licensee shall be required to take and pass the NCLEX as a prerequisite to the renewal of the license. In such a case, the expedited license shall not be renewed unless the licensee passes the NCLEX.

(7) Eligible and ineligible jurisdictions:

(a) the board will accept expedited license applications on the basis of prior licensure in any jurisdiction within the United States except the following: Puerto Rico, on the grounds that this jurisdiction does not participate in the coordinated licensure system.

(b) the board will accept expedited license applications on the basis of prior licensure in the following jurisdictions outside the United States: Canada.

M. Qualifications for licensure as a RN or LPN are pursuant to the Nursing Practice Act:

(1) LPN applicants initially licensed after July 1, 1969 must meet the educational requirements.

(2) Military personnel, licensed as LPNs by successful writing of the national licensing examination prior to July 1, 1977, may be licensed in New Mexico by endorsement providing their DD-214 shows the related civilian occupation to be "LPN".

(3) Continuing education (CE) is not required for initial licensure by endorsement. CE requirements must be met at the time of the first renewal. CE may be prorated to commensurate with the length of the renewal period.

(4) Disciplinary action taken or pending against a nursing license in another jurisdiction, or a conviction of a felony, may result in denial of a license.

N. An initial license shall be valid until the last day of the applicants' birth month after the first anniversary of the initial license.

O. If the licensure process is not completed within one year after date application received by the board, the application becomes null and void.

P. In case of a medical emergency (as defined in these rules), nurses currently licensed to practice as a RN or LPN in a jurisdiction of the United States may practice in New Mexico without making application for a New Mexico license for a period not to exceed 30 days.

Q. Requirements for relicensure and reactivation. Applicants for relicensure and reactivation must meet CE requirements as stated in these rules, pursuant to the Nursing Practice Act Section 61-3-24 NMSA 1978. The CE may be prorated to commensurate with the length of the renewal period.

(1) Licensed nurses shall be required to complete the renewal process by the end of their renewal month every two years.

(2) A renewal notice shall be sent electronic notification to the licensee at least six weeks prior to the end of the renewal month.

(a) Renewal of license may be accepted no more than 60 days prior to the expiration date of the license.

(b) The board shall not approve an application for a renewal of license until the applicant provides the following information:

(i) demographics, including race, ethnicity and primary and other languages spoken;

(ii) practice status, including but not limited to: active practices in New Mexico and other locations; practice type, practice settings, such as hospital, clinic or other clinical settings;

- (iii) education, training and primary and secondary specialties;
- (iv) average hours worked per week and the average number of weeks worked per year in the licensed profession;
- (v) percentage of practice engaged in direct patient care and in other activities, such as teaching, research and administration in the licensed profession;
- (vi) practice plans for the next five years, including retiring from the health care profession, moving out of state or changing health care work hours.

(c) Failure to receive notice of pending renewal shall not relieve the licensee of the responsibility of renewing the license by the expiration date.

(d) If the license is not renewed by the end of the renewal month, licensee does not hold a valid license and shall not practice nursing in New Mexico until the lapsed licensed has been reactivated.

(e) A reactivation fee will be charged when license has lapsed.

(f) Exception: if renewing, nurses who are mobilized for active duty are not required to renew their license while on active duty, other than training, during a military action. A copy of the mobilization orders must be submitted to the board office prior to expiration of the license. The license extension shall end one month after deployment is concluded. No reactivation fee will be charged when the license is renewed.

(3) 30 hours of approved CE must be accrued within the 24 months immediately preceding expiration of license. CE may be prorated to commensurate with the length of the renewal period.

(a) Certified nurse practitioners must submit a copy of valid APRN national certification.

(b) Certified registered nurse anesthetists must submit a copy of the recertification card issued by NBCRNA for renewal of the CRNA license.

(c) Clinical nurse specialist must submit a copy of valid APRN national certification.

(d) Exception: if renewing, nurses mobilized for military action are not required to meet the CE requirements while on active duty, other than training, during a military action. A copy of the mobilization order must be submitted along with the renewal application.

(4) Individuals who reside out-of-state who do not hold primary residence in a nurse licensure compact state, but wish to maintain a current, valid New Mexico license,

must meet the same requirements for licensure as licensees residing within the state who have declared New Mexico as their primary residence.

(5) Penalty: failure of licensee to meet the CE requirement for licensure shall result in the license not being renewed, reinstated, or reactivated. When the CE requirement has been met, an application for licensure may be submitted for consideration.

(6) Licenses can be verified on the board website or www.nursys.com.

(7) Individuals who are reactivating a license which has been lapsed for four or more years must complete a refresher course that includes both a didactic and clinical component designed to prepare a nurse who has been out of practice to re-enter into practice.

(a) Applicants will follow the criminal background check process required by the New Mexico department of public safety or its agent and have a new criminal background check result approved.

(b) A temporary license will be issued not to exceed six months unless the board of nursing approves an extension to allow the individual to complete the refresher course clinical component. If documentation is not received by the board verifying successful completion of the refresher course prior to the temporary license expiration date, the individual will not be allowed to practice nursing.

(c) Advanced practice nurses who are reactivating an advanced practice license which has been lapsed for four or more years must also complete a refresher course or certification reactivation that is reflective of their specific advanced practice knowledge, skills and expertise. A temporary license will be issued not to exceed one year unless board of nursing approves an extension.

R. Reactivation/reinstatement of a lapsed license must meet the requirements for re-licensure, to include a background check if lapsed for over 90 days, pursuant to the Nursing Practice Act and these rules. A reactivated or reinstated license shall be valid up to two years.

S. Inactive status. Licensee may request their license be placed on inactive status during the renewal cycle only; however, the licensee may not function in a nursing capacity as a New Mexico licensed nurse until the license is reactivated.

T. The board will collect a standardized core essential data set as required in regulation for examinations and renewals which will be entered into the internal licensing database at the board of nursing.

[16.12.2.9 NMAC - Rp, 16.12.2.10 NMAC, 12/13/2022; A, 5/21/2024]

16.12.2.10 CONTINUING EDUCATION:

A. Introduction:

(1) Pursuant to the provision of the Nursing Practice Act, the board of nursing prescribes the following regulations establishing requirements for CE to be met by the licensee to protect the health and well-being of the citizens of New Mexico and to promote current nursing knowledge and practice.

(2) Philosophy of CE: The members of the New Mexico board believe that CE is one of the most important responsibilities of the nurse and is a lifelong process. The primary responsibility for CE rests with the individual nurse. A diversity of nursing-related learning activities is recommended to enhance the scope of professional development.

B. Requirements and rules:

(1) Records:

(a) All licensees must indicate compliance with the CE required by these rules on the renewal application. All information must be completed as requested.

(b) Licensees are responsible for maintaining their own CE records and for keeping the certificates of verification of attendance of CE activities for at least one year after the license is renewed. Photocopies of certificates must be submitted to the board office only if audited and requested.

(2) CE Audit:

(a) Continuing education records are subject to audit by the board.

(b) Licensee may be subject to disciplinary action by the board if non-compliant within 60 days of the first notification of audit.

(c) When audited, CE may be prorated to commensurate with the length of the renewal period.

C. Approved continuing education:. To be acceptable in New Mexico, the CE activity must have been approved by a recognized approval body and must enhance the licensee's scope of professional development as related to his/her activities in nursing. The participant must receive a certificate of attendance which validates the number of approved CE hours awarded, name of the participant, sponsoring agency, approval body and date attended. Correspondence courses and home-study programs are acceptable, if approved.

(1) Recognized approval bodies for CE for nurses.

- (a) National or state recognized nursing organizations.
 - (b) Other state boards of nursing.
 - (c) New Mexico board-approved local monitoring systems.
- (2) Other CE which may be accepted as approved CE for nurses:
- (a) academic credit, computation: one academic credit equals 15 contact hours;
 - (b) CE units (CEUs) or contact hours awarded by CE divisions within educational institutions of higher learning;
 - (c) educational offerings approved through other generally recognized health care or professional organizations as related to licensee's nursing practice.

D. Monitoring system: CE hours accrued through educational offerings approved by a local monitoring system shall be accepted as meeting the CE requirements for licensure in New Mexico but may not be accepted by other state boards of nursing as approved CE.

(1) Local monitoring systems must be approved initially and annually by the board of nursing. A guideline for the establishment and operation of a local monitoring system is available in the board office.

(2) The approval of educational offerings shall be determined on the approval criteria developed by the board.

E. Certification or recertification in the registered nursing specialty area: Certification or recertification granted by a national professional organization which uses criteria designed to recognize competence in a specialized area of nursing practice may be used as approved CE. Verification of certification or recertification within the current renewal period is accepted in lieu of the 30 hours of CE required for licensure.

[16.12.2.10 NMAC - Rp, 16.12.2.11 NMAC, 12/13/2022]

16.12.2.11 STANDARDS OF NURSING PRACTICE:

A. The nurse shall maintain individual competence in nursing practice, recognizing, and accepting responsibility for individual actions and judgments.

(1) Competent nursing practice requires that the nurse have the knowledge and skills to practice nursing safely and properly in accordance with their licensure status and to perform specific functions or procedures required in their particular area of practice. Competent nursing practice also requires that the nurse have the knowledge

to recognize and respond to any complication(s) which may result from the function or procedure the nurse performs.

(2) To maintain the requisite knowledge and skills, the nurse shall engage in CE specific to their particular area of practice.

(3) The nurse shall use individual competence as a criterion in accepting assigned responsibilities.

(4) The nurse contributes to the formulation, interpretation, implementation and evaluation of the objectives and policies to nursing practice within their employing setting.

B. The nurse shall assign/delegate to licensed and unlicensed persons only those nursing actions which that person is prepared, qualified or licensed or certified to perform.

(1) The nurse is accountable for assessing the situation and is responsible for the decision to delegate or make the assignment.

(2) The delegating nurse is accountable for each activity delegated, for supervising the delegated function or activity, and for assessing the outcome of the delegated function or activity.

(3) The nurse may not delegate the specific functions of nursing assessment, evaluation and nursing judgment to non-licensed persons.

(4) Registered nurses engaged in school nursing practice may delegate medication administration, including emergency medication, to adults affiliated with school operations.

C. The nurse shall have knowledge of the laws and rules governing nursing and function within the legal boundaries of nursing practice.

(1) The nurse must report incompetent and unprofessional conduct to the appropriate authorities.

(2) The nurse must report violations of the Nursing Practice Act and administrative rules of the board of nursing to the board of nursing.

D. The nurse acts to safeguard the patient when their care and safety are affected by incompetent, unethical, or illegal conduct of any person by reporting the conduct to the appropriate authorities.

E. The nurse shall recognize the dignity and rights of others regardless of social or economic status and personal attributes, shall conduct practice with respect for human

dignity, unrestricted by considerations of age, race, religion, sex, sexual orientation, national origin, disability or nature of the patient/client's health problems.

F. The nurse safeguards the patient's right to privacy by judiciously protecting information of a confidential nature, sharing only that information relevant to their care.

G. The nurse shall identify herself/himself by name and licensure category and shall permit inspection of their license when requested.

H. Standards for professional registered nursing practice. Registered nurses practice in accordance with the definition of professional registered nursing in the NPA. Subsection J of Section 61-3-3 NMSA 1978.

(1) RNs may assume specific functions and perform specific procedures which are beyond basic nursing preparation for professional registered nursing Subsection J of Section 61-3-3 NMSA 1978 provided the knowledge and skills required to perform the function and procedure emanates from a recognized body of knowledge and practice of nursing, and the function or procedure is not prohibited by any law or statute:

(a) emerging functions and procedures that do not emanate from a nursing body of knowledge will require national certification from a recognized body to denote mastery and assess competency as the RN is recognized as being certified;

(b) certificates of course completion are not evidence of mastery nor evidence of competency.

(2) When assuming specific functions and performing specific procedures, which are beyond the nurse's basic educational preparation, the RN is responsible for obtaining the appropriate knowledge, skills and supervision to assure he/she can perform the function/procedure safely and competently:

(a) administration of medication for the purposes of moderate sedation and analgesia requires particular attention;

(b) a nurse shall possess specialized nursing knowledge, judgment, skill and current clinical competence to manage the nursing care of the patient receiving moderate sedation including:

(i) being currently trained with demonstrated proficiency in age-appropriate advanced life support, including but not limited to; Advanced cardiac life support (ACLS), pediatric advanced life support (PALS), Neonatal resuscitation program (NRP);

(ii) knowledge of anatomy, physiology, pharmacology, cardiac arrhythmia recognition, oxygen delivery, respiratory physiology, transport and uptake

and the use of an oxygen mask, bag-valve mask, oral airway, nasal airway adjunct, or the maintenance of a supraglottic airway, or endotracheal tube;

(iii) ability to recognize emergency situations and institute emergency procedures as appropriate to the patient condition and circumstance.

(c) To perform moderate sedation a registered nurse:

(i) shall not have other responsibilities during or after the procedure that would compromise the nurse's ability to adequately monitor the patient during moderate sedation/analgesia;

(ii) shall assess the physical setting for safe administration of medications for sedation and proceed only if the resources needed for reasonable anticipated emergencies are available;
