To the extent that funds are made available by the legislature from the lottery tuition fund, the boards of regents of New Mexico state university, New Mexico institute of mining and technology, eastern New Mexico university, western New Mexico university, the university of New Mexico, New Mexico highlands university and northern New Mexico college shall award legislative lottery scholarships for tuition for qualified resident students attending their respective institutions and branches of those institutions.

B. Except as otherwise authorized in this section, the legislative lottery scholarships authorized in this section shall apply only to full-time resident students who, immediately upon completion of a high school curriculum at a public or accredited private New Mexico high school or upon receiving a graduate equivalent diploma, are accepted for entrance to and attend one of the state educational institutions set forth in this section or one of the branches of those institutions. Each legislative lottery scholarship shall be awarded for up to four consecutive years beginning the second semester of the recipient's first year of enrollment if the recipient has maintained residency in New Mexico and maintained a grade point average of 2.5 or higher on a 4.0 scale during the first semester of full-time enrollment.

C. The legislative lottery scholarships authorized in this section shall also apply to full-time resident students who, immediately upon completion of a high school curriculum at a public or accredited private New Mexico high school or upon receiving a graduate equivalent diploma, attend a two-year public post-secondary educational institution in New Mexico and who, upon the completion of that curriculum or at the end of two years, whichever is sooner, transfer to one of the post-secondary state educational institutions set forth in this section. Those students shall be eligible for a legislative lottery scholarship for two consecutive years if they maintain residency in New Mexico, maintain a grade point average of 2.5 or higher on a 4.0 scale and attend the institution full time during the regular academic year.

D. The legislative lottery scholarships authorized in this section shall also apply to full-time resident students who:

(2) within one year of completion of honorable service or medical discharge from the service attend one of the state educational institutions set forth in this section.

E. The higher education department shall prepare guidelines setting forth explicit student continuing eligibility criteria and guidelines for administration of the legislative lottery scholarship program. Guidelines shall be distributed to the board of regents of each institution to enable a uniform availability of the resident student legislative lottery scholarships.

F. For purposes of the legislative lottery scholarship program as it applies to students with disabilities who may require special accommodations, the higher education department, in consultation with the student and the office at the institution that serves students with disabilities, shall review both the definition of "full time" and the maximum number of consecutive semesters of eligibility and adjust either or both as deemed reasonable and appropriate, based on the student's disability needs. In no case, however, shall "full time" mean fewer than six credit hours per semester and in no case shall eligibility extend beyond fourteen consecutive semesters.

Employee must comply with internal grievance procedures. — An employee must substantially comply with mandatory internal grievance procedures contained in an employee manual or handbook before filing suit for breach of contract claims based on an alleged failure of an employer to follow its employment policies. *Lucero v. Bd. of Regents UNM*, 2012-NMCA-055, 278 P.3d 1043, cert. denied, 2012-NMCERT-004.

Where a university manager was terminated by the university; the manager did not follow the grievance process contained in the university's employee handbook by filing a grievance; the handbook governed the manager's employment with the university; and the manager filed an action in district court for breach of contract and wrongful termination alleging that the employee handbook created a contract and that the university breached the contract by failing to abide by the handbook's policies and procedures governing workplace performance, disciplinary action, a harassment-free workplace, employer-employee relations, progressive discipline and by disciplining the manager without just cause, the manager's claims were barred because the manager failed to exhaust the handbook's internal grievance procedures before filing the breach of contract action based on an alleged failure of the university to follow policies in the

handbook. *Lucero v. Bd. of Regents of UNM*, 2012-NMCA-055, 278 P.3d 1043, cert. denied, 2012-NMCERT-004.

Summary dismissal void. — An attempted summary dismissal of the president of a university, without formal charges having been made, without giving him an opportunity to be heard, and without any trial whatever, is an absolute nullity. *Eyring v. Board of Regents*, 59 N.M. 3, 277 P.2d 550 (1954).

Further action not barred. — The fact that an attempted dismissal of president was a nullity does not bar the board from further action against the president if conducted according to law. *Eyring v. Board of Regents*, 59 N.M. 3, 277 P.2d 550 (1954).

Suit against state. — A claim for damages because of an alleged malicious breach of contract and the resulting damage to reputation sounds in tort and is really against the state. Such an action may not be maintained against the state without its consent. *Eyring v. 21-1-8. [Eligibility for retirement pension.]

When any member of the faculty or other employee of any one of said institutions shall have taught or rendered service for not less than twenty (20) years in the schools of this state, the last ten (10) years of which service shall have been rendered at the institution retiring such person, and when such person shall have reached or passed the age of sixty (60) years, he or she shall have the right to request retirement and receive thereafter the full pension provided by this act, and after any such person who has rendered the service hereinabove described shall have reached or passed the age of sixty-five (65) years, the regents or governing body of said institution shall have the right in their discretion to order the retirement of such person with the maximum pension hereinabove set forth; provided, that when any member of the faculty or other employee of any one of said institutions shall have taught or rendered service for not less than twenty-five (25) years in the same institution, such person shall be eligible to request retirement and receive the pension provided when he or she shall have reached or passed the age of fifty-five (55) years.

ANNOTATIONS

Compiler's notes. — "This act" refers to Laws 1941, ch. 210, §§ 1 to 6. Sections 1, 2, 4 to 6, were repealed by Laws 1945, ch. 50, § 12, leaving 21-1-8 NMSA 1978 the only remaining compiled section.

Effect of section. — Even though the amendment by Laws 1945, ch. 131, § 1, of this section is successful, Chapter 131 still cannot be given effect as it is not a complete law, but is rather a provision with respect to the ages of certain persons who under other provisions of the original act (now repealed) were given certain benefits. No person can

be retired under Chapter 131. As Laws 1945, ch. 50, is a complete act, eligibility must be determined under that act. 1945-46 Op. Att'y Gen. No. 4883.

For designation of the commission on higher education as the higher education department, see 9-25-4.1 NMSA 1978.

The 1999 amendment, effective June 18, 1999, added "or that comply with provisions of the Governmental Conduct Act and the Procurement Code" at the end of the first sentence.

Purpose of 22-21-1 NMSA 1978 and this section is to prevent a conflict of interest between school board members and the districts with which they are connected. State ex rel. Martinez v. Padilla, 94 N.M. 431, 612 P.2d 223 (1980).

Practice restricting bus drivers in place of purchasing gas prohibited. — The practice of requiring certain district bus drivers to buy their gas at a school board member's gas station is exactly the type of improper conflict this section was designed to prohibit, and the activity does not fall within the "regular course of business," exception of 22-21-1B NMSA 1978. State ex rel. Martinez v. Padilla, 94 N.M. 431, 612 P.2d 223 (1980).

When sales by school board members permissible. — Members of school boards could sell to schools under the jurisdiction of their boards, so long as the provisions of the former Public Purchases Act were complied with, which included purchases made in the regular course of business or upon competitive bids of not to exceed the regularly established prices and when such members received no compensation other than from profits from their business. 1957-58 Op. Att'y Gen. No. 57-53 (issued prior to 1999 amendment of section).

Termination of employment required. — Under this section in order for an enumerated individual to properly perform work or supply services by contract and which involve tasks other than those covered under his official capacity or employment, such person must first terminate his official position or employment prior to entering into any such contract. 1964 Op. Att'y Gen. No. 64-88 (issued prior to 1999 amendment of section).

When bus driver is board member. — Should any school bus driver qualify and serve as a member of the board of education with whom he holds a contract, without first terminating the contract, such person would be in violation of this section. 1953-54 Op. Att'y Gen. No. 53-5727 (issued prior to 1999 amendment of section).

Board member wants to be bus driver. — A member of a local school district board may not enter into a contract with the school district to drive a school bus on behalf of the district. 1964 Op. Att'y Gen. No. 64-88 (issued prior to 1999 amendment of section).

When wife of board member is bus driver. — No violation of this section would result where a school board transfers a school bus transportation contract to the wife of a member of the local board making such transfer, as the board member is neither directly nor indirectly working under contract to his school district and the contract is truly between the school board and the wife only, with the husband having no personal interest, pecuniary or otherwise, in the contract. 1971 Op. Att'y Gen. No. 71-36 (issued prior to 1999 amendment of section).

Truck route not permissible. — It is not permissible for a member of the municipal school board to have a truck route for his school. 1935-36 Op. Att'y Gen. No. 36-1389.

A. As used in this section:

(1) "endowment funds" means funds:

(a) acquired by gift by an educational institution with respect to which the donors or other outside agencies have stipulated as a condition of the gift, and the stipulation is expressed specifically in the gift instrument, that the principal is to be maintained and invested for the purpose of producing current and future income that may either be added to the principal or expended, and the maintenance of the principal may be either: 1) held in perpetuity; or 2) expended after the passage of a stated period of time or upon the happening of a specified event; and

B. The board of finance, as that term is defined in Section 6-10-9 NMSA 1978, for each of the educational institutions:

B. In establishing a statewide articulation plan, the commission [department] shall:

(1) establish a common course naming and numbering system for courses identified as substantially equivalent lower-division courses; provided that the commission [department] shall establish an interim mechanism of a statewide equivalency table that uses a universal taxonomy to identify substantially equivalent courses until the common system is in place;

B. An institution shall not increase requirements for degree-granting programs as a result of the use of a transfer module or acceptance of a course that is part of a transfer module. An institution may specify additional lower-division or upper-division requirements not included in a discipline module for one or more programs of study, provided that those requirements apply equally to transfer students and students originating their study at the institution.

C. Each institution shall accept completed transfer modules in total as a block and shall count the modules, whether they are the general education core or a specific discipline module, as fulfilling required lower-division coursework. Upon transfer of a completed discipline module, a student shall be granted admission to the upper-division program, except in limited access programs.

History: Laws 1995, ch. 224, § 4; 2005, ch. 272, § 4.

The commission [department] may set standards for determining bona fide complaints, including a requirement that students follow institutions' internal procedures for resolving complaints prior to submitting them to the commission [department]. The commission [department] shall investigate all articulation complaints and render decisions as to the appropriateness of the actions of the participants.

C. Prior to December 31 of each year, the commission [department] shall summarize all articulation complaints filed with the commission [department] and the decisions of the commission [department] with regard to those complaints. For those complaints for which the commission [department] finds merit, the commission [department] shall calculate the number of credits refused at the receiving institution and recommend a corresponding reduction of legislative funding to the next session of the legislature.

D. When a module becomes effective as provided in Subsection F of Section 21-1B-6 NMSA 1978, if a student's articulation complaint regarding courses contained in a module is upheld, the receiving institution shall reimburse the student the complete cost, including tuition, books and fees, of each course the student was required to repeat at the receiving institution.

The taxes, if authorized as provided in the College District Tax Act [21-2A-1 NMSA 1978], shall be in addition to the taxes authorized for the payment of general obligation bonds pursuant to the provisions of the College District Tax Act. This election shall be for the purpose of allowing the electors, as the term "electors" is used in Article 8, Section 2 of the constitution of New Mexico, to vote on whether to allow the levy and on a specific limitation not to exceed five dollars (\$5.00) on each one thousand dollars (\$1,000) of net taxable value, as that term is defined in the Property Tax Code [7-35-1 NMSA 1978]. Bonds shall be sold at a price that does not result in a net effective interest rate exceeding the maximum net effective interest rate permitted by the Public Securities Act [6-14-1 through 6-14-3 NMSA 1978]. This levy shall not exceed five mills; provided, however, that this five-mill limitation may be exceeded in any year in which the valuation of the property within the college district declines to a level lower than the valuation of the property in the year in which the bonds were issued. issuances established in the College District Tax Act, and except to the extent other revenues are made available for that purpose. All bonds shall be the general obligations of the college district, and the full faith and credit of the college district shall be pledged for the payments of the bonds.

The board may further make provisions in any such resolution for the manner and circumstances in and under which any bond may, at the request of the holder of the bond, be converted into bonds of smaller denominations, which bonds of smaller denominations may in turn be either coupon bonds or bonds registrable as to principal or principal and interest.

21-2A-9. College district revenue bonds; refunding bonds.

A. The board of any college district may issue revenue bonds for the purpose of constructing, purchasing, improving, remodeling, furnishing or equipping any necessary buildings, structures or facilities of the college district. The revenue bonds shall be payable from and secured by a lien on and pledge of all or any part of any of the

revenues, income or receipts of the college district and its board, including without limitation any rentals, rates, charges, tuition and fees or other revenues other than ad valorem tax proceeds available to the college district and its board.

B. The revenue bonds shall be authorized by resolution of the board approved by majority vote of the board. The commission on higher education [higher education department] and the state board of finance shall approve the sale of the bonds.

C. The revenue bonds may be issued in one or more series and shall mature not more than thirty years from their date. The net effective interest rate of the bonds shall not exceed the net effective interest rate as permitted by the Public Securities Act [6-14-1 NMSA 1978] in accordance with the terms and options of redemption authorized in the bond resolution adopted by the board.

D. The board:

(1) may pledge all or any part of its revenues, income or receipts from rentals, rates, charges, tuition and fees or other resources and revenues other than ad valorem tax proceeds for the payment of the bonds, including the payment of principal, interest and any other amounts required or permitted in connection with the bonds in accordance with the bond resolution;

(2) shall fix and collect those pledged rentals, rates, charges, tuition and fees in amounts that shall be at least sufficient, together with other pledged resources, to provide for all payments of principal, interest and any other amounts required in connection with the bonds; to provide for the payment of expenses in connection with the bonds; and, to the extent required by the resolution authorizing the issuance of the bonds, to provide for the payment of operation, maintenance and other expenses in connection with the property, buildings, structures, activities, services, operations or other facilities of the college district; and

(2) may be fixed and collected for the use or availability of any specifically described property, buildings, structures, activities, services, operations or other facilities or may be fixed and collected as general fees for the general use or availability of the colleges of the college district; and

(3) whether fixed and collected as specific or general fees, may be pledged to the payment of any issue or series of bonds issued by the board, in the full amounts required or permitted under this section, in addition to and regardless of the existence of any other specific or general fees at the colleges of the college district; provided that the board may restrict its power to pledge such additional specific or general fees in any manner that may be provided in any resolution authorizing the issuance of bonds, and provided further that no such additional specific fees shall be pledged if prohibited by any resolution that authorized the issuance of the bonds that are outstanding at the time of such pledge.

A board of a college district may by bond resolution provide for the issuance of refunding bonds to refund any outstanding bonds issued under the College District Tax Act [21-2A-1 NMSA 1978], together with redemption premiums, if any, and interest accrued or to accrue on such bonds. Provisions governing the issuance and sale of bonds under the College District Tax Act govern the issuance and sale of refunding bonds insofar as applicable. Refunding bonds may be exchanged for the outstanding bonds or may be sold and the proceeds used to retire the outstanding bonds. Pending the application of the proceeds of any such refunding bonds with any other available funds to the payment of principal, interest and any redemption premiums on the bonds being refunded, and if so provided or permitted in the bond resolution of the board authorizing the issuance of such refunding bonds to the payment of any interest on such refunding bonds and any expenses incurred in connection with such refunding, such proceeds may be placed in escrow and invested in securities that are unconditionally guaranteed by the United States and that shall mature or that shall be subject to redemption by the holders of the bonds, at the option of the bondholders, not later than the respective dates when the proceeds together with the interest accruing on the bonds will be required for the purposes intended.

21-6-1. Board of regents; appointment; officers; superintendent; indebtedness; report.

A. The New Mexico school for the deaf shall be under the control and management of a board of regents consisting of five members, at least one of whom shall be a deaf person and at least one of whom shall be the parent of a deaf child, to be appointed by the governor, by and with the advice and consent of the senate for a term of six years. Not more than three of them shall belong to the same political party at the time of their appointment. The board shall make its own rules and regulations for the government of its meetings and the institution under its care. Annually on the second Monday of April the board shall elect from among its number a president and secretary.

B. The board shall have full power and authority to employ a superintendent, teachers and all other necessary employees to operate the New Mexico school for the deaf in the most efficient manner with the appropriations made therefor, with full power to provide suitable buildings, additions to existing buildings and enlarging and improving the buildings and property now occupied by the school.

C. It is unlawful for any member of the board of regents to incur any indebtedness or provide any improvements, repairs or to enlarge the buildings, except for current expenses, unless there is money on hand in the treasury subject to be used for those purposes.

D. Members of the board of regents shall be reimbursed according to the Per Diem and Mileage Act [10-8-1 NMSA 1978] for travel and expenses incurred for each day in actual attendance at board meetings or while engaged in the performance of official business.

E. The board of regents shall present to the governor each year a full and detailed report including an itemized statement of all expenditures and of all its actions during the previous year, with that information and those recommendations it deems necessary and advisable for the governor and the legislature to act upon.

vacation period during which time the employee will receive regular pay. 1961-62 Op. Att'y Gen. No. 62-73 (see Section 38-5-18 NMSA 1978).

Scope and effect of statutory powers. — The New Mexico school for the deaf is not subject to the Personnel Act (see 10-9-1 NMSA 1978 and notes thereto). Rather, the control of its employees and the appropriations for the school are placed in the hands of the board of regents of that school under this section, which authorizes the board to make rules and regulations governing the institution. 1961-62 Op. 21-6-2. Purposes; admission age; admission of nonresidents; tuition; change of name; expenditures for graduates in college; audiological clinic; scholarships; president's powers.

A. Except as otherwise provided in this section, the New Mexico school for the deaf shall be devoted exclusively to the care and instruction of persons of either sex who are residents within the state and between the ages of five years and the age of majority and who are deaf or hard-of-hearing; provided that the board of regents, in its discretion, may admit residents of this state who have attained the age of one year for daytime care and instruction, but not for residential purposes, and may also admit residents of this state who are over the age of majority.

B. The board of regents may make expenditures for undergraduate collegiate expenses of graduates of the New Mexico school for the deaf. The board of regents may permit the use of facilities of the school by public and private agencies in the state

in carrying on a conservation-of-hearing program when the agencies participate in the cost of the operation, upon such terms and conditions as the board of regents may prescribe.

C. The board of regents may contract with the veterans' administration and the vocational rehabilitation division of the public education department to provide instruction for adults with a disability in vocations or lip reading taught at the school, but such adults may not be housed at the school. The board of regents may lease for a nominal sum for periods not to exceed three months to the public schools, institutions and agencies of the state any hearing test equipment owned by the school.

D. The board of regents, for the purpose of creating a source of teachers of the deaf, may pay tuition and other necessary expenses of graduates of New Mexico colleges desiring to take training to teach the deaf in out-of-state training centers and intending to make the teaching of the deaf in New Mexico their profession.

E. All instruction shall be free. Deaf or hard-of-hearing children from other states or territories may be received and educated in the school under such rules and regulations as the board of regents may prescribe, but in no event shall such children be admitted except upon the payment or guaranty of at least one thousand dollars (\$1,000) for the school year, on the basis of nine months for a school year. The president of the board of regents is authorized to make and enter into on behalf of the school all necessary agreements and contracts with the United States government and the proper authorities of other states and territories for the reception and education of such children, and the president is further authorized to receive and receipt for all money paid upon such account and to endorse and transfer all checks, vouchers or other evidences of payment made or received in behalf of the school.

ANNOTATIONS

The 2007 amendment, effective June 15, 2007, amended the section to make non-substantive language changes.

Scope of power to care. — The board of the deaf school (New Mexico school for the deaf) is vested by law with power to care for children under its control and to provide food, clothing, quarters, medical and such other care as may be necessary to the children's welfare. 1945-46 Op. Att'y Gen. No. 45-4803.

Power to spend funds limited. — The statute's language would seem to preclude the power to spend the funds of the institution in instructing other than those persons in the institution. The legislature did not intend that personnel from school be dispatched, at institution expense, to places outside the school to prepare others in communicating

and otherwise being able to get along with students from the school. 1955-56 Op. Att'y Gen. No. 55-6170.

Meaning of "resident". — The term "resident" as used in this statute means a person who maintains his "domicile" in this state. Domicile is defined as that place where a person maintains his residence with the intention to live there indefinitely. Once established he may leave it and the place may remain his domicile if he intends to return. 1955-56 Op. Att'y Gen. No. 55-6302.

Effect of absence from state for military service. — Mere absence from this state by reason of being in the military service does not change that person's domicile in New Mexico, and thus his or her children would be eligible for admission without payment of the nonresident fee. 1955-56 Op. Att'y Gen. No. 55-6302.

Effect of mere presence by nonresident. — The mere presence of a soldier or sailor from another state at a post in New Mexico does not by that fact alone establish his residence here and for that reason his or her children would not be eligible for admission without payment of a nonresident fee. However, such a person could establish his residence here. 1955-56 Op. Att'y Gen. No. 55-6302.

21-6-3. [Reports by clerks of school districts and boards of education; notice to parents; transportation; compulsory attendance; noncompliance; penalty.]

It is hereby made the duty of the clerks of all school districts and boards of education within the state of New Mexico, to report to the school superintendent of their respective counties, the names, age, sex and residence of all deaf or hard-of-hearing persons of school age residing within their respective districts together with the post-office address of the parents or guardians of such children, this report to be incorporated in the regular report from such school district at the time provided by laws; and it shall be the duty of such school superintendent to at once send a report to the superintendent of the New Mexico school for the deaf, including the names and addresses of all such children within this county.

It shall then be the duty of the superintendent of the New Mexico school for the deaf to at once notify the parents or guardians of such children to send the same to this school for proper instruction at a time to be fixed by him.

If the parent or guardian of any such child shall make a statement that by reason of his limited financial circumstances he is unable to suitably clothe such child and provide means of transportation for it from its home to such school, or provide for medical care for said child, and a representative of the state department of public welfare or the county superintendent of schools, or the superintendent of any city, town, village or consolidated school, of such county in which the child lives shall certify that such is the fact, then and in that case the superintendent of the New Mexico school for the deaf is authorized to draw a voucher upon the board of trustees for a sufficient amount of money to suitably clothe such child and pay for its transportation to this school and provide for medical care for such child, which voucher shall be honored by such board, and such child shall thereupon be sent by its parents or guardian to such school for instruction; provided that the above statement and certificate shall be renewed each year. The provisions of the laws of New Mexico in regard to compulsory attendance upon the public schools shall be applicable to attendance upon some school for the deaf or the hard of hearing, and the school directors of the several districts are hereby required and directed to enforce the same with regard to this school in the same manner as is provided by those laws for enforcing attendance upon the district schools.

Any failure on the part of any person hereinbefore mentioned to comply with the duties herein provided shall be deemed a misdemeanor and punished as such.

ANNOTATIONS

The 1995 amendment, effective June 16, 1995, inserted "board of", substituted "its" for "their", substituted "the university of New Mexico" for "the university", and added the last sentence.

Employee must comply with internal grievance procedures. — An employee must substantially comply with mandatory internal grievance procedures contained in an employee manual or handbook before filing suit for breach of contract claims based on an alleged failure of an employer to follow its employment policies. *Lucero v. Bd. of Regents of UNM*, 2012-NMCA-055, 278 P.3d 1043, cert. denied, 2012-NMCERT-004.

Where a university manager was terminated by the university; the manager did not follow the grievance process contained in the university's employee handbook by filing a grievance; the handbook governed the manager's employment with the university; and the manager filed an action in district court for breach of contract and wrongful termination alleging that the employee handbook created a contract and that the university breached the contract by failing to abide by the handbook's policies and procedures governing workplace performance, disciplinary action, a harassment-free workplace, employer-employee relations, progressive discipline and by disciplining the

manager without just cause, the manager's claims were barred because the manager failed to exhaust the handbook's internal grievance procedures before filing the breach of contract action based on an alleged failure of the university to follow policies in the handbook. *Lucero v. Bd. of Regents of UNM*, 2012-NMCA-055, 278 P.3d 1043, cert. denied, 2012-NMCERT-004.

Independence of board of regents. — The board of regents is an independent governing body which has a very real, though somewhat ill-defined, independence from outside control. The reason for the regents' autonomy is to assure that the educational process is free of interference from the capricious whims of the political process. *Regents of the Univ. of N.M. v. N.M. Fed'n of Teachers*, 1998-NMSC-020, 125 N.M. 401, 962 P.2d 1236.

Constitutionality of Public Employees Bargaining Act. — The Public Employees Bargaining Act, compiled in Chapter 10, Article 7E, which requires government entities, including the University of New Mexico, to allow all employees except those specifically exempted by that act to engage in collective bargaining, does not violate the autonomy of the University's Board of Regents as granted by N.M. Const., art. 12, § 13. *Nollen v. Reynolds*, 1998-NMCA-108, 125 N.M. 387, 962 P.2d 633.

Any board, the members of which have not been elected from single-member districts, shall district and hold a special election to coincide with the school district elections of 2001. If the board is a seven-member board, board members shall be elected for all seven positions on the board, with the board members elected to positions 1, 3, 5 and 7 to be elected for initial terms of two years and the board members elected to positions 2, 4 and 6 to be elected for initial terms of four years. N.M. Const., art. XII, § 11, as repealed and reenacted November 8, 1960, changed the name of the New Mexico school of mines to the New Mexico institute of mining and technology. See 21-11-2 NMSA 1978.

The 2005 amendment, effective June 17, 2005, permitted a technical and vocational institute district board to adopt or to change the name of the institute or the institute's campuses; prohibited the adoption of a name to honor a living person; and provided for the continuation of the institute under the new name.

Positions of legislator and president of a technical and vocational institute are not incompatible. — The position of president of a technical and vocational institute is not a civil office or a state office and the positions of state legislator and president of a technical vocational institute are not necessarily physically and/or functionally incompatible. Consequently, a legislator may serve as president of a technical and vocational institute without resigning office and without violating N.M. Const. art. 4, § 3 or 28, Section 2-1-3 NMSA 1978, or any other provision of law regarding incompatibility. 2006 Op. Att'y Gen. No. 06-01.

Entertainment, travel, and meal expenditures. — Officials and employees of a technical-vocational institute may, within limitations, spend public money for certain entertainment, meals, travel, and membership expenses without violating the antidonation clause (N.M. Const., art. 9, § 14) if the expenditures are demonstrably related to the institute's constitutionally or statutorily authorized functions and do not amount to a subsidy of private individuals or businesses. 1997 Op. Att'y Gen. No. 97-02.

Scholarships out of public money permitted. — Based on its authority to provide and charge tuition for educational services, a technical-vocational institute may, consistently with the antidonation clause (N.M. Const., art. 9, § 14), use public money for scholarships in the form of tuition waivers or reductions if the criteria used to award them are education-related and applied in a reasonable and even-handed manner. Past opinions suggesting that scholarship awards violate the antidonation clause are

overruled to the extent they limit scholarships to those paid from private or federal sources. 1997 Op. Att'y Gen. No. 97-02.

B. The qualified voters of a school district, portion of a school district, group of school districts within a county containing a technical and vocational institute district or in an adjoining county, not included in the technical and vocational institute district as originally formed, may petition the public education department to be added to the technical and vocational institute district. The department shall examine the petition, and, if it finds that the petition is signed by a number of qualified voters residing within the pertinent school district or portion of a school district equal to ten percent of the votes cast for governor in such school district or portion of such school district in the last preceding general election, the department shall cause a survey to be made of the petitioning district or districts to determine the desirability of the proposed expansion of the technical and vocational institute district.

E. If a technical and vocational institute district includes less than all of a school district, the institute board, by resolution of a majority of the members of the board, may call an election within the institute district and in the portion of the school district that is not included in the institute district on the question of the addition of the excluded portion of the school district to the established institute district. Except where specific provision is otherwise provided by law, such election shall be conducted pursuant to the provisions of the School Election Law [1-22-1 NMSA 1978], with the president of the institute district serving in the place of the superintendent of schools in every case; provided that:

(3) precincts may be consolidated for purposes of administrative convenience.

F. If a majority of the votes cast in the institute district and the portion of the school district that is outside the institute district are in favor of the addition of the excluded portion of the school district to the institute district, the board of the institute district shall declare the institute district to be expanded to include all of such school district.

G. Each area added to an existing technical and vocational institute district shall automatically be subject to any special levy on taxable property approved for the institute district for the maintenance of facilities and services and for support of bond issues.

plan have been fulfilled, the state board of education shall formally declare the technical and vocational institute district dissolved.

Compiler's notes. — Laws 2005, ch. 102 is contingent upon an "appropriation for development training in the General Appropriations Act of 2005". The General Appropriations Act of 2005 does not provide for an appropriation for development training, but rather authorizes use of cash balances in the "development training fund". The actual appropriation of funds from the "development training fund" is provided by 21-19-11 NMSA 1978 and not the General Appropriations Act of 2005. Section 21-19-11 NMSA 1978 provides that "Money appropriated to the fund or accruing to it through gifts, grants, repayments or bequests shall not be transferred to any other fund or be encumbered or disbursed in any manner except as provided in Section 21-19-7 NMSA 1978." Laws 2005, ch. 33, Subsection D of § 4 of the General Appropriations Act of 2005 provides as follows: "Notwithstanding Section 21-19-7 NMSA 1978 and Section 21-9-7.1 NMSA 1978, the economic development department may use up to five percent of the cash balances in the development training fund as of December 31, 2004 for skill-enhancement training and pre-employment training programs for the film and multimedia industry." This is not actually an appropriation by an authorization to use funds appropriated by Section 21-19-11 NMSA 1978. The prohibition against using funds for another purpose is found in 21-19-11 NMSA and not 21-19-7 or 21-9-7 NMSA 1978.

The 2003 amendment, effective January 1, 2004, in Subsection A, deleted "the particular company" and "shall be" following "designed for" in the second sentence; and added Paragraph F(9).

The 1999 amendment, effective June 18, 1999, added the proviso at the end of the introductory language in Paragraph F(2) and added Subparagraphs F(2)(a) through F(2)(d).

The 1997 amendment, effective April 8, 1997, made a minor stylistic change in Subsection B; substituted "economic development division of the economic development department" for "vocational education division of the state department of public education" in Subsection D; added Subsection E and redesignated former Subsection E as F; and substituted "of legal status for employment" for "citizens of the United States" in Paragraph F(1).

21-19-7.1. Development training for film and multimedia production companies.

A. After consulting with the New Mexico film division of the economic development department, the industrial training board shall promulgate rules for development funding for film and multimedia production companies. The rules shall provide:

(1) for preapproval by the New Mexico film division of personnel who:

(a) are New Mexico residents;

(b) have participated in on-the-job training or attended a training course sponsored in part by an accredited educational institution in New Mexico or by the New Mexico film division; and

(c) have been certified as film and multimedia trainees by the New Mexico film division;

(2) for submission to the New Mexico film division of the economic development department by a film or multimedia production company, after completing production in New Mexico, of employment, salary and related information concerning those personnel who have been:

(a) approved by the New Mexico film division pursuant to Subsection A of this section; and

(b) employed by the production company in a film or multimedia production in New Mexico;

(3) after approval by the New Mexico film division, for reimbursement from the development training fund to the production company of fifty percent of the salaries paid to the personnel for whom information is submitted pursuant to Paragraph (2) of this subsection; and

(4) that the reimbursement shall be made by the New Mexico film division without further action or approval of the industrial training board.

B. The New Mexico film division of the economic development department shall establish a film and multimedia preemployment training program to furnish qualified manpower resources for the film and multimedia industry. The New Mexico film division shall adopt rules implementing the preemployment training program.

History: Laws 2003, ch. 353, § 2; 2005, ch. 102, § 2.

ANNOTATIONS

The 2005 amendment, effective April 4, 2005, provided in Subsection A(1)(b) that the rules shall provide for pre-approval of personnel who have participated in on-the-job training; deleted the labor department as a sponsor of training courses in Subsection

A(1)(b); changed "economic development division" to "New Mexico film division" in Subsection A(2), (3) and (4); and added Subsection B which provides for a film and multimedia pre-employment training program.

Compiler's notes. — Laws 2005, ch. 102, is contingent upon an "appropriation for development training in the General Appropriations Act of 2005". The General Appropriations Act of 2005 does not provide for an appropriation for development training, but rather authorizes use of cash balances in the "development training fund". The actual appropriation of funds from the "development training fund" is provided by 21-19-11 NMSA 1978 and not the General Appropriations Act of 2005. Laws 2005, ch. 33, Subsection D of § 4 of the General Appropriations Act of 2005 provides as follows: "Notwithstanding Section 21-19-7 NMSA 1978 and Section 21-9-7.1 NMSA 1978, the economic development department may use up to five percent of the cash balances in the development training fund as of December 31, 2004 for skill-enhancement training and pre-employment training programs for the film and multimedia industry." Sovereign immunity. — Subsection C of Section 21-21K-3 NMSA 1978 does not include an express or an implied grant of sovereign immunity. *Lu v. Educ. Trust Bd. of N.M.*, 2013-NMCA-010, 293 P.3d 186.

Where investors, who had entered into contracts with the defendants to participate in the state's qualified higher education tuition programs, sued defendants, including the state, for breach of contract for mismanaging the investors' investments; and the state argued that the provision of Subsection C of Section 21-21K-3 NMSA 1978 which limits the source of recovery to the education trust fund overrides Subsection A of Section 37-1-23 NMSA 1978 which waives governmental immunity for written contracts, the state

was not immune from suit because Subsection C of Section 21-21K-3 NMSA 1978 places limits on liability and identifies sources of recovery, but does not expressly or impliedly grant sovereign immunity. *Lu v. Educ. Trust Bd. of N.M.*, 2013-NMCA-010, 293 P.3d 186.

"21-22-6. Medical student loans; contract terms; repayment.

A. Each applicant who is approved for a loan by the commission may be granted a loan, in such amounts and for such periods as determined by the commission, with which to defray expenses incurred in obtaining an osteopathic medical education at any reputable and accredited osteopathic medical school in the United States if the applicant files with the commission a declaration of his intent to practice his profession as a licensed osteopathic physician or osteopathic physician's assistant in areas of New Mexico designated as not being adequately served by osteopathic medical practitioners.

B. The loan shall not exceed the necessary expenses incurred while attending an osteopathic medical school or college or osteopathic physician's assistant program and shall bear interest at the rate of:

(1) eighteen percent per year if the student completes his osteopathic medical education and no portion of the principal and interest is forgiven pursuant to Subsection E of this section; and

(2) seven percent per year in all other cases.

C. The loan shall be evidenced by a contract between the student and the commission acting on behalf of the state. The contract shall provide for the payment by the state of a stated sum covering the costs of an osteopathic medical education and shall be conditioned upon the repayment of the loan to the state, together with interest, over a period established by the commission in consultation with the student after the completion of osteopathic medical school or an osteopathic physician's assistant program and any period of internship or residency required to complete the student's education. The contract shall further provide that immediately upon completion or termination of the student's osteopathic medical education, all interest then accrued shall be capitalized.

D. Loans made to students who fail to complete their osteopathic medical education shall become due, together with interest, immediately upon termination of their

osteopathic medical education. The commission, in consultation with the student, shall establish terms of repayment, alternate service or cancellation terms.

E. The contract shall provide that the commission shall forgive a portion of the loan principal and interest for each year that a loan recipient practices his profession as a licensed osteopathic physician or osteopathic physician's assistant in areas approved by the commission as not being adequately served by osteopathic medical practitioners. Loan principal and interest shall be forgiven as follows:

(1) loan terms of one year shall require one year of practice in a designated health professional shortage area. Upon completion of service, one hundred percent of the principal plus accrued interest shall be forgiven;

(2) loan terms of two years shall require one year of practice in a designated health professional shortage area for each year of the loan. Upon completion of the first year of service, fifty percent of the principal plus accrued interest shall be forgiven. Upon completion of the second year of service, the remainder of the principal plus accrued interest shall be forgiven; and

(3) for loan terms of three years or more, forty percent of the principal plus accrued interest shall be forgiven upon completion of the first year of service in a designated health professional shortage area, thirty percent of the principal plus accrued interest shall be forgiven upon completion of the second year of service and the remainder of the principal plus accrued interest shall be forgiven upon completion of the third year of service.

F. Recipients shall serve a complete year in order to receive credit for that year. The minimum credit for a year shall be established by the commission.

G. If a loan recipient completes his professional education and does not serve in a health professional shortage area, the commission shall assess a penalty of up to three times the principal due, plus eighteen percent interest, unless the commission finds acceptable extenuating circumstances for why the student cannot serve. If the commission does not find acceptable extenuating circumstances for the student's failure to carry out his declared intent to serve in a health professional shortage area in the state, the commission shall require immediate repayment of the unpaid principal amount of the loan plus accrued interest owed the state plus the amount of any penalty assessed pursuant to this section.

H. The commission shall adopt regulations to implement the provisions of this section. The regulations may provide for the repayment of osteopathic medical student loans in annual or other periodic installments."

21-30-3. Issuance of bonds.

A. With the approval of the higher education department and the state board of finance, pursuant to a resolution of the board of regents, a university that has imposed an athletic facility surcharge may issue athletic facility revenue bonds to pay for some or all of the costs of designing, purchasing, constructing, remodeling, renovating, rehabilitating, improving, equipping or furnishing a university athletic facility that has a seating capacity of twelve thousand or more.

B. The bonds shall bear interest at a rate or rates as authorized in the Public Securities Act [6-14-1 NMSA 1978], and the first interest payment may be for any period authorized in the Public Securities Act.

C. The bonds shall be secured by athletic facility revenues and athletic facility surcharge receipts.

D. The university shall establish an "athletic facility bonding fund" for deposit of all athletic facility revenues and athletic facility surcharge proceeds. Money in the fund may be used to pay:

(1) payments of principal, interest or prior redemption premiums due in connection with, and any other charges pertaining to, the bonds, including payments into any sinking fund or reserve fund required by the bond resolution;

(2) costs of operating a university athletic facility during the life of the bonds, provided that no such costs shall be paid if there are current payments due pursuant to Paragraph (1) of this subsection;

E. A breach of any contractual obligation incurred pursuant to that act shall not impose a pecuniary liability or a charge upon the general credit or taxing power of the state, and the bonds are not general obligations for which the state's full faith and credit is pledged.

F. The state does hereby pledge that the athletic facility bonding fund shall be used only for the purposes specified in this section and pledged first to pay the debt service on the bonds. The state further pledges that any law authorizing the imposition of the athletic facility surcharge and the dedication of revenues to the fund shall not be amended or repealed or otherwise modified so as to impair the bonds to which the fund is dedicated as provided in this section. The university shall not repeal, amend or otherwise modify the bond resolution or the resolution imposing the athletic facility surcharge in such a manner that adversely affects or impairs the athletic facility surcharge or any bonds secured by a pledge of the athletic facility revenues and athletic facility surcharge receipts unless the bonds have been paid in full or provisions have been made for full payment.
