Sections not in conflict with Personnel Act in defining exempt positions. - In defining exempt positions only for the secretary and division heads of the health and environment department (now department of health and department of environment), this section and 9-7-6B(9) NMSA 1978 are not in conflict with the Personnel Act nor are they controlling with respect to the number of exempt positions authorized for the health and environment department. 1980 Op. 9-1-5. Secretary; duties and general powers.

A. The secretary is responsible to the governor for the operation of the department. It is his duty to manage all operations of the department and to administer and enforce the law with which he or the department is charged.

B. To perform his duties, the secretary has every power expressly enumerated in the laws, whether granted to the secretary or the department, or any division of the department, except where authority conferred upon any division therein is explicitly exempted from the secretary's authority by statute. (c) resolve by agreement the manner and extent to which the department shall provide budgeting, record-keeping and related clerical assistance to administratively attached agencies;

(10) appoint, with the governor's consent, for each division, a "director." These appointed positions are exempt from the provisions of the Personnel Act [10-9-1 NMSA 1978]. Persons appointed to these positions shall serve at the pleasure of the secretary;

E. The secretary may make and adopt such reasonable and procedural rules and regulations as may be necessary to carry out the duties of the department and its divisions. No rule or regulation promulgated by the director of any division in carrying out the functions and duties of the division shall be effective until approved by the secretary unless otherwise provided by statute. Unless otherwise provided by statute, no regulation affecting any person or agency outside the department shall be adopted, amended or repealed without a public hearing on the proposed action before the secretary or a hearing officer designated by him. (1) exercise its functions independently of the department and without approval or control of the department;

(2) submit its budgetary requests through the department; and

(3) submit reports required of it by law or by the governor through the department.

B. The department to which an agency is attached for administrative purposes only shall:

The district courts may, on motion or supplemental petition filed at any time within twelve months after the reorganization plan takes effect, showing a necessity for a survival of the unit [suit], action or other proceeding to obtain a settlement of the questions involved, allow the same to be maintained by or against the successor of such head of agency or officer of the state under the reorganization effected by the plan or, if there is no successor, against such agency or officer as the governor shall designate.

Lujan*, 1999-NMCA-059, 127 N.M. 233, 979 P.2d 744.

Statutes and rules of individual licensing boards not superseded. - This section and the Regulation and Licensing Department Act (Chapter 9, Article 16 NMSA 1978) do not supersede the specific powers and duties that the legislature has given to the board of veterinary examiners pursuant to the Veterinary Practice Act. 1987 Op. Att'y Gen. No. 87-58.

By enacting this section, the legislature did not delegate to the governor its power to repeal the statutes governing the individual boards and commissions; such an action would be in contravention of article III, § 1 of the New Mexico Constitution. The more reasonable interpretation of the Act is that the legislature merely delegated to the regulation and licensing department administrative or ministerial duties with respect to licensing functions of the autonomous boards; the intent of this section is to give the

governor the opportunity to select initially which boards would have the regulation and licensing department administer their licensing functions. 1987 Op. Att'y Gen. No. 87-58.

The rate of accrual of annual leave was not an "accrued benefit" under the plain meaning and structure of § 47(C), which clearly required transferred juvenile probation officers to accrue annual leave at Personnel Act rates from the time of transfer to the executive branch. *Whitely v. 9-7-11.1. Findings and purpose.

A. The legislature finds that good health is among our most cherished desires. To achieve optimal health requires both individual and collective responsibility and action, and therefore, state government must assume a leadership role by establishing and implementing policies in all aspects of health. In order to fulfill its proper leadership obligation within public resource constraints, the state must perform a variety of

carefully tailored roles in concert with individuals, the private sector and local, federal and tribal governments.

B. The legislature also finds that health care requires a growing portion of the state's public and private resources and impacts a broad segment of the state's economy; a need, therefore, exists to establish an entity for research, guidance and recommendations on health policy and planning issues.

C. The purpose of the New Mexico health policy commission is to provide a forum for the discussion of complex and controversial health policy and planning issues and for the creative exploration of ideas, issues and problems surrounding health policy and planning, including the interrelations with education, the environment and economic well-being.

D. It is the policy of the state of New Mexico to promote optimal health; to prevent disease, disability and premature death; to improve the quality of life; and to assure that basic health services are available, accessible, acceptable and culturally appropriate, regardless of financial status. This policy shall be realized through the following organized efforts:

(1) education, motivation and support of the individual in healthy behavior;

(2) protection and improvement of the physical and social environments;

(3) promotion of health services for early diagnosis and prevention of disease and disability; and

D. The New Mexico health policy commission shall establish task forces as needed to make recommendations to the commission on various health issues. Task force members may include individuals who have expertise or a pecuniary or fiduciary interest in the health services industry. Voting members of a task force may receive mileage expenses if they:

(2) are individuals who were not appointed to represent the views of the organization or agency for which they work; or

(3) represent an organization that has a policy of not reimbursing travel expenses of employees or representatives for travel to meetings.

C. The secretary may apply for and receive, with the governor's approval, in the name of the department any public or private funds, including but not limited to United States government funds, available to the department to carry out its programs, duties or services.

D. Where functions of departments overlap or a function assigned to one department could better be performed by another department, a secretary may recommend appropriate legislation to the legislature for its approval.

In addition to the powers granted to the secretary in Section 9-11-6 NMSA 1978, the secretary is authorized to set, by regulation, after notification to the legislative finance committee, fees to cover the expense of providing additional services for the convenience of the public. Any fee for a service adopted under this section shall not be charged to or payable by any person not taking advantage of the service. Amounts collected pursuant to this section are appropriated to the department to defray the expense of providing the service.

History: 1978 Comp., § 9-11-6.1, enacted by Laws 1990, ch. 70, § 1.

9-11-6.2. Administrative regulations, rulings, instructions and orders; presumption of correctness.

A. The secretary is empowered and directed to issue and file as required by law all regulations, rulings, instructions or orders necessary to implement and enforce any provision of any law the administration and enforcement of which the department, the secretary, any division of the department or any director of any division of the department is charged, including all rules and regulations necessary by reason of any alteration of any such law. In order to accomplish its purpose, this provision is to be liberally construed.

B. Directives issued by the secretary shall be in form substantially as follows:

(1) regulations shall be written statements of the secretary of general application, interpreting and exemplifying the statutes [statutes] to which they relate;

(2) rulings shall be written statements of the secretary, of limited application to one or a small number of persons, interpreting the statutes to which they relate, ordinarily issued

in response to a request for clarification of the consequences of a specified set of circumstances;

(3) orders shall be written statements of the secretary or a hearing officer or other delegate of the secretary to implement a decision after a hearing; and

(4) instructions shall be other written statements or directives of the secretary or secretary's delegate not dealing with the merits of any law but otherwise in aid of the accomplishment of the duties of the secretary.

C. To be effective, any ruling or regulation issued by the secretary shall be reviewed by the attorney general or other legal counsel of the department prior to being filed as required by law, and the fact of the review shall be indicated on the ruling or regulation.

D. To be effective, a regulation shall first be issued as a proposed regulation and filed for public inspection in the office of the secretary. Unless otherwise provided by statute, no regulation affecting any person or agency outside the department shall be adopted, amended or repealed without a public hearing on the proposed action before the secretary or a hearing officer designated by the secretary. The public hearing shall be held in Santa Fe unless otherwise permitted by statute. Notice of the subject matter of the regulation, the action proposed to be taken, the time and place of the hearing, the manner in which interested parties may present their views and the method by which copies of the proposed regulation, proposed amendment or repeal of an existing regulation may be obtained shall be published at least thirty days prior to the hearing date in a [sic] the New Mexico register and mailed at least thirty days prior to the hearing date to all persons who have made a written request for advance notice of hearing. After the proposed regulation has been on file for not less than sixty days and a public hearing on the proposed action has been held by the secretary or a hearing officer designated by the secretary, the secretary may issue it as a final regulation by signing the regulation and filing the regulation in the manner required by law. The secretary shall not delegate the authority to sign regulations.

E. In addition to filing copies of regulations with the state records center as required by law, the secretary shall maintain in the office of the secretary a duplicate official set of current and superseded regulations, a set of current and superseded rulings and such additional sets of those regulations and rulings as appear necessary, which duplicate or additional sets shall be available for inspection by the public, but superseded regulations need be maintained for no longer than ten years from the date of supersession.

F. The secretary shall develop and maintain a file of names and addresses of individuals and professional and industry groups having an interest in the promulgation of new, revised or proposed regulations. At convenient times, the secretary shall distribute to these persons all such regulations and all pertinent rulings, making such charges as will defray the expense incurred in their physical preparation and mailing.

Such charges are appropriated to the department to defray the costs of preparing and distributing regulations and rulings.

G. Any regulation, ruling, instruction or order issued by the secretary or order or instruction issued by a hearing officer or other delegate of the secretary is presumed to be a proper implementation of the provisions of the laws that are charged to the department, the secretary, any division of the department or any director of any division of the department.

H. The extent to which regulations, rulings and orders will have retroactive effect shall be stated and, if no such statement is made, they will be applied prospectively only.

Director (now secretary) reversed for arbitrariness. - Since the commissioner (now secretary), before arriving at a decision, did not consider all of the evidence presented at the hearing but only that pertaining to the "indicia" under G.R. Regulation 12.5:1, the court could not say that he would have reached the same conclusion had all of "the evidence presented and admitted" been considered as required by 7-1-24 NMSA 1978 and therefore held the ruling reversed for arbitrariness. *Eaton v.
