22-1-1.1. Legislative findings and purpose.

A. The legislature finds that, although New Mexico has been in the forefront of educational reforms in many areas, additional improvements are necessary to enhance and upgrade the delivery of quality education in New Mexico.

B. The legislature further finds that enhancement of the educational system in New Mexico requires a renewed emphasis on the primary grades, recognizing especially the importance of the first grade to a child's future educational career.

C. The legislature further finds that teachers and administrators play a key role in any reform efforts and acknowledges their importance in the educational process.

D. The legislature further finds that the smorgasbord curriculum offered in many schools fails to provide students with the basic educational background necessary to provide them with indispensable life skills.

E. The legislature further finds that discipline in the schools is essential to provide an atmosphere conducive to effective learning.

F. It is the purpose of this reform legislation, among other things, to stress the importance of substantive academic subjects, provide for a greater emphasis on the primary grades, upgrade curriculum and graduation requirements, systematically evaluate instructional improvement and student progress, increase parental involvement in the public schools and recognize that teachers should be treated like other professionals.

However, Laws 1988, ch. 66, § 1, effecting the same changes but also deleting "provided however, that for purposes of the Public School Capital Improvements Act, an administrative building shall not be considered a 'school building'" from the end of Subsection V, was approved March 9, 1988. The section is set out as amended by Laws 1988, ch. 66, § 1. See 12-1-8 NMSA 1978.

1991 amendments. - Laws 1991, ch. 137, § 1, effective April 3, 1991, adding "or college-preparatory, residential, bureau of Indian affairs contract schools" at the end of Subsection I, was approved on April 3, 1991. However, Laws 1991, ch. 187, § 1, effective June 14, 1991, rewriting Subsection F which read " 'certified school personnel' means certified school instructors and certified school administrators", adding Subsections G and H, and redesignating former Subsections G to V as Subsections I to W, was approved on April 4, 1991. The section is set out as amended by Laws 1991, ch. 187, § 1. See 12-1-8 NMSA 1978.

School districts are "state agencies" covered by the Conflict of Interest Act. 1989 Op. Att'y Gen. No. 89-34.

Limitations on legislator's contracts to school districts. - The limitations on a legislator's contracts imposed under N.M. Const., art., IV, § 28 apply to contracts with the state, municipalities and school districts, but do not apply to counties. 1989 Op. Att'y Gen. No. 89-34.

Compulsory school attendance law must bear rational relation to legitimate state interest. - In the application of equal protection principles, the standard for reviewing the compulsory school attendance law is whether it bears some rational relation to a legitimate state interest. *State v. Edgington*, 99 N.M. 715, 663 P.2d 374 (Ct. App.), cert. denied, 464 U.S. 940, 104 S. Ct. 354, 78 L. Ed. 2d 318 (1983).

And state may constitutionally prohibit home instruction by parent, guardian or custodian. - The exclusion of home instruction by a parent, guardian or custodian of a child from satisfying the requirements of the compulsory school attendance law does not violate equal protection as guaranteed in the United States and New Mexico constitutions. *State v. Edgington*, 99 N.M. 715, 663 P.2d 374 (Ct. App.), cert. denied, 464 U.S. 940, 104 S. Ct. 354, 78 L. Ed. 2d 318 (1983).

No distinction between "private" and family schools. - The state legislature has not set teacher or curriculum standards for determining what qualifies an educational entity as a "private school", defined in Subsection I, as opposed to a family school. *Strosnider v. Strosnider*, 101 N.M. 639, 686 P.2d 981 (Ct. App. 1984).

Certified school instructor. - School districts which have included speech-language pathologists within the meaning of "certified school instructor" contained in Laws 1986, ch. 33, § 34 for purposes of granting a \$2,200 salary increase to those instructors are not in violation of law, provided all requirements of the Public School Finance Act [22-8-1 to 22-8-42 NMSA 1978] were met. 1987 Op. Att'y Gen. No. 87-70.

However Laws 1993, ch. 226, § 1, effective July 1, 1993, also amending this section by rewriting Subsection C, which formerly read "provide instruction by a person possessing at least a baccalaureate degree, which requirement may be waived by the state superintendent upon a determination that such waiver is in the child's best interest", and inserting "and" at the end of Subsection C, but not giving effect to the changes made by the first 1993 amendment was approved April 6, 1993. The section is set out as amended by Laws 1993, ch. 226, § 1. See 12-1-8 NMSA 1978.

The 2001 amendment, effective June 15, 2001, in Subsection A, inserted "within thirty days of its establishment" at the beginning of the section, inserted "state" preceding both instances of "superintendent", deleted "of schools of the school district in which the person is a resident" preceding "of the establishment of a home school", inserted "in writing" following the second instance of "superintendent", inserted "of the school district from which the home school is drawing students" at the end of the subsection; in Subsection B, deleted the requirement to maintain records of student attendance, deleted the requirement that records be given to the superintendent, and inserted "or a waiver of that requirement"; and deleted Subsection D, concerning achievement test requirements.

B. A free public school education in those courses already offered to persons pursuant to the provisions of Subsection A of this section shall be available to any person who is a resident of this state and has received a high school diploma or its equivalent if there is available space in such courses.

C. Any person entitled to a free public school education pursuant to the provisions of this section may enroll or re-enroll in a public school at any time and, unless required to attend school pursuant to the Compulsory School Attendance Law [22-12-1 to 22-12-7 NMSA 1978], may withdraw from a public school at any time.

D. In adopting and promulgating rules concerning the enrollment of students transferring from a home school or private school to the public schools, the local school board shall provide that the grade level at which the transferring student is placed is appropriate to the age of the student or to the student's score on a student achievement test administered according to the statewide and local school district testing programs as determined by the state superintendent or both.

E. A local school board shall adopt and promulgate rules governing enrollment and re-enrollment at public schools other than charter schools within the school district. These rules shall include:

(1) definition of the school district boundary and the boundaries of attendance areas for each public school;

(2) for each public school, definition of the boundaries of areas outside the school district boundary or within the school district but outside the public school's attendance area and within a distance of the public school that would not be served by a school bus route as determined pursuant to Section 22-16-4 NMSA 1978 if enrolled, which areas shall be designated as "walk zones";

(a) first, persons residing within the school district and within the attendance area of a public school;

F. In adopting and promulgating rules governing enrollment and re-enrollment at public schools other than charter schools within the district, a local school board may establish additional enrollment preferences for rules admitting students in accordance with the second and third priorities of enrollment set forth in Subparagraphs (b) and (c) of Paragraph (3) of Subsection E of this section. The additional enrollment preferences may include:

(1) after school child care for students;

(2) child care for siblings of students attending the public school;

(4) extreme hardship;

(5) location of a student's previous school;

(6) siblings of students already attending the public school; and

(7) student safety.

G. As long as the maximum allowable class size established by law or by rule of a local school board, whichever is lower, is not met or exceeded in a public school by enrollment of first-priority persons, the public school shall enroll other persons applying in the priorities stated in the school district rules adopted pursuant to Subsections E and F of this section. If the maximum would be exceeded by enrollment of an applicant in the second or third priority, the public school shall establish a waiting list. However, Laws 2000, ch. 82, § 1, effective March 7, 2000, making the provisions of this act applicable to only non-charter, public schools and not giving effect to the changes by Laws 2000, ch. 15, was approved March 7, 2000. "(b) a student's behavior in another school district or private school in this state or any other state during the preceding twelve months that is detrimental to the welfare or safety of other students or school personnel.

"F. As long as the maximum allowable class size established by law or by rule of a local school board, whichever is lower, is not met or exceeded in a public school by enrollment of first-priority persons, the public school shall enroll other persons applying in the priorities stated in the school district rules adopted pursuant to Subsection E of this section. If the maximum would be exceeded by enrollment of an applicant in the second or third priority, the public school shall establish a waiting list. As classroom space becomes available, persons highest on the waiting list within the highest priority on the list shall be notified and given the opportunity to enroll."

22-1-5. Recompiled.

ANNOTATIONS

Recompilations. - Laws 1986, ch. 33, § 10 recompiles 22-1-5 NMSA 1978, relating to school employees, reporting drug and alcohol use, and release from liability, as 22-5-4.4 NMSA 1978, effective May 21, 1986.

22-1-6. Annual school district accountability report required.

A. School districts are required to publish an annual school district accountability report to provide district-wide data for the previous school year. The state board shall establish the format for the accountability reports and ensure that the relevant data is provided annually to parents, students, educators, policymakers, legislators, the governor and business and economic development organizations. The department of education shall

establish the following five indices through which public school performance shall be measured and reported to school districts:

- (1) student achievement as measured by a nationally norm-referenced test approved by the department of education or through a performance-based instrument to measure proficiency;
- (2) school safety;
- (3) the dropout rate;
- (4) attendance; and
- (5) parent and community involvement.

The department of education shall establish the methodology for measuring each of the five indices.

B. Effective July 1, 1999, school districts shall annually administer a nationally norm-referenced test or a standards-based assessment to all students enrolled in a public school in grades three through nine. Only students with disabilities deemed incapable of taking the test as determined on their individual educational programs shall be exempted from this requirement. Students who have been assessed as non-English or limited English proficient using state approved language assessments and meeting required thresholds shall be exempted from this test and provided an alternative norm-referenced or standards-based assessment in their primary language. School districts shall report the following to the department of education:

- (1) the results of the norm-referenced test or standards-based assessment;
- (2) the number of enrolled students who did not take the test, the school in which they are enrolled and the reason for the exemption from the test; and
- (3) separately and as part of the aggregate report, the results of assessments of students enrolled in special education class A, B, C and D programs who took the test and the school in which they are enrolled, except in cases where the number of students being reported is less than ten.

C. School districts shall set two-, four- and six-year benchmarks in each of the five indices for each public school. Local school boards may establish additional indices, if reviewed by the department of education, through which to measure the school district's performance in other areas.

D. The annual accountability report shall also include the results of a survey of parents' views of the quality of their children's school. The survey shall be conducted each year in time to include the results in the annual accountability report. The survey shall

compile the results of a written questionnaire that shall be sent home with the students to be given to their parents. The survey may be completed anonymously. ARTICLE 2

STATE BOARD OF EDUCATION

22-2-1. State board; powers.

A. The state board is the governing authority and shall have control, management and direction of all public schools, except as otherwise provided by law.

B. The state board may promulgate, publish and enforce regulations to exercise its authority granted pursuant to the Public School Code [22-1-1 NMSA 1978].

C. The state board may apply to the district court for an injunction, writ of mandamus or other appropriate relief to enforce the provisions of the Public School Code [22-1-1 NMSA 1978] or any of its regulations promulgated pursuant to the Public School Code [22-1-1 NMSA 1978].

D. The state board may waive provisions of the Public School Code [22-1-1 NMSA 1978] as authorized by law.

History: 1978 Comp., § 22-2-1, enacted by Laws 1990 (1st S.S.), ch. 9, § 10; 1992, ch. 77, § 1; 1993, ch. 226, § 2.

ANNOTATIONS

Cross references. - For constitutional provision relating to state board of education, see N.M. Const., art. XII, § 6.

Repeals and reenactments. - Laws 1990 (1st S.S.), ch. 9, § 10 repeals former 22-2-1 NMSA 1978, as amended by Laws 1990, ch. 52, § 1, and enacts the above section, effective June 18, 1990. For provisions of former section, see 1990 Session Laws.

The 1992 amendment, effective May 20, 1992, inserted "or the purchase of instructional materials" in the first sentence of Subsection D and near the middle of Subsection E; and made minor stylistic changes throughout the section.

The 1993 amendment, effective July 1, 1993, deleted former Subsection D, pertaining to approval by the state board of a local school board's request to waive provisions of the Public School Code relating to length of school day, staffing patterns, subject areas or the purchase of instructional materials; redesignated former Subsection E as Subsection D; and rewrote present Subsection D, which formerly authorized the state board to waive provisions of the Public School Code relating to staffing patterns, class and teaching leads, subject areas, curriculum, testing, instructional time or the purchase of instructional materials.

Legislative power as to duties of state board. - The authority granted the state board for the "control, management and direction of all public schools" under N.M. Const., art. XII, § 6 must be specifically defined by the legislature. And, if the state board's constitutional authority is so limited, then it would necessarily follow that the legislature may also divest the state board of duties previously defined. As the courts have construed it, N.M. Const., art. XII, § 6 does not, in itself, vest the state board with any particular duties and the legislature is empowered to determine the scope of the board's authority. 1977 Op. Att'y Gen. No. 77-6.

State board has powers implied from statute. - The authority of the state board in the rule- or regulation-making context is not limited to those powers expressly granted by statute, but includes all powers that may be fairly implied therefrom. *Redman v. Board of Regents*, 102 N.M. 234, 693 P.2d 1266 (Ct. App. 1984).

Board may determine action not "good cause" for firing. - It is within the province of the state board to decide that a private affair between consenting adults, an assistant principal and a school secretary, is not "good and just cause" to fire an employee. *Board of Educ. v. Jennings*, 98 N.M. 602, 651 P.2d 1037 (Ct. App. 1982).

Until such time as requirements of law, standards or rules have been met and compliance is assured, the powers and duties of the local school board shall be suspended;

X. establish and implement a plan that provides for technical assistance to local school boards through workshops and other in-service training methods; provided, however, that no plan shall require mandatory attendance by any member of a local school board;

Y. submit a plan applying for funds available under Public Law 94-142 and disburse these funds in the manner and for the purposes specified in the plan;

Students receiving special education services not integrated into the regular classroom shall not be counted in the calculation of class load averages. Only classroom teachers charged with responsibility for the regular classroom instructional program shall be counted in determining average class loads. In elementary schools offering only one grade level, average class loads may be calculated by averaging appropriate grade levels between schools in the school district.

J. Notwithstanding the provisions of Subsection F of this section, the state board may waive the individual class load and teaching load requirements established in this section upon a demonstration of a viable alternative curricular plan and a finding by the state board that the plan is in the best interest of the school district and that, on an annual basis, the plan has been presented to and is supported by the affected teaching staff. The department of education shall evaluate the impact of each alternative curricular plan annually. Annual reports shall be made to the legislative education study committee.

However, this section was also amended by Laws 2001, ch. 257, § 1, effective June 15, 2001, which would have amended the section to read as follows:

If within five years after a student exits from the school system he takes and passes the state competency examination, he may receive a high school diploma.

"E. The state board may establish a policy to provide for administrative interpretations to clarify curricular and testing provisions of the Public School Code."

The 1993 amendment, effective July 1, 1993, deleted former Subsection D, which read "The provisions of this section shall be effective with the 1987-88 school year."

- (3) student performance in school.

B. Local school boards shall approve district-developed remediation programs and academic improvement programs to provide special instructional assistance to students in grades one through eight who fail to attain a level of proficiency established by the content standards. The cost of remediation programs and academic improvement programs shall be borne by the school district. Remediation programs and academic improvement programs shall be incorporated into the school district's educational plan for student success and filed with the department of education.

C. The cost of summer and extended day remediation programs and academic improvement programs offered in grades nine through twelve shall be borne by the parent or guardian; however, where parents are determined to be indigent according to guidelines established by the state board, the local school board shall bear those costs.

E. A parent or guardian shall be notified no later than the end of the second grading period that his child is failing to attain appropriate grade level proficiency in content standards, and a conference consisting of the parent or guardian and the teacher shall be held to discuss possible remediation programs available to assist the student in attaining the required level of proficiency established by the content standards. Specific academic deficiencies and remediation strategies shall be explained to the student's parent or guardian and a written plan developed containing timelines, academic expectations and the measurements to be used to verify that a student has overcome his academic deficiencies. Remediation programs and academic improvement programs include tutoring, extended day or week programs, summer programs and other research-based models for student improvement.

F. At the end of grades one through seven, three options are available, dependent on a student's attainment of the required level of proficiency established by the content standards:

- (1) the student has attained the level of proficiency required by the content standards and shall enter the next higher grade;

(2) the student has not attained the required level of proficiency and shall participate in the required level of remediation. Upon certification by the school district that the student has successfully overcome his areas of deficiency, he shall enter the next higher grade; or

(3) the student has not attained the level of proficiency required by the content standards upon completion of the prescribed remediation program and upon the recommendation of the certified school instructor and school principal shall either be:

(a) retained in the same grade for no more than one school year with an academic improvement plan developed by the student assistance team in order to attain proficiency of content standards, at which time the student shall enter the next higher grade; or

(b) promoted to the next grade if the parent or guardian refuses to allow his child to be retained pursuant to Subparagraph (a) of this paragraph. In this case, the parent or guardian shall sign a waiver indicating his desire that the student be promoted to the next higher grade with an academic improvement plan designed to address specific academic deficiencies. The academic improvement plan shall be developed by the student assistance team outlining timelines and monitoring activities to ensure progress toward overcoming those academic deficiencies. Students failing to attain proficiency of content standards at the end of that year shall then be retained in the same grade for no more than one year in order to have additional time to master the required content standards.

G. At the end of the eighth grade, a student who fails to attain proficiency of content standards shall be retained in the eighth grade for no more than one school year in order to attain proficiency of content standards or if the student assistance team determines that retention of the student in the eighth grade will not assist the student attain the appropriate level of academic achievement and proficiency of standards, the team shall design a high school graduation plan to meet the student's needs for entry into the workforce or a post-secondary educational institution. If a student is retained in the eighth grade, the student assistance team shall develop a specific academic improvement plan that clearly delineates the student's academic deficiencies and prescribes a specific remediation plan to address those academic deficiencies.

H. A student who fails to attain proficiency of content standards for two successive school years shall be referred to the student assistance team for placement in an alternative program designed by the school district. Alternative program plans shall be filed with the department of education.

The 1993 amendment, effective July 1, 1993, deleted "of education" following "state board" in Subsection C; deleted former Subsection H, which read "The provisions of Subsection A of this section shall take effect in the 1987-88 school year"; and deleted former Subsection I, which read "The provisions of Subsections B through G of this section shall take effect beginning in the 1989-90 school year."

The 2000 amendment, effective May 17, 2000, in the section heading, substituted "Educational content" for "Essential competencies" and "restrictions" for "exception"; rewrote Subsections A through D; added Subsection E; redesignated former Subsection E as F and rewrote that section; added Subsection G; redesignated former Subsection G as H and rewrote that section; and added Subsections I and J.

Constitutionality. - Subsection C does not offend the "free school guaranty" of N.M. Const., art. XII, § 1, as that provision is construed by the New Mexico Supreme Court. 1990 Op. Att'y Gen. No. 90-06.

22-2-8.7. Certification requirements.

"(4) six hours in government, economics or sociology;

"(5) twelve hours in science, including biology, chemistry, physics, geology, zoology and botany; and

"(6) six hours in fine arts.

"B. In addition to the requirements specified in Subsection A of this section, the state board shall require that a person seeking standard or alternative elementary certification shall have completed six hours of reading courses, and a person seeking standard or alternative secondary certification shall have completed three hours of reading courses in subject matter content. The state board of education shall establish requirements that provide a reasonable period of time to comply with the provisions of this section.

"C. The state board shall require, prior to certification, no less than fourteen weeks of student teaching, a portion of which shall occur in the first thirty credit hours taken in the college of education and shall be under the direct supervision of a certified school instructor and a portion of which shall occur in the student's senior year with the student teacher being directly responsible for the classroom.

"D. Nothing in this section shall preclude the state board from establishing or accepting equivalent requirements for purposes of reciprocal certification or minimum requirements for alternative certification.

"E. Vocational teacher preparatory programs may be exempt from Subsections A through C of this section upon a determination by the state board that other certification requirements are more appropriate for vocational teacher preparatory programs."

22-4A-1. Short title.

This act [22-4A-1 to 22-4A-3 NMSA 1978] may be cited as the "Advisory Referendum Act".

History: Laws 1987, ch. 191, § 1.

22-4A-2. Purpose.

The purpose of the Advisory Referendum Act [22-4A-1 to 22-4A-3 NMSA 1978] is to enable registered voters of an affected area, who may ultimately be called upon to vote on bond issues for capital projects for a new district, to express the extent of their support for the formation of that new public school district.

History: Laws 1987, ch. 191, § 2.

22-4A-3. Advisory referendum authorized; effect of referendum.

A. The governing body of any school district having a student membership in excess of seventy-six thousand and the governing body of any school district any part of which is proposed to be incorporated in a new school district shall conduct an advisory referendum in any municipality or in any precinct of a school district which is proposed to be included in a new school district.

B. An "advisory referendum" as used in the Advisory Referendum Act [22-4A-1 to 22-4A-3 NMSA 1978] means an election at which the proposal of creating a new school district that includes the territory in which the municipality is located is submitted to the voters of the municipality as a question of supporting the proposal or opposing the proposal. The result of the vote shall be advisory only as a statement of public opinion on the proposed creation of a new school district and shall not constitute any election required by law pertaining to the creation of a district. The results of the referendum may be used by the voters of the existing and proposed district encompassed within the boundaries of the municipality or of another school district to better determine desirability and feasibility of forming the new public school district.

C. The election for the advisory referendum shall be conducted and canvassed substantially in the same manner as special school district elections are conducted and canvassed.

22-5-3.1. Local school boards; reversion to five members.

A. Any seven-member local school board of a school district in the state may by resolution provide for the local board of that district to be composed of five qualified electors of the state who reside within the district.

B. If the resolution specified in Subsection A of this section is adopted, the existing local school board at the first election at which the terms of three members expire shall by lot:

(2) eliminate two positions if the next succeeding election is one at which the term of one member expires, and at the next election at which the terms of three members expire designate one position for a two-year term; provided that thereafter all terms shall be six-year terms; or

(3) eliminate two positions if the next succeeding election is one at which the terms of three members expire and at the succeeding election designate one position for a two-year term, provided that thereafter all terms shall be six-year terms.

D. Upon receipt and verification of the petition, the local school board shall within thirty days call a special school election to vote upon the question of decreasing the membership of the local school board in that district to five members.

E. If the voters of the school district approve the decrease in the local school board's membership to five members, the resolution shall be in effect and the elimination of two members at subsequent elections as provided in Subsection B of this section shall be valid.

History: 1978 Comp., § 22-5-3.1, enacted by Laws 1981, ch. 302, § 1.

22-5-4. Local school boards; powers; duties.

A local school board shall have the following powers or duties:

A. subject to the regulations of the state board, supervise and control all public schools within the school district and all property belonging to or in the possession of the school district;

B. employ a superintendent of schools for the school district and fix his salary;

C. delegate administrative and supervisory functions of the local school board to the superintendent of schools;

D. subject to the provisions of law, approve or disapprove the employment, termination or discharge of all employees and certified school personnel of the school district upon a recommendation of employment, termination or discharge by the superintendent of schools; provided that any employment relationship shall continue until final decision of the board. Any employment, termination or discharge without the prior recommendation of the superintendent is void;

E. apply to the state board for a waiver of certain provisions of the Public School Code [22-1-1 NMSA 1978] relating to length of school day, staffing patterns, subject area or the purchase of instructional materials for the purpose of implementing a collaborative school improvement program for an individual school;

G. contract, lease, purchase and sell for the school district;

H. acquire and dispose of property;

The 1990 amendment, effective May 16, 1990, added present Subsection E, redesignated former Subsections E to P as present Subsections F to Q, substituted "Procurement Code" for "Public Purchasers Act" at the end of present Subsection N, and, in present Subsection Q, deleted "local" preceding "school district property" at the end of the first sentence and "of the public school finance division" at the end of the second sentence.

The 1992 amendment, effective May 20, 1992, inserted "or the purchase of instructional materials" in Subsection E; substituted "department of education" for

"director" in the second sentence of Subsection Q; and made minor stylistic changes throughout the section.

The 1993 amendment, effective July 1, 1993, added the proviso at the end of the first sentence of Subsection D.

Section makes local board's supervision and control of public school in district "subject to the regulations of state board." Morgan v. New Mexico State Bd. of Educ. 83 N.M. 106, 488 P.2d 1210 (Ct. App.), cert. denied, 83 N.M. 105, 488 P.2d 1209 (1971).

Authority of local board over personnel. - A local board is the only entity with power to terminate employees; the purpose of Subsection D is to require input of a superintendent before a personnel decision is made, and not to render a board powerless to act except in accordance with the recommendation of its superintendent. Daddow v. Carlsbad Mun. Sch. Dist. 120 N.M. 97, 898 P.2d 1235 (1995).

School board attendance allocation proper. - So long as the statutory and constitutional minimum educational standards are satisfied, the local school board may allocate attendance within the district. 1979 Op. Att'y Gen. No. 79-36.

Conditions under which private group may use facilities. - A local board of education may permit a particular religious denomination or private group to use public school buildings or facilities after school hours where such use, in the opinion of the school board, will not interfere with normal school activities, but the board may not in any respect sanction or give endorsement to such religious denominational programs. 1963-64 Op. Att'y Gen. No. 63-106 (opinion rendered under former law).

Include equal treatment of all groups. - A local school board must, in exercising its discretion as to whether a particular religious denomination may use public school facilities after school hours, either make the use of school facilities available to all religious groups on an equal basis and without preference as to any particular group or not permit such use at all. 1963-64 Op. Att'y Gen. No. 63-106 (opinion rendered under former law).

And reimbursement of school's actual expenses. - Since a school district may not in any manner lend its financial or other support to any private religious denominations, it is incumbent upon school authorities to obtain reimbursement for any actual expenses occasioned from a religious group's private use of public school facilities. 1963-64 Op. Att'y Gen. No. 63-106 (opinion rendered under former law).

Procurement Code exemptions applicable to school boards. - The provision of Subsection N requires school boards to contract according to all but two sections of the entire Procurement Code; this means that all bidding requirements of the Code, including the exemptions in 13-1-98 NMSA 1978, apply to school district contracts.

Morningstar Water Users Ass'n v. Farmington Mun. Sch. Dist. No. 5, 120 N.M. 307, 901 P.2d 725 (1995).

Payment for time spent away from district by district employee. - A local school district employee who serves on the state board of education may draw salary from the district and per diem and expenses from the state department of education; however, he may not be paid for time spent away from his duties with the district unless he takes authorized leave with pay. 1987 Op. Att'y Gen. No. 87-45.

Character of private use determines whether state approval required. - Where a local school board desires to enter into a lease of real property to any private party or religious group and proposes to give exclusive right of possession and occupancy to school lands or buildings, the state board of finance must give its approval pursuant to 13-6-2 NMSA 1978. Where, however, the use permitted is temporary or brief and limited to hours when the property is not needed for school purposes, the approval of the state board of finance is not necessary, and the local board of education may or may not authorize such usage according to its discretion. 1963-64 Op. Att'y Gen. No. 63-106 (opinion rendered under former law).

School boards have authority to enact reasonable regulations relating to the suspension or expulsion of students. 1959-60 Op. Att'y Gen. No. 59-214.

A rule or regulation prohibiting married students from participating in band, glee club, dramatic events, school newspapers, school clubs, school sponsored trips and school athletics is arbitrary and unreasonable and therefore void. 1967 Op. Att'y Gen. No. 67-117.

A rule which would require the withdrawal of a student when it is known that she is pregnant and when the school officials do not believe that such attendance is proper clearly violates the compulsory attendance law; therefore if the girl is physically capable of attending school, the local school board may not prohibit her attendance by rule or regulation merely because she is pregnant. 1967 Op. Att'y Gen. No. 67-117.

School boards have authority to ban smoking. - Because local school boards have authority to supervise and control all public schools within their district, they can use that authority to ban smoking by both adults and minors on all public school campuses within their district. 1994 Op. Att'y Gen. No. 94-03.

Ultra vires acts by school boards. - Any attempt by a local school board to enter into a contract or formulate a policy that violates the specific statutory provisions governing school boards is ultra vires and void. Thus, any attempt by a school board to enter into a contract or promulgate a termination policy through manuals which give an employee rights in conflict with the School Personnel Act is ultra vires and void. *Swinney v. Deming Bd. of Educ.* 117 N.M. 492, 873 P.2d 238 (1994).

Health club memberships for employees. - A school district may spend public funds to provide its full time employees with membership in a private health club if the membership is provided in return for services rendered to the district. 1989 Op. Att'y Gen. No. 89-20.

School board's supervision and discharge of superintendent. - Inherent in the power given to the school board to employ a superintendent is the ability for the board to supervise and discharge a superintendent. *Stanley v. Raton Bd. of Educ.* 117 N.M. 717, 876 P.2d 232 (1994).

Employment of administrators. - The school board effectively terminated the plaintiffs' employment as school administrators by declaring the jobs vacant, and therefore met the obligations under this section. The plaintiffs could reasonably infer from the board's actions that they were not reemployed for the next year. *Naranjo v. Board of Educ.* 119 N.M. 401, 891 P.2d 542 (1995).

School board president's authority. - A local school board president has authority to deny citizens the right to address the local school board during a meeting of the board, if he is authorized to do so by rules promulgated by the board and he does not exercise that authority arbitrarily or capriciously. 1990 Op. Att'y Gen. No. 90-26.

Liability of local board under federal civil rights law. - In an action brought by a school employee against a school district local school board under 42 U.S.C. § 1983, the board was a "person" for purposes of the suit, and the action under such law was not barred by any statutory governmental immunity. *Daddow v. Carlsbad Mun. Sch. Dist.* 120 N.M. 97, 898 P.2d 1235 (1995).

B. Each school district discipline policy shall establish rules of conduct governing areas of student and school activity, detail specific prohibited acts and activities and enumerate possible disciplinary sanctions, which sanctions may include corporal punishment, in-school suspension, school service, suspension or expulsion.

C. An individual school within a district may establish a school discipline policy, provided that parents, school personnel and students are involved in its development and a public hearing is held in the school prior to its adoption. If an individual school adopts a discipline policy in addition to the local school board's district discipline policy, it shall submit its policy to the local school board for approval.

D. No school employee who in good faith reports any known or suspected violation of the school discipline policy or in good faith attempts to enforce the policy shall be held liable for any civil damages as a result of such report or of his efforts to enforce any part of the policy.

The local school board or the superintendent of the school district may modify the expulsion requirement on a case-by-case basis.

B. Student discipline policies shall also provide for placement in an alternative educational setting, for not more than forty-five days, of any student with a disability who is determined to have knowingly brought a weapon to a school under the jurisdiction of

the local board. If a parent or guardian of the student requests a due process hearing, then the student shall remain in the alternative educational setting during the pendency of any proceeding, unless the parent or guardian and the school district agree otherwise.

The plan shall be submitted to the state board of education and the commission on higher education for their approval.

History: 1953 Comp., § 77-4-3.1, enacted by Laws 1971, ch. 199, § 1; 1981, ch. 86, § 1.

ANNOTATIONS

Object of section is to prevent nepotism in initial hiring of school employees. The hiring of a teacher closely related to a member of the school board justifiably arouses public suspicion that the teacher was hired on the basis of relationship rather than merit. Such suspicions, however, relate only to the initial hiring of the teacher. There is no reason to suspect nepotism in the continued employment of a tenured teacher whose competency has been established by years of service, merely because a family member is elected to the school board at some time during the teacher's career. *New Mexico State Bd. of Educ. v. Board of Educ.* 95 N.M. 588, 624 P.2d 530 (1981)(decided prior to 1981 amendment).

The amount of each bond required shall be fixed by the local school board but shall not be less than five thousand dollars (\$5,000).

C. A local school board may elect to obtain a schedule or blanket corporate surety bond covering all local school board members and school district administrators and employees for any period not exceeding four years.

ANNOTATIONS

Voting Rights Act of 1965. - The federal Voting Rights Act of 1965 appears mainly as 42 U.S.C. §§ 1973 to 1973bb-1.

Improper motive as component of misfeasance. - When a public officer has a right to perform an act which is discretionary, the manner in which the discretion is exercised does not rise to the level of misfeasance unless the discretion is exercised with an improper or corrupt motive; therefore where the school board engaged in a site selection process spanning approximately two years, including consideration of 15 sites and a myriad of relevant factors, and nothing in the record indicated that any of the challenged board members acted out of an improper or corrupt motive, there was no misfeasance. *CAPS v. Board Members*, 113 N.M. 729, 832 P.2d 790 (1992).

22-7-9. Duties of county clerk.

A. The county clerk shall perform the following duties:

(1) provide standard face sheet forms to include a place for the mailing address of the petitioner, standard subsequent page forms and standard affidavit forms to the general public upon request;

(2) affix the initiation date to the completed face sheet only after the district court has issued an order permitting the continuation of the recall process after a hearing pursuant to Section 22-7-9.1 NMSA 1978 on the sufficiency of facts supporting the charges of malfeasance or misfeasance in office or violation of oath of office;

(3) send one copy of the completed face sheet to the named member by registered mail, return receipt requested; and

(4) keep one copy of the completed face sheet on file.

B. Upon receipt of completed petitions, the county clerk shall stamp the petitions with the date of closure. All completed petitions for the recall of one or more named members shall be filed with the county clerk on the same day within one hundred ten calendar days from the date of initiation.

C. The county clerk shall verify the signatures on the completed petitions within ten working days.

D. Within five working days of the validation by the county clerk, the county clerk shall determine whether the verified signatures meet the minimum number required by Section 22-7-10 NMSA 1978.

E. If the county clerk determines that sufficient signatures have not been submitted, he shall notify the petitioner at the mailing address listed on the face sheet and the named member by registered mail, return receipt requested, within three working days after the determination.

F. If the county clerk determines that sufficient signatures have been submitted, he shall do the following within three working days after the determination:

(1) notify the petitioner at the mailing address listed on the face sheet and the named member by registered mail, return receipt requested; and

(2) initiate procedures for a special recall election as provided in Section 22-7-13 NMSA 1978.

History: 1953 Comp., § 77-4A-9, enacted by Laws 1977, ch. 308, § 9; 1979, ch. 277, § 1; 1985, ch. 169, § 5; 1987, ch. 142, § 1.

ANNOTATIONS

Exclusion of names on list by superintendent. - Superintendent may exclude those signatures not listing a date, but his exclusion of signatures with names not "printed as registered" or with "city" not listed, as required by 22-7-6 NMSA 1978, was inconsistent with the purpose of 22-7-10D NMSA 1978 and was, therefore, improper. State ex rel. Citizens for Quality Educ. v. Gallagher, 102 N.M. 516, 697 P.2d 935 (1985).

Name withdrawal petitions valid before final action on petition. - Where superintendent received name withdrawal petitions after receiving clerk's certification of signatures, but before taking final action on petition, superintendent properly refused to count names to those persons who submitted name withdrawal petitions. State ex rel. Citizens for Quality Educ. v. Gallagher, 102 N.M. 516, 697 P.2d 935 (1985).

22-7-9.1. Court hearing.

A. Prior to affixing the date of initiation to the completed face sheet, the county clerk shall file an application with the district court within five days from the date the completed face sheet is presented to the county clerk, requesting a hearing for a determination by the court of whether sufficient facts exist to allow the petitioner to continue with the recall process.

B. Upon the filing of the application, the district court shall set a hearing date on the issue of sufficiency of the facts alleged, which hearing shall be held not more than ten days from the date the application is filed by the county clerk. The court shall notify the petitioner at the mailing address listed on the face sheet of the time and place of the hearing.

C. Upon review of the completed face sheet together with affidavits submitted by the petitioner setting forth specific facts in support of the charges specified on the face sheet, the district court shall make a determination whether sufficient facts exist to allow petitioners to continue with the recall process.

D. Upon entry of an order by the court that sufficient facts exist to allow the petitioner to continue the recall process, the county clerk shall affix the date of initiation to the completed face sheet.

E. The district court's decision is appealable by the petitioner only to the supreme court, and notice of appeal shall be filed within five days after the decision of the district court. The supreme court shall hear and render a decision on the appeal forthwith.

History: 1978, Comp., § 22-7-9.1, enacted by Laws 1987, ch. 142, § 2.

ANNOTATIONS

When no appeal as of right, statute governs. - Since the state has no constitutional appeal as of right from a suppression order, the time for filing such an appeal is governed by the ten-day limit set forth in Subsection (B)(2) of 39-3-3 NMSA 1978 and not the thirty-day limit provided for in Paragraph A of Rule 12-201 NMRA. *State v. Alvarez*, 113 N.M. 82, 823 P.2d 324 (Ct. App. 1991).

Late filing of appeal. - Because timely filing of an appeal is a mandatory precondition rather than an absolute jurisdictional requirement, a trial court may, under unusual circumstances, use its discretion and entertain an appeal even though it is not timely filed. The decision to dismiss an appeal is extreme and must be determined on a case-by-case basis. *Trujillo v. Serrano*, 117 N.M. 273, 871 P.2d 369 (1994).

Court error may excuse late appeal. - One unusual circumstance which would warrant permitting an untimely appeal is if the delay is a result of judicial error. To deny a party the constitutional right to an appeal because of a mistake on the part of the court runs against the most basic precepts of justice and fairness. *Trujillo v. Serrano*, 117 N.M. 273, 871 P.2d 369 (1994).

22-7-10. Signatures.

A. No signature may be signed on the petition prior to the initiation date.

B. Signatures are valid for a maximum of one hundred ten calendar days from the date of initiation.

C. Each signer of a recall petition shall sign but one petition unless more than one member is a named member, and in that case not more than the number of recall petitions equal to the number of named members shall be signed.

D. The signature shall not be counted unless the entire line is filled in full and is upon the form prescribed by the Local School Board Member Recall Act [22-7-1 to 22-7-16 NMSA 1978].

E. A signature shall be counted on a recall petition unless there is evidence presented that the person signing:

(1) is not a registered voter of the county and of the school district listed on the face sheet of the petition;

(2) has signed more than one recall petition for one named member or has signed one petition more than once; or

(3) is not the person whose name appears on the recall petition.

F. The minimum number of verified signatures needed to validate a petition is thirty-three and one-third percent of the number of registered voters who voted for the school board position of the named member at the last preceding school board election.

History: 1953 Comp., § 77-4A-10, enacted by Laws 1977, ch. 308, § 10; 1985, ch. 169, § 6.

ANNOTATIONS

Subsection B is not intended to prevent withdrawal of signatures but is intended to determine when signatures expire as a matter of law. State ex rel. Citizens for Quality Educ. v. Gallagher, 102 N.M. 516, 697 P.2d 935 (1985).

Signer of petition has right to withdraw his name before the superintendent has taken final action. State ex rel. Citizens for Quality Educ. v. Gallagher, 102 N.M. 516, 697 P.2d 935 (1985).

Effect of incomplete lines on petition. - Superintendent may exclude those signatures not listing a date, but his exclusion of signatures with names not "printed as registered" or with "city" not listed is inconsistent with the purpose of Subsection D and is, therefore, improper. 22-7-11. Repealed.

ANNOTATIONS

Repeals. - Laws 1979, ch. 277, § 4, repeals 22-7-11 NMSA 1978, relating to duties of the attorney general in relation to a petition for a recall of a local school board member. For provisions of former section, see 1978 Original Pamphlet.

22-7-12. Recall petition; limitation on appeals of validity of recall petition.

A. Any person filing any court action challenging a recall petition provided for in the Local School Board Member Recall Act [22-7-1 to 22-7-16 NMSA 1978] shall do so within ten days after the determination of the county clerk as set forth in Section 22-7-9 NMSA 1978. Challenges to the recall petition shall be directed to:

- (1) the validity of the signatures on the petitions;
- (2) the determination of the county clerk as to the minimum number of signatures; or
- (3) the sufficiency of the charge.

Within ten days after the filing of the action, the district court shall hear and render a decision on the matter. The decision shall be appealable only to the supreme court, and notice of appeal shall be filed within five days after the decision of the district court. The supreme court shall hear and render a decision on the appeal forthwith.

B. For the purpose of an action challenging a recall petition, each petitioner filing a recall petition under the Local School Board Member Recall Act appoints the proper filing officer as his agent to receive service of process. Immediately upon receipt of process served upon the proper filing officer, that officer shall, by certified mail, return receipt requested, mail the process to the person.

C. A special recall election may be held in conjunction with a regular or a special school district election.

D. Whenever a special recall election is called, the county clerk shall give public notice of the special recall election by publishing information regarding the election once each week for four consecutive weeks. The first publication of the information shall be made between forty-five and sixty days before the date of the special recall election.

Information regarding the election shall be in compliance with the federal Voting Rights Act of 1965, as amended, and shall include the date when the special recall election will be held, the question to be submitted to the voters, a brief description of the boundaries of each precinct, the location of each polling place, the hours each polling place will be open and the date and time of the closing of the registration books by the county clerk as required by law.

E. The ballot shall be in compliance with the federal Voting Rights Act of 1965, as amended, and shall present the voter the choice of voting "for the removal of the named member" or "against the removal of the named member".

F. All special recall elections shall be held in compliance with the federal Voting Rights Act of 1965, as amended.

G. Except as otherwise provided in the Local School Board Member Recall Act [22-7-1 to 22-7-16 NMSA 1978], special recall elections in a school district shall be conducted as provided in the Election Code.

Education of nonresidents without taking state allotment unconstitutional donation. - To the extent that a local school district would undertake the total burden of educating nonresident students without benefit of state allotment as dispensed on the basis of average daily membership, the school district would still be making a donation in aid of those students in violation of N.M. An approved public school with a MEM of less than 400, including early childhood education full-time-equivalent MEM but excluding membership in class C and class D programs and excluding full-time-equivalent membership in three- and four-year-old developmentally disabled programs, is eligible for additional program units. Separate schools established to provide special programs, including but not limited to vocational and alternative education, shall not be classified as public schools for purposes of generating size adjustment program units. The number of additional program units to which a school district is entitled under this subsection is the sum of elementary-junior high units and senior high units computed in the following manner:

Elementary-Junior High Units
 $200 - \text{MEM} \quad \times \quad 1.0 \times \text{MEM} = \text{Units}$

200

where MEM is equal to the membership of an approved elementary or junior high school, including early childhood education full-time-equivalent membership but excluding membership in class C and class D programs and excluding full-time-equivalent membership in three- and four-year-old developmentally disabled programs;

$$\begin{array}{l} \text{Senior High Units} \\ \mathbf{200 - MEM} \quad \times \quad 2.0 \times \text{MEM} = \text{Units} \\ 200 \end{array}$$

where MEM is equal to the total district membership, including early childhood education full-time-equivalent membership.

C. A school district with over 10,000 MEM with a ratio of MEM to senior high schools less than 4,000:1 is eligible for additional program units based on the number of approved regular senior high schools that are not eligible for senior high units under Subsection A of this section. The number of additional program units to which an eligible school district is entitled under this subsection is the number of units computed in the following manner:

$$\begin{array}{l} \mathbf{4000 - MEM} \quad \times \quad 0.50 = \text{Units} \\ \text{Senior High Schools} \end{array}$$

where MEM is equal to the total district membership, including early childhood education full-time-equivalent membership, and where senior high schools are equal to the number of approved regular senior high schools in the district.

22-8-23.1. Enrollment growth program units.

A school district with an increase in MEM equal to or greater than one percent, when compared with the immediately preceding year, is eligible for additional program units. The increase in MEM shall be calculated in the following manner:

$$\frac{(\text{Current Year MEM} - \text{Previous Year MEM})}{\text{Previous Year MEM}} \times 100 = \text{Percent Increase}$$

The number of additional program units to which an eligible district is entitled under this subsection is the number of units computed in the following manner:

$$(\text{MEM for current year} - \text{MEM for prior year}) \times .50 = \text{Units}$$

where MEM is equal to the total district membership, including early childhood education full-time equivalent membership and special education membership.

History: 1978 Comp., § 22-8-23.1, enacted by Laws 1990 (1st S.S.), ch. 3, § 7; 1990 (1st S.S.), ch. 3, § 8.

where MEM is equal to the total district membership, including early childhood education full-time equivalent membership and special education membership.

B. A school district whose membership decreases as a result of the establishment of a newly created school district is eligible for additional program units. The number of additional program units to which that district is entitled under this subsection is the number of units computed in the following manner:

$$(\text{MEM for prior year} - \text{MEM for current year}) \times .17 = \text{Units}$$

where MEM is equal to the total district membership, including early childhood education full-time equivalent membership and special education membership.

C. As used in this section, "newly created school district" means a local school district not in existence during the immediately preceding school year.

A. A school district is eligible for additional program units if it establishes within its state board approved educational plan identified services to assist students to reach their full academic potential. A school district receiving additional at-risk program units shall include a report of specified services in its annual accountability report pursuant to Section 22-1-6 NMSA 1978. The number of additional units to which a school district is entitled under this section is computed in the following manner:

$$\text{At-Risk Index} \times \text{MEM} = \text{Units}$$

where MEM is equal to the total district membership, including early childhood education, full-time-equivalent membership and special education membership and where the at-risk index is calculated in the following manner:

$$\text{Three-Year Average Total Rate} \times 0.0915 = \text{At-Risk Index.}$$

B. To calculate the three-year average total rate, the department shall compute a three-year average of the school district's percentage of membership used to determine its Title I allocation, a three-year average of the percentage of membership classified as English language learners using criteria established by the federal office of civil rights and a three-year average of the percentage of student mobility. The department shall then add the three-year average rates. The number obtained from this calculation is the three-year average total rate.

C. The department shall recalculate the at-risk index for each school district every year. For the 2002-2003, 2003-2004 and 2004-2005 school years, a school district shall not receive less than ninety percent of the at-risk funding generated in fiscal year 2001.

(3) the number of years of experience to be used in calculating the instructional staff training and experience index is that number of years of experience allowed for salary increment purposes on the salary schedule of the school district; and

(4) the academic degree and additional credit hours to be used in calculating the instructional staff training and experience index is the degree and additional semester credit hours allowed for salary increment purposes on the salary schedule of the school district.

(2) add the products calculated in Paragraph (1) of this subsection; and

(3) divide the total obtained in Paragraph (2) of this subsection by the total number of full-time equivalent instructional staff.

D. In the event that the result of the calculation of the training and experience index is 1.0 or less, the district's factor shall be no less than 1.0.

E. In the event that a new school district is created, the training and experience index for that district is 1.12.

22-8-25. State equalization guarantee distribution; definitions; determination of amount.

A. The state equalization guarantee distribution is that amount of money distributed to each school district to ensure that the school district's operating revenue, including its local and federal revenues as defined in this section, is at least equal to the school district's program cost.

B. "Local revenue", as used in this section, means seventy-five percent of receipts to the school district derived from that amount produced by a school district property tax applied at the rate of fifty cents (\$.50) to each one thousand dollars (\$1,000) of net taxable value of property allocated to the school district and to the assessed value of products severed and sold in the school district as determined under the Oil and Gas Ad Valorem Production Tax Act [Chapter 7, Article 32 NMSA 1978] and upon the assessed value of equipment in the school district as determined under the Oil and Gas Production Equipment Ad Valorem Tax Act [Chapter 7, Article 34 NMSA 1978]. The school district shall budget and expend twenty percent of the total revenue receipts for capital outlay.

C. "Federal revenue", as used in this section, means receipts to the school district, excluding amounts that, if taken into account in the computation of the state equalization guarantee distribution, result, under federal law or regulations, in a reduction in or elimination of federal school funding otherwise receivable by the school district, derived from the following:

(1) seventy-five percent of the school district's share of forest reserve funds distributed in accordance with Section 22-8-33 NMSA 1978. The school district shall budget and expend twenty percent of the total forest reserve receipts for capital outlay; and

(2) seventy-five percent of grants from the federal government as assistance to those areas affected by federal activity authorized in accordance with Title 20 of the United States Code, commonly known as "PL 874 funds" or "impact aid". The school district shall budget and expend twenty percent of the grant receipts for capital outlay.

D. To determine the amount of the state equalization guarantee distribution, the state superintendent shall:

(1) calculate the number of program units to which each school district is entitled using an average of the MEM on the fortieth, eightieth and one hundred twentieth days of the prior year; or

(2) calculate the number of program units to which a school district operating under an approved year-round school calendar is entitled using an average of the MEM on appropriate dates established by the state board; or

(3) calculate the number of program units to which a school district with a MEM of two hundred or less is entitled by using an average of the MEM on the fortieth, eightieth and one hundred twentieth days of the prior year or the fortieth day of the current year, whichever is greater; and

(4) using the results of the calculations in Paragraph (1), (2) or (3) of this subsection and the instructional staff training and experience index from the October report of the prior school year, establish a total program cost of the school district;

(5) calculate the local and federal revenues as defined in this section;

(6) deduct the sum of the calculations made in Paragraph (5) of this subsection from the program cost established in Paragraph (4) of this subsection; and

(7) deduct the total amount of guaranteed energy savings contract payments that the state superintendent determines will be made to the school district from the public school utility conservation fund during the fiscal year for which the state equalization guarantee distribution is being computed.

E. The amount of the state equalization guarantee distribution to which a school district is entitled is the balance remaining after the deductions made in Paragraphs (6) and (7) of Subsection D of this section.

F. The state equalization guarantee distribution shall be distributed prior to June 30 of each fiscal year. The calculation shall be based on the local and federal revenues specified in this section received from June 1 of the previous fiscal year through May 31

of the fiscal year for which the state equalization guarantee distribution is being computed. In the event that a school district has received more state equalization guarantee funds than its entitlement, a refund shall be made by the school district to the state general fund.

E. The allocation to each school district shall be equal to product A plus product B.

F. For the 2001-2002, 2002-2003 and 2003-2004 school years, the transportation allocation for each school district shall not be less than ninety-five percent or more than one hundred five percent of the prior school year's transportation expenditure.

22-8-30.1. Adult basic education fund created.

The "adult basic education fund" is created in the state treasury. Money in the fund is appropriated to the department of education for the purpose of funding adult basic education programs for educationally disadvantaged adults. Money in the fund shall be distributed by the department of education pursuant to an equitable formula established by the state board in consultation with representatives from the adult basic education administrative sites and with the approval of the commission on higher education as provided by law. Any unexpended or unencumbered balance remaining in the fund at the end of each fiscal year shall revert to the general fund.

History: Laws 1995, ch. 56, § 1.

22-8-30.2. Adult basic education; distribution of money; objective formula; state board adoption of formula; commission on higher education approval.

The state board in consultation with representatives of adult basic education administrative sites shall, by regulation, establish an equitable formula for the distribution of money in the adult basic education fund. In establishing an equitable formula, the state board shall consider the types of programs conducted, the cost of service delivery and the socio-economic profiles of the adult receiving services. The state board shall submit the proposed formula to the commission on higher education for approval prior to adoption.

History: Laws 1995, ch. 56, § 2.

22-8-31. State-support reserve fund.

A. The "state-support reserve fund" is created.

B. The state-support reserve fund shall be used only to augment the appropriations for the state equalization guarantee distribution in order to ensure, to the extent of the amount undistributed in the fund, that the maximum figures for such distribution established by law shall not be reduced.

C. The undistributed money in the state-support reserve fund shall be invested by the state treasurer in interest-bearing securities of the United States government or in certificates of deposit in qualified banks, and in savings and loans [loan] associations whose deposits are insured with an agency of the United States. The state treasurer may deposit money from the state-support reserve fund or any other fund in one or more accounts with any such bank or federally insured savings and loan association but the state treasurer, in any official capacity, shall not deposit money from said fund or any other fund in any one such federally insured savings and loan association the aggregate of which would exceed the amount of federal savings and loan insurance corporation insurance for a single public account. Income from these investments shall be periodically credited to the general fund.

D. At least forty-five days before the money is needed, the chief [director of public school finance] shall notify the state treasurer in writing of the amount that will be needed for distribution.

E. In the event that local or federal revenues as defined in Section 22-8-25 NMSA 1978 are received after May 31 of the fiscal year for which the state equalization guarantee distribution is being computed and it is therefore necessary to use money from the state support reserve fund to augment the appropriation for the state equalization guarantee distribution, the chief [director], upon receipt by the school district of the delayed local or federal revenues, shall deduct the appropriate amount from the current state equalization guarantee distribution to that school district and reimburse the state-support reserve fund in the amount of the deduction.

F. It is the intent of the legislature that the fund be reimbursed in the amount of the yearly distribution by appropriation in the year following the distribution so that the fund at the beginning of each fiscal year shall have a credit balance of at least ten million dollars (\$10,000,000).

G. Distribution from this fund shall be made in the same manner and on the same basis as the state equalization guarantee distribution.

History: 1953 Comp., § 77-6-42, enacted by Laws 1967, ch. 16, § 96; 1988, ch. 64, § 35.

ANNOTATIONS

22-8-39. Boards of finance; suspension.

The state superintendent may at any time suspend a local school board from acting as a board of finance if he reasonably believes there is mismanagement, improper recording or improper reporting of public school funds under its control. When a local school board is suspended from acting as a board of finance, the state superintendent shall:

A. immediately take control of all public school funds under the control of the local school board acting as a board of finance;

B. immediately have an audit made of all funds under the control of the local school board acting as a board of finance and charge the cost of the audit to the school district;

C. act as a fiscal agent for the school district and take any action necessary to conform the fiscal management of funds of the school district to the requirements of law and good accounting practices;

E. act as fiscal agent for the school district until he determines that the local school board is capable of acting as a board of finance, or until he determines that the county treasurer should act as fiscal agent for the school district; and

F. inform the local school board in writing of his determination as to who is to act as board of finance or fiscal agent for the school district, and also inform the county treasurer in writing if he determines that the county treasurer should act as fiscal agent for the school district.

History: 1953 Comp., § 77-6-43, enacted by Laws 1967, ch. 16, § 97; 1988, ch. 64, § 36.

ANNOTATIONS

The 1988 amendment, effective May 18, 1988, substituted "state superintendent" for "chief" twice in the introductory paragraph and made a minor stylistic change.

22-8-40. Deposit of public school funds; distribution; interest.

A. All public money in the custody of local school boards which have been designated as boards of finance shall be deposited in qualified depositories in accordance with the terms of this section.

B. Deposits of funds of the local school district may be made in noninterest-bearing checking accounts in one or more banks, savings and loan associations or credit unions as long as the credit union deposits are insured by an agency of the United States, located within the geographical limits of the school district.

C. Deposits of funds of the local school district may be made in interest-bearing checking accounts, commonly known as "NOW" accounts, in one or more banks, savings and loan associations or credit unions as long as the credit union deposits are insured by an agency of the United States, located within the geographical limits of the school district.

D. Public money placed in interest-bearing deposits, in banks and savings and loan associations, other than interest-bearing checking accounts as defined in Subsection C of this section, shall be equitably distributed among all banks and savings and loan associations having their main or manned branch offices within the geographical boundaries of the local school district which have qualified as public depositories by reason of insurance of the account by an agency of the United States or by depositing collateral security or by giving bond as provided by law in the proportion that each such bank's or savings and loan association's net worth bears to the total net worth of all banks and savings and loan associations having their main office or a manned branch office within the geographical boundaries of the school district. The net worth of the main office of a savings and loan association and its manned branch offices within the geographical boundaries of a school district is the total net worth of the association

multiplied by the percentage that deposits of the main office and the manned branch offices located within the geographical boundaries of the school district are of the total deposits of the association. The net worth of each manned branch office or aggregate of manned branch offices of a savings and loan association located outside the geographical boundaries of the school district in which the main office is located is the total net worth of the association multiplied by the percentage that deposits of the branch or aggregate of branches located outside the geographical boundaries of the school district in which the main office is located are of the total deposits of the association. The director of the financial institutions division of the regulation and licensing department shall promulgate a formula for determining the net worth of banks' main offices and branches for the purposes of distribution of public money as provided for by this section. "Net worth" means assets less liabilities as reported by such banks and savings and loan associations on their most recent semiannual reports to the state or federal supervisory authority having jurisdiction.

E. Notwithstanding the provisions of Subsection D of this section, public money may be placed in interest-bearing deposits, other than interest-bearing checking accounts as defined in Subsection C of this section, at the discretion of the board of finance, in credit unions having their main or manned branch offices within the geographical boundaries of the local school district to the extent such deposits are insured by an agency of the United States.

F. The rate of interest for all public money deposited in interest-bearing accounts in banks, savings and loan associations and credit unions shall be set by the state board of finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the date of deposit. Any bank or savings and loan association that fails to pay the minimum rate of interest at the time of deposit provided for herein for any respective deposit forfeits its right to an equitable share of that deposit under this section.

If the deposit is part or all of the proceeds of a bond issue and the interest rate prescribed in this subsection materially exceeds the rate of interest of the bonds, the interest rate prescribed by this subsection shall be reduced on the deposit to an amount not materially exceeding the interest rate of the bonds if the bond issue would lose its tax exempt status under Section 103 of the United States Internal Revenue Code of 1954, as amended.

G. Public money in excess of that for which banks and savings and loan associations within the geographical boundaries of the local school district have qualified may be deposited in qualified depositories including credit unions in other areas within the state under the same requirements for payment of interest as if the money were deposited within the geographical boundaries of the local school district.

H. The board of finance of the school district may temporarily invest money held in demand deposits and not immediately needed for the operation of the school district. Such temporary investments shall be made only in securities which are issued by the

state or by the United States government, or by their departments or agencies, and which are either direct obligations of the state or the United States or are backed by the full faith and credit of those governments.

I. The department of finance and administration may monitor the deposits of public money by local school boards to assure full compliance with the provisions of this section.

No school district shall expend money from its operational fund for the acquisition of a building site or for the construction of a new structure unless the school district has bonded itself to practical capacity or the state superintendent determines and certifies to the legislative finance committee that the expending of money from the operational fund for this purpose is necessary for an adequate public educational program and will not unduly hamper the district's current operations.

B. A school district may budget out of cash balances carried forward from the previous fiscal year an amount not to exceed five percent of its proposed operational fund expenditures for the ensuing fiscal year as an emergency account. Money in the emergency account shall be used only for unforeseen expenditures incurred after the

annual budget was approved and shall not be expended without the prior written approval of the state superintendent.

C. In addition to the emergency account, school districts may also budget operational fund cash balances carried forward from the previous fiscal year for operational expenditures exclusive of salaries and payroll upon specific prior approval of the state superintendent. E. Except as provided in Section 22-10-12 NMSA 1978, a person employed by contract pursuant to this section has no legitimate objective expectancy of reemployment, and no contract entered into pursuant to this section shall be construed as an implied promise of continued employment pursuant to a subsequent contract.

ANNOTATIONS

The 1999 amendment, effective June 18, 1999, substituted "three years" for "two years" in Paragraph B(4).

Contracts governed by ordinary rules of contract law. - Contracts for employment made by a school district and its employees are governed by the ordinary rules of

contract law, except where expressly restricted by statute. Board of Educ. v. Jennings, 98 N.M. 602, 651 P.2d 1037 (Ct. App. 1982).

Subsection A is directory only. - Because Subsection A does not prescribe the result that will follow if a contract is not on a form approved by the state board, it is directory only. Board of Educ. v. Jennings, 98 N.M. 602, 651 P.2d 1037 (Ct. App. 1982).

Extension of two-year contract. - A two-year contract between a local school board and a certified school administrator may not be extended for an additional year, in light of this section, which states that a school administrator's contract may not exceed two years. 1988 Op. Att'y Gen. No. 88-55.

22-10-12. Notice of reemployment; termination.

On or before the last day of the school year of the existing employment contract, the local school board or the governing authority of the state agency shall serve written notice of reemployment or termination on each certified school instructor employed by the school district or state agency. A notice of reemployment shall be an offer of employment for the ensuing school year. A notice of termination shall be a notice of intention not to reemploy for the ensuing school year. Failure of the local school board or the governing authority of the state agency to serve a written notice of reemployment or termination on a certified school instructor shall be construed to mean that notice of reemployment has been served upon the person for the ensuing school year according to the terms of the existing employment contract but subject to any additional compensation allowed other certified school instructors of like qualifications and experience employed by the school district or state agency. Nothing in this section shall be construed to mean that failure of a local school board or the governing authority of the state agency to serve a written notice of reemployment or termination shall automatically extend a certified school instructor's employment contract for a period in excess of one school year.

History: 1953 Comp., § 77-8-9, enacted by Laws 1967, ch. 16, § 114; 1975, ch. 306, § 8; 1986, ch. 33, § 20.

Mandatory construction. - Statutes requiring giving of notice of reemployment or dismissal are generally construed as mandatory, and in the absence of the giving of such notice reemployment is usually held to be effected. 1961-62 Op. Att'y Gen. No. 62-129.

Failure to serve required notice upon nontenured teacher. - Because appeal to the state board was available only to tenured teachers for a local board's failure to serve the required notice, the failure of the local board to give a nontenured teacher the written notice required by the regulation 14 days before the end of the school year did not require that the court order her re-employment for an additional year. *Provoda v. Maxwell*, 111 N.M. 578, 808 P.2d 28 (1991).

A regulation of the state board of education requiring that notice of reemployment or termination be served no later than 14 days before the end of the school year did not give a nontenured teacher an enforceable right to notice before the end of the school year, and therefore the board's notice of intent not to employ, timely served in accordance with this section, complied with the law. *Giangreco v. Murlless*, 1997-NMCA-061, 123 N.M. 498, 943 P.2d 532.

Reemployment offer to come from school board. - An official offer to reemploy can come only from the school board; thus, a teacher's purported acceptance of employment based on a memorandum from his supervisors of their intent to recommend his reemployment did not form an employment contract. *Giangreco v. Murlless*, 1997-NMCA-061, 123 N.M. 498, 943 P.2d 532.

Administrators have no tenure rights. - While certified school instructors have procedural due process and certain other rights under the School Personnel Act, administrators have no tenure rights and therefore have no expectation of continued employment. *Swinney v. 22-10-13. Reemployment; acceptance; rejection; binding contract.

A. Each certified school instructor shall deliver to the local school board of the school district or to the governing authority of the state agency in which the person is employed a written acceptance or rejection of reemployment for the ensuing school year within fifteen days from the following:

(1) the date written notice of reemployment is served upon the person; or

(2) the last day of the school year when no written notice of reemployment or termination is served upon the person on or before the last day of the school year.

B. Delivery of the written acceptance of reemployment by a certified school instructor creates a binding employment contract between the certified school instructor and the local school board or the governing authority of the state agency until the parties enter into a formal written employment contract. Written employment contracts between local school boards or governing authorities of state agencies and certified school instructors shall be executed by the parties not later than ten days before the first day of a school year.

ANNOTATIONS

Failure to serve required notice upon nontenured teacher. - A regulation of the state board of education requiring that notice of reemployment or termination be served no later than 14 days before the end of the school year did not give a nontenured teacher an enforceable right to notice before the end of the school year, and therefore the board's notice of intent not to employ, timely served in accordance with 22-10-12 NMSA 1978, complied with the law. *Giangreco v. Murlless*, 1997-NMCA-061, 123 N.M. 498, 943 P.2d 532.

Necessity for acceptance. - Where if teacher did not receive notice of termination of employment, and such would constitute an offer of reemployment, but teacher did not deliver an acceptance to school board within statutory period, there was no binding contract of employment. *Hyde v. Taos Mun. School*, 84 N.M. 206, 501 P.2d 194 (1972).

Time requirement for acceptance. - This section does not authorize written acceptance within 15 days of the end of school, but from the end of school; moreover, the entirety of the section indicates that acceptance is contemplated only after school has ended without the teacher having received any notice. *Provoda v. Maxwell*, 111 N.M. 578, 808 P.2d 28 (1991).

22-10-14. Termination decisions; local school board; governing authority of a state agency; procedures.

A. A local school board or governing authority of a state agency may terminate an employee with fewer than three years of consecutive service for any reason it deems sufficient. Upon request of the employee, the superintendent or administrator shall provide written reasons for the decision to terminate. The reasons shall be provided within ten working days of the request. The reasons shall not be publicly disclosed by the superintendent, administrator, local school board or governing authority. The reasons shall not provide a basis for contesting the decision under the School Personnel Act [Chapter 22, Article 10 NMSA 1978].

B. Before terminating a non-certified school employee, the local school board or governing authority shall serve the employee with a written notice of termination.

C. An employee who has been employed by a school district or state agency for three consecutive years and who receives a notice of termination pursuant to either Section 22-10-12 NMSA 1978 or this section, may request an opportunity to make a statement to the local school board or governing authority on the decision to terminate him by submitting a written request to the local superintendent or administrator within five working days from the date written notice of termination is served upon him. The employee may also request in writing the reasons for the action to terminate him. The

local superintendent or administrator shall provide written reasons for the notice of termination to the employee within five working days from the date the written request for a meeting and the written request for the reasons were received by the local superintendent or administrator. Neither the local superintendent or administrator nor the local school board or governing authority shall publicly disclose its reasons for termination.

D. A local school board or governing authority may not terminate an employee who has been employed by a school district or state agency for three consecutive years without just cause.

E. The employee's request pursuant to Subsection C of this section shall be granted if he responds to the local superintendent's or administrator's written reasons as provided in Subsection C of this section by submitting in writing to the local superintendent or administrator a contention that the decision to terminate him was made without just cause. The written contention shall specify the grounds on which it is contended that the decision was without just cause and shall include a statement of the facts that the employee believes support his contention. This written statement shall be submitted within ten working days from the date the employee receives the written reasons from the local superintendent or administrator. The submission of this statement constitutes a representation on the part of the employee that he can support his contentions and an acknowledgment that the local school board or governing authority may offer the causes for its decision and any relevant data in its possession in rebuttal of his contentions.

F. A local school board or governing authority shall meet to hear the employee's statement in no less than five or more than fifteen working days after the local school board or governing authority receives the statement. The hearing shall be conducted informally in accordance with the provisions of the Open Meetings Act [Chapter 10, Article 15 NMSA 1978]. The employee and the local superintendent or administrator may each be accompanied by a person of his choice. First, the superintendent shall present the factual basis for his determination that just cause exists for the termination of the employee, limited to those reasons provided to the employee pursuant to Subsection C of this section. Then, the employee shall present his contentions, limited to those grounds specified in Subsection E of this section. The local school board or governing authority may offer such rebuttal testimony as it deems relevant. All witnesses may be questioned by the local school board or governing authority, the employee or his representative and the local superintendent or administrator or his representative. The local school board or governing authority may consider only such evidence as is presented at the hearing and need consider only such evidence as it considers reliable. No record shall be made of the proceeding. The local school board or governing authority shall notify the employee and the local superintendent or administrator of its decision in writing within five working days from the conclusion of the meeting.

I. GENERAL CONSIDERATION.

The 1990 amendment, effective May 16, 1990, inserted "governing authority of a state agency" in the catchline and in the first sentence of Subsection A and "or governing authority" following "local school board", "or state agency" following "school district", and "local" before "superintendent" throughout the section; added the final four sentences in Subsection A; in Subsection B, substituted "five working days" for "five calendar days" in two places and deleted "local school board's" preceding "action to terminate him" at the end of the second sentence; in Subsection C, inserted "state agency" in Subparagraph (c) of Paragraph (2); substituted "ten working days" for "five calendar days" in the third sentence of Subsection D; and, in Subsection E, substituted "in no less than five or more than fifteen working days" for "within ten calendar days" in the first sentence and "five working days" for "five calendar days" in the final sentence.

The 1991 amendment, effective June 14, 1991, rewrote this section to the extent that a detailed comparison would be impracticable.

The 1993 amendment, effective July 1, 1993, substituted "Subsection A" for "Subsection B" in the first sentence and "were received" for "was received" in the third sentence of Subsection B; substituted "Subsection B" for "Subsection C" in two places in the first sentence of Subsection D and in the fourth sentence of Subsection E; and substituted "Subsection D" for "Subsection E" in the fifth sentence of Subsection E.

The 1994 amendment, effective May 18, 1994, substituted "employee" for "certified school instructor" throughout the section, rewrote the first sentence of Subsection A, added Subsection B and redesignated former Subsections B through E as Subsections C through F and made related changes, substituted "or this section" for "or Subsection A of this section" in Subsection C, and substituted "terminate" for "refuse to reemploy" in Subsection D.

Constitutionality. - The procedures in this section, 22-10-14.1, 22-10-17, and 22-10-17.1 NMSA 1978 satisfy the requirements of the due process clause of the fourteenth amendment to the Constitution of the United States. 1988 Op. Att'y Gen. No. 88-05.

Effect of 1994 amendment. - The 1994 amendment to this section and 22-10-14.1 NMSA 1978 does not protect a non-certified public school employee who was terminated a few days after the effective date of the amendment when the termination was authorized by the terms of a contract that predated the effective date of the amendment. *Gadsden Fed'n of Teachers v. Board of Educ.* 1996-NMCA-069, 122 N.M. 98, 920 P.2d 1052.

II. TENURE RIGHTS.

A. GENERALLY.

Compiler's notes. - Most of the cases cited in the notes below were decided under this section as it existed prior to the 1986 reenactment. Prior to the reenactment, the section provided for tenure rights for certified school instructors employed for three consecutive school years and having entered into an employment contract for a fourth consecutive school year. See now 22-10-11E NMSA 1978, which provides that, except as provided in 22-10-12 NMSA 1978, no person employed by contract pursuant to 22-10-11 NMSA 1978 shall have a legitimate objective expectancy of reemployment, and Subsection F of this section.

Policy behind tenure statute. - The legislature recognized the sound public policy of retaining in the public school system teachers who had become increasingly valuable by reason of their experience and had by statute assured these public servants an indefinite tenure of position during satisfactory performance of their duties. 1963-64 Op. Att'y Gen. No. 63-152 (rendered under former law).

Drawing on facts predating statute not retroactive application. - The supreme court has held that teacher tenure laws are prospective in application. However, a statute is not applied retroactively merely because it draws upon antecedent facts for its operation. *Lucero v. Board of Regents*, 91 N.M. 770, 581 P.2d 458 (1978).

Persons to whom applicable. - Only certified school instructors with three or more years of service are entitled to procedural due process prior to nonrenewal; the statutory

scheme does not give similar protection to administrators at the expiration and nonrenewal of their contracts. *Cole v. Ruidoso Mun. Sch.* 947 F.2d 903 (10th Cir. 1991).

While certified school instructors have procedural due process and certain other rights under the School Personnel Act, administrators have no tenure rights and therefore have no expectation of continued employment. *Swinney v. Deming Bd. of Educ.* 117 N.M. 492, 873 P.2d 238 (1994).

The legislature purposely excluded school administrators from the protections afforded certified school instructors. *Naranjo v. Board of Educ.* 119 N.M. 401, 891 P.2d 542 (1995).

Teacher at state school held entitled to tenure. - Where a certified teacher seeking recognition as a tenured teacher had been employed for three consecutive years prior to the effective date of the 1975 amendment making this section applicable to state agencies, and had entered into a contract for the fourth consecutive year after the amendment became effective, his years of service prior to that date could be counted towards the required number of years of employment, since a contract had been entered into after the effective date of the amendment. *Lucero v. Board of Regents*, 91 N.M. 770, 581 P.2d 458 (1978).

Section required only that a certified school instructor be employed by a school district; it did not limit that employment to teaching positions or to employment in a single school within that district. *Penasco Indep. School Dist. No. 4 v. Lucero*, 86 N.M. 683, 526 P.2d 825 (Ct. App. 1974)(decided prior to 1983 amendment).

"Employed" required that a contract be entered into for four consecutive years and services be rendered. 1968 Op. Att'y Gen. No. 68-70.

Teacher did not acquire tenure where the three years of service were not consecutive, being interrupted by a leave of absence for one year. 1968 Op. Att'y Gen. No. 68-70.

Instructor lost tenure rights upon employment as administrator. - A certified school instructor who had previously acquired tenure rights as a certified school instructor with a public school district lost those tenure rights as a result of being reemployed for the next consecutive school year as a certified school administrator. *Atencio v. Board of Educ.* 99 N.M. 168, 655 P.2d 1012 (1982)(decided prior to 1983 amendment adding last sentence of Subsection B).

An individual who voluntarily changed his teacher status to become a certified school administrator did not retain a property interest as a tenured certified school instructor entitled to protection by due process. *Atencio v. Board of Educ.* 99 N.M. 168, 655 P.2d 1012 (1982)(decided prior to 1983 amendment).

Reduction in force or staff realignment. - A tenured teacher subject to termination under a reduction-in-force plan is entitled to bump a non-tenured teacher holding a position for which both are certified, or take priority over a non-tenured teacher in obtaining the necessary certification for a vacant position for which neither is presently certified. However, a tenured teacher can be terminated and a non-tenured teacher retained as an alternative to a staff realignment which would seriously affect the educational program. *New Mexico State Bd. of Educ. v. Abeyta*, 107 N.M. 1, 751 P.2d 685 (1988).

Reemployment offer to come from school board. - An official offer to reemploy can come only from the school board; thus, a teacher's purported acceptance of employment based on a memorandum from his supervisors of their intent to recommend his reemployment did not form an employment contract. *Giangreco v. Murlless*, 1997-NMCA-061, 123 N.M. 498, 943 P.2d 532.

B. PROCEDURE FOR REFUSAL TO REEMPLOY.

Compiler's notes. - The cases cited in the notes below were decided under former 22-10-15 NMSA 1978, repealed in 1986.

Sufficiency of notice of termination. - Where teacher with tenure rights was only given two days notice - excluding the date of service - before the end of the school year, and under the regulations prescribed by the state board she was entitled to no less than 14 days notice before the end of the school year, the conduct of the local board in failing to follow the regulation amounted to unfairness, and although teacher may have known her principal was going to recommend to the local board that she not be reemployed, this placed no burden upon her to employ an attorney, or to otherwise begin the preparation of her defense, in anticipation of the ruling of the local board. She was entitled, insofar as the section and the rule permitted, to a timely notice, pursuant to the requirements of the rule. *Brininstool v. New Mexico State Bd. of Educ.* 81 N.M. 319, 466 P.2d 885 (Ct. App. 1970).

Evaluation reports by a school principal and a supervisor addressed "To Whom It May Concern," copies of which were sent to counsel for teacher, did not constitute the written statement of the cause or causes for his dismissal even though the letter by which these evaluation reports were transmitted referred to them as formal charges on file with the local board, and also advised of complaints and observations made against teacher by school patrons and parents. *Belen Mun. Bd. of Educ. v. Sanchez*, 75 N.M. 386, 405 P.2d 229 (1965).

Grounds for termination. - Absent grounds personal to a teacher, to terminate his services it is necessary to show affirmatively that there is no position available which he is qualified to teach, and where a local board asserts no grounds personal to the teacher, it is up to them to prove that no position is available for which he is qualified. *Penasco Indep. School Dist. No. 4 v. Lucero*, 86 N.M. 683, 526 P.2d 825 (Ct. App. 1974).

Absent grounds personal to the teacher, to terminate her services it was necessary to show affirmatively that there was no position available which tenured teacher was qualified to teach. *Fort Sumner Mun. School Bd. v. Parsons*, 82 N.M. 610, 485 P.2d 366 (Ct. App.), cert. denied, 82 N.M. 601, 485 P.2d 357 (1971).

C. HEARINGS.

Compiler's notes. - The cases cited in the notes below were decided under former 22-10-19 NMSA 1978, repealed in 1986.

Hearing prerequisite to appeal. - It is well settled that a teacher must first seek a hearing before the local board and, if dissatisfied there, appeal from an adverse decision of the local board to the state board of education. *Shepard v. Board of Educ.* 81 N.M. 585, 470 P.2d 306 (1970).

The right to appeal to the state board, affirmatively authorized, is from a decision of the local board "after a hearing." The negative implication is that where no hearing has been held, an appeal to the state board is not authorized. Absent a hearing before the local board, neither the state board nor the court of appeals has jurisdiction over any matter presented. *Quintana v. State Bd. of Educ.* 81 N.M. 671, 472 P.2d 385 (Ct. App.), cert. denied, 81 N.M. 668, 472 P.2d 382 (1970).

A teacher whose contract was not renewed and who so desired had an obligation to call for a hearing before the local school board, to be followed by an appeal to state board of education in event decision of the local board was unsatisfactory, before resorting to the courts for relief. *Jones v. Board of School Dirs.* 55 N.M. 195, 230 P.2d 231 (1951).

Local board's decision must rest on its conclusion of law and the conclusion must in turn be supported by one or more findings of fact. *Morgan v. New Mexico State Bd. of Educ.* 83 N.M. 106, 488 P.2d 1210 (Ct. App.), cert. denied, 83 N.M. 105, 488 P.2d 1209 (1971).

Admission of hearsay evidence. - Where discharged school principal, appealing from his discharge for insubordination, complained of the admission of four written exhibits at the local board hearing on the basis that the documents were hearsay and prejudicial to his interest, and where none of the four exhibits contained evidence of insubordination during the term of the current contract, but each tended to establish that principal's insubordination during the current contract was willful, admission of the written hearsay was not error, since it could not have said that principal's right to a fair hearing, or his interests, was substantially prejudiced thereby. *McAlister v. New Mexico State Bd. of Educ.* 82 N.M. 731, 487 P.2d 159 (Ct. App. 1971).

III. NON-TENURED EMPLOYERS.

Due process required. - Exhaustion of administrative remedies as a precursor to plaintiff's suit for wrongful termination was not required where school district did not

inform plaintiff of his right to attend the board meeting where his termination would be discussed, and thereby deprived plaintiff of his due process right to employ the administrative process mandated by this section. *Franco v. Carlsbad Mun. Schs.* 2001-NMCA-042, 130 N.M. 543, 28 P.3d 531.

22-10-14.1. Appeals; independent arbitrator; qualifications; procedure; binding decision.

A. An employee who is still aggrieved by a decision of a local school board or governing authority rendered pursuant to Section 22-10-14 NMSA 1978 may appeal the decision to an arbitrator. A written appeal shall be submitted to the local superintendent or administrator within five working days from the receipt of the local school board's or governing authority's written decision or the refusal of the board or authority to grant a hearing. The appeal shall be accompanied by a statement of particulars specifying the grounds on which it is contended that the decision was impermissible pursuant to Subsection E of Section 22-10-14 NMSA 1978 and including a statement of facts supporting the contentions. Failure of the employee to submit a timely appeal or a statement of particulars with the appeal shall disqualify him for any appeal and render the local school board's or governing authority's decision final.

B. The local school board or governing authority and the employee shall meet within ten working days from the receipt of the request for an appeal and select an independent arbitrator to conduct the appeal. If the parties fail to agree on an independent arbitrator, they shall request the presiding judge in the judicial district in which the employee's public school is located to select one. The presiding judge shall select the independent arbitrator within five working days from the date of the parties' request.

C. A qualified independent arbitrator shall be appointed who is versed in employment practices and school procedures and who preferably has experience in the practice of law. No person shall be appointed to serve as the independent arbitrator who has any direct or indirect financial interest in the outcome of the proceeding, has any relationship to any party in the proceeding, is employed by the local school board or governing authority or is a member of or employed by any professional or labor organization of which the employee is a member.

D. Appeals from the decision of the local school board or governing authority shall be decided after a de novo hearing before the independent arbitrator. The issue to be decided by the independent arbitrator is whether there was just cause for the decision of the local school board or governing authority to terminate the employee.

E. The de novo hearing shall be held within thirty working days from the selection of the independent arbitrator. The arbitrator shall give written notice of the date, time and place of the hearing, and such notice shall be sent to the employee and the local school board or governing authority.

F. Each party has the right to be represented by counsel at the hearing before the independent arbitrator.

G. Discovery shall be limited to depositions and requests for production of documents on a time schedule to be established by the independent arbitrator.

H. The independent arbitrator may issue subpoenas for the attendance of witnesses and for the production of books, records, documents and other evidence and shall have the power to administer oaths. Subpoenas so issued shall be served and enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action.

I. The rules of civil procedure shall not apply to the de novo hearing, but it shall be conducted so that both contentions and responses are amply and fairly presented. To this end, the independent arbitrator shall permit either party to call and examine witnesses, cross-examine witnesses and introduce exhibits. The technical rules of evidence shall not apply, but, in ruling on the admissibility of evidence, the independent arbitrator shall require reasonable substantiation of statements or records tendered, the accuracy or truth of which is in reasonable doubt.

J. The local school board or governing authority has the burden of proof and shall prove by a preponderance of the evidence that, at the time the notice of termination was served on the employee, the local school board or governing authority had just cause to terminate the employee. If the local school board or governing authority proves by a preponderance of the evidence that there was just cause for its action, then the burden shifts to the employee to rebut the evidence presented by the local school board or governing authority.

K. The independent arbitrator shall uphold the local school board's or governing authority's decision only if it proves by a preponderance of the evidence that, at the time the notice of termination was served on the employee, the local school board or governing authority had just cause to terminate the employee. If the local school board or governing authority fails to meet its burden of proof or if the employee rebuts the proof offered by the local school board or governing authority, the arbitrator shall reverse the decision of the local school board or governing authority.

L. No official record shall be made of the hearing. Either party desiring a record of the arbitration proceedings may, at his own expense, record or otherwise provide for a transcript of the proceedings; provided, however, that the record so provided shall not be deemed an official transcript of the proceedings nor shall it imply any right of automatic appeal or review.

M. The independent arbitrator shall render a written decision affirming or reversing the action of the local school board or governing authority. The decision shall contain findings of fact and conclusions of law. The parties shall receive actual written notice of

the decision of the independent arbitrator within ten working days from the conclusion of the de novo hearing.

N. The sole remedies available under this section shall be reinstatement or payment of compensation reinstated in full but subject to any additional compensation allowed other employees of like qualifications and experience employed by the school district or state agency and including reimbursement for compensation during the entire period for which compensation was terminated, or both, less an offset for any compensation received by the employee during the period the compensation was terminated.

O. Unless a party can demonstrate prejudice arising from a departure from the procedures established in this section and in Section 22-10-14 NMSA 1978, such departure shall be presumed to be harmless error.

P. The decision of the independent arbitrator shall be binding on both parties and shall be final and nonappealable except where the decision was procured by corruption, fraud, deception or collusion, in which case it shall be appealed to the district court in the judicial district in which the public school or state agency is located.

Q. Each party shall bear its own costs and expenses. The independent arbitrator's fees and other expenses incurred in the conduct of the arbitration shall be assigned at the discretion of the independent arbitrator.

R. Local school districts shall file a record with the department of education of all terminations and all actions arising from terminations annually.

History: 1978 Comp., § 22-10-14.1, enacted by Laws 1986, ch. 33, § 23; 1990, ch. 90, § 3; 1991, ch. 187, § 5; 1994, ch. 110, § 3.

ANNOTATIONS

The 1990 amendment, effective May 16, 1990, inserted "or governing authority" following "local school board" throughout the section; in Subsection A, deleted "who has been employed by a school district for three consecutive years and" following "school instructor" and substituted "may appeal the decision to an arbitrator" for "may request an appeal to an independent arbitrator" in the first sentence, rewrote the second sentence which read "A written request for an appeal shall be submitted to the local superintendent within five calendar days from the receipt of the local school board's written decision or the refusal of the board to grant a hearing", substituted "appeal" and "the appeal" for "request" and "his request" in the third and fourth sentences, and deleted "request for" before "appeal" the first time the word appears in the fourth sentence; in Subsection B, substituted "ten working days" for "ten calendar days" in the first sentence and "five working days" for "five calendar days" in the third sentence; substituted "thirty working days" for "thirty calendar days" in Subsection E; inserted "local school" preceding "board's" in the second sentence of Subsection J and in Subsection K; substituted "ten working days" for "ten calendar days" in the third

sentence of Subsection M; inserted "or state agency" following "school district" in two places in Subsection N and following "public school" near the end of Subsection P; and, in Subsection Q, substituted "assigned at the discretion of the arbitrator" for "borne by the school district; provided that if the certified school instructor does not prevail in the proceeding, he shall be responsible for reimbursing the school district for the costs incurred in the conduct of the arbitration proceedings and the arbitrator's fees" at the end thereof.

The 1991 amendment, effective June 14, 1991, rewrote this section to the extent that a detailed comparison would be impracticable.

The 1994 amendment, effective May 18, 1994, substituted "employee" for "certified school instructor" throughout the section, substituted "Subsection E of Section 22-10-14 NMSA 1978" for "Subsection D of Section 22-10-14 NMSA 1978" in Subsection A, and substituted "professional or labor organization" for "teachers' organization" in Subsection C.

Constitutionality. - The procedures in 22-10-14, this section, 22-10-17, and 22-10-17.1 NMSA 1978 satisfy the requirements of the due process clause of the fourteenth amendment to the Constitution of the United States. 1988 Op. Att'y Gen. No. 88-05.

Effect of 1994 amendment. - The 1994 amendment to this section and 22-10-14 NMSA 1978 does not protect a non-certified public school employee who was terminated a few days after the effective date of the amendment when the termination was authorized by the terms of a contract that predated the effective date of the amendment. *Gadsden Fed'n of Teachers v. Board of Educ.* 1996-NMCA-069, 122 N.M. 98, 920 P.2d 1052.

Adequate review necessary for reversal. - Before the state board opts to reject the decision of its hearing officer, particularly when the credibility of the witnesses is at issue, at the very least it must review so much of the transcript of the proceedings before the hearing officer as is necessary to support its decision (decided under former 22-10-20 NMSA 1978). *Board of Educ. v. New Mexico State Bd. of Educ.* 106 N.M. 129, 740 P.2d 123 (Ct. App. 1987).

Arbitration not required. - Plaintiff was not required to appeal his termination by a school district to an independent arbitrator before filing suit for wrongful termination, where the district's own procedures successfully thwarted any possible effort by plaintiff to utilize available administrative procedures. *Franco v. Carlsbad Mun. Schs.* 2001-NMCA-042, 130 N.M. 543, 28 P.3d 531.

Board's reversal of hearing officer held erroneous. - The state board improvidently found that the local board did not establish sufficient cause for its discharge of a teacher by a preponderance of the evidence, in light of the number of witnesses testifying before the local board as to the teacher's sexual advances and the nature of their testimony

(decided under former 22-10-20 NMSA 1978). Board of Educ. v. New Mexico State Bd. of Educ. 106 N.M. 129, 740 P.2d 123 (Ct. App. 1987).

I. GENERAL CONSIDERATION.

The 1990 amendment, effective May 16, 1990, inserted "or governing authority" following "local school board" and "or administrator" following "superintendent" throughout the section; substituted "ten working days" for "five calendar days" near the end of Subsection B; substituted "in no less than five and no more than fifteen working days" for "within ten calendar days" in the fourth sentence and "five working days" for "five calendar days" in the final sentence of Subsection C; and, near the middle of Subsection D substituted "five working days" for "five calendar days."

The 1991 amendment, effective June 14, 1991, rewrote this section to the extent that a detailed comparison would be impracticable.

Constitutionality. - The procedures in 22-10-14, 22-10-14.1, this section, and 22-10-17.1 NMSA 1978 satisfy the requirements of the due process clause of the fourteenth amendment to the Constitution of the United States. 1988 Op. Att'y Gen. No. 88-05.

II. DISCHARGE PROCEDURE.

Compiler's notes. - The cases cited in the notes below were decided under this section as it existed prior to the 1986 reenactment.

Construction of this section and 22-10-21 NMSA 1978. See *Morgan v. New Mexico State Bd. of Educ.* 83 N.M. 106, 488 P.2d 1210 (Ct. App.), cert. denied, 83 N.M. 105, 488 P.2d 1209 (1971).

Section inapplicable to suspensions with pay for duration of contract. - School board's action in suspending school superintendent with pay for the duration of his contract period did not amount to a discharge and was not protected by the statutory requirements for a hearing. *Black v. Board of Educ.* 87 N.M. 45, 529 P.2d 271 (1974).

Determination as to good cause for discharge. - In the absence of a statutory definition of the term, it is the function of the state board of education in the exercise of its sound discretion to determine the question of "good cause," and its determination is conclusive unless the evidence discloses that it acted unlawfully, arbitrarily or capriciously. *Lopez v. State Bd. of Educ.* 70 N.M. 166, 372 P.2d 121 (1962).

School boards may discharge superintendent without interim appointment. - The school board may discharge those employees of the school district that it directly employs, specifically superintendents, and is not required to hire an interim employee to fulfill this task or wait for the superintendent to recommend his own discharge. *Stanley v. Raton Bd. of Educ.* 117 N.M. 717, 876 P.2d 232 (1994).

Assault while intoxicated. - State board of education did not act unlawfully, arbitrarily or capriciously in finding good cause for the termination of a teacher's contract where teacher assaulted a woman in a bar while intoxicated. *Lopez v. State Bd. of Educ.* 70 N.M. 166, 372 P.2d 121 (1962).

Insubordination. See *McAlister v. New Mexico State Bd. of Educ.* 82 N.M. 731, 487 P.2d 159 (Ct. App. 1971).

Timing of hearing mandatory. - The time specified for conducting a dismissal hearing pursuant to this section is mandatory, unless waived by the parties or unless a continuance is sought and obtained for good cause. *Board of Educ. v. Singleton*, 103 N.M. 722, 712 P.2d 1384 (Ct. App. 1985).

Appeal limited to issues urged at hearing. - A school board's delay in according a dismissed teacher a timely hearing under this section and the provisions of her contract could not be urged as a basis for dismissal of the board's appeal, where this ground was not initially argued in the administrative hearing below. *Board of Educ. v. Singleton*, 103 N.M. 722, 712 P.2d 1384 (Ct. App. 1985).

22-10-17.1. Appeals; independent arbitrator; qualifications; procedure; binding decision.

A. A certified school employee aggrieved by a decision of a local school board or governing authority to discharge him after a discharge hearing held pursuant to Section 22-10-17 NMSA 1978 may appeal the decision to an independent arbitrator. A written notice of appeal shall be submitted to the local superintendent or administrator within five working days from the receipt of the copy of the written decision of the local school board or governing authority.

B. The local school board or governing authority and the certified school employee shall meet within ten calendar days from the receipt of the notice of appeal and select an independent arbitrator to conduct the appeal, or, in the event the parties fail to agree on an independent arbitrator, they shall request the presiding judge in the judicial district in which the public school is located to select the independent arbitrator. The presiding

judge shall select the independent arbitrator within five working days from the date of the parties' request.

C. A qualified independent arbitrator shall be appointed who is versed in employment practices and school procedures. No person shall be appointed to serve as the independent arbitrator who has any direct or indirect financial interest in the outcome of the proceeding, has any relationship to any party in the proceeding, is employed by the local school board or governing authority or is a member of or employed by any professional organization of which the certified school employee is a member.

D. Appeals from the decision of the local school board or governing authority shall be decided after a de novo hearing before the independent arbitrator. The local school board or governing authority shall have the burden of proving by a preponderance of the evidence that, at the time of the notice of intent to recommend discharge, the local superintendent or administrator had just cause to discharge the certified school employee. The local school board or governing authority shall present its evidence first, with the certified school employee presenting his evidence thereafter.

E. The hearing shall be held within thirty working days from the selection of the independent arbitrator. The independent arbitrator shall give written notice of the date, time and place of the hearing, and such notice shall be sent to the certified school employee and the local school board or governing authority.

F. Each party has the right to be represented by counsel at the hearing before the independent arbitrator.

G. Discovery shall be limited to depositions and requests for production of documents on a time schedule to be established by the independent arbitrator.

H. The independent arbitrator may issue subpoenas for the attendance of witnesses and for the production of books, records, documents and other evidence and shall have the power to administer oaths. Subpoenas so issued shall be served and enforced in the manner provided by law for the service and enforcement of subpoenas in a civil action or in the manner provided by the American arbitration association's voluntary labor arbitration rules if that entity is used by the parties.

I. The rules of civil procedure shall not apply to the hearing, but it shall be conducted so that both contentions and responses are amply and fairly presented. To this end, the independent arbitrator shall permit either party to call and examine witnesses, cross-examine witnesses and introduce exhibits. The technical rules of evidence shall not apply, but, in ruling on the admissibility of evidence, the independent arbitrator may require reasonable substantiation of statements or records tendered, the accuracy or truth of which is in reasonable doubt.

J. An official record shall be made of the hearing. Either party may order a transcript of the record at his own expense.

K. The independent arbitrator shall render a written decision affirming or reversing the action of the local school board or governing authority. The decision shall contain findings of fact and conclusions of law. The parties shall receive the written decision of the independent arbitrator within thirty working days from the conclusion of the hearing.

L. Unless a party can demonstrate prejudice arising from a departure from the procedures established in this section and in Section 22-10-17 NMSA 1978, such departure shall be presumed to be harmless error.

M. The decision of the independent arbitrator shall be final and binding on both parties and shall be nonappealable except where the decision was procured by corruption, fraud, deception or collusion, in which case it may be appealed to the court of appeals by filing a notice of appeal as provided by the New Mexico rules of appellate procedure.

N. Each party shall bear its own costs and expenses. The independent arbitrator's fees and other expenses incurred in the conduct of the arbitration shall be assigned at the discretion of the independent arbitrator.

History: 1978 Comp., § 22-10-17.1, enacted by Laws 1986, ch. 33, § 25; 1990, ch. 90, § 5; 1991, ch. 187, § 8.

ANNOTATIONS

The 1990 amendment, effective May 16, 1990, inserted "or governing authority" following "local school board" throughout the section; in Subsection A, in the first sentence, inserted "local school" preceding "board" the second time the reference appears and substituted "may appeal the decision" for "may request an appeal", in the second sentence, inserted "or administrator" and substituted "five working days" for "five calendar days" and, in the third sentence, substituted "The appeal shall be" for "The request for an appeal to an independent arbitrator shall be"; substituted "five working days" for "five calendar days" in the final sentence of Subsection B; in Subsection E, substituted "thirty working days" for "thirty calendar days" in the first sentence and inserted "or certified school administrator" in the second sentence; substituted "labor arbitration rules" for "rules for arbitration" near the end of Subsection H; substituted "thirty working days" for "thirty calendar days" in the third sentence of Subsection K; in Subsection N, substituted "Each party" for "Either party" at the beginning of the first sentence and rewrote the second sentence which read "The arbitrator's fees and other expenses incurred in the conduct of the arbitration shall be borne by the school districts; provided that if the certified school instructor or administrator does not prevail in the proceeding, he shall be responsible for reimbursing the school district for the costs incurred in the conduct of the arbitration proceeding and the arbitrator's fees"; and deleted former Subsection O relating to compliance with the American arbitration association's rules.

The 1991 amendment, effective June 14, 1991, substituted "employee" for "instructor or certified school administrator" throughout the section; substituted "notice of appeal"

for "request for an appeal" in the second sentence in Subsection A and in the first sentence in Subsection B; in Subsection A, substituted "a discharge hearing held" for "his statement to the local school board presented" in the first sentence and deleted the former third sentence which read "The appeal shall be accompanied by a statement of particulars specifying the grounds on which it is contended that the decision was not based on good and just cause"; in Subsection C substituted "professional organization" for "teachers' or administrators' organization"; in Subsection D, inserted "de novo" in the first sentence and substituted the second and third sentences for the former second sentence which read "The issue to be decided by the independent arbitrator is whether the board's decision to discharge the certified school instructor or certified school administrator was based on good and just cause"; and made minor stylistic changes throughout the section.

Constitutionality. - The procedures in 22-10-14, 22-10-14.1, 22-10-17, and this section NMSA 1978 satisfy the requirements of the due process clause of the fourteenth amendment to the Constitution of the United States. 1988 Op. Att'y Gen. No. 88-05.

Compulsory arbitration is constitutional and the procedures used in judicial tribunals need not be used in compulsory arbitration, so long as the arbitration procedures are sufficient to guarantee a fair proceeding. Therefore, the provisions of this section mandating compulsory arbitration of the grievances of discharged school employees do not violate an employee's right of access to the courts, or right to jury trial; nor do these provisions unconstitutionally delegate power to a nonjudicial tribunal. Board of Educ. v. Harrell, 118 N.M. 470, 882 P.2d 511 (1994).

Unconstitutional limit on judicial review. - Because due process and the separation of powers principle requires that parties to statutorily mandated arbitration be offered meaningful review of the arbitrator's decision, the provision of Subsection M limiting judicial review of the arbitrator's decision to cases "where the decision was procured by corruption, fraud, deception or collusion" must be stricken as a violation of due process and as an unconstitutional delegation of judicial power. Board of Educ. v. Harrell, 118 N.M. 470, 882 P.2d 511 (1994).

Standard of review. - Subsection D requires the reviewing entity to determine whether the alleged misconduct actually occurred and constitutes just cause for discharge. Santa Fe Pub. Schs. v. Romero, 2001-NMCA-103, N.M. , 37 P.3d 100.

22-10-18. Compensation payments to discharged personnel.

A. Payment of compensation to any certified school instructor employed by a local school board or by the governing authority of a state agency and payment of compensation to any certified school administrator employed by a local school board shall terminate as of the date, after a hearing, that a written copy of the decision of the local school board or the governing authority of the state agency to discharge the person is served on the person. If the compensation of the person discharged during the term of a written employment contract is to be paid monthly during a twelve-month

period for services to be performed during a period less than twelve months, the person shall be entitled to a pro rata share of the compensation payments due for the period during the twelve months in which no services were to be performed.

B. In the event the action of the local school board in discharging a certified school instructor or administrator or the action of the governing authority of a state agency in discharging a certified school instructor is reversed on appeal, payment of compensation to the person shall be reinstated in full but subject to any additional compensation allowed other certified school instructor or administrator of like qualifications and experience employed by the school district or state agency and including reimbursement for compensation during the entire period the compensation was terminated less an offset for any compensation received by the person from a school district or state agency during the period the compensation was terminated.

History: 1953 Comp., § 77-8-15, enacted by Laws 1967, ch. 16, § 120; 1975, ch. 306, § 13.

ANNOTATIONS

The legislature can constitutionally prescribe the methods for adjudicating a dispute over termination of a certified school employee's right to continued employment because that right is a public right created by statute. Board of Educ. v. Harrell, 118 N.M. 470, 882 P.2d 511 (1994).

Offset provision in Subsection B is not exclusive; rather, a school district or state agency may offset an award by any compensation that a terminated employee received from any source during his period of termination. Board of Educ. v. Jennings, 102 N.M. 762, 701 P.2d 361 (1985).

22-10-19, 22-10-20. Repealed.

ANNOTATIONS

Repeals. - Laws 1986, ch. 33, § 33 repeals former 22-10-19 and 22-10-20 NMSA 1978, as amended by Laws 1975, ch. 306, § 14 and Laws 1983, ch. 166, § 1, respectively, giving the state board authority to promulgate regulations for the conduct of hearings before local school boards and governing authorities of state agencies and relating to appeals to the state board, effective May 21, 1986. For provisions of former sections, see 1984 Replacement Pamphlet. For present comparable provisions, see 22-10-14 and 22-10-14.1 NMSA 1978.

22-10-21. Supervision and correction procedures.

The state board shall prescribe by regulations procedures to be followed by a local school board or the governing authority of a state agency in supervising and correcting unsatisfactory work performance of certified school personnel before notice of intent to

discharge is served upon them and by the governing authority of a state agency in supervising and correcting unsatisfactory work performance of certified school instructors before notice of intent to discharge is served upon them. These regulations shall provide that written records shall be kept on all action taken by a local school board or the governing authority of a state agency to improve any person's unsatisfactory work performance and all improvements made in the person's work performance. These written records shall be introduced as evidence at any hearing for the person conducted by the local school board or the governing authority of the state agency.

ANNOTATIONS

Section is consistent with 22-10-17 NMSA 1978. - Under this section the notice of discharge provided for in 22-10-17 NMSA 1978 is not to be served until the procedures of the state board regulations have been followed. *Morgan v. Purpose of work conferences is to allow certified school personnel to work harmoniously with a supervisor to perform appointed tasks adequately. *Board of Educ. v. Jennings*, 98 N.M. 602, 651 P.2d 1037 (Ct. App. 1982)(specially concurring opinion).

22-10-22. Suspension and revocation of certificates; appeal.

A. The state board may suspend or revoke a certificate held by a certified school instructor or administrator for incompetency, immorality or any other good and just cause.

B. A certificate may be suspended or revoked only according to the following procedure:

(1) the state board serving written notice of the suspension or revocation on the person holding the certificate in accordance with the law for service of process in civil actions. The notice of the suspension or revocation shall state the grounds for the suspension or revocation of the certificate. The notice of the suspension or revocation shall describe the rights of the person holding the certificate and include instructions for requesting a hearing before the state board. A hearing shall be requested within thirty days of receipt of the notice of suspension or revocation. If a hearing is requested, the hearing shall be held not more than ninety days from the date of the request for the hearing;

(2) the state board or its designated hearing officer conducting a hearing that provides the person holding the certificate, or his attorney, an opportunity to present evidence or arguments on all pertinent issues. A transcript shall be made of the entire hearing conducted by the state board or its designated hearing officer; and

(3) the state board rendering a written decision in accordance with the law and based upon evidence presented and admitted at the hearing. The written decision shall include findings of fact and conclusions of law and shall be based upon the findings of fact and the conclusions of law. ANNOTATIONS

Cross references. - As to service of process in civil actions generally, see Rule 1-004 NMRA.

The 1997 amendment deleted "for" following "immorality or" in Subsection A, in Paragraph B(1), substituted "describe the rights of the person holding the certificate and include instructions for requesting a hearing" for "also designate a place, time and date, not less than thirty days from the date of the service of the notice of the suspension or

revocation, for a hearing" in the second sentence, and added the last two sentences in that paragraph, added Subsection C and redesignated the following subsection accordingly, and made minor stylistic changes. Laws 1997, ch. 238 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on June 20, 1997, 90 days after adjournment of the legislature.

Nature of retirement rights. - Benefits under the Educational Retirement Act of this state are retirement allowances and not mere gratuities inasmuch as the employees themselves maintain in part the fund. When an employee meets all of the requirements for retirement - that is to say, when the contingency occurs on which payments are to be made - he or she acquires a vested right in his retirement benefits under the act and any subsequent discharge or other happenings cannot defeat this right. 1959-60 Op. B. A member desiring to retire before having completed five years of contributory employment shall be limited to the maximum benefit he would have been entitled to receive under any statute repealed by the Educational Retirement Act. A member may acquire five years or less of contributory employment by contributing to the fund, for each year of contributory employment desired, a sum equal to the prevailing combined contributions of the member and the local administrative unit in effect at the time the contributory employment is acquired. In no case shall the retirement benefits be less than the member was receiving prior to his reemployment. Except as provided in Subsection B of this section, the member shall not receive greater retirement benefits than he was receiving prior to his reemployment unless he has not less than five years of employment subsequent to July 1, 1957 with all contributions required by the Educational Retirement Act having been paid on the earnings derived through his employment.

(1) the member's contributions on the salary earned during that period of reemployment must be paid at the rate which was in effect at that time. If this contribution is made, the local administrative unit employing the member during that period shall pay the local administrative units [unit's] contribution at the rate in effect at that time; and

(2) the member shall have fulfilled the five-year contributory employment requirement specified in Section 22-11-24 NMSA 1978.

C. At the time of retirement following a period of reemployment, the member's retirement benefits shall be paid in accordance with the terms of the option selected at the time of the first retirement. 22-11-29. Retirement benefit options.

A. Upon retirement pursuant to the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978], a member may elect, and such election shall be irrevocable, to receive the actuarial equivalent of his retirement benefit, as provided in Section 22-11-30 NMSA 1978, to be effective on his retirement in any one of the following optional forms:

(1) OPTION B. A reduced annuity payable during the member's life with provision that upon the member's death the same annuity shall be continued during the life of and paid to the beneficiary designated by the member in writing at the time of electing this option; or

(2) OPTION C. A reduced annuity payable during the member's life with provision that upon the member's death one-half of this same annuity shall be continued during the life of and paid to the beneficiary designated by the member in writing at the time of electing this option.

B. In the case of Options B and C of Subsection A of this section, the actuarial equivalent of the member's retirement benefit shall be computed on the basis of the lives of both the member and the beneficiary.

C. In the event that the named beneficiary of a retired member who elected Option B or C at the time of retirement predeceases the retired member, the annuity of the retired member shall be adjusted by adding an amount equal to the amount by which the annuity of the retired member was reduced at retirement as a result of the election of Option B or C. The adjustment authorized in this subsection shall be made as follows:

In lieu of the provisions of Option B, the surviving beneficiary may elect to receive payment of all the contributions made by the member, plus interest at the rate earned by the fund during the preceding fiscal year reduced by the sum of any disability benefits previously received by the member, or the surviving beneficiary may choose to defer receipt of the survivor's benefit to whatever age the beneficiary chooses up to the time the member would have attained age sixty. If the benefit is thus deferred, it shall be calculated as though the member had retired on the first day of the month in which the beneficiary elects to receive the benefit. In the event of the death of the beneficiary after the death of the member and prior to the date on which the beneficiary has elected to receive the beneficiary's benefit, the estate of the beneficiary shall be entitled to a refund of the member's contributions plus interest at the rate earned by the fund during the preceding fiscal year, reduced by the sum of any disability benefits previously received by the member.

E. In the case of death of a retired member who did not elect either Option B or C and before the benefits paid to him have equaled the sum of his accumulated contributions to the fund plus accumulated interest at the average rate earned by the fund during the preceding five fiscal years, the balance shall be paid to the beneficiary designated in writing to the director by the member or, if no beneficiary was designated, to the estate of the member.

F. No benefit shall be paid pursuant to this section if the member's contributions have been refunded pursuant to Section 22-11-15 NMSA 1978.

G. In the case of death of a member with less than five years' earned service credit or death of a member who has filed with the director a notice rejecting the provisions of Subsection C of this section, which notice shall be revocable by the member at any time prior to retirement, the member's contributions to the fund plus interest at the rate earned by the fund during the preceding fiscal year shall be paid to the beneficiary designated in writing to the director by the member or, if no beneficiary was designated, to the estate of the member.

H. Any elections of either Option B or C of Subsection A of this section on file with the director by members who have not retired prior to June 30, 1984 are void.

This shall be done if a member withdrawing contributions from the fund for this period returns to the fund for each year of earned service-credit desired, a sum equal to the member's contribution to the fund during this period, and an additional sum as interest compounded annually, from the date the contributions were withdrawn to the date of payment of the amount of returned

22-11-34. Allowed service credit.

A. A member shall be certified to have acquired allowed service credit pursuant to the Internal Revenue Code of 1986 for those periods of time when he was:

(1) employed prior to the effective date of the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978] in a federal educational program within New Mexico, including United States Indian schools and civilian conservation corps camps. This service credit shall be allowed without contribution;

(2) engaged in military service that interrupted his employment in New Mexico if he returned to his employment within eighteen months following honorable discharge. This service credit shall be allowed without contribution;

(3) engaged in United States military service or the commissioned corps of the public health service from which he was honorably discharged if he contributes to the fund a sum equal to ten and one-half percent of his average annual salary for that period of time for which he has acquired earned service credit pursuant to the Educational Retirement Act and subject to the federal Uniformed Services Employment and Reemployment Rights Act of 1994 for each year of service credit he desires to purchase. Average annual salary shall be determined in accordance with rules promulgated by the board but shall always be based on actual salaries earned by the member where the actual salaries can be ascertained by the board. The employer's contributions for service credit shall not be paid by the employer. The purchase of service credit provided in this section shall be carried out by the member within three years after the date of the member's employment following service; or

(4) employed:

(a) in a public school or public institution of higher learning in another state, territory or possession of the United States;

(b) in a United States military dependents' school operated by a branch of the armed forces of the United States;

(c) as provided in Paragraph (1) of this subsection after the effective date of the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978]; or

(d) in a private school or institution of higher learning in New Mexico whose education program is accredited or approved by the state board at the time of employment.

B. The member or employer under Paragraph (4) of Subsection A of this section shall contribute to the fund for each year of allowed service credit desired an amount equal to twelve percent of the member's annual salary at the time payment is made if the member is employed or twelve percent times the member's annual salary during the member's last year of employment if the member is not employed at the time of payment. Contributions paid for the member who is not employed shall bear interest at the average rate earned by the fund during the five-fiscal-year period immediately preceding the date of payment. Such interest shall run from the date the member last terminated employment to the date of payment. Effective July 1, 2001, the member or employer under Paragraph (4) of Subsection A of this section shall contribute to the fund for each year of allowed service credit desired an amount equal to the actuarial value of the service purchased as defined by the board. Payment pursuant to Paragraph (4) of Subsection A of this section may be made in installments, at the discretion of the board, over a period not to exceed one year and, if the sum paid does not equal the amount required for any full year of allowed service credit, the member shall acquire allowed service credit for that period of time that is proportionate to the payment made. Half credit may be allowed without contribution for not more than ten years of the educational service described by Subparagraph (a) of Paragraph (4) of Subsection A of this section if that service was prior to June 13, 1953 and if the member was employed in New Mexico prior to June 13, 1953 in a position covered by the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978] or a law repealed thereby.

C. No member shall be certified to have acquired allowed service credit:

(1) under any single paragraph or the combination of only Paragraphs (1) and (4) or only Paragraphs (2) and (3) of Subsection A of this section in excess of five years; or

(2) in excess of ten years for any other combination of Paragraphs (1) through (4) of Subsection A of this section.

D. The provisions of this section are made applicable to the services described prior to as well as after the effective date of the Educational Retirement Act.

The 1989 amendment, effective July 1, 1989, in Subsection A(1) substituted "employed" for "serving as a teacher or administrator" in the first sentence; in Subsection A(3) inserted "or the commissioned corps of the public health service" in the first sentence, substituted "1992" for "1987" in the last sentence, and deleted "military" preceding "service" throughout the subsection; in Subsection A(4) deleted "a teacher or administrator" at the beginning of Subparagraphs (a) through (c) and deleted "a certified teacher or certified administrator" at the beginning of Subparagraph (d); and in Subsection B substituted all of the present language of the first sentence following "equal to" for "the prevailing combined percentage of contributions of members and local administrative units in effect at the time of application for allowed service-credit times the member's annual salary if the member is employed, or time the member's annual salary during the member's last year of employment if the member is not employed at the time of the application" and inserted "at the discretion of the board" in the fourth sentence.

The 1993 amendment, effective June 18, 1993, rewrote Subparagraph (4)(d) of Subsection A which read "in any private school in New Mexico accredited by the state board of education"; inserted "or employer" in the first sentence and substituted "paid for the member" for "paid by the member" in the second sentence of Subsection B; substituted "Paragraphs (1) through (4) of Subsection A of this section" for "those Paragraphs" in Paragraph (2) of Subsection C; and made a minor stylistic change in Subsection A.

The 1997 amendment, in the last sentence of Paragraph A(3), deleted "prior to July 1 1992 or" preceding "three years" and deleted "whichever is later" following "service", and added the fourth sentence in Subsection B. Laws 1997, ch. 103 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective June 20, 1997, 90 days after adjournment of the legislature.

The 1998 amendment inserted "pursuant to the Internal Revenue Code of 1986" near the middle of Subsection A; substituted "a" for "any" throughout the section; in Paragraph A(3), substituted "pursuant to" for "under" and inserted "and subject to the federal Uniformed Services Employment and Reemployment Rights Act of 1994" near the end of the first sentence, and substituted "on" for "upon" in the second sentence;

and in Subsection B, deleted "of" following "over a period" and substituted "that" for "which" in the fifth sentence. Laws 1998, ch. 38 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on May 20, 1998, 90 days after adjournment of the legislature.

Effective date of Educational Retirement Act. - The Educational Retirement Act, enacted as part of the Public School Code (Laws 1967, ch. 16), contains no effective date. However, Laws 1967, ch. 16, § 303, makes the Public School Code effective on July 1, 1967.

Uniform Services Employment and Reemployment Retirement Act. - The federal Uniform Services Employment and Reemployment Retirement Act, referred to in Paragraph A(3), is codified as 38 U.S.C. § 2201 et seq.

Public Health Service officers. - Active duty as a uniformed commissioned officer in the United States Public Health Service qualifies as "military service" pursuant to Subsection (A)(3) in the following situations: (1) When the service was performed while the commissioned corps was declared to be a military service pursuant to 42 U.S.C. § 217, or (2) when the officer was detailed to a branch of the armed services, as 10 U.S.C. § 101(4) defines that term. 1987 Op. 22-11-35. Disability benefit; eligibility; medical examination.

A. A member shall be eligible for disability benefits if he has acquired ten years or more of earned service-credit and the board certifies the member to be totally disabled to continue his employment and unable to obtain and retain other gainful employment commensurate with his background, education and experience.

B. Prior to any certification of disability by the board, the board shall require each applicant for disability benefits to submit himself to a medical examination by the medical authority.

History: 1953 Comp., § 77-9-35, enacted by Laws 1967, ch. 16, § 158.

ANNOTATIONS

Scope of board's authority. - The legislature, through this section has granted the board the authority to award disability benefits if certain requirements are met. If the board certifies the eligible member to be totally disabled, the board must award benefits. Once the determination of total disability is made, it is the duty of the board to certify the member as disabled. There is nothing in this grant of authority which authorizes the board to refuse to accept an application for disability if the applicant continues to hold a property interest in a bus contract. *Gonzales v. New Mexico Educ. Retirement Bd.* 109

N.M. 592, 788 P.2d 348, cert. denied, 498 U.S. 818, 111 S. Ct. 61, 112 L. Ed. 2d 36 (1990).

22-11-36. Disability benefit; continued eligibility; reexaminations.

A. To continue to receive disability benefits, a member shall, on the anniversary date in each year of his being placed on a disability status, present himself to the medical authority for a medical reexamination. The medical authority shall certify to the director after each medical examination whether there is or is not a substantial betterment of the member's disability. In the event a substantial betterment of the disability is reported, the board shall determine whether the member is totally disabled for employment and unable to obtain and retain other gainful employment commensurate with his background, education and experience. If the board determines that the member is no longer disabled, the payment of the disability benefits shall cease.

B. Payment to a member of disability benefits shall be suspended if a certificate of medical reexamination by the medical authority is not filed with the director within thirty days after the date upon which the member should have been reexamined where the failure to file the certificate was due to the unexcused failure or the refusal of the member to report for the medical reexamination. Payment of disability benefits shall be resumed only after the member has complied with the requirements of the Educational Retirement Act [this article]. A member shall have no right or claim for benefits withheld during a period of suspension.

C. The board may, in its discretion, require further or more frequent medical examinations of members having a disability status.

D. A member receiving disability benefits unable to report for a medical reexamination because of his physical condition or because he resides outside the state shall notify the director of this fact not later than fifteen days in advance of the date for the medical reexamination. The board shall designate a medical doctor or doctors in the vicinity of the residence of the member to make the medical reexamination and to report the findings to the board.

22-11-37. Disability benefit.

A. The annual disability benefit shall be equal to two percent of the member's average annual salary multiplied by the number of years of the member's total service-credit if the result is greater than one-third of the member's average annual salary. If the result of that formula is less than one-third of the member's average annual salary, the annual disability benefit shall be equal to the lesser of the following amounts:

(1) two percent of the member's average annual salary multiplied by the sum of the member's total service-credit plus the number of years, calculated to the nearest completed quarter, from the effective date of the member's disability to the member's sixtieth birthday; or

(2) one-third of the member's average annual salary.

B. A member's average annual salary for the purpose of computing disability benefits shall be the average salary for the last five years of employment or for any other consecutive five-year period for which contribution was made by the member, whichever is higher.

C. The annual disability benefit shall be paid in equal monthly installments.

ANNOTATIONS

The 1991 amendment, effective June 14, 1991, in Subsection A, substituted "two percent" for "one and one-half percent" in the first sentence and in Paragraph (1); inserted "annual" preceding "salary" in Subsection B; and made minor stylistic changes in Subsections A and B.

22-11-38. Disability retirement.

A member receiving disability benefits upon attaining the age of sixty years shall be considered as retiring pursuant to the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978] at the rate of benefits received for the disability.

History: 1953 Comp., § 77-9-38, enacted by Laws 1967, ch. 16, § 161.

22-11-39. Report of improved health; penalty.

A. A member receiving disability benefits shall report to the director in writing any substantial improvement in his disability within thirty days after he has or reasonably should have knowledge of the improvement.

B. A member failing to report to the director as required by this section is guilty of a petty misdemeanor.

History: 1953 Comp., § 77-9-39, enacted by Laws 1967, ch. 16, § 162.

ANNOTATIONS

Cross references. - As to requirement of reports and examinations of members receiving disability benefits generally, see 22-11-36 NMSA 1978.

22-11-40. Reports; restoration to fund.

A. The payment of disability benefits shall be suspended by the director upon notification by the board that the member has failed or refused to make any report required by the board to be made by him. Payment of disability benefits shall be resumed only after the required report is made. The member shall have no right or claim for benefits withheld during a period of suspension.

B. If a member is obligated to restore any sum of money to the fund and fails or refuses to do so for a period of three months after written demand is made by the director, he shall forfeit his membership and receive no further benefits pursuant to the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978]. The director shall determine whether the former member's contributions to the fund exceed the total amount of disability or retirement benefits he has received and shall withdraw from any such balance of contributions the amount of money the member is obligated to restore to the fund. Any balance of the contribution remaining in the fund shall be paid to the former member or his beneficiary. In the event the money the former member is obligated to restore to the fund is not restored to the fund, the former member shall be subject to civil action by the board for its recovery.

22-11-42. Nonassignability; division of funds as community property; child support obligations.

A. Except as specifically provided in the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978] and the provisions of Subsections B and C of this section, contributions or benefits mentioned in the Educational Retirement Act shall not be assignable either in law or in equity or be subject to execution, levy, attachment, garnishment, guarantee fund or similar assessment or any other legal process.

B. A court of competent jurisdiction, solely for the purposes of effecting a division of community property, may provide by appropriate order for a determination and division of a community interest in the pensions or other benefits provided for in the Educational Retirement Act. In so doing, the court shall fix the manner in which the warrants shall be issued, may order direct payments by the board to a person with a community interest in the pensions or benefits and may restrain the refund of member or participant contributions. The court shall not alter the manner in which the amount of pensions or other benefits is calculated by the board or a carrier or contractor for the alternative retirement plan, nor shall the court cause any increase in the actuarial present value of the pensions or other benefits to be paid by the board or a carrier or contractor for the alternative retirement plan.

C. A court of competent jurisdiction, solely for the purposes of enforcing current or delinquent child support obligations, may provide by appropriate order for withholding amounts due in satisfaction of current or delinquent child support obligations from the pensions or other benefits provided for in the Educational Retirement Act and for payment of such amounts to third parties. The court shall not alter the manner in which the amount of pensions or other benefits is calculated by the board or a carrier or contractor for the alternative retirement plan. The court shall not cause any increase in the actuarial present value of the pensions or other benefits to be paid by the board or a carrier or contractor for the alternative retirement plan. Payments made pursuant to such orders shall only be made when the member or participant terminates employment and requests a refund of contributions or when the member or participant retires; in no case shall more money be paid out, either in a lump sum or in monthly benefits, of the fund or alternative retirement plan in enforcement of current or delinquent child support obligations than would otherwise be payable.

The 1989 amendment, effective June 16, 1989, added "child support obligations" to the catchline; substituted "Subsections B and C" for "Subsection B" in Subsection A; substituted "Educational" for "Education" in the first sentence of Subsection B; and added Subsection C.

The 1990 amendment, effective May 16, 1990, deleted "Tax exemption" in the catchline, deleted "and shall also be exempt from any state income tax" at the end of Subsection A and substituted "board" for "association" at the end of the second sentence of Subsection C.

The 1991 amendment, effective July 1, 1991, in Subsection A, inserted "guarantee fund or similar assessment"; in Subsection B, in the second sentence, inserted "or participant" and in two locations in the third sentence inserted "or a carrier or contractor for the alternative retirement plan"; in Subsection C, in the second and third sentences, inserted "or a carrier or contractor for the alternative retirement plan" and, in the fourth sentence, inserted "or participant" twice and "or alternative retirement plan".

Applicability. - Laws 1990, ch. 49, § 24, makes the provisions of the act applicable to taxable years beginning on or after January 1, 1990.

Exemption from income tax permitted. - The legislature may grant a special income tax exemption to one kind of public employee, teachers, yet deny the same exemption to other public employees. *Vaughn v. State, Taxation & Revenue Dep't*, 98 N.M. 362, 648 P.2d 820 (Ct. App. 1982).

Repeal of tax exemption. - Because no private contractual rights were granted by the retirement plan, there was no impairment or breach of contract resulting from the 1990 repeal of the tax exemption provision and, although the plan conferred property rights that vested upon accumulating minimum earned service credits, those rights did not include the right to receive pension benefits exempt from tax. *Pierce v. State*, 1996-NMSC-001, 121 N.M. 212, 910 P.2d 288.

Because the retirement plan provided no contractual or vested right to receive an irrevocable tax exemption, there was no constitutionally protected private interest in the tax exemption and there was no due process violation when the exemption was repealed. *Pierce v. State*, 1996-NMSC-001, 121 N.M. 212, 910 P.2d 288.

"Trading" tax exemptions for health care. - Repeal of the state income tax exemptions for teacher pensions and public employee pensions does not remedy constitutional defects of the proposed retiree health care act under a theory that those exemptions would be "traded" for retiree health care. Those exemptions are not property rights, irrevocable contractual entitlements, or pension benefits. Hence, elimination of the favorable tax treatment for current retirees is not consideration for a multi-million dollar health care plan that the state proposes to provide them. 1990 Op. Att'y Gen. No. 90-03.

22-11-43. Insurance or banking laws inapplicable.

In the absence of specific provisions to the contrary, no law of this state regulating insurance policies, insurance companies or banking institutions shall apply to the administration of the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978].

History: 1953 Comp., § 77-9-43, enacted by Laws 1967, ch. 16, § 166.

A. Any person retired pursuant to the provisions of any laws repealed by the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978] shall be considered to have retired pursuant to the Educational Retirement Act and shall continue to receive retirement benefits in the same amount as received prior to the enactment of the Educational Retirement Act.

B. Any person receiving disability benefits pursuant to any laws repealed by the Educational Retirement Act shall continue to receive disability benefits in the same amount as received prior to the enactment of the Educational Retirement Act, and shall be considered to have been granted disability benefits pursuant to and be subject to the provisions of the Educational Retirement Act.

C. Nothing in the Educational Retirement Act shall be construed to adversely affect any benefits being paid pursuant to any laws repealed by the Educational Retirement Act or any laws establishing the public employees retirement association of New Mexico.

D. No person who was heretofore covered under the provisions of any statute repealed by the Educational Retirement Act shall be retired at a monthly benefit which is less than he would have received had his employment continued to be performed under such repealed provisions.

History: 1953 Comp., § 77-9-44, enacted by Laws 1967, ch. 16, § 167.

22-11-44.1. Repealed.

ANNOTATIONS

22-11-45. Elections of the public employees retirement association; payment of contributions.

Any person covered under the public employees retirement association of New Mexico on or subsequent to July 1, 1961 employed by a local administrative unit any time between July 1, 1957 and July 1, 1961 shall not be entitled to service-credit for this time either under the Educational Retirement Act [Chapter 22, Article 11 NMSA 1978] or under the public employees retirement association of New Mexico unless he elects in writing with the public employees retirement association of New Mexico to be credited with the service-credit. If a person so elects, he shall pay the employee's contribution to the public employees retirement association of New Mexico in an amount which would have been deducted if he had been a member of the public employees retirement association of New Mexico during this period in which he was employed, together with interest at the rate of four percent a year. The local administrative unit shall then make the employers' contribution for the period involved to the public employees retirement association of New Mexico in a sum equal to the amount which would have been contributed by an employer if the person had been a member of the public employees retirement association of New Mexico during this period in which he was employed, together with interest at the rate of four percent a year. The election provided for by this section shall be made within one year from the person's subsequent date of employment in a position in which he is covered by the public employees retirement association of New Mexico. If the election is not made within this period, no further right to elect shall exist.

COMPULSORY SCHOOL ATTENDANCE

22-12-1. Short title.

Sections 22-12-1 through 22-12-7 NMSA 1978 may be cited as the "Compulsory School Attendance Law".

History: 1953 Comp., § 77-10-1, enacted by Laws 1967, ch. 16, § 169.

ANNOTATIONS

22-12-2. Compulsory school attendance; responsibility.

A. Any qualified student and any person who because of his age is eligible to become a qualified student as defined by the Public School Finance Act [22-8-1 to 22-8-42 NMSA 1978] until attaining the age of majority shall attend a public school, a private school, a home school or a state institution. A person shall be excused from this requirement if:

- (1) the person is specifically exempted by law from the provisions of this section;
- (2) the person has graduated from a high school;
- (3) the person is at least seventeen years of age and has been excused by the local school board or its authorized representative upon a finding that the person will be employed in a gainful trade or occupation or engaged in an alternative form of education sufficient for the person's educational needs and the parent, guardian or other person having custody and control consents; or
- (4) with consent of the parent, guardian or person having custody and control of the person to be excused, the person is excused from the provisions of this section by the superintendent of schools of the school district in which the person is a resident and the person is under eight years of age.

B. A person subject to the provisions of the Compulsory School Attendance Law [22-12-1 to 22-12-7 NMSA 1978] shall attend school for at least the length of time of the school year that is established in the school district in which the person is a resident.

C. Any parent, guardian or person having custody and control of a person subject to the provisions of the Compulsory School Attendance Law is responsible for the school attendance of that person.

History: 1953 Comp., § 77-10-2, enacted by Laws 1967, ch. 16, § 170; 1967, ch. 133, § 1; 1972, ch. 17, § 2; 1974, ch. 7, § 2; 1975, ch. 332, § 3; 1975, ch. 338, § 2; 1981, ch. 7, § 1; 1985, ch. 21, § 4; 1997, ch. 194, § 1; 2001, ch. 183, § 1.

Cross references. - As to excusal of certain students from full-time school attendance, see 22-12-6 NMSA 1978.

As to age of majority, see 28-6-1 NMSA 1978.

The 1997 amendment deleted former Paragraph A(5) relating to persons with learning disabilities or mental, physical or emotional conditions being excused from compulsory school attendance, and made minor stylistic changes at the end of Paragraphs A(3) and (4). Laws 1997, ch. 194 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective June 20, 1997, 90 days after adjournment of the legislature.

The 2001 amendment, effective June 15, 2001, substituted "seventeen years" for "sixteen years" in Paragraph A(3).

Duty to protect children. - Compulsory attendance laws in no way restrain a child's liberty so as to render the child and his parents unable to care for the child's basic needs. Thus, the state does not incur under the Due Process Clause an affirmative duty to protect school children who attend state-run schools from deprivations by private actors merely on the basis of compulsory attendance laws. *Maldonado v. Josey*, 975 F.2d 727 (10th Cir. 1992), cert. denied, 507 U.S. 914, 113 S. Ct. 1266, 122 L. Ed. 2d 662 (1993).

Legislature did not intend for the law to require a student to attend the public schools of his district, nor that such a student be required to do so by any rule of any other body. 1973 Op. Att'y Gen. No. 73-59.

Validity of regulations prohibiting school attendance by certain students. - A rule which requires the withdrawal of a student when it is known that she is pregnant and when the school officials do not believe that such attendance is proper, clearly violates the compulsory attendance law, therefore, if the girl is physically capable of attending

school, the local school board may not prohibit her attendance by rule or regulation merely because she is pregnant. 1967 Op. Att'y Gen. No. 67-117.

Children under 17 (now 18) years of age may not be excluded or exempted from school because they are married. 1967 Op. Att'y Gen. No. 67-117.

Constitutionality of prohibiting home instruction. - The exclusion of home instruction by a parent, guardian or custodian of a child from satisfying the requirements of the compulsory school attendance law does not violate equal protection as guaranteed in the United States and New Mexico constitutions. *State v. Edgington*, 99 N.M. 715, 663 P.2d 374 (Ct. App.), cert. denied, 464 U.S. 940, 104 S. Ct. 354, 78 L. E. Student standards for participation in interscholastic extracurricular activities shall be applied beginning with a student's academic record in grade nine.

The 1997 amendments. - Identical amendments to this section, enacted by Laws 1997, ch. 239, § 1 and Laws 1997, ch. 245, § 1, inserted "interscholastic" at the beginning of the section heading and throughout the section, in Subsection C, substituted "only to interscholastic" for "to all", and in Subsection E, substituted "academic record in grade nine" for "second semester of grade eight" at the end. This section is set out as amended by Laws 1997, ch. 245, § 1. See 12-1-8 NMSA 1978. Laws 1997, ch. 239 and Laws 1997, ch. 245 contain no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, are effective on June 20, 1997, 90 days after adjournment of the legislature.

22-12-3. Religious instruction excusal.

Any student may, subject to the approval of the local school board, be excused from school to participate in religious instruction for not more than one class period each school day with the written consent of his parents at a time period not in conflict with the academic program of the school. The local school board and its employees shall not assume responsibility for the religious instruction or permit it to be conducted on school property.

State forbidden from discriminating against handicapped in providing education.

- The state is obligated by both federal and state law to provide all its pre-college age children with appropriate educations. Under federal law relating to state programs receiving federal financial assistance, the state is forbidden from discriminating against the handicapped in meeting this obligation. *New Mexico Ass'n for Retarded Citizens v. New Mexico*, 678 F.2d 847 (10th Cir. 1982).

Discretionary nature of Public Law 94-142, appearing as 20 U.S.C. § 1400 et seq., frees the state to participate or not in the acquisition of federal funds under the federal Elementary and Secondary Education Act as it chooses. Its choice not to participate is, without more, a governmental decision that is within the state's power and not subject to judicial inquiry. *New Mexico Ass'n for Retarded Citizens v. New Mexico*, 495 F. Supp. 391 (D.N.M. 1980), rev'd on other grounds, 678 F.2d 847 (10th Cir. 1982).

State has no obligation to seek federal funds. - The theory that the state has a continuing obligation to seek federal funds to implement educational goals for handicapped children must fail in light of the congressional amendment rendering the federal Elementary and Secondary Education Act discretionary. *New Mexico Ass'n for Retarded Citizens v. New Mexico*, 495 F. Supp. 391 (D.N.M. 1980), rev'd on other grounds, 678 F.2d 847 (10th Cir. 1982).

State's status as monitor over spending of federal funds. - The state may not technically be required to monitor compliance with § 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794. Its failure to insure compliance by the local school districts, however, implicates it under § 504 insofar as the state's status as the recipient of federal financial assistance obligates it not to permit, directly or indirectly, programs benefiting from federal financial assistance received by the state, to discriminate against

handicapped persons within the context of the regulations promulgated under § 504. *New Mexico Ass'n for Retarded Citizens v. New Mexico*, 495 F. Supp. 391 (D.N.M. 1980), rev'd on other grounds, 678 F.2d 847 (10th Cir. 1982).

Students in psychiatric care and substance abuse treatment centers. - Public schools have no constitutional or statutory obligation to provide educational services to students within private, for-profit adolescent psychiatric care and substance abuse treatment centers, but if the student is handicapped, federal law may require such education. 1988 Op. In addition, unless the motor vehicle is painted a different color than that prescribed by the state board for school buses, a series of diagonal black stripes shall be painted on the rear of the motor vehicle. The stripes shall be at least three feet long, four inches wide, and shall be spaced not more than ten inches apart.

Every school district, its officers and employees and every person employed under contract by a school district shall be subject to the regulations.

B. Any officer or employee of any school district who violates any of the regulations or fails to include obligation to comply with the regulations in any contract executed by him on behalf of a school district is guilty of misconduct and subject to removal from office or employment. Any person operating a school bus, under contract with a school district, who fails to comply with any of the regulations is guilty of breach of contract, and the contract may be canceled after notice and hearing by the state transportation director acting in conjunction with the responsible officers of the school district.

C. Any driver of a school bus who fails to comply with any of the regulations is guilty of a misdemeanor.

EMERGENCY TRANSPORTATION

22-17-1. Short title.

Sections 1 through 4 [22-17-1 to 22-17-4 NMSA 1978] of this act may be cited as the "Emergency Transportation Act".

History: 1953 Comp., § 77-14A-1, enacted by Laws 1974, ch. 38, § 1.

22-17-2. Public regulation commission permits.

A. Subject to the Emergency Transportation Act [22-17-1 to 22-17-4 NMSA 1978], the public regulation commission may approve a permit application of a school district operating its own school buses or of an independent school bus operator who operates school buses under contract with a school district for the operation of such buses for general public transportation if the commission determines that:

- (1) the school district operating its own school buses or the independent school bus operator has complied with laws, regulations and other requirements governing transportation of the general public;
- (2) existing public or private transportation systems will not be adversely affected by the use of school buses for general public transportation; and
- (3) a public transportation emergency exists within the proposed area of operation necessitating the use of school buses for general public transportation.

B. Notice of approval or denial of the permit application shall be submitted to the state transportation director and to the applicant within ten days of final determination by the public regulation commission.

C. As used in the Emergency Transportation Act [22-17-1 to 22-17-4 NMSA 1978], "public transportation emergency" includes an event:

- (1) that is open to the public;
- (2) that, if in a class A county, is expected to attract over fifty thousand visitors and residents;
- (3) that has such insurance or surety as is necessary to insure against all losses and damages proximately caused by or resulting from the negligent operation, maintenance or use of school buses or for loss of or damage to property of others; and
- (4) for which school buses are needed to transport the public to the event because:

(a) existing public transportation systems cannot adequately and timely transport the public to the event;

(b) private transportation systems are unavailable or prohibitively expensive; or

(c) the event and the surrounding area are likely to suffer economic hardship if school buses are not utilized pursuant to the Emergency Transportation Act [22-17-1 to 22-17-4 NMSA 1978].

The 2001 amendment, effective June 15, 2001, substituted "Public regulation commission" for "Corporation commission" in the section heading; substituted "public regulation" for "state corporation" in Subsection A; in Subsection B, deleted "of the state transportation division of the department of education" following "director", inserted "public regulation" preceding "commission"; and added Subsection C.

22-17-3. State transportation director; approval.

A. Upon the receipt of approval of the permit application from the state corporation commission [public regulation commission], the state transportation director may grant a permit to operate school buses for general public transportation to a school district that operates its own school buses or to the independent school bus operator who operates school buses under contract with a school district, if he determines:

(1) that school bus service to students will not be adversely affected by issuing the permit;

(2) that the operation of such buses for general public transportation service by the district or the independent operator will not provide unnecessary duplication of a general public transportation service by school buses of another school district or independent school bus operator contracting with another district; and

(3) that there has been compliance with the rules and regulations of the state transportation director issued pursuant to the Emergency Transportation Act [22-17-1 to 22-17-4 NMSA 1978].

B. The state transportation director, subject to the approval of the state superintendent of public instruction, shall by regulation provide for application fees, forms and permit procedures pursuant to the Emergency Transportation Act.

Notice of renewal of the permit shall be delivered by the state transportation division to the state corporation commission [public regulation commission] and the local school board concerned.

A. the state corporation commission [public regulation commission] that it has determined that a public transportation emergency in the area in which the permittee provides general public transportation no longer exists, or that public or private transportation systems are being adversely affected in such area; or

B. the local school board that such board has determined that school bus service to students is being adversely affected by providing general public transportation under the permit.

22-18-1. General obligation bonds; authority to issue.

Subject to the provisions of Article 9, Section 11 of the constitution of New Mexico and Sections 6-15-1 and 6-15-2 NMSA 1978, a school district may issue general obligation bonds for the purpose of erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software and hardware for student use in public schools or any combination of these purposes. The bonds shall be fully negotiable and constitute negotiable instruments within the meaning and for all purposes of the Uniform Commercial Code [Chapter 55 NMSA 1978].

"School building". - The term "school building" has been defined by the courts in the context of the expenditure of revenues from a bond issue to mean a structure which is used for teaching. 1981 Op. Att'y Gen. No. 81-1.

Buildings for teacher housing not school buildings. - Buildings used for teacher housing, which are not used for instructional purposes, do not fall within the meaning of the term "school building" as it is commonly used in bonding provisions. 1981 Op. Att'y Gen. No. 81-1.

Revenues generated by school district general obligation bonds or pursuant to the Public School Capital Improvements Act may not be spent to construct teacher housing. 1981 Op. Att'y Gen. No. 81-1.

22-18-2. Bond elections; qualification of voters; calling for bond elections.

A. Before any general obligation bonds are issued, a local school board of a school district shall submit to a vote of the qualified electors of the school district owning real estate in the school district the question of creating a debt by issuing the bonds, and a majority of those persons voting on the question shall vote for issuing the general obligation bonds.

B. The election on the question of creating a debt by issuing general obligation bonds shall be held at the same time as a regular school district election or at any special school district election which is not within ninety days after a regular school district election. The question shall be submitted to a vote at a general or special school district election upon the initiative of a local school board or upon a petition being filed with a local school board signed by qualified electors of the school district having paid a property tax on property in the school district for the preceding year, according to the latest completed tax rolls. The number of signatures required on the petition shall be at least ten percent of the number of votes cast for governor in the school district in the last preceding general election. For the purpose of determining the number of votes cast for governor in the school district at the last preceding general election, any portion of a voting division within the school district shall be construed to be wholly within the school district. A local school board shall call for a bond election at a regular or special school district election within ninety days from the date a properly signed petition is filed with it.

History: 1953 Comp., § 77-15-2, enacted by Laws 1967, ch. 16, § 229; 2001, ch. 61, § 1.

ANNOTATIONS

Cross references. - For requirement that persons be registered voters to vote in bond elections, see 22-18-4 NMSA 1978.

The 2001 amendment, effective June 15, 2001, substituted "filed with it" for "filed with them" at the end of Subsection B.

Constitutionality of section. - New Mexico Const., art. IX, § 11 violates the equal protection clause of the U.S. Const. by restricting the right to vote in school district bond elections to real estate owners, and likewise, this section, which implements N.M. Const., art. IX, § 11, conflicts with the equal protection clause of the U.S. Const. insofar as it restricts the franchise in school district bond elections to real estate owners or to those who have paid a property tax on property in the school district for the preceding year. *Prince v. Board of Educ.* 88 N.M. 548, 543 P.2d 1176 (1975).

Provision means that a voter in a school bond election must be a resident of the district, an owner of real estate within the same, but it is not necessary to have paid taxes on said real estate in order to vote in the school bond election. 1957-58 Op. ANNOTATIONS

Repeals. - Laws 2001, ch. 61, § 3 repeals 22-18-3 NMSA 1978, as enacted by Laws 1967, ch. 16, § 230, relating to giving the public notice of bond elections and provisions for publications concerning bond elections, effective June 15, 2001. 22-18-4. Bond elections; conduct.

A. A person is required to be a registered voter to vote in a bond election in a school district.

B. ANNOTATIONS

The 2001 amendment, effective June 15, 2001, updated the code section references in Subsection B.

22-18-5. Bond elections; ballots.

A. The question on the ballot of creating a debt by issuing general obligation bonds shall state the purpose or purposes for which the bonds are to be issued and the amount of the bond issue. Two or more separate questions may be submitted to the voters at a bond election, in which case, the vote on each question shall be separately counted, canvassed and certified.

B. Bond election ballots shall contain a place for a vote "For the school district bonds" and "Against the school district bonds" for each bond issue.

C. If paper ballots are used at a bond election, all questions to be voted on at the bond election shall be listed on one ballot.

History: 1953 Comp., § 77-15-5, enacted by Laws 1967, ch. 16, § 232.

ANNOTATIONS

Use of the language "for school purposes," with no other qualification, on a school bond issue was too broad, because such language did not sufficiently apprise the voter of the exact purpose for which the election was held. Board of Educ. v. Hartley, 74 N.M. 469, 394 P.2d 985 (1964)(decided under prior law).

22-18-6. Repealed.

ANNOTATIONS

Repeals. - Laws 2001, ch. 61, § 3 repeals 22-18-6 NMSA 1978, as enacted by Laws 1967, ch. 16, § 234, regarding the authority of local school boards to issue bonds, effective June 15, 2001. For provisions of former section, see 1998 Replacement Pamphlet.

22-18-7. Authority to issue bonds.

If a majority of those persons voting on a question submitted to the voters in a bond election vote for creating a debt by issuing general obligation bonds, the local school board may, subject to the approval of the attorney general, proceed to issue the bonds.

History: 1953 Comp., § 77-15-7, enacted by Laws 1967, ch. 16, § 234.

22-18-8. Restriction on bond elections.

In the event a majority of those persons voting on a question submitted to the voters in a bond election vote against creating a debt by issuing general obligation bonds, no bond election shall be held on the same question for a period of two years from the date of the bond election, except upon the presentation of a petition pursuant to Section 22-18-2 NMSA 1978 and after the expiration of at least six months from the date of the previous bond election on the question. If a majority of those persons voting on a question submitted to the voters in a bond election for a second time within two years vote against creating a debt by issuing general obligation bonds, no bond election shall then be held on the same question for a period of two years from the date of first bond election on the question.

History: 1953 Comp., § 77-15-8, enacted by Laws 1967, ch. 16, § 235.

ANNOTATIONS

Bond elections on the "same question". - Alamogordo school district's proposed February, 1989 bond question, which differed materially in amount of bonded indebtedness and in purpose, was not the "same question" that the voters defeated in May, 1987, and therefore did not violate this section. 1988 Op. Att'y Gen. No. 88-53.

22-18-9. Approval of bond issue by attorney general.

No issue of bonds shall be valid or binding on any school district unless prior to the issuance of the bonds the attorney general approves the bond issue as to form and legality. The written approval of the attorney general shall be made a part of the transcript of the proceedings in connection with each bond issue. The local school board of each school district proposing to issue bonds shall provide the attorney general with all information necessary for this consideration of the form and legality of the bond issue.

22-18-11. General obligation bonds; issuance; sale.

A. General obligation bonds of a school district shall be issued and sold pursuant to the provisions of Sections 6-15-3 through 6-15-10 NMSA 1978.

B. Except as is otherwise provided by law, general obligation bonds issued by a school district shall be of the denomination or denominations, shall be payable at the place or places within or without the state or both, shall be in such form and shall bear such terms and conditions as the local school board of the school district determines.

C. General obligation bonds issued by a school district shall be signed by the president and attested by the secretary of the local school board, unless the bonds are issued in book entry or similar form without the delivery of physical securities. Any coupons appertaining to the bonds shall be signed by the president of the local school board either manually or by facsimile signature.

D. The general obligation bonds issued by a school district may be executed in the manner provided by the provisions of the Uniform Facsimile Signature of Public Officials Act [6-9-1 to 6-9-6 NMSA 1978].

B. The full faith and credit of a school district shall be pledged to the payment of the principal and interest on general obligation bonds issued by the school district.

C. The board of county commissioners shall levy and collect upon all taxable property within a school district in the county such tax as is necessary to pay the interest and principal on general obligation bonds issued by the school district as the interest and principal become due, without limitation as to rate or amount.

History: 1953 Comp., § 77-15-12, enacted by Laws 1967, ch. 16, § 239.

ANNOTATIONS

Public school finance division. - The public school finance division of the department of finance and administration was abolished by Laws 1977, ch. 246, § 69. Laws 1977, ch. 246, § 3, established the public school finance division of the educational finance and cultural affairs department. History: Laws 1989, ch. 134, § 1.

ANNOTATIONS

Compiler's notes. - The School District Loan Act is not a part of the Public School Code but has been compiled with the Public School Code as a convenience to the user.

22-18A-2. Purpose.

The purpose of the School District Loan Act [22-18A-1 to 22-18A-4 NMSA 1978] is to provide school districts with financial assistance to make payment of principal and interest due on outstanding school district general obligation indebtedness.

History: Laws 1989, ch. 134, § 2.

22-18A-3. Fund created; administration.

A. There is created in the state treasury a revolving loan fund to be known as the "public school district general obligation bonds loan fund". The fund is established as an additional source for payments of principal and interest due on public school district general obligation indebtedness already incurred or incurred in the future or for payments of any other obligations arising in connection with that indebtedness. The fund shall be drawn upon only in the event ad valorem taxes or other revenues of the public school district available for the described payments are either insufficient or are

not received by the public school district at the time due or anticipated. The state department of public education shall administer the fund and may make loans from the fund in accordance with the School District Loan Act [22-18A-1 to 22-18A-4 NMSA 1978]. Money remaining in the fund at the end of any fiscal year shall not revert to the general fund.

B. The state department of public education shall deposit in the fund all receipts from the repayment of loans made pursuant to the School District Loan Act.

C. Each July 1, balances in the public school district general obligation bonds loan fund in excess of one million dollars (\$1,000,000) shall be transferred to the state-support reserve fund.

C. A loan shall be made for a period of time not to exceed five years with an annual interest rate to be the lesser of five percent or the rate of interest determined by the state department of public education, so that the interest rate shall comply with federal arbitrage requirements. A loan shall be repaid in annual installments as determined by the state board of public education. Loans shall be made by the state department of public education pursuant to this section only, with the prior approval of the state board of finance.

History: Laws 1989, ch. 134, § 4.

22-18A-5. Temporary transfer of funds.

If it is determined by the state department of public education and the department of finance and administration that there are insufficient ad valorem taxes or other public school district revenues to meet a payment of principal or interest due on public school district general obligation indebtedness or to meet any other obligation arising in

connection with that indebtedness lawfully payable from ad valorem taxes, or that the receipt of ad valorem taxes or other revenues to be used to make any such payment will be delayed and not be available to make the payment when due, the state department of public education and the department of finance and administration may request the state board of finance to direct a temporary transfer of a sufficient amount of money from the state-support reserve fund or the general fund operating reserve to the public school district general obligation bonds loan fund so that the payment becoming due may be made and a default avoided. In determining the order of transfer, money in the state-support reserve fund shall be transferred first, and if that amount is insufficient then the general fund operating reserve shall be used. If such a transfer is directed by the state board of finance, the state department of public education shall use the amount transferred to the state public school district general obligation bonds loan fund to make the payment.

22-18B-1. Short title.

Sections 1 through 5 [22-18B-1 to 22-18B-5 NMSA 1978] of this act may be cited as the "Qualified School Bonds Act".

History: Laws 1999, ch. 225, § 1.

22-18B-2. Findings and purpose.

A. The legislature finds that:

- (1) the condition of public school facilities has a direct effect on the safety of teachers and students and on the ability of students to learn;
- (2) public schools in rapidly growing urban areas of New Mexico and public schools in sparsely populated rural areas are unable to meet the capital needs for modernization of existing school facilities to meet the growing school-age population in New Mexico under present funding authorizations;
- (3) additional funding options are necessary to meet the needs for teacher training to improve student achievement levels and to meet the needs of the work place by providing sufficient student training in the use of advanced technology;
- (4) encouraging active community participation and private sector contributions to the public schools will enhance learning opportunities for New Mexico students;

(5) authorizing additional forms of financing for school modernization and construction will permit eligible taxpayers to take advantage of tax credits not currently available to bondholders and will increase the market options for state and local bonds;

(6) encouraging active community participation in the development of resources to build and modernize schools, to enhance educational technology and to enhance teacher training is essential to the success of students in the twenty-first century; and

(7) authorizing additional alternative procedures for the sale of bonds will allow New Mexico public schools and eligible taxpayers to participate in available tax credits and to leverage additional funds for the improvement of public school facilities.

B. The purpose of the Qualified School Bonds Act [22-18B-1 to 22-18B-5 NMSA 1978] is to implement a state program that allows eligible taxpayers to take advantage of available tax credits by expanding the incentives to purchase and hold bonds and thereby increasing the financing alternatives for modernization and rehabilitation of public school facilities and enhancing teacher training.

Refunding bonds in changed denominations shall bear interest at the same rates, mature on the same dates, be in the same form and be identical with the original bonds surrendered for exchange in all respects except as to denominations, serial numbers and a recital as to the exchange. Where any exchange of bonds is made pursuant to the School Revenue Bond Act, the bonds surrendered by the holders at the time of exchange shall be canceled. Practice restricting district bus drivers in location of gas purchase prohibited. - The practice of requiring certain district bus drivers to buy their gas at a school board member's gas station is exactly the type of improper conflict this section was designed to prohibit, and such activity does not fall within the "regular course of business"

exception of Subsection B. State ex rel. Martinez v. Padilla, 94 N.M. 431, 612 P.2d 223 (1980).

ANNOTATIONS

School district would not be justified in failing to take affirmative steps to rectify language deficiencies because the state did not provide additional funding for bilingual multicultural programs at each grade level. Schools*, 499 F.2d 1147 (10th Cir. 1974) even suggests that the state is responsible for providing any such additional funds. 1976 Op. Att'y Gen. No. 76-3.

Payment for these purchases shall be made from the fund. Title and custody to the property shall rest in the property control division. The council shall authorize the lending of the property to school districts upon request and upon finding that sufficient need exists. Application for use or return of state-owned portable classroom buildings shall be submitted by school districts to the council. Expenses of maintenance of the property while in the custody of the property control division shall be paid from the fund; expenses of maintenance and insurance of the property while in the custody of a school district shall be the responsibility of the school district. The council may authorize the permanent disposition of the property by the property control division with prior approval of the state board of finance.

Sections 22-24-4.1 and 22-24-4.2 NMSA 1978, one million one hundred thousand dollars (\$1,100,000) is appropriated to the council for expenditure in fiscal year 2003 for the core administrative functions of the deficiencies corrections unit. Any unexpended or unencumbered balance remaining at the end of fiscal year 2003 shall revert to the fund.

History: 1953 Comp., § 77-24-12, enacted by Laws 1975, ch. 235, § 4; 1978, ch. 152, § 4; 1983, ch. 301, § 70; 1993, ch. 226, § 50; 1994, ch. 88, § 2; 2001, ch. 338, § 5; 2001, ch. 339, § 1; 2002, ch. 65, § 1.

ANNOTATIONS

The 1993 amendment, effective July 1, 1993, deleted "Annual" from the beginning of the fourth sentence of Subsection C.

The 1994 amendment, effective May 18, 1994, deleted "and the capital expenditures are limited to the purchase or construction of temporary or permanent classrooms" following "educational program" in Subsection B, and deleted "public" preceding "school" near the end of the fifth sentence of Subsection C.

2001 amendments. - Laws 2001, ch. 339, § 1, effective July 1, 2001, adding the last sentence of Subsection D; deleting "that cannot be financed by the school district from other sources and" following "capital outlay projects" in Subsection E; and adding Subsection F, was approved April 5, 2001. However, this section was also amended by Laws 2001, ch. 338, § 5, effective April 5, 2001, which would have amended the section to read as follows:

"A. There is created the "public school capital outlay fund". Balances remaining in the fund at the end of each fiscal year shall not revert.

"B. Money in the fund may be used only for capital expenditures deemed by the council necessary for an adequate educational program.

"C. The council may authorize the purchase by the property control division of the general services department of property to be loaned to school districts to meet a temporary requirement. Payment for these purchases shall be made from the fund. Title and custody to the property shall rest in the property control division. The council shall authorize the lending of the property to school districts upon request and upon finding that sufficient need exists. Application for use or return of state-owned portable classroom buildings shall be submitted by school districts to the council. Expenses of maintenance of the property while in the custody of the property control division shall be paid from the fund; expenses of maintenance and insurance of the property while in the custody of a school district shall be the responsibility of the school district. The council may authorize the permanent disposition of the property by the property control division with prior approval of the state board of finance.

"D. Applications for assistance from the fund shall be made by local school districts to the council in accordance with requirements of the council.

"E. The council shall review all requests for assistance from the fund and shall allocate funds only for those capital outlay projects that meet the criteria of the Public School Capital Outlay Act.

"F. Money in the fund shall be disbursed by warrant of the department of finance and administration on vouchers signed by the secretary of finance and administration following certification by the council that an application has been approved."

Because Laws 2001, ch. 338 was approved earlier on April 5, 2001, this section is set out as amended by Laws 2001, ch. 339, § 1. See 12-1-8 NMSA 1978.

The 2002 amendment, effective May 15, 2002, inserted the exception clause in Subsection B; and added Subsections G and H.

A. For project allocation cycles occurring before September 1, 2003, the council shall approve an application for grant assistance from the fund for a public school capital outlay project not wholly funded pursuant to Section 22-24-4.1 NMSA 1978, when the council determines that:

(1) a need exists requiring action;

(2) the residents of the school district have provided available resources to the school district to meet its capital outlay requirements;

(3) the school district has used its capital resources in a prudent manner;

(4) the school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978;

(5) the school district:

(a) is indebted at not less than sixty-five percent of the total general obligation debt authorized by law; or

(b) within the last three years, was indebted at the level required in Subparagraph (a) of this paragraph and received a grant pursuant to this section for the initial stages of a project and currently has a critical need for an additional grant to complete the same project;

(6) the application includes:

(a) the capital needs of any charter schools located in the school district or the school district has shown that the capital needs of the charter schools are not as great as the capital needs requested in the application; and

(b) the facilities needed in the school district to implement a full-day kindergarten program or that the school district has shown that the need for facilities to implement the program is not as great as the capital needs requested in the application; provided that the total amount of assistance grants made in a fiscal year for the purpose of implementing full-day kindergarten programs shall not exceed five million dollars (\$5,000,000); and

B. The council shall consider all applications for assistance from the fund and, after a public hearing, shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a school district has complied with the provisions of this section. The council shall list all applications in order of priority, and all allocations shall be made on a priority basis, except:

(1) twenty million dollars (\$20,000,000) of the proceeds from supplemental severance tax bonds available for the funding cycle in each of fiscal years 2002 and 2003 shall be set aside for allocation solely for projects in school districts that are eligible for funding from the fund and that receive grants from the federal government as assistance to areas affected by federal activity authorized in accordance with Title 20 of the United States Code, commonly known as "PL 874 funds" or "impact aid"; and

(2) in the case of an emergency, the order of priority shall first reflect those projects that have been previously funded but are not as yet completed, excluding expansion of those projects and contingent upon maintenance of the required local support.

C. For allocation cycles beginning after September 1, 2003, the following provisions apply:

(1) all school districts are eligible to apply for funding from the fund, regardless of percentage of indebtedness;

(2) priorities for funding shall be determined by using the statewide adequacy standards developed pursuant to Subsection D of this section; provided that the council shall apply the standards to charter schools to the same extent that they are applied to other public schools;

(3) after consulting with the staff architect of the property control division of the general services department, the council shall establish criteria to be used in public school capital outlay projects that receive grant assistance pursuant to the Public School Capital Outlay Act [Chapter 22, Article 24 NMSA 1978]. In establishing the criteria, the council shall consider:

(a) the feasibility of using design, build and finance arrangements for public school capital outlay projects;

(b) the potential use of more durable construction materials that may reduce long-term operating costs; and

(c) any other financing or construction concept that may maximize the dollar effect of the state grant assistance;

(4) no more than ten percent of the combined total of grants in a funding cycle shall be used for retrofitting existing facilities for technology infrastructure;

(5) except as provided in Paragraph (6) of this subsection, a project approved and ranked by the council shall be funded within available resources in accordance with the following formula:

(school district final prior year assessed valuation per MEM ÷ the state average final prior year assessed valuation per MEM) x 0.5. The product is subtracted from 1.0 and the difference is then multiplied by seventy-five percent. The product of that calculation added to (the percent of bonding capacity used x 0.25) equals the percentage of the cost of the approved project to be funded from the fund. "MEM" means the total enrollment of students attending public school in a school district in the final funded prior school year, with kindergarten being counted as 0.5. In those instances in which the formula provides less than 0.1, 0.1 shall be used as the state's share;

(6) in those instances in which a school district has used all of its local resources, the council may fund the total amount of a project; and

(7) no application for grant assistance from the fund shall be approved unless the council determines that:

(a) the public school capital outlay project is needed and included in the school district's five-year facilities plan among its top priorities;

(b) the school district has used its capital resources in a prudent manner;

(c) the school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978;

(d) the school district has submitted a five-year facilities plan that includes: 1) enrollment projections; 2) a current preventive maintenance plan to which the school adheres for each public school in the district; and 3) projections for the facilities needed in order to maintain a full-day kindergarten program;

(e) the school district is willing and able to pay any portion of the total cost of the public school capital outlay project that, according to Paragraph (5) of this subsection established by law, is not funded with grant assistance from the fund;

(f) the application includes the capital needs of any charter schools located in the school district or the school district has shown that the facilities of the charter schools in the district meet the statewide adequacy standards; and

(g) the school district has agreed, in writing, to comply with any reporting requirements or conditions imposed by the council pursuant to Section 22-24-5.1 NMSA 1978.

D. After consulting with the public school capital outlay task force and other experts, no later than September 1, 2002, the council shall develop statewide adequacy standards applicable to all school districts. The standards shall establish the minimum acceptable level for the physical condition and capacity of buildings, the educational suitability of facilities and the need for technological infrastructure. The amount of outstanding deviation from the standards shall be used by the council after September 1, 2003 in evaluating and prioritizing public school capital outlay projects.

E. It is the intent of the legislature that grant assistance made pursuant to this section allow every school district to meet the standards developed pursuant to Subsection D of this section; provided, however, that nothing in the Public School Capital Outlay Act [Chapter 22, Article 24 NMSA 1978] or the development of standards pursuant to that act prohibits a school district from using local funds to exceed the statewide adequacy standards.

F. Upon request, the council shall work with, and provide assistance and information to, the public school capital outlay task force.

G. The council may establish committees or task forces, not necessarily consisting of council members, and may use the committees or task forces, as well as existing agencies or organizations, to conduct studies, conduct surveys, submit recommendations or otherwise contribute expertise from the public schools, programs, interest groups and segments of society most concerned with a particular aspect of the council's work.

H. The council shall promulgate such rules as are necessary to carry out the provisions of the Public School Capital Outlay Act.

I. No later than December 1 of each year, the council shall prepare a report summarizing its activities during the previous fiscal year. The report shall describe in detail all projects funded, the progress of projects previously funded but not completed, the criteria used to prioritize and fund projects and all other council actions. The report shall be submitted to the state board, the governor, the legislative finance committee, the legislative education study committee and each member of the legislature.

The distribution shall be made each year that the tax is imposed in accordance with Section 22-25-7 NMSA 1978; provided that no state distribution from the public school capital improvements fund may be used for capital improvements to any administration building of a school district. In the event that sufficient funds are not available in the public school capital improvements fund to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

B. In calculating the state distribution pursuant to Subsection A of this section, the following amounts shall be used:

(1) fifty dollars (\$50.00) per program unit; and

If, in the sole discretion of the council, the amount available exceeds the amount needed, the council may certify an additional amount pursuant to this paragraph; provided that the sum of the amount calculated pursuant to this paragraph plus the amount in Paragraph (1) of this subsection shall not result in a total statewide distribution that, in the opinion of the council, exceeds one-half of the total revenue estimated to be received from taxes imposed pursuant to the Public School Capital Improvements Act [22-25-1 to 22-25-10 NMSA 1978].

C. [Vetoed by Governor April 5, 2001.]

D. In making distributions pursuant to this section, the state superintendent shall include such reporting requirements and conditions as are required by rule of the public school capital outlay council. The council shall adopt such requirements and conditions as are necessary to ensure that the distributions are expended in the most prudent manner possible and consistent with the original purpose as specified in the authorizing resolution. Copies of reports or other information received by the state superintendent in response to the requirements and conditions shall be forwarded to the council.

ANNOTATIONS

The 1988 amendments. - Laws 1988, ch. 64, § 44, effective May 18, 1988, substituting "state superintendent" for "director" in the first sentence and deleting "by December 1 of" preceding "each year" in the next-to-last sentence, was approved on March 8, 1988. However, Laws 1988, ch. 66, § 2, effective March 8, 1988, giving effect to the second change but not the first, and amending this section further by substituting "approved by the qualified electors in the most recent election on the question of imposing a tax" for "imposed in the district" near the end of the first sentence, deleting "by December 1" preceding "of each year" in the second sentence and inserting the proviso at the end of the second sentence was approved later on March 8, 1988. The section is set out as amended by Laws 1988, ch. 66, § 2. See 12-1-8 NMSA 1978.

The 2001 amendment, effective April 5, 2001, redesignated the former section as Subsection A; inserted the exception at the beginning of Subsection A; substituted "by the dollar amount specified in Subsection B of this section" for "times thirty-five dollars"; and added Subsections B and D.

Compiler's notes. - As vetoed by the governor April 5, 2001, Subsection C read: "Notwithstanding the amount calculated to be distributed pursuant to Subsections A and B of this section, no school district, the voters of which have approved a tax pursuant to Section 22-25-3 NMSA 1978, shall receive a distribution less than an amount equal to five dollars (\$5.00) multiplied by the school district's first forty days' total program units and further multiplying the product obtained by the approved tax rate."

The "tax rate imposed in the district" under the Public School Capital Improvements Act is that rate certified in accordance with § 22-25-7 which incorporates § 7-37-7.1 NMSA 1978. This certified rate must be that which the voters approve unless the operation of the rate limitation provisions of § 7-37-7.1 NMSA 1978 requires a lower rate, in which case the lower rate must be certified. 1987 Op. Att'y Gen. No. 87-52.

Administrative charge not to be used to reduce revenue estimate. - The school district, not the state's public school capital improvements fund, must absorb the two percent administrative charge authorized by § 7-38-38.1 NMSA 1978, and such fee may not be used to reduce the revenue estimate that his section requires. 1987 Op. Att'y Gen. No. 87-52 (rendered prior to 1988 amendment).

22-25-10. Public school capital improvements fund created.

There is created a "public school capital improvements fund." Balances in the fund remaining at the end of a fiscal year shall not revert.
