ARTICLE 1 INSURANCE CODE

59A-1-1. Short title.

Chapter 59A NMSA 1978 shall be known and may be cited as the New Mexico Insurance Code and, in this chapter, may also be referred to as the "Insurance Code".

History: 1978 Comp., § 59A-1-1, enacted by Laws 1993, ch. 320, § 1.

ANNOTATIONS

Repeals and reenactments. - Laws 1993, ch. 320, § 1 repeals former 59A-1-1 NMSA 1978, as enacted by Laws 1984, ch. 127, § 1, and enacts the above section, effective June 18, 1993. For provisions of former section, see 1992 Replacement Pamphlet.

Applicability. - Laws 1984, ch. 127, § 994, provides that any laws of New Mexico remaining in force after the effective date of the act (January 1, 1985) and which refer to provisions repealed in section 997 of the act (primarily provisions in Chapter 59 NMSA 1978 are repealed) shall be deemed to refer to those provisions of the act which are substantially the same as the repealed provisions. For provisions in Chapter 59A NMSA 1978 comparable to former provisions in Chapter 59 NMSA 1978, see Table of Corresponding Sections in Appendix A following Chapter 59.

Descriptive catchlines and headings. - Laws 1984, ch. 127, § 996, provides that the various article numbers and titles, the descriptive headings, subheadings and catchlines immediately preceding texts of or in individual sections do not constitute part of the act and are included only for purpose of convenient reference.

59A-1-2. Definitions.

Unless context otherwise requires, words and terms defined in this article and elsewhere in the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978] shall for the purposes of the Insurance Code have the meaning there ascribed.

History: Laws 1984, ch. 127, § 2.

59A-1-3. "Insurance Code."

"Insurance Code" means the New Mexico Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978].

History: Laws 1984, ch. 127, § 3.

59A-1-4. "Corporation commission."

"Corporation commission" means the state corporation commission of New Mexico.

History: Laws 1984, ch. 127, § 4.

ANNOTATIONS

Cross-references. - For constitutional provisions relating to corporation commission, see N.M. Const., art. XI, § 1 et seq.

59A-1-5. "Insurance."

"Insurance" is a contract whereby one undertakes to pay or indemnify another as to loss from certain specified contingencies or perils, or to pay or grant a specified amount or determinable benefit in connection with ascertainable risk contingencies, or to act as surety.

History: Laws 1984, ch. 127, § 5.

ANNOTATIONS

Compiler's note. - The annotations appearing below were abstracted from attorney general opinions decided under former 59-1-1 NMSA 1978 which defined "insurance" as "any form of insurance, bond or indemnity contract, the issuance of which is legal in the state of New Mexico."

Term "insurance" not restrictive. - Definition of "insurance" appears to express an intent that the term not be restrictive. 1971 Op. Att'y Gen. No. 71-82; 1978 Op. Att'y Gen. No. 78-20.

Test for insurance. - Test as to whether certain business constitutes insurance is whether the certificate of membership or other contract issued constitutes a contract of insurance or indemnity. 1933-34 Op. Att'y Gen. No. 33.

Contract of insurance must be for security against risk of loss, which risk, originally resting with the insured, be shifted and assumed by the insurer, and the risk must be covered by a general fund consisting of deposits made by persons having similar contractual arrangements with the insurer. 1971 Op. Att'y Gen. No. 71-82.

Indemnification required for insurance. - If a contract is for services and not indemnification, then it is not an insurance transaction. 1971 Op. Att'y Gen. No. 71-82.

Third-party indemnification. - Indemnification under an insurance contract does not necessarily have to be made directly to the insured. 1971 Op. Att'y Gen. No. 71-82.

Service contracts constitute a form of insurance. 1978 Op. Att'y Gen. No. 78-20.

Variable annuities not insurance. - Variable annuities are subject to regulation by the commissioner of securities rather than by the superintendent of insurance, inasmuch as they are not "insurance" within the meaning of this section, but rather are "securities." 1959-60 Op. Att'y Gen. No. 60-137.

Prepaid medical fees. - Agreement between individual and physician for personal services in return for certain monthly payments involved prepayment of medical fees and not insurance. 1957-58 Op. Att'y Gen. No. 57-29. See Articles 46 to 48 of this chapter.

Furnishing of ambulance service not insurance. - Furnishing of ambulance service by association which sells memberships to the public entitling members to free ambulance service from any contract operator in event of sickness or injury does not amount to the doing of an insurance business, as it does not assume as its primary purpose a risk, hazard or peril but merely constitutes a contract to furnish services. 1959-60 Op. Att'y Gen. No. 60-58. But see 1953-54 Op. Att'y Gen. No. 5990, to the

effect that setting up of contract to indemnify the public for loss suffered by reason of necessity to utilize ambulance services was insurance.

Where a person operating an ambulance proposes to offer ambulance service to the general public pursuant to an agreement which in substance recites that in consideration of \$15.00 the ambulance service will be provided to and from a named hospital within a 25 mile radius for a period of one year to the subscribers of such agreement, such an arrangement is not insurance so as to be amenable to regulation under the insurance laws of New Mexico. 1961-62 Op. Att'y Gen. No. 61-30.

Automobile club services as insurance. - Various services furnished members by an automobile club, including furnishing of bond, attorney fees for defense or collection of damages, reward for return of stolen vehicle, protection against lost credit cards, emergency road service and reimbursement for expenses due to automobile disability, constituted practice of insurance. 1971 Op. Att'y Gen. No. 71-82.

Law reviews. - For note, "Nonprofit Health Care Corporations Are Not Insurance Providers," see 10 N.M.L. Rev. 481 (1980).

59A-1-11. "State."

59A-1-12. "Superintendent."

History: Laws 1984, ch. 127, § 12.

59A-1-13. "Transacting insurance."

In addition to other aspects of insurance operations to which the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978] by its terms applies, "transacting insurance" with respect to an insurance contract or a business of insurance includes any of the following, by mail or otherwise or whether or not for profit:

- A. solicitation or inducement;
- B. negotiation;
- C. effectuation of an insurance contract;
- D. transaction of matters subsequent to effectuation and arising out of such a contract;

ANNOTATIONS

The 1991 amendment, effective April 3, 1991, inserted "an insurance contract or" in the introductory paragraph; added Subsections E and F; and made a related stylistic change.

59A-1-14. Compliance required.

ANNOTATIONS

Fraternal benefit society. - Where statute exempted fraternal benefit societies from all taxes other than those on real estate and office equipment, plaintiff society, which complied with every element in the statutory definition, was a fraternal benefit society, notwithstanding large amount of insurance on its books, alleged discrimination among members, alleged excessive compensation to its officers and agents or purported writing of unauthorized policies. *Modern Woodmen of Am. v. Casados*, 17 F. Supp. 763 (D.N.M. 1937). See Article 44 of this chapter.

Prepaid medical fees. - Agreement between individual and physician for personal services in return for certain monthly payments involved prepayment of medical fees and not insurance. 1957-58 Op. Att'y Gen. No. 57-29. See Articles 46 to 48 of this chapter.

Automobile club services as insurance. - Various services furnished members by an automobile club, including furnishing of bond, attorney fees for defense or collection of damages, reward for return of stolen vehicle, protection against lost credit cards, emergency road service and reimbursement for expenses due to automobile disability,

constituted practice of insurance. 1971 Op. Att'y Gen. No. 71-82. See Article 50 of this chapter.

Furnishing of ambulance service not insurance. - Furnishing of ambulance service by association which sells memberships to the public entitling members to free ambulance service from any contract operator in event of sickness or injury does not amount to the doing of an insurance business, as it does not assume as its primary purpose a risk, hazard or peril but merely constitutes a contract to furnish services. 1959-60 Op. Att'y Gen. No. 60-58. But see 1953-54 Op. Att'y Gen. No. 5990, to the effect that setting up of contract to indemnify the public for loss suffered by reason of necessity to utilize ambulance services was insurance.

Where a person operating an ambulance proposes to offer ambulance service to the general public pursuant to an agreement which in substance recites that in consideration of \$15.00 the ambulance service will be provided to and from a named hospital within a 25 mile radius for a period of one year to the subscribers of such agreement, such an arrangement is not insurance so as to be amenable to regulation under the insurance laws of New Mexico. 1961-62 Op. Att'y Gen. No. 61-30.

Bail bond business insurance. - An individual who advertises himself as a bail bondsman and places cash deposits in lieu of bail for accused persons, charging the accused a fee of 10% of the amount of the cash deposit, is a recognizer for the accused and is transacting an insurance business. 1969 Op. Att'y Gen. No. 69-93. But see Article 51 of this chapter.

Law reviews. - For note, "Nonprofit Health Care Corporations Are Not Insurance Providers," see 10 N.M.L. Rev. 481 (1980).

B. the Credit Union Share Insurance Corporation, as identified in Article 58-12 [Article 12 of Chapter 58] NMSA 1978, and similar corporations and funds for protection of depositors, shareholders or creditors of financial institutions and businesses other than insurers; or

Until January 1, 1994, in lieu of making his own examination of a foreign or alien insurer the superintendent may accept a full report of an examination of the insurer made by competent examiners as of a date not more than one year prior and participated in by at least two states in which the insurer was authorized to transact insurance. The report shall be certified by the insurance supervisory official of the state under whose jurisdiction the examination was conducted. The superintendent may, at discretion, so accept such report of examination so made as of a date more than one year but not more than three years prior; and with respect to an alien insurer, the superintendent may at discretion so accept such a report of recent examination made by the insurance supervisory official of the port of entry state of the insurer into the United States without participation therein of another state.

E. After January 1, 1994, examination reports prepared by examiners employed by other state insurance departments may be accepted only if:

(1) made as of a date not more than five years prior to acceptance and the examiner in charge was employed by and under the direction of the insurance commissioners of the insurer's state of domicile or port of entry, which insurance department was at the time of the examination accredited under the financial regulation standards and accreditation program of the national association of insurance commissioners; or

(2) made as of a date not more than three years prior to acceptance and the examination was performed under the supervision of an accredited insurance department or with the participation of one or more examiners who were employed by an accredited state insurance department and who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

F. As far as practical the superintendent shall conduct examination of a foreign or alien insurer in cooperation with the insurance supervisory officials of other states in which the insurer is authorized to transact business.

C. The superintendent or any of his examiners shall have the power to issue subpoenas, to administer oaths and to examine under oath any person as to any matter pertinent to the examination. Upon the failure or refusal of any person to obey a subpoena, the superintendent may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Findings and conclusions made pursuant to any examination shall be prima facie evidence in any legal or regulatory action.

G. Nothing contained in Chapter 59A, Article 4 NMSA 1978 shall be construed to limit the superintendent's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or company workpapers or other documents or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action which the superintendent may, in his sole discretion, deem appropriate.

ANNOTATIONS

Existing deposits and bonds. - Laws 1984, ch. 127, § 993, provides that any deposit or surety bond filed in lieu thereof with or through the superintendent or state treasurer by any insurer in conjunction with authority to transact business in the state immediately prior to the effective date of the act (January 1, 1985) shall be given effect to the extent it complies with similar bonds required by the act after that date.

A. To qualify for and continue to hold a certificate of authority to transact insurance in this state, the insurer shall also make a special deposit in trust for the benefit only of all its policyholders and creditors in this state in applicable amount as shown in Schedule I of Section 59A-5-16 NMSA 1978. The deposit shall consist of assets eligible therefor under Section 59A-10-3 NMSA 1978, and shall be deposited with or through the superintendent or in a commercial depository located in the state of New Mexico approved by the superintendent subject to rules and regulations issued by the superintendent.

The bond shall not be subject to cancellation except upon not less than sixty days advance written notice to the superintendent by the insurer or surety; and the insurer shall promptly replace, not later than fifteen days prior to expiration of the bond, with another like bond, any bond so cancelled or otherwise terminated. C. The special deposit, or bond in lieu thereof, shall remain on deposit or on file and in force for so long as there may arise in this state any claim under any policy issued by the insurer covering a subject located or a service to be performed in this state, or claim arising out of the insurer's operations in this state.

E. The special deposit shall be subject to the applicable provisions of Chapter 59A, Article 10 NMSA 1978.

F. This section shall not apply as to domestic Lloyds plan automobile insurers as identified in Chapter 59A, Article 38 NMSA 1978.

(2) if a foreign insurer and it no longer meets the qualifications and requirements for a certificate of authority, on account of deficiency of capital or surplus or otherwise, subject to Section 92 [59A-5-25 NMSA 1978] of this article relative to impairment; or

(3) if a domestic insurer and it has failed to cure an impairment of capital or surplus within the time allowed therefor by the superintendent under the Insurance Code or is otherwise no longer qualified for the certificate of authority; or

59A-5A-3. Risk-based capital reports.

A. On or before March 1 each year, every domestic insurer shall prepare and submit to the superintendent a report of its risk-based capital levels as of December 31 of the immediately preceding calendar year, in a form and containing such information as is required by the risk-based capital instructions. In addition, every domestic insurer shall file its risk-based capital report with:

(1) the national association of insurance commissioners in accordance with the risk-based capital instructions; and

(2) the insurance commissioner of each state in which the insurer is authorized to do business, if the insurance commissioner for that state has notified the insurer of his request in writing. The insurer shall file a copy of its risk-based capital report with each such commissioner not later than March 1 each year or fifteen days from receipt of the notice, whichever is later.

B. A life or health insurer's risk-based capital shall be determined in accordance with the formula in the risk-based capital instructions. The formula shall take into account and may adjust for the covariance among the following factors:

(1) asset risk;

(2) the risk of adverse insurance experience with respect to the insurer's liabilities and obligations;

(3) the interest rate risk with respect to the insurer's business; and

(4) all other business risks and other relevant risks set forth in the risk-based capital instructions.

C. A property or casualty insurer's risk-based capital shall be determined in accordance with the formula in the risk-based capital instructions. The formula shall take into account and may adjust for the covariance among the following factors:

D. An excess of capital over the amount calculated by the formulas, schedules and instructions referenced in the Risk-Based Capital Act [this article] is desirable in the business of insurance. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the risk-based capital requirements contained in the Risk-Based Capital Act. Accordingly, insurers should seek to maintain capital above the risk-based capital levels required by that act.

E. If a domestic insurer files a risk-based capital report which in the superintendent's judgment is inaccurate, then the superintendent shall adjust the risk-based capital report to correct the inaccuracy and shall notify the insurer of the adjustment. (1) the state has confidentiality provisions substantially similar to those in Subsection A of Section 59A-5A-9 NMSA 1978; and

(a) fifteen days after the receipt of notice to file a copy of its risk-based capital plan or revised risk-based capital plan with the state; or

In determining corrective actions, the superintendent may take into account such factors as are deemed relevant based upon the superintendent's examination or analysis of the assets, liabilities and operations of the insurer, including but not limited to the results of any sensitivity tests undertaken pursuant to the risk-based capital instructions. The risk-based capital plan or revised risk-based capital plan shall be submitted on or before the later of the following dates:

(1) forty-five days after the occurrence of the regulatory action level event; or

(2) if the insurer challenges an adjusted risk-based capital report or plan pursuant to Section 59A-5A-8 NMSA 1978 and the challenge is not frivolous in the superintendent's judgment, forty-five days after notification to the insurer that the superintendent has, after hearing, rejected the insurer's challenge.

D. The superintendent may retain actuaries and investment experts and other consultants as he may deem necessary to review the insurer's risk-based capital plan or revised risk-based capital plan, examine or analyze the assets, liabilities and operations of the insurer and formulate the corrective order with respect to the insurer. 59A-5A-9. Confidentiality; prohibition on announcements; prohibition on use in ratemaking.

A. To the extent not set forth in any other form accessible to the public, all information in risk-based capital reports, risk-based capital plans, results or reports of any examination or analysis of an insurer performed pursuant to the Risk-Based Capital Act [this article] and all corrective orders issued by the superintendent pursuant to such examination or analysis, is and shall be kept confidential by the superintendent. This information shall not be made public or be subject to subpoena, other than by the superintendent and then only for the purpose of enforcement actions taken by the superintendent pursuant to the Insurance Code.

B. The comparison of an insurer's total adjusted capital to any of its risk-based capital levels is a regulatory tool that may indicate the need for possible corrective action by the superintendent with respect to the insurer, and is not intended as a means to rank insurers generally or to compare insurers for marketing purposes. Use of such comparisons for such purposes is inherently misleading and deceptive. Except as otherwise required under the provisions of the Risk-Based Capital Act or applicable law, no insurer, agent, broker or other person engaged in any manner in the business of

insurance shall make, publish, disseminate, circulate or place before the public, or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing an assertion, representation or statement with regard to the risk-based capital levels of any insurer, or of any component derived in their calculation; provided, however, that if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its risk-based capital levels or an inappropriate comparison of any other amount to the insurer's risk-based capital levels is published in any written publication and the insurer is able to demonstrate to the superintendent's satisfaction the falsity or inappropriateness of the statement, then the insurer may publish an announcement approved in advance by the superintendent in a written publication whose sole purpose is to rebut the materially false statement.

C. The risk-based capital instructions, risk-based capital reports, adjusted risk-based capital reports, risk-based capital plans and revised risk-based capital plans are intended solely for use by the superintendent in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers. They shall not be used by the superintendent for ratemaking, considered or introduced as evidence in any rate proceeding or used to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance which an insurer or any affiliate is authorized to write.

B. Each such taxpayer shall pay in accordance with this subsection three percent of the gross premiums and membership and policy fees received by it on insurance or contracts covering risks within this state during the preceding calendar year, less all return premiums, including dividends paid or credited to policyholders or contract holders and premiums received for reinsurance on New Mexico risks. For each calendar quarter, an estimated payment shall be made on April 15, July 15, October 15 and the following January 15. The estimated payments shall be equal to at least one-fourth of

Section 1395 mm(g).

Thereafter, such bonds or obligations shall not qualify as New Mexico investments for the purpose of this section."

Laws 1988, ch. 76, § 7, effective March 8, 1988, provides that a one-time surcharge of five hundredths of one percent in the tax year beginning January 1, 1988 shall be assessed, to assist the state in defraying the cost of litigation in challenging the validity of 59A-6-2, 59A-46-22 and 59A-48-11 NMSA 1978, on the premiums of every person subject to the provisions of 1) 59A-6-2 or 59A-46-22 NMSA 1978 who invests at least 40% of its admitted assets in New Mexico investments and pays the lower premium tax rate of nine-tenths of one percent, or 2) Subsection B of Section 59A-48-11 NMSA 1978.

The superintendent shall adopt regulations to carry into effect the provisions of this section.

44 C.J.S. Insurance § 16.

59A-7-9. "Title" insurance defined.

"Title" insurance is insurance of owners of real or personal property or others having an interest therein or liens or encumbrances thereon, against loss by encumbrance, or defective titles, or invalidity, or adverse claim to title.

History: Laws 1984, ch. 127, § 115.

59A-7-10. Limit of risk.

A. No insurer shall, other than as stated in this section, retain any risk on any one subject of insurance, whether located or to be performed in this state or elsewhere, in an amount exceeding ten percent of its surplus to policyholders.

B. No domestic Lloyds plan insurer shall retain any risk on any one subject of insurance in an amount in excess of ten percent of the sum of its surplus as to policyholders plus additional liability assumed by individual underwriters in the articles of agreement and policies or contracts of insurance.

C. No insurer shall retain as to title insurance risk on any one subject of insurance in an amount exceeding fifty percent of its surplus as to policyholders. If the insurer also transacts other kinds of insurance, its "surplus as to policyholders" for the purposes of this subsection shall be such reasonable proportion of the insurer's general surplus as to policyholders as may be allocated to title insurance in relation to premium income or other reasonable basis approved by the superintendent.

D. A "subject of insurance" for the purposes of this section means the following:

(1) as to insurance covering damage or loss of real or personal property, all real or personal property insured by an insurer which could reasonably be subject to loss or damage from the same occurrence of an insured hazard; and

(2) as to all other types of insurance, all policies issued by the same insurer applicable to a single insured exposure or occurrence.

E. Reinsurance ceded as authorized by Section 59A-7-11 NMSA 1978 shall be deducted in determining risk retained; but as to surety risks reinsurance shall be allowed as a deduction only if such reinsurance is with an insurer authorized to transact such insurance in this state, and is in such form as to enable the obligee or beneficiary to maintain an action thereon against the reinsured jointly with the reinsurer, and upon recovering judgment against the reinsured to have recovery against the reinsurer for payment to the extent in which it may be liable under such reinsurance and in discharge thereof. As to surety risks, deduction shall also be made of the amount assumed by any authorized cosurety and the value of any security deposited, pledged or held subject to the surety's consent and for the surety's protection.

F. As to alien insurers, this section relates only to risks and surplus to policyholders of the insurer's United States branch.

G. "Surplus as to policyholders" for the purposes of this section, in addition to the insurer's paid-in capital stock, if any, and surplus, includes also any voluntary reserves which are not required by law, and shall be determined from the last sworn financial statement of the insurer on file with the insurance department, or by the last report of examination of the insurer, whichever is the more recent at time of assumption of risk.

H. This section does not apply to life or health insurance, annuities, insurance of wet marine and transportation risks, workers' compensation insurance, or employers' liability coverages.

History: Laws 1984, ch. 127, § 116; 1993, ch. 320, § 17.

ANNOTATIONS

44 C.J.S. Insurance § 15 et seq.

59A-7-11. Reinsurance.

A. An insurer may reinsure all or any part of a particular risk or of a particular class of risks in another insurer, or accept such reinsurance from another insurer. No domestic insurer shall so reinsure with an insurer not authorized to transact insurance in this state unless the unauthorized insurer is authorized to transact insurance in another state and conforms to the same standards of solvency as would be required if at the time such reinsurance is effected the reinsurer was so authorized in this state; or unless, in the case of a group that includes incorporated and individual, unincorporated alien insurers, it has assets held in trust for the benefit of its United States policyholders in an amount not less than one hundred million dollars (\$100,000,000), and is authorized to transact insurance in at least one state; or unless with the superintendent's approval in advance. With the superintendent's approval, a domestic insurer may reinsure all or substantially all of its risks in another insurer, or similarly reinsure the risks of another insurer, as provided in Section 59A-34-40 NMSA 1978.

B. Credit for reinsurance shall be allowed as an asset or as a deduction from liability to any ceding insurer for reinsurance lawfully ceded only when the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding insurer under the contracts reinsured without diminution because of the insolvency of the ceding insurer directly to the ceding insurer or to its domiciliary liquidator or receiver, except where the assuming insurer with the consent of the direct insured or insureds has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees, and the reinsurer meets the requirements of Paragraph (1), (2), (3) or (4) of this subsection. If meeting the requirements of Paragraph (3) of this subsection, the requirements of Paragraph (5) of this subsection must also be met.

(1) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is authorized to transact insurance or reinsurance in this state.

(2) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is accredited as a reinsurer in this state. An accredited reinsurer is one which:

(a) files with the superintendent evidence of its submission to this state's jurisdiction;

(b) submits to this state's authority to examine its books and records;

(c) is licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one state;

(d) files annually with the superintendent a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and either 1) maintains a surplus as regards policyholders in an amount which is not less than twenty million dollars (\$20,000,000) and whose accreditation has not been denied by the superintendent within ninety days of its submission; or 2) maintains a surplus as regards policyholders in an amount less than twenty million dollars (\$20,000,000) and whose accreditation has been approved by the superintendent.

(e) No credit shall be allowed a ceding insurer, if the assuming insurer's accreditation has been revoked by the superintendent after notice and hearing.

(3) Credit shall be allowed when the following requirements are met:

(a) the reinsurance is ceded to an assuming insurer which maintains a trust fund in a qualified United States financial institution, as defined in Paragraph (2) of Subsection D of this section, for the payment of the valid claims of its United States policyholders and ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the superintendent information substantially the same as that required to be reported on the national association of insurance commissioners annual statement form by licensed insurers to enable the superintendent to determine the sufficiency of the trust fund. In the case of a single assuming insurer, the trust shall consist of a trustee account representing the assuming insurer's liabilities attributable to business written in the United States, and, in addition, the assuming insurer shall maintain a trustee surplus of not less than twenty million dollars (\$20,000,000). In the case of a group that includes incorporated and individual unincorporated underwriters, the trust shall consist of a trustee account representing the group's liabilities attributable to business written in the United States and, in addition, the group shall maintain a trustee surplus of which one hundred million dollars (\$100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group; provided, the group shall make available to the superintendent an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accounts; and provided further, the incorporated members of the group shall not engage in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members;

(b) in the case of a group of incorporated insurers under common administration which complies with the filing requirements contained in Subparagraph (a) of this paragraph, and which has continuously transacted an insurance business outside the United States for at least three years immediately prior to making application for accreditation, and submits to this state's authority to examine its books and records and bears the

expense of the examination, and which has aggregate policyholders' surplus of ten billion dollars (\$10,000,000,000); the trust shall be in an amount equal to the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of such group; plus the group shall maintain a joint trusteed surplus of which one hundred million dollars (\$100,000,000) shall be held jointly and exclusively for the benefit of the United States ceding insurers of any member of the group as additional security for any such liabilities, and each member of the group shall make available to the superintendent an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant;

(c) such trust shall be established in a form approved by the superintendent. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the superintendent. The trust described herein must remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust; and

(d) no later than February 28 of each year the trustees of the trust shall report to the superintendent in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.

(4) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of Paragraph (1), (2) or (3) of this subsection but only with respect to the insurance of risks located in jurisdictions where such reinsurance is required by applicable law or regulation of that jurisdiction.

(5) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this state, the credit permitted by Paragraph (3) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(a) that in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, will comply with all requirements necessary to give such court jurisdiction and will abide by the final decision of such court or of any appellate court in the event of an appeal; and

(b) to designate the superintendent or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the ceding company. This provision is not intended to

conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if such an obligation is created in the agreement.

C. A reduction from liability for the reinsurance ceded by an insurer to an assuming insurer not meeting the requirements of Subsection B of this section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer and such reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations thereunder, if such security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in Paragraph (2) of Subsection D. This security may be in the form of:

(1) cash;

(2) securities listed by the securities valuation office of the national association of insurance commissioners and qualifying as admitted assets;

(3) clean, irrevocable, unconditional letters of credit, issued or confirmed by a qualified United States financial institution, as defined in Paragraph (1) of Subsection D, no later than December 31 in respect of the year for which filing is being made, and in the possession of the ceding company on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation shall, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs; or

(4) any other form of security acceptable to the superintendent.

D. A "qualified United States financial institution" means:

(1) for purposes of Paragraph (3) of Subsection C, an institution that:

(a) is organized or, in the case of a United States office of a foreign banking organization, licensed, under the laws of the United States or any state thereof;

(b) is regulated, supervised and examined by United States federal or state authorities having regulatory authority over banks and trust companies; and

(c) has been determined by either the superintendent or the securities valuation office of the national association of insurance commissioners to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit are acceptable to the superintendent; and

(2) for purposes of those provisions of this section specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

(a) is organized or, in the case of a United States branch or agency office of a foreign banking organization, licensed, under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and

(b) is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

E. No insurer shall accept reinsurance of risk of any kind of insurance it is not authorized to transact directly in this state, if an authorized insurer, or in another state if the insurer does not hold a certificate of authority in this state.

F. Upon the superintendent's request an insurer shall furnish the superintendent with copies of its reinsurance treaties then in effect, and promptly inform the superintendent in writing of cancellation or other material change in its reinsurance treaties or arrangements.

G. No person shall have any rights against the reinsurer which are not expressly stated in the reinsurance contract or in a written agreement between such person and the reinsurer.

H. This section does not apply to wet marine and transportation insurance.

(c) for individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies - the 1937 standard annuity mortality table or, at the option of the insurer, the annuity mortality table for 1949, ultimate, or any modification of either of these tables approved by the superintendent;

(d) for group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies - the group annuity mortality table for 1951, any modification of such table approved by the superintendent, or, at the option of the insurer, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts;

(e) for total and permanent disability benefits in or supplementary to ordinary policies or contracts: 1) for policies or contracts issued on or after January 1, 1966 the tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the society of actuaries, with due regard to the type of benefit or any tables of disablement rates and termination rates, adopted after 1980 by the national association of insurance commissioners, that are approved by regulation promulgated by the superintendent for use in determining the minimum standard of valuation for such policies; 2) for policies or contracts issued on or after January 1, 1961 and prior to January 1, 1966 either such tables or, at the option of the insurer, the class (3) disability

table (1926); and 3) for policies issued prior to January 1, 1961 the class (3) disability table (1926). Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies;

(f) for accidental death benefits in or supplementary to policies: 1) for policies issued on or after January 1, 1966, the 1959 accidental death benefits table or any accidental death benefits table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the superintendent for use in determining the minimum standard of valuation for such policies; 2) for policies issued on or after January 1, 1961 and prior to January 1, 1966, either such table or, at the option of the insurer, the intercompany double indemnity mortality table; and 3) for policies issued prior to January 1, 1961, the intercompany double indemnity mortality table. 4) Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies; and

(g) for group life insurance, life insurance issued on the substandard basis and other special benefits - such tables as may be approved by the superintendent.

(2) Except as provided in Paragraphs (3), (4) and (5) of this subsection and in Subsections C, D and E of this section, the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the operative date of this paragraph, as defined herein, and for all annuities and pure endowments purchased on or after such operative date under group annuity and pure endowment contracts, shall be the commissioners reserve valuation methods defined in Paragraphs (1) and (2) of Subsection E of this section and the following tables and interest rates:

(a) for individual annuity and pure endowment contracts issued prior to July 1, 1977, excluding any disability and accidental death benefits in such contracts, the 1971 individual annuity mortality table, or any modification of this table approved by the superintendent, and six percent interest for single premium immediate annuity contracts, and four percent interest for all other individual annuity and pure endowment contracts;

(b) for individual single premium immediate annuity contracts issued on or after July 1, 1977, excluding any disability and accidental death benefits in such contracts - the 1971 individual annuity mortality table, or any individual annuity mortality table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the superintendent for use in determining the minimum standard of valuation for such contracts, or any modification of these tables approved by the superintendent, and seven and one-half percent interest;

(c) for individual annuity and pure endowment contracts issued on or after July 1, 1977, other than single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts - the 1971 individual annuity mortality table, or any individual annuity mortality table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the

superintendent for use in determining the minimum standard of valuation for such contracts, or any modification of these tables approved by the superintendent, and five and one-half percent interest for single premium deferred annuity and pure endowment contracts and four and one-half percent interest for all other such individual annuity and pure endowment contracts;

(d) for all annuities and pure endowments purchased prior to July 1, 1977, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts - the 1971 group annuity mortality table, or any modification of this table approved by the superintendent, and six percent interest; and

(e) for all annuities and pure endowments purchased on or after July 1, 1977, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts - the 1971 group annuity mortality table, or any group annuity mortality table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the superintendent for use in determining the minimum standard of valuation for such annuities and pure endowments, or any modification of this table approved by the superintendent, and seven and one-half percent interest.

(f) After July 1, 1973, any insurer may file with the superintendent a written notice of its election to comply with the provisions of this paragraph after a specified date before January 1, 1979, which shall be the operative date of this paragraph for such insurer, provided that an insurer may elect a different operative date for individual annuity and pure endowment contracts from that elected for group annuity and pure endowment contracts. If an insurer makes no such election, the operative date of this paragraph for such insurer shall be January 1, 1979.

(3) The interest rates used in determining the minimum standard for the valuation of:

(a) all life insurance policies issued in a particular calendar year, on or after the operative date of Subsection F of Section 59A-20-31 NMSA 1978;

(b) all individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1982;

(c) all annuities and pure endowments purchased in a particular calendar year on or after January 1, 1982 under group annuity and pure endowment contracts; and

(d) the net increase, if any, in a particular calendar year after January 1, 1982, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in Paragraph (4) of this subsection.

(4) The calendar year statutory valuation interest rates shall be determined as follows and the results rounded to the nearest one-quarter of one percent:

(a) for life insurance,

$$I = .03 + W (R1 - .03) + W/2 (R2 - .09);$$

(b) for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and for guaranteed interest contracts with cash settlement options,

$$I = .03 + W (R - .03)$$

where R1 is the lesser of R and .09, R2 is the greater of R and .09, R is the reference interest rate defined in Subsection D of this section, and W is the weighting factor defined in Subsection C of this section;

(c) for other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in Subparagraph (b) of this paragraph, the formula for life insurance stated in Subparagraph (a) of this paragraph shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of ten years and the formula for single premium immediate annuities stated in Subparagraph (b) of this paragraph shall apply to annuities and guaranteed interest contracts with guarantee duration of ten years or less;

(d) for other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in Subparagraph (b) of this paragraph shall apply; and

(e) for other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single premium immediate annuities stated in Subparagraph (b) of this paragraph shall apply.

(5) However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of one percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for

each subsequent calendar year regardless of when Subsection F of Section 59A-20-31 NMSA 1978 becomes operative.

C. The weighting factors referred to in the formulas stated above are given in the following tables:

(1) Weighting Factors for Life Insurance:

Guarantee Duration Weighting (Years) Factors -----	-----
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy;

(2) Weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options:

.80

(3) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in Paragraph (2) of this subsection, shall be as specified in the tables set forth in Subparagraphs (a), (b) and (c) of this paragraph, according to the rules and definitions set forth in Subparagraphs (d), (e) and (f) of this paragraph:

(a) For annuities and guaranteed interest contracts valued on an issue year basis:

Guarantee Factor Duration	Weighting for Plan Type
---------------------------------	--------------------------------

(Years) -----	A	B	C
-			
5 or less:	.80	.60	.50
More than 5, but not more than 10:	.75	.60	.50
More than 10, but not more than 20:	.65	.50	.45
More than			
20:	.45	.35	.35

(b) For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in the table set forth in Subparagraph (a) of this paragraph increased by:

Plan Type		
A	B	C
-----	-----	-----
.15	.25	.05

(c) For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than twelve months beyond the valuation date, the factors shown in the table set forth in Subparagraph (a) of this paragraph or derived as required in the table set forth in Subparagraph (b) of this paragraph increased by:

Plan Type		
A	B	C
-----	-----	-----
.05	.05	.05

(d) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of twenty years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(e) Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only: with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer; or without such adjustment but in installments over five years or more; or as an immediate life annuity; or no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only: with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer; or without such adjustment but in installments over five years or more; or no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either: without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer; or subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(f) An insurer may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in Subsections B, C and D of this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change in fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

D. The reference interest rate referred to in Paragraph (4) of Subsection B of this section shall be defined as follows:

(1) for all life insurance, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year next preceding the year of issue, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated;

(2) for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or year of purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated;

(3) for other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in Paragraph (2) of this subsection, with guarantee duration in excess of ten years, the lesser of the average over a period of thirty-six months and the average over a period of

twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated;

(4) for other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in Paragraph (2) of this subsection, with guarantee duration of ten years or less, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated;

(5) for other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated;

(6) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except as stated in Paragraph (2) of this subsection, the average over a period of twelve months, ending on June 30 of the calendar year of the change in the fund, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated; and

(7) in the event that the national association of insurance commissioners determines that the monthly average of the composite yield on seasoned corporate bonds, as published by Moody's investors service, incorporated is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the national association of insurance commissioners and approved by regulation promulgated by the superintendent may be substituted.

E. The reserve valuation method shall be defined as follows:

(1) Except as otherwise provided in this paragraph and Paragraph (2) of this subsection, reserves according to the national association of insurance commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of Subparagraph (a) over Subparagraph (b) of this paragraph, as follows:

(a) a net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age of one year higher than the age at issue of such policy; and

(b) a net one-year term premium for such benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after January 1, 1985 for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in Subparagraph (e) of this paragraph, be the greater of the reserve as of such policy anniversary calculated as described previously in this paragraph and the reserve as of such policy anniversary calculated as previously described in this paragraph, but with: the value defined in Subparagraph (a) of this paragraph being reduced by fifteen percent of the amount of such excess first year premium; all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date; the policy being assumed to mature on such date as an endowment; and the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in Paragraphs (1), (3), (4) and (5) of Subsection B of this section and in Subsections C and D of this section shall be used.

Reserves according to the commissioners reserve valuation method for: 1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums; 2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended; 3) disability and accidental death benefits in all policies and contracts; and 4) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of this paragraph, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums;

(c) in no event shall an insurer's aggregate reserves for all life insurance policies excluding disability and accidental death benefits, be less than the aggregate reserves calculated in accordance with the methods set forth in this paragraph and Paragraph (2) of this subsection and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies;

(d) reserves for any category of policies, contracts or benefits as established by the superintendent, may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

Any such insurer which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the superintendent, adopt any lower standard of valuation, but not lower than the minimum herein provided; but, for the purpose of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by Section 59A-8-7 NMSA 1978 shall not be deemed to be the adoption of a higher standard of valuation;

(e) if in any contract year the gross premium charged by any insurer on any policy or contract is less than the valuation net premium for the policy or contract calculated by the method used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this paragraph are those standards stated in Paragraphs (1), (3), (4) and (5) of Subsection B of this section.

Provided that for any life insurance policy issued on or after January 1, 1985 for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of Subparagraph (e) of this paragraph shall be applied as if the method actually used in calculating the reserve for such policy were the method previously described in this paragraph ignoring the unnumbered paragraph immediately following Subparagraph (b) of this paragraph. The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with the method previously described in this paragraph, including the unnumbered paragraph

immediately following Subparagraph (b), and the minimum reserve calculated in accordance with Subparagraph (e), of this paragraph; and

(f) in the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurer based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in Paragraphs (1) and (2) of this subsection, the reserves which are held under any such plan must: 1) be appropriate in relation to the benefits and the pattern of premiums for that plan; and 2) be computed by a method which is consistent with the principles of this standard valuation law, as determined by regulations promulgated by the superintendent.

(2) This paragraph shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended.

Reserves according to the commissioners annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

59A-8-6. Annual valuation; reserves.

A. The superintendent shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurer authorized to do business in this state, except that as to an alien insurer the valuation shall be limited to its United States business. The superintendent may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest and methods (net level premium method or other) used in calculation of such reserves.

B. In calculating such reserves the superintendent may use group methods and approximate averages for fractions of a year or otherwise. In lieu of valuation of reserves herein required of a foreign or alien insurer, the superintendent may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the superintendent when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

C. The insurer may increase the standards of mortality in particular cases of invalid lives and other extra hazards.

D. For all health insurance policies the insurer shall maintain an active life reserve which shall place a sound value on its liabilities under such policies and be not less than the reserve according to appropriate standards set forth in regulations issued by the

superintendent and in no event less in the aggregate than the pro rata gross unearned premiums for such policies.

E. In no event shall the aggregate reserves for all policies [policies], contracts and benefits be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required by Section 59A-8-7 NMSA 1978.

59A-8-7. Actuarial opinion of reserves.

A. This section shall become operative on January 1, 1995 for calendar years 1994 and thereafter.

B. Every life insurer doing business in this state shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the superintendent by regulation are computed appropriately, are based on assumptions which satisfy contractual provisions, are consistent with prior reported amounts and comply with applicable laws of this state. The superintendent by regulation shall define the specifics of this opinion and add any other items deemed to be necessary to its scope.

C. Every life insurer, except as exempted by or pursuant to regulation, shall also annually include in the opinion required by Subsection B of this section, an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the superintendent by regulation, when considered in light of the assets held by the insurer with respect to the reserves and related actuarial items, including but not limited to the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the insurer's obligations under the policies and contracts, including but not limited to the benefits under and expenses associated with the policies and contracts. The superintendent may provide by regulation for a transition period for establishing any higher reserves which the qualified actuary may deem necessary in order to render the opinion required by this section.

D. Every opinion required by Subsection C of this section shall be governed by the following provisions:

(1) a memorandum, in form and substance acceptable to the superintendent as specified by regulation, shall be prepared to support each actuarial opinion; and

(2) if the insurer fails to provide a supporting memorandum at the request of the superintendent [sic] determines that the supporting memorandum provided by the insurer fails to meet the standards prescribed by the regulations or is otherwise unacceptable to the superintendent, the superintendent may engage a qualified actuary at the expense of the insurer to review the opinion and the basis for the opinion and prepare such supporting memorandum as is required by the superintendent.

E. Every opinion required by this section shall be governed by the following provisions:

(1) the opinion shall be submitted with the annual statement reflecting the valuation of such reserve liabilities for each year ending on or after December 31, 1994;

(2) the opinion shall apply to all business in force, including individual and group health insurance plans in form and substance acceptable to the superintendent as specified by regulation;

(3) the opinion shall be based on standards adopted from time to time by the actuarial standards board and on such additional standards as the superintendent may by regulation prescribe;

(4) in the case of an opinion required to be submitted by a foreign or alien insurer, the superintendent may accept the opinion filed by that insurer with the insurance supervisory official of another state if the superintendent determines that the opinion reasonably meets the requirements applicable to an insurer domiciled in this state;

(5) for the purposes of this section, "qualified actuary" means a member in good standing of the American academy of actuaries who meets the requirements set forth in such regulations;

(6) except in cases of fraud or willful misconduct, the qualified actuary shall not be liable for damages to any person, other than the insurer and the superintendent, for any act, error, omission, decision or conduct with respect to the actuary's opinion;

(7) disciplinary action by the superintendent against the insurer or the qualified actuary shall be defined in regulations by the superintendent; and

(8) any memorandum in support of the opinion, and any other material provided by the insurer to the superintendent in connection therewith, shall be kept confidential by the superintendent and shall not be made public and shall not be subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this section or by regulations promulgated hereunder; provided, however, that the memorandum or other material may otherwise be released by the superintendent, with the written consent of the insurer, or to the American

academy of actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the superintendent for preserving the confidentiality of the memorandum or other material. Once any portion of the confidential memorandum is cited by the insurer in its marketing or is cited before any governmental agency other than a state insurance department or is released by the insurer to the news media, all portions of the confidential memorandum shall be no longer confidential.

computing or approving such reserves the superintendent may estimate any portion which it is not practicable to compute accurately for [due to] failure to receive notice or otherwise.

B. Whenever the loss and loss expense experience of an insurer shows that its loss reserves, however calculated, are inadequate, the superintendent may require the insurer to maintain additional reserves.

History: Laws 1984, ch. 127, § 125.

59A-8-9. Unearned premium reserve, casualty, vehicle, property, marine and surety insurances.

59A-8-10. Unearned premium reserve, marine and transportation insurance.

At end of each calendar year following the year in which the guaranty or policy was issued the insurer may reduce the sum so reserved by five percent thereof.

B. The sums so reserved initially, or maintained thereafter, in accordance with the above provisions shall be considered unearned portions of the gross risk premiums on such guaranties or policies and shall be shown as a liability of the insurer in determining its financial condition.

C. If a title insurer on withdrawing from the title insurance business in this state desires to reinsure with another title insurer all its title guaranties or policies in this state, the superintendent may require the reinsurer to increase its unearned premium reserve by an amount not greater than the unearned premium reserve required of the withdrawing insurer as to the guaranties and policies so reinsured.

D. The term "gross risk premium" as used in this action [section] shall not include charges for abstracting, record searching, escrow and closing services and other related services which may be provided by the insurer, or costs and expenses of examinations of title, or premiums paid for reinsurance.

B. The purchase price shall in no event be taken at a higher figure than actual market value at time of purchase, plus incidental costs of acquisition of the securities.

C. No such security shall be carried at above the call price for the entire issue during any period within which the security may be so called, and premiums paid at purchase shall be amortized by the scientific method to the first call date at which the entire issue may be redeemed.

59A-9-3. General qualifications.

A. No security or investment (other than real and personal property acquired under Section 59A-9-21 NMSA 1978) shall be eligible for acquisition by an insurer unless it is interest bearing or interest accruing or by its character entitled to dividends when declared and paid, or has other income-earning entitlement, is not then in default in any respect, and the insurer is entitled to receive for its exclusive account and benefit the interest or income accruing thereon.

B. No security or investment shall be eligible for purchase at a price above its fair market value.

C. No provision of Chapter 59A, Article 9 NMSA 1978 shall prohibit acquisition by an insurer of other or additional securities or property if received as a dividend or lawful distribution of assets, or upon a debt or judgment, or under a lawful and bona fide agreement of bulk reinsurance, merger, or consolidation. D. Notwithstanding any other provision of law, a domestic insurance company may deposit or arrange for the deposit of securities held in or purchased for its general account and its separate accounts in a clearing corporation or the federal reserve book-entry system. When securities are deposited with a clearing corporation, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such clearing corporation with any other securities deposited with such clearing corporation by any person, regardless of the ownership of such securities, and certificates representing securities of small denominations may be merged into one or more certificates of larger denominations. The records of any member bank through which an insurance company holds securities in the federal reserve book-entry system, and the records of any custodian banks through which an insurance company holds securities in a clearing corporation, shall at all times show that such securities are held for such insurance company and for which accounts thereof. Ownership of, and other interests in, such securities may be transferred by bookkeeping entry on the books of such clearing corporation or in the federal reserve book-entry system without, in either case, physical delivery of certificates representing such securities. The superintendent of insurance is authorized to promulgate rules and regulations governing the deposit by insurance companies of securities with clearing corporations and in the federal reserve book-entry system.

(1) "Clearing corporation" means a corporation as defined in Section 55-8-102 NMSA 1978, except that with respect to securities issued by institutions organized or existing under the laws of any foreign country or securities used to meet the deposit requirements pursuant to the laws of a foreign country as a condition of doing business therein, "clearing corporation" may include a corporation which is organized or existing

under the laws of any foreign country and is legally qualified under such laws to effect transactions in securities by computerized book-entry.

(2) "Direct participant" means a bank or trust company or other institution which maintains an account in its name in a clearing corporation and through which an insurance company participates in a clearing corporation.

(3) "Federal Reserve book-entry system" means the computerized systems sponsored by the United States department of the treasury and certain agencies and instrumentalities of the United States government and such agencies and instrumentalities, respectively, in federal reserve banks through banks which are members of the federal reserve system or which otherwise have access to such computerized systems.

The minutes of any such committee shall be recorded and a report submitted to the board of directors or such other appropriate governing body, at the next meeting thereof.

B. The insurer shall maintain a full record of each investment showing, among other pertinent information, the name of any officer, director or principal stockholder or security holder of the insurer having any direct, indirect or contingent interest in the securities, loan or property constituting the investment, or in the person in whose behalf the investment is made, and the nature of such interest.

For purposes of this provision a corporation or other lawful entity together with its subsidiaries and affiliates shall constitute one person;

If the issuing corporation has not been in legal existence for the whole of such five (5) years but was formed as a consolidation or merger of two or more businesses of which at least one was in operation on a date five (5) years prior to the investment, the test of eligibility of the common stock under this section shall be based upon consolidated pro forma statements of the predecessor or constituent [constituent] institutions.

B. An insurer shall not at any time have invested in preferred or guaranteed stocks or common stocks an aggregate of more than ten percent of its assets if a life insurer, or thirty-five percent of its assets if transacting kinds of insurance other than life insurance.

History: Laws 1984, ch. 127, § 143.

B. With the superintendent's advance written consent an insurer may acquire and hold controlling interest in or all outstanding voting stock of another such insurer. The superintendent shall not consent to any such acquisition if he finds it not in the best interests of the insurers involved, or of their respective policyholders or stockholders, or that the acquisition would materially tend to lessen competition or to result in any monopoly in the insurance business in this state.

C. Stock so acquired shall be included with other stock investments for the purpose of the limit of aggregate investments stated in Subsection B of Section 143 of this article.

History: Laws 1984, ch. 127, § 144.

A. An insurer either by itself or in cooperation with one or more other business entities, may organize or acquire one or more subsidiaries engaged or to be engaged in any of the following businesses:

- (2) acting as insurance broker or insurance agent for its parent or for any of its parent's insurer subsidiaries;
- (3) investing, reinvesting or trading in securities for its own account, that of its parent, any subsidiary of its parent or any affiliate or subsidiary;
- (4) management of any investment company registered pursuant to the Investment Company Act of 1940, as amended, including related sales and services;
- (5) acting as a broker-dealer registered pursuant to the Securities Exchange Act of 1934, as amended;
- (6) rendering investment advice to governments, government agencies, corporations or other organizations or groups;

B. In addition to investments in common stock, preferred stock, debt obligations and other securities permitted under all other sections of this article an insurer may also:

- (1) invest, in common stock, preferred stock, debt obligations and other securities of one or more subsidiaries, amounts which unless otherwise approved by the superintendent do not exceed the lesser of five percent of such insurer's assets or fifty percent of such insurer's surplus as regards policyholders, if after such investments the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's

outstanding liabilities and adequate to its financial needs. In calculating the amount of such investments, there shall be included:

(a) total net money or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of such subsidiary, whether or not represented by the purchase of capital stock or the issuance of other securities; and

(b) all amounts expended in acquiring additional common stock, preferred stock, debt obligations and other securities and all contributions to the capital and surplus of a subsidiary subsequent to its acquisition or formation;

(2) if the insurer's total liabilities, as calculated for annual statement purposes, are less than ten percent of assets, invest any amount in common stock, preferred stock, debt obligations and other securities of one or more subsidiaries, if after such investment the insurer's surplus as regards policyholders, considering such investment as if it were a disallowed asset, will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(3) invest any amount in common stock, preferred stock, debt obligations and other securities of one or more subsidiaries, if each such subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in Paragraph (1) of this subsection or in this article, applicable to the insurer. For the purpose of this paragraph "the total investment of the insurer" shall include:

(a) any direct investment by the insurer in an asset; and

(b) the insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of such subsidiary;

(4) with the approval of the superintendent, invest any amount in common stock, preferred stock, debt obligations or other securities of one or more subsidiaries, if after such investment the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs; and

(5) invest any amount in the common stock, preferred stock, debt obligations or other securities of any subsidiary exclusively engaged in holding title to, or holding title to and managing or developing, real or personal property, if after considering as a disallowed asset so much of the investment as is represented by subsidiary assets which if held directly by the insurer would be considered as a disallowed asset, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, and if following such investment, all voting securities of such subsidiary would be owned by the insurer.

C. Investments in common stock, preferred stock, debt obligations or other securities of subsidiaries made pursuant to Subsection B of this section shall not be subject to any of the otherwise applicable restrictions or prohibitions contained in this article applicable to such investments of the insurer.

D. Whether any investment made pursuant to Subsection B of this section meets the applicable requirements thereof is to be determined immediately after such investment is made, taking into account the then outstanding balance on all previous investments in debt obligations, and the value of all previous equity securities as of the date they were made.

E. If an insurer ceases to control a subsidiary, it shall dispose of any investment therein, made pursuant to this section, within three (3) years from time of the cessation of control or within such further time as the superintendent may prescribe, unless at any time after such investment shall have been made, such investments shall have met the requirements for investment under any other section of this article, and the insurer has notified the superintendent thereof.

B. The trustee shall keep the trustee assets separate from its other assets, and shall maintain a record thereof sufficient to identify the trustee assets at all times.

C. The trustee shall from time to time file with the superintendent its statement, in such form as the superintendent may designate or approve, certifying the character of the assets and the amounts and market value thereof. If the trustee fails to file the statement within a reasonable time after request therefor by the superintendent, the superintendent shall revoke the insurer's certificate of authority and immediately give written notice of such revocation to each other state in which, known to the superintendent, the insurer is transacting insurance business as either an authorized insurer or surplus line insurer.

59A-10-16. Withdrawal of assets.

A. The trust agreement of such an alien insurer shall provide in substance that no withdrawal of trustee assets shall be made by the insurer or permitted by the trustee without written authorization or approval of the superintendent in advance thereof, except as follows:

(1) any or all income, earnings, dividends or interest accumulations of the trustee assets may be paid over to the insurer's United States manager upon the insurer's written request; or

(2) for substitution, coincidentally with such withdrawal, of other eligible assets of value at least equal to that of assets being withdrawn, if the withdrawal is requested in writing by the insurer's United States manager under general or specific written authority from the insurer's board of directors or other similar governing body and a certified copy of such authority is filed with the trustee; or

(3) for the purpose of making deposits required by law in any state in which the insurer is or thereafter becomes an authorized insurer, for protection of its policyholders or policyholders and creditors in such state or in the United States, if such withdrawal does not reduce the insurer's deposit in this state below the minimum deposit required under Section 87 [59A-5-20 NMSA 1978] of the Insurance Code. The trustee shall transfer any assets so withdrawn and in amount so required to be deposited in the other state directly to the depository required to receive the deposit in the other state, as certified in writing by the public officer having supervision of insurance in that state; or

(4) for the purpose of transferring the trustee assets to an official conservator, rehabilitator or liquidator under order of a court of competent jurisdiction.

B. The superintendent shall so authorize or approve withdrawal of only such assets as are in excess of the amount required to be held in trust under Section 87 of the Insurance Code, or as may otherwise be consistent with the provisions of Sections 171 through 179 [59A-10-11 to 59A-10-19 NMSA 1978] of this article.

C. If the insurer is no longer authorized to transact insurance under certificate of authority in any state, upon proof satisfactory to the superintendent that all of the insurer's liabilities arising out of its insurance transactions in the United States have been assumed by another insurer in such manner as to provide reasonable protection with respect thereto to the United States policyholders or policyholders and creditors of

the withdrawing insurer, or such liabilities have otherwise terminated as to the withdrawing insurer, the superintendent shall authorize release of, and the trustee shall release, the trustee assets to the withdrawing insurer or its successor in interest, or so much of such trustee assets as the superintendent finds no longer reasonably required for protection of such policyholders or policyholders and creditors.

D. If the insurer becomes insolvent, or if its assets held in the United States are less than the sum of its liabilities in the United States arising from its insurance transactions therein and the amount of the required deposit, upon determination thereof the superintendent shall in writing order the trustee to suspend the right of the insurer or any other person to withdraw assets as authorized under Paragraphs (1), (2) and (3) of Subsection A of this section, and the trustee shall comply with such order until the superintendent's further order.

Compiler's note. - The annotations appearing below were abstracted from attorney general opinions and court decisions decided under former 59-11-1 NMSA 1978 which required any person, partnership or corporation transacting any business of insurance to have a license.

Intent of legislature was to prohibit unlicensed sale of insurance within the state regardless of the means used to make such sales. 1969 Op. Att'y Gen. No. 69-7.

Section applies to insurance companies "transacting any business of insurance." State v. Loveless, 39 N.M. 142, 42 P.2d 211 (1935).

business without a license was erroneous, where he was only charged with having solicited and written insurance. *State v. Loveless*, 39 N.M. 142, 42 P.2d 211 (1935).

License of officer insufficient. - Before either a partnership or corporation may engage in the insurance business it must be licensed to do so, it being insufficient that an officer of the partnership or corporation is licensed. 1943-44 Op. Att'y Gen. No. 4514.

Bail bondsman. - An unlicensed individual who advertised himself as a bail bondsman and placed cash deposits in lieu of bail for accused persons was guilty of a violation of former 59-11-1 NMSA 1978. 1969 Op. Att'y Gen. No. 69-93.

Sale to military posts. - Insurance agents who sold insurance only in army posts and military reservations were not required to secure licenses under former 59-11-1 NMSA 1978. 1937-38 Op. Att'y Gen. No. 208.

B. A license shall be deemed used or to be used for writing of such controlled business if the superintendent finds that in any calendar year commissions or other compensation earned with respect to such business exceeded, or probably would exceed, fifty percent of all commissions and compensation earned, or probably to be earned, in such calendar year as to all business written or likely to be written under the license during the same such year.

History: Laws 1984, ch. 127, § 209.

59A-12-10. Licensing prohibited as to lending institution, public utility or credit union; definitions and exceptions.

A. No lending institution, public utility, credit union or holding company subsidiary or affiliate of any of the foregoing may directly or indirectly be licensed to sell insurance or act as a broker for insurance in this state, except that a lending institution or a holding company, subsidiary or affiliate of a lending institution may be licensed:

(1) to sell credit life, health and accident insurance, lienholders collateral protection insurance and mortgage guaranty insurance in accordance with regulations promulgated by the superintendent;

(2) to sell any insurance, where the lending institution is a state or national bank, in communities the population of which does not exceed five thousand inhabitants as shown by the last preceding decennial census, in accordance with regulations promulgated by the superintendent; and

(3) to sell annuities to the extent authorized by federal and state bank regulators. Nothing in this paragraph shall affect the rights and obligations of nationally chartered financial institutions.

B. The superintendent may promulgate regulations to effectuate the purposes of this section, which are to help maintain the separation between lending institutions, public utilities, credit unions or holding companies and the insurance business and to minimize the possibilities of unfair competitive practices by lending institutions, public utilities, credit unions and holding companies in the sale of insurance.

C. For the purpose of this section, the following definitions shall apply:

(1) "lending institution" means any institution whose primary business is accepting deposits and lending money from a place of business in the state, including banks, savings and loan associations and credit unions, but does not include insurance companies;

(2) the terms "holding company", "subsidiary", "affiliate" and related terms shall be defined according to regulations promulgated by the superintendent, except that "bank holding company" shall mean and include the definition of such term in Section 2 of the federal Bank Holding Act of 1956, as amended;

(4) "credit life, health and accident insurance" means insurance on the life and health of a borrower from a lending institution to secure the repayment of the amount borrowed in accordance with regulations promulgated by the superintendent; and

(5) "lienholders collateral protection insurance" means insurance on the personal property of a borrower from a lending institution to secure the repayment of the amount borrowed in accordance with regulations promulgated by the superintendent.

D. Nothing contained in this section shall apply to any lending institution, public utility, credit union or holding company subsidiary or affiliate of the foregoing or any director, officer or employee thereof if, on May 1, 1979, such lending institution, public utility, credit union or holding company subsidiary or affiliate of the foregoing or any director, officer or employee thereof was licensed to operate and was conducting an insurance agency business in conformity with all federal and state laws applicable thereto. Except as otherwise provided in applicable federal bankruptcy law, 11 USC Section 101 et seq., this authority to operate and conduct an insurance agency business continues only so long as there is continuous and ongoing operation of the insurance agency business. No entity subject to the provisions of this subsection shall be licensed to operate an insurance agency business if the insurance agency business is not operated continuously or if either the insurance agency business or other business of the entity is sold, goes into receivership or conservatorship or is taken over by a state or federal regulatory entity, agency or department by reason of insolvency or any other reason necessitating federal or state intervention.

E. No person licensed to sell insurance in this state shall be prohibited from serving as a director, officer or employee of a lending institution, public utility, credit union or holding company subsidiary or affiliate of the foregoing if he conducts his insurance activities free of ownership or control of the lending institution, public utility, credit union or holding company subsidiary or affiliate of the foregoing and the lending institution, public utility, credit union or holding company subsidiary or affiliate of the foregoing does not participate directly in the earnings from his insurance activities.

F. A lending institution may take a security interest in the expirations of an insurance agent and upon default may acquire such assets. During the period the lending institution holds the expirations of an insurance agent by default, the lending institution may have an officer or employee licensed to continue operations, but must dispose of any insurance agency operations within one year of acquisition unless this period is extended by the superintendent upon a showing of hardship.

59A-12C-3. Applicability.

The Broker Controlled Insurer Law [this article] shall apply to authorized insurers either domiciled in this state or domiciled in a state that is not an accredited state having in effect a substantially similar law. All provisions of The Insurance Holding Company Law [59A-37-1 to 59A-37-28 NMSA 1978], to the extent they are not superseded by the Broker Controlled Insurer Law, shall continue to apply to all parties within holding company systems subject to this article.

History: 1978 Comp., § 59A-12C-3, enacted by Laws 1993, ch. 320, § 37.

59A-12C-4. Minimum standards.

A. The provisions of this section shall apply if, in any calendar year, the aggregate amount of gross written premium on business placed with a controlled insurer by a controlling broker is equal to or greater than five percent of the admitted assets of the controlled insurer, as reported in the controlled insurers' quarterly statement filed as of September 30 of the prior year.

B. The provisions of this section shall not apply if:

(1) the controlling broker:

(a) places insurance only with the controlled insurer, or only with the controlled insurer and a member or members of the controlled insurer's holding company system, or the controlled insurer's parent, affiliate or subsidiary and receives no compensation based upon the amount of premiums written in connection with such insurance; and

(b) accepts insurance placements only from non-affiliated subbrokers, and not directly from insureds; and

(2) the controlled insurer, except for insurance business written through a residual market facility, accepts insurance business only from a controlling broker, a broker controlled by the controlled insurer or a broker that is a subsidiary of the controlled insurer.

C. A controlled insurer shall not accept business from a controlling broker and a controlling broker shall not place business with a controlled insurer unless there is a written contract between the controlling broker and the insurer specifying the responsibilities of each party, which contract has been approved by the board of directors of the insurer and contains the following minimum provisions:

(1) the controlled insurer may terminate the contract for cause, upon written notice to the controlling broker. The controlled insurer shall suspend the authority of the controlling broker to write business during the pendency of any dispute regarding the cause for the termination;

(2) the controlling broker shall render accounts to the controlled insurer detailing all material transactions, including information necessary to support all commissions, charges and other fees received by, or owing to, the controlling broker;

(3) the controlling broker shall remit all funds due under the terms of the contract to the controlled insurer on at least a monthly basis. The due date shall be fixed so that premiums or installments thereof collected shall be remitted no later than ninety days

after the effective date of any public [sic] placed with the controlled insurer under this contract;

(4) all funds collected for the controlled insurer's account shall be held by the controlling broker in a fiduciary capacity, in one or more appropriately identified bank accounts in banks that are members of the federal reserve system, in accordance with the provisions of the insurance law as applicable. However, funds of a controlling broker not required to be licensed in this state shall be maintained in compliance with the requirements of the controlling broker's domiciliary jurisdiction;

(5) the controlling broker shall maintain separately identifiable records of business written for the controlled insurer;

(6) the contract shall not be assigned in whole or in part by the controlling broker;

(7) the controlled insurer shall provide the controlling broker with its underwriting standards, rules and procedures, manuals setting forth the rates to be charged and the conditions for the acceptance or rejection of risks. The controlling broker shall adhere to the standards, rules, procedures, rates and conditions. The standards, rules, procedures, rates and conditions shall be the same as those applicable to comparable business placed with the controlled insurer by a broker other than the controlling broker;

(8) the rates and terms of the controlling broker's commissions, charges or other fees and the purposes for those charges or fees. The rates of the commissions, charges and other fees shall be no greater than those applicable to comparable business placed with the controlled insurer by brokers other than controlling brokers. For purposes of this paragraph and Paragraph (7) of this subsection, examples of "comparable business" include the same lines of insurance, same kinds of insurance, same kinds of risk, similar policy limits and similar quality of business;

(9) if the contract provides that the controlling broker, on insurance business placed with the insurer, is to be compensated contingent upon the insurer's profits on that business, then such compensation shall not be determined and paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other insurance. In no event shall the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified pursuant to Paragraph (1) of Subsection E of this section;

(10) a limit shall be placed on the controlling broker's writings in relation to the controlled insurer's surplus and total writings. The insurer may establish a different limit for each line or sub-line of business. The controlled insurer shall notify the controlling broker when the applicable limit is approached and shall not accept business from the controlling broker if the limit is reached. The controlling broker shall not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached; and

(11) the controlling broker may negotiate but shall not bind reinsurance on behalf of the controlled insurer on business the controlling broker places with the controlled insurer, except that the controlling broker may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines, including, for both reinsurance assumed and ceded, a list of reinsures with which such automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured and commission schedules.

D. Every controlled insurer shall have an audit committee of the board of directors composed of independent directors. The audit committee shall annually meet with management, the insurer's independent certified public accountants and an independent casualty actuary or other independent loss reserve specialist acceptable to the superintendent to review the adequacy of the insurer's loss reserves.

E. Controlled insurers shall be subject to the following reporting requirements:

(1) in addition to any other required loss reserve certification, the controlled insurer shall annually, on April 1 of each year, file with the superintendent an opinion of an independent casualty actuary, or such other independent loss reserve specialist acceptable to the superintendent, reporting loss ratios for each line of business written and attesting to the adequacy of loss reserves established for losses incurred and outstanding as of year-end, including incurred but not reported, on business placed by the broker; and

(2) the controlled insurer shall annually report to the superintendent the amount of commissions paid to the broker, the percentage such amount represents of the net premiums written and comparable amounts and percentage paid to noncontrolling brokers for placements of the same kinds of insurance.

Miscommunication may result in coverage despite exclusion. - Since the surplus lines insurer authorized a surplus lines broker to issue insurance, the insurer must assume responsibility for inadequate insurance coverage resulting from miscommunications made between intermediaries during the process of selling insurance to the insured. Since the insured initially sought coverage for a particular injury, the insured's damages are covered under the policy notwithstanding an exclusion for that particular injury. *Barth v. Coleman*, 118 N.M. 1, 878 P.2d 319 (1994).

A. No person shall export insurance except as authorized by and in accordance with Chapter 59A, Article 14 NMSA 1978.

B. No surplus lines broker shall transact any surplus lines insurance with any insurer other than an eligible surplus lines insurer.

C. To qualify as an eligible surplus lines insurer, an unauthorized foreign insurer shall file information demonstrating to the superintendent's satisfaction that:

(1) the insurer, its officers, owners, key employees and all persons exercising management or control of the insurer are of good repute and financial integrity; and

(2) the insurer qualifies under one of the following subparagraphs:

(a) the insurer shall have capital and surplus, or their equivalent, that equals fifteen million dollars (\$15,000,000); provided that unauthorized insurers on the New Mexico

list of eligible surplus lines insurers as of the effective date of this section that do not meet the foregoing requirements shall have capital and surplus of ten million dollars (\$10,000,000) by December 31, 1991, twelve million five hundred thousand dollars (\$12,500,000) by December 31, 1992 and fifteen million dollars (\$15,000,000) by December 31, 1993;

(b) the requirements of Subparagraph (a) of this paragraph may be satisfied by an insurer possessing less than the capital and surplus upon an affirmative finding of acceptability by the superintendent. The finding shall be based upon such factors as quality of management, capital and surplus of any parent company, company underwriting profit and investment income trends and company record and reputation within the industry. In no event shall the superintendent make an affirmative finding of acceptability when the surplus lines insurer's capital and surplus is less than four million five hundred thousand dollars (\$4,500,000); or

(c) an "insurance exchange", which is an association of syndicates or insurers created by the laws of individual states, shall maintain capital and surplus, or the equivalent thereof, of not less than fifty million dollars (\$50,000,000) in the aggregate. For insurance exchanges that maintain funds for the protection of all insurance exchange policyholders, each individual syndicate shall maintain minimum capital and surplus, or the equivalent thereof, of not less than five million dollars (\$5,000,000). In the event the insurance exchange does not maintain funds for the protection of all insurance exchange policyholders, each individual syndicate shall meet the minimum capital and surplus requirements of Subparagraph (a) of this paragraph.

D. In addition to meeting the requirements of Subsection C of this section, an alien insurer shall have in force and on deposit in the United States in a qualified United States financial institution an irrevocable trust account for the exclusive benefit of United States policyholders of not less than two million five hundred thousand dollars (\$2,500,000), or any higher amount the superintendent may establish by regulation, consisting exclusively of cash, securities, letters of credit and of investments of the same character and quality, and subject to the same limitations as to percentage of assets that may be invested in each class of assets, as constitute eligible investments for the capital, surplus and statutory reserves of authorized insurers authorized to write like kinds of insurance in this state. Such trust fund, which shall be included in any calculation of capital and surplus or its equivalent, shall have an expiration date that at no time shall be less than five years from the last date on which the insurer accepts surplus lines insurance subject to Chapter 59A, Article 14 NMSA 1978.

E. A Lloyds plan or other similar groups that include incorporated and individual unincorporated insurers, shall maintain a trust fund of not less than fifty million dollars (\$50,000,000) as security to the full amount thereof for all policyholders and creditors in the United States of each member of the group, and such trust shall likewise comply with the terms and conditions established for alien insurers in Subsection D of this section; provided, that the incorporated members of the group shall not engage in any business other than underwriting as a member of the group and shall be subject to the

same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members of the group.

F. In addition to meeting the requirements in Subsections C through E of this section, an unauthorized insurer shall be qualified as an eligible surplus lines insurer only if:

(1) the superintendent has determined that the insurer meets the requirements of Chapter 59A, Article 14 NMSA 1978 and has placed the insurer on the most recent list of eligible surplus lines insurers published by the superintendent; and

(2) as to an alien insurer, the insurer appears on the most recent list of alien insurers published by the non-admitted insurers information office of the national association of insurance commissioners or its substantial equivalent as determined by the superintendent.

G. In order to appear on the list of eligible surplus lines insurers, an unauthorized insurer shall provide to the superintendent a copy of its most current annual statement certified and sworn to by the insurer. The statement shall be provided at the same time it is provided to the insurer's domicile, but in no event more than nine months after the close of the period reported upon, and shall be either:

(1) filed with and approved by the regulatory authority in the insurer's domicile; or

(2) certified as correct and in accordance with applicable accounting principles by a public accounting firm licensed in the insurer's domicile.

In the case of an insurance exchange, the statement may be an aggregate combined statement of all underwriting syndicates operating during the period reported.

H. Nothing in this section shall create any duty of the superintendent to place or maintain any unauthorized insurer on the list of eligible surplus lines insurers. The superintendent in his discretion may refuse to list or continue to list an insurer for any reason even if the insurer otherwise meets the requirements of this section. No such listing shall be deemed to constitute or evidence the superintendent's approval or guaranty as to the financial condition or business practices of the insurer, and no insurer or other person shall allege orally or in writing that any such listing constitutes or implies the superintendent's approval.

I. The superintendent may adopt rules and regulations fixing reasonable conditions to be met by insurers for such listing, including but not limited to the requirement of a special deposit pursuant to Section 59A-5-19 NMSA 1978. For good cause shown, the superintendent may in writing waive the requirements of this section to permit insurance to be placed as to a particular risk and insurer if the insurance is not otherwise reasonably obtainable.

If the superintendent believes that the solvency of any surety on such a bond has become impaired or doubtful, he shall give written notice thereof to the surplus line broker; and unless within ten (10) days after receipt of such notice the solvency of the surety is proved to the superintendent's satisfaction, or a new bond acceptable to the superintendent is substituted, the superintendent shall revoke the surplus line broker's license.

C. The bond shall remain in force for so long as there may be outstanding any liability of the surplus line broker as to transactions under the license; subject, however, to the right of the surety to terminate a bond, without prejudice to its liability as to matters accrued or occurring [occurring] prior thereto, by written notice to the superintendent and the licensee not less than thirty (30) days prior to the effective date of such termination. Prior to such effective date the licensee shall have delivered to the superintendent a new such bond to replace that being terminated, and upon failure thereof the superintendent shall forthwith revoke the license.

D. In lieu of surety bond the licensee may deposit with the state treasurer through the superintendent a like amount in cash or securities eligible for deposit under Section 163 [59A-10-3 NMSA 1978] of the Insurance Code to be so held for the same purposes as the bond otherwise required.

ANNOTATIONS

Repeals and reenactments. - Laws 1991, ch. 125, § 18 repeals former 59A-14-14 NMSA 1978, as enacted by Laws 1984, ch. 127, § 252, relating to evidence of insurance, changes, and penalties, and enacts the above section, effective April 3, 1991. For provisions of former section, see 1988 Replacement Pamphlet.

Miscommunication may result in coverage despite exclusion. - Since the surplus lines insurer authorized a surplus lines broker to issue insurance, the insurer must assume responsibility for inadequate insurance coverage resulting from miscommunications made between intermediaries during the process of selling insurance to the insured. Since the insured initially sought coverage for a particular injury, the insured's damages are covered under the policy notwithstanding an exclusion for that particular injury. *Barth v. Coleman*, 118 N.M. 1, 878 P.2d 319 (1994).

59A-14-15. Liability of insurer.

A. As to a risk assumed by an unauthorized insurer under Chapter 59A, Article 14 NMSA 1978, and if the premium thereon has been received by the producing broker or the surplus lines broker who placed the insurance, in all questions thereafter arising under the coverage between the insurer and the insured the insurer shall be deemed to have received the premium due it for the coverage; and the insurer shall be liable to the insured for losses covered by the insurance and for unearned premiums that may become payable to the insured upon cancellation of the insurance, whether or not in fact the surplus lines broker is indebted to the insurer as to the insurance or for any other cause.

B. Each unauthorized insurer assuming a surplus lines risk under Chapter 59A, Article 14 NMSA 1978 shall be deemed thereby to have subjected itself to the terms of this section.

History: Laws 1984, ch. 127, § 253; 1991, ch. 125, § 19.

ANNOTATIONS

The 1991 amendment, effective April 3, 1991, substituted "Chapter 59A, Article 14 NMSA 1978" for "this article" in Subsections A and B; in Subsection A, inserted "the producing broker or" near the beginning and substituted "lines broker" for "line broker" in two places; substituted "lines risk" for "line risk" in Subsection B; and made a minor stylistic change in Subsection A.

59A-14-16. Legal process against surplus line insurer; venue.

A. An unauthorized insurer shall be sued, upon any cause of action arising in this state under any surplus line insurance policy issued by it, in the district court of the county in which the cause of action arose.

C. Each surplus line insurer may file with the superintendent designation in writing of the name and address of the person to whom the superintendent shall forward legal process served upon him as process attorney for the insurer. The insurer may change such designation by filing a new designation with the superintendent. The surplus line broker placing surplus line insurance with an unauthorized insurer shall take reasonable steps to inform the insurer of its right to file such designation.

D. Upon receipt of such process the superintendent shall promptly mail one copy thereof, by certified or registered mail with return receipt requested, to the person currently designated by the insurer pursuant to Subsection C, above; and if no such designation has been made or is not currently in force, the process shall be so mailed addressed to the insurer at its home office last of record with the superintendent, wherever located. The insurer shall have thirty (30) days from date of service upon the superintendent within which to plead, answer or otherwise defend the action. Upon service of process upon the superintendent and mailing in accordance with this provision the court shall be deemed to have jurisdiction in personam of the insurer.

E. An unauthorized insurer issuing the policy shall be deemed thereby to have authorized service of process against it in the manner and to the effect as provided in this section. Any such policy shall contain a provision stating that service of process against it may be made upon the superintendent as in this section provided.

History: Laws 1984, ch. 127, § 254.

ARTICLE 15 UNAUTHORIZED INSURERS

59A-15-1. Purposes of article.

The purpose of this article [Chapter 59A, Article 15 NMSA 1978] is to subject certain persons and insurers to the jurisdiction of the superintendent and the courts of this state in suits by or on behalf of the state and others. The legislature declares that it is concerned with the protection of residents of this state against acts by insurers not authorized to do an insurance business in this state, by the maintenance of fair and honest insurance markets, by protecting authorized insurers which are subject to regulation from unfair competition by unauthorized insurers, and by protecting against the evasion of the insurance regulatory laws of this state. In furtherance of such state interest, the legislature provides methods in this article for substituted service of process upon such insurers in any proceeding, suit or action in any court and substituted service of any notice, order, pleading or process upon such insurers in any proceeding by the superintendent to enforce or effect full compliance with the insurance laws of this state. In so doing, the state exercises its powers to protect residents of this state and to define what constitutes transacting an insurance business in this state, and also exercises powers and privileges available to this state by virtue of Public Law 79-15, (1945), 79th Congress of the United States, Chapter 20, 1st Sess., S. 340, 59 Stat. 33; 15 U.S.C. Secs. 1011 to 1015, inclusive, as amended, which declares that the business of

insurance and every person engaged therein shall be subject to the laws of the several states.

A. Each insured who in this state procures or continues or renews insurance with a non-admitted insurer on a risk located or to be performed in whole or in part in this state, other than insurance procured through a surplus lines licensee pursuant to Article 14 [Chapter 59A, Article 14 NMSA 1978] of the Insurance Code shall, within 90 days after the date such insurance was so procured, continued or renewed, file a written report of the same with the superintendent, upon forms prescribed by him, showing the name and address of the insured or insureds, name and address of the insurer, the subject of the insurance, a general description of the coverage, the amount of premium currently charged therefor and such additional pertinent information as is reasonably requested by the superintendent.

this state. In no event, however, shall a tax be payable solely because the risk in question, or any portion thereof, is located or to be performed in this state.

D. Delinquent taxes hereunder shall bear interest at the rate of twelve percent per annum.

59A-15-5. Validity of contract not impaired; right of insurer as to court action.

Failure of an insurer transacting insurance in this state to have a certificate of authority shall not impair the validity of any act or contract of the insurer and shall not prevent the insurer from defending any action in any court in this state; but no such insurer shall be permitted to maintain an action in any court of this state to enforce any right, claim or demand arising out of any such transaction, other than as to a surplus line coverage duly written through a licensed surplus line broker of this state, until the insurer has obtained a certificate of authority.

59A-15-8. Defense of action by unauthorized insurer; bond.

A. Before any unauthorized insurer files or causes to be filed any pleading in any court action, suit or proceeding or any notice, order, pleading or process in an administrative proceeding before the superintendent instituted against such person or insurer, by service made as provided in Section 262 [59A-15-7 NMSA 1978] of this article, such insurer shall either:

(1) deposit with the clerk of the court in which such action, suit or proceeding is pending, or with the superintendent in administrative proceedings before the superintendent, cash or securities, or file with such clerk or the superintendent a bond with good and sufficient sureties, to be approved by the clerk or the superintendent, in an amount to be fixed by the court or superintendent sufficient to secure the payment of any final judgment which may be rendered in such action or administrative proceeding; or

59A-15-9. Enforcement of foreign decrees.

A. As used in this section:

(1) "foreign decree" means any decree or order in equity of a court located in a reciprocal state, including a court of the United States located therein, against any insurer incorporated or authorized to do business in this state;

(2) "qualified party" means a state regulatory agency acting in its capacity to enforce the insurance laws of its state; and

(3) "reciprocal state" means any state the laws of which contain procedures substantially similar to those specified in this section for the enforcement of decrees or orders in equity issued by courts located in other states, against any insurer incorporated or authorized to do business in such state.

B. The attorney general upon request of the superintendent may proceed in the courts of this state or any reciprocal state to enforce an order or decision in any court proceeding or in any administrative proceeding before the superintendent.

C. The superintendent shall determine which states qualify as reciprocal states and shall maintain at all times an up-to-date list of such states.

D. A copy of any foreign decree authenticated in accordance with federal statutes may be filed in the office of the clerk of any district court of this state. The clerk, upon verifying with the superintendent that the decree or order qualified as a foreign decree[,] shall treat the foreign decree in the same manner as a decree of a district court of this state. A foreign decree so filed has the same effect and shall be deemed as a decree of a district court of this state, and is subject to the same procedures, defenses and proceedings for reopening, vacating or staying as a decree of a district court of this state and may be enforced or satisfied in like manner.

E. At the time of the filing of the foreign decree, the attorney general shall make and file with the clerk of the court an affidavit setting forth the name and last-known post office address of the defendant.

Promptly upon the filing of the foreign decree and the affidavit, the clerk shall mail notice of the filing of the foreign decree to the defendant at the address given and to the superintendent and shall make a note of the mailing in the docket. In addition, the attorney general may mail a notice of the filing of the foreign decree to the defendant and to the superintendent and may file proof of mailing with the clerk. Lack of mailing notice of filing by the clerk shall not affect the enforcement proceedings if proof of mailing by the attorney general has been filed. No execution or other process for enforcement of a foreign decree filing [filed] under this section shall issue until thirty (30) days after the date the decree is filed.

F. If the defendant shows the district court:

(1) that an appeal from the foreign decree is pending or will be taken, or that a stay of execution has been granted, the court shall stay enforcement of the foreign decree until the appeal is concluded, the time for appeal expires or the stay of execution expires or is vacated upon proof that the defendant has furnished the security for the satisfaction of the decree required by the state in which it was rendered; or

No person engaged in selling real or personal property or in the business of financing the purchase of real or personal property, or of lending money on the security of real or personal property, and no trustee, director, officer, agent or other employee of any such person, shall require, as a condition precedent, concurrent or subsequent to the sale, or financing the purchase of such property, or to lending money upon the security of a mortgage thereon, or as a condition precedent, concurrent or subsequent, for the renewal or extension of any such loan or mortgage or for the performance of any other act in connection therewith, that the person purchasing such property, or for whom such purchase is to be financed, or to whom the money is to be loaned, or for whom such extension, renewal or other act is to be granted, or performed, negotiate any policy of insurance or renewal thereof covering such property through a particular insurer, agent, solicitor or broker. The lender is required to inform the buyer of his rights regarding the placing of insurance on a form prescribed by the superintendent. The buyer must signify that he has been so informed. This section shall not prevent the exercise by any person of his right to designate the terms and provisions of the policy and the amount of coverage with respect to insurance on property pledged or mortgaged to such person.

B. D. If the policy is cancelled by the insurer, the borrower must have a new policy in the hands of the lender twenty-four (24) hours prior to the effective day of the cancellation.

E. The borrower or his insurance agent must deliver a renewal policy or an annual renewal certificate to the lender at least fifteen (15) days prior to expiration or renewal of the policy in force if required by the lender.

F. When the insured wants to change insurance agents, the agent writing the renewal business must file with the lender a current letter of authority signed by the borrower. If a change of agents is involved in the renewal of the policy, the lender shall notify the agent renewing the insurance and the borrower in writing within five (5) business days after tender of renewal policy, if the renewal policy is not acceptable to the lender.

G. No person engaged in selling real or personal property or in the business of financing the purchase of real or personal property or of lending money on the security of real or personal property shall charge, either directly or indirectly to any borrower or debtor a consideration of any kind to substitute the insurance policy of one insurer of such property for that of another, or make any charge for any change in the kind, type or

H. No person engaged in the business of selling real or personal property or financing purchase or lending money on security of real or personal property shall share information received in connection with an application for credit in any such purchase or for such loan with any parent corporation, subsidiary or affiliate of such person or with any insurer, for the purpose of soliciting insurance, unless such person has written authorization to release such information executed by the purchaser or borrower subsequent to extension of credit or making of the loan.

I. In addition to other penalties provided in Section 18 [59A-1-18 NMSA 1978] (general penalty) of the Insurance Code, any lender who violates this section shall be liable in a civil action brought by any buyer, insured or insurance agent injured by the violation, or each of them, for an amount of liquidated damages equal to the amount of his actual damages as a result of coercion prohibited by this section.

B. directly or indirectly give or sell or purchase or offer or agree to give, sell, purchase, or allow as an inducement to such insurance or annuity or in connection therewith, whether or not to be specified in the policy or contract, any agreement of any form or nature promising returns and profits, or any stocks, bonds or other securities, or interest present or contingent therein or as measured thereby, of any insurer or other person, or any dividends or profits accrued or to accrue thereon.

59A-16-16. Exceptions to rebate and inducement prohibition; life, health and annuity contracts.

A. Nothing in Sections 279 or 281 [59A-16-11 or 59A-16-15 NMSA 1978] of this article shall be construed as including within the definition of discrimination or rebates any of the following practices:

(1) in the case of any contract of life insurance or life annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance, provided that any such bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interests of the insurer and its policyholders;

(2) in the case of life insurance policies issued on the industrial or debit plan, making allowance, in an amount which fairly represents [represents] the saving in collection expense, to policyholders who have continuously for a specified period made premium payments directly to an office of the insurer;

(3) readjusting the rate of premiums for a group insurance policy based on the loss or expense experience thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year;

(4) reducing the premium rate for policies of large amounts, but not exceeding savings in issuance and administration expenses reasonably attributable to such policies as compared with policies of similar plan issued in smaller amounts;

(5) reducing the premium rates for life or health insurance policies or annuity contracts on salary savings, payroll deduction, preauthorized check, bank draft or similar plans in amounts reasonably commensurate with the savings made by the use of such plans; or

(6) extending credit for the payment of any premium, and for which credit a reasonable rate of interest is charged and collected.

B. Nothing in this article shall be construed as including within the definition of securities as inducements to purchase insurance the selling or offering for sale, contemporaneously with life insurance, of mutual fund shares or face amount certificates of regulated investment companies under offerings registered with the Securities and Exchange Commission where such shares or such face amount certificates or such insurance may be purchased independently of and not contingent

upon purchase of the other, at the same price and upon similar terms and conditions as where purchased independently.

History: Laws 1984, c. 127, § 282.

59A-16-17. Unfair discrimination, rebates prohibited; other coverages.

A. No property, casualty, marine and transportation, surety, vehicle or title insurer, or nonprofit health care or prepaid dental plan or other insurance-type organization, or any employee or representative thereof, and no broker, agent, solicitor or other representative shall pay, allow or give, or offer to pay, allow or give, directly or indirectly, as an inducement to insurance or coverage, or after insurance or coverage has been effected, any rebate, discount, abatement, credit or reduction of the premium named in a policy, or any special favor or advantage in the dividends or other benefits to accrue thereon, or any valuable consideration or inducement whatever, not specified or provided for in the policy, except to the extent provided for in an applicable filing with the superintendent as provided by law.

B. No title insurer shall:

(1) pay directly or indirectly to the insured or any person acting as agent, representative, attorney or employee of the owner, lessee, mortgagee, existing or prospective, of the real property or interest therein which is the subject matter of title insurance or as to which a service is to be performed, any commission or part of its fee or charges or other consideration as inducement or compensation for the placing of any order for a title insurance policy or for performance of any escrow or other service by the issuer with respect thereto; or

(2) issue any policy or perform any service in connection with which it or any agent or other person has paid or contemplates paying any commission, rebate or inducement in violation of this section.

C. No insured named in a policy or any employee or [of] such insured shall knowingly receive or accept, directly or indirectly, any such rebate, discount, abatement, credit or reduction of premium, or any such special favor or advantage or valuable consideration or inducement.

D. No such insurer or organization shall make or permit any unfair discrimination between insureds or property having like insuring or risk characteristics, in the premium or rates charged for insurance or coverage, or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of the insurance or coverage.

E. Nothing in this section shall be construed as prohibiting the payment of commissions or other compensation to licensed agents, brokers, solicitors or other representatives; or as prohibiting the extension of credit to an insured for the payment of any premium and

for which credit a reasonable rate of interest is charged and collected; or as prohibiting any insurer from allowing or returning to its participating policyholders, members or subscribers, dividends, savings or unabsorbed premium deposits. As to title insurance, nothing in this section shall prohibit bulk rates or special rates for customers of prescribed classes if such bulk or special rates are provided for in the currently effective schedule of fees and charges of the title insurer as filed with the superintendent.

F. This section does not apply to wet marine and transportation insurance.

59A-16-18. Receipt of rebates and inducements; penalty.

Any person not a licensed agent, broker, solicitor or other representative, who at any time knowingly receives any rebate of any premium specified in any insurance policy or coverage, or any special favor or advantage of any kind or nature whatsoever not plainly designated in the policy, or receive any dividends or profits, except dividends on participating policies, or agrees to receive such dividends or profits or anything of value whatsoever not specified in the policy other than matters exempted under Sections 282 and 283 [59A-16-16 and 59A-16-17 NMSA 1978] of this article, shall upon conviction thereof be guilty of a misdemeanor punishable by a fine of not over one thousand dollars (\$1,000).

History: Laws 1984, c. 127, § 284.

ANNOTATIONS

One object of section is to prevent splitting of commissions with the insured or some friend of the prospect who may assist the agent in "bringing him through". It was not intended that any contract of insurance made in its violation should be invalid, but merely that the practice should be discouraged by a forfeiture of the license of anyone violating the statute. *Douglass v. Mutual Benefit Health & Accident Ass'n*, 42 N.M. 190, 76 P.2d 453 (1937).

Liability for payment of premium. - Since the insurance company could not have avoided liability on its policy because of a rebate illegally given to insured, neither could insured escape payment of the premium represented by the note on such grounds; to excuse him would result in his being permitted to take advantage of his own criminal act. *Southern States Life Ins. Co. v. McCauley*, 81 N.M. 114, 464 P.2d 404 (1970).

59A-16-19. Monopolistic practices prohibited.

No person shall enter into any agreement to commit, or by any concerted action commit, any act of boycott, coercion or intimidation resulting or tending to result in unreasonable restraint of, or monopoly in, the business of insurance in this state, or in the business of health care services, prepaid dental services, motor clubs or bail bondsmen.

History: Laws 1984, c. 127, § 285.

59A-16-20. Unfair claims practices defined and prohibited.

Any and all of the following practices with respect to claims, by an insurer or other person, knowingly committed or performed with such frequency as to indicate a general business practice, are defined as unfair and deceptive practices and are prohibited:

- A. misrepresenting to insureds pertinent facts or policy provisions relating to coverages at issue;
- B. failing to acknowledge and act reasonably promptly upon communications with respect to claims from insureds arising under policies;
- C. failing to adopt and implement reasonable standards for the prompt investigation and processing of insureds' claims arising under policies;
- D. failing to affirm or deny coverage of claims of insureds within a reasonable time after proof of loss requirements under the policy have been completed and submitted by the insured;
- E. not attempting in good faith to effectuate prompt, fair and equitable settlements of an insured's claims in which liability has become reasonably clear;
- F. failing to settle all catastrophic claims within a ninety-day period after the assignment of a catastrophic claim number when a catastrophic loss has been declared;
- G. compelling insureds to institute litigation to recover amounts due under policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds when such insureds have made claims for amounts reasonably similar to amounts ultimately recovered;

H. attempting to settle a claim by an insured for less than the amount to which a reasonable person would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application;

I. attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of, the insured, his representative, agent or broker;

J. failing, after payment of a claim, to inform insureds or beneficiaries, upon request by them, of the coverage under which payment has been made;

K. making known to insureds or claimants a practice of insurer of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration;

L. delaying the investigation or payment of claims by requiring an insured, claimant or the physician of either to submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information;

M. failing to settle an insured's claims promptly where liability has become apparent under one portion of the policy coverage in order to influence settlement under other portions of the policy coverage; or

N. failing to promptly provide insured a reasonable explanation of the basis relied on in the policy in relation to the facts or applicable law for denial of a claim or for the offer of a compromise settlement.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, substituted "insureds' " for "insureds" in Subsection C, added Subsection F, and redesignated former Subsections F to M as present Subsections G to N.

Refusal to defend insured upheld. - Insurer did not violate Subsection E by refusing to defend the insured in a case charging the insured with negligent touching, battery, intentional infliction of emotional distress, and negligent infliction of emotional distress, since the liability policy provided coverage for damages due to bodily injury or property damages caused by an "occurrence," which was defined as an accident, and since the plaintiff did not allege facts even tending to show an occurrence under the policy. *Sena v. 59A-16-20.1. Homeowner's casualty insurance; premium rate and policy; protection after natural disaster.

A. A homeowner's casualty insurance policy shall not be canceled or denied renewal because of a homeowner's claim made as a result of damages caused by a natural

disaster to the homeowner's private residence provided that the homeowner's policy expressly provides for such coverage.

B. The provisions of this section apply to all insurance carriers authorized under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and 59A-33-14 NMSA 1978] to transact homeowner's casualty insurance policies.

History: Laws 1993, ch. 350, § 1.

59A-16-21. Payment of claim by check or draft; failure to pay; interest.

A. An insurer shall pay claims arising under its policies with checks or drafts which are promptly paid. Without amending other statutes dealing with checks and drafts, a resident of New Mexico is granted a cause of action for ten percent of the amount of any check or draft that is not paid or lawfully rejected within ten days of forwarding by a New Mexico financial institution, but in no case to be less than five hundred dollars (\$500) plus costs of suit and attorneys' fees. The insurer shall not be required to pay such civil damages for delay if it proves that the delay in processing and payment was caused by a financial institution or postal or delivery service, and the check or draft was paid or lawfully rejected within forty-eight hours of actual receipt of the draft or check by the person on whom drawn.

B. Notwithstanding any provision of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978], any insurer issuing any policy, certificate or contract of insurance, surety, guaranty or indemnity of any kind or nature which fails for a period of forty-five days, after required proof of loss has been furnished, to pay to the person entitled the amount justly due shall be liable for the amount due and unpaid with interest on that amount at the rate of one and one-half times the prime lending rate as determined by the superintendent, for New Mexico banks per year during the period the claim is unpaid.

C. Subsection B of this section shall not apply to any claims in arbitration or litigation.

History: Laws 1984, ch. 127, § 287; 1986, ch. 109, § 2; 1987, ch. 259, § 17.

59A-16-22. Record of complaints required.

An insurer shall maintain a complete record of all complaints it has received during the next preceding three (3) years, or since date of last examination by the superintendent or other similar supervisory authority, whichever period is shorter. The record shall show the total number of complaints, classification by line of coverage, nature of each complaint, disposition of the complaint and time it took to process each complaint. For purposes of this section "complaint" means any written communication primarily expressing a grievance.

History: Laws 1984, c. 127, § 288.

59A-16-23. False applications, claims, proofs of loss.

A. No agent, broker, solicitor, examining physician, applicant or other person shall knowingly or wilfully:

(1) make any false or fraudulent statement or representation as to any material fact in or with reference to any application for insurance or other coverage; or

(2) for the purpose of obtaining any money or benefit, present or cause to be presented a false or fraudulent claim, or any proof in support of such a claim for payment of loss under a policy; or

(3) prepare, make or subscribe a false or fraudulent account, certificate, affidavit or proof of loss, or other document, with intent that the same may be presented or used in support of such a claim; or

(4) make any false or fraudulent statement or representation on or relative to an application for a policy, for purpose of obtaining any fee, commission or benefit from an insurer, agent, broker or individual.

B. Any such false statement or representation made under oath shall constitute and be punishable as perjury; and any violation of this section shall constitute and be punishable as a felony.

History: Laws 1984, c. 127, § 290.

ANNOTATIONS

Insurance agent did not violate Subsection A by listing "draperies sales" as the type of business insured, after inspecting the premises and seeing that drapery sales, as well as manufacturing, took place there. *Corbin v. State Farm Ins. Co.*, 109 N.M. 589, 788 P.2d 345 (1990).

59A-16-24. Illegal dealing in premiums; excess charges for coverage.

A. No person shall wilfully collect any sum as premium or charge for insurance or other coverage, which insurance or coverage is not then provided or in due course to be provided (subject to acceptance of the risk by the insurer) by a policy issued by an insurer as authorized by the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978].

B. No person shall wilfully collect as premium, administration fee or other charge for insurance or coverage any sum in excess of the premium or charge applicable thereto

as specified in the policy, in accordance with the insurer's applicable classifications and rates then lawfully in effect. This subsection shall not be deemed to prohibit:

(1) the charging and collection by surplus line brokers licensed as such under Article 14 [Chapter 59A, Article 14 NMSA 1978] of the Insurance Code, of the amount of applicable taxes, if any, and policy fee, if any, in addition to the premium required by the insurer; or

(2) the charging and collection by a life insurer of amounts actually to be expended for medical examination of an applicant for life insurance or for reinstatement of a life insurance policy.

History: Laws 1984, c. 127, § 291.

59A-16-25. Knowledge of insurer of prohibited acts.

An insurer shall be held guilty of having committed any of the acts prohibited by this article by reason of the act of any agent, solicitor or employee not an officer, director or department head thereof, if an officer, director or department head of the insurer has authorized or knowingly permitted such act or has had prior knowledge thereof.

History: Laws 1984, c. 127, § 292.

59A-16-26. Insurer name; deceptive use prohibited.

No person who is not an insurer shall assume or use in this state any name which deceptively implies or suggests that it is an insurer.

History: Laws 1984, c. 127, § 293.

59A-16-27. Desist orders for prohibited practices.

A. If the superintendent has cause to believe that any unfair method of competition or act or practice defined or prohibited in Chapter 59A, Article 16 NMSA 1978 is being engaged in by any person, he shall order such person to cease and desist therefrom. The superintendent shall deliver such order to such person directly or by certified mail. If the person fails to comply therewith within twenty days after receipt of the cease and desist order, and does not make written request for a hearing thereon within such twenty days, he shall be subject to the penalties referred to in Section 59A-16-29 NMSA 1978, for each violation committed theretofore or thereafter. In any event, if the person does not make a written request for hearing thereon within such twenty days the order shall be final and not subject to review or appeal.

B. If a hearing is so requested, the superintendent shall hold a hearing, and proceed as provided under Chapter 59A, Article 4 NMSA 1978 as to hearings in general.

C. If after such a hearing the violation is confirmed by final order of the superintendent, the violator shall be subject to the penalty referred to in Subsection A of this section, together with payment of the costs of the hearing as determined by the superintendent.

D. If the alleged violator fails to comply with the superintendent's order after expiration of the twenty-day period to request a hearing referred to in Subsection A of this section or after hearing referred to in Subsection C of this section, the superintendent may cause an action for injunction to be filed in the district court of the county in which the violation occurred.

E. No order of the superintendent pursuant to this section or order of court to enforce it, shall in any way relieve or absolve any person affected by such order from any other liability, penalty or forfeiture applicable under law.

F. Nothing in this section shall be construed as relieving any violator from penalties prescribed in Section 59A-16-29 NMSA 1978 whether or not such a cease and desist order is issued or other action hereunder taken by the superintendent.

History: Laws 1984, c. 127, § 294; 1993, ch. 320, § 56.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, added the last sentence in Subsection A, rewrote Subsection D, and made stylistic changes throughout the section.

59A-16-28. Procedure as to undefined practices.

A. If the superintendent believes that any person engaged in any business which is subject to the superintendent's supervision under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978], is in the conduct of such business engaging in this state in any method of competition or in any act or practice not defined in this article which is unfair or deceptive and that a proceeding by him in respect thereto would be in the public interest, the superintendent shall, after a hearing of which notice and of the charges against such person are given him, make a written report of his findings of fact relative to such charges and serve a copy thereof upon such person and any intervenor at the hearing.

B. If such report charges a violation of this article and if such method of competition, act or practice has not been discontinued, the superintendent may at any time after twenty (20) days after the service of such report cause an action to be instituted in the district court of the county wherein the person resides or has his principal place of business to enjoin and restrain such person from engaging in such method, act or practice. The

court shall have jurisdiction of the proceeding and shall have power to make and enter appropriate orders in connection therewith and to issue such writs or orders as are ancillary to its jurisdiction or necessary in its judgment to prevent injury to the public pendente lite; but the state of New Mexico shall not be required to give security before the issuance of any such order or injunction under this section. A certified transcript of the record of the proceedings in the hearing before the superintendent, including all evidence taken and the report and findings, shall be received in evidence in such action.

C. If the court finds that:

(1) the method of competition complained of is unfair or deceptive; and

(2) the proceedings of the superintendent with respect thereto are to the interest of the public; and

(3) the findings of the superintendent are supported by the weight of the evidence, it shall issue its order enjoining and restraining [restraining] the continuance of such method of competition, act or practice.

D. Either party may appeal from such final judgment or order or decree of court in a like manner as provided for appeals in civil cases.

E. If the superintendent's report or order on hearing made under Subsection A does not charge a violation of this article, then any intervenor in the proceedings may appeal therefrom within the time and in the manner provided in the Insurance Code for appeals from the superintendent generally.

History: Laws 1984, c. 127, § 295.

59A-16-29. Penalties.

In addition to any applicable suspension, revocation or refusal to continue any certificate of authority or license under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and 59A-33-14 NMSA 1978], a penalty for violation of any provision of this article may be imposed by the superintendent in accordance with Section 59A-1-18 NMSA 1978.

59A-16-30. Private right of action.

Any person covered by Chapter 59A, Article 16 NMSA 1978 who has suffered damages as a result of a violation of that article by an insurer or agent is granted a right to bring an action in district court to recover actual damages. Costs shall be allowed to the prevailing party unless the court otherwise directs. The court may award attorneys' fees to the prevailing party if:

A. the party complaining of the violation of that article has brought an action that he knew to be groundless; or

B. the party charged with the violation of that article has willfully engaged in the violation.

The relief provided in this section is in addition to remedies otherwise available against the same conduct under the common law or other statutes of this state; provided, however, that the Workers' Compensation Act [Chapter 52, Article 1 NMSA 1978] and the New Mexico Occupational Disease Disablement Law provide exclusive remedies.

History: Laws 1984, c. 127, § 296.1; 1990 (2nd S.S.), ch. 2, § 91.

ANNOTATIONS

New Mexico Occupational Disease Disablement Law. - See 52-3-1 NMSA 1978 and notes thereto.

Applicability to Workers' Compensation Act. - The legislature, in enacting this article, intended to broaden the Workers' Compensation Act (52-1-1 to 52-1-70 NMSA 1978) so as to provide for a separate tort action by an injured worker against an insurer who in bad faith refuses to pay compensation benefits. The private right of action specifically created by this section, however, applies only to an intentional, willful refusal to pay compensation benefits, and not to an insurer's negligent or dilatory failure to pay benefits, since the latter situation is already covered by the Workers' Compensation Act. *Russell v. Protective Ins. Co.*, 107 N.M. 9, 751 P.2d 693 (1988).

Groundless claims. - Plaintiffs are subject to fee sanctions if they have brought suit knowing they can present no legal argument to support the claim, or knowing they

cannot come forth with the appropriate factual predicate to support their theory. *City of Farmington v. L.R. Foy Constr. Co.*, 112 N.M. 404, 816 P.2d 473 (1991).

This section expresses the clear legislative intent that in order for plaintiffs to be sanctioned with attorneys' fees it must be shown they subjectively knew at the time the suit was filed that the complaint was groundless. Under the appropriate circumstances, however, the filing of an amended complaint may constitute the bringing of an action, and, if done with knowledge that its allegations provided no grounds to prevail, may subject the plaintiff to sanctions. *City of Farmington v. L.R. Foy Constr. Co.*, 112 N.M. 404, 816 P.2d 473 (1991).

A claim is groundless if the allegations in the complaint, although sufficient to survive a motion to dismiss for failure to state a claim, are not in good faith discoverable through litigation. *City of Farmington v. L.R. Foy Constr. Co.*, 112 N.M. 404, 816 P.2d 473 (1991).

The determination of whether a suit is groundless from the outset should not turn on a pleading that may be inartfully drafted or facts that may not have been available when the pleadings were filed so that certain allegations could not be made. *City of Farmington v. L.R. Foy Constr. Co.*, 112 N.M. 404, 816 P.2d 473 (1991).

Dismissal prior to a trial on the merits is not dispositive of the issue of groundlessness. *City of Farmington v. L.R. Foy Constr. Co.*, 112 N.M. 404, 816 P.2d 473 (1991).

Remand for an evidentiary hearing was appropriate, where factual questions remained as to whether a city knew that its third-party suit against an insurer was groundless. *City of Farmington v. L.R. Foy Constr. Co.*, 112 N.M. 404, 816 P.2d 473 (1991).

Insured's request for apportioned attorneys' fees rejected. - In an action involving a question of whether an insurer who had a subrogated interest in the insured's settlement was required to pay a proportionate share of the insured's attorney fees incurred in settling the claim, evidence supported the finding that the insurer's conduct was reasonable and did not violate this section because the issue had not been previously addressed by the courts and was open to legitimate debate. *Amica Mut. Ins. Co. v. Maloney*, 120 N.M. 523, 903 P.2d 834 (1995).

59A-17-2. Scope of article; exemptions.

A. This article applies to all kinds and lines of direct insurance written on risks or operations in this state by any authorized insurer, except:

(1) wet marine and transportation insurance, as defined in Section 111 [59A-7-5 NMSA 1978] of the Insurance Code;

(2) life insurance;

(3) variable and fixed annuities; and

(4) health insurance.

B. As to workmen's compensation insurance, this article shall apply except as otherwise expressly provided. For purposes of this article "workmen's compensation" includes also employer's liability insurance.

C. The superintendent may by order exempt any person or class of persons or any market segment from any or all of the provisions of this article to the extent that the superintendent finds such provision or provisions unnecessary to achieve the purposes of this article.

History: Laws 1984, ch. 127, § 297.

59A-17-3. Purposes of article.

A. The purposes of this article are:

(1) to promote the public welfare by regulating insurance rates to the end that they shall not be excessive, inadequate or unfairly discriminatory, and to protect policyholders and the public against the adverse effects of excessive, inadequate or unfairly discriminatory rates;

(2) in general to permit and encourage, as an effective way to produce rates that conform to the foregoing, independent action by and reasonable price competition among insurers;

(3) to provide formal regulatory controls for use where independent actions and price competition fail;

(4) to authorize cooperative action among insurers in the rate-making process, and to regulate such cooperation in order to prevent practices tending to create monopoly or to lessen or destroy competition;

(5) to encourage efficient and economic marketing practices; and

(6) to regulate that part of the insurance business which is subject to this article, in a manner to preclude application of federal antitrust laws.

B. The provisions of this article shall be liberally interpreted to effectuate the above purposes.

History: Laws 1984, ch. 127, § 298.

59A-17-4. Definitions.

As used in this article:

A. "market" means any line or kind of insurance or, if described in general terms, any subdivision thereof or any class of risks or combination of classes;

B. "rate service organization" means any person, other than a joint underwriting organization or employee of an insurer or of a manager of insurers under common control or management, who or which:

(1) collects, compiles and furnishes loss or expense statistics;

(2) recommends, makes or files rates or supplementary rate information; or

(3) advises about rate matters, except as an attorney giving legal advice;

C. "supplementary rate information" includes any manual or plan of rates, statistical plan, classification, rating schedule, minimum premium, policy fee, rating rule, rate-

related underwriting rule and any other information prescribed by rule of the superintendent.

History: Laws 1984, ch. 127, § 300.

59A-17-5. Administration of insurance rate regulatory law.

The provisions of this article are under the jurisdiction of the insurance board, as defined in Section 6 [59A-1-6 NMSA 1978] of the Insurance Code, and shall be administered by the superintendent in his capacity of secretary of the insurance board. In such administration the superintendent shall have the same general powers as to rules and regulations, enforcement, and otherwise as provided under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978] as to the superintendent's administration of the insurance department.

History: Laws 1984, ch. 127, § 301.

59A-17-6. Rate standards.

A. Rates shall not be excessive, inadequate or unfairly discriminatory, nor shall an insurer charge any rate which if continued will have or tend to have the effect of destroying competition or creating a monopoly.

B. In a competitive market rates are presumed not to be excessive if a reasonable degree of price competition exists at the consumer level with respect to the class of business to which they apply. In determining whether a reasonable degree of price competition exists, the superintendent shall consider all relevant tests including:

(1) the number of insurers actively engaged in the class of business;

(2) the existence of rate differentials in that class of business; and

(3) whether profitability for insurers generally of the class of business is unreasonably high in relation to its riskiness.

C. In a noncompetitive market, where such rate competition does not exist, rates are excessive if they are likely to produce a profit that is unreasonably high in relation to the riskiness of the class of business, or if expenses are unreasonably high in relation to the services rendered.

D. Rates are inadequate if they are clearly insufficient, together with the investment income attributable to them, to sustain projected losses and expenses in the class of business to which they apply.

E. There is unfair discrimination if one rate is unfairly discriminatory in relation to another in the same class if it clearly fails to reflect equitably the differences in expected

losses and expenses. Rates are not unfairly discriminatory because different premiums result for policyholders with like loss exposures but different expense factors, or like expense factors but different loss exposures, so long as the rates reflect the differences with reasonable accuracy. Rates are not unfairly discriminatory if they are averaged broadly among persons insured under a group, franchise or blanket policy.

F. This section shall not apply as to workmen's compensation insurance.

History: Laws 1984, ch. 127, § 302.

59A-17-7. Rating methods.

A. In determining whether rates comply with the rate standards, the following criteria shall be applied:

(1) due consideration shall be given to past and prospective loss and expense experience within and without this state, to catastrophic hazards and contingencies, to trends within and without this state, to loadings for leveling premium rates over time or for dividends or savings to be allowed or returned by insurers to their policyholders, members or subscribers and to all other relevant factors, including the judgment of technical personnel;

(2) risks may be classified in any reasonable way for the establishment of rates and minimum premiums, except that classifications may not be based on race, color, creed or national origin;

(3) the expense provisions included in the rates to be used by an insurer may reflect the operating methods of the insurer and, so far as it is credible, its own expense experience; and

(4) the rates may contain an allowance permitting a profit that is not unreasonable in relation to the riskiness of the class of business. Profit shall include investment income attributable to such rates.

B. This section shall not apply as to workmen's compensation insurance.

History: Laws 1984, ch. 127, § 303.

ANNOTATIONS

Am. Jur. 2d, A.L.R. and C.J.S. references. - 43 Am. Jur. 2d Insurance § 64.

59A-17-7.1. Rates; coverage; motor vehicle liability.

A. The rates of a motor vehicle liability insurer shall not provide for an increase in the premium if based upon an accident in which the insured is not at fault in any manner as

determined by either the accident report or the insurer. If the insurer determines that its insured is at fault contrary to the specific finding of an accident report that the insured is not at fault, the insurer shall reach its conclusion only after an investigation.

B. A motor vehicle liability insurer shall not cancel or use as a basis for nonrenewal an insurance policy if such cancellation or nonrenewal is based upon an accident in which the insured is not at fault in any manner as determined by either the accident report or the insurer. If the insurer determines that its insured is at fault contrary to the specific finding of an accident report that the insured is not at fault, the insurer shall reach its conclusion only after an investigation.

C. As used in this section, "motor vehicle liability insurer" means an insurer authorized to transact in this state the business of automobile and motor vehicle bodily injury, property damage liability and physical damage insurance.

D. This section shall not apply if other factors exist, exclusive of the accident in which the insured is not at fault, which allow for a premium increase, cancellation or nonrenewal of an insurance policy under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978] or regulations pursuant to the Insurance Code.

History: 1978 Comp., § 59A-17-7.1, enacted by Laws 1987, ch. 80, § 1.

59A-17-8. Making of rates; workers' compensation; rate calculations; rate classifications.

A. All rates for workers' compensation shall be made in accordance with the following provisions:

(1) due consideration shall be given to past and prospective loss experience within this state, to catastrophe hazards, if any, to a reasonable margin for profit and contingencies, taking into account investment income attributable to such rates and to that portion of capital and surplus acquired after July 1, 1987, to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, past and prospective expenses applicable to this state and to all other relevant factors within this state; provided that a rate filer may rely on non-New Mexico experience upon demonstrating, to the superintendent's satisfaction, both the necessity for and appropriateness of the use of that experience;

(2) the systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any kind of insurance or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable;

(3) risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans that establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses; and

(4) rates shall not be excessive, inadequate or unfairly discriminatory.

B. Except to the extent necessary to meet the provisions of Paragraph (4) of Subsection A of this section, Subsection C of this section and Subsection E of Section 59A-17-17 NMSA 1978, uniformity among insurers in any matters within the scope of Chapter 59A, Article 17 NMSA 1978 is neither required nor prohibited.

C. Workers' compensation premium rates shall be equalized and calculated on a basis that does not discriminate against or penalize employers who pay higher wages than other employers to workers in the same job classification. The legislature finds that calculating workers' compensation premium rates strictly on the basis of an employer's wages paid discriminates against and penalizes higher-paying employers. The legislature accordingly directs that the superintendent shall:

(1) investigate alternatives to the current method of computing workers' compensation premiums including but not limited to:

(a) split classification;

(b) payroll cap;

(c) hours worked; and

(d) premium credits;

(2) immediately conduct hearings on the issue, including consideration of other alternatives; and

(3) adopt regulations, to become effective no later than April 1, 1991, to equalize the workers' compensation premium rates employers must pay for workers who perform the same job.

Nothing in this subsection shall be construed to prohibit the use of experience rating or scheduled credits.

D. Any rate classification system relied on for workers' compensation shall be updated and revised periodically to reflect changes in the workplace. The superintendent shall by regulation provide for periodic updating and revision.

E. Classification assignments may be changed within sixty days of the effective date or renewal date of the policy, provided the employer is given reasonable prior notice of the proposed change in order to object and provided further that the change is based upon an appropriate audit or investigation. The same provisions apply to initial classification assignments for new operations added by the employer so that they may be changed within sixty days of the date the classification assignments are initially established. No subsequent changes shall be made unless the insurer proves, after conducting an audit or investigation, that:

(1) there has been a substantial change in the nature of the work performed; or

(2) the initial assignment was in error due to withheld or inaccurate material information provided by the employer.

ANNOTATIONS

Requiring rate service organization to submit investment income data. - Given the mandate in Subsection A(1) to consider "all other relevant factors" to determine the propriety of proposed workers' compensation premiums, it was within the board's power to request a rate service organization to submit investment income data. Although a rate service organization presented evidence that insurers were incurring significant underwriting losses in New Mexico, that did not preclude the board from disapproving its filing because of other deficiencies in information, such as failure to provide investment income data, which would affect the materiality of underwriting losses. No filing made pursuant to this section shall become effective until

approved or deemed approved by the superintendent in accordance with Section 59A-17-13 NMSA 1978.

ANNOTATIONS

Temporary provisions. - Laws 1992, ch. 33, § 11, effective March 6, 1992, provides that the superintendent of insurance shall reduce the 65-day filing requirement, provided for pursuant to the provisions of 59A-17-9 and 59A-17-13 NMSA 1978, to 15 days for any filing made prior to April 1, 1992 designed to meet the April 1, 1992 increase of the personal liability of a health care provider as defined in 41-5-3 NMSA 1978 to \$200,000 pursuant to the provisions of 41-5-6 NMSA 1978; provided that all other filing requirements under Chapter 59A, Article 17 NMSA 1978 are met.

59A-17-10. Rate filings, workmen's compensation.

A. Every insurer shall as to workmen's compensation insurance file with the superintendent every manual of classification, rules and rates, every rating plan and every modification of any of the foregoing which it proposes to use. The filing shall state the proposed effective date thereof, and shall indicate the character and extent of coverage contemplated. When a filing is not accompanied by the information upon which the insurer supports the filing, and the superintendent does not have sufficient information to determine whether the filing meets the requirements of those provisions of Chapter 59A, Article 17 NMSA 1978 applicable as to workmen's compensation insurance, he shall require the insurer to furnish the information upon which it supports the filing, and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing may include:

(1) the experience or judgment of the insurer or rate service organization making the filing;

- (2) its interpretation of any statistical data it relies upon;
- (3) the experience of other insurers or rating organizations; and
- (4) any other relevant factors.

B. The superintendent shall review such filings as soon as reasonably possible after they are made, to determine whether they meet the applicable requirements of Chapter 59A, Article 17 NMSA 1978. The superintendent shall approve any filing only if he finds that it complies with those requirements and shall disapprove any filing if he finds that it does not comply with those requirements. If the superintendent does not approve or disapprove a rate within ninety days of filing or before its stated effective date, whichever is later, the rate shall be deemed approved.

C. Each filing shall be on file for a waiting period of at least ninety days or until the stated effective date, whichever is later, before it becomes effective. No filing made pursuant to this section shall become effective until approved or deemed approved by the superintendent.

D. Under such rules and regulations as he shall adopt the superintendent may, by written order, suspend or modify the requirements of filing as to any classes of workmen's compensation risks the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rate service organizations affected thereby. The superintendent may make such examination as he may deem advisable to ascertain whether any rates affected by such order meet the standards set forth in Paragraph (4) of Subsection A of Section 59A-17-8 NMSA 1978.

E. No insurer shall make or issue a contract or policy of workmen's compensation insurance or use or charge a rate therefor that has not been approved or deemed approved by the superintendent or that is not in effect for the insurer as provided in this section or in accordance with Subsection D of this section or Subsection B of Section 59A-17-12 NMSA 1978.

Each filing and any supporting information filed under Sections 59A-17-9 and 59A-17-10 NMSA 1978 shall, as soon as filed, be open to public inspection at any reasonable time. 59A-17-12. Insurer must adhere to rates; consent to rate.

A. No insurer shall make or issue a contract or policy of insurance except in accordance with filings or rates which are lawfully in effect for the insurer as provided in this article. This subsection shall not apply as to workmen's compensation insurance, which is governed by Subsection E of Section 306 [59A-17-10 NMSA 1978] of this article.

B. Upon written application of the insured stating the reasons therefor filed with and approved by the superintendent, a rate in excess of that otherwise applicable may be used as to a specific risk.

History: Laws 1984, ch. 127, § 308.

59A-17-13. Approval and disapproval of rates (other than workmen's compensation); interim rates.

A. The superintendent shall within sixty days after the filing of a rate under Section 59A-17-9 NMSA 1978 approve any rate if he finds that it complies with the applicable requirements of Chapter 59A, Article 17 NMSA 1978 and he shall disapprove any rate if he finds that it does not comply with those provisions. If the superintendent does not approve or disapprove a rate within sixty days of filing, the rate shall be deemed approved. No insurer shall use or charge a rate that has not been approved or deemed approved by the superintendent or that is not in effect.

B. If the superintendent disapproves a rate filing pursuant to Subsection A of this section, he shall send written notice of disapproval to the insurer or rate service

organization that made the filing. The notice shall specify the reasons for the disapproval and state that the filing shall not become effective.

C. At any time after a rate becomes effective, the superintendent may, after a hearing held not less than twenty days after the mailing of written notice to the insurer or rate service organization which made the filing, withdraw approval of any rate if he finds that such rate fails to meet the applicable requirements of Chapter 59A, Article 17 NMSA 1978. The order withdrawing approval shall specify the respects in which the filing fails to meet such requirements and the date on which the filing shall be deemed no longer effective.

D. Any person aggrieved with respect to any filing subject to this section, other than the insurer or rate service organization which made the filing, may make written application for a hearing thereon in the same manner as provided in Subsection C of Section 59A-17-14 NMSA 1978.

E. Whenever an insurer has no legally effective rates as a result of the superintendent's disapproval of rates or other act, the superintendent shall on request specify interim rates for the insurer which are high enough to protect the interest of all parties, and may order that a specified portion of the premium be placed in an escrow account approved by him. When new rates become legally effective, the superintendent shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that de minimis refunds to policyholders shall not be required.

History: Laws 1993, ch. 103, § 1.

59A-17-14. Disapproval of filings, workmen's compensation.

A. If within the waiting period as provided in Subsection C of Section 59A-17-10 NMSA 1978, the superintendent finds that a filing does not meet the applicable requirements of Chapter 59A, Article 17 NMSA 1978, he shall send written notice to the insurer or rate service organization which made such filing, disapproving the filing and specifying therein the respects in which he finds that the filing fails to meet such requirements and stating that the filing shall not become effective.

B. If at any time subsequent to the applicable review period provided for as to a workmen's compensation insurance filing the superintendent finds that a filing does not meet the applicable requirements of Chapter 59A, Article 17 NMSA 1978, he shall, after a hearing upon written notice specifying the matters to be considered at the hearing to every insurer and rate service organization which made such filing, issue an order specifying the respects in which he finds that the filing fails to meet such requirements and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. The superintendent shall send copies of such order to every such insurer and rate service organization. The order shall not affect any contract or policy made or issued prior to expiration of the period stated in the order.

C. Any person aggrieved with respect to any filing in effect as to workmen's compensation insurance may make written application to the superintendent for a hearing thereon, except that the insurer or rate service organization that made the filing shall not proceed under this subsection. The application for hearing shall be made, and hearing held or not held, as provided in Chapter 59A, Article 4 NMSA 1978. If, after such hearing, the superintendent finds that the filing does not meet the applicable requirements of Chapter 59A, Article 17 NMSA 1978, he shall issue an order on hearing specifying the respects in which he finds that the filing so fails, and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The superintendent shall send copies of the order to the applicant and to every such insurer and rate service organization. The order shall not affect any contract or policy of workmen's compensation insurance made or issued prior to expiration of the period set forth in the order.

D. The superintendent shall not disapprove any manual of classifications, rules, rating plans or any modification of any of the foregoing which establishes standards for measuring variations in hazards or expense provisions or both, and which has been filed pursuant to requirements of Section 59A-17-10 NMSA 1978, if the rates thereby produced meet the applicable requirements of Chapter 59A, Article 17 NMSA 1978.

ANNOTATIONS

Board's authority regarding examination of rate filings. - The board, which by statute has exclusive jurisdiction over the rate regulation law and the control and supervision of rates and rate practices, can, as a body, exercise its powers to examine a rate filing without first allowing its secretary to act. National Council on Comp. Ins. v. New Mexico SCC, 107 N.M. 278, 756 P.2d 558 (1988).

Notification requirements under Subsection B. - Subsection B does not require the superintendent to specifically notify the rate maker of all issues which may arise during a hearing. The notice need only clearly identify the subject matter to be considered. National Council on Comp. Ins. v. New Mexico SCC, 107 N.M. 278, 756 P.2d 558 (1988).

Hearing designated informal in notice but in fact formal. - The notice sent to a rate service organization, although designating the upcoming review hearing as "informal", was quite clear that the organization's rate filing was being considered in terms of statutory criteria and other relevant factors. The fact that, after the hearing started, the board stated that "we are going to proceed as if this is a formal rate hearing", did not violate due process. National Council on Comp. Ins. v. New Mexico SCC, 107 N.M. 278, 756 P.2d 558 (1988).

Burden of proof regarding disapproval under Subsection B. - The procedures for disapproving a filing after it has become effective, outlined in Subsection B, do not require the board to prove the filing failed to satisfy statutory requirements. The burden of proof falls upon the rate maker. National Council on Comp. Ins. v. New Mexico SCC, 107 N.M. 278, 756 P.2d 558 (1988).

Considering accuracy of rate service organization's projection. - Under Subsection D, the board properly could consider the accuracy of a rate service organization's projection for company expenses in determining whether its rate proposal was excessive, inadequate or unfairly discriminatory. National Council on Comp. Ins. v. New Mexico SCC, 107 N.M. 278, 756 P.2d 558 (1988).

Repeals. - Laws 1987, ch. 244, § 13 repeals 59A-17-15 NMSA 1978, as enacted by Laws 1984, ch. 127, § 311, relating to special restrictions on particular insurers, effective April 9, 1987. For the provisions of the former section, see the 1984 original pamphlet.

59A-17-16. Delayed effect of rates; requirement for supporting information.

A. By rule, the superintendent may require the filing of supporting data as to any or all kinds or lines of insurance or subdivisions thereof or classes of risks or combinations thereof as he deems necessary for the proper functioning of the rate monitoring and regulating process. The supporting data shall include:

- (1) the experience and judgment of the filer, and, to the extent it wishes or the superintendent requires, of other insurers or rate service organizations;
- (2) its interpretation of any statistical data relied upon;
- (3) descriptions of the actuarial and statistical methods employed in setting the rates; and
- (4) any other relevant matters required by the superintendent.

B. Whenever a filing is not accompanied by such information as the superintendent has required under Subsection A of this section, he may so inform the insurer and the filing shall be deemed to be made when the information is furnished.

59A-17-17. Delegation of rate-making and rate-filing obligation.

A. As to insurance other than workers' compensation, an insurer may itself establish rates and supplementary rate information for any market segment based on the factors set forth in Section 59A-17-7 NMSA 1978 or it may use rates and supplementary rate information prepared by a rate service organization, with average expense factors determined by the rate service organization or with such modification for its own expense and loss experience as the credibility of that experience allows.

B. As to insurance other than workers' compensation, an insurer may discharge its obligation for filing of rates as required by Section 59A-17-9 NMSA 1978 by giving notice to the superintendent that it uses rates and supplementary rate information prepared by a designated rate service organization, with such information about modifications thereof as is necessary to fully inform the superintendent. The insurer's rates and supplementary rate information shall be those filed from time to time by the rate service organization, including any amendments thereto as filed, subject, however,

to the modifications filed by the insurer. Any such designation of a rate service organization shall be signed by an officer of the insurer.

C. As to workers' compensation insurance, an insurer may satisfy its obligation to make rate filings under Chapter 59A, Article 17 NMSA 1978 by becoming a member of or a subscriber to a licensed rate service organization that makes such filings and by authorizing the superintendent to accept such filings on its behalf.

D. Nothing in Chapter 59A, Article 17 NMSA 1978 shall be construed as requiring any insurer to become a member of or subscriber to any rate service organization.

E. No rate service organization shall file a set of uniform rates applicable to all member insurers where there are substantial variations among the members with regard to loss experience, loss ratios and other factors relating to appropriate rate levels. If substantial variations exist among rate service organization members, separate rates shall be filed applicable to each subgroup of member insurers having similar loss experience, loss ratios and other factors relating to appropriate rate levels. No rate service organization shall require its members to agree with the rate service organization to adhere to the rates filed by such organization. The superintendent shall adopt regulations within one hundred fifty days after the effective date of this subsection establishing standards and administrative procedures to carry out the provisions of this subsection and shall further adopt regulations providing for alternative methods of rate competition among insurers that will result in rates as fair and reasonable as those that would otherwise be filed under this subsection. Until such regulations are adopted, the provisions of this subsection are self-executing. This subsection does not apply to advisory filings, and any insurer may make such use of advisory filings as the superintendent may deem appropriate in the circumstances.

59A-17-18. Rate service organizations, license required; obligation to provide service.

A. No rate service organization shall provide any service relating to the rates of any insurance subject to this article, and no insurer shall utilize the services of such organization for such purposes, unless the organization has obtained a license as required by Section 315 [59A-17-19 NMSA 1978] of this article.

B. No rate service organization shall refuse to supply any service for which it is licensed in this state to any authorized insurer offering to pay the fair and usual compensation for the services.

59A-17-19. Rate service organizations, licensing.

A. Any person whether domiciled within or outside this state, may apply to the superintendent for license as a rate service organization for such kinds of insurance or subdivisions thereof as are specified in its application. The application shall include:

(1) a copy of its constitution, charter, articles of organization, agreement, association or incorporation, and a copy of its bylaws, plan of operation and any other rules or regulations governing conduct of its business;

(2) a list of its members and subscribers;

(3) the name and address of one or more residents of this state upon whom notices, process affecting it, or orders of the superintendent may be served;

(4) a statement showing its technical qualifications for acting in the capacity for which it seeks a license;

(5) payment of the license application fee in amount specified in Section 101 [59A-6-1 NMSA 1978] (fee schedule) of the Insurance Code; and

(6) any other relevant information and documents that the superintendent may require.

B. Every rate service organization which has applied for a license shall thereafter promptly notify the superintendent in writing of every material change in the facts or in the documents on which its application was based, or of change in name, address of its process agent under Paragraph (3) above. No amendment to any document referred to in Paragraph (1) above shall be effective until not less than thirty (30) days after the amendment is filed with the superintendent.

C. If the superintendent finds that the applicant and the individuals through whom it acts are competent, trustworthy and technically qualified to provide the services proposed, and that all requirements of law are met, he shall within sixty (60) days after completion of the application issue a license to the applicant specifying the authorized activity; otherwise, he shall refuse to issue the license and shall promptly notify the applicant thereof, specifying the grounds for refusal. The superintendent shall not issue a license if the proposed activity would tend to create a monopoly or lessen or destroy price competition.

D. Licenses issued pursuant to this section shall remain in effect until the licensee withdraws from the state or until the license is suspended or revoked, subject to annual

continuation on May 1st of each year by payment of the continuation fee specified therefor in Section 101 (fee schedule) of the Insurance Code.

59A-17-20. Suspension, revocation of license.

The superintendent shall promptly revoke the license of a rate service organization if it ceases business or withdraws from this state, and he may suspend or revoke the license if he finds after a hearing that:

A. The organization no longer meets the qualifications for licensing; or

B. The organization has failed to file amended documents as required under Section 315 [59A-17-19 NMSA 1978] of this article, or has violated or failed to comply with any other material requirement of this article or of law.

59A-17-21. Conduct of rate service organization.

A. A rate service organization shall furnish its services without discrimination to its members and subscribers.

B. No rate service organization shall adopt any rule the effect of which would be to prohibit or regulate payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

History: Laws 1984, ch. 127, § 317.

59A-17-22. Deviations; workmen's compensation.

As to workmen's compensation insurance every member of or subscriber to a rate service organization shall adhere to the filings made on its behalf by such organization

(subject to "consent to rate" as authorized under Subsection B of Section 308 [59A-17-12 NMSA 1978] of this article) except that any such insurer may make written application to the superintendent for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed. Such application shall specify the basis for the modification and shall be accompanied by the data upon which the applicant relies. A copy of the application and data shall be sent simultaneously to such rate service organization. The superintendent shall set a time and place for a hearing at which the insurer and such rate service organization may be heard. In the event the superintendent is advised by the rate service organization that it does not desire a hearing he may, upon the consent of the applicant, waive such hearing. The superintendent shall issue an order permitting the modification for such insurer to be filed if he finds it to be justified and it shall thereupon become effective. He shall issue an order denying such application if he finds that the modification is not justified or that the resulting premiums would be excessive, inadequate or unfairly discriminatory. Each deviation permitted to be filed shall be effective for a period of one year from the date of such permission unless terminated sooner with the approval of the superintendent.

History: Laws 1984, ch. 127, § 318.

59A-17-22.1. Legislative findings; purpose; insurance rates freeze.

A. The legislature finds that there is a threat of a substantial increase in workmen's compensation rates. The amount of this increase and its precipitous nature will have a substantial negative impact on the state's business community and consumers and therefore constitutes a serious threat to the state's health, safety and welfare. The purpose of this section is to provide time for this legislature to review the causes of this increase and make necessary changes in the law.

B. Notwithstanding the provisions of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978], workmen's compensation insurance rates, upon the effective date of this act, shall be those rates in effect on July 1, 1985, and neither the rates nor the premiums from application of those rates may be increased until July 1, 1987. The foregoing freeze in premium does not and is not intended to prevent an increase in premium for an insured due to changes in the base against which rate filings are applied to determine premiums. The freeze on premiums does and is intended to prohibit an increase in premiums under the provisions of Section 59A-17-22 NMSA 1978. Notwithstanding the provisions of the Workmen's [Workers'] Compensation Act [Chapter 52, Article 1 NMSA 1978] and the New Mexico Occupational Disease Disablement Law, the average weekly wage in the state used for claim determinations under those acts shall be the average weekly wage calculation in effect on July 1, 1985, and no new average weekly wage calculation shall be effective prior to July 1, 1987.

History: Laws 1986, ch. 22, § 100.

59A-17-23. Rate service organizations; appeal by minority.

A. Any member of or subscriber to a rate service organization may appeal to the superintendent from the action or decision of such rate service organization in approving or rejecting any proposed change in or addition to the filings of such organization and the superintendent shall, after a hearing, issue an order approving the action or decision of such rate service organization or directing it to give further consideration to such proposal; or, if such appeal is from the action or decision of the rate service organization in rejecting a proposed addition to its filings, he may, in the event he finds that such action or decision was unreasonable, issue an order directing the rate service organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with his findings, within a reasonable time after the issuance of such order.

B. If such appeal is based upon the failure of the rate service organization to make a filing on behalf of such member or subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in Section 303 or 304 [59A-17-7 or 59A-17-8 NMSA 1978] of this article, from the system of expense provisions included in a filing made by the rate service organization, the superintendent shall, if he grants the appeal, order the rate service organization to make the requested filing for use by the appellant. In deciding such appeal the superintendent shall apply the standards set forth in Section 302 [59A-17-6 NMSA 1978] or 304, as applicable, of this article.

History: Laws 1984, ch. 127, § 319.

59A-17-24. Advisory organization.

A. Every group, association or other organization of insurers, whether located within or outside this state, which assists insurers which make their own filings or rating organizations in rate making, by the collection and furnishing of loss or expense statistics, or by the submission of recommendation or which requires of insurers adherence to ethical practices in the conduct of the insurance business, but none of which groups make filings under this article, shall be known as an advisory organization.

B. Every advisory organization shall file with the superintendent (1) a copy of its constitution, its articles of agreement or association or its certificate of incorporation and of its bylaws, rules and regulations governing its activities, (2) a list of its members, (3) the name and address of a person upon whom notices or orders of the superintendent may be served, (4) power of attorney designating the superintendent its agent for service of process and (5) an agreement that the superintendent may examine such advisory organization in accordance with the provisions of Article 4 [Chapter 59A, Article 4 NMSA 1978] of the Insurance Code.

C. If, after a hearing, the superintendent finds that the furnishing of such information or assistance involves any act or practice which is unfair or unreasonable or otherwise inconsistent with the provisions of this article, he may issue a written order specifying in what respects such act or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this article, and requiring the discontinuance of such act or practice.

D. No insurer which makes its own filings nor any rating organization shall support its filings by statistics or adopt rate-making recommendations, furnished to it by an advisory organization which has not complied with this section or with an order of the superintendent involving such statistics or recommendations issued under Subsection C of this section. If the superintendent finds such insurer or rating organization to be in violation of this subsection he may issue an order requiring the discontinuance of such violation.

History: Laws 1984, ch. 127, § 319a.

59A-17-25. Joint underwriting or joint reinsurance organizations.

A. Every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance through such group, association or organization or by standing agreement among the members thereof, shall file with the superintendent:

(1) a copy of its constitution, its articles of incorporation, agreement or association, and of its bylaws, rules and regulations governing its activities, all duly certified by the custodian of the originals thereof;

(2) a list of its members; and

(3) the name and address of a resident of this state upon whom notices or orders of the superintendent or process affecting such group, association or organization may be served.

B. Every such group, association or other organization shall notify the superintendent promptly in writing of every change in its constitution, its articles of incorporation, agreement or association, in its bylaws, rules and regulations governing conduct of its

business, its list of members, or of the name and address of its process agent referred to in Paragraph (3) above.

C. Every such group, association or organization shall be subject to regulation as herein provided, subject, however, as to joint underwriting to applicable provisions of this article, and as to joint reinsurance to Sections 309 [59A-17-13 NMSA 1978] (disapproval of rates other than workmen's compensation; substituted rates), 310 [59A-17-14 NMSA 1978] (disapproval of filings, workmen's compensation), 327 [59A-17-32 NMSA 1978] (examination), 329 [59A-17-34 NMSA 1978] (review of superintendent's action) and 330 [59A-17-35 NMSA 1978] (appeals from insurance board) of this article.

D. No such group, association or organization shall engage in any unfair or unreasonable practice with respect to its activities. If, after a hearing, the superintendent finds that any activity or practice of any such group, association or organization is unfair or unreasonable or otherwise inconsistent with the provisions of this article, he may issue his order specifying the respects in which the activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this article, and requiring discontinuance of such activity or practice.

59A-17-26. Binding agreements by insurers.

No insurer shall assume any obligation to any person other than a policyholder or other insurers which with it are under common control or management or are members of a joint underwriting organization subject to the provisions of Section 320 [59A-17-25 NMSA 1978] of this article, to use or adhere to certain rates or rules, and no other person shall impose any penalty or other adverse consequence for failure of an insurer to adhere to certain rates or rules except as to action by the superintendent in enforcement of Section 308 [59A-17-12 NMSA 1978] (insurer must adhere to filed rates) or Subsection E of Section 306 [59A-17-10 NMSA 1978] (rate filings, workmen's compensation) of this article.

Cooperation among rate service organizations or among such organizations and insurers in rate making or in other matters within the scope of the article is hereby

authorized, provided the filings resulting from such cooperation are subject to all provisions of the article applicable to filings generally. The superintendent may review such cooperative activities and practices and if, after a hearing, he finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with this article, he may issue an order specifying the respects in which such activity or practice is unreasonable or otherwise inconsistent with this article, and requiring discontinuance of such activity or practice.

History: Laws 1984, ch. 127, § 322.

59A-17-28. Recording, reporting of experience.

The superintendent shall promulgate or approve reasonable rules, including rules providing statistical plans, for use thereafter by all insurers in the recording and reporting of loss and expense experience, so that the experience of an insurer may be made available to him at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with applicable rate standards and requirements. In promulgating such rules and plans the superintendent shall give due consideration to the rating systems on file with him and, so that such rules and plans may be as uniform as practicable among the several states, to the rules and form of plans used for rating systems in other states. No insurer shall be required to record or report its experience on a classification basis inconsistent with its own rating system. The superintendent may designate one or more rate service organizations to assist him in gathering such experience and making compilations thereof, which shall be made available to insurers, rate service organizations and the public.

History: Laws 1984, ch. 127, § 323.

59A-17-29. Exchange of data, consultation authorized.

A. The superintendent may promulgate reasonable rules and plans for interchange among insurers, rate service organizations and others of data necessary for application of rating plans.

B. For furtherance of uniformity in administration of rate regulatory laws, the superintendent and every insurer and rate service organization may exchange information and experience data with insurance supervisory officials, insurers and rate service organizations in other states and may consult with them as to rate making and application of rating systems.

History: Laws 1984, ch. 127, § 324.

59A-17-30. Information to be furnished insureds; hearings and appeals of insureds.

A. Every rate service organization and every insurer which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate.

B. Every rate service organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rate service organization or insurer fails to grant or reject such request within thirty (30) days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rate service organization or such insurer on such request may, within thirty (30) days after written notice of such action, appeal to the superintendent, who, after a hearing, may affirm or reverse such action.

59A-17-31. False or misleading information.

No person shall wilfully withhold information from, or knowingly give false or misleading information to, the superintendent or statistical agency designated by him, or rate service organization or insurer, which will affect rates or rating plans under this article. A. To inform himself about any matter related to enforcement of provisions of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978], the superintendent may examine the affairs and condition of any rate service organization, joint underwriting or joint reinsurance organization. The superintendent shall so examine every rate service organization at intervals established by rules and regulations duly promulgated by him.

B. In lieu of all or part of any such examination, or in addition thereto, the superintendent may order an independent audit by certified public accountants or actuarial evaluation by actuaries approved by him, or may accept the report of an audit already made by certified public accountants or actuarial evaluation by actuaries approved by him, or the report of an examination made by the insurance supervisory official of another state.

C. Conduct of the examination, examiners and other personnel used by the superintendent in making the examinations, payment of costs of the examination by the examinee, examination report and review and adoption thereof and the examination in general shall be subject to the applicable provisions of Article 4 [Chapter 59A, Article 4 NMSA 1978] (examinations, hearings and appeals) of the Insurance Code.

59A-17-33. Enforcement; cease and desist, injunctions; penalties.

A. The superintendent shall enforce compliance with the provisions of this article. Whenever the superintendent believes that there is a violation of this article and that such violation is continuing, he shall serve upon the rate service, joint underwriting, joint reinsurance organization, or insurer or other person so violating, as the case may be, notice of a hearing before the superintendent to be held not less than twenty (20) days after service of the notice, and requiring such organization or person to show cause why the superintendent should not order the organization or person to cease and desist from such violation.

B. The superintendent, through the attorney general, may maintain an action to enjoin any continuing violation of this article.

C. After hearing, the superintendent may suspend the license of any rate service organization or insurer which fails to comply with the superintendent's order within the time limited by the order or any extension of time which the superintendent may grant. The suspension shall not become effective until the time prescribed for an appeal therefrom has expired, or if an appeal has been taken, until such order has been affirmed; otherwise, the superintendent may determine when the suspension shall become effective, and the suspension shall remain in effect for the period so fixed unless the superintendent modifies or rescinds the suspension, or until the order on which suspension is based is modified, rescinded or reversed.

D. If he finds that any person has violated any provision of this article, the superintendent may impose a penalty of not more than fifty dollars (\$50) for each such violation; but if he finds the violation to be wilful, the superintendent may impose a penalty of not more than five hundred dollars (\$500) for each violation. Such penalties may be in addition to any other penalty provided by law, and, if not paid voluntarily by the violator, may be collected through civil action in the district court of Santa Fe county in the name of the state of New Mexico on the relation of the insurance board.

59A-17-35. Appeals from insurance board.

A. Any order made by the insurance board pursuant to Section 59A-17-34 NMSA 1978 shall be subject to review by appeal to the district court of Santa Fe county in the same manner as provided for taking of appeals in other civil actions. Upon institution of the appeal and for good cause shown upon motion and hearing, the court may, in the following cases, stay operation of the insurance board's order:

(1) where, pursuant to Chapter 59A, Article 17 NMSA 1978, a rate service organization has been refused a license, or an insurer has been refused a certificate of authority or had its license or certificate of authority suspended, it may, with leave of court, be allowed to continue to engage in business, subject to the provisions of that article, pending final disposition of its application for review; or

(2) where any order of the insurance board shall provide for, or sustain the superintendent's order for, a change in any rate or rating system which results in an increase or decrease in rates, any insurer affected thereby may, with leave of court pending final disposition of the proceedings in the district court, continue to charge rates which existed prior to such order, on condition that the difference in the rates be deposited in a special escrow or trust account with a reputable financial institution by the insurer affected, to be held in trust by such insurer, and to be retained by the insurer or paid to the holders of policies issued after the order of the court, as the court may determine.

B. The court shall sustain the administrative action appealed from unless the court finds such action to have been unlawful or arbitrary or capricious or not based upon substantial evidence, and after giving due consideration to the expertise of the superintendent and insurance board.

B. The superintendent may, for good cause shown, grant an extension of the thirty-day time period provided for in Subsection A of this section.

C. The insurer or rate service organization may within ten days after entry of the order request a hearing before the superintendent as provided in Section 59A-17-34 NMSA 1978.

A. reinsurance;

B. policies or contracts not issued for delivery in this state nor delivered in this state except for contracts for or endorsements of workers' compensation insurance when the workers' compensation risk insured arises from the employment of a worker performing work for an employer in New Mexico and that employer is not domiciled in New Mexico;

C. wet marine and transportation insurance, as defined in Section 59A-7-5 NMSA 1978; or

59A-18-2. "Policy" defined.

As used in this article "policy" means any contract of insurance, indemnity, health care, suretyship or annuity between the insurer and the insured, by whatever name such contract is called, and includes all clauses, riders, endorsements and papers which are a part thereof.

History: Laws 1984, ch. 127, § 332.

59A-18-3. "Premium" defined.

As used in the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978] "premium" means the consideration for insurance or for an annuity, by whatever name called. Any "assessment," or any "membership," "policy," "survey," "inspection," "service" or similar fee or other charge in consideration for an insurance or annuity contract or procurement thereof is part of the premium.

History: Laws 1984, ch. 127, § 333.

ANNOTATIONS

Stacking. - When an automobile insurance policy states that premiums for uninsured motorist coverage with respect to additional vehicles under the policy are included in another premium, a reasonable insured might understand that more than one premium is charged, more than one coverage is purchased, and that stacking would be permitted. Since an insurer conceptualizes and drafts the insurance contract, the insurer has an obligation to express clearly its intent not to allow stacking, to its agents who sell

the policy and, more importantly, to the insureds to whom it issues the agreements it prepares. *Rodriguez v. Windsor Ins. Co.*, 118 N.M. 127, 879 P.2d 759 (1994).

59A-18-4. Insurable interest; personal insurance.

A. Any individual of competent legal capacity may procure or effect an insurance contract upon his own life or body for the benefit of any person. No person shall procure or cause to be procured any insurance contract upon the life or body of another individual unless the benefits under such contract are payable to the individual insured or his personal representatives, or to a person having, at the time such contract was made, an insurable interest in the individual insured.

B. If the beneficiary, assignee or other payee under any contract made in violation of this section receives from the insurer any benefits thereunder accruing upon the death, disablement or injury of the individual insured, the individual insured or personal representative may maintain an action to recover such benefits from the person so receiving them.

C. As used in this section, "insurable" interest as to such personal insurance means that every person has an insurable interest in the life, body and health of himself, if an individual, and in the life, body and health of other individuals as follows:

(1) in the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection; and

(2) in the case of other persons, a lawful and substantial economic interest in having the life, health or bodily safety of the insured individual continue, as distinguished from an interest which would arise only, or would be enhanced in value, by the death, disablement or injury of the individual insured.

D. An individual party to a contract or option for purchase or sale of an interest in a business partnership or firm, or of shares of stock of a corporation or of an interest in such shares, has an insurable interest in the life, body and health of each individual party to such contract and for the purposes of such contract only, in addition to any insurable interest which may otherwise exist as to such individual.

E. An insurer shall be entitled to rely upon all statements, declarations and representations made by an applicant for insurance relative to the insurable interest of the applicant in the insured; and no insurer shall incur legal liability, except as set forth in the policy, by virtue of any untrue statements, declarations or representations so relied upon in good faith by the insurer.

59A-18-5. Insurable interest, life insurance; exception when certain institutions designated beneficiary.

A. Life insurance contracts may be entered into in which the person paying the consideration for the insurance has no insurable interest in the life of the individual insured, where charitable, benevolent, educational or religious institutions or their agencies are designated irrevocably as the beneficiaries thereof.

B. In making such contracts the person paying the premium shall make and sign the application therefor as owner, and shall designate irrevocably a charitable, benevolent, educational or religious institution or an agency thereof as the beneficiary or beneficiaries of such contract. The application shall be signed also by the individual whose life is to be insured.

C. Nothing in this section shall prohibit any combination of the applicant, premium payer, owner and beneficiary from being the same person.

D. Such a contract shall be valid and binding among the parties thereto, notwithstanding the absence otherwise of an insurable interest in the life of the individual insured.

B. "Insurable interest" as used in this section means any actual, lawful and substantial economic interest in the safety and preservation of the subject of the insurance free from loss, destruction, pecuniary damage or impairment.

59A-18-7. Power to contract for insurance; purchase of insurance or annuity by minor.

A. Any person of competent legal capacity may contract for insurance.

B. Any minor not less than fifteen (15) years of age may, notwithstanding his minority, contract for annuities or for insurance upon his own life or health, or on the person of another individual in whom the minor has an insurable interest. Such a minor shall, notwithstanding such minority, be deemed competent to exercise all rights and powers with respect to or under any such contract as might be exercised by an individual of full legal age, and may at any time surrender his interest in any such contract and give valid discharge for any benefit accruing or money payable thereunder. Such a minor shall not, by reason of his minority, be entitled to rescind, avoid or repudiate the contract, nor to rescind, avoid or repudiate any exercise of a right or privilege thereunder, except that such a minor not otherwise emancipated, shall not be bound by any unperformed agreement to pay by promissory note or otherwise, any premium on any such annuity or insurance contract. Any annuity or insurance contract procured by or for a minor under this subsection shall be made payable either to the minor or his estate or to a person having an insurable interest in the minor's life.

59A-18-8. Consent of insured; life, health insurance.

No life or health insurance contract upon an individual, except a contract of group life insurance or of group or blanket health insurance, shall be made or effectuated unless

at the time of the making of the contract, such individual applies therefor or has consented thereto in writing, except in the following cases:

- A. A spouse may effectuate such insurance upon the other spouse;
- B. Any person having an insurable interest in the life of a minor, or any person upon whom a minor is dependent for support and maintenance, may effectuate insurance upon the life of or pertaining to such minor; and
- C. Family policies may be issued insuring any two (2) or more members of a family on an application signed by either parent, a stepparent, a guardian, or by a husband or wife.

History: Laws 1984, ch. 127, § 338.

ANNOTATIONS

Where unsigned insurance policy enforceable. - Insurance policy was not void or otherwise unenforceable because the insured did not sign the application or consent to the policy in writing. Where the insured consents to, and even directs, procurement of an insurance policy on his life and believes that he is thereby insured, permitting the insurance company to avoid liability when the insured dies would not further the purpose of this section, which is to protect the insurer against speculation on his life and foul play. Jackson Nat'l Life Ins. Co. v. Receconi, 113 N.M. 403, 827 P.2d 118 (1992).

59A-18-9. Alteration of application; life, health insurance.

No alteration of any written application for any life or health insurance policy or annuity contract shall be made by any person other than the applicant without his written consent, except that insertions may be made by the insurer for administrative purposes only in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant.

History: Laws 1984, ch. 127, § 339.

59A-18-10. Application as evidence.

A. The insured shall not be bound by any statement made in the application, and no application for issuance of any life or health insurance policy or annuity contract shall be admissible in evidence in any action relative to such policy or contract, unless a true copy of the application was attached to or otherwise made a part of the policy or contract when issued. This subsection does not apply to industrial life insurance policies.

B. If any policy of life or health insurance or annuity contract delivered in this state is reinstated or renewed, and the insured, beneficiary, annuitant or assignee of the policy

or contract makes written request to the insurer for a copy of the application, if any, for such reinstatement or renewal, the insurer shall, within fifteen (15) days after receipt of such request at its home office or any of its branch offices, deliver or mail a copy of the application to the person making the request. If such copy is not so delivered or mailed, the insurer shall be precluded from introducing the application as evidence in any action or proceeding based upon or involving such policy or contract or its reinstatement or renewal. If such a request is from a beneficiary or assignee, the time within which the insurer is required to furnish a copy of the application shall not begin to run until after receipt of evidence satisfactory to the insurer of the beneficiary's or assignee's vested interest in the policy or contract.

C. As to kinds of insurance other than life or health insurance or annuity contract, no application for insurance signed by or on behalf of the insured shall be admissible in evidence in any action between the insured and the insurer arising out of the policy so applied for, if the insurer has failed, at expiration of thirty (30) days after receipt by the insurer at its home office or branch office, of a written demand therefor by or on behalf of the insured, to furnish to the insured a copy of the application reproduced by any legible means.

59A-18-11. Representation in application.

A. The insured shall not be bound by any statement made in an application for a policy unless a copy of such application is attached to or endorsed on the policy when issued as a part thereof. If any such policy delivered or issued for delivery to any person in this state shall be reinstated or renewed and the insured or the beneficiary or assignee of such policy shall make written request to the insurance company for a copy of the application, if any, for such reinstatement or renewal, the insurance company shall within fifteen days after the receipts of such request at its home office or any branch office of the insurance company, deliver or mail to the person making such request, a copy of such application. If such copy shall not be so delivered or mailed, the insurance company shall be precluded from introducing such application as evidence in any action or proceeding based upon or involving such policy or its reinstatement or renewal.

B. No alteration of any written application for any such policy shall be made by any person other than the applicant without his written consent, except that insertions may be made by the insurance company, for administrative purposes only, in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant.

C. The falsity of any statement in the application for any policy covered by this Code may not bar the right to recovery thereunder unless such false statement materially affected either the acceptance of the risk or hazard assumed by the insurance company.

History: Laws 1984, ch. 127, § 341.

ANNOTATIONS

Material misrepresentation renders policy voidable. - The general rule, and the rule consistent with principles of contract and the duty of fair dealing, which is the duty imposed upon both the insurer and the insured, is that if misrepresentations be made, or information withheld, and such be material to the contract, then regardless of whether the party acted fraudulently, negligently or innocently, the insurer is entitled to void the policy, in the absence of waiver or estoppel. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

Regardless of intent. - Action for death benefit under certificate of fraternal benefit insurance was defeated by fact that insured, being then pregnant and afterward dying as result thereof, falsely, though innocently, warranted in application for insurance that she was not pregnant. *Vigil v. American Ins. Union*, 37 N.M. 44, 17 P.2d 936 (1932).

Representation or concealment of fact is material if it operates as an inducement to the insurer to enter into the contract, where, except for such inducement, it would not have done so, or would have charged a higher premium. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

When it is determined that the insurer's conduct would not have been altered in either accepting the risk, or in the premium that would have been charged, the conclusion follows that the policy should not be cancelled for fraud. *Tsosie v. Foundation Reserve Ins. Co.*, 77 N.M. 671, 427 P.2d 29 (1967).

Effect of insurer's agent's misstatement. - Insurer is not relieved from liability by reason of misstatements as to health of insured in application made out by insurer's agent and signed by insured without reading, though copy of application, as required by statute, is attached to policy when delivered, and was not read by insured. *Griego v. New York Life Ins. Co.*, 44 N.M. 330, 102 P.2d 31 (1940).

Effect of agent's disregard of information. - Aside from any question which may be present as to the effect of the failure of insurer's agent to make further inquiry to avoid being misled, the agent's disregard of the information that was given may properly be considered by the court in determining the issue of materiality and reliance. *Tsosie v. Foundation Reserve Ins. Co.*, 77 N.M. 671, 427 P.2d 29 (1967).

Materiality is factual question. - The question of materiality or reliance by the defendant ordinarily is for the trier of facts, and the burden of proof is on the insurance company. *Tsosie v. Foundation Reserve Ins. Co.*, 77 N.M. 671, 427 P.2d 29 (1967).

Knowledge prerequisite to waiver or estoppel. - An insurer may waive its right to assert a forfeiture, or be estopped from asserting this right. Before an insurer can be held to have waived, or be estopped from asserting a right of forfeiture, it must have had knowledge of the facts. *Modisette v. Foundation Reserve Ins. Co.*, 77 N.M. 661, 427 P.2d 21 (1967).

59A-18-12. Filing of forms and classifications; review of effect upon insured.

A. No insurance policy or annuity contract shall be delivered or issued for delivery in this state, nor shall any assumption certificate, endorsement, rider or application which becomes a part of any such policy be used, until a copy of the form and the classification of risks pertaining thereto have been filed with the superintendent. Any such filing shall be made at least sixty days before its proposed effective date. No filing made pursuant to this section shall become effective nor shall it be used until approved by the superintendent pursuant to Section 59A-18-14 NMSA 1978. This subsection shall not apply as to policies, contracts, endorsements or riders of unique and special character not for general use or offering but designed and used solely as to a particular insured or risk.

B. No workers' compensation insurance policy covering a risk arising from the employment of a worker performing work for an employer in New Mexico when that employer is not domiciled in New Mexico shall be issued or become effective, nor shall any endorsement or rider covering such a risk be issued or become effective, until a copy of the form and the classification of risks pertaining thereto have been filed with the superintendent.

C. Any insured may in writing request the insurer to review the manner in which its filing has been applied as to insurance afforded him. If the insurer fails to make such review and grant appropriate relief within thirty days after such request is received, the insured may file a written complaint and request for a hearing with the superintendent, stating grounds relied upon. If the complaint charges a violation of the Insurance Code [this chapter] and the superintendent finds that the complaint was made in good faith and that the insured would be aggrieved if the violation is proved, he shall hold a hearing, with notice to the insured and insurer stating the grounds of complaint. If upon such hearing the superintendent finds the complaint justified, he shall order the insurer to

correct the matter complained of within a reasonable time specified but not less than twenty days after a copy of his order was mailed to or served upon the insurer.

59A-18-13.1. Adjusted community rating.

A. Until July 1, 1998, every insurer, fraternal benefit society, health maintenance organization or nonprofit health care plan that provides primary health insurance or health care coverage insuring or covering major medical expenses shall, in determining the initial year's premium charged for an individual, use only the rating factors of age, gender, geographic area of the place of employment and smoking practices. In determining the initial and any subsequent year's rate, the difference in rates in any one age group that may be charged on the basis of a person's gender shall not exceed another person's rates in the age group by more than twenty percent of the lower rate, and no person's rate shall exceed the rate of any other person with similar family composition by more than two hundred fifty percent of the lower rate, except that the rates for children under the age of nineteen may be lower than the bottom rates in the two hundred fifty percent band. The rating factor restrictions shall not prohibit an insurer, society, organization or plan from offering rates that differ depending upon family composition.

B. Effective July 1, 1998, every insurer, fraternal benefit society, health maintenance organization or nonprofit health care plan that provides primary health insurance or health care coverage insuring or covering major medical expenses shall charge the same premium for the same coverage to each New Mexico resident, regardless of a person's individual circumstances for medical risk, job risk or gender. The only rating factor that may be used is whether a person is under or over the age of nineteen.

C. The superintendent shall adopt regulations to implement the provisions of this section.

History: Laws 1994, ch. 75, § 26.

ANNOTATIONS

Effective dates. - Laws 1994, ch. 75, § 37 makes §§ 26 to 34 of the act effective January 1, 1995.

Applicability. - Laws 1994, ch. 75, § 36 makes the provisions of §§ 26 to 34 of the act applicable to all plans and policies delivered, issued for delivery or renewed on or after January 1, 1995.

59A-18-14. Grounds, procedure for disapproval.

A. The superintendent shall review any filing made pursuant to Section 59A-18-12 or 59A-18-13 NMSA 1978 within sixty days of the filing date. The superintendent shall approve any form or rate if he finds that it complies with the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978], and disapprove any form or rate only on any one or more of the following grounds:

(1) if the form is in any respect in violation of or does not comply with the Insurance Code;

(2) if the form contains, or incorporates by reference where such incorporation is otherwise permissible, any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which deceptively affect the risk purported to be assumed in the general coverage of the contract, or which encourages misrepresentation of the policy or its benefits;

(3) if the benefits offered are unreasonably restricted in relation to the premium charged;

(4) if the form has any title, heading or other indication of its provisions which is misleading, or if the form is printed in such type or manner of reproduction as to be difficult to read; or

(5) if purchase of the form is being solicited by advertising, communication or dissemination of information which is deceptive or misleading.

B. If the superintendent disapproves any such form during the sixty-day review period, he shall give the insurer written notice of the disapproval, stating the grounds therefor.

C. After expiration of the sixty-day review period referred to in Section 59A-18-13 NMSA 1978 [Subsection A of this section], or at any time after having approved a form, the superintendent may, after a hearing thereon, disapprove a form or withdraw a previous approval on any of the grounds stated in Subsection A of this section. The superintendent's order issued on such hearing shall state the grounds for disapproval or withdrawal of previous approval and the date, not less than twenty days after the date of the order, when disapproval or withdrawal of approval shall become effective.

History: Laws 1984, ch. 127, § 344; 1987, ch. 244, § 11.

ANNOTATIONS

Compiler's note. - The reference in Subsection C to "the sixty-day review period referred to in Section 59A-18-13 NMSA 1978" is apparently erroneous. The apparent intended reference is to Subsection A of this section.

59A-18-15. Use of disapproved health insurance form; penalty.

No insurer, agent or other person shall deliver or issue for delivery in this state any health insurance policy on a form as to which disapproval by the superintendent is in force. The superintendent may suspend or revoke or refuse to continue the certificate of authority of an insurer, or license of an agent, for violation of this provision; and any person so violating shall forfeit to the people of this state not to exceed five hundred dollars (\$500) for each such violation, which may be recovered by a civil action.

59A-18-16. Continuation of coverage and conversion rights; accident and health insurance policies; notice.

A. Every accident and health insurance policy that provides hospital, surgical and medical expense benefits and that is delivered, issued for delivery or renewed in this state on or after January 1, 1985 shall provide:

(1) if an individual policy, covered family members the right to continue such policy as the named insured or through a conversion policy upon the death of the named insured or upon the divorce, annulment or dissolution of marriage or legal separation of the spouse from the named insured; or

(2) if a group policy:

(a) each member or employee of the group insured the right to continue such coverage for a period of six months and thereafter through a conversion policy upon termination of membership or employment with the group insured; and

(b) covered family members of an employee or member of the group insured the right to continue such coverage through a converted or separate policy upon the death of the member or employee of the group insured or upon the divorce, annulment or dissolution of marriage or legal separation of the spouse from the member or employee of the group insured.

Where a continuation of coverage or conversion is made in the name of the spouse of the named insured or the spouse of the employee or member of the group insured, such coverage may, at the option of the spouse, include coverage for dependent children for whom the spouse has responsibility for care and support.

B. The right to a continuation of coverage or conversion pursuant to this section shall not exist with respect to any member or employee of the group insured or any covered family member in the event the coverage terminates for nonpayment of premium, nonrenewal of the policy or the expiration of the term for which the policy is issued. With respect to any member or employee of the group insured or any covered family member who is eligible for medicare or any other similar federal or state health insurance program, the right to a continuation of coverage or conversion shall be limited to coverage under a medicare supplement insurance policy as defined by the rules and regulations adopted by the superintendent.

C. Coverage continued through the issuance of a converted or separate policy shall be provided at a reasonable, nondiscriminatory rate to the insured and shall consist of a form of coverage then being offered by the insurer as a conversion policy in the jurisdiction where the person exercising the conversion right resides that most nearly approximates the coverage of the policy from which conversion is exercised. Continued and converted coverages shall contain renewal provisions that are not less favorable to the insured than those contained in the policy from which the conversion is made, except that the person who exercises the right of conversion is entitled only to have included a right to coverage under a medicare supplement insurance policy, as defined by the rules and regulations adopted by the superintendent, after the attainment of the age of eligibility for medicare or any other similar federal or state health insurance program.

D. At the time of inception of coverage, the insurer shall furnish to each covered family member who is eighteen years of age or over and to each employee or member of the group insured a statement setting forth in summary form the continuation of coverage and conversion provisions of the policy.

E. The insurer shall notify in writing each employee or member, upon that employee's or member's termination of employment or membership with the group insured, of the continuation and conversion provisions of the policy. The employer may give the written notice specified herein. The employer should notify the insurer of the employee's or member's change of status and last known address. Under no circumstances shall the employer have any civil liability under the conversion provisions of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978].

F. The eligible employee or member of the group insured or covered family member exercising the continuation or conversion right must notify the employer or insurer and make payment of the applicable premium within thirty days following the date of the notification given by the insurer pursuant to Subsection E of this section. There shall be no lapse of coverage during the period in which conversion is available.

G. Coverage shall be provided through continuation or conversion without additional evidence of insurability and shall not impose any preexisting condition, limitations or other contractual time limitations other than those remaining unexpired under the policy or contract from which continuation or conversion is exercised.

H. Benefits otherwise payable under a converted or separate policy may be reduced so they are not, during the first policy year of the converted or separate policy, in excess of those that would have been payable under the policy from which conversion is exercised. Benefits, if any, otherwise payable under a converted or separate policy are not payable for a loss claimed under the policy from which conversion is exercised.

I. Any probationary or waiting period set forth in the converted or separate policy is deemed to commence on the effective date of the applicant's coverage under the original policy.

B. No policy shall contain any provision inconsistent with or contradictory to any standard or uniform provision used or required to be used, but the superintendent may approve any substitute provision which is, in his opinion, not less favorable in any particular to the insured, owner or beneficiary than the provision otherwise required or which is designed to comply with Chapter 59A, Article 19 NMSA 1978.

C. Insurance coverage provided in residential property insurance policies shall provide coverage for the cost to repair or replace without deduction for depreciation. If the insured elects to effectuate repairs to the property himself, a reasonable overhead expense shall be allowed.

D. In lieu of the provisions required by the Insurance Code for contracts for particular kinds of insurance, substantially similar provisions required by the laws of the domicile of a foreign or alien insurer may be used when approved by the superintendent.

E. A policy issued by a domestic insurer for delivery in another jurisdiction may contain any provision required or permitted under the laws of such jurisdiction.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, substituted "Chapter 59A, Article 19 NMSA 1978" for "Article 19 (policy language simplification) of the Insurance Code" at the end in Subsection B, added Subsection C, and redesignated former Subsections C and D as Subsections D and E.

59A-18-18. Charter, bylaw provisions.

History: Laws 1984, ch. 127, § 347.

59A-18-19. Execution of policies.

A. Every policy shall be executed in the name of and on behalf of the insurer by its officer, attorney-in-fact, employee or representative duly authorized by the insurer.

B. A facsimile signature of any such executing individual may be used in lieu of an original signature.

C. No policy which is otherwise valid shall be rendered invalid by reason of the apparent execution thereof on behalf of the insurer by the imprinted facsimile signature of an individual not authorized so to execute as of the date of the policy.

B. Two (2) or more insurers may, with the superintendent's approval, issue a combination policy containing additional provisions substantially as follows:

(1) that the insurers executing the policy shall be severally liable for the full amount of any loss or damage, according to the terms of the policy, or for specified percentages or amounts thereof, aggregating the full amount of insurance under the policy; and

(2) that service of process, or of any notice or proof of loss required by such policy, upon any of the insurers executing the policy shall constitute service upon all such insurers.

C. This section does not apply to cosurety obligations.

History: Laws 1984, ch. 127, § 349.

B. Any condition, omission or provision not in compliance with the requirements of the Insurance Code and contained in any policy, rider or endorsement issued after the effective date of the Insurance Code and otherwise valid shall not thereby be rendered invalid but shall be interpreted and applied in accordance with such condition, omission or provision as would have applied had the same been in full compliance with the Insurance Code.

History: Laws 1984, ch. 127, § 350.

ANNOTATIONS

Effective date of Insurance Code. - Laws 1984, ch. 127, § 999, makes the Insurance Code effective on January 1, 1985.

Existing forms and filings. - See notes following 59A-5-21 NMSA 1978.

Where unsigned insurance policy enforceable. - Insurance policy was not void or otherwise unenforceable because the insured did not sign the application or consent to the policy in writing. If the insured consents to, and even directs, procurement of an insurance policy on his life and believes that he is thereby insured, permitting the insurance company to avoid liability when the insured dies would not further the purpose of § 59A-18-8, which is to protect the insurer against speculation on his life and foul play. Jackson Nat'l Life Ins. Co. v. Receconi, 113 N.M. 403, 827 P.2d 118 (1992).

59A-18-22. Binders.

A. While acting within the scope of authority granted by the insurer, binders or other contracts for temporary insurance may be made by an agent orally or in writing, and shall be deemed to include all the usual terms of the policy as to which the binder was given together with such applicable endorsements as are designated in the binder, except as superseded by the clear and express terms of the binder.

B. No binder shall be valid beyond the issuance of the policy as to which given, or beyond ninety (90) days for written binders, fifteen days for oral, from its effective date, whichever period is the shorter.

C. If the policy has not been issued a binder may be extended or renewed beyond such ninety (90) or fifteen days with the written approval of the insurer.

D. This section shall not apply as to life or health insurances; and binders under the standard fire policy are governed by Section 492 of the Insurance Code and not by this section.

History: Laws 1984, ch. 127, § 351.

ANNOTATIONS

Compiler's note. - Section 492 of the Insurance Code, referred to in subsection D, is set out in Laws 1984, ch. 127, as reserved.

59A-18-23. Delivery of policy, motor vehicle vendors, mortgagees, pledgees.

A. If the original policy is delivered or is so required to be delivered to or for deposit with any vendor, mortgagee or pledgee of any motor vehicle, in which policy any interest of the vendee, mortgagor or pledgor in or with respect to such vehicle is insured, a duplicate of the policy setting forth the name and address of the insurer, insurance classification of vehicle, type of coverage, limits of liability, premiums for the respective coverages, and duration of the policy, or memorandum thereof containing the same information, shall be delivered by the vendor, mortgagee or pledgee to each such vendee, mortgagor or pledgor named in the policy or coming within the group of persons designated in the policy to be so included. If the policy does not provide coverage of legal liability of the vendee, mortgagor or pledgor for injury to persons or damage to property of third parties, a statement of such fact shall be printed, written or stamped conspicuously on the face of the duplicate policy or memorandum.

Any licensed agent appointed as agent by an insurer shall, in any controversy between the insured or his beneficiary and the insurer, be held to be the agent of the insurer which issued the insurance solicited or applied for, anything in the application or policy to the contrary notwithstanding; and any broker licensed to transact insurance business in this state, in any controversy between any insured or his beneficiary and the insurer issuing the insurance through its licensed agent at request of the broker, shall be held to be the agent of the insured, anything in the application or policy to the contrary notwithstanding, unless under particular circumstances it is found that the broker is representing the insurer. This section shall not apply as to surplus line brokers, nor as to acts of the agent in fraud or attempted fraud of the insurer or acts of the broker in fraud or attempted fraud of the insured.

History: Laws 1984, ch. 127, § 353.

ANNOTATIONS

Clause prohibiting waiver by agent ineffective. - A clause in an insurance application prohibiting a waiver of conditions in the application except by an endorsement of an officer of the insurer could not operate to prevent the waiver by the insurer's agent of the conditions in the application requiring the insured to notify the insurer of his changed health and conditioning delivery of the policy on the insured's health remaining the same

prior to delivery of the policy where the insurer's agent requested payment of the insurance premium after the insured had notified the agent of his changed health. Jackson Nat'l Life Ins. Co. v. Receconi, 113 N.M. 403, 827 P.2d 118 (1992).

59A-18-25. Allowance for inflation.

Where amounts of insurance under group, blanket or other forms of life, annuity or health insurance coverage are now or hereafter limited to specified dollar amounts by any provision of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978], the insurer may, with the superintendent's approval and notwithstanding the statutory limit otherwise applicable, increase the dollar amount of coverage in particular policies or contracts as reasonably necessary to offset devaluation of dollar purchasing power because of inflation, and to provide current coverage in amount reasonably related to dollar purchasing power at the time such statutory limit was enacted. The superintendent may promulgate reasonable rules and regulations for effectuation of this section under which the increased amounts of coverage may be applied generally and without approval by the superintendent of increases in each instance.

History: Laws 1984, ch. 127, § 354.

59A-18-26. Payment discharges insurer.

Whenever the proceeds of or payments under a life or health insurance policy or annuity contract heretofore or hereafter issued become payable in accordance with the terms of the policy or contract, or exercise of any right or privilege thereunder, and the insurer makes payment thereof in accordance with the terms of the policy or contract or in accordance with any written assignment thereof, the person then designated in the policy, contract or assignment as being entitled thereto shall be entitled to receive such proceeds or payments and to give full acquittance therefor; and such payment shall fully discharge the insurer from all claims under the policy or contract unless, before payment is made, the insurer has received at its home office written notice by or on behalf of some other person that such other person claims to be entitled to such payment or some interest in the policy or contract.

History: Laws 1984, ch. 127, § 355.

59A-18-27. Forms of proof of loss to be furnished.

Upon receiving due notice of a claim of loss under an insurance contract issued or assumed by it, an insurer shall promptly furnish to the insured claimant such forms of proof of loss as it may require for completion by such person, but the insurer shall not have any responsibility for or with respect to completion of such proof or the manner of any such completion or attempted completion.

History: Laws 1984, ch. 127, § 356.

59A-18-27.1. Universal claim forms.

A. The superintendent shall devise or designate universal forms to be utilized by every health insurer, including health maintenance organizations, nonprofit health plans and fraternal organizations offering any type of health coverage for individuals residing in this state, for the purpose of receiving claims under their policies. In preparing the forms, the superintendent may consult with insurers, trade associations and other interested parties. Upon adoption of the final forms by the superintendent, he shall notify the insurers affected by sending them a specimen copy of the adopted forms and an explanation of the requirements of this section. Every covered insurer shall begin using the adopted forms not later than six months following the date of the superintendent's notification.

B. A health insurer may not refuse to accept a claim submitted on uniform claim forms adopted pursuant to Subsection A of this section, but may accept claims submitted on any other form.

C. A health insurer does not violate this section by using a claim form that the insurer has been required to use by the state or federal government.

History: 1978 Comp., § 59A-18-27.1, enacted by Laws 1993, ch. 126, § 2.

59A-18-28. Notice; waiver.

The acknowledgment by any insurance company of the receipt of notice given under any policy covered by this code [this chapter], or the furnishing of forms for filing proofs of loss, or the acceptance of such proofs, or the investigation of any claim thereunder shall not operate as a waiver of any of the rights of the insurance company in defense of any claim arising under such policy.

59A-18-29. Cancellation of certain policies.

A. An insurer or agent may at any time cancel a policy for nonpayment of premium thereon when due, whether the premium is payable directly to the insurer or agent or indirectly under any premium financing plan or extension of credit. The insurer or agent shall give the named insured written notice of such cancellation not less than ten (10) days prior to the effective date of the cancellation.

B. An insurer may cancel its policy without cause at any time within sixty (60) days next following original issuance and effective date of the policy. The insurer shall give the named insured written notice of such cancellation not less than ten (10) days prior to the effective date of the cancellation, which effective date shall fall within such sixty (60) day period.

C. Subject to Subsection A above, after expiration of the sixty (60) day period referred to in Subsection B an insurer or agent shall not cancel except for reasonable cause such policies and for such causes, and with advance notice of cancellation for such period of time, as may from time to time be provided by rules and regulations of the superintendent. Such rules and regulations may also require that statement of the reasons for such cancellation be contained in the notice of cancellation given to specified persons.

D. Notice of cancellation may be given by personal delivery to the named insured or by mailing the notice postage-paid addressed to the named insured at his address last of record with the insurer. Notice so mailed shall be deemed given when deposited in a mail depository of the United States post office.

E. There shall be no liability on the part of and no cause of action shall arise against any insurer or other person for furnishing information as to reasons for cancellation or for any statement made or information given pursuant to this section.

F. This section shall not apply as to life insurance or annuity contracts, health insurance contracts, title insurance, inland marine insurance contracts, or to any insurance policy which by its terms is not cancellable during the term of the policy at the option of the insurer.

History: Laws 1984, ch. 127, § 358.

ANNOTATIONS

Reasonable cause required. - This section does not preclude an insurer from cancelling insurance after sixty days, but requires only that reasonable cause exists for cancellation. Neither does it mandate that the insurer give notice of what the reasonable cause is. Notification of reasonable cause for termination is not a statutory requirement. *Corbin v. State Farm Ins. Co.*, 109 N.M. 589, 788 P.2d 345 (1990).

Common-law duty to avoid terminating policy. - An employer owes a common-law duty of good faith and due care to employees in attending a group insurance policy secured for the benefit of the employees. This duty requires the employer perform whatever functions are reasonable and necessary in order to keep the policy in effect, and that the employer avoid terminating the insurance policy or allowing it to lapse contrary to the desires and intentions of the employees. Notice of cancellation to the employee is not required, however, when the basis for the cancellation is nonpayment

by the employee. Chavez v. American Life & Cas. Ins. Co., 117 N.M. 393, 872 P.2d 366 (1994).

Statutory requirement of 10-day notice of cancellation does not apply to life insurance. - It is only the phrase "to any insurance policy" that is limited by the concluding language in Subsection F. Chavez v. American Life & Cas. Ins. Co., 117 N.M. 393, 872 P.2d 366 (1994).

No notice required before coverage lapses. - The failure of an insured to pay a renewal premium by the due date results in a lapse of coverage as of the last day of the policy period; under those circumstances, statutory requirement for 10-day notifications of cancellation does not apply. 59A-18-30. Disclosure of premium and claim data.

A. An insurer shall for a policy of insurance coverage provide the named insured of the policy with premium and claim data within sixty days of receipt of a written request from the named insured.

B. As used in this section "premium and claim data" shall include:

- (1) the sum of all premiums charged or billed by the insurer for the insurance policy;
- (2) the sum of all amounts paid out pursuant to claims covered under the policy;
- (3) a list of all pending claims against the policy which are open; and
- (4) cumulative loss or claim reserves chargeable to the policy.

C. None of the provisions of this section shall be applicable to life insurance policies or group insurance policies.

ANNOTATIONS

Compiler's note. - This section was enacted as 59A-18-31 NMSA 1978 by Laws 1987, ch. 281, § 1. However, since no section 59A-18-30 existed, the section was redesignated.

59A-18-31. Accident and health policy or certificate provisions relating to individuals who are eligible for medical benefits under the medicaid program.

A. Each individual or group policy or certificate of accident or health insurance that is delivered, issued for delivery or renewed in this state shall include provisions that require benefits paid on behalf of a child or other insured person under the policy or certificate to be paid to the human services department when:

(1) the human services department has paid or is paying benefits on behalf of the child or other insured person under the state's medicaid program pursuant to Title XIX of the federal Social Security Act, 42 U.S.C. 1396, et seq.;

(2) payment for the services in question has been made by the human services department to the medicaid provider; and

(3) the insurer is notified that the insured individual receives benefits under the medicaid program and that benefits must be paid directly to the human services department.

B. The notice required under Paragraph (3) of Subsection A of this section may be accomplished through an attachment to the claim by the human services department for insurance benefits when the claim is first submitted by the human services department to the insurer.

C. Notwithstanding any other provisions of law, checks in payment for claims pursuant to any individual or group policy or certificate of accident or health insurance for health care services provided to insured individuals who are also eligible for benefits under the medicaid program and provided by medical providers qualified to participate under the policy or certificate shall be made payable to the provider. The insurer may be notified that the insured individual is eligible for medicaid benefits through an attachment to the claim by the provider for insurance benefits when the claim is first submitted by the provider to the insurer.

D. No individual or group accident or health policy or certificate delivered, issued for delivery or renewed in this state on or after the effective date of this section shall contain any provision denying or limiting insurance benefits because services are rendered to an insured who is eligible for or who has received medical assistance under the medicaid program of this state.

E. To the extent that payment for covered expenses has been made pursuant to the state medicaid program for health care items or services furnished to an individual, in any case where an insurer has a legal liability to make payments, the state is

considered to have acquired the rights of the individual to payment by the insurer for those health care items or services.

B. This article shall not apply as to:

(1) any policy which is a security subject to federal jurisdiction;

(2) any group policy covering a group of one thousand (1,000) or more lives at date of issue, other than a group credit life insurance policy or a group credit health insurance policy; except, that any certificate issued pursuant to a group policy and delivered or issued for delivery in this state is not exempt;

59A-19-3. Definitions.

For the purposes of this article:

A. "issuer" means the insurer, fraternal benefit society, nonprofit health service corporation, prepaid health plan, dental care plan, vision care plan, pharmaceutical plan, health maintenance organization or other organization referred to in Subsection A of Section 359 [59A-19-2 NMSA 1978] of this code; and

B. "policy" means any policy, group certificate, benefit or service contract, plan or agreement referred to in Subsection A of Section 359 of this code.

History: Laws 1984, ch. 127, § 361.

59A-19-4. Minimum language simplification standards.

A. In addition to any other requirements of law, no policy forms shall be delivered or issued for delivery in New Mexico on or after the dates such form must be approved under this article, unless:

(1) the text achieves a minimum score of forty (40) on the Flesch reading ease test or an equivalent score on any other comparable test as provided in Subsection C of this section;

(2) it is printed, except for specification pages, schedules and tables, in not less than ten-point type, one point leaded;

(3) the style, arrangement and overall appearance of the policy give no undue prominence to any portion of the text of the policy or to any endorsements or riders; and

(4) it contains a table of contents or an index of the principal sections of the policy if the policy has more than three thousand (3,000) words printed on three (3) or fewer pages of text, or if the policy has more than three (3) pages regardless of the number of words.

B. For the purpose of this section, a Flesch reading ease test score shall be measured by the following method:

(1) for policy forms containing ten thousand (10,000) words or less of text, the entire form shall be analyzed. For policy forms containing more than ten thousand (10,000) words, the readability of two (2) two-hundred-word samples per page may be analyzed instead of the entire form. The samples shall be separated by at least twenty (20) printed lines;

(2) the number of words and sentences in the text shall be counted and the total number of words divided by the total number of sentences. The figure obtained shall be multiplied by a factor of 1.015;

(3) the total number of syllables shall be counted and divided by the total number of words. The figure obtained shall be multiplied by a factor of 84.6;

(4) the sum of the figures computed under Paragraphs (2) and (3) of this subsection subtracted from 206.835 equals the Flesch reading ease score for the policy form;

(5) for the purposes of Paragraphs (2), (3) and (4) of this subsection the following procedures shall be used:

(a) a contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word;

(b) a unit of words ending with a period, semicolon or colon, but excluding headings and captions, shall be counted as a sentence; and

(c) a syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. Where the dictionary shows two (2) or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used; and

(6) as used in this section, "text" includes all printed matter except the following:

(a) the name and address of the issuer; the name, number or title of the policy; the table of contents or index; captions and subcaptions; specification pages, schedules or tables; and

(b) any policy language which is drafted to conform to the requirements of any federal law, regulation or agency interpretation; any policy language required by any collectively bargained agreement; any medical terminology; any words which are defined in the policy; and any policy language required by law or regulation; provided, however, the issuer identifies the language or terminology excepted by this subparagraph and certifies in writing that the language or terminology is entitled to be excepted from this subparagraph.

C. Any other reading test may be approved by the superintendent for use as an alternative to the Flesch reading ease test if it is comparable in result to the Flesch reading ease test.

D. Filings subject to this section shall be accompanied by a certificate signed by an officer of the issuer stating that it meets the minimum reading ease score on the test used or stating that the score is lower than the minimum required but should be approved in accordance with Section 364 [59A-19-6 NMSA 1978] of this article. To confirm the accuracy of any certification, the superintendent may require the submission of further information to verify the certification in question.

E. At the option of the issuer, riders, endorsements, applications and other forms made a part of the policy may be scored as separate forms or as part of the policy with which they may be used.

History: Laws 1984, ch. 127, § 362.

59A-19-5. Superintendent may allow lower reading ease score.

The superintendent may, in his sole discretion, authorize use of a policy form having a lower score than the Flesch reading ease score required in Paragraph A(1) of Section 362 [59A-19-4 NMSA 1978] of this article if he finds that a lower score:

A. will provide a more accurate reflection of the readability of a policy form;

B. is warranted by the nature of a particular policy form or type or class of policy forms;
or

C. is caused by certain policy language which is drafted to conform to requirements of any state law, regulation or agency interpretation.

History: Laws 1984, ch. 127, § 363.

59A-19-6. Approval of forms.

A. A policy form meeting the requirements of Subsection A of Section 362 [59A-19-4 NMSA 1978] of this article shall be approved notwithstanding the provisions of any other laws which specify the contents of policies, if the policy form provides for policyholders and claimants protection not less favorable than they would be entitled to under such laws.

B. Any non-English language policy shall be deemed to be in compliance with Paragraph (1), Subsection A, of Section 362 of this article if the issuer certifies to the superintendent in writing that the policy is translated from an English-language policy which complies with such paragraph.

History: Laws 1984, ch. 127, § 364.

59A-20-2. "Annuity," "industrial life insurance" defined.

For the purposes of the Insurance Code [this chapter, except Articles 23A and 24A and Section 59A-33-14 NMSA 1978]:

A. an "annuity" is a contract under which obligation is assumed by the issuer to make periodic payments for a specific term or terms where the making or continuance of all or some such payments or the amount of any such payment is dependent upon continuance of human life, except payments made pursuant to optional modes of settlement under authority of Section 108 [59A-7-2 NMSA 1978] ("life" insurance defined) of the Insurance Code. Such a contract which includes extra benefits of the kinds set forth in Section 108 ("life" insurance defined) or Section 109 [59A-7-3 NMSA 1978] ("health" insurance defined) of the Insurance Code shall nevertheless be deemed to be an annuity if such extra benefits constitute a subsidiary or incidental part of the entire contract; and

B. "industrial life insurance" is that form of life insurance written under policies in face amount of two thousand five hundred dollars (\$2,500) or less, and bearing the words "industrial policy" or "weekly premium policy" or words of similar import imprinted on the face thereof as part of descriptive matter, and under which premiums are payable monthly or more often.

History: Laws 1984, ch. 127, § 367.

59A-20-3. Standard provisions required.

A. No insurer shall deliver or issue for delivery in this state any life insurance policy unless the policy contains in substance all of the applicable standard provisions required by Sections 369 through 380 [59A-20-4 to 59A-20-15 NMSA 1978] of this article, subject to Section 346 [59A-18-17 NMSA 1978] of the Insurance Code as to waiver or use of substitute provisions with the superintendent's approval.

B. This section does not apply as to group or pure endowment policies, annuity contracts or any provision of a life insurance policy or contract supplemental thereto relating to disability benefits or additional benefits in event of death by accident or accidental means.

C. Any of such provisions or portions thereof not applicable to single premium or nonparticipating or term policies, or insurance granted in exchange for lapsed or surrendered policies, shall to that extent not be incorporated therein.

History: Laws 1984, ch. 127, § 368.

ANNOTATIONS

Existing forms and filings. - See same catchline in notes following 59A-5-21 NMSA 1978.

Contract construed to effectuate both insuring and excepting clauses. - The insurance contract must be construed, whenever possible, to give effect to both provisions of the policy, that is, the insuring clause and the excepting clause. *King v. Travelers Ins. Co.*, 84 N.M. 550, 505 P.2d 1226 (1973).

Exceptions, limitations and exclusions to insuring agreements require narrow construction on the theory that the insurer, having affirmatively expressed coverage through broad promises, assumes a duty to define any limitations upon that coverage in clear and explicit terms. *King v. Travelers Ins. Co.*, 84 N.M. 550, 505 P.2d 1226 (1973).

Ambiguous policy liberally construed to favor insured. - An insurance policy which may reasonably be construed in more than one way should be construed liberally in favor of the insured. Where no ambiguity or uncertainty appears in the policy, no place is found for the operation of the rule. *Gray v. International Serv. Ins. Co.*, 73 N.M. 158, 386 P.2d 249 (1963).

In the event the policy is ambiguous, the contract will be construed favorably to the insured who did not prepare it. *King v. Travelers Ins. Co.*, 84 N.M. 550, 505 P.2d 1226 (1973).

If an ambiguity is apparent in the terms of a policy, the court must construe the contract so as to sustain indemnity if the sense and meaning of the instrument are not thereby destroyed. *King v. Travelers Ins. Co.*, 84 N.M. 550, 505 P.2d 1226 (1973).

Words given ordinary meanings. - Absent any provision in the policy defining "accidental means" as something different from that as understood by the general public, words, phrases or terms will be given their ordinary meaning. *Scott v. New Empire Ins. Co.*, 75 N.M. 81, 400 P.2d 953 (1965).

Where there is no ambiguity the court must construe the language of a policy in accordance with the plain, ordinary meaning of its terms. *King v. Travelers Ins. Co.*, 84 N.M. 550, 505 P.2d 1226 (1973).

Technical interpretations not given. - A strict technical or legalistic interpretation of the terms of the policy will not be accepted when it is fully within the power of the insurance company to affirmatively specify some meaning other than that understood by the average individual. *Scott v. New Empire Ins. Co.*, 75 N.M. 81, 400 P.2d 953 (1965).

59A-20-4. Grace period.

There shall be a provision that a grace period of thirty (30) days, or, at the option of the insurer, of one month of not less than thirty (30) days, or of four (4) weeks in the case of industrial life insurance policies the premiums for which are payable more frequently than monthly, shall be allowed within which the payment of any premium after the first may be made, during which period of grace the policy shall continue in full force. The insurer may impose an interest charge not in excess of six percent per annum for the number of days of grace elapsing before the payment of the premium, and whether or not such interest charge is imposed, if a claim arises under the policy during such period of grace the amount of any premium due or overdue, together with interest and any deferred installment of the annual premium, may be deducted from the policy proceeds.

History: Laws 1984, ch. 127, § 369.

59A-20-5. Incontestability.

There shall be a provision that the policy (exclusive of provisions relating to disability benefits or to additional benefits in the event of death by accident or accidental means) shall be incontestable, except for nonpayment of premiums, after it has been in force during the lifetime of the insured for a period of two (2) years from its date of issue.

History: Laws 1984, ch. 127, § 370.

ANNOTATIONS

Death of the insured within the two-year contestability period. - The death of the insured within the two-year contestability period rendered the incontestability clause unenforceable and, because of the insured's misrepresentations about her health on the application form, the insurer properly refused to pay the death benefits. *Crow v. Capitol Bankers Life Ins. Co.*, 119 N.M. 452, 891 P.2d 1206 (1995).

59A-20-6. Entire contract.

There shall be a provision that the policy, or the policy and the application therefor if a copy of such application is endorsed upon or attached to the policy when issued, shall constitute the entire contract between the parties and that statements contained in such an application shall, in the absence of fraud, be deemed representations and not warranties.

History: Laws 1984, ch. 127, § 371.

59A-20-7. Misstatement of age.

There shall be a provision that if the age of the insured, or of any other person whose age is considered in determining the premium or benefit, has been misstated, any amount payable or benefit accruing under the policy shall be such as the premium would have purchased at the correct age or ages.

History: Laws 1984, ch. 127, § 372.

59A-20-8. Dividends, participating policies.

A. There shall be a provision in participating policies that, beginning not later than the end of the third policy year, the insurer shall annually ascertain and apportion the divisible surplus, if any, that will accrue on the policy anniversary or other dividend date specified in the policy, provided the policy is in force and all premiums to that date are paid. Except as hereinafter provided, any dividend becoming payable shall at the option of the party entitled to elect such option be either:

(1) payable in cash; or

(2) applied to any one of such other dividend options as may be stated in the policy and approved by the superintendent.

B. If any such other dividend options are provided the policy shall further state which option shall be automatically effective if such party shall not have elected some other option. If the policy specifies a period within which such other dividend option may be elected, such period shall be not less than thirty (30) days following the date on which such dividend is due and payable. The annually apportioned dividend shall be deemed to be payable in cash within the meaning of Paragraph (1) above even though the policy provides that payment of such dividend is to be deferred for a specified period, provided such period does not exceed one year from the date of apportionment; however, interest will not be added to the dividend but shall be paid out annually.

C. If a participating policy provides that the benefit under any paid-up nonforfeiture provision is to be participating, it may provide that any divisible surplus becoming payable or apportioned while the insurance is in force under such nonforfeiture provision shall be applied in the manner set forth in the policy.

D. In participating industrial life insurance policies, in lieu of the provision required otherwise in this section, there shall be a provision that, beginning not later than the end of the fifth policy year, the policy shall participate annually in the divisible surplus, if any, in the manner set forth in the policy.

History: Laws 1984, ch. 127, § 373.

59A-20-9. Policy loans.

A. There shall be a provision that after three (3) full years' premiums have been paid, and after the policy has a cash surrender value and while no premium is in default beyond the grace period for payment, the insurer will advance, on proper assignment or pledge of the policy and on the sole security thereof, at a rate of interest not exceeding that allowable under Section 375 [59A-20-10 NMSA 1978] of this article, an amount equal to or, at the option of the party entitled thereto, less than the loan value of the policy. Before approving any policy language providing for a rate of interest in excess of eight percent, the superintendent shall require certification by the insurer that the holders of such policies will benefit through higher dividends or lower premiums, or both. The interest rate provided for by this section shall not impair the terms and conditions of any policy in force before the effective date of the Insurance Code. The loan value of the policy shall be at least equal to the cash surrender value at the end of the then current policy year, provided that the insurer may deduct, either from such loan value or from the proceeds of the loan, any existing indebtedness not already deducted in determining such cash surrender value including any interest then accrued but not due, any unpaid balance of the premium for the current policy year and interest on the loan to the end of the current policy year. The policy may also provide that if interest on any indebtedness is not paid when due it shall then be added to the existing indebtedness and shall bear interest at the same rate, and that if and when the total indebtedness on the policy, including interest due or accrued, equals or exceeds the amount of the loan value thereof, then the policy shall terminate and become void. The policy shall reserve to the insurer the right to defer the granting of a loan, other than for the payment of any premium to the insurer, for six (6) months after application therefor. The policy, at the insurer's option, may provide for automatic premium loan, subject to an election of the party entitled to elect.

B. This section shall not apply to term policies nor to term insurance benefits provided by rider or supplemental policy provisions, or to industrial life insurance policies.

History: Laws 1984, ch. 127, § 374.

59A-20-10. Policy loan interest rates.

A. For purposes of this section the "published monthly average" means:

(1) the Moody's Corporate Bond Yield Average - Monthly Average Corporates as published by Moody's Investors Service, Inc. or any successor thereto; or

(2) if such publication is no longer published, a substantially similar average established by regulations of the superintendent.

B. Maximum rate of interest on policy loans.

(1) Policies issued on or after April 7, 1983 shall provide for policy loan interest rates as follows:

(a) a provision permitting a maximum interest rate of not more than eight percent per annum; or

(b) a provision permitting an adjustable maximum interest rate established from time to time by the insurer as permitted by this section.

(2) The rate of interest charged under Subparagraph (1)(b) of this subsection shall not exceed the higher of the following:

(a) the published monthly average for the calendar month ending two (2) months before the date on which the rate is determined; or

(b) the rate used to compute the cash surrender values under the policy during the applicable period plus one percent per annum.

(3) If the maximum rate of interest is determined pursuant to Subparagraph (1)(b) of this subsection, the policy shall contain a provision stating the frequency at which the rate is to be determined for that policy.

(4) The maximum rate for each policy shall be determined at regular intervals at least once every twelve (12) months, but not more frequently than once in any three (3) month period. At the intervals specified in the policy:

(a) the rate being charged may be increased whenever such increase as determined under paragraph (2) of this Subsection B would increase the rate by one-half percent or more per annum; and

(b) the rate charged must be reduced whenever such reduction as determined under such paragraph (2) of this Subsection B would decrease that rate by one-half percent or more per annum.

(5) The insurer shall:

(a) notify the policyholder at the time a cash loan is made of the initial rate of interest on the loan;

(b) notify the policyholder of the initial rate of interest on the loan as soon as reasonably practical after making the initial loan. Notice need not be given to the policyholder when a further premium loan is added, except as provided in (c) below;

(c) send to policyholders with loans reasonable advance notice of any increase in the interest rate; and

(d) include in the notices required above the substance of the pertinent provisions of Paragraphs (1) and (3) of this Subsection B.

(6) The loan value of the policy shall be determined in accordance with Section 374 [59A-20-9 NMSA 1978] (policy loans) of this article, but no policy shall terminate in a policy year as the sole result of change in the interest rate during that policy year, and the insurer shall maintain coverage during that policy year until the time at which it would otherwise have terminated if there had been no change during that policy year.

(7) The substance of the pertinent provisions of Paragraphs (1) and (3) of this Subsection B shall be set forth in the policies to which they apply.

(8) For the purposes of this Subsection B:

(a) the rate of interest on policy loans permitted under this Subsection B includes the interest rate charged on reinstatement of policy loans for the period during and after any lapse of a policy;

(b) "policy loan" includes any premium loan made under a policy to pay one or more premiums that were not paid to the insurer as they fell due;

(c) "policyholder" includes the owner of the policy or person designated to pay premiums as shown by the records of the insurer; and

(d) "policy" includes certificates issued by a fraternal benefit society and annuity contracts which provide for policy loans.

(9) No other provision of law shall apply to policy loan interest rates unless made specifically applicable to such rates.

C. This section shall not apply to any insurance contract issued before April 7, 1983 unless the policyholder agrees in writing to the applicability of such provisions.

History: Laws 1984, ch. 127, § 375.

59A-20-11. Table of installments.

If the policy provides that the proceeds may be payable in installments which are determinable at issue of the policy, there shall be a table showing the amount of the guaranteed installments.

History: Laws 1984, ch. 127, § 376.

59A-20-12. Reinstatement.

There shall be a provision that unless:

- A. the policy has been surrendered for its cash surrender value; or
- B. its cash surrender value has been exhausted; or
- C. the paid-up term insurance, if any has expired;

the policy will be reinstated at any time within three (3) years (or two (2) years in the case of industrial life insurance policies) from the date of premium default upon written application therefor, the production of evidence of insurability satisfactory to the insurer, the payment of all premiums in arrears with interest at a rate not exceeding six percent per annum compounded annually and the payment or reinstatement of any other indebtedness to the insurer upon the policy with interest at the applicable policy loan interest rate.

If an insurer shall specify a particular period prior to the expiration of which settlement shall be made, such period shall not exceed two months from the receipt of such proofs.

59A-20-20. Annuities, entire contract.

59A-20-21. Annuities, misstatement of age or sex.

In an annuity or pure endowment contract, other than a reversionary, survivorship or group annuity, there shall be a provision that if the age or sex of the person or persons upon whose life or lives the contract is made, or of any of them, has been misstated, the amount payable or benefits accruing under the contract shall be such as the stipulated

payment or payments to the insurer would have purchased according to the correct age or sex and that if the insurer makes or has made any overpayment or overpayments on account of any such misstatement, the amount thereof, with interest at the rate to be specified in the contract but not exceeding six percent per annum, may be charged against the current or next succeeding payment or payments to be made by the insurer under the contract.

(1) the provisions specified in Sections 383 through 387 [59A-20-18 to 59A-20-22 NMSA 1978] of this article, except that under Section 383 (grace period) the insurer may at its option provide for an equitable reduction of the amount of the annuity payments in settlement of an overdue payment in lieu of providing for deduction of such payments from an amount payable upon settlement under the contract; and

(2) there shall be a provision that the contract may be reinstated at any time within three (3) years from the date of default in making stipulated payments to the insurer, upon production of evidence of insurability satisfactory to the insurer, and upon condition that all overdue payments and any indebtedness to the insurer on account of the contract

are paid, or, within the limits permitted by the then cash values of the contract, reinstated, with interest as to both payments and indebtedness at a rate to be specified in the contract but not exceeding six percent per annum compounded annually.

B. This section does not apply to group annuities or to annuities included in life insurance policies, and any of such provisions not applicable to single premium annuities shall not to that extent be incorporated therein.

(2) a provision which excludes or restricts liability for death caused in a certain specified manner or occurring while the insured has a specified status, except that a policy may contain provisions excluding or restricting coverage as specified therein in the event of death under any one or more of the following circumstances:

(a) death as a result, directly or indirectly, of war, declared or undeclared, or of action by military forces, or of any act or hazard of such war or action, or of service in the military, naval or air forces or in civilian forces auxiliary thereto, or from any cause while a member of such military, naval or air forces of any country engaged in such military action;

(2) a provision for any mode of settlement at maturity of the policy of less value than the amount insured under the policy, plus dividend additions, if any, less any indebtedness

to the insurer on or secured by the policy and less any premium that may by the terms of the policy be deducted; or

B. If any policy or contract subject to this article is issued by a domestic insurer for delivery to a person residing in another state, and if the administrator of the insurance laws of the other state informs the superintendent that such policy or contract is not subject to approval by him, the superintendent may by ruling require that such policy or contract contain the applicable standard provisions set forth in this article.

59A-20-28. Special requirements as to participating policies.

Beginning as of January 1, 1964:

A. no life insurer shall issue both participating and nonparticipating policies unless at least eighty percent of the gains from the participating policies inure [inure] to the benefit of the holders of the participating policies;

B. any insurer having both participating and nonparticipating policies in force shall keep a separate accounting for each such class of business and make and include in its annual statement filed with the superintendent a separate statement showing the gains, losses and expenses attributable to participating and nonparticipating business respectively, and showing how any general expense of the insurer has been apportioned to each such class; and

C. this section shall not apply to any insurer whose life insurance in force consists of ninety percent or more in either participating or nonparticipating business, as measured by premiums received; nor shall it apply as to business in force in other states or jurisdictions, nor to paid-up, temporary insurance, or pure endowment benefits issued or granted pursuant to the provisions of the Standard Nonforfeiture Law as set out in Section 396 [59A-20-31 NMSA 1978] of this article, nor as to reinsurance or annuity contracts.

History: Laws 1984, ch. 127, § 393.

59A-20-29. Prohibited policy plans.

A. No life insurer shall deliver or issue for delivery in this state:

(1) as part of or in combination with any life insurance, endowment or annuity contract, any agreement or plan, additional to the rights, dividends and benefits arising out of any such contract, which provides for accumulation of profits over a period of time and for payment of all or part of such accumulated profits only to members or policyholders of a

designated group or class who continue as members or policyholders until the end of a specified or ascertainable period;

(2) any "registered" policy; that is, any policy (other than one "registered" as a security under applicable state or federal law) purporting to be "registered" or otherwise specially recorded, with any agency of this or any other state or jurisdiction, or with any bank, trust company, escrow company or other institution other than the insurer, or purporting that any reserves, assets or deposits are held, or will be so held, for the special benefit or protection of the holder of such policy by or through any such agency or institution;

(3) any policy or contract under which any part of the premium or of funds or values arising from the policy or contract or from investment of reserves, or from mortality savings, lapses or surrenders, in excess of the normal reserves or amounts required to pay death, endowment and nonforfeiture benefits in respective amounts as specified in or pursuant to the policy or contract, are on a basis not involving insurance or life contingency features:

(a) to be placed in special funds or segregated accounts or specially designated places;
or

(b) to be invested in specially designated investments or types thereof, and the funds or earnings thereon to be divided among the holders of such policies or contracts, or their beneficiaries or assignees. This paragraph does not apply to any policy or contract authorized under Section 395 [59A-20-30 NMSA 1978] (Variable Contract Law) of this article;

(4) any policy providing for segregation of policyholders into mathematical groups and providing benefits for a surviving policyholder arising out of the death of another policyholder of such group, or under any other similar plan;

(5) any policy providing benefits or values for surviving or continuing policyholders contingent upon lapse or termination of the policies of other policyholders whether by death or otherwise;

(6) any policy providing that on death of anyone not specifically named therein, the owner or beneficiary of the policy shall receive the payment or granting of anything of value. This provision shall not be deemed to prohibit family policies insuring unspecified members of a family, nor to prohibit payment to unspecified beneficiaries of a class which has been expressly designated as such by the insured or policy owner;

(7) any policy containing or referring to one or more of the following provisions or statements:

(a) investment returns or profit sharing, other than as participation in divisible surplus of the insurer under a regular participation provision as provided for in Section 373 or Section 387 [59A-20-8 or 59A-20-22 NMSA 1978] of this article.

(b) special treatment in determination of any dividend that may be paid as to such policy;

(c) reference to premiums as "deposits";

(d) relating policyholder interest or returns to those of stockholders; or

(e) that the policyholder as a member of a select group will be entitled to extra benefits or extra dividends not available to policyholders generally.

59A-20-30. Variable contract law.

A. A domestic life insurer may establish one or more separate accounts and may allocate thereto amounts (including without limitation proceeds applied under optional modes of settlement or under dividend options) to provide for life insurance or annuities (and benefits incidental thereto), payable in fixed or variable amounts or both, subject to the following:

(1) the income, gains and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains or losses of the insurer;

(2) except as may be provided with respect to reserves for guaranteed benefits and funds referred to in Paragraph (3) of this subsection:

(a) amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurers; and

(b) the investments in such separate account or accounts shall not be taken into account in applying the investment limitations otherwise applicable to the investments of the insurer;

(3) except with the approval of the superintendent and other conditions as to investments and other matters as he may prescribe which shall recognize the guaranteed nature of the benefits provided, reserves for:

(a) benefits guaranteed as to dollar amount and duration; and

(b) funds guaranteed as to principal amount or stated rate of interest shall not be maintained in a separate account;

(4) unless otherwise approved by the superintendent, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account; provided, that unless otherwise approved by the superintendent, the portion of any of the assets of such separate account equal to the insurer's reserve liability with regard to the guaranteed benefits and funds referred to in Paragraph (3) of this subsection shall be valued in accordance with the rules otherwise applicable to the insurer's assets;

(5) amounts allocated to a separate account in the exercise of the power granted by this section shall be owned by the insurer, and the insurer shall not be, nor hold itself out to be, a trustee with respect to such amounts. If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the insurer may conduct;

(6) no sale, exchange or other transfer of assets may be made by an insurer between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made:

(a) by a transfer of cash; or

(b) by a transfer of securities having a readily determinable market value, provided that such transfer of securities is approved by the superintendent. The superintendent may approve other transfers among such accounts if in his opinion such transfers would not be inequitable; and

(7) to the extent such insurer deems it necessary to comply with any applicable federal or state laws, such insurer, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit

investment trust, may provide for persons having an interest therein appropriate voting and other rights and special procedures for the conduct of the business of such account, including without limitation special rights and procedures relating to investment policy, investment advisory services, selection of independent public accountants and the selection of a committee, the members of which need not be otherwise affiliated with such insurer, to manage the business of such account.

B. Any contract providing benefits payable in variable amounts delivered or issued for delivery in this state shall contain a statement of the essential features of the procedures to be followed by the insurer in determining the dollar amount of such variable benefits. Any such contract under which the benefits vary to reflect investment experience, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount will so vary and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis.

C. No insurer shall deliver or issue for delivery within this state variable contracts unless it is licensed or organized to do a life insurance or annuity business in this state, and the superintendent is satisfied that its condition or method of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this state. In this connection, the superintendent shall consider:

(1) the history and financial condition of the insurer;

(2) the character, responsibility and fitness of the officers and directors of the insurer;
and

(3) the law and regulations under which the insurer is authorized in the state of domicile to issue variable contracts.

If the insurer is a subsidiary of an authorized life insurer, or affiliated with such insurer through common management or ownership, it may be deemed by the superintendent to have met the provisions of this subsection if either it or the parent or the affiliated insurer meets the requirements hereof.

D. Except for Sections 59A-20-4, 59A-20-9 through 59A-20-12, 59A-20-31 and 59A-21-12 NMSA 1978, in the case of a variable life insurance policy and except for Sections 59A-20-18, 59A-20-22 and 59A-20-23 NMSA 1978 in the case of a variable annuity contract and except as otherwise provided in this section, all pertinent provisions of the insurance laws of this state shall apply to separate accounts and contracts relating thereto. Subject to approval by the superintendent, any individual variable annuity contract, delivered or issued for delivery in this state shall contain grace, reinstatement and nonforfeiture provisions appropriate to such a contract, and any group variable life insurance contract delivered or issued for delivery in this state shall contain a grace provision appropriate to such a contract. The reserve liability for variable contracts shall

be established in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

E. Notwithstanding any other provision of law, the superintendent shall have sole authority to regulate the issuance and sale of variable contracts and to issue such reasonable rules and regulations as may be appropriate to carry out the purposes and provisions of this section.

59A-20-31. Standard Nonforfeiture Law; life insurance.

A. In the case of policies issued on and after the operative date of this section, as defined in Subsection K of this section, no policy of life insurance, except as stated in Subsection J of this section, shall be delivered or issued for delivery in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the superintendent are at least as favorable to the defaulting or surrendering policyholder as are the minimum requirements hereinafter specified and are essentially in compliance with Subsection I of this section:

(1) that, in the event of default in any premium payment the insurer will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such amount as may be hereinafter specified. In lieu of such stipulated paid-up nonforfeiture benefit, the insurer may substitute, upon proper request not later than sixty days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits;

(2) that, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the insurer will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified;

(3) that a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default;

(4) that, if the policy shall have become paid-up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the insurer will pay, upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified;

(5) in the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies, a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the insurer on the policy; and

(6) a statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of the state in which the policy is delivered; an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the insurer on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

Any of the provisions in this subsection or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The insurer shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

B. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by Subsection A of this section, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (1) the then present value of the adjusted premiums as defined in Subsections D, E and F of this section, corresponding to premiums which would have

fallen due on or after such anniversary, and (2) the amount of any indebtedness to the insurer on the policy.

Provided, however, that for any policy issued on or after the operative date of Subsection F of this section, as defined therein, which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash surrender value referred to in the first paragraph of this subsection shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.

Provided, further, that for any family policy issued on or after the operative date of Subsection F of this section as defined therein, which defines a primary insured and provides term insurance on the life of the spouse of the primary insured expiring before the spouse's age seventy-one, the cash surrender value referred to in the first paragraph of this subsection shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such term insurance on the life of the spouse and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such term insurance on the life of the spouse. Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by Subsection A of this section, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the insurer on the policy.

C. Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

D. This subsection shall not apply to policies issued on or after the operative date of Subsection F of this section. Except as provided in Paragraph (2) of this subsection, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairments or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (a) the then present value of the future guaranteed benefits provided for by the policy; (b) two percent of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (c)

forty percent of the adjusted premium for the first policy year; (d) twenty-five percent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. Provided, however, that in applying the percentages specified in (c) and (d) above, no adjusted premium shall be deemed to exceed four percent of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

(1) In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this subsection shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; provided, however, that in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten were the amount provided by such policy at age ten.

(2) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to (1) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable by (2) the adjusted premiums for such term insurance, the foregoing items (1) and (2) being calculated separately and as specified in the first two paragraphs [the first paragraph and Paragraph (1)] of this subsection except that, for the purposes of (b), (c) and (d) of the first such paragraph, the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in (2) shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in (1).

(3) Except as otherwise provided in Paragraph (4) of this subsection and Subsection E of this section, all adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of the National Association of Insurance Commissioners 1941 standard ordinary mortality table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured, and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 standard industrial mortality table. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half percent per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of

mortality assumed may be not more than one hundred thirty percent of the rates of mortality according to such applicable table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the superintendent.

(4) This paragraph shall not apply to ordinary policies issued on or after the operative date of Subsection F of this section. In the case of ordinary policies issued on or after the operative date of this paragraph as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the commissioners 1958 standard ordinary mortality table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed three and one-half percent a year except that a rate of interest not exceeding four percent a year may be used for policies issued on or after July 1, 1973, and prior to July 1, 1977 and a rate of interest not exceeding five and one-half percent per annum may be used for policies issued on or after July 1, 1977, except that for any single premium whole life or endowment insurance policy a rate of interest not exceeding six and one-half percent per annum may be used, and provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six years younger than the actual age of the insured. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1958 extended term insurance table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the superintendent.

After June 9, 1961, any insurer may file with the superintendent a written notice of its election to comply with the provisions of Paragraph (4) of this subsection after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date (which shall be the operative date of this subsection for such insurer), this subsection shall become operative with respect to the ordinary policies thereafter issued by such insurer. If an insurer makes no such election, the operative date of this subsection for such insurer shall be January 1, 1966.

E. This subsection shall not apply to industrial policies issued on or after the operative date of Subsection F of this section.

In the case of industrial policies issued on or after the operative date of this subsection as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the bases of commissioners 1961 standard industrial mortality table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed three and one-half percent a year except that a rate of interest not exceeding four

percent a year may be used for policies issued on or after July 1, 1973 and prior to July 1, 1977 and a rate of interest not exceeding five and one-half percent per annum may be used for policies issued on or after July 1, 1977 except that for any single premium whole life or endowment insurance policy a rate of interest not exceeding six and one-half percent per annum may be used. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1961 industrial extended term insurance table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the superintendent.

After June 7, 1963, any insurer may file with the superintendent a written notice of its election to comply with the provisions of this subsection after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date (which shall be the operative date of this subsection for such insurer), this subsection shall become operative with respect to the industrial policies thereafter issued by such insurer. If an insurer makes no such election, the operative date of this subsection for such insurer shall be January 1, 1968.

F. This subsection shall apply to all policies issued on or after the operative date of this subsection. Except as provided in Paragraph (6) of this subsection, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairment or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of the then present value of the future guaranteed benefits provided for by the policy; one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and one hundred and twenty-five percent of the nonforfeiture net level premium as hereinafter defined. Provided, however, that in applying the last percentage specified above no nonforfeiture net level premium shall be deemed to exceed four percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined; and

(1) the nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due;

(2) in the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premiums, nonforfeiture net level premiums and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change;

(3) except as otherwise provided in Paragraph (6) of this subsection, the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of the sum of the then present value of the then future guaranteed benefits provided for by the policy and the additional expense allowance, if any, over the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy;

(4) the additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of one percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first ten policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first ten policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and one hundred twenty-five percent of the increase, if positive, in the nonforfeiture net level premium;

(5) the recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (a) by (b) where:

(a) equals the sum of: (1) the nonforfeiture net level premium applicable prior to the change times the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred [occurred], and (2) the present value of the increase in future guaranteed benefits provided for by the policy, and

(b) equals the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due;

(6) notwithstanding any other provisions of this subsection to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis;

(7) all adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of the commissioners 1980 standard ordinary mortality table or at the election of the insurer for any one or more specified plans of life insurance, the commissioners 1980 standard ordinary mortality table with ten-year select mortality factors; shall for all policies of industrial insurance be calculated on the basis of the commissioners 1961 standard industrial mortality table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this subsection, for policies issued in that calendar year. Provided, however, that:

(a) at the option of the insurer, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this subsection, for policies issued in the immediately preceding calendar year;

(b) under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by Subsection A of this section, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any;

(c) an insurer may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values;

(d) in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1980 extended term insurance table for policies of ordinary insurance and not more than the commissioners 1961 industrial extended term insurance table for policies of industrial insurance;

(e) for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the aforementioned tables;

(f) any ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the superintendent for use in determining the minimum nonforfeiture standard may be

substituted for the commissioners 1980 standard ordinary mortality table with or without ten-year select mortality factors or for the commissioners 1980 extended term insurance table; and

(g) any industrial mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the superintendent for use in determining the minimum nonforfeiture standard may be substituted for the commissioners 1961 standard industrial mortality table or the commissioners 1961 industrial extended term insurance table;

(8) the nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to one hundred twenty-five percent of the calendar year statutory valuation interest rate for such policy as defined in the Standard Valuation Law (Section 122 [59A-8-5 NMSA 1978] of the Insurance Code), rounded to the nearest one-quarter of one percent;

(9) notwithstanding any other provision in the laws relating to insurance to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form; and

(10) after the effective date of this subsection, any insurer may file with the superintendent a written notice of its election to comply with the provision of this subsection after a specified date before January 1, 1989, which shall be the operative date of this subsection for such insurer. If an insurer makes no such election, the operative date of this subsection for such insurer shall be January 1, 1989.

G. In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurer based on the then estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in Subsection A, B, C, D, E or F of this section, then:

(1) the superintendent must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by Subsection A, B, C, D, E or F of this section;

(2) the superintendent must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds; and

(3) the cash surrender values and paid-up nonforfeiture benefits provided by such plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this section, as determined by regulations promulgated by the superintendent.

H. Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in Subsections B, C, D, E and F of this section may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the amounts used to provide such additions. Notwithstanding the provisions of Subsection B of this section, additional benefits payable (a) in the event of death or dismemberment by accident or accidental means, (b) in the event of total and permanent disability, (c) as reversionary annuity or deferred reversionary annuity benefits, (d) as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, (e) as term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child, and (f) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

I. This subsection, in addition to all other applicable sections of this law, shall apply to all policies issued on or after January 1, 1985. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than two-tenths of one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years, from the sum of (a) the greater of zero and the basic cash value hereinafter specified and (b) the present value of any existing paid-up additions less the amount of any indebtedness to the insurer under the policy.

The basic cash value shall be equal to the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the insurer, if there had been no default, less the then present value of the nonforfeiture factors, as hereinafter defined, corresponding to premiums which would have fallen due on and after such anniversary. Provided, however, that the effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described in Subsection B or D of this section, whichever is applicable, shall be the same as are the effects specified therein.

The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in Subsection D or F of this section, whichever is applicable. Except as is required by the next succeeding sentence of this paragraph, such percentage:

(1) must be the same percentage for each policy year between the second policy anniversary and the later of the fifth policy anniversary and the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and

(2) must be such that no percentage after the later of the two policy anniversaries specified in Paragraph (1) of this subsection may apply to fewer than five consecutive policy years.

Provided, that no basic cash value may be less than the value which would be obtained if the adjusted premiums for the policy, as defined in Subsection D or F of this section, whichever is applicable, were substituted for the nonforfeiture factors in the calculation of the basic cash value.

All adjusted premiums and present values referred to in this subsection shall for a particular policy be calculated on the same mortality and interest bases as are used in demonstrating the policy's compliance with the other subsections of this section. The cash surrender values referred to in this subsection shall include any endowment benefits provided for by the policy.

Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment shall be determined in manners consistent with the manners specified for determining the analogous minimum amounts in Subsections A, B, C, F and H of this section. The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits such as those listed as items (a) through (d) in Subsection H shall conform with the principles of this subsection.

J. This section shall not apply to any reinsurance, group insurance, pure endowment, annuity or reversionary annuity contract, nor to any term policy of uniform amount which provides no guaranteed nonforfeiture or endowment benefits, or renewal thereof, of twenty years or less expiring before age seventy-one for which uniform premiums are payable during the entire term of the policy, nor to any term policy of decreasing amount, which provides no guaranteed nonforfeiture or endowment benefits, on which each adjusted premium, calculated as specified in Subsections D, E and F of this section, is less than the adjusted premium so calculated, on a term policy of uniform amount, or renewal thereof, which provides no guaranteed nonforfeiture or endowment benefits, issued at the same age and for the same initial amount of insurance and for a term of twenty years or less expiring before age seventy-one, for which uniform premiums are payable during the entire term of the policy, nor to any policy, which provides no guaranteed nonforfeiture or endowment benefits, for which no cash surrender value, if any, or present value of any paid-up nonforfeiture benefit, at the

beginning of any policy year, calculated as specified in Subsections B, C, D, E and F of this section, exceeds two and one-half percent of the amount of insurance at the beginning of the same policy year; nor to any policy which shall be delivered outside this state through an agent or other representative of the insurer issuing the policy.

For purposes of determining the applicability of this section, the age at expiry for a joint term life insurance policy shall be the age of expiry of the oldest life.

K. After the effective date of this act, any insurer may file with the superintendent a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1952. After the filing of such notice, then upon such specified date (which shall be the operative date for such insurer), this section shall become operative with respect to policies thereafter issued by such insurer. If an insurer makes no such election, the operative date of this section for such insurer shall be January 1, 1952.

ANNOTATIONS

Effective date of Insurance Code. - Laws 1984, ch. 127, § 999, makes the Insurance Code effective on January 1, 1985.

The reference to "the first two paragraphs of this subsection" in Subsection D(2) seemingly means the introductory paragraph and Paragraph (1) of Subsection D, which were both undesignated paragraphs under former 59-16-8 NMSA 1978 (former Standard Nonforfeiture Law for life insurance) prior to its 1981 amendment. See Laws 1977, ch. 273, § 2.

The reference in Subsection K to "the effective date of this act" apparently refers to the effective date of Laws 1943, ch. 109, which enacted the original 1943 Standard Nonforfeiture Law.

Laws 1943, ch. 109, contains no effective date clause but was enacted at the session which adjourned on April 12, 1943. See N.M. Const., art. IV, § 23.

A. This section shall apply only to those life insurance policies issued prior to the operative date of the Standard Nonforfeiture Law as first enacted by Laws of 1943, Chapter 109.

B. A nonforfeiture benefit shall be available to the owner of the policy in event of default in premium payments, after a premium shall have been paid for three (3) years and shall be a stipulated form of insurance effective from the due date of the premium, the net value of which shall be at least equal to the reserve at the date of default on the policy and on any dividend additions thereto, less a sum of not more than two and one-half percent of the amount insured by the policy and of any existing dividend additions thereto, and less any existing indebtedness to the insurer on or secured by the policy. The policy shall specify the mortality table and rate of interest adopted from computing such reserves and shall stipulate that it may be surrendered to the insurer at its home office within one (1) month from date of default, for a specified cash value at least equal to the sum which would otherwise be available for the purchase of insurance as above stated.

59A-20-33. Standard Nonforfeiture Law; individual deferred annuities.

A. This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced or reversionary annuity, nor to any contract which shall be delivered

outside this state through an agent or other representative of the insurer issuing the contract.

B. In the case of contracts issued on or after the operative date of this section as defined in Subsection K of this section, no contract of annuity, except as stated in Subsection A of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the superintendent are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) that upon cessation of payment of considerations under a contract, the insurer will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in Subsections D, E, F, G and I of this section;

(2) if a contract provided for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the insurer will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in Subsections D, E, G, and I of this section. The insurer shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

(3) a statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) a statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the insurer to the contract, any indebtedness to the insurer on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars (\$20) monthly, the insurer may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

C. The minimum values as specified in Subsections D, E, F, G and I of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of (i) any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum and (ii) the amount of any indebtedness to the insurer on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the insurer to the contract.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars (\$30) and less a collection charge of one dollar twenty-five cents (\$1.25) per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent.

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) the portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years; and

(b) the annual contract charge shall be the lesser of (i) thirty dollars (\$30) or (ii) ten percent of the gross annual consideration.

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars (\$75).

D. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the

mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

E. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the insurer on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the insurer to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

F. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the insurer to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the bases [basis] of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

G. For the purpose of determining the benefits calculated under Subsections E and F of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

H. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

I. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

J. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of Subsections D, E, F, G and I of this section, additional benefits payable (a) in the event of total and permanent disability, (b) as reversionary annuity or deferred reversionary annuity benefits, or (c) as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

K. After July 1, 1977, any insurer may file with the superintendent a written notice of its election to comply with the provisions of this section after a specified date before July 1, 1979. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such insurer, this section shall become operative with respect to annuity contracts thereafter issued by such insurer. If an insurer makes no such election, the operative date of this section for such insurer shall be July 1, 1979.

59A-20-34. Living benefits contracts; definition; limitations.

A. As used in this section, a "living benefits contract" means an agreement entered into between a person owning a life insurance policy upon the life of a terminally ill person and another person by which the policy owner receives compensation or anything of value less than the death benefits of the insurance policy in return for an assignment,

transfer, sale, devise or bequest of the death benefits or ownership of the insurance policy, but does not include an assignment of a life insurance policy to a licensed lending institution or credit union as collateral for a loan.

B. A living benefits contract shall not include a provision for payment of cash surrender values, loans or other benefits made by an insurer in accordance with the policy provisions.

C. Any person wishing to enter into a living benefits contract with any terminally ill person shall first obtain:

(1) a written statement from a licensed physician or psychologist attending the terminally ill person that the terminally ill person is of sound mind and under no constraint or undue influence; and

(2) a duly witnessed written document in which the terminally ill person consents to the living benefits contract, acknowledges the terminal illness, represents that he has a full and complete understanding of the living benefits contract, that he has a full and complete understanding of the benefits of the life insurance policy and releases his medical records and acknowledges that he has entered into the contract freely and voluntarily.

D. It shall be unlawful for any person domiciled, residing or conducting business in New Mexico to do any of the following unless he has complied with the provisions of Subsection C of this section:

A. No group life insurance coverage shall be offered in this state by an insurer under a policy issued in another state if the superintendent, or the appropriate insurance supervisory public official of another state, has determined that:

(1) issuance of the group policy was contrary to the best interests of the public;

(2) issuance of the group policy was not actuarially sound;

(3) issuance of the group policy did not result in economies of acquisition and administration; or

(4) benefits provided under the group policy are not reasonable in relation to the premiums charged.

B. Upon the superintendent's request the insurer shall promptly furnish to the superintendent a copy of any such group policy and of the certificate of insurance to be issued thereunder.

59A-21-26. Purpose.

The purpose of this act [59A-21-26 to 59A-21-28 NMSA 1978] is to permit and set guidelines for life insurers to include in life insurance policies issued after the effective date of this act a provision for periodic adjustment of policy loan interest rates.

History: 1978 Comp., § 59-16-44, enacted by Laws 1983, ch. 283, § 1; 1978 Comp., § 59-16-44, recompiled as § 59A-21-26 by Laws 1987, ch. 259, § 32.

ANNOTATIONS

Applicability to existing policies. - Laws 1983, ch. 283, § 4, provides that the provisions of the act shall not apply to any insurance contract issued before the effective date of the act unless the policyholder agrees in writing to the applicability of such provisions.

59A-21-27. Definition.

For the purposes of this act [59A-21-26 to 59A-21-28 NMSA 1978], "published monthly average" means "Moody's corporate bond yield average-monthly average corporates" as published by Moody's Investors Service, Inc. or any successor thereto or in the event that "Moody's corporate bond yield average-monthly average corporates" is no longer published, a substantially similar average as established by regulation of the superintendent of insurance.

History: 1978 Comp., § 59-16-45, enacted by Laws 1983, ch. 283, § 2; 1978 Comp., § 59-16-45, recompiled as § 59A-21-27 by Laws 1987, ch. 259, § 32.

ANNOTATIONS

Applicability to existing policies. - Laws 1983, ch. 283, § 4, provides that the provisions of the act shall not apply to any insurance contract issued before the effective

date of the act unless the policyholder agrees in writing to the applicability of such provisions.

59A-21-28. Maximum rate of interest on policy loans.

A. Policies issued on or after the effective date of this act shall provide for policy loan interest rates as follows:

(1) a provision permitting a maximum interest rate of not more than eight percent per year; or

(2) a provision permitting an adjustable maximum interest rate established from time to time by the life insurer as permitted by law.

B. The rate of interest charged on a policy loan made under Paragraph (2) of Subsection A of this section shall not exceed the higher of the following:

(1) the published monthly average for the calendar month ending two months before the date on which the rate is determined; or

(2) the rate used to compute the cash surrender values under the policy during the applicable period plus one percent per year.

C. If the maximum rate of interest is determined pursuant to Paragraph (2) of Subsection A of this section, the policy shall contain a provision setting forth the frequency at which the rate is to be determined for that policy.

D. The maximum rate for each policy must be determined at regular intervals at least once every twelve months but not more frequently than once in any three-month period. At the intervals specified in the policy:

(1) the rate being charged may be increased whenever such increase as determined under Subsection B of this section would increase that rate by one-half of one percent or more per year; and

(2) the rate being charged must be reduced whenever such reduction as determined under Subsection B of this section would decrease that rate by one-half of one percent or more per year.

E. The life insurer shall:

(1) notify the policyholder at the time a cash loan is made of the initial rate of interest on the loan;

(2) notify the policyholder with respect to premium loans of the initial rate of interest on the loan as soon as it is reasonably practical to do so after making the initial loan.

Notice need not be given to the policyholder when a further premium loan is added, except as provided in Paragraph (3) of this subsection;

(3) send to policyholders with loans reasonable advance notice of any increase in the rate; and

(4) include in the notices required above the substance of the pertinent provisions of Subsections A and C of this section.

F. The loan value of the policy shall be determined in accordance with Subsection F of Section 59-16-2 NMSA 1978, but no policy shall terminate in a policy year as the sole result of change in the interest rate during that policy year, and the life insurer shall maintain coverage during that policy year until the time at which it would otherwise have terminated if there had been no change during that policy year.

G. The substance of the pertinent provisions of Subsections A and C of this section shall be set forth in the policies to which they apply.

H. For purposes of this section:

(1) the rate of interest on policy loans permitted under this section includes the interest rate charged on reinstatement of policy loans for the period during and after any lapse of a policy;

(2) the term "policy loan" includes any premium loan made under a policy to pay one or more premiums that were not paid to the life insurer as they fell due;

(3) the term "policyholder" includes the owner of the policy or the person designated to pay premiums as shown on the records of the life insurer; and

(4) the term "policy" includes certificates issued by a fraternal benefit society and annuity contracts which provide for policy loans.

I. No other provision of law shall apply to policy loan interest rates unless made specifically applicable to such rates.

59A-22-3. Required provisions.

A. Except as provided in Subsection B of this section, each such policy delivered or issued for delivery in this state shall contain the provisions specified in Sections 425 through 436 [59A-22-4 to 59A-22-15 NMSA 1978], inclusive, of this article; except, that the insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different wording approved by the superintendent which are in each instance not less favorable in any respect to the insured or beneficiary. Such required provisions shall be preceded individually by the applicable caption shown or, at the insurer's option, by such appropriate individual or group captions or subcaptions as the superintendent may approve.

B. If any provision of this article is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the superintendent's approval, shall omit from such policy any inapplicable provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

59A-22-4. Entire contract; changes.

There shall be a provision as follows:

This policy, including the endorsements and attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurance company and unless such approval and countersignature be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

History: Laws 1984, ch. 127, § 425.

59A-22-5. Time limit on certain defenses.

There shall be a provision as follows:

A. After two years from the date of issue of this policy, no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period.

(The foregoing policy provision shall not be so construed as to affect any initial two-year period nor to limit the application of Sections 59A-22-17 through 59A-22-19, 59A-22-21 and 59A-22-22 NMSA 1978 in the event of misstatement with respect to age or occupation or other insurance.)

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (1) until at least age fifty or (2) in the case of a policy issued

after age forty-four, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurance company's option) under the caption "Incontestable":

After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.)

B. For individual policies that do not reimburse or pay as a result of hospitalization, medical or surgical expenses, no claim for loss incurred or disability (as defined in the policy) shall be reduced or denied on the ground that a disease or physical condition disclosed on the application and not excluded from coverage by name or a specific description effective on the date of loss had existed prior to the effective date of coverage of this policy. As an alternative, those policies may contain provisions under which coverage may be excluded for a period of six months following the effective date of coverage as to a given covered insured for a preexisting condition, provided that:

(1) the condition manifested itself within a period of six months prior to the effective date of coverage in such a manner as would cause a reasonably prudent person to seek diagnosis, care or treatment; or

(2) medical advice or treatment relating to the condition was recommended or received within a period of six months prior to the effective date of coverage.

C. Individual policies that reimburse or pay as a result of hospitalization, medical or surgical expenses may contain provisions under which coverage is excluded during a period of six months following the effective date of coverage as to a given covered insured for a preexisting condition, provided that:

(1) the condition manifested itself within a period of six months prior to the effective date of coverage in such a manner as would cause a reasonably prudent person to seek diagnosis, care or treatment; or

(2) medical advice or treatment relating to the condition was recommended or received within a period of six months prior to the effective date of coverage.

D. The preexisting condition exclusions authorized in Subsections B and C of this section shall be waived to the extent that similar conditions have been satisfied under any prior health insurance coverage if the application for new coverage is made not later than thirty-one days following the termination of prior coverage. In that case, the new coverage shall be effective from the date on which the prior coverage terminated.

E. Nothing in this section shall be construed to require the use of preexisting conditions or prohibit the use of preexisting conditions that are more favorable to the insured than those specified in this section.

History: Laws 1984, ch. 127, § 426; 1990, ch. 110, § 3; 1993, ch. 126, § 4; 1994, ch. 75, § 27.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, inserted "disclosed on the application" in Subsection B.

The 1994 amendment, effective January 1, 1995, in Subsection B, inserted the language beginning "For individual" preceding "no claim" in the first sentence, added the second sentence, and added Paragraphs B(1) and B(2); rewrote the introductory language of Subsection C preceding "contain provisions", which formerly read "An individual policy may, in lieu of the provisions stated in Subsection B of this section,"; deleted the former second sentence in Paragraph C(2), which read "This shall not be construed to prohibit preexisting condition provisions that are more favorable to the insured"; and added Subsections D and E.

Applicability. - Laws 1994, ch. 75, § 36 makes the provisions of §§ 26 to 34 of the act applicable to all plans and policies delivered, issued for delivery or renewed on or after January 1, 1995.

59A-22-6. Grace period.

There shall be a provision as follows:

A grace period of (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision, "Unless not less than five days prior to the premium due date the insurance company has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted."

History: Laws 1984, ch. 127, § 427.

59A-22-7. Reinstatement.

There shall be a provision as follows:

If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurance company to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy; provided, however,

that if the insurance company or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the thirtieth day following the date of such conditional receipt unless the insurance company has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of the reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurance company shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement.

(The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age 50 or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue.)

History: Laws 1984, ch. 127, § 428.

59A-22-8. Notice of claim.

There shall be a provision as follows:

Written notice of claim must be given to the insurance company within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurance company at (insert the location of such office as the insurer may designate for the purpose) or to any authorized agent of the insurance company, with information sufficient to identify the insured, shall be deemed notice to the insurance company.

(In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurance company may at its option insert the following between the first and second sentences of the above provision:

Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he shall at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurance company on account of such claim or any denial of liability in whole or in part by the insurance company shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would

otherwise have accrued during the period of six months preceding the date on which such notice is actually given.)

Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

All other indemnities will be payable to the insured.

(The following provisions, or either of them, may be included with the foregoing provision at the option of the insurance company.)

(insert an amount which shall not exceed one thousand dollars (\$1,000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurance company to be equitably entitled thereto. Any payment made by the insurance company in good faith pursuant to this provision shall fully discharge the insurance company to the extent of such payment.)

(Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical or surgical services may, at the insurance company's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person.)

If the insured be injured or contract sickness after having changed his occupation to one classified by the insurance company as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurance company will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurance company for such more hazardous occupation. If the insured changes his occupation to one classified by the insurance company as less hazardous than that stated in this policy, the insurance company, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess premium calculated on a basis approved by the superintendent from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification for occupational risk and the premium rates shall be used as have been last filed by the insurance company prior to the occurrence of the loss for which the insurance company is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurance company in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation.

ANNOTATIONS

"Other insurance" provision not against public policy. - Apart from statutory authority a provision such as that in the second paragraph of Subsection C of former 59-18-5 NMSA 1978 was not against public policy. 59A-22-20. Insurance with other insurance companies.

There may be a provision as follows:

If there be other valid coverage, not with this insurance company, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurance company has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurance company had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

(If the foregoing policy provision is included in a policy which also contains the next following policy provision there shall be added to the caption of the foregoing provision the phrase ". EXPENSE INCURRED BENEFITS." The insurance company may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the superintendent, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the superintendent. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workmen's compensation or employers' liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurance company has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

(If the foregoing policy provision is included in a policy which also contains the next preceding policy provision there shall be added to the caption of the foregoing provision of the phrase ". The insurance company may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the superintendent, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the superintendent. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefits provided for such insured pursuant to any compulsory benefit statute (including any workmen's compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurance company has had notice. ANNOTATIONS

Bracketed material. - The bracketed reference to the department of health was inserted by the compiler, as Laws 1991, ch. 25, § 16 repeals former 9-7-4 NMSA 1978, relating to the health and environment department, and enacts a new 9-7-4 NMSA 1978, creating the department of health. The bracketed material was not enacted by the legislature and is not part of the law.

Applicability. - Laws 1985, ch. 192, § 3 makes the provisions of the act applicable to any policy or contract which is delivered or issued for delivery in this state on or after July 1, 1985, and to any existing policy, contract or plan on its anniversary or renewal date after June 30, 1985, or at the expiration of the applicable collective bargaining contract, if any, whichever is later.

Laws 1987, ch. 81, § 2 provides that the act shall apply to any policy or contract offered, delivered, issued for delivery, revised or renewed upon or after June 30, 1987.

Compiler's note. - The annotations appearing below were abstracted from attorney general opinions decided under former 59-18-19 NMSA 1978 which contained provisions similar to this section.

Insurer may not designate practitioners. - This section provides that an insurer or health care plan may not limit the right of an insured or subscriber to select his own physician, nor may they restrict the choice of the insured or subscriber to a list of practitioners designated by the insurer or health care plan. To so restrict the freedom of choice of the insured or subscriber to a designated list of practitioners would be in clear contravention of this section. 1977 Op. Att'y Gen. No. 77-13.

Insurer may not limit payments for particular profession. - An insurer or health care plan may not so limit the benefits to be paid for the services rendered by a particular profession of health care providers so as to effectively limit the freedom of choice of the insured or subscriber, and thus defeat the legislative mandate of the section. 1977 Op. Att'y Gen. No. 77-13.

Insured may choose chiropractors. - The restriction of this section prohibiting discrimination against an insured in the choice of a practitioner of the healing arts, applies to chiropractors. 1972 Op. Att'y Gen. No. 72-58.

Limits of insured's freedom of choice. - The section provides for freedom of choice by the insured or subscriber in the selection for health care treatment of a hospital or practitioner of the healing arts, optometrist or podiatrist. However, this freedom of choice is limited to those areas of coverage offered in the insurance policy or health care plan, and by the stated limits of the policy or plan. The choice of practitioner is also limited to treatment of an illness or injury that is within the scope of practice of the health care purveyor selected by the insured or subscriber. 1977 Op. Att'y Gen. No. 77-13.

Applies to nonprofit health care plans. - Nonprofit health care plans organized under former 59-19-1 NMSA 1978 et seq. were required to comply with the provisions of this section relating to freedom of choice of a subscriber in the selection of a physician, osteopath, dentist or chiropractor. 1977 Op. Att'y Gen. No. 77-13.

Accident and health insurance, contract or health care. - Under the language of this section, the freedom of choice provisions of this section are made applicable to policies of accident and health insurance, and to contract or health care plans. 1977 Op. Att'y Gen. No. 77-13.

59A-22-32.1. Freedom of choice.

A. Within the area and limits of coverage offered an insured and selected by him in the application for insurance, the right of any person to exercise full freedom of choice in the selection of any independent social worker as defined in Subsection B of this section, for treatment within his scope of practice shall not be restricted under any new policy of health insurance, contract or health care plan issued after July 1, 1989 in this state or in the processing of any claim thereunder. Any person insured or claiming benefits under any such health insurance policy, contract or health care plan providing within its coverage for payment of service benefits or indemnity for treatment of persons for the cure or correction of any mental condition shall be deemed to have complied with the requirements of the policy, contract or health care plan as to submission of proof of loss upon submitting written proof supported by any independent social worker.

59A-22-33. Handicapped children; coverage continued.

An individual or group hospital or medical expense insurance policy delivered or issued for delivery in this state which provides that coverage of a dependent child of an insured, or of an employee or other member of the covered group, shall terminate upon attainment of the limiting age for dependent children specified in the policy shall also provide, in substance, that attainment of the limiting age shall not operate to terminate the coverage of a child while the child is, and continues to be both incapable of self-sustaining employment, by reason of mental retardation or physical handicap, and chiefly dependent upon the policyholder for support and maintenance. However, proof of the incapacity and dependency of the child must be furnished to the insurer by the insured employee or member within thirty-one (31) days of the child's attainment of the limiting age and subsequently, as may be required by the insurer, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

B. All individual and group health insurance policies delivered or issued for delivery in this state that do not provide coverage for a family member of the insured shall provide for an option to add to the coverage any newly born child of the insured provided that the requirements of Subsection D of this section have been met.

History: 1978 Comp., § 59A-22A-1, enacted by Laws 1993, ch. 320, § 59.

59A-22A-2. Purpose.

The purpose of the Preferred Provider Arrangements Law [this article] is to encourage health care cost containment while preserving quality of care by allowing health care insurers to enter into preferred provider arrangements in accordance with minimum standards for preferred provider arrangements and for the health benefit plans associated with those arrangements.

History: 1978 Comp., § 59A-22A-2, enacted by Laws 1993, ch. 320, § 60.

59A-22A-3. Definitions.

As used in the Preferred Provider Arrangements Law [this article]:

A. "covered person" means any person on whose behalf the health care insurer is obligated to pay for or to provide health benefit services;

B. "covered services" means health care services which the health care insurer is obligated to pay for or to provide under a health benefit plan;

C. "emergency care" means covered services delivered to a covered person after the sudden onset of a medical condition manifesting itself by acute symptoms that are severe enough that:

(1) the lack of immediate medical attention could result in:

(a) placing the person's health in jeopardy;

(b) serious impairment of bodily functions; or

(c) serious dysfunction of any bodily organ or part; or

(2) a reasonable person believes that immediate medical attention is required;

D. "health benefit plan" means the health insurance policy or subscriber agreement between the covered person or the policyholder and the health care insurer which defines the covered services and benefit levels available;

E. "health care insurer" means any person who provides health insurance in this state. For the purposes of the Small Group Rate and Renewability Act [Chapter 59A, Article 23C NMSA 1978], "carrier" or "insurer" includes a licensed insurance company, a licensed fraternal benefit society, a prepaid hospital or medical service plan, a health maintenance organization, a nonprofit health care organization, a multiple employer welfare arrangement or any other person providing a plan of health insurance subject to state insurance regulation;

F. "health care provider" means providers of health care services licensed as required in this state;

G. "health care services" means services rendered or products sold by a health care provider within the scope of the provider's license. The term includes hospital, medical, surgical, dental, vision and pharmaceutical services or products;

59A-22A-4. Preferred provider arrangements.

Notwithstanding any provisions of law to contrary, any health care insurer may enter into preferred provider arrangements.

A. Such arrangements shall:

(1) establish the amount and manner of payment to the preferred provider. Such amount and manner of payment may include capitation payments for preferred providers;

(2) include mechanisms which are designed to minimize the cost of the health benefit plan; for example:

(a) the review or control of utilization of health care services; or

(b) procedures for determining whether health care services rendered are medically necessary; and

(3) assure reasonable access to covered services available under the preferred provider arrangement and an adequate number of preferred providers to render those services.

B. Such arrangements shall not unfairly deny health benefits for medically necessary covered services.

C. If an entity enters into a contract providing covered services with a health care provider, but is not engaged in activities which would require it to be licensed as a health care insurer, such entity shall file with the superintendent information describing its activities, a description of the contract or agreement it has entered into with the health care providers, and such other information as is required by the provisions of the Health Care Benefits Jurisdiction Act [59A-15-14 through 59A-15-19 NMSA 1978] and any regulations promulgated under its authority. (1) a provision that if a covered person receives emergency care for services specified in the preferred provider arrangement and cannot reasonably reach a preferred provider that emergency care rendered during the course of the emergency will be reimbursed as though the covered person had been treated by a preferred provider; and

(2) a provision which clearly identifies the differentials in benefit levels for health care services of preferred providers and benefit levels for health care services of non-preferred providers.

B. If a health benefit plan provides differences in benefit levels payable to preferred providers compared to other providers, such differences shall not unfairly deny payment for covered services and shall be no greater than necessary to provide a reasonable incentive for covered persons to use the preferred provider.

History: 1978 Comp., § 59A-22A-5, enacted by Laws 1993, ch. 320, § 63.

59A-22A-6. Preferred provider participation requirements.

(2) provide no less than thirty days necessary care and treatment in an alcohol dependency treatment center and thirty outpatient visits for alcohol dependency treatment; and

(3) be offered for benefit periods of no more than one year and may be limited to a lifetime maximum of no less than two benefit periods.

Such offer of benefits shall be subject to the rights of the group health insurance holder to reject the coverage or to select any alternative level of benefits if that right is offered by or negotiated with that insurer.

B. For purposes of this section, "alcohol dependency treatment center" means a facility that provides a program for the treatment of alcohol dependency pursuant to a written treatment plan approved and monitored by a physician or meeting the quality standards of the substance abuse bureau of the behavioral health services division of the health and environment department [department of health] and which facility also:

C. This section applies to policies delivered or issued for delivery or renewed, extended or amended in this state on or after July 1, 1983 or upon expiration of a collective bargaining agreement applicable to a particular policyholder, whichever is later; provided that this section does not apply to blanket, short-term travel, accident-only, limited or specified disease, individual conversion policies or policies designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as medicare, or any other similar coverage under state or federal governmental plans. With respect to any policy forms approved by the department of insurance prior to the effective date of this section, an insurer is authorized to comply with this section by the use of endorsements or riders, provided such endorsements or riders are approved by the department of insurance as being in compliance with this section and applicable provisions of Chapter 59 NMSA 1978.

D. If an organization offering group health benefits to its members makes more than one health insurance policy or nonprofit health care plan available to its members on a member option basis, the organization shall not require alcohol dependency coverage from one health insurer or health care plan without requiring the same level of alcohol dependency coverage for all other health insurance policies or health care plans that the organization makes available to its members.

D. No blanket or group health insurance policy or certificate delivered, issued for delivery or renewed in this state on or after the effective date of this section shall contain any provision denying or limiting insurance benefits because services are rendered to an insured who is eligible for or who has received medical assistance under the medicaid program of this state.

E. History: Laws 1989, ch. 136, § 1; 1993, ch. 126, § 6.

59A-23A-2. Purpose.

The purpose of the Long-Term Care Insurance Law [this article] is to promote the public interest in and the availability of long-term care insurance policies, protect applicants for long-term care insurance from unfair or deceptive sales or enrollment practices, establish standards for long-term care insurance, facilitate public understanding and comparison of long-term care insurance policies and facilitate flexibility and innovation in the development of long-term care insurance coverage.

History: Laws 1989, ch. 136, § 2; 1993, ch. 126, § 7.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, substituted "Law" for "Act".

59A-23A-3. Scope.

The provisions of the Long-Term Care Insurance Law [this article] shall apply to policies, certificates or riders delivered or issued for delivery in this state on or after July 1, 1989. The Long-Term Care Insurance Law is not intended to supersede any obligations of any entity to comply with the substance of any other provision of law, except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance.

History: Laws 1989, ch. 136, § 3; 1993, ch. 126, § 8.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, in the first sentence, substituted "Law" for "Act", substituted "in this state" for "renewed or continued", and substituted "July 1, 1989" for "the effective date of that act"; substituted "Law" for "Act" in the second sentence; and deleted the former last sentence, which read: "A policy which is not marketed or offered as long term care insurance or nursing home insurance is not subject to the provisions of the Long-Term Care Insurance Act."

Effective date of that act. - The phrase "effective date of that act", referred to in this section, means July 1, 1989, the effective date of Laws 1989, ch. 136, which enacted the Long-Term Care Insurance Act.

59A-23A-4. Definitions.

As used in the Long-Term Care Insurance Law [this article]:

A. "applicant" means:

(1) in the case of an individual long-term care insurance policy, the person who seeks to contract for benefits; and

(2) in the case of a group long-term care insurance policy, the proposed certificate holder;

B. "certificate" means any certificate issued under a group long-term care insurance policy;

C. "group long-term care insurance" means a long-term care insurance policy which is delivered or issued for delivery in this state and issued to:

(1) one or more employers or labor organizations established by one or more employers or labor organizations or a combination thereof, for employees or former employees or a combination thereof or for members or former members or a combination thereof of the labor organizations;

(2) any professional, trade or occupational association for its members or former or retired members, or a combination thereof, if the association:

(a) is composed of individuals all of whom are or were actively engaged in the same profession, trade or occupation; and

(b) has been maintained in good faith for purposes other than obtaining insurance;

(3) an association or a trust or the trustees of a fund established, created or maintained for the benefit of members of one or more associations. Prior to advertising, marketing or offering such policy within this state, the association or associations, or the insurer of the association or associations, shall file evidence with the superintendent that the association or associations have at the outset a minimum of twenty-five persons and have been organized and maintained in good faith for purposes other than that of obtaining insurance; have been in active existence for at least one year; and have a constitution and bylaws which provided that:

(a) the association or associations hold regular meetings not less than annually to further purposes of the members;

(b) except for credit unions, the association or associations collect dues or solicit contributions from members; and

(c) the members have voting privileges and representation on the governing board and committees.

Sixty days after such filing the association or associations will be deemed to satisfy such organizational requirements, unless the superintendent finds that the association or associations do not satisfy those organizational requirements; or

(4) a group other than as described in Paragraph (1), (2) or (3) of this subsection, subject to a finding by the superintendent that:

(a) the issuance of the group policy is not contrary to the best interest of the public;

(b) the issuance of the group policy would result in economies of acquisition or administration; and

(c) the benefits are reasonable in relation to the premiums charged;

D. "long-term care insurance" means any insurance coverage advertised, marketed, offered or designed to provide coverage for not less than twelve consecutive months for each covered person on an expense incurred, indemnity, prepaid or other basis for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance or personal care services, provided in a setting other than an acute care unit of a hospital, including group and individual annuities and life

insurance policies or riders which provide directly or which supplement long-term care insurance, and policies or riders which provide for payment of benefits based upon cognitive impairment or the loss of functional capacity. Long-term care insurance may be issued by insurers; fraternal benefit societies; nonprofit health insurers; prepaid health plans; health maintenance organizations or any similar organization to the extent they are otherwise authorized to issue life or health insurance. Long-term care insurance shall not include any insurance policy which is offered primarily to provide basic medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income or related asset-protection coverage, accident only coverage, specified disease or specified accident coverage or limited benefit health coverage. With regard to life insurance, this term does not include life insurance policies which accelerate the death benefit specifically for one or more of the qualifying events of terminal illness, medical conditions requiring extraordinary medical intervention or permanent institutional confinement, and which provide the option of a lump-sum payment for those benefits and in which neither the benefits nor the eligibility for the benefits is conditioned upon the receipt of long-term care. Notwithstanding any other provision contained herein, any product advertised, marketed or offered as long-term care insurance shall be subject to the provisions of this article;

E. "long-term care insurance policy" means an individual or group policy or an individual or group certificate of health insurance issued pursuant to the provisions of Chapter 59A, Articles 22, 23, 44, 46 and 47 NMSA 1978; and

F. "rider" means any additional long-term care coverage provision added to any type of policy by issuance of an amending document.

59A-23A-5. Extraterritorial jurisdiction; group long-term care insurance.

No group long-term care insurance coverage may be offered to a resident of this state under a group policy issued in another state to a group described in Paragraph (4) of Subsection C of Section 59A-23A-4 NMSA 1978, unless the superintendent has determined prior to the offer that:

A. the coverage meets the requirements of Chapter 59A, Article 23A NMSA 1978 and any regulations pertaining thereto, or the insurance commissioner of another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in New Mexico has determined that such requirements have been met; and

B. the requirements of Section 59A-23-8 NMSA 1978 have been met.

(7) condition eligibility of non-institutional benefits on the prior receipt of institutional care involving a stay of more than thirty days.

D. The superintendent may promulgate regulations in accordance with the provisions of Section 59A-2-9 NMSA 1978 establishing loss ratio standards, minimum reserve standards, nonforfeiture standards and rate stabilization standards for long-term care insurance policies, provided that a specific reference to long-term care insurance policies is contained in the regulations.

E. A long-term care insurance policy, certificate or rider, except an employer group policy, certificate or rider, shall have a notice prominently printed on the first page of the policy, certificate or rider, or attached thereto, stating in substance that the policyholder or certificate holder has the right to return the policy, certificate or rider within thirty days of its delivery and to have the premium refunded within thirty days of the return of the policy, certificate or rider if, after examination of the policy, certificate or rider, the policyholder or certificate holder is not satisfied for any reason.

M. The outline of coverage shall include:

History: Laws 1989, ch. 136, § 6; 1993, ch. 126, § 11.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, substituted "may" for "of insurance shall" in the beginning of Subsection A; rewrote Subsections B, C, and I; in Subsection D, substituted "may" for "of insurance shall" near the beginning of the section and inserted "minimum reserve standards, nonforfeiture standards and rate stabilization standards"; and added Subsections J through P.

59A-23A-7. Preexisting condition; definition; coverage.

A. No long-term care insurance policy, certificate or rider, including a group long-term care policy or certificate shall use a definition of preexisting condition that is more restrictive than the following: "preexisting condition" means a condition for which medical advice or treatment was recommended by or received from a provider of health care services within six months preceding the effective date of coverage of an insured person.

B. No long-term care insurance policy, certificate or rider, including a group long-term care policy, certificate or rider, shall exclude coverage for a loss or confinement which is the result of a preexisting condition unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

C. The definition of preexisting condition as provided in Subsection A of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards.

D. In the policy, certificate or rider, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered within six months following the effective date of coverage of the insured person. No long-term care insurance policy, certificate or rider may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond six months following the effective date of coverage of the insured person.

History: Laws 1989, ch. 136, § 7.

59A-23A-8. Incontestability period.

A. For a policy or certificate that has been in force for less than six months an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is material to the acceptance for coverage.

B. For a policy or certificate that has been in force for at least six months but less than two years an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance for coverage and which pertains to the condition for which benefits are sought.

C. After a policy or certificate has been in force for two years it is not contestable upon the grounds of misrepresentation alone. Such policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

D. No long-term care insurance policy or certificate may be field issued based on medical or health status. For purposes of this subsection, "field issued" means a policy or certificate issued by an agent or a third party administrator pursuant to the underwriting authority granted to the agent or third party administrator by an insurer.

E. If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payments may not be recovered by the insurer in the event that the policy or certificate is rescinded.

(2) the policy or plan includes the following managed care provisions to control costs:

(a) an exclusion for services that are not medically necessary or are not covered by preventive health services; and

(c) obstetrical care, including physicians' and certified nurse midwives' services, delivery room and other medically necessary services directly associated with delivery;

a manner that does not cause discriminatory treatment of individuals, families or groups covered by the policy or plan.

E. Notwithstanding any other provisions of law, a policy or plan shall not exclude coverage for losses incurred for a pre-existing condition more than six months from the effective date of coverage. The policy or plan shall not define a pre-existing condition more restrictively than a condition for which medical advice was given or treatment recommended by or received from a physician within six months before the effective date of coverage.

(a) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a class of business for which the small employer carrier is not issuing new policies, the carrier shall use the percentage change in the base premium rate; and

(b) any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the carrier's rate manual for the class of business.

B. Nothing in this section is intended to affect the use by a small employer carrier of legitimate rating factors other than claim experience, health status or duration of coverage in the determination of premium rates. Small employer carriers shall apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business.

C. A small employer carrier shall not involuntarily transfer a small employer into or out of a class of business. A small employer carrier shall not offer to transfer a small employer into or out of class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, claim experience, health status or duration since issue.

D. Prior to usage and the effective date of the Small Group Rate and Renewability Act, each carrier shall file with the superintendent the rate manuals and any updates thereto for each class of business. A rate filing fee is payable under Subsection U of Section 59A-6-1 NMSA 1978 for the filing of each update. The superintendent shall disapprove within sixty days of receipt of a complete filing or the filing is deemed approved. If the superintendent disapproves any such form during the sixty-day review period, he shall give the carrier written notice of the disapproval stating the ground thereof. At any time, the superintendent, after a hearing thereof, may disapprove a form or withdraw a previous approval. The superintendent's order on such hearing shall state the grounds

for disapproval or withdrawal of a previous approval and the date not less than twenty days later when disapproval or withdrawal becomes effective.

Such standards shall be in addition to and in accordance with applicable laws of this state, except as those laws are modified by the provisions of the Medicare Supplement Act [this article]. No requirement of the Insurance Code [Chapter 59A NMSA 1978, except Articles 16A, 23A, 23B, 24A and Section 59A-33-14 NMSA 1978] relating to minimum required policy benefits, other than the minimum standards contained in the Medicare Supplement Act, shall apply to medicare supplement policies and certificates. Medicare supplement policies and other policies designed to reimburse or pay as the result of hospitalization for the hospital, medical and surgical expenses of persons eligible for medicare shall return to policyholders benefits that are reasonable in relation to the premium charged. The superintendent shall issue reasonable regulations to establish minimum standards for loss ratios of medicare supplement policies and other policies designed to reimburse or pay as the result of hospitalization for the hospital, medical and surgical expenses of persons eligible for medicare on the basis of incurred claims experience, or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis, and earned premiums in accordance with accepted actuarial principles and practices.

B. The superintendent may, in addition to any disapproval authority granted in Chapter 59A, Articles 15, 18, 44, 46 and 47 NMSA 1978, disapprove rate filings if the earned premium in the most recent calendar year is less than forty percent of the highest calendar year's earned premium for the form and, in the superintendent's judgment, those rates would result in a dropping of coverage that is not beneficial to the citizens of New Mexico. Alternately, the superintendent may:

(1) require that the experience be combined with the experience of any other form with similar benefits; or

(2) adjust the requested rate.

For purposes of this section, "format" means style, arrangements and overall appearance, including such items as the size, color and prominence of type and arrangement of text and captions. The outline of coverage shall include:

C. The superintendent may prescribe by regulation a standard form and content of an informational brochure for persons eligible for medicare that is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of medicare. Except in the case of direct response insurance policies or certificates, the superintendent may require by regulation that the informational brochure be provided to any prospective insured eligible for medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies or certificates, the superintendent may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for medicare, but the brochure shall be provided no later than the time the policy or certificate is delivered.

B. Evidence of the examination of title and determination of insurability shall be preserved and retained in the files of the title insurer or its title insurance agent for a period of not less than fifteen years after the title insurance policy has been issued. Instead of retaining the original evidence, the title insurer or title insurance agent may in the regular course of business establish a system whereby all or part of the evidence is recorded, copied or reproduced by any process that accurately and legibly reproduces or forms a durable medium for reproducing the contents of the original. This subsection shall not apply to:

(1) a title insurer assuming liability through a contract of reinsurance; or

(2) a title insurer acting as coinsurer if one of the other coinsuring title insurers has complied with this section.

History: 1978 Comp., § 59A-30-11, enacted by Laws 1985, ch. 28, § 11.

ANNOTATIONS

Sufficiency of complaint. - Complaint stating that, as a proximate result of the negligently performed services of a title insurer's agent, a purchaser was compelled to take title to a single parcel subject to a recorded condominium plan and a recorded easement, rather than two parcels as originally represented, alleged sufficient facts to state a tort claim of negligence against the agent. *Cottonwood Enters. v. McAlpin*, 111 N.M. 793, 810 P.2d 812 (1991).

Standard of care. - A duty of reasonable care is imposed upon title insurance agents that is independent of any duties or obligations arising out of the contract of insurance. *Cottonwood Enters. v. McAlpin*, 111 N.M. 793, 810 P.2d 812 (1991).

The title insurance agent owed a duty of reasonable care to the seller in conducting a title search arising out of the provision of title insurance as prescribed by this section. Even though the title insurance agent had no express contractual duty to perform a title search for the seller and did not undertake to act in any capacity for the seller other than as a closing agent in a real estate transaction, it nevertheless had a statutory duty to the seller independent of any contract. *Ruiz v. Garcia*, 115 N.M. 269, 850 P.2d 972 (1993).

59A-30-12. Maintenance assessment.

The superintendent shall determine a rate of assessment and collect a maintenance fee in an amount not to exceed one percent of the correctly reported gross title insurance premiums on policies written in New Mexico of all authorized title insurers. The fee required by this section is in addition to all other taxes and fees now imposed or that may be subsequently imposed and that are not in conflict with this article. The superintendent, after taking into account the unexpended funds produced by this fee, if any, shall adjust the rate of assessment each year to produce the amount of funds that he estimates will be necessary to pay all the expenses of regulating the business of title insurance during the succeeding year. The superintendent in promulgating premium rates shall take into account assessments made under this section.

59A-30-13. Title insurance maintenance assessment fund created; appropriation.

Every insurer referred to in Section 521 [59A-32-3 NMSA 1978] of this article shall cooperate in the formulation of a plan or plans for the equitable apportionment among such insurers of insurance afforded applicants who are in good faith entitled to, but who are unable to procure, such insurance through ordinary methods.

History: Laws 1984, ch. 127, § 522.

59A-32-6. Review of proposed assigned risk plans.

Every such plan for the assignment of risks involving automobile and motor vehicle bodily injury and property damage liability insurance shall be filed in writing with the superintendent. The superintendent shall review the plan as soon as reasonably possible after filing, to determine whether or not it meets the requirements of Section 523 [59A-32-5 NMSA 1978] of this article. Each plan shall be on file with the superintendent for a waiting period of thirty (30) days before it becomes effective, unless sooner approved in writing. Unless disapproved in writing by the superintendent within the thirty (30) day waiting period, a plan shall be deemed approved and shall become effective upon the expiration of that period.

History: Laws 1984, ch. 127, § 524.

59A-32-7. Disapproval of effective assigned risk plans.

When any assigned risk plan has become effective as above provided, the superintendent may thereafter disapprove such plan or any portion thereof on the ground that it does not meet the requirements of Section 523 [59A-32-5 NMSA 1978] of this article, but only after a full hearing held upon not less than ten (10) days' written notice to every insurer affected, specifying the matters to be considered at such hearing, and only by an order specifying the respects in which the superintendent finds that such plan fails to meet the requirements imposed, and stating the date, within a reasonable period thereafter, when such plan, or portion thereof, shall be deemed to cease to be effective. When any plan or plans or amendment thereto has or have been approved or prescribed, no insurer to which such plan is applicable shall thereafter issue any policy of such insurance, or undertake to transact such business in this state, unless the insurer participates in such plan.

History: Laws 1984, ch. 127, § 526.

59A-32-9. Appeal to governing committee.

Any person affected by the action or inaction of any insurer pursuant to the assigned risks plan may appeal to the governing committee of the assigned risk plan or plan may appeal to the governing committee of the assigned risk plan or plans to which such insurer is a subscriber.

History: Laws 1984, ch. 127, § 527.

(1) is an insured driver fifty-five years or older; and

(2) has successfully completed a motor vehicle accident prevention course approved by the traffic safety bureau of the state highway and transportation department.

A. not be involved in an accident for which the insured is at fault; and

B. not be convicted or plead guilty or nolo contendere to a moving traffic violation.

History: Laws 1987, ch. 18, § 2.

59A-32-17. Exceptions.

The provisions of this act [59A-32-14 to 59A-32-19 NMSA 1978] do not apply in the event the approved course is ordered by a court or other governmental entity resulting from a moving traffic violation or made a condition of the dismissal of a moving traffic violation.

History: Laws 1987, ch. 18, § 4.

59A-32-18. Continued eligibility.

Each participant shall take an approved course every three years in order to continue to be eligible for the reduction in premiums.

History: Laws 1987, ch. 18, § 5.

59A-32-19. Discounts or reductions in premiums.

Nothing in Sections 59A-32-14 through 59A-32-18 NMSA 1978 shall prohibit an insurer offering private passenger motor vehicle insurance to New Mexico residents from providing a minimum twenty percent premium discount for bodily injury liability, property damage liability and collision coverages.

History: Laws 1987, ch. 18, § 6; 1991, ch. 135, § 1; 1993, ch. 194, § 1.

ANNOTATIONS

The 1991 amendment, effective June 14, 1991, rewrote this section, which read "Nothing in Sections 1 through 5 of this act shall prohibit an insurer from offering a discount or a reduction in premium for any reason."

The 1993 amendment, effective June 18, 1993, deleted the Subsection "A" designation; deleted former Subsections B through E, relating to a twenty percent premium discount to be provided for in any rating schedules submitted to the

superintendent of insurance, provisions for circumstances under which the discount would be effective, regulations withholding the discount, and authorization to apply the discount for persons fifty-five years old, respectively.

Temporary provisions. - Laws 1993, ch. 194, § 2 provides that a person whose private passenger motor vehicle insurance premium was increased as a result of application of the provisions of Laws 1991, Chapter 135, Section 1 shall be refunded the amount of the increased premium or receive a credit for that amount against a renewal premium. If a refund is due to a policyholder who is no longer insured by the insurer, the insurer may satisfy the provisions of this section by making a good faith effort to deliver the refund to the policyholder at his last known address.

No rate rollback required. - The plain language of former Subsection B as it read prior to its deletion in 1993 merely required insurers to provide a minimum 20% premium differential between those policyholders who had been involved in an accident during the prior three-year period and those without such accidents. The statute did not state that premium rates must be set at any particular level or that the discount must be 20% below rates filed with the superintendent of insurance. Despite the legislature's use of the words "Discounts or Reductions in Premiums" in the title, a court would not construe the statute to require an insurance premium rate roll back because the plain meaning of the text did not require a 20% rate reduction. 1991 Op. Att'y Gen. No. 91-10.

59A-32-20. Rental car companies; insurance coverage.

Any rental car company offering for sale insurance coverage or collision damage waivers shall state clearly on the front page of the rental contract that the purchaser of the insurance coverage or collision damage waiver offered may be covered for such claims on his personal motor vehicle insurance policy and that if such insurance coverage exists under the renter's personal insurance policy, and the coverage is confirmed, the renter may require that the rental car company must submit any claims to the renter's personal insurance carrier as the renter's agent. The rental car company shall not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. For purposes of this section, confirmation of coverage includes telephone confirmation from an insurance company representative.

59A-32-21. Discounts for comprehensive coverage.

A. Any insurance company authorized to write private passenger automobile insurance within the state shall provide a minimum premium discount of ten percent for motor vehicles with passive anti-theft devices. These discounts shall apply to comprehensive coverage and shall be approved by the superintendent pursuant to Section 59A-17-13 NMSA 1978 as part of the insurer's rate filing. Some or all of the premium discounts required by this section may be omitted upon demonstration to the superintendent in an insurer's rate filing that the discounts are duplicative of other discounts provided by the insurer.

B. As used in this section, "passive anti-theft device" means any item or system installed in an automobile that is activated automatically when the operator turns the ignition key to the off position and that is designed to prevent unauthorized use, as prescribed by regulations of the superintendent. The "passive anti-theft device" does not include an ignition interlock provided as a standard anti-theft device by the original automobile manufacturer.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, added the second and third sentences in Subsection B; and inserted "Assigned Risk" in Subsection G.

59A-33-5. Organization of assigned risk pool.

A. To carry into effect the provisions of the Workers' Compensation Assigned Risk Pool Law [this article], there shall be maintained a nonprofit unincorporated association of commercial line insurers to be known as the "New Mexico workers' compensation assigned risk pool", and every commercial line insurer shall be a member of the pool.

B. The pool shall be governed by a board constituted of seven persons, appointed by the superintendent as follows:

(1) at least four members shall be knowledgeable and have experience in the field of workers' compensation insurance and be employed by or represent private, voluntary licensed insurance companies;

(2) all members shall be appointed for two-year terms; and

(3) all members shall be appointed and subject to removal by the superintendent.

C. The board shall adopt, amend and repeal bylaws, subject to the approval of the superintendent, to govern the board's and the pool's operation and administration and to

provide for the self-sufficient, economic, fair and nondiscriminatory administration of the pool.

D. The pool shall pay all costs and expenses of operating and maintaining the pool, including any allowances for servicing policies issued through or reinsured by the pool. State funds shall not be appropriated or expended for payment of any costs or expenses incurred in the operation or maintenance of the pool.

E. There shall be no liability on the part of and no cause of action shall arise against the board, the pool, its executive director or any of its staff, agents, servants or employees or against any member of the pool or any of its officers, directors, agents, servants or employees, arising out of or in connection with any judgment or decision made in connection with the performance of the powers and duties under the Workers' Compensation Assigned Risk Pool Law. This shall include any inspections, safety engineering investigations performed, or recommendations made in good faith in any reports or in communications concerning employers due to their applying for or being provided insurance coverage by the pool, or at any administrative hearing or inquiry conducted in connection with insurance coverage provided by the pool pursuant to the purposes and objectives of the Workers' Compensation Assigned Risk Pool Law.

59A-33-5.1. Operation of pool.

The pool shall operate towards being self-sufficient and shall be self-sufficient no later than July 1, 1995. The rates charged the policyholders shall be set so that the amount received in premiums, together with reasonable investment income earned on those premiums, is reasonably expected to be sufficient to pay claims and losses incurred and reasonable operating expenses of the servicing carriers.

59A-33-5.2. Pool deficit review.

A. The pool's efficient and self-sufficient operation is essential to the successful operation of the workers' compensation system in New Mexico. The effect of the pool's operation upon small employers is a particularly critical concern that merits continuing and close supervision by the state. The state should make all reasonable efforts to ensure that employers who are good risks, and particularly small employers who have

established good safety records, are not penalized in the pool with higher than warranted workers' compensation premium charges.

B. For the reasons set forth in this section, the superintendent shall continuously and closely monitor the performance of the pool, paying special attention to small employers. The superintendent shall report quarterly to the legislative finance committee on the status of the assigned risk pool.

History: Laws 1990 (2nd S.S.), ch. 3, § 5.

59A-33-6. Powers of the pool; duty of member companies; servicing carriers.

A. The pool shall provide workers' compensation insurance, pursuant to the terms of the Workers' Compensation Assigned Risk Pool Law [this article], for any risk, under the laws of the state providing for workers' compensation, which risk in good faith has been tendered to and rejected by two or more insurers writing workers' compensation insurance. The pool may purchase reinsurance, either on a single occurrence or aggregate coverage basis.

B. In accordance with the bylaws of the pool, the board shall designate servicing carriers, that are willing to serve as such, the total number of which shall be determined by the board. Contracts with and compensation of servicing carriers shall be subject to the superintendent's approval. Contracts shall be for a term determined by the board subject to the superintendent's approval.

C. Following the adoption by the pool and approval by the superintendent of rules and regulations of the pool as provided for in Section 59A-33-9 NMSA 1978, the procedures and remedies established under the Workers' Compensation Assigned Risk Pool Law shall be the sole and exclusive procedures and remedies of any applicant for workers' compensation insurance in this state whose application for such insurance has in good faith been rejected in writing by two or more insurers writing workers' compensation insurance.

59A-33-7. Assignment of risks by the pool.

When any person makes application to two or more insurers writing workers' compensation insurance for workers' compensation insurance and the insurers in good faith reject in writing the application, that person may file with the pool an application for assignment of the risk to a servicing carrier. If it appears to the pool that the risk is, in good faith, entitled to insurance, the pool shall assign such risk to a servicing carrier.

59A-33-8. Issuance of policy; annual report.

A. The servicing carriers to which the pool assigns a workers' compensation insurance risk shall issue a policy, upon the payment of the premiums, in a form and for those limits of liability that are approved by the superintendent in accordance with the Workers' Compensation Assigned Risk Pool Law [this article]; but the undertakings of any issued policy shall be fully reinsured by all of the members of the pool, and the liability of the member issuing the policy shall be limited to its liability as a reinsurer. On any workers' compensation policy so issued, all members of the pool shall be reinsurers, as among themselves, in proportion to the amount that the net direct commercial line premiums on the insurance written in this state during the corresponding calendar year by the issuing member bears to the total of commercial line premiums written in this state during the corresponding calendar year by all members of the agency, and each policy may be endorsed to reflect the plan of reinsurance described in this section.

B. The superintendent may by regulation establish an incentive program for commercial line insurers to voluntarily write small employers outside of the assigned risk pool. In establishing the program, the superintendent may provide for credits or adjustments to the net direct commercial line premium for the purposes of determining the reinsurance share described in Subsection A of this section.

The pool shall adopt regulations to assure the fair, reasonable, equitable and nondiscriminatory assignment of workers' compensation insurance risks, the applicable rates and rate modifications and other matters necessary or advisable to carry into effect the provisions of the Workers' Compensation Assigned Risk Pool Law [this article]. Regulations shall have the prior approval of the superintendent before they become effective. If the pool for any reason has failed to adopt regulations as provided in this section, the superintendent may adopt and issue reasonable regulations assuring the fair, reasonable, equitable and nondiscriminatory assignment of workers' compensation insurance risks, the applicable rates and rate modifications and other matters necessary or advisable to carry into effect the provisions of the Workers' Compensation Assigned Risk Pool Law. Regulations adopted and issued by the superintendent shall continue in force until modified by the superintendent or superseded by regulations adopted by the pool and approved by the superintendent.

59A-33-9.1. Policyholders' duty to disclose; ratings experience.

A. Failure or refusal by any rejected risk to make full disclosure to the pool, servicing carrier or insurer writing a policy of information concerning the policyholder's true ownership, change of ownership, operations or payroll or any other failure to disclose fully any records pertaining to workers' compensation insurance, shall be sufficient grounds for the pool to terminate the insurance of the policyholder as one not in good faith.

B. Incurred experience shall be used in future ratings regardless of a change in ownership, control, management or operations, and leasing companies shall adopt the incurred experience of the insured, so that no employer shall evade the burdens imposed by an unfavorable or high-cost experience.

History: 1978 Comp., § 59A-33-9.1, enacted by Laws 1990 (2nd S.S.), ch. 2, § 102.

59A-33-10. Authority of superintendent.

A. The superintendent may approve amendments to policy forms, endorsements, rates, rating plans or minimum premiums different from those normally applicable to a risk in order to apply to each risk assigned by the pool the policy forms, endorsements, rates, rating plans and minimum premiums as are commensurate with the greater hazard of the risk, and expenses involved in insuring the risk, considering in that connection the experience and the physical and other conditions of the risk.

B. Rates for any risk assigned by the pool shall be subject to approval by the superintendent in accordance with the applicable procedures provided in Chapter 59A, Article 17 NMSA 1978 so far as applicable. The superintendent may establish separate rates for any industry or workers' compensation classifications in the pool when the public interest so requires; provided that the rates established are fair, equitable and adequate.

C. If the pool or its governing board fails to act within a reasonable time or acts in a manner inconsistent with its rules, regulations, bylaws or articles of agreement or with statutory or case law, regulations of the superintendent or the public interest, the superintendent shall assume the power and duties of the pool and board and cause the pool to act in a manner conformable to law and the public interest.

D. The superintendent may direct the pool to release and make public any information he determines to be nonconfidential contained in applications for insurance from the pool and premium and loss information relating to individual risks.

E. The superintendent shall develop a marketing assistance plan to seek underwriters for risks assigned to the pool.

F. Members of the pool shall report all premium and loss information in a form and at the intervals required by the pool's regulations.

G. The superintendent shall adopt a surcharge program for any risks insured by the pool for the purpose of encouraging safety and fully funding any deficit caused by excessive losses. The surcharge program shall include a minimum surcharge of ten percent of the premium for all risks insured by the pool and shall include higher surcharges for risks with adverse loss experience.

H. The superintendent may adopt a retrospective rating plan for any risk insured by the pool that has an annual premium greater than twenty-five thousand dollars (\$25,000). The superintendent may establish the criteria that determine when the retrospective rating plan applies to a particular risk. Any risk not eligible for such a plan within the pool shall be eligible for a surcharge based on its individual risk.

I. The superintendent shall adopt a schedule debit plan for any risks insured by the pool that do not comply with loss-control recommendations, have frequency or severity problems, employ underaged or temporary employees or have any exposure that is greater than average for the class.

J. The superintendent shall adopt a schedule credit plan for any risks insured by the pool that have a good loss record, as determined in regulations adopted by the superintendent, and that have made a special good-faith effort but have not been able to purchase insurance in the private voluntary market at any reasonable cost. For the purposes of this section, "special good-faith effort" means, in addition to securing at least two written rejections from insurers in the voluntary market, contacting at least one independent insurance agent who states in writing that the agent has made an independent good-faith effort to locate insurance for the rejected risk in the private voluntary market.

59A-33-11. Safety rules prescribed by the pool.

Any servicing carrier shall administer and enforce reasonable regulations adopted by the board, subject to the superintendent's approval, for the prevention of injuries to employees of its assigned policyholders or any applicant for assignment for workers' compensation insurance. For this purpose, the representatives of any servicing carrier shall have free access to the premises of any assigned policyholder or applicant for assignment during regular working hours. The failure or refusal by any policyholder or applicant to comply with the safety regulations or to permit such access shall be sufficient grounds for determining whether the policyholder or applicant is, in good faith, entitled to workers' compensation insurance or to a surcharge or retrospective [retrospective] rate for continued coverage.

Upon receipt of an appeal, the superintendent shall schedule and hold a full hearing, on at least ten days' written notice to the parties affected, of the subject matter of the appeal, and after consideration of all matters presented at the hearing, as well as information available to him from the records of the insurance department, the superintendent may affirm, annul or modify the appealed ruling or decision, or take any other action with respect thereto determined by him to be fair, reasonable and nondiscriminatory, under all the circumstances. Any workers' compensation insurance policy issued to cover a risk in this state shall include provisions giving the insured employer the option of choosing a deductible based upon the employer's financial ability to repay the insurer any amounts expended by the insurer on behalf of the employer.

The deductible may be an amount ranging from five hundred dollars (\$500) to two thousand five hundred dollars (\$2,500), in increments of five hundred dollars (\$500), or the amount of five thousand dollars (\$5,000) or ten thousand dollars (\$10,000). The contract amendment or renewal shall become effective in accordance with its terms unless disapproved by the superintendent within thirty days after date of filing, subject to such reasonable extension of time as the superintendent may require by written notice given within such thirty days. Any disapproval shall be delivered to the insurer in writing stating the grounds therefor.

B. Any such contract when made, amended, or renewed shall provide that any such manager, producer of its business or contract holder shall within ninety days after expiration of each calendar year furnish the insurer's board of directors a written statement of amounts received under or on account of the contract and amounts expended thereunder during such calendar year, with specification of the emoluments received therefrom by the respective directors, officers, and other principal management personnel of the manager, producer, contract holder or insurer, and with such classification of items and further detail as the insurer's board of directors may reasonably require.

C. The superintendent shall disapprove any such contract, amendment or renewal thereof if he finds that the contract:

(3) does not contain fair and adequate standards of performance; or

(4) contains other inequitable provisions or provisions which impair the reasonable and proper interests of the insurer's stockholders, policyholders or members.

C. (1) for elimination of fractional shares;

(2) incidental to enforcement of rights of the insurer as to lawful transactions previously entered into in good faith for purposes other than acquisition of such shares;

(3) for purposes of a general savings and investment plan for the insurer's personnel;

(5) for purposes of cancellation in connection with plan of recapitalization or reduction or reclassification of outstanding shares, or under other plan submitted to and approved in writing by the superintendent. The superintendent shall not approve a plan unless found by him to be for reasonable purposes, to be equitable as to the remaining stockholders of the insurer and not materially adverse to protection of policyholders; or

(6) as result of gift or bequest of the shares to the insurer.

B. Its own shares held by the insurer shall be part of paid-in capital stock, but shall not be voted or constitute an asset for financial statement purposes.

History: Laws 1984, ch. 127, § 568.

59A-34-23. Borrowed capital funds.

A. A domestic insurer may without pledge of assets borrow money to defray expense of organization, provide surplus funds or for any purpose of its business, upon a written agreement that such money is required to be repaid only out of the insurer's surplus in excess of that stipulated in such agreement. The agreement may provide for interest on unpaid balance of principal at a reasonable rate approved by the superintendent, which interest shall or shall not constitute a liability of the insurer as to its funds other than such excess of surplus, as stipulated in the agreement. No commission or promotion expense shall be paid in connection with any such loan, except that if a public offering and sale is made of the loan securities the insurer may pay the reasonable costs thereof approved by the superintendent.

B. Money so borrowed, together with the interest thereon if so provided in the agreement, shall not be part of the insurer's legal liabilities except as to its surplus in excess of the amount of surplus stipulated in the agreement, or be basis of any setoff; but until repaid, financial statements filed or published by the insurer shall show as a footnote thereto the amount of the loan then unpaid together with any interest thereon accrued but unpaid.

C. Any such loan shall be subject to the superintendent's approval. The insurer, in advance of the loan, shall file with the superintendent a statement of the amount proposed to be so borrowed and the purposes thereof together with a copy of the proposed loan agreement. The loan and agreement shall be deemed approved unless within thirty (30) days after date of such filing the insurer is notified of the superintendent's disapproval and reasons therefor. The superintendent shall disapprove any proposed loan or agreement if he finds the loan unnecessary or excessive for purposes intended or that the terms of the agreement are not fair and equitable to the parties and to other similar lenders, if any, to the insurer, or that the information so filed by the insurer is inadequate.

D. Any such loan or substantial portion thereof shall be repaid by the insurer when no longer reasonably necessary for the purposes intended. No such repayment shall be

made unless approved in advance by the superintendent upon his finding that repayment would not deprive the insurer of funds reasonably required for its operations or protection of its policyholders.

E. Such loan agreements when offered for purchase by the public shall for purposes of Article 35 [Chapter 59A, Article 35 NMSA 1978] (sale of insurance securities) of the Insurance Code be deemed to be securities.

F. This section does not apply to other kinds of loans obtained by the insurer in ordinary course of business, or to loans secured by pledge or mortgage of assets.

Such bylaws shall be subject to approval of the insurer's members at the next annual meeting of members and no bylaw provision shall thereafter be effective which is not so approved. Bylaws shall be revoked or modified only by vote of the insurer's members at a meeting of which notice was given as provided in the bylaws.

B. The bylaws shall provide that each of the insurer's members is entitled to one vote in election of corporate directors and on each matter voted on at membership meetings, and that such right to vote may be exercised in person or pursuant to written proxy.

C. The insurer shall promptly file with the superintendent a copy, certified by the insurer's secretary, of such bylaws and of every modification thereof or addition thereto.

D. The bylaws and modifications thereof or additions thereto shall be subject to the superintendent's approval. The superintendent shall not disapprove any such bylaw, modification or addition unless found by him, after a hearing thereon, to be unlawful, unreasonable, inadequate, unfair or injurious to the proper interests or protection of the insurer's members or any class thereof. 59A-34-28. Mutual members, contingent liability.

A. Except as to nonassessable policies as provided for in Section 577 [59A-34-31 NMSA 1978] of this article, each member of a domestic mutual insurer shall have contingent liability, pro rata and not one for another, for discharge of the insurer's obligation incurred while the member was a policyholder, which liability shall be in such maximum amount, not less than one nor more than six (6) times the premium for the member's policy at the annual premium rate, as specified in the insurer's articles of incorporation.

B. Every policy issued by the insurer shall contain a statement of the contingent liability.

C. Termination of the policy shall not relieve the member of contingent liability as to liabilities of the insurer incurred while the policy was in force.

D. Unrealized contingent liability of members does not constitute an asset of the insurer in any determination of financial condition.

History: Laws 1984, ch. 127, § 574.

59A-34-29. Mutual members, levy of contingent liability.

A. If at any time the assets of a domestic mutual insurer are less than its liabilities and the minimum amount of surplus required of it under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978] for authority to transact the kinds of insurance being transacted, and the deficiency is not otherwise cured, its directors may, if approved by the superintendent as being reasonable and in the best interests of the insurer and its members, levy an assessment only on its members who held policies providing for contingent liability at any time within the twelve (12) months next preceding the date the levy was authorized by the board of directors, and such members shall be liable to the insurer for the amount so assessed.

B. The assessment shall be for the amount required to cure the deficiency and to provide working funds in reasonable amount above such minimum surplus.

C. As to the respective policies subject to the levy, the assessment shall be computed upon the basis of premium earned by the insurer thereon during such twelve (12) month period.

D. No member shall have an offset against any assessment on account of any claim for unearned premiums or loss payable.

E. As to life insurance, any part of the assessment upon a member which remains unpaid following notice of assessment, demand for payment and lapse of a reasonable waiting period as specified in the notice may, if approved by the superintendent as being in the best interest of the insurer and its members, be secured by placing a lien upon the cash surrender values and accumulated dividends held or to be held by the insurer to the credit of the member's policy.

History: Laws 1984, ch. 127, § 575.

59A-34-30. Mutual members, enforcement of contingent liability.

A. Upon levy of an assessment upon its members the mutual insurer shall notify each member of the amount of the assessment as to such member by written notice mailed to the member at his address last of record with the insurer. Failure of the member to receive the notice so mailed, within the time specified therein for payment of the assessment or at all, shall be no defense in any action to collect the assessment.

B. If a member fails to pay the assessment within the period specified in the notice, which period shall not be less than thirty (30) days after the mailing, the insurer may institute suit to collect the same.

History: Laws 1984, ch. 127, § 576.

59A-34-31. Mutual insurers; nonassessable policies.

A. A domestic mutual insurer while maintaining unimpaired surplus funds not less in amount than the minimum paid-in capital stock and surplus required to be maintained by a domestic stock insurer for authority to transact the same kind or kinds of insurance, may, upon receipt of the superintendent's order so authorizing, extinguish the contingent liability of members to assessment under all its policies then in force and, so long as such surplus is maintained, may omit provisions imposing contingent liability in all policies currently issued or renewed. Each such policy so issued or renewed shall contain a statement of nonassessability on its face or by endorsement attached.

B. The superintendent shall not authorize a domestic insurer to extinguish such contingent liability unless the extinction applies to all of the policies of the insurer.

C. The superintendent shall revoke the authority of a domestic mutual insurer to issued policies without contingent liability if:

(1) the insurer's surplus is less than that required under Subsection A, above, or

(2) the insurer, by resolution of its board of directors approved by a majority of the insurer's members at a meeting of the members of which the notice contained notice of the proposed change, requests that the authority to issue nonassessable policies be revoked.

D. During absence of such authority the insurer shall not issue any policy without providing therein for contingent liability of the policyholder, or renew or accept premium on any policy which is then in force without endorsing the same to provide for contingent liability.

B. No domestic insurer shall enter into any agreement to withhold from sale any of its property. Except as to statutory deposits required to be made by the insurer, disposition of the insurer's property shall at all times be within control of its board of directors, in accordance with its charter and bylaws.

Nothing in this subsection shall prohibit a domestic insurer:

(1) from depositing or maintaining a deposit of any of its securities with the authorities of any other state in accordance with the laws thereof, for authority to transact insurance in such state; or

(2) from depositing securities as collateral for any surety or fidelity bond required for the insurer's business; or

(3) from entering into an agreement with a securityholder's protective committee or from depositing any of its securities with a depository under such agreement or under a plan of reorganization, for the purpose of protecting the insurer's interests.

(2) issuance of certificates under a lawfully transacted group life or group health insurance policy where the master policy or contract was entered into in a state in which the insurer was then authorized to transact the insurance involved and in which the policyholder was then domiciled or otherwise had a bona fide situs; or

(3) renewal or continuance in force, with or without modification, of policies and insurance contracts otherwise lawful and not originally issued in violation of Subsection A above.

C. The superintendent may revoke the certificate of authority of an insurer which violates this section, and may require the insurer to pay to the state in which the business was so unlawfully written the premium taxes otherwise applicable as provided by the laws of such state.

B. The superintendent shall not approve any such plan, procedure or mutualization unless he finds that:

(1) it is equitable to stockholders and policyholders;

(2) it is subject to approval by holders of not less than two-thirds of the insurer's outstanding capital stock having voting rights, and by not less than two-thirds of those of the insurer's policyholders who vote on such plan in person or by proxy or by mail pursuant to such notice, information and procedure as approved by the superintendent;

(3) if a life insurer, right to vote thereon is limited to holders of policies other than term or group policies, and whose policies have been in force for more than one (1) year;

(4) the plan provides for purchase of the shares of any nonconsenting stockholders in the same manner and subject to the same applicable conditions as provided by the general business corporation laws of this state as to rights of nonconsenting stockholders with respect to merger or consolidation of business corporations;

(5) mutualization will result in retirement of the insurer's outstanding capital stock at a price not in excess of the fair market value thereof as determined by competent disinterested appraiser;

(6) the plan provides for definite conditions to be fulfilled by a designated reasonable date upon which such mutualization shall become effective; and

(7) mutualization would leave the insurer with competent and trustworthy management and surplus funds reasonably adequate for the security of its policyholders and to enable the insurer, in the states in which it is then authorized to transact insurance, to continue in business for the same kinds of insurance included in its certificates of authority in such states.

C. No director, officer, agent or employee of the insurer, nor any other person, shall receive any fee, commission or other valuable consideration whatsoever, other than customary salary or other regular compensation, for in any manner aiding, promoting or

assisting in the mutualization, except as set forth in the plan of mutualization as approved by the superintendent.

A. A domestic stock insurer may convert to and become a New Mexico ordinary business corporation through the following procedures:

(1) the insurer must give the superintendent written notice of its intent to convert to an ordinary business corporation;

(2) the insurer must bulk reinsure all its insurance in force, if any, with another insurer authorized to transact such insurance in this state, under a bulk reinsurance agreement approved by the superintendent as provided in Section 586 [59A-34-40 NMSA 1978] of this article. The approval of bulk reinsurance may be made contingent upon approval of the stockholders as provided in Paragraph (4) below;

(3) the insurer must set aside in a special reserve fund in such amount and subject to such administration as may be found by the superintendent to be adequate and reasonable for the purpose, for payment of all obligations, if any, of the insurer incurred under its insurance contracts prior to the effective date of such bulk reinsurance and remaining unpaid, or make other reasonable arrangement for payment of such obligations as may be approved by the superintendent;

(4) the proposed conversion must be approved by affirmative vote of not less than two-thirds of each class of outstanding securities of the insurer having voting rights, at a special meeting of the holders of such securities called and held for the purpose; and at such meeting and by a like vote the articles of incorporation of the corporation must be amended to remove therefrom the power to transact insurance business as an insurer and to provide for such new powers and purposes as may be consistent with the purposes for which the corporation is thereafter to exist;

(5) security holders of the corporation who dissent from the proposed conversion shall have the same applicable rights as exist under the general corporation laws of this state as to dissent from proposed merger of business corporations; and

(6) upon compliance with the requirements of this section and filing of the amended articles of incorporation as required of ordinary business corporations, together with a copy of such amendment filed with the superintendent, the conversion shall thereupon become effective.

B. An insurer which has once converted to an ordinary business corporation shall not have power thereafter to convert to an insurer.

History: Laws 1984, ch. 127, § 581.

59A-34-36. Merger, consolidation of stock insurers.

A. Subject to the provisions of this section a domestic stock insurer may merge or consolidate with one or more domestic or foreign stock insurers by complying with the applicable provisions of the statutes of this state governing merger or consolidation of stock corporations formed for profit. A domestic stock insurer may, as the surviving corporation resulting therefrom, so merge with a domestic general business corporation formed for profit under the general corporation laws of this state if the assets of such general business corporation are in major part such as the insurer could invest its funds in under Article 9 [Chapter 59A, Article 9 NMSA 1978] (investments) of the Insurance Code.

B. No such merger or consolidation shall be effectuated unless in advance thereof the plan and agreement therefor have been filed with the superintendent and approved in writing by him after a hearing thereon after notice to the stockholders of each corporation involved. Prior to or at time of filing the plan, a foreign insurer party to the proposed merger or consolidation if not then an authorized insurer shall file with the superintendent the documents and information required as for application for certificate of authority under Paragraphs (1), (3), (4), (5) and (7) of Subsection A, and under Subsection B, of Section 88 [59A-5-21 NMSA 1978] of the Insurance Code. The superintendent shall give his approval within a reasonable time after such filing unless he finds such plan or agreement [agreement]:

(1) contrary to law; or

(2) unfair or inequitable to the stockholders of any corporation involved; or

(3) would substantially reduce the security of and service to policyholders of the domestic insurer, or result in a surviving insurer which does not meet paid-in capital stock requirements for certificate of authority of a like insurer under Section 83 [59A-5-16 NMSA 1978] of the Insurance Code or is otherwise inadequately financed for reasonable continuing conduct of its business; or

(4) would materially tend to lessen competition in the insurance business in this state or elsewhere as to the kinds of insurance involved, or would materially tend to create a monopoly as to such business; or

(5) is subject to other material and reasonable objections.

C. No director, officer, agent or employee of any corporation party to such merger or consolidation or any other person shall receive any fee, commission, special

compensation or other valuable consideration whatsoever for in any manner aiding, promoting, or assisting therein except as set forth in such plan or agreement.

D. Nothing in the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978] shall be deemed to prohibit merger or consolidation between insurers theretofore transacting different kinds of insurance, if the certificate of authority of the surviving and continuing corporation as originally issued or amended covers all the kinds of insurance to be transacted after effectuation of merger or consolidation.

History: Laws 1984, ch. 127, § 582.

59A-34-37. Preservation of old charter in merger, consolidation.

A. In any merger or consolidation of a foreign stock or mutual insurer into or with a domestic insurer under this article, the continuing New Mexico corporation shall for all purposes by [be] deemed to be continuation of the corporate existence of the foreign corporation, with New Mexico as the adoptive state of domicile and with date of corporate origin the same as the original date of incorporation of the foreign insurer in its original domiciliary state or country, subject to the following conditions:

(1) the plan and agreement of merger or consolidation shall provide for such continuation of corporate existence, with designation of New Mexico as the state of domicile of the foreign corporation by adoption, and shall specify the original date of incorporation of the foreign corporation in its original domiciliary state or country as being the date of incorporation of the New Mexico corporation pursuant to this section;

(2) the articles of corporation of the New Mexico corporation shall provide, or be amended to provide, that the corporation is a continuance of the corporate existence, through adoption of New Mexico as the corporate domicile, of the foreign corporation, and shall specify the original date of incorporation of the foreign corporation in its original domiciliary state or country as being the date of incorporation of the New Mexico corporation pursuant to this section;

(3) the continuing New Mexico corporation shall as of merger or consolidation effective date have paid-in capital stock and initial surplus in amount not less than as required of a newly-authorized foreign stock insurer under Section 83 [59A-5-16 NMSA 1978] of the Insurance Code to transact the same kind(s) of insurance, and shall have all the rights and obligations of, and be given recognition in all respects as, a corporation formed under the laws of this state as of the date of incorporation of the foreign corporation in its original domiciliary state or country. This provision shall not be deemed to impose upon the continuing New Mexico corporation any liability or obligation as to filings, fees, taxes or otherwise which might have accrued prior to effective date of the merger or consolidation.

C. This section shall not be deemed in any manner to preserve, after effective date of merger or consolidation, the corporate existence of the foreign corporation as a corporation of its original domiciliary state or country.

History: Laws 1984, ch. 127, § 583.

ANNOTATIONS

Compiler's note. - As enacted, this section contained no Subsection B.

59A-34-38. Merger, consolidation of mutual insurers.

A. A domestic mutual insurer shall not merge or consolidate with a stock insurer.

B. A domestic mutual insurer may merge or consolidate with another domestic or foreign mutual insurer under applicable procedures prescribed by the laws of this state governing private business corporations as modified by this section.

C. If the insurer is then unimpaired, the plan and agreement for merger or consolidation shall be submitted to and approved by at least two-thirds of the members of each mutual insurer voting thereon at meetings called for the purpose pursuant to reasonable notice and procedure. The plan and agreement may provide for giving such notice to members by publishing the same once a week for two (2) consecutive weeks in newspapers of general circulation in two (2) out of the four (4) cities of greatest population according to the last preceding national census by an agency of the United States government, in each of the states in which the insurer in [is] authorized to transact insurance; or notice may be given by depositing the same in the United States mail, postage prepaid, addressed to the member at his address last of record with the insurer, or by personal delivery. As to a life insurer, the right to vote may be limited to members whose policies are other than term or group and have been in effect for more than one year.

D. No such merger or consolidation shall be effectuated unless in advance thereof the plan and agreement therefor have been filed with the superintendent and approved by him in writing. Prior to or at time of filing the plan a foreign insurer party to the plan if not then an authorized insurer shall file with the superintendent the documents and information required as for application for certificate of authority under Paragraphs (1), (3), (4), (5) and (7) of Subsection A, and under Subsection B, of Section 88 [59A-5-21 NMSA 1978] of the Insurance Code. The superintendent shall not act upon the plan and agreement until after a hearing thereon. The superintendent shall give such approval unless he finds such plan or agreement:

(1) inequitable to policyholders of any insurer involved; or

(2) would substantially reduce the security of and service to policyholders of the insurers, or result in a surviving insurer which does not meet the basic surplus

requirements for certificate of authority of a like insurer under Section 83 [59A-5-16 NMSA 1978] of the Insurance Code or is otherwise inadequately financed for reasonable continuing conduct of its business; or

(3) would materially tend to lessen competition in the insurance business in this state or elsewhere as to the kinds of insurance involved or would materially tend to create a monopoly as to such business; or

(4) is unlawful or subject to other material and reasonable objections.

E. No director, officer, agent or employee of any insurer party to such merger or consolidation, or any other person, shall receive any fee, commission or other special valuable consideration whatsoever for in any manner aiding, promoting or assisting therein except as set forth in the plan and agreement as approved by the superintendent.

F. Subsection D of Section 582 [59A-34-36 NMSA 1978] (merger, consolidation of domestic stock insurers) of this article shall also apply as to merger or consolidation under this section.

History: Laws 1984, ch. 127, § 584.

59A-34-39. Conversion of mutual to stock insurer.

A. A domestic mutual insurer may become a stock insurer under such reasonable plan and procedure as may be approved by the superintendent after a hearing thereon of which notice was given to the insurer, its directors or trustees, its officers, employees and its members, all of whom shall have right to appear and be heard at the hearing.

B. The superintendent shall not approve any such plan or procedure unless:

(1) it is lawful, fair and equitable, and free of reasonable objections; and

(2) it is subject to approval by vote of not less than two-thirds of those of the insurer's current members who are entitled to vote and vote thereon in person, by proxy, or by mail at a meeting of members called for the purpose pursuant to reasonable notice and procedure approved by the superintendent. As to a life insurer the right to vote may be limited to members who hold policies other than group policies or term policies for terms of less than twenty (20) years, and whose policies have been in force for not less than one (1) year; and

(3) the equity of each member in the insurer's surplus is determinable under a fair and reasonable formula approved by the superintendent, which formula may exclude any member whose equity would in amount fall below a reasonable sum stated therein; and

(4) the plan gives to each member of the insurer preemptive right to acquire his proportionate part of all of the proposed capital stock of the insurer within a designated reasonable period, as such part is determinable under the plan of conversion, and to apply upon the purchase price thereof his equity in the insurer as determined under Paragraph (3) above; and

(5) the members entitled to participate in purchase of stock shall include not less than all current policyholders of the insurer and each existing person who had been a policyholder of the insurer within three (3) years prior to the date the plan was submitted to the superintendent; and

(6) shares are to be offered to members at a price not greater than to be thereafter offered under the plan to others; and

(7) the plan provides for payment of cash to each member not electing to purchase the shares to which preemptively entitled, in an amount found by the superintendent to be reasonable but not in excess of fifty percent (50%) of the amount of his equity, and which cash payment shall constitute payment and discharge in full of the member's equity or property interest in the mutual insurer. A member shall not have preemptive right to purchase less than all of the shares to which preemptively entitled; and

(8) the plan, when completed, would provide for the converted insurer paid-in capital stock and surplus in amount not less than minimum paid-in capital stock and surplus required of a new domestic stock insurer upon initial authorization to transact like kinds of insurance; and

(9) the superintendent finds that the insurer's management has not, through reduction in volume of new business written, or cancellations or other means sought to reduce, limit or affect the number or identity of the insurer's members to be entitled to participate in such plan or to secure for individuals comprising management any unfair advantage through such plan.

C. Subsection B above shall not be deemed to prohibit inclusion in the plan of provisions under which individuals comprising the insurer's management, employee and agency personnel may be entitled to purchase for cash at the same price as offered to the insurer's members, shares of stock not purchased by members on the preemptive offering to members, in accordance with such reasonable classification of such individuals as may be included in the plan and approved by the superintendent.

D. No director, officer, agent or employee of the insurer, or any other person, shall receive any fee, commission or other valuable consideration whatsoever, other than usual and regular salaries and compensaion [compensation], for in any manner aiding, promoting or assisting in such conversion except as set forth in the plan approved by the superintendent. This provision shall not be deemed to prohibit payment of reasonable fees and compensation to attorneys, accountants, actuaries and other

specialists whose services are reasonably required under the plan and performed in the independent practice of their professions even though also directors of the insurer.

History: Laws 1984, ch. 127, § 585.

59A-34-40. Bulk reinsurance.

A. A domestic insurer shall not reinsure with another insurer all or substantially all of its insurance business in force, or of a major class thereof, except under an agreement of bulk reinsurance and in compliance with this section. No such agreement shall become effective unless filed with the superintendent and approved by him in writing.

B. The superintendent shall approve such agreement within a reasonable time after filing if he finds that:

(1) the plan and agreement of bulk reinsurance are fair and equitable to each insurer and to the policyholders involved; and

(2) the reinsurance if effectuated would not materially reduce the protection or service to policyholders of the insurers; and

(3) the agreement embodies adequate [adequate] provisions by which the assuming reinsurer becomes liable to the original insureds for protection and benefits under policies reinsured in accordance with the terms of such policies; and

(4) the assuming reinsurer is authorized to transact such insurance in this state, or is qualified as for such authorization and will appoint the superintendent and his successors as its irrevocable attorney for service of process so long as any policy so reinsured or liability thereunder remains in force or outstanding; and

(5) the reinsurance would not materially tend to lessen competition in the insurance business in this state or elsewhere as to the kinds of insurance involved and would not materially tend to create any monopoly as to such business; and

(6) the proposed bulk reinsurance is free of other reasonable objections.

C. If the superintendent does not so approve he shall forthwith notify each insurer involved in writing specifying the reasons therefor.

D. If for reinsurance of all or substantially all of the business in force of a mutual insurer at a time when the insurer's surplus is not impaired, the plan and agreement for reinsurance must be approved by vote of not less than two-thirds of the mutual insurer's members who vote thereon in person or by proxy at a meeting of members called for the purpose pursuant to such reasonable notice by mail or publication as may be provided for in the plan. For a life insurer, the right to vote may be limited to members

whose policies are other than term policies for term of less than twenty (20) years or group policies, and have been in effect for more than one year.

History: Laws 1984, ch. 127, § 586.

59A-34-41. Bulk reinsurance; fees and commissions.

No director, officer, employee, agent or other representative of an insurer party to a bulk reinsurance plan or agreement, nor any other person, shall be paid or receive any fee, commission or other special or valuable consideration for in any manner aiding, promoting or assisting in negotiation or effectuation of such bulk reinsurance, except as stated in the plan and agreement of such reinsurance as approved by the superintendent. This section does not apply as to regular salaries or other regular compensation received or to be received by directors, officers, employees or agents for services rendered in ordinary and regular course of business.

History: Laws 1984, ch. 127, § 587.

59A-34-42. Expense to be borne by parties.

Costs of mailing or otherwise giving notice of any public hearing required in connection with merger, consolidation, or bulk reinsurance of an insurer, and of furnishing to stockholders or members information relative thereto, shall be borne by the insurers parties to the proposed merger, consolidation or bulk reinsurance. As security for payment of such expenses the superintendent may require such insurers to file with him an acceptable surety bond or other deposit in reasonable amount determined by him.

History: Laws 1984, ch. 127, § 588.

59A-34-43. Mutual member's share of assets on liquidation.

A. Upon any liquidation of a domestic mutual insurer its assets remaining after discharge of its indebtedness, policy obligations, repayment of contributed or borrowed surplus, if any, and expense of administration shall be distributed to currently existing persons who had been members of the insurer for at least one year and who were its members at any time within thirty-six (36) months next preceding the date such liquidation was authorized or ordered, or the date of the last termination of the insurer's certificate of authority in this state, whichever date is the earlier; except that if the superintendent believes that the insurer's management has caused or encouraged reduction of the number or changed the identity of members of the insurer in anticipation of liquidation he may enlarge the thirty-six (36) month qualification period as he may deem reasonable.

B. The insurer shall make a reasonable classification of its policies held by such members and a formula based upon such classification and premiums earned for

determination of the distributive share of each member participating in the distribution of assets. The classification and formula shall be subject to the superintendent's approval.

History: Laws 1984, ch. 127, § 589.

59A-34-44. Material transactions; report.

A. Every domestic insurer, including health maintenance organizations, nonprofit health care plans and fraternal benefit societies, shall file a report with the superintendent disclosing material acquisitions and dispositions of assets or material nonrenewals, cancellations or revisions of ceded reinsurance programs unless such transactions have been submitted to the superintendent for review, approval or information purposes pursuant to other provisions of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978], laws, regulations or other requirements.

B. The report required in Subsection A of this section is due within fifteen days after the end of the calendar month in which any of the foregoing transactions occur.

C. One complete copy of the report, including any exhibits or other attachments filed as part thereof, shall be filed with the national association of insurance commissioners.

History: 1978 Comp., § 59A-34-44, enacted by Laws 1993, ch. 320, § 68.

59A-34-45. Acquisition and disposition of assets; materiality; scope; reporting requirements.

A. No acquisition or disposition of assets need be reported pursuant to Section 59A-34-44 NMSA 1978 if the acquisition or disposition is not material. For purposes of this section and Section 59A-34-44 NMSA 1978, a material acquisition, or aggregate of any series of acquisitions during any thirty-day period, or disposition, or aggregate of any series of dispositions during any thirty-day period, is one that involves more than five percent of the reporting insurer's total admitted assets as reported in its most recent financial statement filed with the superintendent.

B. Asset acquisitions subject to the provisions of Section 59A-34-44 NMSA 1978 include every purchase, lease, exchange, merger, consolidation, succession or other acquisition other than the construction or development of real property by or for the reporting insurer or the acquisition of materials for such purpose. Asset dispositions subject to Section 59A-34-44 NMSA 1978 include every sale, lease, exchange, merger, consolidation, mortgage, hypothecation, assignment, whether for the benefit of creditors or otherwise, abandonment, destruction or other disposition.

C. The following information is required to be disclosed in the report of a material acquisition or disposition of assets:

- (1) the date of the transaction;
- (2) the manner of acquisition or disposition;
- (3) a description of the assets involved;
- (4) the nature and amount of the consideration given or received;
- (5) the purpose of, or reason for, the transaction;
- (6) the manner by which the amount of consideration was determined;
- (7) the amount of any gain or loss recognized or realized as a result of the transaction;
and
- (8) the names of the persons from whom the assets were acquired or to whom they were disposed.

D. Such insurers are required to report acquisitions and dispositions on a non-consolidated basis unless the insurer is part of a consolidated group of insurers which utilizes an intercompany pooling agreement or arrangement or a one hundred percent reinsurance agreement under which the ceding company has ceded substantially all of its direct and assumed business to a pool, and the group reports in accordance with Section 59A-34-44 NMSA 1978 on behalf of the members of the group on a consolidated basis. For purposes of this section, an insurer is deemed to have ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars (\$1,000,000) of total direct plus assumed written premiums during a calendar year that are not subject to the pooling agreement or arrangement and the net income of the business not subject to the pooling agreement or arrangement represents less than five percent of the insurer's capital and surplus. If a group of insurers reports on a consolidated basis as allowed by this subsection, the report shall identify every insurer that is a member of the group.

History: 1978 Comp., § 59A-34-45, enacted by Laws 1993, ch. 320, § 69.

59A-34-46. Nonrenewals, cancellations or revisions of ceded reinsurance programs; materiality; scope; reporting requirements.

A. No nonrenewal, cancellation or revision of a ceded reinsurance program need be reported pursuant to Section 59A-34-44 NMSA 1978 if the nonrenewal, cancellation or revision is not material. For purposes of this section and Section 59A-34-44 NMSA 1978, a material nonrenewal, cancellation or revision is one that, on an annualized basis as indicated in the insurer's most recently filed financial statement, affects more than fifty percent of an insurer's ceded written premium for property or casualty business, including accident and health business when written by a casualty insurer, or affects more than fifty percent of the total reserve credit taken for business ceded for

life, annuity, or accident and health business written by an insurer other than a casualty insurer; but the transaction is not material if the insurer's ceded written premium or the total reserve credit taken for business ceded represents, on an annualized basis, less than ten percent of direct plus assumed written premium or ten percent of the statutory reserve requirement prior to any cession, respectively.

B. Notwithstanding the provisions of Subsection A of this section, and without regard to which part has initiated the nonrenewal, cancellation or revision of ceded reinsurance, a report is to be filed whenever:

(1) the entire cession has been canceled, nonrenewed or revised, and ceded indemnity and loss adjustment expense reserves after any nonrenewal, cancellation or revision represent less than fifty percent of the comparable reserves that would have been ceded had the nonrenewal, cancellation or revision not occurred;

(2) an authorized or accredited reinsurer has been replaced on an existing cession by an unauthorized or nonaccredited reinsurer; or

(3) previously established collateral requirements for unauthorized or nonaccredited reinsurers have been reduced or waived, either as to an existing reinsurer or reinsurers or to one or more reinsurers newly participating in an existing cession.

C. The following information is required to be disclosed in the report of a material nonrenewal, cancellation or revision of a ceded reinsurance program:

(1) the effective date of the nonrenewal, cancellation or revision;

(2) a description of the transaction with an identification of the initiator thereof;

(3) the purpose of, or reason for, the transaction; and

(4) if applicable, the identity of the replacement reinsurers.

D. Insurers are required to report all material nonrenewals, cancellations or revisions of ceded reinsurance programs on a non-consolidated basis unless the insurer is part of a consolidated group of insurers which utilizes an intercompany pooling agreement or arrangement or a one hundred percent reinsurance agreement under which the ceding company has ceded substantially all of its direct and assumed business to a pool, and the group reports in accordance with Section 59A-34-44 NMSA 1978 on behalf of the members of the group on a consolidated basis. For purposes of this subsection an insurer is deemed to have ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars (\$1,000,000) of total direct plus assumed written premiums during a calendar year that are not subject to the pooling agreement or arrangement and the net income of the business not subject to the pooling agreement or arrangement represents less than five percent of the insurer's

capital and surplus. If a group of insurers reports on a consolidated basis as allowed by this subsection, the report shall identify every insurer that is a member of the group.

ANNOTATIONS

Cross-references. - For treatment of investment securities in the Uniform Commercial Code, see 55-8-101 to 55-8-511 NMSA 1978.

Compiler's note. - The annotations appearing below were abstracted from attorney general opinions decided under the prior Sale of Insurance Securities Act (former 59-13-1 NMSA 1978 et seq.).

Legislative intent. - The legislative intention was to preclude the sale of insurance securities to New Mexico residents by persons not licensed by the New Mexico superintendent of insurance where any portion of the negotiation took place in New Mexico. 1961-62 Op. Att'y Gen. No. 62-57.

Sales outside state. - As to sales consummated outside the state, the governing language is that portion of this section which provides that no unlicensed person shall "sell or propose to sell to the public in this state" any insurance securities. 1961-62 Op. Att'y Gen. No. 62-57.

Complete regulation of insurance securities for superintendent. - An analysis of the Securities Act (58-13-1 NMSA 1978, et seq.) and this act (former 59-13-1 NMSA 1978 et seq.) leads to the conclusion that the legislature intended for the superintendent

of insurance to have complete regulation over the sale of insurance company securities. 1969 Op. Att'y Gen. No. 69-97.

A person licensed to sell insurance securities under this act (former 59-13-1 NMSA 1978 et seq.) does not have to be registered under the Securities Act (now see 58-13B-1 NMSA 1978, et seq.) in order to sell this particular type of securities. 1961-62 Op. Att'y Gen. No. 62-57.

Dealers and salesmen to be licensed. - Since this statute (former 59-13-2 NMSA 1978) obviously covers all types of insurance company stocks and securities, the dealer and salesmen who sell insurance securities must be licensed by the superintendent of insurance. 1961-62 Op. Att'y Gen. No. 62-57.

59A-35-7. Exemptions.

No such registration or permit shall be required as to:

(3) no commission or other compensation is paid or to be paid in connection with any such sale; and

(4) prior to any such offer and sale the domestic corporation files with the superintendent in writing the plan, purposes, and manner of conduct of the proposed offer and sale, uses to be made of proceeds thereof, and information in writing proposed to be given offerees, and such filing is not disapproved by the superintendent within twenty (20) days after filing. The superintendent may disapprove the filing upon reasonable grounds. Failure of the superintendent so to disapprove shall not be deemed, inferred, or represented to be an approval of the proposal;

G. sales of securities by an insurance holding corporation for purposes which do not include the financing, directly or indirectly, of an insurer;

H. securities issued or proposed to be issued pursuant to any merger, consolidation, bulk reinsurance, conversion, or mutualization approved by the superintendent under Article 34 [Chapter 59A, Article 34 NMSA 1978] (domestic stock and mutual insurers) of the Insurance Code; or

I. fractional share interests in stock of the issuer offered and sold for purpose of rounding out to whole shares in connection with any stock dividend or other distribution of shares to existing security holders of the issuer.

59A-35-8. Registration procedure.

A. The person desiring to register a security under this article shall file with the superintendent a registration statement in form as prescribed and furnished by the superintendent appropriate to the proposed offering. In prescribing the registration statement form the superintendent shall give due consideration to the circumstances of the offering, whether by a newly-formed domestic corporation or entity, whether covered by registration or other appropriate filing with the Securities and Exchange Commission under which an offering may be made of the securities, and to practices of administrators of state laws governing offer and sale of corporate securities relative to registration by coordination, or qualification, or upon notification.

B. As to registrants in general the registration statement and documents required to be filed therewith may, and as to newly-formed proposed insurers or newly-formed entities shall, require disclosure of:

(7) management or agency contracts, whether or not exclusive, existing or proposed as to issuer or registrant;

(8) description of the securities, number and price thereof proposed to be sold and sales costs; and

(9) such other reasonably pertinent information as required by the superintendent.

C. When filed, the registration statement shall be accompanied by payment of the applicable filing fee as specified in Section 598 [59A-35-9 NMSA 1978] of this article.

(a) one-tenth ($1/10$) of one percent of first million dollars (\$1,000,000); and

(b) one-twentieth ($1/20$) of one percent of amounts in excess of the first one million dollars (\$1,000,000).

B. All such fees shall be deemed earned when paid and shall not be subject to refund.

History: Laws 1984, ch. 127, § 598.

59A-35-10. Issuance, denial of permit.

A. The superintendent shall expeditiously examine a newly-filed registration statement and make such investigation of the registrant and related matters as he deems advisable.

B. Unless the superintendent finds that the permit should be denied on any of the grounds stated in Subsection C of this section, he shall promptly issue to the registrant a securities permit in appropriate form covering the offering of securities.

C. The superintendent may deny a permit on the ground that:

(1) the registration statement is incomplete and has not been completed within a reasonable time allowed therefor by the superintendent and communicated to the registrant;

(2) the proposed sale or issuance of securities would be in violation of law;

(3) the conditions or circumstances of the registrant or insurer, or the terms and conditions of the offering, would make the offering unfair or inequitable as to existing or proposed security holders or investors;

(4) funds proposed to be secured by the offering are inadequate or excessive for the purposes intended;

(5) proposed costs of the offering are excessive;

(6) any of the individuals associated or to be associated in the registrant or insurer or any affiliate thereof, or the ultimate controlling stockholder or owner of the registrant, issuer or insurer is not of good reputation as to business affairs or financial responsibility;

(7) the existing or proposed insurer would not be able to qualify for or continue to hold a certificate of authority to transact insurance in this state for any of the reasons stated in Section 59A-5-13 NMSA 1978;

(8) if an insurance holding corporation, its plan of capitalization or security options or financing are such as would be prohibited under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978] as to a newly formed domestic stock insurer;

(9) there is material variance, adverse to the registrant, as between information furnished by the registrant in the registration statement and that determined by the superintendent on investigation;

(10) information proposed to be furnished investors is incomplete, untrue, or would tend to mislead; or

(11) grant of the permit would be contrary to the best interest of the people of New Mexico, for reasons stated in the order denying the permit.

D. The superintendent shall deny the permit if the securities are of, or for financing, a foreign insurer not qualified for authority to transact insurance in New Mexico.

E. The superintendent's order denying a permit shall state the grounds therefor and be delivered to the registrant or mailed addressed to registrant at its address last of record with the superintendent.

A. Each such securities permit issued by the superintendent shall, or may, contain provisions, as applicable, as follows:

(1) it shall state the securities which are to be offered, the number and selling price thereof;

(2) it may require that the purchase price shall be payable in lawful money of the United States or in such other securities as may be specified by class or description in the permit;

(3) it may require that all securities offered shall be offered and sold at the same price to all parties, subject, at the option of the registrant, as to subscriptions to be paid in installments, to a reasonable additional charge to cover expense and loss of interest earnings attributable to such installment subscriptions;

(4) it shall limit the portion of funds received for the securities which may be used for organization, securities sales and promotion expenses to such amount as the superintendent deems reasonably adequate under the proposed plan of sale, but in no event to exceed fifteen percent of such funds when and as actually received;

(5) it may require the founders, promoters, incorporators, or other persons directly involved in the proposed insurer or offering to subscribe and pay for immediately and in cash, at the proposed public offering price, a reasonable proportion of the same securities, and to withhold resale, transfer, assignment, or encumbrance of securities so purchased for a reasonable period, as specified in the permit, after completion of the offering, except by an executor or administrator of the estate of a deceased purchaser;

(6) it may prohibit, limit or control the granting of options to buy the securities or any of them for such reasonable period as is specified in the permit;

(7) it may require impoundment of funds received on sale of the securities, after deduction therefrom of applicable organization and sales expense as allowed under the permit, until the offering is completed, or, as to a proposed new insurer, the insurer has qualified for and received a certificate of authority to transact insurance as proposed in the registration statement, or for other reasonable period;

(8) it may make reasonable requirements as to accounting, reports, deposits and other matters as the superintendent deems advisable for protection of existing or prospective investors or policyholders;

(9) it shall specify an expiration date of the permit. In the case of a proposed new domestic insurer, the expiration date shall be one (1) year from date of incorporation, subject to extension by the superintendent for an additional one year upon good cause shown;

(10) it may require filing of a surety bond in adequate principal sum as determined by the superintendent for protection of investors or other reasonable purposes as specified by the superintendent; and

(11) it may contain other reasonable provisions which the superintendent deems advisable.

B. The registrant and all associated or affiliated directors, officers, employees, agents, founders, promoters, incorporators, and representatives shall comply with the terms of the permit.

History: Laws 1984, ch. 127, § 600.

59A-35-12. Permit as inducement.

A. The granting of a securities permit is permissive only, and shall not constitute an endorsement or approval by the superintendent, corporation commission, state insurance board, or any other agency or department of the state of New Mexico of any person or thing related to the offering of securities, or constitute evidence of the completeness or accuracy of information presented in any prospectus or other sales publicity or literature, or a recommendation of purchase of any securities offered. The existence of the permit shall not be advertised or used as an inducement in any solicitation.

B. Each permit issued by the superintendent shall state conspicuously in boldface type the substance of the above Subsection A in terminology prescribed by the superintendent.

History: Laws 1984, ch. 127, § 601.

59A-35-13. Public announcements of offering.

A. No registrant, issuer, or other person proposing to sell in this state any securities covered by a securities permit issued by the superintendent under this article shall publish or disseminate in this state in any manner any advertising, announcement or literature regarding the offering unless the proposed advertising, announcement or literature has first been filed with and not disapproved by the superintendent.

B. The proposed advertising, announcement or literature may be used after expiration of thirty (30) days after filing with the superintendent unless disapproved in writing by the superintendent within such thirty (30) day period. The superintendent shall disapprove any such advertising, announcement, or literature if found by him to be untrue, misleading, or likely to deceive the public. Failure of the superintendent to disapprove shall not constitute or be deemed to constitute an approval of the advertising, announcement or literature.

C. The superintendent may require insertion in any such advertising, announcement, or literature of a disclaimer similar to that required for securities permit under Section 601 [59A-35-12 NMSA 1978] of this article in terminology prescribed or accepted by the superintendent.

The term "equity security" when used in this article means any stock or similar security; or any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right; or any other security which the superintendent shall deem to be of similar nature and consider necessary or appropriate, by such rules and regulations as he may prescribe in the public interest or for the protection of investors, to treat as an equity security.

History: Laws 1984, ch. 127, § 608.

59A-36-2. Ownership statements; filing.

As used in Chapter 59A, Article 37 NMSA 1978:

A. "acquire" means to come into possession or control of, and "acquisition" means any agreement, arrangement or activity the consummation of which results in a person

Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote or holds ten or more percent of the voting securities of any other person. This presumption may be rebutted by a showing, in the manner provided by Section 59A-37-19 NMSA 1978, that control does not in fact exist. The superintendent may determine, after furnishing all persons in interest notice and an opportunity to be heard, that control exists in fact, notwithstanding the absence of a presumption to that effect, provided that the determination is based on specific findings of fact in its support;

D. "insurance holding company" is a person which controls an insurer; "insurance holding company system" means a combination of two or more affiliated persons, at least one of which is an insurer;

E. "insurer" means a person which undertakes, under contract, to indemnify a person against loss, damage or liability arising from an unknown or contingent future event. H. "subsidiary" means an affiliate of a person controlled by the person either directly or indirectly through one or more intermediaries;

I. "voting security" means a certificate evidencing the ownership or indebtedness of a person, to which is attached a right to vote on the management or policymaking of that person and includes any security convertible into or evidencing a right to acquire such a voting security; and

J. "health maintenance organization" means any person which undertakes to provide or arrange for the delivery of basic health care services to enrollees on a prepaid basis, except for enrollee responsibility for co-payments or deductibles.

59A-37-3. Subsidiaries of insurers.

A. Any domestic insurer, either by itself or in cooperation with one or more persons, may organize or acquire one or more subsidiaries engaged in the following kinds of business:

- (1) any kind of insurance business authorized by the jurisdiction in which it is incorporated;
- (2) acting as an insurance broker or as an insurance agent for its parent or for any of its parent's insurer subsidiaries;
- (3) investing, reinvesting or trading in securities for its own account, that of its parent, any subsidiary of its parent, or any affiliate or subsidiary;
- (4) management of any investment company subject to or registered pursuant to the Investment Company Act of 1940, as amended, including related sales and services;
- (5) acting as a broker-dealer subject to or registered pursuant to the Securities Exchange Act of 1934, as amended;
- (6) rendering investment advice to governments, government agencies, corporations or other organizations or groups;

(7) rendering other services relating to the operations of an insurance business, including, but not limited to, actuarial, loss prevention, safety engineering, data processing, accounting, claims, appraisal and collection services;

(11) any other business activity determined by the superintendent to be reasonably ancillary to an insurance business; and

(12) owning a corporation or corporations engaged or organized to engage exclusively in one or more of the businesses specified in this section.

B. In addition to investments in common stock, preferred stock, debt obligations and other securities permitted under all other sections of The Insurance Holding Company Law [this article], a domestic insurer may also:

(1) invest, in common stock, preferred stock, debt obligations and other securities of one or more subsidiaries, amounts which do not exceed the lesser of ten percent of such insurer's assets or fifty percent of such insurer's surplus as regards policyholders, provided that after such investments, the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of such investments, investments in domestic or foreign insurance subsidiaries shall be excluded, and there shall be included:

(a) total net monies or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of such subsidiary whether or not represented by the purchase of capital stock or issuance of other securities; and

(b) all amounts expended in acquiring additional common stock, preferred stock, debt obligations and other securities and all contributions to the capital or surplus, of a subsidiary subsequent to its acquisition or formation;

(2) invest any amount in common stock, preferred stock, debt obligations and other securities of one or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer, provided that each such subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in Paragraph (1) of this subsection or

in Chapter 59A, Article 9 NMSA 1978 applicable to the insurer. For the purpose of this paragraph, "the total investment of the insurer" shall include:

(a) any direct investment by the insurer in an asset; and

(b) the insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the ownership of such subsidiary; or

(3) with the approval of the superintendent, invest any greater amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after such investment the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

C. Investments in common stock, preferred stock, debt obligations or other securities of subsidiaries made pursuant to Subsection B of this section shall not be subject to the any of the otherwise applicable restrictions or prohibitions contained in the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978] applicable to such investments of insurer.

D. Whether any investment pursuant to Subsection B of this section meets the applicable requirements thereof is to be determined before such investment is made, by calculating the applicable investment limitations as though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, not including dividends.

E. If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within three years from the time of the cessation of control or within such further time as the superintendent may prescribe, unless at any time after the investment shall have been made, the investment shall have met the requirements for investment under any other section of the Insurance Code, and the insurer has notified the superintendent thereof.

59A-37-22. Dividends and other distributions.

A. No domestic stock insurer shall declare or distribute any dividend to shareholders, other than a pro rata distribution of any class of the insurer's own securities, except out of earned surplus. For purposes of this section, "earned surplus" means the portion of the surplus that represents the net earnings, gains or profits, after deduction of all losses, that have not been distributed to the shareholders as dividends or transferred to stated capital or capital surplus or applied to other purposes permitted by law, but does not include twenty-five percent of the unrealized appreciation of assets.

B. No domestic insurer shall pay an extraordinary dividend or make any other extraordinary distribution to its shareholders until:

(1) thirty days after the superintendent has received notice of the declaration thereof and has not within such period disapproved such payment; or

(2) the superintendent shall have approved such payment within the thirty-day period.

C. For the purposes of Sections 59A-37-20 through 59A-37-22 NMSA 1978, an extraordinary dividend or distribution includes any dividend or distribution of cash or other property, whose fair market value together with that of other dividends or distributions made within the preceding twelve months exceeds the lesser of ten percent of the insurer's surplus as regards policyholders as of December 31 next preceding or the net gain from operations of the insurer, if the insurer is either a life insurer or a health maintenance organization, or the net investment income, if the insurer is not a life insurer or a health maintenance organization, not including realized capital gains, for the twelve-month period ending December 31 next preceding, but shall not include pro rata distributions of any class of the insurer's own securities.

D. In determining whether a dividend or distribution is extraordinary:

(1) an insurer other than a life insurer or a health maintenance organization may carry forward net income from the previous three calendar years that has not already been paid out as dividends, which carry-forward shall be computed by taking the net income from the second, third and fourth preceding calendar years, not including realized capital gains, less dividends paid in the third, second and immediate preceding calendar years; and

(2) a life insurer or a health maintenance organization may carry forward net gains from operations not including realized capital gains from the previous two calendar years that have not already been paid out as dividends, which carry-forward shall be computed by taking the net gain from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediate preceding calendar years.

E. Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditioned upon the superintendent's approval thereof, and such a declaration shall confer no rights upon shareholders until:

(1) the superintendent has approved the payment of the dividend or distribution; or

(2) the superintendent has not disapproved the payment within thirty days after he has received notice of the declaration.

If an insurer or the superintendent has reason to believe that any security of the insurer has been or is about to be acquired in contravention of the provisions of that article or of any rule, regulation or order of the superintendent hereunder, the insurer or the superintendent may apply to the district court for Santa Fe county or to the district court for the county in which the insurer has its principal place of business to enjoin any offer, request, invitation, agreement or acquisition made in contravention of Sections 59A-37-4 through 59A-37-10 NMSA 1978, or any rule, regulation or order of the superintendent thereunder, to enjoin the voting of any security so acquired, to void any vote of such security already cast at any meeting of shareholders, and for such other equitable relief as the nature of

After notice and hearing the superintendent may also order the insurer to void any contracts and restore the status quo if the action is in the best interest of the policyholders, creditors or the public.

If two or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

E. The maximum amount recoverable under this section shall be the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the

B. Upon impairment of such surplus, the superintendent shall forthwith revoke the certificate. Such revocation shall not render subject to contingent liability any policy then in force and for the remainder of the period for which the premium has theretofore been paid; but after such revocation no policy shall be issued or renewed without providing for contingent assessment liability of the subscriber.

C. The superintendent shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it; but if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state and need not extinguish the contingent liability applicable to policies theretofore in force in such state.

C. The superintendent shall not approve any plan for such merger or conversion which is unfair or inequitable to subscribers, or in violation of law or subject to reasonable obligation, or which, if for conversion to a stock insurer, does not give each subscriber preferential right to acquire stock of the proposed insurer proportionate to his interest in the reciprocal insurer as determined in accordance with Section 681 [59A-39-24 NMSA 1978] of this article and a reasonable length of time within which to exercise such right.

59A-41-18. Conduct of delinquency proceedings against domestic insurers.

A. Whenever under the laws of this state a receiver is to be appointed in delinquency proceedings for an insurer domiciled in this state, the court shall appoint the superintendent as such receiver. The court shall direct the superintendent forthwith to take possession of the assets of the insurer and to administer the same under the orders of the court.

B. As domiciliary receiver the superintendent and his successors in office shall be vested by operation of law with the title to all of the property, contracts and rights of action, and all of the books and records of the insurer wherever located, as of the date of entry of the order directing him to liquidate a domestic insurer or the United States branch of an alien insurer domiciled in the state and he shall have the right to recover the same and reduce the same to possession; except that ancillary receivers in reciprocal states shall have, as to assets located in their respective states, the rights and powers which are hereinafter prescribed for ancillary receivers appointed in this state as to assets located in this state. The filing or recording of the order directing possession to be taken, or a certified copy thereof, in the office where instruments affecting title to property are required to be filed or recorded shall impart the same notice as would be imparted by a deed, bill of sale or other evidence of title duly filed or recorded. The superintendent as domiciliary [domiciliary] receiver shall be responsible on his official bond for the proper administration of all assets coming into his possession or control. The court may at any time require an additional bond from him or his deputies if deemed desirable for the protection of the assets.

C. Upon taking possession of the assets of a delinquent insurer the domiciliary receiver shall, subject to the direction of the court, immediately proceed to conduct the business of the insurer or to take such steps as are authorized by the laws of this state for the purposes of liquidating, rehabilitating, reorganizing or conserving the affairs of the insurer. In connection with delinquency proceedings he may appoint one or more special deputy superintendents to act for him, and may employ such counsel, clerks and assistants as he deems necessary. The compensation of the special deputies, counsel, clerks or assistants and all expenses of taking possession of the delinquent insurer and of conducting the delinquency proceedings shall be fixed by the receiver, subject to the approval of the court, and shall be paid out of the funds or assets of the insurer. Within the limits of the duties imposed upon them special deputies shall possess all the powers given to, and, in the exercise of those powers, shall be subject to all of the duties imposed upon the receiver with respect to delinquency proceedings.

D. Upon the issuance of an order of liquidation with a finding of insolvency against a domestic insurer, the superintendent shall make application to the court requesting authority to disburse funds to the life insurance guaranty association or the property and casualty insurance guaranty association, as applicable, from time to time out of the

insurer's marshalled assets as funds become available in amounts equal to disbursements made by the association for claims handling expense and covered claims obligations on the presentation of evidence that such disbursements have been made by the guaranty association. Such application shall request authority for the superintendent to make disbursements to similar associations or state funds in other states provided the life insurance guaranty association or the property and casualty insurance guaranty association, as applicable, is entitled to like payment under the laws of the association's or state fund's state of domicile in respect to insolvent insurers domiciled in the state.

E. The superintendent in determining the amounts available for disbursements to the life insurance guaranty association or property and casualty insurance guaranty association, as applicable, and similar associations or funds in other states shall reserve sufficient assets for the payment of the expenses of administration. The superintendent shall establish procedures for the ratable allocation of disbursements to the life insurance guaranty association or property and casualty insurance guaranty association and similar associations or funds in other states, and shall secure from the life insurance guaranty association or property and casualty guaranty association and each eligible similar association or fund in other states as a condition to advances in reimbursement of covered claims obligations and claim handling expenses, an agreement to return to the superintendent on demand funds previously advanced as may be required to pay the expenses of administration.

(2) if ten (10) or more persons resident in this state having claims against such insurer file a petition with the superintendent requesting the appointment of such ancillary receiver.

B. The domiciliary receiver for the purpose of liquidating an insurer domiciled in a reciprocal state, shall be vested by operation of law with the title to all of the property, contracts and rights of action, and all of the books and records of the insurer located in this state, and he shall have the immediate right to recover balances due from the local agents and to obtain possession of any books and records of the insurer found in this state. He shall also be entitled to recover the other assets of the insurer located in this state except that upon the appointment of an ancillary receiver in this state, the ancillary receiver shall during the ancillary receivership proceedings have the sole right to recover such other assets. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state, and shall pay the necessary expenses of the proceedings. All remaining assets he shall promptly transfer to the domiciliary receiver. Subject to the foregoing provisions the ancillary receiver and his deputies shall have the same powers and be subject to the same duties with respect to the administration of such assets, as a receiver of an insurer domiciled in this state.

C. The domiciliary receiver of an insurer domiciled in a reciprocal state may sue in this state to recover any assets of such insurer to which he may be entitled under the laws of this state.

59A-41-22. Priority of preferred claims, special deposit claims and secured claims.

A. In a delinquency [delinquency] proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states shall be preferred claims if like claims are preferred under the laws of that state. All such claims, whether owing to residents or nonresidents, shall be given equal priority of payment from general assets regardless of where such assets are located.

B. In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

C. The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

D. The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this act, or if it

has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amount shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state.

E. The claims of policyholders and subrogated claims of a guaranty fund shall be preferred over the claims of unsecured creditors.

A. For the purposes of Sections 59A-41-25 and 59A-41-26 NMSA 1978, an insurer may be deemed to be in a hazardous financial condition when the superintendent has determined, after notice and hearing, that the loss experience of the insurer, when reviewed in conjunction with the kinds and characteristics of risks insured, or the insurer's financial condition, or its ownership, or the ratio of its annual premium volume in relation to its policyholders' surplus, would make further assumption of risks by the insurer hazardous to those persons doing business with the insurer or to the general public.

B. The following items may be considered by the superintendent to determine whether the continued operation of any insurer transacting an insurance business in this state is hazardous to the policyholders, creditors or the general public:

- (1) findings reported in financial condition and market conduct examination reports;
- (2) the national association of insurance commissioners insurance regulatory information system and its related reports;
- (3) ratios of commission expense, general insurance expense, policy benefits and reserve increases to annual premium and net investment income;
- (4) the value, liquidity or diversity of the insurer's asset portfolio when viewed in light of current economic conditions with regard to assuring the company's ability to meet its outstanding obligations as they mature;
- (5) the adequacy, reliability and soundness of the insurer's reinsurance program as well as the financial condition of the assuming reinsurer and the ability of the assuming reinsurer to perform under its reinsurance agreements;
- (6) the insurer's operating loss in the last twelve-month period or any shorter period of time, including net capital gain or loss, change in non-admitted assets, and cash dividends paid to shareholders, in comparison to such insurer's remaining surplus as regards policyholders in excess of the minimum required;
- (7) whether any affiliate, subsidiary or reinsurer is insolvent, threatened with insolvency or delinquent in payment of its monetary or other obligation;
- (8) contingent liabilities, pledges or guaranties which may affect the solvency of the insurer;
- (9) whether any person having control of an insurer is delinquent in transmitting or paying net premiums to such insurer;
- (10) the age and collectibility of receivables;
- (11) whether the management of an insurer, including officers, directors or any other person who directly or indirectly controls the operation of such insurer, fails to possess and demonstrate the competence, fitness and reputation deemed necessary to serve the insurer in such position;
- (12) whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false or misleading information concerning an inquiry;
- (13) whether management of an insurer has filed with any regulatory authority or released to lending institutions or to the general public any false or misleading financial statements, or has made a false or misleading entry or has omitted an entry of material amount in the books of the insurer;

(14) whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner;

(15) whether the company has experienced or will experience in the foreseeable future cash flow or liquidity problems;

(16) risk-based capital reports and other information obtained pursuant to the Risk-Based Capital Act [Chapter 59A, Article 5A NMSA 1978]; or

(17) such other material information and data as the superintendent may deem relevant.

C. For the purposes of making a determination of an insurer's financial condition under this section, the superintendent may:

(1) disregard any credit or amount receivable resulting from transactions with a reinsurer which is insolvent, impaired or otherwise subject to a delinquency proceeding;

(2) make appropriate adjustments to asset values attributable to investments in or transactions with parents, subsidiaries or affiliates;

59A-41-42. Fraudulent transfers prior to petition.

A. Every transfer made or suffered and every obligation incurred by an insurer within one (1) year prior to the filing of a successful petition for rehabilitation or liquidation under the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978] is fraudulent as to then existing and future creditors if made or incurred without fair consideration, or with actual intent to hinder, delay, or defraud either existing or future creditors. A transfer made or an obligation incurred by an insurer ordered to be rehabilitated or liquidated under the Insurance Code, which is fraudulent under this section, may be avoided by the receiver, except as to a person who in good faith is a purchaser, lienor, or obligee for a present fair equivalent value, and except that any purchaser, lienor, or obligee, who in good faith has given a consideration less than fair for such transfer, lien, or obligation, may retain the property,

lien or obligation as security for repayment. The court may, on due notice, order any such transfer or obligation to be preserved for the benefit of the estate, and in that event, the receiver shall succeed to and may enforce the rights of the purchaser, lienor, or obligee.

B.

(1) A transfer of property other than real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(2) A transfer of real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the insurer could obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien shall not be deemed to be perfected if there are available means by which a legal lien could be created.

(4) Any transfer not perfected prior to the filing of a petition for liquidation shall be deemed to be made immediately before the filing of the successful petition.

(5) The provisions of this subsection apply whether or not there are or were creditors who might have obtained any liens or persons who might have become bona fide purchasers.

C. Any transaction of the insurer with a reinsurer shall be deemed fraudulent and may be avoided by the receiver under Subsection A if:

(1) the transaction consists of the termination, adjustment, or settlement of a reinsurance contract in which the reinsurer is released from any part of its duty to pay the originally specified share of losses that had occurred prior to the time of the transaction, unless the reinsurer gives a present fair equivalent value for the release; and

(2) any part of the transaction took place within one year prior to the date of filing of the petition through which the receivership was commenced.

History: Laws 1984, ch. 127, § 734.

59A-41-43. Fraudulent transfer after petition.

A. After a petition for rehabilitation or liquidation has been filed a transfer of any of the real property of the insurer made to a person acting in good faith shall be valid against the receiver if made for a present fair equivalent value, or, if not made for a present fair equivalent value, then to the extent of the present consideration actually paid therefor,

for which amount the transferee shall have a lien on the property so transferred. The commencement of a proceeding in rehabilitation or liquidation shall be constructive notice upon the recording of a copy of the petition for or order of rehabilitation or liquidation with the recorder of deeds in the county where any real property in question is located. The exercise by a court of the United States or any state or jurisdiction to authorize or effect a judicial sale of real property of the insurer within any county in any state shall not be impaired by the pendency of such a proceeding unless the copy is recorded in the county prior to the consummation of the judicial sale.

B. After a petition for rehabilitation or liquidation has been filed and before either the receiver takes possession of the property of the insurer or an order of rehabilitation or liquidation is granted:

(1) a transfer of any of the property of the insurer, other than real property, made to a person acting in good faith shall be valid against the receiver if made for a present fair equivalent value, or, if not made for a present fair equivalent value, then to the extent of the present consideration actually paid therefor, for which amount the transferee shall have a lien on the property so transferred;

(2) a person indebted to the insurer or holding property of the insurer may, if acting in good faith, pay the indebtedness or deliver the property, or any part thereof, to the insurer or upon his order, with the same effect as if the petition were not pending;

(3) a person having actual knowledge of the pending rehabilitation or liquidation shall be deemed not to act in good faith; and

(4) a person asserting the validity of a transfer under this section shall have the burden of proof. Except as elsewhere provided in this section, no transfer by or on behalf of the insurer after the date of the petition for liquidation by any person other than the liquidator shall be valid against the liquidator.

C. Nothing in Chapter 59A, Article 41 NMSA 1978 shall impair the negotiability of currency or negotiable instruments.

D. Nothing in this section shall be constructed to give authority to any person to act on behalf of a receiver.

History: Laws 1984, ch. 127, § 735; 1993, ch. 320, § 93.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, substituted "shall have a lien" for "shall gave a lien" in the first sentence of Subsection A; substituted "Chapter 59A, Article 41 NMSA 1978" for "this article" in Subsection C; and added Subsection D.

59A-41-43.1. Voidable preferences and liens.

A. (1) A preference is a transfer of any of the property of an insurer to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the insurer within one year before the filing of a successful petition for rehabilitation or liquidation under Chapter 59A, Article 41 NMSA 1978, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive. If a liquidation order is entered while the insurer is already subject to a rehabilitation order, then such transfers shall be deemed preferences if made or suffered within one year before the filing of the petition for rehabilitation, or within two years before the filing of the petition for liquidation, whichever time is shorter.

(2) Any preference may be avoided by the rehabilitator or liquidator if:

(a) the insurer was insolvent at the time of the transfer;

(b) the transfer was made within four months before the filing of the petition;

(c) the creditor receiving it or to be benefited thereby or his agent acting with reference thereto had, at the time when the transfer was made, reasonable cause to believe that the insurer was insolvent or was about to become insolvent; or

(d) the creditor receiving it was an officer, or any employee or attorney or other person who was in fact in a position of comparable influence in the insurer to an officer, whether or not he held such position, or any shareholder holding directly or indirectly more than five percent of any class of any equity security issued by the insurer, or any other person, firm, corporation, association or aggregation of persons with whom the insurer did not deal at arm's length.

(3) Where the preference is voidable, the rehabilitator or liquidator may recover the property or, if it has been converted, its value from any person who has received or converted the property; except where a bona fide purchaser or lienor has given less than fair equivalent value, he shall have a lien upon the property to the extent of the consideration actually given by him. Where a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title shall pass to the liquidator.

B. (1) A transfer of property other than real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(2) A transfer of real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the insurer could obtain rights superior to the rights of the transferee.

(3) A transfer which creates an equitable lien shall not be deemed to be perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected prior to the filing of a petition for liquidation shall be deemed to be made immediately before the filing of the successful petition.

(5) The provisions of this subsection apply whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

C. (1) A lien obtainable by legal or equitable proceedings upon a simple contract is going one [sic] arising in the ordinary course of such proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It does not include liens which under applicable law are given a special priority over other liens which are prior in time.

(2) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of transferee within the meaning of Subsection B of this section, if such consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. Such a lien could not, however, become superior and such a purchase could not create superior rights for the purpose of Subsection B of this section through any acts subsequent to the obtaining of such a lien or subsequent to such a purchase which require the agreement or concurrence of any third party or which require any further judicial action or ruling.

D. A transfer of property for or on account of a new and contemporaneous consideration which is deemed under Subsection B of this section to be made or suffered after the transfer because of delay in perfecting it does not thereby become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or bona fide purchasers' rights are performed within twenty-one days or any period expressly allowed by law, whichever is less. A transfer to secure a future loan, if such a loan is actually made, or a transfer which becomes security for a future loan, shall have the same effect as a transfer for [sic] on account of a new and contemporaneous consideration.

E. If any lien deemed voidable under Paragraph (2) of Subsection A of this section has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer of or the creation of a lien upon any property of an insurer before the filing of a petition under Chapter 59A, Article 41 NMSA 1978 which results in a liquidation order, the indemnifying transfer or lien shall also be deemed voidable.

F. The property affected by any lien deemed voidable under Subsections A and E of this section shall be discharged from such lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety shall pass to the liquidator, except that the court may on due notice order any such lien to be preserved for the benefit of the estate and the court may direct that such conveyance be executed as may be proper or adequate to evidence the title of the liquidator.

G. The court before which the rehabilitation or liquidation proceeding is pending shall have summary jurisdiction of any proceeding by the liquidator to hear and determine the rights of any parties under this section. Reasonable notice of any hearing in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other like obligation. Where an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, the court, upon application of any party in interest, shall in the same proceeding ascertain the value of the property or lien, and if the value is less than the amount for which the property is indemnity or less than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the rehabilitator or liquidator, within such reasonable times as the court shall fix.

H. The liability of the surety under a releasing bond or other like obligation shall be discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the rehabilitator or liquidator, or where the property is retained under Subsection G of this section to the extent of the amount paid to the rehabilitator or liquidator.

I. If a creditor has been preferred, and afterward in good faith gives the insurer further credit without security of any kind, for property which becomes a part of the insurer's estate, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from him.

J. If an insurer shall, directly or indirectly, within four months before the filing of a successful petition for rehabilitation or liquidation under Chapter 59A, Article 41 NMSA 1978, or at any time in contemplation of a delinquency proceeding, pay money or transfer property to an attorney-at-law for services rendered or to be rendered, the transactions may be examined by the court on its own motion or shall be examined by the court on petition of the rehabilitator or liquidator and shall be held valid only to the extent of a reasonable amount to be determined by the court, and the excess may be recovered by the rehabilitator or liquidator for the benefits of the estate; provided that where the attorney is in a position of influence in the insurer or an affiliate thereof payment of any money or the transfer of any property to the attorney-at-law for services rendered or to be rendered shall be governed by the provisions of Subparagraph (d) of Paragraph (2) of Subsection A.

ANNOTATIONS

Bracketed Material. - The bracketed word "sic" in Paragraph (1) of Subsection C and in Subsection D was inserted by the compiler. It was not enacted by the legislature and is not a part of the law.

59A-41-43.2. Liability for participation in fraudulent transfer or voidable preference.

A. Every officer, manager, employee, shareholder, member, subscriber, attorney or any other person acting on behalf of the insurer who knowingly participates in giving any preference or in any fraudulent transfer when he has reasonable cause to believe the insurer is or is about to become insolvent at the time of the preference or transfer shall be personally liable to the rehabilitator or liquidator for the amount of the preference or transfer. It shall be a rebuttable presumption that such was the case if the transfer was made within four months before the date of filing of a successful petition for rehabilitation or liquidation.

B. Every person receiving any property from the insurer or the benefit thereof as a voidable preference or as a fraudulent transfer shall be personally liable therefor and shall be bound to account to the rehabilitator or liquidator.

C. Nothing in this section shall prejudice any other claim by the rehabilitator or liquidator against any person.

History: 1978 Comp., § 59A-41-43.2, enacted by Laws 1993, ch. 320, § 95.

59A-41-43.3. Claims of holders of void or voidable rights.

A. No claims of a creditor who has received or acquired a preference, lien, conveyance, transfer, assignment or encumbrance voidable under Chapter 59A, Article 41 NMSA 1978 shall be allowed unless he surrenders the preference, lien, conveyance, transfer, assignment or encumbrance. If the avoidance is effected by a proceeding in which a final judgment has been entered, the claim shall not be allowed unless the money is paid or the property is delivered to the rehabilitator or liquidator within thirty days from the date of the entering of the final judgment, except that the court having jurisdiction over the rehabilitation or liquidation may allow further time if there is an appeal or other continuation of the proceeding.

B. A claim allowable under Subsection A of this section by reason of the avoidance, whether voluntary or involuntary, or a preference, lien, conveyance, transfer, assignment or encumbrance may be filed as an excused late filing under Section 59A-41-41 NMSA 1978 if filed within thirty days from the date of the avoidance, or within the further time allowed by the court under Subsection A of this section.

History: 1978 Comp., § 59A-41-43.3, enacted by Laws 1993, ch. 320, § 96.

59A-41-44. Priorities in distribution.

The priority of claims and order of distribution of the insurer's assets on liquidation shall be as stated in this section. The first fifty dollars (\$50.00) of the amount allowed on each property, casualty or fidelity claim in the classes under Subsections B through F of this section, shall be deducted from the claim and included in the class under Subsection I of this section. Claims may not be cumulated by assignment to avoid application of the fifty dollar (\$50.00) deductible provision. Subject to the fifty dollar (\$50.00) deduction, every claim in each class shall be paid in full or adequate funds retained for payment before the members of the next class receive any payment. No subclasses shall be established within any class. Subject to the foregoing, the order of distribution and of priority shall be as follows:

A. administration costs. The costs and expenses of administration, including but not limited to the actual and necessary costs of preserving or recovering the assets of the insurer, compensation for all services rendered in the liquidation, necessary filing fees, fees and mileage payable to witnesses, attorney's fees in reasonable amount and the reasonable expenses of a guaranty association for unallocated loss adjustment expense;

B. wages. Debts due to employees of the insurer for services performed, not to exceed one thousand dollars (\$1,000) to each employee, and earned within three months before commencement of delinquency proceedings. The insurer's officers shall not be entitled to the benefit of this priority. Such priority shall be in lieu of any other similar priority authorized by law as to wages or compensation of employees;

C. loss claims. All claims under policies or contracts for losses incurred, including third party claims and all claims of guaranty associations not specified in Subsection A of this section. That portion of any loss for which indemnification is provided by other benefits or advantages recovered or recoverable by the claimant shall not be included in this class, other than benefits or advantages recovered or recoverable in discharge of familial obligations of support or by way of succession at death or as proceeds of life insurance, or as gratuities. No payment made by an employer to his employee shall be treated as a gratuity;

D. unearned premiums. Claims under nonassessable policies for unearned premiums or other premium refunds;

E. residual classification. All other claims, including claims of the federal or any state or local government, not falling within other classes under this section. Claims, including those of any governmental body, for a penalty or forfeiture, shall be allowed in this class only to the extent of the pecuniary loss sustained from the act, transaction or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby. The remainder of such claims shall be postponed to the class of claims under Subsection K of this section;

F. judgments. Claims based solely on judgments. If a claimant files a claim and bases it both on the judgment and on the underlying facts, the claim shall be considered by the liquidator, who shall give the judgment such weight as he deems appropriate. The claim as allowed shall receive the priority it would receive in absence of the judgment. If the judgment is larger than the allowance on the underlying claim, the remaining portion of the judgment shall be treated as if it were a claim based solely on a judgment, except that, to the extent such judgment was obtained through fraud or collusion, it shall be disallowed;

G. interest on claims already paid. Interest at the legal rate compounded annually on all claims in the classes under Subsections A through I of this section, from date of petition for liquidation or the date on which the claim becomes due, whichever is later, until the date on which the dividend is declared. The liquidator, with the court's approval, may make reasonable classifications of claims for purposes of computing interest, may make approximate computations and may ignore certain classifications and time periods as de minimis;

H. miscellaneous subordinated claims. The remaining claims or portions of claims not already paid, with interest as in Subsection G of this section:

(1) the first fifty dollars (\$50.00) of each claim in the classes under Subsections B through F of this section, subordinated under this section;

(2) claims subordinated by Section 59A-41-45 NMSA 1978;

(3) claims filed late except as provided otherwise in Subsection C of Section 59A-41-41 NMSA 1978;

(4) portions of claims subordinated under Subsection E of this section;

(5) claims or portions of claims payment of which is provided by other benefits or advantages recovered or recoverable by the claimant; and

(6) claims not otherwise provided for in this section;

I. preferred ownership claims. Surplus or contribution notes, or similar obligations, and premium refunds on assessable policies. Interest at the legal rate shall be added to each claim, as in Subsections G and H of this section; and

J. proprietary claims. The claims of shareholders or other owners.

59A-41-45. Offsets.

A. In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this article, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in Subsection B of this section.

B. No offset shall be allowed in favor of any such person where:

(1) the obligation of the insurer to such person would not at the date of entry of any liquidation order, or otherwise, as provided in Section 722 [59A-41-30 NMSA 1978] of this article entitle him to share as a claimant in the assets of the insurer; or

(2) the obligation of the insurer to such person was purchased by or transferred to such person with a view to its being used as an offset;

(3) the obligation of such person is to pay an assessment levied against the members of a mutual insurer, or against the subscribers of a reciprocal insurer, or is to pay a balance upon a subscription to the capital stock of a stock insurer; or

(4) the obligation of the person is to pay premiums, whether earned or unearned, to the insurer.

59A-41-46. Report for assessment; domestic mutual, reciprocal insurers.

Within three (3) years from the date an order of rehabilitation or liquidation of a domestic mutual insurer or domestic reciprocal insurer was filed in the office of the clerk of the court by which such order was made, the superintendent may make a report to the court setting forth:

A. the reasonable value of the assets of the insurer;

B. the insurer's probable liabilities; and

C. the probable necessary assessment, if any, to pay all claims and expenses in full, including expenses of administration.

History: Laws 1984, ch. 127, § 738.

59A-41-47. Levy of assessment; domestic mutual, reciprocal insurers.

A. Upon the basis of the report provided for in Section 738 [59A-41-46 NMSA 1978] of this article including any amendments thereof, the court, ex parte, may levy one or more assessments against all persons who, as shown by the record of the insurer, were members (if a mutual insurer) or subscribers (if a reciprocal insurer) at any time within one year prior to the date of issuance of the court's order under Section 725 [59A-41-33 NMSA 1978] of this article.

B. Such assessment shall cover the excess of the probable liabilities over the reasonable value of the assets, together with the estimated cost of collection and percentage of incollectibility thereof. The total of all assessments against any member or subscriber with respect to any policy, whether levied pursuant to this article or pursuant to any other provisions of the laws of New Mexico, shall be for no greater amount than specified in the policy or policies of the member or subscriber and as limited under the laws of New Mexico; except that if the court finds that the policy was issued at a rate of premium below the minimum rate lawfully permitted for the risk insured, the court may determine the upper limit of such assessment upon the basis of such minimum rate.

C. No assessment shall be levied against any member or subscriber with respect to any nonassessable policy issued in accordance with the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978].

D. Where the insurer has levied an assessment prior to the court's order under the proceeding in Section 725 of this article and the superintendent has ratified such assessment with the court's approval such ratification shall in no way be deemed an assessment as set out in Subsections A, B and C of this section.

After levy of assessment as provided in Section 739 [59A-41-47 NMSA 1978] of this article, upon the filing of a further detailed report by the superintendent, the court shall issue an order directing each member (if a mutual insurer) or each subscriber (if a reciprocal insurer) if he shall not pay the amount assessed against him to the superintendent on or before the day to be specified in the order, to show cause why he should not be held liable to pay such assessment together with costs as set out in Section 742 [59A-41-50 NMSA 1978] of this article and why the superintendent should not have judgment therefor.

- A. published in such manner as shall be directed by the court; and

B. If on such return day the member or subscriber shall appear and serve verified objections upon the superintendent there shall be a full hearing before the court or a

referee to hear and determine, who, after such hearing, shall make an order either negating or affirming his liability to pay the whole or some part thereof together with twenty-five dollars (\$25) costs and the necessary disbursements incurred at such hearing, and directing that the superintendent in the latter case may have judgment therefor.

C. A judgment upon any such order shall have the same force and effect, and may be entered and docketed, and may be appealed from as if it were a judgment in an original action brought in the court in which the proceeding is pending.

59A-41-51. Summary proceedings; superintendent's corrective orders authorized.

A. If the superintendent determines after a hearing that any insurer has committed or engaged in, or is committing or engaging in, or is about to commit or engage in any act, practice or transaction that would subject it to formal delinquency proceedings under this article, he shall make and serve upon the insurer and other persons involved, such orders (other than seizure orders under Sections 746 and 747 [59A-41-54 and 59A-41-55 NMSA 1978] of this article) as he deems reasonably necessary to correct, eliminate, or remedy such conduct, condition or ground. Orders to cure impairment of capital or surplus are subject to Section 92 [59A-5-25 NMSA 1978] of the Insurance Code.

B. If the superintendent believes that irreparable harm to the insurer or its policyholders, creditors or the public may occur unless his order is issued with immediate effect, he may make and serve his order without notice and before hearing, and shall simultaneously therewith serve upon the insurer and other persons involved a notice of hearing.

C. The superintendent's order and notice of hearing shall be served by personal service in any manner provided by the New Mexico Rules of Civil Procedure.

D. 59A-41-52. Summary proceedings; appeal from superintendent's order.

If the superintendent has issued a summary order before hearing as provided in Subsection B of Section 743 [59A-41-51 NMSA 1978] of this article, any person upon whom such order is served may waive the superintendent's hearing and apply for an immediate judicial relief available under law and without first exhausting his administrative remedies.

B. Violation of any order of the superintendent issued under Section 59A-41-51 NMSA 1978 by any person as to whom the order is in effect shall subject such person to a penalty of not more than ten thousand dollars (\$10,000), to be collected in a civil action brought by the attorney general in the name of the state of New Mexico. The attorney general shall deposit all funds so collected with the state treasurer for credit as provided for insurance department receipts in general under Section 59A-6-5 NMSA 1978.

59A-41-54. Summary proceedings; seizure under court order.

A. Upon filing by the superintendent in the district court for Santa Fe county or the county in which the insurer has its principal office of his verified petition alleging any ground for a formal delinquency proceeding against an insurer under this article and that the interests of the insurer's policyholders or creditors or the public will be jeopardized by delay, and setting forth the order deemed necessary by the superintendent, the court shall, ex parte and without notice or hearing, issue the requested order. The requested order may:

(1) direct the superintendent to take possession and control of all or part of the property, books, accounts and records of the insurer and the premises occupied by it for transaction of its business in this state; and

(2) until further order of the court, enjoin the insurer and its officers, managers, agents and employees from removal, concealment or other disposition of its property, and from transaction of its business, except with the superintendent's written consent.

B. The court's order shall be for such duration, specified in the order, as the court deems necessary to enable the superintendent to ascertain the insurer's condition. On motion of any party or on its own motion, the court may hold such hearings as it deems desirable after such notice as it deems appropriate, and extend or shorten the duration or modify the terms of the order. The court shall vacate the seizure order if the superintendent fails to commence a formal proceeding under this article after reasonable opportunity to do so; and a seizure order is automatically terminated by issuance of the court's order pursuant to formal delinquency proceedings under this article.

C. Entry of a seizure order under this section does not constitute an anticipatory breach of any contract of the insurer.

History: Laws 1984, ch. 127, § 746.

59A-41-55. Summary proceedings; seizure under superintendent's order.

A. If it appears to the superintendent that the interests of policyholders, creditors or the public will be jeopardized by delay incident to requesting a court seizure order, then on any ground which would justify a court seizure order under Section 59A-41-54 NMSA 1978, and without notice and without applying to the court, the superintendent may issue a seizure order which must contain a statement verified by him of the grounds for his action. As directed by the seizure order, the superintendent's representatives shall forthwith take possession and control of all or part of the property, books, accounts and records of the insurer and of the premises in this state occupied by the insurer for transaction of its business. The superintendent shall retain possession and control until the order is vacated or is replaced by an order of court pursuant to Subsection B of this section, or pursuant to a formal proceeding under Chapter 59A, Article 41 NMSA 1978.

B. At any time after seizure under Subsection A of this section, the insurer may apply to the district court for Santa Fe county. The court shall thereupon order the superintendent to appear forthwith and shall thereafter proceed as if the order were a court seizure order issued under Section 59A-41-54 NMSA 1978.

C. Every peace officer of this state shall assist the superintendent in making and enforcing any such seizure, and every sheriff and police department shall furnish the superintendent with such deputies, patrolmen or officers as may be necessary for the purpose.

D. Entry of a seizure order under this section does not constitute an anticipatory breach of any contract of the insurer.

History: Laws 1984, ch. 127, § 747; 1987, ch. 259, § 26.

59A-41-56. Summary proceedings; conduct of administrative and judicial hearings.

A. The superintendent shall hold all hearings in summary proceedings privately unless the insurer requests a public hearing, in which case the hearing shall be public.

B. The court may hold all hearings in summary proceedings and judicial reviews thereof privately in chambers, and shall do so on request of the insurer proceeded against.

C. In all summary proceedings and judicial reviews thereof, all records of the insurer, other documents, and all insurance department files and court records and papers, so far as they pertain to or are part of the record of the summary proceedings, shall be and remain confidential except as necessary to obtain compliance therewith, unless the court after hearing arguments by the parties in chambers, orders otherwise, or unless the insurer requests that the matter be made public. Until the court otherwise orders, all papers filed with the clerk of the court in the matter shall be held by him in a confidential file.

D. If at any time it appears to the court that any person whose interest is or will be substantially affected by an order did not appear at the hearing and has not been served, the court may order that notice be given and the proceedings be adjourned to give such person an opportunity to appear, on such terms as may be reasonable.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, in Subsection A, substituted "Chapter 59A, Article 42 NMSA 1978" for "This article" and added the language beginning "or assumed by"; and in Subsection B, substituted "Chapter 59A, Article 42 NMSA 1978" for "This article" and substituted "that article" for "this article" at the end of Paragraph (5).

Nonprofit health plans not "member insurers". - Since nonprofit health care plans are service benefit organizations, as distinguished from the indemnity benefit nature of commercial insurers, they are not "member insurers" within the meaning of the Life Insurance Guaranty Act (former 59-22-1 NMSA 1978 et seq.), and they are not engaged in "any kind of insurance" to which the act applies. *New Mexico Life Ins. Guar. Ass'n v. Moore*, 93 N.M. 47, 596 P.2d 260 (1979).

Law reviews. - For note, "Nonprofit Health Care Corporations Are Not Insurance Providers," see 10 N.M.L. Rev. 481 (1980).

F. "member insurer" means any person who:

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, substituted "Chapter 59A, Article 42 NMSA 1978" for "this article" throughout the section; substituted "Section 59A-42-5 NMSA 1978" for "Section 754 of this article" in Subsection A; substituted "Section 59A-41-30 NMSA 1978" for "Section 722 of Article 41 (conservation, rehabilitation, liquidation) of the Insurance Code" in Subsection E(2); rewrote Subsection F; and made stylistic changes throughout the section.

Effective date of the Insurance Code. - Laws 1984, ch. 127, § 999, makes the Insurance Code effective January 1, 1985.

Nonprofit health plans not liable for assessments. - Where nonprofit health plans and health maintenance organizations do not write any kind of "insurance" to which the Life Insurance Guaranty Act (former 59-22-1 NMSA 1978 et seq.) applies, defendants are not "member insurers" within the meaning of the act, and they are, therefore, not liable for any assessments levied by the Life Insurance Guaranty Association. *New Mexico Life Ins. Guar. Ass'n v. Moore*, 93 N.M. 47, 596 P.2d 260 (1979).

Law reviews. - For note, "Nonprofit Health Care Corporations Are Not Insurance Providers," see 10 N.M.L. Rev. 481 (1980).

59A-42-5. Organization of association; participation.

All insurers shall organize and remain members of the association as a condition of their authority to transact insurance business covered by Section 752 [59A-42-3 NMSA 1978] of this article. The association may take any appropriate form of legal entity available under the laws of this state and approved by the superintendent. The association shall perform its functions under the plan of operation established and approved pursuant to this article and shall exercise its powers through a board of directors. For purposes of assessment and administration the association shall maintain three (3) accounts:

- A. the health insurance account;
- B. the life insurance account; and
- C. the annuity account.

History: Laws 1984, ch. 127, § 754.

59A-42-6. Board of directors.

A. The board of directors of the association shall consist of not less than five nor more than nine persons serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the superintendent. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to approval of the superintendent.

B. In approving selections the superintendent shall consider among other things whether all member insurers are fairly represented.

C. Members of the board may be reimbursed from the assets of the association for any reasonable and necessary expenses incurred by them as members of the board of

directors, but the amount of such reimbursement shall not exceed the guidelines provided by the approved plan of operation.

History: Laws 1984, ch. 127, § 755; 1993, ch. 320, § 100.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, in Subsection A, made stylistic changes in the first sentence, and inserted "board" preceding "members" in the second sentence; and, in Subsection C, substituted "approved plan of operation" for "Per Diem and Mileage Act (10-8-1 to 10-8-7 NMSA 1978)".

59A-42-7. Powers and duties of association.

A. If a member insurer is insolvent, the association, with respect to domestic insurers or covered policies of residents issued by foreign or alien insurers, shall, subject to any conditions imposed by the association other than those which impair the contractual obligations of the insolvent insurer and subject to approval of the superintendent:

- (1) guarantee or reinsure or cause to be guaranteed or reinsured, all the covered policies of the insolvent insurer;
- (2) provide money, pledges, notes, guarantees or other means to assure payment of the contractual obligations of the insolvent insurer, or
- (3) loan money to the insolvent insurer.

If the association fails to act within a reasonable time, the superintendent shall assume the powers and duties of the association and cause it to act.

B. The association may take action as provided in Subsection A of this section prior to a member insurer being declared insolvent by a court where the insurer may be potentially unable to fulfill its contractual obligations and the superintendent has so reported that status under Section 760 [59A-42-11 NMSA 1978] of this article.

C. The association shall have no liability under this section for any covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides, by statute or regulation, for residents of this state protection substantially similar to that provided by this article for residents of other states.

D. The association may:

- (1) employ or retain persons or designate servicing facilities necessary to handle claims and perform other duties of the association;

- (2) borrow funds necessary to effect the purposes of this article in accord with the plan of operation;
- (3) sue or be sued and intervene in any court having jurisdiction over an insolvent insurer;
- (4) negotiate and become a party to contracts necessary to carry out the purpose of this article;
- (5) perform other acts necessary or proper to effectuate the purpose of this article; and
- (6) refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities if, at the end of any calendar year, the board of directors finds that the assets of the association in any account exceed the liabilities of that account as estimated by the board of directors for the coming year.

E. Any person receiving benefits under this article shall be deemed to have assigned his rights under the covered policy to the association to the extent of the benefits received whether the benefits are payments of contractual obligations or continuation of coverage. The association may require an assignment to it of such rights by any payee, beneficiary, insured or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this article. The association shall be subrogated to these rights against the assets of any insolvent insurer. The subrogation rights shall have the same priority against the assets of the insolvent insurer as that possessed by the person entitled to receive benefits under this article.

F. The contractual obligations of the insolvent insurer for which the association becomes or may become liable shall be as great as but no greater than the contractual obligations would have been in the absence of insolvency, but the aggregate liability of the association shall not exceed one hundred thousand dollars (\$100,000) in cash or cash surrender value, or three hundred thousand dollars (\$300,000) for all benefits, including cash or cash surrender values, with respect to any one life or such higher amounts as the superintendent may set by regulation.

History: Laws 1984, ch. 127, § 756.

ANNOTATIONS

Subsection E construed. - Subsection E does not impair the authority of the association to require, as a condition of settling a disputed claim, an assignment of any rights or interests the policyholder may have as purchaser or owner of the policy. The provision should be read not as a limitation, but as an authorization for the association to precondition payments required under the Guaranty Law. *New Mexico Life Ins. Guar. Ass'n v. Quinn & Co.*, 111 N.M. 750, 809 P.2d 1278 (1991).

59A-42-8. Assessments.

A. For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessments after thirty (30) days' written notice to the member insurers before payment is due.

B. There are three (3) classes of assessments:

(1) class A assessments shall be made for the purpose of meeting administrative costs and other general expenses not related to a particular insolvent insurer;

(2) class B assessments shall be made to the extent necessary to carry out the powers and duties of the association with regard to domestic insurers; and

(3) class C assessments shall be made to the extent necessary to carry out the powers and duties of the association with regard to foreign and alien insurers.

C. Computations of assessments are as follows:

(1) the amount of any class A assessment for each account shall be determined by the board. The amount of any class B or C assessment shall be divided among the accounts in the proportion that the premiums received by the insolvent insurer on the policies covered by each account bear to the premiums received by such insurer on all covered policies;

(2) class C assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account bear to such premiums received on business in this state by all assessed member insurers;

(3) class B assessments for each account shall be made separately for each state in which the insolvent domestic insurer was authorized to transact insurance at any time, in the proportion that the premiums received on business in that state by the insolvent insurer on policies covered by such account bear to such premiums received in all the states. The assessments against member insurers shall be in the proportion that the premiums received on business in each state by each assessed member insurer on policies covered by each account bear to such premiums received on business in each state by all assessed member insurers;

(4) assessments for funds to meet the requirements of the association with respect to an insolvent insurer shall not be made until necessary to implement the purposes of this article. Classification of assessments under Subsection B of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

D. The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent of the member insurer's premiums in this state on the policies covered by the account.

E. In the event an assessment against a member insurer is abated or deferred in whole or in part because of the limitations set forth in Subsection D of this section, the amount by which the assessment is abated or deferred shall be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any account an amount sufficient to carry out the responsibilities of the association [association], the necessary additional funds shall be assessed as soon thereafter as permitted by this article.

F. The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each member insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

G. The association shall issue to each insurer paying an assessment under this article a certificate of contribution in a form prescribed by the superintendent for the amount paid. All outstanding certificates are of equal dignity and priority without reference to amounts or dates of issue.

H. The accumulation of class A assessments beyond the amount necessary to meet current obligations under this article shall be maintained as trust funds deposited in one or more federally insured financial institutions. These funds may be securely invested so as to generate income. The superintendent shall be a party to the deposit, and no withdrawal shall be made without his authorization, either specifically or on a standing basis pursuant to a written plan.

I. As used in this section, "premiums" means those for the calendar year preceding the determination of impairment.

History: Laws 1984, ch. 127, § 757.

ANNOTATIONS

Bracketed material. - The bracketed word "association" in Subsection E was inserted by the compiler. It was not enacted by the legislature and is not a part of the law.

Nonprofit health plans not liable for assessments. - Where nonprofit health plans and health maintenance organizations do not write any kind of "insurance" to which the Life Insurance Guaranty Act (former 59-22-1 NMSA 1978 et seq.) applies, defendants are not "member insurers" within the meaning of the act, and they are, therefore, not liable for any assessments levied by the Life Insurance Guaranty Association. *New Mexico Life Ins. Guar. Ass'n v. Moore*, 93 N.M. 47, 596 P.2d 260 (1979).

Law reviews. - For note, "Nonprofit Health Care Corporations Are Not Insurance Providers," see 10 N.M.L. Rev. 481 (1980).

59A-42-9. Plan of operation.

A. The association shall submit to the superintendent a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the superintendent.

B. If the association at any time fails to submit suitable amendments to the plan, the superintendent shall, after notice and hearing, adopt and promulgate reasonable rules necessary or advisable to effectuate the provisions of this article. The rules shall continue in force until modified by the superintendent or superseded by amendments submitted by the association and approved by the superintendent.

C. All member insurers shall comply with the plan of operation.

D. The plan of operation, among other things, shall establish all procedures for conducting the business of the association, for handling its assets, for the receiving of claims, for the keeping of records and for the conduct of other activities necessary for the execution of the powers and duties of the association.

E. The plan of operation may provide that any or all powers and duties of the association, except those under Subsections A and B of Section 756 [59A-42-7 NMSA 1978] of this article, are delegated to a corporation, association or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two (2) or more states. Such a corporation, association or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the superintendent, and may be made only to a corporation, association or organization which extends protection not substantially less favorable and effective than that provided by this article.

History: Laws 1984, ch. 127, § 758.

59A-42-10. Duties and powers of the superintendent.

A. The superintendent shall:

(1) notify the association of the existence of an insolvent insurer not later than three (3) days after he receives notice of the determination of the insolvency; and

(2) upon request of the board of directors, provide the association with a statement of the net direct written premiums of each member insurer.

B. The superintendent may:

(1) require that the association notify the insureds of the insolvent insurer and any other interested parties of the determination of insolvency and of their rights under this article. The notification shall be by mail at their last known address, where available, but if sufficient information for notification by mail is not available, notice by publication in a newspaper of general circulation shall be sufficient;

(2) suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the superintendent may levy a fine on any member insurer which fails to pay an assessment when due. Such fine shall not exceed five percent of the unpaid assessment per month, except that no fine shall be less than one hundred dollars (\$100) a month; and

(3) revoke the designation of any servicing facility if he finds claims are being handled unsatisfactorily.

History: Laws 1984, ch. 127, § 759.

59A-42-11. Prevention of insolvencies.

To aid in the detection and prevention of insurance insolvencies:

A. the board of directors shall, upon majority vote, notify the superintendent of any information indicating any member insurer may be insolvent or in a financial condition where it will be unable to fulfill its contractual obligations and hazardous to the policyholders or the public;

B. the board of directors may, upon majority vote, request that the superintendent order an examination of any member insurer which the board in good faith believes may be in such financial condition. Within thirty (30) days of the receipt of the request, the superintendent shall begin the examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by persons the superintendent designates. The cost of examination shall be paid by the association and the examination report shall be treated as other examination reports. In no event shall the examination report be released to the board of directors prior to its release to the public, but this shall not preclude the superintendent from complying with

Subsection C of this section. The superintendent shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the superintendent but it shall not be open to public inspection prior to the release of the examination report to the public;

C. the superintendent shall report to the board of directors when he has reasonable cause to believe that any member insurer examined or being examined at the request of the board of directors may be insolvent, potentially insolvent or in a financial condition hazardous to the policyholders or the public;

D. the board of directors may, upon majority vote, make reports and recommendations to the superintendent upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer. The reports and recommendations shall not be considered public documents;

E. the board of directors may, upon majority vote, make recommendations to the superintendent for the detection and prevention of insurers' insolvencies; and

F. the board of directors shall, at the conclusion of any insurance insolvency in which the association was obligated to pay covered contractual obligations or claims, prepare a report on the history and causes of the insolvency based on information available to the association and submit the report to the superintendent.

History: Laws 1984, ch. 127, § 760.

59A-42-12. Appeals.

A. Any member insurer may appeal to the superintendent from any action of the board of directors of the association by filing with the superintendent a notice of appeal within thirty (30) days after the action appealed from.

B. Any final order of the superintendent on appeal is subject to judicial review by an action in the district court of Santa Fe county to set aside the order as being unlawful or not supported by substantial evidence. If an action for judicial review is not filed within thirty (30) days after the superintendent's order on appeal, the order becomes final and conclusive.

59A-42-13. Miscellaneous provisions.

A. Nothing in this article shall be construed to reduce the liability for unpaid assessments of the insureds of an insolvent insurer operating under a plan with assessment liability.

B. Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties. Records of the negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation or conservation proceeding involving the insolvent insurer, upon the termination of the insolvency of the insurer or upon the order of a court of competent jurisdiction. Nothing in this subsection limits the duty of the association to render a report of its activities under Section 763 [59A-42-14 NMSA 1978] of this article.

C. Prior to the termination of any liquidation, rehabilitation or conservation proceeding the court may take into consideration the contributions of the respective parties, including the association, the shareholders and policyowners of the insolvent insurer and any other party with a bona fide interest in making an equitable distribution of the ownership rights of the insolvent insurer. In such a determination, consideration shall be given the welfare of the policyholders of the continuing or successor insurer.

D. No distribution to stockholders, if any, of an insolvent insurer shall be made until the total amount of assessments levied by the association with respect to the insurer has been fully recovered by the association.

E. It is a prohibited unfair trade practice for any person to make use in any manner of the protection afforded by this article in the sale of insurance.

59A-42-14. Examination of association; annual report.

59A-43-4. Definitions.

As used in Chapter 59A, Article 43 NMSA 1978:

A. "account" means any one of the three accounts created by Section 59A-43-5 NMSA 1978;

B. "association" means the insurance guaranty association;

C. "covered claims" means an unpaid claim of an insured or of a liability claimant in excess of twenty-five dollars (\$25.00), including one for unearned premiums, that arises out of and within the coverage and not in excess of the applicable limits of an insurance policy to which Chapter 59A, Article 43 NMSA 1978 applies, issued by an insurer authorized to transact insurance in this state, if such insurer becomes an insolvent insurer after April 4, 1973; and

(1) the liability claimant or insured is a resident of this state at the time of the insured event; or

(2) the property from which the claim arises is permanently located in this state.

Subject to policy limits if lower, individual "covered claims" shall be limited to one hundred thousand dollars (\$100,000) and shall not include any amount in excess of one hundred thousand dollars (\$100,000), and the total amount of covered claims which may be asserted by any claimant, including also covered claims brought by any party on behalf of such claimant or as a result of injuries to such claimant shall not exceed one hundred thousand dollars (\$100,000) per occurrence; except that the association shall pay the full amount of any covered claim arising under a workmen's compensation policy and that the superintendent may set a higher limit by regulation. "Covered claim" shall not include any amount due any reinsurer, insurer, insurance pool or underwriting association, as subrogation recoveries or otherwise; provided, that a claim for any such amount, asserted against a person insured under a policy issued by an insurer which

has become an insolvent insurer, which if it were not a claim by or for the benefit of a reinsurer, insurer, insurance pool or underwriting association would be a "covered claim," may be filed directly with the receiver of the insolvent insurer, but in no event may any such claim be asserted in any legal action against the insured of such insolvent insurer. Covered claim shall not include any amount of an unpaid claim paid to an insured or liability claimant of an insolvent insurer by any person, including but not limited to an agent or broker whether or not an assignment is taken by such person, agent or broker. Covered claim shall not include supplementary payment obligations, including but not limited to adjustment fees and expenses, attorneys' fees and expenses, court costs, interest and bond premiums incurred prior to the determination that an insurer is an insolvent insurer;

D. "insolvent insurer" means:

(1) an insurer licensed to transact business in this state, either at the time the policy was issued or when the insured event occurred, and

(2) against which an order of liquidation with a finding of insolvency has been entered after the effective date of the Insurance Code [this chapter, except Articles 16A, 23A, 23B, and 24A and Section 59A-33-14 NMSA 1978] by a court of competent jurisdiction in the insurer's state of domicile, or of this state under the provisions of Section 59A-41-30 NMSA 1978, and which order of liquidation has not been stayed or been the subject of a writ of supersedeas or other comparable order;

E. "member insurer" means any person who:

(1) writes any kind of insurance to which Chapter 59A, Article 43 NMSA 1978 applies, including the exchange of reciprocal or inter-insurance contracts; and

(2) is authorized to transact insurance in this state;

F. "net direct written premiums" means direct gross premiums written in this state on insurance policies to which Chapter 59A, Article 43 NMSA 1978 applies, less return premiums thereon and dividends paid or credited to policyholders on the direct business. Net direct written premiums do not include premiums on contracts between insurers or reinsurers;

G. "person" means any individual, corporation, partnership, association or voluntary organization; and

H. "authorized to transact insurance" means that the insurer is an "authorized insurer" as defined in Section 59A-1-8 NMSA 1978.

History: Laws 1984, ch. 127, § 770; 1989, ch. 91, § 1.

Prejudgment interest not "covered claim". - Prejudgment interest is not included within the definition of "covered claims" in Subsection C so as to be limited or excluded by the Property and Casualty Insurance Guaranty Law liability cap of \$100,000 per occurrence on individual "covered claims." Also, no specific authority within the Guaranty Law is necessary to award prejudgment interest. The trial court has that authority under either 56-8-3 or 56-8-4B NMSA 1978. - A. the workmen's compensation insurance account;
- B. the automobile insurance account; and

59A-43-6. Board of directors.

A. The board of directors of the association shall consist of not less than five (5) nor more than nine (9) persons serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the superintendent. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to the approval of the superintendent.

B. In approving selections to the board, the superintendent shall consider among other things whether all member insurers are fairly represented.

C. Members of the board of directors may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors.

History: Laws 1984, ch. 127, § 772.

59A-43-7. Powers and duties of the association.

A. The association shall:

(1) be obligated to the extent of the covered claims existing prior to the determination of insolvency and arising within thirty (30) days after the determination, or before the insured replaces the policy or causes its cancellation. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the obligation of the insolvent insurer under the policy from which the claim arises;

(2) be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties and obligations of the insolvent insurer as if the insurer had not become insolvent;

(3) allocate claims paid and expenses incurred among the three (3) accounts separately, and assess member insurers separately for each account, amounts necessary to pay the obligation of the association under Paragraph (1) of this subsection subsequent to an insolvency, expenses of handling claims, the cost of examinations and other expenses authorized by this article. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the calendar year preceding the assessment on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the calendar year preceding the assessment on the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty (30) days before it is due. No member insurer may be assessed in any year on any account an amount greater than two percent of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. If

the maximum assessment, together with the other assets of the association in any account, does not provide in any one year, in any account, an amount sufficient to make all necessary payments from that account, the funds available may be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association shall pay claims in any order which it may deem reasonable, including the payment of claims as such are received from the claimants or in groups or categories of claims. The association may exempt or defer, in whole or in part, the assessment of any member insurer if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer serving as a servicing facility may set off against any assessment any authorized payments made on covered claims and expenses incurred in the payment of the claims by such member insurer if they are chargeable to the account for which the assessment is made;

(4) investigate claims brought against the association and adjust, compromise, settle and pay covered claims to the extent of the association's obligation and deny all other claims and may review settlements, releases and judgments to which the insolvent insurer or its insureds were parties to determine the extent to which such settlements, releases and judgments may be properly contested;

(5) notify persons as the superintendent directs under Paragraph 1 of Subsection B of Section 775 [59A-43-9 NMSA 1978] of this article;

(6) handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the superintendent, but the designation of such insurer may be declined by the member insurer; and

(7) reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this article.

B. The association may:

(1) employ or retain persons necessary to handle claims and perform other duties of the association. Though not a covered claim as defined in Paragraph C of Section 770 [59A-43-4 NMSA 1978] of this article, the association may, if it determines it necessary to the settlement and disposition of claims, pay adjustment fees and expenses, and attorney's fees and expenses incurred prior to the determination that an insurer is an insolvent insurer;

(2) borrow funds necessary to effect the purpose of this article in accordance with the plan of operation;

(3) sue or be sued and intervene in any court having jurisdiction over an insolvent insurer;

(4) negotiate and become a party to contracts necessary to carry out the purpose of this article;

(5) perform other acts necessary or proper to effectuate the purpose of this article; and

(6) refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities if, at the end of any calendar year, the board of directors finds that the assets of the association in any account exceed the liabilities of that account as estimated by the board of directors for the coming year.

History: Laws 1984, ch. 127, § 773.

59A-43-8. Plan of operation.

A. The association shall submit to the superintendent a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the superintendent. If at any time the association fails to submit suitable amendments to the plan, the superintendent shall, after notice and hearing, adopt rules necessary or advisable to effectuate the provisions of this article. The rules shall continue in force until modified by the superintendent or superseded by a plan or amendments submitted by the association and approved by the superintendent.

B. All member insurers shall comply with the plan of operation.

C. The plan of operation, among other things, shall establish all procedures for conducting the business of the association, for handling its assets, for receiving claims, for keeping records and for the conduct of other activities necessary for execution of the powers and duties of the association.

D. The plan of operation may provide that any or all powers and duties of the association, except those under Paragraph (3) of Subsection A and Paragraph (2) of Subsection B of Section 773 [59A-43-7] of this article, are delegated to a corporation, association or other organization which performs or will perform functions similar to those of the association, or its equivalent, in two (2) or more states. Such a corporation, association or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the superintendent, and may be made only to a corporation, association or organization which extends protection not substantially less favorable and effective than that provided by this article.

History: Laws 1984, ch. 127, § 774.

59A-43-9. Duties and powers of superintendent.

A. The superintendent shall:

(1) serve on the association a copy of any complaint seeking an order of liquidation with a finding of insolvency against a member insurer at the same time that such complaint is filed with a court of competent jurisdiction;

(2) notify the association of the existence of an insolvent insurer not later than three (3) days after he receives notice of the determination of the insolvency; and

(3) upon request of the board of directors, provide the association with a statement of the net direct written premiums of each member insurer.

B. The superintendent may:

(1) require that the association, and agents of the insurer in New Mexico as to policyholders of the insurer in this state, notify the insureds of the insolvent insurer and any other interested parties of the determination of insolvency and of their rights under this article. Such notification shall be by mail at their last known address, where available, but if sufficient information for notification by mail is not available, notice by publication in a newspaper of general circulation shall be sufficient;

(2) suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the superintendent may levy a civil penalty on any member insurer which fails to pay an assessment when due. The civil penalty shall not exceed five percent of the unpaid assessment per month, except that no civil penalty shall be less than one hundred dollars (\$100) a month; and

(3) revoke the designation of any servicing facility if he finds claims are being handled unsatisfactorily.

59A-43-10. Effect of paid claims.

A. Any person recovering under Chapter 59A, Article 43 NMSA 1978 shall be deemed to have assigned his rights under the policy to the association to the extent of his recovery from the association. Every insured or claimant seeking the protection of that article shall cooperate with the association to the same extent as he would have been required to cooperate with the insolvent insurer. The association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out except such causes of action as the insolvent insurer would have had if such sums had been paid by the insolvent insurer. In the case of an insolvent insurer operating on a plan with assessment liability, payments of claims of the association do not operate to reduce the liability of the insured to the receiver, liquidator or statutory successor for unpaid assessments.

B. The receiver, liquidator or statutory successor of an insolvent insurer is bound by settlements of covered claims by the association or a similar organization in another state. The association may make application to the court for reimbursement of such claims and expenses and upon proper application the court shall order appropriate disbursements to be made in accordance with the provisions of Chapter 59A, Article 41 NMSA 1978 in effect at the time the application is acted upon by the court.

C. The association shall, within the time set by the receivership court, file with the receiver or liquidator of the insolvent insurer, statements of the covered claims paid by the association and estimates of anticipated claims on the association.

ANNOTATIONS

The 1993 amendment, effective June 18, 1993, in Subsection A, substituted "Chapter 59A, Article 43 NMSA 1978" for "this article" and made a stylistic change; and in Subsection B, deleted the former second sentence, relating to the priority of claims and expenses of the association in another state, and added the language beginning "in accordance with" at the end of the subsection.

59A-43-11. Nonduplication of recovery.

A. Any person having a claim against any insurer under any provision in an insurance policy including but not limited to uninsured motorist coverage other than a policy of an insolvent insurer which is also a covered claim, shall be required to exhaust first his rights under the policy. An insured of an insolvent insurer and possessing no other insurance coverage applicable to a specific claim shall be deemed to be "uninsured" for uninsured motorist coverage purposes. Any amount payable on a covered claim under this article shall be reduced by the amount of any recovery available under such insurance policy. No action against an insured of an insolvent insurer shall be tried prior to the exhaustion of all other available sources of recovery.

B. Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that, if it is a first party claim for damage to property with a permanent location, he shall seek recovery first from the association of the location of the property, and, if it is a workmen's compensation claim, he shall seek recovery first from the association of the residence of the claimant. Any recovery under this article shall be reduced by the amount of recovery from any other insurance guaranty association or its equivalent.

History: Laws 1984, ch. 127, § 777.

ANNOTATIONS

Offset of proceeds from another insurance policy. - Subsection A requires an offset of proceeds available to the claimant from another insurance policy that is not insolvent and does not constitute a "covered claim" under this article. In addition, the offset is applied against the insured's liability, or against the claimant's damages as the case may be, not against the statutory amount of liability of the association. *Aztec Well Servicing Co. v. Property & Cas. Ins. Guar. Ass'n*, 115 N.M. 475, 853 P.2d 726 (1993).

59A-43-12. Prevention of insolvencies.

To aid in the detection and prevention of insurance insolvencies:

A. the board of directors shall, upon majority vote, notify the superintendent of any information indicating any member insurer may be insolvent or in a financial condition hazardous to the policyholders or the public;

B. the board of directors may, upon majority vote, request that the superintendent order an examination of any member insurer which the board in good faith believes may be in a financial condition hazardous to the policyholders or the public. Within thirty (30) days of the receipt of such request, the superintendent shall begin the examination. The examination may be conducted as a national association of insurance commissioners examination or may be conducted by persons designated by the superintendent. The cost of the examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall the examination report be released to the board of directors prior to its release to the public, but this does not preclude the superintendent from complying with Subsection C of this Section. The superintendent shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the superintendent but it shall

not be open to public inspection prior to the release of the examination report to the public;

C. the superintendent shall report to the board of directors when he has reasonable cause to believe that any member insurer examined or being examined at the request of the board of directors may be insolvent or in a financial condition hazardous to the policyholders or the public;

D. the board of directors may, upon majority vote, make reports and recommendations to the superintendent upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. Such reports and recommendations shall not be considered public documents;

E. the board of directors may, upon majority vote, make recommendations to the superintendent for the detection and prevention of insurers' insolvencies; and

F. the board of directors shall, at the conclusion of any insurance insolvency in which the association was obligated to pay covered claims, prepare a report on the history and causes of the insolvency based on information available to the association and submit such report to the superintendent.

History: Laws 1984, ch. 127, § 778.

59A-43-13. Examination of association; financial reports.

The association is subject to examination and regulation by the superintendent. The board of directors shall submit, not later than June 30 each year, a financial report for the preceding calendar year in a form approved by the superintendent.

History: Laws 1984, ch. 127, § 779.

59A-43-14. Appeals.

A. Any claimant whose claim is denied in whole or in part by the association may, pursuant to this article, request the receivership court to review the decision of the association. Any such request for review shall be filed within thirty (30) days of such denial. The receivership court shall have jurisdiction of all such claims and the decision of the court shall be binding on both the claimant and the association.

B. Any member insurer may appeal to the superintendent from any action of the board of directors of the association by filing with the superintendent a notice of appeal within thirty (30) days after the action appealed from.

C. Any final order of the superintendent on appeal is subject to judicial review by an action in the district court of Santa Fe county to set aside the order as being unlawful or not supported by substantial evidence. If an action for judicial review is not filed within

thirty (30) days after the superintendent's order on appeal, the order becomes final and conclusive.

59A-43-15. Recognition of assessment in rates.

The rates and premiums charged for insurance policies to which this article apply [applies] shall include amounts sufficient to recoup a sum equal to the amounts paid to the association by the member insurer, less any amounts returned to the member insurer by the association, and such rates shall not be deemed excessive because they contain an amount reasonably calculated to recoup assessments paid by the member insurer.

History: Laws 1984, ch. 127, § 781.

59A-43-16. Immunity.

There shall be no liability on the part of and no cause of action of any nature shall arise against, any member insurer, the association or its agents or employees, the board of directors or the superintendent or his representative for any action taken by them in the performance of their powers and duties under this article. The meetings, activities [activities], recommendations and decisions of the board of directors of the association as required or permitted in this article shall not be open to public inspection, nor considered public documents, nor subject to Sections 10-15-1 through 10-15-4 NMSA 1978.

59A-43-17. Stay of proceedings; reopening of default judgments.

All proceedings in which the insolvent insurer is a party or is obligated to defend a party in any court in this state shall be stayed for not to exceed six (6) months from the date the insolvency is determined to permit proper defense by the association of all pending causes of action. As to any covered claims arising from a judgment under any decision, verdict or finding based on the default of the insolvent insurer or its failure to defend an insured, the association either on its own behalf or on behalf of the insured may apply to have the judgment, order, decision, verdict or finding set aside by the same court or administrator that made it and may defend against the claim on the merits.

History: Laws 1984, ch. 127, § 783.

59A-43-18. Termination; distribution of funds.

A. The superintendent shall by order terminate the operation of the association as to any kind of insurance covered by this article with respect to which he has found, after hearing, that there is in effect a statutory or voluntary plan which:

(1) is a permanent plan which is adequately funded or for which adequate funding is provided; and

(2) extends, or will extend to the New Mexico policyholders and residents protection and benefits with respect to insolvent insurers not substantially less favorable and effective to the policyholders and residents than the protection and benefits provided with respect to such kinds of insurance under this article.

B. The superintendent shall by the same order authorize discontinuance of future payments by insurers to the association with respect to the same kinds of insurance, but assessments and payments shall continue, as necessary, to liquidate covered claims of insurers adjudged insolvent prior to the order and the related expenses not covered by the other plan.

C. If operation of the association is terminated as to all kinds of insurance otherwise within its scope, the association, as soon as possible thereafter, shall distribute the balance of money and assets remaining, after discharge of the functions of the association, with respect to prior insurer insolvencies not covered by another plan, together with related expenses, to the insurers which are then writing in this state policies of the kinds of insurance covered by this article and which had made payments to the association, pro rata upon the basis of the aggregate of such payments made by the respective insurers during the period of five (5) years next preceding the date of the order. Upon completion of the distribution with respect to all of the kinds of insurance covered by this article, this shall be deemed to have expired.

Insurance only incidental part of organization's purpose. - The fraternal benefit societies and the insurance available to a member of such fraternal society is contemplated in the law to be an incidental part of the operation of a lodge or fraternal organization. (3) the names and residences of the incorporators and the names, residences and official titles of all the officers, trustees, directors or other persons who are to have and exercise the general control of the management of the affairs and funds of the society for the first year or until the ensuing election at which all such officers shall be elected by the supreme governing body, which election shall be held no later than one year from the date of issuance of the permanent certificate of authority.

D. Upon receipt of a preliminary certificate of authority from the superintendent, the society may solicit members for the purpose of completing its organization, shall collect from each applicant the amount of not less than one regular monthly premium in accordance with its table of rates and shall issue to each such applicant a receipt for the amount so collected. No society shall incur any liability other than for the return of such advance premium, issue any certificate, pay, allow or offer or promise to pay or allow any benefit to any person until:

(1) actual bona fide applications for benefits have been secured on not less than five hundred applicants, and any necessary evidence of insurability has been furnished to and approved by the society;

(2) at least ten subordinate lodges have been established into which the five hundred applicants have been admitted;

(3) there has been submitted to the superintendent, under oath of the president or secretary or corresponding officer of the society, a list of such applicants giving their names, addresses, date each was admitted, name and number of the subordinate lodge of which each applicant is a member, amount of benefits to be granted and premiums therefor; and

The advance premium shall be held in trust during the period of organization and if the society has not qualified for a certificate of authority within one year, as herein provided, the premiums shall be returned to said applicants.

E. The superintendent may make such examination and require such further information as the superintendent deems advisable. Upon presentation of satisfactory evidence that the society has complied with all the provisions of law, the superintendent shall issue to the society a certificate of authority to that effect and that the society is authorized to transact business pursuant to the provisions of Chapter 59A, Article 44 NMSA 1978. The certificate of authority shall be prima facie evidence of the existence of the society at the date of such certificate. The superintendent shall cause a record of such certificate of authority to be made. 59A-44-19. The benefit contract.

A. Every society authorized to do business in this state shall issue to each owner of a benefit contract a certificate specifying the amount of benefits provided thereby. The certificate, together with any riders or endorsements attached thereto, the laws of the society, the application for membership, the application for insurance and declaration of insurability, if any, signed by the applicant, and all amendments to each thereof, shall constitute the benefit contract, as of the date of issuance, between the society and the owner, and the certificate shall so state. A copy of the application for insurance and declaration of insurability, if any, shall be endorsed upon or attached to the certificate. All statements on the application shall be representations and not warranties. Any waiver of this provision shall be void.

B. Any changes, additions or amendments to the laws of the society duly made or enacted subsequent to the issuance of the certificate shall bind the owner and the beneficiaries, and shall govern and control the benefit contract in all respects the same as though such changes, additions or amendments had been made prior to and were in force at the time of the application for insurance, except that no change, addition or amendment shall destroy or diminish benefits which the society contracted to give the owner as of the date of issuance.

C. Any person upon whose life a certificate is issued prior to attaining the age of majority shall be bound by the terms of the application and certificate and by all the laws and rules of the society to the same extent as though the age of majority had been attained at the time of application.

D. A society shall provide in its laws that if its reserves as to all or any class of certificates become impaired, its board of directors or corresponding body shall require that there shall be paid by the owner to the society the amount of the owner's equitable proportion of such deficiency as ascertained by its board, and that if the payment is not made either:

(1) it shall stand as an indebtedness against the certificate and draw interest not to exceed the rate specified for certificate loans under the certificates; or

(2) in lieu of or in combination with the provisions of Paragraph (1) of this subsection, the owner may accept a proportionate reduction in benefits under the certificate. The society may specify the manner of the election and which alternative is to be presumed if no election is made.

E. Copies of any of the documents mentioned in this section, certified by the secretary or corresponding officer of the society, shall be received in evidence of the terms and conditions thereof.

F. No certificate shall be delivered or issued for delivery in this state unless a copy of the form and rates and rate increases applicable to accident and health insurance have been filed with and approved by the superintendent in accordance with Sections 59A-18-12, 59A-18-13 and 59A-18-14 NMSA 1978. Every life or accident and health insurance certificate and every annuity certificate issued on or after one year from the effective date of this act shall meet the standard contract provision requirements consistent with Chapter 59A, Article 44 NMSA 1978, as specified in Chapter 59A, Articles 20 and 22 NMSA 1978, except that a society may provide for a grace period for payment of premiums of one full month in its certificates. The certificate shall also contain a provision stating the amount of premiums which are payable under the certificate and a provision reciting or setting forth the substance of any sections of the society's laws or rules in force at the time of issuance of the certificate which, if violated, will result in the termination or reduction of benefits payable under the certificate. If the laws of the society provide for expulsion or suspension of a member, the certificate shall also contain a provision that any member so expelled or suspended, except for

nonpayment of a premium or within the contestable period for material misrepresentation in the application for membership or insurance, shall have the privilege of maintaining the certificate in force by continuing payment of the required premium.

G. Certificates issued on the lives of persons below the society's minimum age for adult membership may provide for transfer of control of ownership to the insured at an age specified in the certificate. A society may require approval of an application for membership in order to effect this transfer and may provide in all other respects for the regulation, government and control of such certificates and all rights, obligations and liabilities incident thereto and connected therewith. Ownership rights prior to such transfer shall be specified in the certificate.

H. A society may specify the terms and conditions on which certificates may be assigned.

After such notice the society shall have a thirty-day period in which to comply with the superintendent's request for correction, and if the society fails to comply, the superintendent shall notify the society of such findings of noncompliance and require the society to show cause on a date named why it should not be enjoined from carrying on any business until the violation complained of shall have been corrected, or why an action in quo warranto should not be commenced against the society.

E. No action under this section shall be recognized in any court of this state unless brought by the attorney general upon request of the superintendent. Whenever a receiver is to be appointed for a domestic society, the court shall appoint the superintendent as such receiver.

F. The provisions of this section relating to hearing by the superintendent, action by the attorney general at the request of the superintendent, hearing by the court, injunction and receivership shall be applicable to a society which shall voluntarily determine to discontinue business.

C. Every health maintenance organization shall include when determining liabilities an amount estimated in the aggregate to provide for:

(1) any unearned premium;

E. Every contract between a health maintenance organization and a participating provider of health care services shall be in writing and shall set forth that in the event the health maintenance organization fails to pay for health care services as set forth in the contract, the subscriber or enrollee shall not be liable to the provider for any sums owed by the health maintenance organization. Recompilations. - Laws 1993, ch. 266, § 31 recompiles former 59A-46-13 NMSA 1978, as enacted by Laws 1984, ch. 127, § 860, relating to prohibited practices, as 59A-46-34 NMSA 1978, effective January 1, 1994. For provisions of former section, see 1992 Replacement Pamphlet.

59A-46-14. Uncovered expenditures insolvency deposit.

A. If at any time uncovered expenditures exceed ten percent of total health care expenditures, a health maintenance organization shall place an uncovered expenditures insolvency deposit with the superintendent, with any organization or trustee acceptable to the superintendent through which a custodial or controlled account is maintained, cash or securities that are acceptable to the superintendent. Such deposit shall at all times have a fair market value in an amount of one hundred twenty percent of the health maintenance organization's outstanding liability for uncovered expenditures for enrollees in this state, including incurred but not reported claims, and shall be calculated as of the first day of the month and maintained for the remainder of the month. If a health maintenance organization is not otherwise required to file a quarterly report, it shall file a report within forty-five days of the end of the calendar quarter with information sufficient to demonstrate compliance with this subsection.

B. The deposit required under Subsection A of this section is in addition to the deposit required under Section 59A-46-13 NMSA 1978 and is an admitted asset of the health maintenance organization in the determination of net worth. All income from such deposits or trust accounts shall be assets of the health maintenance organization and may be withdrawn from such deposit or account quarterly with the approval of the superintendent.

C. A health maintenance organization that has made a deposit may withdraw that deposit or any part of the deposit if a substitute deposit of cash or securities of equal amount and value is made, the fair market value of the deposit exceeds the amount of the required deposit, or the required deposit under Subsection A of this section is reduced or eliminated. Deposits, substitutions or withdrawals may be made only with the prior written approval of the superintendent.

D. The deposit required under Subsection A of this section is in trust and may be used only as provided under this section. The superintendent may use the deposit of an insolvent health maintenance organization for administrative costs associated with administering the deposit and payment of claims of enrollees of this state for uncovered expenditures in this state. Claims for uncovered expenditures shall be paid on a pro rata

basis based on assets available to pay such ultimate liability for incurred expenditures. Partial distribution may be made pending final distribution. Any amount of the deposit remaining shall be paid into the liquidation or receivership of the health maintenance organization.

E. The superintendent may by regulation prescribe the time, manner and form for filing claims under Subsection D of this section.

F. The superintendent may by regulation or order require health maintenance organizations to file annual, quarterly or more frequent reports as he deems necessary to demonstrate compliance with this section. The superintendent may require that the reports include liability for uncovered expenditures as well as an audit opinion.

For provisions of former section, see 1992 Replacement Pamphlet.

59A-46-15. Enrollment period; replacement coverage in the event of insolvency.

A. In the event of an insolvency of a health maintenance organization, upon order of the superintendent, all other carriers that participated in the enrollment process with the insolvent health maintenance organization at a group's last regular enrollment period shall offer such group's enrollees of the insolvent health maintenance organization a thirty-day enrollment period commencing upon the date of insolvency. Each carrier shall offer such enrollees of the insolvent health maintenance organization the same coverages and rates that it had offered to the enrollees of the group at its last regular enrollment period.

B. If no other carrier had been offered to some groups enrolled in the insolvent health maintenance organization, or if the superintendent determines that the other health benefit plans lack sufficient health care delivery resources to assure that health care services will be available and accessible to all of the group enrollees of the insolvent health maintenance organization, then the superintendent shall allocate equitably the insolvent health maintenance organization's group contracts for such groups among all health maintenance organizations that operate within a portion of the insolvent health maintenance organization's service area, taking into consideration the health care delivery resources and total membership of each health maintenance organization. Each health maintenance organization to which a group or groups are so allocated shall offer such group or groups the health maintenance organization's existing coverage that is most similar to each group's coverage with the insolvent health maintenance

organization at rates determined in accordance with the successor health maintenance organization's existing rating methodology.

C. The superintendent shall also allocate equitably the insolvent health maintenance organization's nongroup enrollees that are unable to obtain other coverage among all health maintenance organizations that operate within a portion of the insolvent health maintenance organization's service area, taking into consideration the health care delivery resources of each such health maintenance organization. Each health maintenance organization to which nongroup enrollees are allocated shall offer such nongroup enrollees the health maintenance organization's existing coverage for individual or conversion coverage as determined by his type of coverage in the insolvent health maintenance organization at rates determined in accordance with the successor health maintenance organization's existing rating methodology. Successor health maintenance organizations that do not offer direct nongroup enrollment may aggregate all of the allocated nongroup enrollees into one group for rating and coverage purposes.

D. Any carrier providing replacement coverage with respect to group hospital, medical or surgical expense or service benefits within a period of sixty days from the date of discontinuance of a prior health maintenance organization contract or policy providing such hospital, medical or surgical expense or service benefits shall cover immediately all enrollees who were covered validly under the previous health maintenance organization contract or policy at the date of discontinuance and who would otherwise be eligible for coverage under the succeeding carrier's contract, regardless of any provisions of the contract relating to active employment or hospital confinement or pregnancy. For purposes of this section "discontinuance" means the termination of the contract between the group contract holder and a health maintenance organization due to the insolvency of the health maintenance organization, and does not refer to the termination of any agreement between any individual enrollee and the health maintenance organization.

E. Except to the extent benefits for the condition would have been reduced or excluded under the prior carrier's contract or policy, no provision in a succeeding carrier's contract of replacement coverage that would operate to reduce or exclude benefits on the basis that the condition giving rise to benefits existed before the effective date of the succeeding carrier's contract shall be applied with respect to those enrollees validly covered under the prior carrier's contract or policy on the date of discontinuance.

59A-46-16. Filing requirements for rating information.

A. No premium rate may be used until either a schedule of premium rates or methodology for determining premium rates has been filed with and approved by the superintendent. At the time the health maintenance organization files the rate with the superintendent it shall also file a schedule of benefits to which the rate applies.

B. Either a specific schedule of premium rates, or a methodology for determining premium rates, shall be established in accordance with actuarial principles for various categories of enrollees; provided that the premium applicable to an enrollee shall not be individually determined based on the status of the enrollee's health. A certification by a qualified actuary or other qualified person acceptable to the superintendent as to the appropriateness of the rates or of the use of the methodology, based on reasonable assumptions, shall accompany the filing along with adequate supporting information.

C. The superintendent may disapprove any such rates, or methodology for determining rates, found by him to be excessive, inadequate or unfairly discriminatory, considering the benefits to be provided. If the superintendent disapproves such filing, he shall notify the health maintenance organization, specifying the reasons for his disapproval. A hearing shall be conducted within thirty days after a request in writing by the person filing. The schedule or methodology shall be deemed approved if the superintendent does not disapprove the filing within thirty days, but the superintendent in his sole discretion may postpone taking action for an additional thirty days as necessary for proper consideration of the filing.

B. None of the following shall be required to hold a health maintenance organization agent license:

C. The superintendent may by rule exempt certain classes of persons from the requirement of obtaining a license if:

(1) the functions they perform do not require special competence, trustworthiness or the regulatory surveillance made possible by licensing; or

(2) other existing safeguards make regulation unnecessary.

inconsistent with the cited law, any two or more such insurance companies, or subsidiaries or affiliates thereof, may jointly organize and operate a health maintenance organization. The business of insurance is deemed to include the providing of health care by a health maintenance organization owned or operated by an insurer or a subsidiary thereof.

B. (1) the health maintenance organization is operating significantly in contravention of its basic organizational document or in a manner contrary to that described in any other information submitted under Section 59A-46-3 NMSA 1978, unless amendments to such submissions have been filed with and approved by the superintendent;

C. Whenever the superintendent finds that the net worth maintained by any health maintenance organization subject to the provisions of the Health Maintenance Organization Law is less than the minimum net worth required to be maintained pursuant to the provisions of Section 59A-46-13 NMSA 1978, he shall give written notice to the health maintenance organization of the amount of the deficiency and require the health maintenance organization to:

(1) file with the superintendent a plan for correction of the deficiency acceptable to the superintendent; and

E. Unless allowed by the superintendent no health maintenance organization or person acting on its behalf may, directly or indirectly, renew, issue or deliver any certificate, agreement or contract of coverage in this state, for which a premium is charged or collected, when the health maintenance organization writing such coverage is impaired, and the fact of such impairment is known to the health maintenance organization or to such person. However, the existence of an impairment shall not prevent the issuance or renewal of a certificate, agreement or contract when the enrollee exercises an option granted under the plan to obtain a new, renewed or converted coverage.

F. A certificate of authority shall not be suspended or revoked or an application for a certificate of authority denied or an administrative penalty imposed unless:

(1) the suspension, revocation, denial or imposition is by written order and is sent to the health maintenance organization or applicant by certified or registered mail; and

(2) the written order states the grounds, charges or conduct on which the suspension, revocation, denial or imposition is based.

G. The health maintenance organization or applicant may in writing request a hearing within thirty days from the date of mailing of an order suspending or revoking a certificate of authority, denying an application or imposing an administrative penalty. If no written request is made, such order shall be final upon the expiration of the thirty days.

H. If the health maintenance organization or applicant requests a hearing pursuant to the provisions of Subsection G of this section, the superintendent shall issue a written notice of hearing and send it to the health maintenance organization or applicant by certified or registered mail stating:

(1) a specific time for the hearing, which may not be less than twenty nor more than thirty days after mailing of the notice of hearing; and

(2) a specific place for the hearing, which may be either in Santa Fe county or in the county where the health maintenance organization's or applicant's principal place of business is located.

I. After a hearing held pursuant to the provisions of Subsection H of this section or upon failure of the health maintenance organization to appear at the hearing, the superintendent shall take whatever action he deems necessary based on written findings and shall mail his decision to the health maintenance organization or applicant.

J. The provisions of Chapter 59A, Article 4 NMSA 1978 shall apply to proceedings under this section to the extent they are not in conflict with Subsection H of this section.

K. When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and shall not engage in any advertising or solicitation whatsoever.

L. When the certificate of authority of a health maintenance organization is revoked, that organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of the organization. It shall engage in no further advertising or solicitation whatsoever. The superintendent may, by written order, permit such further operation of the organization as he may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.

59A-46-21. Rehabilitation, liquidation or conservation of health maintenance organizations.

A. Any rehabilitation, liquidation or conservation of a health maintenance organization shall be deemed to be the rehabilitation, liquidation or conservation of an insurer and shall be conducted under the supervision of the superintendent pursuant to the law governing the rehabilitation, liquidation or conservation of insurers. The superintendent may apply for an order directing him to rehabilitate, liquidate or conserve a health maintenance organization upon any one or more grounds set out in Chapter 59A, Article 41 NMSA 1978 or when in his opinion the continued operation of the health maintenance organization would be hazardous either to the enrollees or to the people of this state. Enrollees shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

B. For purpose of determining the priority of distribution of general assets, claims of enrollees and enrollees' beneficiaries shall have the same priority as established by Subsection C of Section 59A-41-44 NMSA 1978 for policyholders and beneficiaries of insureds of insurance companies. If an enrollee is liable to any provider for services provided pursuant to and covered by the health care plan, that liability shall have the status of an enrollee claim for distribution of general assets.

C. Any provider who is obligated by statute or agreement to hold enrollees harmless from liability for services provided pursuant to and covered by a health care plan shall have a priority of distribution of the general assets immediately following that of enrollees and enrollees' beneficiaries as described in Subsection B of this section and immediately preceding the priority of distribution described in Subsection D of Section 59A-41-44 NMSA 1978.

C. The superintendent is authorized to make rules and regulations setting uniform standards and criteria for early warning that the continued operation of any health maintenance organization might be hazardous to its enrollees, creditors or the general public and setting standards for evaluating the financial condition of any health maintenance organization, which standards shall be consistent with the purposes expressed in Subsection A of this section.

The superintendent may augment this penalty by an amount equal to the sum that he calculates to be the damages suffered by enrollees or other members of the public.

D. The superintendent may issue an order directing a health maintenance organization or a representative of a health maintenance organization to cease and desist from engaging in any act or practice in violation of the provisions of the Health Maintenance Organization Law. Such hearings shall be governed by the provisions of Chapter 59A, Article 4 NMSA 1978.

E. In the case of any violation of the provisions of the Health Maintenance Organization Law, if the superintendent elects not to issue a cease and desist order, or in the event of noncompliance with a cease and desist order issued pursuant to Subsection D of this section, the superintendent may institute a proceeding to obtain injunctive or other appropriate relief in the Santa Fe county district court.

C. A person who, in good faith and without malice, takes any action or makes any decision or recommendation as a member, agent or employee of a health care review committee or who furnishes any records, information or assistance to such a committee shall not be subject to liability for civil damages or any legal action in consequence of such action, nor shall the health maintenance organization that established such committee or the officers, directors, employees or agents of such health maintenance organization be liable for the activities of any such person. The provisions of this subsection do not relieve any person of liability arising from treatment of a patient.

D. F. To fulfill its obligations under Section 59A-46-7 NMSA 1978, the health maintenance organization shall have access to treatment records and other information pertaining to the diagnosis, treatment or health status of any enrollee.

(1) the human services department has paid or is paying benefits on behalf of the enrollee under the state's medicaid program pursuant to Title XIX of the federal Social Security Act, 42 U.S.C. 1396, et seq.;

(3) the health maintenance organization is notified that the enrollee receives benefits under the medicaid program and that any indemnity benefits payable by the health maintenance organization must be paid directly to the human services department.

B. The notice required under Paragraph (3) of Subsection A of this section may be accomplished through an attachment to the claim by the human services department for any indemnity benefits payable by the health maintenance organization when the claim is first submitted by the human services department to the health maintenance organization.

C. Notwithstanding any other provisions of law, checks in payment for claims for any indemnity benefits payable by a health maintenance organization pursuant to any individual or group contract or certificate for health care services provided to persons who are also eligible for benefits under the medicaid program and provided by medical providers not contracting with the health maintenance organization shall be made payable to the provider. The health maintenance organization may be notified that the enrollee is eligible for medicaid benefits through an attachment to the claim by the provider for health maintenance organization benefits when the claim is first submitted by the provider to the health maintenance organization.

Where a continuation of coverage or conversion is made in the name of the spouse of the subscriber, such coverage may, at the option of the spouse, include coverage to dependent children for whom the spouse has responsibility for care and support.

C. Coverage continued through the issuance of a converted or separate contract shall be provided at a reasonable, nondiscriminatory rate to the insured and shall consist of a form of coverage then being offered by the health maintenance organization as a conversion contract. Continued and converted coverages shall contain renewal provisions that are not less favorable to the subscriber than those contained in the contract from which the conversion is made, except that the person who exercises the right of conversion is entitled only to have included a right to coverage under a medicare supplement insurance contract, as defined by the rules and regulations adopted by the superintendent of insurance, after the attainment of the age of eligibility for medicare or any other similar federal or state health insurance program.

other contractual time limitations other than those remaining unexpired under the contract from which continuation or conversion is exercised.

G. Any probationary or waiting period set forth in the converted or separate contract is deemed to commence on the effective date of the applicant's coverage under the original contract.

59A-47-6. Preliminary permit for solicitations.

A. A newly-formed health care plan shall not solicit any subscriber or enter into any proposed contract for health care expense payments unless and until it obtains from the superintendent a preliminary permit to do so. - (1) name and business address of applicant;
- (2) area of this state proposed to be served;

The application shall be accompanied by a copy of applicant's articles of incorporation and its bylaws, its current financial statement, and such other documentation as the form of application may require. Upon filing the application the applicant shall pay to the superintendent the filing fee specified therefor in Section 101 [59A-6-1 NMSA 1978] (fee schedule) of the Insurance Code.

A health care plan not transacting new business in this state but continuing collection of premiums on and servicing contracts remaining in force as to residents of or risks located in this state, is transacting business in New Mexico for purpose of premium tax requirements only and is not required to have a certificate of authority.

History: Laws 1984, ch. 127, § 879.6.

B. Any such trust deposit shall be released in the following instances only:

(1) upon extinguishment of all liabilities of the health care plan for the security of which the deposit is held;

(2) upon the health care plan ceasing to transact business in New Mexico, and all fixed or contingent liabilities for which the deposit was a security have been satisfied or terminated, or have been assumed by some other company authorized to transact business in New Mexico; or

A. a provision that the policy, the application of the policyholder (if it or a copy thereof is attached to the policy) and the individual applications, if any, submitted in connection with such policy by the employees or members, constitutes the entire contract between the parties, that no statement therein is a warranty in the absence of fraud and that no such statement shall avoid the obligation of the health care plan provided in the policy or reduce benefits thereunder unless contained in a written application for such contract, attached to and made part of the policy;

B. if such contract is a group contract, a provision that the health care plan will furnish to the subscriber, for delivery to each employee or member of any covered group, an individual certificate, or an identification card, or other evidence of such coverage, setting forth in summary form a statement of the essential features of the contract of all persons included in the coverage;

C. if such contract is a group contract, a provision that eligible new employees or members or dependents, as the case may be, may be added from time to time to the group originally covered, in accordance with the terms of the contract;

D. the amount payable to the health care plan by the subscriber, and the time at which and manner in which such amount is to be paid;

E. the nature of the benefits which will be furnished and the period during which they will be furnished and, if there are any benefits to be excepted, a detailed statement of such exceptions;

F. any specific term or condition to the effect that the contract may be canceled or otherwise terminated by the health care plan, including the manner and time of such termination; provided a contract may not be canceled during the period for which the premium has been paid unless written notice is delivered to the insured, or mailed to his last address as shown by the records of the health care plan, stating when, not less than five days thereafter such cancellation shall be effective;

G. that the contract includes the endorsements thereon and attached papers, if any, and constitutes the entire contract;

No claim for loss incurred or disability (as defined in the policy) shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or a specific description effective on the date of loss had existed prior to the effective date of coverage of such policy;

I. that if the subscriber defaults in making any payment under the contract, the subsequent acceptance of an application for reinstatement and accompanying payment or its failure to take any action with respect thereto within thirty days following receipt of such application for reinstatement, by such health care plan or any duly authorized agent thereof reinstates the contract. The reinstated policy shall cover only loss resulting from such accidental injury as may [be] sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the subscriber and the health care plan shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed thereon or attached thereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which a premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement. (The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty (50) or (2) in the case of a policy issued after age forty-four (44), for at least five (5) years from the date of its issue); and

The section is set out as amended by Laws 1994, ch. 75, § 34. See 12-1-8 NMSA 1978.

Applicability. - Laws 1992, ch. 56, § 5 makes the provisions of this act applicable to policies, plans, contracts, and certificates delivered or issued for delivery or renewed, extended or amended in the state on or after July 1, 1992.

59A-47-34. Continuation of coverage and conversion rights; health care plans.

A. Every individual or group contract entered into by a health care plan that provides for health care expense payments on a service benefit basis or an indemnity benefit basis or both and that is delivered, issued for delivery or renewed in this state on or after July 1, 1984 shall provide covered family members of subscribers the right to continue such coverage through a converted or separate contract upon the death of the subscriber or upon the divorce, annulment or dissolution of marriage or legal separation of the spouse from the subscriber. Where a continuation of coverage or conversion is made in the name of the spouse of the subscriber, such coverage may, at the option of the spouse,

include coverage to dependent children for whom the spouse has responsibility for care and support.

B. The right to a continuation of coverage or conversion pursuant to this section shall not exist with respect to any covered family member of a subscriber in the event the coverage terminates for nonpayment of premium, nonrenewal of the contract or the expiration of the term for which the contract is issued. With respect to any covered family member who is eligible for medicare or any other similar federal or state health insurance program, the right to a continuation of coverage or conversion shall be limited to coverage under a medicare supplement insurance contract as defined by the rules and regulations adopted by the superintendent of insurance.

C. Coverage continued through the issuance of a converted or separate contract shall be provided at a reasonable, nondiscriminatory rate to the insured and shall consist of a form of coverage then being offered by the health care plan as a conversion contract in the jurisdiction where the person exercising the conversion right resides that most nearly approximates the coverage of the contract from which conversion is exercised. Continued and converted coverages shall contain renewal provisions that are not less favorable to the subscriber than those contained in the policy from which the conversion is made, except that the person who exercises the right of conversion is entitled only to have included a right to coverage under a medicare supplement insurance contract, as defined by the rules and regulations adopted by the superintendent of insurance, after the attainment of the age of eligibility for medicare or any other similar federal or state health insurance program.

D. At the time of inception of coverage, the health care plan shall provide each covered family member eighteen years of age or older a statement setting forth in summary form the continuation of coverage and conversion provisions of the subscriber's contract.

E. The eligible covered family member exercising the continuation or conversion right must notify the health care plan and make payment of the applicable premium within thirty days following the date such coverage otherwise terminates as specified in the contract from which continuation or conversion is being exercised.

F. Coverage shall be provided through continuation or conversion without additional evidence of insurability and shall not impose any preexisting condition, limitations or other contractual time limitations other than those remaining unexpired under the contract from which continuation or conversion is exercised.

G. Any probationary or waiting period set forth in the converted or separate contract is deemed to commence on the effective date of the applicant's coverage under the original contract.

B. For purposes of this section, "alcohol dependency treatment center" means a facility that contracts with the health care plan and which provides a program for the treatment of alcohol dependency pursuant to a written treatment plan approved and monitored by a physician or meeting the quality standards of the substance abuse bureau of the behavioral health services division of the health and environment department [department of health] and which facility also:

Laws 1983, ch. 62, contains no effective date clause but was enacted at the session which adjourned on March 19, 1983. See N.M. Const., art. IV, § 23.

Sections 43-3-3 and 43-3-4 NMSA 1978, referred to in Subsection B(3), were repealed by Laws 1985, ch. 185, § 8 effective July 1, 1985. For present comparable provisions, see 43-3-8 NMSA 1978.

C. Notwithstanding any other provisions of law, checks in payment for claims pursuant to any individual or group contract for health care expense payments or certificate therefor for health care services provided to subscribers who are also eligible for benefits under the medicaid program and provided by medical providers qualified to participate under the contract or certificate shall be made payable to the provider. The health care plan may be notified that the subscriber is eligible for medicaid benefits through an attachment to the claim by the provider for health care expense payments when the claim is first submitted by the provider to the health care plan.

59A-49-2. Purpose of article.

Money for funeral and burial purposes usually comes from one or more sources, such as the proceeds of life insurance, allowances of governmental agencies, union and fraternal organization benefits and savings and estate funds. Sometimes funeral insurance is also sold for such purposes. Experience in this and other states has proven that contract payments for funeral insurance are customarily to be made within a short period of time as compared to the average lapse of time until performance of the funeral insurance; that during the long interval between full receipt of the purchase price and contract performance, the possibilities for fraud are great and risk of insolvency, with consequent inability to perform, are inherent; and that, in addition to regulation of funeral plans in the same manner as life insurance, providing for the establishment of trust funds to require reserves sufficient to assure the purchasers that the sellers of funeral plans will be able to complete their contracts when the time for performance arrives and other restrictions are required to protect the public welfare, health and safety. The purpose of this article is to regulate funeral plans and related matters as experience has proven necessary in order to protect against fraud and deceit and otherwise to accomplish and promote the protection and welfare of the public.

59A-49-4. Definitions.

As used in this article:

A. "funeral plan" means any contract, agreement, certificate, share, membership, right or interest or other form of instrument which is sold, providing for the future delivery of one or any combination of the following:

(1) any personal property customarily furnished in connection with funerals or other services attending the disposition of human bodies after death;

(2) the use of any facilities customarily furnished in connection with funerals or other services attending the disposition of human bodies after death;

(3) any services customarily furnished in connection with funerals or other services attending the disposition of human bodies after death; or

(4) any amount of money designated for any of the property, facilities or services mentioned in this subsection, if there is named in the instrument evidencing the prearranged funeral plan any person who furnishes or aids in the furnishing of any of such property, facilities or services or any condition or designation which designation would deprive or tend to deprive the person desiring to acquire such property, facilities or services of the advantages of competition in connection with their acquisition;

B. "funeral plan" shall not be construed to include the present sale of land for burial space, the sale of a lot, grave, crypt, niche or vault or the sale of the special care of any lot, grave, crypt or niche, or the family mausoleum, memorial, marker or monument, which is controlled under the provisions of the Endowed Care Cemetery Act of 1961 [58-17-1 to 58-17-17 NMSA 1978], provided that the seller thereof is in compliance with the provisions of that act, or which is specifically exempted from the provisions of this article;

C. "future delivery" means delivery which is or may be contingent upon the death of any person for whose benefit, or for the disposition of the remains of whom, the funeral plan was obtained. The fact that the instrument provides for the possibility of immediate delivery at the option of either party does not exclude the instrument from the provisions of this article, if the delivery contingent on death is a possible option;

D. "trustee" means any bank or savings and loan association located in New Mexico whose deposits or accounts are insured by an agency of the United States;

E. "depositor" means any person to whom money has been paid by or on behalf of a purchaser of a funeral plan and who is obligated under this article to place it in trust;

F. "beneficiary" shall be the person for whom a trust fund required by this article was established; and

G. "person" means any individual, estate, trust, receiver, association, cooperative, club, corporation, company, firm, partnership, joint venture or syndicate, and includes an officer or employee of a corporation, a member or employee of a partnership or any individual who, as such, is under a duty to perform any act or to refrain from any act by reason of which a violation occurs.

59A-49-5. Restrictions on persons, places for sale of funeral plans.

A. No person who works in, or owns any interest in, any business which sells or furnishes any of the property, facilities or services customarily furnished in connection with funerals, burials or other services attending the disposition of human bodies after death may be licensed or otherwise authorized to sell prearranged funeral plans, but may be licensed or otherwise authorized to sell life insurance specifically designed to fund funeral plans.

B. No person licensed or otherwise authorized to sell funeral plans may pay any retainer, salary, commission or premium to any person who sells or furnishes any personal property, facilities or services customarily furnished in connection with funerals or other services attending the disposition of human bodies after death for soliciting or otherwise promoting the sale of funeral plans.

History: Laws 1984, ch. 127, § 903; 1987, ch. 48, § 1.

ANNOTATIONS

Sale of life insurance. - A person licensed to sell life insurance specifically designed to fund funeral plans need not be licensed to practice "funeral service." 1987 Op. Att'y Gen. No. 87-60.

If the seller of life insurance specifically designed to fund funeral plans is a funeral practitioner, the seller must be sure to conduct the sale in a way that does not deprive or tend to deprive a person desiring to acquire funeral services of the advantages of competition in their acquisition, such as representing that his particular funeral establishment must be the beneficiary, or that the funds generated by the policy can be used only at his establishment; such practice would cause the life insurance to become a "funeral plan" under 59A-49-4A NMSA 1978, which a funeral practitioner is forbidden to prearrange. 1987 Op. Att'y Gen. No. 87-60.

59A-49-6. Trust fund; accounting; deposit, reserves and premium tax.

A. In all cases where funeral plans are sold, all money paid, directly or indirectly, under such agreement, or under any agreement collateral thereto, shall be held in trust for the purpose for which it was paid until the obligation is fulfilled according to its terms; provided, however, that any payment made pursuant to this section shall be released upon death of the person for whose benefit such payment was made, and no payments so made shall be subject to forfeiture. Accruals of interest upon this money shall be subject to the same trust.

B. All funds received as herein provided shall be placed in trust with a trustee pursuant to an agreement executed by the depositor and trustee which shall provide that the trustee shall hold the same in trust for the purposes for which deposited; that the trustee shall pay the same to the depositor upon the filing of a certified copy of the death certificate or other satisfactory evidence of the death of the beneficiary; and that the beneficiary or his duly appointed guardian may, in writing, demand the return of the money, together with accrued interest, if any, less cost incurred in the operation of such trust, and the depositor shall be entitled to receive such money from the trustee for payment to the beneficiary upon delivery of such written demand to the trustee. The payment of such funds and accumulated interest, pursuant to the terms of this article and the agreement herein referred to, shall relieve the trustee of any further liabilities with regard to such funds or interest thereon.

C. Each seller of funeral plans shall submit such accounting or accountings of all monies collected or received on account of or in connection with the sale of funeral plans, and of all money deposited or withdrawn from a trustee, as the superintendent may reasonably direct, by regulation or order.

D. The premium tax as levied in Section 102 [59A-6-2 NMSA 1978] of the Insurance Code shall not be applicable to money collected and placed in trust pursuant to this section, nor shall funds collected and placed in such a trust be used as the basis for the calculation of the capital and surplus, general deposits and fees otherwise required under Section 83 [59A-5-16 NMSA 1978] of the Insurance Code.

History: Laws 1984, ch. 127, § 904.

59A-49-7. May not enforce contract sold in violation; insurer may not pay to restricted persons without consent.

A. No person may enforce in any court of this state any asserted obligation of a purchaser of a funeral plan sold in violation of this article.

B. No authorized insurer shall pay or permit to be paid any money accruing as a benefit of a policy to any person restricted from selling funeral plans under Subsection A of Section 903 [59A-49-5 NMSA 1978] of this article without the written consent of the person or persons entitled to such benefit after accrual thereof.

History: Laws 1984, ch. 127, § 905.

59A-49-8. Criminal penalties.

Any seller of prearranged funeral plans who sells any such plan without having been properly licensed to do so, or who violates any of the requirements of this article or any lawful regulation or order of the superintendent in connection with the sale of funeral plans, is guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000). Each sale of each instrument shall be considered a separate offense, and each day in which any seller fails to comply with a lawful order of the superintendent is a separate offense. The penalties contained in this section shall be in addition to and not in lieu of any other penalties which may apply.

B. Nothing in Chapter 59A, Article 51 NMSA 1978 shall be construed as to prevent any duly licensed and appointed agent of a surety insurer authorized to transact such business in this state from writing bail bonds for such insurer, and such agent shall be subject to and governed by all laws, rules and regulations relating to bail bondsmen under that article while engaged in the activities thereof.

ANNOTATIONS

County officers as bail bondsmen. - The prohibitions against county officers acting as bail bondsmen in this section and 59A-51-13C NMSA 1978 fail to satisfy heightened rational-basis scrutiny; that element of the statutes is invalid under the equal protection

Surety bonds shall be executed by a surety insurer authorized to do business in this state.

B. The bond or deposit shall be maintained for the duration of the license, or, in the case of a surety bond, until the surety is released from liability by the superintendent or until the bond is canceled by the surety. Without prejudice to any liability incurred prior to expiration or cancellation, the bond may expire, or the surety may cancel a bond by giving written notice to the superintendent at least thirty (30) days prior to the effective date of the cancellation. 59A-51-9. Issuance, refusal of license.

The superintendent shall act upon application for license under this article within a reasonable period after the application has been filed with him. If the superintendent finds that the application is complete, that the applicant has taken and passed any required examination, has paid all applicable fees and is otherwise qualified for the license, he shall issue to the applicant in appropriate form the license applied for. Otherwise, the superintendent shall refuse to issue the license and shall promptly notify the applicant thereof in writing stating the grounds for the refusal.

B. Prior to continuation of license of a property bondsman the superintendent may require filing of the licensee's financial statement as of the end of the calendar year next preceding, and may require of all licensees such information in writing concerning operations under the license during the next preceding calendar year as the superintendent deems advisable.

Such collateral security or other indemnity required by the bondsman must be reasonable in relation to the amount of the bond.

B. When a bail bondsman accepts cash as collateral, he shall deposit such cash in his trust account and give a written receipt for same, and this receipt shall give in detail a full account of the collateral received.

C. Law enforcement, adjudication and prosecution officials and their employees, attorneys-at-law, officials authorized to admit to bail, and state and county officers shall not directly or indirectly receive any benefits from the execution of any bail bond.

History: Laws 1984, ch. 127, § 940; 1987, ch. 228, § 4.

ANNOTATIONS

County officers as bail bondsmen. - The prohibitions against county officers acting as bail bondsmen in 59A-51-4 NMSA 1978 and Subsection C of this section fail to satisfy heightened rational-basis scrutiny; that element of the statutes is invalid under the equal protection clause of the New Mexico Constitution. *Alvarez v. Chavez*, 118 N.M. 732, 886 P.2d 461 (Ct. App. 1994).

59A-51-14. Denial, suspension, revocation or refusal to continue license.

A. The superintendent may deny, suspend, revoke or refuse to continue any license issued under this article for any of the following causes or for any violation of the laws of this state relating to bail or the bail bond business:

- (1) for any cause for which issuance of the license could have been refused had it then existed and been known to the superintendent;
- (2) material misstatement, misrepresentation or fraud in obtaining the license;
- (3) misappropriation, conversion or unlawful withholding of money belonging to insurers or others and received in the conduct of business under the license;
- (4) fraudulent or dishonest practices in the conduct of business under the license;
- (5) wilful failure to comply with, or wilful violation of any proper order, rule or regulation of the superintendent;
- (6) failure or refusal, upon demand, to pay over to any insurer he represented, any money coming into his hands belonging to the insurer;
- (7) wilful failure to return collateral security to the principal when the principal is entitled thereto;
- (8) for knowingly having in his employ a person whose bail bond business license has been revoked, suspended or denied in this or any other state; or
- (9) wilful failure, neglect or refusal to supervise a solicitor's activities in his behalf.

B. When, in the judgment of the superintendent, the licensee in the conduct of affairs under the license has demonstrated incompetency, untrustworthiness, conduct or practices rendering him unfit to engage in the bail bond business, or making his continuance in such business detrimental to the public interest, or that he is no longer in good faith engaged in the bail bond business, or that he is guilty of rebating, or offering to rebate his commissions in the case of limited surety agents or premiums in the case of professional bondsmen, and for such reasons is found by the superintendent to be a source of detriment, injury or loss to the public, he shall revoke or suspend the license.

C. In case of the suspension or revocation of license of any bail bondsman, the license of any or all other bail bondsmen who are members of the same agency and any or all solicitors employed by such agency, who knowingly were parties to the act which formed the ground for the suspension or revocation shall likewise be suspended or revoked, except for the purpose of completing pending matters, and those persons who knowingly were parties to the act are prohibited from being licensed as a member of or bail bondsman or solicitor for some other agency.

D. No license under this article shall be issued, renewed or permitted to exist when the same is used directly or indirectly to circumvent the provisions of this article.

E. The Uniform Licensing Act [61-1-1 to 61-1-31 NMSA 1978] shall apply with regard to the procedure for denial, revocation, suspension or refusal to continue a license pursuant to this article.

History: Laws 1984, ch. 127, § 941.

59A-51-15. Duration of suspension; relicensing after revocation.

A. The superintendent in his order suspending a license, shall specify the period during which the suspension is to be in effect, but such period shall not exceed one year subject to modification in the superintendent's discretion. A license which has been suspended shall not be reinstated except upon request for such reinstatement, but the superintendent shall not grant reinstatement if he finds that the circumstances for which the previous license was revoked still exist or are likely to recur.

B. When an individual's license has been revoked, the superintendent shall have the right to refuse to accept an application for another license under this article for a period of one year from the effective date of such revocation, or, if judicial review of such revocation is sought, within two (2) years from the date of final court order or decree affirming the revocation. The superintendent shall not, however, grant a new license to any individual if he finds that the circumstances for which the previous license was revoked still exist or are likely to recur.

C. If licenses as bail bondsman or solicitor as to the same individual have been revoked at two (2) separate times, the superintendent shall not thereafter grant or issue any license to such individual under this article.

D. During the period of suspension or after revocation of the license, the former licensee shall not engage in or attempt or profess to engage in any transaction or business for which a license is required under this article, except that the former licensee may collect premiums on business written prior to the date of the suspension or revocation.

History: Laws 1984, ch. 127, § 942.

59A-51-16. Administrative fine in lieu.

A. The superintendent may, in his discretion, in lieu of license suspension, revocation or refusal, and except on a second offense, impose upon the licensee an administrative penalty of one hundred dollars (\$100), or, if the superintendent has found wilful misconduct or wilful violation on the part of the licensee, an administrative penalty of five hundred dollars (\$500).

B. The superintendent may allow the licensee a reasonable period, not to exceed thirty (30) days, within which to pay to superintendent the amount of the penalty so imposed. If the licensee fails to pay the penalty in its entirety to the superintendent within the period so allowed, the license of the licensee shall stand suspended or revoked, or continuation refused, as the case may be, upon expiration of such period and without any further proceedings.

History: Laws 1984, ch. 127, § 943.

59A-51-17. Probation.

If the superintendent finds that one or more causes exist for the suspension, revocation or refusal to continue any license issued under this article the superintendent may, in his discretion, in lieu of such suspension, revocation or refusal, or in connection with any administrative monetary penalty imposed, place the offending licensee on probation for a period not to exceed two (2) years, as specified by the superintendent in his order.

History: Laws 1984, ch. 127, § 944.

59A-51-18. Penalty.

Among other things, these rules and regulations shall include, but not be limited to, a list of fire-fighting equipment, apparatus and other items which may properly be purchased by any incorporated city, town or village or by any county fire district from funds distributed from the fire protection fund, and standards of quality, construction and performance to be met by major fire-fighting appliances, training requirements, fire fighting protective clothing and equipment standards, and by fire stations and substations, proposed to be purchased or constructed by any city, town, village or district from money distributed from the fire protection fund. 59A-54-10. Assessments.

A. Following the close of each fiscal year, the pool administrator shall determine the net premium, being premiums less administrative expense allowances, the pool expenses and claim expense losses for the year, taking into account investment income and other appropriate gains and losses. The assessment for each insurer shall be determined by multiplying the total cost of pool operation by a fraction the numerator of which equals that insurer's premium and subscriber contract charges or their equivalent for health insurance written in the state during the preceding calendar year and the denominator of which equals the total of all premiums and subscriber contract charges written in the state; provided that premium income shall not include any payments by the secretary of health and human services pursuant to a contract issued under Section 1876 of the Social Security Act, as amended. The board may adopt other or additional methods of adjusting the formula to achieve equity of assessments among pool members.

C. The proportion of participation of each member in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed with it by the member. Any deficit incurred by the pool shall be recouped by assessments apportioned among the members of the pool pursuant to the assessment formula provided by Subsection A of this section; provided that the assessment for any pool member shall be allowed as a thirty percent credit on the premium tax return for that member.

D. The board may abate or defer, in whole or in part, the assessment of a member of the pool if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligation. In the event an assessment against a member of the pool is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in Subsection A of this section. The member receiving the abatement or deferment shall remain liable to the pool for the deficiency for four years.

A. A person is eligible for a pool policy only if on the effective date of coverage or renewal of coverage the person is a New Mexico resident, and:

(1) is not eligible as an insured or covered dependent for any health plan that provides coverage for comprehensive major medical or comprehensive physician and hospital services;

(2) is only eligible for a health plan that is offered at a rate higher than that available from the pool;

(3) has been rejected for coverage for comprehensive major medical or comprehensive physician and hospital services; or

(4) is only eligible for a health plan with a rider, waiver or restrictive provision for that particular individual based on a specific condition.

B. Coverage under a pool policy is in excess of and shall not duplicate coverage under any other form of health insurance.

C. A pool policy shall provide that coverage of a dependent unmarried person terminates when the person becomes nineteen years of age or, if the person is enrolled full time in an accredited educational institution, when he becomes twenty-five years of age. The policy shall also provide in substance that attainment of the limiting age does not operate to terminate coverage when the person is and continues to be:

(1) incapable of self-sustaining employment by reason of mental retardation or physical handicap; and

(2) primarily dependent for support and maintenance upon the person in whose name the contract is issued.

Proof of incapacity and dependency shall be furnished to the insurer within one hundred twenty days of attainment of the limiting age and subsequently as required by the insurer but not more frequently than annually after the two-year period following attainment of the limiting age.

D. A pool policy that provides coverage for a family member of the person in whose name the contract is issued shall, as to the coverage of the family member or the individual in whose name the contract was issued, provide that the health insurance benefits applicable for children are payable with respect to a newly born child of the family member or the person in whose name the contract is issued from the moment of coverage of injury or illness, including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. If payment of a specific premium is required to provide coverage for the child, the contract may require that notification of the birth of a child and payment of the required premium shall be furnished to the carrier within thirty-one days after the date of birth in order to have the coverage continued beyond the thirty-one day period.

E. A pool policy may contain provisions under which coverage is excluded during a six-month period following the effective date of coverage as to a given individual for pre-existing conditions, as long as either of the following exists:

(1) the condition has manifested itself within a period of six months before the effective date of coverage in such a manner as would cause an ordinarily prudent person to seek diagnoses or treatment; or

(2) medical advice or treatment was recommended or received within a period of six months before the effective date of coverage.

F. The pre-existing condition exclusions described in Subsection E of this section shall be waived to the extent to which similar exclusions have been satisfied under any prior health insurance coverage which was involuntarily terminated, if the application for pool coverage is made not later than thirty-one days following the involuntary termination. In that case, coverage in the pool shall be effective from the date on which the prior coverage was terminated. This subsection does not prohibit pre-existing conditions coverage in a pool policy that is more favorable to the insured than that specified in this subsection.

G. An individual is not eligible for coverage by the pool if:

(1) he is, at the time of application, eligible for medicare or medicaid which would provide coverage for amounts in excess of limited policies such as dread disease, cancer policies or hospital indemnity policies;

(2) he has terminated coverage by the pool within the past twelve months; or

(3) he is an inmate of a public institution or is eligible for public programs for which medical care is provided.

H. Any person whose health insurance coverage from a qualified state health policy with similar coverage is terminated because of nonresidency in another state may apply for coverage under the pool. If the coverage is applied for within thirty-one days after that termination and if premiums are paid for the entire coverage period, the effective date of the coverage shall be the date of termination of the previous coverage.

ANNOTATIONS

Delayed repeals. - Laws 1994, ch. 75, § 35 repeals 59A-56-1 to 59A-56-25 NMSA 1978, as enacted by Laws 1994, ch. 75, §§ 1 to 25, effective June 30, 1998.

59A-56-11. Assessments. (Effective until June 30, 1998.)

A. After the completion of each calendar year, the alliance shall assess all its members for the total reinsurance loss in the previous calendar year and for the net administrative loss that occurred in the previous calendar year, taking into account investment income for the period and other appropriate gains and losses using the following definitions:

(1) net reinsurance losses shall be the reinsurance incurred claims against the alliance for the previous calendar year reduced by the reinsurance earned premiums charged by the alliance; and

(2) net administrative losses shall be the administrative expenses incurred by the alliance in the previous calendar year less the sum of administrative allowances earned by the alliance and any legislative appropriation for the period, but, in the event of an administrative gain, net administrative losses for the purpose of assessments shall be considered zero, and the gain shall be carried forward to the administrative fund for the next calendar year as an additional allowance.

B. The assessment for each member shall be determined by multiplying the total losses of the alliance's operation, as defined in Subsection A of this section, by a fraction, the numerator of which equals that member's total premium, or its equivalent, for health insurance written in the state during the preceding calendar year and the denominator of which equals the total of all health insurance premiums written in the state during the preceding calendar year; provided that premium income shall not include payments by the secretary of human services pursuant to a contract issued under Section 1876 of the federal Social Security Act, and shall not include premium income exempted by the federal Employee Retirement Income Security Act of 1974 or other federal programs.

C. If assessments exceed actual reinsurance losses and administrative losses of the alliance, the excess shall be held at interest by the board to offset future losses.

D. To enable the board to properly determine the net reinsurance amount and its responsibility for reinsurance to each member:

(1) by April 15 of each year, each member offering an approved health plan shall submit a listing of all incurred claims or health charges of each approved health plan for the previous year, including all claims or health charges incurred in the previous year and paid prior to April 1 of the current year. From this amount shall be subtracted and identified by list all incurred claims or health charges of each approved health plan paid in the previous year's months of January, February and March incurred prior to the previous year; and

(2) by April 15 of each year, each member shall submit a report that includes the total amount of all earned premiums received during the prior year less any earned premium exempted by federal government programs.

E. The alliance shall notify members of the amount of the assessment due by May 15 of each year. The assessment shall be paid by the member by June 15 of each year.

F. The proportion of participation of each member in the alliance shall be determined annually by the board, based on annual statements filed by each member and other reports deemed necessary by the board. Any deficit incurred by the alliance shall be recouped by assessments apportioned among the members pursuant to the formula provided in Subsection B of this section; provided that the assessment paid for any member shall be allowed as a credit on the premium tax return for that member, with the credit limited to fifty percent the first year the assessment is imposed; forty percent the second year; and thirty percent the third and all subsequent years.

G. The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, after approval of the superintendent, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. In the event an assessment against a member is abated or deferred, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in Subsection A of this section. The member receiving the abatement or deferment shall remain liable to the alliance for the deficiency for four years, including interest at the prevailing rate as determined by regulation of the superintendent. The board may sue to recover the abatement or deferment, plus interest and costs.

The policy shall also provide in substance

Proof of incapacity and dependency shall be furnished to the alliance and the member that offered the approved health plan within one hundred twenty days of attainment of the limiting age. The board may require subsequent proof annually after a two-year period following attainment of the limiting age.

E. The preexisting condition exclusions described in Subsection D of this section shall be waived to the extent to which similar exclusions have been satisfied under any prior health insurance coverage if the application for health insurance through the alliance is made not later than thirty-one days following the termination of the prior coverage. In that case, coverage through the alliance shall be effective from the date on which the prior coverage was terminated.
