

CHAPTER 17 GAME AND FISH

ARTICLE 1 STATE GAME COMMISSION

17-1-1. [Declaration of policy.]

It is the purpose of this act and the policy of the state of New Mexico to provide an adequate and flexible system for the protection of the game and fish of New Mexico and for their use and development for public recreation and food supply, and to provide for their propagation, planting, protection, regulation and conservation to the extent necessary to provide and maintain an adequate supply of game and fish within the state of New Mexico.

History: Laws 1921, ch. 35, § 1; C.S. 1929, § 57-101; Laws 1931, ch. 117, § 1; 1941 Comp., § 43-101; 1953 Comp., § 53-1-1.

Cross-references. - As to transfer of radio communication property of remote sites from department of game and fish to communications division of department of general services, see 15-2-4 NMSA 1978.

As to public lands generally, see Chapter 19 NMSA 1978.

As to the Off-Highway Motorcycle Act, see 66-3-1001 to 66-3-1016 NMSA 1978.

As to water law generally, see Chapter 72 NMSA 1978.

As to animals generally, see Chapter 77 NMSA 1978.

Compiler's note. - The words "this act" were substituted by the 1931 amendment to this section for the words "this bill", which appeared in the 1921 act. If referring to the 1921 act, they would refer to 17-1-1 to 17-1-4, 17-1-14, 17-1-27 and 17-2-6 NMSA 1978. If referring to the 1931 act, they would refer to 17-1-1, 17-1-5, 17-1-15, 17-1-26, 17-2-1, 17-2-5, 17-2-7, 17-2-9 and 17-2-10 NMSA 1978.

Allocation of licenses based on residency, impermissible discrimination. - The allocation of licenses for bighorn, oryx and ibex by the state game commission on the basis of residency discriminates impermissibly against nonresidents under the federal constitution. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

Fee structure, although discriminatory, not offensive. - The present fee structure in 17-3-13 NMSA 1978, which discriminates against nonresidents, is not offensive to either

the privileges and immunities clause, U.S. Const., art. IV, § 2, or the U.S. Const., amend. XIV. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

The state's power over public waters is plenary. *State ex rel. State Game Comm'n v. Red River Valley Co.*, 51 N.M. 207, 182 P.2d 421 (1945).

They are dedicated to fishing and recreation. - Since public waters of the state by legislative enactment are dedicated to public uses of fishing and recreation, Conchas Lake is covered by these provisions. *State ex rel. State Game Comm'n v. Red River Valley Co.*, 51 N.M. 207, 182 P.2d 421 (1945).

Enclosing public waters cannot prevent fishing or hunting. - Fact that an adjoining landowner encloses waters which belong to the public does not make thereof a privately owned enclosure, and its treatment as such by the state would involve granting of a special "right" or "privilege" which is prohibited by the constitution, so that a license holder could not be prevented from fishing or hunting on the enclosure. *State ex rel. State Game Comm'n v. Red River Valley Co.*, 51 N.M. 207, 182 P. 2d 421 (1945).

Carrying firearms before hunting season opens may be prohibited. - Powers granted to state game commission include authority to prohibit the carrying of firearms in hunting areas for specified periods of time before opening of the big game season. 1947-48 Op. Att'y Gen. No. 5135.

Am. Jur. 2d, A.L.R. and C.J.S. references. - Waste of fish, constitutionality and construction of statutes for prevention of, 38 A.L.R. 1198.

17-1-2. State game commission; appointment; term.

To carry out the purpose of Chapter 17 NMSA 1978 and all other acts for like purpose, there is created a "state game commission" of seven members, not more than four of whom shall be of the same political party at the time of their appointment. The members of the commission shall be appointed by the governor with the advice and consent of the senate. The term of office for each member of the commission shall be four years. At the time of making the first appointments, the governor shall designate the commissioners' terms as being one, two, three or four years so that the term of no more than two commissioners shall expire each year.

In making appointments to the state game commission, one member shall be appointed from each of the following districts:

A. district one: Curry, De Baca, Roosevelt, Chaves, Lincoln, Otero, Eddy and Lea counties;

B. district two: Catron, Socorro, Grant, Hidalgo, Luna, Sierra and Dona Ana counties;

C. district three: San Juan, McKinley, Cibola, Valencia, Sandoval, Los Alamos and Rio Arriba counties;

D. district four: Santa Fe, Taos, Colfax, Union, Mora, Harding, Quay, San Miguel, Guadalupe and Torrance counties; and

E. district five: Bernalillo county.

The remaining two members shall be appointed at-large. At least one member of the commission shall manage and operate a farm or ranch that contains at least two species of wildlife on that part which is deeded land requiring licensing prior to legal pursuit under the provisions of Section 17-3-2 NMSA 1978. At least one member shall have a demonstrated history of involvement in wildlife and habitat protection issues and whose activities or occupation are not in conflict with wildlife and habitat advocacy. The state game commission as provided in Chapter 17 NMSA 1978 shall have the same authority, powers and duties as now vested in the state game commission by law, and each member of the state game commission shall serve until his successor has been appointed and qualified.

History: Laws 1921, ch. 35, § 2; C.S. 1929, § 57-102; 1941 Comp., § 43-102; Laws 1945, ch. 26, § 1; 1953 Comp., § 53-1-2; Laws 1985, ch. 107, § 1; 1991, ch. 103, § 1.

The 1991 amendment, effective April 2, 1991, substituted "seven members" for "five members" and "four of whom" for "three of whom" in the first sentence; substituted "four years" for "five years" at the end of the third sentence; deleted "and five" preceding "years" and substituted "no more than two commissioners" for "one commissioner" and made a related stylistic change in the fourth sentence; and, following Subsection E, substituted the next three sentences for "provided that each existing member of the commission on the effective date of this 1985 act shall complete the term for which he was appointed, and, upon completion of such term, appointment shall be made in such manner so as to comply with the provisions of this section."

A district judge may serve as a member of the state game commission. 1945-46 Op. Att'y Gen. No. 4735.

17-1-3. Members to serve without compensation; per diem and mileage.

The members of the state game commission shall receive no pay for their services as members of the commission, but shall be allowed per diem and mileage pursuant to the provisions of the Per Diem and Mileage Act [10-8-1 to 10-8-8 NMSA 1978]. All salaries,

per diem and contingent expenses incurred by the department of game and fish or the state game commission shall be paid upon warrants of the secretary of finance and administration, supported by vouchers of the director of the department of game and fish.

History: Laws 1921, ch. 35, § 3; C.S. 1929, § 57-103; 1941 Comp., § 43-103; 1953 Comp., § 53-1-3; Laws 1977, ch. 247, § 160; 1979, ch. 273, § 6.

17-1-4. [Organization; annual and called meetings; secretary.]

Within sixty days after this act [17-1-1 to 17-1-4, 17-1-14, 17-1-27 and 17-2-6 NMSA 1978] shall take effect, the state game commission shall meet at the capitol and organize by electing from its membership a chairman, and thereafter one meeting shall be held annually, and others at the call of the governor, or a majority of the commission. The state game warden [director of the department of game and fish] shall be secretary of the commission.

History: Laws 1921, ch. 35, § 4; C.S. 1929, § 57-104; 1941 Comp., § 43-104; 1953 Comp., § 53-1-4.

Compiler's note. - Pursuant to Laws 1955, ch. 59, § 2, transferring the duties of the state game warden, "director of the department of game and fish" has been inserted in brackets in the second sentence. See 17-1-6 NMSA 1978.

17-1-5. Employment and discharge of director and other employees; department of game and fish created.

A. The state game commission shall employ a director who shall, under such authorization that the game commission shall approve, employ such conservation officers, clerks and other employees as he shall deem proper and necessary to enforce and administer the laws and regulations relating to game and fish, and who shall prescribe their duties respectively, and who with the advice and consent of the state game commission shall fix the compensation of all the employees of the "department of game and fish," which is hereby created.

B. The state game commission may at any time discharge the director for reasons that the state game commission shall deem sufficient. The director may dismiss employees in accordance with the provisions of the Personnel Act.

History: Laws 1931, ch. 117, § 5; 1941 Comp., § 43-105; 1953 Comp., § 53-1-5; Laws 1955, ch. 59, § 1; 1973, ch. 186, § 3.

Appropriations. - Laws 1988, ch. 83, § 1, effective May 18, 1988, appropriates \$746,000 from the game protection fund to the department of game and fish for expenditure in the seventy-seventh fiscal year for the purpose of granting salary and related benefits to wildlife classified employees of the department of game and fish and

provides that any unexpended or unencumbered balance remaining at the end of the seventy-seventh fiscal year shall revert to the game protection fund.

Laws 1990, ch. 132, § 10, effective March 7, 1990, appropriates \$1,000,000 from the game protection fund and the game and fish bond retirement fund for the purpose of constructing the Mora national fish hatchery contingent upon a cooperative agreement between the department of game and fish and the United States fish and wildlife service that provides for the hatchery to make fish available to the state in proportion to the state's contribution, for the agreement to last at least fifteen years and for termination and disposition of property and funds provisions for expenditure in the seventy-eighth through eighty-first fiscal years.

Personnel Act. - See 10-9-1 NMSA 1978 and notes thereto.

Officers of the state game commission are state officers. Allen v. McClellan, 77 N.M. 801, 427 P.2d 677 (1967), overruled on other grounds New Mexico Livestock Bd. v. Dose, 94 N.M. 68, 607 P.2d 606 (1980).

But the department of game and fish is not a constitutional agency. 1957-58 Op. Att'y Gen. No. 57-268.

Citizenship requirement for wildlife law enforcement officers. - By operation of state law, wildlife law enforcement officers can be required to hold New Mexico and United States citizenship. 1979 Op. Att'y Gen. No. 79-30.

17-1-6. [Transfer of duties and obligations.]

The director shall fulfill all the duties and obligations heretofore imposed upon the state game warden, and shall exercise all the powers heretofore granted to the state game warden. The conservation officers appointed by the director shall assume those duties and powers heretofore imposed upon or granted to deputy game wardens.

History: 1953 Comp., § 53-1-5.1, enacted by Laws 1955, ch. 59, § 2.

Cross-references. - As to designation of state game commission employees to enforce antilittering statute, see 30-8-5 NMSA 1978.

17-1-7. [Position of reserve conservation officer created.]

There is hereby created within the department of game and fish the position of reserve conservation officer, which shall be a nonsalaried position.

History: 1953 Comp., § 53-1-5.2, enacted by Laws 1955, ch. 181, § 1.

17-1-8. [Qualifications of reserve conservation officers.]

Reserve conservation officer commissions shall be issued only to the following:

A. persons who have successfully completed a school of at least twenty-five hours, conducted by the department of game and fish, covering procedures and techniques of wildlife management, law enforcement, public relations and such other subjects as may be deemed desirable by the department of game and fish.

B. the director may substitute a minimum of six months experience as an employee of a state or federal conservation agency or a state livestock law enforcement board in lieu of the aforementioned schooling. Any substitution made under the provisions of this paragraph shall be limited to personnel currently employed by one of the aforementioned conservation agencies. Any appointments the director may make under the provisions of this paragraph will terminate automatically with the termination of employment by said agency of the individual so appointed or the individual's transfer from the state.

History: 1953 Comp., § 53-1-5.3, enacted by Laws 1955, ch. 181, § 2.

Instruction but not classroom school is required. - The statute does not require the "school" to be of the classroom type; the "school" of experience can ensure qualified reserve conservation officers as well as a classroom. If the persons in question have actual instruction as employees of the department in the subject areas of procedures and techniques of wildlife management, law enforcement, public relations and other subjects deemed desirable by the department, those persons have attended "school" in those subjects, an on-the-job training school conducted by the department. Mere employment by the department without instruction in each of those areas will not satisfy the statutory requirements. 1959-60 Op. Att'y Gen. No. 60-214.

17-1-9. Powers and duties of reserve conservation officers.

A. Under the supervision of the department of game and fish and subject to such restrictions as may be provided by the state game commission, reserve conservation officers shall have authority to enforce laws and valid regulations of the state game commission relating to game and fish and perform such duties with respect to wildlife management and conservation education as may be assigned to them from time to time by the department of game and fish. When on duty, reserve conservation officers shall be covered by the Workmen's [Workers'] Compensation Act [Chapter 52, Article 1 NMSA 1978]. Reserve conservation officers shall have only the rights of private citizens in the enforcement of laws other than those relating to game and fish.

B. For the purpose of calculating the amount of reserve conservation officer's disability or death benefits pursuant to the Workmen's [Workers'] Compensation Act, the officer's average weekly wages shall be deemed to be the base wage of a wildlife management officer II as classified by the personnel board.

History: 1953 Comp., § 53-1-5.4, enacted by Laws 1955, ch. 181, § 3; 1985, ch. 33, § 1.

17-1-10. [Issuance of reserve conservation officer commissions; revocation.]

Reserve conservation officer commissions shall be issued annually to such persons meeting the qualifications prescribed in Section 2 [17-1-8 NMSA 1978], as may be deemed necessary or desirable by the director of the department of game and fish. Such commissions may be revoked at any time by said director at his discretion.

History: 1953 Comp., § 53-1-5.5, enacted by Laws 1955, ch. 181, § 4.

17-1-11. Conservation officers; official duties; insurance.

Conservation officers shall, in emergency situations, be considered on duty and within the scope of their employment for purposes of employee benefits, when they follow specific instructions from a duly qualified full-time peace officer and in aid of such peace officer in the carrying out of his duties. The state game commission shall expand current insurance coverage to provide protection in such situations.

History: 1953 Comp., § 53-1-5.6, enacted by Laws 1977, ch. 290, § 5.

17-1-12. Repealed.

ANNOTATIONS

Repeals. - Laws 1978, ch. 132, § 6, repeals 53-1-6 1953 Comp. (17-1-12 NMSA 1978), relating to bond of game and fish director, effective March 6, 1978.

17-1-13. [Seal of director.]

The state warden [director of the department of game and fish] shall keep a seal of office which shall be used to authenticate all papers and documents issued and executed by him as such officer.

History: Laws 1912, ch. 85, § 46; Code 1915, § 2469; C.S. 1929, § 57-254; 1941 Comp., § 43-107; 1953 Comp., § 53-1-7.

Compiler's note. - Pursuant to Laws 1955, ch. 59, § 2, transferring the duties of the state warden, "director of the department of game and fish" has been inserted in brackets. See 17-1-6 NMSA 1978.

17-1-14. General powers and duties of state game commission; game protection fund.

The state game commission shall have general control over the collection and disbursement of all money collected or received under the state laws for the protection and propagation of game and fish, which money shall be paid over to the state treasurer to the credit of the game protection fund and the fund, including all earned income therefrom, shall not be transferred to another fund. Chapter 17 NMSA 1978 shall be guaranty to the person who pays for hunting and fishing licenses and permits that the money in that fund shall not be used for any purpose other than as provided in Chapter 17 NMSA 1978, and the state game commission shall have authority:

A. to establish and, through the director of the department of game and fish, to operate fish hatcheries for the purpose of stocking public waters of the state and to furnish fish fry and fingerlings to stock private waters, receipts from such sources to go into the game protection fund;

B. to declare closed seasons in any specified locality or localities and on any species of game or fish threatened with undue depletion from any cause;

C. to establish game refuges for the purpose of providing safe sanctuaries in which game may breed and replenish adjacent hunting ranges, it being the purpose of this provision to establish small refuges rather than large preserves, or to close large areas to hunting;

D. to purchase lands for game refuges where suitable public lands do not exist, to purchase lands for fish hatcheries and to purchase lands to be maintained perpetually as public hunting grounds, particularly lands suitable for waterfowl hunting, all such lands to be paid for from the game protection fund;

E. to receive by gift or bequest, in the name and on behalf of the state, lands suitable for game refuges, hunting grounds, fish hatcheries or for any other purpose necessary to carry out the provisions of Chapter 17 NMSA 1978;

F. to designate certain areas as rest grounds for migratory birds, in which hunting shall be forbidden at all times or at such times as the commission shall provide, it being the purpose of this provision not to interfere unduly with the hunting of waterfowl but to provide havens in which they can rest and feed without molestation;

G. to close any public stream or lake or portion thereof to fishing when such action is necessary to protect a recently stocked water, to protect spawning waters or to prevent undue depletion of the fish;

H. to propagate, capture, purchase, transport or sell any species of game or fish needed for restocking any lands or streams of the state;

I. after reasonable notice and hearing, to suspend or revoke any license or permit issued pursuant to the provisions of Chapter 17 NMSA 1978 and withhold license privileges for a definite period not to exceed three years from any person procuring a

license through misrepresentation, violating any provisions of Chapter 17 NMSA 1978 or hunting without a proper license;

J. to adopt regulations establishing procedures which provide reasonable notice and a hearing before the state game commission for the suspension, revocation or withholding of license privileges of any person charged with violating the provisions of Chapter 17 NMSA 1978, subject to such judicial review as may be provided by law; and

K. to conduct studies of programs for the management of endangered and nongame species of wildlife.

The director shall exercise all the powers and duties conferred upon the state game and fish warden by all previous statutes now in force not in conflict with Chapter 17 NMSA 1978.

The commission shall have authority to prohibit all hunting in periods of extreme forest fire danger, at such times and places as may be necessary to reduce the danger of destructive forest fires.

The hunting, pursuing, capturing, killing or wounding of any game animals, birds or fish in or upon any game refuge, rest ground or closed water or closed area or during any closed season established or proclaimed by the state game commission in accordance with the authority conferred in Chapter 17 NMSA 1978 constitutes a misdemeanor and shall be punishable as prescribed in Chapter 17 NMSA 1978.

Allocation of licenses based on residency, impermissible discrimination. - The allocation of licenses for bighorn, oryx and ibex by the state game commission on the basis of residency discriminates impermissibly against nonresidents under the federal constitution. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

Fee structure, although discriminatory, is not offensive. - The present fee structure in 17-3-13 NMSA 1978, which discriminates against nonresidents, is not offensive to either the privileges and immunities clause, U.S. Const., art. IV, § 2, or the U.S. Const., amend. XIV. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

Money in the game protection fund may be used only for the purposes provided in the game and fish laws. 1975 Op. Att'y Gen. No. 75-38.

Game and fish department funds may not be legally spent for out-of-state travel by state game and fish department personnel for purposes of advertising New Mexico's game and fish resources. 1957-58 Op. Att'y Gen. No. 58-216.

There are no provisions for reimbursement of license fees in any circumstances; therefore, persons who have purchased a second license illegally are not entitled to reimbursement for the second license. 1975 Op. Att'y Gen. No. 75-38.

Interest credited to game protection fund, not general fund. - Any interest earned on the investment of money in the game protection fund must be credited to that fund, not the state general fund. 1982 Op. Att'y Gen. No. 82-1.

Use of fire suppression fund appropriated to game and fish department. - A fire suppression fund appropriated to the department of game and fish was not to actually be transferred to the forest conservation commission (now abolished). The department of game and fish was simply authorized to contract with the forest conservation commission to perform fire suppression activities reasonably necessary for the protection of game and fish. The formula to be utilized in providing and paying for such services was a contractual matter between these two agencies. 1961-62 Op. Att'y Gen. No. 61-54.

"Public waters" are all unappropriated waters from natural streams. - The term "public waters" as used in this section is synonymous with the definition of public waters given by the New Mexico supreme court in the case of State ex rel. State Game Comm'n v. Red River Valley Co., 51 N.M. 207, 182 P.2d 421 (1945) where the court stated: "All of our unappropriated waters from 'every natural stream, perennial or torrential, within the state of New Mexico,' Article 16, Section 2, New Mexico Constitution, are public waters. These waters belong to the public until beneficially appropriated. And since the right to fish in public waters, by the test of any rule, is universally recognized, it cannot be said that the right to fish and to use the unappropriated public waters in question is less secure in the public because we determine their character as public by immemorial custom, and Spanish or Mexican law which we have adopted and follow in this respect...." 1959-60 Op. Att'y Gen. No. 59-57.

Such waters may be stocked. - The waters of our streams, whether perennial or torrential in nature, are public waters such as may be stocked by the fish and game commission. 1961-62 Op. Att'y Gen. No. 61-38.

But not municipal reservoirs and waters on Indian and military reservations where fishing fee is charged. - It is not legally proper for the department of game and fish to consider as public waters within the meaning of this section municipal reservoirs and waters on Indian and military reservations where public fishing is permitted, but only on condition of payment of a fee(s) in addition to possession of a valid fishing license. 1957-58 Op. Att'y Gen. No. 57-319.

Indian and military reservations are not instrumentalities of the state of New Mexico, and the lands adjacent thereto are not subject to state control as are the lands of the municipalities. This is true even though the waters running through such property are "public waters" as declared in State ex rel. State Game Comm'n v. Red River Valley Co., 51 N.M. 207, 182 P.2d 421 (1945). In such instance, the general public would be trespassing upon land not open to the free access of the public. 1959-60 Op. Att'y Gen. No. 59-57.

Although small municipal charge for use of lake does not prevent stocking. - A small charge by a municipality sufficient to cover sanitation and maintenance expense for recreational purposes does not change the character of a lake from that of "public waters," and it may be stocked by the state game commission at state expense. 1959-60 Op. Att'y Gen. No. 59-57.

Private waters may be stocked. - If stocking in private, lawfully posted water would not be to such an extent as to deprive the citizenry of a source of public recreation, it may be done. 1957-58 Op. Att'y Gen. No. 57-246.

But only with fry and fingerlings and for consideration. - By use of the terms "fry" and "fingerlings," the legislature thereby excluded the stocking of any fish larger than fry or fingerlings in private waters. Hence, the authorization to stock fish in private waters is

limited to fry or fingerlings, and then for a consideration. 1957-58 Op. Att'y Gen. No. 57-246.

Section lists purposes for which waters may be closed to fishing. - The three purposes for which a public stream or lake or portion thereof may be closed to fishing are set forth in Subsection G of this section. These purposes are when it is necessary to protect recently stocked water, to protect spawning waters or to prevent undue depletion of fish. 1957-58 Op. Att'y Gen. No. 58-119.

And they are exclusive. - The state game commission is not authorized under this section to close any public stream or lake or portion thereof to fishing, when such action is not for the purpose of protecting a recently stocked water or to protect spawning waters, or to prevent undue depletion of the fish in such waters. 1957-58 Op. Att'y Gen. No. 58-119.

Fishing in Elephant Butte lake. - The commission is authorized to issue permits to fish in Elephant Butte lake. 1921-22 Op. Att'y Gen. No. 60.

Disposition of land for federal fish hatchery. - The state game commission has no authority to dispose of land owned by it to United States for a fish hatchery. 1931-32 Op. Att'y Gen. No. 59 (issued prior to enactment of 17-4-3 NMSA 1978).

Dictates of experience and local regulations govern handling of explosives. - The department of game and fish in transporting and storing explosives about the state and through cities and towns must adopt precautionary measures following the dictates of good judgment, based on experience in handling explosives, and local regulations. 1957-58 Op. History: Laws 1931, ch. 117, § 4; 1941 Comp., § 43-205; 1953 Comp., § 53-2-5; Laws 1961, ch. 106, § 1.

Authority to promulgate orders is constitutional. - Authority given to the game commission to promulgate orders is not an unconstitutional delegation of legislative power. *State ex rel. Sofeico v. Heffernan*, 41 N.M. 219, 67 P.2d 240 (1936).

Proper promulgation of rules presumed. - In habeas corpus proceeding to discharge one convicted of violating regulations of state game commission, the court assumes that the regulations have been properly promulgated. *State ex rel. Sofeico v. Heffernan*, 41 N.M. 219, 67 P.2d 240 (1936).

Return of game or proceeds after wrongful confiscation. - Where the department of game and fish confiscated an elk from a person charged with a hunting misdemeanor, and the magistrate court dismissed the case because the game officer failed to identify the defendant at the hearing as the person charged, the department was not required to

"Emergency" defined. - There are three elements to an "emergency" as that term is used in subsection C(2): (1) the gravity of the threatened harm; (2) the likelihood of the harm occurring; and (3) the lack of time in which action can be taken to avert the harm, especially whether it was feasible to summon a regular law enforcement officer. These factors must be considered from the conservation officer's point of view. *State v. Creech*, 111 N.M. 490, 806 P.2d 1080 (Ct. App. 1991).

"Reason to believe" defined. - The legislature intended subsection A(3) as a limit on the authority of conservation officers and in using the phrase "reason to believe" should be understood to have required individualized suspicion. *State v. Creech*, 111 N.M. 490, 806 P.2d 1080 (Ct. App. 1991).

17-2-21. [Sale or disposition of game or fish after seizure; invoice furnished purchaser or donee; disposition of proceeds of sale.]

All game and fish seized under the game laws shall without unnecessary delay be sold by the officer making such seizure, or by the state warden [director of the department of game and fish], except when such sale is impracticable or likely to incur expenses exceeding the proceeds, in which case the same shall be donated to some charitable institution or needy person not concerned in the unlawful killing, or possession thereof. The officer making such seizure shall sign and give to each purchaser or donee an invoice stating the time and place of disposition, the kind and weight as near as may be of the game or fish disposed of and the name of the purchaser or donee. Such invoice shall authorize possession, transportation and use within the state, and storage for thirty days from date. The proceeds from such sale, after deducting the cost of seizure and sale shall, if made by the state warden [director] or any deputy [conservation officer] under salary, be paid into the game protection fund, but if made by a deputy warden [conservation officer] not under salary, or any other officer, shall be paid one-half to the officer making such seizure.

Return of game or proceeds after wrongful confiscation. - Where the department of game and fish confiscated an elk from a person charged with a hunting misdemeanor, and the magistrate court dismissed the case because the game officer failed to identify the defendant at the hearing as the person charged, the department was not required to return the elk, or the proceeds from the sale of the elk, to that person. 1988 Op. Att'y Gen. No. 88-43.

17-2-22. Sale of evidence in cases of appeal.

A. For the purpose of avoiding waste, game or fish confiscated and held as evidence in any prosecution for violation of the game laws, if fit for human consumption, shall be sold by the conservation officer or other officer having jurisdiction in the prosecution as soon as possible after the filing of any appeal from the decision of the court to any higher court.

B. The evidence shall be sold for the highest cash price offered and the proceeds of the sale forwarded to the main office of the department of game and fish at Santa Fe to be deposited in the game protection fund. A copy of the receipt of sale shall be delivered to the court and shall be attached to the papers forwarded to the higher court on appeal.

C. If the higher court finds the defendant to be not guilty of the charge he shall be reimbursed within ten days after such decision by the department of game and fish for the full amount of the proceeds from the sale of evidence.

17-2-23. [Reports of seizures and sales.]

In all cases the officer making a seizure or sale shall, within ten days thereafter, report all the particulars thereof and an itemized statement of the proceeds, expenses and fees and the disposition thereof, and pay the remainder of the proceeds, if any, to the state treasurer to be by him paid into the game protection fund.

17-2-24. [Officer's right to use animal or vehicle transporting seized game or fish; public conveyances excepted.]

Where game or fish while being transported is seized under this chapter, the officer making such seizure shall have authority upon payment of reasonable compensation therefor, to also take possession of and use any animals and vehicles used in such transportation for the purpose of conveying the game or fish seized to a convenient railroad station or place of safekeeping or sale, and also for conveying any person arrested for the unlawful possession of such game or fish to a place of hearing or trial,

and no liability shall attach to such officer by reason thereof, but this section shall not apply to any animal or vehicle while being used as a public conveyance for passengers or mails, or any railroad car.

17-2-25. [Game or fish in possession of passenger; carrier exempt from liability; seizure.]

Nothing in this chapter shall make a common carrier liable for transportation of game and fish when same is in the possession of a passenger, but such fact shall not exempt the same from seizure if unlawfully taken, killed, held in possession or transported.

History: Laws 1912, ch. 85, § 37; Code 1915, § 2460; C.S. 1929, § 57-245; 1941 Comp., § 43-229; 1953 Comp., § 53-2-27.

17-2-26. Civil liability.

A. The director of the department of game and fish, or any other officer charged with enforcement of the laws relating to game and fish, if so directed by the director, may bring a civil action in the name of the state against any person unlawfully wounding or killing, or unlawfully in possession of, any game quadruped, bird or fish, or part thereof, and recover judgment for the following minimum sums as damage for the taking, killing or injuring:

B. No verdict or judgment recovered by the state in the action shall be for less than the sum fixed in this section. The action for damages may be joined with an action for possession, and recovery had for the possession as well as the damages.

C. The pendency or determination of an action for damages or payment of a judgment, or the pendency or determination of a criminal prosecution for the same taking, wounding, killing or possession, is not a bar to the other, nor does either affect the right of seizure under any other provision of the laws relating to game and fish.

Sums of money listed constitute minimum amount of money in a civil liability suit. 1968 Op. Att'y Gen. No. 68-7.

Officer bringing action has discretion in requesting amount. - This section vests discretion in the director or other officer bringing the action to set the request for the defendant's liability at any level consonant with the statutory minimum. 1968 Op. Att'y Gen. No. 68-7.

He may ask for sum within jurisdiction of magistrate. - If, in the exercise of his discretion, the officer bringing the suit on behalf of the state should determine that the suit should ask for no more than the statutory jurisdictional maximum amount, then the suit may be heard by a justice of the peace (now magistrate). 1968 Op. Att'y Gen. No. 68-7.

17-2-27. [District attorneys to prosecute and defend actions under fish and game laws.]

It shall be the duty of each of the district attorneys in this state to prosecute and defend for the state in all courts of the county or counties in their respective districts, all causes, criminal and civil, arising under the provisions of this chapter, in which the state may be a party or interested or concerned.

17-2-28. [Indians hunting off reservations; hunting on reservations; application of laws.]

The provisions of this chapter shall apply to all Indians off the reservation within this state, or coming into this state from adjoining states, and to all persons hunting on any Indian reservation within this state; provided, however, that no Indian shall be required to have a license to hunt or fish within the limits of the reservation where said Indian resides.

History: Laws 1912, ch. 85, § 7; Code 1915, § 2430; Laws 1919, ch. 133, § 1; C.S. 1929, § 57-212; 1941 Comp., § 43-233; 1953 Comp., § 53-2-31.

Compiler's note. - The words "this chapter" refer to Chapter 47, 1915 Code. For disposition of Chapter 47 in NMSA 1978, see note to 17-2-11 NMSA 1978.

In absence of treaty Indian outside Indian country is subject to state laws. - As a general rule, if there is no treaty or agreement between the United States and the Indian tribe recognizing or granting rights to Indians to hunt and fish outside the Indian country, an Indian hunting or fishing in New Mexico outside the Indian country is subject to the laws of the state of New Mexico the same as any other person. 1953-54 Op. Att'y Gen. No. 6041.

An Indian may be assessed a license fee and regulated off the reservation for hunting and fishing the same as any other person of the state, except the Navajos must be permitted to hunt free of charge off the reservation. 1953-54 Op. Att'y Gen. No. 6041.

But is exempt in Indian country even if off his reservation. - An Indian hunting or fishing on a reservation not his own is still an Indian in Indian country and is exempt from the game laws of the state. 1953-54 Op. Att'y Gen. No. 6041.

Non-Indian may be prosecuted for violation in Indian country. - The state of New Mexico has jurisdiction to prosecute non-Indians violating the hunting and fishing laws of this state even though such violation occurs on an Indian reservation. 1973 Op. Att'y Gen. No. 73-18; 1953-54 Op. Att'y Gen. No. 6041.

Section 2 of N.M. Const., art. XXI, provides that until the title of Indians shall have been extinguished, the lands shall be under the absolute jurisdiction and control of the congress of the United States, but this clearly does not deprive the state of jurisdiction over offenses committed by a non-Indian against a non-Indian in Indian country, nor does it prevent the enforcement of the game laws against non-Indians in the Indian country. 1953-54 Op. Att'y Gen. No. 6041.

State game laws inapplicable on reservations. - The state may not apply its games laws to persons for acts done on the Mescalero Apache reservation, under the principles of federal preemption and tribal self-government. *Mescalero Apache Tribe v. New Mexico*, 630 F.2d 724 (10th Cir. 1980), aff'd, 462 U.S. 364, 103 S. Ct. 2378, 76 L. Ed. 2d 611 (1982).

The application on the Mescalero Apache tribe reservation, of New Mexico's hunting and fishing laws to nonmembers of the tribe is preempted by the operation of federal law. *New Mexico v. Mescalero Apache Tribe*, 462 U.S. 324, 103 S. Ct. 2378, 76 L. Ed. 2d 611 (1983).

State has jurisdiction of hides, etc., taken on Indian reservation only if taken by non-Indian. - So far as possession of hides, skins, pelts, heads and game animals, birds or fish, or parts thereof, taken by a non-Indian on an Indian reservation, the state would have jurisdiction the same as though taken anywhere else in the state; but in the case of such items taken by an Indian on an Indian reservation and transported elsewhere, the state would have absolutely no jurisdiction whatsoever. 1953-54 Op. Att'y Gen. No. 6041.

17-2-29. [Hunting and boating while intoxicated or under the influence of narcotic drugs prohibited.]

In order to prevent hunting and boating accidents and to promote the public safety, it shall hereafter be unlawful for any person, while clearly intoxicated as a result of drinking alcoholic liquors or under the influence of any narcotic drug, to hunt, kill or attempt to take in any manner any game or nongame mammal or bird, or to carry firearms of any kind or bow and arrows in any hunting area; or to go or to be upon the waters of any lake in a boat or on a raft.

In the event any person shall be convicted of a violation of this act [17-2-29, 17-2-30 NMSA 1978], his hunting and fishing license shall be revoked and all hunting and fishing license privileges withheld for a period of twelve months.

It shall be unlawful for any person or one or more of a group of persons together to throw or cast the rays of a spotlight or other artificial light into any field, pasture, woodland, forest or prairie wherein big game or domestic livestock may be, or may be reasonably expected to be, while having in his possession or their possession or under control a firearm or other implement whereby any big game animal or domestic animal could be killed by aid of an artificial light; provided, however, that all officers authorized to enforce the game and livestock laws of the state of New Mexico and all landowners or lessees, while on their own lands in connection with their legitimate activities, and

employees of such landowners and lessees shall be exempt from the provisions of this act [section].

17-2-32. Diseased rabbits; hunting and trapping.

The department of game and fish may restrict hunting and trapping of rabbits in any area when notified by the department of public health [department of health] that rabbits in the area are infected with bubonic plague. Any restriction under this section shall be terminated when the department of public health [department of health] notifies the department of game and fish that danger, of public health significance, no longer exists in the area with respect to these diseased rabbits.

History: 1953 Comp., § 53-2-45, enacted by Laws 1963, ch. 150, § 1.

Bracketed material. - The bracketed references to the department of health were inserted by the compiler. By Laws 1968, ch. 37, § 3, the functions of the department of public health were transferred to the department of health and social services. The department of health and social services was abolished and its health functions transferred to the health and environment department under 9-7-4 NMSA 1978 by Laws 1977, ch. 253, §§ 3 and 5. However, Laws 1991, ch. 25, § 16 repeals former 9-7-4 NMSA 1978 and enacts a new 9-7-4 NMSA 1978 creating the department of health. The bracketed material was not enacted by the legislature and is not part of the law.

Section is not void for uncertainty. State v. Barber, 91 N.M. 764, 581 P.2d 27 (Ct. App. 1978).

Absence of criminal intent element does not violate due process. - Given the public interest concerned and the difficulties involved in the protection of big game animals and livestock, together with the apparent general public attitude, it appears that the legislature intended to eliminate the element of criminal intent so that it is the doing of the act alone which is prohibited, and this does not violate due process. State v. Barber, 91 N.M. 764, 581 P.2d 27 (Ct. App. 1978).

Upon the completion of the course and certification to the department by the instructor, the department shall cause to be issued, to the person instructed, a certificate of competency in the safe handling of firearms, which shall be valid unless revoked by the department of game and fish for such cause as determined by regulation of the department to be unsafe handling of a firearm.

Allocation of licenses based on residency impermissible discrimination. - The allocation of licenses for bighorn, oryx and ibex by the state game commission on the basis of residency discriminates impermissibly against nonresidents under the federal constitution. *Terk v. Gordon*, No. 74-387-M (D.N.M., filed Aug. 25, 1977), *aff'd*, 436 U.S. 850, 98 S. Ct. 3063, 56 L. Ed. 2d 751 (1978).

Fee structure, although discriminatory, not offensive. - The present fee structure in 17-3-13 NMSA 1978, which discriminates against nonresidents, is not offensive to either the privileges and immunities clause, U.S. Const., art. Each license issued under Chapter 17 NMSA 1978, runs from April 1 through March 31 of the following calendar year. No person shall shoot, hunt, kill, injure or take, in any manner, any game animal, game bird or game fish without paying for, and having in his possession, the proper license required by law for the year in which the shooting, hunting, fishing or taking is done. Bear as game animal. - A statute denominating bear as a game animal could not validate a previous unauthorized regulation of the game commission classifying bear as a game animal, especially as the statute did not purport to be a validating statute; but where a previous statute had specified the closed season for bear, it sufficiently showed the statutory intent to define bear as a game animal. 17-3-9. Application blanks lost by license collector to be void.

Upon the receipt of a notice from the license collector that an application blank has been lost, the director of the department of game and fish shall immediately declare the blank void. The director shall notify the various conservation officers throughout the state and such other persons as he shall deem necessary that the application blanks containing the serial numbers reported by the license collector are void.

History: 1953 Comp., § 53-3-5.6, enacted by Laws 1959, ch. 144, § 6.

Highest value for which missing licenses could have been sold may be used. - Since by 17-3-7 NMSA 1978 it is the duty of each license collector to account properly for the licenses sold by him, in the event a vendor is not able to accurately account for any missing licenses, the director is justified in assuming that they have been sold for the highest dollar value which could have been received for their sale, and until the license collector is able to prove the contrary to the director's satisfaction, he should be held responsible for that sum. 1953-54 Op. Att'y Gen. No. 6028 (issued prior to enactment of this section).

A. The director of the department of game and fish shall keep a record of all money received and licenses and permits issued by him, numbering each class separately. Fee structure, although discriminatory, not offensive. - The present fee structure in this section, which discriminates against nonresidents, is not offensive to either the privileges and immunities clause, U.S. Const., art. C. Any person holding a license and stamp under the provisions of this section shall be subject to all applicable hunting and fishing regulations, provisions and penalties of Chapter 17 NMSA 1978.

In any case where the department of game and fish enters into an agreement with the owner of deeded property or the lessee of property held under a grazing lease to obtain permission for the hunting of antelope on the property, the director of the department of game and fish is authorized to issue an antelope license free of charge to the owner or lessee of the property in consideration for the permission to hunt on the property.

17-3-15. Additional deer license.

A. It is a misdemeanor for any person to procure or use more than one license to hunt big game in one year, except as provided in this section, or to use any tag after it has been used once.

B. For the purpose of effectuating better game management and control, the state game commission may by regulation authorize the sale of not more than one additional deer license each year to any person holding a license which entitled him to hunt deer during that year. A fee of not more than five dollars (\$5.00) for residents and not more than fifty dollars (\$50.00) for nonresidents shall be collected for each additional deer license.

C. It is a misdemeanor for any person to take or attempt to take a deer with an additional deer license unless he has the additional deer license and the other license which entitled him to hunt deer for that year in his possession. Possession of an additional deer license without the other license which entitled him to hunt deer for that year is prima facie evidence of violation of this section.

The director may provide special envelopes and application blanks where a drawing is to be held to determine the persons to receive licenses. Money required to be submitted with these applications, if enclosed in the special envelopes, need not be deposited with the state treasurer but may be held by the director until the successful applicants are determined. At that time, the fees of the successful applicants shall be deposited with the state treasurer and the fees submitted by the unsuccessful applicants returned to them.

History: 1953 Comp., § 53-3-7, enacted by Laws 1964 (1st S.S.), ch. 17, § 7.

Repeals and reenactments. - Laws 1964 (1st S.S.), ch. 17, § 7, repealed former 53-3-7, 1953 Comp., relating to nonresident temporary fishing licenses, and enacted a new 17-3-16 NMSA 1978. The attorney general had ruled that Laws 1949, ch. 13, amending 17-3-13 NMSA 1978, had repealed by implication former 53-3-7, 1953 Comp. See 1949-50 Op. Att'y Gen. No. 5200.

17-3-16.1. Bighorn sheep enhancement permit; issuance; use.

B. The state game commission shall prescribe by regulation the form, design and manner of issuance of the bighorn sheep enhancement permit. The issuance of such permit shall be subject to auction by the department or by an incorporated nonprofit organization dedicated to conservation of wildlife, as determined by the commission, and shall be sold to the highest bidder.

C. All money collected from the issuance and sale of the bighorn sheep enhancement permit shall be credited to the game protection fund to be used exclusively for bighorn sheep preservation, restoration and management.

17-3-17. Fishing without license; exceptions.

A. It is a misdemeanor for any person, except children who have not reached their twelfth birthday, to take or attempt to take any game fish from any public stream or water in this state without having on his person a proper fishing license as provided by law. The presence of any person, except children who have not reached their twelfth birthday, along any public stream or water in this state with fishing rod, hook or line, without having on his person a proper fishing license, is prima facie evidence of the

violation of this section. The director of the department of game and fish or any conservation officer may require any person along any public stream or water in this state with fishing rod, hook or line to exhibit his license.

B. The director, with the approval of the state game commission, may designate no more than two nonconsecutive Saturdays in each year as free fishing days. During the free fishing days, residents and nonresidents may exercise the privileges of holders of proper fishing licenses without having proper fishing licenses and without payment of any license fees, subject to all limitations, restrictions, conditions, laws, rules and regulations applicable to holders of proper fishing licenses.

Repeals and reenactments. - Laws 1964 (1st S.S.), ch. 17, § 8, repealed former 53-3-9, 1953 Comp., relating to administration of provisions for nonresident temporary fishing licenses, and enacted a new 17-3-16 NMSA 1978.

The 1991 amendment, effective July 1, 1991, substituted "Exceptions" for "Exception" in the catchline; redesignated the formerly undesignated provision as Subsection A and inserted "of the department of game and fish" following "director" in the final sentence thereof and added Subsection B.

This section applies to non-Indians on Indian lands. 1973 Op. Att'y Gen. No. 73-18.

Such application is constitutional. - This section is constitutional if, in application, Indian lands are brought into its scope via non-Indian action. 1973 Op. Att'y Gen. No. 73-18.

Requirement of possession of license is mandatory. - Neither the state game commission, the state game warden (now director) nor any other person may waive the provision that persons over 14 (now 11) years of age must have fishing license in their possession when fishing since the statutory requirement is mandatory. 1947-48 Op. Att'y Gen. No. 5017.

17-3-18. Director authorized to issue fishing permit without license to certain handicapped persons.

History: 1953 Comp., § 53-3-15.1, enacted by Laws 1967, ch. 26, § 1; 1973, ch. 138, § 22.

17-3-26. Taking minnows and nongame fish to sell as bait; license required; exception.

It is unlawful for any person, except children under the age of twelve years, to take from the streams or public waters of this state minnows and nongame fish for the purpose of sale to fishermen or others for bait without having first procured from the state game commission a license therefor as provided in Sections 17-3-26 through 17-3-28 NMSA 1978.

History: Laws 1939, ch. 27, § 1; 1941 Comp., § 43-313; 1953 Comp., § 53-3-19; Laws 1955, ch. 60, § 1; 1979, ch. 340, § 9.

License and bond are required of sellers or takers of bait fish. - This section would seem to point to the conclusion that only those who take minnows and nongame fish

from public waters are required to be licensed. However, the first sentence of 17-3-27 NMSA 1978 is phrased in the disjunctive, and the application of that statute is to those engaged in the business of selling minnows and nongame fish or to those who take the minnows and nongame fish from the streams of the state. Thus, not only those who take minnows from the streams are to be licensed and bonded, but also those who otherwise engage in the business of selling them irrespective of where they were originally secured. And if one taking minnows or other nongame fish from private waters sells them, it would appear that he is engaging in a business for which a license and bond are required. 1957-58 Op. Att'y Gen. No. 57-150.

Including those employed on commission basis. - Whereas this section and 17-3-27 NMSA 1978 do not apply to persons hired on salary basis for nongame fishing on behalf of a licensee, persons employed by a licensee on a "split the profit" or commission basis are required to be licensed. 1947-48 Op. Att'y Gen. No. 5119.

17-3-27. [Bait license; application and bond; fee; issuance; contents.]

Any person desiring to procure a license for the purpose of engaging in the business of selling minnows and nongame fish for bait or taking minnows and nongame fish from the streams of this state for the purpose of sale to others shall apply to the state game commission of the state of New Mexico for such license. Such application shall be upon forms provided by the state game commission, and shall set forth the public streams, or waters out of which it is intended to take such minnows and nongame fish, and the place at which the same are to be sold. Said application shall be accompanied by a fee of twenty dollars [(\$20.00)], and a bond in the sum of one thousand dollars (\$1,000) executed by a surety company authorized to do business in this state, running to the state of New Mexico, and conditioned upon the licensee and his employees abiding by the laws of the state of New Mexico and valid regulations of the state game commission. Anyone who is damaged by act of the licensee or his employees may maintain an action on the bond in his own name. Upon receipt of such application and bond it shall be the duty of the state game commission, or when it is not in session the director to pass upon such application, and to issue a license authorizing the taking and the manner of taking of such minnows and nongame fish by such applicant from such waters in the state of New Mexico, as in the opinion of such state game commission or director will not be detrimental to the public or injurious to protected fish, and such license when so issued shall specify the manner of taking and the waters from which such applicant may be and is permitted to take minnows and nongame fish for sale for bait.

This license fee is a regulatory measure rather than a revenue gathering device. 1965 Op. Att'y Gen. No. 65-18.

County or municipal licenses are not precluded. - The licensing of bait sellers, under this section, is not a preemption of the field so as to preclude licensing by the county or a municipality of the same business enterprise. 1959-60 Op. Att'y Gen. No. 59-32.

17-3-28. [Exceptions from 17-3-26, 17-3-27; taking bait for own use; persons under 15; unlawful to place nongame fish in certain waters.]

Nothing in this act [17-3-26 to 17-3-28 NMSA 1978] shall be construed to prevent licensed fishermen from taking minnows and other nongame fish for his [their] own use for bait; or to any minor under fifteen (15) years of age taking minnows not for resale; provided, however, that it shall be unlawful for licensed fishermen or any other person using nongame fish for bait to place any of such nongame fish which are not used for bait in any waters stocked or reserved for game fish by the state game commission of the state of New Mexico.

The state director may issue permits to any person to take, capture, kill, transport within or out of the state any game, birds or fish mentioned in this chapter at any time when satisfied that such person desires the same exclusively as specimens or for scientific or propagating purposes. Such permit shall be in writing and shall state the kind and number to be taken and the manner of taking, the name of the person to whom issued, the name of the place to which the same is to be transported and the name of the persons shipping such game, birds or fish, and shall be signed by him. Such permit shall not be transferable nor shall it be lawful to sell or barter any of the animals, birds or fish taken or exported under such permit for food purposes, and the holder of such permit shall be liable to the penalties provided in this chapter if he violates any of its provisions.

This section relates to propagation for own use. - Any person breeding game for sale is required to have a permit under 17-4-8 NMSA 1978. 17-3-31. [Permit to capture or destroy protected game damaging crops or property; beavers.]

The state game and fish warden [director of the department of game and fish] may grant permits to owners or lessees of land and for the capture or destruction on their lands of any protected game doing damage to their cultivated crops or property; provided, that on said permit or permits so issued as aforesaid, the state game and fish warden shall fix the numerical limit of any protected game so to be captured or destroyed and shall also therein fix the time limit within which any such protected game shall be so captured.

The state game and fish warden shall also grant permits, preferably to owners or lessees of land, for the capture of such beaver as interfere with the operation of any lawful canal, ditch or dam, or cause or threaten the destruction of private property and for the capture of beaver to be transferred from one stream to another; provided, however, that all skins of beaver taken under the provisions of this section shall be turned in to the state game and fish warden, to be by him sold and one-half of the proceeds therefor to be by said state game and fish warden conveyed into the game

17-3-32. Importing game animals; permits.

In order to protect game animals, birds and fish against importation of undesirable species and introduction of infectious or contagious diseases, it is a misdemeanor to import any live animals, birds or fish into this state, except domesticated animals or domesticated fowl or fish from government hatcheries, without first obtaining a permit from the department of game and fish.

History: Laws 1927, ch. 37, § 1; C.S. 1929, § 57-501; 1941 Comp., § 43-320; 1953 Comp., § 53-3-26; Laws 1963, ch. 213, § 4.

Fertile eggs come within the classification of live birds. 1955-56 Op. Att'y Gen. No. 6154.

Burden is on importer to prove game birds were domesticated. - This section requires the person importing any live animals, birds or fish into this state to obtain a permit from the director. It exempts domesticated animals or domesticated fowl, and the burden of proving that any such birds, if within the birds declared to be game birds, were domesticated would fall upon the person desiring to import them without a permit. 1955-56 Op. Att'y Gen. No. 6154.

17-3-32.1. Exceptions from certain permits.

The provisions of Sections 17-2-14 and 17-3-32 NMSA 1978 shall not apply to any raptor belonging to and used by a nonresident under a valid falconer's license or permit from another state, providing that the importation into and possession within New Mexico is only for purposes of transit or to hunt mammals or birds during legal falconry or nongame seasons; except that any nonresident who uses a raptor to hunt any mammal or bird in New Mexico shall otherwise abide by regulations established with reference to hunting by nonresident falconers in the state.

History: Laws 1979, ch. 109, § 1.

17-3-33. Presumption from possession of game or fish without license; showing license to officer.

The possession of game or fish at any time unaccompanied by a proper and valid license, game tag, certificate or permit or invoice, as provided in Chapter 17 NMSA 1978, shall be prima facie evidence that such game or fish was unlawfully taken and is unlawfully held in possession, and it shall be the duty of every person having possession or control of game or fish to produce the proper license, game tag, certificate, permit or invoice when one is required by Chapter 17 NMSA 1978 on demand of any officer, and to permit the same to be copied by such officer. Violation of any provision of this section is a misdemeanor and is punishable as provided by Section 17-2-10 NMSA 1978.

17-3-34. Revocation of license, certificate or permit for violation of law; notice and hearing; judicial review.

A. If the holder of any license, certificate or permit shall persistently, flagrantly or knowingly violate or countenance the violation of any of the provisions of Chapter 17 NMSA 1978, or of any regulations referred to in Section 17-2-10 NMSA 1978, such license, certificate or permit shall be revoked by the state game commission after reasonable notice given the accused of the alleged violation and an opportunity afforded to appear and show cause against the charges.

B. At the hearing, the state game commission shall cause a record of the hearing to be made and shall allow the person charged to examine witnesses testifying at the hearing. Any person whose license, certificate or permit has been revoked by the commission may appeal to the district court for further relief. Upon appeal, the district court shall set aside the decision only if found to be:

- (1) arbitrary, capricious or an abuse of discretion;
- (2) not supported by substantial evidence in the record; or
- (3) otherwise not in accordance with law.

17-3-44. Definitions.

As used in the Airborne Hunting Act [17-3-43 to 17-3-47 NMSA 1978]:

ARTICLE 4 PROPAGATION OF FISH AND GAME

17-4-1. [Power of state game commission to acquire land.]

The state game commission of the state of New Mexico is hereby authorized and empowered to acquire by purchase, gift, bequest or lease; and to hold, develop and

improve lands for fish hatcheries, game farms, game refuges, bird refuges, resting and nesting grounds, field stations, dams, lakes, ditches, flumes, waterways, pipelines, canals, rights-of-way, trails, roads and for all purposes incidental to the propagation, preservation, protection and management of the game, birds, fish and wildlife of the state of New Mexico.

History: Laws 1939, ch. 223, § 1; 1941 Comp., § 43-401; Laws 1947, ch. 48, § 1; 1953 Comp., § 53-4-1.

Commission may pay rentals and charge fees to defray them. - This section is a broad grant of power to the state game commission. First, it includes the express power to acquire lands (including lakes) by lease for fish and game purposes. Such necessarily includes the power to pay rentals (within fiscal limits) to continue the lease, and keeping in mind the nature of the statute, it may be fairly implied that the state game commission would have authority to impose fees or other charges to help defray the expenses necessitated by the lease and operations thereunder, particularly where the fees charged and collected are directly related to the rentals paid the lessor. 1957-58 Op. Att'y Gen. No. 58-80.

17-4-2. Eminent domain power; abandonment or relinquishment of property acquired.

Any property or rights-of-way required for use by the state game commission may be acquired as for a public purpose and as a matter of public necessity under the power of eminent domain, by and with the written approval of the board of county commissioners of the county in which the property or rights-of-way sought are located, in an action instituted and prosecuted in the name of the state, according to the procedure for condemnation provided by the Eminent Domain Code [42A-1-1 to 42A-1-33 NMSA 1978]. Provided nevertheless, that any property right acquired under the provisions of this section, if and when the use for which it was acquired has been abandoned for three years or otherwise relinquished, shall revert to the grantor from whom it was derived.

History: Laws 1939, ch. 223, § 2; 1941 Comp., § 43-402; Laws 1947, ch. 48, § 2; 1953 Comp., § 53-4-2; Laws 1981, ch. 125, § 47.

17-4-3. [Exchange, sale, lease, sublease and assignment of lands by commission; proceeds.]

The state game commission, except as herein limited, is authorized to exchange, sell, lease, sublease or assign any interest in any lands and leases heretofore or hereafter acquired including but not limited to the sale or lease of timber, oil, gas, minerals or any other severable product of or interest in real estate, when, in the judgment of said commission, such transaction will be in the interest of the state game commission and said lands, leases, products or severable parts thereof, are, in the opinion of such commission, no longer necessary for the purposes for which such lands were acquired

or where such lease or sublease will not materially interfere with or conflict with the use of such lands for the purpose for which they were acquired. The proceeds of any such sale, exchange, lease or assignment shall be converted into the game protection fund and disbursed as the other moneys in said fund are disbursed.

History: Laws 1939, ch. 223, § 3; 1941 Comp., § 43-403; 1953 Comp., § 53-4-3; Laws 1955, ch. 86, § 1.

Whether to lease is left to commission's sole discretion. - Whether or not a lease should be executed is a question to be determined by the judgment and discretion of the game commission. 1957-58 Op. Att'y Gen. No. 57-149.

And it may itself conduct sale of lands. - Under this section the state game commission is itself authorized to sell its lands, or interests therein, unfettered by the provisions of the general statute governing the sale of property by state agencies or local public bodies. 1957-58 Op. Att'y Gen. No. 58-76.

If the commission chooses to itself sell the lands, it could, if it wanted, advertise the proposed sale, or otherwise notify prospective purchasers. But such is a matter to be determined by the commission in its sound discretion. 1957-58 Op. Att'y Gen. No. 58-76.

17-4-4. [Sale of former state bird farm; mineral rights reserved.]

The sale of the surface and water rights, but not the mineral rights, notwithstanding any other provision of the law, to the highest bidder after advertised for public bid of approximately eighty-seven acres of land and improvements, known as the former state bird farm, located at the northern boundary of the city of Carlsbad in Eddy county, New Mexico is approved. The advertisement for public bid shall be made after the effective date of this act.

History: 1953 Comp., § 53-4-3.1, enacted by Laws 1973, ch. 260, § 1.

17-4-5. [Fish hatcheries established by United States; exemption from state laws.]

In case the United States shall establish one or more fish hatching and fish cultural stations in the state of New Mexico, the United States commissioner of fisheries and his duly authorized agents are hereby accorded the right to conduct fish hatching and fish culture and all operations connected therewith, in any manner and at any time that may be by them considered necessary and proper, any fisheries laws of this state to the contrary notwithstanding.

History: Laws 1927, ch. 59, § 1; C.S. 1929, § 57-601; 1941 Comp., § 43-404; 1953 Comp., § 53-4-4.

17-4-6. Hunting and fishing on private property; posting; penalty.

A. Whenever the owner or lessee desires to protect or propagate game birds, animals or fish within his enclosure or pasture, he shall publish notices in English and Spanish warning all persons not to hunt or fish within the enclosure or pasture. The notices shall be posted in at least six conspicuous places on the premises and published for three consecutive weeks in a newspaper of general circulation in the county where the premises are situated. In the event a public road enters or crosses the enclosure or pasture, an additional notice shall be posted conspicuously within three hundred yards of the point where each public road enters the posted property.

B. After the publication and posting, it is a misdemeanor for any person to enter the premises for the purpose of hunting or fishing, or to kill or injure any bird, animal or fish within the enclosure or pasture without permission of the owner or lessee.

History: Laws 1912, ch. 85, § 10; Code 1915, § 2433; C.S. 1929, § 57-215; 1941 Comp., § 43-405; 1953 Comp., § 53-4-5; Laws 1963, ch. 213, § 5; 1965, ch. 172, § 1.

A tract of land which is not enclosed by fences may not be posted under the terms of this section so as to subject persons who enter for the purpose of hunting and fishing to the penalties therein provided. 1957-58 Op. Att'y Gen. No. 57-237.

Both publication and posting are required. - Only by publishing a notice in English and Spanish, and by the posting of handbills in English and Spanish in six conspicuous places on the premises does the owner put into effect on his property a penal statute which protects him against trespassers. State v. Barnett, 56 N.M. 495, 245 P.2d 833 (1952).

And English notice only is insufficient. - Where the publication and posting were in English only, this section imposing criminal sanctions, did not become operative. State v. Barnett, 56 N.M. 495, 245 P.2d 833 (1952).

The lessee of state lands for grazing purposes may post it against hunting, but cannot charge for hunting privileges. 1933-34 Op. Att'y Gen. No. 160.

Provided he does not conflict with action by commissioner of public lands. - Assuming full and strict compliance with this section, as interpreted, a lessee of state land could not in all cases post under the statute. This section, insofar as this problem is

concerned, must be read in light of the peculiar nature of the land involved. It must be borne in mind that under the Enabling Act, the constitution and statutes based thereon, the complete dominion and control over state lands is vested in the commissioner of public lands. In short, the lessee of state lands, even if he acts strictly in accordance with this section, could not do so in a manner in conflict with a duly taken action of the commissioner. 1957-58 Op. Att'y Gen. No. 58-194.

Posting does not prevent hunting or fishing by owner or permittees. - If posting is duly accomplished, the landowner does not thereby deprive himself of hunting and fishing privileges on these lands. The owner, or those permitted by him to do so, could still hunt or fish so long as done in accordance with the game and fish laws and lawful game fish regulations. 1957-58 Op. Att'y Gen. No. 58-194.

An appeal does not lie to supreme court from an order overruling a motion to quash an information brought against defendants for violation of this section in the absence of express statutory authority therefor. State v. Barnett, 56 N.M. 1, 238 P.2d 694 (1951).

United States held not liable for injuries from dredging canals. - Where the United States, acting through the bureau of reclamation, dredged and removed from the canals and ditches the silt and deposits which had accumulated therein over the years, and as a natural consequence of these dredging operations, the water in appellee's ponds seeped back into the irrigation canals and the ponds were emptied, the trial court, citing this section, concluded that the act of the defendant in draining the plaintiff's property of all water, destroying plaintiff's fish and frogs, and leaving the plaintiff's land an arid desert land, constituted negligence per se. However, the court of appeals held that liability under the federal Tort Claims Act is not carte blanche, that the United States is liable as an individual only in the manner and to the extent to which it has consented, and that the facts fell clearly within the area of the exempted "discretionary function." *United States v. Gregory*, 300 F.2d 11 (10th Cir. 1962).

If by

reason of controlling necessity or for the purpose of stocking or replenishing some other park or lake, any proprietor of a licensed preserve, park or lake may desire to lessen the aggregate number above provided for, the state game and fish warden [director of the department of game and fish] may, on being satisfied of the property [propriety] thereof, grant a permit therefor.

ARTICLE 5 TRAPPERS AND FUR DEALERS

17-5-1. Declaration of policy.

It is the purpose of Sections 17-5-1 through 17-5-9 NMSA 1978 and the policy of New Mexico to provide an adequate and flexible system for the protection of fur-bearing animals to the end that valuable fur resources shall not be wasted or depleted.

History: Laws 1939, ch. 178, § 1; 1941 Comp., § 43-501; 1953 Comp., § 53-5-1; Laws 1980, ch. 15, § 1.

17-5-2. Fur-bearing and nongame animals defined; property of state.

The following quadrupeds are hereby defined as fur-bearing animals, to wit: muskrat, mink, weasel, beaver, otter, nutria, masked or blackfooted ferret, ringtail cat, raccoon, pine marten, coatimundi, badgers, bobcat and all species of foxes. These animals and their pelts are hereby declared to be the property of the state until they shall have been lawfully taken, killed or captured as provided by Sections 17-5-1 through 17-5-9 NMSA 1978, except as to beaver and beaver pelts, the taking of which shall be subjected to the application of Section 17-3-31 NMSA 1978.

History: Laws 1939, ch. 178, § 2; 1941 Comp., § 43-502; 1953 Comp., § 53-5-2; Laws 1955, ch. 57, § 1; 1980, ch. 15, § 2; 1981, ch. 342, § 1.

Compiler's note. - Laws 1955, ch. 57, § 4, declares that the part of this section that includes beaver among the nonpredatory fur-bearing animals shall be effective only upon enactment of a New Mexico statute excluding beaver from the list of game animals. Laws 1955, ch. 58, § 1, deleted beaver from the list of game animals. For present list of game mammals, birds and fish, see 17-2-3 NMSA 1978.

17-5-3. Seasons; special permits to take animals doing damage.

Fur-bearing animals as defined in Section 17-5-2 NMSA 1978 shall be taken only during the seasons declared by regulation of the state game commission promulgated as provided in Section 17-5-4 NMSA 1978. The director may, however, issue permits at any time for the taking of fur-bearing animals doing damage to game, private property, poultry or livestock.

Cross-references. - As to permit to destroy protected game doing damage, see 17-3-31 NMSA 1978.

17-5-4. State game commission to administer act; rules and regulations.

The state game commission is authorized and directed to administer the provisions of Sections 17-5-1 through 17-5-9 NMSA 1978, and to make such rules and regulations and establish such service as it may deem necessary to carry out all the provisions and purposes of those sections. In making such rules and regulations and providing when and by what means fur-bearing animals may be hunted, taken, captured, possessed or killed, the state game commission shall give due regard to the zones of temperatures and to the distribution, abundance, economic value and breeding habits of such animals. Provided, nothing in Sections 17-5-1 through 17-5-9 NMSA 1978 shall interfere with the authority granted to the president of New Mexico state university under Sections 77-15-1 through 77-15-5 NMSA 1978, or shall prevent livestock producers without a permit from the taking of bobcats that are doing damage to livestock.

History: Laws 1939, ch. 178, § 4; 1941 Comp., § 43-504; 1953 Comp., § 53-5-4; Laws 1980, ch. 15, § 4.

17-5-5. Trapper's licenses.

A. No resident who has reached his twelfth birthday shall capture, trap or possess any fur-bearing animal or attempt to do so without first procuring a resident trapper's license; or, in the case of a resident who has reached his twelfth birthday but not his eighteenth birthday, a resident junior trapper's license.

B. No nonresident shall capture, trap or possess any fur-bearing animal or skunk or coyote or attempt to do so without first procuring a nonresident trapper's license.

C. No nonresident who resides in a state that does not permit New Mexico residents to procure nonresident trapper's licenses may purchase a New Mexico nonresident trapper's license.

D. Trappers shall release all fur-bearing animals trapped during closed seasons, and resident trappers who release all fur-bearing animals during open seasons need not procure a trapper's license.

E. Trappers on official business, paid from state and federal funds and under supervision of the department of game and fish, the New Mexico department of agriculture or the United States fish and wildlife service need not purchase a trapper's license.

F. Trapping of animals, both fur-bearing animals and nongame, by a resident in order to protect his livestock or domesticated animals or fowl shall not be subject to rules and regulations on trapping made pursuant to Section 17-5-4 NMSA 1978 or to licensing requirements provided in this section.

G. The state game commission may by regulation require holders of trapper's licenses to use bobcat pelt tags and may specify the conditions for use of the tags.

History: Laws 1939, ch. 178, § 5; 1941 Comp., § 43-505; 1953 Comp., § 53-5-5; Laws 1955, ch. 57, § 3; 1964 (1st S.S.), ch. 17, § 9; 1980, ch. 15, § 5; 1981, ch. 342, § 2; 1983, ch. 117, § 5.

As to revocation of license, see 17-5-9 NMSA 1978.

17-5-6. Fur dealer licenses.

A. Except for trappers selling their own catches, any person, firm or corporation engaged in the business of buying or selling unprocessed skins or pelts of any fur-bearing animal is a "fur dealer." It is a misdemeanor to engage in business as a fur dealer or solicit such business without first procuring a fur dealer license, except that resident fur dealers who buy and sell less than fifty skins or pelts of fur-bearing animals each year need not purchase a fur dealer license.

B. Every fur dealer shall file with the department of game and fish, not later than the tenth of each month, a sworn statement showing the number and kind of skins and pelts of fur-bearing animals purchased and sold during the preceding month.

C. The provisions of this section apply to fur dealers who buy and sell the skins or pelts of predatory animals as well as to those who buy and sell the skins or pelts of protected nonpredatory fur-bearing animals.

History: Laws 1939, ch. 178, § 6; 1941 Comp., § 43-506; 1953 Comp., § 53-5-6; Laws 1964 (1st S.S.), ch. 17, § 10.

As to revocation of license, see 17-5-9 NMSA 1978.

Effective date provision is invalid. - Laws 1964 (1st S.S.), ch. 17, § 12, making the act effective on April 1, 1964, was a nullity under N.M. Const., art. IV, § 23. Since the act did not pass as an emergency measure, the legislature was proscribed by the constitution from providing that the act would go into effect sooner than 90 days after adjournment on February 25, 1964. 1964 Op. Att'y Gen. No. 64-91.

Permit required whether animals bred or trapped. - All persons, whether dealing in pelts resulting from the commercial enterprise of fur-bearing animal breeding or whether dealing in pelts resulting from the trapping of wild fur-bearing animals, are required by law to secure the permit provided for before engaging in such business. 1953-54 Op. Att'y Gen. No. 6043.

17-5-7. [Disposition of license fees.]

All fees for trappers' licenses and fur dealers' licenses shall be collected by the state game warden [director of the department of game and fish] and turned over to the state treasurer to be credited to the game protection fund; provided, that license vendors shall retain ten cents (10¢) for each license sold as compensation for his [their] services, but no regular employee of the state game department shall be entitled to such fee.

17-5-8. [Officers authorized to enforce act.]

All peace officers, port of entry employees [employees of the motor transportation divisions of the taxation and revenue department] and deputy game wardens [conservation officers] are hereby authorized and required to cooperate fully with the state game commission in the enforcement of this act [17-5-1 to 17-5-9 NMSA 1978]. It shall be the duty of all such persons to make searches, seizures and arrests as in the case of other misdemeanors.

History: Laws 1939, ch. 178, § 9; 1941 Comp., § 43-509; 1953 Comp., § 53-5-9.

Compiler's note. - The law establishing ports of entry was repealed by Laws 1939, ch. 73, § 24, and the equipment and funds of ports of entry were transferred to the board of supervisors of the New Mexico state police by § 8 of said act. Laws 1939, ch. 73, also created a new division of the New Mexico state police named "the division of field administration," the duties of such division being similar to those formerly performed by the ports of entry. The division of field administration of the state police was changed to the division of courtesy and information of the state of New Mexico by Laws 1941, ch. 147, § 24, which act was then superseded by Laws 1943, ch. 125, which created a department of courtesy and information and transferred property used at ports of entry to the new department. However, by Laws 1967, ch. 97, § 41, such property was transferred to the motor transportation department, which has now been abolished by Laws 1977, ch. 250, § 4, and the motor transportation division of the taxation and revenue department has been established and operates the former ports of entry. See 9-11-4, 65-5-1 to 65-5-3 NMSA 1978.

Pursuant to Laws 1955, ch. 59, § 2, transferring the duties of deputy game wardens, "conservation officers" has been inserted in brackets. See 17-1-6 NMSA 1978.

17-5-9. Penalty; revocation of license; sale of pelts.

Any person who violates or aids, abets or assists in the violation of any provision of Sections 17-5-1 through 17-5-9 NMSA 1978 or any person who makes any false statement as to the residence of any applicant for a trapper's license or fur dealer's

license or any nonresident who fraudulently procures a resident license is guilty of a misdemeanor. In addition, the department of game and fish may revoke, for the year in which the violation occurred, the trapper's or fur dealer's license of any person convicted. All skins, pelts or furs involved in the violation remain the property of the state and shall be sold for the benefit of the game protection fund.

ARTICLE 7

17-7-2. Fund created.

There is created in the state treasury a special fund to be known as the "shooting range fund". All money appropriated to this fund or accruing to it as a result of gift, deposit or from other sources, except interest earned on the fund which shall be credited to the general fund, shall not be transferred to another fund or encumbered or disbursed in any manner except as provided in the Shooting Range Fund Act [17-7-1 to 17-7-3 NMSA 1978]. Appropriated money in the fund shall not revert to the general fund. Money in the fund shall be used for construction or improvement of public shooting ranges pursuant to the Shooting Range Fund Act. Disbursements from the fund shall be made only upon warrant drawn by the secretary of finance and administration pursuant to vouchers signed by the director of the department of game and fish.

History: 1953 Comp., § 53-7-2, enacted by Laws 1976 (S.S.), ch. 43, § 2; 1977, ch. 247, § 163; 1989, ch. 324, § 11.

The 1989 amendment, effective April 7, 1989, deleted "investments" following "deposit" in the second sentence.

General rule is that interest is accretion or increment to principal fund earning it, and becomes a part of that fund. 1980 Op. Att'y Gen. No. 80-17.

Interest earned credited to shooting range fund, not state fund. - Any interest earned on the investment of money in the shooting range fund must be credited to that fund, not the state general fund. 1980 Op. Att'y Gen. No. 80-17.

17-7-3. Administration.

A. The state game commission shall administer the provisions of the Shooting Range Fund Act [17-7-1 to 17-7-3 NMSA 1978] and shall, pursuant to the State Rules Act [14-3-24, 14-3-25, 14-4-1 to 14-4-9 NMSA 1978], adopt such rules and regulations as deemed necessary to carry out the provisions of the Shooting Range Fund Act.

B. Rules and regulations shall include:

- (1) a method for the determination of a county or municipality eligibility for grants from the shooting range fund;
- (2) procedures for applications, approvals and rejections of grant proposals;
- (3) a requirement that a county or municipality contribute at least twenty-five percent of the cost necessary to complete a shooting range grant proposal;
- (4) a requirement that one-half of the local contribution required by Paragraph (3) of this subsection is to be money;
- (5) a requirement that a shooting range project shall be undertaken in accordance with specifications determined by the department of game and fish. Such specifications may provide for pistol, rifle, shotgun and archery facilities; and
- (6) provisions for the operation and maintenance of shooting range facilities.

C. Grants from the shooting range fund shall be awarded by the state game commission only for new public shooting range construction or for improvements to existing public shooting ranges. No funds shall be approved for maintenance of shooting ranges nor for shooting range renovation prior to 1980. No grant from the money appropriated to the shooting range fund shall exceed:

- (1) twenty-five percent of the cost of any one project; nor
- (2) more than ten percent of the amount appropriated to the shooting range fund by the Shooting Range Fund Act.

D. The state game commission may expend not more than five percent of the appropriated money in the shooting range fund each fiscal year for administrative purposes to carry out the provisions of the Shooting Range Fund Act.
