C. When bids are received only from nonresident businesses and resident

manufacturers and the lowest responsible bid is from a nonresident business, the contract shall be awarded to the resident manufacturer whose bid is nearest to the bid price of the otherwise low nonresident business bidder if the bid price of the resident manufacturer is made lower than the bid price of the nonresident business when multiplied by a factor of .95.

A. The invitation for bids or a notice thereof shall be published not less than ten calendar days prior to the date set forth for the opening of bids. In the case of purchases made by the state purchasing agent, the invitation or notice must be published at least once in at least three newspapers of general circulation in this state. In the case of purchases made by other central purchasing offices, the invitation or notice shall be published at least once in a newspaper of general circulation in the area in which the central purchasing office is located. These requirements of publication are in addition to any other procedures which may be adopted by central purchasing offices to notify prospective bidders that bids will be received, including but not limited to publication in a trade journal, if available. If there is no newspaper of general circulation in the area in which the central purchasing office is located, such other notice may be given as is commercially reasonable.

B. The state purchasing agent and all central purchasing offices shall send copies of the notice or invitation for bids involving the expenditure of more than five thousand dollars (\$5,000) to those businesses which have signified in writing an interest in submitting bids for particular categories of items of tangible personal property, construction and services and which have paid any required fees. The state purchasing agent or a central purchasing office may set different registration fees for different categories of

The fees shall be used exclusively for the purpose of furnishing copies of the notice or invitation for bids of proposed procurements to prospective bidders.

C. The state purchasing agent and all central purchasing offices shall make copies of invitations for bids for construction contracts available to prospective bidders. The state purchasing agent or a central purchasing office may require prospective bidders who have requested documents for bid on a construction contract to pay a deposit for a copy of the documents for bid. The deposit shall equal the full cost of reproduction and delivery of the documents for bid. The deposit, less delivery charges, shall be refunded if the documents for bid are returned in usable condition within the time limits specified in the documents for bid, which time limits shall be no less than ten calendar days from the date of the bid opening. All forfeited deposits shall be credited to the funds of the state purchasing agent or central purchasing office, whichever is applicable.

§ 13-1-105. Competitive sealed bids; receipt and acceptance of bids.

Bids shall be unconditionally accepted for consideration for award without alteration or correction, except as authorized in the Procurement Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which requirements may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. Those criteria such as discounts, transportation costs and total or life-cycle costs that will affect the bid price shall be objectively measurable, which shall be defined by regulation. The invitation for bids shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. If the lowest responsible bid has otherwise qualified, and if there is no change in the original terms and conditions, the lowest bidder may negotiate with the purchaser for a lower total bid in order to avoid rejection of all bids for the reason that the lowest bid was up to ten percent higher than budgeted project funds. Such negotiation shall not be allowed if the lowest bid was more than ten percent over budgeted project funds.

(1) the mistake is clearly evident on the face of the bid document; or

The state purchasing agent or central purchasing office shall procure services, construction or items of tangible personal property having a value not exceeding five thousand dollars (\$5,000) in accordance with the applicable small purchase regulations adopted by the secretary, a local public body or a central purchasing office which has the authority to issue regulations.

B. Notwithstanding the requirements of Subsection A of this section, a central purchasing office may procure professional services having a value not exceeding twenty thousand dollars (\$20,000) excluding applicable state and local gross receipts taxes, except for the services of architects, landscape architects, engineers or surveyors for state public works projects or local public works projects, in accordance with professional services procurement regulations promulgated by the department of finance and administration, the general services department or a central purchasing office with the authority to issue regulations.

C. Notwithstanding the requirements of Subsection A of this section, a central purchasing office for a state educational institution named in Article 12, Section 11 of the constitution of New Mexico may procure services, construction or items of tangible personal property having a value not exceeding ten thousand dollars (\$10,000) in accordance with regulations promulgated by a central purchasing office with the authority to issue regulations.

D. Notwithstanding the requirements of Subsection A of this section, a state agency or a local public body may procure services, construction or items of tangible personal property having a value not exceeding five hundred dollars (\$500) by issuing a direct purchase order to a contractor based upon the best obtainable price.

E. Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section.

History: Laws 1984, ch. 65, § 98; 1987, ch. 348, § 8; 1988, ch. 54, § 1; 1989, ch. 69, § 16.

Cross-references. - As to adoption of rules and regulations by director of department of finance and administration, see 9-6-5 NMSA 1978. As to adoption of rules and regulations by secretary of general services department, see 9-17-5 NMSA 1978.

The 1987 amendment, effective June 19, 1987, substituted "twenty thousand dollars (\$20,000)" for "five thousand dollars (\$5,000)" in Subsection B.

The 1988 amendment, effective March 4, 1988, added present Subsection C and redesignated succeeding subsections accordingly.

The 1989 amendment, effective June 16, 1989, in Subsection B inserted "excluding applicable state and local gross receipts taxes" and substituted "surveyors for state public works projects or local public works projects" for "land surveyors for state capital projects"; and in Subsection D substituted "five hundred dollars (\$500)" for "two hundred fifty dollars (\$250)".

§ 13-1-126. Sole source procurement.

A contract may be awarded without competitive sealed bids or competitive sealed proposals regardless of the estimated cost when the state purchasing agent or a central purchasing office makes a determination, after conducting a good-faith review of available sources and consulting the using agency, that there is only one source for the required service, construction or item of tangible personal property. The state purchasing agent or a central purchasing office shall conduct negotiations, as appropriate, as to price, delivery and quantity in order to obtain the price most advantageous to the state agency or a local public body. A contract for the purchase of research consultant services by institutions of higher learning constitutes a sole source procurement.

History: Laws 1984, ch. 65, § 99; 1987, ch. 348, § 9.

The 1987 amendment, effective June 19, 1987, added the last sentence.

§ 13-1-127. Emergency procurements.

A. The state purchasing agent, a central purchasing office or a designee of either may make or authorize others to make emergency procurements when there exists a threat to public health, welfare, safety or property requiring procurement under emergency conditions; provided that emergency procurements shall be made with competition as is practicable under the circumstances. A written determination of the basis for the emergency procurement and for the selection of the particular contractor shall be included in the procurement file. Emergency procurements shall not include the purchase or lease purchase of heavy road equipment.

B. An emergency condition is a situation which creates a threat to public health, welfare or safety such as may arise by reason of floods, epidemics, riots, equipment failures or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten:

- (1) the functioning of government;
- (2) the preservation or protection of property; or
- (3) the health or safety of any person.

History: Laws 1984, ch. 65, § 100; 1987, ch. 348, § 10.

The 1987 amendment, effective June 19, 1987, deleted "such" preceding "emergency procurements shall" in the first sentence in Subsection A and substituted "construction, or items of tangible personal property" for "or construction" in the second sentence in the introductory paragraph of Subsection B.

Intent. - The intention of the emergency purchases statute is to keep a public record of such purchases and to provide some means of control over them. 1969 Op. Att'y Gen. No. 69-107.

Reason for exceptions. - Only where centralized control may be harmful or unproductive of savings were exceptions from the bid requirement allowed by the former Public Purchases Act. 1969 Op. Att'y Gen. No. 69-87.

Misuse remedy. - The remedy for any misuse of the emergency purchases provisions would appear to be in the form of reporting the same in an audit report rather than in approving or disapproving the purchase itself. 1969 Op. Att'y Gen. No. 69-107.

§ 13-1-128. Sole source and emergency procurements; content and submission or record.

- A. the contractor's name and address;
- B. the amount and term of the contract;
- C. a listing of the services, construction or items of tangible personal property procured under the contract; and
- D. the justification for the procurement method.

History: Laws 1984, ch. 65, § 101; 1987, ch. 348, § 11.

The 1987 amendment, effective June 19, 1987, added "Sole source and" at the beginning of the catchline, deleted former Subsection B, relating to copies of records of emergency procurements, deleted subsection designation A at the beginning of the section, redesignated former Subsections A(1) through A(4) as present Subsections A through D, and substituted "sole source and" for "all" in the first sentence in the introductory paragraph and "the justification for the procurement method" for "conditions necessitating the purchase" in Subsection D.

Intent. - The intention of the emergency purchases statute is to keep a public record of such purchases and to provide some means of control over them. 1969 Op. Att'y Gen. No. 69-107.

Reason for exceptions. - Only where centralized control may be harmful or unproductive of savings were exceptions from the bid requirement allowed by the former Public Purchases Act. 1969 Op. Att'y Gen. No. 69-87.

Misuse remedy. - The remedy for any misuse of the emergency purchases provisions would appear to be in the form of reporting the same in an audit report rather than in approving or disapproving the purchase itself. 1969 Op. Att'y Gen. No. 69-107.

§ 13-1-129. Procurement under existing contracts.

A. Notwithstanding the requirements of Sections 75 through 91 [13-1-102 to 13-1-117, 13-1-118 NMSA 1978] of the Procurement Code, the state purchasing agent or a central purchasing office may contract for services, construction or items of tangible personal property without the use of competitive sealed bids or competitive sealed

proposals as follows:

(1) at a price equal to or less than the federal supply contract price or catalogue price, whichever is lower, and the purchase order adequately identifies the contract relied upon; or

(2) with a business which has a current contract or price agreement with the state purchasing agent or a central purchasing office for the item, services or construction meeting the same standards and specifications as the items to be procured if the following conditions are met:

(a) the quantity purchased does not exceed the quantity which may be purchased under the applicable contract; and

(b) the purchase order adequately identifies the contract relied upon.

B. The central purchasing office shall retain for public inspection and for the use of auditors a copy of each state purchasing agent contract or current price agreement relied upon to make purchases without seeking competitive bids. Copies of these current price agreements or contracts may be obtained from the central purchasing office upon request at a fee set by the central purchasing office. The fees shall not exceed actual, direct cost of providing copies of the contracts or current price agreements to those requesting copies.

History: Laws 1984, ch. 65, § 102.

§ 13-1-130. Purchases; antipoverty program business.

A. Without regard to the bid requirements of Section 75 [13-1-102 NMSA 1978] of the Procurement Code, a central purchasing office may negotiate a contract for materials grown, processed or manufactured in this state by small businesses, cooperatives, community self-determination corporations or other such enterprises designed and operated to alleviate poverty conditions and aided by state or federal antipoverty programs or through private philanthropy.

B. Prior to negotiating a contract under this section, a central purchasing office shall make a determination of the reasonableness of the price and the quality of the materials and that the public interest will best be served by the procurement.

History: Laws 1984, ch. 54, § 103.

§ 13-1-131. Rejection or cancellation of bids or requests for proposals; negotiations.

An invitation for bids, a request for proposals or any other solicitation may be canceled or any or all bids or proposals may be rejected in whole or in part when it is in the best interest of the state agency or a local public body. A determination containing the reasons for cancellation shall be made part of the procurement file. If no bids are received or if all bids received are rejected and if the invitation for bid was for any tangible personal property, construction or service, then new invitations for bids shall be requested. If upon rebidding the tangible personal property, construction or services, the bids received are unacceptable, or if no bids are secured, the central purchasing office may purchase the tangible personal property, construction or services in the open market at the best obtainable price.

History: Laws 1984, ch. 65, § 104; 1987, ch. 348, § 12.

The 1987 amendment, effective June 19, 1987, added "negotiations" at the end of the catchline, substituted "canceled" for "cancelled" in the first sentence and "for cancellation" for "therefor" in the second sentence and added the last two sentences.

§ 13-1-132. Irregularities in bids or proposals.

The state purchasing agent or a central purchasing office may waive technical irregularities in the form of the bid or proposal of the low bidder or offeror which do not alter the price, quality or quantity of the services, construction or items of tangible personal property bid or offered.

History: Laws 1984, ch. 65, § 105.

§ 13-1-133. Responsibility of bidders and offerors.

If a bidder or offeror who otherwise would have been awarded a contract is found not to be a responsible bidder or offeror, a determination that the bidder or offeror is not a responsible bidder or offeror, setting forth the basis of the finding, shall be prepared by the state purchasing agent or a central purchasing office. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility is grounds for a determination that the bidder or offeror is not a responsible bidder or offeror.

History: Laws 1984, ch. 65, § 106.

§ 13-1-134. Prequalification of bidders.

A business may be prequalified by a central purchasing office as a bidder or offeror for particular types of services, construction or items of tangible personal property. Mailing lists of potential bidders or offerors shall include but shall not be limited to such prequalified businesses.

B. Central purchasing offices other than the state purchasing agent may cooperate by agreement with the state purchasing agent in obtaining contracts or price agreements, and such contract or agreed prices shall apply to purchase orders subsequently issued under the agreement.

History: Laws 1984, ch. 65, § 108.

§ 13-1-136. Cooperative procurement; reports required.

A. in accordance with an agreement entered into with the approval of the state board of finance or the data processing and data communications planning council [information systems council]; or

B. subject to the provisions of Sections 3-46-1 through 3-46-45; 3-54-1 through 3-54-3; 3-60-1 through 3-60-37 and 3-60A-1 through 3-60A-48 NMSA 1978.

§ 13-1-142. Cost or pricing data; certification required.

A contractor, actual or prospective, required to submit cost or pricing data shall certify that to the best of its knowledge and belief the cost or pricing data submitted was accurate, complete and current as of a specified date.

History: Laws 1984, ch. 65, § 115.

§ 13-1-143. Cost or pricing data; price adjustment provision required.

Any contractor award, change order or contract modification under which the submission and certification of cost or pricing data are required shall contain a provision stating that the price to the state agency or a local public body, including profit or fee, shall be adjusted to exclude any significant sums by which the state agency or a local public body reasonably finds that such price was increased because the contractor-furnished cost or pricing data was inaccurate, incomplete or not current as of the date specified.

History: Laws 1984, ch. 65, § 116.

§ 13-1-144. Cost or price analysis.

History: Laws 1984, ch. 65, § 120.

§ 13-1-148. Bid and performance bonds; additional requirements.

A. Bid and performance bonds or other security may be required for contracts for items of tangible personal property or services as the state purchasing agent or a central purchasing office deems necessary to protect the interests of the state agency or a local public body. A cost-reimbursement contract may be used when such contract is likely to be less costly or it is impracticable to otherwise obtain the services, construction or items of tangible personal property required.

History: Laws 1984, ch. 65, § 122.

Cross-references. - For public works contracts, see 13-4-1 NMSA 1978 et seq.

Option for exempt agencies or public bodies. - When the state purchasing agent has entered into a contract which permits, but does not require, those state agencies or local public bodies not under the supervision of the agent to purchase under the contract, the purchases may be made by submission to bids, purchasing under the state purchasing agent contract or purchasing from any other vendor, provided the price obtained, etc., is equal to or better than the terms of the contract. 1969 Op. Att'y Gen. No. 69-113.

Where manner of delivery or charging immaterial. - Because it is the responsibility of the state purchasing agent to reduce, to the maximum extent possible, the number of purchase transactions by combining into bulk orders and contracts the requirements of all state agencies for common-use items or items repetitively purchased, the fact that it may be delivered in small quantities and charged as delivered through the use of credit cards seems immaterial. 1968 Op. Att'y Gen. No. 68-8.

§ 13-1-150. Multi-term contracts; specified period.

A multi-term contract for items of tangible personal property, construction or services except for professional services, in an amount under twenty-five thousand dollars (\$25,000) may be entered into for any period of time deemed to be in the best interests of the state agency or a local public body not to exceed four years; provided that the term of the contract and conditions of renewal or extension, if any, are included in the specifications and funds are available for the first fiscal period at the time of contracting. If the amount of the contract is twenty-five thousand dollars (\$25,000) or more, the term shall not exceed eight years including all extensions and renewals. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor. A contract for professional services may not exceed a term of four years including all extensions and renewals except that a multi-term contract for the services of trustees, escrow agents, registrars, paying agents, letter of credit issuers and other forms of credit enhancement; and other similar services excluding bond attorneys, underwriters and financial advisors with regard to the issuance, sale and delivery of public securities may be for the life of the securities or as long as the securities remain outstanding.

History: Laws 1984, ch. 65, § 123; 1987, ch. 348, § 14.

The 1987 amendment, effective June 19, 1987, substituted "construction or services except for professional services, in an amount under twenty-five thousand dollars (\$25,000)" for "or services" in the first sentence, inserted the second sentence and added the last sentence.

§ 13-1-151. Multi-term contracts; determination prior to use.

Prior to the utilization of a multi-term contract, the state purchasing agent or the central purchasing office involved shall make a determination that:

- A. the estimated requirements cover the period of the contract and are reasonably firm and continuing; and
- B. the contract will serve the best interests of the state agency or a local public body.

History: Laws 1984, ch. 65, § 124.

§ 13-1-153. Multiple source award; limitations on use.

A multiple source award may be made pursuant to Section 83 [13-1-110 NMSA 1978] of the Procurement Code when awards to two or more bidders or offerors are necessary for adequate delivery or service. Multiple source awards shall not be made when a single award will meet the needs of the state agency or a local public body without sacrifice of economy or service. Awards shall be limited to the least number of suppliers in one geographical area necessary to meet the requirements of the state agency or a local public body. A multiple source award shall be based upon the lowest responsible bid or proposal received in each geographical area.

History: Laws 1984, ch. 65, § 126.

§ 13-1-154. Multiple source award; determination required.

The state purchasing agent or central purchasing office shall make a determination setting forth the reasons for a multiple source award.

History: Laws 1984, ch. 65, § 127.

§ 13-1-155. Procurement of used items; appraisal required.

A central purchasing office, when procuring used items of tangible personal property the estimated cost of which exceeds five thousand dollars (\$5,000), shall request bids as though the items were new, adding specifications that permit used items under conditions to be outlined in the bid specifications including but not limited to requiring a written warranty for at least ninety days after date of delivery, and an independent "certificate of working order" by a qualified mechanic or appraiser.

History: Laws 1984, ch. 65, § 128; 1987, ch. 348, § 15.

The 1987 amendment, effective June 19, 1987, deleted the former last two sentences, relating to requirements for the appraisal and for the purchase order, and substituted all of the language following "(\$5,000), shall" for "have a certified appraisal made of the used item or items prior to the award of a contract".

§ 13-1-156. Trade or exchange of used items; appraisal required.

A. A central purchasing office, when trading in or exchanging used items of tangible personal property the estimated value of which exceeds five thousand dollars (\$5,000) as part-payment on the procurement of new items of tangible personal property, shall:

(1) have an independent appraisal made of the items to be traded in or exchanged. The appraisal shall be in writing, shall be made part of the procurement file and shall be a public record. The invitation for bids or request for proposals shall contain notice to prospective bidders or offerors of the description and specifications of the items to be traded in or exchanged, the appraised value of the items to be traded in or exchanged and the location where the items to be traded in or exchanged may be inspected; or

(2) have two written quotes for purchase of the property at a specified price.

B. Award shall be based upon the net bid. Bidders or offerors shall compute their net bid or offer by deducting the appraised value or highest quote of the items to be traded in or exchanged from the gross bid or offer on the new items of tangible personal property to be procured. If an amount offered in trade is less than the appraised value or the highest quote but is found to be a fair reflection of the current market, representative of the condition of the items of tangible personal property and in the best interest of the agency, the bid or offer may be accepted. Documentation of the terms of acceptance shall be in writing, shall be made a part of the procurement file and shall be a public record.

History: Laws 1984, ch. 65, § 129; 1987, ch. 348, § 16.

§ 13-1-157. Receipt; inspection; acceptance or rejection of deliveries.

The using agency is responsible for inspecting and accepting or rejecting deliveries. The using agency shall determine whether the quantity is as specified in the purchase order or contract and whether the quality conforms to the specifications referred to or included in the purchase order or contract. If inspection reveals that the delivery does not conform to the quantity or quality specified in the purchase order or contract, the using agency shall immediately notify the central purchasing office. The central purchasing office shall notify the vendor that the delivery has been rejected and shall order the vendor to promptly make a satisfactory replacement or supplementary

delivery. In case the vendor fails to comply, the central purchasing office shall have no obligation to pay for the nonconforming items of tangible personal property. If the delivery does conform to the quantity and quality specified in the purchase order or contract, the using agency shall certify to the central purchasing office that delivery has been completed and is satisfactory.

History: Laws 1984, ch. 65, § 130.

§ 13-1-158. Payments for purchases.

A. No warrant, check or other negotiable instrument shall be issued in payment for any purchase of services, construction or items of tangible personal property unless the central purchasing office or the using agency certifies that the services, construction or items of tangible personal property have been received and meet specifications, or prepayment is permitted under Section 13-1-98 NMSA 1978 by exclusion of the purchase from the Procurement Code.

B. Unless otherwise agreed upon by the parties or unless otherwise specified in the invitation for bids, request for proposals or other solicitation, within fifteen days from the date the state central purchasing office or state using agency receives written notice from the contractor that payment is requested for services or construction completed or items of tangible personal property delivered on site and received by the state, the state central purchasing office or state using agency shall issue a written certification of complete or partial acceptance or rejection of the services, construction or items of tangible personal property.

C. Upon certification by the state central purchasing office or the state using agency that the services, construction or items of tangible personal property have been received and accepted, payment shall be tendered to the contractor within sixty days of the date of certification. After the sixtieth day from the date that written certification of acceptance is issued, late payment charges shall be paid on the unpaid balance due on the contract to the contractor at the rate of one and one-half percent per month.

D. Late payment charges which differ from the provisions of Subsection C of this section may be assessed if specifically provided for by contract or pursuant to tariffs approved by the New Mexico public service commission or the state corporation commission.

Article 4

Public Works Contracts

§ 13-4-1. Public works contracts.

It is the duty of every office, department, institution, board, commission or other governing body or officer thereof of this state or of any political subdivision thereof to award all contracts for the construction of public works or for the repair, reconstruction, including highway reconstruction, demolition or alteration thereof, to a resident contractor whenever practicable.

History: Laws 1933, ch. 50, § 1; 1941 Comp., § 6-501; 1953 Comp., § 6-6-1; Laws 1965, ch. 185, § 1; 1984, ch. 66, § 1.

Cross-references. - As to contracts for courthouses, jails or bridges after approval of bond issue, see 4-49-14 NMSA 1978. As to county buildings upon change of county seat, see 4-34-3 NMSA 1978. For employees to be residents, see 10-1-6 to 10-1-9 NMSA 1978.

"Practicable" defined. - "Practicable" has been defined by the courts to mean something which is capable of being performed or effected under the prevailing circumstances. In

making a determination of practicability or nonpracticability, the public body involved must necessarily consider the availability of funds, reliability of the contractor, time factors involved in the construction and other aspects incident to such construction project. 1965 Op. Att'y Gen. No. 65-5.

When written finding required. - An express written finding is required if a New Mexico contractor is not awarded such contract, spelling out the basis for such finding. 1965 Op. Att'y Gen. No. 65-5.

Effect on Ute dam contracts. - The provisions of this article have definite application to the proposed public works project for the construction of the Ute dam. Consequently, any contract executed in violation of this article is void and of no effect, unless a finding is made and a valid substantiation given as to why such award to a non-New Mexico contractor is not "practicable." 1961-62 Op. Att'y Gen. No. 62-80.

Effect on New Mexico interstate stream commission. - The provisions of this article have application to a proposed construction project to be awarded by the New Mexico interstate stream commission. 1961-62 Op. Att'y Gen. No. 62-80.

Legislative intent. - It is apparent that the legislature clearly intended that public construction projects come within the safeguards of the former Public Purchases Act, and be awarded whenever practicable to New Mexico contractors. 1961-62 Op. Att'y Gen. No. 62-80.

Preclusion from bidding. - New Mexico contractors may not properly be precluded from bidding upon public works construction projects financed from state funds. Under the former Public Purchases Act, however, the state purchasing agent was invested with certain discretion in the awarding or rejection of bids. 1961-62 Op. Att'y Gen. No. 62-80.

§ 13-4-2. Resident contractor defined; application of preference.

A. A "resident contractor" is any person, firm, corporation or other legal entity if, at the

time the contract is advertised for bids and at the time bids are opened, it has all required licenses and meets the following requirements:

(1) if the bidder is a corporation, it shall be incorporated in New Mexico and maintain its principal office and place of business in New Mexico and a majority of its outstanding shares shall be beneficially owned by one or more individual citizens who are domiciled in the state;

(2) if the bidder is a partnership, general or limited, or other legal entity, it shall maintain its principal office and place of business in New Mexico, and the partners or associates owning a majority beneficial interest shall be domiciled in the state. If one or more partners or associates are corporations, a majority of the outstanding shares of each corporation shall be beneficially owned by individual citizens who are domiciled in the state. If the entity is a trust, a majority of the beneficial interest of the trust shall be owned by individual citizens who are domiciled in the state;

(3) if the bidder is an individual, he shall maintain his principal office and place of business in New Mexico, and the individual shall be a citizen of and domiciled in the state; or

(4) if a bidder who is a telecommunications company as defined by Subsection M of Section 63-9A-3 NMSA 1978 or an affiliate of a telecommunications company has paid unemployment compensation to the employment security division of the labor department at the applicable experience rate for that employer pursuant to the New Mexico Unemployment Compensation Law [Chapter 51 NMSA 1978] on no fewer than ten employees who have performed services subject to contributions for the two-year period prior to issuance of notice to bid, the bidder will be considered to have fulfilled the requirements of Paragraph (1), (2) or (3) of this subsection. A successor to a previously qualified New Mexico contractor or resident contractor, where the creation of the bidder resulted from a court order, is entitled to credit for qualifying contributions paid by the previously qualified New Mexico contractor or resident contractor.

B. For purposes of this section:

(1) "affiliate" means an entity that directly or indirectly through one or more intermediaries controls, is controlled by or is under common control with a telecommunications company through ownership of voting securities representing a majority of the total voting power of that entity; and

(2) "beneficially owned" or "beneficial interest" means exercising actual management and control of all operations including but not limited to financial decisions, financial liability, labor relations, supervision of field operations, purchases of goods, supplies and services, marketing and sales.

C. When bids are received only from nonresident contractors and resident contractors and the lowest responsible bid is from a nonresident contractor, the contract shall be

awarded to the resident contractor whose bid is nearest to the bid price of the otherwise low nonresident contractor if the bid price of the resident contractor is made lower than the bid price of the nonresident contractor when multiplied by a factor of .95.

D. No contractor shall be treated as a resident contractor in the awarding of public works contracts by a state agency or a local public body unless the contractor has qualified with the state purchasing agent as a resident contractor pursuant to this section by making application to the state purchasing agent and receiving from him a certification number. The procedure for application and certification is as follows:

(1) the state purchasing agent shall prepare an application form for certification as a resident contractor, requiring such information and proof as he deems necessary to qualify the applicant under the terms of this section;

(2) the contractor seeking to qualify as a resident contractor shall complete the application form and submit it to the state purchasing agent prior to the submission of a bid on which the contractor desires to be given a preference;

(3) the state purchasing agent shall examine the application and if necessary may seek additional information or proof so as to be assured that the prospective contractor is indeed entitled to certification as a resident contractor. If the application is in proper form, the state purchasing agent shall issue the contractor a distinctive certification number which is valid until revoked and which, when used on bids and other purchasing documents for state agencies or local public bodies, entitles the contractor to treatment as a resident contractor under Subsection C of this section; and

(4) the certification number issued pursuant to Paragraph (3) of this subsection shall be revoked by the state purchasing agent upon making a determination that the contractor no longer meets the requirements of a resident contractor as defined in this section.

History: 1978 Comp., § 13-4-2, enacted by Laws 1984, ch. 66, § 2; 1988, ch. 84, § 3; 1989, ch. 310, § 2.

Repeals and reenactments. - Laws 1984, ch. 66, § 2, repeals former 13-4-2 NMSA 1978, as amended by Laws 1965, ch. 185, § 2. For provisions of former section, see 1983 replacement pamphlet.

The 1988 amendment, effective March 8, 1988, substituted "shall" for "must" throughout the section; in Subsection A, inserted "office and" and inserted "or if a public telecommunications provider as defined in the New Mexico Telecommunications Act has five or more employees who are residents of the state"; inserted "beneficially" in Subsection A(1); substituted "shall be beneficially owned" for "must be owned" in Subsections A(1) and (2); in Subsection A(2), substituted "beneficial interest of the trust shall be owned" for "beneficial interest thereof must be owned" in the second sentence; in the first sentence in Subsection A(4) substituted "if a bidder who is a public telecommunications provider as defined in the New Mexico Telecommunications Act

has paid unemployment compensation" for "if a bidder has paid unemployment compensation contributions"; and made minor stylistic changes.

The 1989 amendment, effective June 16, 1989, in Subsection A, deleted "maintains its principal office and place of business in New Mexico or if a public telecommunications provider as defined in the New Mexico Telecommunications Act, has five or more employees who are residents of the state" following "opened, it" in the introductory language, in Paragraphs (1), (2), and (3), inserted references to maintenance of principal office and place of business in New Mexico, and in Paragraph (5), substituted "bidder who is a telecommunications company as defined by Subsection M of Section 63-9A-3 NMSA 1979 or an affiliate of a telecommunications company" for "bidder who is a telecommunications provider as defined in the New Mexico Telecommunications Act" and "employment security division of the labor department" for "employment security department", and made a minor stylistic change; added present Subsection B; redesignated former Subsections B and C as present Subsections C and D; and in Subsection D(3) substituted "Subsection C" for "Subsection B" near the end.

§ 13-4-3. Federal aid projects exempt.

The provisions of Sections 13-4-1 through 13-4-4 NMSA 1978 shall not apply to federal aid construction projects or when the expenditure of federal funds designated for a specific contract is involved.

§ 13-4-5. Use of New Mexico materials.

In all public works within New Mexico, whether constructed or maintained by the state, or by a department, a board, a commission of the state or by any political subdivision

thereof, or in any construction or maintenance to which the state, or any political subdivision thereof, has granted aid, preference shall be given to materials produced, grown, processed or manufactured in New Mexico by citizens or residents thereof; and such materials shall be used where the same are deemed satisfactory for the intended use. In any case where, in the judgment of the different officers, boards, commissions or other authority in this state, now or hereafter vested with the power of contracting for material used in the construction or maintenance of public works hereinabove referred to, it appears that an attempt is being made by producers, growers, processors or manufacturers in the state to form a trust or combination of any kind for the purpose of fixing or regulating the price of materials to be used in any public works, to the detriment of or loss to the state, then the provisions of this section shall not apply.

Provisions outside title not given effect. - The body of this section is broader than the title of the act, and as a result those provisions outside the title will not be given effect. 1933-34 Op. Att'y Gen. 109.

Operation of section. - The operation of this section should be confined to construction of public works in which it would be practicable to give preference to materials produced in New Mexico, and should be left to the discretion of board or commission having control of the work. 1933-34 Op. All the various grades of lumber produced therefrom, and the softwood species of New Mexico lumber shall be considered, regarded and accepted prima facie as the equal in strength and durability of similar softwood species produced elsewhere, and the burden shall rest upon any person contesting this provision to prove to the contrary in a court of competent jurisdiction by a preponderance of the evidence.

§ 13-4-10. Short title.

Sections 13-4-11 through 13-4-17 NMSA 1978 may be cited as the "Public Works Minimum Wage Act."

History: 1953 Comp., § 6-6-10.1, enacted by Laws 1963, ch. 304, § 1.

§ 13-4-11. Minimum wages on public works; weekly payment; posting wage scale; withholding funds.

The advertised specifications for every contract in excess of twenty thousand dollars (\$20,000), to which the state or any political subdivision thereof is a party, for construction, alteration, demolition or repair, or any combination of these, including painting and decorating, of public buildings, or public works, or public roads of the state, and which requires or involves the employment of mechanics or laborers or both, shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the chief of the labor and industrial bureau [director of the labor and industrial division of the department of labor] to be prevailing for the corresponding classes of laborers and mechanics employed on other contract work of a similar nature in the state or locality, and every contract based upon these specifications shall contain a stipulation that the contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week, and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the advertised specifications.

A. For the purpose of making wage determinations, the chief of the labor and industrial bureau [director] shall conduct a continuing program for the obtaining and compiling of wage-rate information, and shall encourage the voluntary submission of wage-rate data by contractors, contractors' associations, labor organizations, interested persons and public officers. Before making a determination of wage rates for any project, he shall give due regard to the information thus obtained. Whenever the chief of the labor and industrial bureau [director] deems that the data at hand are insufficient to make a wage determination, he may have a field survey conducted for the purpose of obtaining sufficient information upon which to make such determination of wage rates. Any interested person shall have the right to submit to the chief of the labor and industrial bureau [director] written data, views and arguments why such wage determination should be changed.

B. The scale of wages to be paid shall be posted by the contractor in a prominent and easily accessible place at the site of the work; and it is further provided that there may be withheld from the contractor so much of accrued payments as may be considered

necessary by the contracting officer to pay to laborers and mechanics employed by the contractor or subcontractor on the work, the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and the rates of wages received by such laborers and mechanics and not refunded to the contractor, subcontractors or their agents.

C. The chief of the labor and industrial bureau [director] shall have authority to issue rules and regulations necessary to administer and accomplish the purposes of the Public Works Minimum Wage Act [13-4-11 to 13-4-17 NMSA 1978].

History: 1953 Comp., § 6-6-6, enacted by Laws 1965, ch. 35, § 1; 1979, ch. 35, § 1.

Repeals and reenactments. - Laws 1965, ch. 35, § 1, repeals 6-6-6, 1953 Comp., relating to withholding wages and the Minimum Wage Act, and enacts the above section.

Chief of the labor and industrial bureau. - Section 9-8-10B NMSA 1978, which created the labor and industrial bureau within the employment services division of the human services department, the head of which bureau was designated a chief by 9-8-10A NMSA 1978, was repealed by Laws 1981, Chapter 88. Laws 1979, Chapter 204 establishes a labor and industrial commission, headed by a labor commissioner, and provides that all personnel, etc., of the labor and industrial bureau of the employment services division of the human services department are transferred to the labor and industrial commission. Laws 1987, ch. 342, § 33C provides that all references in law to the labor commissioner shall be construed as references to the director of the labor and industrial division of the department of labor.

The word "determine" is synonymous with "ascertain". *City of Albuquerque v. Burrell*, 64 N.M. 204, 326 P.2d 1088 (1958).

Where section applies. - When the political subdivision contracts with another entity to carry out public works, the public works minimum wage rates apply. 1967 Op. Att'y Gen. No. 67-100.

Does not apply. - Where a school board acts as both the contractor and political subdivision, this section does not apply. One entity cannot contract with itself under this section. 1967 Op. Att'y Gen. No. 67-100.

Section inapplicable where telecommunication system replaced. - This section did not apply to a contract whereby the telecommunications system in a state university was simply replaced without any construction or alteration of the buildings and where cables were installed in preexisting tunnels. *Universal Communications Sys. v. Smith*, 104 N.M. 754, 726 P.2d 1384 (1986).

Is violated. - Classification of and wage payments to an employee is in violation of this section, when the interpretation and application of standard job classifications and descriptions were not based upon the prevailing wages being paid on contract work of a similar nature to corresponding classes of laborers and mechanics performing the same work as that employee performed. *L.H. Lacy Co. v. State Labor & Indus. Comm'n*, 89 N.M. 563, 555 P.2d 684 (1976).

Is preempted. - This act is preempted by the federal government's predetermined wage rate only when the New Mexico rate is lower than that predetermined by the federal government. 1971 Op. Att'y Gen. No. 71-114.

Resembles Davis-Bacon Act. - The New Mexico statute is practically identical with the Davis-Bacon Act (40 U.S.C. § 276a), and if a contractor was challenging the law the New Mexico supreme court would readily accept the reasoning of the United States supreme court. *City of Albuquerque v. Burrell*, 64 N.M. 204, 326 P.2d 1088 (1958).

Duty to determine prevailing ways. - Before promulgation of an order setting the minimum wage scale to be paid on public works a determination must be made of the prevailing wages being paid in a locality for like work. *City of Albuquerque v. Burrell*, 64 N.M. 204, 326 P.2d 1088 (1958).

Employer cannot be ordered to pay additional wages. - This section expressly confers the power to determine the prevailing wage but does grant the power to order an employer to pay the additional wages determined to be due his laborers. If it is determined that a person or firm has failed to pay the prevailing minimum wages, then the certification procedure outlined in 13-4-14A and B NMSA 1978 must be followed. *Grauerholtz v. New Mexico Labor & Indus. Comm'n*, 104 N.M. 674, 726 P.2d 351 (1986).

Submission of false wage rate data may be perjury or false swearing. - See 1963-64 Op. Att'y Gen. No. 63-160.

§ 13-4-12. Definition of the term "wages."

A. As used in Section 13-4-11 NMSA 1978, "wages," "scale of wages," "wage rates," "minimum wages" and "prevailing wages" include:

(1) the basic hourly rate of pay; and

(2) the amount of; [:]

(a) the rate of contribution irrevocably made by a contractor or subcontractor to a trustee or a third person pursuant to a fund, plan or program; and

(b) the rate of costs to a contractor or subcontractor which reasonably may be anticipated in providing benefits to laborers and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the laborers and mechanics affected, for 1) medical or hospital care, 2) pensions on retirement or death, 3) compensation for injuries or illness resulting from occupational activity, or, 4) insurance to provide for any of the foregoing, and for 5) unemployment benefits, 6) life insurance, 7) disability and sickness insurance, 8) accident insurance, 9) vacation and holiday pay, 10) costs of apprenticeship or other similar programs, or for 11) other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state or local law to provide any of the foregoing or similar benefits.

B. However, the obligation of a contractor or subcontractor to make payment in accordance with the prevailing wage determinations of the state labor commissioner [director of the labor and industrial division of the department of labor], insofar as Section 13-4-11 NMSA 1978, or other sections or legislative acts incorporating Section 13-4-11 NMSA 1978 are concerned, may be discharged by:

(1) the making of payments in cash;

(2) the making of contributions of a type referred to in Subsection A(2)(a); or

(3) the assumption of an enforceable commitment to bear the costs of a plan or program of a type referred to in Subsection A(2)(b), or any combination thereof, where the aggregate of any payments or contributions and costs therefor is not less than the rate of pay described in Section 13-4-11 NMSA 1978, plus the amount referred to in this section.

C. The provisions of this section shall not affect existing contracts, nor contracts resulting from bids outstanding on July 15, 1965.

State labor commissioner. - Pursuant to Laws 1987, ch. 342, § 33, all references in law to the labor commissioner shall be construed as references to the director of the labor and industrial division of the department of labor.

§ 13-4-13. Failure to pay minimum wage; termination of contract.

Every contract within the scope of the Public Works Minimum Wage Act [13-4-11 to 13-

4-17 NMSA 1978] shall contain further provision that in the event it is found, by the state labor commissioner [director of the labor and industrial division of the department of labor] that any laborer or mechanic employed by the contractor or subcontractor on the site of the project covered by the contract, has been or is being paid as a result of a willful violation a rate of wages less than the rate of wages required by the contract, the contracting agency may, by written notice to the contractor, and his subcontractor, if the violation involves a subcontractor, terminate their right to proceed with the work, or such part of the work as to which there has been a willful failure to pay the required wages, and the contracting agency may prosecute the work to completion by contract or otherwise, and the contractor and his sureties shall be liable to the state of New Mexico for any excess costs occasioned thereby. Any party receiving notice of termination of his contract or subcontract under the provisions of this section may appeal the finding of the state labor commissioner [director] as provided in the Public Works Minimum Wage Act.

Repeals and reenactments. - Laws 1965, ch. 35, § 3, repeals 6-6-7, 1953 Comp., relating to failure to pay minimum wage, and enacts the above section.

State labor commissioner. - Pursuant to Laws 1987, ch. 342, § 33, all references in law to the labor commissioner shall be construed as references to the director of the labor and industrial division of the department of labor.

§ 13-4-14. Payment of wages from funds withheld; list of contractors violating act; additional right of wage earners.

A. The labor commissioner [director of the labor and industrial division of the department of labor] shall certify to the contracting agency the names of persons or firms, whom he has found to have disregarded their obligations to employees under the Public Works Minimum Wage Act [13-4-11 to 13-4-17 NMSA 1978], and the amount of arrears. The contracting agency is authorized and directed to pay, or cause to be paid, to the affected laborers and mechanics, from any accrued payments withheld under the terms of the contract, any wages found due such workmen pursuant to the Public Works Minimum Wage Act. The commissioner [director] shall after notice to the affected persons distribute a list to all departments of the state, giving the names of persons or firms whom he has found to have willfully violated the Public Works Minimum Wage Act. No contract shall be awarded to the persons or firms appearing on this list, or to any firm, corporation, partnership or association in which such persons or firms have an interest, until three years have elapsed from the date of publication of the list containing the names of such persons or firms. Any person to be included on the list to be distributed may appeal the finding of the commissioner [director] as provided in the Public Works Minimum Wage Act.

B. If the accrued payments withheld under the terms of the contract, as aforesaid, are

insufficient to reimburse all the laborers and mechanics with respect to whom there has been a failure to pay the wages required pursuant to the Public Works Minimum Wage Act, such laborers and mechanics shall have the right of action, or intervention, or both, against the contractor and his sureties, conferred by law upon such persons furnishing labor and materials, and in such proceeding it shall be no defense that such laborers and mechanics accepted or agreed to less than the required rate of wages or voluntarily made refunds. The labor commissioner [director] shall refer such matters to the district attorney in the appropriate county, and it is the duty and responsibility of the district attorney to bring civil suit for wages due and liquidated damages provided herein.

C. In the event of any violation of the Public Works Minimum Wage Act, the contractor or any subcontractor responsible therefor shall be liable to any affected employee for his unpaid wages. In addition, the contractor or any subcontractor shall be liable to any affected employee for liquidated damages in the sum of ten dollars (\$10.00) for each calendar day on which a contractor or subcontractor has willfully required or permitted an individual laborer or mechanic to work in violation of the provisions of the Public Works Minimum Wage Act.

History: 1953 Comp., § 6-6-8, enacted by Laws 1965, ch. 35, § 4.

Repeals and reenactments. - Laws 1965, ch. 35, § 4, repeals 6-6-8, 1953 Comp., relating to payment of wages wrongfully withheld and rights of workers, and enacts the above section.

State labor commissioner. - Pursuant to Laws 1987, ch. 342, § 33, all references in law to the labor commissioner shall be construed as references to the director of the labor and industrial division of the department of labor.

Director cannot order employer to pay additional wages, but must follow certification procedure. - Section 13-4-11 NMSA 1978 expressly confers upon the labor commissioner (now director of the labor and industrial division) the power to determine the prevailing wage for purposes of the Public Works Minimum Wage Act. The commissioner (director) does not have the power to order an employer to pay the additional wages determined to be due his laborers. If the commissioner (director) has determined that a person or firm has failed to pay the prevailing minimum wages, then the certification procedure outlined in Subsections A and B must be followed. Grauerholtz v. New Mexico Labor & Indus. Comm'n, 104 N.M. 674, 726 P.2d 351 (1986).

§ 13-4-15. Appeals.

A. Any interested person may appeal any determination, finding or action of the state labor commissioner [director of the labor and industrial division of the department of labor] made pursuant to the Public Works Minimum Wage Act [13-4-11 to 13-4-17 NMSA 1978], to the state labor and industrial commission sitting as the appeals board,

by filing notice of the appeal with the commissioner [director] within fifteen days after the determination has been issued or notice of the finding or action has been given as provided in the Public Works Minimum Wage Act.

B. The state labor and industrial commission, sitting as the appeals board, shall adopt such rules and regulations as it deems necessary for the prompt disposition of appeals. A copy of the rules and regulations shall be filed with the librarian of the supreme court library.

C. The appeals board, within ten days after the filing of the appeal, shall set the matter for an oral hearing within thirty days, and following such hearing shall enter a decision within ten days after the close of the hearing, and promptly mail copies of the decision to the parties.

D. Decisions of the appeal board may be reviewed by the district court in Santa Fe county or in the county in which the contract affected is to be performed. Proceedings for review shall be instituted by filing a petition in the court within thirty days after mailing notice of the final decision of the board. Copies of the petition shall be served upon the state labor commissioner and all parties of record. The review shall be conducted by the court without a jury and shall be confined to the record of the proceedings before the board. The findings of fact of the board shall be binding upon the district court when supported by substantial evidence. The court may affirm the decision of the board or remand the case for further proceedings. The court may reverse or modify the decision because the administrative findings, inferences, conclusions or decisions are:

(1) in violation of constitutional or statutory provisions;

(2) in excess of the statutory authority of the board;

(3) made upon unlawful procedure;

(4) affected by other error of law;

(5) clearly erroneous in view of the reliable probative and substantial evidence on the whole record; or

(6) arbitrary or capricious or characterized by abusive discretion or clearly unwarranted exercise of discretion.

An aggrieved party may obtain a review of any final judgment of the district court made pursuant to the Public Works Minimum Wage Act by appeal to the supreme court, which shall be taken as in other civil cases.

State labor commissioner. - Pursuant to Laws 1987, ch. 342, § 33, all references in law to the labor commissioner shall be construed to as references to the director of the labor and industrial division of the department of labor.

Scope of review. - The review by the district court is confined to the record of the proceedings before the labor and industrial commission, and the findings of fact of the commission are binding upon the district court when supported by substantial evidence and supreme court review is confined to the same record. City of Albuquerque v. State Labor & Indus. Comm'n, 81 N.M. 288, 466 P.2d 565 (1970).

§ 13-4-16. [Construction of act.]

This act [13-4-11 to 13-4-17 NMSA 1978] shall not be construed to supersede or impair any authority granted by federal law to provide for the establishment of specified wage rates.

History: Laws 1937, ch. 179, § 4; 1941 Comp., § 6-509; 1953 Comp., § 6-6-9.

§ 13-4-17. [Outstanding contracts and invitations to bid.]

This act [13-4-11 to 13-4-17 NMSA 1978] shall not effect [affect] any contract then existing or any contract that may thereafter be entered into pursuant to invitations for bids that are outstanding at the time of the passage of this act.

History: Laws 1937, ch. 179, § 5; 1941 Comp., § 6-510; 1953 Comp., § 6-6-10.

§ 13-4-18. Construction contract performance and payment bonds.

A. When a construction contract is awarded in excess of twenty-five thousand dollars (\$25,000), the following bonds or security shall be delivered to the state agency or local public body and shall become binding on the parties upon the execution of the contract. If a contractor fails to deliver the required performance and payment bonds, the contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the contract shall be made pursuant to the Procurement Code in the following manner:

(1) a performance bond satisfactory to the state agency or local public body, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

(2) a payment bond satisfactory to the state agency or local public body, executed by a

surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. The state purchasing agent or the central purchasing office may reduce the amount of the performance bond required prior to solicitation to not less than fifty percent of the contract price if it is determined to be less costly or more advantageous to the state agency or local public body to self-insure a part of the performance of the contractor.

C. The state purchasing agent or the central purchasing office may reduce the amount of the payment bond required prior to solicitation of not less than fifty percent of the contract price if it is determined that it is in the best interest of the state agency or local public body to do so. Factors to be considered in order to make such a determination include, but are not limited to:

- (1) the value and number of subcontracts to be awarded by the contractor; and
- (2) the value of the contract.

D. Nothing in this section shall be construed to limit the authority of the state agency or local public body to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in Subsection A of this section.

E. For contracts under twenty-five thousand dollars (\$25,000) the state agency or local public body may impose in its sole and complete discretion the requirements of Subsections A, B and C of this section.

Cross-references. - For corporations qualified as sureties, see 46-6-1 NMSA 1978.

Repeals and reenactments. - Laws 1987, ch. 109, § 1 repeals former 13-4-18 NMSA 1978, as amended by Laws 1975, ch. 251, § 1, and enacts the above section, effective June 19, 1987. For the provisions of the former section, see the 1985 Replacement Pamphlet.

Procurement Code. - See 13-1-28 NMSA 1978 and notes thereto.

Purpose of Little Miller Act. - The Little Miller Act (13-4-18 to 13-4-20 NMSA 1978) was enacted to protect suppliers of materials under any subcontract involving a state construction project. *State ex rel. Electric Supply Co. v. Kitchens Constr., Inc.*, 106 N.M. 753, 750 P.2d 114 (1988).

Bond inurement. - Under New Mexico law prior to the passage of this act (Laws 1923, ch. 136), a public contractor's bond inured to the benefit of furnishers of labor, material, and supplies to the principal. *First Nat'l Bank v. Caples*, 17 F.2d 87 (5th Cir. 1927).

Public also protected. - Bond required of road contractor under this section is not only for protection of laborers and materialmen, but also for the protection of the public in tending to lower prices of labor and material by assuring payment of all claims. *Silver v. Fidelity & Deposit Co.*, 40 N.M. 33, 53 P.2d 459 (1935).

Bond requirements. - "Little Miller Act" (13-4-18 to 13-4-20 NMSA 1978) requires a bond conditioned for the performance and completion of contract according to its terms, in "compliance with all requirements of law," and also for payment of labor and materials and is more encompassing than the federal Miller Act, 40 U.S.C. § 270A. *Employment Sec. Comm'n v. C.R. Davis Contracting Co.*, 81 N.M. 23, 462 P.2d 608 (1969).

Section gives remedy comparable to mechanic's lien. - Sections 13-4-18 and 13-4-19 NMSA 1978 are intended to provide a remedy comparable to a mechanic's lien to materialmen who provide supplies for a state government construction project. *State ex rel. W.M. Carroll & Co. v. K.L. House Constr. Co.*, 99 N.M. 186, 656 P.2d 236 (1982).

Not a lien statute. - The Little Miller Act, 13-4-18 to 13-4-20 NMSA 1978, is not a lien statute; it merely provides a remedy for recovery of monies due for the doing of work or the furnishing of material on a state construction project. *State ex rel. Mountain States Mut. Cas. Co. v. KNC, Inc.*, 106 N.M. 140, 740 P.2d 690 (1987).

Section applies to third-tier suppliers. - The "Little Miller Act," 13-4-18 to 13-4-20 NMSA 1978, applies to suppliers of materials under any subcontract involving a state construction project, including third-tier suppliers. *State ex rel. W.M. Carroll & Co. v. K.L. House Constr. Co.*, 99 N.M. 186, 656 P.2d 236 (1982).

Third-tier suppliers of materials to government construction projects are entitled to protection under New Mexico's Little Miller Act, 13-4-18 to 13-4-20 NMSA 1978. *Nichols Corp. v. Bill Stuckman Constr., Inc.*, 105 N.M. 37, 728 P.2d 447 (1986).

Exceptions to "supplies". - The word "supplies," used in the statute and in a contractor's bond, does not include premiums on workmen's compensation and public liability insurance, and recovery cannot be had against the surety for failure to pay such items. *Anderson v. United States Fid. & Guar. Co.*, 44 N.M. 483, 104 P.2d 906 (1940).

Bond required for public highway construction. - This section requires that a bond be given when the state enters into a contract for the construction of a public highway. *American Sur. Co. v. Gilmore Oil Co.* 83 F.2d 249 (10th Cir. 1936).

Where materialman may sue. - A bond to the state, conditioned for the performance by a highway contractor of the obligation of his contract, one of which obligations is to pay for materials used, may be sued on by a materialman. *Southwestern Portland Cement Co. v. Williams*, 32 N.M. 68, 251 P. 380 (1926).

Where surety company signed bond to which the contract was attached, it was bound by the provision in the contract that "the contractor will give bond guaranteeing the payment of labor and materials" as required by statute, although such bond was never actually given, and the surety company was liable to the materialman. *Southwestern Sash & Door Co. v. American Employers' Ins. Co.*, 37 N.M. 212, 20 P.2d 928 (1933).

Where no release of surety. - Failure of school board to retain 15% of the contract price for a school building from the contractor, until final settlement, does not release the surety from liability to the laborers or materialmen. *Southwestern Sash & Door Co. v. American Employers' Ins. Co.*, 37 N.M. 212, 20 P.2d 928 (1933).

Timeliness of notice. - Where contractor furnished bond provided for under this section and timely notice was given to contractor's surety only if a substitute item, the last one furnished on the job, was legally sufficient, notice was too late, since contractor had not been informed of the proposed change as required by contract provisions dealing with changes, and the item, never installed, was held not to be the last item furnished under the contract. *Crane O'Fallon Co. v. Via*, 56 N.M. 772, 251 P.2d 260 (1952).

Extension of surety liability. - Although the general rule is that the liability of a surety cannot be extended beyond the fair import of the undertaking in the bond, this rule has certain exceptions: (1) where bonds are given pursuant to statute for a public or quasi-public purpose; or (2) when by special provision of statute the conditions and obligations prescribed in the statute requiring the bond must be read into the bond, whether contained therein or not, and in such cases, the liability of a surety will be determined by the conditions and obligations prescribed in the statute, in the first instance, on principles of public policy, and the second, by force of statutory provision. *Employment Sec. Comm'n v. C.R. Davis Contracting Co.*, 81 N.M. 23, 462 P.2d 608 (1969).

§ 13-4-19. Rights of person furnishing labor or material and right of state with respect to taxes due.

A. Every person, firm or corporation who has furnished labor or material in the prosecution of work provided for in such contract, in respect of which a payment bond is furnished under Section 13-4-18 NMSA 1978, and who has not been paid in full therefor before the expiration of a period of ninety days after the day on which the last of the labor was done or performed by him or material was furnished or supplied by him for which such claim is made, and the state, in respect of which a payment bond is furnished under Section 13-4-18 NMSA 1978, by a contractor who does not have its principal place of business in New Mexico, for all taxes due arising out of construction services rendered under the contract, shall have the right to sue on such payment bond for the amount of the balance thereof unpaid at the time of the institution of such suit, and to prosecute such action to final execution and judgment for the sum or sums justly due him; provided, however, that any person having direct contractual relationship with a subcontractor, but no contractual relationship, express or implied, with the contractor furnishing such payment bond shall have a right of action upon said payment bond upon giving written notice to said contractor within ninety days from the date on which such person did or performed the last of the labor or furnished or supplied the last of the material for which such claim is made, stating with substantial accuracy the amount claimed, and the name of the party to whom the material was furnished or supplied or for whom the labor was done or performed. Such notice shall be served by mailing the same by registered mail, postage prepaid, in an envelope addressed to the contractor at any place he maintains an office or conducts his business or his residence, or in any manner in which the service of summons in civil process is authorized by law.

B. Claimant in such suit shall notify the obligee named in the bond of the beginning of such action, stating the amount claimed, and no judgment shall be entered in such action within thirty days after giving such notice. The obligee and any person, firm, corporation or the state having a cause of action on such bond may be admitted on motion as a party to such action, and the court shall determine the rights of all parties thereto. If the amount realized on such bond be insufficient to discharge all claims in full, such amount shall be distributed among the parties entitled thereto pro rata.

C. Except for suits by the state with respect to taxes, which shall be brought in the name of the bureau of revenue [abolished], every suit instituted under this section shall be brought in the name of the state of New Mexico for the use of the person suing in the district court in any judicial district in which the contract was to be performed and executed, or where the claimant resides, but no such suit, including one brought by the bureau of revenue [abolished], shall be commenced after the expiration of one year after the date of final settlement of such contract. The date of final settlement herein shall be that date set by the obligee in the final closing and settlement of payment, if any, due the contractor. The state of New Mexico shall not be liable for the payment of any costs or expenses of any such suit.

D. The obligee named in said bond is authorized and directed to furnish to any person, firm or corporation making application therefor who submits an affidavit that he or it has supplied labor or materials for such work and payment therefor has not been made or that he or it is being sued on any such bond, or to the bureau of revenue [abolished], a certified copy of such bond and the contract for which it was given, which copy shall be prima facie evidence of the contents, execution and delivery of the original, and, in case final settlement of such contract has been made, a certified statement of the date of such settlement which shall be conclusive as to such demand upon it. Applicants shall pay for such certified copies and certified statements such fees as the obligee fixes to cover the cost of preparation thereof.

History: Laws 1923, ch. 136, § 2; C.S. 1929, § 17-202; 1941 Comp., § 6-512; Laws 1953, ch. 65, § 1; 1953 Comp., § 6-6-12; Laws 1975, ch. 251, § 2.

Meaning of "bureau of revenue". - The bureau of revenue, referred to in Subsections C and D, was abolished, and its jurisdiction, powers and duties were transferred to the revenue division of the taxation and revenue department. See Laws 1977, ch. 249, §§ 3, 4 and 5. However, Laws 1986, ch. 20, § 122 amended 9-11-4 NMSA 1978 to delete reference to the revenue division in the taxation and revenue department. See 9-11-4 NMSA 1978.

Section gives remedy comparable to mechanic's lien. - Sections 13-4-18 and 13-4-19 NMSA 1978 are intended to provide a remedy comparable to a mechanic's lien to materialmen who provide supplies for a state government construction project. State ex rel. W.M. Carroll & Co. v. K.L. House Constr. Co., 99 N.M. 186, 656 P.2d 236 (1982).

Generally. - The statute is remedial in nature and its principal purpose is to protect the supplier of labor and materials, and it should be liberally construed to effectuate the obvious legislative intent. However, the court cannot, in the guise of liberality, justify completely ignoring the very prerequisite (notice) which the legislature prescribed as a condition precedent to the accrual of any right against the contractor's bond. State ex rel. Komac Paint & Wallpaper Store v. McBride, 74 N.M. 233, 392 P.2d 577 (1964).

Written notice is mandatory as a strict condition precedent to the existence of any right of action upon the payment bond. State ex rel. State Elec. Supply Co. v. McBride, 79 N.M. 467, 444 P.2d 978 (1968).

The requirement under Subsection A that a claimant give written notice within 90 days is a necessary prerequisite to recovery. This notice requirement acts as a protection against unlimited and unascertainable contingent liabilities. State ex rel. W.M. Carroll & Co. v. K.L. House Constr. Co., 99 N.M. 186, 656 P.2d 236 (1982).

Within 90 days from final performance. - Under express language of this section, identical with that of the Miller Act, the supplier who has no direct contractual relation with the general contractor is given a right of action against the bond only upon compliance with the condition precedent to suit " 'upon giving written notice to said contractor' within ninety days from the date of final performance." State ex rel. Komac Paint & Wallpaper Store v. McBride, 74 N.M. 233, 392 P.2d 577 (1964).

And be "for which such claim is made". - The statute requires written notice of claim within 90 days of the date the last item of material "for which such claim is made" was delivered by the supplier to the subcontractor. State ex rel. State Elec. Supply Co. v. McBride, 79 N.M. 467, 444 P.2d 978 (1968).

Substantial compliance with notice required. - The supplier's right of action to recover on the general contractor's bond comes into being only upon substantial compliance with the notice required by the legislature. State ex rel. Komac Paint & Wallpaper Store v. McBride, 74 N.M. 233, 392 P.2d 577 (1964).

Timeliness of notice. - Supplying an item not called for by plans and specifications or demanded by a change or other authorization or installed as a part of the construction did not provide a basis for determining the last day on which materials were supplied. Crane O'Fallon Co. v. Via, 56 N.M. 772, 251 P.2d 260 (1952).

Early notice deemed timely. - A supplier may give adequate notice to a contractor prior to the expiration of the 90-day time limit of Subsection A and may give notice and file suit for nonpayment prior to delivery of the last items to the contractor. State ex rel. Goodmans Office Furnishings, Inc. v. Page & Wirtz Constr. Co., 102 N.M. 22, 690 P.2d 1016 (1984).

Sufficiency of notice. - Acknowledgment of receipt of claim of subcontractor for materials and supplies, under contractor's bond, by state highway department was insufficient notice to surety of such claim. Silver v. Fidelity & Deposit Co., 40 N.M. 33, 53 P.2d 459 (1935).

Estoppel as a defense. - Estoppel may be a defense in a Little Miller Act (13-4-18 to 13-4-20 NMSA 1978) case. State ex rel. Electric Supply Co. v. Kitchens Constr., Inc., 106 N.M. 753, 750 P.2d 114 (1988).

Supplier was not estopped from pursuing its claim under the Little Miller Act (13-4-18 to 13-4-20 NMSA 1978) against the general contractor and the surety, where the supplier made no affirmation to the general contractor concerning notification of the subcontractor's failure to make payments, and there was no conduct on the supplier's part for the general contractor to have relied on to its detriment. State ex rel. Electric Supply Co. v. Kitchens Constr., Inc., 106 N.M. 753, 750 P.2d 114 (1988).

Supplemental complaint after one year allowed where not prejudicial. - A district court's decision to allow the filing of a supplemental complaint to eliminate any alleged jurisdictional defects more than one year after the filing of the initial complaint is in keeping with the remedial nature of the statute, where there is no prejudice shown by the filing of the supplemental complaint. State ex rel. Goodmans Office Furnishings, Inc. v. Page & Wirtz Constr. Co., 102 N.M. 22, 690 P.2d 1016 (1984).

Notice requirement for a workers' compensation insurer's claim of a lien right against a performance bond, given in connection with a state construction project, was governed by the Mechanic's Lien Act, 48-2-1 NMSA 1978 et seq., and not by the Little Miller Act, 13-4-18 to 13-4-20 NMSA 1978. State ex rel. Mountain States Mut. Cas. Co. v. KNC, Inc., 106 N.M. 140, 740 P.2d 690 (1987).

§ 13-4-20. Additional bond in case of insolvency of sureties.

Whenever in its judgment any surety on such bond shall be insolvent, or for any cause is not a proper or sufficient surety, the obligee may require the contractor to furnish a new or additional bond or security within ten days; and thereupon, if the obligee shall so order, all work on said contract shall cease until such new or additional bond or security shall be furnished. If not furnished within said time, the obligee may at its option take over and complete said work as the agent and at the expense of the contractor and sureties, either doing the work on force account or letting the same by contract, and

shall be entitled to use any equipment, materials and supplies of the delinquent contractor in completing said work.

Section applies to third-tier suppliers. - The "Little Miller Act," 13-4-18 to 13-4-20 NMSA 1978, applies to suppliers of materials under any subcontract involving a state construction project, including third-tier suppliers. State ex rel. W.M. Carroll & Co. v. K.L. House Constr. Co., 99 N.M. 186, 656 P.2d 236 (1982).

Any person submitting a bid shall in his bid set forth:

(1) the name and location of the place of business of each subcontractor under subcontract to the contractor who will perform work or labor or render service to the contractor in or about the construction of the public works construction project in an amount in excess of the listing threshold; and

(2) the nature of the work which will be done by each subcontractor. The contractor shall list only one subcontractor for each category as defined by the contractor in his bid.

§ 13-4-36. Substitution of subcontractor.

A. No contractor whose bid is accepted shall substitute any person as subcontractor in place of the subcontractor listed in the original bid, except that the using agency shall consent to the substitution of another person as a subcontractor in the following circumstances:

(1) when the subcontractor listed in the bid, after having had a reasonable opportunity to do so, fails or refuses to execute a written contract, when such written contract, based upon the general terms, conditions, plans and specifications for the project involved and the terms of such subcontractor's written bid, is presented to him by the contractor;

(2) when the listed subcontractor becomes bankrupt or insolvent;

- (3) when the listed subcontractor fails or refuses to perform his subcontract;
- (4) when the contractor demonstrates to the using agency or its duly authorized officer that the name of the subcontractor was listed as the result of an inadvertent clerical error;
- (5) when a bid alternate accepted by the using agency causes the original low subcontractor's bid not to be low;
- (6) when the contractor can substantiate to the using agency that a listed subcontractor's bid is incomplete; or
- (7) when the listed subcontractor fails or refuses to meet the bond requirements of the contractor.

B. Prior to approval of the contractor's request for such substitution, the using agency shall give notice in writing to the listed subcontractor of the contractor's request to substitute and of the reasons for such request. Such notice shall be served by certified or registered mail to the last known address of the subcontractor. The listed subcontractor who has been so notified has five working days within which to submit written objections to the substitution to the using agency. Failure to file such written objections shall constitute the listed subcontractor's consent to the substitution. If written objections are filed, the using agency shall give at least five working days notice in writing to the listed subcontractor of a hearing by the using agency on the contractor's request for substitution.

C. No contractor whose bid is accepted shall permit any such subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid without the consent of the using agency.

D. No contractor whose bid is accepted, other than in the performance of change orders causing changes or deviations from the original contract, shall sublet or subcontract any portion of the work in excess of the listing threshold as to which his original bid did not designate a subcontractor unless the contractor fails to receive a bid for a category of work. Under such circumstances, the contractor may subcontract. The contractor shall designate on the listing form that no bid was received.

History: Laws 1988, ch. 18, § 6.

Effective dates. - Laws 1988, ch. 18 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on May 18, 1988.

§ 13-4-37. Bond requirements.

A. It shall be the responsibility of each subcontractor submitting bids to a contractor to be prepared to submit [a] faithful performance and payment bond if so requested by the contractor.

B. In the event any subcontractor submitting a bid to a contractor does not, upon the request of the contractor and at the expense of the contractor at the established charge or premium therefore, furnish to such contractor a bond issued by an admitted surety wherein the contractor shall be named the obligee, guaranteeing prompt and faithful performance of such subcontract and the payment of all claims for labor and materials furnished or used in and about the work to be done and performed under such subcontract, the contractor may reject such bid and make a substitution of another subcontractor subject to the provisions of Section 6 [13-4-36 NMSA 1978] of the Subcontractors Fair Practices Act. Such bond may be required at the expense of the subcontractor only if the contractor in his written or published request for subcontract bids:

(1) specifies that the expense for such bond shall be borne by the subcontractor; and

(2) clearly specifies the amount and requirements of such bond.

History: Laws 1988, ch. 18, § 7.

Effective dates. - Laws 1988, ch. 18 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on May 18, 1988.

§ 13-4-38. Failure to specify subcontractor.

If a contractor fails to specify a subcontractor in excess of the listing threshold, he represents that he is fully qualified to perform that portion himself and that he shall perform that portion himself. If after the award of the contract, the contractor subcontracts any portion of the work, except as provided in the Subcontractors Fair Practices Act, the contractor shall be guilty of violation of the Subcontractors Fair Practices Act and subject to the penalties provided in Section 11 [13-4-41 NMSA 1978] of the Subcontractors Fair Practices Act.

§ 13-4-39. Inadvertent clerical error.

A. The contractor, as a condition to assert a claim of inadvertent clerical error in the listing of a subcontractor, shall within two working days after the time of the prime bid opening by the using agency give written notice to the using agency and to both the subcontractor he claims to have listed in error and the subcontractor who had bid to the contractor prior to bid opening.

B. Any listed subcontractor who has been notified by the contractor in accordance with the provisions of this section as to an inadvertent clerical error shall be allowed six working days from the time of the prime bid opening within which to submit to the using agency and to the contractor written objection to the contractor's claim of inadvertent clerical error. Failure of such listed subcontractor to file such written notice within six working days shall be primary evidence of his agreement that an inadvertent clerical error was made.

C. The using agency shall, after a public hearing and in the absence of compelling reasons to the contrary, consent to the substitution of the intended contractor:

(1) if the contractor, the subcontractor listed in error and the intended subcontractor each submit an affidavit to the using agency, along with such additional evidence as the parties may wish to submit, that an inadvertent clerical error was in fact made, provided that the affidavits from each of the three parties are filed within eight working days from the time of the prime bid opening; or

(2) if such affidavits are filed by both the contractor and the intended subcontractor within such specified time but the subcontractor whom the contractor claims to have listed in error does not submit within six working days to the using agency and to the contractor written objection to the contractor's claim of inadvertent clerical error as provided in this section.

D. If such affidavits are filed by both the contractor and the intended subcontractor but the listed subcontractor has within six working days from the time of the prime bid opening submitted to the using agency and to the contractor written objection to the contractor's claim of inadvertent clerical error, the using agency shall investigate the claims of the parties and hold a public hearing to determine the validity of such claims. Any determination made shall be based on facts contained in the affidavits submitted by all three parties and supported by testimony under oath and subject to cross-examination. The using agency may on its motion or that of any other party admit testimony of other contractors, any bid registries or depositories or any other party in possession of facts which may have a bearing on the decision of the using agency.

(1) cancel the contract; or

(2) assess the contractor a penalty in an amount of not more than ten percent of the amount bid by the listed subcontractor, but in no case less than the difference of the amount between the listed subcontractor and the subcontractor used, which penalty shall be deposited into the fund out of which the contract is awarded. In any proceeding under this section, the contractor shall be entitled to a hearing after notice.

B. A violation of the provisions of the Subcontractors Fair Practices Act constitutes grounds for disciplinary action against a contractor, pursuant to regulations of the construction industries division of the regulation and licensing department.

C. A contractor, who attempts to circumvent the provisions of the Subcontractors Fair Practices Act shall be subject to the penalties established pursuant to this section.

D. Any listed subcontractor removed in violation of the Subcontractors Fair Practices Act may bring an action in the district court for damages, injunctive or other relief.

Article 4B

Fine Art in Public Buildings

§ 13-4B-1. Findings.

The legislature finds that the physical alteration or destruction of fine art, which is an expression of the personality of the artist, is detrimental to the reputation of the artist and artists therefore have an interest in protecting their works of fine art against such alteration or destruction. The legislature also finds that there is a public interest in preserving the integrity of cultural and artistic creations.

History: Laws 1987, ch. 70, § 1.

Effective dates. - Laws 1987, ch. 70 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on June 19, 1987.

§ 13-4B-2. Definitions.

As used in this act [13-4B-1 to 13-4B-3 NMSA 1978]:

A. "artist" means the natural person who actually creates a work of fine art but does not include art created by an employee within the scope of his employment. In case of a joint creation of a work of art, each joint creator shall have the rights of an artist with respect to the work of fine art as a whole;

B. "fine art" means any original work of visual or graphic art of any media including any painting, print, drawing, sculpture, craft, object, photograph, audio or video tape, film, hologram or any combination of such media of recognized quality;

C. "gross negligence" means the exercise of so slight a degree of care as to justify the belief that there was indifference to the particular work of fine art;

D. "public building" means a building owned by the state or any of its branches, agencies, departments, boards, instrumentalities or institutions or a building owned by any political subdivision of the state or any of its agencies, instrumentalities or institutions; and

E. "public view" means on the exterior of a public building or in an interior area of a public building.

History: Laws 1987, ch. 70, § 2.

Effective dates. - Laws 1987, ch. 70 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on June 19, 1987.

§ 13-4B-3. Fine art; alteration or destruction prohibited; injunctive relief; damages; exceptions.

A. No person except an artist who owns or possesses a work of fine art which the artist has created shall intentionally commit or authorize the intentional commission of any physical defacement, mutilation, alteration or destruction of a work of fine art in public view. As used in this section, "intentional physical defacement, mutilation, alteration or destruction" includes any such action taken deliberately or through gross negligence.

B. The artist shall retain the right to claim and receive credit under his own name or under a reasonable pseudonym or, for just and valid reason, to disclaim authorship of his work of fine art. Credit shall be determined in accord with the medium of expression

and the nature and extent of the contribution of the artist to the work of fine art.

C. The artist or any bona fide union or other artists' organization authorized in writing by the artist for such purpose may commence an action in district court without having as prerequisites to a suit any need for:

(1) damages already incurred;

(2) a showing of special damages, if any; or

(3) general damages in any monetary amount to recover or obtain any of the following:

(a) injunctive relief or declaratory relief;

(b) actual damages;

(c) reasonable attorneys' and expert witness fees and all other costs of the action; or

(d) any other relief which the court deems proper.

D. In determining whether a work of fine art is of recognized quality, the court shall rely on the opinions of artists, art dealers, collectors of fine art, curators of art museums, restorers and conservators of fine art and other persons involved with the creation or marketing of fine art.

E. The provisions of this section shall, with respect to the artist, or if any artist is deceased, his heir, legatee, or personal representative, continue until the fiftieth anniversary of the death of such artist, and continue in addition to any other rights and duties which may now or in the future be applicable and, except as provided in Subsection F of this section, may not be waived except by an instrument in writing expressly so providing which is signed by the artist and refers to specific works with identification and such waiver shall only apply to work so identified.

The attorney general may, if the artist is deceased, assert the rights of the artist on the artist's behalf and commence an action for injunctive relief with respect to any work of art which is in public view.

F. If a work of fine art in public view cannot be removed from a building without substantial physical defacement, mutilation, alteration, or destruction of such work, the rights and duties created under this section, unless expressly reserved by an instrument in writing signed by the owner of such building and properly recorded prior to the installation of such art, shall be deemed waived. Such instrument, if recorded, shall be binding on subsequent owners of such building.

G. If the owner of a building wishes to remove a work of fine art which is a part of that building but which can be removed from the building without substantial harm to such

fine art, the rights and duties created under this section shall apply unless the owner has diligently attempted without success to notify the artist or, if the artist is deceased, his heir, legatee or personal representative in writing of his intended action affecting the work of fine art, or unless he did provide notice and that person failed within ninety days either to remove the work or to pay for its removal. If such work is removed at the expense of the artist, his heir, legatee or personal representative, title to the fine art shall be deemed to be in such person.

History: Laws 1987, ch. 70, § 3.

Effective dates. - Laws 1987, ch. 70 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on June 19, 1987.

The section is set out as amended by Laws 1989, ch. 380, § 3. See 12-1-8 NMSA 1978.

Procurement Code. - See 13-1-28 NMSA 1978 and notes thereto.

Any building owned by any state agency is, in fact, the property of the state of New Mexico, as no department, agency or other arm of the state can be held to be independent of the state. 1955-56 Op. Att'y Gen. No. 65-62.

Generally. - This section contemplates some change in ownership of the property, not the mere creation of a lien against it. State institutions may not create security interests in their property by way of mortgage or pledge to secure a loan of money. 1959-60 Op. Att'y Gen. No. 60-187.

Who may dispose of property. - If a state agency or department wishes the purchasing agent to dispose of its surplus property, he may do so. If the agency wishes to dispose of such property itself, it may do so in accordance with the provisions. 1961-62 Op. Att'y Gen. No. 62-26.

Oil and gas leaseholds are regarded as real property in New Mexico. 1980 Op. Att'y Gen. No. 80-10.

Sale may be either private or public. 1963-64 Op. Att'y Gen. No. 63-95.

Nature of disposition affecting need for approval. - In instances where a local school board desires to enter into a lease of real property to any private party or religious group and proposes to give exclusive right of possession and occupancy to school lands or buildings, the state board of finance must give its approval pursuant to statute. Where, however, the use permitted is temporary or brief and limited to hours when the property is not needed for school purposes, the approval of the state board of finance is not necessary, and the local board of education may or may not authorize such usage according to its discretion. 1963-64 Op. Att'y Gen. No. 63-106.

Agreements should contain express condition regarding approval requirement. - The board of regents of the New Mexico school for the deaf could solicit bids from purchasers for the sale of property over \$50.00 (now \$500) in value and could enter into an agreement of sale with individuals, subject to the express provision that such sale

would not be final or binding upon the institution until or unless approved by the state board of finance. 1963-64 Op. Att'y Gen. No. 63-95.

Veto power over gratis property transfers. - Subsection A gives the secretary of finance and administration or the state board of finance veto power over any gratis transfer of property. 1980 Op. Att'y Gen. No. 80-5.

Realty leases of state fair commission. - This section empowers the New Mexico state fair commission to enter into leases of realty contingent upon express approval of the state board of finance. 1964 Op. Att'y Gen. No. 64-92.

Extension of leases. - State law does not require the state fair commission to use a bid or request for proposal when extending leases beyond the term of an existing contract. However, if the current resale value of the property leased exceeds \$5,000, the department of finance and administration must, pursuant to this section, approve any extensions. And, if a lease is extended so that it extends beyond the 25-year period specified in 13-6-3 NMSA 1978, legislative approval is required. 1987 Op. Att'y Gen. No. 87-57.

Where exclusive rights to private or religious group. - If the public body concerned desires to enter into a lease of real property to any private party or religious group and proposes to give exclusive right of possession and occupancy to lands and buildings, the state board of finance must give its approval pursuant to this section. 1964 Op. Att'y Gen. No. 64-92.

State park and recreation division and others must get permission. - This section gives the state park commission (now state park and recreation division of the natural resources department), as well as any other commission or agency of the state, the authority to sell, or otherwise dispose of, any property owned by the state, subject to the approval of the state board of finance. 1961-62 Op. Att'y Gen. No. 61-123.

Insofar as a soil conservation district (now soil and water conservation district) does have power of sale of its assets, this power is subject to regulation by the legislature. 1963-64 Op. Att'y Gen. No. 63-125.

Where permission not necessary. - Where the use permitted by lease of a public body is temporary or brief, and limited to hours when the property is not needed for public purposes, the approval of the state board of finance is not necessary, and the public body may or may not authorize such usage according to its discretion. 1964 Op. Att'y Gen. No. 64-92.

Municipalities and counties need not obtain approval before disposing of property not needed for a public purpose. 1978 Op. Att'y Gen. No. 78-21.

Where purchase against public policy. - A member of a local board of education may not lawfully bid or purchase school property which is offered for sale by a school district,

irrespective of whether such property is or is not in excess of \$50.00 (now \$500) in value, and any such contract of purchase would be void as against public policy. 1963-64 Op. Att'y Gen. No. 64-13.

Where reimbursement necessary. - Because of the requirement of N.M. Const., art. IX, § 14, it is incumbent upon any public agency or commission to obtain reimbursement for any actual expenses occasioned by reason of permitted private use of public facilities. 1964 Op. Att'y Gen. No. 64-92.

Long-term lease with boys school permissible. - A municipality may enter into a long-term lease with the New Mexico boys school for land and buildings for the purpose of setting up a recreation center for the community and the surrounding area, and which will be under the control and supervision of the municipality. 1968 Op. Att'y Gen. No. 68-33.

Most agency leasing forms need not comply with 19-10-3 NMSA 1978. - The form for leasing oil and gas lands belonging to agencies other than the office of the commissioner of public lands need not comply with the terms and conditions of 19-10-3 NMSA 1978, even where such leases are offered through the facilities of the commissioner as an accommodation to another state agency. 1980 Op. Att'y Gen. No. 80-10.

Power to credit where no specific directions. - In the absence of a specific direction the director (secretary) of the department of finance and administration has the power to credit the money received from a sale of the state police headquarters to whatever fund of the state police he deems appropriate. 1969 Op. Att'y Gen. No. 69-56.

Highway department condemnation proceeds. - Even though legislative approval prior to condemnation by the state highway department is not necessary under 42-2-3 NMSA 1978, this section still controls the distribution of proceeds from the sale or condemnation. 1969 Op. Att'y Gen. No. 69-144.

§ 13-6-2.1. Leases; board of finance approval.

A. Any sale, trade or lease for a period of more than five years but less than twenty-five years in duration of real property belonging to any state agency, local public body, school district or state educational institution or any sale, trade or lease of such real property for a consideration of more than twenty-five thousand dollars (\$25,000) but less than one hundred thousand dollars (\$100,000) shall not be valid unless it is approved prior to its effective date by the state board of finance.

B. The provisions of this section shall not be applicable as to those institutions specifically enumerated in Article 12, Section 11 of the constitution of New Mexico, the state land office or the state highway commission.

History: 1978 Comp., § 13-6-2.1, enacted by Laws 1989, ch. 380, § 1.

Effective dates. - Laws 1989, ch. 380 contains no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, is effective on June 16, 1989.

§ 13-6-3. Sale, trade or lease of real property by state agencies; approval of legislature; exceptions.

A. Any sale, trade or lease for a period exceeding twenty-five years in duration of real property belonging to any state agency, which sale, trade or lease shall be for a consideration of one hundred thousand dollars (\$100,000) or more, shall be subject to the ratification and approval of the state legislature prior to the sale, trade or lease becoming effective. The provision specified in Section 13-6-2 NMSA 1978 requiring approval of the state budget division of the department of finance and administration as a prerequisite to consummating such sales or dispositions of realty shall not be applicable in instances wherein the consideration for the sale, trade or lease shall be for a consideration of one hundred thousand dollars (\$100,000) or more and wherein a state agency not specifically excepted by Subsection B of this section is a contracting party, and, in every such instance, the legislature shall specify its approval prior to the sale, trade or lease becoming effective.

B. The provisions of this section shall not be applicable as to those institutions specifically enumerated in Article 12, Section 11 of the constitution of New Mexico, the state land office or the state highway commission.

History: 1953 Comp., § 6-1-8.1, enacted by Laws 1961, ch. 41, § 1; 1979, ch. 195, § 4; 1987, ch. 15, § 3.

The 1987 amendment, effective June 19, 1987, substituted "state budget division of the department" for "state board of finance or the secretary" before "of finance and administration" and "specifically excepted by Subsection B of this section" for "herein

specifically excepted" in the last sentence in Subsection A and substituted "constitution of New Mexico" for "state constitution" in Subsection B.

Effect of section. - This section is in effect a specific exception to the power of the board of finance to approve other sales of real or personal property belonging to state agencies. 1969 Op. Att'y Gen. No. 69-56.

Generally. - If the consideration for any sale, trade or lease by a state agency, board, department, commission or institution shall be for consideration of \$100,000 or more (and for a period exceeding 25 years), it is subject to the ratification and approval of the state legislature prior to such sale, trade or lease becoming effective. 1964 Op. Att'y Gen. No. 64-143.

Condemnation is sale of property. 1969 Op. Att'y Gen. No. 69-144.

Also where 99-year lease. - Lease of 99 years entered into by board of directors of Los Lunas hospital and training school had to be approved pursuant to the provisions of this section. Under this section the duration of the lease and remuneration could be negotiated by the parties subject to the approval of either the legislature or the state board of finance depending upon the amount of money involved. 1966 Op. Att'y Gen. No. 66-28.

And where other party is also public agency. - Requirement under this section for prior approval by the state legislature is applicable even though the other party to such agreement may be another public agency such as the state land office or the state highway commission, since the statutory exemption applies only to such bodies. 1964 Op. Att'y Gen. No. 64-143.

Such as state fair commission. - This section necessitates legislative confirmation of any lease of realty of the New Mexico state fair commission for a period exceeding 25 years and which involves a consideration of \$100,000 or more. 1964 Op. Att'y Gen. No. 64-92.

Extension of leases. - State law does not require the state fair commission to use a bid or request for proposal when extending leases beyond the term of an existing contract. However, if the current resale value of the property leased exceeds \$5,000, the department of finance and administration must, pursuant to this section, approve any extensions. And, if a lease is extended so that it extends beyond the 25-year period specified in this section, legislative approval is required. 1987 Op. Att'y Gen. No. 87-57.

Where approval not needed. - The state highway department (now state highway and transportation department) may condemn lands belonging to the intertribal Indian ceremonial association without legislative approval if the provisions of 42-2-3 NMSA 1978 are complied with. 1969 Op. Att'y Gen. No. 69-144.

School districts not mentioned. - School districts are not here mentioned at all and certainly it cannot be argued that local school districts are agencies, boards, departments, commissions or institutions of this state. 1961-62 Op. Att'y Gen. No. 62-54.
