- (3) change in the form of ownership of the certificate or permit; and
- (4) reinstatement of the certificate or permit following voluntary suspension.

Section 15. MULTIPLE OPERATING AUTHORITIES ALLOWED-- COMMON CONTROL AND SHAM COMPETITION PROHIBITED.--

A. A person may simultaneously hold a certificate as a common motor carrier, a permit as a contract motor carrier and a warrant authorizing transportation by motor vehicle over the same routes or within the same territory, if the commission finds that the multiple operating authorities are consistent with the public interest.

B. A person shall not control more than one certificate or more than one permit for the same kind of service in the same territory.

C. The commission shall not grant any new operating authority to a motor carrier that:

(1) duplicates operating authority of the same kind and for the same territory already held by that motor carrier; or

(2) is under common control with another motor carrier that duplicates operating authority of the same kind or for the same or overlapping territory already held by either of them.

D. If two motor carriers come to be held in common control, and each motor carrier has operating authority that duplicates the operating authority of the other, then one of them shall have its operating authority modified to exclude the portion of the operating authority that is of the same kind and for the same territory, but shall be allowed to operate in the name and under the operating authority of the other motor carrier with which it is held in common control.

E. Motor carriers of household goods possessing both a certificate and permit may transport mixed loads of common and contract motor carrier household goods.

Section 16. INTERSTATE MOTOR CARRIERS.--

A. A motor carrier engaged in interstate commerce shall not provide compensated interstate transportation of persons or property on the highways of this state without a single state registration receipt from a base state. The commission is authorized to issue single state registration receipts without notice or a public hearing.

B. The commission is authorized to collect an annual per vehicle fee, enter into agreements with state agencies and other state governments and promulgate rules necessary to enable New Mexico to participate in the single state registration system or its successor system for interstate motor carriers either subject to regulation, or transporting commodities exempt from regulation, by the federal motor carrier safety administration pursuant to Section 4005 of the federal Intermodal Surface Transportation Efficiency Act of 1991, and implementing regulations promulgated by the federal motor carrier safety administration.

C. The commission shall require an application, proof of financial responsibility and a single state registration receipt showing that the annual per vehicle fee has been paid for New Mexico from an interstate motor carrier transporting commodities exempt from regulation by the federal motor carrier safety administration in interstate commerce on the highways of the state, but shall not require payment of duplicate annual per vehicle fees from an interstate motor carrier transporting both exempt and regulated commodities.

D. Compliance by an interstate motor carrier with the provisions of the federal Intermodal Surface Transportation Efficiency Act of 1991 shall not authorize a carrier to provide intrastate transportation services in New Mexico. An interstate motor carrier wishing to provide compensated transportation in intrastate commerce shall apply for the appropriate intrastate operating authority from the commission. A taxicab service or terminal shuttle service is engaged in nonexempt intrastate business within the state regardless of a prior exemption if its service provides, with regard to any service run, for both:

(1) initiation of the transportation of one or more passengers within this state; and

(2) delivery to a departure point within this state of one or more passengers whose transportation on that service run was initiated at a point within this state.

Section 17. SINGLE TRIP TICKETS.--The owner of a motor vehicle regularly used to convey children to and from school or school activities shall not use the motor vehicle for compensated transportation for a single trip sponsored by a charitable organization without a single trip ticket from the commission. An

application for a single trip ticket shall be in a form prescribed by the commission and shall state the time, purpose, origin and destination of the trip and the name, purpose and status of the charitable organization sponsoring the trip. The commission may issue a single trip ticket without notice or a public hearing only if it finds that no certificated or permitted common or contract motor carrier service is available for the trip described in the application and that the motor vehicle to be used for the trip complies with the safety requirements prescribed by the Motor Carrier Act and the commission's rules.

Section 18. FINANCIAL RESPONSIBILITY.--

A. A motor carrier shall not operate on the highways of this state without having filed with the commission proof of financial responsibility in the forms and amounts as the commission shall by rule prescribe.

B. In prescribing minimum requirements for financial responsibility for motor carriers, the commission shall consider:

(1) the creation of sufficient incentives to motor carriers to maintain and operate their equipment in a safe manner;

(2) the number of passengers being transported;

(3) the nature of the transportation services provided by the motor carrier; and

(4) other factors necessary to ensure that motor carriers maintain an appropriate level of financial responsibility.

C. The commission may authorize a motor carrier to carry its own insurance in lieu of filing a policy of insurance, certificate showing the issuance of a policy of insurance or a surety bond. In approving an application to be self-insured, the commission shall consider:

(1) the financial stability of the carrier;

(2) previous loss history of the carrier;

(3) the safety record of the carrier;

(4) the size, nature of operations and other operating characteristics of the carrier; and

(5) other factors necessary for the protection of passengers, shippers and the public.

D. Notwithstanding any requirement of the New Mexico Insurance Code to the contrary, the commission may accept proof of public liability insurance from an insurer not authorized in New Mexico if:

(1) the insurance is for an interstate motor carrier transporting commodities exempt from regulation by the federal motor carrier safety administration participating in the single state registration system for those motor carriers; and

(2) the insurer is authorized to write public liability insurance in at least one other state.

E. All motor carriers shall carry proof of financial responsibility in each motor vehicle they operate in this state.

Section 19. SAFETY REQUIREMENTS FOR MOTOR VEHICLES AND DRIVERS USED IN COMPENSATED TRANSPORTATION.--

A. A motor carrier shall provide safe and adequate service, equipment and facilities for the rendition of transportation services in this state.

B. The commission shall prescribe safety requirements for drivers and for motor vehicles weighing twenty-six thousand pounds or less or carrying fifteen or fewer persons, including the driver, used by intrastate motor carriers operating in this state. The commission may prescribe additional requirements related to safety, including driver safety training programs, vehicle preventive maintenance programs, inquiries regarding the safety of the motor vehicles and drivers employed by a motor carrier, and the appropriateness of the motor vehicles and equipment for the transportation services to be provided by the motor carrier.

C. A commuter service shall certify that it has a program providing for an initial drug test for a person seeking to be a commuter service driver. The program shall use reasonable collection and analysis procedures to ensure accurate results, require testing only for substances controlled by federal regulation of commercial motor carriers and ensure the confidentiality of the test results and medical information obtained.

D. The motor transportation division of the department of public safety may immediately order, without notice or a public hearing, a motor vehicle to be taken out of service for violation of a federal or state law or rule relating to safety if the violation would endanger the public health or safety.

Section 20. TARIFFS.--

A. An intrastate common motor carrier of persons or household goods or a towing service performing nonconsensual tows shall not commence operations or perform a new service under its operating authority without approval of a tariff from the commission.

B. An intrastate common motor carrier of persons or household goods and a towing service performing nonconsensual tows shall file with the commission proposed tariffs showing the rates, terms and conditions for transportation and related services between points in its territory. The rates shall be stated in terms of United States currency.

C. An intrastate common motor carrier of persons or household goods or a towing service performing nonconsensual tows shall not charge, or permit its bona fide agents or employees to charge, a different rate for transportation or for a service rendered to or for the user of the service other than the rates specified in approved tariffs in effect at the time. The rates of an otherwise valid tariff are not applicable when a medicaid program directly pays for services.

D. An intrastate common motor carrier of persons or household goods or a towing service performing nonconsensual tows shall not refund, directly or indirectly, a portion of the rate specified in its approved tariff, offer to a person privileges or facilities, perform a service or remit anything of value except in accordance with tariffs approved by the commission.

E. A person may make a complaint in writing to the commission that an individual or joint rate or practice is in violation of the Motor Carrier Act. The commission may suspend the operation of a rate or practice for a period not to exceed sixty days to investigate its reasonableness. If the commission finds that an individual or joint rate charged by an intrastate common motor carrier of persons or household goods or a towing service performing nonconsensual tows, or an individual or joint practice of any intrastate common motor carrier of persons or household goods or any towing service performing nonconsensual tows affecting the rate, is unreasonable, predatory or discriminatory, the commission shall prescribe the rate or the maximum or minimum rate to be observed or the practice to be made effective.

Section 21. RATES.--

A. An intrastate common motor carrier of persons or household goods and a towing service performing nonconsensual tows shall observe reasonable, nonpredatory and nondiscriminatory rates and practices for the transportation services they provide. An unreasonable, predatory or discriminatory charge for service is unlawful.

B. Reduced rates for students traveling between their homes and their schools and for persons sixty-five years of age or older shall not be considered discriminatory within the meaning of this section. A motor carrier shall not furnish free

transportation to persons except to bona fide owners, officers or employees of the motor carrier and their dependents. Stockowners of incorporated motor carriers shall not be considered owners for purposes of this subsection.

C. An intrastate common motor carrier of persons or household goods or a towing service performing nonconsensual tows shall not give an unreasonable advantage to a person, point of entry, territory or classification of motor carrier in any respect; provided that towing services performing nonconsensual tows may charge rates lower than the rates in their approved tariff to members of not-for-profit motor clubs after those rates have been filed with the commission; and further provided that this subsection shall not be construed to apply to disadvantages to the transportation service of other motor carriers.

D. A common motor carrier of household goods shall establish and observe just and reasonable rates and practices relating to the manner and method of presenting, marking, packing and delivering household goods for transportation and other matters relating to the transportation of household goods.

E. An intrastate common motor carrier of persons or household goods and a towing service performing nonconsensual tows shall establish with each other reasonable through routes and joint rates and practices. Participating motor carriers shall have the duty to establish reasonable practices in connection with joint transportation and reasonable and equitable divisions of the joint rates adopted so as not to unduly prefer or prejudice any participating motor carrier.

F. In proceedings to determine the reasonableness of rates, the commission shall authorize revenue levels that are adequate under honest, economical and efficient management to cover total operating expenses, including the operation of leased motor vehicles, and depreciation, plus a reasonable profit. The rules adopted by the commission to implement this section shall allow a carrier to achieve revenue levels that will provide a flow of net income, plus depreciation, adequate to support prudent capital outlays, ensure the repayment of a reasonable level of debt, permit the raising of needed equity capital and attract and retain capital in amounts adequate to provide a sound motor carrier transportation system in the state.

Section 22. TIME SCHEDULES.--

A. An intrastate common motor carrier of persons providing scheduled service to the general public shall file a proposed time schedule with its application for a certificate. The commission shall approve the time schedule before the schedule is put into effect.

B. Failure by an intrastate common motor carrier of persons to operate the service on each day as scheduled shall result in an appropriate penalty as the commission, in its discretion, shall determine.

C. A time schedule shall not be designed to require the operation of a motor vehicle between given terminals or between way stations at a rate of speed greater than the maximum speed allowed.

Section 23. MOTOR CARRIER ORGANIZATIONS--COMMON TARIFFS.--

A. An intrastate common motor carrier may enter into discussions with another intrastate common motor carrier to establish a motor carrier organization. The organization shall obtain authorization from the commission before its members enter into any discussions concerning a common tariff. The commission shall not enter an order authorizing a motor carrier organization except after notice and public hearing requirements are met. The commission may authorize the creation of a motor carrier organization if the organization:

(1) allows a member carrier to discuss a tariff proposal filed with it, provided that only those carriers with authority to participate in the transportation to which the proposal applies may vote upon the proposal;

(2) does not interfere with a member carrier's right to establish its own tariff and does not change or cancel an independently established tariff;

(3) does not file a protest or complaint with the commission against a tariff item independently published by or for the account of a member carrier;

(4) does not permit its employees or an employee committee to file or act upon a proposal effecting a change in a tariff item published by or for the account of a member carrier;

(5) makes available, upon request, the name of the proponent of a rate or tariff item filed with it, admits the public to a meeting at which rates or tariff items will be discussed or voted upon and makes available the vote cast by a member carrier on a proposal before the motor carrier organization;

(6) prohibits a carrier to vote on behalf of one or more other member carriers without specific written notarized authority from the member carrier being represented;

(7) makes a final disposition of a rate or tariff item filed with the motor carrier organization within one hundred twenty days from the date the proposal is filed, except that if unusual circumstances require, the organization may extend the period, subject to review by the commission;

(8) adopts reasonable quorum standards for its meetings; and

(9) will propose common tariffs for approval by the commission.

B. A member carrier of the organization shall file with the commission information as the commission may by rule prescribe.

C. A motor carrier organization approved by the commission pursuant to this section shall be subject to accounting, record-keeping, reporting and inspection requirements as the commission may by rule prescribe.

D. The commission may, upon complaint or upon its own initiative, investigate and determine whether a motor carrier organization previously authorized by it is not in conformity with the requirements of this section or with the terms and conditions upon which the motor carrier organization was granted authorization. The commission may modify or terminate its authorization of a motor carrier organization found to be noncompliant with the requirements of this rule.

E. The antitrust laws of the state shall not apply to discussions concerning a common tariff by member carriers of a motor carrier organization authorized by the commission.

F. The motor carrier organization shall obtain approval of a common tariff from the commission before its member carriers may operate pursuant to the common tariff. The commission shall not enter an order approving a common tariff except after notice and public hearing requirements are met. The commission may approve a common tariff if the common tariff is limited to matters relating to transportation services provided by the member carriers party to the common tariff. The commission shall approve or disapprove a common tariff, in whole or in part, and may prescribe such terms and conditions as the public interest may require. The antitrust laws of the state shall not apply to common motor carriers who operate pursuant to a common tariff approved by the commission.

G. In any proceeding in which a party to the proceeding alleges that a member carrier voted, discussed or agreed on a common tariff in violation of this section, that party has the burden of showing that the vote, discussion or agreement occurred. A showing of parallel behavior shall not by itself satisfy that burden.

Section 24. MOTOR VEHICLE LEASES.--

A. An intrastate motor carrier shall not lease a motor vehicle or operate a leased motor vehicle without approval of each motor vehicle lease from the commission. The commission may approve a motor vehicle lease without notice or a public hearing.

B. A motor carrier shall file a separate motor vehicle lease for each motor vehicle to be leased.

C. The commission shall not approve a proposed motor vehicle lease if it finds that the purpose of the motor vehicle lease is to circumvent a provision of the Motor Carrier Act or rule of the commission.

D. The commission shall by rule specify which of the two parties to a motor vehicle lease will be responsible for complying with the financial responsibility and safety requirements of the Motor Carrier Act and the rules of the commission.

Section 25. HOUSEHOLD GOODS OPERATIONS.--

A. An intrastate common motor carrier of household goods shall be responsible for acts or omissions of its agents that relate to the performance of household goods transportation services, including accessorial or terminal services, that are within the actual or apparent authority of the agent derived from or ratified by the common motor carrier of household goods.

B. An intrastate common motor carrier of household goods shall use reasonable care in selecting and retaining household goods agents who are sufficiently knowledgeable, fit, willing and able to provide adequate household goods transportation services, including accessorial and terminal services, and to fulfill the obligations imposed upon them by the Motor Carrier Act and by the common motor carrier.

C. If the commission has reason to believe from a complaint or investigation that a household goods agent has violated Subsection G or H of Section 33 of the Motor Carrier Act, or is consistently unfit, unwilling or unable to provide adequate household goods transportation services, including accessorial and terminal services, the commission may issue to that household goods agent notice of the complaint, specific charges and the time and place for a hearing on the complaint. The hearing shall be held no later than sixty days after service of the complaint to the household goods agent. The household goods agent has the right to appear at the hearing and rebut the charges contained in the complaint.

D. If the household goods agent does not appear at the complaint hearing, or if the commission finds that the household goods agent has violated Subsection G or H of Section 33 of the Motor Carrier Act, or is consistently unfit, unwilling or unable to provide adequate household goods transportation services, including accessorial and terminal services, the commission shall issue an order to compel compliance by the household goods agent. Thereafter, the commission may issue an order to limit or prohibit the household goods agent from any involvement in the provision of household goods transportation services if, after notice and an opportunity to be heard, it finds that the household goods agent has failed to comply with the order within a reasonable time after the date of its issuance, but in no event less than thirty days after its issuance. A household goods agent may file a petition with the commission seeking reconsideration of an order entered by the commission pursuant to this section.

E. The commission shall adopt rules for the following elements of household goods transportation services:

(1) rates;

(2) cost estimates, for which charges shall be subject to the antitrust laws of this state;

(3) inventory;

(4) weighing;

(5) receipts and bills of lading;

(6) liability based on value established between the motor carrier and the shipper;

(7) joint transportation between common motor carriers of household goods;

(8) household goods agents; and

(9) service standards.

F. In adopting rules for intrastate common motor carriers of household goods, the commission shall consider:

(1) the level of performance that can be achieved by a well-managed motor carrier of household goods;

(2) the degree of harm to individual shippers that could result from a violation of the rule;

(3) the need to deter abuses that result in harm to shippers;

(4) service requirements of motor carriers of household goods;

(5) the cost of compliance in relation to the benefits to shippers to be achieved from such compliance; and

(6) the need to encourage motor carriers of household goods to offer service responsive to shippers' needs.

G. The antitrust laws shall not apply to discussions or agreements between an intrastate common motor carrier of household goods and its authorized agents, whether or not an agent is also a motor carrier of household goods, related solely to:

(1) rates for the transportation of household goods under the authority of the principal carrier;

(2) accessorial, terminal, storage or other charges for transportation services incidental to the transportation of household goods transported under the authority of the principal carrier;

(3) allowances relating to transportation of household goods under the authority of the principal carrier; or

(4) ownership of a common motor carrier of household goods by an agent or membership on the board of directors of any common motor carrier of household goods by an agent.

Section 26. HOUSEHOLD GOODS VOLUNTARY DISPUTE SETTLEMENT PROGRAMS.--

A. A common motor carrier of household goods may submit an application to the commission to establish a program to settle disputes between shippers and common motor carriers of household goods concerning the transportation of household goods. The application shall be in a form and contain information as the commission may by rule require.

B. The commission shall review and approve, within forty-five days of the filing of an application, a program for settling disputes concerning the transportation of household goods that meets the requirements of Subsection C of this section.

C. The commission shall not approve a program for settling disputes concerning the transportation of household goods unless the program is a fair and expeditious method for settling disputes and complies with each of the following requirements and rules the commission may prescribe:

(1) the program is designed to prevent a motor carrier from having any special advantage in a case in which the shipper resides or does business at a place distant from the motor carrier's place of business;

(2) the program provides adequate notice of its availability, including a concise, understandable and accurate summary of the program and disclosure of the legal effects of using the program. The notice shall be given to the shipper before the shipper tenders the household goods to the motor carrier for transportation;

(3) upon request of a shipper, the motor carrier shall promptly provide forms and other information necessary to initiate an action to resolve a dispute under the program;

(4) a person authorized pursuant to the program to settle disputes shall be independent of the parties to the dispute and shall be capable, as determined by rules prescribed by the commission, to resolve disputes fairly and expeditiously. The

program shall ensure that a person chosen to settle a dispute is authorized and able to obtain from the shipper or motor carrier any material and relevant information necessary to carry out a fair and expeditious decision-making process;

(5) the person settling the dispute may charge the shipper a fee of not more than twenty-five dollars (\$25.00) for instituting a proceeding under the program if the program is binding solely on the carrier, but shall not charge the shipper a fee otherwise. The person settling the dispute shall refund the fee to the shipper in a case in which the dispute is settled in favor of the shipper, unless the person settling the dispute determines that the refund is inappropriate;

(6) the program shall not require the shipper to agree to use the dispute settlement program prior to the time that a dispute arises;

(7) the program may provide for an oral presentation of a dispute concerning transportation of household goods by a party to the dispute or a party's representative, but an oral presentation shall not be made unless the parties to the dispute expressly agree to the presentation and the date, time and location of the presentation; and

(8) a person settling a dispute under the program shall, as expeditiously as possible, but no later than sixty days after receipt of written notification of the dispute, render a decision based on the information gathered; except that, in a case in which a party to the dispute fails to timely provide information that the person settling the dispute may reasonably require, the person settling the dispute may extend the sixty-day period for a reasonable period of time. A decision resolving a dispute may include remedies appropriate under the circumstances, including repair, replacement, refund or reimbursement for expenses and compensation for damages.

D. The commission may investigate at any time the functioning of a program approved under this section and may, after notice and an opportunity to be heard, suspend or revoke its approval for failure to meet the requirements of this section and rules as the commission may prescribe.

E. In a court action to resolve a dispute between a shipper and a common motor carrier of household goods, concerning the transportation of household goods by the carrier, the shipper shall be awarded reasonable attorney fees if:

(1) the shipper submits a claim to the carrier within one hundred twenty days after the date the shipment is delivered or the date delivery is scheduled, whichever is later; and

(2) the shipper prevails in the court action; and

(3) a dispute settlement program approved under this section was not available for use by the shipper to resolve the dispute; or

(4) a decision resolving the dispute was not rendered under a dispute settlement program approved under this section within sixty days or an extension of the sixty-day period; or

(5) the court proceeding is to enforce a decision rendered under a dispute settlement program approved under this section and is instituted after the period for performance under the decision has elapsed.

F. In a court action to resolve a dispute between a shipper and a common motor carrier of household goods concerning the transportation of household goods by the carrier, the carrier shall be awarded reasonable attorney fees by the court only if the shipper brought the action in bad faith:

(1) after resolution of the dispute under a dispute settlement program approved under this section; or

(2) after institution of a proceeding by the shipper to resolve the dispute under a dispute settlement program approved under this section; and before:

(a) the expiration of the sixty-day period or extension of the sixty-day period for resolution of the dispute; and

(b) a decision resolving the dispute is rendered under the program.

Section 27. INVOLUNTARY SUSPENSION, REVOCATION OR AMENDMENT OF OPERATING AUTHORITIES--REINSTATEMENT.--

A. The commission shall immediately suspend, without notice or a public hearing, the operating authority of a motor carrier for failure to continuously maintain the forms and amounts of financial responsibility prescribed by commission rule.

B. The commission may immediately suspend, without notice or a public hearing, the operating authority of a motor carrier for violation of a safety requirement of the Motor Carrier Act, the commission's rules or the rules of the motor transportation division of the department of public safety, if the violation endangers the public health or safety.

C. The commission may, upon complaint or the commission's own initiative and after notice and a public hearing, if required, order involuntary suspension, revocation or amendment, in whole or in part, of an operating authority for failure to:

(1) comply with a provision of the Motor Carrier Act;

(2) comply with a lawful order or rule of the commission;

(3) comply with a term, condition or limitation of an operating authority; or

(4) render reasonably continuous and adequate service under a certificate or permit.

D. The commission may approve an application for reinstatement of an operating authority following involuntary suspension if it finds, after notice and public hearing requirements are met, that:

(1) the reasons for the involuntary suspension no longer pertain;
and

(2) the owner of the operating authority is fit, willing and able to provide the authorized transportation services and to comply with the Motor Carrier Act and the rules of the commission.

Section 28. DESIGNATION OF AN AGENT FOR SERVICE OF PROCESS.--

A. An applicant for an operating authority shall file with the commission an appointment in writing of a resident agent for service of process. The appointment shall specify the address of the agent and shall stipulate that service upon the appointed agent of process of the commission or of a court shall have the same force and effect as if service had been made personally upon the motor carrier within this state. The appointment shall continue in force until the motor carrier files an appointment of a substitute agent, or until liability against the motor carrier growing out of its operations in the state has terminated. A copy of the appointment, duly certified by the commission, shall be accepted as sufficient evidence of appointment of an agent in a court of the state.

B. If a motor carrier owning an operating authority from the commission operates without appointing a resident agent for service of process, or the commission has unsuccessfully attempted to serve process upon the designated resident agent, the motor carrier shall be deemed to have appointed the secretary of state as its resident agent for service of process in an action or proceeding against the motor carrier growing out of an accident, collision or transaction in which the motor carrier may be involved by operating in this state.

C. If the secretary of state is served with process directed to a motor carrier owning an operating authority from the commission, the secretary of state shall forward the process by certified mail to the motor carrier at the address shown on its last change of address report, annual report or application with respect to its operating authority, whichever is most recent. The secretary of state shall file a certificate of service with the commission, which shall be accepted as prima facie proof of service.

D. The secretary of state shall assess to the motor carrier the fee prescribed in Section 36 of the Motor Carrier Act for a process from a court served upon the secretary of state but shall not charge a fee for service of commission process.

E. The principal motor carrier of a household goods agent shall be deemed to be the agent for service of process of the household goods agent unless the household goods agent notifies the commission in writing of the substitution of another agent for service of process.

Section 29. REPORTS AND RECORDS.--

A. The commission shall establish reasonable requirements with respect to reports, records and uniform systems of accounts and preservation of records for motor carriers.

B. The commission may require a motor carrier owning operating authority from the commission to prepare and transmit to the commission an annual report of its operations. The report shall be in the form, contain specific information, including financial information, and be due on a date as the commission may by rule require. Financial data filed by motor carriers in annual reports shall not be made available for inspection by the public.

C. The commission or its employees or duly authorized agents shall, at all times, have access to:

(1) land, buildings, improvements to real property and equipment of motor carriers used in connection with their operations; and

(2) records kept by motor carriers.

D. The commission may, by order, require a motor carrier subject to the Motor Carrier Act, or its officers or agents, to produce within this state at such reasonable time and place as it may designate, original or certified copies of records regardless of where they are kept by the motor carrier when their production is pertinent to a matter before the commission, in order that the commission may examine them.

E. The motor transportation division of the department of public safety shall furnish to the commission all information needed or required by the commission to carry out its responsibilities when the information is obtainable only through field enforcement.

Section 30. UNAUTHORIZED CARRYING OF PERSONS PROHIBITED.--A motor carrier not authorized to transport persons shall not carry a person, including a hitchhiker, except on-duty

employees of the motor carrier, commission representatives on official business or in case of an emergency.

Section 31. WITNESSES--SUBPOENAS--SERVICE OF PROCESS.--

A. If the commission orders a person to appear before it, the commission shall compensate the witness one full day's per diem plus mileage as provided for employees in the Per Diem and Mileage Act. The state shall pay such compensation out of the motor transportation fee fund pursuant to rules of the department of finance and administration. Witnesses subpoenaed by parties other than the commission shall be paid the same compensation by the party issuing the subpoena.

B. A person shall not be excused from testifying or producing documentary evidence before the commission or a court in obedience to a subpoena of the commission issued pursuant to the Motor Carrier Act on the ground that the testimony or documentary evidence required of the person may tend to incriminate him or subject him to a penalty. A person shall not be prosecuted or subjected to a penalty for a transaction or matter about which he may be required to testify or produce documentary evidence; provided that a person testifying shall not be exempt from prosecution and punishment for perjury committed in testifying. A person shall not be required to testify or produce documentary evidence in response to an inquiry not pertinent to a question lawfully before the commission or court for determination.

C. Upon request of a member of the commission, a district court may issue a writ of attachment to a person who fails to comply with a subpoena issued by the commission compelling the person to comply with the subpoena. The court shall have the power to punish for contempt in the same manner as for disobedience of a subpoena issued by the court.

D. A member of the commission may administer an oath, certify to an official act, issue a subpoena and compel the attendance of a witness and the production of evidence in hearings before the commission for the purposes provided in the Motor Carrier Act.

E. The commission may issue and serve process on the person affected by delivering a copy of the process, signed by a member of the commission, to the person or to an officer or agent of the person. An employee of the commission, a duly authorized law enforcement officer or a person over the age of eighteen who is not a party to the proceeding may serve process and shall return a copy of the process served, with an endorsement of service, to the commission. The endorsed process shall be entered into the record of the proceeding and shall be prima facie evidence that the process was duly served.

F. The commission may in writing authorize a commissioner, the chief of staff or other person to investigate and take testimony regarding a matter pending before the commission.

Section 32. ADMINISTRATIVE PENALTIES.--

A. If the commission finds after investigation that a provision of the Motor Carrier Act or an order or rule of the commission is being, has been or is about to be violated, it may issue an order specifying the actual or proposed acts or omissions to act that constitute a violation and require that the violation be discontinued, rectified or prevented.

B. Notwithstanding the existence of any other penalties, the commission may assess an administrative fine of not more than ten thousand dollars (\$10,000) for each violation of a provision of the Motor Carrier Act or of a lawful rule or order of the commission. In case of a continuing violation, each day's violation shall be deemed to be a separate and distinct offense.

C. Notwithstanding the existence of other penalties, the commission may assess an administrative fine of not more than ten thousand dollars (\$10,000) against a person knowingly using a motor carrier not properly authorized by the commission.

D. All penalties accruing under the Motor Carrier Act shall be cumulative, and a suit for recovery of one penalty shall not be a bar to or affect the recovery of any other penalty or be a bar to any criminal prosecution under the Motor Carrier Act.

Section 33. CRIMINAL AND CIVIL PENALTIES.--

A. A person who knowingly makes a false statement of material fact under oath in a commission proceeding, whether orally or in writing, shall be guilty of perjury.

B. A person who willfully makes a false return of process or report to the commission or a member or employee of the commission, and a person who knowingly aids or abets a person who willfully makes a false return of process or report to the commission or a member or employee of the commission, shall be guilty of a felony, and upon conviction shall be imprisoned for not more than five years.

C. A person who willfully makes a false entry in records required by the Motor Carrier Act or the rules of the commission, willfully destroys, mutilates or by other means willfully falsifies the records or willfully neglects or fails to make full, true and correct entries of all facts, shall be guilty of a felony and upon conviction shall be imprisoned for not more than five years.

D. An employee of the commission who divulges information about an inspection, examination or investigation of a record or of the property and facilities of a motor carrier, except insofar as may be authorized by the commission or a court of competent jurisdiction, shall be guilty of a misdemeanor and upon conviction shall be fined not more than one thousand dollars (\$1,000).

E. A person who violates or who procures, aids or abets in the violation of a provision of the Motor Carrier Act or a rule or order of the commission shall be guilty of a misdemeanor and upon conviction shall be fined not more than one thousand dollars (\$1,000), imprisoned for not more than ninety days, or both.

F. A motor carrier shall be guilty of a misdemeanor and upon conviction shall be fined not more than five hundred dollars (\$500), imprisoned for not more than six months, or both, if the motor carrier:

A. enforce in the field the provisions of the Motor Carrier Act and the regulations promulgated by the public regulation commission pursuant to that act; and

B. maintain sufficient personnel in the field to enforce the provisions of the Motor Carrier Act and the regulations promulgated by the public regulation commission pursuant to that act."

Section 42. Section 66-7-413 NMSA 1978 (being Laws 1978, Chapter 35, Section 484, as amended) is amended to read:

"66-7-413. PERMITS FOR EXCESSIVE SIZE AND WEIGHT--SPECIAL NOTIFICATION REQUIRED ON MOVEMENT OF MANUFACTURED HOMES.--

A. The department and local highway authorities may, in their discretion, upon application in writing and good cause being shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle or load of a size or weight exceeding the maximum specified in Sections 66-7-401 through 66-7-416 NMSA 1978 on any highway under the jurisdiction of the state transportation commission or local authorities. Except for the movement of manufactured homes, a permit may be granted, in cases of emergency, for the transportation of loads on a certain unit or combination of equipment for a specified period of time not to exceed one year, and the permit shall contain the route to be traversed, the type of load to be transported and any other restrictions or conditions deemed necessary by the body granting the permit. In every other case, the permit shall be issued for a single trip and may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit. Every permit shall be carried in the vehicle to which it refers and shall be opened for inspection to any peace officer. It is a misdemeanor for any person to violate any of the conditions or terms of the special permit.

B. The department shall charge and collect, when the movement consists of any load of a width of twenty feet or greater for a distance of five miles or more, the sum of three hundred dollars (\$300) a day or fraction thereof to defray the cost of state or local police escort. The permit issued and the fee charged shall be based upon the entire movement at one time requiring police escort and not upon the number of vehicles involved.

C. The department shall promulgate regulations in accordance with the State Rules Act pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier itself and for escort vehicles provided by a private business in this state.

(1) The department shall provide escort personnel with a copy of applicable rules and shall inspect the escort vehicles for the safety equipment required by the regulations. If the escort vehicles and personnel meet the requirements set forth in the rules, the department shall issue the special permit but shall not charge an escort fee. If a motor carrier provides its own escort vehicles and personnel, the department

shall require that the motor carrier have a warrant issued by the public regulation commission.

(2) The movement of vehicles upon the highways of this state requiring a special permit and required to use an escort of the type noted in Paragraph (1) of this subsection is subject to department authority and inspection at all times.

(3) The state highway and transportation department shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the state highway and transportation department shall hold public hearings in the area of the state affected by the determination, after which it may adopt regulations designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If any portion of such a four-lane highway lies within the boundaries of a municipality, the state highway and transportation department, after obtaining the approval of the municipal governing body, shall include such portions in its regulations.

D. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department for a period not to exceed one year for a fee of sixty dollars (\$60.00). The permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the operation is to be within the vicinity of a municipality.

E. Special permits for a single trip for a vehicle or combination of vehicles or load thereon of excessive weight, width, length and height may be issued for a single vehicle for a fee of fifteen dollars (\$15.00).

F. If the vehicle for which a permit is issued under this section is a manufactured home, the department or local highway authority issuing the permit shall furnish the following information to the property tax division of the department, which shall then forward the information:

(1) to the county assessor of any county from which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to if within the same county, the name of the owner of the manufactured home and the identification and registration numbers of the manufactured home;

(2) to the county assessor of any county in this state to which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to, the name of the owner of the manufactured home and the registration and identification numbers of the manufactured home; and

(3) to the owner of a manufactured home having a destination in this state, notification that the information required in Paragraphs (1) and (2) of this subsection is being given to the respective county assessors and that manufactured homes are subject to property taxation.

G. Except as provided in Subsection H of this section, if the movement of a manufactured home originates in this state, no permit shall be issued under Subsection F of this section until the owner of the manufactured home or his authorized agent obtains and presents to the department proof that a certificate has been issued by the county assessor or treasurer of the county in which the manufactured home movement originates showing that either:

(1) all property taxes due or to become due on the manufactured home for the current tax year or any past tax years have been paid, except for manufactured homes located on an Indian reservation; or

(2) no liability for property taxes on the manufactured home exists for the current tax year or any past tax years, except for manufactured homes located on an Indian reservation.

H. The movement of a manufactured home from the lot or business location of a manufactured home dealer to its destination designated by an owner-purchaser is not subject to the requirements of Subsection G of this section if the manufactured home movement originates from the lot or business location of the dealer and the manufactured home was part of his inventory prior to the sale to the owner-purchaser; however, the movement of a manufactured home by a dealer or his authorized agent as a result of a sale or trade-in from a nondealer-owner is subject to the requirements of Subsection G of this section whether the destination is the business location of a dealer or some other destination.

I. No permit shall be issued under this section for movement of a manufactured home whose width exceeds eighteen feet with no more than a six-inch roof overhang on the left side or twelve inches on the right side in addition to the eighteen-foot width of the manufactured home. Manufactured homes exceeding the limitations of this section shall only be moved on dollies placed on the front and the rear of the structure.

J. The secretary may by regulation provide for movers of manufactured homes to self-issue permits for certain sizes of manufactured homes over specific routes; however, in no case may the cost of each permit be less than fifteen dollars (\$15.00).

K. The secretary may provide by regulation for dealers of implements of husbandry to self-issue permits for the movement of certain sizes of implements of husbandry from the lot or business location of the dealer over specific routes with specific escort requirements, if necessary, to a destination designated by an owner-

purchaser or for purposes of a working demonstration on the property of a proposed owner-purchaser. The department shall charge a fee for each self-issued permit not to exceed fifteen dollars (\$15.00).

L. Any private motor carrier requesting an oversize or overweight permit shall provide proof of insurance in at least the following amounts:

(1) bodily injury liability, providing:

(a) fifty thousand dollars (\$50,000) for each person; and

(b) one hundred thousand dollars (\$100,000) for each accident; and

(2) property damage liability, providing twenty-five thousand dollars (\$25,000) for each accident.

M. A motor carrier requesting an oversize permit shall produce a copy of a warrant or single state registration receipt as evidence that the motor carrier maintains the insurance minimums prescribed by the public regulation commission."

Section 43. Section 66-8-116.2 NMSA 1978 (being Laws 1989, Chapter 319, Section 13, as amended) is amended to read:

CHAPTER 361, LAWS 2003

AN ACT

RELATING TO THE PUBLIC PEACE, HEALTH, SAFETY AND WELFARE;
EXEMPTING UTILITY SERVICE VEHICLES FROM CERTAIN TRAVEL
RESTRICTIONS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 66-7-413 NMSA 1978 (being Laws 1978, Chapter 35, Section 484, as amended) is amended to read:

"66-7-413. PERMITS FOR EXCESSIVE SIZE AND WEIGHT--SPECIAL NOTIFICATION REQUIRED ON MOVEMENT OF MANUFACTURED HOMES.--

A. The department and local highway authorities may, in their discretion, upon application in writing and good cause being shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle or load of a size or weight exceeding the maximum specified in Sections 66-7-401 through 66-7-416 NMSA 1978 on any highway under the jurisdiction of the state transportation commission or local authorities. Except for the movement of manufactured homes, a permit may be granted, in cases of emergency, for the transportation of loads on a certain unit or combination of equipment for a specified period of time not to exceed one year, and the permit shall contain the route to be traversed, the type of load to be transported and any other restrictions or conditions deemed necessary by the body granting the permit. In every other case, the permit shall be issued for a single trip and may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit. Every permit shall be carried in the vehicle to which it refers and shall be opened for inspection to any peace officer. It is a misdemeanor for any person to violate any of the conditions or terms of the special permit.

B. The department shall charge and collect, when the movement consists of any load of a width of twenty feet or greater for a distance of five miles or more, the sum of three hundred dollars (\$300) a day or fraction thereof to defray the cost of state or local police escort. The permit issued and the fee charged shall be based upon the entire movement at one time requiring police escort and not upon the number of vehicles involved.

C. The department shall promulgate regulations in accordance with the State Rules Act pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier himself and for escort vehicles provided by a private business in this state.

(1) If a motor carrier provides his own escort vehicles and personnel, the department shall not charge an escort fee but shall provide the motor carrier escort personnel with a copy of applicable regulations and shall inspect the escort vehicles for the safety equipment required by the regulations. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the motor carrier holds a valid certificate of public convenience and necessity or permit, as applicable, issued pursuant to Chapter 65, Article 2 NMSA 1978, the department shall issue the special permit.

(2) If the escort service is a private business, the business shall have applied to the public regulation commission for and been issued a permit or certificate to operate as a contract or common motor carrier pursuant to Chapter 65, Article 2 NMSA 1978. The public regulation commission shall supply copies of applicable regulations to the business by mail and shall supply additional copies upon request. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the escort service holds a certificate, the special permit shall be issued and the department shall not charge an escort fee.

(3) The movement of vehicles upon the highways of this state requiring a special permit and required to use an escort of the type noted in Paragraphs (1) and (2) of this subsection is subject to department authority and inspection at all times.

(4) The state highway and transportation department shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the state highway and transportation department shall hold public hearings in the area of the state affected by the determination, after which it may adopt regulations designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If any portion of such a four-lane highway lies within the boundaries of a municipality, the state highway and transportation department, after obtaining the approval of the municipal governing body, shall include such portions in its regulations.

D. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department for a period not to exceed one year for a fee of sixty dollars (\$60.00). The permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the operation is to be within the vicinity of a municipality. Utility service vehicles, operating with special permits pursuant to this subsection, shall be exempt from prohibitions or restrictions relating to hours or days of operation or restrictions on movement because of poor weather conditions.

E. Special permits for a single trip for a vehicle or combination of vehicles or load thereon of excessive weight, width, length and height may be issued for a single vehicle for a fee of fifteen dollars (\$15.00).

F. If the vehicle for which a permit is issued under this section is a manufactured home, the department or local highway authority issuing the permit shall furnish the following information to the property tax division of the department, which shall then forward the information:

(1) to the county assessor of any county from which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to if within the same county, the name of the owner of the manufactured home and the identification and registration numbers of the manufactured home;

(2) to the county assessor of any county in this state to which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to, the name of the owner of the manufactured home and the registration and identification numbers of the manufactured home; and

(3) to the owner of a manufactured home having a destination in this state, notification that the information required in Paragraphs (1) and (2) of this subsection is being given to the respective county assessors and that manufactured homes are subject to property taxation.

G. Except as provided in Subsection H of this section, if the movement of a manufactured home originates in this state, no permit shall be issued under Subsection F of this section until the owner of the manufactured home or his authorized agent obtains and presents to the department proof that a certificate has been issued by the county assessor or treasurer of the county in which the manufactured home movement originates showing that either:

(1) all property taxes due or to become due on the manufactured home for the current tax year or any past tax years have been paid, except for manufactured homes located on an Indian reservation; or

(2) no liability for property taxes on the manufactured home exists for the current tax year or any past tax years, except for manufactured homes located on an Indian reservation.

H. The movement of a manufactured home from the lot or business location of a manufactured home dealer to its destination designated by an owner-purchaser is not subject to the requirements of Subsection G of this section if the manufactured home movement originates from the lot or business location of the dealer and the manufactured home was part of his inventory prior to the sale to the owner-purchaser; however, the movement of a manufactured home by a dealer or his authorized agent as a result of a sale or trade-in from a nondealer-owner is subject to the requirements of Subsection G of this section whether the destination is the business location of a dealer or some other destination.

I. No permit shall be issued under this section for movement of a manufactured home whose width exceeds eighteen feet with no more than a six-inch roof overhang on the left side or twelve inches on the right side in addition to the eighteen-foot width of the manufactured home. Manufactured homes exceeding the limitations of this section shall only be moved on dollies placed on the front and the rear of the structure.

J. The secretary may by regulation provide for movers of manufactured homes to self-issue permits for certain sizes of manufactured homes over specific routes; however, in no case may the cost of each permit be less than fifteen dollars (\$15.00).

K. The secretary may provide by regulation for dealers of implements of husbandry to self-issue permits for the movement of certain sizes of implements of husbandry from the lot or business location of the dealer over specific routes with specific escort requirements, if necessary, to a destination designated by an owner-

purchaser or for purposes of a working demonstration on the property of a proposed owner-purchaser. The department shall charge a fee for each self-issued permit not to exceed fifteen dollars (\$15.00).

L. Any private motor carrier requesting an oversize or overweight permit shall provide proof of insurance in at least the following amounts:

(1) bodily injury liability, providing:

(a) fifty thousand dollars (\$50,000) for each person; and

(b) one hundred thousand dollars (\$100,000) for each accident; and

(2) property damage liability, providing twenty-five thousand dollars (\$25,000) for each accident.

M. Any common motor carrier requesting an oversize permit shall produce a copy of a form "e" or other acceptable evidence that the common motor carrier maintains the insurance minimums prescribed by the public regulation commission."

The report shall not charge any public officer or other person with willful misconduct, corruption or malfeasance unless an indictment or accusation for removal from public office is also returned by the grand jury. The right of every person to be properly charged, face his accusers and be heard in his defense in open court shall not be circumvented by the report."

Section 5. Section 31-6-11 NMSA 1978 (being Laws 1969, Chapter 276, Section 11, as amended) is amended to read:

"31-6-11. EVIDENCE BEFORE GRAND JURY.--

A. Evidence before the grand jury upon which it may find an indictment is that which is lawful, competent and relevant, including the oral testimony of witnesses under oath and any documentary or other physical evidence exhibited to the jurors. The Rules of Evidence shall not apply to a grand jury proceeding. The sufficiency of the evidence upon which an indictment is returned shall not be subject to review absent a showing of bad faith on the part of the prosecuting attorney assisting the grand jury.

B. It is the duty of the grand jury to weigh all the evidence submitted to it, and when it has reason to believe that other lawful, competent and relevant evidence is available that would disprove or reduce a charge or accusation or that would make an indictment unjustified, then it shall order the evidence produced. At least twenty-four hours before grand jury proceedings begin, the target or his counsel may alert the grand jury to the existence of evidence that would disprove or reduce an accusation or that would make an indictment unjustified, by notifying the prosecuting attorney who is assisting the grand jury in writing regarding the existence of that evidence.

C. A district attorney shall use reasonable diligence to notify a person in writing that the person is the target of a grand jury investigation. Unless the district judge presiding over the grand jury determines by clear and convincing evidence that providing notification may result in flight by the target, result in obstruction of justice or pose a danger to another person, the target of a grand jury investigation shall be notified in writing of the following information:

(1) that he is the target of an investigation;

(2) the nature of the alleged crime being investigated and the date of the alleged crime and any applicable statutory citations;

(3) the target's right to testify no earlier than four days after receiving the target notice if he is in custody, unless for good cause the presiding judge orders a different time period or the target agrees to testify sooner;

(4) the target's right to testify no earlier than ten days after receiving the target notice if he is not in custody, unless for good cause the presiding judge orders a different time period or the target agrees to testify sooner;

(5) the target's right to choose to remain silent; and

RELATING TO WATER; ALLOWING THE CREATION OF SPECIAL WATER USERS' ASSOCIATIONS; AUTHORIZING LEASING OF ALLOTMENTS OF WATER FROM IRRIGATION DISTRICTS ORGANIZED PURSUANT TO CHAPTER 73, ARTICLE 10 NMSA 1978; ALTERING PROCEDURES FOR CHANGES OF PLACE AND PURPOSE OF USE OF LEASED WATER; AMENDING, REPEALING AND ENACTING SECTIONS OF THE NMSA 1978.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 72-1-9 NMSA 1978 (being Laws 1985, Chapter 198, Section 1, as amended) is amended to read:

"72-1-9. MUNICIPAL, COUNTY, MEMBER-OWNED COMMUNITY WATER SYSTEMS AND STATE UNIVERSITY WATER DEVELOPMENT PLANS-- PRESERVATION OF MUNICIPAL, COUNTY AND STATE UNIVERSITY WATER SUPPLIES.--

A. It is recognized by the state that it promotes the public welfare and the conservation of water within the state for municipalities, counties, state universities, member-owned community water systems, special water users' associations and public utilities supplying water to municipalities or counties to plan for the reasonable development and use of water resources. The state further recognizes the state engineer's administrative policy of not allowing municipalities, member-owned community water systems, counties and state universities to acquire and hold unused water rights in an amount greater than their reasonable needs within forty years.

B. Municipalities, counties, state universities, member-owned community water systems, special water users' associations and public utilities supplying water to municipalities or counties shall be allowed a water use planning period not to exceed forty years, and water rights for municipalities, counties, state universities, member-

owned community water systems, special water users' associations and public utilities supplying water to such municipalities or counties shall be based upon a water development plan the implementation of which shall not exceed a forty-year period from the date of the application for an appropriation or a change of place or purpose of use pursuant to a water development plan or for preservation of a municipal, county, member-owned community water system or state university water supply for reasonably projected additional needs within forty years."

Section 2. Section 72-6-3 NMSA 1978 (being Laws 1967, Chapter 100, Section 3, as amended) is amended to read:

"72-6-3. OWNER MAY LEASE USE OF WATER.--

A. An owner may lease to any person all or any part of the water use due him under his water right, and the owner's water right shall not be affected by the lease of the use. The use to which the owner is entitled under his right shall, during the exercise of the lease, be reduced by the amount of water so leased. Upon termination of the lease, the water use and location of use subject to the lease shall revert to the owner's original use and location of use.

B. The lease may be effective for immediate use of water or may be effective for future use of the water covered by the lease; however, the lease shall not be effective to cumulate water from year to year or to substantially enlarge the use of the water in such manner that it would injure other water users. The lease shall not toll any forfeiture of water rights for nonuse, and the owner shall not, by reason of the lease, escape the forfeiture for nonuse prescribed by law; provided, however, that the state engineer shall notify both the owner and the lessee of declaration of nonuser as provided in Sections 72-5-28 and 72-12-8 NMSA 1978. The initial or any renewal term of a lease of water use shall not exceed ten years, except as provided in Subsection C of this section.

C. A water use may be leased for forty years by municipalities, counties, state universities, special water users' associations, public utilities supplying water to municipalities or counties and member-owned community water systems as lessee and shall be entitled to the protection of the forty-year water use planning period as provided in Section 72-1-9 NMSA 1978. A water use deriving from an acequia or community ditch organized pursuant to Chapter 73, Article 2 or 3 NMSA 1978, whether owned by a water right owner under the acequia or community ditch or by the acequia or community ditch may be leased for a term not to exceed ten years."

Section 3. Section 72-6-5 NMSA 1978 (being Laws 1967, Chapter 100, Section 5, as amended) is amended to read:

"72-6-5. APPROVAL.--

A. The state engineer shall approve the application if the applicant has reasonably shown that his proposed use and location of use is a beneficial use and:

(1) will not impair any existing right to a greater degree than such right is, or would be, impaired by the continued use and location of use by the owner; and

(2) will not be contrary to the conservation of water within the state or detrimental to the public welfare of the state.

B. In the case of annual allotments of project water leased to a special water users' association from an irrigation district organized pursuant to Chapter 73, Article 10 NMSA 1978, if the state engineer determines that the proposed changes in place and purpose of use and point of diversion comply with the rules established pursuant to Subsection G of Section 73-10-48 NMSA 1978, the board of directors of the irrigation district may approve the application in accordance with the provisions of Section 73-10-48 NMSA 1978."

Section 4. Section 72-6-6 NMSA 1978 (being Laws 1967, Chapter 100, Section 6) is amended to read:

"72-6-6. APPLICATION--NOTICE--PROTEST--HEARING.--

A. Upon the filing of an application by a lessee, the state engineer shall cause a notice of the filing to be published once a week for three consecutive weeks in a newspaper of general circulation in the county in which the water right is situated.

B. Any owner who believes his water rights will be adversely affected by the granting of the application may file a protest. The protest shall be specific as to how the granting of the application will adversely affect his water rights. The protest shall be filed in writing with the state engineer and a copy sent to the applicant by certified mail within ten days after the last publication of notice of application.

C. If a protest is filed, the state engineer shall hold a hearing on the granting of the application, and the applicant and protestants shall be notified by the state engineer as to the date and place of the hearing.

D. If no objections are filed, the state engineer may grant the application without hearing. If no objections are filed and the state engineer denies the application, the state engineer shall hold a hearing if requested to do so by the applicant. The request shall be filed with the state engineer within ten days after the denial of the application.

E. If the state engineer grants the application but allows the applicant to use less water than the amount of water the owner would be allowed to use, the state engineer shall hold a hearing on the matter if requested to do so by the applicant. The

request shall be filed with the state engineer within ten days after the granting of the application.

F. In a hearing before the state engineer, a full record and transcript of the proceeding shall be kept by him.

G. The provisions of this section do not apply to leases approved pursuant to Section 73-10-48 NMSA 1978."

Section 5. Section 73-10-48 NMSA 1978 (being Laws 2000, Chapter 73, Section 1) is repealed and a new Section 73-10-48 NMSA 1978 is enacted to read:

"73-10-48. SPECIAL WATER USERS' ASSOCIATIONS--LEASE OF ALLOTMENTS OF IRRIGATION DISTRICT WATER--CHANGE OF PLACE AND PURPOSE OF USE OF LEASED WATER RIGHTS--CHANGE OF POINT OF DIVERSION OF WATER RIGHTS--APPROVAL PROCESS.--

A. As used in this section:

(1) "annual allotment of project water" means that portion of the pro rata share of water, determined by the irrigation district to be available to assessed acreage within the district each year, for which an adjudication subfile order has been entered or an offer of judgment has been irrevocably accepted by the landowner and the state;

(2) "irrigation district" means an irrigation district organized pursuant to Chapter 73, Article 10 NMSA 1978; and

(3) "public utility" means a utility that supplies water to municipalities or counties.

B. A municipality, county, state university, member-owned community water system or public utility within New Mexico may establish a "special water users' association" to lease the use of water from landowners in an irrigation district if:

(1) the municipality, county, state university, member-owned community water system or public utility supplies or proposes to supply water for municipal and industrial uses, at least a portion of which is supplied to persons within the boundaries of an irrigation district; and

(2) the irrigation district and the state engineer approve of the establishment of the association.

C. The interstate stream commission may establish a special water users' association with the approval of the irrigation district.

D. A special water users' association may lease the use of the annual allotment of project water directly from a member of the irrigation district or through the irrigation district. The association shall appear as record owner of lands from which water is leased during the term of the lease on the irrigation district's assessment rolls for the purpose of irrigation district annual assessments, levies, tolls, charges and other fees for annual allotments of project water leased by the association, which shall be paid by the association to the irrigation district during the term of the lease.

E. The irrigation district may:

(1) consolidate assessments of district members leasing to a special water users' association and assess the association for the total assessed acreage of those district members;

(2) coordinate the delivery of leased annual allotments of project water to the association;

(3) make assessments and levies on lands with appurtenant water rights within the association;

(4) charge reasonable administrative fees to the association; and

(5) adopt rules to carry out the provisions of this section.

F. An irrigation district may approve a lease of an annual allotment of project water by a special water users' association for:

(1) a change in the place of use or point of diversion of the leased water within or without the boundaries of the district; or

(2) a change in the purpose of use of the leased water within or without the boundaries of the district for:

(a) a water treatment plant to supply water for municipal and industrial uses; or

(b) the purpose of meeting interstate compact delivery requirements of project water to Texas.

G. The state engineer shall adopt rules establishing criteria governing changes in place or purpose of use or point of diversion of annual allotments of project water for determining the areas of use and purposes of use of water leased by a special water users' association. The rules shall ensure that the proposed changes will be a beneficial use, will not result in an increase in net depletions of water, will not impair existing water rights, are not contrary to the conservation of water within the state and are not detrimental to the public welfare of the state.

H. The special water users' association shall submit to the state engineer on a form prescribed by the state engineer all information required to determine whether the association and its proposed changes in place and purpose of use and point of diversion of water are in compliance with the state engineer's rules. If the state engineer determines that the proposed changes are in conformity with the rules, the association shall be notified and the state engineer shall publish, in a newspaper of general circulation in the county in which the changes are located at least once a week for three consecutive weeks, the application and notice that the proposed changes in place and purpose of use and point of diversion conform to the state engineer's rules. Objections by a person owning water rights within the district's boundaries and whose water rights may be impaired by the state engineer's decision may be filed with the state engineer and served by certified mail within ten days after the last publication of the notice. The state engineer shall issue a decision in answer to an objection within thirty days of the filing of the objection. The protestant may appeal that decision directly to the district court within thirty days of notice by certified mail of the state engineer's decision. Appeals to the district court shall be limited to review of whether the state engineer's decision was made in accordance with the rules, and a jury trial shall not be allowed. Once the state engineer's approval of the application is final, the irrigation district may then approve the changes authorized in Subsection F of this section pursuant to the irrigation district approval process described in Subsection I of this section.

I. The board of directors of the irrigation district shall publish notice at least once a week for three consecutive weeks, in a newspaper of general circulation published within the county where the office of the irrigation district is located, of the board's intention to consider a resolution to allow the lease of the use of annual allotments of project water. The notice shall indicate the owners and location of lands from which annual allotments of project water will be leased and any change in point of diversion, place or purpose of use of that water and the period of the lease. The board may approve the lease if it finds it to be in the best interest of the district. Members of the district whose water rights may be affected by the lease may protest at the meeting at which the resolution is being considered. The board shall take formal action upon the resolution and shall give notice to all protestants of the board's decision. A protestant may appeal to the district court from any action taken by the board upon the resolution. An appeal shall be filed with the court and notice served on the parties within ten days of receipt of notice of the board's adoption or rejection of the resolution. The appeal shall be on the record of the hearing before the irrigation district board and a right of trial by jury shall not be allowed."

Section 6. A new section of Chapter 73, Article 10 NMSA 1978 is enacted to read:

Section 7. A new section of Chapter 73, Article 10 NMSA 1978 is enacted to read:

"SPECIAL WATER USERS' ASSOCIATION--ORGANIZATIONAL STATUS--OFFICERS.--

A. Following the close of each fiscal year, the pool administrator shall determine the net premium, being premiums less administrative expense allowances, the pool expenses and claim expense losses for the year, taking into account investment income and other appropriate gains and losses. The assessment for each insurer shall be determined by multiplying the total cost of pool operation by a fraction the numerator of which equals that insurer's premium and subscriber contract charges or their equivalent for health insurance written in the state during the preceding calendar year and the denominator of which equals the total of all premiums and subscriber contract charges written in the state; provided that premium income shall include receipts of medicaid managed care premiums but shall not include any payments by the secretary of health and human services pursuant to a contract issued under Section 1876 of the Social Security Act, as amended. The board may adopt other or additional methods of adjusting the formula to achieve equity of assessments among pool members, including assessment of health insurers and reinsurers based upon the number of persons they cover through primary, excess and stop-loss insurance in the state.

B. If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future

losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

C. The proportion of participation of each member in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed with it by the member. Any deficit incurred by the pool shall be recouped by assessments apportioned among the members of the pool pursuant to the assessment formula provided by Subsection A of this section; provided that the assessment for any pool member shall be allowed as a thirty-percent credit on the premium tax return for that member.

D. The board may abate or defer, in whole or in part, the assessment of a member of the pool if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligation. In the event an assessment against a member of the pool is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in Subsection A of this section. The member receiving the abatement or deferment shall remain liable to the pool for the deficiency for four years."

Section 4. Section 59A-54-12 NMSA 1978 (being Laws 1987, Chapter 154, Section 12, as amended) is amended to read:

"59A-54-12. ELIGIBILITY--POLICY PROVISIONS.--

A. Except as provided in Subsection B of this section, a person is eligible for a pool policy only if on the effective date of coverage or renewal of coverage the person is a New Mexico resident, and:

(1) is not eligible as an insured or covered dependent for any health plan that provides coverage for comprehensive major medical or comprehensive physician and hospital services;

(2) is currently paying a rate for a health plan that is higher than one hundred twenty-five percent of the pool's standard rate;

(3) has been rejected for coverage for comprehensive major medical or comprehensive physician and hospital services;

(4) is only eligible for a health plan with a rider, waiver or restrictive provision for that particular individual based on a specific condition;

(5) has a medical condition that is listed on the pool's pre-qualifying conditions;

(6) has as of the date the individual seeks coverage from the pool an aggregate of eighteen or more months of creditable coverage, the most recent of which was under a group health plan, governmental plan or church plan as defined in Subsections P, N and D, respectively, of Section 59A-23E-2 NMSA 1978, except, for the purposes of aggregating creditable coverage, a period of creditable coverage shall not be counted with respect to enrollment of an individual for coverage under the pool if, after that period and before the enrollment date, there was a sixty-three-day or longer period during all of which the individual was not covered under any creditable coverage; or

(7) is entitled to continuation coverage pursuant to Section 59A-23E-19 NMSA 1978.

B. Notwithstanding the provisions of Subsection A of this section:

(1) a person's eligibility for a policy issued under the Health Insurance Alliance Act shall not preclude a person from remaining on or purchasing a pool policy; provided that a self-employed person who qualifies for an approved health plan under the Health Insurance Alliance Act by using a dependent as the second employee may choose a pool policy in lieu of the health plan under that act;

(2) a pool policyholder shall be eligible for renewal of pool coverage even though the policyholder became eligible for medicare or medicaid coverage while covered under a pool policy; and

(3) if a pool policyholder becomes eligible for any group health plan, the policyholder's pool coverage shall not be involuntarily terminated until any preexisting condition period imposed on the policyholder by the plan has been exhausted.

C. Coverage under a pool policy is in excess of and shall not duplicate coverage under any other form of health insurance.

D. A policyholder's newborn child or newly adopted child is automatically eligible for thirty-one consecutive calendar days of coverage for an additional premium.

E. Except for a person eligible as provided in Paragraph (6) of Subsection A of this section, a pool policy may contain provisions under which coverage is excluded during a six-month period following the effective date of coverage as to a given individual for preexisting conditions.

F. The preexisting condition exclusions described in Subsection E of this section shall be waived to the extent to which similar exclusions have been satisfied under any prior health insurance coverage that was involuntarily terminated, if the application for pool coverage is made not later than thirty-one days following the involuntary termination. In that case, coverage in the pool shall be effective from the

date on which the prior coverage was terminated. This subsection does not prohibit preexisting conditions coverage in a pool policy that is more favorable to the insured than that specified in this subsection.

G. An individual is not eligible for coverage by the pool if:

(1) except as provided in Subsection I of this section, the individual is, at the time of application, eligible for medicare or medicaid that would provide coverage for amounts in excess of limited policies such as dread disease, cancer policies or hospital indemnity policies;

(2) the individual has voluntarily terminated coverage by the pool within the past twelve months and did not have other continuous coverage during that time, except that this paragraph shall not apply to an applicant who is a federally defined eligible individual;

(3) the individual is an inmate of a public institution or is eligible for public programs for which medical care is provided;

(4) the individual is eligible for coverage under a group health plan;

(5) the individual has health insurance coverage as defined in Subsection R of Section 59A-23E-2 NMSA 1978;

(6) the most recent coverages within the coverage period described in Paragraph (6) of Subsection A of this section were terminated as a result of nonpayment of premium or fraud; or

(7) the individual has been offered the option of continuation coverage under a federal COBRA continuation provision as defined in Subsection F of Section 59A-23E-2 NMSA 1978 or under a similar state program and he has elected the coverage and did not exhaust the continuation coverage under the provision or program.

H. Any person whose health insurance coverage from a qualified state health policy with similar coverage is terminated because of nonresidency in another state may apply for coverage under the pool. If the coverage is applied for within thirty-one days after that termination and if premiums are paid for the entire coverage period, the effective date of the coverage shall be the date of termination of the previous coverage.

I. The board may issue a pool policy for individuals who:

(1) are enrolled in both Part A and Part B of medicare because of a disability; and

(2) except for the eligibility for medicare, would otherwise be eligible for coverage pursuant to the criteria of this section."

EE. to a district attorney, a state district court grand jury or federal grand jury with respect to any investigation of or proceeding related to an alleged criminal violation of the tax laws;

FF. to a third party subject to a subpoena or levy issued pursuant to the provisions of the Tax Administration Act, the identity of the taxpayer involved, the taxes or tax acts involved and the nature of the proceeding; and

GG. any written ruling on questions of evidence or procedure made by a hearing officer pursuant to Section 7-1-24 NMSA 1978, provided that the name and identification number of the taxpayer requesting the ruling shall not be provided."

Section 6. Section 7-1-11.1 NMSA 1978 (being Laws 2001, Chapter 16, Section 1) is amended to read:

"7-1-11.1. MANAGED AUDITS.--

A. A managed audit may be limited in scope to certain periods, activities, lines of business, geographic areas or transactions, including tax on:

- (1) the receipts from certain sales;
- (2) the value of certain assets;
- (3) the value of certain expense items or services used; and

(4) any other category specified in an agreement authorized by this section.

B. Upon the application of the taxpayer, the secretary or the secretary's delegate may enter into a written agreement with a taxpayer for a managed audit. To be effective the written agreement must:

(1) be signed by the taxpayer or the taxpayer's authorized representative and by the secretary or the secretary's delegate;

(2) contain a declaration by the taxpayer or the taxpayer's authorized representative that all statements of fact made by the taxpayer or the taxpayer's representative in the taxpayer's application and the agreement are true and correct as to every material matter;

(3) specify the reporting period or periods, the type of receipts or transactions and tax to be audited, the procedures to be followed in performing the managed audit, the records to be used, the date of commencement of the audit for purposes of Section 7-9-43 NMSA 1978 and the date for the taxpayer's presentation of the results of the managed audit to the department; and

(4) include a waiver by the taxpayer of the limitations on assessments for the reporting period or periods to be audited.

C. The agreement for a managed audit may be modified in writing, provided that the modification meets the requirements of Subsection B of this section.

D. In determining whether to enter into an agreement for a managed audit the secretary or the secretary's delegate may consider, in addition to other relevant factors:

(1) the taxpayer's history of tax compliance;

(2) the amount of time and resources the taxpayer has available to dedicate to the audit;

(3) the extent and availability of the taxpayer's records; and

(4) the taxpayer's ability to pay any expected liability.

E. The decision whether to enter into an agreement for a managed audit rests solely with the secretary or the secretary's delegate.

F. The results of the managed audit shall be presented to the department by the taxpayer on or before any date set for presentation of the results in the managed audit agreement. The department shall assess the tax liability found to be due as the

result of a managed audit performed in accordance with a managed audit agreement. The department may review records, documents, schedules or other information to determine if the managed audit substantially conforms to the managed audit agreement."

Section 7. A new section of the Tax Administration Act, Section 7-1-11.2 NMSA 1978, is enacted to read:

"7-1-11.2. REQUIRED AUDIT NOTICES.--

A. Except as provided in Subsection G of this section, prior to or coincident with requesting records and books of account from a taxpayer pursuant to Section 7-1-11 NMSA 1978, as part of an office or field audit, the department shall provide the taxpayer with written dated notice of the commencement of an audit. The notice shall, at a minimum, state the tax programs and reporting periods to be covered and the date on which the audit is commenced.

B. To any taxpayer to whom the department is required to provide a written notice of the commencement of an audit, the department shall also provide a written notice of the outstanding records or books of account that have been requested but not received. If the taxpayer has provided all records and books of account requested, the notice shall so state. The notice of outstanding records or books of account shall be given no sooner than sixty days and no later than one hundred eighty days after the date of the commencement of the audit. The notice of outstanding records or books of account shall be dated and shall provide reasonable descriptions of any records or books of account needed or the information expected to be contained in them and shall give the taxpayer ninety days to comply with Section 7-1-11 NMSA 1978. The notice shall state that if the taxpayer does not properly comply within ninety days of the date of the notice, the department will proceed to issue any assessment of tax due on the basis of information available.

C. A taxpayer may request additional time to comply with the notice of outstanding records and books of account. Such request shall be in writing and shall state the amount of time needed.

D. If the department does not issue an assessment within one hundred eighty days after giving a notice of outstanding records or books of account or within ninety days after the expiration of the additional time requested by the taxpayer to comply, if such request was granted, interest shall be computed in accordance with Paragraph (6) of Subsection A of Section 7-1-67 NMSA 1978.

E. Any taxpayer who was not provided a proper notice of outstanding records or books of account is entitled to computation of interest in accordance with Paragraph (7) of Subsection A of Section 7-1-67 NMSA 1978.

F. Nothing in this section shall prevent the department from requesting from the taxpayer a waiver of the statute of limitations for assessment of tax owed. Nothing in this section shall prevent the department from issuing an assessment of tax owed on the basis of the information available.

G. This section does not apply to investigations of fraud."

Section 8. Section 7-1-24 NMSA 1978 (being Laws 1965, Chapter 248, Section 26, as amended) is amended to read:

"7-1-24. ADMINISTRATIVE HEARING--PROCEDURE.--

A. Any taxpayer may dispute the assessment to the taxpayer of any amount of tax, the application to the taxpayer of any provision of the Tax Administration Act or the denial of or failure to either allow or deny a claim for refund made in accordance with Section 7-1-26 NMSA 1978 by filing with the secretary a written protest against the assessment or against the application to the taxpayer of the provision or against the denial of or the failure to allow or deny the amount claimed to have been erroneously paid as tax. Every protest shall identify the taxpayer and the tax involved and state the grounds for the taxpayer's protest and the affirmative relief requested. The statement of grounds for protest shall specify individual grounds upon which the protest is based and a summary statement of the evidence expected to be produced supporting each ground asserted, if any; provided that the taxpayer may supplement the statement at any time prior to ten days before any hearing conducted on the protest pursuant to Subsection D of this section or, if a scheduling order has been issued, in accordance with the scheduling order. The secretary may, in appropriate cases, provide for an informal conference before setting a hearing of the protest or acting on any claim for refund.

B. Any protest by a taxpayer shall be filed within thirty days of the date of the mailing to the taxpayer by the department of the notice of assessment or mailing to, or service upon, the taxpayer of other peremptory notice or demand, or the date of mailing or filing a return. Upon written request of the taxpayer made within the time permitted for filing a protest, the secretary may grant an extension of time, not to exceed sixty days, within which to file the protest. If a protest is not filed within the time required for filing a protest or, if an extension has been granted, within the extended time, the secretary may proceed to enforce collection of any tax if the taxpayer is delinquent within the meaning of Section 7-1-16 NMSA 1978. Upon written request of the taxpayer made after the time for filing a protest but not more than sixty days after the expiration of the time for filing a protest, the secretary may grant a retroactive extension of time, not to exceed sixty days, within which to file the protest; provided that the taxpayer demonstrates to the secretary's satisfaction that the taxpayer was not able to file a protest or to request an extension within the time to file the protest and that the grounds for the protest have substantial merit. The fact that the department did not mail the assessment or other peremptory notice or demand by certified or registered mail or otherwise demand and receive acknowledgment of receipt by the taxpayer shall not be

deemed to demonstrate the taxpayer's inability to protest or request an extension within the time for filing a protest within the required time. The secretary shall not grant a retroactive extension if a levy has already been served under Section 7-1-31 or 7-1-33 NMSA 1978 or a jeopardy assessment has been made under Section 7-1-59 NMSA 1978. No proceedings other than those to enforce collection of any amount assessed as tax and to protect the interest of the state by injunction, as provided in Sections 7-1-31, 7-1-33, 7-1-34, 7-1-40, 7-1-53, 7-1-56 and 7-1-58 NMSA 1978, are stayed by timely filing of a protest under this section.

C. Claims for refund shall be filed as provided for in Section 7-1-26 NMSA 1978.

D. Upon timely receipt of a protest, the department or hearing officer shall promptly set a date for hearing and on that date hear the protest or claim.

E. A hearing officer shall be designated by the secretary to conduct the hearing. Taxpayers may appear at a hearing for themselves or be represented by a bona fide employee, an attorney, a certified public accountant or a registered public accountant. Hearings shall not be open to the public except upon request of the taxpayer and may be postponed or continued at the discretion of the hearing officer.

F. A hearing officer shall not engage or participate in any way as an employee of the department in the areas of enforcement or formulating general tax policy other than to conduct hearings. A taxpayer may request that the secretary determine whether a hearing officer has engaged or participated in tax policy or enforcement in a way that might reasonably be expected to affect the hearing officer's impartiality in a particular matter. The secretary may designate another hearing officer for the matter to avoid actual or apparent prejudice.

G. A hearing officer shall not engage in ex-parte communications concerning the substantive issues of any matter that has been protested while that matter is still pending. If the secretary finds that a hearing officer has engaged in prohibited ex-parte communications, the secretary shall designate another hearing officer for that matter.

H. In hearings before the hearing officer, the technical rules of evidence shall not apply, but in ruling on the admissibility of evidence, the hearing officer may require reasonable substantiation of statements or records tendered, the accuracy or truth of which is in reasonable doubt. A taxpayer may request a written ruling on any contested question of evidence in a matter in which the taxpayer has filed a written protest and that protest is pending.

I. In hearings before the hearing officer, the Rules of Civil Procedure for the District Courts shall not apply, but the hearing shall be conducted so that both complaints and defenses are amply and fairly presented. To this end, the hearing officer shall hear arguments, permit discovery, entertain and dispose of motions, require

written expositions of the case as the circumstances justify and render a decision in accordance with the law and the evidence presented and admitted. A taxpayer may request a written ruling on any contested question of procedure in a matter in which the taxpayer has filed a written protest and that protest is pending.

J. In the case of the hearing of any protest, the hearing officer shall make and preserve a complete record of the proceedings. At the beginning of the hearing, the hearing officer shall inform the taxpayer of the taxpayer's right to representation. The hearing officer, within thirty days of the hearing, shall inform the protestant in writing of the decision, informing the protestant at the same time of the right to, and the requirements for perfection of, an appeal from the decision to the court of appeals and of the consequences of a failure to appeal. The written decision shall embody an order granting or denying the relief requested or granting such part thereof as seems appropriate.

K. A taxpayer with two or more protests containing related issues may request that such protests be combined and heard jointly. The designated hearing officer shall grant the request to combine protests unless it would create an unreasonable burden on the department.

L. Nothing in this section shall be construed to authorize any criminal proceedings hereunder or to authorize an administrative protest of the issuance of a subpoena or summons."

Section 9. Section 7-1-26 NMSA 1978 (being Laws 1965, Chapter 248, Section 28, as amended) is amended to read:

"7-1-26. CLAIM FOR REFUND.--

A. Any person who believes that an amount of tax has been paid by or withheld from that person in excess of that for which the person was liable, who has been denied any credit or rebate claimed or who claims a prior right to property in the possession of the department pursuant to a levy made under authority of Sections 7-1-31 through 7-1-34 NMSA 1978 may claim a refund by directing to the secretary, within the time limited by the provisions of Subsections D, E and F of this section, a written claim for refund. Except as provided in Subsection J of this section, a refund claim shall include the taxpayer's name, address and identification number, the type of tax for which a refund is being claimed, the sum of money being claimed, the period for which overpayment was made and the basis for the refund. As used in this subsection, "basis for the refund" means a brief statement of the facts and the law on which the claim is based.

B. The secretary or the secretary's delegate may allow the claim in whole or in part or may deny the claim.

(1) If the claim is denied in whole or in part in writing, no claim may be refiled with respect to that which was denied but the person, within ninety days after either the mailing or delivery of the denial of all or any part of the claim, may elect to pursue one, but not more than one, of the remedies in Subsection C of this section.

(2) If the department has neither granted nor denied any portion of a claim for refund within one hundred twenty days of the date the claim was mailed or delivered to the department, the person may refile it within the time limits set forth in Subsection C of this section or may within ninety days elect to pursue one, but only one, of the remedies in Subsection C of this section. After the expiration of the two hundred ten days from the date the claim was mailed or delivered to the department, the department may not approve or disapprove the claim unless the person has pursued one of the remedies under Subsection C of this section.

C. A person may elect to pursue one, but only one, of the remedies in Paragraphs (1) and (2) of this subsection. In any case, if a person does timely pursue more than one remedy, the person shall be deemed to have elected the first remedy invoked. The remedies are as follows:

(1) the person may direct to the secretary a written protest against the denial of, or failure to either allow or deny the claim or portion thereof, which shall be set for hearing by a hearing officer designated by the secretary promptly after the receipt of the protest in accordance with the provisions of Section 7-1-24 NMSA 1978, and pursue the remedies of appeal from decisions adverse to the protestant as provided in Section 7-1-25 NMSA 1978; or

(2) the person may commence a civil action in the district court for Santa Fe county by filing a complaint setting forth the circumstance of the claimed overpayment, alleging that on account thereof the state is indebted to the plaintiff in the amount stated, together with any interest allowable, demanding the refund to the plaintiff of that amount and reciting the facts of the claim for refund. The plaintiff or the secretary may appeal from any final decision or order of the district court to the court of appeals.

D. Except as otherwise provided in Subsections E and F of this section, no credit or refund of any amount may be allowed or made to any person unless as the result of a claim made by that person as provided in this section:

(1) within three years of the end of the calendar year in which:

(a) the payment was originally due or the overpayment resulted from an assessment by the department pursuant to Section 7-1-17 NMSA 1978, whichever is later;

(b) the final determination of value occurs with respect to any overpayment that resulted from a disapproval by any agency of the United States or the

state of New Mexico or any court of increase in value of a product subject to taxation under the Oil and Gas Severance Tax Act, the Oil and Gas Conservation Tax Act, the Oil and Gas Emergency School Tax Act, the Oil and Gas Ad Valorem Production Tax Act or the Natural Gas Processors Tax Act; or

(c) property was levied upon pursuant to the provisions of the Tax Administration Act;

(2) when an amount of a claim for credit under the provisions of the Investment Credit Act, Laboratory Partnership with Small Business Tax Credit Act, Technology Jobs Tax Credit Act, Capital Equipment Tax Credit Act or similar act or for the rural job tax credit pursuant to Sections 7-2E-1 and 7-2E-2 NMSA 1978 or similar credit has been denied, the taxpayer may claim a refund of the credit no later than one year after the date of the denial;

(3) when a taxpayer under audit by the department has signed a waiver of the limitation on assessments on or after July 1, 1993 pursuant to Subsection F of Section 7-1-18 NMSA 1978, the taxpayer may file a claim for refund of the same tax paid for the same period for which the waiver was given, until a date one year after the later of the date of the mailing of an assessment issued pursuant to the audit, the date of the mailing of final audit findings to the taxpayer or the date a proceeding is begun in court by the department with respect to the same tax and the same period;

(4) if the payment of an amount of tax was not made within three years of the end of the calendar year in which the original due date of the tax or date of the assessment of the department occurred, a claim for refund of that amount of tax can be made within one year of the date on which the tax was paid; or

(5) when a taxpayer has been assessed a tax on or after July 1, 1993 under Subsection B, C or D of Section 7-1-18 NMSA 1978 and when the assessment applies to a period ending at least three years prior to the beginning of the year in which the assessment was made, the taxpayer may claim a refund for the same tax for the period of the assessment or for any period following that period within one year of the date of the assessment unless a longer period for claiming a refund is provided in this section.

E. No credit or refund shall be allowed or made to any person claiming a refund of gasoline tax under Section 7-13-11 NMSA 1978 unless notice of the destruction of the gasoline was given the department within thirty days of the actual destruction and the claim for refund is made within six months of the date of destruction. No credit or refund shall be allowed or made to any person claiming a refund of gasoline tax under Section 7-13-17 NMSA 1978 unless the refund is claimed within six months of the date of purchase of the gasoline and the gasoline has been used at the time the claim for refund is made.

F. If, as a result of an audit by the internal revenue service or the filing of an amended federal return changing a prior election or making any other change for which federal approval is required by the Internal Revenue Code, any adjustment of federal tax is made with the result that there would have been an overpayment of tax if the adjustment to federal tax had been applied to the taxable period to which it relates, claim for credit or refund of only that amount based on the adjustment may be made as provided in this section within one year of the date of the internal revenue service audit adjustment or payment of the federal refund or within the period limited by Subsection D of this section, whichever expires later. Interest computed at the rate specified in Subsection B of Section 7-1-68 NMSA 1978 shall be allowed on any such claim for refund from the date one hundred twenty days after the claim is made until the date the final decision to grant the credit or refund is made.

G. If as a result of an audit by the department or a managed audit covering multiple periods an overpayment of tax is found in any period under the audit, that overpayment may be credited against an underpayment of the same tax found in another period under audit pursuant to Section 7-1-29 NMSA 1978, provided that the taxpayer files a claim for refund for the overpayments identified in the audit.

H. Any refund of tax paid under any tax or tax act administered under Subsection B of Section 7-1-2 NMSA 1978 may be made, at the discretion of the department, in the form of credit against future tax payments if future tax liabilities in an amount at least equal to the credit amount reasonably may be expected to become due.

I. For the purposes of this section, the term "oil and gas tax return" means a return reporting tax due with respect to oil, natural gas, liquid hydrocarbons or carbon dioxide pursuant to the Oil and Gas Severance Tax Act, the Oil and Gas Conservation Tax Act, the Oil and Gas Emergency School Tax Act, the Oil and Gas Ad Valorem Production Tax Act, the Natural Gas Processors Tax Act or the Oil and Gas Production Equipment Ad Valorem Tax Act.

J. The filing of a fully completed original income tax return, corporate income tax return, corporate income and franchise tax return, estate tax return or special fuel excise tax return that shows a balance due the taxpayer or a fully completed amended income tax return, an amended corporate income tax return, an amended corporate income and franchise tax return, an amended estate tax return, an amended special fuel excise tax return or an amended oil and gas tax return that shows a lesser tax liability than the original return constitutes the filing of a claim for refund for the difference in tax due shown on the original and amended returns."

Section 10. A new section of the Tax Administration Act is enacted to read:

"CREDIT CLAIMS.--Any taxpayer who requests approval of a statutory tax credit is deemed to have received such approval if the request has not been granted or denied within one hundred eighty days of the date it was filed. Nothing in this section shall be

construed to prevent the department from auditing taxes paid or from assessing taxes owed, including any tax resulting from tax credits found not to be valid."

Section 11. Section 7-1-29 NMSA 1978 (being Laws 1965, Chapter 248, Section 31, as amended) is amended to read:

"7-1-29. AUTHORITY TO MAKE REFUNDS OR CREDITS.--

A. In response to a claim for refund made as provided in Section 7-1-26 NMSA 1978, but before a court acquires jurisdiction of the matter, the secretary or the secretary's delegate may authorize the refund to a person of the amount of any overpayment of tax determined by the secretary or the secretary's delegate to have been erroneously made by the person, together with allowable interest. A refund of tax and interest erroneously paid and amounting to more than ten thousand dollars (\$10,000) may be made to a person only with the prior approval of the attorney general, except that:

(1) refunds with respect to the Oil and Gas Severance Tax Act, the Oil and Gas Conservation Tax Act, the Oil and Gas Emergency School Tax Act, the Oil and Gas Ad Valorem Production Tax Act, the Natural Gas Processors Tax Act or the Oil and Gas Production Equipment Ad Valorem Tax Act, refunds of gasoline tax made under Section 7-13-17 NMSA 1978 and refunds of cigarette tax made under the Cigarette Tax Act may be made without the prior approval of the attorney general regardless of the amount; and

(2) refunds with respect to the Corporate Income and Franchise Tax Act amounting to less than twenty thousand dollars (\$20,000) may be made without the prior approval of the attorney general.

B. Pursuant to the final order of the district court, the court of appeals, the supreme court of New Mexico or any federal court, from which order, appeal or review is not successfully taken, adjudging that a person has made an overpayment of tax, the secretary shall authorize the refund to the person of the amount thereof.

C. In the discretion of the secretary, any amount of tax due to be refunded may be offset against any amount of tax for the payment of which the person due to receive the refund is liable. The secretary or the secretary's delegate shall give notice to the taxpayer that the refund will be made in this manner, and the taxpayer shall be entitled to interest under Section 7-1-68 NMSA 1978 until the tax liability is credited with the refund amount.

D. In an audit by the department or a managed audit covering multiple reporting periods where both underpayments and overpayments of a tax are found to have been made in different reporting periods, the department shall credit the tax overpayments found against the underpayments, provided that the taxpayer files a claim for refund of the overpayments. An overpayment shall be applied as a credit first

to the earliest underpayment found and then to succeeding underpayments. An underpayment of tax to which an overpayment is credited pursuant to this section shall be deemed paid in the period in which the overpayment was made or the period in which the overpayment was credited against an underpayment, whichever is later. If the overpayments credited pursuant to this section exceed the underpayments found for a tax, the amount of the net overpayment for the periods covered in the audit shall be refunded to the taxpayer.

E. Records of refunds made in excess of ten thousand dollars (\$10,000) shall be available for inspection by the public. The department shall keep such records for a minimum of three years from the date of the refund."

Section 12. A new section of the Tax Administration Act, Section 7-1-29.1 NMSA 1978, is enacted to read:

"7-1-29.1. AWARDING OF COSTS AND FEES.--

A. In any administrative or court proceeding that is brought by or against the taxpayer on or after July 1, 2003 in connection with the determination, collection or refund of any tax, interest or penalty for a tax governed by the provisions of the Tax Administration Act, the taxpayer shall be awarded a judgment or a settlement for reasonable administrative costs incurred in connection with an administrative proceeding with the department or reasonable litigation costs incurred in connection with a court proceeding, if the taxpayer is the prevailing party.

B. As used in this section:

(1) "administrative proceeding" means any procedure or other action before the department;

(2) "court proceeding" means any civil action brought in state district court;

(3) "reasonable administrative costs" means:

(a) any administrative fees or similar charges imposed by the department; and

(b) actual charges for: 1) filing fees, court reporter fees, service of process fees and similar expenses; 2) the services of expert witnesses; 3) any study, analysis, report, test or project reasonably necessary for the preparation of the party's case; and 4) fees and costs paid or incurred for the services in connection with the proceeding of attorneys or of certified public accountants who are authorized to practice before the department; and

(4) "reasonable litigation costs" means:

(a) reasonable court costs; and

(b) actual charges for: 1) filing fees, court reporter fees, service of process fees and similar expenses; 2) the services of expert witnesses; 3) any study, analysis, report, test or project reasonably necessary for the preparation of the party's case; and 4) fees and costs paid or incurred for the services of attorneys in connection with the proceeding.

C. For purposes of this section:

(1) the taxpayer is the prevailing party if the taxpayer has:

(a) substantially prevailed with respect to the amount controversy; or

(b) substantially prevailed with respect to most of the issues involved in the case or the most significant issue or set of issues involved in the case;

(2) the taxpayer shall not be treated as the prevailing party if the department establishes that the position of the department in the proceeding was based upon a reasonable application of the law to the facts of the case. For purposes of this paragraph, the position of the department shall be presumed not to be based upon a reasonable application of the law to the facts of the case if:

(a) the department did not follow its applicable published guidance in the proceeding; or

(b) the assessment giving rise to the proceeding is not supported by substantial evidence determined at the time of the issuance of the assessment;

(3) as used in Subparagraph (a) of Paragraph (2) of this subsection, "applicable published guidance" means:

(a) department regulations, information releases, instructions, notices, technical advice memoranda and announcements; and

(b) private letter rulings and letters issued by the department to the taxpayer; and

(4) the determination of whether the taxpayer is the prevailing party and the amount of reasonable litigation costs or reasonable administrative costs shall be made by agreement of the parties or:

(a) in the case where the final determination with respect to the tax, interest or penalty is made in an administrative proceeding, by the department hearing officer; or

(b) in the case where the final determination is made by the court, the court.

D. An order granting or denying in whole or in part an award for reasonable litigation costs pursuant to Subsection A of this section in a court proceeding may be incorporated as a part of the decision or judgment in the court proceeding and shall be subject to appeal in the same manner as the decision or judgment. A decision or order granting or denying in whole or in part an award for reasonable administrative costs pursuant to Subsection A of this section by the department hearing officer shall be reviewable in the same manner as a decision of the department hearing officer.

E. No agreement for or award of reasonable administrative costs or reasonable litigation costs in any administrative or court proceeding pursuant to Subsection A of this section shall exceed the lesser of twenty percent of the amount of the settlement or judgment or fifty thousand dollars (\$50,000). A taxpayer awarded administrative litigation costs pursuant to this section may not receive an award of attorney fees pursuant to Subsection D of Section 7-1-25 NMSA 1978."

Section 13. Section 7-1-67 NMSA 1978 (being Laws 1965, Chapter 248, Section 68, as amended) is amended to read:

"7-1-67. INTEREST ON DEFICIENCIES.--

A. If a tax imposed is not paid on or before the day on which it becomes due, interest shall be paid to the state on that amount from the first day following the day on which the tax becomes due, without regard to any extension of time or installment agreement, until it is paid, except that:

(1) for income tax imposed on a member of the armed services of the United States serving in a combat zone under orders of the president of the United States, interest shall accrue only for the period beginning the day after any applicable extended due date if the tax is not paid;

(2) if the amount of interest due at the time payment is made is less than one dollar (\$1.00), then no interest shall be due;

(3) if demand is made for payment of a tax, including accrued interest, and if the tax is paid within ten days after the date of the demand, no interest on the amount paid shall be imposed for the period after the date of the demand;

(4) if a managed audit is completed by the taxpayer on or before the date required, as provided in the agreement for the managed audit, and payment of

any tax found to be due is made in full within thirty days of the date the secretary has mailed or delivered an assessment for the tax to the taxpayer, no interest shall be due on the assessed tax;

(5) when, as the result of an audit or a managed audit, an overpayment of a tax is credited against an underpayment of tax pursuant to Section 7-1-29 NMSA 1978, interest shall accrue from the date the tax was due until the tax is deemed paid;

(6) if the department does not issue an assessment for the tax program and period within the time provided in Subsection D of Section 7-1-11.2 NMSA 1978, interest shall be paid from the first day following the day on which the tax becomes due until the tax is paid, excluding the period between either:

(a) the one hundred eightieth day after giving a notice of outstanding records or books of account and the date of the assessment of the tax; or

(b) the ninetieth day after the expiration of the additional time requested by the taxpayer to comply, if such request was granted, and the date of the assessment of the tax; and

(7) if the taxpayer was not provided with proper notices as required in Section 7-1-11.2 NMSA 1978, interest shall be paid from the first day following the day on which the tax becomes due until the tax is paid, excluding the period between one hundred eighty days prior to the date of assessment and the date of assessment.

B. Interest due to the state under Subsection A or D of this section shall be at the rate of fifteen percent a year, computed on a daily basis; provided that if a different rate is specified by a compact or other interstate agreement to which New Mexico is a party, that rate shall be applied to amounts due under the compact or other agreement.

C. Nothing in this section shall be construed to impose interest on interest or interest on the amount of any penalty.

D. If any tax required to be paid in accordance with Section 7-1-13.1 NMSA 1978 is not paid in the manner required by that section, interest shall be paid to the state on the amount required to be paid in accordance with Section 7-1-13.1 NMSA 1978. If interest is due under this subsection and is also due under Subsection A of this section, interest shall be due and collected only pursuant to Subsection A of this section."

Section 14. Section 7-1-69 NMSA 1978 (being Laws 1965, Chapter 248, Section 70, as amended) is amended to read:

"7-1-69. CIVIL PENALTY FOR FAILURE TO PAY TAX OR FILE A RETURN.--

A. Except as provided in Subsection C of this section, in the case of failure due to negligence or disregard of department rules and regulations, but without intent to evade or defeat a tax, to pay when due the amount of tax required to be paid, to pay in accordance with the provisions of Section 7-1-13.1 NMSA 1978 when required to do so or to file by the date required a return regardless of whether a tax is due, there shall be added to the amount assessed a penalty in an amount equal to the greater of:

(1) two percent per month or any fraction of a month from the date the tax was due multiplied by the amount of tax due but not paid, not to exceed ten percent of the tax due but not paid;

"3-64-2. DEFINITIONS.--

A. As used in the Community Development Incentive Act:

(1) "commencement of commercial operations" occurs when the new business facility is first available for use by the taxpayer or first capable of being used by the taxpayer in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(2) "facility" means any factory, mill, plant, refinery, warehouse, dairy, feedlot, building or complex of buildings located within the state, including the

land on which the facility is located and all machinery, equipment and other real and tangible personal property located at or within the facility and used in connection with the operation of the facility;

(3) "new business facility" means a facility that satisfies the following requirements:

(a) the facility is employed by the taxpayer in the operation of a revenue-producing enterprise; the facility shall not be considered a "new business facility" in the hands of the taxpayer if the taxpayer's only activity with respect to the facility is to lease it to another person; if the taxpayer employs only a portion of the facility in the operation of a revenue-producing enterprise and leases another portion of the facility to another person or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a "new business facility" if the requirements of Subparagraphs (b), (c) and (d) of this paragraph are satisfied;

(b) the facility is acquired by or leased to the taxpayer on or after July 1, 2003; provided, the facility shall be deemed to have been acquired by or leased to the taxpayer on or after the specified date if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer or the commencement of the term of the lease to the taxpayer occurs on or after that date or if the facility is constructed, erected or installed by or on behalf of the taxpayer, the construction, erection or installation is completed on or after that date;

(d) the facility is not a replacement business facility;

(4) "new business facility employee" means a person employed by the taxpayer in the operation of a new business facility during the taxable year for which the exemption authorized by Section 3-64-3 NMSA 1978 is granted; a person shall be considered to have been so employed if the person performs duties in connection with the operation of the new business facility on:

If the new business facility is in operation for less than the entire property tax year, the number of new business facility employees shall be determined by dividing the sum of the number of new business facility employees on the last business day of each full calendar month during the portion of the property tax year during which the new business facility was in operation by the number of full calendar months during that period;

(5) "new business facility investment" means the value of the real and tangible personal property, except inventory or property held for sale to customers in the ordinary course of the taxpayer's business, that constitutes the new business facility or that is used by the taxpayer in the operation of the new business facility during the property tax year for which the exemption authorized by Section 3-64-3 NMSA 1978 is granted and the value of that property during the year shall be:

(a) its original cost if owned by the taxpayer; or

Notwithstanding the provisions of Subparagraph (a) of this paragraph, a facility shall not be considered a "replacement business facility" if the taxpayer's investment in the new facility exceeds three million dollars (\$3,000,000) or, if less, three hundred percent of the investment in the old facility by the taxpayer or related taxpayer. (g) the administrative management of any of the activities listed in Subparagraphs (a) through (f) of this paragraph; or

(h) any combination of any of the activities referred to in Subparagraphs (a) through (g) of this paragraph; and

(9) "same or a substantially identical revenue-producing enterprise" means a revenue-producing enterprise in which the products produced or sold, the services performed or the activities conducted are the same in character and use and are produced, sold, performed or conducted in the same manner and to or for the same types of customers as the products, services or activities produced, sold, performed or conducted in another revenue-producing enterprise.

B. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the property tax year. If the new business facility is in operation for less than an entire property tax year, the new business facility investment shall be determined by dividing the sum of the total value of the property on the last business day of each full calendar month during the portion of the property tax year during which the new business facility was in operation by the number of full calendar months during that period.

C. If a facility that does not constitute a new business facility is expanded by the taxpayer, the expansion shall be considered a separate facility eligible for the exemption authorized by Section 3-64-3 NMSA 1978 if:

(1) the taxpayer's investment in the expansion exceeds one million dollars (\$1,000,000) or, if less, one hundred percent of its investment in the original facility prior to expansion; and

(2) the expansion otherwise constitutes a new business facility.

The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in Paragraph (5) of Subsection A of this section.

(1) the expansion results in the employment of ten or more new business facility employees over and above the average number of employees employed in the county or municipality granting the exemption by the taxpayer during the twelve months immediately prior to the expansion, computed pursuant to Paragraph (4) of Subsection A of this section; and

(2) the expansion otherwise constitutes a new business facility."

Section 3. Section 3-64-3 NMSA 1978 (being Laws 1991, Chapter 163, Section 3) is amended to read:

CHAPTER 415, LAWS 2003

AN ACT

RELATING TO INSURANCE; CHANGING THE NONFORFEITURE INTEREST RATE ON DEFERRED ANNUITIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 59A-20-33 NMSA 1978 (being Laws 1984, Chapter 127, Section 398) is amended to read:

"59A-20-33. STANDARD NONFORFEITURE LAW-INDIVIDUAL DEFERRED ANNUITIES.--

A. This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code of 1986, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced or reversionary annuity, nor to any contract that shall be delivered outside this state through an agent or other representative of the insurer issuing the contract.

B. In the case of contracts issued on or after the operative date of this section as defined in Subsection L of this section, no contract of annuity, except as stated in Subsection A of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the superintendent are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) that upon cessation of payment of considerations under a contract or upon the written request of the contract owner, the insurer shall grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in Subsections D, E, F, G and I of this section;

(2) if a contract provided for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the insurer shall pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in Subsections D, E, G and I of this section. The insurer may reserve the right to defer the payment of such cash surrender benefit for a period not to exceed six months after demand therefor with surrender of the contract after making written request and receiving written approval of the superintendent. The request shall address the necessity and equitability to all policyholders of the deferral;

(3) a statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits; and

(4) a statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the insurer to the contract, any indebtedness to the insurer on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from prior considerations paid would be less than twenty dollars (\$20.00) monthly, the insurer may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

C. The minimum values as specified in Subsections D, E, F, G and I of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at rates of interest as indicated in Paragraph (2) of Subsection C of this section of

the net considerations, as hereinafter defined, paid prior to such time, decreased by the sum of Subparagraphs (a) through (d):

(a) any prior withdrawals from or partial surrenders of the contract accumulated at rates of interest as indicated in Paragraph (2) of Subsection C of this section;

(b) an annual contract charge of fifty dollars (\$50.00), accumulated at rates of interest as indicated in Paragraphs (2) of Subsection C of this section;

(c) any premium tax paid by the insurer for the contract, accumulated at rates of interest as indicated in Paragraph (2) of Subsection C of this section; and

(d) the amount of any indebtedness to the insurer on the contract, including interest due and accrued.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half percent of the gross considerations credited to the contract during that contract year.

(2) The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent per annum and the following, which shall be specified in the contract if the interest rate will be reset:

(a) the five-year constant maturity treasury rate reported by the federal reserve as of a date, or average over a period, rounded to the nearest one-twentieth percent, specified in the contract no longer than fifteen months prior to the contract issue date or redetermination date pursuant to Subparagraph (d) of Paragraph 2 of Section C of this section;

(b) reduced by one hundred twenty-five basis points;

(c) where the resulting interest rate is not less than one percent; and

(d) the interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that produces the value of the five-year constant maturity treasury rate to be used at each redetermination date.

(3) Notwithstanding the provisions of Paragraphs (1) and (2) of Subsection C of this section, during the period or term that a contract provides

substantive participation in an equity indexed benefit, it may increase the reduction described in Subparagraph (b) of Paragraph (2) of Subsection C of this section by up to an additional one hundred basis points to reflect the value of the equity index benefit. The present value at the contract issue date, and at each redetermination date thereafter, of the additional reduction shall not exceed the market value of the benefit. The superintendent may require a demonstration that the present value of the reduction does not exceed the market value of the benefit. Lacking such a demonstration that is acceptable to the superintendent, the superintendent may disallow or limit the additional reduction.

(4) The superintendent may adopt rules to implement the provisions of Paragraph (3) of Subsection C of this section and to provide for further adjustments to the calculation of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts that the superintendent determines adjustments are justified.

D. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rates specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

E. For contracts that provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit that would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the insurer on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the insurer to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

F. For contracts that do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the insurer to the contract. For contracts that do not provide any death benefits prior to the commencement of any annuity payments, such

present values shall be calculated on the bases of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

G. For the purpose of determining the benefits calculated under Subsections E and F of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

H. Any contract that does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

I. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

J. For any contract that provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of Subsections D, E, F, G and I of this section, additional benefits payable (a) in the event of total and permanent disability, (b) as reversionary annuity or deferred reversionary annuity benefits, or (c) as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

K. The superintendent may adopt rules to implement the provisions of this section.

L. After July 1, 2003, an insurer may elect to apply its provisions to annuity contracts on a contract-form

by contract-form basis before July 1, 2005. In all other

instances this section shall become operative with respect to annuity contracts issued by the insurer after June 30, 2005."

AN ACT

RELATING TO UTILITIES; ESTABLISHING LIMITS ON RURAL ELECTRIC COOPERATIVES INVESTMENTS IN SUBSIDIARY BUSINESSES; REMOVING REQUIRED PUBLIC REGULATION COMMISSION APPROVAL ON CERTAIN FEDERAL LOANS ALREADY APPROVED BY A FEDERAL AGENCY; REPEALING THE REPEAL OF CERTAIN LAWS PERTAINING TO UTILITIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. A new section of the Rural Electric Cooperative Act is enacted to read:

"SUBSIDIARY BUSINESS ACTIVITIES.-- A. Cooperatives may form, organize, acquire, hold, dispose of and operate any interest up to and including full controlling interest in separate business entities that provide energy services and products and telecommunications and communications services and products, including cable and satellite television and water and wastewater collection and treatment, without prior approval from the public regulation commission so long as those other business entities meet all of the following conditions:

(1) the subsidiary is not financed with loans from the federal rural utilities service of the United States department of agriculture or the United States department of agriculture or with similar financing from any successor agency. This limitation shall not apply to rural utilities service loans or United States department of agriculture loans, or loans from successor agencies, to the extent the loan is to be used for a purpose authorized by the lending agency;

(2) the subsidiary fully compensates the cooperative for the use of personnel, services, equipment, tangible property and the cooperative's fully distributed

costs, including all direct and indirect costs and the cost of capital incurred in providing the personnel, services, equipment or tangible property in question;

(3) the total investments, loans, guarantees and pledges of assets of a cooperative in all of its subsidiaries shall not exceed twenty percent of the cooperative's assets; and

(4) the subsidiary agrees to not offer any service or product to the public until it has obtained federal and state regulatory approvals, if any, required to provide the service or product to the public.

B. A director, or spouse of a director, of a cooperative may not be employed or have any financial interest in a separate business entity formed, organized, acquired, held or operated by that cooperative pursuant to the provisions of this section.

C. Should the public regulation commission, upon complaint showing reasonable grounds for investigation, find after investigation and public hearing that the charges for the transactions between the cooperative and other business entity do not conform with the provisions of this section, the public regulation commission is authorized to direct the cooperative to adjust those charges to comply with the provisions of this section. If the cooperative does not comply with the public regulation commission's directive, the public regulation commission is authorized to direct the cooperative to divest its interest in the other business entity. For purposes of enforcing this section, members of the public regulation commission, and the public regulation commission staff, are authorized to inspect the books and records of such other business entities and the cooperatives, provided that proprietary or confidential data or information of the separate business entities shall not be disclosed to a third party. The public regulation commission shall adopt rules and reporting requirements to enforce the provisions of this section.

D. Nothing in this section grants the public regulation commission the power to regulate a generation and transmission cooperative referred to in Section 62-6-4 NMSA 1978."

Section 2. Section 62-6-6 NMSA 1978 (being Laws 1941, Chapter 84, Section 18, as amended) is amended to read:

"62-6-6. ISSUANCE, ASSUMPTION OR GUARANTEE OF SECURITIES.--

A. The power of a public utility to issue, assume or guarantee securities and to create liens on its property situated within this state is a special privilege subject to the supervision and control of the commission as set forth in the Public Utility Act.

B. Except as provided in Subsection E of this section, a public utility, when authorized by order of the commission and not otherwise, may issue stocks and stock

certificates and may issue, assume or guarantee other securities payable at periods of more than eighteen months after the date thereof for the following purposes only:

- (1) making loans or grants from the proceeds of federal loans for economic development projects benefiting its service area;
- (2) the acquisition of property;
- (3) the construction, completion, extension or improvement of its facilities;
- (4) the improvement or maintenance of its service;
- (5) the discharge or lawful refunding of its obligations; or
- (6) the reimbursement of money actually expended for purposes set forth in this subsection from income or from any other money in the treasury not secured by or obtained from the issue, assumption or guarantee of securities, within five years next prior to the filing of an application with the commission for the required authorization.

C. Notwithstanding the provisions of Subsection B of this section, the commission may authorize issuance by a public utility of shares of stock of any class as a dividend on outstanding shares of stock of the public utility of any class and may authorize the issuance of the same or a different number of shares of stock of any class in exchange for outstanding shares of stock of any class of the public utility, and the public utility may issue the stock so authorized.

D. The commission shall not authorize a borrowing under the provisions of Paragraph (1) of Subsection B of this section unless the governing board has approved the borrowing by a two-thirds' majority vote of the members present at a special meeting called for that purpose. The commission shall review the terms of the economic development loan or grant to ascertain the adequacy of any collateral, to have the right to inspect books and review the level of co-participation by the borrower or grantee.

E. Commission approval is not required for the issuance, assumption or guarantee of any security of a public utility whose securities are subject to oversight and approval by the federal government pursuant to the Rural Electrification Act of 1936, as amended, or any successor law to that act."

Section 3. Section 62-6-8.1 NMSA 1978 (being Laws 1979, Chapter 50, Section 1) is amended to read:

"62-6-8.1. ADDITIONAL JURISDICTION.--Except as provided in Subsection E of Section 62-6-6 NMSA 1978 and notwithstanding any other provision of Sections 62-6-1 through 62-6-11 NMSA 1978, the commission shall have jurisdiction over and may

regulate, by general order or regulation, securities of a public utility incorporated under the laws of this state that would otherwise be exempt from regulation by the commission pursuant to Section 62-6-6 NMSA 1978 or Subsection A of Section 62-6-8 NMSA 1978 and that is subject to regulation pursuant to 16 USC 824."

Section 4. Section 62-8-7 NMSA 1978 (being Laws 1991, Chapter 251, Section 1, as amended) is amended to read:

"62-8-7. CHANGE IN RATES.--

A. At any hearing involving an increase in rates or charges sought by a public utility, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the utility.

B. Unless the commission otherwise orders, no public utility shall make any change in any rate that has been duly established except after thirty days' notice to the commission, which notice shall plainly state the changes proposed to be made in the rates then in force and the time when the changed rates will go into effect and other information as the commission by rule requires. The utility shall also give notice of the proposed changes to other interested persons as the commission may direct. All proposed changes shall be shown by filing new schedules that shall be kept open to public inspection. The commission for good cause shown may allow changes in rates without requiring the thirty days' notice, under conditions that it may prescribe.

C. Whenever there is filed with the commission by any public utility a complete application as prescribed by commission rule proposing new rates, the commission may, upon complaint or upon its own initiative, except as otherwise provided by law, upon reasonable notice, enter upon a hearing concerning the reasonableness of the proposed rates. If the commission determines a hearing is necessary, it shall suspend the operation of the proposed rates before they become effective but not for a longer initial period than nine months beyond the time when the rates would otherwise go into effect, unless the commission finds that a longer time will be required, in which case the commission may extend the period for an additional three months. The commission shall hear and decide cases with reasonable promptness. The commission shall adopt rules identifying criteria for various rate and tariff filings to be eligible for suspension periods shorter than what is allowed by this subsection and to be eligible for summary approval without hearing.

D. If after a hearing the commission finds the proposed rates to be unjust, unreasonable or in any way in violation of law, the commission shall determine the just and reasonable rates to be charged or applied by the utility for the service in question and shall fix the rates by order to be served upon the utility or the commission by its order shall direct the utility to file new rates respecting such service that are designed to produce annual revenues no greater than those determined by the commission in its order to be just and reasonable. Those rates shall thereafter be observed until changed, as provided by the Public Utility Act.

E. Except as otherwise provided by law, any increase in rates or charges for the utility commodity based upon cost factors other than taxes or cost of fuel, gas or purchased power, filed for after April 4, 1991, shall be permitted only after notice and hearing as provided by this section. The commission shall enact rules governing the use of tax, fuel, gas or purchased power adjustment clauses by utilities that enable the commission to consider periodically at least the following:

(1) whether the existence of a particular adjustment clause is consistent with the purposes of the Public Utility Act, including serving the goal of providing reasonable and proper service at fair, just and reasonable rates to all customer classes;

(2) the specific adjustment mechanism to recover tax, gas, fuel or purchased power costs;

(3) which costs should be included in an adjustment clause, procedures to avoid the inclusion of costs in an adjustment clause that should not be included and methods by which the propriety of costs that are included may be determined by the commission in a timely manner, including what informational filings are required to enable the commission to make such a determination; and

(4) the proper adjustment period to be employed.

F. The commission may eliminate or condition a particular adjustment clause if it finds such elimination or condition is consistent with the purposes of the Public Utility Act, including serving the goal of providing reasonable and proper service at fair, just and reasonable rates to all customer classes; provided, however, that no such elimination or condition shall be ordered unless such elimination or condition will not place the affected utility at a competitive disadvantage. The commission rules shall also provide for variances and may provide for separate examination of a utility's adjustment clause based upon that utility's particular operating characteristics.

G. Whenever there is filed with the commission a schedule proposing new rates by a rural electric cooperative organized under the Rural Electric Cooperative Act, the rates shall become effective as proposed by the rural electric cooperative without a hearing. However, the cooperative shall give written notice of the proposed rates to its affected patrons at least thirty days prior to the filing with the commission, and the commission shall suspend the rates and conduct a hearing concerning the reasonableness of any proposed rates filed by a rural electric cooperative pursuant to Subsections C and D of this section upon the filing with the commission of a protest setting forth grounds for review of the proposed rates signed by one or more members of the rural electric cooperative and if the commission determines there is just cause for reviewing the proposed rates on one or more of the grounds of the protest. The protest shall be filed no later than twenty days after the filing with the commission of the schedule proposing the new rates. The hearing and review shall be limited to the issues set forth in the protest and for which the commission may find just cause for the review,

which issues shall be contained in the notice of hearing. The provisions of this subsection shall not be construed to affect commission authority or procedure to regulate the sale, furnishing or delivery by wholesale suppliers of electricity to rural electric cooperatives pursuant to Section 62-6-4 NMSA 1978. In addition to the adjustments permitted by Subsections E and F of this section, the commission may authorize rate schedules of rural electric cooperatives to recover, without notice and hearing, changes in the cost of debt capital incurred pursuant to securities that are lawfully issued. For the purposes of this subsection, a member of a rural electric cooperative is a member as defined by the Rural Electric Cooperative Act."

Section 5. REPEAL.--Laws 1998, Chapter 108, Section 82, as amended by Laws 2000, Chapter 88, Section 3, is repealed.

Section 6. EFFECTIVE DATE.--The effective date of the provisions of this act is July 1, 2003.

If, within a period of five years from the year of retirement, the licensee or registrant wishes to resume practice, he shall so notify the board in writing, and upon giving proof of completing such continuing education as prescribed by rule of the board and the payment of a renewal license fee and reinstatement fee, his license or registration shall be restored to him in full effect."

SENATE BILL 451, AS AMENDED

CHAPTER 436

CHAPTER 436, LAWS 2003

AN ACT

RELATING TO HOME LOANS; ENACTING THE HOME LOAN PROTECTION ACT; PROHIBITING CERTAIN PRACTICES BY CREDITORS; PROVIDING CIVIL REMEDIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. SHORT TITLE.--Sections 1 through 14 of this act may be cited as the "Home Loan Protection Act".

Section 2. FINDINGS.--The legislature finds that:

A. abusive mortgage lending has become an increasing problem in New Mexico, exacerbating the loss of equity in homes and causing the number of foreclosures to increase in recent years;

B. one of the most common forms of abusive lending is the making of loans that are equity-based, rather than income-based;

C. the financing of points and fees in these loans provides immediate income to the originator and encourages creditors to repeatedly refinance home loans; and

D. while the marketplace appears to operate effectively for conventional mortgages, too many homeowners find themselves victims of overreaching creditors who provide loans with high costs and terms that are unnecessary to secure repayment of the loan.

Section 3. DEFINITIONS.--As used in the Home Loan Protection Act:

A. "affiliate" means a person that controls, is controlled by or is under common control with another person;

B. "bona fide discount points" means loan discount points that are knowingly paid by the borrower for the express purpose of reducing, and which in fact do result in a bona fide reduction of, the annual percentage rate otherwise applicable to the home loan; provided, however that discount points are not "bona fide discount points" if the annual percentage rate otherwise applicable to the home loan exceeds the conventional mortgage rate by more than:

(1) one and one-half percentage points for a home loan secured by a first lien; or

(2) three percentage points for a home loan secured by a junior lien;

C. "borrower" means a natural person obligated to repay a home loan, including a co-borrower, cosigner or guarantor;

D. "bridge loan" means a loan for the initial construction of a borrower's principal dwelling on land owned by the borrower with a maturity of less than eighteen months that only requires the payment of interest until the entire unpaid balance is due and payable;

E. "conventional mortgage rate" means the most recently published annual yield on conventional mortgages published by the board of governors of the federal reserve system as of the fifteenth day of the month immediately preceding the month in which the application for the extension of credit is received by the creditor;

F. "conventional prepayment penalty" means a prepayment penalty or fee that may be collected in a home loan and that is authorized by federal law; provided that a prepayment penalty is not a "conventional prepayment penalty" if the home loan:

(1) has an annual percentage rate that exceeds the conventional mortgage rate by more than two percent; or

(2) permits prepayment fees or penalties that exceed two percent of the amount prepaid;

G. "creditor" means a person who regularly makes a home loan and includes a loan broker;

H. "high-cost home loan" means a home loan in which:

(1) the contract rate exceeds the rates threshold; or

(2) the total points and fees exceed the total points and fees threshold;

I. "home loan" means a loan, including an open-end credit plan, other than a reverse mortgage transaction or a bridge loan, where the principal amount does not exceed the conforming loan size limit for a single-family dwelling as established by the federal national mortgage association and where the loan is secured by:

(1) a mortgage or deed of trust on real estate in this state upon which there is located or there is to be located a structure:

(a) designed principally for occupancy by one to four families; and

(b) that is or will be occupied by a borrower as the borrower's principal residence; or

(2) a security interest on a manufactured home that is or will be occupied by a borrower as the borrower's principal residence;

J. "manufactured home" means a structure, transportable in one or more sections, which in the traveling mode is eight body feet or more in width or forty body feet or more in length or, when erected on site is three hundred twenty or more square feet and which is built on a permanent chassis and designed to be used as a dwelling

with a permanent foundation when erected on land secured in conjunction with the real property on which the manufactured home is located and connected to the required utilities and includes the plumbing, heating, air conditioning and electrical systems contained therein. "Manufactured home" includes any structure that meets all the requirements of this subsection except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the secretary of the United States department of housing and urban development and complies with the standards established under the federal National Manufactured Housing Construction and Safety Standards Act of 1974. "Manufactured home" does not include rental property or second homes or manufactured homes when not secured in conjunction with the real property on which the manufactured home is located;

K. "points and fees" means:

(1) all amounts payable by a borrower at or before the closing of a home loan, exclusive of any time-price differential due at closing on the loan proceeds, including:

(a) loan discount points or other discounts;

(b) loan fees, finder's fees or similar charges; and

(c) fees for preparation of loan-related documents; but

(d) does not include fees for the following purposes, if the amounts are bona fide and reasonable and paid to a person other than the creditor or an affiliate of the creditor: 1) service or carrying charges; 2) credit reports; 3) title exam, title insurance or similar purposes; 4) escrow charges for future payments of taxes and insurance; 5) fees for notarizing deeds and other documents; 6) appraisals, including fees related to any pest infestation or flood hazard inspections conducted prior to closing; 7) inspection performed prior to closing; 8) attorney fees, if the borrower has the right to select the attorney from an approved list or otherwise; 9) fire and hazard insurance and flood insurance premiums if the conditions in 12 C.F.R. s.226.4(d)(2) are met; 10) tax payment services; 11) surveys; 12) flood certification; and 13) pest infestation and flood determination;

(2) all compensation paid directly or indirectly to a mortgage broker, including a broker that originates a loan in its own name in a table-funded transaction;

(3) the maximum prepayment fees and penalties that may be charged or collected under the terms of the loan documents;

(4) all prepayment fees or penalties that are incurred by the borrower if the loan refinances a previous loan made or currently held by the same creditor or an affiliate of the creditor;

(5) the cost of all premiums financed by the creditor, directly or indirectly, for any credit life, credit disability, credit unemployment or credit property insurance, or any other life or health insurance, or any payments financed by the creditor, directly or indirectly, for any debt cancellation or suspension agreement or contract, except that insurance premiums calculated and paid on a monthly basis shall not be considered financed by the creditor; and

(6) for open-end loans, the points and fees included in Paragraphs (1) through (5) of this subsection that are known at or before closing plus the minimum additional fees the borrower would be required to pay to draw down an amount equal to the total credit line;

L. "rate threshold" means:

(1) for a first lien mortgage home loan, an interest rate equal to seven percentage points over the weekly average yield on comparable United States treasury securities on the fifteenth day of the month immediately preceding the month in which the loan is made; and

(2) for a subordinate mortgage lien, an interest rate equal to nine percentage points over the weekly average yield on comparable United States treasury securities on the fifteenth day of the month immediately preceding the month in which the loan is made;

M. "total points and fees" means the result obtained by subtracting the sum of the conventional prepayment penalties and the bona fide discount points paid from the sum of the points and fees, except that if the sum of the conventional prepayment penalties and the bona fide discount points paid exceeds two points, then only the amount that represents two points shall be subtracted; and

N. "total points and fees threshold" means:

(1) for a home loan in which the total principal loan amount is twenty thousand dollars (\$20,000) or more, an amount equal to five percent of the total principal loan amount; and

(2) for a home loan in which the total principal loan amount is less than twenty thousand dollars (\$20,000), an amount equal to the lesser of one thousand dollars (\$1,000) or eight percent of the total principal loan amount."

Section 4. PROHIBITED PRACTICES AND PROVISIONS REGARDING HOME LOANS.--

A. No creditor shall finance, directly or indirectly, credit life, credit disability, credit unemployment or credit property insurance, or any other life or health insurance, or any payments directly or indirectly for any debt cancellation or suspension

agreement or contract, provided that nothing in this subsection prohibits the payment or receipt of insurance premiums or debt cancellation or suspension fees calculated on the unpaid balance of a home loan and paid on a monthly basis or prohibits bona fide credit property insurance required by the federal housing administration or the United States department of agriculture to be paid in a single premium to the respective federal agency. As used in this subsection, "credit property insurance" means property insurance written in connection with credit transactions under which the creditor is the primary beneficiary.

B. No creditor shall knowingly and intentionally engage in the unfair act or practice of flipping a home loan. As used in this subsection, "flipping a home loan" means the making of a home loan to a borrower that refinances an existing home loan when the new loan does not have reasonable, tangible net benefit to the borrower considering all of the circumstances, including the terms of both the new and refinanced loans, the cost of the new loan and the borrower's circumstances.

Section 5. LIMITATIONS AND PROHIBITED PRACTICES FOR HIGH-COST HOME LOANS.--

A. No creditor making a high-cost home loan shall directly or indirectly finance any points or fees in excess of two percent of the principal loan amount.

B. No creditor shall make a high-cost home loan that contains a scheduled payment that is more than twice as large as the average of earlier scheduled payments, provided that this provision does not apply when the payment schedule is adjusted to the seasonal or irregular income of a borrower.

C. No creditor shall make a high-cost home loan that includes payment terms under which the outstanding principal balance will increase at any time over the course of the loan because the regular periodic payments do not cover the full amount of interest due.

D. No creditor shall make a high-cost home loan that contains a provision that increases the interest rate after default, provided that this provision does not apply to interest rate changes in a variable rate loan otherwise consistent with the provisions of the loan documents if the change in the interest rate is not triggered by the event of default or the acceleration of the indebtedness.

E. No creditor shall make a high-cost home loan that includes terms under which more than two periodic payments required under the loan are consolidated and paid in advance from the loan proceeds provided to the borrower.

F. Without regard to whether a borrower is acting individually or on behalf of others similarly situated, a provision of a high-cost home loan agreement that allows a party to require a borrower to assert any claim or defense in a forum that is less convenient, more costly or more dilatory for the resolution of a dispute than a judicial

forum where the borrower may otherwise properly bring a claim or defense or limits in any way any claim or defense the borrower may have is unconscionable and void.

G. After April 1, 2004, no creditor shall make a high-cost home loan without first receiving certification from a third-party, nonprofit counselor approved by the United States department of housing and urban development, the New Mexico mortgage finance authority or the director of the financial institutions division of the regulation and licensing department that the borrower has received counseling on the advisability of the loan transaction.

H. No creditor shall make a high-cost home loan without due regard to repayment ability. A creditor who follows debt-to-income ratios and the residual income guidelines established by rule of the financial institution division of the regulation and licensing department shall benefit from a rebuttable presumption that the creditor made the loan with due regard to repayment ability.

I. No creditor shall pay a contractor under a home-improvement contract from the proceeds of a high-cost home loan unless:

(1) the creditor is presented with a signed and dated completion certificate showing that the home improvements have been completed; and

(2) the instrument is payable jointly to the borrower and the contractor, or, at the election of the borrower, through a third-party escrow agent in accordance with terms established in a written agreement signed by the borrower, the creditor and the contractor prior to the disbursement.

J. No creditor shall charge a borrower any fees or other charges, other than those that are bona fide, reasonable and actual, to modify, renew, extend or amend a high-cost home loan.

K. No creditor shall charge a borrower more than seventy-five dollars (\$75.00) to defer any payment due under the terms of a high-cost home loan.

L. No creditor shall recommend or encourage default on an existing loan or other debt prior to and in connection with the closing or planned closing of a high-cost home loan that refinances all or any portion of the existing loan or debt.

M. No creditor shall make a high-cost home loan that provides for a late payment fee except as follows:

(1) the late payment fee shall not be in excess of five percent of the amount of the payment past due;

(2) the late payment fee shall only be assessed for a payment past due for fifteen days or more;

(3) the late payment fee shall not be imposed more than once with respect to a single late payment and no late payment fee shall be charged with respect to a subsequent payment that would have been a full payment but for the previous default or the imposition of the previous late payment fee;

(4) no late payment fee shall be charged unless the creditor notifies the borrower within forty-five days following the date the payment was due that a late payment fee has been imposed for a particular late payment. A late payment fee that the creditor has collected shall be reimbursed if the borrower presents proof of having made a timely payment; and

(5) a creditor shall treat each payment as posted on the same business day as it was received by the creditor, service, creditor's agent or at the address provided to the borrower by the creditor, service or the creditor's agent for making payments.

N. No creditor shall make a high-cost home loan that contains a provision that permits the creditor, in its sole discretion, to accelerate the indebtedness, provided that this provision does not prohibit acceleration of a loan in good faith due to a borrower's failure to abide by the material terms of the loan.

O. No creditor shall make a high-cost home loan that contains a provision that requires a penalty or premium for prepayment of the balance of the indebtedness.

P. A creditor shall not make a high-cost home loan unless the creditor has given the following notice, or a substantially similar notice, in writing, to the borrower, acknowledged in writing and signed by the borrower not later than the time the notice is required under the notice provision contained in 12 C.F.R. s.226.31(c):

NOTICE TO BORROWER

MORTGAGE LOAN RATES AND CLOSING COSTS AND FEES VARY BASED ON MANY FACTORS, INCLUDING YOUR PARTICULAR CREDIT AND FINANCIAL CIRCUMSTANCES, YOUR EMPLOYMENT HISTORY, THE LOAN-TO-VALUE REQUESTED AND THE TYPE OF PROPERTY THAT WILL SECURE YOUR LOAN. THE LOAN RATE AND FEES COULD ALSO VARY BASED ON WHICH CREDITOR OR BROKER YOU SELECT.

IF YOU ACCEPT THE TERMS OF THIS LOAN, THE CREDITOR WILL HAVE A MORTGAGE LIEN ON YOUR HOME. YOU COULD LOSE YOUR HOME AND ANY MONEY YOU PUT INTO IT IF YOU DO NOT MEET YOUR PAYMENT OBLIGATIONS UNDER THE LOAN.

YOU SHOULD CONSULT AN ATTORNEY-AT-LAW AND A QUALIFIED INDEPENDENT CREDIT COUNSELOR OR OTHER EXPERIENCED FINANCIAL ADVISOR REGARDING THE RATE, FEES AND PROVISIONS OF THIS MORTGAGE LOAN BEFORE YOU PROCEED. A LIST OF QUALIFIED COUNSELORS IS AVAILABLE BY CONTACTING THE NEW MEXICO REGULATION AND LICENSING DEPARTMENT.

ALSO, YOUR PAYMENTS ON EXISTING DEBTS CONTRIBUTE TO YOUR CREDIT RATINGS. YOU SHOULD NOT ACCEPT ANY ADVICE TO IGNORE YOUR REGULAR PAYMENTS TO YOUR EXISTING CREDITORS.

Section 6. DEFAULT--NOTICE--RIGHT TO CURE.--

A. Before an action is filed to foreclose or collect money due pursuant to a home loan or before other action is taken to seize or transfer ownership of property subject to a home loan, the creditor or creditor's assignee of the loan shall deliver to the borrower a notice of the right to cure the default informing the borrower of:

(1) the nature of the default;

(2) the borrower's right to cure the default by paying the sum of money required, provided that a creditor or assignee shall accept any partial payment made or tendered in response to the notice. If the amount necessary to cure the default will change within thirty days of the notice, due to the application of a daily interest rate or the addition of late fees, as allowed by the Home Loan Protection Act, the notice shall give sufficient information to enable the borrower to calculate the amount at any point within the thirty-day period;

(3) the date by which the borrower may cure the default to avoid a court action, acceleration and initiation of foreclosure or other action to seize the property, which date shall not be less than thirty days after the date the notice is delivered, and the name and address and telephone number of a person to whom the payment or tender shall be made;

(4) that if the borrower does not cure the default by the date specified, the creditor or assignee may file an action for money due or take steps to terminate the borrower's ownership in the property by requiring payment in full of the home loan and commencing a foreclosure proceeding or other action to seize the property; and

(5) the name and address and the telephone number of a person whom the borrower may contact if the borrower disagrees with the assertion that a default has occurred or the correctness of the calculation of the amount required to cure the default.

B. If a creditor or assignee asserts that grounds for acceleration exist and requires the payment in full of all sums secured by the home loan, the borrower, or anyone authorized to act on the borrower's behalf, may, at any time prior to the time title is transferred by means of foreclosure, by judicial proceeding and sale or otherwise, cure the default, and reinstate the home loan. Cure of the default shall reinstate the borrower to the same position as if the default had not occurred and shall nullify, as of the date of the cure, an acceleration of any obligation under the home loan arising from the default.

C. To cure a default under this section, a borrower shall not be required to pay any charge, fee or penalty attributable to the exercise of the right to cure a default, other than the fees specifically allowed by this subsection. The borrower shall not be liable for any attorney fees relating to the default that are incurred by the creditor or assignee prior to or during the thirty-day period set forth in Subsection A of this section, nor for any such fees in excess of one hundred dollars (\$100) that are incurred by the creditor or assignee after the expiration of the thirty-day period but prior to the time the creditor or assignee files a foreclosure or other judicial action or takes other action to seize or transfer ownership of the real estate. After the creditor or assignee files a foreclosure or other judicial action or takes other action to seize or transfer ownership of the real estate, the borrower shall only be liable for attorney fees that are reasonable and actually incurred by the creditor or assignee, based on a reasonable hourly rate and a reasonable number of hours.

D. If a default is cured prior to the initiation of any action to foreclose or to seize the residence, the creditor or assignee shall not institute a proceeding or other action for that default. If a default is cured after the initiation of any action, the creditor or assignee shall take such steps as are necessary to terminate the action.

E. A creditor or a creditor's assignee of a home loan that has the legal right to foreclose shall, in a foreclosure, use the judicial foreclosure procedures provided by law. In such a proceeding, the borrower may assert the nonexistence of a default and any other claim or defense to acceleration and foreclosure, including any based on a violation of the Home Loan Protection Act, though no such claim or defense shall be deemed a compulsory counterclaim.

F. The provisions of this section apply only to home loans that were high-cost home loans at the time of origination.

Section 7. CLAIMS AGAINST CERTAIN SELLERS.--Notwithstanding any other provision of law, if a home loan is made, arranged or assigned by a person selling a manufactured home to a borrower

or selling home improvements on the residence of a borrower, the borrower may assert all affirmative claims and defenses that the borrower may have against the seller or home improvement contractor against a creditor or a holder or service of the home loan, in any capacity; provided, however, that any claim brought by a borrower pursuant to this section shall be limited to amounts required to reduce or extinguish the borrower's liability under the home loan plus the total amount paid by the borrower in connection with the transaction plus amounts required to recover costs, including reasonable attorney fees.

Section 8. SUBTERFUGE PROHIBITED.--No person shall, with the intent to avoid the application or provisions of the Home Loan Protection Act:

- A. divide a loan transaction into separate parts;
- B. structure a home loan transaction as an open-end loan when the loan would have been a high-cost home loan if the loan had been structured as a closed-end loan; or
- C. perform any other subterfuge.

Section 9. CIVIL ACTION.--

A. A borrower harmed by a violation of the Home Loan Protection Act may bring a civil action to recover:

- (1) actual damages, including consequential and incidental damages;
- (2) statutory damages equal to two times the finance charge paid under the loan and forfeiture of the remaining interest under the loan;
- (3) punitive damages, when the violation was malicious or reckless;
- (4) costs and reasonable attorney fees; and
- (5) injunctive, declaratory and such other equitable relief as the court deems appropriate in an action to enforce compliance with the Home Loan Protection Act.

B. The civil action and remedies provided in this section are not exclusive and are in addition to any other action or remedies available to a borrower under applicable law.

C. A creditor is not liable in an action brought pursuant to this section if:

(1) within thirty days of the home loan closing and prior to receiving any notice from the borrower of the violation, the creditor has made appropriate restitution to the borrower, and appropriate adjustments are made to the loan; or

(2) the violation was not intentional and resulted from a bona fide error in fact notwithstanding the maintenance of procedures reasonably adopted to avoid such errors and within sixty days of the loan closing and prior to receiving any notice from the borrower of the violation, the borrower is notified of the violation, appropriate restitution is made to the borrower and appropriate adjustments are made to the loan.

Section 10. PREEMPTION.--Counties and municipalities, including home rule counties and municipalities, are prohibited from enacting and enforcing ordinances, resolutions or rules regulating financial or lending activities or imposing reporting requirements or any other obligations upon creditors regarding home loans that are subject to the Home Loan Protection Act.

Section 11. ACTIONS BASED ON HOME LOANS.--

A. Notwithstanding any other provision of law, any person who purchases or is otherwise assigned a high-cost home loan shall be subject to all affirmative claims and any defenses with respect to the loan that the borrower could assert against the original creditor of the loan; provided that this subsection shall not apply if the purchaser or assignee demonstrates by a preponderance of the evidence that a reasonable person exercising reasonable due diligence could not determine that the mortgage was a high-cost home loan. A purchaser or assignee has exercised such due diligence if the purchaser or assignee:

(1) has in place at the time of the purchase or assignment of the subject loans, policies that expressly prohibit its purchase or acceptance of an assignment of any high-cost home loans;

(2) requires by contract that a seller or assignor of the home loans to the purchaser or assignee represents and warrants to the purchaser or assignee that either:

(a) the seller or assignor will not sell or assign any high-cost home loans to the purchaser or assignee; or

(b) that such seller or assignor is the beneficiary of such a representation and warranty from a previous seller or assignor; and

(3) exercises reasonable due diligence at the time of purchase or assignment of home loans or within a reasonable period of time thereafter intended by the purchaser or assignee to prevent the purchaser or assignee from purchasing or taking assignment of any high-cost home loans; or

(4) satisfies the requirements in Paragraphs (1) and (2) of this subsection and establishes that a reasonable person exercising ordinary due diligence could not determine, based on the documentation required by the federal Truth in Lending Act and the itemization of the amount financed and other disclosure disbursements, that the loan was a high-cost home loan.

B. Notwithstanding any other law to the contrary, a borrower acting only in an individual capacity may assert against the creditor or any subsequent holder or assignee of the home loan:

(1) within six years of the closing of a high-cost home loan, a violation of the Home Loan Protection Act in connection with the loan as an original action;

FF. to a third party subject to a subpoena or levy issued pursuant to the provisions of the Tax Administration Act, the identity of the taxpayer involved, the taxes or tax acts involved and the nature of the proceeding; and

GG. to the gaming control board, tax returns of license applicants and their affiliates as defined in Subsection E of Section 60-2E-14 NMSA 1978."

Section 2. Section 7-1-21 NMSA 1978 (being Laws 1965, Chapter 248, Section 23, as amended) is amended to read:

"7-1-21. INSTALLMENT PAYMENTS OF TAXES--INSTALLMENT AGREEMENTS.--

A. Whenever justified by the circumstances, the secretary or the secretary's delegate may enter into a written agreement with a taxpayer in which the taxpayer admits conclusive liability for the entire amount of taxes due and agrees to make monthly installment payments according to the terms of the agreement, but not for a period longer than sixty months. No installment agreement shall prevent the accrual of interest otherwise provided by law.

B. The agreement provided for in this section is to be known as an "installment agreement". If entered into after a court acquires jurisdiction over the matter, the agreement shall be part of a stipulated order or judgment disposing of the case.

C. At the time of entering into an installment agreement, the secretary shall require the affected taxpayer or person to furnish security for payment of the taxes admitted to be due according to the terms of the agreement, but if the taxpayer does not provide security, the secretary shall cause a notice of lien to be filed in accordance with the provisions of Section 7-1-38 NMSA 1978, and when so filed it shall constitute a lien upon all the property or rights to property of the taxpayer in that county in the same manner as in the case of the lien provided for in Section 7-1-37 NMSA 1978.

D. An installment agreement is conclusive as to liability for payment of the amount of taxes specified therein but does not preclude the assessment of any additional tax.

E. After entering into the agreement, except in unusual circumstances as require the secretary in his discretion to take further action to protect the interests of the state, no further attempts to enforce payment of the tax by levy or injunction shall be made; however, if installment payments are not made on or before the times specified in the agreement, if any other condition contained in the agreement is not met or if the taxpayer does not make payment of all other taxes for which he becomes liable as they are due, the secretary may proceed to enforce collection of the tax as if the agreement had not been made or may proceed, as provided in Section 7-1-54 NMSA 1978, against the security furnished.

F. Records of installment agreements in excess of one thousand dollars (\$1,000) shall be available for inspection by the public. The department shall keep the records for a minimum of three years from the date of the installment agreement."

Section 3. Section 7-1-28 NMSA 1978 (being Laws 1965, Chapter 248, Section 30, as amended) is amended to read:

"7-1-28. AUTHORITY FOR ABATEMENTS OF ASSESSMENTS OF TAX.--

A. In response to a written protest against an assessment, submitted in accordance with the provisions of Section 7-1-24 NMSA 1978, but before any court acquires jurisdiction of the matter, or when a "notice of assessment of taxes" is incorrect, the secretary or the secretary's delegate, with prior written approval of the attorney general, may abate any part of an assessment determined by the secretary or the secretary's delegate to have been incorrectly, erroneously or illegally made, except that the secretary or the secretary's delegate may make abatements:

(1) with respect to the Oil and Gas Severance Tax Act, the Oil and Gas Conservation Tax Act, the Oil and Gas Emergency School Tax Act, the Oil and Gas Ad Valorem Production Tax Act, the Natural Gas Processors Tax Act or the Oil and Gas Production Equipment Ad Valorem Tax Act, abatements of gasoline tax made under Section 7-13-17 NMSA 1978 and abatements of cigarette tax made under the Cigarette Tax Act without the prior approval of the attorney general regardless of the amount;

(2) with respect to the Corporate Income and Franchise Tax Act amounting to less than twenty thousand dollars (\$20,000) without prior approval of the attorney general; and

(3) amounting to less than ten thousand dollars (\$10,000) without the prior written approval of the attorney general.

B. Pursuant to the final order of the district court for Santa Fe county, the court of appeals, the supreme court of New Mexico or any federal court, from which order, appeal or review is not successfully taken by the department, adjudging that any person is not required to pay any portion of tax assessed to that person, the secretary or the secretary's delegate shall cause that amount of the assessment to be abated.

C. Pursuant to a compromise of taxes agreed to by the secretary and according to the terms of the closing agreement formalizing the compromise, the secretary or the secretary's delegate shall cause the abatement of the appropriate amount of any assessment of tax.

D. The secretary or the secretary's delegate shall cause the abatement of the amount of an assessment of tax that is equal to the amount of fee paid to or retained by an out-of-state attorney or collection agency from a judgment or the amount collected by the attorney or collection agency pursuant to Section 7-1-58 NMSA 1978.

E. Records of abatements made in excess of ten thousand dollars (\$10,000) shall be available for inspection by the public. The department shall keep such records for a minimum of three years from the date of the abatement."

Section 4. Section 7-1-29 NMSA 1978 (being Laws 1965, Chapter 248, Section 31, as amended) is amended to read:

"7-1-29. AUTHORITY TO MAKE REFUNDS OR CREDITS.--

A. In response to a claim for refund made as provided in Section 7-1-26 NMSA 1978, but before a court acquires jurisdiction of the matter, the secretary or the secretary's delegate may authorize the refund to a person of the amount of any overpayment of tax determined by the secretary or the secretary's delegate to have been erroneously made by the person, together with allowable interest. A refund of tax and interest erroneously paid and amounting to more than ten thousand dollars (\$10,000) may be made to a person only with the prior approval of the attorney general, except that the secretary or the secretary's delegate may make refunds with respect to:

(1) the Oil and Gas Severance Tax Act, the Oil and Gas Conservation Tax Act, the Oil and Gas Emergency School Tax Act, the Oil and Gas Ad Valorem Production Tax Act, the Natural Gas Processors Tax Act or the Oil and Gas Production Equipment Ad Valorem Tax Act, Section 7-13-17 NMSA 1978 and the Cigarette Tax Act without the prior approval of the attorney general regardless of the amount; and

(2) the Corporate Income and Franchise Tax Act amounting to less than twenty thousand dollars (\$20,000) without the prior approval of the attorney general.

B. Pursuant to the final order of the district court, the court of appeals, the supreme court of New Mexico or a federal court, from which order, appeal or review is not successfully taken, adjudging that a person has made an overpayment of tax, the secretary shall authorize the refund to the person of the amount thereof.

C. In the discretion of the secretary, any amount of tax to be refunded may be offset against any amount of tax for which the person due to receive the refund is liable.

D. In an audit by the department or a managed audit covering multiple reporting periods where both underpayments and overpayments of a tax have been made in different reporting periods, the department shall credit the tax overpayments against the underpayments, provided that the taxpayer files a claim for refund of the overpayments. An overpayment shall be applied as a credit first to the earliest underpayment and then to succeeding underpayments. An underpayment of tax to which an overpayment is credited pursuant to this section shall be deemed paid in the period in which the overpayment was made or the period to which the overpayment was

credited against an underpayment, whichever is later. If the overpayments credited pursuant to this section exceed the underpayments of a tax, the amount of the net overpayment for the periods covered in the audit shall be refunded to the taxpayer.

E. When a taxpayer makes a payment identified to a particular return or assessment, and the department determines that the payment exceeds the amount due pursuant to that return or assessment, the secretary may apply the excess to the taxpayer's other liabilities under the tax acts to which the return or assessment applies, without requiring the taxpayer to file a claim for a refund. The liability to which an overpayment is applied pursuant to this section shall be deemed paid in the period in which the overpayment was made or the period to which the overpayment was applied, whichever is later.

F. If the department determines, upon review of an original or amended income tax return, corporate income and franchise tax return, estate tax return, special fuels excise tax return or oil and gas tax return, that there has been an overpayment of tax for the taxable period to which the return or amended return relates in excess of the amount due to be refunded to the taxpayer under the provisions of Subsection J of Section 7-1-26 NMSA 1978, the department may refund that excess amount to the taxpayer without requiring the taxpayer to file a refund claim.

G. Records of refunds made in excess of ten thousand dollars (\$10,000) shall be available for inspection by the public. The department shall keep such records for a minimum of three years from the date of the refund."

Section 5. Section 7-1-53 NMSA 1978 (being Laws 1965, Chapter 248, Section 55, as amended) is amended to read:

"7-1-53. ENJOINING DELINQUENT TAXPAYER FROM CONTINUING IN BUSINESS.--

A. To ensure or to compel payment of taxes and to aid in the enforcement of the provisions of the Tax Administration Act, the secretary may apply to a district court of this state to have any delinquent taxpayer or person who may be or may become liable for payment of any tax enjoined from engaging in business until the delinquent taxpayer ceases to be a delinquent taxpayer or until the delinquent taxpayer or person complies with other requirements, reasonably necessary to protect the revenues of the state, placed on the delinquent taxpayer or person by the secretary.

B. Upon application to a court for an injunction against a delinquent taxpayer, the court may forthwith issue an order temporarily restraining the delinquent taxpayer from doing business. The court shall hear the matter within fifteen days. Upon written request of the taxpayer, the hearing may be held earlier. Upon a showing by a preponderance of the evidence that the taxpayer is delinquent and has been given notice of the hearing as required by law, the court may enjoin the taxpayer from engaging in business in New Mexico until the taxpayer ceases to be a delinquent

taxpayer. Upon issuing an injunction, the court may also order the business premises of the taxpayer sealed by the sheriff and may allow the taxpayer access thereto only upon approval of the court.

C. Upon application to a court for an injunction against a person other than a delinquent taxpayer, the court:

(1) may issue an order temporarily restraining the person other than the delinquent taxpayer from engaging in business;

(2) shall hear the matter within fifteen days, except that the hearing may be held earlier if requested in writing by the person who is the subject of the temporary restraining order; and

(3) may without delay issue an injunction to the taxpayer in terms commanding the person who is the subject of the temporary restraining order to refrain from engaging in business until that person complies in full with the demand of the department to furnish security, if there is a showing that:

(a) the person who is the subject of the temporary restraining order has been given notice of the hearing for the injunction as required by law;

(b) a demand by the department has been made upon the taxpayer to furnish security;

(c) the taxpayer has not furnished security; and

(d) the secretary considers the collection from the person primarily responsible for the total amount of tax due or reasonably expected to become due to be in jeopardy.

D. A temporary restraining order or injunction shall not issue by provision of this section against any person who has furnished security in accordance with the provisions of Section 7-1-54 NMSA 1978. Upon a showing to the court by any person against whom a temporary restraining order or writ of injunction has issued by provision of this section that that person has furnished security in accordance with the provisions of Section 7-1-54 NMSA 1978, the court shall dissolve or set aside the temporary restraining order or injunction."

Section 6. Section 7-1-68 NMSA 1978 (being Laws 1965, Chapter 248, Section 69, as amended) is amended to read:

"7-1-68. INTEREST ON OVERPAYMENTS.--

A. As provided in this section, interest shall be allowed and paid on the amount of tax overpaid by a person that is subsequently refunded or credited to that person.

B. Interest on overpayments of tax shall accrue and be paid at the rate of fifteen percent a year, computed on a daily basis; provided that if a different rate is specified by a compact or other interstate agreement to which New Mexico is a party, that rate shall apply to amounts due under the compact or other agreement.

C. Unless otherwise provided by this section, interest on an overpayment not arising from an assessment by the department shall be paid from the date of the claim for refund until a date preceding by not more than thirty days the date of the credit or refund to any person; interest on an overpayment arising from an assessment by the department shall be paid from the date of overpayment until a date preceding by not more than thirty days the date of the credit or refund to any person.

D. No interest shall be allowed or paid with respect to an amount credited or refunded if:

(1) the amount of interest due is less than one dollar (\$1.00);

(2) the credit or refund is made within:

(a) fifty-five days of the date of the claim for refund of income tax, pursuant to either the Income Tax Act or the Corporate Income and Franchise Tax Act for the tax year immediately preceding the tax year in which the claim is made; or

(b) seventy-five days of the date of the claim for refund of gasoline tax to users of gasoline off the highways;

(3) the credit or refund is made within one hundred twenty days of the date of the claim for refund of income tax, pursuant to the Income Tax Act or the Corporate Income and Franchise Tax Act, for any tax year more than one year prior to the year in which the claim is made;

(4) Sections 6611(f) and 6611(g) of the Internal Revenue Code, as those sections may be amended or renumbered, prohibit payment of interest for federal income tax purposes;

(5) the credit or refund is made within sixty days of the date of the claim for refund of any tax other than income tax;

(6) the credit results from overpayments found in an audit of multiple reporting periods and applied to underpayments found in that audit or refunded as a net overpayment to the taxpayer pursuant to Section 7-1-29 NMSA 1978;

(7) the department applies the credit or refund to an intercept program, to the taxpayer's estimated payment prior to the due date for the estimated payment, or to offset prior liabilities of the taxpayer pursuant to Subsection E of Section 7-1-29 NMSA 1978; or

(8) the credit or refund results from overpayments the department finds pursuant to Subsection F of Section 7-1-29 NMSA 1978 that exceed the refund claimed by the taxpayer on the return.

E. Nothing in this section shall be construed to require the payment of interest upon interest."

Section 7. EFFECTIVE DATE.--The effective date of the provisions of this act is July 1, 2003.
