BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 22-1-1 NMSA 1978 (being Laws 1967, Chapter 16, Section 1, as amended) is amended to read:

"22-1-1. PUBLIC SCHOOL CODE.--Chapter 22 NMSA 1978 may be cited as the "Public School Code"."

Section 2. A new section of the Public School Code, Section 22-1-1.2 NMSA 1978, is enacted to read:

"22-1-1.2. LEGISLATIVE FINDINGS AND PURPOSE.--

A. The legislature finds that no education system can be sufficient for the education of all children unless it is founded on the sound principle that every child can learn and succeed, and the system must meet the needs of all children by recognizing that student success for every child is the fundamental goal.

B. The legislature finds further that the key to student success in New Mexico is to have a multicultural education system that:

(1) attracts and retains quality and diverse teachers to teach New Mexico's multicultural student population;

(2) holds teachers, students, schools, school districts and the state accountable;

(3) integrates the cultural strengths of its diverse student population into the curriculum with high expectations for all students;

(4) recognizes that cultural diversity in the state presents special challenges for policymakers, administrators, teachers and students; and

(5) elevates the importance of public education in the state by clarifying the governance structure at different levels.

C. The legislature finds further that the teacher shortage in this country has affected the ability of New Mexico to compete for the best teachers, and that unless the state and school districts find ways to mentor beginning teachers, intervene with teachers while they still show promise, improve the job satisfaction of quality teachers and elevate the teaching profession by shifting to a professional educator licensing and salary system, public schools will be unable to recruit and retain the highest quality teachers in the teaching profession in New Mexico.

D. The legislature finds further that a well-designed, well-implemented and well-maintained assessment and accountability system is the linchpin of public school reform and must ensure that:

(1) students who do not meet or exceed expectations will be given individual attention and assistance through extended learning programs and individualized tutoring;

(2) teachers who do not meet performance standards must improve their skills or they will not continue to be employed as teachers;

(3) public schools make adequate yearly progress toward educational excellence; and

(4) school districts and the state are prepared to actively intervene and improve failing public schools.

E. The legislature finds further that improving children's reading and writing abilities and literacy must remain a priority of the state.

F. The legislature finds further that the public school governance structure needs to change to provide accountability from the bottom up instead of from the top down. Each school principal, with the help of school councils made up of parents and teachers, must be the instructional leader in the public school, motivating and holding accountable both teachers and students. Each local superintendent must function as the school district's chief executive officer and have responsibility for the day-to-day operations of the school district, including personnel and student disciplinary decisions.

G. It is the purpose of this 2003 public school reform legislation to provide the framework to implement the legislative findings to ensure student success in New Mexico."

Section 3. Section 22-1-2 NMSA 1978 (being Laws 1967, Chapter 16, Section 2, as amended) is repealed and a new Section 22-1-2 NMSA 1978 is enacted to read:

E. A parent shall be notified no later than the end of the second grading period that his child is failing to make adequate yearly progress, and a conference consisting of the parent and the teacher shall be held to discuss possible remediation programs available to assist the student in attaining adequate yearly progress. (b) promoted to the next grade if the parent refuses to allow his child to be retained pursuant to Subparagraph (a) of this paragraph. In this case, the parent shall sign a waiver indicating his desire that the student be promoted to the next higher grade with an academic improvement plan designed to address specific academic deficiencies. The academic improvement plan shall be developed by the student assistance team outlining timelines and monitoring activities to ensure progress toward overcoming those academic deficiencies. Students failing to make adequate yearly progress at the end of that year shall then be retained in the same grade for no more than one year in order to have additional time to master the required content standards.

G. At the end of the eighth grade, a student who fails to make adequate yearly progress shall be retained in the eighth grade for no more than one school year to make adequate yearly progress or if the student assistance team determines that retention of the student in the eighth grade will not assist the student make adequate

RELATING TO PUBLIC SCHOOL FINANCE; LIMITING SCHOOL DISTRICT AND CHARTER SCHOOL OPERATIONAL CASH BALANCES; DECLARING AN EMERGENCY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 22-8-41 NMSA 1978 (being Laws 1967, Chapter 16, Section 99, as amended) is amended to read:

"22-8-41. RESTRICTION ON OPERATIONAL FUNDS--EMERGENCY ACCOUNTS--CASH BALANCES.--

A. A school district shall not expend money from its operational fund for the acquisition of a building site or for the construction of a new structure, unless the school district has bonded itself to practical capacity or the state superintendent determines and certifies to the legislative finance committee that the expending of money from the operational fund for this purpose is necessary for an adequate public educational program and will not unduly hamper the school district's current operations.

B. A school district or charter school may budget out of cash balances carried forward from the previous fiscal year an amount not to exceed five percent of its proposed operational fund expenditures for the ensuing fiscal year as an emergency account. Money in the emergency account shall be used only for unforeseen expenditures incurred after the annual budget was approved and shall not be expended without the prior written approval of the state superintendent.

C. In addition to the emergency account, school districts or charter schools may also budget operational fund cash balances carried forward from the previous fiscal year for operational expenditures, exclusive of salaries and payroll, upon specific prior approval of the state superintendent. The state superintendent shall notify the legislative finance committee in writing of his approval of such proposed expenditures. For fiscal years 2004 and 2005, with the approval of the state superintendent, a school district or charter school may budget so much of its operational cash balance as is needed for nonrecurring expenditures, including capital outlay.

D. Notwithstanding the provisions of Subsection C of this section, beginning with fiscal year 2006, prior to approval of a school district's or charter school's budget, the state superintendent shall verify that the reductions from the state equalization guarantee distribution have been taken pursuant to this section.

E. The allowable limit for a school district's or charter school's ending operational cash balance is:

(1) if the current year program cost is less than five million dollars (\$5,000,000), nine percent of the budgeted expenditures;

(2) if the current year program cost is five million dollars (\$5,000,000) but less than ten million dollars (\$10,000,000), seven and one-half percent of the budgeted expenditures;

(3) if the current year program cost is ten million dollars (\$10,000,000) but less than twenty-five million dollars (\$25,000,000), six percent of the budgeted expenditures;

(4) if the current year program cost is twenty-five million dollars (\$25,000,000) but less than two hundred million dollars (\$200,000,000), four and one-half percent of the budgeted expenditures; and

(5) if the current year program cost is two hundred million dollars (\$200,000,000) or more, for fiscal year 2004, two and one-half percent of the budgeted expenditures and, for subsequent fiscal years, three percent of the budgeted expenditures.

F. Except as otherwise provided in this section, for the 2006 and subsequent fiscal years, the state superintendent shall reduce the state equalization guarantee distribution, calculated pursuant to Section 22-8-25 NMSA 1978, to each school district or charter school by an amount equal to the school district's or charter school's excess cash balance. As used in this section, "excess cash balance" means the difference between a school district's or a charter school's actual operational cash balance and the allowable limit calculated pursuant to Subsection E of this section. Provided, however, that:

(1) for a school district or charter school with a current year program cost that exceeds two hundred million dollars (\$200,000,000), if the excess cash balance is greater than twenty percent of the allowable limit calculated pursuant to Subsection E of this section, then the reduction pursuant to this subsection shall equal twenty percent of the allowable limit; and

(2) for other school districts and charter schools, if the excess cash balance is greater than eighteen percent of the allowable limit, then the reduction pursuant to this subsection shall equal eighteen percent of the allowable limit.

G. In developing budgets, school districts and charter schools shall not budget current year cash balances without the approval of the state superintendent.

H. A school district or charter school whose enrollment growth exceeds one percent from the prior year and whose facility master plan includes the addition of a new school within two years may request from the state superintendent a waiver of up to fifty percent of the reduction otherwise required by Subsection F of this section.

I. Notwithstanding the provisions of Subsection F of this section, for fiscal year 2004, the reduction from the state equalization guarantee distribution shall be the greater of the amount calculated pursuant to that subsection or ten dollars (\$10.00) per MEM.

J. For the purposes of this section, "operational cash balance" means the allowable, unrestricted, unreserved operational cash balance and the emergency reserve.

K. For the purposes of this section, "allowable, unrestricted, unreserved operational cash balance and the emergency reserve" means the proportional share not attributable to revenue derived from the school district property tax, forest reserve funds and impact aid for which the state takes credit in determining a school district's or charter school's state equalization guarantee distribution."

(1) the natural gas industry is an important contributor to the New Mexico economy, as a significant source of both employment and direct state revenues;

(2) New Mexico ranks second among the states in onshore natural gas reserves and will likely continue to be a major producer of natural gas for the foreseeable future;

(3) a study funded by Laws 1996, Chapter 7 concluded that an additional pipeline capable of transporting New Mexico natural gas to additional markets was, at that time, not economically feasible; and

(4) the study should be updated on a regular basis and the results reported to the legislature.

B. The purpose of this act is to provide a mechanism for monitoring the need for an additional natural gas pipeline in New Mexico.

Section 2. NATURAL GAS PIPELINE STUDY--ADDITIONAL DUTIES.-

A. The energy, minerals and natural resources department and the economic development department shall jointly study the need for additional natural gas pipelines to transport natural gas produced in New Mexico to additional markets. The study shall include:

(1) the economic feasibility of the proposed pipeline;

(2) the necessity of the proposed pipeline; and

(3) alternatives to the proposed pipeline and the environmental or economic benefit of the alternatives.

B. If, at any time, the study concludes that an additional natural gas pipeline is necessary, the energy, minerals and natural resources department shall give notice to all persons the department finds, in its sole discretion, to be interested in or affected by the pipeline. If, after six months from the notice, the department finds that the need still exists and persons capable of meeting the need for the pipeline have not acted or proposed to act in a manner capable of meeting the need, the energy, minerals and natural resources department and the economic development department shall report to the legislature on funding alternatives for the pipeline.

C. The energy, minerals and natural resources department and the economic development department shall annually report to the legislature on the results of the study required by Subsection A of this section and on any activities conducted pursuant to this section.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 57-16A-2 NMSA 1978 (being Laws 1985, Chapter 220, Section 2) is amended to read:

"57-16A-2. DEFINITIONS.--As used in the Motor Vehicle Quality Assurance Act:

A. "collateral charges" means additional charges to a consumer not directly attributed to a manufacturer's suggested retail price label for a new motor vehicle and includes all taxes, license, title and registration fees and other governmental charges related to the purchase of the vehicle;

B. "comparable motor vehicle" means an identical or reasonably equivalent motor vehicle;

C. "consumer" means the purchaser, other than for purposes of resale, of a new or used motor vehicle normally used for personal, family or household purposes, a person to whom such a motor vehicle has been transferred during the duration of an express warranty applicable to the motor vehicle and any other person entitled by the terms of the warranty to enforce the obligations of the warranty;

D. "express warranty" means a written affirmation of the fact of promise made by a manufacturer to a consumer in connection with the sale of a new or used motor vehicle that relates to the nature of the material or workmanship or to a specified level of performance over a specified period of time, including any terms or conditions precedent to the enforcement of obligations pursuant to the warranty;

E. "manufacturer" means a person engaged in the manufacturing, assembling, importing or distributing of a motor vehicle as a regular business;

G. "used motor vehicle" means a motor vehicle that has been sold, bargained or exchanged or a motor vehicle that is the subject of a title that has been transferred from the person who first acquired the motor vehicle from the manufacturer, importer or dealer or agent of the manufacturer or importer and that has been placed in bona fide consumer use; and

(2) an insurance company;

(3) a business selling a used motor vehicle to an employee of the business; or

(4) a lessor selling a leased vehicle to the lessee of the vehicle or to an employee of the lessee of the vehicle."

Section 2. A new section of the Motor Vehicle Quality Assurance Act is enacted to read:

"NOTICE OF REPLACEMENT OR REPURCHASE TO USED MOTOR VEHICLE DEALERS AND CONSUMERS.--A manufacturer, its agent, its authorized dealer or a used motor vehicle dealer that has been ordered by judgment or decree to replace or repurchase or that has replaced or repurchased a motor vehicle pursuant to the Motor Vehicle Quality Assurance Act shall, before offering the motor vehicle for resale, attach to the motor vehicle written notification indicating that the motor vehicle has been replaced or repurchased. A consumer or a used motor vehicle dealer may bring a cause of action against a person who removes the notification from the motor vehicle, unless the manufacturer, its agent or its authorized dealer or a used motor vehicle dealer, before completion of the sale, has provided the purchaser with written notification by the manufacturer, dealer or agent of the dealer, that the motor vehicle has been replaced or repurchased."

Section 3. A new section of the Motor Vehicle Quality Assurance Act is enacted to read:

"USED MOTOR VEHICLES.--

A. Unless a seller is a used motor vehicle dealer, before the seller attempts to sell a used motor vehicle, the seller shall possess the title to the used motor vehicle and the title shall be in the seller's name.

B. Except as otherwise provided in the Motor Vehicle Quality Assurance Act, a used motor vehicle dealer shall not exclude, modify or disclaim the implied warranty of merchantability prescribed in Section 55-2-314 NMSA 1978 or limit the remedies for a breach of the warranty before midnight of the fifteenth calendar day after delivery of a used motor vehicle or until a used motor vehicle is driven five hundred miles after delivery, whichever is earlier. In calculating time under this subsection, a day on which the warranty is breached and all subsequent days in which the used motor vehicle fails to conform with the implied warranty of merchantability are excluded. In calculating distance under this subsection, the miles driven to obtain or in connection with the repair, servicing or testing of the used motor vehicle that fails to conform with the implied warranty of merchantability are excluded. An attempt to exclude, modify or disclaim the implied warranty of merchantability or to limit the remedies for a breach of the warranty in violation of this subsection renders a purchase agreement voidable at the option of the purchaser.

C. An implied warranty of merchantability is met if a used motor vehicle functions substantially free of a defect that significantly limits the use of the used motor vehicle for the ordinary purpose of transportation on any public highway. The implied warranty of merchantability expires at midnight of the fifteenth calendar day after delivery of a used motor vehicle or until a used motor vehicle is driven five hundred miles after delivery, whichever is earlier. In calculating time, a day on which the implied warranty of merchantability is breached is excluded and all subsequent days in which the used motor vehicle fails to conform with the warranty are also excluded. In calculating distance, the miles driven to obtain or in connection with the repair, servicing or testing of the used motor vehicle that fails to conform with the implied warranty of merchantability are excluded.

D. An implied warranty of merchantability does not extend to damage that occurs after the sale of the used motor vehicle that results from:

- (1) off-road use;
- (2) racing;
- (3) towing;
- (4) abuse;

(5) misuse;

(6) neglect;

(7) failure to perform regular maintenance; and

(8) failure to maintain adequate oil, coolant and other required fluids or lubricants.

E. If the implied warranty of merchantability described in this section is breached, the consumer shall give reasonable notice to the seller within thirty days of the date of the breach. Before the consumer exercises another remedy pursuant to Chapter 55, Article 2 NMSA 1978, the seller shall have a reasonable opportunity to repair the used motor vehicle. The consumer shall pay one-half of the cost of the first two repairs necessary to bring the used motor vehicle into compliance with the warranty. The payments by the consumer are limited to a maximum payment of twenty-five dollars (\$25.00) for each repair.

F. The maximum liability of a seller pursuant to this section is limited to the purchase price paid for the used motor vehicle, to be refunded to the consumer or lender, as applicable, in exchange for return of the vehicle, unless the seller knew or should have known of the defect given the circumstances in which the vehicle was acquired or sold and the seller did not disclose that defect.

G. An agreement for the sale of a used motor vehicle by a used motor vehicle dealer is voidable at the option of the consumer unless it contains on its face the following conspicuous statement printed in boldface, ten-point or larger type set off from the body of the agreement:

"New Mexico law requires that this vehicle will be fit for the ordinary purposes for which the vehicle is used for fifteen days or five hundred miles after delivery, whichever is earlier, except with regard to particular defects disclosed on the first page of this agreement. You (the consumer) will have to pay up to twenty-five dollars (\$25.00) for each of the first two repairs if the warranty is violated."

H. The inclusion in the agreement of the statement prescribed in Subsection G of this section does not create an express warranty.

I. A consumer of a used motor vehicle may waive the implied warranty of merchantability only for a particular defect in the vehicle and only if all of the following conditions are satisfied:

(1) the used motor vehicle dealer fully and accurately discloses to the consumer that because of circumstances unusual to the business of the used motor vehicle dealer, the used motor vehicle has a particular defect;

(2) the consumer agrees to buy the used motor vehicle after disclosure of the defect; and

(3) before the sale, the consumer indicates agreement to the waiver by signing and dating the following conspicuous statement that is printed on the first page of the sales agreement in boldface ten-point or larger type and that is written in the language in which the presentation was made:

"Attention consumer: sign here only if the dealer has told you that this vehicle has the following problem(s) and you agree to buy the vehicle on those terms:

1. _____
2. _____
3. _____."

J. A used motor vehicle dealer has the burden to prove by a preponderance of the evidence that the dealer complied with Subsection I of this section.

K. A consumer or seller that is aggrieved by a transaction pursuant to this section and that seeks a legal remedy shall pursue an appropriate remedy prescribed in Chapter 55, Article 2 NMSA 1978 and shall comply with the requirements prescribed in that article."

Notice of the application for the

ex parte order shall be given, unless it clearly appears from specific facts shown that immediate and irreparable injury, loss or damage will result before an affected person can be heard in opposition to the application. The evidence or testimony in support of the application may be presented or taken by telephone, facsimile transmission, video equipment or other method of electronic communication. The court shall grant the application for an ex parte order upon finding that clear and convincing evidence exists to believe isolation or quarantine is warranted to respond to the public health emergency.

B. The ex parte order shall:

- (1) state the specific facts justifying isolation or quarantine;
- (2) state the persons, group or class of persons affected by the ex parte order;
- (3) state that the persons being isolated or quarantined have a right to a court hearing under the Public Health Emergency Response Act and a right to be represented by counsel at the hearing; and
- (4) be served as soon as practicable to persons isolated or quarantined.

C. The secretary of health shall coordinate with the secretary of public safety and the director regarding execution of the ex parte order. The ex parte order shall be posted in a public and accessible place. If individual notice is not feasible, the secretary of health, the secretary of public safety and the director shall use the best means available to ensure that a person subject to the ex parte order is informed of the order and his rights.

D. A person who is isolated or quarantined may request a court hearing pursuant to Section 10 of the Public Health Emergency Response Act at any time before the expiration of the ex parte order. A person shall not be isolated or quarantined pursuant to an ex parte order for longer than five days without a court hearing to determine whether isolation or quarantine should continue.

B. The secretary of health, the secretary of public safety, the director and anyone acting under the secretaries' or the director's authority, when isolating or quarantining a person during a public health emergency, shall ensure that:

(1) isolation or quarantine shall be by the least restrictive means necessary to protect against the spread of a threatening communicable disease or a potentially threatening communicable disease to others and may include confinement to a private home or other private or public premises;

(2) isolated persons are confined separately from quarantined persons;

(3) the health status of an isolated or quarantined person is monitored regularly to determine if he requires continued isolation or quarantine. To adequately address emergency health situations, an isolated or quarantined person shall be given a reliable means to communicate twenty-four hours a day with health officials and to summon emergency health services;

(4) if a quarantined person subsequently becomes infected or is reasonably believed to be infected with a threatening communicable disease or a potentially threatening communicable disease, he shall be isolated pursuant to the provisions of the Public Health Act or the Public Health Emergency Response Act;

(5) the needs of a person isolated or quarantined be addressed in a systematic and orderly manner, including the provision of adequate food, clothing, shelter, sanitation, and to the extent of available resources, appropriate medication and treatment, medical care and mental health care;

(6) there are methods of communication available to a person placed in isolation or quarantine so that he may communicate with others, including family members, household members, legal representatives, advocates and the media. Accommodations shall also be made for religious worship or practice and updates on the status of the public health emergency, as available;

(7) the premises used for isolation or quarantine are maintained in a safe and hygienic manner and are designed to minimize the likelihood of further transmission of infection or other injury to other persons who are isolated or quarantined; and

(8) to the extent feasible, forms are provided to a person in isolation or quarantine that document the person's consent or objection to the isolation or quarantine.

C. A person isolated or quarantined pursuant to the provisions of the Public Health Emergency Response Act has the right to refuse medical treatment, testing, physical or mental examination, vaccination, specimen collections and preventive treatment programs. A person who has been directed by the secretary of health to submit to medical procedures and protocols because the person is infected with, reasonably believed to be infected with, or exposed to a threatening communicable disease and who refuses to submit to the procedures and protocols may be subject to continued isolation or quarantine pursuant to the provisions of the Public Health Emergency Response Act.

D. A person not authorized by the secretary of public safety, the secretary of health or the director shall not enter an isolation or quarantine area. If, by reason of an unauthorized entry into an isolation or quarantine area, a person poses a danger to public health, the person may be subject to isolation or quarantine pursuant to the provisions of the Public Health Emergency Response Act.

E. A household or family member of a person isolated or quarantined has a right to choose to enter an isolation or quarantine area. The secretary of public safety, the secretary of health or the director shall permit the household or family member entry into the isolation or quarantine area if the household or family member signs a consent form stating that the member has been informed of the potential health risks, isolation and quarantine guidelines and the consequences of entering the area. The household or family member shall not hold the state of New Mexico responsible for any consequences by reason of entry into the isolation or quarantine area. A household or family member who enters the area, at the discretion of the public health official, may be subject to isolation or quarantine pursuant to the provisions of the Public Health Emergency Response Act."

Section 9. A new section of Chapter 12, Article 10 NMSA 1978 is enacted to read:

"TEMPORARY HOLD UPON SECRETARY'S ORDER.--

A. If the secretary of health makes a finding that a delay in isolating or quarantining a person will significantly jeopardize the secretary's ability to prevent or limit the transmission of a threatening communicable disease, then the secretary of health may, by public health order, isolate or quarantine a person without first obtaining a written, ex parte order from a court.

B. Following the imposition of isolation or quarantine pursuant to Subsection A of this section, the secretary of health, within twenty-four hours of the imposition, shall apply for an ex parte order that authorizes the isolation or quarantine and shall follow the procedures and meet the standards set forth in Sections 7, 8 and 10 of the Public Health Emergency Response Act.

C. In a subsequent application to a court, the secretary of health shall present facts in support of the need to issue a temporary hold before obtaining the ex parte order from the court that authorizes the isolation or quarantine."

Section 10. A new section of Chapter 12, Article 10 NMSA 1978 is enacted to read:

"COURT HEARING TO CONTEST ISOLATION OR QUARANTINE.--

A. A person who is isolated or quarantined under a temporary hold, ex parte order or court order may petition the court to contest the temporary hold, ex parte order or court order at any time prior to the expiration of the temporary hold, ex parte order or court order. If a petition is filed, the court shall hold a hearing within three business days after the date of the filing. The filing of a petition for a hearing does not stay an order of isolation or quarantine. At the hearing, the secretary of health shall offer clear and convincing evidence that the isolation or quarantine is warranted to respond to a public health emergency.

B. If the secretary of health wishes to extend an order for isolation or quarantine past the period of time stated in the temporary hold, ex parte order or court order, the secretary of health shall petition the court for an extension. Notice of the hearing shall be served to every person who is isolated or quarantined at least three days prior to the hearing. If it is not feasible to provide individual notice to every person isolated or quarantined, a copy of the notice shall be posted in a public and accessible place, using the best means available to ensure that every person subject to the order is informed of the order and their rights.

C. The hearing notice shall contain:

- (1) the date, time and place of the hearing;
- (2) the grounds upon which continued isolation or quarantine is sought;
- (3) the person's right to appear at the hearing; and
- (4) the person's right to counsel, including the right, if indigent, to be represented by counsel designated by the court.

D. The court may order an extension of the isolation or quarantine if it finds, by clear and convincing evidence, that there is an imminent health threat to others if the isolation or quarantine is terminated.

E. In no case shall the isolation or quarantine continue longer than thirty days from the date of a court order, unless the secretary of health petitions the court for an extension pursuant to the standards and procedures set forth in this section.

F. Upon notice to a court by the secretary of health that the conditions warranting isolation or quarantine no longer exist, the court shall issue an order terminating the isolation or quarantine."

Section 11. A new section of Chapter 12, Article 10 NMSA 1978 is enacted to read:

"HEARING ON CONDITIONS OF ISOLATION AND QUARANTINE.--

A. A person who is isolated or quarantined may request a hearing in court, as provided in Section 10 of the Public Health Emergency Response Act, for remedies regarding treatment or the terms and condition of the isolation or quarantine.

B. Upon receiving a request for a hearing pursuant to this section, the court shall fix a date for a hearing within seven days of the court's receipt of the request.

C. A request for a hearing does not alter an order for isolation or quarantine. If the court finds that the isolation or quarantine of a person is not in compliance with the provisions of the Public Health Emergency Response Act, the court may fashion remedies appropriate to the circumstances of the public health emergency."

Section 12. A new section of Chapter 12, Article 10 NMSA 1978 is enacted to read:

"MEDICAL EXAMINATION AND TESTING.--

A. During a state of public health emergency, medical examinations or tests may be performed by a qualified person authorized by the secretary of health to provide medical examinations or tests.

B. The secretary of health may isolate or quarantine a person whose refusal of medical examination or testing results in uncertainty regarding whether the person has been exposed to or is infected with a threatening communicable disease or otherwise reasonably poses a danger to public health."

Section 13. A new section of Chapter 12, Article 10 NMSA 1978 is enacted to read:

"VACCINATION AND TREATMENT.--

C. A qualified person authorized by the secretary of health may vaccinate a minor less than eighteen years of age, unless the minor or his duly authorized representative presents a certificate issued by a duly licensed physician that states that the minor's physical condition is such that the vaccination would seriously endanger his life or health.

D. During a state of public health emergency, in order to provide treatment to a person who is exposed to or infected with a threatening communicable disease:

(1) treatment may be administered by a public health official;

(2) treatment shall be approved pursuant to appropriate regulations promulgated by the federal food and drug administration; and

(3) the secretary of health may isolate or quarantine a person who is unable or unwilling, for reasons of health, religion or conscience, to undergo treatment pursuant to the standards and procedures set forth in the Public Health Emergency Response Act."

The amount of compensation due shall be calculated in the same manner as compensation due for taking of property

pursuant to nonemergency eminent domain procedures, as provided by the Eminent Domain Code; provided that the amount of compensation calculated shall include lost revenues and expenses incurred due to the taking or appropriating of property, including a health facility.

B. The attorney general shall make a preliminary determination of whether or not compensation is due to an owner of health care supplies, a health facility or any other property. The owner may appeal the preliminary determination pursuant to rules promulgated by the attorney general. The rules shall include the owner's right to speak at the appeal and the owner's right to present facts pertinent to the appeal to a hearing officer appointed by the attorney general. A record shall be made of the hearing. The hearing officer shall preside over and take evidence at a hearing held pursuant to this section. The hearing officer shall prepare and submit to the attorney general a summary of the evidence taken at the hearing. The hearing officer shall also submit proposed findings of fact to the attorney general. The attorney general shall render a decision that sets forth the amount of compensation, if any, due to the owner. The attorney general's decision shall include findings of fact and conclusions of law.

C. A decision made by the attorney general pursuant to this section shall be subject to an appeal to the district court, pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

J. "minimum amount" means an amount equal to thirty-five thousand dollars (\$35,000)."

Section 3. Section 3-37A-3 NMSA 1978 (being Laws 1979, Chapter 284, Section 3, as amended) is amended to read:

"3-37A-3. SMALL CITIES ASSISTANCE FUND--DISTRIBUTION.--

A. The "small cities assistance fund" is created within the state treasury.

B. On or before January 31, 2004 and on or before January 31 of each subsequent year, the local government division of the department of finance and administration shall certify to the taxation and revenue department the population of each municipality in the state.

C. On or before the last day of February of 2004 and of each subsequent year, the taxation and revenue department shall compute the amount to be distributed to each qualifying municipality as follows; provided that the maximum amount to be distributed to a qualifying municipality shall not exceed fifty-six thousand dollars (\$56,000).

(1) The department first shall compute a distribution share for each qualifying municipality. The distribution share shall be an amount equal to the product of the qualifying municipality's population multiplied by the difference between the statewide per capita average and the municipal per capita average less the local tax effort of the qualifying municipality.

The target amount is to be increased again by dividing the recomputed fund balance by the number of qualifying municipalities not yet provided for. Successive iterations of the process to increase the target amount shall occur until no remaining municipality's distribution share is less than the increased target amount.

D. The state treasurer shall distribute from the small cities assistance fund on or before March 1, 2004 and March 1 of each subsequent year to each qualifying municipality the amount certified by the taxation and revenue department for each qualifying municipality for the year.

A. Except for road and highway construction or reconstruction projects, a design and build project delivery system may be authorized when the state purchasing agent or a central purchasing office makes a determination in writing that it is appropriate and in the best interest of the state or local public body to use the system on a specific project with a maximum allowable construction cost of more than ten million dollars (\$10,000,000). The determination shall be issued only after the state purchasing or central purchasing office has taken into consideration the following criteria, which shall be used as the minimum basis in determining when to use the design and build process:

(1) the extent to which the project requirements have been or can be adequately defined;

(2) time constraints for delivery of the project;

(3) the capability and experience of potential teams with the design and build process;

(4) the suitability of the project for use of the design and build process as concerns time, schedule, costs and quality; and

(5) the capability of the using agency to manage the project, including experienced personnel or outside consultants, and to oversee the project with persons who are familiar with the design and build process.

(2) during phase two, the short-listed firms shall be invited to submit detailed specific technical concepts or solutions, costs and scheduling. Unsuccessful firms may be paid a stipend to cover proposal expenses. After evaluation of these submissions, selection shall be made and the contract awarded to the highest ranked firm.

D. Except as provided in Subsections F and G of this section, to ensure fair, uniform, clear and effective procedures that will strive for the delivery of a quality project on time and within budget, the secretary, in conjunction with the appropriate and affected professional associations and contractors, shall promulgate rules applicable to all using agencies, which shall be followed by all using agencies when procuring a design and build project delivery system.

E. A state agency shall make the decision on a design and build project delivery system for a state public works project, and a local public body shall make that decision for a local public works project. A state agency shall not make the decision on a design and build project delivery system for a local public works project.

F. The requirements of Subsections C and D of this section and the minimum construction cost requirement of Subsection A of this section do not apply to a design and build project delivery system and the services procured for the project if:

C. A child adjudicated as a youthful offender who is violent toward staff or other residents in a detention facility may be transferred and detained, pending a court hearing, in a county jail. In the event that a child is detained in a jail, the director of the jail shall presume that the child is vulnerable to victimization by inmates within the adult population because of his age, and shall take measures to provide protection to the child. However, provision of protective measures shall not result in diminishing a child's civil rights to less than those existing for an incarcerated adult.

D. A child who has previously been incarcerated as an adult or a person older than eighteen years of age shall not be detained in a juvenile detention facility or a facility for the long-term care and rehabilitation of delinquent children, but may be detained in a county jail. In the event that a child is detained in a jail, the director of the jail shall presume that the child is vulnerable to victimization by inmates within the adult population because of his age, and shall take measures to provide protection to the child. (1) a detention facility, licensed by the department, for children alleged to be delinquent children;

(3) a county jail, if a facility in Paragraph (1) or (2) of this subsection is not appropriate. In the event that a child is detained in a jail, the director of the jail shall presume that the child is vulnerable to victimization by inmates within the adult population because of his age and shall take measures to provide protection to the child. "32A-2-13. DETENTION HEARING REQUIRED ON DETAINED CHILDREN--PROBABLE CAUSE DETERMINATION--COURT DETERMINATION--DISPOSITION.--

A. When a child who has been taken into custody is not released but is detained:

(1) a judicial determination of probable cause shall be made by a judge or special master or magistrate within forty-eight hours, including Saturdays, Sundays and legal holidays, except for children taken into custody under an arrest warrant pursuant to the Children's Court Rules. A statement by a law enforcement officer, which shall include the charges, may be the basis of a probable cause determination. The probable cause determination shall be nonadversarial, may be held in the absence of the child and counsel and may be conducted by telephone. If the court finds no probable cause to believe the child committed an offense, the child shall be released;

(2) a petition shall be filed within twenty-four hours from the time the child is taken into custody, excluding Saturdays, Sundays and legal holidays, and if not filed within the stated time, the child shall be released; and

(3) a detention hearing shall be held within twenty-four hours, excluding Saturdays, Sundays and legal holidays, from the time of filing the petition to

determine whether continued detention is required pursuant to the criteria established by the Children's Code.

B. The judge may appoint one or more persons to serve as special master on a full- or part-time basis for the purpose of holding detention hearings. A juvenile probation and parole officer shall not be appointed as a special master. The judge shall approve all contracts with special masters and shall fix their hourly compensation, subject to the approval of the director of the administrative office of the courts.

C. Notice of the detention hearing, either oral or written, stating the time, place and purpose of the hearing shall be given by the person designated by the court to the child's parents, guardian or custodian, if they can be found, and to the child. The department shall be provided with reasonable oral or written notification and an opportunity to be heard. At any hearing held pursuant to this subsection, the department may appear as a party.

D. At the commencement of the detention hearing, the judge or special master shall advise the parties of their basic rights provided in the Children's Code and shall appoint counsel, guardians and custodians, if appropriate.

E. If the judge or special master finds that the child's detention is appropriate under the criteria established by the Children's Code, the judge or special master shall order detention in an appropriate facility in accordance with the Children's Code.

F. If the judge or special master finds that detention of the child is not appropriate under the criteria established by the Children's Code, the judge or special master shall order the release of the child, but, in so doing, may order one or more of the following conditions to meet the individual needs of the child:

(1) place the child in the custody of a parent, guardian or custodian or under the supervision of an agency agreeing to supervise the child;

(2) place restrictions on the child's travel, association with other persons or place of abode during the period of the child's release; or

(3) impose any other condition deemed reasonably necessary and consistent with the criteria for detaining children established by the Children's Code, including a condition requiring that the child return to custody as required.

G. An order releasing a child on any conditions specified in this section may at any time be amended to impose additional or different conditions of release or to return the child to custody or detention for failure to conform to the conditions originally imposed.

H. At the detention hearing, all relevant and material evidence helpful in determining the need for detention may be admitted by the judge or special master even though it would not be admissible in a hearing on the petition.

I. If the child is not released at the detention hearing and a parent, guardian or custodian was not notified of the hearing and did not appear or waive appearance at the detention hearing, the judge or special master shall rehear the detention matter without unnecessary delay upon the filing of an affidavit stating the facts and a motion for rehearing.

J. If a child is not released at the detention hearing, the child's detention may be subsequently reviewed by the court or the court may review the child's detention in conjunction with a pretrial conference.

K. If a child is not placed within ten days after a disposition hearing, the child may be released and placed under appropriate supervision, so long as the child does not pose a flight risk or substantial risk of harm to himself or others."

Section 9. Section 32A-2-14 NMSA 1978 (being Laws 1993, Chapter 77, Section 43) is amended to read:

"32A-2-14. BASIC RIGHTS.--

A. A child subject to the provisions of the Delinquency Act is entitled to the same basic rights as an adult, except as otherwise provided in the Children's Code.

B. If after due notice to the parent, guardian or custodian and after a hearing determining indigency, the parent, guardian or custodian is declared indigent by the court, the public defender shall represent the child. If the court finds that the parent, guardian or custodian is financially able to pay for an attorney but is unwilling to do so, the court shall order the parent, guardian or custodian to reimburse the state for public defender representation.

C. No person subject to the provisions of the Delinquency Act who is alleged or suspected of being a delinquent child shall be interrogated or questioned without first advising the child of the child's constitutional rights and securing a knowing, intelligent and voluntary waiver.

D. Before any statement or confession may be introduced at a trial or hearing when a child is alleged to be a delinquent child, the state shall prove that the statement or confession offered in evidence was elicited only after a knowing, intelligent and voluntary waiver of the child's constitutional rights was obtained.

E. In determining whether the child knowingly, intelligently and voluntarily waived the child's rights, the court shall consider the following factors:

- (1) the age and education of the respondent;
- (2) whether the respondent is in custody;
- (3) the manner in which the respondent was advised of his rights;
- (4) the length of questioning and circumstances under which the respondent was questioned;
- (5) the condition of the quarters where the respondent was being kept at the time he was questioned;
- (6) the time of day and the treatment of the respondent at the time that he was questioned;
- (7) the mental and physical condition of the respondent at the time that he was questioned; and
- (8) whether the respondent had the counsel of an attorney, friends or relatives at the time of being questioned.

F. Notwithstanding any other provision to the contrary, no confessions, statements or admissions may be introduced against a child under the age of thirteen years on the allegations of the petition. There is a rebuttable presumption that any confessions, statements or admissions made by a child thirteen or fourteen years old to a person in a position of authority are inadmissible.

G. An extrajudicial admission or confession made by the child out of court is insufficient to support a finding that the child committed the delinquent acts alleged in the petition unless it is corroborated by other evidence.

H. The child and the parent, guardian or custodian of the child shall be advised by the court or its representative that the child shall be represented by counsel at all stages of the proceedings on a delinquency petition. If counsel is not retained for the child or if it does not appear that counsel will be retained, counsel shall be appointed for the child.

I. A child under the age of thirteen alleged or adjudicated to be a delinquent child shall not be fingerprinted or photographed for identification purposes without obtaining a court order.

J. The court, at any stage of the proceeding on a petition under the Children's Code, may appoint a guardian ad litem for a child who is a party if the child has no parent, guardian or custodian appearing on behalf of the child or if the parent's, guardian's or custodian's interests conflict with those of the child. A party to the

proceeding or an employee or representative of a party shall not be appointed as guardian ad litem.

K. The court shall appoint a guardian for a child if the court determines that the child does not have a parent or a legally appointed guardian in a position to exercise effective guardianship. No officer or employee of an agency that is vested with the legal custody of the child shall be appointed guardian of the child except when parental rights have been terminated and the agency is authorized to place the child for adoption.

L. A person afforded rights under the Delinquency Act shall be advised of those rights at that person's first appearance before the court on a petition under that act.

M. A serious youthful offender who is detained prior to trial in an adult facility has a right to bail as provided under SCRA 1986, Rule 5-401. A child held in a juvenile facility designated as a place of detention prior to adjudication does not have a right to bail but may be released pursuant to the provisions of the Delinquency Act.

N. The provisions of the Delinquency Act shall not be interpreted to limit the right of a child to petition a court for a writ of habeas corpus."

Section 10. Section 32A-2-19 NMSA 1978 (being Laws 1993, Chapter 77, Section 48, as amended) is amended to read:

"32A-2-19. DISPOSITION OF AN ADJUDICATED DELINQUENT OFFENDER.--

A. At the conclusion of the dispositional hearing, the court may make and include in the dispositional judgment its findings on the following:

(1) the interaction and interrelationship of the child with the child's parents, siblings and any other person who may significantly affect the child's best interests;

(2) the child's adjustment to his home, school and community;

(3) the mental and physical health of all individuals involved;

(4) the wishes of the child as to his custodian;

(5) the wishes of the child's parents as to the child's custody;

(6) whether there exists a relative of the child or other individual who, after study by the department, is found to be qualified to receive and care for the child;

(7) the availability of services recommended in the predisposition report; and

(8) the ability of the parents to care for the child in the home.

B. If a child is found to be delinquent, the court may impose a fine not to exceed the fine that could be imposed if the child were an adult and may enter its judgment making any of the following dispositions for the supervision, care and rehabilitation of the child:

(1) any disposition that is authorized for the disposition of a neglected or abused child, in accordance with the Abuse and Neglect Act;

(2) transfer legal custody to the department, an agency responsible for the care and rehabilitation of delinquent children, which shall receive the child at a facility designated by the secretary of the department as a juvenile reception facility. The department shall thereafter determine the appropriate placement, supervision and rehabilitation program for the child. The judge may include recommendations for placement of the child. Commitments are subject to limitations and modifications set forth in Section 32A-2-23 NMSA 1978. The types of commitments include:

(a) a short-term commitment of one year, followed by a period of parole for ninety days;

(b) a long-term commitment for no more than two years in a long-term facility for the care and rehabilitation of adjudicated delinquent children;

(c) if the child is a delinquent offender who committed one of the criminal offenses set forth in Subsection I of Section 32A-2-3 NMSA 1978, a commitment to age twenty-one, unless sooner discharged; or

(d) if the child is a youthful offender, a commitment to age twenty-one, unless sooner discharged;

(3) place the child on probation under those conditions and limitations as the court may prescribe;

(4) place the child in a local detention facility that has been certified in accordance with the provisions of Section 32A-2-4 NMSA 1978 for a period not to exceed fifteen days within a three hundred sixty-five day time period;

(5) if a child is found to be delinquent solely on the basis of Paragraph (3) of Subsection A of Section 32A-2-3 NMSA 1978, the court shall only enter a judgment placing the child on probation or ordering restitution or imposing a fine not to exceed the fine that could be imposed if the child were an adult or any combination of these dispositions; or

(6) if a child is found to be delinquent solely on the basis of Paragraph (2), (4) or (5) of Subsection A of Section 32A-2-3 NMSA 1978, the court may make any disposition provided by this section and may enter its judgment placing the child on probation and, as a condition of probation, transfer custody of the child to the department for a period not to exceed six months without further order of the court; provided that this transfer shall not be made unless the court first determines that the department is able to provide or contract for adequate and appropriate treatment for the child and that the treatment is likely to be beneficial.

C. When the child is an Indian child, the Indian child's cultural needs shall be considered in the dispositional judgment and reasonable access to cultural practices and traditional treatment shall be provided.

D. No child found to be delinquent shall be committed or transferred to a penal institution or other facility used for the execution of sentences of persons convicted of crimes.

E. Whenever the court vests legal custody in an agency, institution or department, it shall transmit with the dispositional judgment copies of the clinical reports, predisposition study and report and other information it has pertinent to the care and treatment of the child.

F. Prior to any child being placed in the custody of the department, the department shall be provided with reasonable oral or written notification and an opportunity to be heard.

G. In addition to any other disposition pursuant to this section or any other penalty provided by law, if a child fifteen years of age or older is adjudicated delinquent on the basis of Paragraph (2), (4) or (5) of Subsection A of Section 32A-2-3 NMSA 1978, the child's driving privileges may be denied or the child's driver's license may be revoked for a period of ninety days. For a second or a subsequent adjudication, the child's driving privileges may be denied or the child's driver's license revoked for a period of one year. Within twenty-four hours of the dispositional judgment, the court may send to the motor vehicle division of the taxation and revenue department the order adjudicating delinquency. Upon receipt of an order from the court adjudicating delinquency, the director of the motor vehicle division of the taxation and revenue department may revoke or deny the delinquent's driver's license or driving privileges. Nothing in this section may prohibit the delinquent from applying for a limited driving privilege pursuant to Section 66-5-35 NMSA 1978, and nothing in this section precludes the delinquent's participation in an appropriate educational, counseling or rehabilitation program.

H. In addition to any other disposition pursuant to this section or any other penalty provided by law, when a child is adjudicated delinquent on the basis of Paragraph (7) of Subsection A of Section 32A-2-3 NMSA 1978, the child shall perform the mandatory community service set forth in Section 30-15-1.1 NMSA 1978. When a

child fails to completely perform the mandatory community service, the name and address of the child's parent or legal guardian shall be published in a newspaper of general circulation, accompanied by a notice that he is the parent or legal guardian of a child adjudicated delinquent for committing graffiti."

Section 11. Section 32A-2-20 NMSA 1978 (being Laws 1993, Chapter 77, Section 49, as amended) is amended to read:

"32A-2-20. DISPOSITION OF A YOUTHFUL OFFENDER.--

A. The court has the discretion to invoke either an adult sentence or juvenile sanctions on a youthful offender. The children's court attorney shall file a notice of intent to invoke an adult sentence within ten working days of the filing of the petition, provided that the court may extend the time for filing of the notice of intent to invoke an adult sentence, for good cause shown, prior to the adjudicatory hearing. A preliminary hearing by the court or a hearing before a grand jury shall be held, within ten days after the filing of the intent to invoke an adult sentence, to determine whether probable cause exists to support the allegations contained in the petition.

B. If the children's court attorney has filed a notice of intent to invoke an adult sentence and the child is adjudicated as a youthful offender, the court shall make the following findings in order to invoke an adult sentence:

(1) the child is not amenable to treatment or rehabilitation as a child in available facilities; and

(2) the child is not eligible for commitment to an institution for the developmentally disabled or mentally disordered.

C. In making the findings set forth in Subsection B of this section, the judge shall consider the following factors:

(1) the seriousness of the alleged offense;

(2) whether the alleged offense was committed in an aggressive, violent, premeditated or willful manner;

(3) whether a firearm was used to commit the alleged offense;

(4) whether the alleged offense was against persons or against property, greater weight being given to offenses against persons, especially if personal injury resulted;

(5) the sophistication and maturity of the child as determined by consideration of the child's home, environmental situation, emotional attitude and pattern of living;

(6) the record and previous history of the child;

(7) the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the child by the use of procedures, services and facilities currently available; and

(8) any other relevant factor, provided that factor is stated on the record.

D. If a child has previously been sentenced as an adult pursuant to the provisions of this section, there shall be a rebuttable presumption that the child is not amenable to treatment or rehabilitation as a child in available facilities.

E. If the court invokes an adult sentence, the court may sentence the child to less than, but shall not exceed, the mandatory adult sentence. A youthful offender given an adult sentence shall be treated as an adult offender and shall be transferred to the legal custody of an agency responsible for incarceration of persons sentenced to adult sentences. This transfer terminates the jurisdiction of the court over the child with respect to the delinquent acts alleged in the petition.

F. If a juvenile disposition is appropriate, the court shall follow the provisions set forth in Section 32A-2-19 NMSA 1978. A youthful offender may be subject to extended commitment in the care of the department until the age of twenty-one, pursuant to the provisions of Section 32A-2-23 NMSA 1978.

G. A fourteen to eighteen year old child charged with first degree murder, but convicted of an offense less than first degree murder, is subject to the dispositions set forth in this section."

Section 12. Section 32A-2-23 NMSA 1978 (being Laws 1993, Chapter 77, Section 52, as amended) is amended to read:

"32A-2-23. LIMITATIONS ON DISPOSITIONAL JUDGMENTS--MODIFICATION--TERMINATION OR EXTENSION OF COURT ORDERS.--

A. A judgment transferring legal custody of an adjudicated delinquent child to an agency responsible for the care and rehabilitation of delinquent children divests the court of jurisdiction at the time of transfer of custody, unless the transfer of legal custody is for a commitment not exceeding fifteen days pursuant to the provisions of Section 32A-2-19 NMSA 1978, in which case the court retains jurisdiction, and:

(1) the juvenile parole board pursuant to the Juvenile Parole Board Act has the exclusive power to parole or release the child, subject to the provisions of Section 32A-7-8 NMSA 1978;

(2) the supervision of a child after release under Paragraph (1) of this subsection shall be conducted by the department;

(3) a child who completes a short-term commitment of one year, upon his release shall be placed on parole and supervised by the department for a period of ninety days; and

(4) the period of time a child absconds from parole or probation supervision shall toll all time limits for the requirement of filing a petition to revoke probation or parole and shall toll the computation of the period of probation or parole supervision pursuant to the provisions of the Delinquency Act.

B. A judgment of probation or protective supervision shall remain in force for an indeterminate period not to exceed the term of commitment from the date entered.

C. A child shall be released by an agency and probation or supervision shall be terminated by juvenile probation and parole services or the agency providing supervision when it appears that the purpose of the order has been achieved before the expiration of the period of the judgment. A release or termination and the reasons therefor shall be reported promptly to the court in writing by the releasing authority.

D. Prior to the expiration of a long-term commitment, as provided for in Section 32A-2-19 NMSA 1978, the court may extend the judgment for additional periods of one year until the child reaches the age of twenty-one if the court finds that the extension is necessary to safeguard the welfare of the child or the public interest.

E. Prior to the expiration of a judgment of probation, the court may extend the judgment for an additional period of one year until the child reaches the age of twenty-one if the court finds that the extension is necessary to protect the community or to safeguard the welfare of the child.

F. The court may dismiss a motion if it finds after preliminary investigation that the motion is without substance. If the court is of the opinion that the matter should be reviewed, it may, upon notice to all necessary parties, proceed to a hearing in the manner provided for hearings on petitions alleging delinquency. The court may terminate a judgment if it finds that the child is no longer in need of care, supervision or rehabilitation or it may enter a judgment extending or modifying the original judgment if it finds that action necessary to safeguard the child or the public interest.

G. A child may make a motion to modify a children's court or adult disposition within thirty days of the judge's decision. If the court is of the opinion that the matter should be reviewed, it may, upon notice to all necessary parties, proceed to a hearing in the manner provided for hearings on petitions alleging delinquency."

Section 13. Section 32A-2-26 NMSA 1978 (being Laws 1993, Chapter 77, Section 55) is amended to read:

"32A-2-26. SEALING OF RECORDS.--

A. On motion by or on behalf of a person who has been the subject of a delinquency petition or on the court's own motion, the court shall vacate its findings, orders and judgments on the petition and order the legal and social files and records of the court, probation services and any other agency in the case sealed. If requested in the motion, the court shall also order law enforcement files and records sealed. An order sealing records and files shall be entered if the court finds that:

(1) two years have elapsed since the final release of the person from legal custody and supervision or two years have elapsed since the entry of any other judgment not involving legal custody or supervision; and

(2) the person has not, within the two years immediately prior to filing the motion, been convicted of a felony or of a misdemeanor involving moral turpitude or been found delinquent by a court and no proceeding is pending seeking such a conviction or finding.

B. Reasonable notice of the motion shall be given to:

(2) the authority granting the release;

(3) the law enforcement officer, department and central depository having custody of the law enforcement files and records if those records are included in the motion; and

(4) any other agency having custody of records or files subject to the sealing order.

C. Upon the entry of the sealing order, the proceedings in the case shall be treated as if they never occurred and all index references shall be deleted. The court, law enforcement officers and departments and agencies shall reply, and the person may reply, to an inquiry that no record exists with respect to the person. Copies of the sealing order shall be sent to each agency or official named in the order.

D. Inspection of the files and records or the release of information in the records included in the sealing order may thereafter be permitted by the court only:

(1) upon motion by the person who is the subject of the records and only to those persons named in the motion; and

(2) in its discretion, in an individual case, to any clinic, hospital or agency that has the person under care or treatment or to other persons engaged in fact finding or research.

E. Any finding of delinquency or need of services or conviction of a crime subsequent to the sealing order may at the court's discretion be used by the court as a basis to set aside the sealing order.

F. A person who has been the subject of a petition filed pursuant to the provisions of the Delinquency Act shall be notified in writing by the juvenile probation and parole officer of the right to have records sealed at the expiration of the disposition.

G. A person who is not the subject of a delinquency petition or a person who is determined by the court not to be a delinquent offender shall have his files and records automatically sealed by the court.

H. If two years have elapsed since a person was released from legal custody and supervision and the department has not received any new allegations of delinquency regarding the person, that person's files and records shall be automatically sealed."

D. Only the children's court may incarcerate a child who has been found guilty of any Motor Vehicle Code or municipal traffic code violations."

Section 1. Section 22-11-17 NMSA 1978 (being Laws 1967, Chapter 16, Section 141, as amended) is amended to read:

"22-11-17. PROVISIONAL MEMBERSHIP.--

A. A provisional member shall be covered by the provisions of the Educational Retirement Act but shall have the option to exempt himself from its coverage. A provisional member exempting himself from the provisions of the Educational Retirement Act shall not be entitled to the benefits or coverage under any other state retirement program except as otherwise provided in this section. This section

shall not affect any rights a provisional member may have under the provisions of the federal Social Security Act. This option to exempt must be exercised within one year of employment according to the regulations adopted by the board. Any provisional member exempting himself pursuant to this section shall be entitled to a refund of any contributions made pursuant to the Educational Retirement Act prior to the exercise of the exemption.

B. A provisional member not exempt from the coverage of the Educational Retirement Act shall have the right to earned service-credit for periods of employment subsequent to July 1, 1957 and prior to July 1, 1961, provided that all contributions at the rates in effect during that period of employment are paid. If a provisional member chooses to make the contributions for that period, the local administrative unit employing a member during that period shall pay the employer's contribution at the rate in effect during that period of employment. Contributions prior to July 1, 1961 by both the provisional member and the local administrative unit shall bear interest at the rate of three percent a year from July 1, 1961 until paid.

C. A provisional member exempt from the coverage of the provisions of the Educational Retirement Act shall have the right to revoke the exemption at any time; however, within the first two weeks following the beginning of each school year, such provisional member shall be informed by the local administrative unit in writing of his right to revoke the exemption and shall sign a statement to the effect that he does or does not wish to revoke the exemption. A copy of such statement shall be kept in the personnel file of the provisional member.

D. A provisional member who revokes the exemption from coverage may, at any time before June 30, 2006, acquire earned service credit for periods of employment during which the exemption or exemptions were in force if both the member contributions and the local administrative unit contributions, at the rates in effect during the periods of employment and applied to the earnings of the member during those periods, are paid to the fund, together with interest at the actuarial rate set by the board. The contributions shall be paid in the following manner:

(1) both the member contributions and the local administrative unit contributions, together with interest, shall be paid by the member; or

(2) if the member tenders payment of the member contributions, with interest, the local administrative unit by whom the member was employed may, but shall not be obligated to, pay the local administrative unit contributions, with interest.

E. A provisional member employed by the board, the department of education, the New Mexico school for the deaf, the northern New Mexico state school, the New Mexico school for the visually handicapped, the New Mexico girls' school, the New Mexico boys' school or the Los Lunas medical center shall have the option of qualifying for coverage under either the Educational Retirement Act or the public employees retirement association of New Mexico. This option shall be exercised by

filing a written election with both the educational retirement director and the executive secretary of the public employees retirement association of New Mexico. Member contributions picked up under the provisions of this subsection shall be treated as local administrative unit contributions for purposes of determining income tax obligations under the Internal Revenue Code of 1986; however, such picked-up member contributions shall be included in the determination of the member's gross annual salary for all other purposes under federal and state laws. Member contributions picked up under this section shall continue to be designated member contributions for all purposes of the Educational Retirement Act and shall be considered as part of the member's annual salary for purposes of determining the amount of the member's contribution. The provisions of this section are voluntary, and the member shall have no option concerning the pick up to receive the contributed amounts directly instead of having them paid by the local administrative unit to the fund. The contribution may be paid through the local administrative unit's payroll deduction.

CHAPTER 235

CHAPTER 235, LAWS 2003

AN ACT

RELATING TO HEALTH; CREATING A HEALTH CARE PROVIDER LICENSING AND CREDENTIALING TASK FORCE UNDER THE NEW MEXICO HEALTH POLICY COMMISSION; PROVIDING FOR DUTIES AND MEMBERSHIP; PROVIDING FOR AN INFORMATION TECHNOLOGY PROJECT MANAGER; AUTHORIZING THE USE OF CERTAIN FUNDS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. TEMPORARY PROVISION--FINDINGS.--The legislature finds that licensed professionals in New Mexico, particularly those in the health care field, are severely burdened by multiple layers of mandatory credentialing obligations, costing them, their patients and third-party payers needless expense and wasted time. Further,

the legislature notes that New Mexico's health care licensure provisions may be contributing to harmful delays in access to health care throughout the state, particularly in areas with acute professional shortages. The legislature believes that efforts begun pursuant to House Joint Memorial 61 of the second session of the forty-fifth legislature and the continued cooperation among respective licensing boards, the regulation and licensing department, various statewide professional associations and societies, insurers and national accrediting and standard setting organizations will produce a system satisfactory to all concerned while maintaining the primary goal of ensuring the health and safety of New Mexico residents.

Section 2. TASK FORCE CREATED--RESPONSIBILITIES--PARTICIPANTS--FUNDING.--

A. The "health care providers licensing and credentialing task force" is created under the direction of the New Mexico health policy commission to study and make recommendations for the consolidation and simplification of the health care licensure processes. The task force shall make recommendations for the establishment of a web site portal for licensure to facilitate and complement or replace the present system conducted by individual health care provider boards and for a central database for credentialing information to simplify and eliminate duplication of effort.

B. The task force shall study and make recommendations to the superintendent of insurance on health care provider credentialing issues and obstacles to one-time efforts by providers to meet all necessary requirements to practice independently or as a provider for any appropriately licensed health care organization or facility. The task force shall study and recommend, if practicable, use of credentialing expertise developed by a statewide association of hospitals.

C. The task force shall include participation by the New Mexico health policy commission; the department of health; the New Mexico board of medical examiners; the board of nursing; other health care provider boards; the regulation and licensing department; the insurance division of the public regulation commission; the human services department; the office of the attorney general; other affected state agencies; members of the health care industry, including statewide associations and societies representing providers, hospitals and other affected facilities; insurers; and other third-party payers as well as health care advocates and members of the public.

D. The New Mexico health policy commission, together with the New Mexico board of medical examiners and the board of nursing, shall hire an information technology project manager to work under the commission to design, implement and

maintain a web site portal for licensure and a central database for credentialing of health care providers.

Section 3. SUPERINTENDENT OF INSURANCE--DUTIES.--The superintendent of insurance shall adopt rules pursuant to the health care providers licensing and credentialing task force recommendations to ensure that third-party payer credentialing requirements facilitate New Mexico providers' ability to satisfy all credentialing requirements, including those by a national committee on quality assurance, as efficiently as possible. Rules adopted shall require primary credential verification no more frequently than every three years and shall be scheduled to coincide with national accrediting organizations and hospital and managed care organizations' credentialing requirements.

Section 4. HUMAN SERVICES DEPARTMENT--MANAGED CARE CONTRACT CREDENTIALING PROVISIONS.--The human services department shall negotiate with medicaid contractors to ensure that the contractors' credentialing requirements are coordinated with other credentialing processes required of individual providers.

Section 5. A new Section 61-3-27.1 NMSA 1978 is enacted to read:

"61-3-27.1. BOARD OF NURSING FUND--AUTHORIZED USE.--Pursuant to Subsection D of Section 61-3-27 NMSA 1978, the board shall authorize expenditures from unexpended and unencumbered cash balances in the board of nursing fund to support an information technology project manager to develop, implement and maintain a web site portal for licensure and a central database for credentialing of health care providers."

Section 6. A new Section 61-6-31.1 NMSA 1978 is enacted to read:

"61-6-31.1. BOARD OF MEDICAL EXAMINERS FUND--AUTHORIZED USE.--Pursuant to Subsection D of Section 61-6-31 NMSA 1978, the board shall authorize expenditures from unexpended and unencumbered cash balances in the board of medical examiners fund to support an information technology project manager to develop, implement and maintain a web site portal for licensure and a central database for credentialing of health care providers."

RELATING TO STATE PLANNING; CREATING THE NEW MEXICO HORIZONS TASK FORCE; MAKING AN APPROPRIATION; DECLARING AN EMERGENCY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. LEGISLATIVE FINDINGS AND PURPOSE.--

A. The legislature finds that the growing complexity and interdependence of the modern world as demonstrated by, among other factors, the changing workforce education needs, global environmental change, the aging population, international trade, the ever-growing number of working poor and the demand for fundamental changes in the role of government require that government policymakers establish a long-range, strategic planning process to assist them in setting policy direction and goals for state and local governments.

B. The legislature also finds that alternative budgeting and evaluation processes may be used to ensure that the policies and goals established through the strategic planning process are implemented.

C. It is the purpose of this act to create a "New Mexico horizons task force" that shall recommend to the legislature and the governor a comprehensive strategic planning process for New Mexico, which shall involve all segments of New Mexico, including state, local and tribal governments and individuals from the private and public sectors from the different geographic areas of the state.

Section 2. NEW MEXICO HORIZONS TASK FORCE--CREATION--TERMINATION.--The "New Mexico horizons task force" is created. The task force shall function from the date of its appointment until December 31 prior to the first session of the forty-seventh legislature.

Section 3. MEMBERSHIP--APPOINTMENT--VACANCIES.--

(1) three members from the house of representatives appointed by the speaker of the house, of whom no more than two shall be from the same party;

(2) three members from the senate, appointed by the president pro tempore of the senate, of whom no more than two shall be from the same party;

(3) four members appointed by the governor from the executive branch; and

(4) eight members of the public, of whom two shall be appointed by the speaker of the house, two shall be appointed by the president pro tempore of the senate and four shall be appointed by the governor. The speaker of the house, the president pro tempore of the senate and the governor shall coordinate their appointments of public members to ensure that the different geographical areas of the state are represented, that the members reflect diverse expertise in the private and public sectors, including public and private finance, business, education, government and public planning and administration, and that no more than four shall be from the same party.

B. The speaker of the house, the president pro tempore of the senate, the governor and the chief justice of the supreme court shall serve as ex-officio members.

C. The governor, in consultation with the speaker of the house and the president pro tempore of the senate, shall appoint the chair of the task force.

D. The public members of the task force shall be paid per diem and mileage in accordance with the provisions of the Per Diem and Mileage Act.

Section 4. DUTIES.--After their appointment, members of the New Mexico horizons task force shall develop a work plan and budget for the ensuing interim. The work plan and budget shall be submitted to the New Mexico legislative council for approval. Upon approval of the work plan and budget by the legislative council, the task force shall:

A. in cooperation with the governor's office of policy and planning, study and review strategic planning processes in other states and determine the value such processes would have in New Mexico;

B. recommend to the legislature and the governor a comprehensive strategic planning process for New Mexico that represents citizens of the state from all sectors of the economy and from all geographic areas of the state in the goal setting for the state;

C. in coordination with the legislative finance committee, the legislative education study committee and the department of finance and administration, review and assess how performance-based budgeting and other budgeting processes can be

improved to better assist in the implementation of any strategic plan developed for the state; and

D. undertake other activities and make other recommendations related to strategic planning as deemed necessary by the New Mexico horizons task force.

Section 5. REPORT.--The New Mexico horizons task force shall make a report of its findings and recommendations for the consideration of the first session of the forty-seventh legislature. The report and suggested legislation shall be made available to the New Mexico legislative council and the governor on or before December 31 preceding that session.

Section 6. STAFF.--The staff for the New Mexico horizons task force shall be provided by the legislative council service, the legislative finance committee, the legislative education study committee, the governor's office and the department of finance and administration. Additionally, the legislative council service may contract at the direction of the task force for strategic planning assistance.

Section 7. APPROPRIATION.--One hundred thousand dollars (\$100,000) is appropriated from legislative cash balances to the legislative council service for expenditure in fiscal years 2003 through 2005 for the purpose of paying the salaries, contracts and expenses of the technical, legal and clerical assistants used in carrying out the provisions of this act and for reimbursing the per diem and mileage expenses of the New Mexico horizons task force and the tax study committee. Any unexpended or unencumbered balance remaining at the end of fiscal year 2005 shall revert to legislative cash balances. Payments from the appropriation shall be made by warrant issued by the department of finance and administration upon vouchers signed by the director of the legislative council service or the director's authorized representative.

(7) the availability of services recommended in the predisposition report; and

(8) the ability of the parents to care for the child in the home.

B. If a child is found to be delinquent, the court may impose a fine not to exceed the fine that could be imposed if the child were an adult and may enter its judgment making any of the following dispositions for the supervision, care and rehabilitation of the child:

(1) any disposition that is authorized for the disposition of a neglected or abused child, in accordance with the Abuse and Neglect Act;

(2) transfer legal custody to the department, an agency responsible for the care and rehabilitation of delinquent children, which shall receive the child at a facility designated by the secretary of the department as a juvenile reception facility. The department shall thereafter determine the appropriate placement, supervision and rehabilitation program for the child. The judge may include recommendations for placement of the child. Commitments are subject to limitations and modifications set forth in Section 32A-2-23 NMSA 1978. The types of commitments include:

(a) a short-term commitment of one year;

(b) a long-term commitment for no more than two years in a long-term facility for the care and rehabilitation of adjudicated delinquent children;

(6) if a child is found to be delinquent solely on the basis of Paragraph (2), (4) or (5) of Subsection A of Section 32A-2-3 NMSA 1978, the court may make any disposition provided by this section and may enter its judgment placing the child on probation and, as a condition of probation, transfer custody of the child to the department for a period not to exceed six months without further order of the court; provided that this transfer shall not be made unless the court first determines that the department is able to provide or contract for adequate and appropriate treatment for the child and that the treatment is likely to be beneficial.

C. When the child is an Indian child, the Indian child's cultural needs shall be considered in the dispositional judgment and reasonable access to cultural practices and traditional treatment shall be provided.

D. No child found to be delinquent shall be committed or transferred to a penal institution or other facility used for the execution of sentences of persons convicted of crimes.

E. Whenever the court vests legal custody in an agency, institution or department, it shall transmit with the dispositional judgment copies of the clinical reports, predisposition study and report and other information it has pertinent to the care and treatment of the child.

F. Prior to any child being placed in the custody of the department, the department shall be provided with reasonable oral or written notification and an opportunity to be heard.

G. revoked for a period of ninety days. For a second or a subsequent adjudication, the child's driving privileges may be denied or the child's driver's license revoked for a period of one year. Within twenty-four hours of the dispositional judgment, the court may send to the motor vehicle division of the taxation and revenue department the order adjudicating delinquency. Upon receipt of an order from the court adjudicating delinquency, the director of the motor vehicle division of the taxation and revenue department may revoke or deny the delinquent's driver's license or driving privileges. Nothing in this section may prohibit the delinquent from applying for a limited driving privilege pursuant to Section 66-5-35 NMSA 1978 or an ignition interlock license pursuant to the Ignition Interlock Licensing Act, and nothing in this section precludes the delinquent's participation in an appropriate educational, counseling or rehabilitation program.

H. When a child fails to completely perform the mandatory community service, the name and address of the child's parent or legal guardian shall be published in a newspaper of general circulation, accompanied by a notice that he is the parent or legal guardian of a child adjudicated delinquent for committing graffiti."

Section 6. Section 32A-2-22 NMSA 1978 (being Laws 1993, Chapter 77, Section 51, as amended) is amended to read:

"32A-2-22. CONTINUANCE UNDER SUPERVISION WITHOUT JUDGMENT--
CONSENT DECREE--DISPOSITION.--

A. At any time after the filing of a delinquency petition and before the entry of a judgment, the court may, on motion of the children's court attorney or that of counsel for the child, suspend the proceedings and continue the child under supervision in the child's own home under terms and conditions negotiated with probation services and agreed to by all the parties affected. The court's order continuing the child under supervision under this section shall be known as a "consent decree".

B. If the child objects to a consent decree, the court shall proceed to findings, adjudication and disposition of the case. If the child does not object but an objection is made by the children's court attorney after consultation with probation services, the court shall, after considering the objections and the reasons given, proceed to determine whether it is appropriate to enter a consent decree and may, in its discretion, enter the consent decree.

C. A consent decree shall remain in force for six months unless the child is discharged sooner by probation services. Prior to the expiration of the six-month period and upon the application of probation services or any other agency supervising the child under a consent decree, the court may extend the decree for an additional six months in

the absence of objection to extension by the child. If the child objects to the extension, the court shall hold a hearing and make a determination on the issue of extension.

D. If either prior to discharge by probation services or expiration of the consent decree the child allegedly fails to fulfill the terms of the decree, the children's court attorney may file a petition to revoke the consent decree. Proceedings on the petition shall be conducted in the same manner as proceedings on petitions to revoke probation. If the child is found to have violated the terms of the consent decree, the court may:

(1) extend the period of the consent decree; or

(2) make any other disposition that would have been appropriate in the original proceeding.

E. A child who is discharged by probation services or who completes a period under supervision without reinstatement of the original delinquency petition shall not again be proceeded against in any court for the same offense alleged in the petition or an offense based upon the same conduct and the original petition shall be dismissed with prejudice. Nothing in this subsection precludes a civil suit against the child for damages arising from the child's conduct.

F. A judge who pursuant to this section elicits or examines information or material about a child that would be inadmissible in a hearing on the allegations of the petition shall not, over the objection of the child, participate in any subsequent proceedings on the delinquency if:

(1) a consent decree is denied and the allegations in the petition remain to be decided in a hearing where the child denies the allegations; or

(2) a consent decree is granted but the delinquency petition is subsequently reinstated.

G. If a consent decree has been entered pursuant to the filing of a delinquency petition based on Paragraph (2), (4) or (5) of Subsection A of Section 32A-2-3 NMSA 1978 for a child who is fifteen years of age or older, a condition of the consent decree agreement may be the denial of the child's driving privileges or the revocation of the child's driver's license for a period of ninety days. For the second or subsequent adjudication, the child's driving privileges may be denied or the child's driver's license revoked for a period of one year. Within twenty-four hours of the entry by the court of a decree consenting to the revocation or denial of the child's driver's license or driving privileges, the court shall send the decree to the motor vehicle division of the taxation and revenue department. Upon receipt of the decree from the court consenting to the denial or revocation of the child's driving privileges or driver's license, the director of the motor vehicle division of the taxation and revenue department shall revoke or deny the delinquent child's driver's license or driving privileges. Nothing in this section

shall prohibit the delinquent child from applying for a limited driving privilege pursuant to Section 66-5-35 NMSA 1978 or an ignition interlock license pursuant to the Ignition Interlock Licensing Act, and nothing in this section precludes the delinquent child's participation in an appropriate educational, counseling or rehabilitation program.

H. The court shall not order more than one consent decree for a child within a two-year period."

Section 7. Section 66-5-5 NMSA 1978 (being Laws 1978, Chapter 35, Section 227, as amended) is amended to read:

"66-5-5. PERSONS NOT TO BE LICENSED.--The division shall not issue a driver's license under the Motor Vehicle Code to any person:

A. who is under the age of eighteen years, except the division may, in its discretion, issue:

D. Aggravated boating while under the influence of intoxicating liquor or drugs consists of a person who:

(2) has caused bodily injury to a human being as a result of the unlawful operation of a motorboat while under the influence of intoxicating liquor or drugs; or

(3) refused to submit to chemical testing, as provided for in the Boating While Intoxicated Act, and in the judgment of the court, based upon evidence of intoxication presented to the court, was under the influence of intoxicating liquor or drugs.

E. Every person under first conviction pursuant to this section shall be punished, notwithstanding the provisions of Section 31-18-13 NMSA 1978, by imprisonment for not more than ninety days or by a fine of not more than five hundred dollars (\$500), or both; provided that if the sentence is suspended in whole or in part or deferred, the period of probation may extend beyond ninety days but shall not exceed one year. The offender shall be ordered by the court to attend a boating safety course approved by the national association of state boating law administrators. An offender ordered by the court to attend a boating safety course shall provide the court with proof that the offender successfully completed the course within seven months of his conviction or prior to completion of his probation, whichever period of time is less. In addition to those penalties, when an offender commits aggravated boating while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to not less than forty-eight consecutive hours in jail and may be fined not more than seven hundred fifty dollars (\$750). disposition by plea of guilty to any other charge in satisfaction of the charge shall be authorized if the results of a test performed pursuant to that act disclose that the blood or breath of the person charged contains an alcohol concentration of eight one hundredths or more.

Section 5. MUNICIPAL AND COUNTY ORDINANCES--UNLAWFUL ALCOHOL CONCENTRATION LEVEL FOR BOATING WHILE UNDER THE INFLUENCE OF INTOXICATING LIQUOR OR DRUGS.--No municipal or county ordinance prohibiting the operation of a motorboat while under the influence of intoxicating liquor or drugs shall be enacted that provides for an unlawful alcohol concentration level that is different than the alcohol concentration levels provided in Section 3 of the Boating While Intoxicated Act.

Section 6. BLOOD-ALCOHOL TESTS--PERSONS QUALIFIED TO PERFORM TESTS--RELIEF FROM CIVIL AND CRIMINAL LIABILITY.-
-Only a physician, licensed professional or practical nurse or laboratory technician or technologist employed by a hospital or physician shall withdraw blood from a person in the performance of a blood-alcohol or drug test. A physician, nurse, technician or technologist who withdraws blood from a person in the performance of a blood-alcohol or drug test that has been directed by a law enforcement officer, or by a judicial or probation officer, shall not be held liable in a civil or criminal action for assault, battery, false imprisonment or any conduct of a law enforcement officer, except for negligence, nor shall a person assisting in the performance of the test, or a hospital wherein blood is withdrawn in the performance of the test, be subject to civil or criminal liability for assault, battery, false imprisonment or any conduct of a law enforcement officer, except for negligence.

Section 7. BLOOD-ALCOHOL TEST--LAW ENFORCEMENT, JUDICIAL OR PROBATION OFFICER UNAUTHORIZED TO MAKE ARREST OR DIRECT TEST EXCEPT IN PERFORMANCE OF OFFICIAL DUTIES AUTHORIZED BY LAW.--Nothing in the Boating While Intoxicated Act is intended to authorize a law enforcement officer, or a judicial or probation officer, to make an arrest or direct the performance of a blood-alcohol or drug test, except in the

performance of his official duties or as otherwise authorized by law.

Section 8. IMPLIED CONSENT TO SUBMIT TO CHEMICAL TEST.--

A. A person who operates a motorboat within this state shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to chemical tests of his blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purposes of determining the drug or alcohol content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was operating a motorboat while under the influence of an intoxicating liquor or drug.

B. The arrested person shall be advised by a law enforcement officer that failure to submit to a chemical test may be introduced into evidence in court and that the court, upon conviction, may impose increased penalties for the person's failure to submit to a chemical test.

C. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been operating a motorboat while under the influence of an intoxicating liquor or drug.

D. A person who operates a motorboat in this state and who is involved in a fatal boating incident shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to mandatory chemical tests of his blood or breath or both, as determined by a law enforcement officer and approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978.

Section 9. CONSENT OF PERSON INCAPABLE OF REFUSAL NOT WITHDRAWN.--A person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by the Boating While Intoxicated Act, and the test designated by the law enforcement officer may be administered.

Section 10. ADMINISTRATION OF CHEMICAL TEST--PAYMENT OF COSTS--ADDITIONAL TESTS.--

A. Only the persons authorized by the Boating While Intoxicated Act shall withdraw blood from a person for the purpose of determining its alcohol or drug content. This limitation does not apply to the taking of samples of breath.

B. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse or laboratory technician or technologist who is employed by a hospital or physician of his own choosing to perform a chemical test in addition to a test performed at the direction of a law enforcement officer.

C. Upon the request of the person tested, full information concerning the test performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

D. The agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

E. If a person exercises his right under Subsection B of this section to have a chemical test performed upon him by a person of his own choosing, the cost of that test shall be paid by the agency represented by the law enforcement officer at whose direction a chemical test was administered pursuant to Section 8 of the Boating While Intoxicated Act.

Section 11. USE OF TESTS IN CRIMINAL OR CIVIL ACTIONS-- LEVELS OF INTOXICATION--MANDATORY CHARGING.--

A. The results of a test performed pursuant to the Boating While Intoxicated Act may be introduced into evidence in a civil action or criminal action arising out of the acts alleged to have been committed by the person tested for operating a motorboat while under the influence of intoxicating liquor or drugs.

B. When the blood or breath of the person tested contains:

(1) an alcohol concentration of five one hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor; or

(2) an alcohol concentration of more than five one hundredths but less than eight one hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor. However, the amount of alcohol in the person's blood or breath may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor.

C. When the blood or breath of the person tested contains an alcohol concentration of eight one hundredths or more, the arresting officer shall charge him with a violation of Section 3 of the Boating While Intoxicated Act.

D. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

E. The alcohol concentration in a person's blood or breath shall be determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. In a prosecution pursuant to the provisions of the Boating While Intoxicated Act, it is a rebuttable presumption that a person is in violation of the provisions of that act if he has an alcohol concentration of eight one hundredths or more in his blood or breath as determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. If the chemical test is administered more than three hours after the alleged boating while under the influence of intoxicating liquor, the test result is admissible as evidence of the alcohol concentration in the person's blood or breath at the time of the alleged boating and the trier of fact shall determine what weight to give the test result.

F. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

G. If a person is convicted of operating a motorboat while under the influence of intoxicating liquor or drugs, the trial judge shall be required to inquire into past convictions of the person for operating a motorboat while under the influence of intoxicating liquor or drugs before sentence is entered in the matter.

Section 12. MOTORBOATS--INFLUENCE OF INTOXICATING LIQUOR OR DRUGS--FEE UPON CONVICTION.--

A. A person convicted of a violation of the Boating While Intoxicated Act shall be assessed by the court, in addition to any other fee or fine, a fee of sixty-five dollars (\$65.00) to defray the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

B. All fees collected pursuant to the provisions of this section shall be transmitted monthly to the crime laboratory fund. All balances in the crime laboratory fund collected pursuant to this section are appropriated to the administrative office of the courts for payment upon invoice to the scientific laboratory division of the department of health for the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

C. Payment of funds out of the crime laboratory fund of fees collected pursuant to this section shall be made upon vouchers issued and signed by the director of the administrative office of the courts upon warrants drawn by the department of finance and administration.

Section 13. EDUCATIONAL PROGRAM.--The state parks division of the energy, minerals and natural resources department shall develop and implement a program to advertise and further educate the boating public about the dangers of boating while under the influence of alcohol or drugs and the penalties associated with a conviction pursuant to the provisions of the Boating While Intoxicated Act.

Section 14. Section 24-1-22 NMSA 1978 (being Laws 1981, Chapter 165, Section 1) is amended to read:

"24-1-22. SCIENTIFIC LABORATORY DIVISION--TESTING METHODS--CERTIFICATION.--

A. The scientific laboratory division of the department of health is authorized to promulgate and approve satisfactory techniques or methods to test persons believed to be operating a motor vehicle or a motorboat under the influence of drugs or alcohol and to issue certification for test operators and their instructors that shall be subject to termination or revocation at the discretion of the scientific laboratory division. B. The scientific laboratory division shall establish criteria and specifications for equipment, training, quality control, testing methodology, blood-breath relationships and the certification of operators, instructors and collectors of breath samples.

C. All laboratories analyzing breath, blood or urine samples pursuant to the provisions of the Implied Consent Act and the Boating While Intoxicated Act shall be certified by the scientific laboratory division. The certification shall be granted in accordance with the rules and regulations of the scientific laboratory division and shall be subject to termination or revocation for cause."

Section 15. Section 66-12-11 NMSA 1978 (being Laws 1959, Chapter 338, Section 10, as amended) is amended to read:

"66-12-11. PROHIBITED OPERATION.--

Before their destruction, the municipal clerk shall count the numbers of late ballots from voters, federal voters and federal qualified electors and record the number from each category in the absentee ballot register.

C. After 5:00 p.m. and not later than 8:00 p.m. on the Thursday immediately preceding the date of the election, the municipal clerk shall record the numbers of the unused absentee ballots and shall publicly destroy in the municipal clerk's office all such unused ballots. "ABSENTEE BALLOT--CONDUCT OF ELECTION--WHEN NOT TIMELY RECEIVED--EMERGENCY PROCEDURE FOR VOTING AND COUNTING.--

A. A voter who has submitted an application for an absentee ballot that was accepted by the municipal clerk but who has not received the absentee ballot by mail as of the date of the election may present himself at his assigned polling place and, after executing an affidavit of non-receipt of absentee ballot, shall be issued an emergency paper ballot in lieu of an absentee ballot by the presiding judge, and shall be allowed to mark the ballot.

B. The voter shall place the completed emergency paper ballot issued in lieu of an absentee ballot in an official inner envelope, substantially in the form prescribed pursuant to Section 3-9-6 NMSA 1978, which shall be sealed by the voter. The official inner envelope shall then be placed by the voter, in the presence of the presiding judge, in an official outer envelope substantially as prescribed for a transmittal envelope or mailing envelope pursuant to Section 3-9-6 NMSA 1978. The presiding judge shall fill in the information on the back of the envelope that identifies the voter by name and signature roster number and contains the printed affidavit that the voter made application for an absentee ballot, which the voter believes to have been accepted by the municipal clerk, that the voter swears an absentee ballot had not been received as of the date of the election and that the voter was issued an emergency paper ballot in lieu of an absentee ballot, and that the ballot was marked by the voter and submitted to the presiding judge.

C. The presiding judge shall place all emergency paper ballots issued in lieu of absentee ballots in a special envelope provided for that purpose by the municipal

clerk, seal the envelope and return it to the municipal clerk along with the machine tally sheets after the closing of the polls. The sealed envelope shall not be placed in the locked ballot box.

D. The municipal clerk shall, upon receipt of the envelope containing emergency paper ballots in lieu of absentee ballots, and no later than forty-eight hours after the close of the polls for the election, remove the transmittal envelopes and without removing or opening the inner envelopes, determine:

(1) if the voter did in fact make application for an absentee ballot that was accepted by the municipal clerk;

(2) if an absentee ballot was mailed by the municipal clerk to the voter; and

(3) whether an absentee ballot was received by the municipal clerk from the voter by 7:00 p.m. on election day.

E. If the municipal clerk determines that the emergency paper ballot in lieu of absentee ballot is valid, that an absentee ballot was mailed to the voter and that no absentee ballot was received from the voter by the municipal clerk, the municipal clerk shall remove the inner envelope without opening it, retain the transmittal envelope with the other election returns and place the inner envelope, unopened, in a secure and locked container to be transmitted to the canvassing board to be tallied and included in the canvass of the election returns for the municipality.

F. If the municipal clerk determines that the emergency paper ballot in lieu of absentee ballot is not valid because the application for absentee ballot was rejected and no ballot was mailed to the voter, or that a ballot was received from the voter by the municipal clerk not later than 7:00 p.m. on election day, the municipal clerk shall write "rejected invalid ballot" on the front of the transmittal envelope and the transmittal envelope shall not be sent to the canvassing board for counting and tallying. The fund shall also consist of any other money appropriated, distributed or otherwise allocated to the fund for the purpose of this section.

C. The workers' compensation administration shall adopt rules for the assessment of the uninsured employers' fees. The rate shall be determined once before the end of each fiscal year by the workers' compensation administration so as to provide a sufficient income to meet payments from the fund for the next fiscal year; provided that for the first fiscal year the percentage shall be one-half percent. The uninsured employers' fees shall be collected and deposited to the credit of the uninsured employers' fund by the taxation and revenue department in the same manner as for the workers' compensation administration fund created pursuant to Section 52-5-19 NMSA 1978.

The superintendent of insurance shall examine and audit the fund pursuant to the provisions of Chapter 59A, Article 4 NMSA 1978.

E. The director may authorize payments to a person from the uninsured employers' fund if the injury or cause of incapacity occurs in New Mexico and would be compensable under the Workers' Compensation Act.

J. The uninsured employers' fund shall be considered a payor of last resort within the workers' compensation system. No other payor liable for payments under the Workers' Compensation Act shall have its liabilities affected or discharged by payments from the uninsured employers' fund. Any payments to workers paid by the uninsured employers' fund shall be subject to subrogation and apportionment to the same extent as payments to an injured worker from a third party tortfeasor.

K. In any claim against an employer by the uninsured employers' fund, or by or on behalf of the employee to whom or to whose dependents compensation and other benefits are paid or payable from the uninsured employers' fund, the burden of proof is on the employer or other party in interest objecting to the claim. The claim is presumed to be valid up to the full amount of workers' compensation benefits paid to the employee or the employee's dependents. This subsection applies whether the claim is filed in court or in an adjudicative proceeding under the authority of the workers' compensation administration.

In making lump-sum payments, the payment due the worker shall not be discounted at a rate greater than a sum equal to the present value of all future payments of compensation computed at a five-percent discount compounded annually.

C. After maximum medical improvement and with the approval of the workers' compensation judge, a worker may elect to receive a partial lump-sum payment of workers' compensation benefits for the sole purpose of paying debts that may have accumulated during the course of the injured or disabled worker's disability.

D. If an insurer pays a lump-sum payment to an injured or disabled worker without the approval of a workers' compensation judge and if at a later date benefits are due for the injured or disabled worker's claim, the insurer alone shall be liable for that claim and shall not in any manner, including rate determinations and the employer's experience modifier, pass on the cost of the benefits due to the employer.

E. If the compensation benefit to which a worker is entitled is less than fifty dollars (\$50.00) per week, any party may petition the workers' compensation judge to consolidate that payment into quarterly installments.

F. Periodic compensation payments under the Workers' Compensation Act or the New Mexico Occupational Disease Disablement Law for disability arising from primary mental impairments or secondary mental impairments shall be paid as incurred and shall not be included in any lump-sum payments."

CHAPTER 265

CHAPTER 265, LAWS 2003

AN ACT

RELATING TO WORKERS' COMPENSATION; AMENDING A CERTAIN DEFINITION; AMENDING THE RESIDUAL PHYSICAL CAPACITY TABLE; PROVIDING FOR INCREASES IN ATTORNEY FEES AND ADVANCED DISCOVERY COSTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 52-1-25 NMSA 1978 (being Laws 1987, Chapter 235, Section 11, as amended) is amended to read:

"52-1-25. PERMANENT TOTAL DISABILITY.--

A. As used in the Workers' Compensation Act, "permanent total disability" means:

(1) the permanent and total loss or loss of use of both hands or both arms or both feet or both legs or both eyes or any two of them; or

(2) a brain injury resulting from a single traumatic work-related injury that causes, exclusive of the contribution to the impairment rating arising from any other impairment to any other body part, or any preexisting impairments of any kind, a permanent impairment of thirty percent or more as determined by the current American medical association guide to the evaluation of permanent impairment.

B. In considering a claim for total disability, a workers' compensation judge shall not receive or consider the testimony of a vocational rehabilitation provider offered for the purpose of determining the existence or extent of disability."

Section 2. Section 52-1-26.4 NMSA 1978 (being Laws 1990 (2nd S.S.), Chapter 2, Section 15) is amended to read:

"52-1-26.4. PARTIAL DISABILITY DETERMINATION--PHYSICAL CAPACITY MODIFICATION.--

A. The range of the physical capacity modification is one to eight.

B. The award of points to a worker shall be based upon the difference between the physical capacity necessary to perform the worker's usual and customary work and the worker's residual physical capacity. The award of points shall be based upon the following table:

RESIDUAL PHYSICAL CAPACITY

S L M H

PRE-INJURY	S	1	1	1	1
PHYSICAL CAPACITY	L	3	1	1	1
(USUAL AND	M	5	3	1	1
CUSTOMARY WORK)	H	8	5	3	1.

C. For the purposes of this section:

(1) "H" or "heavy" means the ability to lift over fifty pounds occasionally or up to fifty pounds frequently;

(2) "M" or "medium" means the ability to lift up to fifty pounds occasionally or up to twenty-five pounds frequently;

(3) "L" or "light" means the ability to lift up to twenty pounds occasionally or up to ten pounds frequently. Even though the weight lifted may be only a negligible amount, a job is in this category when it requires walking or standing to a significant degree or when it involves sitting most of the time with a degree of pushing and pulling of arm or leg controls or both; and

(4) "S" or "sedentary" means the ability to lift up to ten pounds occasionally or up to five pounds frequently. Although a sedentary job is defined as one that involves sitting, a certain amount of walking and standing is often necessary in carrying out job duties. Jobs are sedentary if walking and standing are required only occasionally and other sedentary criteria are met.

D. The determination of a worker's residual physical capacity shall be made by a health care provider defined in Subsection C, E or G of Section 52-4-1 NMSA 1978. If the worker or employer disagrees on who shall make this determination, the dispute shall be resolved in accordance with the provisions set forth in Section 52-1-51 NMSA 1978."

Section 3. Section 52-1-54 NMSA 1978 (being Laws 1987, Chapter 235, Section 24, as amended) is amended to read:

"52-1-54. FEE RESTRICTIONS--APPOINTMENT OF ATTORNEYS BY THE DIRECTOR OR WORKERS' COMPENSATION JUDGE--DISCOVERY COSTS--OFFER OF JUDGMENT--PENALTY FOR VIOLATIONS.--

A. It is unlawful for any person to receive or agree to receive any fees or payment directly or indirectly in connection with any claim for compensation under the Workers' Compensation Act except as provided in this section.

B. In all cases where the jurisdiction of the workers' compensation administration is invoked to approve a settlement of a compensation claim under the Workers' Compensation Act, the director or workers' compensation judge, unless the claimant is represented by an attorney, may in his discretion appoint an attorney to aid the workers' compensation judge in determining whether the settlement should be approved and, in the event of an appointment, a reasonable fee for the services of the attorney shall be fixed by the workers' compensation judge, subject to the limitation of Subsection I of this section.

C. In all cases where the jurisdiction of the workers' compensation administration is invoked to approve a settlement of a compensation claim under the Workers' Compensation Act and the claimant is represented by an attorney, the total amount paid or to be paid by the employer in settlement of the claim shall be stated in the settlement papers. The workers' compensation judge shall determine and fix a reasonable fee for the claimant's attorney, taking into account any sum previously paid, and the fee fixed by the workers' compensation judge shall be the limit of the fee received or to be received by the attorney in connection with the claim, subject to the limitation of Subsection I of this section.

D. The cost of discovery shall be borne by the party who requests it. If, however, the claimant requests any discovery, the employer shall advance the cost of paying for discovery up to a limit of three thousand dollars (\$3,000). If the claimant substantially prevails on the claim, as determined by a workers' compensation judge, any discovery cost advanced by the employer shall be paid by that employer. If the claimant does not substantially prevail on the claim, as determined by a workers' compensation judge, the employer shall be reimbursed for discovery costs advanced according to a schedule for reimbursement approved by a workers' compensation judge.

E. In all cases where compensation to which any person is entitled under the provisions of the Workers' Compensation Act is refused and the claimant thereafter collects compensation through proceedings before the workers' compensation administration or courts in an amount in excess of the amount offered in writing by an employer five business days or more prior to the informal hearing before the administration, the compensation to be paid the attorney for the claimant shall be fixed by the workers' compensation judge hearing the claim or the courts upon appeal in the amount the workers' compensation judge or courts deem reasonable and proper, subject to the limitation of Subsection I of this section. In determining and fixing a reasonable fee, the workers' compensation judge or courts shall take into consideration:

(1) the sum, if any, offered by the employer:

(a) before the worker's attorney was employed;

(b) after the attorney's employment but before proceedings were commenced; and

(c) in writing five business days or more prior to the informal hearing;

(2) the present value of the award made in the worker's favor; and

(3) any failure of a party to participate in a good-faith manner in informal claim resolution methods adopted by the director.

F. After a recommended resolution has been issued and rejected, but more than ten days before a trial begins, the employer or claimant may serve upon the opposing party an offer to allow a compensation order to be taken against him for the money or property or to the effect specified in his offer, with costs then accrued, subject to the following:

(1) if, within ten days after the service of the offer, the opposing party serves written notice that the offer is accepted, either party may then file the offer and notice of acceptance together with proof of service thereof, and thereupon that compensation order may be entered as the workers' compensation judge may direct. An offer not accepted shall be deemed withdrawn, and evidence thereof is not admissible except in a proceeding to determine costs. If the compensation order finally obtained by the party is not more favorable than the offer, that party shall pay the costs incurred by the opposing party after the making of the offer. The fact that an offer has been made but not accepted does not preclude a subsequent offer;

(2) when the liability of one party to another has been determined by a compensation order, but the amount or extent of the liability remains to be determined by further proceedings, the party adjudged liable may make an offer, which shall have the same effect as an offer made before trial if it is served within a reasonable time not less than ten days prior to the commencement of hearings to determine the amount or extent of liability;

(3) if the employer's offer was greater than the amount awarded by the compensation order, the employer shall not be liable for his fifty percent share of the attorney fees to be paid the worker's attorney and the worker shall pay one hundred percent of the attorney fees due to the worker's attorney; and

(4) if the worker's offer was less than the amount awarded by the compensation order, the employer shall pay one hundred percent of the attorney fees to be paid the worker's attorney, and the worker shall be relieved from any responsibility for paying any portion of the worker's attorney fees.

G. In all actions arising under the provisions of Section 52-1-56 NMSA 1978 where the jurisdiction of the workers' compensation administration is invoked to determine the question whether the claimant's disability has increased or diminished and the claimant is represented by an attorney, the workers' compensation judge or courts upon appeal shall determine and fix a reasonable fee for the services of the

claimant's attorney only if the claimant is successful in establishing that his disability has increased or if the employer is unsuccessful in establishing that the claimant's disability has diminished. The fee when fixed by the workers' compensation judge or courts upon appeal shall be the limit of the fee received or to be received by the attorney for services in the action, subject to the limitation of Subsection I of this section.

H. In determining reasonable attorney fees for a claimant, the workers' compensation judge shall consider only those benefits to the worker that the attorney is responsible for securing. The value of future medical benefits shall not be considered in determining attorney fees.

I. Attorney fees, including, but not limited to, the costs of paralegal services, legal clerk services and any other related legal services costs on behalf of a claimant or an employer for a single accidental injury claim, including representation before the workers' compensation administration and the courts on appeal, shall not exceed sixteen thousand five hundred dollars (\$16,500). This limitation applies whether the claimant or employer has one or more attorneys representing him and applies as a cumulative limitation on compensation for all legal services rendered in all proceedings and other matters directly related to a single accidental injury to a claimant. The workers' compensation judge may exceed the maximum amount stated in this subsection in awarding a reasonable attorney fee if he finds that a claimant, an insurer or an employer acted in bad faith with regard to handling the injured worker's claim and the injured worker or employer has suffered economic loss as a result. However, in no case shall this additional amount exceed two thousand five hundred dollars (\$2,500). As used in this subsection, "bad faith" means conduct by the claimant, insurer or employer in the handling of a claim that amounts to fraud, malice, oppression or willful, wanton or reckless disregard of the rights of the worker or employer. Any determination of bad faith shall be made by the workers' compensation judge through a separate fact-finding proceeding.

J. Except as provided for in Paragraphs (3) and (4) of Subsection F of this section, the payment of a claimant's attorney fees determined under this section shall be shared equally by the worker and the employer.

K. It is unlawful for any person except a licensed attorney to receive or agree to receive any fee or payment for legal services in connection with any claim for compensation under the Workers' Compensation Act.

L. Nothing in this section applies to agents, excluding attorneys, representing employers, insurance carriers or the subsequent injury fund in any matter arising from a claim under the Workers' Compensation Act.

M. No attorney fees shall be paid until the claim has been settled or adjudged.

N. Every person violating the provisions of this section is guilty of a misdemeanor and upon conviction shall be fined not less than fifty dollars (\$50.00) or more than five hundred dollars (\$500), to which may be added imprisonment in the county jail for a term not exceeding ninety days.

O. Nothing in this section shall restrict a claimant from being represented before the workers' compensation administration by a nonattorney as long as that nonattorney receives no compensation for that representation from the claimant."

Section 4. APPLICABILITY.--The provisions of this act are effective for all injuries in which the worker reaches maximum medical improvement on or after July 1, 2003.

C. After a licensed optometrist releases the patient from immediate follow-up care, the patient may request a replacement contact lens prescription from the licensed optometrist. The request shall be in writing and signed by the patient, and shall be retained in the patient's file for at least five years. If, after examination, the patient's prescription has not changed since the last examination and there are no ocular concerns, a licensed optometrist shall, upon request of the patient, provide the patient's replacement contact lens prescription to the patient without cost to the patient and without requiring the patient to purchase contact lenses.

D. In responding to a patient's request pursuant to Subsection C of this section, a licensed optometrist shall transmit the replacement contact lens prescription by mail, telephone, facsimile, e-mail or any other means of communication that will, under normal circumstances, result in the patient receiving the information within a reasonable time.

G. When a patient's prescription is dispensed by a person other than a licensed optometrist or a person associated directly or indirectly with the licensed optometrist, the licensed optometrist is not liable for any injury to or condition of a patient caused solely by the negligence of the dispenser.

H. A licensed optometrist who releases a replacement contact lens prescription to a patient may provide the patient with a written statement that wearing improperly fitted contact lenses may cause harm to the patient's eyes and that the patient should have an eye examination if there are any changes in the patient's vision, including pain or vision loss.

I. A licensed optometrist who fills or provides a contact lens prescription shall maintain a record of that prescription in accordance with rules promulgated by the board.

J. A person other than a licensed optometrist or physician who fills a contact lens prescription shall maintain a record of that prescription for five years.

L. A person who is not a licensed optometrist or a licensed physician shall not sell or dispense a contact lens to a resident of this state unless the person has at the time of sale or dispensing a copy of a valid, unexpired prescription or has obtained verification of a valid, unexpired prescription in accordance with Subsection M of this section.

M. A contact lens may not be sold, dispensed or distributed to a patient in this state by a seller of contact lenses unless one of the following has occurred:

(1) the patient has given or mailed the seller an original, valid, unexpired written contact lens prescription;

(2) the prescribing licensed optometrist has given, mailed or transmitted by facsimile transmission a copy of a valid, unexpired written contact lens prescription to a seller designated in writing by the patient to act on the patient's behalf; or

(3) the prescribing licensed optometrist has orally or in writing verified the valid, unexpired prescription to a seller designated by the patient to act on his behalf.

N. A verification shall not be provided pursuant to Paragraph (3) of Subsection M of this section unless the patient has designated the contact lens seller to act on the patient's behalf. Verification by the prescribing licensed optometrist shall take place pursuant to the following procedure:

(1) a request for a verification shall be made by the seller to the prescribing licensed optometrist by facsimile, mail or telephone;

(2) if received between 9:00 a.m. and 5:00 p.m. on a working day, the prescribing licensed optometrist shall provide verification to the seller within three working days of receipt;

(3) if not received between 9:00 a.m. and 5:00 p.m. on a working day, the prescribing licensed optometrist shall provide verification to the seller within three working days after 9:00 a.m. of the next working day following receipt;

(4) in any case where the existence of a valid designation by the patient of a seller to act on the patient's behalf is in question, the prescriber shall promptly contact the patient to determine if a designation is in effect. Under no circumstances shall a non-response to a verification request be deemed to authorize, validate or confirm any prescription; and

(5) as used in this subsection, "working day" means any Saturday or Sunday that the office of the prescribing licensed optometrist is open and Monday through Friday but does not include a holiday.

O. A person who knowingly violates the provisions of Subsection L of this section is guilty of a fourth degree felony and shall be sentenced pursuant to Section 31-18-15 NMSA 1978.

P. A person who is not a licensed optometrist or a licensed physician shall not sell or dispense a contact lens to a resident of this state unless he is registered with the board of pharmacy as a seller or dispenser of contact lenses; provided that pharmacies, clinics and hospitals licensed by the board of pharmacy shall be exempt from this requirement. The board of pharmacy shall promulgate rules to establish the application procedures for obtaining registration and may include a requirement for payment of a fee by the applicant, but the amount of the fee shall not exceed the costs of implementing the registration requirement. The board of pharmacy shall maintain a current list of all registered sellers and dispensers of contact lenses. A person who is not registered pursuant to this subsection and knowingly sells or dispenses a contact lens to a resident of this state is guilty of a misdemeanor and shall be sentenced pursuant to Section 31-19-1 NMSA 1978."

"7-2-12.2. ESTIMATED TAX DUE--PAYMENT OF ESTIMATED TAX--
PENALTY.--

estimated tax at some point after March 31, he must make estimated tax payments as follows:

(1) if the taxpayer becomes required to pay estimated tax after March 31 and before June 1, fifty percent of the required annual payment must be paid on or before June 15, twenty-five percent on September 15 and twenty-five percent on or before January 15 of the following taxable year;

(3) if the taxpayer becomes required to pay estimated tax after August 31, the taxpayer must pay one hundred percent of the required annual payment on or before January 15 of the following taxable year.

D. Except as otherwise provided in this section, for taxpayers reporting on a calendar year basis, estimated payments of the required annual payment are due on or before April 15, June 15 and September 15 of the taxable year and January 15 of the following taxable year. No penalty under Subsection G of this section shall be imposed unless the rancher or farmer underpays his tax by more than one-third. F. For the purposes of this section, the amount of tax deducted and withheld with respect to a taxpayer under the Withholding Tax Act shall be deemed a payment of estimated tax. An equal part of the amount of withheld tax shall be deemed paid on each due date for the applicable taxable year unless the taxpayer establishes the dates on which all amounts were actually withheld. In that case, the amounts withheld shall be deemed payments of estimated tax on the dates on which the

amounts were actually withheld. The taxpayer may apply the provisions of this subsection separately to wage withholding and any other amounts withheld under the Withholding Tax Act.

G. Except as otherwise provided in this section, in the case of an underpayment of the required annual payment by a taxpayer, there shall be added to the tax a penalty determined by applying the rate specified in Subsection B of Section 7-1-67 NMSA 1978 to the amount of the underpayment for the period of the underpayment, provided:

(a) the fifteenth day of the fourth month following the close of the taxable year; or

(b) with respect to any portion of the underpayment, the date on which the portion was paid; and

(3) a payment of estimated tax shall be credited against unpaid or underpaid installments in the order in which the installments are required to be paid.

H. No penalty shall be imposed under Subsection G of this section for any taxable year if:

(1) the difference between the following is less than five hundred dollars (\$500):

(a) the tax shown on the return for the taxable year or, when no return is filed, the tax for the taxable year; and

(b) any amount withheld under the provisions of the Withholding Tax Act for that taxpayer for that taxable year;

(2) the individual's preceding taxable year was a taxable year of twelve months, the individual did not have a tax liability for the preceding taxable year and the individual was a resident of New Mexico for the entire taxable year;

(3) through either withholding or estimated tax payments, the individual paid the required annual payment as defined in Subsection B of this section; or

(4) the secretary determines that the underpayment was not due to fraud, negligence or disregard of rules and regulations.

I. If on or before January 31 of the following taxable year the taxpayer files a return for the taxable year and pays in full the amount computed on the return as payable, then no penalty under Subsection G of this section shall be imposed on an underpayment of the fourth required installment for the taxable year.

J. This section applies to taxable years of less than twelve months and to taxpayers reporting on a fiscal year other than a calendar year in the manner determined by regulation or instruction of the secretary.

K. Except as otherwise provided in Subsection L of this section, this section applies to any estate or trust.

L. This section does not apply to any trust that is subject to the tax imposed by Section 511 of the Internal Revenue Code or that is a private foundation. For a taxable year that ends before the date two years after the date of the decedent's death, this section does not apply to:

D. As used in the table in this subsection, "property tax liability" means the amount of property tax resulting from the imposition of the county and municipal property tax operating impositions on the net taxable value of the taxpayer's principal place of residence calculated for the year for which the rebate is claimed. The tax rebate provided in this section is as specified in the following table:

LOW-INCOME TAXPAYER'S PROPERTY TAX REBATE TABLE

Taxpayer's Modified Gross Income But Not		Property Tax Rebate
Over	Over

12,000	14,000	60% of property tax liability
14,000	16,000	55% of property tax liability
16,000	18,000	50% of property tax liability

20,000	22,000	40% of property tax liability
22,000	24,000	35% of property tax liability.

E. If a taxpayer's modified gross income is zero, the taxpayer may claim a tax rebate in the amount shown in the first row of the table. The tax rebate provided for in this section shall not exceed three hundred fifty dollars (\$350) per return and, if a return is filed separately that could have been filed jointly, the tax rebate shall not exceed one hundred seventy-five dollars (\$175). No tax rebate shall be allowed any taxpayer whose modified gross income exceeds twenty-four thousand dollars (\$24,000).

F. The tax rebate provided for in this section may be deducted from the taxpayer's New Mexico income tax liability for the taxable year. If the tax rebate exceeds the taxpayer's income tax liability, the excess shall be refunded to the taxpayer.

G. In January of every odd-numbered year in which a county does not have in effect an ordinance adopted pursuant to this subsection, the board of county commissioners of the county shall conduct a public hearing on the question of whether the property tax rebate provided in this section benefiting low-income property taxpayers in the county should be made available through adoption of a county ordinance. Notice of the public hearing shall be published once at least two weeks prior to the hearing date in at least one newspaper of general circulation in the county and broadcast at some time within the week before the hearing on at least one radio station with substantial broadcasting coverage in the county. At the public hearing, the board shall take action on the question and if a majority of the members elected votes to adopt an ordinance, it shall be adopted no later than thirty days after the public hearing.

H. An ordinance adopted pursuant to Subsection G of this section shall specify the taxable years to which it is applicable. The board of county commissioners adopting an ordinance shall notify the department of the adoption of the ordinance and furnish a copy of the ordinance to the department no later than September 1 of the first taxable year to which the ordinance applies.

I. No later than December 31 of the year immediately following the first year in which the low-income taxpayer property tax rebate provided in the Income Tax Act is in effect for a county, and no later than December 31 of each year thereafter in which the tax rebate is in effect, the department shall certify to the county the amount of the loss of income tax revenue to the state for the previous taxable year attributable to the allowance of property tax rebates to taxpayers of that county. The county shall promptly pay the amount certified to the department. If a county fails to pay the amount certified within thirty days of the date of certification, the department may enforce collection of the amount by action against the county and may withhold from any revenue distribution to the county, not dedicated or pledged, amounts up to the amount certified.

J. As used in this section, "principal place of residence" means the dwelling owned and occupied by the taxpayer and so much of the land surrounding it, not to exceed five acres, as is reasonably necessary for use of the dwelling as a home and may consist of a part of a multidwelling or a multipurpose building and a part of the land upon which it is built."

A. Any resident who has attained the age of sixty-five and files an individual New Mexico income tax return and is not a dependent of another individual may claim a tax rebate for the taxable year for which the return is filed. The tax rebate shall be the amount of property tax due on the resident's principal place of residence for the taxable year that exceeds the property tax liability indicated by the table in Subsection F or G, as appropriate, of this section, based upon the taxpayer's modified gross income.

B. Any resident otherwise qualified under this section who rents a principal place of residence from another person may calculate the amount of property tax due by multiplying the gross rent for the taxable year by six percent. The tax rebate shall be the amount of property tax due on the taxpayer's principal place of residence for the taxable year that exceeds the property tax liability indicated by the table in Subsection F or G, as appropriate, of this section, based upon the taxpayer's modified gross income.

I. The tax rebate provided for in this section may be deducted from the taxpayer's New Mexico income tax liability for the taxable year. If the tax rebate exceeds the taxpayer's income tax liability, the excess shall be refunded to the taxpayer.

J. The board of county commissioners may adopt a resolution authorizing otherwise qualified taxpayers whose principal place of residence is in the county to claim the rebate provided by this section in the amounts set forth in Subsection G of this section. HOUSE BILL 376

CHAPTER 277

CHAPTER 277, LAWS 2003

AN ACT

RELATING TO UTILITIES; DEFINING GENERATION AND TRANSMISSION COOPERATIVE; DECLARING AN EMERGENCY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 62-6-4 NMSA 1978 (being Laws 1941, Chapter 84, Section 17, as amended) is amended to read:

"62-6-4. SUPERVISION AND REGULATION OF UTILITIES.--

A. The commission shall have general and exclusive power and jurisdiction to regulate and supervise every public utility in respect to its rates and service regulations and in respect to its securities, all in accordance with the provisions and subject to the reservations of the Public Utility Act, and to do all things necessary and convenient in the exercise of its power and jurisdiction. Nothing in this section, however, shall be deemed to confer upon the commission power or jurisdiction to regulate or supervise the rates or service of any utility owned and operated by any municipal corporation either directly or through a municipally owned corporation or owned and operated by any H class county, by a class B county as defined in Section 4-36-8 NMSA 1978 or by a class A county as described by Section 4-36-10 NMSA 1978 either directly or through a corporation owned by or under contract with an H class county, by a class B county as defined in Section 4-36-8 NMSA 1978 or by a class A county as described by Section 4-36-10 NMSA 1978 or the rates, service, securities or class I or class II transactions of a generation and transmission cooperative. No inspection or supervision fees shall be paid by generation and transmission cooperatives, or by such municipalities or municipally owned corporations, a class B county as defined in Section 4-36-8 NMSA 1978, a class A county as described by Section 4-36-10 NMSA 1978 or H class counties or such corporation owned by or under contract with a class B county as defined in Section 4-36-8 NMSA 1978, a class A county as described by Section 4-36-10 NMSA 1978 or an H class county with respect to operations conducted in a class B county as defined in Section 4-36-8 NMSA 1978, in a class A county as described by Section 4-36-10 NMSA 1978 or in H class counties.

B. The sale, furnishing or delivery of gas, water or electricity by any person to a utility for resale to or for the public shall be subject to regulation by the commission but only to the extent necessary to enable the commission to determine that the cost to the utility of the gas, water or electricity at the place where the major distribution to the public begins is reasonable and that the methods of delivery of the gas, water or electricity are adequate; provided, however, that nothing in this subsection shall be construed to permit regulation by the commission with respect to a generation and transmission cooperative, except location control pursuant to Section 62-9-3 NMSA 1978 and limited rate regulation to the extent provided in Subsection D of this section, or of production or sale price at the wellhead of gas or petroleum.

C. The sale, furnishing or delivery of coal, uranium or other fuels by any affiliated interest to a utility for the generation of electricity for the public shall be subject to regulation by the commission but only to the extent necessary to enable the commission to determine that the cost to the utility of the coal, uranium or other fuels at the point of sale is reasonable and that the methods of delivery of the electricity are

adequate; provided, however, that nothing in this subsection shall be construed to permit regulation by the commission of production or sale price at the wellhead of gas or petroleum. Nothing in this section shall be construed to permit regulation by the commission of production or sale price at the point of production of coal, uranium or other fuels.

D. New Mexico rates proposed by a generation and transmission cooperative shall be filed with the commission in the form of an advice notice, a copy of which shall be simultaneously served on all member utilities. Any member utility may file a protest of the proposed rates no later than twenty days after the generation and transmission cooperative files the advice notice. If three or more New Mexico member utilities file protests and the commission determines there is just cause in at least three of the protests for reviewing the proposed rates, the commission shall suspend the rates, conduct a hearing concerning reasonableness of the proposed rates and establish reasonable rates. Each protest must contain a clear and concise statement of the specific grounds upon which the protestant believes the proposed rates are unreasonable or otherwise unlawful; a brief description of the protestant's efforts to resolve its objections directly with the generation and transmission cooperative; a clear and concise statement of the relief the protestant seeks from the commission; and a formal resolution of the board of trustees of the protesting member utility authorizing the filing of the protest. In order to determine whether just cause may exist for review, the commission shall consider whether each protestant has exhausted remedies with the generation and transmission cooperative or whether the generation and transmission cooperative has unreasonably rejected the protestant's objections to the proposed rates. A member utility shall present its objections to the generation and transmission cooperative in writing and allow a reasonable period for the generation and transmission cooperative to attempt resolution of, or otherwise respond to, those objections. A period of seven days after receipt of written objections will be deemed reasonable for the generation and transmission cooperative to provide a written response to the member utility, but a written response is not required if such time period extends beyond twenty days after the date on which the generation and transmission cooperative filed the advice notice. The generation and transmission cooperative and its members are expected to make a good faith effort to resolve the member utility's objections to the proposed rates during that period of time.

E. As used in this section, "generation and transmission cooperative" means a person with generation or transmission facilities either organized as a rural electric cooperative pursuant to Laws 1937, Chapter 100 or the Rural Electric Cooperative Act or organized in another state and providing sales of electric power to member cooperatives in this state."

(2) the obligee does not have such health insurance coverage or dental insurance coverage available at a more reasonable cost than the obligor for coverage of the minor child.

D. The court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the minor child that are not covered by the required health insurance coverage or dental insurance coverage, if:

(1) the court finds that the health insurance coverage or dental insurance coverage required to be obtained by the obligor or available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the minor child; and

(2) the court finds that the obligor has the financial resources to contribute to the payment of these medical or dental expenses.

E. The court shall require the obligor to provide health insurance coverage or dental insurance coverage for the benefit of the obligee if it is available at no additional cost to the obligor.

F. The court in any proceeding for the establishment, enforcement or modification of a child support obligation may modify an existing order of support or establish child support, as applicable, for the minor child to incorporate the provisions for medical support ordered pursuant to the Mandatory Medical Support Act."

Section 5. Section 40-4C-6 NMSA 1978 (being Laws 1990, Chapter 78, Section 6, as amended) is amended to read:

If more than one health insurance plan or dental insurance plan is offered by the employer, union or insurer, the minor child shall be enrolled in the plan in which the obligor is enrolled. If the obligor is not enrolled in a plan, the child shall be enrolled in a plan that meets the minimum coverage criteria required pursuant to the Mandatory Medical Support Act. If the obligor is not enrolled in a plan, the premiums charged for the child or children of the obligor shall be those charged for the enrollment of the obligor only.

B. In any instance in which the obligor is required by a court order to provide health insurance coverage or dental insurance coverage for the minor child and the obligor is eligible for health insurance coverage or dental insurance coverage through an employment-related or other group health care insurance plan, the employer, union or insurer shall do the following:

(1) permit the obligor to enroll for health insurance coverage or dental insurance coverage the minor child who is otherwise eligible for coverage without regard to any enrollment season restrictions;

(4) withhold from the obligor's compensation the obligor's share, if any, of premiums for health insurance coverage or dental insurance coverage and to pay the share of premiums to the insurer, unless otherwise provided in law or regulation.

C. In those instances where the obligor fails or refuses to execute any document necessary to enroll the minor child in the health insurance plan or dental insurance plan ordered by the court, the required information and authorization may be provided by the department or the custodial parent or guardian of the minor child.

D. Information and authorization provided by the department or the custodial parent or guardian of the minor child shall be valid for the purpose of meeting enrollment requirements of the health insurance plan or dental insurance plan and shall not affect the obligation of the employer or union and the insurer to enroll the minor child in the health insurance plan or dental insurance plan for which other eligibility, enrollment, underwriting terms and other requirements are met. In instances in which the minor child is insured through the obligor, the insurer shall provide all information to the obligee that may be helpful or necessary for the minor child to obtain benefits.

E. A minor child that an obligor is required to cover as an eligible dependent pursuant to the Mandatory Medical Support Act shall be considered for insurance coverage purposes as a dependent of the obligor until the child is emancipated or until further order of the court.

F. In instances in which the minor child is insured through the obligor, the insurer is prohibited from denying health insurance coverage or dental insurance coverage of the minor child on the grounds that the minor child was born out of wedlock, that the minor child is not claimed as a dependent on the obligor's federal income tax return or that the minor child does not reside with the obligor or reside in the insurer's service area.

G. In instances in which the minor child is insured through the obligor, the insurer is prohibited from imposing requirements on the department that are different from requirements applicable to an agent or assignee of any other individual covered by the insurer.

H. In instances in which the minor child is insured through the obligor, the insurer shall permit the obligee or health care provider, with the approval of the obligee, to submit claims for covered services without the approval of the obligor. The insurer shall make payments on submitted claims directly to the obligee or the health care provider.

I. When the obligor is terminated, the employer shall notify the department of the termination."

Section 6. Section 40-4C-9 NMSA 1978 (being Laws 1990, Chapter 78, Section 9) is amended to read:

"40-4C-9. AUTHORIZATION FOR CLAIMS.--The signature of the custodial parent of the minor child insured pursuant to a court order or a directive issued by the department is a valid authorization to the health insurer or dental insurer for purposes of processing an insurance reimbursement payment."

Section 7. Section 40-4C-10 NMSA 1978 (being Laws 1990, Chapter 78, Section 10) is amended to read:

"40-4C-10. EMPLOYER, UNION OR INSURER NOTICE.--When an order for health insurance coverage or dental insurance coverage pursuant to the Mandatory Medical Support Act is in effect, upon termination of the obligor's employment or upon termination of the insurance coverage, the employer, union or insurer shall make a good faith effort to notify the obligee within ten days of the termination date with notice of conversion privileges."

Section 8. Section 40-4C-11 NMSA 1978 (being Laws 1990, Chapter 78, Section 11) is amended to read:

Section 9. Section 40-4C-12 NMSA 1978 (being Laws 1990, Chapter 78, Section 12, as amended) is amended to read:

"40-4C-12. OBLIGOR LIABILITY.--

A. An obligor who fails to maintain the health insurance coverage or dental insurance coverage for the benefit of a minor child as ordered pursuant to the Mandatory Medical Support Act shall be liable to the obligee for any medical and dental expenses incurred from the date of the court order.

B. An obligor who receives payment from a third party for the costs of medical or dental services provided to a minor child and who fails to use the payment to reimburse the department is liable to the department to the extent of the department's payment for the services. The department is authorized to intercept the obligor's tax refund or use other means of enforcement available to the department to recoup amounts paid. Claims for current or past due child support take priority over any claims made pursuant to this subsection. Proof of failure to maintain health insurance coverage or dental insurance coverage as ordered constitutes a showing of increased need by the obligee and provides a basis for modification of the obligor's child support order.

C. An obligor is required to provide the department with the following information concerning health insurance coverage or dental insurance coverage:

- (1) obligor's name and tax identification number;
- (2) type of coverage (single or family);

Section 1. Section 3-64-1 NMSA 1978 (being Laws 1991, Chapter 163, Section 1) is amended to read:

"3-64-1. SHORT TITLE.--Chapter 3, Article 64 NMSA 1978 may be cited as the "Community Development Incentive Act"."

Section 2. Section 3-64-2 NMSA 1978 (being Laws 1991, Chapter 163, Section 2) is amended to read:

"3-64-2. DEFINITIONS.--

A. As used in the Community Development Incentive Act:

(1) "commencement of commercial operations" occurs when the new business facility is first available for use by the taxpayer or first capable of being used by the taxpayer in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(2) "facility" means any factory, mill, plant, refinery, warehouse, dairy, feedlot, building or complex of buildings located within the state, including the land on which the facility is located and all machinery, equipment and other real and tangible personal property located at or within the facility and used in connection with the operation of the facility;

(3) "new business facility" means a facility that satisfies the following requirements:

(a) the facility is employed by the taxpayer in the operation of a revenue-producing enterprise; the facility shall not be considered a "new business facility" in the hands of the taxpayer if the taxpayer's only activity with respect to the

facility is to lease it to another person; if the taxpayer employs only a portion of the facility in the operation of a revenue-producing enterprise and leases another portion of the facility to another person or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a "new business facility" if the requirements of Subparagraphs (b), (c) and (d) of this paragraph are satisfied;

(b) the facility is acquired by or leased to the taxpayer on or after July 1, 2003; provided, the facility shall be deemed to have been acquired by or leased to the taxpayer on or after the specified date if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer or the commencement of the term of the lease to the taxpayer occurs on or after that date or if the facility is constructed, erected or installed by or on behalf of the taxpayer, the construction, erection or installation is completed on or after that date;

(c) if the facility was acquired by the taxpayer from another person and the facility was employed, immediately prior to the transfer of title to the facility to the taxpayer or to the commencement of the term of the lease of the facility to the taxpayer, by any other person in the operation of a revenue-producing enterprise, the taxpayer does not continue the operation of the same or a substantially identical revenue-producing enterprise at the facility; and

(d) the facility is not a replacement business facility;

(4) "new business facility employee" means a person employed by the taxpayer in the operation of a new business facility during the taxable year for which the exemption authorized by Section 3-64-3 NMSA 1978 is granted; a person shall be considered to have been so employed if the person performs duties in connection with the operation of the new business facility on:

(a) a regular, full-time basis;

(b) a part-time basis if the person is customarily performing the described duties at least twenty hours per week throughout the taxable year; or

(c) a seasonal basis if the person performs the described duties for substantially all of the season customary for the position in which the person is employed.

The number of new business facility employees during any property tax year shall be determined by dividing by twelve the sum of the number of new business facility employees on the last business day of each month of that year. If the new business facility is in operation for less than the entire property tax year, the number of new business facility employees shall be determined by dividing the sum of the number of new business facility employees on the last business day of each full calendar month

during the portion of the property tax year during which the new business facility was in operation by the number of full calendar months during that period;

(5) "new business facility investment" means the value of the real and tangible personal property, except inventory or property held for sale to customers in the ordinary course of the taxpayer's business, that constitutes the new business facility or that is used by the taxpayer in the operation of the new business facility during the property tax year for which the exemption authorized by Section 3-64-3 NMSA 1978 is granted and the value of that property during the year shall be:

(a) its original cost if owned by the taxpayer; or

(b) eight times the net annual rental rate if leased by the taxpayer; the "net annual rental rate" is the annual rental rate paid by the taxpayer, less any annual rental rate received by the taxpayer from subrentals;

For the purposes of this paragraph, "control of a corporation" means ownership, directly or indirectly, of stock possessing at least eighty percent of the total combined voting power of all classes of stock entitled to vote and at least eighty percent of all other classes of stock of the corporation; "control of a partnership, limited liability company or association" means ownership of at least eighty percent of the capital or profits interest in such partnership, limited liability company or association; and "control of a trust" means ownership, directly or indirectly, of at least eighty percent of the beneficial interest in the principal or income of the trust;

(7) "replacement business facility" means a facility as defined in Paragraph (3) of this subsection and referred to in this paragraph as a "new facility" that replaces another facility, referred to in this paragraph as an "old facility", located within the state in which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first property tax year in which the exemption authorized by Section 3-64-3 NMSA 1978 is claimed; a new facility shall be deemed to replace an old facility if the following conditions are met:

(a) the old facility was operated by the taxpayer or a related taxpayer for more than three full property tax years out of the five property tax years next preceding the property tax year in which commencement of commercial operations occurs at the new facility; and

(b) the old facility was employed by the taxpayer or a related taxpayer in the operation of a revenue-producing enterprise and the taxpayer continues the operation of the same or a substantially identical revenue-producing enterprise at the new facility.

Notwithstanding the provisions of Subparagraph (a) of this paragraph, a facility shall not be considered a "replacement business facility" if the taxpayer's investment in the new facility exceeds three million dollars (\$3,000,000) or, if less, three hundred percent of the investment in the old facility by the taxpayer or related taxpayer. The investment in the new facility and in the old facility shall be determined in the manner provided in Paragraph (5) of this subsection;

(8) "revenue-producing enterprise" means:

(a) the production, assembly, fabrication, manufacture or processing of any agricultural, mineral or manufactured product;

(b) the storage, warehousing, distribution or sale of any products of agriculture, mining or manufacturing;

(c) the feeding of livestock at a feedlot;

(d) the operation of laboratories or other facilities for scientific, agricultural animal husbandry or industrial research development;

(e) the generation of electricity;

(f) the performance of services of any type;

(g) the administrative management of any of the activities listed in Subparagraphs (a) through (f) of this paragraph; or

(h) any combination of any of the activities referred to in Subparagraphs (a) through (g) of this paragraph; and

(9) "same or a substantially identical revenue-producing enterprise" means a revenue-producing enterprise in which the products produced or sold, the services performed or the activities conducted are the same in character and use and are produced, sold, performed or conducted in the same manner and to or for the same types of customers as the products, services or activities produced, sold, performed or conducted in another revenue-producing enterprise.

B. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the property tax year. If the new business facility is in operation for less than an entire property tax year, the new business facility investment shall be determined by dividing the sum of the total value of the property on the last business day of each full calendar month during the portion of the property tax year during which the new business facility was in operation by the number of full calendar months during that period.

C. If a facility that does not constitute a new business facility is expanded by the taxpayer, the expansion shall be considered a separate facility eligible for the exemption authorized by Section 3-64-3 NMSA 1978 if:

(1) the taxpayer's investment in the expansion exceeds one million dollars (\$1,000,000) or, if less, one hundred percent of its investment in the original facility prior to expansion; and

(2) the expansion otherwise constitutes a new business facility.

The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in Paragraph (5) of Subsection A of this section.

D. If a facility that does not constitute a new business facility is expanded by the taxpayer, the expansion shall be considered a separate facility for purposes of the exemption granted by Section 3-64-3 NMSA 1978 if:

(1) the expansion results in the employment of ten or more new business facility employees over and above the average number of employees employed in the county or municipality granting the exemption by the taxpayer during the twelve months immediately prior to the expansion, computed pursuant to Paragraph (4) of Subsection A of this section; and

(2) the expansion otherwise constitutes a new business facility."

Section 3. Section 3-64-3 NMSA 1978 (being Laws 1991, Chapter 163, Section 3) is amended to read:

"3-64-3. EXEMPTION OF CERTAIN COMMERCIAL PERSONAL PROPERTY FROM PROPERTY TAX BY LOCAL BODIES.--

B. Every escrow closing agent that maintains a trust account or escrow account pursuant to the provisions of Section 58-22-20 NMSA 1978 shall maintain a pooled interest-bearing escrow account and shall deposit all customer funds into that account, except for funds required to be deposited into an interest-bearing account under an express agreement between the parties to a transaction and under which agreement provisions are made for the payment of interest to be earned on the funds deposited.

C. D. The provisions of this section do not relieve a real estate broker or escrow closing agent from any obligations under other laws to safeguard and account for funds in a pooled interest-bearing account.

E. The pooled interest-bearing escrow accounts authorized to be established pursuant to the provisions of this section shall be interest-bearing demand accounts from which withdrawals and transfers can be made without delay, subject only to any notice period the depository institution is required to observe by law or rule.

Section 4. Section 58-28-4 NMSA 1978 (being Laws 1997, Chapter 118, Section 4, as amended) is amended to read:

A pooled interest-bearing transaction account established pursuant to the provisions of this section shall be maintained in the name of the title company, but the trustee shall be named and shown as the beneficial owner of the account income or interest. A title company maintaining one or more pooled interest-bearing transaction accounts shall not be paid or receive any interest earned on funds deposited in the accounts except for the purpose of remitting net earned interest to the trustee pursuant to the provisions of this section.

D. Funds in each pooled interest-bearing transaction account shall be subject to withdrawal upon request and without delay, subject only to the notice period the depository institution is required to observe by law or rule.

E. The rate of interest payable on a pooled interest-bearing transaction account shall not be less than the rate customarily paid by the depository institution to regular, non-title company depositors for similar accounts. Interest shall be computed in accordance with the depository institution's standard accounting practice. Higher rates offered by the depository institution to customers whose deposits exceed certain time or quantity minima, such as those offered in the form of certificates of deposit, may be obtained by the title company on some or all of the deposited funds so long as there is no impairment of the right to withdraw or transfer principal, subject only to the notice period the depository institution is required to observe by law or rule.

F. A depository institution or title company making a remittance of interest to the fund shall at the time of the remittance transmit a report to the trustee for each account from which remittance is made showing:

(1) the name of the title company maintaining the account from which remittance is made;

I. The trustee shall adopt and promulgate rules regarding the obligations of depository institutions pursuant to the provisions of the Land Title Trust Fund Act and the Low-Income Housing Trust Act."

RELATING TO HEALTH CARE; ENACTING THE NURSE LICENSURE COMPACT; REQUIRING REGISTRATION FOR MULTISTATE LICENSURE PRIVILEGES; PROVIDING FOR A NURSE LICENSURE COMPACT ADMINISTRATOR; AMENDING AND ENACTING SECTIONS OF THE NURSING PRACTICE ACT; MAKING AN APPROPRIATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. A new section of the Nursing Practice Act is enacted to read:

"COMPACT ENTERED INTO.--The Nurse Licensure Compact is entered into law and entered into with all other jurisdictions legally joining therein in a form substantially as follows:

"NURSE LICENSURE COMPACT

ARTICLE 1 - Findings and Purpose

A. The party states find that:

(1) the health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) violation of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) the expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) new practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex; and

(5) the current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

B. The general purposes of this compact are to:

(1) facilitate the states' responsibility to protect the public's health and safety;

(2) ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;

(4) promote compliance with the laws governing the practice of nursing in each jurisdiction; and

(5) invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

ARTICLE 2 - Definitions

As used in the Nurse Licensure Compact:

A. "adverse action" means a home or remote state action;

B. "alternative program" means a voluntary, non-disciplinary monitoring program approved by a licensing board;

C. "coordinated licensure information system" means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state licensing boards;

D. "current significant investigative information" means:

(1) investigative information that a licensing board, after a preliminary inquiry that includes notification and opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(2) investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond;

E. "home state" means the party state that is the nurse's primary state of residence;

F. "home state action" means an administrative, civil, equitable or criminal action permitted by the home state's laws that are imposed on a nurse by the home state's licensing board or other authority, including actions against an individual's license such as: revocation, suspension, probation or any other action that affects a nurse's authorization to practice;

G. "licensing board" means a party state's regulatory body responsible for issuing nurse licenses;

H. "multistate licensure privilege" means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in such party state. I. "nurse" means a registered nurse or licensed practical or vocational nurse, as those terms are defined by each party state's practice laws;

J. "party state" means a state that has adopted the Nurse Licensure Compact;

K. "remote state" means a party state, other than the home state:

or

L. "remote state action" means:

(1) an administrative, civil, equitable or criminal action permitted by a remote state's laws that are imposed on a nurse by the remote state's licensing board or other authority, including actions against a nurse's multistate licensure privilege to practice in the remote state; and

M. "state" means a state, territory or possession of the United States, the District of Columbia or the Commonwealth of Puerto Rico; and

N. "state practice laws" means an individual party state's laws and regulations that govern the practice of nursing, define the scope of nursing practice and create the methods and grounds for imposing discipline. "State practice laws" does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE 3 - General Provisions and Jurisdiction

A. A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical or vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical or vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

B. A party state may, in accordance with state due process laws, limit or revoke a multistate licensure privilege of any nurse to practice in the state and may take any other action under applicable state laws necessary to protect the health and safety of state citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the

coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

C. A nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

D. The Nurse Licensure Compact does not affect additional requirements imposed by a party state for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

E. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.

ARTICLE 4 - Application for Licensure in a Party State

A. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege and whether any other adverse action by any state has been taken against the license.

B. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

C. A nurse who intends to change primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses will not be issued by a party state until after the nurse provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.

D. When a nurse changes primary state of residence by:

(1) moving from one party state to another party state, and obtains a license from the new home state, the license from the former home state is no longer valid;

(2) moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty

state is not affected and will remain in full force if so provided by the laws of the nonparty state; or

(3) moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensing privilege to practice in other party states.

ARTICLE 5 - Adverse Actions

In addition to the general provisions described in Article 3 of the Nurse Licensure Compact, the following provisions apply.

A. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

B. The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate actions, and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

C. A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state has the power to impose adverse action against the license issued by the home state.

D. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

E. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

F. Nothing in the Nurse Licensure Compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

ARTICLE 6 - Additional Authorities Invested in

Party State Licensing Boards

Notwithstanding any other powers, a party state licensing board shall have authority to:

A. if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse;

B. issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state where the witnesses or evidence is located;

C. issue cease and desist orders to limit or revoke a nurse's authority to practice in the state; and

D. promulgate uniform rules and regulations as provided for in Article 8 of the Nurse Licensure Compact.

ARTICLE 7 - Coordinated Licensure Information System

A. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical or vocational nurses. This system will include information on the licensure and disciplinary history of each nurse as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

B. Notwithstanding any other provision of law, all party state licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action and denials of applications and the reasons for such denials to the coordinated licensure information system.

C. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

D. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may

designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing party state.

E. Any personally identifiable information obtained by a party state licensing board from the coordinated licensure information system may not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

F. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing the information shall also be expunged from the coordinated licensure information system.

G. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under the Nurse Licensure Compact.

ARTICLE 8 - Compact Administration and

Interchange of Information

A. The executive head of the licensing board, or the executive head's designee, of a party state shall be the administrator of the Nurse Licensure Compact for the state.

B. The compact administrator of each party state shall furnish to the compact administrator of every other party state any information and documents, including but not limited to a uniform data set of investigations, identifying information, licensure data and disclosable alternative program participation information to facilitate the administration of the Nurse Licensure Compact.

C. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of the Nurse Licensure Compact. These uniform rules shall be adopted by party states, under the authority invested under Subsection D of Article 6 of the Nurse Licensure Compact.

ARTICLE 9 - Immunity

A party state or the officers or employees or agents of a party state licensing board who act in accordance with the provisions of the Nurse Licensure Compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under that compact. "Good faith" as used in this article does not include willful misconduct, gross negligence or recklessness.

ARTICLE 10 - Entry into Force, Withdrawal and Amendment

A. The Nurse Licensure Compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from that compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

B. No withdrawal shall affect the validity or applicability by the licensing boards of states remaining party to the Nurse Licensure Compact of any report of adverse action occurring prior to the withdrawal.

C. Nothing contained in the Nurse Licensure Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of that compact.

D. The Nurse Licensure Compact may be amended by the party states. No amendment to that compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE 11 -- Construction and Severability

A. The Nurse Licensure Compact shall be liberally construed to effectuate the purposes of that compact. The provisions of that compact shall be severable and if any phrase, clause, sentence or provision of that compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of that compact and the applicability of that compact to any government, agency, person or circumstance shall not be affected. If that compact is held contrary to the constitution of any party state, that compact, shall remain in full force and effect as to the remaining party states and in full force and effect as to the party states affected as to all severable matters.

B. In the event party states find a need for settling disputes arising under the Nurse Licensure Compact:

(1) the party states may submit the issues in dispute to an arbitration panel that will be comprised of an individual appointed by the compact administrator in the home state; an individual appointed by the compact administrator in a remote state involved; and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute; and

(2) the decision of a majority of the arbitrators shall be final and binding."."

CHAPTER 312, LAWS 2003

AN ACT

RELATING TO FUNDS; PROVIDING FOR AN ADDITIONAL TEMPORARY DISTRIBUTION FROM THE TOBACCO SETTLEMENT PERMANENT FUND; PROVIDING THAT THE TOBACCO SETTLEMENT PERMANENT FUND MAY, UNDER CERTAIN CIRCUMSTANCES, BE CONSIDERED A RESERVE FUND OF THE STATE; TEMPORARILY TRANSFERRING UNENCUMBERED AND UNEXPENDED BALANCES OF A CERTAIN FUND.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 6-4-9 NMSA 1978 (being Laws 1999, Chapter 207, Section 1, as amended) is amended to read:

"6-4-9. TOBACCO SETTLEMENT PERMANENT FUND--INVESTMENT--DISTRIBUTION.--

A. The "tobacco settlement permanent fund" is created in the state treasury. The fund shall consist of money distributed to the state pursuant to the master settlement agreement entered into between tobacco product manufacturers and various states, including New Mexico, and executed November 23, 1998 or any money released to the state from a qualified escrow fund or otherwise paid to the state as authorized by the model statute, Sections 6-4-12 and 6-4-13 NMSA 1978, enacted pursuant to the master settlement agreement. Money in the fund shall be invested by the state investment officer as land grant permanent funds are invested pursuant to Chapter 6, Article 8 NMSA 1978. Income from investment of the fund shall be credited to the fund. Money in the fund shall not be expended for any purpose, except as provided in this section.

B. In fiscal years 2003 through 2006, a distribution shall be made from the tobacco settlement permanent fund to the general fund in an amount equal to one hundred percent of the total amount of money distributed to the tobacco settlement permanent fund in that fiscal year.

C. In fiscal year 2007 and in each fiscal year thereafter, an annual distribution shall be made from the tobacco settlement permanent fund to the tobacco settlement program fund of an amount equal to fifty percent of the total amount of money distributed to the tobacco settlement permanent fund in that fiscal year until that amount is less than an amount equal to four and seven-tenths percent of the average of the year-end market values of the tobacco settlement permanent fund for the immediately preceding five calendar years. Thereafter, the amount of the annual distribution shall be four and seven-tenths percent of the average of the year-end market values of the tobacco settlement permanent fund for the immediately preceding five calendar years. In the event that the actual amount distributed to the tobacco

settlement program fund in a fiscal year is insufficient to meet appropriations from that fund for that fiscal year, the secretary of finance and administration shall proportionately reduce each appropriation accordingly.

D. The tobacco settlement permanent fund shall be considered a reserve fund of the state and, as a reserve fund, may be expended in the event that general fund balances, including all authorized revenues and transfers to the general fund and balances in the general fund operating reserve, the appropriation contingency fund and the tax stabilization reserve, will not meet the level of appropriations authorized from the general fund for a fiscal year. In that event, in order to avoid an unconstitutional deficit, the legislature may authorize a transfer from the tobacco settlement permanent fund to the general fund but only in an amount necessary to meet general fund appropriations."

The names and addresses of the members of the first board of directors shall be stated in the articles of incorporation. Such persons shall hold office until the first annual meeting of shareholders and until their successors have been elected and qualified. At the first annual meeting of shareholders and at each annual meeting thereafter, the shareholders shall elect directors to hold office until the next succeeding annual meeting, except in case of the classification of directors as permitted by the Business Corporation Act. I. If during a period of one year from the date a registration, license or certificate expires, the registration, license or certificate holder is either absent from this state on active duty military service or is suffering from an illness or injury of such severity that the person is physically or mentally incapable of renewal of the registration, license or certificate, payment of the reinstatement fee and, in the case of a license or certificate holder, reexamination shall not be required by the board if, within three months of the person's permanent return to this state or sufficient recovery from illness or injury to allow the person to make an application, the person makes application to the board for renewal. A copy of the person's military orders or a certificate of the applicant's physician shall accompany the application.

J. The board may adopt additional requirements by rule for the issuance or renewal of registrations, licenses or certificates to maintain or upgrade real estate appraiser qualifications at a level no less than the recommendations of the appraiser qualifications board of the appraisal foundation or the requirements of the appraisal subcommittee."

CHAPTER 330, LAWS 2003

AN ACT

RELATING TO TAXATION; SETTING JANUARY 1, 2005 AS THE INITIATION DATE OF THE NEXT SERIES OF NONTAXABLE TRANSACTION CERTIFICATES; AMENDING SECTIONS OF THE GROSS RECEIPTS AND COMPENSATING TAX ACT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 7-9-43 NMSA 1978 (being Laws 1966, Chapter 47, Section 13, as amended) is amended to read:

"7-9-43. NONTAXABLE TRANSACTION CERTIFICATES AND OTHER EVIDENCE REQUIRED TO ENTITLE PERSONS TO DEDUCTIONS--RENEWAL.--

A. All nontaxable transaction certificates of the appropriate series executed by buyers or lessees should be in the possession of the seller or lessor for nontaxable transactions at the time the return is due for receipts from the transactions. If the seller or lessor is not in possession of the required nontaxable transaction certificates within sixty days from the date that the notice requiring possession of these nontaxable transaction certificates is given the seller or lessor by the department, deductions claimed by the seller or lessor that require delivery of these nontaxable transaction certificates shall be disallowed. The nontaxable transaction certificates shall contain the information and be in a form prescribed by the department. The department by regulation may deem to be nontaxable transaction certificates documents issued by other states or the multistate tax commission to taxpayers not required to be registered in New Mexico. Only buyers or lessees who have a registration number or have applied for a registration number and have not been refused one under Subsection C of Section 7-1-12 NMSA 1978 shall execute nontaxable transaction certificates issued by the department. If the seller or lessor has been given an identification number for tax purposes by the department, the seller or lessor shall disclose that identification number to the buyer or lessee prior to or upon acceptance of a nontaxable transaction certificate. When the seller or lessor accepts a nontaxable transaction certificate within the required time and in good faith that the buyer or lessee will employ the property or service transferred in a nontaxable manner, the properly executed nontaxable transaction certificate shall be conclusive evidence, and the only material evidence, that the proceeds from the transaction are deductible from the seller's or lessor's gross receipts.

B. Properly executed documents required to support the deductions provided in Sections 7-9-57, 7-9-58 and 7-9-74 NMSA 1978 should be in the possession of the seller at the time the return is due for receipts from the transactions. If the seller is not in possession of these documents within sixty days from the date that the notice requiring possession of these documents is given to the seller by the department, deductions claimed by the seller or lessor that require delivery of these documents shall be disallowed. These documents shall contain the information and be in a form prescribed by the department. When the seller accepts these documents within the required time and in good faith that the buyer will employ the property or service transferred in a nontaxable manner, the properly executed documents shall be conclusive evidence, and the only material evidence, that the proceeds from the transaction are deductible from the seller's gross receipts.

C. Notice, as used in this section, is sufficient if the notice is mailed or served as provided in Subsection A of Section 7-1-9 NMSA 1978. Notice by the department under this section shall not be given prior to the commencement of an audit of the seller required to be in possession of the documents.

D. On January 1, 2005, every nontaxable transaction certificate, except for nontaxable transaction certificates of the series applicable to the twelve-year period beginning January 1, 2005 and issued by the department prior to that date, is void with respect to transactions after December 31, 2004. The department shall issue separate series of nontaxable transaction certificates for the twelve-year period beginning January 1, 2005 and for each twelve-year period beginning on January 1 of every twelfth year succeeding calendar year 2005. A series of nontaxable transaction certificates issued by the department for any twelve-year period may be executed by buyers or lessees for transactions occurring within or prior to that twelve-year period but is not valid for transactions occurring after that twelve-year period, except the nontaxable transaction certificates issued by the department for the period January 1, 1992 to December 31, 2001 may be executed by buyers or lessees for transactions occurring prior to December 31, 2004. For administrative convenience, the department may accept and approve qualifying applications for the privilege of executing nontaxable transaction certificates and pre-issue certificates of any series within the six-month period immediately preceding the beginning of the twelve-year period to which the series of nontaxable transaction certificates applies.

E. To exercise the privilege of executing appropriate nontaxable transaction certificates, a buyer or lessee shall apply to the department for permission to execute nontaxable transaction certificates, except with respect to documents issued by other states or the multistate tax commission that the department has deemed to be nontaxable transaction certificates. If a person is shown on the department's records to be a delinquent taxpayer or to have a non-filed period, the department may refuse to approve the application of the person until the person has filed returns for all non-filed periods and is no longer shown to be a delinquent taxpayer, and the taxpayer may protest that refusal pursuant to Section 7-1-24 NMSA 1978. Upon the department's approval of the application, the buyer or lessee may request appropriate nontaxable

transaction certificates for execution by the buyer or lessee; provided that if a person is shown on the department's records to be a delinquent taxpayer or to have a non-filed period, the department may refuse to issue nontaxable transaction certificates to the person until the person has filed returns for all non-filed periods and is no longer shown to be a delinquent taxpayer. The taxpayer may protest that refusal pursuant to Section 7-1-24 NMSA 1978. The department may require a buyer or lessee requesting and receiving nontaxable transaction certificates for execution by that buyer or lessee to report to the department the names, addresses and identification numbers assigned by the department of the sellers and lessors to whom they have delivered nontaxable transaction certificates. The department may require a seller or lessor engaged in business in New Mexico to report to the department the names, addresses and federal employer identification numbers or state identification numbers for tax purposes issued by the department of the buyers or lessees from whom the seller or lessor has accepted nontaxable transaction certificates."

Section 2. Section 7-9-54 NMSA 1978 (being Laws 1969, Chapter 144, Section 44, as amended) is amended to read:

"7-9-54. DEDUCTION--GROSS RECEIPTS TAX--GOVERNMENTAL GROSS RECEIPTS TAX--SALES TO GOVERNMENTAL AGENCIES.--

A. Receipts from selling tangible personal property to the United States or New Mexico or any governmental unit or subdivision, agency, department or instrumentality thereof may be deducted from gross receipts or from governmental gross receipts. Unless contrary to federal law, the deduction provided by this subsection does not apply to:

(1) receipts from selling metalliferous mineral ore;

(2) receipts from selling tangible personal property that is or will be incorporated into a metropolitan redevelopment project created under the Metropolitan Redevelopment Code;

(3) receipts from selling construction material; or

(4) that portion of the receipts from performing a "service" that reflects the value of tangible personal property utilized or produced in performance of such service.

B. Receipts from selling tangible personal property for any purpose to an Indian tribe, nation or pueblo or any governmental subdivision, agency, department or instrumentality thereof for use on Indian reservations or pueblo grants may be deducted from gross receipts or from governmental gross receipts.

C. When a seller, in good faith, deducts receipts for tangible personal property sold to the state or any governmental unit, subdivision, agency, department or

instrumentality thereof, after receiving written assurances from the buyer's representative that the property sold is not construction material, the department shall not assert in a later assessment or audit of the seller that the receipts are not deductible pursuant to Paragraph (3) of Subsection A of this section."

"TRANSITION COST RECOVERY.--

A. Notwithstanding repeal of the Electric Utility Industry Restructuring Act of 1999, unless otherwise waived, a public utility shall be entitled to an opportunity to recover its transition costs. B. For purposes of this section, "transition costs" means the prudent, reasonable and unmitigable costs other than stranded costs, not recoverable elsewhere under either federally approved rates or rates approved by the commission, that a public utility would not have incurred but for its compliance with the requirements of the Electric Utility Industry Restructuring Act of 1999 and rules promulgated pursuant to that act relating to the transition to open access, and the prudent cost of severance, early and enhanced retirement benefits, retraining, placement services, unemployment benefits and health care coverage to public utility nonmanagerial employees who are laid off on or before January 1, 2003, that are not otherwise recovered as a stranded salary and benefits cost. Transition costs shall not include costs that the public utility would have incurred notwithstanding the Electric Utility Industry Restructuring Act of 1999."

This section shall not diminish a public utility's obligation, by the prudent acquisition of resources, to serve its retail load at a cost of service no higher than the average book cost plus fuel, other operating and maintenance costs and the utility's authorized rate of return on investment of the utility's unregulated generation constructed or acquired after January 1, 2001; provided that this provision does not apply to a public utility that does not acquire unregulated generation after January 1, 2001. The commission shall assure that the regulated business is appropriately credited for any off-system sales made from regulated assets.

All bonds issued pursuant to the Statewide Economic Development Finance Act shall be construed to be negotiable.

B. The principal of and interest on bonds issued pursuant to the Statewide Economic Development Finance Act shall be secured by a pledge of the revenues of the project being financed with the proceeds of the bonds, may be secured by a mortgage of all or any part of the project property being financed or other collateral pledged by an eligible entity, and may be secured by the lease of such project property, which collateral and lease may be assigned, in whole or in part, by the department to the authority or to third parties to carry out the purposes of the Statewide Economic Development Finance Act. The resolution of the authority pursuant to which the bonds are authorized to be issued or any such mortgage may contain any agreement and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting the fixing and collection of all revenues from any project to which the resolution or mortgage pertains, the terms to be incorporated in the lease of the project property, the maintenance and insurance of the project property, the creation and maintenance of special funds from the revenues of the project and the rights and remedies available in event of default to the bondholders or to the trustee under a mortgage, all as the authority or the department shall deem advisable and as shall not be in conflict with the Statewide Economic Development Finance Act; provided, however, that in making any such agreements or provisions the authority and the department may obligate themselves except with respect to the project and application of the revenues therefrom, and except as expressly permitted by the Statewide Economic Development Finance Act, and shall not have the power to incur a pecuniary liability or a charge, or to pledge the general credit or taxing power of the state. The resolution authorizing the issuance of bonds may provide procedures and remedies in the event of default in payment of the principal of or interest on the bonds or in the performance of any agreement. No breach of any such agreement shall impose any pecuniary liability upon the authority, the department or the state or any charge against the general credit or taxing powers of the state.

C. The authority may arrange for such other guarantees, insurance or other credit enhancements or additional security provided by an eligible entity as the

authority may deem appropriate for the bonds and may provide for the payment of the costs of the same from the proceeds of the bonds, or may require payment of the costs by the eligible entity on whose behalf the bonds are issued.

D. Bonds issued to finance a project may also be secured by pledging a portion of the qualifying municipal or county infrastructure gross receipts tax revenues by the municipality or county in which the project is located, as permitted by the Local Economic Development Act.

E. The bonds and the income from the bonds, all mortgages or other instruments executed as security for the bonds, all lease agreements made pursuant to the provisions hereof and revenue derived from any sale or lease of project property shall be exempt from all taxation by the state or any political subdivision. The authority may issue bonds the interest on which is exempt from taxation under federal law.

F. In any calendar year, no more than fifteen percent of the state ceiling allocated pursuant to the Private Activity Bond Act may be used for projects financed with bonds issued pursuant to the Statewide Economic Development Finance Act.

Section 8. LEASES OF PROJECT PROPERTY.--

A. Prior to the department's lease of any project property to an eligible entity, the authority shall determine:

(1) the amount necessary in each year to pay the principal of and interest on bonds proposed to be issued to finance the project;

(2) the amount necessary to be paid each year into any reserve funds that the authority may deem advisable to establish in connection with the retirement of the proposed bonds and the maintenance and repair of the project property; and

(3) unless the terms under which the project property is to be leased provide that the lessee shall maintain the project property and carry all proper insurance with respect thereto, the estimated cost of maintaining the project property in good repair and keeping it properly insured.

B. The determinations required by Subsection A of this section shall be set forth in the resolution under which the proposed bonds are to be issued; and prior to the issuance of the bonds, the department shall lease the project property to a lessee or purchaser pursuant to an agreement conditioned upon completion of the project and providing for payment to the department and assigned to the authority or a trustee, of such rentals or payments as will be sufficient to:

(1) pay the principal of and interest on the bonds issued to finance the project;

(2) build up and maintain any reserve deemed by the authority to be advisable in connection with the bonds; and

(3) pay the costs of maintaining the project property in good repair and keeping it properly insured, unless the lease obligates the lessee to pay for the maintenance and insurance of the project property.

Section 9. REFUNDING BONDS.--

A. Outstanding economic development bonds may at any time and from time to time be refunded by the authority by issuing its refunding bonds in such amounts as the authority may determine to refund all or a portion of the principal of the bonds, all unpaid accrued and unaccrued interest on the bonds to the normal maturity date of such bonds or to selected prior redemption dates thereof, any redemption premiums, any commission and all estimated costs incidental to the issuance of such bonds and to such refunding as may be determined by the authority. The principal amount of refunding bonds may be equal to, less than or greater than the principal amount of the bonds to be refunded. Any such refunding may be effected whether the bonds to be refunded have matured or will thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby; provided that the holders of any bonds to be refunded shall not be compelled without their consent to surrender their bonds for payment or exchange prior to the date on which they are payable or, if they are called for redemption, prior to the date on which they are by their terms subject to redemption. Refunding bonds shall be payable from the revenues out of which other bonds issued pursuant to the Statewide Economic Development Finance Act may be payable or from the amounts derived from an escrow as provided in this section, including amounts derived from the investment of refunding bond proceeds and other legally available amounts also as provided in this section, or from any combination of the foregoing sources, and may be secured in the manner that other bonds issued pursuant to the Statewide Economic Development Finance Act may be secured.

B. Proceeds of refunding bonds shall either be applied immediately to the retirement of the bonds being refunded or placed in escrow in a commercial bank or trust company that possesses and is exercising trust powers. Notwithstanding any other provision of law, the escrowed proceeds may be invested in short-term or long-term securities. Except to the extent inconsistent with the express terms of the Statewide Economic Development Finance Act, the resolution of the authority pursuant to which the bonds to be refunded were issued, including any mortgage or trust indenture securing the bonds, shall govern the establishment of any escrow in connection with the refunding bonds and the investment or reinvestment of any escrowed proceeds.

Section 10. USE OF BOND PROCEEDS.--The proceeds from the sale of bonds issued pursuant to the Statewide Economic Development Finance Act shall be applied only for the purpose for

which the bonds were issued and cost related to the acquisition of the project property. The cost of acquiring any project property shall include the following:

- A. the cost of the construction of any part of project property that may be constructed, including architect, engineering and attorney fees;
- B. the purchase price of any part of project property that may be acquired by purchase;
- C. the cost of the extension of any utility to the project site;
- D. all expenses in connection with the authorization, sale and issuance of the bonds; and
- E. the interest on the bonds for a reasonable time prior to construction, during construction and a reasonable time after completion of construction.

Section 11. BONDS LEGAL INVESTMENTS.--Bonds issued pursuant to the Statewide Economic Development Finance Act shall be legal investments for savings banks and insurance companies organized under the laws of the state.

Section 12. LOAN PARTICIPATIONS.--The authority may purchase loans or participations in loans to eligible entities by third-party lenders for projects recommended by the department, in amounts and pursuant to such terms as the authority deems appropriate pursuant to the authority's rules, where:

- A. the third-party lender is responsible for the origination, underwriting, servicing and administration of the loan; and
- B. the portion of the loan purchased or underwritten by the authority is secured by a lien on a parity with the lien obtained by the third-party lender in any collateral, pursuant to which the authority's rights in such collateral may be exercised on a pro-rata basis with the third-party lender's rights in the collateral.

Section 13. STATEWIDE LOAN PARTICIPATION FUND.--

A. The "statewide loan participation fund" is created within the authority. The fund shall be administered by the authority as a separate account and may consist of such subaccounts as the authority deems necessary to carry out the purposes of the fund. The authority may establish procedures for administering the fund in accordance with the Statewide Economic Development Finance Act.

B. Except as otherwise provided in the Statewide Economic Development Finance Act, money from payments of principal of and interest on loan participations and other securities held by the authority for projects receiving financing assistance based upon the department's recommendation shall be deposited in the fund; provided that fees charged by the authority to pay the costs of originating and administering loans, loan participations or loan guarantees for projects, other than interest, shall not be deposited in the fund, but shall be deposited in a separate account and may be used by the authority to meet its administrative costs.

C. Except as otherwise provided in the Statewide Economic Development Finance Act, money in the fund is appropriated to the authority to pay the reasonably necessary costs of originating and servicing loan participations, to purchase loan participations and to purchase securities to assist eligible entities in financing projects in accordance with the Statewide Economic Development Finance Act and pursuant to the recommendation of each project by the department.

D. Money in the fund that is not needed for immediate disbursement, including money held in reserve, may be deposited or invested in the same manner as other funds administered by the authority.

E. Money on deposit in the fund may be designated as a reserve for bonds issued by the authority pursuant to the Statewide Economic Development Finance Act, including bonds payable from sources other than the fund, and the authority may covenant in any bond resolution or trust indenture to maintain and replenish the reserve from money deposited in the fund after issuance of bonds by the authority.

F. Money in the fund may be used to purchase bonds issued by the authority pursuant to the Statewide Economic Development Finance Act, which are payable from any designated source of revenues or collateral. Purchasing and holding the bonds shall not result in cancellation or merger of the bonds, notwithstanding the fact that the authority as the issuer of the bonds is obligated to make the required debt service payments and the fund held by the authority is entitled to receive the required debt service payments.

Section 14. TAX IMPACT FUND.--

A. The "tax impact fund" is created within the state treasury. The fund shall consist of money appropriated to the fund and money distributed to the fund by law. Money remaining in the fund at the end of each fiscal year shall not revert, but shall remain in the fund for the purposes set forth in the Statewide Economic Development Finance Act. For the purpose of mitigating the tax impact of a project, money in the fund shall be disbursed by warrant of the department of finance and administration, upon vouchers submitted by the department, to qualifying counties, school districts and, if applicable, qualifying municipalities as state in-lieu payments in the same proportion as property taxes are distributed.

B. State in-lieu payments from the tax impact fund shall be made as a portion of the total amount of the annual payment in lieu of taxes required in the opt-in agreement. The amount of state in-lieu payments shall be determined by the department, as specified in the opt-in agreement, and shall be subject to the availability of money in the tax impact fund in each fiscal year during the term of the opt-in agreement.

C. In each fiscal year during the term of an opt-in agreement, a county, school district and, if applicable, a municipality shall qualify to receive state in-lieu payments in connection with project property when the following conditions are satisfied:

(1) title to project property has been transferred to the department in connection with financing assistance provided pursuant to the Statewide Economic Development Finance Act, resulting in an exemption from property taxes that the qualifying county, local school district and, if applicable, qualifying municipality would otherwise have been entitled to receive;

(2) pursuant to an opt-in agreement, the qualifying county, local school district and, if applicable, qualifying municipality have certified to the department in advance that it supports the project, subject to the project's compliance with the planning, zoning, subdivision, building code and other applicable laws and regulations governing land use;

(3) pursuant to an opt-in agreement, the county, the local school district and, if applicable, the municipality and the department have agreed on the amount of the annual payment in lieu of taxes; and

(4) the department has determined that there is sufficient money on deposit in the tax impact fund in the current fiscal year to make distributions of state in-lieu payments for the project.

D. The department shall establish by rule procedures for certification by local governments concerning project support, notification of local school boards concerning financing and qualification for state in-lieu payments.

E. The amount of state in-lieu payments that a qualifying county, local school district and, if applicable, qualifying municipality are entitled to receive shall be determined by the department based upon:

(1) the annual reduction in property tax revenue received by the qualifying county, local school district and, if applicable, qualifying municipality that results from the transfer of title to project property to the department;

(2) the increase in local revenues that the qualifying county, local school district and, if applicable, qualifying municipality are anticipated to receive as a result of the project;

(3) an allocation of the annual revenue deposited to the tax impact fund among the qualifying municipalities and counties and local school districts that have qualified to receive state in-lieu payments; and

(4) such adjustments as the department may determine by rule are appropriate and necessary to carry out the purposes of the Statewide Economic Development Finance Act, including, without limitation, adjustments that are necessary or desirable to:

(a) overcome particular barriers to economic expansion in specific locales;

(b) mitigate the tax impact of a project that will not be offset by increased local gross receipts revenue production directly or indirectly resulting from the project; or

(c) encourage job growth in an area in which unemployment is a particular problem.

Section 15. CUMULATIVE AUTHORITY.--The Statewide Economic Development Finance Act shall be deemed to provide an additional and alternative method for the accomplishment of the things authorized by that act, shall be interpreted as supplemental and additional to the powers conferred by other laws and shall not be regarded as in derogation of any powers now existing; provided that the issuance of bonds pursuant to the provisions of the Statewide Economic Development Finance Act need not comply with the requirement of any other law applicable to the issuance of bonds or notes.

Section 16. LIBERAL INTERPRETATION.--The Statewide Economic Development Finance Act, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof.

Section 17. Section 5-10-4 NMSA 1978 (being Laws 1993, Chapter 297, Section 4, as amended) is amended to read:

"5-10-4. ECONOMIC DEVELOPMENT PROJECTS--RESTRICTIONS ON PUBLIC EXPENDITURES OR PLEDGES OF CREDIT.--

A. No local or regional government shall provide public support for economic development projects as permitted pursuant to Article 9, Section 14 of the constitution of New Mexico except as provided in the Local Economic Development Act or as otherwise permitted by law.

B. The total amount of public money expended and the value of credit pledged in the fiscal year in which that money is expended by a local government for economic development projects pursuant to Article 9, Section 14 of the constitution of New Mexico and the Local Economic Development Act shall not exceed five percent of the annual general fund expenditures of the local government in that fiscal year. The limits of this subsection shall not apply to:

(1) the value of any land or building contributed to any project pursuant to a project participation agreement;

(2) revenue generated through the imposition of the municipal infrastructure gross receipts tax pursuant to the Municipal Local Option Gross Receipts Taxes Act for furthering or implementing economic development plans and projects as defined in the Local Economic Development Act or projects as defined in the Statewide Economic Development Finance Act; provided that no more than the greater of fifty thousand dollars (\$50,000) or ten percent of the revenue collected shall be used for promotion and administration of or professional services contracts related to the implementation of any such economic development plan adopted by the governing body;

(3) revenue generated through the imposition of a county infrastructure gross receipts tax pursuant to the County Local Option Gross Receipts Taxes Act for furthering or implementing economic development plans and projects as defined in the Local Economic Development Act or projects as defined in the Statewide Economic Development Finance Act; provided that no more than the greater of fifty thousand dollars (\$50,000) or ten percent of the revenue collected shall be used for promotion and administration of or professional services contracts related to the implementation of any such economic development plan adopted by the governing body;

(4) the proceeds of a revenue bond issue to which municipal infrastructure gross receipts tax revenue is pledged;

(5) the proceeds of a revenue bond issue to which county infrastructure gross receipts tax revenue is pledged; or

(6) funds donated by private entities to be used for defraying the cost of a project.

C. A regional or local government that generates revenue for economic development projects to which the limits of Subsection B of this section do not apply shall create an economic development fund into which such revenues shall be deposited. The economic development fund and income from the economic development fund shall be deposited as provided by law. Money in the economic development fund may be expended only as provided in the Local Economic Development Act or the Statewide Economic Development Finance Act."

A. A federal qualified elector or overseas voter residing outside the United States may request a special write-in federal or state absentee ballot, as appropriate, if:

B. For federal qualified electors and overseas voters, the county clerk shall accept a certificate of registration by electronic transmission from a voter qualified to apply for and vote by absentee ballot in the county if the transmission is received before 5:00 p.m. on the Friday immediately preceding the election."

"1-6-4.1. FEDERAL AND STATE WRITE-IN ABSENTEE BALLOT FOR OVERSEAS VOTERS IN GENERAL ELECTIONS FOR STATE OR FEDERAL OFFICES.--

A. Except as provided in Subsection C of this section, a federal or state write-in absentee ballot for federal or state offices in a general election shall be processed in the same manner as provided by law for other absentee ballots.

B. In completing the ballot, the overseas voter may designate a candidate by writing in the name of the candidate or by writing in the name of a political party, in which case the ballot shall be counted for all candidates of that political party for federal or state office. Any abbreviation, misspelling or other minor variation in the form of the name of a candidate or a political party shall be disregarded in determining the validity of the ballot if the intention of the overseas voter can be ascertained.

C. A federal or state write-in absentee ballot of an overseas voter shall not be counted if:

(2) the application of the overseas voter for an absentee ballot is received by the county clerk less than thirty days before the election unless the application is electronically transmitted to the clerk; or

Section 4. Section 1-6-5 NMSA 1978 (being Laws 1969, Chapter 240, Section 131, as amended by Laws 2001, Chapter 49, Section 1 and by Laws 2001, Chapter 58, Section 1) is amended to read:

"1-6-5. PROCESSING APPLICATION--ISSUANCE OF BALLOT--MARKING AND DELIVERY OF BALLOT IN PERSON.--

A. The county clerk shall mark each completed absentee ballot application with the date and time of receipt in the clerk's office and enter the required information in the absentee ballot register. The county clerk shall then determine if the applicant is a voter, an absent uniformed services voter or an overseas voter.

B. If the applicant has no valid certificate of registration on file in the county and he is not a federal qualified elector or if the applicant states he is a federal qualified elector but his application indicates he is not a federal qualified elector, no absentee ballot shall be issued and the county clerk shall mark the application "rejected" and file the application in a separate file from those accepted.

C. The county clerk shall notify in writing each applicant of the fact of acceptance or rejection of his application and, if rejected, shall explain why the application was rejected.

D. If the county clerk finds that the applicant is a voter or a federal qualified elector, the county clerk shall mark the application "accepted" and deliver an absentee ballot to the voter in the county clerk's office or mail to the applicant an absentee ballot and the required envelopes for use in returning the ballot. Acceptance of an application of a federal qualified elector constitutes registration for the election in which the ballot is to be cast. Acceptance of an application from an overseas voter who is not an absent uniformed services voter constitutes a request for changing information on the certificate of registration of any such voter. No absent voter shall be permitted to change his party affiliation during those periods when change of party affiliation is prohibited by the Election Code. Upon delivery of an absentee ballot to a voter in the county clerk's office or mailing of an absentee ballot to an applicant who is a voter, an appropriate designation shall be made on the signature line of the signature roster next to the name of the voter who has been provided or mailed an absentee ballot.

E. If an application for an absentee ballot is delivered in person to the county clerk and is accepted, the county clerk shall provide the voter an absentee ballot and it shall be marked by the applicant in a voting booth of a type prescribed by the secretary of state, sealed in the proper envelopes and otherwise properly executed and returned to the county clerk or his authorized representative before the voter leaves the office of the county clerk. The act of marking the absentee ballot in the office of the county clerk shall be a convenience to the voter in the delivery of the absentee ballot

and does not make the office of the county clerk a polling place subject to the requirements of a polling place in the Election Code other than is provided in this subsection. It shall be unlawful to solicit votes, display or otherwise make accessible any posters, signs or other forms of campaign literature whatsoever in the clerk's office. Absentee ballots may be marked in person during the regular hours and days of business at the county clerk's office from 8:00 a.m. on the fortieth day preceding the election up until 5:00 p.m. on the Saturday immediately prior to the date of the election. In marking the absentee ballot, the voter may be assisted by one person of the voter's choice.

F. Commencing with the twentieth day prior to an election, an absent voter may vote in person, on an electronic voting machine at the county clerk's office or at an alternate location established by the county clerk; provided, a county clerk may allow an absent voter to vote on an electronic voting machine beginning on the fortieth day before an election. In class A counties, the county clerk shall establish not less than four alternate locations as a convenience to the voters. Absentee voting may be done at the county clerk's office or an alternate location during the regular hours of business from 8:00 a.m. on the twentieth day prior to the election until 5:00 p.m. on the Saturday immediately prior to the election. The county clerk shall ensure that procedures established for processing an absent voter application and for voting by absentee ballot are complied with at each alternate location.

G. Absentee ballots shall be airmailed or, if so requested, electronically transmitted to applicants temporarily domiciled inside or outside the continental limits of the United States not later than on the Friday immediately prior to the date of the election.

H. No absentee ballot shall be delivered or mailed by the county clerk to any person other than the applicant for such ballot.

I. The secretary of state and each county clerk shall make reasonable efforts to publicize and inform voters of the times and locations for absentee voting."

Section 5. Section 1-6-7 NMSA 1978 (being Laws 1969, Chapter 240, Section 133, as amended) is amended to read:

"1-6-7. FORM OF ABSENTEE BALLOT.--As soon as candidates and questions to be voted upon have been determined for each election, the county clerk shall procure a supply of suitable absentee ballots. The absentee ballots shall be numbered and shall be, as nearly as possible, in the same form as prescribed by the secretary of state for emergency ballots. However, to reduce weight and bulk for transport of absentee ballots, the size and weight of the paper for envelopes, ballots and instructions shall be reduced as much as possible. Absentee ballots shall be printed at least forty-five days prior to the date of a primary election and forty-nine days prior to the date of a general election. Absentee ballots for any other election shall be printed at least thirty-five days prior to the date of the election."

Section 6. Section 1-6-9 NMSA 1978 (being Laws 1969, Chapter 240, Section 135, as amended) is amended to read:

"1-6-9. MANNER OF VOTING.--

A. A person voting pursuant to the Absent Voter Act shall secretly mark his absentee ballot in the manner provided in the Election Code for marking emergency paper ballots, place it in the official inner envelope and securely seal the envelope. The voter shall then place the official inner envelope inside the official mailing envelope and securely seal the envelope. The voter shall then complete the form on the reverse of the official mailing envelope, which shall include an affirmation by the voter under penalty of perjury that the facts stated in the form are true.

B. Federal qualified electors and overseas voters shall either deliver or mail the official mailing envelope or electronically transmit the absentee ballot to the county clerk of their county of residence or deliver it to a person designated by federal authority to receive executed ballots for transmission to the county clerk of the county of residence or former residence as the case may be. Voters shall either deliver or mail the official mailing envelope to the county clerk of their county of residence."

D. The judge assigned to the voter list used for confirmation of registration and voting shall determine that each person offering to vote is registered and, in the case of a primary election, that the voter is registered in a party designated on the primary election ballot. If the person's registration is confirmed by the presence of his name on the voter list or if the person presents a certificate under the seal and signature of the county clerk showing that he is entitled to vote in the election and to vote in that precinct, the judge shall announce to the election clerks the list number and the name of the voter as shown on the voter list.

E. The election clerk shall locate that list number and name on the signature roster and shall require the voter to sign his usual signature or, if unable to write, to make his mark opposite his printed name. If the voter makes his mark, it shall be witnessed by one of the judges of the precinct board. If the signature roster indicates that the voter is required to present a form of identification before voting, the election judge shall ask the voter for a current and valid photo identification or a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows and matches the name and address of the voter as indicated on the signature roster. If the voter does not provide the required identification, he shall be allowed to vote on a provisional paper ballot.

F. The election judge shall follow the procedures provided for in Sections 1-5-12 and 1-12-8 NMSA 1978 if a person whose name does not appear on the signature list requests to vote or a person is required to vote on a provisional paper ballot.

G. A voter shall not be permitted to vote until he has properly signed his usual signature or made his mark in the signature roster.

H. After the poll is closed, the election clerk in charge of a signature roster shall draw a single horizontal line in ink through each signature space in the signature roster where no signature or mark appears."

"1-6-4. ABSENTEE BALLOT APPLICATION--FEDERAL QUALIFIED ELECTOR--OVERSEAS VOTER.--

A. Application by a federal qualified elector or an overseas voter for an absentee ballot shall be made on the official postcard form prescribed or authorized by the federal government to the county clerk of the county of his residence.

B. Application by a voter for an absentee ballot shall be made only on a form prescribed, printed and furnished by the secretary of state to the county clerk of the county in which the voter resides. C. Each application for an absentee ballot shall be subscribed by the applicant.

D. An application for an absentee ballot by a federal qualified elector or an overseas voter shall be accepted at any time preceding the general election."

Section 19. Section 1-6-5 NMSA 1978 (being Laws 1969, Chapter 240, Section 131, as amended by Laws 2001, Chapter 49, Section 1 and by Laws 2001, Chapter 58, Section 1) is amended to read:

"1-6-5. PROCESSING APPLICATION--ISSUANCE OF BALLOT--MARKING AND DELIVERY OF BALLOT IN PERSON.--

A. The county clerk shall mark each completed absentee ballot application with the date and time of receipt in the clerk's office and enter the required information in the absentee ballot register. The county clerk shall then determine if the applicant is a voter, an absent uniformed services voter or an overseas voter.

B. If the applicant has no valid certificate of registration on file in the county and he is not a federal qualified elector or if the applicant states he is a federal qualified elector but his application indicates he is not a federal qualified elector, an absentee ballot shall not be issued and the county clerk shall mark the application "Rejected" and file the application in a separate file from those accepted.

C. The county clerk shall notify each applicant in writing of the fact of acceptance or rejection of his application and, if rejected, shall explain why the application was rejected.

D. If the applicant has on file with the county a valid certificate of registration that indicates that the applicant is a voter who registered by mail without submitting the required identification, the county clerk shall notify the voter that he must submit with his absentee ballot a copy of a current and valid photo identification, utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the applicant. The county clerk shall note on the absentee ballot register and signature roster that the applicant's absentee ballot must be returned with the required identification.

E. If the county clerk finds that the applicant is a voter or a federal qualified elector, the county clerk shall mark the application "Accepted" and deliver an absentee ballot to the voter in the county clerk's office or mail to the applicant an absentee ballot and the required envelopes for use in returning the ballot. Acceptance of an application of a federal qualified elector constitutes registration for the election in which the ballot is to be cast. Acceptance of an application from an overseas voter who is not an absent uniformed services voter constitutes a request for changing information on the certificate of registration of any such voter. An absent voter shall not be permitted to change his party affiliation during those periods when change of party affiliation is prohibited by the Election Code. Upon delivery of an absentee ballot to a voter in the county clerk's office or mailing of an absentee ballot to an applicant who is a voter, an appropriate designation shall be made on the signature line of the signature roster next to the name of the voter who has been provided or mailed an absentee ballot.

The act of marking the absentee ballot in the office of the county clerk shall be a convenience to the voter in the delivery of the absentee ballot and does not make the office of the county clerk a polling place subject to the

requirements of a polling place in the Election Code other than is provided in this subsection. It shall be unlawful to solicit votes, display or otherwise make accessible any posters, signs or other forms of campaign literature whatsoever in the clerk's office. Absentee ballots may be marked in person during the regular hours and days of business at the county clerk's office from 8:00 a.m. on the fortieth day preceding the election up until 5:00 p.m. on the Saturday immediately prior to the date of the election. In marking the absentee ballot, the voter may be assisted by one person of the voter's choice.

G. Commencing with the twentieth day prior to an election, an absent voter may vote in person, on an electronic voting machine at the county clerk's office or at an alternate location established by the county clerk; provided, a county clerk may allow an absent voter to vote on an electronic voting machine beginning on the fortieth day before an election. In class A counties, the county clerk shall establish not less than four alternate locations as a convenience to the voters. Absentee voting may be done at the county clerk's office or an alternate location during the regular hours of business from 8:00 a.m. on the twentieth day prior to the election until 5:00 p.m. on the Saturday immediately prior to the election. The county clerk shall ensure that procedures established for processing an absent voter application and for voting by absentee ballot are complied with at each alternate location.

H. Absentee ballots shall be airmailed to applicants temporarily domiciled inside or outside the continental limits of the United States not later than on the Thursday immediately prior to the date of the election.

I. An absentee ballot shall not be delivered or mailed by the county clerk to any person other than the applicant for such ballot.

J. The county clerk shall accept and process, with respect to a primary or general election for any federal office, any otherwise valid voter registration application from an absent uniformed services voter or overseas voter if the application is received not less than thirty days before the election. The county clerk shall also accept and process federal write-in absentee ballots from overseas voters in general elections for federal offices in accordance with the provisions of Section 103 of the federal Uniformed and Overseas Citizens Absentee Voting Act.

K. The secretary of state and each county clerk shall make reasonable efforts to publicize and inform voters of the times and locations for absentee voting."

"1-6-5.1. FEDERAL ABSENTEE BALLOT DISTRIBUTION.--In the distribution of federal absentee ballots:

A. federal qualified electors and members of the uniformed services shall receive the entire ballot; and

B. all other overseas voters shall receive only ballots for federal candidates."

Section 21. Section 1-6-6 NMSA 1978 (being Laws 1969, Chapter 240, Section 132, as amended) is amended to read:

"1-6-6. ABSENTEE BALLOT REGISTER.--

A. For each election, the county clerk shall keep an "absentee ballot register", in which he shall enter:

- (1) the name and address of each absentee ballot applicant;
- (2) the date and time of receipt of the application;
- (3) whether the application was accepted or rejected;
- (4) the date of issue of an absentee ballot in the county clerk's office or at an alternate location or the mailing of an absentee ballot to the applicant;
- (5) the applicant's precinct;
- (6) whether the applicant is a voter, a federal voter, a federal qualified elector or an overseas voter;
- (7) whether the voter is required to submit identification pursuant to Section 1-6-5 NMSA 1978; and
- (8) the date and time the completed absentee ballot was received from the applicant by the county clerk or the absent voter voted in the county clerk's office or at an alternate location.

B. Within twenty-four hours after receipt of a voter's application for an absentee ballot, the county clerk shall mail either the ballot or a notice of rejection to the applicant.

C. The absentee ballot register is a public record open to public inspection in the county clerk's office during regular office hours. The county clerk shall have an updated absentee ballot register available for public inspection Monday through Friday during regular office hours.

D. The county clerk shall deliver to the absent voter precinct on election day a complete list of all absentee ballot applicants with applicable information shown in

the absentee ballot register for each applicant up to 5:00 p.m. on the Thursday preceding the election. The county clerk shall deliver a signature roster containing the same information as the lists to the absent voter precinct board.

E. The county clerk shall transmit to the secretary of state and to the county chairman of each of the major political parties in the county a complete copy of entries made in the absentee ballot register. The transmissions shall be made once each week beginning four weeks immediately prior to the election. A final copy shall be transmitted on the Friday immediately following the election."

Section 22. Section 1-6-14 NMSA 1978 (being Laws 1971, Chapter 317, Section 11, as amended) is amended to read:

"1-6-14. HANDLING ABSENTEE BALLOTS BY ABSENT VOTER PRECINCT BOARDS.--

A. Before opening an official mailing envelope, the presiding judge and the election judges shall determine that the required information has been completed on the reverse side of the official mailing envelope.

B. If the voter's signature is missing, the presiding judge shall write "Rejected" on the front of the official mailing envelope. The election clerks shall enter the voter's name in the signature rosters and shall write the notation "Rejected--Missing Signature" in the "Notations" column of the signature rosters. The presiding judge shall place the official mailing envelope unopened in an envelope provided for rejected ballots, seal the envelope and write the voter's name on the front of the envelope and deposit it in the locked ballot box.

C. A lawfully appointed challenger may examine the official mailing envelope and may challenge the ballot of any absent voter for the following reasons:

(1) the official mailing envelope has been opened prior to being received by the absent voter precinct board; or

(2) the person offering to vote is not a federal voter, federal qualified elector, overseas voter or voter as provided in the Election Code.

Upon the challenge of an absentee ballot, the election judges and the presiding election judge shall follow the same procedure as when ballots are challenged when a person attempts to vote in person. If a challenge is upheld, the official mailing envelope shall not be opened but shall be placed in an envelope provided for challenged ballots. The same procedure shall be followed in canvassing and determining the validity of challenged absentee ballots as with other challenged ballots.

D. If the official mailing envelope has been properly subscribed and the voter has not been challenged:

(1) the election judges shall open the official mailing envelope and deposit the ballot in its still-sealed official inner envelope in the locked ballot box; and

(2) the election clerks shall enter the absent voter's name and residence address as shown on the official mailing envelope in the signature rosters and shall mark the notation "AB" opposite the voter's name in the "Notations" column of the signature rosters.

E. Prior to the closing of the polls, the election judges and the presiding election judge may either remove the absentee ballots from the official inner envelopes and count and tally the results of absentee balloting or, under the personal supervision of the presiding election judge and one election judge from each major political party, count and tally the absentee ballots on an electronic voting machine the same as if the absent voters had been present and voted in person. It is unlawful for a person to disclose the results of a count and tally or the registration on a voting machine of absentee ballots prior to the closing of the polls.

F. Absentee ballots shall be counted and tallied on an electronic voting machine as provided in the Election Code.

G. Absent voter precinct polls shall close at the time prescribed by the Election Code for other polling places, and the results of the election shall be certified as prescribed by the secretary of state.

H. The county clerk may convene the absent voter precinct board no more than three days before the day of the election to alphabetize, enter on the roster and sort the absentee ballots by legislative district; provided that a member of the absent voter precinct board shall not open an official mailing envelope or count and canvass any absentee ballot prior to the day of the election.

- (d) includes internal quality checks such as purity or error detection and correction codes; and

(e) includes comprehensive diagnostics to ensure that failures do not go undetected;

(4) have a battery backup that will, at a minimum, allow voting to continue uninterrupted for two hours without external power;

(5) have internal audit trail capability such that all pre-election, election day and post-election events, including all random ballot image anomalies, shall be stored, recorded and recovered in an easy-to-read printed form and be retained within at least three independent memories that do not require any type of external alternating current or direct current battery power for memory retention;

(6) along with any and all activating and vote recording devices and components, have a unique embedded internal serial number for audit purposes;

(7) be a stand-alone, non-networked election system such that all pre-election, election day and post-election events and activities, including any and all entered votes, are directly entered, recorded and retained in each device in multiple memory locations within the device;

(8) for security purposes, along with each associated activating and recording device and component, employ a unique, electronically implanted election specific internal security code such that the absence of such code prevents substitution of any unauthorized system or related component;

(16) have as an integral part of the system a privacy curtain within which the voter casts his vote;

(17) have a color touch-screen that is at least fifteen inches in diagonal measure; and

(18) be able to accommodate a wheelchair voter without intervention of the poll worker other than a minor adjustment such as the angle of the display, and the voter must be able to vote in a face-first position so that privacy is maintained with the ballot surface adjusted to a vertical position.

C. If the net weight of the system, or aggregate of voting device parts, is over twenty pounds, the system shall have self-contained wheels so that the system can be easily rolled by one person on rough pavement and can roll through a standard thirty-inch door frame.

D. The device that is used by a poll worker to activate the system for each individual voter shall be a credit-card size "smart card" type of device. The poll worker shall be able to activate the card at the poll table with an activation device and hand the card to the voter to use on any open voting system. The card shall be rendered unusable by the voting system after the voter has cast a ballot. The system must be compatible with the voter registration system, so that the precinct and party information for a specific voter can be transferred to the system automatically and transferred to the smart card without poll-worker data entry. There shall be a manual solution available in the event the smart card activation device, or the smart card reading unit on the machine, fails.

E. Each system shall be able to print an alphanumeric printout of the contest, candidates, position numbers and vote totals when the polls are open so that the poll workers can verify that the counters for each candidate are on zero. At the close of the polls, the system shall be able to print out in the same format the results of the election. These printouts shall contain the system serial number, public counter total and protective counter number. The poll worker must be able to request as many copies as necessary by state law. The system shall include a feature to allow reports to be sent to a printer, the screen and a file.

G. The system shall have a mandatory pre-election testing of the ballot control logic and accuracy. The logic and accuracy test results must be stored into the memory of the main processor (central processing unit) and into the same programmable memory device that is used on election day for future reference. This should be stored by vote total summaries and by each individual ballot image randomly. The system must be capable of printing a zero-results printout prior to these tests and a results printout after the test.

H. The system shall provide an electronic, redundant storage of both the vote totals and the randomized individual ballot images.

I. The system shall allow a comparison of the multiple locations of totals and ballot images to detect any errors or discrepancies. In the event of a data discrepancy, an appropriate error message shall be displayed in a text format, in order to either correct the data error or prohibit voting from continuing.

CHAPTER 357

CHAPTER 357, LAWS 2003

AN ACT

RELATING TO ELECTIONS; CHANGING THE TIMES FOR ABSENTEE VOTING;
CHANGING REPORTING REQUIREMENTS FOR ABSENTEE BALLOT REGISTERS;
PROVIDING STANDARDS FOR VOTER ASSISTANCE; CONFORMING CERTAIN

SECTIONS OF THE ELECTION CODE TO THE REQUIREMENTS OF THE FEDERAL HELP AMERICA VOTE ACT OF 2002; AMENDING AND ENACTING SECTIONS OF THE ELECTION CODE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. Section 1-6-4 NMSA 1978 (being Laws 1969, Chapter 240, Section 130, as amended) is amended to read:

"1-6-4. ABSENTEE BALLOT APPLICATION--FEDERAL QUALIFIED ELECTOR--OVERSEAS VOTER.--

A. Application by a federal qualified elector or an overseas voter for an absentee ballot shall be made on the official postcard form prescribed or authorized by the federal government to the county clerk of the county of his residence.

B. Application by a voter for an absentee ballot shall be made only on a form prescribed by the secretary of state. The form shall identify the applicant and contain information to establish his qualification for issuance of an absentee ballot under the Absent Voter Act; provided that on the application form for a general election ballot there shall be no box, space or place provided for designation of the voter's political party affiliation. The form shall allow the applicant to receive an absentee ballot for all elections within an election cycle.

C. Each application for an absentee ballot shall be subscribed by the applicant.

D. An application for an absentee ballot by a federal qualified elector or an overseas voter shall be accepted at any time preceding the general election."

Section 2. Section 1-6-5 NMSA 1978 (being Laws 1969, Chapter 240, Section 131, as amended by Laws 2001, Chapter 49, Section 1 and by Laws 2001, Chapter 58, Section 1) is amended to read:

"1-6-5. PROCESSING APPLICATION--ISSUANCE OF BALLOT--MARKING AND DELIVERY OF BALLOT IN PERSON.--

A. The county clerk shall mark each completed absentee ballot application with the date and time of receipt in the clerk's office and enter the required information in the absentee ballot register. The county clerk shall then determine if the applicant is a voter, an absent uniformed services voter or an overseas voter.

B. If the applicant does not have a valid certificate of registration on file in the county and he is not a federal qualified elector or if the applicant states he is a federal qualified elector but his application indicates he is not a federal qualified elector,

an absentee ballot shall not be issued and the county clerk shall mark the application "rejected" and file the application in a separate file from those accepted.

C. The county clerk shall notify in writing each applicant of the fact of acceptance or rejection of his application and, if rejected, shall explain why the application was rejected.

D. If the applicant has on file with the county a valid certificate of registration that indicates that the applicant is a voter who registered by mail without submitting the required identification, the county clerk shall notify the voter that he must submit with his absentee ballot a copy of a current and valid photo identification, utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the applicant. The county clerk shall note on the absentee ballot register and signature roster that the applicant's absentee ballot must be returned with the required identification.

E. If the county clerk finds that the applicant is a voter other than a federal qualified elector or overseas voter, the county clerk shall mark the application "accepted" and, beginning twenty-eight days before the election, deliver an absentee ballot to the voter in the county clerk's office or mail to the applicant an absentee ballot and the required envelopes for use in returning the ballot. If the county clerk finds that the applicant is a federal qualified elector or overseas voter, the county clerk shall mark the application "accepted" and beginning forty-five days before the election, mail to the applicant an absentee ballot and the required envelopes for use in returning the ballot. Acceptance of an application of a federal qualified elector constitutes registration for the election in which the ballot is to be cast. Acceptance of an application from an overseas voter who is not an absent uniformed services voter constitutes a request for changing information on the certificate of registration of any such voter. An absent voter shall not be permitted to change his party affiliation during those periods when change of party affiliation is prohibited by the Election Code. Upon delivery of an absentee ballot to a voter in the county clerk's office or mailing of an absentee ballot to an applicant who is a voter, an appropriate designation shall be made on the signature line of the signature roster next to the name of the voter who has been provided or mailed an absentee ballot.

F. If an application for an absentee ballot is delivered in person to the county clerk and is accepted, the county clerk shall provide the voter an absentee ballot and it shall be marked by the applicant in a voting booth of a type prescribed by the secretary of state, sealed in the proper envelopes and otherwise properly executed and returned to the county clerk or his authorized representative before the voter leaves the office of the county clerk. The act of marking the absentee ballot in the office of the county clerk shall be a convenience to the voter in the delivery of the absentee ballot and does not make the office of the county clerk a polling place subject to the requirements of a polling place in the Election Code other than is provided in this subsection. It shall be unlawful to solicit votes, display or otherwise make accessible any posters, signs or other forms of campaign literature whatsoever in the clerk's office.

Absentee ballots may be marked in person at the county clerk's office during the regular hours and days of business beginning on the twenty-eighth day preceding the election and from 10:00 a.m. to 6:00 p.m. on the Saturday immediately prior to the date of the election. In marking the absentee ballot, the voter, pursuant to the provisions of Section 1-12-15 NMSA 1978, may be assisted by one person of the voter's choice.

G. Commencing on the third Saturday prior to an election, an absent voter may vote in person, on an electronic voting machine at an alternate location established by the county clerk. In class A counties with more than two hundred thousand registered voters, the county clerk shall establish not less than twelve alternate voting locations as a convenience to the voters. For class A counties with two hundred thousand registered voters or less, the county clerk shall establish not less than four alternate voting locations. In non-class A counties with more than ten thousand registered voters, the county clerk shall establish at least one alternate voting location. In non-class A counties with ten thousand registered voters or less, early voting shall be conducted in the office of the county clerk or at such alternative locations as may be designated by the county clerk. Absentee voting may be done at an alternate location from 12:00 p.m. to 8:00 p.m., Tuesday through Friday, and 10:00 a.m. to 6:00 p.m. Saturday through the Saturday immediately prior to the election. The county clerk shall ensure that procedures established for processing an absent voter application and for voting by absentee ballot are complied with at each alternate location.

H. Absentee ballots shall be airmailed to applicants temporarily domiciled inside or outside the continental limits of the United States not later than on the Thursday immediately prior to the date of the election.

I. An absentee ballot shall not be delivered or mailed by the county clerk to any person other than the applicant for such ballot.

J. The county clerk shall accept and process, with respect to a primary or general election for any federal office, any otherwise valid voter registration application from an absent uniformed services voter or overseas voter if the application is received not less than thirty days before the election. The county clerk shall also accept and process federal write-in absentee ballots from overseas voters in general elections for federal offices in accordance with the provisions of Section 103 of the federal Uniformed and Overseas Citizens Absentee Voting Act.

K. The secretary of state and each county clerk shall make reasonable efforts to publicize and inform voters of the times and locations for absentee voting."

Section 3. Section 1-6-6 NMSA 1978 (being Laws 1969, Chapter 240, Section 132, as amended) is amended to read:

"1-6-6. ABSENTEE BALLOT REGISTER.--

A. For each election, the county clerk shall keep an "absentee ballot register", in which he shall enter:

- (1) the name and address of each absentee ballot applicant;
- (2) the date and time of receipt of the application;
- (3) whether the application was accepted or rejected;
- (4) the date of issue of an absentee ballot in the county clerk's office or at an alternate location or the mailing of an absentee ballot to the applicant;
- (5) the applicant's precinct;
- (6) whether the applicant is a voter, a federal voter, a federal qualified elector or an overseas voter;
- (7) whether the voter is required to submit identification pursuant to Section 1-6-5 NMSA 1978; and
- (8) the date and time the completed absentee ballot was received from the applicant by the county clerk or the absent voter voted early in person in the county clerk's office or at an alternate location.

B. Within twenty-four hours after receipt of a voter's application for an absentee ballot, the county clerk shall mail either the ballot, if it is within twenty-eight days of election day or a notice of rejection to the applicant.

C. The absentee ballot register is a public record open to public inspection in the county clerk's office during regular office hours. The county clerk shall have an updated absentee ballot register available for public inspection Monday through Friday during regular office hours.

D. The county clerk shall deliver to the absent voter precinct on election day a complete list of all absentee ballot applicants and early voters with applicable information shown in the absentee ballot register for each applicant and early voter up to 6:00 p.m. on the Saturday preceding the election. The county clerk shall deliver a signature roster containing the same information as the lists to the absent voter precinct board.

E. The county clerk shall transmit to the secretary of state and to the county chairman of each of the major political parties in the county a complete copy of entries made in the absentee ballot register. Such transmissions shall be made once each week beginning four weeks immediately prior to the election. A final copy shall be transmitted on the Saturday immediately following the election.

F. D. The commission shall not issue a permit to an intrastate contract motor carrier of persons if it finds that the authority sought will impair the provision of transportation services by a certificated intrastate common motor carrier of persons then serving the same territory.

E. Before granting a permit to an intrastate contract motor carrier of household goods, the commission shall consider:

(1) whether granting the permit would endanger or impair the operations of carriers protesting the application for a permit to an extent contrary to the public interest; and

(2) the effect that denying the permit would have on the person applying for the permit and its shippers.

F. A permit issued by the commission shall specify the business of the intrastate contract motor carrier, the scope of the authority granted to it and the terms, conditions and limitations of the authority.

G. An intrastate contract motor carrier of persons or household goods shall file with the commission each contract under which it intends to operate. The commission shall approve a contract and authorize operations if it finds that the contract is consistent with the public interest and the provisions of this section.

H. The commission shall not limit an intrastate contract motor carrier of persons or household goods to a fixed number of contracts.

I. A motor carrier owning a certificate and a permit for the same type of service may use the same equipment for both common and contract services provided that shared use does not impair the provision of transportation services under the certificate.

Section 11. TEMPORARY AUTHORITY FOR INTRASTATE MOTOR CARRIERS OF PERSONS OR HOUSEHOLD GOODS.--

A. The commission may without notice grant temporary operating authority to an intrastate motor carrier of persons or household goods for a period not to exceed ninety days if it finds that:

B. Satisfactory proof of urgent and immediate need shall be made by affidavit or other verified proof as the commission shall by rule prescribe.

C. An applicant for temporary authority as a common motor carrier shall file tariffs covering the transportation services for which temporary authority is being sought.

D. After temporary authority has been granted, the applicant shall give notice of the grant of temporary authority to a motor carrier authorized to perform the service temporarily authorized. If such motor carrier or the staff of the transportation division of the commission files a written request for a hearing within twenty-five days of the date notice was mailed, the commission shall hold a public hearing and make such further determination with respect to the grant of temporary authority as the public interest may require.

E. Intrastate motor carriers operating under temporary authority shall comply with the requirements of the Motor Carrier Act and the rules of the commission.

F. A grant of temporary authority shall not create a presumption that permanent authority will be granted.

Section 12. WARRANTS.--

A. It is unlawful for any commuter service, charter service, towing service or motor carrier of property to provide compensated intrastate transportation in the state without a warrant from the commission.

B. The commission shall issue a warrant that allows a person to provide compensated intrastate transportation as a commuter service, charter service, towing service or motor carrier of property if the commission finds that the person is in compliance with the financial responsibility and safety requirements of the Motor Carrier Act and the rules of the commission.

C. A person may protest an application for a warrant if the person has reason to believe that the applicant does not meet the safety or financial responsibility requirements of the Motor Carrier Act and the rules of the commission.

D. A warrant shall not be transferred or leased to another person.

E. The commission may without notice or a public hearing cancel a warrant if the owner fails to operate under the warrant for twelve consecutive months.

A. A contract motor carrier shall not protest an application for a certificate or for a change in a certificate.

B. A common or contract motor carrier shall not protest an application for a permit or for a change in a permit.

C. A common motor carrier shall not protest an application for a certificate or for a change in a certificate unless:

(1) it possesses authority to handle, in whole or in part, the traffic for which the applicant seeks authority, or it has pending before the commission an application for authority for substantially the same traffic filed prior to the application to be protested; and

(2) it is willing and able to provide service that meets the reasonable needs of the customers or shippers involved; and

(3) it has provided service within the scope of the protested application during the previous twelve-month period, or has actively and in good faith solicited service within the scope of the protested application during such period; or

(4) the commission grants leave to intervene upon a showing of other interests that are not contrary to the provisions of the Motor Carrier Act.

Section 14. CHANGES IN CERTIFICATES OR PERMITS.--

A. A change in a certificate, permit or tariff shall not be valid or effective without the approval of the commission.

B. The commission may, for good cause and after notice and public hearing requirements are met, authorize the following changes in all or part of a certificate or permit at the request of the person owning the certificate or permit if the commission finds:

(1) that the proposed rates are reasonable, non-predatory and nondiscriminatory for a change in a tariff;

(2) that the applicant meets the requirements pursuant to Section 8 of the Motor Carrier Act for an amendment of a certificate as a common motor carrier of persons;

(3) that the applicant meets the requirements pursuant to Section 10 of the Motor Carrier Act for an amendment of a permit as a contract motor carrier of persons;

(b) the transferor-applicant has rendered reasonably continuous and adequate service prior to the application for lease or transfer;

(c) accrued taxes, rents, wages of employees and other indebtedness pertaining to all or part of a certificate or permit proposed to be transferred have been paid by the transferor-applicant or assumed by the transferee-applicant;

(d) the transfer does not have the effect of destroying competition or creating a monopoly; and

(e) the transfer is not inconsistent with the public interest; or
