"7-2A-9.1. ESTIMATED TAX DUE--PAYMENT OF ESTIMATED TAX--
PENALTY--EXEMPTION.--

A. Every taxpayer shall pay estimated corporate income tax to the state of New Mexico during its taxable year if its tax after applicable credits is five thousand dollars (\$5,000) or more in the current taxable year. A taxpayer to which this section applies shall calculate estimated tax by one of the following methods:

(1) estimating the amount of tax due, net of any credits, for the current taxable year, provided that the estimated amount is at least eighty percent of the amount determined to be due for the taxable year;

(2) using as the estimate an amount equal to one hundred percent of the tax due for the previous taxable year, if the previous taxable year was a full twelve-month year;

(3) using as the estimate an amount equal to one hundred ten percent of the tax due for the taxable year immediately preceding the previous taxable year, if the taxable year immediately preceding the previous taxable year was a full twelve-month year and the return for the previous taxable year has not been filed and the extended due date for filing that return has not occurred at the time the first installment is due for the taxable year; or

(4) estimating the amount of tax due, net of any credits, for each fiscal quarter of the current taxable year, provided that the estimated amount is at least eighty percent of the amount determined to be due for that quarter.

B. If Subsection A of this section applies, the amount of estimated tax shall be paid in installments as provided in this subsection. Twenty-five percent of the estimated tax calculated under Paragraph (1), (2) or (3) of Subsection A of this section or one hundred percent of the estimated tax calculated under Paragraph (4) of Subsection A of this section is due on or before the following dates: the fifteenth day of the fourth month of the taxable year, the fifteenth day of the sixth month of the taxable year, the fifteenth day of the ninth month of the taxable year and the fifteenth day of the twelfth month of the taxable year. D. For purposes of this section, the amount of underpayment shall be the excess of the amount of the installment that would be required to be paid if the estimated tax were equal to eighty percent of the tax shown on the return for the taxable year or the amount required by Paragraph (2), (3) or (4) of Subsection A of this section or, if no return was filed, eighty percent of the tax for the taxable year for which the estimated tax is due less the amount, if any, of the installment paid on or before the last date prescribed for payment.

E. For purposes of this section, the period of underpayment shall run from the date the installment was required to be paid to whichever of the following dates is earlier:

(1) the fifteenth day of the third month following the end of the taxable year; or

(2) with respect to any portion of the underpayment, the date on which such portion is paid. For the purposes of this paragraph, a payment of estimated tax on any installment date shall be applied as a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under Subsection D of this section due on such installment date.

F. For the purposes of this section, the amount of tax deducted and withheld with respect to a taxpayer under the Withholding Tax Act or the Oil and Gas Proceeds Withholding Tax Act shall be deemed a payment of estimated tax. An equal amount of the amount of withheld tax shall be deemed paid on each due date for the applicable taxable year unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts withheld shall be deemed payments of estimated tax on the dates on which the amounts were actually withheld. The taxpayer may apply the provisions of this subsection separately to amounts withheld under the Withholding Tax Act or the Oil and Gas Proceeds Withholding Tax Act."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Chapter 16 Section 1 Laws 2009

Section 1. Section 7-20C-3 NMSA 1978 (being Laws 1991, Chapter 176, Section 3, as amended) is amended to read:

"7-20C-3. LOCAL HOSPITAL GROSS RECEIPTS TAX--AUTHORITY TO IMPOSE--ORDINANCE REQUIREMENTS.--

A. A majority of the members elected to the governing body of a county may enact an ordinance imposing an excise tax on a person engaging in business in the county for the privilege of engaging in business. This tax is to be referred to as the "local hospital gross receipts tax". The rate of the tax shall be:

(1) one-half percent of the gross receipts of the person engaging in business if the tax is initially imposed before January 1, 1993;

(2) one-eighth percent of the gross receipts of the person engaging in business if the tax is initially imposed after January 1, 1993; and

(3) a rate not to exceed one-half percent of the gross receipts of the person engaging in business if the tax is imposed after July 1, 1996 in a county described in Paragraph (4), (6), (7) or (8) of Subsection A of Section 7-20C-2 NMSA 1978; provided the tax may be imposed in any number of increments of one-eighth percent not to exceed an aggregate rate of one-half percent of gross receipts.

B. The local hospital gross receipts tax imposed:

(1) initially before January 1, 1993 shall be imposed only once for the period necessary for payment of the principal and interest on revenue bonds issued to accomplish the purpose for which the revenue is dedicated, but the period shall not exceed ten years from the effective date of the ordinance imposing the tax; or

(2) after July 1, 1996 in a county described in Paragraph (4) or (8) of Subsection A of Section 7-20C-2 NMSA 1978 shall be imposed for the period necessary for payment of the principal and interest on revenue bonds issued to accomplish the purpose for which the revenue is dedicated, but the period shall not exceed forty years from the effective date of the ordinance imposing the tax; provided, however, that the governing body of a county described in Paragraph (8) of Subsection A of Section 7-20C-2 NMSA 1978 that has enacted an ordinance imposing an increment of the local hospital gross receipts tax pursuant to the provisions of this paragraph may, prior to the date of the delayed repeal of the ordinance, enact an ordinance to modify the period of imposition of the tax and modify the purposes for which the revenue from the tax is dedicated, consistent with one or more of the purposes permitted pursuant to Paragraph (6) of Subsection D of this section. The ordinance shall be subject to the election requirement of Subsection E of this section.

C. No local hospital gross receipts tax authorized in Subsection A of this section shall be imposed initially after January 1, 1993 in a county described in Paragraph (2), (3) or (5) of Subsection A of Section 7-20C-2 NMSA 1978 unless:

(1) in a county described in Paragraph (2) of Subsection A of Section 7-20C-2 NMSA 1978, the voters of the county have approved the issuance of general obligation bonds of the county sufficient to pay at least one-half of the costs of the county hospital facility or county twenty-four-hour urgent care or emergency facility for which the local hospital gross receipts tax revenues are dedicated, including the costs of all acquisition, renovation and equipping of the facility; or

D. The governing body of a county enacting an ordinance imposing a local hospital gross receipts tax shall dedicate the revenue from the tax as provided in this subsection. In any election held, the ballot shall clearly state the purpose to which the revenue will be dedicated and the revenue shall be used by the county for that purpose. The revenue shall be dedicated as follows:

(1) prior to January 1, 1993, the governing body, at the time of enacting an ordinance imposing the rate of the tax authorized in Subsection A of this section, shall dedicate the revenue for acquisition of land for and the design, construction, equipping and furnishing of a county hospital facility to be operated by the county or operated and maintained by another party pursuant to a lease with the county;

(3) if the governing body of a county described in Paragraph (4) or (8) of Subsection A of Section 7-20C-2 NMSA 1978 is enacting the ordinance imposing the tax after July 1, 1995, the governing body shall dedicate the revenue for acquisition of land or buildings for and the renovation, design, construction, equipping or furnishing of a county hospital facility or health clinic to be operated by the county or operated and maintained by another party pursuant to a health care facilities contract, lease or management contract with the county; provided, however, that the governing body of a county described in Paragraph (8) of Subsection A of Section 7-20C-2 NMSA 1978 that has imposed an increment of the local hospital gross receipts tax prior to January 1, 2009 and dedicated the revenue from that imposition pursuant to the provisions of this

paragraph may, prior to the date of the delayed repeal of the ordinance imposing the increment of the tax, enact an ordinance to modify the period of imposition of the tax and modify the purposes for which the revenue from the tax is dedicated, consistent with one or more of the purposes permitted pursuant to Paragraph (6) of this subsection. The ordinance shall be subject to the election requirement of Subsection E of this section;

(4) if the governing body of a county described in Paragraph (6) or (9) of Subsection A of Section 7-20C-2 NMSA 1978 is enacting the ordinance imposing the tax after July 1, 1997, the governing body shall dedicate the revenue for either or a combination of the following:

(6) if the governing body of a county described in Paragraph (8) of Subsection A of Section 7-20C-2 NMSA 1978 is enacting the ordinance imposing one or more increments of the tax after January 1, 2009, the governing body shall dedicate the revenue for either or both of the following:

(a) payment of the principal and interest on revenue bonds, including refunding bonds, issued for acquisition of land or buildings for and the renovation, design, construction, equipping or furnishing of hospital facilities or health care clinic facilities to be operated by the county or operated and maintained by another party pursuant to a health care facilities contract, lease or management contract with the county; and

(b) use as matching funds for state or federal programs benefiting the facilities.

E. The ordinance shall not go into effect until after an election is held and a simple majority of the qualified electors of the county voting in the election vote in

favor of imposing the local hospital gross receipts tax and, in the case of a county described in Paragraph (3) or (5) of Subsection A of Section 7-20C-2 NMSA 1978, also vote in favor of a property tax at a rate of one dollar (\$1.00) for each one thousand dollars (\$1,000) of taxable value of property in the county. The governing body shall adopt a resolution calling for an election within seventy-five days of the date the ordinance is adopted on the question of imposing the tax. The question may be submitted to the qualified electors and voted on as a separate question in a general election or in any special election called for that purpose by the governing body. A special election on the question shall be called, held, conducted and canvassed in substantially the same manner as provided by law for general elections. If the question of imposing a local hospital gross receipts tax fails or if the question of imposing both a local hospital gross receipts tax and a property tax fails, the governing body shall not again propose a local hospital gross receipts tax for a period of one year after the election. A certified copy of any ordinance imposing a local hospital gross receipts tax shall be mailed to the department within five days after the ordinance is adopted in an election called for that purpose.

B. Ordinances enacted by a municipality or county pursuant to the Historic District and Landmark Act shall apply to a state capital outlay project only as provided in this section and only if the ordinances contain special provisions and standards applicable to state buildings, including provisions concerning the design, construction, alteration or demolition of the exterior features of state buildings. G. If notice is timely given by a municipality or county, pursuant to Subsection F of this section, that issues remain unresolved, those issues shall be decided pursuant to the following provisions:

"(first verse)

Where the Piñon Mesa rolls

And the campfire cures your woes

Watchin' the sly roadrunner flee

On the tail of an autumn breeze

I'm leanin' against a juniper bole

As the creek water takes a stroll

(chorus)

That's where you'll find me

Where the big back country lies

There the cowboy's free to ride

Out under New Mexico skies

(second verse)

Where the lean jack hops along

And the coyote sings his song

Up high the rocky spires shade

The sunny desert days

I'm leanin' against adobe walls of old

Their stories to be told

(chorus)

That's where you'll find me

Where the big back country lies

There the cowboy's free to ride

Out under New Mexico skies

(third verse)

Just me and a covey of gamblin' quail

Lopin' down the Turquoise Trail

(chorus)

That's where you'll find me

Where the big back country lies

There the cowboy's free to ride

Out under New Mexico skies".

"30-18-1.2. DISPOSITION OF SEIZED ANIMALS.--

A. If the court finds that a seized animal is not being cruelly treated and that the animal's owner is able to provide for the animal adequately, the court shall return the animal to its owner.

B. If the court finds that a seized animal is being cruelly treated or that the animal's owner is unable to provide for the animal adequately, the court shall hold a hearing to determine the disposition of the animal.

C. An agent of the New Mexico livestock board, an animal control agency operated by the state, a county or a municipality, or an animal shelter or other animal welfare organization designated by an animal control agency or an animal shelter, in the custody of which an animal that has been cruelly treated has been placed may petition the court to request that the animal's owner may be ordered to post security with the court to indemnify the costs incurred to care and provide for the seized animal pending the disposition of any criminal charges of committing cruelty to animals pending against the animal's owner.

If the posting of security is ordered, the animal control agency, animal shelter or animal welfare organization may, with permission of the court, draw from the security to indemnify the costs incurred to care and provide for the seized animal pending disposition of the criminal charges.

D. All interested parties, including the district attorney, shall be given an opportunity to present evidence at the hearing, and if the court finds that the owner has cruelly treated the livestock, the court shall order the sale of the livestock at fair market value or order humane destruction. E. A person that is a building owner may apply for a certificate of eligibility for the sustainable building tax credit from the energy, minerals and natural resources department after the construction, installation or renovation of the sustainable building is complete. Applications shall be considered in the order received. If the energy, minerals and natural resources department determines that the building owner meets the requirements of this subsection and that the building with respect to which the tax credit application is made meets the requirements of this section as a sustainable residential building or a sustainable commercial building, the energy, minerals and natural resources department may issue a certificate of eligibility to the building owner, subject to the limitation in Subsection F of this section. The certificate shall include the rating system certification level awarded to the building, the amount of qualified occupied square footage in the building and a calculation of the maximum amount of sustainable building tax credit for which the building owner would be eligible. The energy, minerals and natural resources department may issue rules governing the procedure for administering the provisions of this subsection. If the certification level for the sustainable residential building is awarded on or after January 1, 2007, the energy, minerals and natural resources department may issue a certificate of eligibility to a building owner who is:

(1) the owner of the sustainable residential building at the time the certification level for the building is awarded; or

(2) the subsequent purchaser of a sustainable residential building with respect to which no tax credit has been previously claimed.

F. The energy, minerals and natural resources department may issue a certificate of eligibility only if the total amount of sustainable building tax credits represented by certificates of eligibility issued by the energy, minerals and natural resources department pursuant to this section and pursuant to the Corporate Income and Franchise Tax Act shall not exceed in any calendar year an aggregate amount of five million dollars (\$5,000,000) with respect to sustainable commercial buildings and an aggregate amount of five million dollars (\$5,000,000) with respect to sustainable residential buildings; provided that no more than one million two hundred fifty thousand dollars (\$1,250,000) of the aggregate amount with respect to sustainable residential buildings shall be for manufactured housing. If for any taxable year, the energy, minerals and natural resources department determines that the applications for sustainable building tax credits with respect to sustainable residential buildings for that taxable year exceed the aggregate limit set in this section, the energy, minerals and natural resources department may issue certificates of eligibility under the aggregate annual limit for sustainable commercial buildings to building owners of multifamily dwelling units that meet the requirements of the energy, minerals and natural resources department and of this section; provided that applications for sustainable building credits for other sustainable commercial buildings total less than the full amount allocated for tax credits for sustainable commercial buildings.

G. Installation of a solar thermal system or a photovoltaic system eligible for the solar market development tax credit pursuant to Section 7-2-18.14 NMSA 1978 may not be used as a component of qualification for the rating system certification level used in determining eligibility for the sustainable building tax credit, unless a solar market development tax credit pursuant to Section 7-2-18.14 NMSA 1978 has not been claimed with respect to that system and the building owner and the taxpayer claiming the sustainable building tax credit certify that such a tax credit will not be claimed with respect to that system.

H. To be eligible for the sustainable building tax credit, the building owner shall provide to the taxation and revenue department a certificate of eligibility issued by the energy, minerals and natural resources department pursuant to the requirements of Subsection E of this section and any other information the taxation and revenue department may require to determine the amount of the tax credit for which the building owner is eligible.

I. If the requirements of this section have been complied with, the department shall issue to the building owner a document granting a sustainable building tax credit. The document shall be numbered for identification and declare its date of issuance and the amount of the tax credit allowed pursuant to this section. The document may be submitted by the building owner with that taxpayer's income tax return, if applicable, or may be sold, exchanged or otherwise transferred to another taxpayer. The parties to such a transaction shall notify the department of the sale, exchange or transfer within ten days of the sale, exchange or transfer.

J. Except as provided in Subsection K of this section, the sustainable building tax credit represented by the document issued pursuant to Subsection I of this section shall be applied against the taxpayer's income tax liability for the taxable year for which the credit is approved and the three subsequent taxable years, in increments of twenty-five percent of the total credit amount in each of the four taxable years. If the amount of the credit available in a taxable year exceeds the taxpayer's income tax liability for that taxable year, the excess may be carried forward for up to seven years.

K. If the total amount of a sustainable building tax credit approved by the department is less than

twenty-five thousand dollars (\$25,000), the entire amount of the credit may be applied against the taxpayer's income tax liability for the taxable year for which the credit is approved. If the amount of the credit exceeds the taxpayer's income tax liability for that taxable year, the excess may be carried forward for up to seven years.

L. A taxpayer who otherwise qualifies and claims a sustainable building tax credit with respect to a sustainable building owned by a partnership or other business association of which the taxpayer is a member may claim a credit only in proportion to that taxpayer's interest in the partnership or association. The total credit claimed in the aggregate by all members of the partnership or association with respect

to the sustainable building shall not exceed the amount of the credit that could have been claimed by a sole owner of the property.

E. A person that is a building owner may apply for a certificate of eligibility for the sustainable building tax credit from the energy, minerals and natural resources department after the construction, installation or renovation of the sustainable building is complete. Applications shall be considered in the order received. If the energy, minerals and natural resources department determines that the building owner meets the requirements of this subsection and that the building with respect to which the tax credit application is made meets the requirements of this section as a sustainable residential building or a sustainable commercial building, the energy, minerals and natural resources department may issue a certificate of eligibility to the building owner, subject to the limitation in Subsection F of this section. The certificate shall include the rating system certification level awarded to the building, the amount of qualified occupied square footage in the building and a calculation of the maximum amount of sustainable building tax credit for which the building owner would be eligible. The energy, minerals and natural resources department may issue rules governing the procedure for administering the provisions of this subsection. If the certification level for the sustainable residential building is awarded on or after January 1, 2007, the energy, minerals and natural resources department may issue a certificate of eligibility to a building owner who is:

(1) the owner of the sustainable residential building at the time the certification level for the building is awarded; or

(2) the subsequent purchaser of a sustainable residential building with respect to which no tax credit has been previously claimed.

F. The energy, minerals and natural resources department may issue a certificate of eligibility only if the total amount of sustainable building tax credits represented by certificates of eligibility issued by the energy, minerals and natural resources department pursuant to this section and pursuant to the Income Tax Act shall not exceed in any calendar year an aggregate amount of five million dollars (\$5,000,000) with respect to sustainable commercial buildings and an aggregate amount of five million dollars (\$5,000,000) with respect to sustainable residential

buildings; provided that no more than one million two hundred fifty thousand dollars (\$1,250,000) of the aggregate amount with respect to sustainable residential buildings shall be for manufactured housing. If for any taxable year, the energy, minerals and natural resources department determines that the applications for sustainable building tax credits with respect to sustainable residential buildings for that taxable year exceed the aggregate limit set in this section, the energy, minerals and natural resources department may issue certificates of eligibility under the aggregate annual limit for sustainable commercial buildings to building owners of multifamily dwelling units that meet the requirements of the energy, minerals and natural resources department and of this section; provided that applications for sustainable building credits for other sustainable commercial buildings total less than the full amount allocated for tax credits for sustainable commercial buildings.

G. Installation of a solar thermal system or a photovoltaic system eligible for the solar market development tax credit pursuant to Section 7-2-18.14 NMSA 1978 may not be used as a component of qualification for the rating system certification level used in determining eligibility for the sustainable building tax credit, unless a solar market development tax credit pursuant to Section 7-2-18.14 NMSA 1978 has not been claimed with respect to that system and the building owner and the taxpayer claiming the sustainable building tax credit certify that such a tax credit will not be claimed with respect to that system.

H. To be eligible for the sustainable building tax credit, the building owner shall provide to the taxation and revenue department a certificate of eligibility issued by the energy, minerals and natural resources department pursuant to the requirements of Subsection E of this section and any other information the taxation and revenue department may require to determine the amount of the tax credit for which the building owner is eligible.

I. If the requirements of this section have been complied with, the department shall issue to the building owner a document granting a sustainable building tax credit. The document shall be numbered for identification and declare its date of issuance and the amount of the tax credit allowed pursuant to this section. The document may be submitted by the building owner with that taxpayer's income tax return, if applicable, or may be sold, exchanged or otherwise transferred to another taxpayer. The parties to such a transaction shall notify the department of the sale, exchange or transfer within ten days of the sale, exchange or transfer.

J. Except as provided in Subsection K of this section, the sustainable building tax credit represented by the document issued pursuant to Subsection I of this section shall be applied against the taxpayer's corporate income tax liability for the taxable year for which the credit is approved and the three subsequent taxable years, in increments of twenty-five percent of the total credit amount in each of the four taxable years. If the amount of the credit available in a taxable year exceeds the taxpayer's corporate income tax liability for that taxable year, the excess may be carried forward for up to seven years.

K. If the total amount of a sustainable building tax credit approved by the department is less than

twenty-five thousand dollars (\$25,000), the entire amount of the credit may be applied against the taxpayer's corporate income tax liability for the taxable year for which the credit is approved. If the amount of the credit exceeds the taxpayer's corporate income tax liability for that taxable year, the excess may be carried forward for up to seven years.

L. A taxpayer that otherwise qualifies and claims a sustainable building tax credit with respect to a sustainable building owned by a partnership or other business association of which the taxpayer is a member may claim a credit only in proportion to that taxpayer's interest in the partnership or association. The total credit claimed in the aggregate by all members of the partnership or association with respect to the sustainable building shall not exceed the amount of the credit that could have been claimed by a sole owner of the property.

E. Any subdivider submitting a preliminary plat for approval shall submit sufficient information to the board of county commissioners to permit the board to determine whether the subdivider can fulfill the requirements of Subsections B and C of this section.

F. In determining whether a subdivider can fulfill the requirements of Subsections B and C of this section, the board of county commissioners shall, within ten days after the preliminary plat is deemed complete, request opinions from:

(1) the state engineer to determine:

(a) whether the subdivider can furnish water sufficient in quantity to fulfill the maximum annual water requirements of the subdivision, including water for indoor and outdoor domestic uses; and

(b) whether the subdivider can fulfill the proposals in the subdivider's disclosure statement concerning water, excepting water quality;

(a) whether the subdivider can furnish, fulfill or otherwise meet the requirements set forth in Paragraphs (1) through (4) of this subsection; and

(b) how the subdivider's proposed plat may directly affect cultural properties, archaeological sites and unmarked burials; and

G. If, in the opinion of each appropriate public agency or an Indian nation, tribe or pueblo, a subdivider can fulfill the requirements of Subsection F of this section, the board of county commissioners shall weigh these opinions in determining whether to approve the preliminary plat at a public hearing to be held in accordance with Section 47-6-14 NMSA 1978.

No more than thirty days following the date of the expiration of the thirty-day period, during which the public agency or the Indian nation, tribe or pueblo reviews any additional information submitted by the subdivider, the board of county commissioners shall hold a public hearing in accordance with Section 47-6-14 NMSA 1978 to determine whether to approve the preliminary plat. Where the public agency has rendered an adverse opinion, the subdivider has the burden of showing that the adverse opinion is incorrect either as to factual or legal matters. Where the Indian nation, tribe or pueblo has rendered an adverse opinion, the subdivider may submit additional information to the board of county commissioners. If a public agency disagrees with an adverse opinion rendered by an Indian nation, tribe or pueblo, that agency shall submit a response to the board of county commissioners.

I. If a type-three subdivision contains five or fewer parcels of land, and unless the land within the subdivision has been previously identified in the county's comprehensive plan, as amended or supplemented, or zoning ordinances as an area subject to unique circumstances or conditions that require additional review:

(1) if the smallest parcel is not less than three acres in size, the board of county commissioners shall use the same summary procedure for reviewing the subdivision as the board uses for reviewing type-five subdivisions; or

(2) if the smallest parcel is less than three acres in size, the board of county commissioners may use the same summary procedure for reviewing the subdivision as the board uses for reviewing type-five subdivisions.

M. The board of county commissioners shall by regulation establish a procedure for summary review for certain type-three subdivisions, as provided in Subsection I of this section, and all type-five subdivisions. If the board of county commissioners fails to adopt criteria for summary review, the board of county commissioners shall approve the plat if it complies with Sections 47-6-3 and 47-6-4 NMSA 1978 within the time limitation set forth in Section 47-6-22 NMSA 1978. The board of county commissioners may delegate to any county administrative officer or planning commission member the authority to approve any subdivision under summary review. Approval by summary review is conclusive evidence of the approval of the board of county commissioners."

Boards of county commissioners delivering opinion requests shall obtain receipts showing the day the opinion request was received by the particular public agency or Indian nation, tribe or pueblo."

"47-6-22. TIME LIMIT ON ADMINISTRATIVE ACTION.--

A. All opinions required of public agencies or submitted by an Indian nation, tribe or pueblo shall be furnished to the board of county commissioners within thirty days after the public agencies or Indian nation, tribe or pueblo receives the written request and accompanying information from the board of county commissioners. If the board of county commissioners does not receive a requested opinion within the thirty-day period, the board shall proceed in accordance with its own best judgment concerning the subject of the opinion request. The failure of a public agency or Indian nation, tribe or pueblo to provide an opinion when requested by the board of county commissioners does not indicate that the subdivider's provisions concerning the subject of the opinion request were acceptable or unacceptable or adequate or inadequate.

B. Final plats submitted to the board of county commissioners for approval shall be approved or disapproved at a public meeting of the board of county commissioners within thirty days of the date the final plat is deemed complete.

C. Chapter 82 Section 305 Laws 2009

Section 305. SECURITIES REGISTRATION FILINGS.--

A. A registration statement may be filed by the issuer, a person on whose behalf the offering is to be made or a broker-dealer registered pursuant to the New Mexico Uniform Securities Act.

B. A person filing a registration statement shall pay a filing fee of one-tenth of one percent of the maximum aggregate offering price at which the registered securities are to be offered in New Mexico, but not less than five hundred twenty-five dollars (\$525) nor more than two thousand five hundred dollars (\$2,500) or five hundred twenty-five dollars (\$525) if the person is an issuer or a person acting on behalf of an issuer and is claiming an exemption from the registration requirements of federal law regarding small company offerings under Rule 504 of Regulation D (17 C.F.R. 230.504).

If a registration statement is withdrawn before the effective date or a preeffective stop order is issued pursuant to Section 306 of the New Mexico Uniform Securities Act, the director shall retain the fee set forth in this subsection.

C. A registration statement filed pursuant to Section 303 or 304 of the New Mexico Uniform Securities Act shall specify:

(1) the amount of securities to be offered in New Mexico;

(2) the states in which a registration statement or similar record in connection with the offering has been or is to be filed; and

(3) any adverse order, judgment or decree issued in connection with the offering by a state securities regulator, the securities and exchange commission or a court.

D. A record filed pursuant to the New Mexico Uniform Securities Act or the predecessor act within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the record is currently accurate.

E. In the case of a nonissuer distribution, information or a record may not be required pursuant to Subsection I of this section or Section 304 of the New Mexico Uniform Securities Act, unless it is known to the person filing the registration statement or to the person on whose behalf the distribution is to be made or unless it can be furnished by those persons without unreasonable effort or expense.

F. A rule adopted or order issued pursuant to the New Mexico Uniform Securities Act may require as a condition of registration that a security issued within the previous five years or to be issued to a promoter for a consideration substantially less than the public offering price or to a person for a consideration other than cash be deposited in escrow; and that the proceeds from the sale of the registered security in New Mexico be impounded until the issuer receives a specified amount from the sale of the security either in New Mexico or elsewhere. The conditions of any escrow or impoundment required pursuant to this subsection may be established by rule adopted or order issued pursuant to the New Mexico Uniform Securities Act, but the director shall not reject a depository institution solely because of its location in another state.

G. A rule adopted or order issued pursuant to the New Mexico Uniform Securities Act may require as a condition of registration that a security registered pursuant to that act be sold only on a specified form of subscription or sale contract and that a signed or conformed copy of each contract be filed pursuant to that act or preserved for a period specified by the rule or order, which shall not be longer than five years.

H. Except while a stop order is in effect pursuant to Section 306 of the New Mexico Uniform Securities Act, a registration statement is effective for one year after its effective date, or for any longer period designated in an order pursuant to that act during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by an underwriter or broker-dealer that is still offering part of an unsold allotment or subscription taken as a participant in the distribution. For the purposes of a nonissuer transaction, all outstanding securities of the same class identified in the registration statement as a security registered pursuant to the New Mexico Uniform Securities Act are considered to be registered while the registration statement is effective. If any securities of the same class are outstanding, a registration statement shall not be withdrawn until one year after its effective date. A registration statement may be withdrawn only with the approval of the director.

I. While a registration statement is effective, a rule adopted or order issued pursuant to the New Mexico Uniform Securities Act may require the person that filed the registration statement to file reports, not more often than quarterly, to keep the information or other record in the registration statement reasonably current and to disclose the progress of the offering.

J. A registration statement may be amended after its effective date. The posteffective amendment becomes effective when the director so orders. If a posteffective amendment is made to increase the number of securities specified to be offered or sold, the person filing the amendment shall pay an additional registration fee of three times the fee otherwise payable, calculated in the manner specified in Subsection B of this section, with respect to the additional securities to be offered and sold, unless the maximum filing fee has been paid. If the maximum filing fee was paid at the time of filing the original registration statement, no additional filing fee is required to be paid with the amendment. A posteffective amendment relates back to the date of the offering of the additional securities being registered if, within one year after the date of the sale, the amendment is filed and the additional registration fee is paid.

Chapter 82 Section 306 Laws 2009

Section 306. DENIAL, SUSPENSION AND REVOCATION OF SECURITIES REGISTRATION.--

A. The director may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, a registration statement if the director finds that the order is in the public interest and that:

(1) the registration statement as of its effective date or before the effective date in the case of an order denying effectiveness, an amendment pursuant to Subsection J of Section 305 of the New Mexico Uniform Securities Act as of its effective date or a report pursuant to Subsection I of Section 305 of that act, is incomplete in a

material respect or contains a statement that, in the light of the circumstances under which it was made, was false or misleading with respect to a material fact;

(2) the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act or a condition imposed pursuant to that act has been willfully violated, in connection with the offering, by the person filing the registration statement; by the issuer, a partner, officer or director of the issuer or a person having a similar status or performing a similar function; a promoter of the issuer; or a person directly or indirectly controlling or controlled by the issuer; but only if the person filing the registration statement is directly or indirectly controlled by or acting for the issuer; or by an underwriter;

(3) the security registered or sought to be registered is the subject of a permanent or temporary injunction of a court of competent jurisdiction or an administrative stop order or similar order issued pursuant to any federal, foreign or state law other than the New Mexico Uniform Securities Act applicable to the offering, but the director shall not institute a proceeding against an effective registration statement pursuant to this paragraph more than one year after the date of the order or injunction on which it is based, and the director shall not issue an order pursuant to this paragraph on the basis of an order or injunction issued pursuant to the securities act of another state unless the order or injunction was based on conduct that would constitute, as of the date of the order, a ground for a stop order pursuant to this section;

(4) the issuer's enterprise or method of business includes or would include activities that are unlawful where performed;

(5) with respect to a security sought to be registered pursuant to Section 303 of the New Mexico Uniform Securities Act, there has been a failure to comply with the undertaking required by Paragraph (4) of Subsection B of Section 303 of that act;

(6) the applicant or registrant has not paid the filing fee, but the director shall void the order if the deficiency is corrected; or

(7) the offering:

(a) will work or tend to work a fraud upon purchasers or would so operate;

(b) has been or would be made with unreasonable amounts of underwriters' and sellers' discounts, commissions or other compensation, or promoters' profits or participations or unreasonable amounts or kinds of options; or

(c) is being made on terms that are unfair, unjust or inequitable.

B. To the extent practicable, the director by rule adopted or order issued pursuant to the New Mexico Uniform Securities Act shall publish standards that provide notice of conduct that violates Paragraph (7) of Subsection A of this section.

C. The director shall not institute a stop order proceeding against an effective registration statement on the basis of conduct or a transaction known to the director when the registration statement became effective unless the proceeding is instituted within thirty days after the registration statement became effective.

D. The director may summarily revoke, deny, postpone or suspend the effectiveness of a registration statement pending final determination of an administrative proceeding. Upon the issuance of the order, the director shall promptly notify each person specified in Subsection E of this section that the order has been issued, the reasons for the revocation, denial, postponement or suspension and that within fifteen days after the receipt of a request in a record from the person the matter will be scheduled for a hearing. If a hearing is not requested and none is ordered by the director within thirty days after the date of service of the order, the order becomes final. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing for each person subject to the order, may modify or vacate the order or extend the order until final determination.

E. If a hearing is requested or ordered, such hearing shall be conducted pursuant to Subsection B of Section 604 of the New Mexico Uniform Securities Act. A stop order shall not be issued pursuant to this section, except in accordance with Subsection D of this section, without:

(1) appropriate notice to the applicant or registrant, the issuer and the person on whose behalf the securities are to be or have been offered;

(2) opportunity for hearing; and

(3) findings of fact and conclusions of law in a record.

F. The director shall modify or vacate a stop order entered pursuant to this section if the director finds that the conditions that prompted entry have changed or that it is otherwise in the public interest or for the protection of investors.

Chapter 82 Section 307 Laws 2009

Section 307. WAIVER AND MODIFICATION.--The director may waive or modify, in whole or in part, any or all of the requirements of Sections 302 and 303 of the New Mexico Uniform Securities Act and Subsection B of Section 304 of that act or the requirement of any information or record in a registration statement or in a periodic report filed pursuant to Subsection I of Section 305 of that act.

D. A rule adopted or order issued pursuant to the New Mexico Uniform Securities Act may require that an examination, including an examination developed or approved by an organization of securities regulators, be successfully completed by a class of individuals or all individuals. An order issued pursuant to the New Mexico Uniform Securities Act may waive, in whole or in part, an examination as to an individual and a rule adopted pursuant to that act may waive, in whole or in part, an examination as to a class of individuals if the director determines that the examination is not necessary or appropriate in the public interest and for the protection of investors.

An action pursuant to this subsection is governed by the following:

(1) the purchaser may maintain an action to recover the consideration paid for the security, less the amount of any income received on the security, and interest at the legal rate of interest from the date of the purchase, costs and reasonable attorney fees determined by the court, upon the tender of the security, or for actual damages as provided in Paragraph (3) of this subsection;

(2) the tender referred to in Paragraph (1) of this subsection may be made any time before entry of judgment. C. A person is liable to the seller if the person buys a security by means of an untrue statement of a material fact or omission to state a material fact necessary in order to make the statement made, in light of the circumstances pursuant to which it is made, not misleading, the seller not knowing of the untruth or omission, and the purchaser not sustaining the burden of proof that the purchaser did not know, and in the exercise of reasonable care could not have known, of the untruth or omission. (3) actual damages in an action arising pursuant to this subsection are the difference between the price at which the security was sold and the value the security would have had at the time of the sale in the absence of the purchaser's conduct causing liability, and interest at the legal rate of interest from the date of the sale of the security, costs and reasonable attorney fees determined by the court.

D. A person acting as a broker-dealer or agent that sells or buys a security in violation of Subsection A of Section 401 of the New Mexico Uniform Securities Act, Subsection A of Section 402 of that act or Section 506 of that act is liable to the customer. The customer, if a purchaser, may maintain an action for recovery of actual damages as specified in Paragraphs (1) through (3) of Subsection B of this section, or, if a seller, for a remedy as specified in Paragraphs (1) through (3) of Subsection C of this section.

E. A person acting as an investment adviser or investment adviser representative that provides investment advice for compensation in violation of Subsection A of Section 403 of the New Mexico Uniform Securities Act, Subsection A of Section 404 of that act or Section 506 of that act is liable to the client. The client may maintain an action to recover the consideration paid for the advice, interest at the legal rate of interest from the date of payment, costs and reasonable attorney fees determined by the court.

F. A person that receives, directly or indirectly, any consideration for providing investment advice to another person and that employs a device, scheme or artifice to defraud the other person or engages in an act, practice or course of business that operates or would operate as a fraud or deceit on the other person, is liable to the other person. An action pursuant to this subsection is governed by the following:

(1) the person defrauded may maintain an action to recover the consideration paid for the advice and the amount of any actual damages caused by the fraudulent conduct, interest at the legal rate of interest from the date of the fraudulent conduct, costs and reasonable attorney fees determined by the court, less the amount of any income received as a result of the fraudulent conduct; and

(2) this subsection does not apply to a broker-dealer or its agents if the investment advice provided is solely incidental to transacting business as a broker-dealer and no special compensation is received for the investment advice.

G. The following persons are liable jointly and severally with and to the same extent as persons liable pursuant to Subsections B through F of this section:

(1) a person that directly or indirectly controls a person liable pursuant to Subsections B through F of this section, unless the controlling person sustains the burden of proof that the person did not know, and in the exercise of reasonable care could not have known, of the existence of conduct by reason of which the liability is alleged to exist;

(2) an individual who is a managing partner, executive officer or director of a person liable pursuant to Subsections B through F of this section, including an individual having a similar status or performing similar functions, unless the individual sustains the burden of proof that the individual did not know and, in the exercise of reasonable care could not have known, of the existence of conduct by reason of which the liability is alleged to exist;

(3) an individual who is an employee of or associated with a person liable pursuant to Subsections B through F of this section and who materially aids the conduct giving rise to the liability, unless the individual sustains the burden of proof that the individual did not know and, in the exercise of reasonable care could not have known, of the existence of conduct by reason of which the liability is alleged to exist; and

(4) a person that is a broker-dealer, agent, investment adviser or investment adviser representative that materially aids the conduct giving rise to the liability pursuant to Subsections B through F of this section, unless the person sustains the burden of proof that the person did not know and, in the exercise of reasonable care could not have known, of the existence of conduct by reason of which liability is alleged to exist.

H. A person liable pursuant to this section has a right of contribution as in cases of contract against any other person liable pursuant to this section for the same conduct.

I. A cause of action pursuant to this section survives the death of an individual who might have been a plaintiff or defendant.

J. A person shall not obtain relief unless the suit is brought:

(1) within two years after discovery of the violation or after discovery should have been made by the exercise of reasonable diligence; and

(2) within five years after the act or transaction constituting the violation.

K. A person that has made, or has engaged in the performance of, a contract in violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act, or that has acquired a purported right pursuant to the contract with knowledge of conduct by reason of which its making or performance was in violation of the New Mexico Uniform Securities Act, may not base an action on the contract.

L. A condition, stipulation or provision binding a person purchasing or selling a security or receiving investment advice to waive compliance with the New

Mexico Uniform Securities Act, or a rule adopted or order issued pursuant to that act, is void.

M. The rights and remedies provided by the New Mexico Uniform Securities Act are in addition to any other rights or remedies that may exist, but that act does not create a cause of action not specified in this section or Subsection E of Section 411 of that act.

Chapter 82 Section 510 Laws 2009

Section 510. RESCISSION OFFERS.--A purchaser, seller or recipient of investment advice shall not maintain an action pursuant to Section 509 of the New Mexico Uniform Securities Act if:

A. the purchaser, seller or recipient of investment advice receives in a record, before the action is instituted:

(1) an offer stating the respect in which liability pursuant to Section 509 of the New Mexico Uniform Securities Act may have arisen and fairly advising the purchaser, seller or recipient of investment advice of that person's rights in connection with the offer, and any financial or other information necessary to correct all material misrepresentations or omissions in the information that was required by the New Mexico Uniform Securities Act to be furnished to that person at the time of the purchase, sale or investment advice;

(2) if the basis for relief pursuant to this section may have been a violation of Subsection B of Section 509 of the New Mexico Uniform Securities Act, an offer to repurchase the security for cash, payable on delivery of the security, equal to the consideration paid, and interest at the legal rate of interest from the date of the purchase, less the amount of any income received on the security; or, if the purchaser no longer owns the security, an offer to pay the purchaser upon acceptance of the offer damages in an amount that would be recoverable upon a tender, less the value of the security when the purchaser disposed of it, and interest at the legal rate of interest from the date of the purchase in cash equal to the damages computed in the manner provided in this subsection;

(3) if the basis for relief pursuant to this section may have been a violation of Subsection C of Section 509 of the New Mexico Uniform Securities Act, an offer to tender the security, on payment by the seller of an amount equal to the purchase price paid, less income received on the security by the purchaser and interest at the legal rate of interest from the date of the sale; or if the purchaser no longer owns the security, an offer to pay the seller upon acceptance of the offer, in cash, damages in the amount of the difference between the price at which the security was purchased and the value the security would have had at the time of the purchase in the absence of the purchaser's conduct that may have caused liability and interest at the legal rate of interest from the date of the sale;

(4) if the basis for relief pursuant to this section may have been a violation of Subsection D of Section 509 of the New Mexico Uniform Securities Act; and if the customer is a purchaser, an offer to pay as specified in Paragraph (2) of this subsection; or, if the customer is a seller, an offer to tender or to pay as specified in Paragraph (3) of this subsection;

(6) if the basis for relief pursuant to this section may have been a violation of Subsection F of Section 509 of the New Mexico Uniform Securities Act, an offer to reimburse in cash the consideration paid for the advice, the amount of any actual damages that may have been caused by the conduct and interest at the legal rate of interest from the date of the violation causing the loss;

B. the offer pursuant to Subsection A of this section states that the offer must be accepted by the purchaser at any time within a specified period of not less than thirty days, or such shorter or longer period as the director by order prescribes, and contains such other terms and conditions, if any, as the director specifies;

C. the offer pursuant to Subsection A of this section is delivered to the purchaser, seller or recipient of investment advice, or sent in a manner that ensures receipt by the purchaser, seller or recipient of investment advice;

D. the purchaser, seller or recipient of investment advice timely accepts the offer made pursuant to Subsections A through C of this section in a record; and

E. the offer made and accepted in compliance with Subsections A through D of this section is paid in accordance with the terms of the offer; or

F. the purchaser, seller or recipient of investment advice receives an offer in compliance with Subsections A through C of this section but fails to accept the offer in a record within the period specified in the offer.

Article 6 ADMINISTRATION AND JUDICIAL REVIEW

Chapter 82 Section 601 Laws 2009

Section 601. ADMINISTRATION.--

A. The director shall administer the New Mexico Uniform Securities Act. The director shall be appointed by the superintendent of regulation and licensing subject to confirmation by the senate. The director shall be chosen solely on the basis of fitness

to perform the duties of the office and shall have a minimum of five years relevant experience in the securities or finance field, relevant education and demonstrable knowledge of securities laws and regulations. The division is under the supervision and control of the superintendent of regulation and licensing, subject, however, to the exemptions set forth in Section 9-16-11 NMSA 1978. The director shall, with the approval of the superintendent of regulation and licensing, hire pursuant to the Personnel Act and assign duties to employees necessary to assist the director in the director's duties, and the director may, with the approval of the superintendent of regulation and licensing, appoint commissioned peace officers who shall have the powers of police officers for the purpose of investigating and enforcing the provisions of the New Mexico Uniform Securities Act. Such peace officers shall comply with the certification provisions of Section 29-7-6 NMSA 1978.

B. The director may by rule impose fees as necessary for examination, claims of exemption, requests for advisory opinions and other miscellaneous filings for which no fees are specified elsewhere in the New Mexico Uniform Securities Act and may also require payment of reasonable costs of investigation resulting from enforcement actions taken pursuant to Section 602, 603 or 604 of that act.

C. It is unlawful for the director or an officer, employee or designee of the director to use for personal benefit or the benefit of others records or other information obtained by or filed with the director that are not public pursuant to Subsection B of Section 607 of the New Mexico Uniform Securities Act. The New Mexico Uniform Securities Act does not authorize the director or an officer, employee or designee of the director to disclose the record or information, except in accordance with Section 602 of that act, Subsection C of Section 607 of that act or Section 608 of that act.

D. Except as stated in the New Mexico Uniform Securities Act, that act does not create or diminish a privilege or exemption that exists at common law, by statute or by rule or otherwise.

E. The director may develop and implement investor education initiatives to inform the public about investing in securities, with particular emphasis on the prevention and detection of securities fraud. In developing and implementing these initiatives, the director may collaborate with public and nonprofit organizations with an interest in investor education. The director may accept a grant or donation to the securities enforcement and investor education fund established in Subsection F of this section from a person that is not affiliated with the securities industry or from a nonprofit organization, regardless of whether the organization is affiliated with the securities industry, to develop and implement investor education initiatives. This subsection does not authorize the director to require participation or monetary contributions of a registrant in an investor education program.

F. The "securities enforcement and investor education fund" is created as a nonreverting fund in the state treasury to provide money for the purposes specified in Subsections E and G of this section. The division may establish and adopt rules as

required to administer the fund. The securities enforcement and investor education fund shall be administered by the division. The fund shall consist of:

(1) five dollars (\$5.00) of each fee collected from registrants pursuant to Subsections B and D of Section 410 of the New Mexico Uniform Securities Act;

(2) all or any portion of civil penalties, costs of investigation and other administrative assessments collected by the division through enforcement actions pursuant to the New Mexico Uniform Securities Act;

(3) appropriations, grants or donations to the fund; and

(4) income from investment of the fund.

G. Money in the securities enforcement and investor education fund shall be appropriated by the legislature to the division and shall be used for consumer education and training in matters concerning securities laws and investment issues; education and training of investigative and prosecutorial staff of the division; and costs incurred for the investigation and prosecution of civil and criminal violations of the New Mexico Uniform Securities Act, including expert and other consultant fees, witness fees, deposition costs and travel and training expenses. Money shall be disbursed from the fund only on warrant of the secretary of finance and administration upon vouchers signed by the director or the director's authorized representative. Any unexpended or unencumbered balance remaining at the end of a fiscal year shall not revert to the general fund.

Chapter 82 Section 602 Laws 2009

Section 602. INVESTIGATIONS AND SUBPOENAS.--

A. The director may:

(1) conduct public or private investigations within or outside of New Mexico that the director considers necessary or appropriate to determine whether a person has violated, is violating or is about to violate the New Mexico Uniform Securities Act, or a rule adopted or order issued pursuant to that act, or to aid in the enforcement of the New Mexico Uniform Securities Act or in the adoption of rules and forms pursuant to that act;

(2) require or permit a person to testify, file a statement or produce a record, under oath or otherwise as the director determines, as to all the facts and circumstances concerning a matter to be investigated or about which an action or proceeding is to be instituted; and

(3) publish a record concerning an action, proceeding or an investigation pursuant to or a violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act if the director determines it is necessary or appropriate in the public interest and for the protection of investors.

B. For the purpose of an investigation pursuant to the New Mexico Uniform Securities Act, the director or the director's designated officer may administer oaths and affirmations, subpoena witnesses, seek compulsion of attendance, take evidence, require the filing of statements and require the production of any records that the director considers relevant or material to the investigation.

C. If a person does not appear or refuses to testify, file a statement, produce records or otherwise does not obey a subpoena as required by the director pursuant to the New Mexico Uniform Securities Act, the director may apply to the district court of Santa Fe county or other appropriate district court or to a court of another state, a federal court or a court of a foreign jurisdiction, or the director may refer the matter to the attorney general or the proper district attorney to enforce compliance. The court may:

- (1) hold the person in contempt;
- (2) order the person to appear before the director;
- (3) order the person to testify about the matter under investigation or in question;
- (4) order the production of records;
- (5) grant injunctive relief, including restricting or prohibiting the offer or sale of securities or the providing of investment advice;
- (6) impose a civil penalty of not more than ten thousand dollars (\$10,000) for each violation; and
- (7) grant any other necessary or appropriate relief.

D. This section does not preclude a person from applying to the appropriate district court or a court of another state for relief from a request to appear, testify, file a statement, produce records or obey a subpoena.

E. An individual is not excused from attending, testifying, filing a statement, producing a record or other evidence or obeying a subpoena of the director pursuant to the New Mexico Uniform Securities Act or in an action or proceeding instituted by the director pursuant to that act on the grounds that the required testimony, statement, record or other evidence, directly or indirectly, may tend to incriminate the individual or subject the individual to a criminal fine, penalty or forfeiture. If the individual

refuses to testify, file a statement or produce a record or other evidence on the basis of the individual's privilege against self-incrimination, the director may apply to the district court of Santa Fe county or other appropriate district court or to a court of another state, a federal court or a court of a foreign jurisdiction to compel the testimony, the filing of the statement, the production of the record or the giving of other evidence. The testimony, record or other evidence compelled pursuant to such an order shall not be used, directly or indirectly, against the individual in a criminal case, except in a prosecution for perjury or contempt or otherwise failing to comply with the order.

F. At the request of the securities regulator of another state or a foreign jurisdiction, the director may provide assistance if the requesting regulator states that it is conducting an investigation to determine whether a person has violated, is violating or is about to violate a law or rule of the other state or foreign jurisdiction relating to securities matters that the requesting regulator administers or enforces. The director may provide the assistance by using the authority to investigate and the powers conferred by this section as the director determines is necessary or appropriate. The assistance may be provided without regard to whether the conduct described in the request would also constitute a violation of the New Mexico Uniform Securities Act or other law of New Mexico if occurring in New Mexico. In deciding whether to provide the assistance, the director may consider whether the requesting regulator is permitted and has agreed to provide assistance reciprocally within its state or foreign jurisdiction to the director on securities matters when requested; whether compliance with the request would violate or prejudice the public policy of New Mexico; and the availability of resources and employees of the director to carry out the request for assistance.

Chapter 82 Section 603 Laws 2009

Section 603. CIVIL ENFORCEMENT.--

A. If the director believes that a person has engaged, is engaging or is about to engage in an act, practice or course of business constituting a violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act or that a person has, is or is about to engage in an act, practice or course of business that materially aids a violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act, the director may maintain an action to enjoin the act, practice or course of business and to enforce compliance with the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act.

B. In an action pursuant to this section and on a proper showing, the court may:

(1) issue a permanent or temporary injunction, restraining order or declaratory judgment;

(2) order other appropriate or ancillary relief, which may include:

(a) an asset freeze, accounting, writ of attachment, writ of general or specific execution and appointment of a receiver or conservator, that may be the director, for the defendant or the defendant's assets;

(b) ordering the director to take charge and control of a defendant's property, including investment accounts and accounts in a depository institution, rents and profits; to collect debts; and to acquire and dispose of property;

(c) imposing a civil penalty of up to ten thousand dollars (\$10,000) for each violation;

(d) an order of rescission, restitution or disgorgement directed to a person that has engaged in an act, practice or course of business constituting a violation of the New Mexico Uniform Securities Act or the predecessor act or a rule adopted or order issued pursuant to the New Mexico Uniform Securities Act or the predecessor act;

(e) ordering the payment of prejudgment and postjudgment interest; and

(f) ordering the payment of litigation expenses of the director;
and

(3) order such other relief as the court considers appropriate.

C. If a person violates a provision of the New Mexico Uniform Securities Act and the violation is directed toward, targets or is committed against a person who, at the time of the violation, is sixty-two years of age or older, the court, in addition to any other civil penalties provided for pursuant to the New Mexico Uniform Securities Act or a rule issued pursuant to that act, may impose an additional civil penalty not to exceed ten thousand dollars (\$10,000) for each violation.

D. The director shall not be required to post a bond in an action or proceeding pursuant to the New Mexico Uniform Securities Act.

Chapter 82 Section 604 Laws 2009

Section 604. ADMINISTRATIVE ENFORCEMENT.--

A. If the director determines that a person has engaged, is engaging or is about to engage in an act, practice or course of business constituting a violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act or that a person has materially aided, is materially aiding or is about to materially aid an act, practice or course of business constituting a violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act, the director may:

(1) issue an order directing the person to cease and desist from engaging in the act, practice or course of business or to take other action necessary or appropriate to comply with the New Mexico Uniform Securities Act;

(2) issue an order denying, suspending, revoking or conditioning the exemptions for a broker-dealer pursuant to Subparagraph (d) or (f) of Paragraph (1) of Subsection B of Section 401 the New Mexico Uniform Securities Act or an investment adviser pursuant to Subparagraph (c) of Paragraph (1) of Subsection B of Section 403 of that act; or

(3) issue an order pursuant to Section 204 of the New Mexico Uniform Securities Act.

B. For any administrative proceeding authorized by the New Mexico Uniform Securities Act, including proceedings related to notices and orders pursuant to Section 204 of that act, Subsection E of Section 306 of that act, Subsection F of Section 412 of that act or Subsection A of this section:

(1) the director may commence an administrative proceeding by entering either a notice of intent to do a contemplated act or a summary order. The notice of intent or summary order may be entered without notice and without opportunity for hearing and need not be supported by findings of fact or conclusions of law, but shall be in a record;

(2) upon entry of a notice of intent or summary order, the director shall promptly notify in a record all parties against whom action is taken or contemplated that the notice or summary order has been entered and the reasons for the notice or summary order. The director shall send parties against whom action is taken or contemplated a notice of opportunity for hearing on the matters set forth in the order or notice of intent. The notice shall state that the parties have fifteen days from receipt of the notice to file with the director a request in a record for a hearing. The director shall set the matter for hearing no more than sixty nor less than fifteen days from receipt of the request for hearing and shall promptly notify the parties of the time and place for hearing;

(3) the director, whether or not a request in a record for hearing is received from any interested party, may set the matter down for hearing on the director's own motion;

(4) the director may by order take the action contemplated in the notice of intent or make a summary order final:

(a) fifteen days after the parties against whom action is taken or contemplated receive notice of the right to request a hearing if those parties fail to request a hearing; or

(b) one day following the date set for a hearing requested by a party if the party fails to appear at the hearing;

(5) if a hearing is requested or ordered, the director, after notice of the opportunity for hearing to all persons against whom action is taken or contemplated, may modify or vacate the order or extend the order until final determination;

(6) for the purpose of conducting any hearing pursuant to this section, the director shall have the power to call any party to testify under oath at such hearing to require the attendance of witnesses and the production of books, records and papers and to take the depositions of witnesses; and for that purpose the director is authorized, at the request of the person requesting such hearing or upon the director's own initiative, to issue a subpoena for any witness or a subpoena duces tecum to compel the production of any books, records or papers. At the director's option or when state law or court rules require such process, the subpoena may be directed to the sheriff or other law enforcement agency in the county where such witness resides;

(7) a party entitled to a hearing pursuant to this section may appear on the party's own behalf or may be represented by an attorney. A party has the right to present all relevant evidence and to examine all opposing witnesses who appear on any matter relevant to the issues;

(8) upon making a request in a record to another party, any party is entitled to:

(a) obtain the names and addresses of witnesses who will or may be called by the other party to testify at the hearing; and

(b) inspect and copy any documents or items that the other party will or may introduce in evidence at the hearing;

(9) the director shall pass upon the admissibility of evidence and may exclude evidence that is incompetent, irrelevant, immaterial or unduly repetitious;

(10) the director may conduct the hearing, or the director may appoint a hearing officer to conduct the hearing. A hearing officer shall have the same powers and authority in conducting a hearing as the director. The hearing officer shall be admitted to the practice of law in this state and shall be possessed of such additional qualifications as the director may require. The director may direct the hearing officer to submit to the director a report setting forth in a record proposed findings of fact and conclusions of law and a recommendation of the action to be taken by the director. The director may order additional testimony to be taken or permit the introduction of further documentary evidence; and

(11) a final order or order after hearing shall include entry of findings of fact and conclusions of law in a record.

C. In a final order pursuant to Subsection B of this section, the director may impose a civil penalty of up to ten thousand dollars (\$10,000) for each violation. For purposes of determining the amount of a civil penalty imposed pursuant to this subsection, the director shall consider, among other factors, the frequency and persistence of the conduct constituting a violation of the New Mexico Uniform Securities Act or a rule or order of the director pursuant to that act, the number of persons adversely affected by the conduct and the resources of the person committing the violation.

D. If a person violates a provision of the New Mexico Uniform Securities Act and the violation is directed toward, targets or is committed against a person who, at the time of the violation, is sixty-two years of age or older, the director, in addition to any other administrative penalties provided for pursuant to the New Mexico Uniform Securities Act or a rule issued pursuant to that act, may impose an additional administrative penalty not to exceed ten thousand dollars (\$10,000) for each violation.

E. In a final order, the director may charge the actual cost of an investigation or proceeding for a violation of the New Mexico Uniform Securities Act or a rule adopted or order issued pursuant to that act.

F. If a petition for judicial review of a final order is not filed in accordance with Section 609 of the New Mexico Uniform Securities Act, the director may file a certified copy of the final order with the clerk of the appropriate district court. The order so filed has the same effect as a judgment of the court and may be recorded, enforced or satisfied in the same manner as a judgment of the court.

G. If a person does not comply with an order pursuant to this section, the director may petition the district court of Santa Fe county or other appropriate district court or a court of another state, a federal court or a court of a foreign jurisdiction to enforce the order. The court shall not require the director to post a bond in an action or proceeding pursuant to this section. If the court finds, after service and opportunity for hearing, that the person was not in compliance with the order, the court may adjudge the person in civil contempt of the order. The court may impose a further civil penalty against the person for contempt in an amount not greater than ten thousand dollars (\$10,000) for each violation and may grant any other relief the court determines is just and proper in the circumstances.

Chapter 82 Section 605 Laws 2009

Section 605. RULES, FORMS, ORDERS, INTERPRETATIVE OPINIONS AND HEARINGS.--

A. The director may:

(1) issue forms and orders and, after notice and comment, may adopt and amend rules necessary or appropriate to carry out the New Mexico Uniform

Securities Act and may repeal rules, including rules and forms governing registration statements, applications, notice filings, reports and other records;

(2) by rule, define terms, whether or not used in the New Mexico Uniform Securities Act, but those definitions shall not be inconsistent with that act; and

(3) by rule, classify securities, persons and transactions and adopt different requirements for different classes.

B. Pursuant to the New Mexico Uniform Securities Act, a rule or form shall not be adopted or amended, or an order issued or amended, unless the director finds that the rule, form, order or amendment is necessary or appropriate in the public interest or for the protection of investors and is consistent with the purposes intended by the New Mexico Uniform Securities Act. In adopting a rule, the director may use the director's own experience, technical competence, specialized knowledge and judgment. In adopting, amending and repealing rules and forms, Section 608 of the New Mexico Uniform Securities Act applies in order to achieve uniformity among the states and coordination with federal laws in the form and content of registration statements, applications, reports and other records, including the adoption of uniform rules, forms and procedures.

C. Subject to Section 15(h) of the federal Securities Exchange Act and Section 222 of the federal Investment Advisers Act of 1940, the director may require that a financial statement filed pursuant to the New Mexico Uniform Securities Act be prepared in accordance with generally accepted accounting principles in the United States and comply with other requirements specified by rule adopted or order issued pursuant to the New Mexico Uniform Securities Act. A rule adopted or order issued pursuant to the New Mexico Uniform Securities Act may establish:

(1) subject to Section 15(h) of the federal Securities Exchange Act and Section 222 of the federal Investment Advisers Act of 1940, the form and content of financial statements required pursuant to the New Mexico Uniform Securities Act;

(2) whether unconsolidated financial statements shall be filed; and

(3) whether required financial statements shall be audited by an independent certified public accountant.

D. The director may provide interpretative opinions or issue determinations that the director will not institute a proceeding or an action pursuant to the New Mexico Uniform Securities Act against a specified person for engaging in a specified act, practice or course of business if the determination is consistent with that act. A rule adopted or order issued pursuant to the New Mexico Uniform Securities Act may establish a reasonable charge for interpretative opinions or determinations that the director will not institute an action or a proceeding.

E. A civil or administrative penalty pursuant to the New Mexico Uniform Securities Act shall not be imposed for, and liability does not arise from, conduct that is engaged in or omitted in good faith believing that conduct conforms to a rule, form or order of the director pursuant to the New Mexico Uniform Securities Act.

F. A hearing in an administrative proceeding pursuant to the New Mexico Uniform Securities Act shall be conducted in public unless the director for good cause consistent with that act determines that the hearing will not be so conducted.

Chapter 82 Section 606 Laws 2009

Section 606. ADMINISTRATIVE FILES AND OPINIONS.--

A. The director shall maintain, or designate a person to maintain, a register of applications for registration of securities; registration statements; notice filings; applications for registration of broker-dealers, agents, investment advisers and investment adviser representatives; notice filings by federal covered investment advisers that are or have been effective pursuant to the New Mexico Uniform Securities Act or the predecessor act; notices of claims of exemption from registration or notice filing requirements contained in a record; orders issued pursuant to the New Mexico Uniform Securities Act or the predecessor act; and interpretative opinions or no action determinations issued pursuant to the New Mexico Uniform Securities Act.

B. The director shall make all rules, forms, interpretative opinions and orders available to the public.

C. The director shall furnish a copy of a record that is a public record or a certification that the public record does not exist to a person that so requests. A rule adopted pursuant to the New Mexico Uniform Securities Act may establish a reasonable charge for furnishing the record or certification. A copy of the record certified or a certificate by the director of a record's nonexistence is prima facie evidence of a record or its nonexistence.

Chapter 82 Section 607 Laws 2009

Section 607. PUBLIC RECORDS--CONFIDENTIALITY.--

A. Except as otherwise provided in Subsection B of this section, records obtained by the director or filed pursuant to the New Mexico Uniform Securities Act, including a record contained in or filed with a registration statement, application, notice filing or report, are public records and are available for public examination.

B. The following records are not public records and are not available for public examination pursuant to Subsection A of this section:

(1) a record obtained by the director in connection with an audit or inspection pursuant to Subsection D of Section 411 of the New Mexico Uniform Securities Act or an investigation pursuant to Section 602 of that act, except that information that is introduced at a hearing constitutes public information unless otherwise ordered by the director;

(2) a part of a record filed in connection with a registration statement pursuant to Sections 301 and 303 through 305 of the New Mexico Uniform Securities Act or a record pursuant to Subsection D of Section 411 of that act that contains trade secrets or confidential information if the person filing the registration statement or report has asserted a claim of confidentiality or privilege that is authorized by law;

(3) a record that is not required to be provided to the director or filed pursuant to the New Mexico Uniform Securities Act and is provided to the director only on the condition that the record will not be subject to public examination or disclosure;

(5) any social security number, residential address unless used as a business address and residential telephone number unless used as a business telephone number contained in a record that is filed.

C. If disclosure is for the purpose of a civil, administrative or criminal investigation, action or proceeding or to a person specified in Subsection A of Section 608 of the New Mexico Uniform Securities Act, the director may disclose a record obtained in connection with an audit or inspection pursuant to Subsection D of Section 411 of that act or a record obtained in connection with an investigation pursuant to Section 602 of that act.

Chapter 82 Section 608 Laws 2009

Section 608. UNIFORMITY AND COOPERATION WITH OTHER AGENCIES.--

A. Four-year public post-secondary educational institutions may apply for supplemental matches to amounts originally designated for other four-year institutions. Two-year public post-secondary educational institutions may apply for supplemental matches to amounts originally designated for other two-year institutions. Successful submissions for supplemental matches shall be determined by the department in a manner that affords equitable participation over time based on guidelines for supplemental distributions from the fund.

A. The department shall establish a systematic program for the purchase of necessary school bus transportation equipment.

B. In establishing a system for the replacement of school-district-owned buses, the department shall provide for the replacement of school buses on a twelve-year cycle. School districts requiring additional buses to accommodate growth in the school district or to meet other special needs may petition the department for additional buses. Under exceptional circumstances, school districts may also petition the

department for permission to replace buses prior to the completion of a twelve-year cycle or to use buses in excess of twelve years contingent upon satisfactory annual safety inspections.

C. In establishing a system for the use of contractor-owned buses by school districts or state-chartered charter schools, the department shall establish a schedule for the payment of rental fees for the use of contractor-owned buses. The department shall establish procedures to ensure the systematic replacement of buses on a twelve-year replacement cycle. School districts requiring additional buses to accommodate growth in the school district or to meet other special needs may petition the department for additional buses. Under exceptional circumstances, school districts may also petition the department for permission to replace buses prior to the completion of a twelve-year cycle or to use buses in excess of twelve years contingent upon satisfactory annual safety inspections.

D. The school district shall file a lien on every contractor-owned school bus under the contract on which the contractor owes money, which lien shall have priority second only to a lien securing the purchase-money obligation. The school district shall perfect its lien on each contractor-owned school bus by filing the lien with the motor vehicle division of the taxation and revenue department. The lien shall be recorded on the title of the school bus. A school bus contractor shall not refinance or use a school bus on which a school district has a lien as collateral for any other loan without prior written permission of the department. A school bus lien shall be collected and enforced as provided in Chapter 55, Article 9 NMSA 1978. The school district shall release its lien on a school bus:

(1) when the department authorizes a replacement of the school bus; or

(2) when the contractor has reimbursed the school district the amount calculated pursuant to Subsection E of this section if the school bus service contract is terminated or not renewed and the contractor owes the school district as provided in that subsection.

E. No school district shall pay rental fees for any one bus for a period in excess of five years. In the event a school bus service contract is terminated or not renewed by either party, the department shall calculate the remaining number of years that a bus could be used based on a twelve-year replacement cycle and calculate a value reflecting that use. The school district shall deduct an amount equal to that value from any remaining amount due on the contract, or if no balance remains on the contract, the contractor shall reimburse the school district an amount equal to the value calculated.

F. If the school district fails to take action to collect money owed to it when a school bus contract is terminated or not renewed, the department may deduct the amount from the school district's transportation distribution."

School districts may enter into school bus service contracts with individual school bus owner-operators or with school bus fleet owners or with both. A school district shall not enter into any school bus fleet service contract with any person who is simultaneously employed by that school district as an individual school bus owner-operator.

B. All contracts entered into by a school district to provide school bus service to students attending public school within the school district shall be approved by the local school board. The contracts shall be in writing on forms approved by the department and the department shall require documentation that the school district has filed a lien on each school bus as provided in Section 22-8-27 NMSA 1978.

C. In addition to approving the form of the contract, the department shall, by rule, establish the parameters of school bus service contracts to include recognition of fuel costs, operation and maintenance costs and employee salary and benefits costs. In entering into school bus service contracts, school districts shall give preference to in-state service providers and the use of multiple providers. Upon request, the department shall provide assistance to local school districts in the negotiation and award of school bus service contracts.

D. A school district may enter into a school bus service contract for a term not to exceed five years. A school bus service contract may provide, at the expiration of the term of the contract, for annual renewal of the school bus service contract on the same terms and conditions at the option of the local school board.

E. In the event a contract with a school bus operator is terminated or not renewed by either party, the buses owned by the operator that are used pursuant to the operator's school bus service contract shall be appraised by three qualified appraisers appointed by the local school board and approved by the state transportation director. The operator succeeding to the contract shall purchase, with the approval of the operator whose contract was terminated, all of the buses owned by the former operator at their appraised value."

RELATING TO UNEMPLOYMENT COMPENSATION; AMENDING THE UNEMPLOYMENT COMPENSATION LAW TO INCREASE TEMPORARILY THE WEEKLY BENEFIT AMOUNT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Chapter 97 Section 1 Laws 2009

Section 1. Section 51-1-4 NMSA 1978 (being Laws 2003, Chapter 47, Section 8, as amended) is amended to read:

"51-1-4. MONETARY COMPUTATION OF BENEFITS--PAYMENT GENERALLY.--

A. All benefits provided herein are payable from the unemployment compensation fund. All benefits shall be paid in accordance with rules prescribed by the secretary through employment offices or other agencies as the secretary approves by general rule.

B. Weekly benefits shall be as follows:

(1) except as provided in Paragraph (2) of this subsection, an individual's "weekly benefit amount" is an amount equal to fifty-three and one-half percent of the average weekly wage for insured work paid to the individual in that quarter of the individual's base period in which total wages were highest. No benefit as so computed may be less than ten percent or more than fifty-three and one-half percent of the state's average weekly wage for all insured work. The state's average weekly wage shall be computed from all wages reported to the department from employing units in accordance with rules of the secretary for the period ending June 30 of each calendar year divided by the total number of covered employees divided by fifty-two, effective for the benefit years commencing on or after the first Sunday of the following calendar year. An individual is not eligible to receive benefits unless the individual has wages in at least two quarters of that individual's base period. For the purposes of this subsection, "total wages" means all remuneration for insured work, including commissions and bonuses and the cash value of all remuneration in a medium other than cash;

(2) from July 1, 2009 through June 30, 2011, an individual's "weekly benefit amount" shall be an amount equal to sixty percent of the average weekly wage for insured work paid to the individual in that quarter of the individual's base period in which total wages were highest, and no benefit as so computed may be less than ten percent or more than sixty percent of the state's average weekly wage for all insured work;

(3) an eligible individual who is unemployed in any week during which the individual is in a continued claims status shall be paid, with respect to the week, a benefit in an amount equal to the individual's weekly benefit amount, less that part of the wages, if any, or earnings from self-employment, payable to the individual with respect to such week that is in excess of one-fifth of the individual's weekly benefit amount. For purposes of this subsection only, "wages" includes all remuneration for

services actually performed in a week for which benefits are claimed, vacation pay for a period for which the individual has a definite return-to-work date, wages in lieu of notice and back pay for loss of employment but does not include payments through a court for time spent in jury service;

(4) notwithstanding any other provision of this section, an eligible individual who, pursuant to a plan financed in whole or in part by a base-period employer of the individual, is receiving a governmental or other pension, retirement pay, annuity or any other similar periodic payment that is based on the previous work of the individual and who is unemployed with respect to any week ending subsequent to April 9, 1981 shall be paid with respect to the week, in accordance with rules prescribed by the secretary, compensation equal to the individual's weekly benefit amount reduced, but not below zero, by the prorated amount of the pension, retirement pay, annuity or other similar periodic payment that exceeds the percentage contributed to the plan by the eligible individual. The maximum benefit amount payable to the eligible individual shall be an amount not more than twenty-six times the individual's reduced weekly benefit amount. If payments referred to in this section are being received by an individual under the federal Social Security Act, the division shall take into account the individual's contribution and make no reduction in the weekly benefit amount;

(5) in the case of a lump-sum payment of a pension, retirement or retired pay, annuity or other similar payment by a base-period employer that is based on the previous work of the individual, the payment shall be allocated, in accordance with rules prescribed by the secretary, and shall reduce the amount of unemployment compensation paid, but not below zero, in accordance with Paragraph (4) of this subsection; and

(6) the retroactive payment of a pension, retirement or retired pay, annuity or any other similar periodic payment as provided in Paragraphs (4) and (5) of this subsection attributable to weeks during which an individual has claimed or has been paid unemployment compensation shall be allocated to those weeks and shall reduce the amount of unemployment compensation for those weeks, but not below zero, by an amount equal to the prorated amount of the pension. Any overpayment of unemployment compensation benefits resulting from the application of the provisions of this paragraph shall be recovered from the claimant in accordance with the provisions of Section 51-1-38 NMSA 1978.

C. An individual otherwise eligible for benefits shall be paid for each week of unemployment, in addition to the amount payable under Subsection B of this section, the sum of twenty-five dollars (\$25.00) for each unemancipated child under the age of eighteen, up to a maximum of four and subject to the maximum stated in Subsection D of this section, of the individual who is in fact dependent upon and wholly or mainly supported by the individual, including:

(1) a child in the individual's custody pending the adjudication of a petition filed by the individual for the adoption of the child in a court of competent jurisdiction; or

(2) a child for whom the individual, under a decree or order from a court of competent jurisdiction, is required to contribute to the child's support and for whom no other person is receiving allowances under the Unemployment Compensation Law if the child is domiciled within the United States or its territories or possessions, the payment to be withheld and paid pursuant to Section 51-1-37.1 NMSA 1978.

D. Dependency benefits shall not exceed fifty percent of the individual's weekly benefit rate. The amount of dependency benefits determined as of the beginning of an individual's benefit year shall not be reduced for the duration of the benefit year, but this provision does not prevent the transfer of dependents' benefits from one spouse to another in accordance with this subsection. If both the husband and wife receive benefits with respect to a week of unemployment, only one of them is entitled to a dependency allowance with respect to a child. The division shall prescribe standards as to who may receive a dependency allowance when both the husband and wife are eligible to receive unemployment compensation benefits. Dependency benefits shall not be paid unless the individual submits documentation satisfactory to the division establishing the existence of the claimed dependent. If the provisions of this subsection are satisfied, an otherwise eligible individual who has been appointed guardian of a dependent child by a court of competent jurisdiction shall be paid dependency benefits.

E. An otherwise eligible individual is entitled during any benefit year to a total amount of benefits equal to whichever is the lesser of twenty-six times the individual's weekly benefit amount, plus any dependency benefit amount pursuant to Subsections C and D of this section, or sixty percent of the individual's wages for insured work paid during the individual's base period.

F. A benefit as determined in Subsection B or C of this section, if not a multiple of one dollar (\$1.00), shall be rounded to the next lower multiple of one dollar (\$1.00).

G. The secretary may prescribe rules to provide for the payment of benefits that are due and payable to the legal representative, dependents, relatives or next of kin of claimants since deceased. These rules need not conform with the laws governing successions, and the payment shall be deemed a valid payment to the same extent as if made under a formal administration of the succession of the claimant.

H. The division, on its own initiative, may reconsider a monetary determination whenever it is determined that an error in computation or identity has occurred or that wages of the claimant pertinent to such determination but not considered have been newly discovered or that the benefits have been allowed or denied on the basis of misrepresentation of fact, but no redetermination shall be made after one year from the date of the original monetary determination. Notice of a

redetermination shall be given to all interested parties and shall be subject to an appeal in the same manner as the original determination. In the event that an appeal involving an original monetary determination is pending at the time a redetermination is issued, the appeal, unless withdrawn, shall be treated as an appeal from redetermination."

RELATING TO THE ENVIRONMENT; ENACTING A NEW SECTION OF THE AIR QUALITY CONTROL ACT TO PROVIDE FOR REGULATION OF SOURCES OF EMISSIONS THAT CAUSE THE FORMATION OF OZONE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Chapter 98 Section 1 Laws 2009

Section 1. A new section of the Air Quality Control Act is enacted to read:

"DUTIES AND POWERS OF ENVIRONMENTAL IMPROVEMENT BOARD AND LOCAL BOARD FOR ATTAINMENT AND MAINTENANCE OF NATIONAL AMBIENT AIR QUALITY STANDARDS FOR OZONE.--

A. If the environmental improvement board or the local board determines that emissions from sources within its jurisdiction cause or contribute to ozone concentrations in excess of ninety-five percent of a national ambient air quality standard for ozone, it shall adopt a plan, including regulations, to control emissions of oxides of nitrogen and volatile organic compounds to provide for attainment and maintenance of the standard. Regulations adopted pursuant to this section shall be limited to sources of emissions within the area of the state where the ozone concentrations exceed ninety-five percent of the national ambient air quality standard.

B. Notwithstanding the limitations in Section 74-2-5 NMSA 1978, the environmental improvement board or the local board may adopt standards of performance for sources of emissions for which no federal standard of performance has been adopted and may adopt standards of performance more stringent than federal standards of performance for sources for which a federal standard of performance has been adopted. The standards of performance shall reflect the degree of emission

limitation achievable through the application of control technology that is reasonably available considering technological and economic feasibility. The standards of performance may be more stringent than applicable federal standards of performance if the board determines that the federal standards of performance do not reflect the degree of emission limitation achievable through the application of control technology that is reasonably available, considering technological and economic feasibility, and that methods to further reduce emissions are commercially available and will result in substantially greater reductions in emissions than the federal standards for such sources.

C. In adopting regulations, the environmental improvement board or the local board shall consider the following:

(1) the public interest, including the social and economic value of the sources of emissions and subjects of air contaminants;

(2) previous experience with equipment and methods available to control the air contaminants involved;

(3) energy, environmental and economic impacts and other social costs;

(4) efforts by sources of emissions to reduce emissions prior to the effective date of regulations adopted under this section; and

(5) for existing sources of emissions, the remaining useful life of any existing source to which the regulation would apply.

D. No regulation adopted pursuant to this section shall require emission reductions for sources that between March 25, 2004 and January 1, 2009:

(1) implemented and are operating reasonable control measures, considering technological and economic feasibility, that result in quantifiable reductions for emission of oxides of nitrogen or volatile organic compounds; or

(2) are mandated by other requirements enforceable by the department or the local authority to implement reductions in emissions of oxides of nitrogen or volatile organic compounds."

Section 56. Section 58-21A-4 NMSA 1978 (being Laws 2003, Chapter 436, Section 4) is amended to read:

"58-21A-4. PROHIBITED PRACTICES AND PROVISIONS REGARDING HOME LOANS.--

A. No creditor shall finance, directly or indirectly, credit life, credit disability, credit unemployment or credit property insurance, or any other life or health insurance, or any payments directly or indirectly for any debt cancellation or suspension agreement or contract, provided that nothing in this subsection prohibits the payment or receipt of insurance premiums or debt cancellation or suspension fees calculated on the unpaid balance of a home loan and paid on a monthly basis.

B. No creditor shall knowingly and intentionally engage in the unfair act or practice of flipping a home loan. As used in this subsection, "flipping a home loan" means the making of a home loan to a borrower that refinances an existing home loan when the new loan does not have reasonable, tangible net benefit to the borrower considering all of the circumstances, including the terms of both the new and refinanced loans, the cost of the new loan and the borrower's circumstances.

C. No creditor shall make a home loan without documenting and considering the borrower's reasonable ability to repay that loan pursuant to its terms. The borrower's ability to repay shall be demonstrated through reasonably reliable documentation that may include payroll receipts, tax returns, bank records, asset and credit evaluations, mortgage payment history or other similar reliable documentation. The provisions of this subsection shall not apply to a home loan originated pursuant to a government streamline program or a streamline program administered by a government-sponsored enterprise, to a reverse mortgage insured as part of a government program or to loss mitigation activities of a home loan servicer or lender with which the borrower has a current relationship, so long as each of these exceptions, as applicable, provides the borrower with a reasonable, tangible net benefit.

D. No creditor shall make a home loan without determining the borrower's reasonable ability to pay the costs set forth in this subsection. In the case of an adjustable rate home loan, the reasonable ability to pay shall be determined based on a fully indexed rate and repayment schedule that achieves full amortization over the life of the home loan. The costs, as applicable, to be used in determining the borrower's reasonable ability to pay include principal, interest, real estate taxes, property insurance, property assessments, mortgage insurance premiums and other scheduled long-term monthly debt payments.

E. No creditor shall make or originate an adjustable rate home loan in which caps on payment increases may be less than that necessary to reduce principal and amortize the loan over the entire term of the loan regardless of interest rate adjustments resulting in negative amortization.

F. No creditor shall make or originate a home loan that includes terms under which more than two periodic payments required under the loan are consolidated and paid in advance from the loan proceeds provided to the borrower.

G. No creditor shall pay a contractor under a home-improvement contract from the proceeds of a home loan unless:

(1) the creditor is presented with a signed and dated completion certificate showing that the home improvements have been completed; or

(2) the instrument is payable jointly to the borrower and the contractor, or at the election of the borrower, through a third-party escrow agent in accordance with terms established in a written agreement signed by the borrower, the creditor and the contractor prior to the disbursement.

H. No creditor shall charge a borrower any fees or other charges, other than those that are bona fide, reasonable and actual, to modify, renew, extend or amend a home loan.

I. No creditor shall charge a borrower more than seventy-five dollars (\$75.00) to defer any payment due under the terms of a home loan.

J. No creditor shall recommend or encourage default on an existing loan or other debt prior to and in connection with the closing or planned closing of a home loan that refinances all or any portion of the existing loan or debt.

K. No creditor shall make a home loan that provides for a late payment fee except as follows:

(1) the late payment fee shall not be in excess of five percent of the amount of the payment past due;

(2) the late payment fee shall only be assessed for a payment past due for fifteen days or more;

(3) the late payment fee shall not be imposed more than once with respect to a single late payment, and no late payment fee shall be charged with respect to a subsequent payment that would have been a full payment but for the previous default or the imposition of the previous late payment fee;

(4) no late payment fee shall be charged unless the creditor notifies the borrower within forty-five days following the date the payment was due that a late payment fee has been imposed for a particular late payment. A late payment fee that the creditor has collected shall be reimbursed if the borrower presents proof of having made a timely payment; and

(5) a creditor shall treat each payment as posted on the same business day as it was received by the creditor, servicer, creditor's agent for making payments or at the address provided to the borrower by the creditor, servicer or creditor's agent for making payments.

L. No creditor shall make a home loan that contains a provision that permits the creditor, in its sole discretion, to accelerate the indebtedness, provided that this provision does not prohibit acceleration of a loan in good faith due to a borrower's failure to abide by the material terms of the loan.

M. No creditor shall make or originate a home loan that contains a provision that requires a penalty or premium for prepayment of the balance or any portion of the principal of the indebtedness.

N. No creditor shall make or originate a home loan that includes or uses one or more of the following lending practices:

(1) making a home loan primarily based upon the foreclosure or liquidation value of the borrower's collateral rather than on the borrower's ability to repay the home loan according to its terms;

(2) making or originating an adjustable rate home loan, except a home equity line of credit, where the interest rate and payment may change more frequently than annually during the term of the loan;

(3) making an adjustable rate home loan, except a home equity line of credit, where:

(a) the initial interest rate may be increased by more than two percent for loans with initial periods less than five years and six percent for loans with initial periods greater than or equal to five years;

(b) a periodic interest rate may be increased by more than two percent; and

(c) a lifetime interest rate cap is more than six percent over the initial rate;

(4) advertising terms of home loans, including interest rates, margins, discount points, fees, commissions or other material facts, including limitations

on the home loans, unless the creditor is able to make the advertised home loans available to a reasonable number of qualified applicants;

(5) misrepresenting a borrower's credit rating;

(6) misrepresenting, inflating or fabricating, or encouraging a borrower to misrepresent, inflate or fabricate, the source or amount of a borrower's actual income or assets, other than allowable grossed-up income not to exceed the twenty-five percent per agency guidelines established by rule by the director, in the application or underwriting process of a home loan; and

(7) making a home loan with an eighty percent or higher loan-to-value ratio for an owner-occupied residence if the creditor has failed to establish an escrow account for the payment of real estate taxes and property insurance."

Section 57. Section 58-21A-5 NMSA 1978 (being Laws 2003, Chapter 436, Section 5) is amended to read:

A. No creditor or mortgage loan originator making a high-cost home loan shall directly or indirectly finance any points or fees in excess of two percent of the principal loan amount.

B. No creditor shall make a high-cost home loan that contains a provision that increases the interest rate after default, provided that this provision does not apply to interest rate changes in a variable rate loan otherwise consistent with the provisions of the loan documents if the change in the interest rate is not triggered by the event of default or the acceleration of the indebtedness.

C. Without regard to whether a borrower is acting individually or on behalf of others similarly situated, a provision of a high-cost home loan agreement that allows a party to require a borrower to assert any claim or defense in a forum that is less convenient, more costly or more dilatory for the resolution of a dispute than a judicial forum where the borrower may otherwise properly bring a claim or defense or limits in any way any claim or defense the borrower may have is unconscionable and void.

D. No creditor or mortgage loan originator shall make a high-cost home loan without first receiving certification from a third-party, nonprofit counselor approved by the United States department of housing and urban development, the New Mexico mortgage finance authority or the director of the financial institutions division of the regulation and licensing department that the borrower has received counseling on the advisability of the loan transaction.

E. A creditor or mortgage loan originator shall not make a high-cost home loan unless the creditor has given the following notice, or a substantially similar notice, in writing, to the borrower, acknowledged in writing and signed by the borrower not later than the time the notice is required under the notice provision contained in 12 C.F.R. s.226.31(c):

Chapter 122 Section 58 Laws 2009

Section 58. Section 58-21A-6 NMSA 1978 (being Laws 2003, Chapter 436, Section 6) is amended to read:

"58-21A-6. DEFAULT--NOTICE--RIGHT TO CURE.--

A. Before an action is filed to foreclose or collect money due pursuant to a home loan or before other action is taken to seize or transfer ownership of property subject to a home loan, the creditor or creditor's assignee of the loan shall deliver to the borrower a notice of the right to cure the default informing the borrower of:

(1) the nature of the default;

(2) the borrower's right to cure the default by paying the sum of money required, provided that a creditor or assignee shall accept any partial payment made or tendered in response to the notice. If the amount necessary to cure the default will change within thirty days of the notice, due to the application of a daily interest rate or the addition of late fees, as allowed by the Home Loan Protection Act, the notice shall give sufficient information to enable the borrower to calculate the amount at any point within the thirty-day period;

(3) the date by which the borrower may cure the default to avoid a court action, acceleration and initiation of foreclosure or other action to seize the property, which date shall not be less than thirty days after the date the notice is delivered, and the name and address and telephone number of a person to whom the payment or tender shall be made;

(4) that if the borrower does not cure the default by the date specified, the creditor or assignee may file an action for money due or take steps to terminate the borrower's ownership in the property by requiring payment in full of the home loan and commencing a foreclosure proceeding or other action to seize the property; and

(5) the name and address and the telephone number of a person whom the borrower may contact if the borrower disagrees with the assertion that a default has occurred or the correctness of the calculation of the amount required to cure the default.

B. If a creditor or assignee asserts that grounds for acceleration exist and requires the payment in full of all sums secured by the home loan, the borrower, or anyone authorized to act on the borrower's behalf, may, at any time prior to the time title is transferred by means of foreclosure, by judicial proceeding and sale or otherwise, cure the default, and reinstate the home loan. Cure of the default shall reinstate the borrower to the same position as if the default had not occurred and shall nullify, as of the date of the cure, an acceleration of any obligation under the home loan arising from the default.

C. To cure a default under this section, a borrower shall not be required to pay any charge, fee or penalty attributable to the exercise of the right to cure a default, other than the fees specifically allowed by this subsection. The borrower shall not be liable for any attorney fees relating to the default that are incurred by the creditor or assignee prior to or during the thirty-day period set forth in Subsection A of this section, nor for any such fees in excess of one hundred dollars (\$100) that are incurred by the creditor or assignee after the expiration of the thirty-day period but prior to the time the creditor or assignee files a foreclosure or other judicial action or takes other action to seize or transfer ownership of the real estate. After the creditor or assignee files a foreclosure or other judicial action or takes other action to seize or transfer ownership of the real estate, the borrower shall only be liable for attorney fees that are reasonable and actually incurred by the creditor or assignee, based on a reasonable hourly rate and a reasonable number of hours.

D. If a default is cured prior to the initiation of any action to foreclose or to seize the residence, the creditor or assignee shall not institute a proceeding or other action for that default. If a default is cured after the initiation of any action, the creditor or assignee shall take such steps as are necessary to terminate the action.

E. A creditor or a creditor's assignee of a home loan that has the legal right to foreclose shall, in a foreclosure, use the judicial foreclosure procedures provided by law. In such a proceeding, the borrower may assert the nonexistence of a default and any other claim or defense to acceleration and foreclosure, including any based on a violation of the Home Loan Protection Act, though no such claim or defense shall be deemed a compulsory counterclaim."

All information designated as "Total" or "Subtotal" is provided for information and amounts are not appropriations.

C. Amounts set out in Section 4 of the General Appropriation Act of 2009, or so much as may be necessary, are appropriated from the indicated source for expenditure in fiscal year 2010 for the objects expressed.

D. Unexpended balances in agency accounts remaining at the end of fiscal year 2009 shall revert to the general fund by October 1, 2009, unless otherwise indicated in the General Appropriation Act of 2009 or otherwise provided by law.

E. Unexpended balances in agency accounts remaining at the end of fiscal year 2010 shall revert to the general fund by October 1, 2010, unless otherwise indicated in the General Appropriation Act of 2009 or otherwise provided by law.

F. The state budget division shall monitor revenue received by agencies from sources other than the general fund and shall reduce the operating budget of any agency whose revenue from such sources is not meeting projections. The state budget division shall notify the legislative finance committee of any operating budget reduced pursuant to this subsection.

G. Except as otherwise specifically stated in the General Appropriation Act of 2009,

appropriations are made in that act for the expenditures of agencies and for other purposes as required by existing law for fiscal year 2010. If any other act of the first session of the forty-ninth legislature changes existing law with regard to the name or

responsibilities of an agency or the name or purpose of a fund or distribution, the appropriation made in the General Appropriation Act of 2009 shall be transferred from the agency, fund or distribution to which an appropriation has been made as required by existing law to the appropriate agency, fund or distribution provided by the new law.

H. The department of finance and administration will regularly consult with the legislative finance committee staff to compare fiscal year 2010 revenue collections with the revenue estimate. I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, agencies whose revenue from state board of finance loans, from revenue appropriated by other acts of the legislature, or from gifts, grants, donations, bequests, insurance settlements, refunds or payments into revolving funds exceeds specifically appropriated amounts may request budget increases from the state budget division. If approved by the state budget division, such money is appropriated.

~~J. Pursuant to Section 6-4-2 NMSA 1978, federal funds received during fiscal year 2010 and not specifically appropriated shall be subject to future appropriation by the legislature provided, however, that an agency may request a budget increase during fiscal year 2010 from the state budget division if the agency submits documentation to the state budget division and to the legislative finance committee showing that all of the following five requirements have been met:~~

~~_____ (1) the requested budget increase is for federal funds the amount of which could not have been reasonably anticipated or known during the first session of the forty-ninth legislature and, therefore, could not have been requested by the agency or appropriated by the legislature;~~

~~_____ (2) the federal law authorizing the disbursement of the federal funds to the state requires the funds to be expended for specific programs or specific governmental functions without leaving a policy choice to the state of how the funds are to be expended;~~

~~_____ (3) the state has no discretion as to the programs or governmental functions for which the federal funds will be expended;~~

~~_____ (4) the executive branch has had no input into the selection of the programs or~~

~~governmental functions for which the federal funds are required to be expended; and~~

~~_____ (5) due to the emergency nature of the purpose of the federal funds or the likelihood that the federal funds will be unavailable in the future, the funds need to be budgeted and expended before the second session of the forty-ninth legislature.~~

~~_____ K. For fiscal year 2010, the number of permanent and term full-time-equivalent positions specified for each agency shows the maximum number of employees intended by the legislature for that agency, unless another provision of the General Appropriation Act of 2009 or another act of the first session of the forty-ninth legislature provides for additional employees.]~~*LINE-ITEM VETO* For purposes of the General Appropriation Act of 2009 and any other act of the first session of the forty-ninth legislature, no employee shall be deemed to have an annual salary greater than twenty thousand dollars (\$20,000) unless the employee's full-time-equivalent base annual salary is greater than that amount or unless the employee's base hourly wage is greater than nine dollars fifty-seven and nine-tenths cents (\$9.579).

L. Except for gasoline credit cards used solely for operation of official vehicles, telephone credit cards used solely for official business and procurement cards used as authorized by Section 6-5-9.1 NMSA 1978, none of the appropriations contained in the General Appropriation Act of 2009 may be expended for payment of agency-issued credit card invoices.

M. To prevent unnecessary spending, expenditures from the General Appropriation Act of 2009 for gasoline for state-owned vehicles at public gasoline service stations shall be made only for self-service gasoline provided that a state agency head may provide exceptions from the requirement to accommodate disabled persons or for other reasons the public interest may require.

N. For the purpose of administering the General Appropriation Act of 2009 and approving operating budgets, the state of New Mexico shall follow the modified accrual basis of accounting for governmental funds in accordance with the manual of model accounting practices issued by the department of finance and administration.

RELATING TO THE PUBLIC PEACE, HEALTH, SAFETY AND WELFARE; CREATING
THE NEW MEXICO RECOVERY AND REINVESTMENT FUND IN RESPONSE TO

THE FEDERAL AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009;
DECLARING AN EMERGENCY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Chapter 126 Section 1 Laws 2009

Section 1. A new section of Chapter 6, Article 4 NMSA 1978 is enacted to read:

"NEW MEXICO RECOVERY AND REINVESTMENT FUND.--

A. The legislature finds that:

(1) the state is not eligible for an increase to the federal medical assistance percentage provided in Subsection (b) or (c) of Section 5001 of the federal American Recovery and Reinvestment Act of 2009 if any amounts attributable, directly or indirectly, to the increase are deposited or credited into any reserve or rainy day fund of the state;

(2) in order to ensure compliance with this requirement, it is desirable to set up a fund separate and apart from the state's general fund to capture unexpended fiscal year 2009 general fund appropriations attributable to an increase to the federal medical assistance percentage provided in Subsection (b) or (c) of Section 5001 of the federal American Recovery and Reinvestment Act of 2009;

(3) the separate fund will also enable the state to clearly account to the federal government regarding earnings and expenditures on unexpended fiscal year 2009 general fund appropriations attributable to an increase to the federal medical assistance percentage provided in Subsection (b) or (c) of Section 5001 of the federal American Recovery and Reinvestment Act of 2009; and

(4) in the period of time during which the fund will be available for expenditure, the fund will be used to stabilize the state's budget in the event of revenue shortfalls and to fund the state's share of the medicaid program, thereby preserving jobs and minimizing reductions in essential services, both of which are stated purposes of the federal American Recovery and Reinvestment Act of 2009.

B. The "New Mexico recovery and reinvestment fund" is created in the state treasury. The fund shall consist of money that is credited to the fund pursuant to Subsection C of this section, reversions to the fund of the unexpended balances of appropriations from the fund, appropriations made to the fund and investment income credited to the fund. Money in the fund shall not revert to any other state fund at the end of any fiscal year and shall not be expended for any purpose except as provided in this section. Income from investment of the fund shall be credited to the fund.

C. Notwithstanding the reversion provisions of general appropriation acts or other laws, at the end of fiscal year 2009, the unexpended balance of a general fund appropriation shall be credited to the New Mexico recovery and reinvestment fund if the secretary of finance and administration, in consultation with the director of the legislative finance committee, determines that the unexpended balance is attributable to an increase in the federal medical assistance percentage provided in Subsection (b) or (c) of Section 5001 of the federal American Recovery and Reinvestment Act of 2009.

D. If revenue and transfers to the general fund at the end of fiscal year 2009, 2010 or 2011 are not sufficient to meet general fund appropriations, the governor, with state board of finance approval, may transfer to the general fund from the unappropriated balance of the New Mexico recovery and reinvestment fund an amount up to the amount of the insufficiency.

E.
