History: 1953 Comp., § 13-17-10, enacted by Laws 1973, ch. 376, § 10; 1977, ch. 201, § 1; 1998, ch. 8, § 27; 1998, ch. 9, § 27.

ANNOTATIONS

Cross references. — For liability for repayment of public assistance, see 27-2-28 NMSA 1978.

The 1998 amendment, effective February 18, 1998, substituted "rules" for "regulations" and "department" for "board" throughout the section; in Paragraph A(1), substituted "the New Mexico Works Act" for "aid to families with dependent children"; in Paragraph A(2), substituted "cash assistance or services pursuant to the New Mexico Works Act" for "aid to families with dependent children"; in Paragraph A(3), deleted "from time to time" at the end of the paragraph; added Paragraph A(4); in Subsection B, substituted "rule" for "regulation"; in Subsection C, "substituted New Mexico Works Act, subject to the availability of state funds" for "aid to families with dependent children program pursuant to Section 13-17-3 NMSA 1953", and made stylistic changes throughout the section.

Laws 1998, ch. 8, § 27 and Laws 1998, ch. 9, § 27 enacted identical amendments to this section, effective February 18, 1998. The section was set out as amended by Laws 1998, ch. 9, § 27. See 12-1-8 NMSA 1978.

Maximum period of eligibility held unconstitutional. — Regulation of the human services department imposing a maximum period of eligibility for disabled adults receiving benefits under the general assistance program violated Title II of the federal Americans with Disabilities Act, 42 U.S.C. § 12132. *Weaver v. N.M. Human Servs. Dep't*, 1997-NMSC-039, 123 N.M. 705, 945 P.2d 70.

Refusal to comply with regulations terminates eligibility. — Where an applicant for public assistance refuses to comply with regulations requiring assignment of support rights, she may not maintain her eligibility for aid to families with dependent children benefits. The department's refusal to provide such benefits on that basis is in accordance with applicable law and regulations. *Melton v. N.M. Dep't of Human Servs.*, 1981-NMCA-130, 97 N.M. 102, 637 P.2d 52.

Validity of regulation limiting duration of cash assistance payments. — This section did not prevent state health and social services department (now human services department) from enacting regulation placing a six-month limitation on general assistance benefits paid to temporarily disabled needy persons with no minor children, since the limitation contemplated by the legislature was not confined to the amount of the periodic payments, but also applied to the length of time such payments were made. *Health & Social Servs. Dep't v. Garcia*, 1976-NMSC-003, 88 N.M. 640, 545 P.2d 1018.

A recipient shall be provided with information about expiration of medicaid or general assistance benefits when the recipient or the recipient's guardian, custodian or other authorized representative files a request for such information with the human services department. The department shall respond to the request within five business days of receipt of the request made on a form the department shall devise and make available to a recipient. The response shall be by physical mail, electronic mail or facsimile or by access into a department-authorized web site.

The rate of payment for in-patient hospital services shall be based either on the reasonable cost or the customary cost of such services, whichever is less. In determining reasonable cost under this section, the board shall adopt regulations establishing a formula consistent with the federal act. The department shall apply that formula to determine the amount to which each hospital is entitled as reimbursement for providing in-patient hospital services.

B. To receive reimbursement for providing in-patient hospital services, a hospital shall file annually with the department such information as the department may reasonably require to determine reasonable costs or the hospital's customary cost of in-patient hospital services.

Equitable estoppel to enforce a food stamp overpayment claim. — Where the appellant adopted a foster child, the appellant received a foster parent subsidy before the adoption and an adoptive parent subsidy after the adoption; both before and after the adoption, the appellant received food stamp assistance; the appellant correctly reported the subsidies and the change in the status of the subsidies following the adoption; prior to the adoption, HSD properly excluded the foster parent subsidy from the appellant's income to determine eligibility for food stamp benefits; for a period of

eight years after the adoption, HSD erroneously excluded the adoptive parent subsidy from the appellant's income to determine the adoptive parent's eligibility for food stamp benefits; the payment of the adoptive parent subsidy to the appellant made the appellant ineligible to receive food stamp benefits; and the appellant had neither actual nor constructive knowledge that the appellant was ineligible for food stamp benefits; the appellant detrimentally relied on HSD's representation that the appellant was eligible for food stamps, the doctrine of equitable estoppel barred HSD's food stamp overpayment claim against the appellant. *Waters-Haskins v. The 1993 amendment, effective June 18, 1993, substituted "licensed doctors of oriental medicine" for "licensed oriental medical doctors".

Abortions. — Rule prohibiting the use of state funds to pay for abortions for medicaid-eligible women, except when necessary to save the life of the mother, to end an ectopic pregnancy, or when the pregnancy resulted from rape or incest violates the equal rights amendment to N.M. Const., art. II, § 18. *N.M. Right to Choose/NARAL v. Johnson*, 1999-NMSC-005, 126 N.M. 788, 975 P.2d 841, cert. denied, 526 U.S. 1020, 119 S. Ct. 1256, 143 L. Ed. 2d 352 (1999).

Chiropractors' services not required under state medicaid program. — Chiropractors' services are not physicians' services under the medicaid program.

Chiropractors' services thus are not included in the general categories of medical treatment which must be included in the state plan. *Katz v. N.M. Dep't of Human Servs.*, 1981-NMSC-012, 95 N.M. 530, 624 P.2d 39 (decided prior to 1991 amendment).

Services of a physical therapist are not required to be included in the state plan. *Katz v. N.M. Dep't of Human Servs.*, 1981-NMSC-012, 95 N.M. 530, 624 P.2d 39.

Denial of services not denial of equal protection. — The denial of medicaid benefits for the services of chiropractors and physical therapists is not so arbitrary and unreasonable as to constitute a denial of equal protection. *Katz v. N.M. Dep't of Human Servs.*, 1981-NMSC-012, 95 N.M. 530, 624 P.2d 39 (decided prior to 1991 amendment).

Medical assistance division does not have the authority to resolve discrimination claims. — Where petitioner, a member of a managed care organization (MCO) that contracts with the human services department (HSD) to administer the provision of medicaid benefits and services, including non-emergency medical transportation, to eligible members, made requests of the MCO, pursuant to Title II of the Americans with Disabilities Act of 1990 (ADA Title II) and Section 504 of the federal Rehabilitation Act, for certain accommodations in the provision of transportation services, and where the MCO denied petitioner's request for reasonable accommodations in accessing medicaid services, and where petitioner requested a fair hearing to appeal the failure of the MCO and HSD to grant her reasonable accommodations in medicaid transportation services, the district court did not err in affirming HSD's medical assistance division's (division) dismissal of the matter, because neither the Public Assistance Act nor the Medicaid Act relied on by petitioner expressly grants the division the power to resolve discrimination claims raised by a medicaid beneficiary challenging an agency's denial or inaction in response to a request for accommodation, nor is any such power vested in the division by any regulation promulgated under state law. *Law v. N.M. Human Servs. Dep't*, 2019-NMCA-066, cert. denied.

27-2-12.4. Long-term care facilities; noncompliance with standards and conditions; sanctions.

A. In addition to any other actions required or permitted by federal law or regulation, the human services department shall impose a hold on state medicaid payments to a long-term care facility thirty days after the health and environment department [department of health] notifies the human services department in writing pursuant to an on-site visit that the long-term care facility is not in substantial compliance with the standards or conditions of participation promulgated by the federal department of health and human services pursuant to which the facility is a party to a medicaid provider agreement, unless the substantial noncompliance has been corrected within that thirty-day period or the facility's medicaid provider agreement is terminated or not renewed based in whole or in part on the noncompliance. The written notice shall cite the specific deficiencies that constitute noncompliance.

B. The human services department shall remove the payment hold imposed under Subsection A of this section when the health and environment department [department of health] pursuant to an on-site visit certifies in writing to the human services department that the long-term care facility is in substantial compliance with the standards or conditions of participation pursuant to which the facility is a party to a medicaid provider agreement.

C. The human services department shall not reimburse any long-term care facility during the payment hold period imposed pursuant to Subsection A of this section for any medicaid recipient-patients who are new admissions and who are admitted on or after the day the hold is imposed and prior to the day the hold is removed.

D. If a long-term care facility is certified in writing to be in noncompliance pursuant to Subsection A of this section for the second time in any twelve-month period, the human services department shall cancel or refuse to execute the long-term care facility's medicaid provider agreement for a two-month period, unless it can be demonstrated that harm to the patients would result from this action or that good cause exists to allow the facility to continue to participate in the medicaid program. The provisions of this subsection are subject to appeal procedures set forth in federal regulations for nonrenewal or termination of a medicaid provider agreement.

E. A long-term care facility shall not charge medicaid recipient-patients, their families or their responsible parties to recoup any payments not received because of a hold on medicaid payments imposed pursuant to this section.

F. This section shall not be construed to affect any other provisions for medicaid provider agreement termination, nonrenewal, due process and appeal pursuant to federal law or regulation.

Effective dates. — Laws 2003, ch. 235 contained no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, was effective June 20, 2003, 90 days after adjournment of the legislature.

Legislative findings. — Laws 2003, ch. 235, § 1, effective June 20, 2003, provided: "The legislature finds that licensed professionals in New Mexico, particularly those in the health care field are severely burdened by multiple layers of mandatory credentialing obligations, costing them, their patients and third-party payers needless expense and wasted time. Further, the legislature notes that New Mexico's health care licensure provisions may be contributing to harmful delays in access to health care throughout the state, particularly in areas with acute professional shortages. The legislature believes that efforts begun pursuant to House Joint Memorial 61 of the second session of the forty-fifth legislature and the continued cooperation among respective licensing boards, the regulation and licensing department, various statewide professional associations and societies, insurers and national accrediting and standard setting organizations will produce a system satisfactory to all concerned while maintaining the primary goal of ensuring the health and safety of New Mexico residents".

27-2-12.13. Medicaid reform; program changes.

A. The department shall carry out the medicaid program changes as recommended by the medicaid reform committee that was established pursuant to Laws 2002, Chapter 96, as follows:

(1) develop a uniform preferred drug list for the state's medicaid prescription drug benefit and integrate all medicaid programs or services administered by the medical assistance division of the department to its use;

(2) work with other agencies to integrate the use of the uniform preferred drug list as described in Paragraph (1) of this subsection to other health care programs, including the department of health, the publicly funded health care agencies of the Health Care Purchasing Act [13-7-1 NMSA 1978], state agencies that purchase

prescription drugs and other public or private purchasers of prescription drugs with whom the state can enter into an agreement for the use of a uniform preferred drug list;

(3) identify entities that are eligible to participate in the federal drug pricing program under Section 340b of the federal Public Health Service Act. The department shall make a reasonable effort to assist the eligible entities to enroll in the program and to purchase prescription drugs under the federal drug pricing program. The department shall ensure that entities enrolled in the federal drug pricing program are reimbursed for drugs purchased for use by medicaid recipients at acquisition cost and that the purchases are not included in a rebate program;

(4) work toward the development of a prescription drug purchasing cooperative to combine the buying power of the state's medicaid program, the publicly funded health care agencies of the Health Care Purchasing Act, the department of health, the corrections department and other potential public or private purchasers, including other states, to obtain the best price for prescription drugs. The administration and price negotiation of the prescription drug purchasing cooperative shall be consolidated under a single agency as determined by the governor;

(5) in consultation and collaboration with the department of health and medicaid providers and contractors, develop a program to expand the use of community health promoters. The community health promoters shall assist selected medicaid recipients in understanding the requirements of the medicaid program; ensuring that recipients are seeking and receiving primary and preventive health care services; following health care providers' orders or recommendations for medication, diet and exercise; and keeping appointments for examinations and diagnostic examinations;

(6) require that the managed care organizations provide or strengthen disease management programs for medical assistance recipients through closer coordination with and assistance to primary care and safety net providers and seek to adopt uniform key health status indicators. The department shall ensure that the managed care organizations make reasonable efforts and actively seek the expanded participation in disease management programs of primary care providers and other health care providers, particularly in underserved areas;

(7) ensure that case management services are provided to assist medicaid recipients in accessing needed medical, social and other services. The department shall require that managed care organizations provide or strengthen case management services through closer coordination with and assistance to primary care and safety net providers. The case management services shall be targeted to specific classes of individuals or individuals in specific areas where medicaid costs or utilization demonstrate a lack of health care management or coordination;

(8) design a pilot disease management program for the fee-for-service population. The department shall ensure that the disease management program is

based on key health status indicators, accountability for clinical benefits and demonstrated cost savings;

(9) continue the personal care option with increased consumer awareness of consumer-directed services as a choice in addition to consumer-delegated services;

(10) expand the program of all-inclusive care for the elderly to a rural or urban area with a population less than four hundred thousand to the extent resources are available;

(11) in conjunction with the department of health, the children, youth and families department and the state agency on aging [aging and long-term services department], coordinate the state's long-term care services, including health and social services and assessment and information and referral development for recipients through an appropriate transition process;

(12) develop a fraud and abuse detection and recovery plan that ensures cooperation, sharing of information and general collaboration among the medicaid fraud control unit of the attorney general, the managed care organizations, medicaid providers, consumer groups and the department to identify, prevent or recover medicaid reimbursement obtained through fraudulent or inappropriate means;

(13) work with other agencies to identify other state-funded health care programs and services that may be reimbursable under medicaid and to ensure that the programs and services meet the requirements for federal funding;

(14) in conjunction with Indian health service facilities or tribally operated health care facilities pursuant to Section 638 of the Indian Self-Determination and Education Assistance Act, medicaid managed care organizations and medicaid providers, ensure that Indian health service facilities and tribally operated facilities are utilized to the extent possible for services that are eligible for a one hundred percent federal medical assistance percentage match;

(15) review the payment methodologies for eligible federally qualified health centers that provide the maximum allowable medicaid reimbursement;

(16) ensure that primary care clinics engaged in medicaid-related outreach and enrollment activities are appropriately reimbursed under medicaid;

(17) assess a premium on selected medicaid recipients who meet criteria as determined by the department;

(18) assess tiered co-payments on emergency room services in amounts comparable to those assessed for the same services by commercial health insurers or health maintenance organizations, except that no co-payment shall be imposed if the patient is admitted as a hospital inpatient as a result of the emergency room evaluation.

The emergency room provider shall make a good faith effort to collect the co-payment from the patient. The co-payment shall apply to medicaid recipients in the managed care system or the fee-for-service system;

(19) assess tiered co-payments on selected higher-cost prescription drugs to provide incentives for greater use of generic prescription drugs when there is a generic or lower-cost equivalent available;

(20) assess a co-payment on the purchase of selected prescription drugs that are not on the uniform preferred drug list as described in Paragraph (1) of this subsection;

(21) consider the impact of cost-sharing requirements on medicaid recipients' access to health care. The department shall ensure that premiums and co-payments described in Paragraphs (17) through (20) of this subsection are in compliance with federal requirements;

(22) provide vision benefits for adults that do not exceed one routine eye exam and one set of corrective lenses in a twelve-month period or more than one frame for corrective lenses in a twenty-four-month period, except as medically warranted;

(23) review its prescription drug policies to ensure that pharmacists have the flexibility for and are not discouraged from using generic prescription drugs when there is a generic or lower-cost equivalent available; and

(24) review its nursing home eligibility criteria to ensure that consideration of income, trusts and other assets are the maximum permissible under federal law.

B. The department shall, to the extent possible, combine or coordinate similar initiatives in this section or in other medicaid reform committee recommendations to avoid duplication or conflict. The department shall give preference to those initiatives that provide significant cost savings while protecting the quality and access of medicaid recipients' health care services.

C. The department shall ensure compliance with federal requirements for implementation of the medicaid reform committee's recommendations. The department shall request a federal waiver as may be necessary to comply with federal requirements.

D. As used in this section:

(1) "case management" means services that ensure care coordination among the patient, the primary care provider and other providers involved in addressing the patient's health care needs, including care plan development, communication and monitoring;

(2) "community health promoters" means persons trained to promote health and health care access among low-income persons and medically underserved communities;

(7) "medicaid" means the joint federal-state health coverage program pursuant to Title 19 or Title 21 of the federal act;

(8) "preferred drug list" means a list of prescription drugs for which the state will make payment without prior authorization or additional charge to the medicaid recipient and that is based on clinical evidence for efficacy and meets the department's cost-effectiveness criteria;

(9) "primary care clinics" means facilities that provide the first level of basic or general health care for an individual's health needs, including diagnostic and treatment services, and includes federally qualified health centers or federally qualified health center look-alikes as defined in Section 1905 of the federal act and designated by the federal department of health and human services, community-based health centers, rural health clinics and other eligible programs under the Rural Primary Health Care Act [24-1A-1 NMSA 1978];

(10) "primary care provider" means a health care practitioner acting within the scope of his license who provides the first level of basic or general health care for a person's health needs, including diagnostic and treatment services, initiates referrals to other health care practitioners and maintains the continuity of care when appropriate; and

(11) "waiver" means the authority granted by the secretary of the federal department of health and human services, upon the request of the state, that allows exceptions to the state medicaid plan requirements and allows a state to implement innovative programs or activities.

The "medical home" is an integrated care management model that emphasizes primary medical care that is continuous, comprehensive, coordinated, accessible, compassionate and culturally appropriate. Care within the medical home includes primary care, preventive care and care management services and uses quality improvement techniques and information technology for clinical decision support. Components of the medical home model may include:

- (1) assignment of recipients to a primary care provider, clinic or practice that will serve as a medical home;
- (2) promotion of the health commons model of service delivery, whereby the medical home tracks recipients' primary care, specialty, behavioral health, dental health and social services needs as much as practicable;
- (3) health education, health promotion, peer support and other services that may integrate with health care services to promote overall health;
- (4) health risk or functional needs assessments for recipients;
- (5) a method for reporting on the effectiveness of the medical home model and its effect upon recipients' utilization of health care services and the associated cost of utilization of those services;
- (6) mechanisms to reduce inappropriate emergency department utilization by recipients;
- (7) financial incentives for the provision of after-hours primary care;

(10) strategies to prevent or delay institutionalization of recipients through the effective utilization of home- and community-based support services;

(11) a primary care provider for each recipient, who advocates for and provides ongoing support, oversight and guidance to implement an integrated, coherent, cross-disciplinary plan for ongoing health care developed in partnership with the recipient and including all other health care providers furnishing care to the recipient;

(12) implementation of evidence-based medicine and clinical decision support tools to guide decision-making at the point-of-care based upon recipient-specific factors;

(16) implementation of training programs for personnel involved in the coordination of care for recipients;

(17) implementation of equitable financial incentive and compensation systems for primary care providers and other staff engaged in care management and the medical home model; and

(18) any other components that the secretary determines will improve a recipient's health outcome and that are cost-effective.

B. For the purposes of this section, "primary care provider" means a medical doctor or physician assistant licensed under the Medical Practice Act [61-6-1 NMSA 1978] to practice medicine in New Mexico, an osteopathic physician licensed pursuant to Chapter 61, Article 10 NMSA 1978, an osteopathic physician's assistant licensed pursuant to the Osteopathic Physicians' Assistants Act [repealed], a pharmacist clinician

(b) informs the recipient that the recipient does not have a condition requiring emergency medical services;

(c) informs the recipient that if the hospital provides the non-emergency service, the hospital may require the recipient to pay a co-payment, premium payment or other cost-sharing payment in advance of providing the service;

(e) offers to provide the recipient with a referral to the non-emergency provider to facilitate scheduling of the service;

A. Subject to the availability of state funds, the human services department may provide assistance to aged, blind or disabled individuals in the amounts consistent with federal law to enable the state to be eligible for medicaid funding. Individuals shall be determined to be aged, blind or disabled according to regulations of the human services department.

B. If drug product selection is permitted by Section 26-3-3 NMSA 1978, reimbursement by the medicaid program shall be limited to the wholesale cost of the lesser expensive therapeutic equivalent drug generally available in New Mexico plus a reasonable dispensing fee of at least three dollars sixty-five cents (\$3.65).

Statutory rights not waived by entering into managed care contracts. — Where, in a class action, pharmacists sued to enforce their rights to reimbursement under Subsection B of Section 27-2-16 NMSA 1978; when the state converted the medicaid program from a fee-for-service program to a managed care program, pharmacists were required to enter into new contracts with managed care organizations; the new contracts required the organizations to reimburse pharmacists at the current and applicable medicaid reimbursement rates which were less than the required rates under Subsection B; pharmacists who refused to participate in the new contracts were terminated from the active provider list by the human services department; and when the state converted the medicaid program to a managed care program, pharmacists sought a temporary restraining order to determine the effect of entering into the new contracts and pursuant to the court's order, the department entered into provider contracts with the organizations which provided that the new contracts with pharmacists did not waive pharmacists' statutory rights to sue under Subsection B, pharmacists did not waive their statutory rights to sue pursuant to Subsection B by entering into the new contracts. *Starko, Inc. v. Reduction of reimbursement rates without federal approval. — Where, in a class action, pharmacists sued to enforce their rights to reimbursement under Subsection B of Section 27-2-16 NMSA 1978, alleging that the human services department failed to reimburse pharmacists in accordance with medicaid legislation for drug ingredient costs; from January 1, 1991 through June 30, 1997, the department reimbursed pharmacists at the rate of the average wholesale price, minus ten and one-half percent; effective June 30, 1997, the department reduced the ingredient cost to the average wholesale price, minus twelve and one-half percent; federal approval of the reduction, which was necessary, was given in April 1998, retroactive to January 1, 1998; and pharmacists claimed that the department did not have authority to reduce the reimbursement rate during the six-month period prior to federal approval, the federal statute did not require prior approval of state plans, retroactive approval was sufficient, and pharmacists did not have a cause of action against the department for reimbursement for the six-month period when reimbursement rates had been reduced without federal approval. *Starko, Inc. v. Presbyterian Health Plan, Inc.*, 2012-NMCA-053, 276 P.3d 252, cert. granted, 2012-NMCERT-003.

Breach of contract claim against the Human Services Department. — Where, in a class action, pharmacists sued to enforce their rights to reimbursement under Subsection B of Section 27-2-16 NMSA 1978; when the state converted the medicaid program from a fee-for-service program to a managed care program, the human services department entered into provider contracts with managed care organizations that required the organizations to provide medical care and pharmacy services, explicitly incorporated all applicable statutes, and provided that contracts between the

organizations and pharmacists would not waive pharmacists' statutory rights to sue pursuant to Subsection B; Subsection B's requirement that pharmacists be reimbursed with the average wholesale price, plus a reasonable dispensing fee when pharmacists dispense lesser expensive, therapeutic equivalent drug, was a term of the provider agreements and pharmacists could bring a breach of contract action against the department for the medicaid program's failure to reimburse pharmacists in accordance with Subsection B. *Starko, Inc. v. Presbyterian Health Plan, Inc.*, 2012-NMCA-053, 276 P.3d 252, cert. granted, 2012-NMCERT-003.

Unjust enrichment claim against managed care organizations. — Where, in a class action, pharmacists sued to enforce their rights to reimbursement under Subsection B of Section 27-2-16 NMSA 1978; the human services department entered into provider contracts with managed care organizations that required the organizations to pay pharmacists in accordance with Subsection B; and pharmacists alleged that the department paid the organizations in compliance with the statute and that the payments were partially retained by the organizations, pharmacists stated a claim in equity for unjust enrichment. *Starko, Inc. v. Presbyterian Health Plan, Inc.*, 2012-NMCA-053, 276 P.3d 252, cert. granted, 2012-NMCERT-003.

Class certification was proper. — Where, in a class action, pharmacists sued the human services department and managed care organizations to enforce pharmacists' rights to reimbursement under Subsection B of Section 27-2-16 NMSA 1978; the department entered into provider contracts with the organizations to provide medical care and pharmacy services; the organizations entered into contracts with pharmacists to provide pharmacy services; the number of pharmacist who were class members was between two and three hundred; the pharmacists were widely dispersed across the state; the relationship of each pharmacist to the department and the organizations and the facts necessary to decide the case as to each class member were essentially the same; each class member sought an interpretation of Subsection B that required either the department or the organizations to pay; there was no evidence that the interests of any individual class member were contrary to those of the entire class; to prevail, each class member needed a holding on all critical issues common to all class members; judicial resources would be saved by certification; the number of class members was manageable; and the damages of each class member could be calculated in a similar manner, the court did not abuse its discretion in finding that the requirements of Paragraph A of Rule 1-023 NMRA were met. *Starko, Inc. v. Presbyterian Health Plan, Inc.*, 2012-NMCA-053, 276 P.3d 252, cert. granted, 2012-NMCERT-003.

No denial of due process. — Where human services department executives contracted with managed care organizations in such a way that resulted in pharmacists being paid a dispensing fee of less than the statutory amount of \$3.65, the pharmacists were not denied due process by the state because the pharmacists were being paid the dispensing fee under contracts the pharmacists voluntarily entered into with the managed care organizations and because the violation of the substance of the state law is not a violation of a procedural guarantee. *Starko, Inc. v. 27-2-17. Custodian of funds.

The state department is hereby designated as the custodian, subject to the provisions of Section 21 [repealed] of this act, of any and all monies which may be received by the state of New Mexico, which the state board of public welfare is authorized to administer, from any appropriations made by the congress of the United States for the purpose of cooperating with the several states in the enforcement and administration of the provisions of the federal Social Security Act, referred to in Section 9 [27-2-15 NMSA 1978], and all monies received from any other source for the purposes set forth in this act. The state department is hereby authorized to receive such monies, provide for the proper custody thereof, and to make disbursements therefrom under such rules and regulations as the state board may prescribe.

27-2-23. Third party liability.

A. The income support division of the department shall make reasonable efforts to ascertain any legal liability of third parties who are or may be liable to pay all or part of the medical cost of injury, disease or disability of an applicant for or recipient of medical assistance pursuant to the provisions of Chapter 27 NMSA 1978.

B. When the department makes medical assistance payments on behalf of a recipient, the department is subrogated to any right of the recipient against a third party for recovery of medical expenses to the extent that the department has made payment.

C. Health insurers, including self-insured plans, group health plans, service benefit plans, managed care organizations, pharmacy benefit managers or other parties, that are, by statute, contract or agreement, legally responsible for payment of a claim for a health care item or service, as a condition of doing business with New Mexico, shall:

(1) provide, with respect to individuals who are eligible for or are provided medical assistance under the medicaid program, upon the request of the state, information to determine during what period the individual, the individual's spouse or the individual's dependents may be, or may have been, covered by a health insurer and the nature of the coverage provided by the health insurer, including the name, address and identifying number of the plan;

(2) accept New Mexico's right of recovery and the assignment to New Mexico of any right of an individual or other entity to payment from the party for an item or service for which payment has been made under the medicaid program;

(3) respond to any inquiry by New Mexico regarding a claim for payment for any health care item or service that is submitted no later than three years after the date of the provision of such health care item or service; and

(4) agree not to deny a claim submitted by New Mexico solely on the basis of the date of submission of the claim by the provider, the type of the claim form or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if:

(a) the claim is submitted by New Mexico within the three-year period beginning on the date on which the item or service was furnished; and

(b) any action by New Mexico to enforce its rights with respect to such claim is commenced within six years of New Mexico's submission of such claim.

D. Nothing in this section shall be construed to preclude the application of common law principles in determining equitable reimbursement from any third-party source for New Mexico or a health insurer, including self-insured plans, group health plans, service benefit plans, managed care organizations, pharmacy benefit managers or other parties.

Department's subrogation is right of recovery subject to equitable principles. *White v. Sutherland*, 1978-NMCA-076, 92 N.M. 187, 585 P.2d 331, cert. denied, 92 N.M. 79, 582 P.2d 1292.

Circumstances held not to justify complete reimbursement. — Although this section shows an intent that medical assistance payments be repaid, it says nothing as to 100 percent repayment regardless of the facts. Where the settlement proceeds in a medical malpractice suit would constitute but a small fraction of a medical assistance recipient's actual damages and any money which the department might recover would be due to a very large extent to the energies expended in pursuing the malpractice claim by the recipient and her attorneys, who were charging a contingent fee of 25 percent of the recovery, the department was not equitably entitled to complete reimbursement for its payments to the recipient. *White v. Sutherland*, 1978-NMCA-076, 92 N.M. 187, 585 P.2d 331, cert. denied, 92 N.M. 79, 582 P.2d 1292.

Equitable reduction. — Subsection G of Section 27-2-28 NMSA 1978, providing for assignment to the department of a recipient's right to recovery against a tortfeasor, as reconciled with this section and federal law, does not convey the right to full reimbursement in every case, but permits an equitable reduction. *Kahrs v. Sanchez*, 1998-NMCA-037, 125 N.M. 1, 956 P.2d 132, cert. denied, 124 N.M. 589, 953 P.2d 1087.

behalf of individuals residing in the state shall contain any provisions excluding or limiting coverage or payment for any health care for an individual who would otherwise be covered or entitled to benefits or services under the terms of the employee health benefit plan, because that individual is provided, or is eligible for, benefits under the medicaid program of this state pursuant to Title XIX of the federal Social Security Act, 42 U.S.C. 1396, et seq.

The federal government's share shall be limited to a percentage of the net recovery equal to the percentage of federal participation claimed by the state for the payments when originally made. The amount due the United States shall be paid promptly from the funds so collected to the United States government.

(2) an individual living in a nursing home or an intermediate care facility the payment for whose care is made in whole or in part pursuant to Title 19 of the federal act; funeral expenses up to two hundred dollars (\$200) shall be paid by the health and social services department if the deceased's available resources, as defined by regulation of the board, are insufficient to pay the funeral expenses, the persons legally responsible for the support of the deceased are unable to pay the funeral expenses, and no other person will undertake to pay said expenses.

B. No payment shall be made by the department when resources available from all sources to pay the funeral expenses total six hundred dollars (\$600) or more. When the resources are less than six hundred dollars (\$600), the department shall pay the difference between six hundred dollars (\$600) and the resources, or two hundred dollars (\$200), whichever is less.

The department will consider said payment in determining the amount of any funeral expense payment it makes. A. The department is designated as the single state agency for the enforcement of child and spousal support obligations pursuant to Title IV D of the federal act with the following duties and powers to:

(1) establish the paternity of a child in the case of the child born out of wedlock with respect to whom an assignment of support rights has been executed in favor of the department;

(2) establish an order of support for children receiving aid to families with dependent children and, at the option of the department, for the spouse or former spouse with whom such children are living, but only if a support obligation has been established with respect to such spouse or former spouse, for whom no order of support currently exists and seek modification, based upon the noncustodial parent's ability to pay, of existing orders in which the support order is inadequate to properly care for the child and the spouse or former spouse with whom the child is living;

(3) enforce as the real party in interest any existing order for the support of children who are receiving aid to families with dependent children or of the spouse or former spouse with whom such children are living;

(4) provide services to non-aid families with dependent children in the establishment and enforcement of paternity and child support obligations, including locating the absent parent. For these services, the department is authorized to establish and collect fees, costs and charges permitted or required by federal law or by regulations adopted pursuant to that federal law; and

(5) adopt regulations for the disposition of unclaimed child, spousal or medical support payments.

B. In all cases handled by the department pursuant to the provisions of this section, the child support enforcement division or an attorney employed by the division represent the department, to the exclusion of any other party, in establishing, modifying and enforcing support obligations.

C. An attorney employed to provide the Title IV D services represents only the department's interests and no attorney-client relationship shall exist between the attorney and another party.

D. The department shall, at the time an application for child support services is made, inform the applicant that neither the Title IV D agency nor the attorney who provides services under this section is the applicant's attorney and that the attorney who provides services under this section shall not provide legal representation to the applicant.

E. The department may initiate an action or may intervene in an action involving child support.

F. The attorney employed by the department pursuant to this section shall not act as a guardian ad litem for the applicant.

The 2004 amendment, effective May 19, 2004, amended Subsection B to add "to the exclusion of any other party" and added new Subsections C through G.

The 2003 amendment, effective June 20, 2003, added the Subsection A designation; redesignated former Subsections A to D as Paragraphs A(1) to (4) and Subsection E as present Subsection B; substituted "currently" for "presently" following "order of support" in Paragraph A(2); and added Paragraph A(5).

The 1995 amendment, effective June 16, 1995, deleted "human services" preceding "department" in four places; in Subsection D, substituted "provide services to" for

"represent" at the beginning of the first sentence and "For these services" for "For such representation" at the beginning of the second sentence; and added Subsection E.

Paternity action on behalf of child past majority. — The child support enforcement division could not bring paternity and past child support action on behalf of twenty-year-old child; although such action could be maintained by the child under the Uniform Parentage Act, its outcome had no bearing upon the department, and, therefore, department had no standing. *State ex rel. Salazar v. Roybal*, 1998-NMCA-093, 125 N.M. 471, 963 P.2d 548, cert. denied, 125 N.M. 322, 961 P.2d 167.

Substitution of child as real party in interest. — Where it was held that human services department was without standing to maintain action on behalf of twenty-year-old child, child could be substituted as real party in interest with no effect on his substantive rights, if, on remand, it was determined that the department's error was an honest mistake. *State ex rel. State not barred by laches in determining paternity. — Where a determination of the paternity of a child is in the public interest, as when the state is seeking reimbursement for payments it has made in the past, as well as future support payments for so long as the child receives public assistance, absent proof of inexcusable neglect, the state will not be barred by the doctrine of laches from maintaining such an action. *State ex rel. 27-2-28. Liability for repayment of public assistance.

A. In cases where the department has provided cash assistance to children in a household, the court shall award judgment in favor of the department and against the noncustodial parents of the children for child support, calculated pursuant to Section 40-4-11.1 NMSA 1978, for all months in which the children received cash assistance benefits.

B. Equitable defenses available to the noncustodial parent in claims by the custodian for retroactive support or past due support shall not operate to deprive the department of its right to request retroactive support or past due support for months during which the noncustodial parent's children received cash assistance benefits.

C. Amounts of support collected that are in excess of the amounts specified in Subsections A and B of this section shall be paid by the department to the custodian of the child.

D. No agreement between any custodian of a child and a parent of that child, either relieving the parent of any duty of child or spousal support or responsibility or purporting

to settle past, present or future support obligations, either as a settlement or prepayment, shall act to reduce or terminate any rights of the department to recover from that parent for support provided, unless the department has consented to the agreement in writing.

E. The noncustodial parent shall be given credit for any support actually provided, including housing, clothing, food or funds paid prior to the entry of any order for support. The noncustodial parent has the burden to prove that the noncustodial parent has provided any support.

F. An application for public assistance by any person constitutes an assignment by operation of law of any support rights the person is entitled to during the time the person's household receives public assistance, whether the support rights are owed to the applicant or to any family member for whom the applicant is applying for or receiving assistance. The assignment includes all support rights that accrue as long as the applicant receives public assistance.

G. By operation of law, an assignment to the department of any and all rights of an applicant for or recipient of medical assistance under the medicaid program in New Mexico or supplemental security income through the social security administration:

(1) is deemed to be made of:

(a) any payment for medical care from any person, firm or corporation, including an insurance carrier; and

(b) any recovery for personal injury, whether by judgment or contract for compromise or settlement;

(2) shall be effective to the extent of the amount of medical assistance actually paid by the department under the medicaid program; and

(3) shall be effective as to the rights of any other individuals who are eligible for medical assistance and whose rights can legally be assigned by the applicant or recipient.

An applicant or recipient is required to cooperate fully with the department in its efforts to secure the assignment and to execute and deliver any instruments and papers deemed necessary to complete the assignment by the department.

ANNOTATIONS

Repeals and reenactments. — Laws 1981, ch. 90, § 2, repealed former 27-2-28 NMSA 1978, as amended by Laws 1973, ch. 376, § 12, relating to actions brought by the department of health and social services against the person responsible for the support of a spouse or minor children who are recipients of public assistance, and enacted a new 27-2-28 NMSA 1978.

The 2009 amendment, effective June 19, 2009, deleted former Subsection A, which provided for the liability of a noncustodial parent for repayment of public assistance; deleted former Subsection B, which provided for payment of support for the period prior to the granting of public assistance; added new Subsections A and B; in Subsection E, at the end of the sentence, deleted "on the issue of any payment" and added "to prove that the noncustodial parent has provided any support"; in Subsection F, deleted "from any other person" and added "during the time the person's household receives public assistance" and deleted the former provision in the last sentence that limited support rights to those that had accrued at the time of application for public assistance and that provided that the assignment continues as an assignment of all support rights the applicant is entitled to receive.

The 1995 amendment, effective June 16, 1995, deleted a proviso relating to claims for reimbursement by the human services department six years prior to filing an action from the end of Subsection A and made a minor stylistic change in Subsection C.

The 1991 amendment, effective June 14, 1991, inserted "human services" preceding "department" throughout the section; added Subsections F and G; and made a minor stylistic change in Subsection C.

Equitable reduction. — This section aids in the implementation of the subrogation provisions of Section 27-2-23 NMSA 1978 and provides the same equitable remedy; the human services department is not entitled to full reimbursement in every case where an injured recipient of medicaid recovers from a tortfeasor. *Kahrs v. B. The purpose of the Indigent Catastrophic Illness Hospital Funding Act [27-2-41 to 27-2-47 NMSA 1978] is to reduce the impact of medical indigency on the cost of health care in New Mexico by providing for payment of some portion of large hospital bills incurred by medically indigent patients.

History: Laws 1990, ch. 93, § 2.

There is created in the state treasury the "indigent catastrophic illness hospital fund". Money in the fund is appropriated to the department for the purpose of reimbursing hospitals for eligible claims for hospital charges incurred by medically indigent patients and for paying administrative costs of the department not to exceed three percent of the annual appropriation or other distribution or transfer to the fund. Money in the fund shall be invested as provided for other state funds and income earned on the fund shall be credited to the fund. No balance remaining at the end of any fiscal year shall revert to the general fund.

History: Laws 1990, ch. 93, § 4.

27-2-45. Hospitals; claims for payment.

A. A hospital may submit eligible claims to the department on or before April 1 of each year for payment from the fund by June 30 of each year in an amount determined pursuant to this section.

B. A claim submitted by a hospital for payment from the fund shall be deemed an eligible claim if it is for:

(1) uncovered hospital charges of five thousand dollars (\$5,000) or more for an illness of a medically indigent patient;

(2) hospital charges incurred within the twelve months immediately prior to the applicable April 1 closing deadline; and

(3) an amount determined by subtracting from the base claim the medically indigent patient's deductible and then reducing the resulting balance, based on the hospital's medicare cost-to-charge ratio, to an amount equal to medicare allowable costs.

C. The department shall pay from the fund to each hospital the amount of each eligible claim if there is sufficient money in the fund. If there is not sufficient money in the fund to pay all eligible claims of hospitals for that year, the amount of each claim that shall be paid shall be an amount derived from multiplying the full amount of the eligible claim by the percentage derived from dividing the balance in the fund, after administrative costs have been subtracted, by the sum of the eligible claims.

History: Laws 1990, ch. 93, § 5.

27-2-46. Medically indigent patient deductible.

A medically indigent patient's deductible shall be an amount determined by the hospital that the medically indigent patient is able to pay the hospital in monthly installments over an eighteen-month period. New Mexico Works Act

27-2B-1. Short title.

Chapter 27, Article 2B NMSA 1978 may be cited as the "New Mexico Works Act".

History: Laws 1998, ch. 8, § 1; 1998, ch. 9, § 1; 2009, ch. 186, § 1.

Applicability. — Laws 2009, ch. 186, § 7 provided that the provisions of Laws 2009, ch. 186 apply beginning August 1, 2009.

27-2B-2. Legislative findings; purpose of act.

A. The legislature finds that:

(1) the poverty rate in New Mexico is the highest in the nation and has exceeded more than twenty percent of the population for most of the past twenty-five years;

(2) having a job does not provide a guarantee of avoiding poverty as demonstrated by the high percentage of persons in the civilian labor force over sixteen years of age with reported incomes in 1989 that were below the poverty level; and

(3) the diversity of the state, with its residents living in rural and metropolitan areas, reservations and border areas, requires the state to adjust state policies governing economic and social programs for the poor and the working poor to reflect the particular needs of particular locales, not just to create a generic one-size-fits-all program.

B. The legislature finds that education and training are essential to long-term career development.

C. The legislature finds that employment improves the quality of life for parents and children by increasing family income, developing the discipline necessary for self-sufficiency and improving self-esteem, and thus, it is in the public interest to fundamentally alter the state's financial assistance program for needy families with children so both cash and services, including education, job training, child care and transportation provided in accordance with the New Mexico Works Act assist recipients to obtain and keep employment that is sufficient to sustain their families, ensure the dignity of those who receive assistance and strengthen families and families' support for their children.

D. The legislature finds that although most New Mexicans want to work, and in fact New Mexico has been cited as a "like to work" state, not all families can move quickly into the labor force and that regular assessments and key intervention and follow-up can help persons connect to the work force to obtain meaningful work and achieve self-sufficiency.

E. The legislature further finds that the federal act envisions that state and tribal governments will work together to serve participants residing in Indian country, and it is important that the state and the tribal governments work, government to government, to address the issues of availability and delivery of service to the twenty-two tribes and pueblos.

F. The purpose of the New Mexico Works Act is to increase family income through family employment and child support and, by viewing financial assistance as a support service to enable and assist parents to participate in employment rather than as an entitlement, to enable New Mexico to change the culture of the welfare office, both on the part of the department and on the part of the recipients, so that all parties can focus on addressing the barriers to participation in work activities and putting New Mexicans to work.

The department shall by rule establish procedures for the filing of a request for a hearing and the time limits within which a request may be filed; provided, however, that the department may grant reasonable extensions of the time limits. If the request is filed in a timely manner, cash assistance and services shall be provided until the appeal is resolved. If the request is not filed within the specified time for appeal or within whatever extension the department may grant, the department action shall be final. Upon receipt of a timely request, the department shall give the recipient reasonable notice of an opportunity for a fair hearing in accordance with the rules of the department.

D. The hearing shall be conducted by a hearing officer designated by the director. The powers of the hearing officer shall include administering oaths or affirmations to witnesses called to testify, taking testimony, examining witnesses, admitting or excluding evidence and reopening a hearing to receive additional evidence. The technical rules of evidence and the rules of civil procedure shall not apply. The hearing shall be conducted so that the contentions or defenses of each party to the hearing are amply and fairly presented. Each party may be represented by counsel or other representative and may conduct cross-examination. Oral or documentary evidence may be received, but the hearing officer may exclude irrelevant, immaterial or unduly repetitious evidence.

E. The director shall review the record of the proceedings and shall make his decision on the record. The recipient or his representative shall be notified in writing of the director's decision and the reasons for the decision. The written notice shall inform the recipient of his right to judicial review. The department shall be responsible for ensuring that the decision is enforced.

F. Within thirty days after receiving written notice of the decision of the director, a recipient may file a notice of appeal with the court of appeals together with a copy of the notice of the decision. The clerk of the court shall transmit a copy of the notice of appeal to the director.

G. The filing of a notice of appeal shall not stay the enforcement of the decision of the director, but the department may grant, or the court upon motion and good cause shown may order, a stay.

H. Within twenty days after receipt of the notice of appeal, the department shall file with the clerk of the court three copies and furnish to the appellant one copy of the written transcript of the record of the proceedings.

I. If, before the date set for argument, application is made to the court for leave to present additional evidence and the court is satisfied that the additional evidence is material and there was good reason for not presenting it in the hearing, the court may order the additional evidence taken before the department. If the application to present additional evidence is filed by the department and is approved by the court, the department's decision that is being appealed shall be stayed. The director may modify his findings and decision by reason of the additional evidence and shall file with the court a transcript of the additional evidence together with any modified or new findings or decision.

J. The review of the court shall be made upon the decision and the record of the proceedings.

K. The court shall set aside a decision and order of the director only if the decision is found to be:

- (1) arbitrary, capricious or an abuse of discretion;
- (2) not supported by substantial evidence in the record as a whole; or
- (3) otherwise not in accordance with law.

L. The department shall not authorize or allow expenditures in excess of the amounts previously appropriated by the legislature.

Emergency clauses. — Laws 2003, ch. 317, § 10 contained an emergency clause and was approved April 8, 2003.

27-2D-9. Satisfactory participation.

A. To maintain satisfactory participation in the education works program, a recipient shall be a full-time student as defined by the school that the recipient attends.

B. A recipient may demonstrate good cause for failure to maintain satisfactory participation in the education works program, and must work with the department to address the barrier, in any month of participation for the following reasons:

- (1) extended illness or injury of the recipient;
- (2) the recipient is the primary caretaker for a special needs child or an ill or aging parent; or
- (3) the recipient has been assessed to have a learning disability or a mental or physical health problem.

C. If a recipient falls below the academic standard of the school in one academic term, he shall be placed on probationary status for one academic term to improve his grades. If a recipient's overall grade point average falls below 2.0 based on a four-point system, the department shall place him on probation for a maximum of two academic terms to allow him to bring up his overall grade point average.

D. A recipient shall:

- (1) attend classes as scheduled and participate as required by the standard of the school;

(2) report to the department a change that may affect the benefit group's eligibility for or anything that may affect the recipients ability to participate in the education works program;

(3) provide the department with copies of any financial aid award letters; and

(4) provide the department with copies of his grades as they become available.

E. If a recipient does not comply with Subsection C of this section or with the provisions of the Education Works Act, the department may require the recipient to apply for public assistance pursuant to the New Mexico Works Act [27-2B-1 NMSA 1978]. This decision shall be made in writing and the recipient shall have the opportunity to appeal the decision.

C. A person who engages in the wholesale distribution of prescription drugs in New Mexico shall file with the human services department information showing the actual price at which the wholesaler or distributor sells a particular drug to a pharmacy.

This act [27-3-1 to 27-3-4 NMSA 1978] may be cited as the "Public Assistance Appeals Act".

27-3-2. Definitions.

As used in the Public Assistance Appeals Act:

A. "department" means the income support division, the medical assistance division or the social services division of the human services department;

B. "board" means the income support division, the medical assistance division or the social services division of the human services department; and

C. "director" means the director of the income support division, the medical assistance division or the social services division of the human services department.

History: 1953 Comp., § 13-18-2, enacted by Laws 1973, ch. 256, § 2; 1977, ch. 252, § 22; 1991, ch. 155, § 2.

ANNOTATIONS

The 1991 amendment, effective June 14, 1991, inserted "the medical assistance division" in Subsections A and C and "the medical assistance division or the social services division" in Subsection B.

27-3-3. Fair hearing.

A. An applicant for or recipient of assistance or services under any provisions of the Public Assistance Act [27-2-1 NMSA 1978], Social Security Act or Special Medical Needs Act [27-4-1 NMSA 1978] or regulations of the board adopted pursuant to those acts may request a hearing in accordance with regulations of the board if:

- (1) an application is not acted upon within a reasonable time after the filing of the application;
- (2) an application is denied in whole or in part; or
- (3) the assistance or services are modified, terminated or not provided.

The department shall notify the recipient or applicant of his rights under this section.

B. The board shall by regulation establish procedures for the filing of a request for a hearing and the time limits within which a request may be filed; provided, however, that the department may grant reasonable extensions of the time limits. If the request is not filed within the specified time for appeal or within whatever extension the department may grant, the department action shall be final. Upon receipt of a timely request, the department shall give the applicant or recipient reasonable notice of an opportunity for a fair hearing in accordance with the regulations of the board.

C. The hearing shall be conducted by a hearing officer designated by the director. The powers of the hearing officer shall include administering oaths or affirmations to witnesses called to testify, taking testimony, examining witnesses, admitting or excluding evidence and reopening any hearing to receive additional evidence. The technical rules of evidence and the rules of civil procedure shall not apply. The hearing shall be conducted so that the contentions or defenses of each party to the hearing are amply and fairly presented. Either party may be represented by counsel or other representative of his designation, and he or his representative may conduct cross-examination. Any oral or documentary evidence may be received, but the hearing officer may exclude irrelevant, immaterial or unduly repetitious evidence.

D. The director shall review the record of the proceedings and shall make a decision thereon. The applicant or recipient or his representative shall be notified in writing of the director's decision and the reasons for the decision. The written notice shall inform the applicant or recipient of his right to judicial review. The department shall be responsible for assuring that the decision is enforced.

History: 1953 Comp., § 13-18-3, enacted by Laws 1973, ch. 256, § 3; 1991, ch. 155, § 3.

ANNOTATIONS

Cross references. — For the federal Social Security Act, see 42 U.S.C.S. § 301 et seq.

The 1991 amendment, effective June 14, 1991, in Subsection A, substituted "Social Security Act" for "Social Services Act" near the beginning and added "or not provided" at the end of Paragraph (3) and made minor stylistic changes in Subsections A and D.

Judicial review. — In reviewing an administrative decision, the courts must view the evidence in the light most favorable to the decision. *N.M. Dep't of Human Servs. v. Tapia*, 1982-NMSC-033, 97 N.M. 632, 642 P.2d 1091.

Consideration of evidence not presented to the original caseworker. — Regardless of whether the original caseworker had access to the evidence, a hearing officer should consider new evidence that tends to establish eligibility at the time of the original denial of benefits. *Carter v. N.M. Human Servs. Dep't*, 2009-NMCA-063, 146 N.M. 422, 211 P.3d 219.

Consideration of evidence not presented to the original caseworker. — Where a case worker formally denied the petitioner's application for medicaid benefits on February 9, 2006, because the petitioner's bank statements for November and December 2005 showed that the petitioner was financially ineligible to receive benefits; at the administrative hearing on the petitioner's appeal, the petitioner introduced the petitioner's bank statement for February 2006, which showed that the petitioner was financially eligible for benefits; the hearing officer did not consider the February statement because the bank statement had not been considered by the case worker; and the hearing officer affirmed the caseworker's denial of the petitioner's application for benefits, the hearing officer should have considered the petitioner's February bank statement, because the bank statement tended to establish the petitioner's eligibility for benefits on February 1, 2006, as provided by 8.281.500.10 NMAC, prior to the denial of the petitioner's application on February 9, 2006. *Carter v. N.M. Human Servs. Dep't*, 2009-NMCA-063, 146 N.M. 422, 211 P.3d 219.

Right to hearing. — Medicaid recipient's allegations of both a past lack of success with the type of conventional therapy offered by her HMO and a history of successful treatment by licensed physicians employing non-conventional therapy were sufficient to entitle her to a fair hearing to determine whether her HMO in fact has contracted with providers having the necessary qualifications to provide her with appropriate treatment. *Hyden v. Human Servs. Dep't*, 2000-NMCA-107, 130 N.M. 19, 16 P.3d 444.

Medical assistance division does not have the authority to resolve discrimination claims. — Where petitioner, a member of a managed care organization (MCO) that contracts with the human services department (HSD) to administer the provision of medicaid benefits and services, including non-emergency medical transportation, to eligible members, made requests of the MCO, pursuant to Title II of the Americans with Disabilities Act of 1990 (ADA Title II) and Section 504 of the federal Rehabilitation Act, for certain accommodations in the provision of transportation services, and where the MCO denied petitioner's request for reasonable accommodations in accessing medicaid

services, and where petitioner requested a fair hearing to appeal the failure of the MCO and HSD to grant her reasonable accommodations in medicaid transportation services, the district court did not err in affirming HSD's medical assistance division's (division) dismissal of the matter, because neither the Public Assistance Act nor the Medicaid Act relied on by petitioner expressly grants the division the power to resolve discrimination claims raised by a medicaid beneficiary challenging an agency's denial or inaction in response to a request for accommodation, nor is any such power vested in the division by any regulation promulgated under state law. *Law v. N.M. Human Servs. Dep't*, 2019-NMCA-066, cert. denied.

Requirement that medical reports evidence be available for examination. — Since medical reports are written information, they cannot be made a part of a hearing record or be used in making a decision on the case unless they have been made available for examination prior to or during the hearing. *Hillman v. Health & Soc. Servs. Dep't*, 1979-NMCA-007, 92 N.M. 480, 590 P.2d 179.

Consideration of report not properly admitted into evidence held harmless error. — Where a report is not available to recipient before the hearing is concluded, and is not properly admitted into evidence, consideration of this report by the hearing officer violates the program manual but where the report does no more than agree with previous reports of specialists, which were properly in evidence and which provide substantial support for the decision to terminate benefits, consideration of the report is harmless error. *State ex rel. Human Servs. Dep't v. Gomez*, 1982-NMSC-153, 99 N.M. 261, 657 P.2d 117.

Termination of benefits cannot be based upon information outside record. *Hillman v. Health & Soc. Servs. Dep't*, 1979-NMCA-007, 92 N.M. 480, 590 P.2d 179.

Termination hearing must protect claimant's opportunity to present case. — Any decision terminating a claimant's benefits must be based on a hearing which fully protects the claimant's opportunity to present his case; specifically, the option to examine all medical reports prior to or during the hearing. *Hillman v. Health & Soc. Servs. Dep't*, 1979-NMCA-007, 92 N.M. 480, 590 P.2d 179.

Hearing conducted by telephone not denial of due process. — A recipient of welfare benefits is not deprived of due process because his termination hearing is conducted by telephone and not in the presence of a hearing officer who can observe his demeanor. *State ex rel. Human Servs. Dep't v. Gomez*, 1982-NMSC-153, 99 N.M. 261, 657 P.2d 117.

Reasons for decision. — Although the director signed a form paragraph entitled "Final Decision" and inserted a check mark indicating "[d]ecided in favor of Dept.," his signature and the check mark failed to comply with Subsection D because they did not indicate the reason for his decision. Specifically, the director failed to indicate whether he adopted or approved the findings and conclusions of the hearing officer or whether

he reached his decision on some other basis. *Green v. N.M. Human Servs. Dep't*, 1988-NMCA-083, 107 N.M. 628, 762 P.2d 915.

Burden on department to inform about subsequent hearing opportunities. — The burden of informing an applicant/recipient of the opportunity to present his case in light of new medical reports and social summaries at subsequent hearings is placed upon the department. *Hillman v. Health & Soc. Servs. Dep't*, 1979-NMCA-007, 92 N.M. 480, 590 P.2d 179.

No duty to inform of right to reapply. — There is nothing in the statutes or regulations that would impose upon the department the duty to inform an applicant to reapply for benefits. *Landavazo v. N.M. Dep't of Human Servs.*, 1988-NMCA-002, 106 N.M. 715, 749 P.2d 538.

Subsequent change of circumstance. — Where an applicant's application for food stamp benefits was originally denied by the county office because the resource maximum for his household was exceeded by the value of his vehicle, and he then modified his vehicle to accommodate his physical handicap, so as to exclude it from consideration as a resource, this modification constituted a changed condition or circumstance subsequent to the original denial of his application, so that the hearing officer did not err in refusing to consider this evidence. The applicant's proper remedy was to reapply for benefits. *Landavazo v. N.M. Dep't of Human Servs.*, 1988-NMCA-002, 106 N.M. 715, 749 P.2d 538.

Department is bound by its own regulations. *Hillman v. Health & Soc. Servs. Dep't*, 1979-NMCA-007, 92 N.M. 480, 590 P.2d 179.

Notice of right of review. — This section provides for joint notice of decision and notice of the right of review, and, consequently, the notice of the right of review can be sent to a representative who has represented the applicant at the hearing and who receives notice of the director's decision. *James v. N.M. Human Serv. Dep't*, 1987-NMCA-105, 106 N.M. 318, 742 P.2d 530, cert. quashed, 106 N.M. 353, 742 P.2d 1058.

Tardy notice of appeal. — An applicant may not rely on inaccurate information in her notification from the director under this section as to the time for taking an appeal to excuse the tardy filing of her notice of appeal. *James v. N.M. Human Serv. Dep't*, 1987-NMCA-105, 106 N.M. 318, 742 P.2d 530, cert. quashed, 106 N.M. 353, 742 P.2d 1058.

Scope of judicial review of "fair hearing" decision. — A judicial review of a "fair hearing" decision is not limited to whether the department's representative proceeded properly on the basis of information known prior to the "fair hearing". On the contrary, the evidence that is considered is the evidence contained in the record of the entire "fair hearing." *Cruz v. N.M. Dep't of Human Servs.*, 1983-NMCA-080, 100 N.M. 133, 666 P.2d 1280 (decided prior to 1999 amendment to Section 27-3-4 NMSA 1978).

27-3-4. Appeal.

Within thirty days after receiving written notice of the decision of the director pursuant to Section 27-3-3 NMSA 1978, an applicant or recipient may file a notice of appeal with the district court pursuant to the provisions of Section 39-3-1.1 NMSA 1978.

History: 1953 Comp., § 13-18-4, enacted by Laws 1973, ch. 256, § 4; 1998, ch. 55, § 37; 1999, ch. 265, § 39.

ANNOTATIONS

The 1999 amendment, effective July 1, 1999, substituted "Section 39-3-1.1" for "Section 12-8A-1".

The 1998 amendment, effective September 1, 1998, rewrote this section to the extent that a detailed comparison is impracticable.

Time for filing notice of appeal. — Because the requirement of the time for filing notice of an appeal from a decision of an administrative board or agency lies within the supreme court's rule-making authority, and because such timing is now covered by Rule 12-601A NMRA, requiring filing notice within 30 days of the decision appealed from, not this section, requiring filing notice within 30 days of receipt of written notice of the decision, governs. *James v. N.M. Human Serv. Dep't*, 1987-NMCA-105, 106 N.M. 318, 742 P.2d 530 (decided prior to 1999 amendment).

Review of administrative decisions where whole record considered. — Because of the minor departure from the customary substantial evidence rule in reviewing administrative decisions where the record as a whole must be considered, the reviewing court may act on other convincing evidence in the record and may make its own findings based thereon. *N.M. Human Servs. Dep't v. Garcia*, 1980-NMSC-025, 94 N.M. 175, 608 P.2d 151 (decided prior to 1999 amendment).

In reviewing an administrative decision, the courts must view the evidence in the light most favorable to the decision. *N.M. Dep't of Human Servs. v. Tapia*, 1982-NMSC-033, 97 N.M. 632, 642 P.2d 1091 (decided prior to 1999 amendment).

In order to determine whether a decision by the human services department is supported by substantial evidence in the record as a whole, the court must view the evidence in the light most favorable to the decision by the human services department; this does not permit accepting part of the evidence and totally disregarding other

convincing evidence in the record considered as a whole. *N.M. Human Servs. Dep't v. Garcia*, 1980-NMSC-025, 94 N.M. 175, 608 P.2d 151 (decided prior to 1999 amendment).

The court of appeals does not reweigh the evidence nor resolve any conflicts in evidence. If there is substantial evidence on which a reasonable mind would have made such a decision, the court should affirm the administrative officer's decision. *Montoya v. N.M. Human Servs. Dep't*, 1989-NMCA-017, 108 N.M. 263, 771 P.2d 196 (decided prior to 1999 amendment).

Nonincome producing property not bar to benefits. — When the evidence shows that the property cannot be utilized to produce income and a sale of the property would produce no income, the applicants for public assistance are eligible for benefits; therefore, the department's decision to deny aid to families with dependent children benefits has no support in the record. *Robnett v. N.M. Dep't of Human Servs. Income Support Div.*, 1979-NMCA-099, 93 N.M. 245, 599 P.2d 398 (decided prior to 1999 amendment).

Denial of benefits based upon substantial evidence. — Substantial evidence in the record as a whole supported the human services department's denial of aid to families with dependent children benefits where the natural father could provide support. *N.M. Human Servs. Dep't v. Garcia*, 1980-NMSC-025, 94 N.M. 175, 608 P.2d 151 (decided prior to 1999 amendment).

Arbitrary and capricious action by administrative agency is evident when it can be said that such action is unreasonable or does not have a rational basis and is the result of an unconsidered, willful and irrational choice of conduct, and not the result of a winnowing and sifting process. *Garcia v. N.M. Human Servs. Dep't*, 1979-NMCA-071, 94 N.M. 178, 608 P.2d 154, *rev'd on other grounds*, 1980-NMSC-025, 94 N.M. 175, 608 P.2d 151 (decided prior to 1999 amendment).

Failure to give notice of reason for reduction in benefits. — The action of the department in not giving notice to a recipient of the reason why her benefits were reduced invalidates the decision of the department. *Taylor v. Department of Human Servs.*, 1982-NMCA-107, 98 N.M. 314, 648 P.2d 353 (decided prior to 1999 amendment).

Failure of department to consider certain relevant medical evidence found to be arbitrary, capricious and not in accordance with law. *Saenz v. New Mexico Dep't of Human Servs.*, 1982-NMCA-159, 98 N.M. 805, 653 P.2d 181 (decided prior to 1999 amendment).

Correct decision reached for wrong reason not reversed. — A correct decision of the department will not be reversed because the result was reached for the wrong reason where the court finds another valid basis for that result. *Melton v. N.M. Dep't of*

Human Servs., 1981-NMCA-130, 97 N.M. 102, 637 P.2d 52 (decided prior to 1999 amendment).

27-3-5. [Expenditures for programs.]

Nothing in the Public Assistance Act [27-2-1 NMSA 1978] or the Fair Hearing Act shall be construed as authorizing or allowing expenditures for the affected programs in excess of the amounts previously appropriated by the legislature for such programs.

ARTICLE 5

Indigent Hospital and County Health Care

27-5-1. Short title.

Chapter 27, Article 5 NMSA 1978 may be cited as the "Indigent Hospital and County Health Care Act".

History: 1953 Comp., § 13-2-12, enacted by Laws 1965, ch. 234, § 1; 1993, ch. 321, § 1.

ANNOTATIONS

The 1993 amendment, effective July 1, 1993, substituted "Chapter 27, Article 5 NMSA 1978" for "This act" and "and County Health Care" for "Claims".

Compiler's notes. — Section 13-2-21, 1953 Comp., authorizing suit against a county on hospital claim with judgment to be collected through a levy, was held unconstitutional in *Board of Dirs. of Mem. Gen. Hosp. v. County Indigent Hosp. Claims Bd.*, 77 N.M. 475, 423 P.2d 994 (1967). The court held that the provision was an unconstitutional attempt to circumvent N.M. Const., art. VIII, § 2 since such a judgment would not create a "public debt" and thus did not fall within exception to constitutional limitation on property tax levies. See *also* 1968 Op. Att'y Gen. No. 68-107.

27-5-2. Purpose of Indigent Hospital and County Health Care Act.

The purpose of the Indigent Hospital and County Health Care Act is:

A. to recognize that each individual county of this state is the responsible agency for ambulance transportation, hospital care or the provision of health care to indigent patients domiciled in that county, as determined by resolution of the board of county commissioners, in addition to providing support for the state's medicaid program;

B. to recognize that the counties of the state are responsible for supporting indigent patients by providing local revenues to match federal funds for the state medicaid program pursuant to Section 7-20E-9 NMSA 1978 and the transfer of funds to the county-supported medicaid fund pursuant to the Statewide Health Care Act [27-10-1 to 27-10-4 NMSA 1978]; and

C. to recognize that the counties of the state can improve the provision of health care to indigent patients by providing local revenues for countywide or multicounty health planning.

History: 1953 Comp., § 13-2-13, enacted by Laws 1965, ch. 234, § 2; 1971, ch. 72, § 1; 1983, ch. 234, § 1; 1987, ch. 88, § 1; 1993, ch. 321, § 2; 1997, ch. 51, § 1; 2014, ch. 79, § 4.

transportation", deleted "or the", after "domiciled in that county", deleted "for at least three months or for such period of time, not in excess of three months", after "board of county commissioners", deleted language which provided that a county had a responsibility to discharge its responsibilities by payment to providers, hospitals and health care providers for the care and treatment of indigent patients, and added "in addition to providing for the state's medicaid program"; and in Subsection B, after "state medicaid program", deleted "including the provision of matching funds for payments to sole community provider hospitals" and added "pursuant to Section 7-20E-9 NMSA 1978".

Insurance for indigent patients. — A county lacks the authority, either expressly or by necessary implication, under the Indigent Hospital and County Health Care Act to purchase individual health insurance policies for indigent patients using revenues from the county indigent hospital claims fund [county health care assistance fund] or to enroll indigent patients in the state coverage insurance program and pay premiums and co-payment amounts from the county indigent fund. 2007 Op. Att'y Gen. No. 07-05.

"Hospital care". — The term "hospital care", as referred to in Subsection A, encompasses mental health treatment provided by a county hospital to indigent residents of the county. 1988 Op. Att'y Gen. No. 88-64.

Individuals committed under statutory involuntary commitment. — Individuals committed to private or county-operated facilities under statutory involuntary commitment procedures are responsible for their hospital expenses, and eligible hospitals treating indigent patients may look to the applicable county for reimbursement under the Indigent Hospital Claims Act. 1989 Op. Att'y Gen. No. 89-35.

Am. Jur. 2d, A.L.R. and C.J.S. references. — 79 Am. Jur. 2d Welfare Laws §§ 38 to 41.

A. A hospital shall not be paid from the fund under the Indigent Hospital and County Health Care Act for costs of an indigent patient for services that have been determined by the department to be eligible for medicaid reimbursement.

B. No action for collection of claims under the Indigent Hospital and County Health Care Act shall be allowed against an indigent patient who is medicaid eligible for medicaid covered services, nor shall action be allowed against the person who is legally responsible for the care of the indigent patient during the time that person is medicaid eligible.

History: 1953 Comp., § 13-2-14, enacted by Laws 1965, ch. 234, § 3; 1984, ch. 101, § 1; 1993, ch. 321, § 3; 2003, ch. 413, § 1; 2014, ch. 79, § 5.

ANNOTATIONS

The 2014 amendment, effective March 12, 2014, eliminated the authority to transfer funds to the sole community provider fund or the county-supported medicaid fund; and in Subsection A, deleted the former second sentence which permitted counties to transfer funds to the sole community provider fund or the county-supported medicaid fund.

The 2003 amendment, effective June 20, 2003, in Subsection A, deleted "county indigent hospital claims" following "from the" twice, deleted "any" following "Care Act for", deleted "human services" following "determined by the", and deleted "from that department" following "for Medicaid reimbursement".

The 1993 amendment, effective on the date that the human services department is notified in writing that the amendment to the state medicaid plan has been approved by the federal health care financing administration, rewrote the section heading and Subsection A, and substituted "and County Health Care" for "Claims" and "medicaid eligible for medicaid covered services" and "medicaid eligible" for "a welfare recipient" in Subsection B.

Compiler's notes. — Subsection A of § 22, Laws 1993, ch. 321, provides that §§ 3, 6, 10, 15, 16 and 18 (27-5-3, 27-5-6, 27-5-6.1, 27-5-7.1, 27-5-11 and 27-5-12.2 NMSA 1978) are effective the date that the human services department is notified in writing that the amendment to the state medicaid plan has been approved by the federal health care financing administration. The human services department was advised by letter dated May 20, 1993, that the United States Department of Health and Human Services had approved the amendment of New Mexico's medicaid plan "to add a payment provision for sole community hospitals (SCH), effective July 1, 1993, and a payment provision for indirect medical education (IME) costs incurred by teaching hospitals, effective August 1, 1992". Chapter 321, Laws 1993, contained an emergency clause. The human services department published notice of the approval in the *New Mexican* on June 21, 1993.

Contribution to state medicaid program. — A county does not have authority under the Indigent Hospital and County Health Care Act to contribute, directly, money from its county indigent hospital claims fund [county health care assistance fund] to the indigent hospital claims funds of other counties. However, nothing in the Indigent Hospital and

County Health Care Act prohibits a county from transferring money from its indigent fund to the sole community provider fund to match federal funds for the state medicaid program. A county may, therefore, indirectly benefit other counties by utilizing the resources of its indigent fund to augment the funds necessary to match federal funds for the support of the state medicaid program. 2007 Op. Att'y Gen. No. 07-05.

No denial of procedural due process. — Where plaintiff, who was a certified nurse aide, was terminated by a health care facility for abusing residents of the facility; the department of health notified plaintiff that it had found the allegation to be valid; a hearing officer found that plaintiff had abused residents of the facility; the secretary of the department reviewed the hearing officers' report and ordered that plaintiff's name be placed on the nurse registry, effectively ending plaintiff's ability to find employment as a certified nurse aide; the department's regulations applicable to employees required a determination of the severity of abuse for purposes of deciding if an employee was to be placed on the registry; the regulations applicable to nurse aides did not require a determination of the severity of abuse and defined "abuse" to include conduct likely to cause harm to residents; and plaintiff claimed that plaintiff had been denied procedural due process because the regulations did not provide for an assessment of the severity of the alleged abuse or the impact of the abuse on the residents which created a risk of erroneous deprivation of plaintiff's property interest in continuing employment as a nurse aide, the regulations did not deprive plaintiff of procedural due process because the definition of "abuse" was sufficiently specific to put plaintiff on notice of the conduct that constituted abuse and plaintiff's conduct underwent three stages of review before the finding of abuse was placed on the registry. *Victor v. N.M. Dep't of Health*, 2014-NMCA-012.

Community Action

27-8-1. Short title.

This act [27-8-1 to 27-8-9 NMSA 1978] may be cited as the "Community Action Act".

History: Laws 1983, ch. 139, § 1.

ANNOTATIONS

Legislator contracting with agency must ascertain how agency organized. — A legislator contracting with a community action agency will have to ascertain how the agency is organized to determine whether the prohibitions of N.M. Const., art. IV, § 28 will apply. If it is a county, county agency or a private agency, the contract will not be covered by the provision, but if it is a municipality or municipal agency, the contract will be prohibited if it was authorized by law during the legislator's term. 1989 Op. Att'y Gen. No. 89-34.

27-8-2. Policy; purpose.

Although in recent years New Mexico has shown improvement in indices such as personal income and the number of families below the poverty level, the state continues to compare poorly with other states. New Mexico has risen from 48th in 1974 to 41st in per capita personal income; however, poverty continues to be the lot of a substantial number of New Mexicans. New Mexico can achieve its full economic and social potential only if every individual has the opportunity to contribute to the full extent of his

capabilities and to participate in the working of our society. It is, therefore, the policy of this state to eliminate the paradox of poverty in the midst of plenty in this state by opening to everyone the opportunity to live in decency and dignity. It is the purpose of the Community Action Act to strengthen, supplement and coordinate efforts in furtherance of that policy.

History: Laws 1983, ch. 139, § 2.

27-8-3. Definitions.

As used in the Community Action Act:

A. "poverty level" means the official poverty level established by the federal director of the office of management and budget and revised periodically by the federal secretary of health and human services; and

B. "secretary" means the secretary of human services.

History: Laws 1983, ch. 139, § 3.

27-8-4. Financial assistance for community action agencies.

A. The secretary may provide financial assistance to community action agencies for the planning, conduct, administration and evaluation of community action programs as described in the Community Action Act in accordance with state and federal law and regulations.

B. No funds provided pursuant to Subsection A of this section shall be distributed to a community action agency unless the agency has submitted to the secretary a plan on the proposed use of the funds and the secretary has approved that plan.

C. Subject to applicable federal law or regulation, community action agencies shall be eligible to receive federal funds, including but not limited to community services block grant funds, which have been previously designated as antipoverty funds.

D. Each community action agency receiving funds pursuant to this section shall report annually to the secretary concerning the use of the funds.

Statewide Health Care

27-10-1. Short title.

Sections 1 through 4 [27-10-1 to 27-10-4 NMSA 1978] of this act may be cited as the "Statewide Health Care Act".

History: Laws 1991, ch. 212, § 1.

ANNOTATIONS

For imposition of intermediate sanctions and civil penalty for health facility's noncompliance with any departmental licensing requirement, see 24-1-5.2 NMSA 1978.

27-10-2. Findings and purpose.

A. Access to health care reduces long-term medical and social costs. The effectiveness of statewide health care has been decreased by excessive fragmentation and failure to maximize the use of existing in-state revenues and to develop effective ways of drawing upon potential federal revenue sources. An effective statewide health care system must retain local health care efforts, stimulate local innovations for meeting

particular health care needs and use existing resources to expand health care options, especially for those citizens unable to pay for their own care.

B. The purpose of the county-supported medicaid fund is to leverage existing resources to better address the state's health care needs. The county-supported medicaid fund will be used to accomplish this purpose by using local revenues to support the state medicaid program and to institute or support primary care health care services pursuant to Section 24-1A-3.1 NMSA 1978. Money appropriated from the county-supported medicaid fund to institute or support primary care health care services pursuant to Section 24-1A-3.1 NMSA 1978 shall be supplemental to general fund appropriations.

History: Laws 1991, ch. 212, § 2; 1993, ch. 321, § 19; 1996, ch. 29, § 5.

ANNOTATIONS

The 1993 amendment, effective July 1, 1993, substituted "to support the state medicaid program" for "solely to expand eligibility for federal medicaid optional coverages in supplementation to mandated federal medicaid services" in the second sentence of Subsection B.

27-10-3. County-supported medicaid fund created; use; appropriation by the legislature.

A. There is created in the state treasury the "county-supported medicaid fund". The fund shall be invested by the state treasurer as other state funds are invested. Income earned from investment of the fund shall be credited to the county-supported medicaid fund. The fund shall not revert in any fiscal year.

B. Money in the county-supported medicaid fund is subject to appropriation by the legislature to support the state medicaid program and to institute or support primary care health care services pursuant to Subsections D and E of Section 24-1A-3.1 NMSA 1978. Of the amount appropriated each year, nine percent shall be appropriated to the department of health to institute or support primary care health care services pursuant to Subsections D and E of Section 24-1A-3.1 NMSA 1978.

C. Up to three percent of the county-supported medicaid fund each year may be expended for administrative costs related to medicaid or developing new primary care health care centers or facilities.

D. In the event federal funds for medicaid are not received by New Mexico for any eighteen-month period, the unencumbered balance remaining in the county-supported medicaid fund and the safety net care pool fund at the end of the fiscal year following

the end of any eighteen-month period shall be paid within a reasonable time to each county for deposit in the county health care assistance fund in proportion to the payments made by each county through tax revenues or transfers in the previous fiscal year as certified by the local government division of the department of finance and administration. The department will provide for budgeting and accounting of payments to the fund.

The 1996 amendment, effective May 15, 1996, in Subsection B, inserted "or support" twice and substituted "Subsections D and E" for "Subsection E" in two places.

The 1993 amendment, effective July 1, 1993, in Subsection B, substituted "to support the state medicaid program" for "for expanding eligibility for federal medicaid optional coverages in supplementation to mandated federal medicaid services" in the first sentence and the language beginning "nine percent shall be appropriated" for "up to nine percent may be appropriated to the department of health" in the second sentence; in Subsection C, deleted "amounts appropriated and expended from" after "three percent of"; and in Subsection D, deleted "optional coverages" after "federal funds for medicaid" and inserted "and the sole community provider fund" in the first sentence and substituted "budgeting and accounting of payments" for "accounting and enforcing the deposits" in the second sentence.

27-10-4. Alternative revenue source to imposition of county health care gross receipts tax; transfer to county-supported medicaid fund.

A. In the event a county does not enact an ordinance imposing a county health care gross receipts tax pursuant to Section 7-20D-3 [7-20E-18] NMSA 1978, the county

shall, by ordinance to be effective July 1, 1993, dedicate to the county-supported medicaid fund an amount equal to a gross receipts tax rate of one-sixteenth of one percent applied to the taxable gross receipts reported during the prior fiscal year by persons engaging in business in the county. For purposes of this subsection, a county may use funds from any existing authorized revenue source of the county.

B. For each county that has in effect an ordinance enacted pursuant to Subsection A of this section on July 1 of each year, the taxation and revenue department shall certify to the county by September 15, 1993 and by September 15 of each subsequent fiscal year the amount of gross receipts reported for the county for purposes of the gross receipts tax during the prior fiscal year. Upon certification by the department, any county enacting an ordinance pursuant to Subsection A of this section shall transfer to the county-supported medicaid fund by the last day of March, June, September and December of each year an amount equal to a rate of one-sixty-fourth of one percent applied to the certified amount.

C. The requirements of an ordinance enacted pursuant to this section may be terminated for a county only on the effective date of an ordinance enacted by the county imposing the county health care gross receipts tax; provided that if the effective date of the ordinance imposing the tax is January 1, the termination does not apply to the payments required for September and December of that year.

27-14-7. Civil action for false claims.

A. The department shall diligently investigate suspected violations. If the department finds that a person has violated or is violating the provisions of the Medicaid False Claims Act, the department may bring a civil action pursuant to Subsection F of this section.

B. A private civil action may be brought by an affected person for a violation of the Medicaid False Claims Act on behalf of the person bringing suit and for the state. The action shall be brought in the name of the state. The action may be dismissed if the court and the department, pursuant to Subsection F of this section, give written consent to the dismissal and their reasons for consenting.

C. For private civil actions, a copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the department. The complaint shall be filed in writing and shall remain under seal for at least sixty days. The complaint shall not be served on the defendant until the expiration of sixty days or any extension approved. Within sixty days after receiving a copy of the complaint, the department shall conduct an investigation of the factual allegations and legal contentions made in the complaint, shall make a written determination of whether there is substantial evidence that a violation has occurred and shall provide the person against which a complaint has been made with a copy of the determination. If the department determines that there is not substantial evidence that a violation has occurred, the complaint shall be dismissed.

D. The department may, for good cause shown, move the court for extensions of time during which the complaint remains under seal. Any such motion may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to a complaint filed pursuant to this section until twenty days after the complaint is unsealed and served to the defendant. The complaint shall be deemed unsealed at the expiration of the sixty-day period in the absence of a court-approved extension.

E. Before the expiration of the sixty-day period or any extensions obtained, the department, pursuant to Subsection F of this section, shall:

(1) proceed with the action, in which case the action shall be conducted by the department; or

(2) notify the court and the person who brought the action that it declines to take over the action, in which case the person bringing the action shall have the right to

conduct the action if the department determined that there is substantial evidence that a violation of the Medicaid False Claims Act has occurred.

F. The department shall notify the attorney general prior to filing a civil action pursuant to the Medicaid False Claims Act and shall not proceed with the action except with the written approval of the attorney general. The attorney general shall, within twenty working days from the notification by the department, notify the department whether it may proceed with the civil action. Failure by the attorney general to notify the department of its determination within the specified time period shall be construed as consent to proceed. The department shall, after filing the civil action, notify the attorney general of any proposed dismissal or settlement and the department shall not proceed with the dismissal or settlement except with the written approval of the attorney general.

History: Laws 2004, ch. 49, § 7.

ANNOTATIONS

Effective dates. — Laws 2004, ch. 49 contained no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, was effective May 19, 2004, 90 days after adjournment of the legislature.

27-14-8. Rights of the parties to qui tam actions.

A. If the department proceeds with the action, it shall have the exclusive responsibility for prosecuting the action and shall not be bound by an act of the person bringing the action. The person bringing the action shall have the right to continue as a nominal party to the action and shall not have the right to participate in the litigation except as a witness.

B. The department may dismiss the action, pursuant to Subsection F of Section 7 of the Medicaid False Claims Act [27-14-7 NMSA 1978], notwithstanding the objections of the person bringing the action if the person has been notified by the department of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.

C. The department may settle the action with the defendant, pursuant to Subsection F of Section 7 of the Medicaid False Claims Act, notwithstanding the objections of the person bringing the action if the court determines, after the hearing, that the proposed settlement is fair, adequate and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.

D. If the state elects not to proceed with the action, the person bringing the action shall have the right to conduct the action. If the department requests, it shall be served with copies of the pleadings filed in the action and shall be supplied with copies of all deposition transcripts at the department's expense. When a person proceeds with the

action, the court, without limiting the status and rights of the person bringing the action, may allow the department to intervene at a later date upon a showing of good cause.

E. Whether or not the department proceeds with the action, upon a showing by the department that certain actions of discovery by the person bringing the action would interfere with the department's investigation or prosecution of a civil matter arising out of the same facts, the court may stay such discovery for a period not to exceed sixty days. Such a showing shall be conducted in camera. The court may extend the sixty-day period upon a further showing in camera that the department has pursued the civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing civil investigation or proceedings.

History: Laws 2004, ch. 49, § 8.

ANNOTATIONS

Effective dates. — Laws 2004, ch. 49 contained no effective date provision, but, pursuant to N.M. Const., art. IV, § 23, was effective May 19, 2004, 90 days after adjournment of the legislature.

27-14-9. Award to qui tam plaintiff.

A. If the department proceeds with an action brought by a person pursuant to the Medicaid False Claims Act, the person shall, subject to the limitations in this subsection, receive at least fifteen percent but not more than twenty-five percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action. Where the action is one that the court finds to be based primarily on disclosures of specific information other than information provided by the party bringing the action relating to allegations or transactions in a criminal, civil or administrative hearing or from the news media, the court shall award a sum as it considers appropriate; provided that the sum does not exceed ten percent of the proceeds and takes into account the significance of the information and the role of the person bringing the action in advancing the case to litigation. A payment to a person pursuant to this subsection shall be made from the proceeds. The person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney fees and costs. In determining the amount of reasonable attorney fees and costs, the court shall consider whether such fees and costs were necessary to the prosecution of the action, were incurred for activities that were duplicative of the activities of the department in prosecuting the case or were repetitious, irrelevant or for purposes of harassment or caused the defendant undue burden or unnecessary expense. All such expenses, fees and costs shall be awarded against the defendant.

B. If the department does not proceed with an action pursuant to the Medicaid False Claims Act, the person bringing the action or settling the claim shall receive an amount that the court decides is reasonable for collecting the civil recovery and damages

recoverable by the state. The amount shall be not less than twenty-five percent and not more than thirty percent of the proceeds of the action or settlement and shall be paid out of such proceeds. The person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney fees and costs. In determining the amount of reasonable attorney fees and costs, the court shall consider whether such fees and costs were necessary to the prosecution of the action, were incurred for activities, which were repetitious, irrelevant or for purposes of harassment or caused the defendant undue burden or unnecessary expense. All such expenses, fees and costs shall be awarded against the defendant.

C. Whether or not the department proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action that the party would otherwise receive pursuant to Subsection A or B of this section, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from the person's role in the violation of the Medicaid False Claims Act, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. Such dismissal shall not prejudice the right of the state to continue the action represented by the department. If the department does not proceed with the action and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorney fees and costs if the defendant prevails in the action and the court finds that the claim of the party bringing the action was:

- (1) filed for an improper purpose;
- (2) not warranted by existing law or by a nonfrivolous argument for the extension, modification or reversal of existing law or the establishment of new law; or
- (3) was based on allegations or factual contentions not supported.
